Vol. 71 No. 3617

General Information

The *Trademarks Journal* (the "*Journal*") is published on the website of the Canadian Intellectual Property Office (http://cipo.gc.ca). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the "*Act*"), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Chemical additives for use in the manufacture of foods, beverages, food and beverage supplements, and dietary, nutritional, and energy supplements; chemical additives for use in the manufacture of dietetic foods adapted for medical purposes, namely yogurt, pudding, fruit based food bars, nut based food bars, soy food bars, seed-based food bars, ready-to-eat chocolate bars, cereal based food bars, edible gels, chocolate bars, candies and mints; chemical additives for use in the manufacture of dietetic beverages for medical purposes, namely smoothies, dairy-based drinks, yoghurt drinks, fruit drinks, juice, nutritionally fortified water and beverages; chemical additives for use in the manufacture of dietary, nutritional and mineral supplements; chemical additives for use in the manufacture of components of dietary supplements for pets and livestock; chemical additives for use in the manufacture of components of vitamin preparations; chemical additives for use in the manufacture of nutritional additive ingredients for medical use for use in foods and food supplements for human consumption; chemical additives for use in the manufacture of nutritional additive ingredients for medical use for use in foods and food supplements for veterinary use; chemical additives for use in the manufacture of constituent ingredients of liquid dietetic and nutritional supplements; chemical additives for use in making chocolate meal replacement drink ingredients for weight loss purposes; chemical additives for use in the manufacture of food supplement ingredients for mixtures of beverages; chemical additives for use in the manufacture of meal replacement bar ingredients to boost energy; chemical additives for use in the manufacture of energy bar ingredients; chemical additives for use in the manufacture of constituent ingredients of nutritional supplement mixtures, dietetics and minerals in powder form for beverages; chemical additives for use in the manufacture of food supplement ingredients for drink mixtures; chemical additives for use in the manufacture of baby food ingredients; chemical additives for use in the manufacture of food and beverages, namely jellies, jams, compotes, eggs, dairy products except ice cream, frozen milk and frozen yogurts, edible oils and fats, milk, powdered milk, flavored and whipped milk, yogurt, yoghurt drinks, cottage cheese, plain and flavored milk drinks with a high milk content, milk drinks containing fruit, plain and flavored fermented milk, broths, unflavored and unsweetened gelatin mixtures, and dairy-based

and fruit-based food drinks with fortified nutrients; chemical additives for use in the manufacture of food and beverages, namely coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee, flour, bread, sugar confectionery, honey, sauces, spices, chocolate, cocoa-based drinks, chocolate drinks, puffed rice, breakfast cereals, biscuits, wafers, waffles, cakes, pastries, edible ice cream, ice creams, frozen yogurts, grain-based snacks, ready-to-eat cereal-based food bars, seed-based food bars, baked goods, flavored and sweet gelatin desserts, pudding and pudding mixes, biscuits, milkshake mixes and thickening agents for use in food and drink; chemical additives for use in the manufacture of beverages, namely mineral and sparkling water, fruit drinks and fruit juices, alcohol-free smoothies, syrups for the preparation of beverages, preparations for making fruit drinks, still and sparkling water, vegetable juice, vegetable drinks, lemonades, sodas and isotonic drinks, sports drinks, soft drinks in liquid form, powder and concentrates, energy drinks, performance drinks, recovery drinks, sports drinks fortified with minerals and nutrients, powders and concentrates used in the preparation of sports drinks, energy drinks fortified with minerals and syrups used in the preparation of non-alcoholic drinks; diagnostic preparations for medical-scientific research use.

Class 03

(2) Cosmetics; non-medicated skin care preparations.

Class 05

(3) Dietetic foods, namely, yogurt, pudding, fruit-based food bars, nut-based food bars, soy-based food bars, seed-based food bars, grain-based food bars, chocolate-based ready-to-eat food bars, cereal-based food bars, chocolate bars, candy, and mints adapted for medical purposes; dietetic beverages, namely, smoothies, dairy-based beverages, yogurt-based beverages, fruit beverages, fruit juices, water, and nutritionally fortified beverages adapted for medical purposes, namely dietetic beverages adapted for general health and well being; dietary, nutritional, and mineral supplements, namely mineral nutritional supplements, vitamin supplements, and nutritional supplements consisting of vitamins and minerals; dietary supplements for pets and livestock, namely nutritional supplements for animal and livestock feed; vitamin preparations; liquid dietary and nutritional supplements, namely liquid mineral nutritional supplements, liquid vitamin supplements, and liquid nutritional supplements consisting of vitamins and minerals; chocolate based meal replacement drinks for weight loss purposes; dietetic nutritional meal replacements for medical use, in the form of fruit-based food bars, nut-based food bars, soy food bars, seed-based food bars, ready-to-eat chocolate bars and cereal-based food bars, to stimulate energy; dietary supplement drink mixes containing mineral nutritional supplements, vitamin supplements, and nutritional supplements consisting of vitamins and minerals; nutritional supplement meal replacement bars for boosting energy; nutritional supplement energy bars for boosting energy; powdered nutritional, dietary and mineral supplement drink mixes containing mineral nutritional supplements, and nutritional supplements consisting of vitamins and minerals; baby food; diagnostic preparations for clinical and medical laboratory use; medicated cosmetics containing metabolite compounds; medicated skin care preparations, namely medicated skin preparations for the treatment of mitochondrial diseases, disorders, and conditions, cardiovascular diseases, disorders, and conditions, musculoskeletal diseases, disorders, and conditions, neurodegenerative diseases, disorders, and conditions, oncological diseases, disorders, and conditions, metabolic diseases, disorders, and conditions, namely diabetes, obesity, hyperlipidemia, insulin resistance, metabolic syndrome, arthritis, gout and anemia, and diseases, disorders, and conditions related to aging, namely dementia, osteoarthritis, and sarcopenia; pharmaceutical preparations, namely pharmaceuticals for the treatment of mitochondrial diseases, disorders, and conditions, cardiovascular diseases, disorders, and conditions, musculoskeletal diseases, disorders, and conditions, neurodegenerative diseases, disorders, and conditions, oncological diseases,

