Trademarks Journal

Vol. 67 No. 3436

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Insurance services; financial and monetary services, namely financial management, financial planning, financial research, and mortgage lending; credit card services; debit card services; charge card services; bill payment services by means of an electronic communications network; real estate services, namely, real estate listing services, and real estate listing services for others; providing information in the field of real estate listings via the internet; real estate brokerage; financial services, namely, providing on-line stored value electronic accounts in an electronic environment; cash management services, namely, cash disbursement services and transaction authorization, financial transaction authorization and debt settlement services; electronic commerce payment services, namely, establishing funded accounts used to purchase goods and services on the Internet; insurance and warranty services, namely, underwriting warranty and extended warranty contracts relating to the maintenance, repair, installation and updating of computer hardware, computer peripherals, computer networks and consumer electronic devices; insurance and warranty services, namely, underwriting warranty and extended warranty contracts relating to the maintenance, installation and updating of computer software; providing extended warranties on computer hardware, computer peripherals, computer networks, consumer electronic devices and computer software.

Class 37

(2) Technological services, namely, maintenance, installation and repair of computer hardware, mobile phones, smart phones, personal digital assistants, electronic book readers, tablet computers and laptop computers; technological services, namely, maintenance, installation and repair of computer peripherals, namely computer mice, computer keyboards, computer monitors, computer printers, CD-ROM drives, microphones, webcams, computer speakers, computer disk drives, USB flash drives, computer joysticks, and computer touchscreens.

Class 38

(3) Providing access to a website that gives users the ability to utilize a custom template to provide input, likes, dislikes, edits, changes, modifications, opinions, suggestions, and comments and engage in social, business and community networking; computer services, namely, providing online interactive electronic bulletin boards for the transmission of messages among users in the fields of comic book publishing, and entertainment and the entertainment industry, namely movies, television, music, books, theatre, literary works (namely books, magazines, periodicals, and journals), sporting events, recreational activities, leisure activities, sports tournaments, art, dance, musicals, art exhibitions, sports instruction, clubs, radio, comedy, contests, video games, video gaming, festivals, museums, parks, cultural events (namely ethnic festivals, wine festivals, dance festivals, food festivals and music festivals), concerts, book and desktop publishing, animation, current events, fashion, hobbies, culture and sports; providing access to third party online searchable databases and third party non-downloadable software applications containing a variety of information and data in the field of literature, history, language, liberal arts, math, business, natural science, social science, computer technology, hobbies, popular culture, sports, arts, psychology and philosophy available on a global computer network; providing access to a web site that gives computer users the ability to transmit, cache, receive, download, stream, broadcast, display, format, transfer and share photos, pre-recorded video clips, text messages, graphics, digital still images and other electronic works, namely periodicals, books, magazines, newsletters, brochures, booklets, pamphlets, manuals, journals and catalogues; providing access to an online network that enables users to access and share user-generated content, text, pre-recorded visual files (namely photos, graphics and images), music and audio books, movies, television shows, video games, literary works, files, documents and other electronic works, namely periodicals, books, magazines, newsletters, brochures, booklets, pamphlets, manuals, journals and catalogues; providing access to a web site that gives computer users the ability to transmit, cache, receive, download, stream, broadcast, display, format, transfer and share user-generated content, text, photos, graphics and images, music, audio books, movies, television shows, video games, literary works (namely books, magazines, periodicals, and journals), graphics, files, documents and electronic works, namely periodicals, books, magazines, newsletters, brochures, booklets, pamphlets, manuals, journals and catalogues; providing access to a website that gives users the ability to review printed publications, namely books, comic books, periodicals, magazines, newsletters, brochures, booklets, pamphlets, manuals, journals and catalogues, photographic, graphic image, and music, audio books and movies, television shows, and video games; providing access to online facilities, namely a website that enables users to access and download third party computer software.

Class 42

(4) Technological services, namely, maintenance, installation and repair of computer software; technological services namely, providing real-time live technical support services on computer hardware, mobile phones, smart phones and personal digital assistants; technological services namely, troubleshooting of computer hardware, computer software, and consumer electronic devices, namely mobile phones, smart phones, personal digital assistants, electronic book readers, tablet computers and laptop computers; technological services namely, troubleshooting of computer peripherals, namely computer mice, computer keyboards, computer monitors, computer printers, CD-ROM drives, microphones, webcams, computer speakers, computer disk drives, USB flash drives, computer joysticks, and computer touchscreens; technological services namely, remote management of information on and configuration of computer hardware, mobile phones, smart phones and personal digital assistants; technological services namely, providing technical consulting services in the fields of utilization and management for mobile phones, smart phones, personal digital assistants, electronic book readers, tablet computers and laptop computers,

electronic publishing, software, communications networks, computer databases, software applications, and consumer electronic devices, namely mobile phones, smart phones, personal digital assistants, electronic book readers, tablet computers and laptop computers; technological services namely, application services provider (ASP) services featuring application programming interface (API) software to support the development of software applications and games for users of computer hardware, mobile phones, smart phones and personal digital assistants; design and development of computer hardware and software; providing temporary use of on-line non-downloadable software and applications for accessing streaming audio and video files, games, social networks, text files and multimedia files; design and development of computer game software; video and computer game design and development services; providing temporary use of on-line non-downloadable software development tools for the design and development of electronic games; providing temporary use of on-line non-downloadable software and applications for accessing streaming audio and video files, games, social networks, text files and multimedia files; video game development services; technical support services, namely, troubleshooting of computer game software problems; application service provider (ASP) featuring software for use in relation to visual images, namely, software for digital animation and special effects of images, video games, and motion pictures; application service provider (ASP) featuring application programming interface (API) software namely software for the streaming, storage, and sharing of video games, content, data and information, namely, photographs, illustrations, pre-recorded audio files, pre-recorded audio and video files, text, movies, television shows, music; providing temporary use of on-line non-downloadable cloud computing software for use in electronic storage of user-generated or user-selected digital data for third parties; computer software development in the field of mobile applications; application service provider, namely, hosting, managing, developing, and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, mobile communications, information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; online hosting of third party content; providing Internet search engines; providing search platforms to allow users to request and receive photos, videos, text, data, images and electronic works; interactive hosting services which allow users to publish and share their own photos, videos, text, data, images online; maintenance and updating of software relating to computer, Internet and password security; providing information in the field of astronomy, weather, the environment, interior design, computer technology, computers, software, computer peripherals, computer hardware, geology, mechanical engineering, civil engineering, electrical engineering, chemical engineering, architecture, genealogy, medical research, and product research and testing via the internet or other computer or communications networks; design and development of computer software; computer software installation and maintenance for third parties; providing technical information in the field of computer software and hardware via a website; computer consulting services in the fields of computer hardware, computer software, computer software applications, and computer networks; computer consulting in the field of configuration management for portable and handheld electronic devices; technical support in the nature of troubleshooting, namely diagnosing computer hardware and software problems; computer programming; document data transfer from one computer format to another; hosting of web sites featuring digital content on global computer networks, wireless networks, and electronic communications networks; providing search platforms to allow users to request and receive, content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; providing temporary use of online non-downloadable computer software that generates customized recommendations of software applications based on user preferences.

Class 45

(5) Computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking all in the field of entertainment and the entertainment industry; creating an online community for users to participate in discussions, obtain feedback, form virtual communities, and engage in social networking.

