2024-02-14 — Vol. 71 No. 3616

Canada

Trademarks Journal
Vol. 71 No. 3616

General Information

The *Trademarks Journal* (the "*Journal*") is published on the website of the Canadian Intellectual Property Office (http://cipo.gc.ca). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the "*Act*"), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods

Class 09

Computer hardware; computer software applications namely, applications accessible via mobile phone and other portable or hand-held devices, for the purposes of tracking, monitoring, analysing, measuring, controlling, managing and effecting the supply of bulk commodities and materials, namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; computer software for the purposes of tracking, monitoring, analysing, controlling and measuring the volume, quantity and quality of bulk commodities and materials, namely hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk, in real time in the course of the storage, supply, distribution and delivery of those bulk commodities and materials; cameras with linear image sensors; coolant-temperature sensors distance sensors; gas sensors; infrared sensors; humidity sensors; liquid level sensors; motion sensors; oil level sensors; optical sensors; pollutant sensors; position sensors; pressure sensors; remote temperature sensors; thermal sensors; vibration sensors; timing sensors; laser distance sensors; light detection and radar (LIDAR) sensors and cameras to scan stockpiles.

Services

Class 35

(1) Database management services; online data processing services, namely, management and compilation of computerized databases; compilation and analysis of data in connection with bulk commodities and materials, namely, hydrocarbons, fuels, minerals, grains, chemicals, oils and milk, for the purposes of tracking, monitoring, analysing, controlling and measuring the volume, quantity and quality of those bulk commodities and materials in real time in the course of the storage, supply, distribution and delivery of those bulk commodities and materials; retail services in connection with software applications namely, applications accessible via mobile phone and other portable or hand-held devices); retail services in connection with software applications namely, applications accessible via mobile phone and other portable or hand-held devices used for the purpose of tracking, monitoring, analysing, measuring, controlling and managing the supply, distribution and delivery of bulk commodities and materials namely, hydrocarbons, fuels, minerals,

grains, chemicals, industrial and edible oils and milk; retail services in connection with software applications namely, applications accessible via mobile phone and other portable or hand-held devices used for the purpose of tracking, monitoring, analysing and measuring the volume, quantity and quality of bulk commodities and materials namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk in real time in the course of the storage, supply, distribution and delivery of those bulk commodities and materials; import-export agency services; import agency services (not being transport services); export agency services (not being transport services); distribution of goods for advertising purposes (not being transport services); wholesale distributorship services of bulk commodities and materials, namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; advertising and marketing services for others; advertising and marketing services for others in connection with bulk commodities and materials, namely hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; business management and consultancy services; business consulting services relating to logistics; provision of business management and consultancy services for the purposes of assisting others to track, monitor, analyse, measure, control and manage the storage, supply, distribution and delivery of bulk commodities and materials namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; provision of business management and consultancy services for the purposes of assisting others to track, monitor, analyse and measure the volume, quantity and quality of bulk commodities and materials namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk in real time in the course of the storage, supply, distribution and delivery of those bulk commodities and materials; provision of information and advisory services in respect of all of the above listed services.

Class 37

(2) Installation, maintenance and repair of computer hardware and peripherals; provision of information and advisory services in respect of the foregoing.

Class 39

(3) Receiving handling and storage of bulk commodities and materials, namely hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; freight transportation by air, by boat, by rail and by truck of bulk commodities and materials, namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; import and export cargo handling services; provision of information and advisory services in respect of all of the above listed services.

Class 41

(4) Computer hardware and software training services; provision of information and advisory services in respect of the foregoing.

Class 42

(5) Software as a service (SaaS) services featuring software for the control, monitoring, analysis and management of hydrocarbon fuel inventory and hydrocarbon fuel storage tanks; Software as a service (SaaS) services featuring software for prospective and real time routing, scheduling, dispatching and tracking of trucks, boats, trains, heavy vehicles; Providing online non-downloadable enterprise resource planning (ERP) software in the field of supply chain management; hosting of web portals; hosting a web portal for use by others to track, monitor, analyse, measure, control, manage and effect the supply, distribution and delivery of bulk commodities and materials namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk; hosting a web portal for use by others to track, monitor, analyse and measure the volume, quantity and quality of bulk commodities and materials namely, hydrocarbons, fuels, minerals, grains, chemicals, industrial and edible oils and milk in real time in

the course of the storage, supply, distribution and delivery of those bulk commodities and materials; computer software design; computer software consultancy; computer software development; computer software engineering; technical support services for computer software; advisory services relating to computer hardware development; installation, maintenance, and repair of computer software; computer hardware design services; engineering project management services in the field of evaluating the quality of bulk commodities and materials including fuels, minerals, grains, chemicals, edible oils and milk; provision of information and advisory services in respect of all of the above listed services.

Goods

Class 09

Apparatus for recording, transmission or reproduction of sound or image namely, computer monitors, computer hardware, cameras and electronic sensors; carriers in the form of computer chips for the reproduction of data; carriers in the form of computer chips for the storage of data; encoded electronic chip cards for monitoring and identifying a particular occupant of a land, sea or air vehicle or machine; electronic vehicle safety systems comprised of cameras, computer hardware, electronic image sensors, computer memories and central processing units; vehicle safety equipment, namely, an on-board vehicular surveillance system comprised of electronic dynamic sensors for use in tracking directional eye movement, pupil dilation or contraction, eyelid movement, gaze or focal point fixation or facial expressions, and human tracking including specific body parts, visual display apparatus being computer monitors and display screens, computer hardware and surveillance software, and computer monitors; detection equipment for use in a vehicle, namely, display monitors, computers, image sensors, video cameras and operating system and application software for database management; safety and driving assistant system for mobile vehicles and vessels comprised of imaging processing video monitors; computer imaging systems comprised of computer hardware for use in image processing, analysis and interpretation; communications apparatus and equipment namely, apparatus for transmission of voice communications being audio speakers and microphones; data processing equipment being data processing apparatus, namely, computers, electronic computer chip cards, computer hardware, scanners, cameras and dynamic sensors; electronic computer-aided imaging systems, hardware and software for monitoring the operations and operators of land, sea or air vehicles or machines; apparatus and equipment, namely, computer hardware for use in measuring, monitoring,

detecting, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction, concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; apparatus and equipment, namely, computer hardware for use in detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting on eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; optical, measuring and communications apparatus and equipment for non-medical use, namely, computer hardware for use in detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting the performance, awareness, distraction, drowsiness, fatigue, concentration or the physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment, not for medical use; physiological measuring apparatus for non-medical use, namely, computer hardware for use in the fields of land, sea, or air vehicle operator or machine operator monitoring, operator safety and behaviour; eye tracking electronic apparatus for non-medical use, namely, electronic scanners being sensors for tracking eye movement and eye tracking software; cameras; video apparatus, namely, digital video cameras, video screens and video monitors; electric and electronic video surveillance installations; alarm installations and acoustic sound alarms being for the notification of land, sea or air vehicle operators to prevent machine operator fatigue and distraction; computer software for use in image processing, analysis and interpretation; computer monitor devices for use in the field of image processing, analysis and interpretation; facial recognition systems comprised of cameras, infra-red illumination devices, electronic image sensors, computer memories and central processing units; gesture recognition systems comprised of cameras, infra-red illumination devices, electronic image sensors, computer memories and central processing units for controlling the gesture recognition system; electronic gesture recognition and tracking systems comprised of cameras, infra-red illumination devices, electronic image sensors, computer memories and central processing units for controlling the gesture recognition and tracking systems; electronic apparatus and devices for non-medical use, namely, cameras, illumination regulating devices, electronic image sensors and central processing units for use in tracking directional eye movement, pupil dilation or contraction, eyelid movement, gaze or focal point fixation or facial expressions; face tracking apparatus being electronic scanners; electronic computer hardware apparatus for tracking head pose and gaze direction of land, sea or air vehicle operators, and machine operators; sensors, namely, electronic sensors for monitoring fatigue, awareness, distraction or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment and the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer software for use in operating sensor, alert, monitoring and tracking devices used in the fields of operator safety and performance of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer software and electronic computer hardware apparatus for detecting, monitoring, measuring, analysing, compiling data and reporting the performance, awareness, distraction, drowsiness and fatigue of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer hardware; computer software for detecting, monitoring, measuring,

analysing, compiling data, transmitting data and reporting on eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer software for use in data management; electronic databases recorded on computer media in the field of image processing, analysis and interpretation; electronic computer databases in the field of safety information for risk safety assessment and establishing safety behaviours and risk indexes recorded on computer media; electronic computer databases in the field of risk management recorded on computer media; electronic computer databases recorded on computer media in the fields of land, sea, or air vehicle fleet monitoring services, operator safety, and operator behavior, computer hardware and software for use in image processing, analysis and interpretation in the fields of land, sea, or air vehicle fleet monitoring services, operator safety and behaviour recorded on computer media; electronic databases recorded on computer media in the fields of workplace and job site safety, computer hardware and software for use in image processing, analysis and interpretation in the fields of workplace and job site safety recorded on computer media; electronic databases recorded on computer media in the fields of operational safety risk events, including events related to operator safety, computer hardware and software for use in image processing, analysis and interpretation, for use in the fields of operational safety risk events, including events related to operator safety recorded on computer media; electronic databases recorded on computer media in the fields of detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting the performance, awareness, distraction, drowsiness and fatigue of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; electronic databases in the fields of detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment, recorded on computer media; computer accessories, namely, computer peripherals being computer terminals, computer monitors, computer display screens, TV monitors, computer mice; electronic equipment and apparatus, namely, electronic vehicle safety systems comprised of cameras, image sensors, computer hardware, computer software for image storage and processing, illuminating devices, console and dashboard indicators, head-up displays and alert and warning devices in the nature of lights, displays and electro-mechanical devices; integrated circuits; computer chips; electronic chips being computer chips