disorders, and conditions, metabolic diseases, disorders, and conditions, namely diabetes, obesity, hyperlipidemia, insulin resistance, metabolic syndrome, arthritis, gout and anemia, and diseases, disorders, and conditions related to aging, namely dementia, osteoarthritis, and sarcopenia; dermatological pharmaceutical products for treatment of mitochondrial diseases, disorders, and conditions, cardiovascular diseases, disorders, and conditions, musculoskeletal diseases, disorders, and conditions, neurodegenerative diseases, disorders, and conditions, oncological diseases, disorders, and conditions, metabolic diseases, disorders, and conditions, namely diabetes, obesity, hyperlipidemia, insulin resistance, metabolic syndrome, arthritis, gout and anemia, and diseases, disorders, and conditions related to aging, namely dementia, osteoarthritis, and sarcopenia.

Class 29

(4) Jellies and jams, compotes; eggs, milk products excluding ice cream, ice milk and frozen yogurt; edible oils and fats; milk, milk powder, gelled, flavored and whipped milk; milk products, namely, yogurt, yogurt-based beverages, cottage cheese; plain and flavored milk beverages with high milk content; milk beverages containing fruit; fermented plain and flavored milk; broths; unflavored and unsweetened gelatin mixes; thickened milk; dairy-based and fruit-based food beverages containing fortified nutrients.

Class 30

(5) Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour; bread, pastry; confectionery made of sugar, ices; honey, sauces, namely barbecue sauce, apple sauce, cheese sauce, chili sauce, chocolate sauce, hot sauce, salad sauces, pasta sauce, meat sauce, soy sauce and tartar sauce; spices; ice; chocolate, cocoa-based beverages, chocolate-based beverages, puffed rice, breakfast cereals, biscuits, wafers, waffles, cakes, pastries; edible ices, edible ices essentially made of yogurt, ice creams, water ices, frozen yogurts, flavored ice; cereal-based snack foods; ready to eat cereal derived food bars; grain-based granola bars and energy bars; food bars made from seeds, namely muesli bars, granola bars, energy bars and cereal bars; bakery goods, namely brownies, cakes, pastries, donuts, muffins, cupcakes and cookies; flavored and sweetened gelatin desserts; pudding and pudding mixes; cookies; milk shake mixes and thickening agents for use in food and beverages.

Class 32

(6) Mineral and aerated waters; fruit drinks and fruit juices; non-alcoholic drinks, namely, smoothies; syrups for making beverages; preparations for making beverages, namely, fruit drinks; still water and sparkling water; vegetable juices, vegetable drinks, lemonades; soft drinks, namely, sodas; syrups used in the preparation of soft drinks; isotonic drinks; sports drinks; thirst-quenching beverages, namely, soft drinks in liquid, powder and concentrate form; sports drinks, namely, energy drinks, performance drinks and recovery drinks; sports drinks enhanced with minerals and nutrients; powders and concentrates used in the preparation of sports drinks; energy drinks enhanced with minerals.

