# Trademarks Journal

## Vol. 67 No. 3449

---

### General Information

---

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

---

### Electronic *Trademarks Journal*

---

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

---

### Official Languages

---

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

---

### Filing Dates

---

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

---

## Nice Classification

---

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

### Foreign Character Transliteration

As provided by the applicant the transliteration of the characters are ZHONG HANG GONG YE.

### Goods

#### Class 06

(1) common metals, unwrought or semi-wrought; air conditioning ducts and ventilation ducts; metal window fittings; metal beams; metal structural beams; wire of common metal alloys, except fuse wire, namely, steel wire; binding screws of metal for cables; bolts of metal; screws of metal; rivets of metal; nuts of metal; hardware springs; ; metal shipping and transport containers; containers of metal for compressed gas and liquid air; containers of metal for liquid fuel; solder; welding rods;

#### Class 07

(2) agricultural machines, namely, cotton pickers; printing machines for textiles; machines for the textile industry, namely, drawing frames, cotton combers, textile machines, plastic knitting machines; electric food processors; tea packaging machines; juice filling machines; cigarette making machines; stitching machines, namely, industrial sewing machines; packaging machines; polymer manufacturing machines; gas separators; excavators; swaging machines; steam engines; igniting devices for internal combustion engines; wind turbines; blades for wind-driven generators; turbine blades for power generators; milling machines; machine tools for the metal working industry; industrial robots, laboratory robots, surgical robots; hand tools; dynamos; aeroplane engines; piston rings for motors; pistons; aeronautical engines; engines for ships; aerospace engines; hydraulic pumps, plunger pumps, pneumatic pumps, screw pumps; valves for industrial

machinery; automatic valves; check valves; stop valves; pressure relief valves; compressors for industrial machinery; electric compressors; air compressors; shaft couplings; propulsion mechanisms for industrial machinery, namely, motors and engines; ball bearing for use in engines, motors and machinery; power transmission belts for engines and motors; welding machines; welding rods; high pressure washers; electroplating machines;

### **Class 09**

(3) data processing apparatus, namely, computers and microprocessors; laboratory scales and balances; naval signaling apparatus, namely global automatic identification systems, shipboard automatic identification systems (class B), navigational warning receivers, BeiDou pharos remote monitoring and control terminals, BeiDou emergency position indicating radio beacons, BeiDou AIS all-in-one machines, medium-high (MF/HF) frequency radios, AIS search and rescue transponders, meteorological facsimile machines; radios; naval navigation instruments, namely global automatic identification systems, shipboard automatic identification systems (class B), differential BeiDou receivers, BeiDou AIS all-in-one machines, electronic chart display system, and materials in transit monitoring systems for ships; navigation apparatus for vehicles, namely, gyrocompasses consisting of fiber optic gyro navigators, laser gyro navigators, flexible gyro navigators, inertial gyro navigators, MEMS navigators, GPS receivers and transmitters; intelligent transportation systems, namely, traffic data collection devices, namely, sensors, traffic counters, and traffic classifiers for tracking, counting, classifying, and measuring vehicle traffic on roads and highways; measuring machines for measuring air pressure, air and liquid temperature, air quality, liquid levels, weight and air and liquid flow for vehicles; fatigue testing machines for airplanes and automobiles; meters to measure stress, strain, pressure, weight and flow for airplanes and automobiles; nautical apparatus and instruments, namely, acceleration sensors, accelerometers, altimeters, digital multimeters, directional compasses, distance measuring apparatus, dynamometers, electronic navigational and positioning apparatus and instruments, electronic speed controllers, emergency signal transmitters, GPS data loggers for recording trips and classifying them into different accounts, GPS navigation devices, inclinometers, odometers; surveyor's levels; mileage recorders for vehicles; metallic and non-metallic material testing instruments and machines, namely, metal compression testing machines to determine industrial flaws in the airplane and automobile fields, metal hardness testing machines to determine industrial flaws in the airplane and automobile fields, metal strength testing machines to determine industrial flaws in the airplane and automobile fields, plastic testing machines to determine industrial flaws in the airplane and automobile fields, surface roughness testing machines to determine industrial flaws in the airplane and automobile fields; simulators for the steering and control of vehicles; semi-conductors; printed circuits; integrated circuits; integrated chip circuits; condensers, namely, capacitors; electric converters; electric relays; pressure sensors; electronic sensors for airplanes, automobiles, robots and intelligent transportation systems, namely electronic imaging systems for automotive vehicles, aircraft, watercraft, motorcycles, bicycles and for helmets comprised of a rear-view camera, a visual display, and related operating software, for connecting to vehicles, vehicle networks, and global computer networks and for the display of blind spot data, telemetry data, and navigation information; vibration sensors; fluid level sensors; temperature sensors; sensors for measuring speed; impact sensors, namely accelerator sensors; video screens; remote control apparatus for model aviation; remote control apparatus for unmanned aerial vehicles; electrical installations for the remote control of industrial operations, namely switch cabinets, electric converters, electric wires, electric cables, electric connections, circuit boards, electricity mains, electric motors, and liquid crystal displays; anti-theft alarms for motor vehicles; smoke detectors; electric accumulators for vehicles; photovoltaic cells; flight simulators for aeroplanes;

**Class 12**

(4) motor coaches; vans; motorcycles; dump trucks, namely, light dump trucks, medium dump trucks, heavy-duty dump trucks, mining dump trucks; tankers; stationary cranes (crane trucks); storage/stake trucks; semitrailers, namely, light semi-trailers, medium semi-trailers, heavy-duty semi-trailers, extra-heavy semi-trailers; ambulances; fire engines; sanitation trucks; municipal engineering vehicles, namely dumpers, aerial ladder trucks, garbage trucks, road sweeping vehicles, desilting vehicles, sewer dredging vehicles, kitchen carts, sprinkling trucks, and electric power vans; recreation vehicles, namely, campers, travel trailers; customized dump trucks; aeroplanes; cargo ships; container ships; multi-purpose dry cargo ships, namely, dry cargo ships for transporting groceries, bulk cargo, containers, heavy cargo and rolling cargo; ships for transporting liquefied gas; cruise ships for transporting tourists; mail ships; vessels in the form of boats and ships; high speed trains; couplings for land vehicles; propulsion mechanisms for land vehicles, namely, motors and engines; gear boxes for land vehicles; torque converters for land vehicles; brake pads for automobiles; cable cars; wheelchairs; aeroplanes; airships, parachutes; seaplanes; aircraft; ejector seats for aircraft; boats; safety belts for vehicle seats; windscreen wipers; windscreens for vehicles; windscreens for aeroplanes; vehicle seats; brake linings for vehicles;

**Class 14**

(5) jade ornaments, namely, carved home décor ornaments made of jade; jewelry, namely, jade; chronometers; watches; stopwatches;

**Class 19**

(6) timber; building timber; plywood; refractory materials, namely, refractory furnace linings, high temperature insulation materials; wainscoting, not of metal, for building; hardwood flooring; vinyl flooring; concrete flooring; rubber flooring; laminate flooring; window frames, not of metal; curtain walls, not of metal for building; stained-glass windows; paving slabs, not of metal; paving blocks, not of metal; roofing, not of metal, incorporating solar energy technology; bituminous products, namely base asphalt, modified asphalt and emulsified asphalt for buildings and roads; building glass;

**Services****Class 35**

(1) advertising the wares and services of others; public relations services; desktop publishing services; production of advertising films; import-export agencies;

**Class 36**

(2) insurance underwriting; health insurance underwriting; consultation services in the field of insurance; financial services, namely, loans; financial management; financial services, namely, mortgages; real estate management; real estate agency services, namely, rental of office space;

**Class 37**

(3) building construction supervision; construction consultation, namely project management of construction products, construction planning, estimating construction costs, construction cost management, procurement of construction materials and equipment, construction design, engineering procurement construction, construction bidding agency and construction supervision; warehouse construction and repair; factory construction; harbor construction; upholstering; electric appliance installation and repair; installation of electrical and generating machinery freezing equipment installation and repair, heating equipment installation and repair, installation and repair of air conditioners; installation, maintenance and repair of computer hardware; motor vehicle

maintenance and repair; airplane maintenance and repair; shipbuilding; watch and clock repair; rustproofing; retreading of tires;

**Class 39**

(4) freight transportation by air; passenger transport by air, bus and rail; transportation logistics services, namely, planning and scheduling shipments for users of transportation services; merchandise packaging for others; boat rental; stevedoring; transportation services of passengers and freight by boat; transportation services of passengers and freight by marine vehicles; transportation services of passengers and freight by car; transportation services of passengers and freight by air; airport facilities, namely, operation of an airport; aircraft rental; storage of oil; warehouse storage services; rental of warehouses; rental of storage containers; arranging and conducting sightseeing tours;

**Class 42**

(5) graphic art design services; engineering investigation, operation of engineering projects, environmental impact assessment of construction projects; technical research in the fields of aviation, IT systems and robots; laboratory testing of materials, chemical laboratories; metallic materials testing; mechanical research in the field of machine tools for the automotive industry, metalworking machine tools, grinding tools for grinding machines, concrete construction machines, air compressors for vehicles, blending machines for chemical processing, automobiles; industrial design services; architectural consultation; construction drafting services; interior design services; computer programming; computer software design; consultancy in the design and development of computer hardware; creating and maintaining web sites for others; monitoring computer systems by remote access

### Goods

#### Class 01

(1) Artificial sweetener, fertilizer; distilled water

#### Class 03

(2) Detergents, namely, dishwashing detergents, laundry detergent and household detergents; household cleaners, namely, cloths impregnated with a detergent for cleaning, cloths impregnated with polishing preparations for cleaning, impregnated steel wool for cleaning, carpet cleaning preparations, glass cleaner, ammonia for cleaning purposes; soap, namely, deodorant soap, laundry detergent soap, dish soap, saddle soap, shaving soap and skin soap; fabric softeners; laundry bleach; floor wax; oven cleaning preparations; furniture polish; car polish; shoe polish; cosmetics, toiletries and beauty products, namely, foundation makeup, lipstick, skin creams, face

powder, mascara, eye shadow, eye liners, nail polish and nail polish remover; hair spray, hair shampoos, hair conditioners and hair colouring preparations; false eyelashes; false nails; body creams; body deodorant; body sprays; petroleum jelly for cosmetic purposes; toothpaste; shaving cream; air fresheners, namely air fragrancing preparations