Services

Class 42

Scientific and technological services, namely, scientific research and design in the field of image processing, analysis and interpretation; development for others of computer software and hardware in the fields of computer, machine, console or plant or equipment operator safety and risk management and assessment; development for others of computer software and hardware that records land, sea or air vehicle operator performance and behaviour for review; development for others of computer software and hardware that records equipment operator performance and behaviour; providing temporary use of online non-downloadable computer software for use in processing data and information, namely, analysing collected audio, video, text and digital content

received from on-board vehicle electronic, optical, measuring or computer systems related to land, sea or air vehicle operator or machine, computer, control console or other plant and equipment operator behaviour and habits and analysis of such data and information for reporting and storage in a database; providing temporary use of online non-downloadable software for use in operating sensor, alert, monitoring and tracking devices in the fields of eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; providing temporary use of online non-downloadable software for customers to remotely access information and data related to the habits and behaviours of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; scientific and technological services, namely, technological data analysis services in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, situational awareness, distraction, concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; scientific and technological services, namely, technological data analysis services in the fields of measuring, monitoring, recording, tracking, assessing or reporting on the eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; installation and maintenance of computer software; electronic storage of photographic images and records; scientific and technological services, namely, industrial analysis and research services in the field of image processing and scientific analysis and interpretation of design in the fields of land, sea, or air vehicle operator or machine operator monitoring, operator safety and behaviour; cloud computing providing software for data analysis of land, sea or air vehicle operator and machine operator behaviour; computer technology consultancy in the field of image processing, analysis and interpretation relating to land, sea or air vehicle operator and machine operator safety; technical support services, namely, troubleshooting of computer software problems; computer technology consulting services in the fields of measuring, monitoring, recording, detecting, tracking, assessing or reporting the eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point (s), facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer technology consulting services in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction, concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting of online computer databases; hosting of computer websites; creating and maintaining web sites for others; development of computer based networks; hosting of online computer databases of safety information for risk safety assessment and establishing safety behaviours and risk indexes for an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; design and development of

computer hardware and software; hosting of web sites featuring technology that allows users to enter, access and use information and generate reports for use in consulting with businesses; hosting of web sites in the field of risk management; hosting, managing, developing, analyzing and maintaining applications, software and web sites, in the fields of vehicle fleet monitoring services, vehicle operator or other plant and equipment operator safety and risk management; hosting, managing, developing, analyzing and maintaining applications, software and web sites in the fields of workplace and job site safety; hosting, managing, developing, analyzing and maintaining applications, software and web sites in the fields of operational safety risk events, including events related to the performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting, managing, developing, analyzing and maintaining applications, software and web sites in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction, concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting, managing, developing, analyzing and maintaining applications, software and web sites in the fields of eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; creating, hosting and maintaining a website that features technology in the nature of an online non-downloadable software that enables the review of safety data by users; creating and hosting a website featuring technology in the nature of an online non-downloadable software that enables users to generate audit and compliance reports from data collected from mobile or other devices related to the performance of vehicle and equipment operators or to the physiological characteristics exhibited by the operators of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; digital imaging services, namely, digitisation and image processing; computer system design; image processing software design; hosting a website featuring technology that allows users to generate scientific or technological reports and information; hosting a website featuring online non-downloadable software that allows for preparation of statistics for scientific research and compilation of scientific information; computer services, namely, hosting an interactive web site that allows users to upload, store and manage online records and receive safety alerts; computer services, namely, hosting an online administrative website portal for users to view computer-related safety data collected from mobile or other devices related to the performance of operators of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer services, namely, hosting an online administrative website portal for users to view computer-related safety data collected from mobile or other devices related to the physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; scientific research related to land, sea or air vehicle operator behaviour and habits; scientific research relating to land, sea or air vehicle operator and machine operator safety; product development of electronic surveillance apparatus; design of electronic computer systems in the field of land, sea or air vehicle operator and machine operator safety; design of computer databases; design engineering in the field of land, sea or air vehicle operator and machine

operator safety; product development of electronic driver monitoring systems in the nature of electronic surveillance apparatus; design of new commercial products; ergonomics research and design consultancy in relation to occupational health and safety; development and design of computer software, including safety software; development for others of computer software and hardware for measuring, monitoring, recording, tracking, assessing or reporting on eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal points, facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of the operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; development for others of computer software and hardware for measuring, monitoring, recording, tracking, assessing or reporting operator fatigue, alertness, attentiveness, distraction, concentration or performance; development for others of computer software and hardware in the field of land, sea or air vehicle operator safety and risk management and assessment

Goods

Class 03

(1) Beauty care cosmetics; non-medicated skin soaps; Perfumery; aromatic essential oils; Cosmetic massage gels, fluids and oils for enhancing sexual stimulation.

Class 05

(2) Pharmaceutical preparations for the treatment of sexual dysfunction; Pharmaceutical preparations for enhancing sexual performance; Disinfectants, namely germicidal detergents; medicinal healthcare preparations, for the treatment of erectile dysfunction, namely, medicinal herbal preparations, medicinal oils and medicinal teas; Sexual potency enhancing dietary, vitamin and nutritional supplements; Deodorants not for personal use namely air deodorants, deodorants for clothing, room deodorants; Medical sexual aids namely, gels and sprays for increasing sexual stimulation; Lubricant gels for personal use; Orgasm creams; Orgasm sprays; Orgasm gels; Aphrodisiacs, namely, sexual stimulant gels and pharmaceutical preparations for raising sexual desire ; personal sexual lubricants; Contraceptives being creams and suppositories; medical preparations for physical invigoration and for increasing sexual potency.

Class 10

(3) Electric massage vibrators; Hygienic rubber goods in the nature of contrivances of rubber for the prevention of the transmission of disease and contrivances of rubber for contraceptive purposes, namely dental dams and contraceptive diaphragms; Condoms; Sexual aids for increasing sexual stimulation, namely sex toys, and BDSM bondage fetish sex toys, namely, handcuffs, bondage ropes, blindfolds, masks, ball gags, ring gags, collars, leashes, whips, paddles, ticklers, clamps, nipple clamps, nipple suckers, swings, bondage bed restraints, clitoris clamps, penis cages, vaginal dilators and electro stimulators for sexual stimulation and body massagers; Mechanical contraceptives, namely contraceptive diaphragms; erotic apparatus and devices for immediate application to the body, namely sex toys; Massage apparatus, namely

electric massage guns and massage chairs; functioning representations of human body parts and sex organs being sex aids, namely artificial penises and artificial vaginas; Love bullets, namely personal vibrators; Dildos; adult sexual stimulation aids, namely, penis rings.

Class 18

(4) Leather and imitation leather; whips.

Class 25

(5) Lingerie, hosiery, stockings, garters, brassieres, panties, shirts, jackets, pants, shorts, skirts, dresses, slippers, footwear in the nature of boots, hats, socks; sexy underwear; intimate wear; intimate wear, namely, lingerie, hosiery, stockings, garters, brassieres, panties, shirts, jackets, pants, shorts, skirts, dresses, slippers, footwear in the nature of boots, sandals, shoes and high-heeled shoes, hats, socks; clothing of lacquer, leather and imitations of leather, namely, lingerie, hosiery, stockings, garters, brassieres, panties, shirts, jackets, pants, shorts, skirts, dresses, slippers, footwear in the nature of boots, sandals, shoes and high-heeled shoes, hats, socks; women's shoes; Men's shoes; hats; Bodysuits for women; Ladies' underwear; Men's underwear.

Services

Class 41

Entertainment services, namely, providing a web site featuring photographic, audio, video and prose presentations featuring adult-oriented content.

Goods

Class 07

(1) Reciprocating compressors and their parts and fittings for the generation, processing, compression, monitoring, treatment, ducting and distribution of compressed gases for use in petrochemical and chemical installations, in oil and gas transport installations, in oil and gas conveying installations, in oil and gas storage installations, gas-water separation and injection installations, in installations for generating liquefied natural gas, in gas separation installations and in synthesis gas installations, in installations for fueling up gas-driven vehicles, and in power plant installations; pressure control systems, consisting of motors, suction and discharge valves for use in oil and gas industry; volume flow control systems, consisting of motors, suction and discharge valves for use in oil and gas industry; pressure relief valves being machine parts; pressure equalizing valves being machine parts; control valves being machine parts for regulating the flow of gases and liquids; pilot valves being machine parts for regulating the flow of gases and liquids; non-return valves being machine parts for controlling the direction of the flow of gases and liquids; shutoff valves being machine parts for stopping the flow of gases and liquids; overload protection valves being machine parts used to control and stabilize the pressure of gases and liquids; safety valves being machine parts; pressure regulating valves being parts of machines; pressure reducing valves being machine parts; throttle valves being machine parts used for regulating the flow of gases and liquids; filters, namely, air filters, oil filters, particulate air filters, membrane filters, gas filters, fuel filters, for motors and engines for use in oil and gas industry; condensate separator being machine parts; sealing rings, piston rod seals and scraper rings as parts of piston compressors.

Class 09

(2) Computer software, software for tablets and software for smartphones for analyzing repairs and for ordering parts and repairs relating to piston compressors and systems; software for tablets and software for smartphones for ordering reciprocating compressors and parts thereof.

Services

Class 35

(1) Electronic processing of orders for reciprocating compressors and parts thereof; online ordering services for reciprocating compressors and parts thereof.