Humanoid robots with artificial intelligence, in particular for machine learning, reinforcement learning, and deep learning for manipulating, actuating, gripping, grasping, sorting, navigating, perceiving, sensing, mapping, interacting with a human, interpreting human voice, interpreting human gestures, voice recognition, gesture recognition, responding to a human, responding to human voice, responding to human gestures; autonomous humanoid robots with artificial intelligence, in particular for machine learning, reinforcement learning, and deep learning for manipulating, actuating, gripping, grasping, sorting, navigating, perceiving, sensing, mapping, interacting with a human, interpreting human voice, interpreting human gestures, voice recognition, gesture recognition, responding to a human, responding to human voice, responding to human gestures; autonomous humanoid robots with artificial intelligence, in particular for manipulating, actuating, gripping, grasping, sorting, navigating, perceiving, sensing, mapping, interacting with a human, interpreting human voice, interpreting human gestures, voice recognition, gesture recognition, responding to a human, responding to human voice, responding to human gestures for use in residential, office, retail, business, hospitality, logistics, commercial and industrial use; downloadable software for humanoid robots with artificial intelligence and robots, in particular for manipulating, actuating, gripping, grasping, sorting, navigating, perceiving, sensing, mapping, interacting with a human, interpreting human voice, interpreting human gestures, voice recognition, gesture recognition, responding to a human, responding to human voice, responding to human gestures for use in residential, office, retail, business, hospitality, and logistics contexts; downloadable computer software and hardware, namely software for use with humanoid robots with artificial intelligence, in particular for machine learning, reinforcement learning, and deep learning for use in connection with robots for contextual prediction, personalization, and predictive analytics; downloadable computer software development tools to create applications for computer systems and hardware platforms; computer software platforms, downloadable, namely, software to design and develop other software for artificial intelligence, machine learning, reinforcement learning, and deep learning; computer software platforms, downloadable, namely, software to design and develop other software for robots; computer software platforms, recorded, namely,

software to design and develop other software for artificial intelligence, machine learning, reinforcement learning, and deep learning; computer software platforms, downloadable, namely, software to design and develop other software for use in connection with robots; computer software platforms, recorded, namely, software to design and develop other software for use in connection with robots; downloadable computer operating software; downloadable computer programs and software for intelligent data services, namely software for use with humanoid robots with artificial intelligence, in particular for integrating artificial intelligence and intelligent agents into other software using artificial intelligence, machine learning, reinforcement learning, and deep learning; downloadable computer programs and software for artificial intelligence, machine learning, reinforcement learning, and deep learning, for contextual prediction, personalization, and predictive analytics; downloadable computer programs and software for artificial intelligence, machine learning, reinforcement learning, and deep learning for processing large volumes of data; downloadable computer software for use as an application programming interface (API) for use with humanoid robots with artificial intelligence for use in the fields of machine learning, data analysis, and learning algorithms; downloadable software development kits (SDK) for the development of cross platform applications, namely, computer software for assisting developers in creating program code for use in multiple application programs; cameras; multiple purpose cameras; video cameras; optical sensors; proximity sensors; telecommunications transmitters, namely, radio frequency transmitters, and remote control transmitters.

Services

Class 38

(1) Telecommunications services, namely, personal communication services between humanoid robots with artificial intelligence and humans and transmitted to software and servers by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; interactive broadcasting and webcasting services, namely transmission of communication signals between humanoid robots with artificial intelligence, software, and servers by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; communication services, namely, transmission to humanoid robots with artificial intelligence of voice commands, audio commands, and data, namely information about the robot's surroundings, environment, location and orientation by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks.

Class 42

(2) Research, design and development of computer hardware and software; research, design and development of robots and for structural parts thereof; technical support services, namely, installation, administration, and troubleshooting of computer software problems for robots; software as a service (SaaS) services featuring computer software for use as an application programming interface (API) for use with humanoid robots with artificial intelligence in the fields of machine learning, data analysis, and learning algorithms; advanced product research, design and development of new products for others in the field of artificial intelligence; computer software development; providing temporary use of on-line non-downloadable computer software development tools, to create applications for computer systems and hardware platforms; computer software development, computer programming and maintenance of computer software for robots; consulting services in the field of software development for robots.

Goods

Class 09

(1) Smartwatches; personal digital assistants [PDAs]; covers for personal digital assistants [PDAs]; DVD players; integrated circuit home security cards [smart cards]; encoded integrated circuit cards; integrated circuit [IC] memory cards; electronic chips for the manufacture of integrated circuits; USB flash drives; apparatus and installations for the production of X-rays, not for medical purposes, namely, industrial x-ray apparatus, x-ray security screening machines; protection devices against X-rays, not for medical purposes, namely, gloves, clothes, helmets and facemasks; accumulator boxes, namely, battery boxes; video disks and video tapes with recorded animated cartoons; alcoholmeters; aerials, namely, aerial amplifiers, aerials for radio and television, car aerials, dish aerials, parabolic aerials, satellite aerials; masts for wireless aerials; downloadable image file containing artwork, text, audio clips, video clips, computer games and Internet Web links relating to sporting and cultural activities; electronic access control systems for interlocking doors; ergometers; gasometers [measuring instruments]; cameras [photography]; coils, electric; electrical connectors; computers; recorded computer software for automating and operating security system in homes, offices and vehicles; recorded computer software for automating and operating home automation system; recorded computer software for automating and operating information security system; recorded computer software for automating and operating of telemedicine services; recorded computer software for automating and operating disaster prevention computer system; downloadable computer software application for automating and operating security system in homes, offices and vehicles; downloadable computer software