**Class 04**

(3) Lighter fuel; fire logs; paraffin; motor oil; butane gas

**Class 05**

(4) Baby food and formula; disposable diapers; pharmaceutical preparations for the treatment of coughs and colds; pain relief medication, eye drops; antiseptics and medicated first-aid antiseptic ointments; adhesive bandages; health supplements, namely, dietary and herbal supplements for general health and well-being, protein supplements and vitamins; insecticides; insect repellents; feminine hygiene products, namely, napkins, tampons and sanitary pads; air fresheners, namely air deodorizing preparations; petroleum jelly for treatment of cracked lips; disinfectant soap; disinfectants, namely, all-purpose disinfectants

**Class 06**

(5) Aluminum foil;

**Class 07**

(6) Dishwashers; hand mixers

**Class 08**

(7) Gardening tools; razor blades; knives, forks and spoons being tableware; non-electric can openers, scissors; peelers, namely fruit peelers and vegetable peelers,

**Class 09**

(8) Batteries for household appliances and electronics, namely, general purpose batteries; camera film

**Class 11**

(9) Flashlights; light bulbs; electric rice cookers; induction cookers; toasters; range hoods; oven burners; electric fans for household purposes

**Class 16**

(10) food wrapping plastic film; bags, namely, garbage bags, general purpose plastic bags, and paper bags; paper products namely, disposable napkins, cups, plates, boxes, facial tissue and toilet tissue; greeting cards; school and office supplies, namely, pens, pencils, adhesive tapes for stationery for household purposes, rubber document stamps, maps, books, binders, folders and writing paper

**Class 18**

(11) grocery bags, merchandise bags, mesh shopping bags

**Class 20**

(12) chopping blocks

**Class 21**

(13) Non-electric kitchen utensils, namely, pots, pans, woks, plates, bowls, cups, non-electric cooking steamers, spatulas, ladles, basting brushes, chopsticks, salad tongs, meat tongs, serving tongs, mashers, whisks, graters for kitchen use, barbeque utensils, sifters and sieves; hot water

vacuum bottles; juice dispensers for household use; drinking straws; rubber household gloves; household scrubbing brushes, squeegees for dishes and windows, scouring sponges, mops, brooms, scouring pads, disposable cleaning cloths and dusting cloths; toothbrushes; jars

**Class 25**

(14) Pantyhose; nylon stockings

**Class 26**

(15) Artificial plants

**Class 29**

(16) Dairy products, namely, milk, cream, cheese, butter, yogurt, frozen yogurt; condiments, namely, sandwich spreads; snack food dips; cooking oils; margarine, shortening, lard; soups and broths; fruit preserves, jams and jellies; dried edible seaweed [hoshi-wakame] and nori sheets; sardines; entrees containing poultry, meat, fish, legumes, peas, beans, vegetables and combinations thereof; frozen prepared meals consisting of poultry, meat, fish, legumes, peas, beans, vegetables and combinations thereof; luncheon meat; dried beans, canned beans and soy beans; potato chips; baking needs, namely, pectin; peanut butter; entrees containing legumes, peas, beans, vegetables and combinations thereof; frozen prepared meals consisting of legumes, peas, beans, vegetables and combinations thereof;

**Class 30**

(17) Dessert sauces, namely, chocolate sauce, fruit sauce, caramel sauce and butterscotch sauce; barbeque sauces; cheese sauces; pasta sauces; gravies; pudding; frostings; chocolate; chewing gum; marshmallows; frozen confectionery; corn chips, popping corn, rice crackers, and rice cakes; dorayaki, namely, Japanese red-bean filled pancake; mocha, namely, sticky rice cakes; waffles; baking needs, namely, flour, baking soda, baking powder, salt, sugar, and sweetened gelatin; cake mixes; honey; breakfast cereals; granola bars; vinegar; spices and seasonings; sushi; dumplings, namely, Chinese steamed dumplings and Chinese stuffed dumplings; entrees containing pasta, rice, and combinations thereof; frozen prepared meals consisting of pasta, rice, and combinations thereof; condiments, namely, relish, horseradish, mustard, mayonnaise; salad dressings; non-alcoholic herbal based beverages, namely herbal tea beverages; ice cream; egg rolls

**Class 31**

(18) Pet foods; plants, namely, living plants; gardening aids, namely, grass seed and peat moss

**Class 32**

(19) Canned and bottled vegetable juices; soft drinks; powdered drink crystals; non-alcoholic herbal based beverages, namely herbal fruit juices

**Class 34**

(20) Tobacco products, namely, cigarettes, cigars and tobacco, matches

## TRADEMARK DETAILS

# TYCO

### Trademark Type

Word

### Goods

#### Class 01

(1) compositions for fire extinguishing and prevention; fire extinguishing chemicals; chemicals for fighting forest fires; fire suppression chemicals; fire extinguishing foaming concentrates; fire extinguishing foaming surfactants; fire extinguishing fluorochemical surfactants; compositions for absorbing spills, namely, absorbing carbons; chemicals for the treatment of spilled hazardous materials, namely mineral or organic acids; fire resistant chemicals; fire extinguishing compounds; fire extinguishing preparations; fire extinguishing media, namely, carbon dioxide (CO<sub>2</sub>) filled portable cylinders, fire extinguishing powder, and fire-fighting foam; fire retarding chemicals, compositions and preparations; fire extinguishing compositions, in particular fire extinguishing foams and foam compositions; fire protection chemical compositions in the nature of fire retardant and suppression, extinguishing chemicals; chemicals preparations for use in the control and prevention of fires; dry chemicals for fire extinguishing; dry chemicals for fire suppression; foam for fire extinguishing; foam for fire suppression.

#### Class 06

(2) pipes, tubes and hoses for use in sprinkler and fire extinguishing and suppression systems, and fittings of metal therefor, metal valves, fluid conduits, and couplings for use in sprinkler, fire extinguishing and suppression systems and fittings therefor; safes; fire doors of metal; sprinkler tubes of metal for use in sprinkler, fire extinguishing and suppression systems, and fittings therefor; grooved pipe couplings of metal; pipe couplings of metal; press to fit metal pipe fittings, namely, metal fittings for pipes for use in sprinkler, fire extinguishing and suppression systems.

#### Class 07

(3) valves for machines and engines and fittings and parts therefor; metal suction diffusers for use in regulating flow rates for fire pumps; metal grooved strainers for use in fire extinguishing and suppression systems.

#### Class 09

(4) computer servers; radio receivers; video cameras; video systems comprising digital video recorders, multiplexed signal processors for display and recording of multiple cameras, and recorded video retrieval systems comprising video recorders, video processors and software for

use in accessing recorded video; closed circuit television systems for security and surveillance, namely, closed circuit television (cctv) and surveillance cameras and housings, domes and related parts thereof, digital video recording hardware and software for storage of video recordings; digital signal processors namely, encoders and decoders; video security surveillance hardware and software, namely, hardware and software for recording video, operating closed circuit television, conducting digital video surveillance and digital video recording and storage, keyboards, digital signal encoders and decoders, video analytics software; video surveillance cameras; video surveillance systems, namely, camera hardware installations for internet protocol video surveillance; electric and electronic video surveillance installations; detection systems, namely, burglar alarms; access control devices for use in the control, operation, monitoring and management of building security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms and smoke and gas alarms, namely, computer hardware, computer servers, computer SIM cards for connecting portable computer hardware devices to computer networks, computers, computer monitors, computer keyboards, modems, electric system controllers for digital door locks, motion detectors, power switches, electric contacts, electric relays, electronic identification cards, card readers for magnetically encoded cards and electronic identification cards, pin key pads for security entry, biometric fingerprint readers, biometric hand readers, biometric retinal scanners, biometric voice recognition systems, power cables and cords, and cabinets and batteries for the aforementioned goods; panic button personal alarms; computer hardware and parts, fittings therefor; computer hardware, software, and hardware and software systems for control, operation, monitoring and management of building security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms and smoke and gas alarms; electrical and electronic burglar alarms, burglar alarm key pads, and control panels for burglar alarms; electronic detectors for detecting the presence of gas, fire, heat, motion and electric shock for security purposes; magnetic and electromagnetic object detectors; transponders; radio frequency identification (RFID) antennas; radio frequency antennas; acoustic-magnetic (AM) radio antennas; electronic and downloadable user manuals; sensors and detectors for use in determining safety and security risks, namely, proximity sensors, carbon monoxide detectors, thermal sensors, gas alarms, temperature sensors, fire and smoke detectors, burglar alarms, motion sensors, and sensors and detectors for detecting glass breaks, flooding, flame flare ups, full grease traps, alarming and disarming of security systems, open doors, and weather threats; motion sensors; optical beam sensors; computer software used to operate, control, monitor and manage anti-theft alarms, and inventory control systems for commercial inventory management in the field of anti-shoplifting, inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; computer hardware and software for the connection via the cloud, Internet and wireless networks of computer hardware and hardware and software systems for control, operation, monitoring and management of building security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms, smoke and gas alarms, home surveillance systems, automated lighting controls, and automated security systems for commercial inventory and asset management, anti-shoplifting and loss prevention, consumer retail traffic pattern management, point-of-sale transaction analysis; hardware and software for the remote control, remote operation, remote monitoring and remote management of computer hardware and hardware and software systems for control, operation, monitoring and management of building security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms, smoke and gas alarms, home surveillance systems, automated home lighting controls, automated home thermostat controls, and security systems for commercial inventory and asset management, anti-shoplifting and loss prevention, consumer retail traffic pattern management, point-of-sale transaction analysis; electric control panels; touch sensitive