Class 37

(2) Repair, namely maintenance, servicing, repair of internal combustion engines, compressors and reciprocating compressors; overhaul of internal combustion engines, of compressors and reciprocating compressors for others, namely in refineries, in petrochemical or chemical installations, in oil and gas transport installations, in oil and gas conveying installations, in oil and gas storage installations, gas-water separation and injection installations, in installations for generating liquefied natural gas, in gas separation installations and in synthesis gas installations, in installations for fueling up gas-driven vehicles, and in power plant installations.

Class 38

(3) Operation of platforms on the Internet, namely, providing an on-line forum for advice on reciprocating compressors and parts thereof; telecommunications services, namely the transfer of maintenance data in connection with the repair of reciprocating compressors and parts thereof.

Class 42

(4) Technical computer system analysis; engineering services through calculations, interpretations, constructions, examinations, evaluations, assessments and commissioning of internal combustion engines, compressors and reciprocating compressors; engineering services for the preparation and implementation of status inspections of internal combustion engines, compressors and reciprocating compressors and fields of use therefor; engineering services for identifying and documenting weak spots and possibilities for improvement on compressors and reciprocating compressors.

Colour Claim
Colour is claimed as a feature of the trademark. The mark consists of the words "iOWNA WHEALTH" in a stylized font, with the letters "iWNA" and "WHEALTH" in blue; the "O" in "iOWNA" comprising two horizontally-broken circles, with the upper portion of the outer circle in blue, the lower portion of the outer circle in green, the upper portion of the inner circle in pink and the lower portion of the inner circle in light brown.

Goods

Class 09

Downloadable computer application software and hardware that enable interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; downloadable mobile phone application software that enables interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; downloadable smart phone application software that enables interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; downloadable tablet application software that enables interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; exposed cinematographic and photographic film; downloadable musical sound and video recordings; pre-recorded CDs and DVDs featuring health and well-being information and music; digital music downloadable from the Internet; pre-recorded recording discs featuring health and well-being information and music; downloadable audio and video recordings featuring health and well-being information and music; pre-recorded audio tapes and video tapes featuring health and wellbeing information including

voice and music; downloadable video recordings featuring health and well-being information, downloadable data files, images, graphics, text files and documents, all the foregoing in the field of health and wellbeing; downloadable computer software from the Internet that enables interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; electronic video games, downloadable computer games; downloadable software for the recording transmission and reproduction of music, videos, screensavers, wallpapers, ring tones, MP3s, games, photographs, chat boxes and discussion groups; electronic publications downloadable from the internet, namely, magazines and newsletters featuring information in the field of health and well-being; downloadable electronic teaching manuals; network applications in the form of downloadable computer programs that enable interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; computer software for the collection of data on the health and wellbeing of individuals for research purposes; downloadable computer application software that enables interaction between healthcare professionals and their patients relating to the availability and delivery of medical, pharmaceutical and health options intended for the patients' treatment; electronic devices, namely, interface cards and boards for computers, mobile telephones, tablet computers, notebook computers and computer software that allow the sharing and transmission of patient health and well-being data between said devices; electronic devices, namely, interface cards and boards for computers, mobile telephones, tablet computers, notebook computers and computer software that allow the sharing and transmission of patient medical data relating to the physical and mental health of patients between said devices.

Services

Class 35

(1) Collection of medical data relating to patient physical and mental health into computer databases; collection of medical data relating to patient physical and mental health for third parties into computer databases for the purposes of medical invoicing; collection of patient health, fitness and well-being data into computer databases; collection of patient health, fitness and well-being data into computer databases for third parties; collection and systemization of business data, namely, medical billing information into computer databases; business data analysis for medical and healthcare professionals; market research data analysis; the bringing together, for the benefit of others, a variety of medical services through the operation of an online marketplace that enables potential patients to conveniently compare and purchase said medical services; the bringing together, for the benefit of others, a variety of health insurance services through the operation of an online marketplace that enables consumers to conveniently compare and purchase said health insurance services; the bringing together, for the benefit of others, a variety of fitness services through the operation of an online marketplace that enables consumers to conveniently compare and purchase said fitness services; the bringing together, for the benefit of others, a variety of goods relating to or for use in the fields of slimming, weight control, weight management, diet, dieting, exercise, health, fitness, recreation, lifestyle, eating habits, foods, beverages, nutrition and well-being enabling customers to conveniently view and purchase those goods and services from an internet website, an intranet website, mobile communications networks, telecommunications networks, global computer networks, from a virtual retail or wholesale store or outlet, a retail or wholesale store or outlet, through a television shopping channel, by mail order, said goods comprising pedometers, clothing, footwear and headwear, exercise and fitness apparatus and equipment, namely, stationary bicycles, elliptical machines, treadmills, punching bags, exercise bicycles, body training and toning equipment, apparatus and devices, namely, exercise balls, exercise bars, exercise benches, apparatus and instruments for monitoring physical activity,

namely heart rate monitors and pedometers, pharmaceuticals, dietary supplements, nutraceuticals, supplements, dietary supplements, vitamins, minerals, dietetic food and substances, food and food products, snack foods, prepared and packaged meals and food, agricultural, horticultural and forestry products, fresh fruits, vegetables, nuts, herbs, seeds, grains, salad vegetables, fungi and legumes, garden salads, unprocessed fruits, vegetables, nuts, herbs, seeds, grains, salad vegetables, fungi and legumes, raw fruits, vegetables, nuts, herbs, seeds, grains, salad vegetables, fungi and legumes, seeds, beers, mineral and aerated waters and other non-alcoholic drinks, fruit drinks and fruit juices, syrups and other preparations for making beverages; retail of company business marketing data for third parties.

Class 41

(2) Education and training, namely, providing classes, seminars, workshops in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, nutritional lifestyle choices; health and fitness club services, namely, providing instruction and equipment in the field of physical exercise; health and fitness club services; health and fitness training; health club fitness services; health club services health and fitness training; provision of educational health and fitness information relating to exercise and fitness via a website; education services, namely, providing classes, seminars, workshops in the fields of health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, lifestyle; instruction in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, nutritional lifestyle choices, the foregoing provided through classes, seminars and workshops; training in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, nutritional lifestyle choices, the foregoing provided through classes, seminars and workshops; arranging and conducting educational and instructional classes, seminars, lectures, symposia, colloquium, conferences and workshops in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, nutritional lifestyle choices; educational academies that provide professional, personal, group, life, peer-to-peer coaching in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, nutritional lifestyle choices; coaching in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation, nutritional lifestyle choices, the foregoing provided through classes, seminars and workshops; providing classes, seminars, workshops in the field of general health, fitness, exercise, physical health, mental health, well-being, weight control, dieting, recreation and nutritional lifestyle choices through websites and podcasts; exercise services, namely, rental of exercise equipment, providing group exercise instruction, equipment and facilities; advisory, counselling, consultancy, instruction, information and guidance in the field of physical health, exercise and fitness; education, instruction and advice in the field of physical fitness and exercise; operation of physical fitness centres; fitness and exercise instruction; fitness and exercise training services; exercise and fitness classes; educational services, namely, training and instruction in the fields of slimming, weight control, weight management, diet, dieting, exercise, general health, nutritional lifestyle choices, eating habits, food, nutrition, beverages well-being, fitness, weight training, the foregoing through classes, seminars and workshops.

Class 44

(3) Health-related services for individuals, namely, medical consultancy and general health and well-being counselling in the fields of weight control, dieting, recreation and nutritional lifestyle choices; general health and well-being advisory and diagnostic services for individuals in the fields of fitness, exercise, weight control, dieting, recreation and nutritional lifestyle choices; medical analysis services for the purposes of diagnosing and treating patients; medical services, namely,

the diagnosis of conditions ailing the human body, medical testing services for the purposes of diagnosing and treating diseases in patients; medical testing services relating to the diagnosis and treatment of disease; psychological diagnosis services; genetic testing, namely, RNA and DNA analysis for the purposes of medical diagnosis and prognosis of patients; medical and health services, namely, DNA screening and genetic testing for medical purposes; genetic testing for provision of dietetic advice; medical nursing; medical testing; medical testing for diagnostic purposes, treatment purposes or medical purposes; medical testing services, namely, fitness evaluation; psychological testing for medical purposes; psychometric testing for medical purposes; services rendered by a dietician; weight reduction diet planning and supervision; weight reduction diet planning services; advisory services relating to diet; counselling relating to diet; diet planning and supervision; dietary advice; dietary and nutritional guidance; dietary guidance; dietetic advisory services; dietetic counselling services (medical); dietician service; nutrition and dietetic consultancy; professional consultancy relating to diet; providing information about dietary supplements and nutrition; providing information relating to dietary and nutritional supplements; providing information relating to dietary and nutritional guidance; providing nutritional information about food; providing nutritional information about drinks for medical weight loss purposes; providing nutritional information about food for medical weight loss purposes; provision of information relating to nutrition; nutrition consultancy; nutrition counselling; nutrition counselling; nutritional advice; nutritional advisory and consultation services; nutritional advisory services; nutritional guidance; professional consultancy relating to nutrition; advice relating to nutrition; advisory services relating to nutrition; consultancy in the field of nutrition; consultancy relating to nutrition; consultancy services in the field of nutrition; consultancy services related to nutrition; consultancy services relating to nutrition; counselling relating to nutrition; food nutrition consultation; guidance on nutrition; information relating to nutrition; advisory, counselling, consultancy, instruction, information and guidance relating to physical health, mental health, well-being, diet, nutrition, exercise and fitness.