application for automating and operating home automation system; downloadable computer software application for automating and operating information security system; downloadable computer software application for automating and operating of telemedicine services; downloadable computer software application for automating and operating disaster prevention computer system; computer hardware; recorded computer programs for automating and operating security system in homes, offices and vehicles; recorded computer programs for automating and operating home automation system; recorded computer programs for automating and operating information security system; recorded computer programs for automating and operating of telemedicine services; computer programs, recorded, for automating and operating disaster prevention computer system; encoded magnetic cards, namely, magnetically encoded key cards, magnetically encoded cards for use in computer access control; computer memory devices, namely, computer memory boards, flash memory expansion modules, integrated circuit [IC] memory cards, memory expansion cards, RAM (random access memory) cards, semiconductor memory devices being computer memories; computer peripheral devices, namely, computer keyboards, computer display monitors, computer mice, computer card adapters, computer printers; computer operating programs, recorded; interfaces for computers, namely, interface boards for computers, interface cards for computers, network interface cards; computer keyboards; joysticks for use with computers, other than for video games; disk drives for computers; printers for use with computers; downloadable computer programs for automating and operating security system in homes, offices and vehicles; downloadable computer programs for automating and operating home automation system; downloadable computer programs for automating and operating information security system; downloadable computer programs for automating and operating of telemedicine services; downloadable computer programs for automating and operating disaster prevention computer system; computer hardware, namely, computer monitors; voltage surge protectors; thermostats; sirens; anti-glare glasses; thin client computers; data processing equipment, namely, 3D scanners, barcode scanners, biometric fingerprint scanners, computer scanners, digital input and output scanners, image scanners, optical scanners, thermal scanners; loudspeakers; sprinkler systems for fire protection; blank smart cards; smartphones; covers for smartphones; cases for smartphones; time clocks [time recording devices]; covers for tablet computers; tablet computers; ticket dispensers; data processing apparatus, namely, central processing units, computer hardware for data processing, word processing equipment; digital photo frames; television apparatus, namely, televisions, antennas for television, anti-glare filteres for televisions, cable television converters, cable television receivers, cable television transmitters, closed circuit televisions, remote controls for televisions; video telephones; telepresence robots; traffic cones; walkie-talkies; transponders; navigational instruments, namely, car navigation computers, satellite navigation systems; laptop computers; parking meters; bar code readers; virtual reality headsets; battery chargers, namely, automotive battery chargers, battery chargers for cell phones, battery chargers for home video game machines, battery chargers for laptop computers, battery chargers for mobile phones, battery chargers for smartphones, camera battery chargers, chargers for electric accumulators; battery boxes; camcorders; video screens; video baby monitors; video recorders; facsimile machines; electronic buzzers; headphones; baby monitors; warning bells; visors for helmets; push buttons for bells; electronic pens [visual display units]; sports whistles; computer mouse; megaphones; modems; monitoring apparatus, other than for medical purposes, namely, alarm monitoring systems; radios; bags adapted for laptops; sleeves for laptops; radar apparatus, namely, radars, radar antennas, radar detectors, radar displays, radar receivers, radar transmitters; piezoelectric sensors, namely, vibration sensors, electronic glass break detectors, flood detectors, air quality sensors, temperature sensors, air pressure sensors; piezoelectric sensors, namely, a tilt sensor in consumer electronics, alarm clocks, microwave ovens; manometers; satellite navigation systems; satellite finder meters; smoke

detectors; electronic key fobs being remote control apparatus; electric igniting apparatus, namely, automatic initiators for fire extinguishers to spray fire extinguishing compositions; temperature indicators; thermometers, not for medical purposes, namely, household thermometers, infra-red thermometers, laboratory thermometers; sound alarms, namely, anti-intrusion alarms, burglar alarms, door alarms, fire alarms, gas alarms, personal alarms, whistle alarms, window alarms; audio- and video-receivers; accelerometers; satellites for scientific purposes; fire beaters; fire escapes; fire alarms; monitors in the nature of downloadable computer programs for database management; eyeglasses; smartglasses; barometers; recorded and downloadable computer software platforms for automating and operating security system in homes, offices and vehicles; recorded and downloadable computer software platforms for automating and operating home automation system; recorded and downloadable computer software platforms for automating and operating information security system; recorded and downloadable computer software platforms for automating and operating of telemedicine services; recorded and downloadable computer software platforms for automating and operating disaster prevention computer system; counterfeit coin detectors; rescue flares, non-explosive and non-pyrotechnic; rescue laser signalling flares; life-saving rafts; lifeboats; life belts; life jackets; life buoys; life nets; safety tarpaulins; life saving apparatus and equipment, namely, inflatable apparatus for life-saving purposes, inflatable devices for life-saving purposes; distance measuring apparatus, namely, distance sensors, electronic distance meters, laser distance meters, laser distance sensors; teaching robots, namely, humanoid robots with artificial intelligence; teaching apparatus, , namely, liquid crystal display (LCD) projectors, movie editing projectors, video projectors, picture projectors, planetarium projectors, slide projectors, remote controls for projectors, movie projectors, slide projectors, sound projectors and amplifiers, sound and video recording and playback machines, namely, DVD players and recorders, CD players, digital audiotape players, digital video players, optical disk players, echo sounding devices, sound equalizers and crossovers, sound reproducing apparatus, apparatus for recording, transmitting and reproducing sound and images, namely, digital music players, record players, video compact disc players, speakers for portable media players, multifunction electronic devices, namely, multifunction photocopiers and printers for use in copying, printing, scanning, video capturing and transmitting documents and images, downloadable educational software containing topics of instruction in the field of security for use in teaching and educating of security guards, downloadable educational software containing topics of instruction in the field of workplace safety for use in teaching and educating of contact center staff, downloadable educational software containing topics of instruction in the field of workplace safety for use in teaching and educating of nursing care staff, downloadable educational software containing topics of instruction for use in teaching and educating about safety knowledge at schools, downloadable educational software containing topics of instruction in the field of AED operation methods and cardiopulmonary resuscitation methods and for use in teaching and educating of contracted employees, downloadable educational software containing topics of instruction about information security system knowledge and for use in teaching and educating of contracted employees, and downloadable educational software for the purposes of providing education in the medical field; audiovisual teaching apparatus, namely, downloadable virtual reality training software in the medical field; cash registers; air analysis apparatus, namely, air particle analyzers for detecting COVID-19 and other coronaviruses; cell phones; cell phone straps; downloadable graphics for mobile phones; relays, electric; whistle alarms; burglar alarms; detectors, namely, radar detectors; motion detectors; smoke detectors; seismic detectors; metal detectors; radar object detectors for use on vehicles; ultrasonic object detectors for use on vehicles; laser object detectors for use on vehicles; gas detectors for detecting the presence of gas; automated teller machines [ATM]; respiratory masks, other than for artificial respiration, namely, anti-pollution masks for respiratory protection, protective industrial respiratory masks,

