Subject: Opening Canada's Doors to Foreign Investment in Telecommunications: Options for Reform [194]

We don't need foreign companies in our telecom sector.

The conservative government should reverse its decision to allow more foreign ownership of Canadian Companies, the adverse effect if allowed to follow through on this purely capitalistic venture, would be devastating for our workers.

* Canadians in rural and remote communities may suffer from poor service and no access to high-speed Internet as there is no profit to be made there by foreign companies.

* Our culture is at risk because most telecom companies also provide broadcasting services. If such a company falls into foreign hands, it will definitely influence the content of its broadcasting service. Foreign ownership of telecom is a direct threat to our cultural identity.