Class 09

(1) Educational software for use in the teaching and learning of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education; augmented reality software for education namely augmented reality gaming software in the field of education, augmented reality gaming software for use in mobile devices in the field of education and educational virtual reality software for learning of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education; educational apparatus and instruments, namely tablet computers for recording, transmitting, reproducing or processing sound, images or data for use in teaching and learning of mathematics, science, writing, history, classical studies, social studies, English, languages and cross-cultural education; educational computer software for use in the teaching and learning of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education; educational computer software for children for use in the teaching and learning of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education; virtual reality software for education namely virtual reality gaming software, virtual reality game software for use in mobile devices, educational virtual reality software for learning of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education; teaching apparatus including teaching robots for recording, transmitting, reproducing or processing sound, images or data in connection with teaching and learning of mathematics, science, writing, history, classical studies, social studies, English, languages and cross- cultural education; the aforesaid excluding, computer hardware and downloadable cloud computer software for use in electronic storage, retrieval and transmission of data, downloadable computer software in the field of database management, audio and audiovisual media access, storage, retrieval and playback, cloud computing, and the Internet, namely, downloadable computer software for transmitting, sharing, receiving, downloading, displaying and transferring content, text, visual works, audio works, audio visual works, literary works, data, files, documents and electronic works.

Class 16

(2) Educational books, publications; children's interactive educational books; printed instructional, educational, and teaching materials namely books, text books, workbooks, printed instructional, educational and teaching materials namely books, text books, workbooks, educational course syllabuses, pamphlets, brochures, magazines, newspapers, journals, periodicals, booklets, manuals and guidebooks relating to educational courses; stationery namely office paper stationery, paper stationery, writing stationery, envelopes, document covers, file folders, letterheads paper, note pads.

Services

Class 35

(1) Retail and wholesale services for educational supplies, online retail and wholesale store services for educational supplies, information, consultancy and advisory services in relation to the aforesaid.

Class 41

(2) Education services provided by schools including language training, career counselling services, teaching language, educational research services, conducting classes, conferences and workshops in the field of languages; cultural and educational entertainment services in connection with schools and learning centres namely, providing entertainment and educational day camp services; conducting and arranging educational courses in the field of mathematics, science, writing, history, classical studies, social studies, English, languages and cross- cultural education; education in the field of business management; providing continuing and advanced educational courses in the field of mathematics, science, writing, history, classical studies, social studies, English, languages and cross- cultural education; dissemination of educational material, namely, providing information about degree credit courses and online education online and via social media, downloadable apps, printed material; educational and instruction services in the field of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business management; educational and teaching services in the field of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business education; education information in the field of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business education; arranging and conducting educational conferences in the field of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business education; arranging and conducting educational or entertainment competitions in the field of mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business education; language educational services; cultural educational services; information relating to education or entertainment in connection with mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business education provided online from a computer database or the Internet; teaching in connection with mathematics, science, writing, history, classical studies, social studies, English, languages, cross-cultural education and business education; language teaching.

Services

Class 35

(1) Business consulting, management, planning and advisory services in the field of agriculture and horticulture; business management and organization consultancy services; offering business management assistance in the agricultural field, including providing support services to set, monitor and analyze cultivation equipment and agricultural facilities; business project management services in the field of agriculture and horticulture.

Class 42

(2) Technical support services, namely, troubleshooting in the nature of diagnosing problems with agricultural and horticultural equipment; environmental services, namely, design for others in the field of environmental engineering; environmental engineering design services; consulting services in the field of design and development of environmental engineering processes; environmental services, namely, technical consultation in the field of environmental science and environmental engineering services; designing agriculture and horticulture facilities; planning and layout design services for agricultural and horticultural environments; product design and development in the field of agriculture and horticulture; technical consultation in the field of agriculture, horticulture and environmental science; electronic and electrical systems design for agricultural, horticultural, hydroponic and aquaculture structures; design and engineering consultation in the field of water, air, soil, and plant monitoring systems for agricultural, aquacultural, hydroponic, and horticultural facilities; design and development and installation of sensors, sensor networks, and integrated sensor systems for agricultural, horticultural, hydroponic and aquaculture structures; technology consulting in the fields of agriculture, horticulture, aquaculture, and hydroponics; design and development of electronically controlled systems in the fields of agriculture, horticulture, aquaculture, and hydroponic growing facilities.

Class 44

(3) Agronomic consulting services.

Goods

Class 09

Photonic components and systems for use in optical communication networks in the nature of optical transceivers, and parts and fittings for all the aforesaid goods; electronic and optical communication instruments and components, namely, optical transceivers, and parts and fittings for all the aforesaid goods; optical apparatus, instruments and devices for measuring, interrogating and processing optical signals, namely, optical signal processors, and parts and fittings for all the aforesaid goods; systems, consisting of digital transceivers, relying on Dense Wavelength Division Multiplexing (DWDM) optical System-on-Chip technology, and parts and fittings for all the aforesaid goods; indium phosphide-based photonic integrated circuits, and parts and fittings for all the aforesaid goods; optical circuits, and parts and fittings for all the aforesaid goods; photonic integrated circuits, and parts and fittings for all the aforesaid goods; optical circuits with electronic circuits, and parts and fittings for all the aforesaid goods; opto-electronic integrated circuits, and parts and fittings for all the aforesaid goods; hybrid integrated opto-electronic circuits, and parts and fittings for all the aforesaid goods; monolithically integrated opto-electronic circuits, and parts and fittings for all the aforesaid goods; chips, namely semiconductor chips, with photonic components, and parts and fittings for all the aforesaid goods; optical semiconductor chips, and parts and fittings for all the aforesaid goods; optical receivers, and parts and fittings for all the aforesaid goods; optical transceivers, and parts and fittings for all the aforesaid goods; optical transmitters, and parts and fittings for all the aforesaid goods; optical modulators in the nature of optical fibers, and parts and fittings for all the aforesaid goods; lasers for use as transceiver components, and parts and fittings for all the aforesaid goods; tunable lasers for use as transceiver components, and parts and fittings for all the aforesaid goods; optical detectors, and parts and fittings for all the aforesaid goods; high-speed optical detectors, and parts and fittings for all the aforesaid goods; optical sensors, and parts and fittings for all the aforesaid goods; optical monitoring units, namely electronic devices for monitoring optical parameters, and parts and fittings for all the aforesaid goods; channel monitoring units, namely, wireless controllers to monitor optical channels, and parts and fittings for all the aforesaid goods; single and multi-stage Mach-Zehnder Modulators (MZM/MZI) for modulating the amplitude of an optical wave, and parts and

fittings for all the aforesaid goods; optical waveguide devices, and parts and fittings for all the aforesaid goods; arrayed waveguide gratings (AWG); AWG multiplexers, and parts and fittings for all the aforesaid goods; AWG demultiplexers, and parts and fittings for all the aforesaid goods; optical amplifiers, and parts and fittings for all the aforesaid goods; optical multiplexers, and parts and fittings for all the aforesaid goods; optical demultiplexers, and parts and fittings for all the aforesaid goods; optical gain equalizers, and parts and fittings for all the aforesaid goods; optical attenuators, and parts and fittings for all the aforesaid goods; optical switches, and parts and fittings for all the aforesaid goods; optical network routers, and parts and fittings for all the aforesaid goods; optical power tap units for use as transceiver components, and parts and fittings for all the aforesaid goods; optical splitters for use as transceiver components, and parts and fittings for all the aforesaid goods; fiber-optic couplers, and parts and fittings for all the aforesaid goods.

Services

Class 40

(1) Manufacture of photonic integrated components, circuits and communications systems, to the order and specification of others, for use in optical communication networks; manufacture of electronic and optical communication instruments and components, to the order and specification of others, for use in the fields of computer networks and mobile networking; manufacture of optical apparatus, instruments and devices for measuring, interrogating and processing optical signals, to the order and specification of others.

Class 42

(2) Consulting in the field of photonics hardware engineering; design, development and engineering of photonic integrated components, circuits and communications systems for use in optical communication networks; design, development and engineering of electronic and optical communication instruments and components in the fields of computer networking and mobile networking; design, development and engineering of optical apparatus, instruments and devices for measuring, interrogating and processing optical signals; design and development services for packaging of photonic components for optical communication; engineering services in the field of opto-electronic systems, opto-electronic components, and packaging photonic components for optical communication; product development and engineering services for others in the field of photonic integrated components, circuits and communications systems; scientific research in the field of photonics hardware; physics research; fiber-optic engineering research; research and development services for others in the field of photonics.

Software platforms for social networking; Downloadable software for wireless broadband communication networks and social networks, used for the broadband transmission of live broadcasts and for viewing videos; Software applications for mobile phones, portable media players, and handheld computers for use in database management, use in electronic storage and sharing of data in the nature of music and film, use in messaging, use in social networking and for optimizing social media profiles; Computer hardware; Social network software namely downloadable mobile application for social networking services; Downloadable computer software development tools, namely for assisting developers in creating program code; Downloadable computer software for use as an application programming interface (API) for use in the fields of database integration; Computer software for creating, managing, and interacting with an online community, namely, computer software platforms for social networking; Computer software allowing users to organize and conduct events in the field of computer video game; Downloadable computer software for use in the field of social networking that allows users to create, review, upload, download, access, view, enter, tag, blog, stream, link, annotate, comment, integrate,