control panels; thermostats; wireless fire alarm systems comprising fire and smoke detectors, control panels, digital radio signal repeaters, digital radio signal monitoring modules, and fire alarm boxes enabled for operation in a wireless system; smoke detectors; carbon monoxide detectors; fire hoses; fire hose nozzles; fire alarms; smoke alarms; carbon monoxide alarms; fire escapes; fire beaters; fire pumps; fire sprinklers; fire extinguishers; fire blankets; fireproof clothing; fire resistant gloves; fireproof garments; sprinkler systems for fire protection; sprinkler heads for fire protection; electric alarms for fire; fire alarm boxes featuring glass panels that must be broken to trigger the alarm; sprinkler systems for fire extinguishing; alarms for the detection of inflammable gases; fire extinguishing sprinkler systems for use with fire extinguishing chemicals; flame detection instruments, namely, fire detectors comprised of an infrared flame detector and cctv camera; equipment for dispersing dry chemicals and foam chemicals for fire fighting, namely, metal valves and pipes for delivering fire extinguishing chemicals, proportioning controllers for use in regulating the flow rate of fire extinguishing chemicals, high expansion generators for creating firefighting foam, monitors for measuring flow rate of fire extinguishing chemicals, and nozzles for sprinkler hoses; fire extinguishing and sprinkler system components, namely, valves of metal for water pipes, fire extinguishing accelerators containing of fire extinguishing chemicals, pipe clamps of metal, power switches, fire alarm control panels and couplers for fire hoses; security cameras; security alarms; security warning apparatus, namely, sensors for detecting body heat, motion and vibrations; security control apparatus, namely, wireless controllers to remotely monitor and control the performance and status of security systems; personal security alarms; electronic security tags for goods; tags with integrated radio frequency identification [RFID] chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; tags with integrated electromagnetic chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; encoded acoustomagnetic identification tags for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; labels with integrated radio frequency identification [RFID] chips; labels with integrated electromagnetic chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; encoded acoustomagnetic identification labels for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and pointof- sale transaction analysis; readers for radio frequency identification (RFID) chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; electromagnetic chip card readers; readers for acoustomagnetic labels and tags for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; sensors for radio frequency identification (RFID) chips; sensors for electromagnetic chips; sensors for acoustomagnetic labels and tags; radio frequency identification (RFID) transmitters; transmitters for electromagnetic signals; transmitters for acoustomagnetic signals; radio frequency identification (RFID) receivers; Electrical controllers for sensors for acoustomagnetic signals for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; electronic controllers for readers for signals from radio frequency identification [RFID] chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis; computer hardware, software, and electronic security devices, namely, security building access cards, chip card readers, exit control posts, panels and sensors containing radio frequency transmitters and receivers, control panels and alarm management

panels all in the field of integrated security and facilities management systems for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; downloadable computer security software; software systems for control, operation, monitoring and management of building security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms, smoke and gas alarms, home surveillance systems and lighting controls; control panels for security alarms; motion detectors; electronic motion sensitive switches for use in security systems for protecting property; motion sensors for security lights; security alarm systems, namely, building security alarm systems comprising software and hardware for providing picture, video, alarm status and building plans to a remote station; wireless security alarm systems comprising software and hardware for providing picture, video, alarm status and building plans to a remote station; electronic apparatus for monitoring and tracking, namely, detaching instruments for magnetic and acoustomagnetic deactivators for use in removing electronic labels for inventory control and preventing theft; electronic apparatus for monitoring and tracking, namely, motion sensors, cameras and video monitors for alarm monitoring systems; intercoms; voice evacuation systems, namely, intercom for use in emergency evacuations; nurse call systems, namely, electric call bells; GPS transmitters for vehicles; digital signage display panels and monitors; software for use in sending mass emails and SMS messages to multiple recipients; respirators for filtering air; respiratory mask filters; gas masks; computer software for use in emergency event management for the location management, tracking, assignment, control and monitoring of emergency services personnel and of their equipment; computer hardware and software systems for security monitoring, namely, software for tracking the location of machinery, vehicles, and physical objects; two-way radios; microphones; flow meters, namely, meters and sensors for monitoring the size, number, flow rate and direction of objects moving through an area; electronic identification cards; encoded magnetic identification bracelets for hospitals; temperature sensors with radio, low frequency and infrared communication capability; software for gathering intelligence in the field of inventory and asset management, anti-shoplifting and loss prevention, the monitoring of hardware for electronic video surveillance installations for store security and for monitoring electronic article surveillance (EAS) systems, consumer traffic and shopper behavior, employee operational compliance, point-of-sale transaction analysis, application software for controlling building and store video security systems; analytics and reporting software for inventory and asset management, anti-shoplifting and loss prevention, the monitoring of hardware for electronic video surveillance installations for store security and electronic article surveillance (EAS) systems, consumer traffic and shopper behavior, employee operational compliance, point-of-sale transaction analysis, monitoring application software for controlling building and store video security systems; computer software for monitoring and controlling traffic control lights and closed circuit television cameras for use in the management of motorways and tunnels; flame detectors; gas alarms, namely, combustion gas detectors; concentration meters for measuring concentration of gases; gas alarms; gas testing instruments, namely, sensors for determining the composition of gases; wireless concentration meters for measuring concentration of gases; gas leak alarms; sensors for detecting gas leaks; fire door regulators for preventing and inhibiting the spread of fire; time clocks; punch clocks; fire hoses; fire fighting hoses; illuminated exit signs.

### **Class 11**

(5) pressure water tanks and parts therefor; fire hydrants; fire ventilators for exhausting gases, smoke, fumes and vapours; emergency lighting for buildings, namely, lighting for an emergency situation when the main power supply is cut and any normal illumination fails; motion activated security lights for indoor use for buildings; motion activated security lights for outdoor use for buildings; security lighting, namely, lamp fixtures for indoor use; security lighting, namely, lamp

fixtures for outdoor use; security lighting, namely, infrared lighting fixtures for indoor use for buildings; security lighting, namely, infrared lighting fixtures for outdoor use for buildings.

#### **Class 14**

(6) alarm clocks; wall clocks; clocks; timing clocks; mechanical-based time clocks; digital clocks; digital clocks with automatic timers; master clocks.

#### **Class 17**

(7) non-metallic flexible pipes, tubes, hoses for use in sprinkler and fire extinguishing and suppression systems and non-metallic fittings therefor, namely valves, fluid conduits and couplings for use in sprinkler, fire extinguishing and suppression systems; fire resistant and fire preventive articles and materials, namely, fire resistant composite panels made of aramid, glass, carbon and ceramic fibres for walls, ceilings and floors; fire resistant expansion joint fillers; fire resistant insulated panels, namely, structural insulated constructions panels; glass fibre fireproof textiles; rubber couplings and joints for pipes; rings of metal for use as pipe connection seals; seals of metal for pipes; seals of metal for preventing leakage of fluids; rings of rubber for use as pipe connection seals; seals of rubber for preventing leakage of fluids seals for pipe connections.

#### **Class 19**

(8) non-metallic rigid pipes and tubes for use in sprinkler and fire extinguishing and suppression systems and non-metallic fittings therefore, namely valves, fluid conduits and couplings for use in sprinkler, fire extinguishing and suppression systems.

#### **Services**

#### **Class 35**

(1) retail store services in the field of fire safety, fire detection, fire extinguishing and fire suppression systems for buildings; inventory management services; computerised inventory control services, namely, commercial inventory and asset management; sales volume tracking for others; provision of advice and information in the fields of cloud based and non-cloud based inventory management services; provision of advice and information in the fields of cloud based and non-cloud based asset tracking, namely, monitoring and tracking of inventory shipments, and inventory control at the warehouse and retail store levels; providing advice with relation to software for logistics, namely, software for tracking packages and inventory in warehouses, stock rooms and retail stores; business management analysis, namely, providing analysis of retail inventory and retail sales; business management and administrative services; providing advice and information relating to commercial business management; business management analysis; market research; business management services relating to information and data compiling and analyzing; provision of business intelligence services, namely, reporting, collection, data analysis, presentation and dissemination of business information in the field of integrated security management services, namely, for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; provision of business intelligence services, namely, reporting, collection, data analysis, presentation and dissemination of business information in the field of fire safety, fire detection and fire suppression systems for buildings; provision of business statistical information, namely, compilation of statistics; preparation of business reports; business consultancy services, namely providing quality assurance in the field of fire safety, fire detection and fire suppression systems for buildings.

#### **Class 36**

(2) insurance; fire insurance; fire insurance valuations; fire insurance underwriting; insurance consultancy services relating to fires; insurance services.

**Class 37**

(3) building maintenance and repair; fire alarm repair; fire alarm installation; fireproofing of building walls, floors and ceilings; installation of fire detection systems; restoration of buildings affected by fire damage; fire extinguisher recharging services; maintenance and servicing of fire alarm installations; providing technical advice about the installation of fire prevention equipment; providing technical advice about the repair or maintenance of fire alarms; maintenance and servicing of security alarms; advisory services in the field of installing building security video surveillance and building security access installations; construction, repair, installation, maintenance, and integration services for fire protection, detection and extinguishing systems; construction, repair, installation, maintenance, and integration services for alarm security and building access control systems in buildings; construction, repair, installation, maintenance, and integration services for ventilating and air conditioning installations; construction, repair, installation, maintenance, and integration services for pipelines; construction, repair, installation, maintenance, and integration services for electronic apparatus for monitoring and tracking, namely, detaching instruments for magnetic and acoustomagnetic deactivators for use in removing electronic labels for inventory control and preventing theft; construction, repair, installation, maintenance, and integration services for heating equipment; installation, maintenance and repair of security warning apparatus, namely, sensors for detecting body heat, and motion; installation, maintenance and repair of security warning apparatus, namely, vibration meters; installation, maintenance and repair of security control apparatus, namely, wireless controllers to remotely monitor and control the performance and status of security surveillance systems; installation and maintenance of fire protection systems; consulting services in the field of installation and maintenance of alarm response and verification services; consulting services about the installation and maintenance of vehicle security alarm and tracking systems and vehicle navigation systems in the form of onboard computers; repair of clothing for protection against fire.

