

**NIPIGON  
VOLUNTEER  
FIRE  
DEPARTMENT**

**Box 1228, Nipigon, Ontario P0T 2J0**

April 17, 2006

To Mr. Larry Shaw,

Your ministries intention of allowing multi-use on frequencies that our fire department s use is a bad idea and could cost firefighters to lose their life due to a radio message not getting through to them at a critical time etc etc . I am writing this letter to let you know that I am against it and also that fire departments do not have the money in their budgets to change all their radio over to a different frequency. Unless the government is going to pay the full cost to keep us on our own channel with no outside interference then leave things alone.

Thank you,

Fire Chief Roy Cross

Nipigon Fire Dept