transmit, share and provide electronic media and information in the nature of music and film for third-party social media profiles through electronic communications networks; Computer software for editing and sharing images, sound, and video content on multiple social media platforms in the field of social networking; Computer software for the collection, management, review, organization, modification, transmission, storage and sharing of data and information in the nature of music and film, for use in database management and compilation; Downloadable electronic commerce software to enable users to perform electronic business transactions via global computer and communications networks; Computer software for sending electronic message alerts, notifications and reminders; Order transmission software, namely computer software for voice recognition and processing voice commands; Search engine software; Magnetic encoded gift cards; Computer software for creating, managing, measuring and disseminating advertisements for others; Advertising servers, in particular, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Virtual reality computer hardware for games; Peripherals adapted for use with computers, namely earphones, microphones, audio speakers, computer mouse, computer keyboards, cases and carrying cases; Electronic game software for wireless devices; Electronic game software for portable electronic devices; Game software; Peripherals for wearable computers, tablets, mobile devices and cell phones, namely earphones, microphones, audio speakers, computer mouse, computer keyboards, cases and carrying cases; Virtual reality game software; Video game software; Multimedia interactive computer game programs; Downloadable electronic game programs; Game software; Computer headphones; lasers to store and retrieve data from CDs and DVDs; Wearable computer peripherals, namely wireless computer mouse; Peripherals adapted for use with computers, namely computer mouse; Remote communication software, namely computer software platforms for social networking; Augmented reality software for use in mobile phones for integrating electronic data with real world environments for entertainment, education, games, communication and social networking; Downloadable computer software in the form of a mobile application for accessing and viewing text, images and electronic data, namely, for providing information relating to conferences in the field of software development; Computer software to enable development, evaluation, testing and maintenance of mobile application software for portable electronic communication devices, namely mobile phones, smartphones, laptops and tablets; Computer software for converting natural languages into machine-executable commands, namely speech and voice recognition software; Interpretive interface to facilitate the interaction between humans and machines, namely speech and voice recognition software; Downloadable computer software in the field of artificial intelligence for use in facial and speech recognition, accessing entry to buildings and locations, interface between humans and machines; Downloadable computer software in the field of artificial intelligence, namely, machine learning software used in computer speech analysis programs; Software development tools to enable mobile software applications to access backend services, namely computer software for assisting developers in creating program code for use in multiple application programs; Virtual reality headsets adapted for video games; Virtual reality headsets adapted for use in playing video games on computers, video game consoles, pocket video game consoles, tablet computers, mobile devices and cellular phones, for the purpose of providing virtual reality experiences.

Services

Class 35

(1) Business intermediation services relating to the matching of potential private investors with entrepreneurs needing funding, relating to the matching of potential buyers and sellers for the sale and purchase of books, journals, newsletters and electronic publications, audio and visual recordings, digital art, video games, and self-improvement and self-actualization services;

Provision of information and advisory services relating to e-commerce in the field of retail store for the sale of computer games; Organization and conducting of special events for commercial, promotional and advertising purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; Promoting the sale of goods and services of others via a global computer network through promotional contests provided over the internet; Organization, promotion and conducting of exhibitions, trade fairs and events for commercial purposes in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment; Commercial intermediation services, namely, matching of potential private investors with entrepreneurs needing funding, matching of potential buyers and sellers for the sale and purchase of books, journals, newsletters and electronic publications, audio and visual recordings, digital art, video games, and self-improvement and self-actualization services; Providing on-line marketplaces of goods and services for buyers and sellers; Advertising, marketing and promotion services, namely providing information relating to discounts, coupons, rebates, vouchers, links to retail websites of others, as well as special offers for the goods and services of others; Organization and conducting of special events for commercial, promotional and advertising purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; Advertising the goods and services of others via electronic media and specifically the internet; Data processing services in the field of transportation, payroll, electronic commerce, banking, financial management, patient medical records, drug prescriptions, medical imaging; Data management service for use in reporting debt collection accounts to a collection agency, namely, electronic data collection and online claims management; Consumer data collection for others in the field of marketing, banking, financial marketing, electronic commerce; Computerized management of databases and files; Systemization of data into computer databases; Systemization information into computer databases; Business research, namely, business research, namely providing data searches in database for others; Arranging subscriptions to information in the nature of databases via telecommunication networks, namely updating and maintenance of data in computer databases; Providing registered users access to a directory of third-party websites and other third-party electronic advertising content in the nature of information on consumer goods and services; Broadcasting of promotional video recordings of live third-party events.

Class 38

(2) Providing access to blogs; Communication via online blog, namely, providing access to the internet for the purposes of reading blogs, providing access to on-line forums for transmission of messages among computer users; Providing access to content, websites and portals namely, platform for real-time multimedia communications via a website on the internet; Chat room services for social networking; providing online chat rooms for social networking; Providing Internet chat rooms and forums for connection to social networks; Providing access to e-commerce platforms on the Internet; Telecommunications, namely electronic transmission of voice messages, text messages, streaming video, movies, music, photographs and digital images via a peer-to-peer network; Electronic transmission of digital photographic, video, audio and visual content via a peer-to-peer network; Providing access to computer, electronic and online databases; Telecommunication services, namely providing access to a website for electronic transmission of electronic media, data in the nature of music and film, messages, graphics, images, audio and video content via a peer-to-peer network; Providing online forums for communication on topics of general interest; Providing online communications links permitting mobile devices and Internet users to access other local and global online locations being websites; Providing online chat room services, instant messaging services and electronic bulletin board services [telecommunications services]; Wireless electronic transmission of audio, text and video content over the Internet and

global communications networks; Voice communication services via the Internet protocol [VoIP]; Telephone communications; Providing access to computer databases in the fields of social networking and social introduction and dating; Sharing of photos and peer-to-peer data, namely, electronic transmission of digital photo files, graphics and audio content among Internet users; Telecommunications and computer services for peer-to-peer networks, namely wireless electronic transmission of images, audio, visual and video content, photographs, videos, text, messages, real-time multimedia communications; chat room services for social networking; Streaming of video and live streaming of interactive video, audio and visual content via the Internet in the field of transportation, payroll, electronic commerce, banking, financial management, patient medical records, drug prescriptions, medical imaging; Telecommunication services, namely, electronic transmission of virtual reality content in the nature of electronic gaming and electronic multiplayer game interactive competitions; Electronic bulletin board services for the transmission of messages between users relating to topics of general interest; Videoconferencing services; Providing an online community forum for users to share and stream information, audio, video, real-time news, entertainment content or information to form virtual communities and engage in social networking; Telecommunication services, namely, transmission and reception of data in the nature of audio, video, and text via global communication networks; Communication services by cellular telephone; Providing access to a website for the transmission of messages of all kinds among users to other websites; Videoconferencing services; instant electronic messaging; Providing access to a global computer network for electronic transmission of voice messages, video, audio, text messages and graphics among users over electronic communications networks; providing access to telecommunications networks and the Internet, namely, providing multiple user access to a global computer network; Providing user access to the Internet; Providing information relating to telecommunication network in the field of social networking; Consultancy in the field of telecommunications, namely, providing information on transmission of voice, audio, video, text and documents via telecommunication networks; Broadcasting of cable television programs; Transmission of messages and images via computers; Providing access to a worldwide computer network; leasing access time to global computer networks; Streaming of data, namely, streaming of electronic game play and electronic game competitions over global communications networks, the internet and wireless networks; Transmission of digital files, namely, electronic transmission of digital photo files via a peer-to- peer network; Providing electronic bulletin boards and online chat forums; Providing access to computer, electronic and online databases in the field of social networking; Providing access to an online computer database in the field of online social networking, online presentations and dating; Providing access to databases, namely, providing access to electronic and online interactive databases of user defined content, third party content, photographs, video, audio, video and audiovisual material in the field of general interest; Providing access to computer databases and search engines, in the field of social networking, social presentations and meetings; Providing access to databases with telephone directory information via global communications networks; Streaming of entertainment content namely broadcasting and streaming of audio and video recordings of live events; Providing information, advisory and consultancy services in the field of telecommunication networks, telecommunication equipment, and database management.

Class 41

(3) Education services, namely, conducting classes, seminars, webinars, conferences, workshops and group recreation events in the fields of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; Training services in the fields of self- improvement, self-actualization, online marketing, online selling of products and services, branding, customer

relationship management (CRM), social media, gaming and blockchain; Entertainment services, namely, providing temporary use of non-downloadable computer games, organizing musical concerts and art exhibitions, and conducting contests in the field of computer games; Providing educational, recreational and entertainment information via computer, electronic and online databases for the entertainment industry and for secondary, collegial, social and community interest groups in the field of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; Providing online non-downloadable photos and video for entertainment purposes; Electronic publishing services for others, namely online publication of electronic newspapers; Entertainment services, namely providing interactive single and multiplayer online computer games via a global networks; Providing information relating to computer and video games online via computer or communication networks; Organizing and conducting competitions and entertainment events for video game users and computer game players; Providing online educational information for software programmers; Organization of competitions and arranging award ceremonies for entertainment purposes for software programmers; Publication of educational texts, namely books, journals, newsletters and electronic publications; Education services, namely, organization and conducting of conferences, courses, seminars and online training in the fields of advertising, marketing, social networking, social media, and distribution of course materials in connection therewith; Publication of online journals and web diaries (blogs) with user-defined content; Entertainment services, namely, providing online virtual reality games, providing interactive entertainment and virtual reality content in the nature of electronic gaming and electronic multiplayer game interactive competitions; Providing temporary use of a non-downloadable computer game for use via peer-to-peer network; Online enhanced reality game services, namely, providing online augmented reality games; Entertainment services, namely providing online video games in the nature of augmented reality games; Organization of exhibitions for entertainment, cultural and educational purposes in the fields of interactive games, virtual reality, consumer electronic products and video games ; Arranging and conducting of educational conferences in in the field of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; Organization of exhibitions and events in the field of software development for educational purposes; Arranging and conducting conferences and seminars in the field of artificial intelligence for educational purposes; Organisation of electronic game competitions for educational and entertainment purposes; Arranging award ceremonies for entertainment purposes in the fields of self-improvement and fulfillment, charitable, philanthropic, volunteer, public and community services and humanitarian activities, and creative works.