Class 01

(1) Filtering media of chemical and non-chemical substances for use in the purification of liquids, air and gases; chemical surface coating compositions, other than paints, namely, for protecting machines, vehicles, industrial installations and metal structures, and parts thereof, from corrosion, rust and damage; adhesives for industrial use; curing preparations, namely, chemical preparations for curing (hardening) putties, fillers and pastes for repairing construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof, in particular conveyor belts and power belts; antifreeze; fire extinguishing compositions; coolants for vehicle motors, engines and radiators; coolants for machine motors, engines and radiators; electrolytes and water for batteries; hydraulic fluids; chemical additives for fuels, combustibles, lubricants and industrial oils; chemicals for purifying exhaust gases from internal combustion engines; chemicals for reducing the emission of pollutants in exhaust gases from internal combustion engines; detergents for use in manufacture and industry; urea, namely, aqueous urea solutions for selective catalytic reduction to reduce the output of pollutants in exhaust gases from internal combustion

engines; chemical releasing agents, namely, for preventing construction materials from sticking to parts of machines, vehicles and industrial installations; chemical releasing agents, namely, for preventing parts of machines, vehicles and industrial installations from sticking to other parts of machines, vehicles and industrial installations; chemical preparations for preventing adhesion of bitumen on rubbery tyres; chemical substances for preventing corrosion of machines, vehicles, industrial installations and metal structures, and parts thereof; chemicals for welding; chemical welding protection paste; chemical welding powder; chemical preparations for cleaning purposes in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; chemical additives for vehicle and machine coolants; anti-rust and anti-corrosion preparations for preserving metal and construction materials; organic welding protection paste; mineral welding powder; ammonium salts, de-icing salt, halides and halogen acid salts; unprocessed and synthetic resins; putties, fillers and pastes for use in asphalt and concrete mixing; putties, fillers and pastes for repairing the body of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof; tire sealing compounds; contact cement

Class 04

(2) Industrial oils, namely, engine oils, hydraulic oils and lubricating oils; industrial oils, namely, transformer oils, in particular for magnetic separators; motor oil; gear oil; industrial lubricants; dust removing preparations; non-chemical additives for fuels, combustibles, lubricants and industrial oils; fuels, namely, gasoline, petrol and diesel fuels; lighting fuels; industrial greases, waxes; non-chemical additives for oils and greases; fire igniters

Class 06

(3) Metal goods, namely, cable channels (non-electric), clamping sleeves, bushings, ladders, staircases, scaffolding, balustrading, struts, supporting struts, supporting brackets, hand gear, springs, compression springs, ropes, thread inserts, flanges, hinges, strap-hinges, protecting parts for tool holder systems, crimp contacts, belt connectors, cans for lubricants and industrial oils and greases, spring steel strips for sealing tamper bars, rods and stakes for ropes and wires, bayonet caps, slotted screens, harp screens, piston seals, cabins, valves, valve blocks and slide valves of metal (other than parts of machines), beams, skids for protecting machine parts, flanges, strip steel, sliding shoes for road paving machines, skids as parts of machines, deflectors for protecting machine parts, spacer brackets of metal, mechanical seals of metal, metal machine pulleys, metal building materials, namely, reinforcing materials, refractory construction materials, road construction materials, sheets, panels, slabs, walls, wall claddings, claddings, beams, poles and ceiling supports, metal tanks, namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil; metal pressure vessels, silos, metal containers for storage, packaging and transport, metal transportation boxes, metal storage boxes, metal packaging boxes, reservoirs, bins, safety cashboxes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids, metal cables (nonelectric) namely, actuating cables and Bowden cables, wires (non-electric), chains (except jewelry), metal rings, namely, piston rings, ball rings for bearings, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers and washers for wheels, prefabricated metal buildings, namely portable mobile office buildings and portable mobile storage buildings, keys, key rings, metal door handles for machines, industrial installations and vehicles; tool handles of metal; metal hand gear for machines, industrial installations and vehicles; lock bolts, metal closures for tanks, silos, containers and reservoirs; metal latch closings; metal closing caps for tool holder systems; protective metal caps for parts of machines, vehicles and industrial installations, metal rollers for roller conveyors and conveyor

belts; metal rollers for continuous tracks; metal rollers, namely, drive, return, guide, support, belt, cushioned, track, pressure and push rollers for construction, milling, recycling, stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural installations, machines and apparatus, locking rings, locking pins, cotters, metal bracings for supporting buildings, machines, vehicles and industrial installations, joists, guide tracks as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; rails, in particular sliding rails, as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; continuous tracks, crawler tracks and track pads for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; metal floor panels; metal roofing panels; metal wear panels and protection panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; straps for handling loads, pallets, nuts of metal, screws, bolts, dowels; clutch discs, shims, metal fasteners for material hoppers, conveyors, augers, screeds, exhaust systems and wear plates; metal clamps, in particular clamps for fastening irrigation spray nozzles, cable clamps and clamps for screens, metal fixing parts, namely, fish plates, wire rope clips and clips for tubes, metal plugs (bungs) for tool holder systems, adjustable metal collars for pipes, tubes, hoses, cables and irrigation spray nozzles, pipe clamps, hose clamps, bungs, labyrinth lids of metal for machines, vehicles and industrial installations, nails, cotter pins, rivets, trellises, number plates; protective metal strips for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; protective metal grilles for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; metal working and building platforms; canopies for weather protection; metal couplings and connectors for pipes, tubes, hoses and cables; wire mesh; wire mesh screens and gauzes; metal sheets and plates for the protection of parts of machines, vehicles and industrial installations; metal wear sheets and plates for machines, vehicles and industrial installations; metal sheets and plates for armoring, covering and sealing parts of vehicles, machines and industrial installations; welding rods; metal signs and signaling panels (non-luminous and non-mechanical); metal cylinders for compressed gas and liquids (empty)

Class 07

(4) Agricultural and turf removing ploughs; pumps, compressors, generators and fans as parts of machines, motors and engines; water pumps (other than hand-operated); fuel pumps (other than hand-operated); grease pumps (other than hand-operated); AC generators; alternators; industrial robots; mobile and immobile elevating and lifting work platforms; machine pulleys; electric, pneumatic and hydraulic hoists; granulating machines; engines, power transmissions and gearing for machines, namely construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; motors for windscreen wipers; machine coupling and belting; clutches for machines; hydraulic transmissions for machines; filters for engines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying

exhaust gases, coolant filters, hydraulic fluid filters and dust filters; housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; housings for filters for engines; dispensing machines, namely, rotary feeders for dispensing construction materials and bitumen; dispensing machines, namely, rotary feeders for dispensing additives for asphalt and concrete mixing processes; sweeping, cleaning, washing and rinsing machines, namely, road sweeping machines; machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste; mining machines; machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; road demolition machines; agricultural machines, namely, soil compacting machines; agricultural implements (other than hand-operated), namely, tractor-towed agricultural rollers; road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines; tunnel boring machines; soil stabilizers for road construction; milling machines, in particular road milling machines; road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines; remixers and repavers (machines for fusing, detaching, processing and relaying of road surfacing); heating machines, in particular for replastifying road surfaces; asphalt finishers (machines); asphalt paving machines; block paving machines; machines for the finishing and aftertreatment of road surfaces; concrete paving machines; slipform pavers (machines); material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; machines for feeding road construction material to road paving machines; surface miner, namely, open-cast mining machines; dinting machines, namely, underground mining machines; levelers (machines), namely, lifts and hoists for lifting and lowering machines and machine parts; machines for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste; compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste; road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste; concrete and asphalt vibrators; machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization; machines for spraying, sputtering and nebulizing water; sorting machines for sorting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste; crushing machines and installations; comminutors for solid materials; crushers; sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials or waste; electric sieves for industrial applications; sizing machines; mixing machines and installations, in particular concrete and asphalt mixing machines and installations; concrete, asphalt, soil and rock agitators; machines for apportioning asphalt, concrete, bitumen and binding agents; machines for apportioning bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag and metal for road construction and building construction; machines for apportioning filling materials for asphalt mixing; machines for filtering air, oil, fuel, coolants, hydraulic fluids and water; cranes; power operated jacks; agitators for circulating liquid media; conveyors; conveyor belts; conveyor chains; bucket conveyors; hopper loaders (machines); winches; electrical, hydraulic and pneumatic lifting work platforms; electrical, hydraulic and pneumatic lifting platforms for lifting persons and materials; windlasses; parts of machines, namely, machine trowels, bits for mining machines, drill bits for rock drilling, centering drilling bits being parts of machines, dies for use with machine tools, diamond-pointed metal cutting tools, machine tools for compacting soil and earth,

