Subject: Opening Canada's Doors to Foreign Investment in Telecommunications: Options for Reform [61]

We don't need foreign companies in our telecom sector.

\* Prices of cell phone services won't be lower as they are already very competitive worldwide.

\* I live in Northwestern Ontario and we need better service not worse.

\* Our culture is at risk because most telecom companies also provide broadcasting services. We need to hear information from local and Canada wide sources not foreign companies deciding on what we should now.