(4) repair of security locks.

**Class 38**

(5) telecommunication services, namely, electronic transmission of voice, text messages and information by way of telephone lines, cellular and wireless networks, cable networks and satellite networks in the fields of personnel, asset and property safety and security, to operate and control home automation, for personnel, vehicle and pet location, for traffic updates, for personal emergencies, to operate alarms, security systems, home surveillance systems, lighting controls, home automation devices, sprinkler systems for fire protection, to receive traffic, road navigation and weather alerts; electronic mail and messaging services; providing Internet access.

**Class 41**

(6) training and conducting classes and seminars in the field of industrial firefighting schools and customized corporate training in the field of firefighting; training and conducting classes and seminars in the field of reducing the risk of fire in buildings.

**Class 42**

(7) cloud computing software as a service (SAAS) for managing, maintaining, diagnosing, monitoring and controlling of access controllers for use in the operation, monitoring and management of building security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms and smoke and gas alarms; cloud computing software as a service (SAAS) for managing, maintaining, diagnosing, monitoring and controlling of fire safety, fire detection, fire extinguishing and fire suppression systems for buildings; cloud computing software as a service (SAAS) for managing, monitoring and controlling of inventory and

warehouse services for retail stores; cloud computing software as a service (SAAS) for managing, monitoring and controlling of consumer retail traffic patterns for retail stores; cloud computing software as a service (SAAS) for managing, maintaining, diagnosing, monitoring and controlling of computer systems for environmental, energy management, access and security systems for buildings related to heating, ventilation, climatization and lighting of buildings; cloud computing software as a service (SAAS) for maintaining, diagnosing, monitoring and controlling customer relations management.

(8) provision of computer operating systems for environmental, energy management, access and security systems for buildings related to heating, ventilation, climatization and lighting of buildings; provision of advice and information in the fields of cloud based and non-cloud based energy management.

(9) mechanical engineering consultation in the field of building construction; design and development of computer hardware and software; software development, programming and implementation; computer hardware development; providing software as a service (SAAS) for use in managing video surveillance systems, centralized intrusion detection, burglar and fire alarm systems, building management and building access control systems for customers in the field of integrated security and facilities management systems for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; design of fire detection, fire suppression and fire extinguishing systems for buildings; design and drafting of fire extinguishing systems; technical consultation in the field of fire safety, fire detection, fire suppression and fire extinguishing systems for buildings; computer security consultancy; computer network security system monitoring services; design, development and programming of downloadable internet security software; rental of downloadable internet security software; data migration services; design services in the field of commercial inventory and asset management, namely, design of electrical and electronic burglar alarms, burglar alarm key pads, and control panels for burglar alarms, electronic detectors for detecting the presence of gas, fire, heat, motion and electric shock for security purposes, magnetic and electromagnetic object detectors, electronic security tags for goods, tags with integrated radio frequency identification [RFID] chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, tags with integrated electromagnetic chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, encoded acoustomagnetic identification tags for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, labels with integrated radio frequency identification [RFID] chips, labels with integrated electromagnetic chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, encoded acoustomagnetic identification labels for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, radio frequency identification [RFID] chip card readers, electromagnetic chip card readers, readers for acoustomagnetic labels and tags for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, sensors for radio frequency identification [RFID] chips for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, sensors for electromagnetic chips, sensors for acoustomagnetic labels and tags, sensors for electromagnetic acoustomagnetic chips, tags, and labels, transmitters for electromagnetic signals, transmitters for

acoustomagnetic signals, readers for electromagnetic signals for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, readers for acoustomagnetic signals for commercial inventory management in the field of anti-shoplifting and inventory loss prevention, consumer retail traffic pattern analysis and point-of-sale transaction analysis, electrical controllers for sensors for acoustomagnetic signals, electronic controllers for readers for signals from radio frequency identification [RFID] chips, electronic apparatus for monitoring and tracking, namely, detaching instruments for magnetic and acoustomagnetic deactivators for use in removing electronic labels for inventory control and preventing theft, electronic apparatus for monitoring and tracking, namely, sensors, cameras and monitors for alarm monitoring systems; design of computer software for monitoring and controlling motorways and tunnels; design of computer software for urban traffic control; consultancy services in the field of civil and electrical engineering; design services in the field of integrated building security facilities management systems namely systems for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; software design services in the field of integrated security and facilities management systems for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; computer software maintenance services in the field of fire safety, fire detection and fire suppression systems for buildings; computer software maintenance services in the field of in the field of integrated security and facilities management systems for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; computer software development, programming and implementation, namely computer software maintenance services; design services in the field of traffic management and transportation systems, namely design of computer software for monitoring and controlling traffic control lights and closed circuit television cameras for use in the management of motorways and tunnels; technical project studies, in the fields of technical feasibility studies, commercial inventory and asset management, anti-shoplifting and loss prevention, consumer retail traffic pattern management, point-of-sale transaction analysis; technological consultation services in the field of fire safety, fire detection and fire suppression systems for buildings; fire alarm testing and inspection services; fire suppression systems testing and inspection services; testing and inspection of closed circuit television (CCTV); smoke detector testing and inspection services; fire extinguisher testing and inspection services; testing and inspection of building access control units and sensors for use in the control, operation, monitoring and management of building security systems, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms; testing and inspection of sprinkler systems for fire protection and sprinkler systems for fire extinguishing; design of retail solutions, namely, providing temporary use of non-downloadable computer software used for managing alarm systems, controlling and analyzing inventory, detecting and preventing theft, inventory tracking, analyzing retail sales patterns, and people counting and tracking; store traffic analysis services, namely, software as a service for recording and reporting shopper traffic based upon people counting sensors and monitoring cameras; design and development of computer network security system in the field of home security; civil and electrical engineering services in the field of home security; computer network security system consultation; computer monitoring and control of electrical systems for buildings, heating systems for buildings, power systems for buildings by way of telephone lines, cellular and wireless networks, cable networks and satellite networks; providing non-downloadable software that allows users to remotely operate and receive status updates regarding electrical systems for buildings, heating systems for buildings, power systems for buildings, home security systems and security systems for buildings via a website; providing

updates for computer software for use in association with home security systems via the global computer network; design of protective clothing; computer hardware and software design and updating; computer hardware and software consulting; computer systems integration services; inspection services for fire protection, detection and extinguishing systems; inspection services for alarm security and building access control systems in buildings; inspection services for ventilating and air conditioning installations; inspection services for pipelines; inspection services for electronic apparatus for monitoring and tracking, namely, detaching instruments for magnetic and acoustomagnetic deactivators for use in removing electronic labels for inventory control and preventing theft; inspection services for heating equipment;

### **Class 45**

(10) fire fighting services; monitoring fire alarms; fire prevention consultation; rental of fire extinguishers; rental of fire alarms; fire detection and suppression services; provision of advice in the field of fire safety, fire detection, fire extinguishing and fire suppression systems for buildings; consulting services in evaluation of fire scenes; monitoring burglar and security alarms; security guard services; security guarding for facilities; alarm response and verification services; monitoring and control of security alarm and building security systems, of water flow and of automated home lighting and thermostats for security purposes; burglar alarm response and verification services; control of building environmental access and security systems in the nature of building energy management services and security services in the field of the heating, ventilation, air conditioning and lighting of buildings; security services, namely, monitoring telephone calls from subscribers and notifying emergency facilities; concierge services for others comprising making requested personal arrangements and reservations and providing customer-specific information to meet individual needs with respect to all the aforesaid services; monitoring and control of fire safety, fire detection, fire extinguishing and fire suppression systems for buildings; control of building access and security systems in the field of integrated security and facilities management systems for regulating access to facilities, for protecting facilities, personnel and assets contained in facilities, for managing physical operation of facilities, and for reporting information on the same; surveillance services, namely the provision of video security surveillance hardware and software, namely, hardware and software for recording video, operating closed circuit television, conducting digital video surveillance and digital video recording and storage and management, keyboards, digital signal encoders and decoders, video analytics software, and video surveillance systems, namely, camera hardware installations for internet protocol video surveillance; security services, namely surveillance services through closed circuit security cameras; rental of security surveillance equipment; providing reconnaissance and surveillance services; forensic analysis of surveillance video for fraud and theft prevention purposes; monitoring and control of home security systems and security systems for buildings by way of telephone lines, cellular and wireless networks, cable networks and satellite networks;

(11) cloud based forensic analysis of surveillance video for fraud and theft prevention purposes.

### **Claims**

Priority Filing Date: September 25, 2015, Country or Office: SWITZERLAND, Application No: 61776 /2015 in association with the same kind of goods and in association with the same kind of services

**Application Number** 1,779,358  
**Language of Application** English

**Filing Date** 2016-04-26

## APPLICANT AND AGENT DETAILS

### Applicant

Wegmann Automotive GmbH  
Rudolf-Diesel-Str. 6  
Veitshöchheim 97209  
GERMANY

### Agent

PERLEY-ROBERTSON, HILL & MCDUGALL  
LLP  
1400 - 340 ALBERT STREET, OTTAWA,

### Goods

#### Class 06

(1) Common metals and their alloys; cable wires of common metal.

#### Class 09

(2) Blank record discs; Computer software for monitoring and measuring tire pressure, tire parts and fittings, and tire balancing weights; Computer software for operating tire pressure monitoring sensors; Computer software for programming of tire pressure monitoring sensors; Computer software for calculating balancing weights; Fire-extinguishing apparatus.

(3) Galvanic batteries; Batteries, electric namely electric storage batteries; Battery terminals namely electrical connectors for batteries; Terminals for electrical lines namely electrical connectors.