respiratory masks for the prevention of accident or injury; reflective articles for wear in the nature of reflective apparel and clothing for the prevention of accidents; traffic-light signalling devices; optical fibers [light conducting filaments]; fiber optic cables; blank optical discs; high-frequency apparatus, namely, high frequency switches; altimeters; anti-interference devices, namely, electrical filters for radio interference suppression; smart rings; money counting and sorting machines; protection devices in the nature of clothing for personal use against irradiation; gloves for protection against accidents; nets for protection against accidents; protection devices in the nature of clothing for personal use against accidents; shoes for protection against accidents, irradiation and fire; chronographs for use as specialized time recording apparatus; magnetic encoders, namely, cheque encoding machines, credit card encoding machines; encoded identification bracelets, magnetic; life-saving capsules for natural disasters; thermo-hygrometers; laboratory robots; cases especially made for photographic apparatus and instruments; electronic tags for goods; electronic pocket translators; fire hose nozzles; fire pumps; fire extinguishers; fire extinguishing apparatus, namely, thermal sensors, fire extinguishers, nozzles for spraying fire extinguishing compositions; fire blankets; fire engines; fire boats; fire hose; simulators for the steering and control of vehicles; vehicle breakdown warning triangles; navigation apparatus for vehicles in the form of on-board computers; rearview cameras for vehicles; food analysis apparatus, namely, analyzers for testing for contaminants in food; electro-dynamic apparatus, namely, remote controls for luminous or mechanical signals; signal bells; signalling whistles; wearable video display monitors; wearable computers, namely, wearable activity trackers, wearable camera, personal digital assistants in the shape of a necklace; humanoid robots with artificial intelligence; water level indicators; electric control panels; infrared detectors; thermal imaging cameras; connected bracelets measuring instruments, namely, wearable activity trackers; flashing safety lights; Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices; resuscitation training simulators; resuscitation mannequins [teaching apparatus]; binoculars; intercommunication apparatus, namely, digital telephones, Intercoms; transmitting sets in the nature of telecommunication base stations, namely, cellular telephone base stations; emergency signal transmitters for telecommunication; solar panels for the production of electricity; solar batteries; bathroom scales; electric terminals, namely, battery terminals, computer terminals, credit card terminals, electrical terminal boxes; capacitors; electric batteries, namely, electric batteries for cameras, electric batteries for portable computers, electric batteries for powering electric vehicles, electric batteries for smartphones, electric storage batteries; electric accumulators for vehicles; apparatus and instruments for astronomy, namely, astronomical spectrographs; batteries for pocket lamps; electrical adapters, namely, cable adapters, camera adapters, computer card adapters, computer network adapters, ethernet adapters, plug adapters, radio frequency adapters, USB adapters; junction sleeves for electric cables; converters, electric; electric switches, namely, electric current switches, electric flasher switches, electric light switches, electric rotary switches, power switches; electric sockets; electric plugs; charging stations for electric vehicles; electronic key fobs being remote control apparatus; electric alarm bells or electronic warning bells; electric locks for vehicles; electric regulating apparatus, namely, electric current control devices and electric control panels; electric connections, namely, connections for electric lines, connecting electrical cables, electrical connection boxes, remotely controlled electrical plug and socket; electric key fobs being remote control apparatus; electric control panels being remote control apparatus; electric installations for the remote control of industrial operations, namely, electric remote control for automating and operating security system in buildings, offices and vehicles; electric remote control for automating and operating automation system for buildings; electric remote control for automating and operating information security system; electric remote control for automating and operating of telemedicine services; electric remote control for automating and operating disaster prevention