Class 42

(4) Platform as a service (Paas) featuring online non-downloadable computer software platforms for providing information in the fields of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; Programming of software for e-commerce platforms; User authentication services using technology for e-commerce transactions; Consultancy in the field of creation and design of websites for e-commerce; Application service provider (ASP) services featuring computer software and providing online non-downloadable software for uploading, downloading, streaming, posting, viewing, and editing, sharing video and sound recordings; Application service provider [ASP] for enabling registered users to display and share locations on maps, plan events with other users and share recommendations; Providing non-downloadable electronic commerce software to enable users to perform electronic business transactions via global computer and communications networks; Providing non-downloadable software to view and

share a user's location and find, locate and interact with other users and places; Hosting websites incorporating technology to enable online users to create personal information profiles for social and business networking, as well as to transfer and share such information between multiple online sites; Providing search engines for obtaining data via communications networks; Providing temporary use of non-downloadable software for the transmission, sharing, receiving, downloading, display and transfer of content, text, visual works, audio works, audiovisual works, text and graphic works, and documents in the fields of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; Providing temporary use of non-downloadable web-based software applications for social networking, creating a virtual community, and transmission of virtual reality content featuring art works, photographs, images, animation, and videos, for use online and in virtual environments in the fields of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; providing temporary use of non-downloadable web-based application software for social networking, creating a virtual community, and transmission of audio, video, photographic images, text, and graphics in the fields of self-improvement, self-actualization, online marketing, online selling of products and services, branding, customer relationship management (CRM), social media, gaming and blockchain; Providing temporary use of non-downloadable software for creating, managing and accessing online communities for registered users to participate in discussions, share recommendations, get feedback from their peers, from virtual communities and engage in social networking; Software as a service (SaaS) services featuring software for sending electronic message alerts and sending and receiving electronic messages and via a global computer network; Technical assistance, namely, diagnosis and troubleshooting of computer software problems; diagnosis of computer hardware problems through the use of software; Data encryption services, namely, encrypted electronic transmission and delivery of recovered data.

Class 45

(5) Identity verification services, namely, providing authentication of personal identification information; On-line social networking services; Providing information relating to social networking, introduction, and dating services via online databases; Providing social networking services on the Internet and other communications networks for entertainment purposes; Social networking and dating services; Legal services; Online social networking services; Providing information on personal development, namely, self-improvement, self-satisfaction; Providing legal information in the field of charity, philanthropic activities, volunteering, public and community services, and humanitarian activities.

Class 07

(1) Rubber tracks for use with crawlers on mining machinery; mining machines, namely, earth moving machines in the nature of earthmovers, namely, earth haulers, earth moving scrapers, motor graders, shovel loaders, bulldozers, wheeled cranes, cranes, compact track loaders, multi terrain loaders, belt conveyors, overland conveyors, pipe conveyors, inclined conveyors; belt conveyors; belts for conveyors; rubber tracks for use with crawlers on civil engineering machinery; rubber tracks for use with crawlers on construction machinery; rubber tracks for use with crawlers on loading-unloading machinery; construction machines, namely, earth moving machines in the nature of earthmovers, namely, earth haulers, earth moving scrapers, motor graders, shovel loaders, front-end loaders, back-hoe loaders, skid steer loaders, bulldozers, wheeled cranes, cranes, compact track loaders, multi terrain loaders, asphalt paving machines, earth compacting machines, belt conveyors, yard conveyors, pipe conveyors, inclined conveyors; loading-unloading machines, namely, power operated lifts for cargos, cargo handling machines, forklifts; rubber tracks for use with crawlers on agricultural machinery; agricultural machines and agricultural implements, other than hand-operated, namely, box scrapers, cultivators, tractor-towed harrows,

agricultural seed planting machines, harvesters, namely, tractor-towed harvesters, crop harvesters, combine harvesters and agricultural mowing machines and agricultural reaping machines; rubber pads to be attached to shoe plates of iron crawlers; machines for manufacturing rubber goods, namely, rubber forming machines and rubber mixing machines; non-electric prime movers, namely, steam engines, jet engines, hydraulic turbines, wind turbines, steam engine boilers; engine mounts, other than for land vehicles, namely, engine mounts for mining machines, construction machines, and agricultural machines; parts of non-electric prime movers, namely, parts of engines in the nature of ignition coils, exhaust manifold for engines, intake manifolds for motors and engines, particulate air filters for exhaust systems for internal combustion engines, air filters for engines, fuel filters, oil filters; devices for seismic isolation used in buildings, namely, machines for seismic isolation used in buildings; fuel dispensing machines for service stations; washing machines for hoses; shaft couplings and connectors, machine elements not for land vehicles; bearings, machine elements not for land vehicles; shock absorbers, machine elements not for land vehicles; springs being parts of machines, not for land vehicles, namely, air springs for machinery; rubber springs for suspension systems, not for land vehicles; pneumatic holders for gripping, reeling and transporting devices.

Class 09

(2) Tire pressure and tire temperature monitoring and measuring machines and instruments, namely, tire pressure gauges, temperature sensors, pressure sensors, electronic data transmitters, namely, computers, electronic mobile data receivers and data processing units, namely, computers, antennas and electronic plasma display panels for displaying tire information and temperature information; bicycle speedometers; measuring and testing machines and instruments, namely, tire pressure gauges, tire pressure measurers, tire pressure electronic monitors; batteries for vehicles; electric wires and cables; terminal devices, namely, computer terminals for collecting and storing information and data measured and saved by on-demand remote monitors and transmitters; data transmitting devices for telecommunication, namely, telephone transmitters, television transmitters, radio transmitters, GPS transmitters; telecommunication machines and apparatus, namely, computer network routers, multiplexers, computer hardware for telecommunications, computer hardware and recorded software for setting up and configuring wide area networks, telecommunication apparatus for measuring, monitoring, and transmitting tire pressure and tire temperature, namely, radio transmitters and receivers, satellite transmitters, GPS transmitters, telephone transmitters, video transmitters, audio- and video-receivers, temperature sensors, and tire pressure sensors; electronic machines and apparatus for measuring, monitoring and transmitting data of tire pressure and tire temperature, namely, electronic tire pressure monitors; downloadable computer software for managing tire and vehicle information; downloadable computer software for managing belt information for conveyers; downloadable computer programs for monitoring, analyzing vehicle drive information, vehicle kinetic information and tire pressure information; downloadable computer software for visualization in the nature of graphical representation and analysis of industrial manufacturing processes for use in improving manufacturing productivity, optimizing inventory and improving manufacturing efficiency, namely, factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; downloadable computer programs for use in database management; electronic machines, apparatus and their parts, namely, computers; protective eyewear for cycling; bicycle helmets; computers for vehicles with autonomous driving functions and autonomous driving assistance functions; computers for vehicles with automated driving functions and automated driving assistance functions; downloadable computer programs for controlling vehicles with autonomous driving functions and vehicles with autonomous driving assistance functions; downloadable computer programs for controlling vehicles with automated

driving functions and vehicles with automated driving assistance functions; autonomous driving and automated driving devices for automobiles comprised of telecommunication machines and apparatus, namely, electronic transmitters and receivers, electrical and electronic control apparatus and instruments, namely, computers, remote control for motors and steering, photographic machines and apparatus, namely, cameras and video cameras, and automatic speed and direction adjusting and regulating machines and instruments, namely, radar apparatus, namely, radar, radar receivers, and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature, velocity, and road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms, for autonomous driving and automated driving of automobiles; telecommunication machines and apparatus, namely, electronic transmitters and receivers, for autonomous driving and automated driving of automobiles; electrical and electronic control apparatus and instruments, namely, electronic controls for motors, power steering, driver systems for autonomous vehicles, namely driver systems controlling braking and suspensions and electric compressors, for autonomous driving and automated driving of automobiles; remote control apparatus for motors and steering for autonomous driving and automated driving of automobiles; photographic machines and apparatus, namely, cameras and video cameras, for autonomous driving and automated driving of automobiles; autonomous parking and automated parking devices for automobiles comprised of telecommunication machines and apparatus, namely, transmitters and receivers, electrical and electronic control apparatus and instruments, namely, computers, remote control for motors and steering, photographic machines and apparatus, namely, cameras and video cameras, and automatic speed and direction adjusting and regulating machines and instruments, namely, radar apparatus, namely, radar, radar receivers, and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature and road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms, for autonomous parking and automated parking of automobiles; telecommunication machines and apparatus, namely, transmitters and receivers, for autonomous parking and automated parking of automobiles; electrical and electronic control apparatus and instruments, namely, computers, remote control for motors and steering, for autonomous parking and automated parking of automobiles; remote control for motors and steering for autonomous parking and automated parking of automobiles; photographic machines and apparatus, namely, cameras and video cameras, for autonomous parking and automated parking of automobiles; radar apparatus, namely, radar, radar receivers and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature and road conditions, other than for medical use, acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms and automatic adjusting and regulating machines and instruments for automobiles comprised thereof, namely, automated electronic controls for automobiles and autonomous electronic controls for automobiles in the nature of electronic speed controllers, computer systems for vehicle safety and security for autonomous vehicles, and driver assistance systems for autonomous vehicles, including advanced driver assistance systems (ADAS).

