Industry Canada Spectrum Management
55 St. Clair Avenue East, 9th Floor
Toronto, ON M4T 1M2

Attention: Leroy Collymore, Acting Manager, Spectrum Access

Dear Sir:

In response to your letter which we received January 3, 2008, please be advised that based on the correspondence, we are not in support of this change.

The Town of Innisfil has several of our communication towers to service telecommunication needs for our Public Works Departments, Fire Services, Police Services, Municipal Law, etc. and have invested considerable dollars to ensure we meet our community needs. We wish to continue to control our future needs and access to our tower sites as our municipality grows. Therefore, at this time we cannot support this policy change.

We did try to contact you but you were unavailable until after January 4, 2007.

Yours truly,

TOWN OF INNISFIL

R. Wayne Young, C.E.T., C.R.S.
Manager of Roads Services

RWY/ed

cc: L. Allison, C.A.O.
G. Shaparew, Director of Community Services
S. Griffith, Fire Chief