computer system; sheaths for electric cables; junction boxes [electricity]; electronic notice boards; digital signs; encryption devices, namely, security tokens; electronic encryption units; electronic numeric displays, namely, computer display monitors and computer display screens; electronic agendas; downloadable electronic publications in the nature of magazines in the field of music, video animations, science and technology; electronic book readers; transmitters of electronic signals, namely, cable television transmitters, GPS transmitters, optical transmitters, radar transmitters, video transmitters; telegraph wires; automatic telegraph apparatus and manual telegraph apparatus; electric conductors, namely, electrical conductors for electric motors, electrical conductors for transformers, electronic conductors for fuel cells, electronic conductors for integrated circuits, electronic semi-conductors, lightning conductors; wire connectors [electricity]; connections for electric lines; ammeters; telephone receivers; telephone transmitters; telephone wires; telephones; dosage dispensers; anti-theft warning apparatus, namely, anti-theft alarms for buildings, for automated teller machines (ATM), for indoor and outdoor facilities, namely, fields, ranches, buildings, parks, airports, temples; coaxial cables; readers, namely, electronic card readers, magnetic encoded card readers, electronic card readers for integrated circuit cards; calorimeters; electric connection branch boxes; electrical ducts; electricity distribution consoles; electrical distribution boxes; switchboards; signs, luminous; luminous or mechanical signals; luminous road signs and mechanical road signs; mechanical signalling panels; reflective safety vests; electric door bells; protective suits for aviators; marking buoys; encoded key cards; anemometers; protective helmets, namely, protective helmets for bikers, cyclists, motorists, protective helmets for military use, protective sports helmets, protective safety helmets for use on the job site; protective masks, namely, protective face masks for the prevention of accident or injury, protective industrial respiratory masks; pedometers; telecommunication apparatus in the form of jewellery, namely, smart bracelets; respirators for filtering air; garments for protection against fire; clothing for protection against fire; bullet-proof vests; bullet-proof clothing; security surveillance robots; blank optical discs; blank magnetic disks; blank magnetic tapes for tape recorders; blank magnetic disks; magnetic identifying cards; radiotelephony sets; answering machines; sound recording apparatus, namely, audio recorders; access control and alarm monitoring systems consisting of wireless controllers to remotely monitor and control the function and status of security systems; biometric authentication device; biometric access control systems.

Class 12

(2) Motorcycles; camera drones; gyrocopters; sports cars; motor buses; helicams; helicopters; mobility scooters; mopeds; motor racing cars; space vehicles; remote control vehicles, other than toys, namely, cars, motorcycles, racing cars, bicycles, airplanes, hot air balloons, airships, civilian drones, ships; freight trucks; dump trucks; tractor trailers; trailers for vehicles; ambulances; motor scooters; air vehicles, namely, manned flying cars, gliders; aeronautical apparatus, machines and appliances, namely, apparatus for locomotion by air and space, namely, airborne platforms for serving spacecrafts and conducting space applications, and structural parts and structural fittings for all of the aforementioned goods; tricycles; self-driving cars; bicycles; automobiles; self-balancing scooters; self-balancing electric unicycles; driverless cars [autonomous cars]; photography drones; anti-theft alarms for vehicles; anti-theft devices for vehicles; seaplanes; amphibious airplanes; cleaning trolleys; ships; railway vehicles, namely, trains and structural parts therefor; two-wheeled motor vehicles, namely, two-wheeled cargo trailers, two-wheeled carts, two-wheeled passenger carts, two-wheeled trolleys; horns for vehicles; electric bicycles; electric vehicles, namely, cars, motorcycles, racing cars, bicycles, airplanes, hot air balloons, airships, civilian drones, ships; hot air balloons; delivery drones; delivery tricycles; aeroplanes; airships; civilian drones; anti-theft warning apparatus, namely, anti-theft alarms for vehicles.

Class 06

(1) Metal materials for building or construction, namely, all-purpose metal straps, beams of common metal for building, building boards of metal, building panels of metal, building wall framing made primarily of metal, cladding of metal for building and construction, fittings of metal for building, metal partitions for building, guide rails of metal, railings of metal; palings of metal; windows of metal; skylights of metal; greenhouse frames of metal; skylight openers and closers of metal, non-electric; window openers and closers of metal, non-electric; gutter pipes of metal; greenhouses of metal; metal hardware bolts; metal hardware nuts; metal hardware screws; metal hardware, namely, double-end swivels; metal hardware, namely, spacers used in the installation of flooring; metal hardware, namely, springs; metal hinges; metal joists; metal knobs; metal latches; cabinet stops of metal; door stops of metal; gate stops of metal; bottle stoppers of metal; wire rope; wire nets and gauzes; greenhouses of metal, transportable; reservoirs of metal; clothes hooks of metal; cup hooks of metal; garment hooks of metal; gate hooks of metal; hat hooks of metal; hooks of metal for roofing slates; industrial packaging containers of metal.