#### Class 12

(4) Balance weights for vehicle wheels; Valves for vehicle tires [tyres]; land vehicle parts, namely balancing weights for vehicle gear boxes and shaft couplings.

#### Class 17

(5) Rubber, gutta-percha, gum, asbestos, mica used in the manufacture of adhesive bands and adhesive strips and self-adhesive bands and self-adhesive strips, for use with balance weights for vehicle wheels, the aforesaid goods not for medical purposes, or for stationary or household purposes; adhesive bands and adhesive strips and self-adhesive bands and self-adhesive strips, for use with balance weights for vehicle wheels, the aforesaid goods not for medical purposes, or

for stationary or household purposes; flexible pipes, not of metal for use with balance weights for vehicle wheels; Adhesive tapes, in particular self-adhesive tape for balancing weights.

### Services

#### Class 35

(1) Providing information in the fields of price and feature comparison of all manner of products, people, services, places and businesses via a website, mobile applications and online digital content; Providing information namely, providing reference materials, data, ratings, reviews, comments and general information on all manner of products, people, services, places and businesses of interest for purchase or use by consumers or businesses and purchase comparisons and transmitted over a computer network or global communication network; Operation of a computer database containing commercial information in the fields of price and feature comparison relating to all manner of products, people, services, places and businesses of others; advertising, publicity, and marketing services for all manner of products, people, services, places and businesses of others.

#### Class 38

(2) Provision of access to internet platforms for providing programmatic interfaces for digital advertisers and publishers for purposes of advertising; Providing access to a website mobile applications and online digital content offering information in the fields of price and feature comparison of all manner of products, people, services, places and businesses; Providing access to an online searchable database in the fields of price and feature comparison for all manner of products, people, services, places and businesses of others; Providing access to a computer database containing commercial information in the fields of price and feature comparison relating to all manner of products, people, services, places and businesses of others.

#### Class 42

(3) Software as a service (SaaS) services featuring software for providing programmatic interfaces for digital advertisers and publishers for purposes of advertising; Software as a service (SaaS) services featuring software for use in managing, optimizing, tracking, analyzing and reporting on

digital advertising campaigns and advertising inventory, placing digital advertising, providing targeted advertising to custom segments and populations, matching digital advertising demand and supply, buying and selling advertising and optimizing revenue for publishers; Platform as a service (PaaS) featuring software for providing programmatic interfaces for digital advertisers and publishers for purposes of advertising; Hosting a website, mobile applications and online digital content offering information in the fields of price and feature comparison of all manner of products, people, services, places and businesses.

The logo for Sebamed, featuring the word "seba" in a bold, lowercase, sans-serif font, followed by "med" in a similar font but with a smaller, more condensed appearance. The letters are black and set against a white background.

### Goods

#### Class 03

(1) Soaps, namely bar soap, liquid soap, bath soap, body care soap and hand soap; cosmetics; shampoos; cosmetic preparations for cleansing and care of the skin, the hair, the lips; products for baby care and children care, namely cleansing bars, foam baths, bath oils, bath additives, skin creams, skin care oils, lotion; skin creams (not medicated); preparations for cleansing and care of the skin, the hair, the lips; body moisturizers; moisturizing cream; moisturizing lotion; hair conditioners; skin balms (not medicated); nail balms (not medicated); body lotions; bath extracts for cosmetic purposes containing extracts of officinal plants and herbs, namely, fennel, yarrow, melissa, mistletoe and chamomile; bath additives; cosmetic and officinal bath preparations for cosmetic purposes containing extracts of officinal plants and herbs, namely, bubble bath containing extracts of fennel, yarrow, melissa, mistletoe and chamomile.

(2) Facial cleansers and facial care preparations for cosmetic purposes having an effect on spots; skin toners; body gels; deodorants for personal use; cleansing milk.

(3) Body cleansing foam; skin cleansing foam.

(4) Facial cleansers and facial care preparations in liquid and solid form, in form of lotions, creams and aqueous solutions.

(5) Cosmetics, shampoos, cosmetic preparations for cleaning and care of the skin, hair, lips; baby care products, namely cloths for applying oils, moist wipes and shampoos for babies, foam baths for babies, baths for babies, skin creams for babies, baby oils, bar soap comprised of synthetic detergents for babies, cloths for applying oils, moist wipes and shampoos for children; body care and cleansing products, namely beauty creams for body care, body and beauty care cosmetics, body cleansers, body cream soap, body creams, body deodorants, body emulsions for cosmetic

(1) Photographic chemicals; chemicals for photographic film processing; Unprocessed plastics; Adhesives for use in the automotive industry, construction industry, for use in the manufacture of motor vehicles, for use in the manufacturing of clothing, footwear and headgear and general use adhesives for use in industry; General use adhesives for use in the designing of motor vehicles and industrial machinery prototypes; Fertilisers, and chemicals for use in agriculture, horticulture and forestry; Chemicals for use as frictional coatings on metals, alloys and plastics for industrial and manufacturing use; Synthetic resins; Chemicals for use in the manufacture of food and beverages; Chemical compounds for manufacturing clutch linings; Chemical compounds for manufacturing brake linings; Chemicals for manufacturing clutch linings; Chemicals for manufacturing brake linings.

#### Class 02

(2) Coatings and base coats in the nature of protective high friction coatings for motor vehicles, printing coatings in the nature of protective high friction coatings used as interior and exterior paints, dry inks, metallic inks; coatings and base coats in the nature of protective high friction coatings for vehicles for use in automotive construction; protective high friction coatings and base coats for use in three-dimensional printed parts; Thinners and thickeners for coatings, dyes and inks; raw natural resins.

#### Class 07

(3) Agricultural equipment, namely, cultivators, harvesters, disk harrows, seeders; earthmoving equipment, namely, bulldozers, excavators, tractors in the nature of hay tedders, graders, backhoe loaders; construction equipment, namely, concrete construction machines; oil and gas extraction and mining equipment, namely, high-pressure pumps, slurry blenders; pumps as parts of machines, motors and engines, compressors as parts of machines and fans for motors and engines, engines for industrial machinery; industrial robots; transporting machines, namely, tractor-towed agricultural implements in the nature of plows; current generators; metalworking machine tools; machine tools for the automotive industry, metalworking industry and textile industry;

machine tools for use in the manufacturing of clothing, footwear and headgear; machine tools for manufacturing, namely, metal forming machines, drilling machines for metalworking, shaping machines for metalworking, cutting machines for metalworking, and grinding machines for metalworking; boat engines and aeroplane engines, powertrains comprised of brakes and clutches for industrial machines and for motor vehicles, and brakes and clutches for industrial machinery; road sweepers for cleaning surfaces using high pressure water, and electric washing machines for industrial purposes; clutches for industrial machinery.

**Class 12**

(4) Brakes for vehicles and motor boats; Clutches for motor vehicles and motor boats.

**Class 17**

(5) Clutch linings; semi-processed brake lining materials; semi-processed friction materials for brake linings; adhesive masking tape for industrial purposes.

## CERTIFICATION MARK DETAILS

# PO

### Trademark Type

Standard Characters

### Certification Mark Standard

The certification mark as used by registered water environment industry professionals authorized by the Association of Boards of Certification certifies the quality and competency of the water and wastewater practices in the areas of water treatment, water distribution, wastewater collection and wastewater treatment operations and indicates that qualified users have fulfilled specific standards of education, practical experience and examination in the areas of water treatment, water distribution, wastewater collection and wastewater treatment operations. Attached to this application is the Professional Operator Certification Handbook which specifically sets out a compilation of the competencies required of the Certified PO in each of the areas of water treatment, water distribution, wastewater collection and wastewater treatment operations and Guidelines on how the competencies are measured to achieve certification in these specific areas of water and wastewater practice. A copy of this document is available to the public within the Canadian Intellectual Property Office. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those listed in the application.

### Services

### Colour Claim

Colour is claimed as a feature of the trademark. In particular, the Applicant claims the colour royal blue (Pantone: 287 C) as applied to the background of the design, and the colour white as applied to the letters K and S, and to the '+' sign. Pantone is a registered trade-mark.

### Goods

#### Class 01

(1) Potassium salts, namely potassium chloride, potassium sulphate; magnesium salts, namely magnesium chloride and magnesium hydroxide, kieserite, magnesium sulphate; magnesium oxide; sodium salts, namely rock salt, sodium chloride, all the aforesaid goods for use in agriculture, in the food processing industry, the production of chemicals for use in experiments and product development in the chemical industry, metallurgy, oil and gas exploitation, the building materials industry, the pulp and paper industry, detergent and plastics industries, the fertilizer industry, the fish industry, the pharmaceutical industry, production of salts and other salt-based products for household use, water softening, and winter road maintenance; mineral fertilising preparations, namely potassium or magnesium fertilizing salt containing straight or compound fertiliser, organic fertiliser, and potassium or magnesium fertilizing salt derived from recycling; mixtures of mineral and organic fertiliser as aforesaid; Chemical additives for use in the manufacture of food.

#### Class 30

(2) Food grade salt for non-medical purposes; Food grade salt for use in the manufacture of foods.

#### Class 31

(3) Food for animals, namely, mineral enriched animal feed.

### Services

#### Class 35

(1) Business management; business administration; professional business consultancy in exploring for, and extracting, processing and marketing of natural minerals, in particular potassium salts and rock salts; technical consultancy in marketing of natural minerals, in particular potassium salts and rock salts.

**Class 37**

(2) Technical consultancy in the extraction of natural minerals, in particular potassium salts and rock salts.

**Class 40**

(3) Technical consultancy in the processing of natural minerals, in particular potassium salts and rock salts.

**Class 42**

(4) Engineering services in the fields of potash mining, magnesium mining, and salt mining; Professional consulting services and advice about agricultural chemistry and the chemistry of salts and minerals in the field of potash mining, magnesium mining and salt mining; geological surveying; technical consultancy in the exploring of natural minerals, in particular potassium salts and rock salts.