machine tools for breaking up road surfaces, machine tools for crushing road surface material, agricultural machine spray nozzles, brake drums, pneumatic tires, magnetic coils, undercarriages for vehicles, chains for vehicle undercarriages, bogies for trucks, heaters for road surfaces, rubber bands, belts for machines, belt pulleys for machines, metal gutter pipes, latch bars of metal, pressure gauges, metal guide bars for mining machines, slide boxes, hubs for vehicle wheels, shock absorbing springs for vehicles, road brushes, earth moving scrapers, gratings of metal, brake linings, chisels, chisel holders, shovels, hammers, spraying booms, track rollers, axles, mufflers, pressure valves, clack valves, hydraulic valves, pneumatic valves, non-return valves, slide valves, sun screens, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, transmission shafts, driving chains, auger blades, spreading augers, drivers cabs, steering stands, mirrors, bumpers, gear wheels, fly wheels, bearing brackets, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, screed plates, hoppers, rotors, clack valves, sieves, brakes, brake linings, brake calipers and brake shoes; power tools; electric, hydraulic, mechanical and pneumatic tools (other than handoperated) for repairing machines and for changing, removal and fitting of machine parts, in particular for changing, removal and fitting of chisels, picks and padfeet; electric, hydraulic, mechanical and pneumatic tools (other than hand-operated), namely, drills, drivers, screwdrivers, hammers, ejector drifts, pumps and hot air guns; mechanical lifts and hoists for lifting and lowering machines and parts of machines; mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; mechanical hydraulic and pneumatic controls for electric, hydraulic and pneumatic systems in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; coverings for machine parts, in particular for drums and roller tires; adapted tarpaulins for use with machines; sparking plugs; starters for motors and engines; electric, pneumatic and hydraulic jacks; gas and electric welding machines; pneumatic hammers; filters for motors, namely, oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; bearing brackets for machines; machine wheels, namely, gear wheels; belts for motors; belt pulleys; driving chains and transmission shafts not for land vehicles); exhausts; mufflers; radiators and radiator caps for motors; mechanical discharging hoppers; mechanical, hydraulic and pneumatic metal loading ramps for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; elevators; parts and fittings for milling machines, in particular road milling machines; parts and fittings for asphalt finishers (machines); parts and fittings for asphalt paving machines; parts and fittings for slipform pavers (machines); parts and fittings for machines for the finishing and after treatment of road surfaces; parts and fittings for machines for crushing asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, slag, metal and waste; parts and fittings for mixing machines and installations, in particular concrete and asphalt mixing machines and installations; parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, construction materials, raw materials, valuable materials and waste; parts and fittings for road demolition machines; parts and fittings for road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines; parts and fittings for road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines; parts and fittings for soil stabilizers for road construction; parts and fittings for mining machines; parts and fittings for surface miner, namely, open-cast mining machines; parts and fittings for compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste; parts

and fittings for road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste; parts and fittings for machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization; parts and fittings for sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials and waste; parts and fittings for material feeding machines; parts and fittings for material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction; industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing; asphalt mixers; non-metallic goods, namely, grab handles for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; non-metallic goods, namely, safety valves, piston rings, ball rings for bearings, tensioner pulleys; non-metallic goods, namely, tracks and overhead tracks for sliding parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste; industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction; industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing; industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste; milling machines, in particular road milling machines; soil stabilizers for road construction; machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; machines for recycling construction materials, raw materials and valuable materials for road construction and building construction; surface miner, namely, open-cast mining machines; slipform pavers (machines)

Class 08

(5) Hand-held tools (other than hand-operated); hand tools; hand-operated implements, namely, bitumen spraying implements, fuel dosing pumps, pumps for liquids, oil cans, spray guns, filling cylinders for lubricants and industrial oils and greases, grease presses and grease guns, in particular for treatment of materials and for construction, repair and maintenance; hand-operated pumps for lubricants and industrial oils and greases; hand-operated implements for dispensing lubricants and industrial oils and greases; drums for reeling and unwinding strings and ropes; vices; hand-operated jacks; parts and fittings for hand tools; non-metallic goods, namely, tool handles of plastic

Class 09

(6) Electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition,

crushing, sifting, mixing and agricultural machines; frequency regulators; milling depth regulators; electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; switchboards; programmable logic controllers; oil level controls; power switches; electricity transformers; electric rectifiers; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images and data, namely cameras, image scanners, scanners for scanning surfaces, digital voice recorders, digital audio tape recorders, video recorders, audio transmitters and receivers, audio transformers, audio-visual transmitters and receivers, laser, infra-red and ultrasound transmitters and receivers, loudspeakers, computer display screens, touchscreens, head-up displays, sound amplifiers, antennas for radio signals, wireless LAN antennas, antennas for satellite signals, video receivers and transmitters, radio receivers and transmitters, satellite receivers and transmitters; blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, flash memory cards, USB cards, and SD memory cards; USB sticks; calculators; modems; network interface cards and computer interface cards; computer central processing units; electronic pens; light pens; touch screen pens; microprocessors; computers; computer software for onboard computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; computer software for monitoring and controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for monitoring and controlling the operation of asphalt and concrete mixing machines; computer operating software for on-board computers; computer software for on-board computers, namely, software for controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for the management, monitoring, control, operating and regulating of motors, engines and drive systems; computer software for controlling the propulsion of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for controlling the traction of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for database management; computer software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for analyzing and processing operational efficiency data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; project management computer software for the planning, controlling, management and implementation of projects in the field of construction, milling, recycling, chemical processing, soil stabilizing, spreading of construction materials, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; computer software for the management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for detecting errors and monitoring the performance of

trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for use in repair and maintenance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks; computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks; software for playing computer games; computer hardware; computer monitors; computer keyboards; computer mice; fire extinguishers; prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS); pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing navigation data; information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, LCD displays and monitors, computer and television screens and monitors, video monitors, audiovideo receivers, audio-video transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings; communication software for providing access to the Internet; cables for electricity; electromagnets; electromagnetic coils; electromagnetic separators for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste; electrical branch boxes; electric power generators; electric power converters; terminal boxes for electricity; electricity limiters; electric contacts; current converters; voltage converters; jump leads; battery chargers for charging batteries of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing

and agricultural machines; alternators; strands and wires for electricity; insulated wires for electricity; screw connections for electric cables; frequency converters and invertors; distribution cabinets, panels and boxes for electricity; electric cable channels; semiconductors; microprocessors; microcontrollers; resistors; variable resistances; electric coils; capacitors; power contactors; optical devices, equipment, enhancers and correctors, namely, optical cables, plugs for optical cables, light barriers, optical lenses, signal mirrors, optical transmitters, optical receivers, optical disc drives, optical scanners and optical sensors; safety, security, protection and signalling devices and equipment for vehicles, machines and industrial installations, namely, flashing and steady safety lights, safety bar lights, beacon lights, emergency warning lights, signal lights, sirens, light barriers, safety fuses, safety contact plugs, mechanical safety lighting signals, luminous safety lighting signals, back-up sensors, motion sensors, cameras, security and fire alarms, reversing alarms, security control panels and motion detectors, emergency signal transmitters, signal bells, signal whistles, electronic tire pressure, vibration, shock, motion, angle, temperature and voltage monitors, electrical indicators and overhang indicators; safety equipment, namely, cameras and monitors for exposing and eliminating the blind spots on both sides of vehicles, machines and industrial installations; global navigation satellite systems consisting of computers, computer software, transmitters receivers, and network interface devices for trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; navigation apparatus in the form of on-board computers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; global navigation satellite systems consisting of computers, computer software, transmitters, receivers, and network interface devices for locating and tracking movements of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; vehicle and machine tracking systems comprised of computer hardware, computer software, cellular phones, distance and motion sensors, satellite antennas, satellite receivers, satellite transmitters, radio antennas, radio receivers and radio transmitters; machines for drawing and making digital maps, including maps showing the progress and results of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; parts and fittings for machines for drawing and making digital maps; measuring, detecting and monitoring instruments, devices, appliances and controllers, namely, rotary encoders, dipsticks, measuring buckets, scanners for vehicles and machines, scanners for scanning the earth's surface, scanners for scanning the surface of parts of vehicles and machines, gauges for measuring the profile of chisels, picks and belt pulleys, pressure gauges, analog and digital multimeters, mechanical altimeters, levels, measuring instruments for measuring the thickness of pavement layers, revolution counters, digital speedometers, ammeters, infrared thermometers, frequency meters, meters for measuring the frequency and amplitudes of vibration drums, flow meters, temperature meters (not for medical purposes), hygrometers, speedometers, measuring rods for measuring lengths and distances, measuring rods for measuring fluid levels, electrical currents sensors, scales, electronic scales, weighbridges, potentiometers, meters for measuring height, measuring cups, measuring hoses, measuring tapes and tachometers; instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil; temperature regulators, namely, temperature sensors and gauges; electric and electronic apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade

sensors, cylinder sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, satellite antennas, radio antennas, computer terminals for telematics and satellite ground stations; electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; testing and quality control devices, namely, insulation continuity testers, hydraulic pressure testers, power testers, voltage testers, apparatus for measurement and quality control of soil, construction material and road surfaces, machines and apparatus for testing the consistency and quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, metal, slag and waste; computers, computer software and machines for analysing and diagnosing the condition, operation of and faults with computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; simulators for the driving and operation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines; laser, infrared and ultrasound rangefinders; laser, infra-red and ultrasound transmitters and receivers; laser and infrared diodes; power switches; electrical switches; electric control boxes, switch cabinets and control boards; electric control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and vehicles; computer joysticks; joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; levelling sensors; slope sensors; grade sensors; cylinder sensors; transducing sensors; wire-rope sensors; ultrasonic sensors; laser sensors; sensors for measuring displacement and height, in particular milling depth; shock sensors; pressure sensors; mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate; sensors for measuring drum acceleration; temperature sensors; electronic compaction density sensors; photo sensors; scanner sensors; acceleration sensors; level sensors; height sensors; electronic sensors for determining position, velocity, acceleration and temperature; light emitting diodes; horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric buzzers; luminous signs; optical reflectors; optical mirrors; radio receivers and transmitters; radio antennas; radar antennas; satellite antennas; microwave antennas; wireless LAN antennas; satellite aerials; radar transmitters; satellite transmitters; microwave transmitters; wireless LAN transmitters; radar receivers; satellite receivers; microwave receivers; wireless LAN receivers; electrostatic metal separators; remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric and electronic lifts, hoists and controllers for lifting and lowering construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric and electronic lifts, hoists and controllers for lifting and lowering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines;

oil level indicators; components for electrical circuits; connection strips for electricity; electric plugs; plugs for electric sockets; electric adapters; electric connection boxes for electric and optical cables; adapter boxes for electric and optical cables; plugs for electric and optical cables; wire end sleeves; electric connectors; electric plugs; wire end sleeves; electric relays; fuses; electrical terminal boxes; connecting terminals for electricity; battery terminals; electric diode terminals; electrical circuits and circuit boards; audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog audio tape and cassette players, audio amplifiers and audio frequency transformers and radio receivers; loud speakers; graphic equalizers; electric batteries for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric storage batteries; electric battery chargers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electrical amplifiers; protective and safety clothing for protection against accident and injury, namely, protective pants, protective jackets, protective coats, protective vests, protective gloves, protective masks, protective caps, protective hats, reflective safety jackets, reflective safety pants and reflective safety vests; protective shoes; protective helmets; eyeglasses, in particular safety glasses for protecting the eyes and sun glasses; exposed films for educational purposes; cinematographic films for educational purposes, namely, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; identification cards with embedded chips; holders for measuring rods; cases for computers, radio receivers and satellite receivers; displays, stands and signage, namely, warning signs and luminous signs for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; nonmetallic goods, namely, electric locks for vehicles and machines, mechanical locks for vehicles and machines, fastening hinges for electric cables, electrical power connectors, spools for electric wires

Class 11

(7) Heating plates; heaters for diesel engines; water spraying systems and heating radiators as parts and fittings for conveyors and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; irrigation sprinklers; dehumidifiers; industrial ovens for heating and boiling asphalt and bitumen; furnaces, not for food and beverages, namely, heating furnaces for industrial purposes, electric furnaces for industrial purposes; asphalt dryers; concrete dryers; bitumen dryers; construction material dryers; electric melting pots for tar; industrial water tanks; water pipes; water taps; engine flues for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; sanitary installations and appliances, namely, portable toilets, lavatories, sinks; electric heaters; heaters for asphalt, concrete, bitumen, tar and construction materials; air heaters; water heaters; oil heaters; electric boilers; heating boilers; industrial boilers; asphalt, tar, oil and bitumen boilers; oil burners; gas burners; coaldust burners; tar burners; electrical heating elements; electric lighting fixtures; electric lamps; xenon lights for working

purposes; side-marker lamps of vehicles, machines and industrial installations; direction indicator lamps of vehicles and machines; floodlights; taillights of vehicles and machines; halogen, xenon, ultraviolet and LED lamps; halogen, xenon and LED work lights; rotating flashing beacons; luminous balloons; lights of vehicles, machines and industrial installations; optical reflectors; vehicle reflectors; luminaires; headlights; light bulbs; pocket torches; filters for industrial use, namely, air, gas and dust filters for industrial use; gas filters; water filters; water, oil, fuel, coolants, hydraulic fluids, air and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; installations for collecting gases, liquids and solids, namely, tanks, silos, reservoirs and pipes of metal and plastic for tanks, silos and reservoirs; separator grids for removing impurities from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste; magnetic separators for removing metal from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste; regulating and safety accessories for water and gas installations, namely, pressure relief valves, pressure indicators, pressure regulators and pneumatic controls; air conditioners, air conditioning installations, ventilators, ventilating fans, ventilating louvers, electrically powered air blowers for air-conditioning purposes and radial blowers for ventilating purposes for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; air conditioners and air conditioning installations for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; electric heaters for warming up oils and greases; asphalt, tar, oil and bitumen cookers; dryer drums for drying and heating asphalt and bitumen; burners for heating and boiling asphalt and bitumen; tanks and metal silos for heating asphalt and bitumen; insulated tanks and metal silos for keeping asphalt and bitumen hot; melting pots for asphalt and bitumen; polymerisation installations; dust filters and dust filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; heat exchangers; irrigation sprinklers; irrigation spray nozzles; parts and fittings for industrial processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste; parts and fittings for industrial chemical processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste; parts and fittings for irrigation sprinklers and irrigation spray nozzles; parts and fittings for electric heaters, heaters for asphalt, concrete, bitumen, tar and construction materials, air heaters, water heaters, oil heaters, electric boilers, heating boilers, industrial boilers, asphalt, tar, oil and bitumen boilers, oil burners, gas burners, coaldust burners and tar burners; parts and fittings for air, gas, water and dust filters for industrial use; parts and fittings for polymerisation installations; parts and fittings for liquid, air, dust and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; parts and fittings for tanks, silos and reservoirs for collecting gases, liquids and solids; parts and fittings for separators for removing impurities from solids; parts and fittings for dryer drums for drying and heating asphalt and bitumen, burners for heating and boiling asphalt and bitumen, tanks and metal silos for heating asphalt and bitumen, and insulated tanks and metal silos for keeping asphalt and bitumen hot