Class 12

(3) Shaft couplings and connectors, machine elements for land vehicles; bearings, machine elements for land vehicles; vehicle suspension components, namely, suspension systems for motor vehicles, automotive suspension springs, and automobile suspension spindles; shock absorbers, machine elements for land vehicles; springs, machine elements for land vehicles; tires for wheelchairs; inner tubes for wheelchair tires; tires for wheelchairs, excluding pneumatic tires; fenders for vessels in the nature of boat side protectors; vessels in the form of boats and ships and

their parts and fittings; tires for aircraft; retreaded tires for aircraft; tires for aircraft, excluding pneumatic tires; inner tubes for aircraft tires; tread rubber for retreading tires for aircraft; aircraft in the form of airplanes, jet planes, helicopters, and their parts and fittings; tires for railway cars; retreaded tires for railway cars; tires for railway cars, excluding pneumatic tires; inner tubes for railway car tires; wheels for railway cars; tread rubber for retreading tires for railway cars; railway rolling stock and their parts and fittings; tires for small and lightweight railway cars traveling on exclusive tracks; tires for small and lightweight railway cars traveling on exclusive tracks, excluding pneumatic tires; retreaded tires for small and lightweight railway cars traveling on exclusive tracks; inner tubes of tires for small and lightweight railway cars traveling on exclusive tracks; wheels for small and lightweight railway cars traveling on exclusive tracks; tread rubber for retreading tires for small and lightweight railway cars traveling on exclusive tracks; small and lightweight railway cars traveling on exclusive tracks and their parts and fittings; tires for magnetic levitation trains; tires for magnetic levitation trains, excluding pneumatic tires; retreaded tires for magnetic levitation trains; inner tubes for magnetic levitation train tires; wheels for magnetic levitation trains; tread rubber for retreading tires for magnetic levitation trains; magnetic levitation trains and their parts and fittings; tires for monorail vehicles; tires for monorail vehicles, excluding pneumatic tires; retreaded tires for monorail vehicles; inner tubes for monorail vehicle tires; wheels for monorail vehicles; tread rubber for retreading tires for monorail vehicles; monorail vehicles in the form of monorail passenger cars and their parts and fittings; tires for low-floor vehicles traveling on exclusive tracks; tires for low-floor vehicles traveling on exclusive tracks, excluding pneumatic tires; retreaded tires for low-floor vehicles traveling on exclusive tracks; inner tubes for low-floor vehicle tires traveling on exclusive tracks; wheels for low-floor vehicles traveling on exclusive tracks; tread rubber for retreading tires for low-floor vehicles traveling on exclusive tracks; low-floor vehicles in the form of trains and streetcars traveling on exclusive tracks and their parts and fittings; tires for self-driving vehicles traveling on exclusive tracks; tires for self-driving vehicles traveling on exclusive tracks, excluding pneumatic tires; retreaded tires for self-driving vehicles traveling on exclusive tracks; inner tubes for self-driving vehicle tires traveling on exclusive tracks; wheels for self-driving vehicles traveling on exclusive tracks; tread rubber for retreading tires for self-driving vehicles traveling on exclusive tracks; self-driving vehicles in the form of self-driving trains traveling on exclusive tracks and their parts and fittings; autonomous cars; automated cars; vehicles with driving assistance functions, namely self-driving cars, cars designed for automatic and hands-free driving, and cars featuring a Forward Collision Warning (FCW) system with pedestrian detection, Lane Departure Warning (LDW) system, Lane Keeping Assist System (LKAS), Collision Mitigation Braking System (CMBS), Blind spot information (BSI) system, and rear cross traffic monitoring system; tires for automobiles; tires for vehicles; retreaded tires for automobiles; retreaded tires for vehicles; tires for small electric cars, excluding pneumatic tires; tires for automobiles, excluding pneumatic tires; inner tubes for automobile tires; inner tubes for vehicle tires; tread rubber for retreading tires for automobiles; wheels for automobiles; wheels for motor vehicles; treads for tractor type vehicles; seat cushions for vehicles; hydraulic hoses, not of metal, being parts of land vehicle brake systems, shovels and loading equipment; automobiles and their parts and fittings; tires for mobility scooters, excluding pneumatic tires; tires for golf carts, excluding pneumatic tires; tires for electric carts, excluding pneumatic tires; tires for all-terrain vehicles, excluding pneumatic tires; tires for two-wheeled motor vehicles; retreaded tires for two-wheeled motor vehicles; tires for two-wheeled motor vehicles, excluding pneumatic tires; inner tubes for two-wheeled motor vehicle tires; wheels for two-wheeled motor vehicles; tires for bicycles; retreaded tires for bicycles; tires for bicycles, excluding pneumatic tires; inner tubes for bicycle tires; wheels for bicycles; tread rubber for retreading tires for two-wheeled motor vehicles and bicycles; electric bicycles; two-wheeled motor vehicles, namely, scooters, motorcycles, mopeds, bicycles and their parts and fittings; wheel rims and wheel covers for aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; wheel rims

and wheel covers for vehicles; wheel rims and wheel covers for small and lightweight railway cars traveling on exclusive tracks, magnetic levitation trains, monorail vehicles, low-floor vehicles traveling on exclusive tracks, and self-driving vehicles traveling on exclusive tracks; valves for tires of aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; valves for vehicle tires; valves for tires of small and lightweight railway cars traveling on exclusive tracks, magnetic levitation trains, monorail vehicles, low-floor vehicles traveling on exclusive tracks, and self-driving vehicles traveling on exclusive tracks; adhesive rubber patches for repairing tubes and tires.

Class 17

(4) Anti-vibration rubber for automobiles, namely engine mounts made of rubber for antivibration of automobiles; seals, namely, encapsulated seals, not of metal, non-metal seals for use in doors for vehicles and vehicle headlights; hoses made of rubber, namely, hydraulic hoses made of rubber, heater hoses made of rubber for engines and machinery and for motors and engines used in industrial applications, coolant hoses made of rubber for engines and machinery and for motors and engines used in industrial applications; valves of rubber and valves of vulcanized fiber, not being machine elements; gaskets, not of metal, for vehicle engines; pipe joints made of synthetic resin; non-metal pipe couplings and joints; urethane foam for use in the manufacture of non-metal gaskets for vehicles, mattresses, cushioning materials of rubber, cushioning materials of plastics, sound absorbing wall coverings, sound absorbing metal discs, and scrub sponges; sound absorbing sponge made of rubber and sound absorbing sponge made of resin for automobile tires; semi-worked synthetic plastic in the form of foam, pellets, rods, sheets, tubes and extruded form for general industrial and manufacturing use; foam rubber; sound absorbing materials made of rubber and sound absorbing materials made of resin for automobile tires; sound absorbing plates made of rubber and sound absorbing plates made of resin for automobile tires; rubber for retreading and repairing tires; rubber material for recapping tubes; rubber materials for recapping tires; rubber, namely, raw rubber and semi-worked rubber.

Services

Class 35

(1) Business management analysis and business consultancy; marketing research and analysis; providing information concerning commercial sales; business management of hotels; business management services relating to information and data compiling and analyzing; collection of market research information; collection and analysis of business information on vehicle sales; product inventory management; agencies for product-management-related office work, namely, providing business data analysis services in the field of inventory management and control; agencies for sales-related office work, namely, administration of sales promotion incentive programs; retail services and wholesale services for automobiles; retail services and wholesale services for two-wheeled motor vehicles; retail services and wholesale services for bicycles; retail and wholesale sales of electrical machinery and apparatuses, namely, computers, remote controls for motors and steering, temperature sensors, pressure sensors, motion sensors, distance sensors, vibration sensors, GPS transmitters and receivers, radio transmitters and receivers, radar transmitters and receivers, video transmitters and receivers, and telephone transmitters and receivers; retail and wholesale sales of agricultural machines and agricultural implements, other than hand-operated, namely, box scrapers, cultivators, tractor-towed harrows, irrigation machines, agricultural seed planting machines, harvesters and mowing and reaping machines; retail services and wholesale services for automobiles and their parts and fittings; retail and wholesale sales of mining, construction, loading-unloading and agricultural machinery, namely, earth moving machines in the nature of earthmovers, scrapers, motor graders, shovel loaders, bulldozers, wheeled cranes, cranes, compact track loaders, multi terrain loaders, belt conveyors, overland

conveyors, pipe conveyors, inclined conveyors, front-end loaders, back-hoe loaders, skid steer loaders, power operated lifts for cargos, cargo handling machines, forklifts, asphalt paving machines, earth compacting machines, box scrapers, cultivators, tractor-towed harrows, irrigation machines, agricultural seed planting machines, harvesters and mowing and reaping machines, and their parts and fittings, namely tires and rubber tracks; retail and wholesale services for shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; retail and wholesale services for pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings; computer-assisted research regarding business information, namely, business research services; computer-assisted retrieval of business information in the field of retail store operations; providing business and commercial advice and information to consumers on the selection of tires to be attached and driving techniques and practices; providing commercial information and advice related to tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of tires; advice and consultancy relating to business management and organization intended especially for pneumatic tire and automotive professionals; advice and consultancy relating to business management and organization; arranging and conducting of marketing analysis; input and compilation of information and data relating to vehicle and tire management, vehicle arrangement and location, and road itineraries into computer databases; compilation and systemization of information and data relating to vehicle and tire management, vehicle arrangement and location, and road itineraries; commercial information and advice related to vehicle arrangement and location; consultancy relating to personnel management and employment; consultancy relating to business organization and management; administrative advice, information linked to employment development and professional and social integration; business management services relating to information and data compiling and analyzing; business management analysis, business management advice, and business management consultancy; professional business consultancy, namely, commercial business management services; collection, management and analysis of customer information, namely, collection of market research information; data processing services in the field of vehicle information obtained from in-vehicle systems by remote access.

Class 37

(2) Repair and maintenance of automobiles and their parts and fittings and inspection, consultancy and information services relating thereto; repair and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings and inspection, consultancy and information services relating thereto; repair and maintenance of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings and inspection, consultancy and information services relating thereto; repair and maintenance of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings and inspection, consultancy and information services relating thereto; information services on maintenance of automobile tires, by telecommunication, relating to tire pressure and tire temperature; inspection, consultancy and information services relating to retreading of tires; battery charging services for electric vehicles.