**Class 44**

(5) Agricultural consultancy in the field of the exploration, extraction, processing and marketing of natural minerals, namely potassium salts, magnesium salts, and sodium salt.

(7) Furniture, namely bedroom furniture, living room furniture and dining room furniture; mirrors for the home; picture frames; non-metal and non-leather key chains; non-metal key holders and key rings; key fobs not of metal; closet accessories, namely, shoe racks, belt racks, tie racks; coat hangers; hat stands; hat racks; umbrella stands; magazine racks

**Class 21**

(8) Bath accessories, namely, cup holders; bath brushes; bath sponges; beverage ware namely, beverage glassware, drinking glasses, cups, mugs; beverage stirrers; bottle openers; bottle stoppers specially adapted for use with wine bottles; brushes for cleaning golf equipment; brushes for footwear; canteens; carafes; champagne buckets; charms for attachment to beverage glassware for identification purposes; coasters not of paper and not being table linen; cocktail picks; cocktail shakers; cocktail stirrers; combs; comb cases; ice buckets; shaving brushes; shoe brushes; shoe horns; shoe polishing mitts; statues and statuettes of china, crystal, earthenware, glass, terra cotta, and porcelain; wine buckets; wine openers; wine pourers; insulated containers and bags for food and beverage for domestic use; picnic baskets sold empty

**Class 24**

(9) Bed, bath, kitchen, and table linens and textile fabrics; wall hangings of textile; fabric window coverings and treatments, namely, curtains, draperies, sheers, swags, valances; handkerchiefs of textile

**Class 25**

(10) Suits; sport coats; pants; tuxedos; sleepwear; gloves; coats; jackets; neck ties, neck warmers, scarves; belts; headwear, namely cap visors; footwear, namely shoes, slippers, boots

**Class 27**

(11) Wallpaper; non-textile wall hangings; mats and matting, namely door mats, bath mats, place mats, floor mats, beach mats; carpets and rugs

**Class 28**

(12) Toys, namely, electronic action toys, plush toys, toy figures, musical toys, dolls, action figures, toy trains, train sets, toy cars, toy boats, toy air planes, costume masks, doll costumes, children's dress up accessories; lottery wheels; games, namely, billiard tables and billiard game playing equipment, electronic dart games; dart games; card games; board games; dice games; bingo cards; playing cards; puzzles; snowglobes; hand-held unit for playing electronic games; lottery cards; lottery tickets; holders specially adapted for lottery tickets; scratch lottery tickets and game cards used in conjunction with games of chance for cash and prizes; scratch cards for playing lottery games; gaming machines, namely, gaming equipment, namely, chips, game wheels, gaming tables, dice, dice cups and bingo game playing equipment; Christmas ornaments [not tree ornaments]

**Class 29**

(13) Meat, fish, poultry and game; preserved, frozen, dried and cooked fruits, mixed vegetables; jellies; jams; compotes; edible oils and fats; canned vegetables; olive oil, dried and preserved fruit, caviar; cheese; potato chips; fruit chips; potato crisps; crystallized fruits; liver pate; prepared nuts; preserved olives; fruit-based snack food; soups; canned fruits; nut-based snack foods; peanut butter; vegetable-based snack foods; vegetable-based meat substitutes

**Class 30**

(14) Coffee, tea, cocoa, bread; pastry; honey; salt; mustard; vinegar; sauces, namely pasta sauce and tomato sauce; spices; cereal based snack foods; ready-to-eat cereals; candy; chocolate; ices; cookies, unpopped popcorn, salsa, pizza, tea bags, ice cream, frozen yogurt and sorbet, pretzels, pasta, hot chocolate, salad dressings, seasonings, bakery goods, namely cakes, cookies, pies, bread, baked desserts, cakes mixes, cookies mixes, bread mixes, pie mixes; chocolate-based

beverages, coffee-based beverages, tea-based beverages, crackers, grain-based snack foods; rice-based snack foods; chocolate topping, flavorings; table syrup; frozen confections; gravy; mixes for bakery goods; popcorn; frozen dough for use as pizza; marinades

**Class 32**

(15) Beer; bottled water; aerated water; mineral water; seltzer water; soda water; flavored waters; ginger ale

**Class 33**

(16) Alcoholic beverages except beers, namely vodka, tequila, whiskey, bourbon and rum; alcoholic cocktail mixes; cooking brandy; cooking wine

**Class 34**

(17) Tobacco; cigars; cigarettes; ashtrays; cigar and cigarette boxes, cigar and cigarette cases, lighters, and holders; cigar cutters; smoking pipes; smoking pipe cleaners; smoking pipe racks; pipe pouches; tobacco pouches and tins; match boxes; matches

**Services****Class 38**

(1) Streaming of television programs in the field of music, musical entertainment, dramatic entertainment and variety shows via the Internet

**Class 41**

(2) Providing newsletters and alerts, namely, news and information in the field of music, entertainment, and musical artists and film via e-mail; fan club services, namely providing an online community forum, newsletters, early ticket reservations and early access to new musical releases to fan club members; gaming services, namely casino gaming and online gaming; entertainment services, namely, development, distribution and production of ongoing radio and television programs in the field of music, musical entertainment, dramatic entertainment and variety shows; entertainment services, namely, development, distribution and production of musical shows, theatre productions, plays, dance performances, variety shows, nightclub entertainment events, parties, and festivals

**Class 42**

(3) Hosting an on-line community website for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking

**Class 43**

(4) Hotel and motel services; catering; restaurant services; bar services

### Goods

#### Class 09

(1) Computer games; video games; downloadable software for playing computer games via web browser, gaming console, cellular phone, and wireless handheld units for playing video games; software for playing video games; downloadable computer games provided through a global computer network, supplied by means of multi-media electronic broadcast, through telecommunications and electronic transmission, and via the internet; computer games and video games recorded on computer readable media; computer software for operating computer games on the internet; computer games software for playing online betting games, online prize games, online gambling games, online games of skill and online casino games; calculators in coin-operated amusement electronic games and parts therefor; games software for playing games on casino games, amusement arcade games, gaming machines, slot machines, and video lottery gaming machines; coin and banknote proofing machines and machines for verifying identification cards and credit cards; gaming software that generates and displays wager outcomes of gaming machines.

#### Class 28

(2) Gaming machines; games for amusement arcades; coin-operated video gaming machines, networked and unnetworked; video games consoles adapted for use with external screens and monitors only; casino fittings, namely roulette tables, roulette wheels; automatic lottery draw machines; coin-operated automatic gaming machines and gaming machines, in particular for gaming arcades, with and without a prize payout; electronic and electrotechnical gaming machines, games machines and slot machines, networked and unnetworked, operated by coins, tokens, banknotes, tickets and by means of electronic, magnetic and biometric storage media, in particular for commercial use in casinos and amusement arcades, with and without a prize payout; automatic gaming machines and gaming machines, in particular for commercial use in casinos and gaming arcades, with and without a prize payout; coin-operated gaming machines and electronic money-based gaming machines, with and without prizes; housings adapted for gaming machines and automatic gaming machines, networked and unnetworked, operated by means of coins, tokens, tickets and by means of electronic, magnetic and biometric storage media, in particular for

commercial use in casinos and gaming arcades, with and without a prize payout; machines, networked and unnetworked, for selecting winners in prize games and lotteries, draws and raffles; housings of metal, plastic and wood for coin-operated gaming machines; gaming tables, in particular for table football, billiards, sliding games; quoits and darts; electric, electronic and electromechanical machines for bingo games, lotteries and video lottery games and for betting offices, networked and unnetworked; LCD games consoles; automatic gaming machines; apparatus for accepting and storing money, being a component of gaming machines.

### Visual Representation

### Colour Claim

Colour is claimed as a feature of the trade-mark. The mark consists of the term 'ADEY' in purple with the middle bar in the 'A' in red.

### Goods

#### Class 01

(1) Chemical products, namely, antifreeze; chemicals and chemical preparations for cleaning heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; radiator flushing chemicals; chemical preparations for preventing scale formation; chemical compositions for use in preventing, controlling and removing scale from heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical additives for preventing scale and sludge formation; chemical products and additives for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes to prevent and inhibit corrosion; chemicals and chemical preparations for use in flushing, sediment control, sediment removal, scale control and scale removal, scale and sludge deposit control and scale and sludge deposit removal in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical additives for the prevention of sedimentation in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; scale inhibiting chemical preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; scale inhibiting chemicals for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical products and preparations to inhibit and prevent the formation of corrosion, sludge and scale in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

#### Class 02

(2) Corrosion inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; corrosion inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; anti-corrosion preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

### **Class 03**

(3) Cleaning preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; cleaning preparations for use in connection with the cleaning, flushing, removal of sediment and de-scaling of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

### **Class 05**

(4) Fungicidal preparations; biocidal preparations; preparations for preventing, removing and destroying bacterial and fungal growth; preparations for preventing, removing and destroying algae and microorganisms; preparations for minimizing bacterial and fungal growth; fungicides; biocides; biocides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; fungicides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; biocides for use in underfloor and cooling systems; fungicides for use in underfloor and cooling systems

### **Class 06**

(5) Common metals and their alloys; metal valves for use in and in connection with water filters; metal valves for use in and in connection with magnetic and non-magnetic water filters; metal valves for use in and in connection with power flushing filters; metal valves for use in and in connection with power flushing filters being parts of household and industrial installations; metal valves for water pipes

### **Class 07**

(6) Bleed valves for use in and in connection with apparatus and installations for heating and water supply; bleed valves for use in and in connection with central heating apparatus and installations; bleed valves for use in and in connection with filters; bleed valves for use in and in connection with filters being parts of household and industrial installations; bleed valves for use in and in connection with magnetic and nonmagnetic filters; bleed valves for use in and in connection with magnetic and non-magnetic filters being parts of household and industrial installations; bleed valves for use in and in connection with power flushing filters; bleed valves for use in and in connection with power flushing filters being parts of household and industrial installations; radiator agitators; power drill bits; bits for hammer drills; drill bits for rotary power tools