Class 07

(2) Construction machines and apparatus, namely, construction rammers and concrete construction machines; loading-unloading machines and apparatus, namely, backhoe loaders, coal loaders, crawler-tracked loaders, front-end loaders, loaders being earth moving machines, skid-steer loaders; agricultural balers; agricultural crash barrier mower; agricultural cultivators; agricultural elevators; agricultural seed planting machines; agricultural plows; agricultural reaper machines; agricultural implements, other than hand-operated, namely, cultivating equipment, egg incubation equipment, irrigation equipment, land fertilizing equipment, livestock feeding equipment, seeding equipment, shearing equipment, tractors; cultivating machines and implements, namely, electric mini cultivators; reapers; harvesting machines, namely, harvesters for agricultural use, harvesters for use in forestry, tractor-towed harvesters; seed drills for agricultural machines; blowing machines for the compression, sucking and carrying of grain; fiber blowing and scutching machines; snow blowers; machine elements, not for land vehicles, namely, shaft couplings, bearings, gear couplings, couplings, springs, and belts; transmissions, other than for land vehicles, namely, power transmission belts for industrial machinery, power transmissions for machines, transmissions for industrial machinery, transmission gears for machines, transmission shafts for boats; springs being parts of machines; reels, power operated, for fitting greenhouses with plastic film; electric opening and closing mechanisms for green house skylight windows; composting machines for industrial use; composting machines for household use.

Class 08

(3) Bladed or pointed hand tools and swords; hand tools, hand operated, other than bladed or pointed hand tools; lifting jacks, hand-operated; garden tools, hand-operated; agricultural implements, hand-operated, namely, pickaxes, hand rakes, spades, hoes, hand operated tools for planting bulbs, scythes.

Class 09

(4) Power distribution or control machines and apparatus, namely, power distributing boxes, power distribution panels, electric power distribution units, electrical power distribution blocks; solar batteries; solar panels for the production of electricity; electronic circuits, not including those recorded with computer programs; light-emitting diodes; remote controls with an electric motor for opening and closing shades in greenhouses.

Class 19

(5) Wall panels, wall tiles, floor panels, floor tiles, floor boards made of plastic and rubber, plaster, lime, and synthetic material namely, vinyl; building boards of plastic; building material, namely, plastic webbing material used to reinforce bituminous waterproofing sheets; building materials in the form of plastic composite coatings; building materials, namely, cellular PVC trim; building materials, namely, plastic pipe supports; building strips of plastic; building poles of plastic; plastic drywall corner beads; plastic floor boards; plastic tubes for building; wall tiles of plastic for building; synthetic concrete; building materials in the form of plastic composite coatings; building paper; building poles of plastic; building strips of plastic; construction material, namely, fiberglass faced sheathing; construction material, namely, fiberglass board; building materials namely fibreglass panels; fire-resistant glass for building; asphalt, and asphalt building or construction materials; rubber building or construction materials, namely, rubber baseboards, rubber bearings for seismic isolation of buildings, rubber cove bases, rubber floor tiles, rubber flooring, waterproof membranes of rubberized asphalt; plaster for building purposes; lime building or construction materials; building or construction materials of plaster; rockslide retention nets of textiles for construction materials; buildings, not of metal, namely, transportable cabins and sheds made of plastic, transportable cabins and sheds made of wood, transportable precast concrete cabins and sheds; transportable greenhouses, not of metal, for household use.

Class 21

(6) Hydroponic plant pots and parts and accessories for home gardening, namely, gardening gloves, garden hose sprayers, garden sprinklers, raised garden planters; cultivation set namely, flower and plant cultivation trays ; nursery pots.

Goods

Class 01

(1) Industrial chemicals, namely partially crystalline polyamides, unprocessed plastics and unprocessed artificial resins, unprocessed polyamide resins for use in the manufacture of goods by molding or injection, namely, nylon resins; partially crystalline polyamides; unprocessed plastics; unprocessed artificial resins; unprocessed polyamide resins for use in the manufacture of goods by molding or injection, namely, nylon resins; unprocessed compounds of plastic and polyamide resins for use in the technical plastics industry; plastic compounds for use in plastic extrusion operations; polyamide; polymer alloy compositions for use in molding and extrusion; polymer beads for use in manufacture, namely for use in the manufacture of industrial products, consumer and household products; polymer resins, unprocessed for use in the manufacture of industrial products, consumer and household products; unprocessed polymers; unprocessed synthetic resins for use in the manufacture of molding compounds; nylon polymers for use in the manufacture of drainage tubes for medical purposes; nylon polymers for use in the manufacture of medical tubing for wound drainage, transfusion, or administering drugs; nylon polymers for use in the manufacture of medical tubing for transfusions; nylon polymers for use in the manufacture of medical ventilator tubing and tubing connectors; specialty nylon polymers for use in extruded impact resistant polymer sheets used in manufactured plastic products; specialty nylon polymers for use in extruded plastic in the form of sheeting, profiles, rod stock, tubing and trim used in manufactured products; specialty nylon polymers for use in extruded plastic in the form of bars, blocks, pellets, rods, sheets and tubes used in manufacturing; specialty nylon polymers for use in extruded semi-finished goods made of synthetic materials in the form of plates, bars, pipes and

flexible hoses for industrial, construction and agricultural use; specialty nylon polymers for use in heat shrink nylon tubing for covering electrical wire and nylon grommets; specialty nylon polymers for use in synthetic polymer thin film coatings in the nature of electrical insulation used in manufactured industrial products; specialty nylon polymers for use in all-purpose nylon straps featuring hook and loop fasteners; specialty nylon polymers for use in all-purpose nylon straps.