Class 12

(8) All-terrain vehicles; tractors; concrete mixing vehicles; tanker trucks; trailers for tankers; transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste; transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; truck tractors; load carrying trailers; low-loading vehicles, namely, cargo trailers; towing trucks; trucks; cargo trailers for motor vehicles; tipping bodies for vehicles; waggons; steering wheels; vehicle wheels; trailer wheels; wheels for mobile machines; tyres; pneumatic tyres; solid rubber tyres; vehicle wheel rims; trailer wheel rims; wheel rims for mobile machines; inner tubes for tyres; repair outfits for inner tubes; chains for motor vehicles; tracks for vehicles, namely, continuous metal tracks and rubber tracks; continuous tracks; complete running gears with continuous tracks and rubber tracks for tracked vehicles; track pads for continuous tracks; adapted quick-change pads for use with track pads for continuous tracks; power transmissions, gearing, engines and motors for land vehicles; coupling and power transmission components for land vehicles; driving chains and transmission shafts for land vehicles; radiator grills for vehicles; undercarriages for vehicles; undercarriages for mobile machines; brakes, brake calipers, brake shoes and brake linings for vehicles; scrapers for tyres; windscreen wipers; adapted tarpaulins for use with motor land vehicles and trailers for motor land vehicles; fitted covers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; anti-theft alarms for vehicles; mirrors for vehicles; pumps for bicycles; air pumps for tyres; parts and fittings for tractors, concrete mixing vehicles, asphalt mixers, all-terrain vehicles, trailers for tankers, truck tractors, load carrying trailers, towing trucks, trucks, tanker trucks, cargo trailers and wagons; parts and fittings for transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste and trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; parts and fittings for chains for motor vehicles, continuous tracks, complete running gears with continuous tracks and rubber tracks for tracked vehicles, track pads for continuous tracks, adapted quick-change pads for use with track pads for continuous tracks

Class 14

(9) Precious metals and their alloys, and imitations thereof; precious stones and pearls, and imitations thereof; model vehicles and machines (ornaments) made of precious metal; jewellery; watches, in particular wrist watches and stop watches; clocks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; jewellery and watch boxes; key rings (trinkets and fobs); statues, figurines and coins made of and coated with precious and semi-precious metals, and imitations thereof; non-metallic goods, namely, key tags, key rings

Class 16

(10) Paper; cardboard; data sheets; working instructions; parts lists; checklists; posters; crossword puzzles; advertising material, namely, flyers; printed instructions for the installation of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; printed descriptions for the operation and control of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; paper goods, namely, stickers, sealing paper, cardboard boxes,

copy paper, toilet paper and paper inserts for oil centrifuges; paper stationery; writing and stamping implements; ballpoint pens; fountain pens; pencils; coloring books, art paper, chalks for drawing, drawing pens, drawing brushes and drawing pads; cases for stationery and drawing materials; pictures; photographs; post cards; picture post cards; pop-up greeting cards; greeting cards; decalcomanias; trading cards (other than for games); graphic prints; diagrams; blueprints (plans); maps made of paper and flexible plastics; newspapers; periodicals; magazines (periodicals); books; booklets; catalogues; reference books; manuals; note books; calendars; albums; book markers; ink stamps; address stamps; labels (not of textile), namely, paper labels, adhesive labels and plastic labels; paintings; art pads; art prints; art paint kits; paper party decorations; paper table decorations; paper wall decorations; envelopes for stationery use; painters' brushes; adhesive tapes; adhesive tape dispensers; paper hole punches for office use; staplers; paper racks; paper knives; document files; machine and vehicle models for instructional purposes; figurines of paper and cardboard, and architectural models; coasters of paper and cardboard; filtering materials of paper; bags for packaging, wrapping and storage of paper, cardboard and plastics; storage boxes and containers of cardboard; storage boxes and containers of plastics; packaging boxes and containers of cardboard; packaging boxes and containers of plastics; packaging and wrapping paper; packaging and wrapping foil; adhesive packaging tapes; disposable paper products, namely, disposable paper napkins; cork memo boards; paper seals; packaging materials in the nature of plastic sheets

Class 17

(11) Seals, sealants and fillers, namely, sealing brush, sealing flanges, sealing rings, sealing rubber, sealing flaps, exhaust pipe gaskets, sealing nuts, sealing washers, gaskets, sealing compounds, seals for wheel gears, seals for turbo chargers, seals for valve covers, sealing lamellas, seal material, sealing nipples, seals for irrigation spray nozzles, seals for tool holders, hydraulic seals, seals for filters, in particular oil, air and ventilation filters, rubber seals for screeds of road and asphalt pavers, o-rings, rubber curtains for sealing crusher and crusher housings, valve cover seals, rubber seals, sealing sleeves, piston seals, cylinder jointings, sealing cords; sealing sheets and plates for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; insulation, damping and barrier materials, namely, electrical insulation, fiberglass insulation, thermal insulation, felt insulation, vibration insulation, and acoustical insulation; non-metallic pipes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids; non-metallic couplings and connectors for pipes, tubes, hoses and cables; plastics sheets, films, blocks, rods and tubes for use in production; plastics sheets, films, blocks, rods and tubes for general industrial and manufacturing use; plastic scraper sheets for conveyors; plastic control films; plastic labelling films; plastic spacer blocks; unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins; finished and semi-finished products (adapted for a specific use), namely, ebonite moulds, moulds of rubber for use in the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, statues and works of art, namely, figurines made from rubber, anti-dazzle films for windows (tinted), plastic masking films (other than for packaging), clutch linings and brake linings, marker tapes, protective asbestos screens, rubber bands, rubber rings; finished and semi-finished products (adapted for a specific use), namely, rubber shock-absorbers for machine drums; finished and semi-finished products (adapted for a specific use), namely, non-metallic shock-absorbers and non-metallic vibration dampers for construction, milling, recycling,

soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; finished and semi-finished products (adapted for a specific use), namely, rubber bags, rubber envelopes and rubber containers; finished and semi-finished products (adapted for a specific use), namely, adhesive packing tape for industrial and commercial use; finished and semifinished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches; finished and semi-finished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches; finished and semi-finished products (adapted for a specific use), namely, rubber coverings for drums of compacting machines, in particular road rollers; finished or semi-finished products (adapted for a specific use), namely, cylinder jointings; finished and semi-finished products (adapted for a specific use), namely, rubber and plastic spacers (except fasteners for pipes), namely, spacer blocks, spacer bushings, spacer sleeves, spacer strips, distance frames, distance tubes, spacer washers, distance pieces, spacer brackets and washers; finished and semi-finished products (adapted for a specific use), namely, semiprocessed plastics and rubber in the nature of synthetic filtering materials for the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; finished and semi-finished products (adapted for a specific use), namely, adhesive tapes, strips, bands and films for industrial purposes; finished and semi-finished products (adapted for a specific use), namely, adhesive rubber patches for repairing tubes and tires; finished and semi-finished products (adapted for a specific use), namely, protective rubber articles, namely, rubber covers for protecting parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pipe clamps of rubber; non-metallic goods, namely, clack valves, slide valves, joints for parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers, washers for wheels

Class 18

(12) Luggage; travelling bags; carry-all bags; athletic bags; sport bags; bags for clothing, shoes and headgear; textile, mesh and leather shopping bags; bum bags; belt bags; waist bags; cosmetic bags; beach bags; flight bags; hand bags; hiking bags; kit bags; key bags; leather bags; trolley bags; roll bags; toilet bags, wallets; suitcases; travel cases; carriers for tools, carriers for computer hardware, and computer peripherals namely, carriers for printers, digital cameras, keyboards, scanners, carriers for audiovisual equipment namely, carriers for video projectors and monitors; carriers for testing, controlling and measuring apparatus and instruments, namely, carriers for leveling sensors and ultrasonic sensors; backpacks; umbrellas and parasols; walking sticks; saddlery

Class 19

(13) Tanks (not of metal nor of masonry), namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil; pressure vessels (not of metal nor of masonry); model vehicles and machines (ornaments) made of plastic, gypsum and wood; plastic and cardboard containers and boxes for storage; plastic and cardboard containers and boxes for transport; plastic ladders and stepladders; nonmetallic goods, namely, road surface molds, supports for tent canopies; statues, figurines and coins made of and coated with precious and semi-precious stones, and imitations thereof; glass panels; non-metallic goods, namely, road surface molds, supports for tent canopies