Class 39

(3) Providing information and advice relating to transportation of passengers and freight, namely, provision of transport information and advice for travel by air, rail, ship, bus, tram and truck for leisure, recreation, tourism, holiday and vacation travel, and providing information relating to freight brokerage; providing information relating to operating control of vessels; providing information relating to operating control of aircraft; providing information relating to operating control of railway cars; providing information relating to operating control of small and lightweight railway cars traveling on exclusive tracks; providing information relating to operating control of magnetic levitation trains; providing information relating to operating control of monorail vehicles; providing

information relating to operating control of low-floor vehicles traveling on exclusive tracks; providing information relating to operating control of self-driving vehicles on exclusive tracks; providing information relating to operating control of autonomous cars and automated cars; providing information relating to operating control of vehicles with driving assistance functions, namely self-driving cars, cars designed for automatic and hands-free driving, and cars featuring a Forward Collision Warning (FCW) system with pedestrian detection, Lane Departure Warning (LDW) system, Lane Keeping Assist System (LKAS), Collision Mitigation Braking System (CMBS), Blind spot information (BSI) system, and rear cross traffic monitoring system; providing information relating to operating control of automobiles; providing information relating to operating control of small electric cars; providing information relating to operating control of tractor type vehicles having treads; providing information relating to operating control of mobility scooters; providing information relating to operating control of golf carts; providing information relating to operating control of electric carts; providing information relating to operating control of all-terrain vehicles; providing information relating to operating control of two-wheeled motor vehicles; providing information relating to operating control of bicycles; providing transportation information relating to car and truck transport, transportation by air, transportation by ship, and transportation by train; providing road and traffic information; navigation services of motor vehicles with autonomous driving functions and motor vehicles with autonomous driving assistance functions by computer and computer software, namely, tracking of automobile fleets using electronic navigation and locating devices; navigation services of motor vehicles with automated driving functions and motor vehicles with automated driving assistance functions by computer and computer software, namely, GPS navigation services; providing information relating to driving services by autonomous driving and automated driving devices for automobiles comprised of telecommunication machines and apparatus, namely, electronic transmitters and receivers, electrical and electronic control apparatus and instruments, namely, computers, remote control for motors and steering, photographic machines and apparatus, namely, cameras and video cameras, and automatic speed and direction adjusting and regulating machines and instruments, namely, radar apparatus, namely, radar, radar receivers, and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature, velocity, and road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms, for autonomous driving and automated driving of automobiles; navigation services for autonomous motor vehicles, and driverless cars by telecommunication machines and apparatus, namely, electronic transmitters and receivers; navigation services for autonomous motor vehicles, and driverless cars by electrical and electronic control apparatus and instruments, namely, computers; navigation services for autonomous motor vehicles, and driverless cars by remote controls for motors and steering of motor vehicles; navigation services of autonomous driving and automated driving automobiles by photographic machines and apparatus, namely, cameras and video cameras; providing information relating to driving services by autonomous parking and automated parking devices for automobiles comprised of telecommunication machines and apparatus, namely, electronic transmitters and receivers, electrical and electronic control apparatus and instruments, namely, computers, remote controls for motors and steering, photographic machines and apparatus, namely, cameras and video cameras, and automatic speed and direction adjusting and regulating machines and instruments, namely, radar apparatus, namely, radar, radar receivers, and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature, velocity, and road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms for autonomous parking and automated parking of automobiles; navigation services of autonomous parking and automated parking automobiles by telecommunication machines and apparatus,

namely, electronic transmitters and receivers; navigation services of autonomous parking and automated parking automobiles by electrical and electronic control apparatus and instruments, namely, computers; navigation services of autonomous parking and automated parking automobiles by remote controls for motors and steering of motor vehicles; navigation services of autonomous parking and automated parking automobiles by photographic machines and apparatus, namely, cameras and video cameras; navigation services of automobiles by radar apparatus, namely, radar, radar receivers and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature and road conditions, other than for medical use, acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms and automatic adjusting and regulating machines and instruments for automobiles comprised thereof, namely, automated electronic controls for automobiles and autonomous electronic controls for automobiles in the nature of electronic speed controllers, computer systems for vehicle safety and security for autonomous vehicles, and driver assistance systems for autonomous vehicles, including advanced driver assistance systems (ADAS); vehicle-driving services, namely, providing driving directions for travel purposes, providing customized driving directions, arrangement of driving expeditions, arrangement of driving experience days and driving holidays, arrangement of off-road adventure expeditions, arrangement of multi-day driving expeditions, chauffeur services.

Class 42

(4) Designing of tires, other than for advertising purposes; designing, programming and maintenance of computer programs for managing information of belts for conveyors; designing, programming and maintenance of computer programs for simulation relating to tires and road surface condition; design, development, installation and maintenance of computer software; designing, programming and maintenance of computer programs relating to visualization tools for solution effectiveness, namely, improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; technological advice relating to specialized knowledge as to tires and methods to check up on tires; technological advice relating to computers, automobiles and industrial machines; technological analysis and consulting services related to the selection, condition, maintenance, retreading and replacement of tires; technological analysis and consulting services related to the selection, condition, maintenance and replacement of vehicle component parts, spare parts and accessories; technological analysis and consulting services related to the selection, maintenance, and replacement of automobiles and their parts and fittings; technological analysis and consulting services related to the selection, maintenance, and replacement of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings; technological analysis and consulting services related to the selection, maintenance, and replacement of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; technological analysis and consulting services related to the selection, maintenance, and replacement of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings; rental of computers; providing on-line non-downloadable computer programs on data networks for vehicle drive information, vehicle kinetic information and tire pressure information; providing on-line non-downloadable computer programs on data networks for managing information of belts for conveyors; providing on-line non-downloadable computer programs on data networks for simulation relating to tires and road surface condition; providing on-line non-downloadable computer software on data networks for visualization in the nature of graphical representation and analysis of industrial manufacturing process for use in improving manufacturing productivity, optimizing inventory and improving manufacturing efficiency, namely, factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate

production reports; providing on-line non-downloadable computer programs for use in database management on data networks; providing technological consultancy and information relating to the manufacture and use of tires and their parts; testing and research on tires and road surface condition and information services relating thereto; providing on-line non-downloadable computer programs on data networks for use in management of inventory and sales incentives for retail stores and wholesale stores; implementation of computer systems by remote access; monitoring of computer systems by remote access; monitoring of data from in-vehicle systems by remote access, namely, monitoring, tracking, and analysis of vehicle movement, status, and behavior; analysis and consulting services for computer software relating to visualization in the nature of graphical representation and analysis of industrial manufacturing processes for use in improving manufacturing productivity, optimizing inventory and improving manufacturing efficiency, namely, factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; testing and research on vehicles with autonomous driving functions and autonomous driving assistance functions and information services relating thereto; testing and research on vehicles with automated driving functions and automated driving assistance functions and information services relating thereto; testing and research on low-floor vehicles traveling on exclusive tracks and their parts and fittings and information services relating thereto; testing and research on self-driving vehicles traveling on exclusive tracks and their parts and fittings and information services relating thereto; providing computer programs connected with customers' systems for improving productivity at customers by quality management and inventory management of tires on data networks; providing technological information and consultancy related to tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of tires for vehicles owned by others; technological consultancy from technical experts on the selection, condition, maintenance and repair of tires, spare parts and accessories for vehicles; providing scientific and technological information related to vehicle and trailer tracking; quality testing and quality control of tires and inner tubes; design of business premises in the nature of retail stores and wholesale stores for the tire trade; development, design and maintenance of software, database systems and web sites; providing temporary use of online non-downloadable software for publishing and sharing digital media and information, namely, text messages, graphic files, live audio feeds, pre-recorded audio messages, live video feeds, prerecorded video messages, and voice messages for users of video and audio conferencing and telephony services via global computer and communications networks; hosting of databases; hosting of web sites; providing search engines for obtaining data via communications networks; conducting technical project studies, namely, feasibility studies in the field of new technologies; technological studies and research in the field of waste treatment.

Uclés Designation of Origin Regulatory Board
C/ Maese Nicolás, Vivero de empresas
P.I. Tarancón Sur
16400 - Tarancón (Cuenca)
SPAIN

GEOGRAPHICAL INDICATION DETAILS

Uclés

Indication type
Wine

Goods
Wine.

Territory
The vinification of grapes from vineyards located in the geographical area will be carried out in wineries located in the municipalities within the area and registered in the Register of Agricultural and Food Industries of Castilla-La Mancha. It includes the plots and sub-plots located in the following municipalities in the provinces of Cuenca: Acebrón (El) - Alcazár del Rey - Almendros - Belinchón - Carrascosa del Campo - Fuente de Pedro Naharro - Horcajo de Santiago - Huelves - Huete - Langa - Loranca del Campo, Paredes - Pozorrubio - Rozalén del Monte - Saelices - Tarancón - Torrubia del Campo - Tribaldos - Uclés - Valparaíso de Arriba - Valparaíso de Abajo - Vellisca - Villamayor de Santiago - Villarrubio - Zarza de Tajo and Toledo: Cabezamesada: polygons 501 to 505 (a.i.), 507 and 508 - Corral de Almaguer: polygons 20, 21, 22 to 25 (a.i.) - Santa Cruz de la Zarza.

Qualification
The high altitude conditions and the scarce rainfall in the months of August and September condition the thermal changes in the production area, and ensure that alcoholic and polyphenolic ripening coincide, resulting in wines with a low pH which increases the acidity of these wines, characterizing them for a longer life in the bottle. This also results in slower ripening, which, together with the availability of potassium in the soils, influences the compensation of acids, giving rise to wines with a more balanced pH and more mineral organoleptic notes. Regulation (EU) No. 1308/2013 of the European Parliament and of the Council of 17 December 2013.