### **Class 09**

(7) Water testing instrumentation for monitoring and detecting contamination in central heating systems; apparatus and instruments for testing and monitoring central heating water; apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; programmable electronic controllers for

heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; remote controls for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; temperature and energy controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; thermostats; thermal sensors for use in thermostats; computer software for the control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; computer software for the control and monitoring of central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; interactive computer software accessible electronically, via computers and mobile telephones, for control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; computer software applications for control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; mobile phone applications for control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; smart control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

### **Class 11**

(8) Filters as a part of household and industrial heating systems and central heating systems; magnetic filters as a part of household and industrial heating systems and central heating systems; non-magnetic filters as a part of household and industrial heating systems and central heating systems; power flushing filters as a part of household and industrial heating systems and central heating systems; Magnetic and non-magnetic filters for use in association with central heating systems; power flushing filters for use in association with central heating systems; water filtration apparatus, namely water filtering units for domestic and industrial use; temperature sensors and thermostatic valves for heating apparatus; scale reducers, namely electrolytic cells for reducing and preventing scale deposits in water and electrolytic water conditioning units; water treatment apparatus and installations, namely water conditioning units to prevent the accumulation of sediment and limescale; metal valves for use in and in connection with apparatus and installations for heating and water supply; metal valves for use in and in connection with central heating apparatus and installations; dosing valves for use in and in connection with apparatus and installations for heating and water supply; dosing valves for use in and in connection with central heating apparatus and installations; dosing valves for use in and in connection with water filters; magnetic filters for the cleaning and maintenance of central heating systems and fluid contained therein; power flushing magnetic filters for the cleaning and maintenance of central heating systems and fluid contained therein

### **Services**

#### **Class 35**

(1) Advertising the goods and services of others; business management; business administration; arranging, hosting, organizing and conducting of trade show exhibitions and events on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters

and filtration and the installation and design thereof for commercial, marketing and promotional purposes; administration of a loyalty and incentive program for professional contractors; operation of loyalty, incentive and bonus programs; operation, management and administration of loyalty programs and rewards programs; operation, management and administration of loyalty programs and rewards programs via data communications and mobile communications networks; loyalty scheme services provided by a digital platform and website; organisation, management, operation and supervision of customer loyalty, incentive and promotional schemes; provision and dissemination of advertising, marketing and publicity materials for others; customer buying club services, for commercial, promotional and advertising purposes; installer club loyalty program to reward registered installers for purchasing heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and for the installation of these products for commercial, promotional and advertising purposes, all of the aforementioned services being on the subject of and relating to heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations, filters and filtration and the installation and design thereof; retail services connected with chemical preparations for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemicals and chemical preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with radiator flushing chemicals and scale removing preparations; retail services connected with chemical compositions for use in preventing, controlling and removing scale from heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical products and additives for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes to prevent and inhibit corrosion; retail services connected with chemicals and chemical preparations for use in sanitizing, flushing, sediment control, sediment removal, scale control, scale removal, deposit control and deposit removal in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical additives for the prevention of sedimentation; retail services connected with chemical additives for the prevention of sedimentation in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with scale inhibiting preparations; retail services connected with scale inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical inhibitors; retail services connected with chemical inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical products and preparations to inhibit, prevent and remove corrosion, sludge and scale; retail services connected with chemical products and preparations to inhibit and prevent the formation of corrosion, sludge and scale in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with corrosion inhibiting preparations; retail services connected with corrosion inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with corrosion inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with anti-corrosion preparations; retail services connected with anti-corrosion preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with cleaning products and preparations; retail services connected with cleaning products and preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with cleaning products and preparations for use in connection with the cleaning, flushing, removal of sediment and descaling of heating systems, central heating systems,

cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicidal preparations and biocidal preparations; retail services connected with preparations for preventing, removing and destroying bacterial and fungal growth; retail services connected with preparations for preventing, removing and destroying algae and micro-organisms; retail services connected with preparations for minimizing bacterial and fungal growth; retail services connected with fungicides and biocides; retail services connected with biocides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with biocides for use in underfloor and cooling systems; retail services connected with fungicides for use in underfloor and cooling systems; retail services connected with common metals and their alloys; retail services connected with unwrought and semi-wrought iron and steel products; retail services connected with metal building materials and items of metal hardware; retail services connected with valves of metal other than parts of machines; retail services connected with valves of metal for controlling the flow of water, liquid, gas and air; retail services connected with metal valves for use in and in connection with apparatus and installations for heating and water supply; retail services connected with metal valves for use in and in connection with central heating apparatus and installations; retail services connected with metal valves for use in and in connection with filters; retail services connected with metal valves for use in and in connection with filters being parts of household and industrial installations; retail services connected with metal valves for use in and in connection with magnetic and non-magnetic filters; retail services connected with metal valves for use in and in connection with magnetic and non-magnetic filters being parts of household and industrial installations; retail services connected with metal valves for use in and in connection with power flushing filters; retail services connected with metal valves for use in and in connection with power flushing filters being parts of household and industrial installations; retail services connected with drain valves; retail services connected with metal valves for draining water, liquid, gas and air; retail services connected with mechanical dosing apparatus and equipment; retail services connected with dosing apparatus and equipment for controlling the flow of water, liquid, gas and air; retail services connected with venting apparatus and equipment; retail services connected with venting apparatus and equipment for controlling the flow of water, liquid, gas and air; retail services connected with mechanical control valves and dosing valves; retail services connected with dosing valves for use in and in connection with apparatus and installations for heating and water supply; retail services connected with dosing valves for use in and in connection with central heating apparatus and installations; retail services connected with dosing valves for use in and in connection with filters; retail services connected with dosing valves for use in and in connection with filters being parts of household or industrial installations; retail services connected with dosing valves for use in and in connection with magnetic and non-magnetic filters; retail services connected with dosing valves for use in and in connection with magnetic and nonmagnetic filters being parts of household and industrial installations; retail services connected with dosing valves for use in and in connection with power flushing filters; retail services connected with dosing valves for use in and in connection with power flushing filters being parts of household and industrial installations; retail services connected with bleed valves; retail services connected with bleed valves for use in and in connection with apparatus and installations for heating and water supply; retail services connected with bleed valves for use in and in connection with central heating apparatus and installations; retail services connected with bleed valves for use in and in connection with filters; retail services connected with bleed valves for use in and in connection with filters being parts of household and industrial installations; retail services connected with bleed valves for use in and in connection with magnetic and non-magnetic filters; retail services connected with bleed valves for use in and in connection with magnetic and non-magnetic filters

being parts of household and industrial installations; retail services connected with bleed valves for use in and in connection with power flushing filters; retail services connected with bleed valves for use in and in connection with power flushing filters being parts of household and industrial installations; retail services connected with agitators, agitators being parts of mechanical appliances, radiator agitators, drill bits, bits for hammer drills, drill bits for rotary power tools, attachments for drills, attachments for SDS (special direct system) drills and attachments for hammer drills; retail services connected with apparatus and instruments for magnetic filtration, magnetic filters and power flushing magnetic filters; retail services connected with water testing apparatus and instruments, water monitoring apparatus and instruments, apparatus and instruments for testing and monitoring central heating water; retail services connected with apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with apparatus and instruments for monitoring and testing the efficiency, performance and consumption of heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with checking, monitoring and controlling apparatus for heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with checking, monitoring and controlling apparatus for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; retail services connected with programmable electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; retail services connected with remote control apparatus, systems, devices and installations for use with heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with temperature and energy controls for central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; retail services connected with thermostats, thermostat control apparatus, thermal sensors for use in thermostats, thermal controls, boiler control apparatus communications controllers and computer software; retail services connected with computer software for heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with computer software for the control and monitoring of heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with interactive computer software accessible electronically, via computers and mobile telephones; retail services connected with computer software applications, mobile phone applications, control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes and smart control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus, equipment and instruments for measuring the efficiency, performance and consumption of heating apparatus, systems, devices and installations; retail services connected with apparatus and installations for heating and water supply; retail services connected with central heating apparatus and installations; retail services connected with filters being parts of household and industrial installations for heating, central

heating, water storage, water supply and cooling; retail services connected with magnetic filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with non-magnetic filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with power flushing filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with magnetic filters being parts of central heating apparatus and installations; retail services connected with non-magnetic filters being parts of central heating apparatus and installations; retail services connected with non-magnetic filters being parts of central heating apparatus and installations; retail services connected with power flushing filters being parts of central heating apparatus and installations; retail services connected with filters being for use in central heating systems; retail services connected with magnetic filters being for use in central heating systems; retail services connected with non-magnetic filters being for use in central heating systems; retail services connected with power flushing filters being for use in central heating systems; retail services connected with water filtration apparatus and installations; retail services connected with water filtration apparatus and installations for heating, central heating, water storage, water supply and cooling; retail services connected with water filtration apparatus and installations for central heating apparatus and installations; retail services connected with water treatment apparatus for water purification and water softening; retail services connected with water treatment apparatus for water purification and water softening for domestic use; retail services connected with water treatment apparatus for water purification and water softening for central heating apparatus and installations; retail services connected with water treatment filters; retail services connected with temperature sensors and thermostatic valves for heating apparatus; retail services connected with scale reducing apparatus and installations; retail services connected with scale reducing apparatus and installations for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with scale inhibitors; retail services connected with scale inhibitors for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with scale reducers; retail services connected with scale reducers for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with water treatment apparatus and installations; provision of warranty programs, specifically warranty claims administration services, namely, processing warranty claims for heating apparatus, installations and systems and filters therefor

### **Class 36**

(2) Provision of warranties, namely, home warranty administration in the field of heating apparatus, installations and systems and filters therefor; extended warranty services, namely providing extended warranties on heating apparatus, installations and systems and filters therefor