Class 20

(14) Chairs; tables; benches; cupboards; wardrobes; cushions, in particular seat cushions; wooden shipping crates and wooden pallets; plastic shipping crates and plastic pallets; clothes hangers; non-metallic goods, namely, lock bolts, plastic shims, locking rings, plastic clips for cables; non-metallic goods, namely, fasteners for pipes, tubes, hoses and cables, clips for electric wires, clips for non-electric wires, clips for pipes, tubes, hoses and cables, nuts, screws, number plates, armrests, plastic bungs, keys, shelves, hooks, pipe clamps, hose clamps, holders for pennants, dowels, bolts, rivets, nails, staves; inflatable mattresses

Class 21

(15) Earthenware; glassware and porcelain, namely beer mugs, glass decorative ornaments, tea pots, cooking pots, drinking cups, mugs, table plates; protective windshield glass; drinking glasses; beverage glassware; servingware of porcelain for serving beverages; decorative glass for household and commercial use; unfinished and finished glass for windows of vehicles, machines and industrial installations; model vehicles and machines made of stone, glass and porcelain; dustbins; trash bins; dustbin and trash bin liners; waste paper baskets; cleaning and polishing cloth; cleaning and polishing rags; cleaning sponges; polishing and cleaning gloves; polishing and cleaning leather; brooms; material handling buckets; pitchers; funnels for industrial oils, greases and lubricants; funnels for fuels; steel wool; rotary brushes for vehicles and machines; brushes for cleaning vehicles, machines and industrial installations; brushes for cleaning clothing, footwear and headgear; cleaning brushes for household use; floor brushes; scraping brushes; toilet brushes; tooth brushes; washing brushes; gardening articles, namely, sprinkling devices, nozzles for sprinkling devices, watering cans, watering can sprinklers, lawn sprinklers and nozzles for hosepipes; model vehicles and machines (ornaments) made of stone, glass and porcelain; statues, figurines, plaques; unprocessed and semi-processed glass for windows and lights of vehicles, machines and industrial installations; household and kitchen utensils, namely non-electric food-blenders for household purposes, cutting boards, dishes, graters, beaters, spatulas, cooking spoons, food storage containers, cooking sieves, cutlery trays, dispensers for liquid soap, dispensers for napkins and paper towels, gloves for household purposes, laundry bins, plastic recycling bins for household purposes, cork screws, bootjacks; bottle openers; hair combs; cleaning combs; cleaning sponges; bath sponges, sponges for household purposes; tableware, namely, plates, cups, in particular coffee and tea cups, mugs, in particular coffee and tea mugs, coffee services, tea services, scoops and napkin holders; coasters, namely, drink coasters, cardboard coasters; cookware; metal and plastic household storage containers; cosmetic and toilet utensils and soap dispensers; dispensers for hygienic wipes and lotions; bathroom pails; bathroom glasses, cups and mugs; holders not of precious metal for bathroom glasses, cups and mugs; razor holders; towel holders; towel racks; toilet paper holders and dispensers; paper towel dispensers; shoe horns; non-metallic goods, namely, holders for paper towels and trays

Class 25

(16) Overalls, coveralls, dungarees, work dungarees, trousers, pants, jeans, work trousers, jackets, coats, work jackets, work dress, vests, work vests, scarves, gloves, shirts, polo shirts, sweaters, aprons, coats, sweat jackets, sweat shirts, t-shirts, weather protection trousers, belts, pullovers, scarves, kerchiefs, socks, jerseys, masquerade costumes, swimming trunks, sport trousers, sport shirts, sport jackets; work shoes; work boots; steel-toe boots; sneakers; trainers; flip-flops; rain boots; leather shoes; sport shoes; driving shoes; beach shoes; bath slippers; mules; sandals; caps, hats, hoods, peaked caps, weather protection caps, sun visors, swimming caps

Class 26

(17) Hooks for clothing

Class 28

(18) Model vehicles and machines (scaled down); model vehicles and machines (playthings); toy vehicles, machines and industrial installations; controllers for toy vehicles, machines and industrial installations; action figures; dolls; stuffed and plush toys, in particular machines and animals; decorative toy mobiles; bath toys; bendable toys; clockwork toys; construction toys; electrical, mechanical, pneumatic and hydraulic action toys; electronic learning toys; infant toys; ride-on toys; inflatable ride-on toys; toy figures; musical toys; party favors in the nature of small toys; push toys; sand toys; water toys; drawing toys; sketching toys; squeeze toys; talking toys; toy balloons; toy building blocks; toy buildings, building structures and vehicle tracks; toy construction sets; toy masks; toy robots; toy tools; wind-up toys; toy racing sets; electric computer games with flat panel display screen which features animation and sound effects; video game consoles; video game machines; board games; card games; dice games; action skill games; amusement game machines; arcade games; building games; dart games; electronic educational game machines; electronic games other than those adapted for use with television receivers only; memory games; handheld game consoles; handheld electronic games; handheld, non-electronic skill games; party games; puzzle games except crossword puzzles; tabletop games; carnival masks and costumes; toy and novelty face masks; novelty toy items in the nature of pop ups; play balls; play balloons; play figures; play vehicles, machines and industrial installations; controllers for play vehicles, machines and industrial installations; play buildings, building structures and vehicle tracks; beach balls; balls for sport; pumps for inflating balls for sport; nets for sports; bags adapted for sports equipment; boxing gloves; face, shin, knee, leg, arm and elbow guards for athletic use; roller skates; exercise weights; sport hoops; sleighs; sleds; springboards; golf clubs; golf bags; skis; ski sticks; ski bags; football and soccer goals; festive Christmas tree decorations and artificial Christmas trees; scale model vehicles of common metal; scale models of common metal of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations

Class 34

(19) Smokers' articles, in particular lighters; ashtrays; matches

Services**Class 35**

(1) Business management; business administration; advertising the goods and services of others; distribution of advertising materials for others; marketing of the goods and services of others; business administration consultancy; business management consultancy, consultancy in the field of business structure and organizational management; product demonstration and product presentation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; internet product demonstration and internet product presentation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organizing and conducting trade fairs in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; business appraisals; evaluation of business matters; arranging of sales competitions in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; negotiation and conclusion of commercial transactions for third parties; acquisition of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material

feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, for third parties; subscription management services for customer subscriptions and product catalogues; commercial trading and consumer information services, namely auctioneering services, import and export services, price comparison services; compilation and systematization of data and information in electronic databases; process optimization in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; compilation of statistics; costbenefit analysis; cost-price-analysis; business studies concerning capacity utilisation; business project management; organisational project management and organisational management of vehicle and machine fleets, and related organisational and business consultancy; operating an information, complaints and emergency hotline, also online, namely taking, collecting and forwarding customer requests and customer complaints by telephone and electronic means; import-export agencies services; organisational scheduling of the operating time and location of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; business relocation services; retail and wholesale services of filtering media of chemical and non-chemical substances for use in the purification of liquids, air and gases, chemical surface coating compositions, other than paints, namely, for protecting machines, vehicles, industrial installations and metal structures, and parts thereof, from corrosion, rust and damage, adhesives for industrial use, curing preparations, namely, chemical preparations for curing (hardening) putties, fillers and pastes for repairing construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof, in particular conveyor belts and power belts, antifreeze, fire extinguishing compositions, coolants for vehicle motors, engines and radiators, coolants for machine motors, engines and radiators, electrolytes and water for batteries, hydraulic fluids, chemical additives for fuels, combustibles, lubricants and industrial oils, chemicals for purifying exhaust gases from internal combustion engines, chemicals for reducing the emission of pollutants in exhaust gases from internal combustion engines, detergents for use in manufacture and industry, urea, namely, aqueous urea solutions for selective catalytic reduction to reduce the output of pollutants in exhaust gases from internal combustion engines, chemical releasing agents, namely, for preventing construction materials from sticking to parts of machines, vehicles and industrial installations, chemical releasing agents, namely, for preventing parts of machines, vehicles and industrial installations from sticking to other parts of machines, vehicles and industrial installations, chemical preparations for preventing adhesion of bitumen on rubbery tyres, chemical substances for preventing corrosion of machines, vehicles, industrial installations and metal structures, and parts thereof, chemicals for welding, chemical welding protection paste, chemical welding powder, chemical preparations for cleaning purposes in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry, chemical additives for vehicle and machine coolants, anti-rust and anti-corrosion preparations for preserving metal and construction materials, organic welding protection paste, mineral welding powder, ammonium salts, de-icing salt, halides and halogen acid salts, unprocessed and synthetic resins, putties, fillers and pastes for use in asphalt and concrete mixing, putties, fillers and pastes for repairing the body of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof, tire sealing compounds, contact cement, industrial oils, namely, engine oils, hydraulic oils and lubricating oils, industrial oils, namely, transformer oils, in particular for magnetic separators, motor oil, gear oil, industrial lubricants, dust removing preparations, non-chemical additives for fuels, combustibles, lubricants and industrial oils, fuels, namely, gasoline, petrol and