Class 07

(2) Lawn and garden string trimmer spools and string trimmer heads; power operated lawn and garden brush cutter trimmer attachments, namely, brush cutter head and nylon replacement blades; power operated lawn and garden string trimmers and trimmer heads; power operated tools, namely, lawn and garden edgers; power tools, namely, lawn and garden cultivators and trimmers.

Class 09

(3) Electronic gear, namely, mobile and base station transceivers, radios, radiotelephones, depth indicators being depth gauges, AC and DC power converters and accessories for the foregoing, namely, antennas, mounting brackets adapted for mounting antennas and masts used in marine and military electronics, transducers and connecting cables; antennas, namely, broadband radio antennas, marine antennas both mobile and fixed station application, for transmission and reception namely marine television antenna, cellular antenna, CB (citizens band)/Marine antenna, HF/SSB (high frequency/single side band) antenna, VHF (very high frequency) antenna, AIS (automatic identification system) antenna, Loran (long range navigation) antenna, differential GPS (global positioning system) antenna, AM/FM Entertainment Band antenna, satellite antenna, Digital Satellite Radio antenna, land radio telecommunication antennas, land and mobile two-way and one-way radio antennas and UHF (ultra-high frequency) antenna; cables, namely, coaxial cables, electrical cables, power cables, battery cables; connectors, namely, cable connectors and electrical connectors; antenna control panels; power supply units being connectors and adaptors for use with portable electronic devices; signal processors; satellite processors; carrying cases for satellite devices; radios; battery chargers; audio speakers; entertainment gateway devices, namely, gateway routers in the nature of computer control hardware, wireless receivers, and signal range extenders; internet gateway devices, namely, gateway routers in the nature of computer control hardware, wireless receivers, and internet range extenders; computer hardware, namely, wireless access point devices; conductive fibers, namely, fibers for conducting electrical charges and static electrical charges; electrically conductive filaments, monofilaments, and fibers, namely, light-conducting filaments, monofilaments and fibers for conducting electrical charges and static electrical charges.

Class 17

(4) Semi-worked synthetic monofilament for use in the manufacture of braided or woven automotive wire harness; insulating wire harness tape; molded and extruded plastic and synthetic fiber materials for use in the manufacture of hook and loop fasteners; plastic fibers for use in the manufacture of tire cord; plastic material in extruded form for use in production; plastics in extruded form for use in production; plastics in extruded form for use in further manufacturing; resin material with nylon mesh for use in the construction of thermal insulated transporters for hot and cold beverages, aprons and tablecloths; resins in extruded form for general industrial use; semi-worked synthetic monofilaments for use in the manufacture of filters for water filtration; semi-worked monofilaments for use in filtration applications, namely, in production of water purification fabrics and in production of coal and zinc filters used in the mining industry.

Class 22

(5) Synthetic monofilaments for use in the manufacture of paper machine clothing fabrics, and fabrics and textiles used in fasteners, tire reinforcement, grass cutting line, suspension seating, and industrial applications; elastomer fibers for textile use in medical applications; textile fibers; vegetation trimmer line, namely, monofilament non-metal grass and weed trimmer line comprised primarily of nylon; nylon grass trimmer line; nylon weed trimmer line; nylon grass and weed spooled trimmer line; monofilaments being nylon fibers for textile use in all-purpose nylon straps featuring hook and loop fasteners; monofilaments being nylon fibers for textile use in all-purpose nylon straps; synthetic fibers and filaments for use in the manufacture of fabrics, textiles, yarns, and carpets; synthetic monofilaments for use in the manufacture of fabrics used in water purification and in filtration applications; monofilaments being synthetic fibers for use in elastomeric, nylon, polyester, olefin and cotton based fabric for use as a textile in the manufacture of apparel, blankets, wall coverings, furniture upholstery, curtains and draperies; monofilaments being synthetic fibers for use in woven reinforcement fabrics made of aramid, fiberglass, high tenacity olefin, and thermoset plastics for use in structural reinforcement in industrial applications.

Class 23

(6) Sewing and industrial sewing threads; yarn formed from nylon polymer; textiles, namely, yarn formed from nylon polymer yarn; threads and yarn of synthetic fibers; sewing thread and yarn made of monofilament filaments; conductive yarns being metal fiber yarn for textile use; elastic thread and yarn for textile use.

Class 24

(7) Monofilament fabrics for use in the manufacture of narrow fabric applications, waistband stiffening, elastic bands and decorative ribbons.
