Re: “[Consultation on the Renewal of Cellular and Personal Communications Services \(PCS\) Licences](#)”

Dear Sirs:

Attached as a Word Document is my submission in response to your invitation for comments in Canada Gazette Notice DGRB-002-09.

It was fortunate that the comment deadline was extended to [May 29th](#) from the original deadline date of April 30th because the [Canada Post Corporation Strategic Review](#) (CPCSR) was issued to the public on April 30th.

I believe that the CPCSR – particularly with regard to its recommended reductions in postal services throughout rural Canada – is very pertinent to your deliberations. Wherever Canada Post withdraws services, the communications industry will be the primary remaining option for the timely receipt of information in rural Canada .

It is from that perspective that I make this submission. Thank you for this opportunity.

Yours truly,

William T. Peterson