diesel fuels, lighting fuels, industrial greases, waxes, non-chemical additives for oils and greases, fire igniters, metal goods, namely, cable channels (non-electric), clamping sleeves, bushings, ladders, staircases, scaffolding, balustrading, struts, supporting struts, supporting brackets, hand gear, springs, compression springs, ropes, thread inserts, flanges, hinges, strap-hinges, protecting parts for tool holder systems, crimp contacts, belt connectors, cans for lubricants and industrial oils and greases, spring steel strips for sealing tamper bars, rods and stakes for ropes and wires, bayonet caps, slotted screens, harp screens, piston seals, cabins, valves, valve blocks and slide valves of metal (other than parts of machines), beams, skids for protecting machine parts, flanges, strip steel, sliding shoes for road paving machines, skids as parts of machines, deflectors for protecting machine parts, spacer brackets of metal, mechanical seals of metal, metal machine pulleys, metal building materials, namely, reinforcing materials, refractory construction materials, road construction materials, sheets, panels, slabs, walls, wall claddings, claddings, beams, poles and ceiling supports, metal tanks, namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil, metal pressure vessels, silos, metal containers for storage, packaging and transport, metal transportation boxes, metal storage boxes, metal packaging boxes, reservoirs, bins, safety cashboxes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids, metal cables (non-electric) namely, actuating cables and Bowden cables, wires (non-electric), chains (except jewelry), metal rings, namely, piston rings, ball rings for bearings, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers and washers for wheels, prefabricated metal buildings, namely portable mobile office buildings and portable mobile storage buildings, keys, key rings, metal door handles for machines, industrial installations and vehicles, tool handles of metal, metal hand gear for machines, industrial installations and vehicles, lock bolts, metal closures for tanks, silos, containers and reservoirs, metal latch closings, metal closing caps for tool holder systems, protective metal caps for parts of machines, vehicles and industrial installations, metal rollers for roller conveyors and conveyor belts, metal rollers for continuous tracks, metal rollers, namely, drive, return, guide, support, belt, cushioned, track, pressure and push rollers for construction, milling, recycling, stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural installations, machines and apparatus, locking rings, locking pins, cotters, metal bracings for supporting buildings, machines, vehicles and industrial installations, joists, guide tracks as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, rails, in particular sliding rails, as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, continuous tracks, crawler tracks and track pads for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, metal floor panels, metal roofing panels, metal wear panels and protection panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, straps for handling loads, pallets, nuts of metal, screws, bolts, dowels, clutch discs, shims, metal fasteners for material hoppers, conveyors, augers, screeds, exhaust systems and wear plates, metal clamps, in particular clamps for fastening irrigation spray nozzles, cable clamps and clamps for screens, metal fixing parts, namely, fish plates, wire rope clips and clips for tubes, metal plugs (bungs) for tool holder systems, adjustable metal collars for pipes, tubes, hoses, cables and irrigation spray nozzles, pipe clamps, hose clamps, bungs, labyrinth lids of metal for machines, vehicles and industrial installations, nails, cotter pins, rivets, trellises, number plates, protective metal strips for covering parts of construction, milling, recycling, soil stabilizing,

spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, protective metal grilles for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, metal working and building platforms, canopies for weather protection, metal couplings and connectors for pipes, tubes, hoses and cables, wire mesh, wire mesh screens and gauzes, metal sheets and plates for the protection of parts of machines, vehicles and industrial installations, metal wear sheets and plates for machines, vehicles and industrial installations, metal sheets and plates for armoring, covering and sealing parts of vehicles, machines and industrial installations, welding rods, metal signs and signaling panels (non-luminous and non-mechanical), metal cylinders for compressed gas and liquids (empty), agricultural and turf removing ploughs, pumps, compressors, generators and fans as parts of machines, motors and engines, water pumps (other than hand-operated), fuel pumps (other than hand-operated), grease pumps (other than hand-operated), AC generators, alternators, industrial robots, mobile and immobile elevating and lifting work platforms, machine pulleys, electric, pneumatic and hydraulic hoists, granulating machines, engines, power transmissions and gearing for machines, namely construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, motors for windscreen wipers, machine coupling and belting, clutches for machines, hydraulic transmissions for machines, filters for engines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, housings for filters for engines, dispensing machines, namely, rotary feeders for dispensing construction materials and bitumen, dispensing machines, namely, rotary feeders for dispensing additives for asphalt and concrete mixing processes, sweeping, cleaning, washing and rinsing machines, namely, road sweeping machines, machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, mining machines, machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, road demolition machines, agricultural machines, namely, soil compacting machines, agricultural implements (other than hand-operated), namely, tractor-towed agricultural rollers, road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines, tunnel boring machines, soil stabilizers for road construction, milling machines, in particular road milling machines, road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines, remixers and repavers (machines for fusing, detaching, processing and relaying of road surfacing), heating machines, in particular for replastifying road surfaces, asphalt finishers (machines), asphalt paving machines, block paving machines, machines for the finishing and aftertreatment of road surfaces, concrete paving machines, slipform pavers (machines), material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, machines for feeding road construction material to road paving machines, surface miner, namely, open-cast mining machines, dinting machines, namely, underground mining machines, levelers (machines), namely, lifts and hoists for lifting and

lowering machines and machine parts, machines for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste, compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste, road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste, concrete and asphalt vibrators, machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization, machines for spraying, sputtering and nebulizing water, sorting machines for sorting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste, crushing machines and installations, comminutors for solid materials, crushers, sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials or waste, electric sieves for industrial applications, sizing machines, mixing machines and installations, in particular concrete and asphalt mixing machines and installations, concrete, asphalt, soil and rock agitators, machines for apportioning asphalt, concrete, bitumen and binding agents, machines for apportioning bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag and metal for road construction and building construction, machines for apportioning filling materials for asphalt mixing, machines for filtering air, oil, fuel, coolants, hydraulic fluids and water, cranes, power operated jacks, agitators for circulating liquid media, conveyors, conveyor belts, conveyor chains, bucket conveyors, hopper loaders (machines), winches, electrical, hydraulic and pneumatic lifting work platforms, electrical, hydraulic and pneumatic lifting platforms for lifting persons and materials, windlasses, parts of machines, namely, machine trowels, bits for mining machines, drill bits for rock drilling, centering drilling bits being parts of machines, dies for use with machine tools, diamond-pointed metal cutting tools, machine tools for compacting soil and earth, machine tools for breaking up road surfaces, machine tools for crushing road surface material, agricultural machine spray nozzles, brake drums, pneumatic tires, magnetic coils, undercarriages for vehicles, chains for vehicle undercarriages, bogies for trucks, heaters for road surfaces, rubber bands, belts for machines, belt pulleys for machines, metal gutter pipes, latch bars of metal, pressure gauges, metal guide bars for mining machines, slide boxes, hubs for vehicle wheels, shock absorbing springs for vehicles, road brushes, earth moving scrapers, gratings of metal, brake linings, chisels, chisel holders, shovels, hammers, spraying booms, track rollers, axles, mufflers, pressure valves, clack valves, hydraulic valves, pneumatic valves, non-return valves, slide valves, sun screens, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, transmission shafts, driving chains, auger blades, spreading augers, drivers cabs, steering stands, mirrors, bumpers, gear wheels, fly wheels, bearing brackets, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, screed plates, hoppers, rotors, clack valves, sieves, brakes, brake linings, brake calipers and brake shoes, power tools, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated) for repairing machines and for changing, removal and fitting of machine parts, in particular for changing, removal and fitting of chisels, picks and padfeet, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated), namely, drills, drivers, screwdrivers, hammers, ejector drifts, pumps and hot air guns, mechanical lifts and hoists for lifting and lowering machines and parts of machines, mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, mechanical hydraulic and pneumatic controls for electric, hydraulic and pneumatic systems in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, coverings for machine parts, in particular for drums and roller tires, adapted tarpaulins for use with machines, sparking plugs, starters for motors and engines, electric, pneumatic and hydraulic jacks,