### **Class 37**

(3) Installation, maintenance and repair of heating systems, central heating systems and filters; heating system cleaning and flushing services; central heating system cleaning and flushing services; information services relating to the installation, repair and maintenance of heating systems; information services relating to the installation, repair and maintenance of central heating systems and filters; information services relating to the provision of heating system and central heating system cleaning services; information services relating to the provision of heating system and central heating system cleaning and flushing services; provision of technical support in relation to the installation, maintenance, repair, cleaning and flushing of heating systems, central heating systems and filters; providing information in relation to the installation, maintenance, repair, cleaning and flushing of heating systems, central heating systems and filters from a database and website

**Class 38**

(4) Provision of access to a global computer network for monitoring, measuring, reporting and controlling heating systems, central heating systems, cooling systems, boilers, filters, heaters, radiators, pumps and pipes; provision of access to a global computer network for monitoring, measuring, reporting and controlling the efficiency, performance and consumption of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; e-mail transmission services; providing access to electronic publications and databases on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof supplied online; providing access to a web log on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; providing access to internet chat rooms; digital text messaging services; communication services, namely, providing push notifications and rich digital text message notifications on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof to mobile phones, smart phones, computers and handheld computers; electronic mail services; providing an interactive online forum for the transmission of messages and user generated content among computer users; providing multiple user access to a global computer information network for the transfer and dissemination of a wide range of information and services; providing online forums for transmission of messages among computer users; providing online chat rooms, electronic bulletin boards and electronic discussion boards for the transmission of messages

**Class 39**

(5) Transportation of goods by air, truck and rail; merchandise packaging and warehouse storage; transport and delivery of heating, ventilation, air conditioning and water supply apparatus, systems and devices and filters; transport and storage of heating, ventilation, air conditioning and water supply apparatus, systems and devices and filters

**Class 41**

(6) Instruction on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; training on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; professional training on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; training and education in relation to continuing professional development on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; arranging, hosting, organizing and conducting of events, courses, conferences, conventions, exhibitions, seminars, lectures, competitions, congresses and workshops on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; publication of education and training journals, books and handbooks on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; providing online electronic publications on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof

**Class 42**

(7) Chemical analysis and scientific research in the fields of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration; design of heating, ventilation, air conditioning and water supply apparatus, systems and devices and filters; chemical

research services; creation, maintenance and hosting of websites; installation, maintenance and repair of computer software, computer programs and computer systems; preparation of technical reports in the fields of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration; providing online reports relating to the monitoring, reporting and controlling of heating apparatus, devices, installations and systems

**Claims**

Priority Filing Date: March 24, 2017, Country or Office: UNITED KINGDOM, Application No: UK00003220783 in association with the same kind of goods and in association with the same kind of services

### Goods

#### Class 01

(1) Chemicals used in industry and science, namely chemical additives for fuel treatment; unprocessed artificial resins; unprocessed synthetic resins; unprocessed artificial and synthetic mineral resins; unprocessed plastics; fire extinguishing compositions; synthetic resin adhesives for industrial use.

#### Class 04

(2) Combustible fuels for motors and engines; combustible fuels made from rocket fuels for motors and engines; motor fuels; combustible fuels and fuels for rocket propulsion.

#### Class 06

(3) Common metals and their alloys; refractory metal construction materials; structured composite materials, essentially equipped with a matrix made of metal, in the form of panels, sheets, blocks, rods, tubes, bars and plates for aerospace, aviation and aeronautics; carbonaceous composite materials, essentially equipped with a matrix made of metal, in the form of panels, sheets, blocks, rods, tubes, bars and plates for aerospace, aviation and aeronautics; laminated materials made of successive layers of elastomers and metal or composite frames, namely plates, grates, sheets, tubes, columns, bars, beams and bricks of metal for space vehicles, their constituent parts and pieces; explosive-plated common metals; metal spatial structures.

#### Class 07

(4) Airplane engines; aircraft engines; spacecraft engines; rocket engines; motors for space launchers; propelling systems and mechanisms for aeronautical and space vehicles and their constituent parts, namely motors and engines, thrusters, nacelles, thrust reversers; turbines for jet engines; turbochargers; aeronautical nozzles; mixers for aerospace propulsion; blowing machines for the compression, blowing and transport of gases; industrial machines in the fields of aeronautics and space, namely machines for the manufacture of airplane engines and rocket engines; machines for producing composite and non-composite components in the fields of aeronautics and space; machines for producing and repairing parts for use in aeronautical and spatial propulsion systems; machines and machine tools for dismantling materials and equipment containing energetic materials; gas generators for motor vehicles.

#### **Class 09**

(5) Measuring apparatus and instruments namely apparatus and instruments for measuring weight and resistance of materials, and sensors for measuring pressure; checking apparatus and instruments, namely electronic control systems for rocket and satellite launching; detection apparatus and instruments, namely electromagnetic wave detectors, motion sensors and fire and smoke detectors; electric sensors for measuring pressure; electronic sensors for measuring pressure; magnetic sensors; electric, electronic and magnetic sensors for pressure, speed, movement, temperature, position or vibration; scientific apparatus for measuring the mechanical properties of materials; laboratory instrument for measuring and controlling the wear of materials; scientific apparatus for the detection and measurement, enabling the monitoring and tracking the wear of materials; data processing hardware; computers; computer software for rocket and satellite launching for others; computer software containing launch calculation codes for aerospace propulsion systems and mechanisms; computer software for designing, testing, planning and monitoring facilities for dismantling materials and equipment containing energetic materials; downloadable computer software applications for mobile telephones for rocket and satellite launching for others; downloadable electronic publications in the form of magazines and journals; computer hardware for telecommunications; satellites.

#### **Class 12**

(6) Apparatus for locomotion by air, namely airplanes, rocket thrusters; aircraft and their constituent parts and pieces; space vehicles and their constituent parts and pieces; aerial conveyors and their constituent parts and pieces; launch vehicles for space vehicles and rockets; braking devices for air vehicles; satellites for transport; airbags for vehicles; seat belts.

#### **Class 13**

(7) Pyrotechnic products, namely pyrotechnic devices; pyrotechnic compositions for rocket propulsion; propelling pyrotechnic mixtures for rocket engines; propulsive powders and solid propellants, namely rocket fuels for rockets; rockets; signal rockets; pyrotechnic detonating cords; pyrotechnic charges; pyrotechnic devices; pyrotechnic gas generators.

#### **Class 17**

(8) Structural composite materials, essentially with a matrix of plastic in the form of panels, foils, blocks, rods, tubes, bars and sheets for industrial and manufacturing use; carbonaceous composite materials, essentially with a matrix of plastic in the form of panels, foils, blocks, rods, tubes, bars and sheets for industrial and manufacturing use; insulating refractory materials; thermal protection systems and devices for protection against heat in the form of superstructures and coatings; heat shields; packing materials; insulating materials, namely electrical, thermal and acoustic insulation; materials for preventing heat radiation; insulation materials for space vehicles, airplanes, rocket thrusters, launch vehicles for space vehicles and rockets and satellites for

transport; insulating materials for space vehicles, their constituent parts and pieces; erosion-resistant thermal protection, namely semi-finished products made from for synthetic or artificial, mineral or organic resins, resistant to thermal or thermomechanical erosion, designed to coat and thermally protect (high temperatures) various structures that such as doors, bulkheads, piping or thruster nozzles.

### **Class 19**

(9) Materials, not of metal, for building and construction, namely plates, grates, sheets, tubes, columns, bars, beams and bricks not of metal for space vehicles, their constituent parts and pieces; structural composite materials, essentially equipped with a ceramic matrix, namely plates, grates, sheets, tubes, columns, bars, beams and bricks not of metal consisting primarily of structural composite materials for space vehicles, their constituent parts and pieces; carbonaceous composite materials, essentially equipped with a ceramic matrix, namely plates, grates, sheets, tubes, columns, bars, beams and bricks not of metal consisting primarily of carbonaceous composite materials for space vehicles, their constituent parts and pieces; composite materials equipped with a ceramic matrix, namely plates, grates, sheets, tubes, columns, bars, beams and bricks not of metal consisting primarily of ceramic materials for space vehicles, their constituent parts and pieces; non-metal refractory building materials, namely plates, grates, sheets, tubes, columns, bars, beams and bricks not of metal for building.

### **Services**

#### **Class 37**

(1) Construction supervision; building construction in relation to the fields of aviation, aerospace and aeronautics; upkeep, repair and maintenance of vehicles for locomotion by air; repair, maintenance and dismantling services in the field of vehicles and apparatus for locomotion by air, as well as their engines and constituent parts; maintenance and repair of spacecraft; installation, maintenance and repair of data processing equipment; installation, maintenance and repair of computer hardware for telecommunications; installation, maintenance and repair of satellites; refuelling of air or space vehicles; in-flight refuelling of air vehicles.

#### **Class 39**

(2) Transportation by space vehicle; air transportation of goods; travel arrangement; aircraft chartering; rental of space and air vehicles; traffic information; air traffic control services; airport parking; GPS navigation services; storage of spacecraft, aircraft, helicopters and airplanes and their replacement parts, for others; satellite launching; launching and placing of satellites into a predetermined orbit, for others; rescue services, recovery, towing and rescue of vehicles, rockets and airplanes.

#### **Class 42**

(3) Engineering services in the fields of aerospace, aviation, aeronautics, composite materials and energy equipment; analysis and expertise services in the fields of aerospace, aviation, aeronautics, composite materials and energy equipment; scientific and industrial research in the fields of aerospace, aviation, aeronautics, composite materials and energy equipment; chemical research; technical project studies; machine testing; material testing; flight testing of airplanes, helicopters and spacecraft; testing of aerospace vehicle systems, equipment and parts; technical inspection of aerospace vehicle systems, equipment and parts; analysis, expertise and processing of the acquisition of data recorded during testing trials for aerospace vehicle systems, equipment and parts; design of spatial structures; development (design), installation, maintenance, updating and rental of computer software; computer programming; design and maintenance of databases; research and development of new products for others.