gas and electric welding machines, pneumatic hammers, filters for motors, namely, oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, bearing brackets for machines, machine wheels, namely, gear wheels, belts for motors, belt pulleys, driving chains and transmission shafts not for land vehicles), exhausts, mufflers, radiators and radiator caps for motors, mechanical discharging hoppers, mechanical, hydraulic and pneumatic metal loading ramps for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, elevators, parts and fittings for milling machines, in particular road milling machines, parts and fittings for asphalt finishers (machines), parts and fittings for asphalt paving machines, parts and fittings for slipform pavers (machines), parts and fittings for machines for the finishing and after treatment of road surfaces, parts and fittings for machines for crushing asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, slag, metal and waste, parts and fittings for mixing machines and installations, in particular concrete and asphalt mixing machines and installations, parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, construction materials, raw materials, valuable materials and waste, parts and fittings for road demolition machines, parts and fittings for road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines, parts and fittings for road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines, parts and fittings for soil stabilizers for road construction, parts and fittings for mining machines, parts and fittings for surface miner, namely, opencast mining machines, parts and fittings for compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste, parts and fittings for road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste, parts and fittings for machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization, parts and fittings for sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials and waste, parts and fittings for material feeding machines, parts and fittings for material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction, industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing, asphalt mixers, non-metallic goods, namely, grab handles for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, non-metallic goods, namely, safety valves, piston rings, ball rings for bearings, tensioner pulleys, non-metallic goods, namely, tracks and overhead tracks for sliding parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste, industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction, industrial processing installations, namely, machines for purifying, drying, heating, sintering and

agglomerating of filling materials for asphalt mixing, industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste, milling machines, in particular road milling machines, soil stabilizers for road construction, machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, machines for recycling construction materials, raw materials and valuable materials for road construction and building construction, surface miner, namely, open-cast mining machines, slipform pavers (machines), hand-held tools (other than hand-operated), hand tools, hand-operated implements, namely, bitumen spraying implements, fuel dosing pumps, pumps for liquids, oil cans, spray guns, filling cylinders for lubricants and industrial oils and greases, grease presses and grease guns, in particular for treatment of materials and for construction, repair and maintenance, hand-operated pumps for lubricants and industrial oils and greases, hand-operated implements for dispensing lubricants and industrial oils and greases, drums for reeling and unwinding strings and ropes, vices, hand-operated jacks, parts and fittings for hand tools, non-metallic goods, namely, tool handles of plastic, electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, frequency regulators, milling depth regulators, electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, switchboards, programmable logic controllers, oil level controls, power switches, electricity transformers, electric rectifiers, apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images and data, namely cameras, image scanners, scanners for scanning surfaces, digital voice recorders, digital audio tape recorders, video recorders, audio transmitters and receivers, audio transformers, audio-visual transmitters and receivers, laser, infra-red and ultrasound transmitters and receivers, loudspeakers, computer display screens, touchscreens, head-up displays, sound amplifiers, antennas for radio signals, wireless LAN antennas, antennas for satellite signals, video receivers and transmitters, radio receivers and transmitters, satellite receivers and transmitters, blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, flash memory cards, USB cards, and SD memory cards, USB sticks, calculators, modems, network interface cards and computer interface cards, computer central processing units, electronic pens, light pens, touch screen pens, microprocessors, computers, computer software for onboard computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, computer software for monitoring and controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for monitoring and controlling the operation of asphalt and concrete mixing machines, computer operating software for on-board computers, computer software for on-board computers, namely, software for controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for the management, monitoring, control, operating and regulating of motors, engines and drive systems, computer software for controlling the propulsion of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting,

mixing and agricultural machines, computer software for controlling the traction of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for database management, computer software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for analyzing and processing operational efficiency data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, project management computer software for the planning, controlling, management and implementation of projects in the field of construction, milling, recycling, chemical processing, soil stabilizing, spreading of construction materials, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for the management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for detecting errors and monitoring the performance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for use in repair and maintenance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks, computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks, software for playing computer games, computer hardware, computer monitors, computer keyboards, computer mice, fire extinguishers, prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS), pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory card and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction,

milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing navigation data, information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, LCD displays and monitors, computer and television screens and monitors, video monitors, audiovideo receivers, audio-video transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings, communication software for providing access to the Internet, cables for electricity, electromagnets, electromagnetic coils, electromagnetic separators for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste, electrical branch boxes, electric power generators, electric power converters, terminal boxes for electricity, electricity limiters, electric contacts, current converters, voltage converters, jump leads, battery chargers for charging batteries of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, alternators, strands and wires for electricity, insulated wires for electricity, screw connections for electric cables, frequency converters and invertors, distribution cabinets, panels and boxes for electricity, electric cable channels, semiconductors, microprocessors, microcontrollers, resistors, variable resistances, electric coils, capacitors, power contactors, optical devices, equipment, enhancers and correctors, namely, optical cables, plugs for optical cables, light barriers, optical lenses, signal mirrors, optical transmitters, optical receivers, optical disc drives, optical scanners and optical sensors, safety, security, protection and signalling devices and equipment for vehicles, machines and industrial installations, namely, flashing and steady safety lights, safety bar lights, beacon lights, emergency warning lights, signal lights, sirens, light barriers, safety fuses, safety contact plugs, mechanical safety lighting signals, luminous safety lighting signals, back-up sensors, motion sensors, cameras, security and fire alarms, reversing alarms, security control panels and motion detectors, emergency signal transmitters, signal bells, signal whistles, electronic tire pressure, vibration, shock, motion, angle, temperature and voltage monitors, electrical indicators and overhang indicators, safety equipment, namely, cameras and monitors for exposing and eliminating the blind spots on both sides of vehicles, machines and industrial installations, global navigation satellite systems consisting of computers, computer software, transmitters receivers, and network interface devices for trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, navigation apparatus in the form of on-board computers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, global navigation satellite systems consisting of computers, computer software, transmitters, receivers, and network interface devices for locating and tracking movements of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, vehicle and machine tracking systems comprised of computer hardware, computer software, cellular phones, distance and motion sensors, satellite antennas, satellite receivers, satellite transmitters, radio antennas, radio receivers and radio transmitters, machines for drawing and making digital maps, including maps showing the progress and results of construction, milling,

recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, parts and fittings for machines for drawing and making digital maps, measuring, detecting and monitoring instruments, devices, appliances and controllers, namely, rotary encoders, dipsticks, measuring buckets, scanners for vehicles and machines, scanners for scanning the earth's surface, scanners for scanning the surface of parts of vehicles and machines, gauges for measuring the profile of chisels, picks and belt pulleys, pressure gauges, analog and digital multimeters, mechanical altimeters, levels, measuring instruments for measuring the thickness of pavement layers, revolution counters, digital speedometers, ammeters, infrared thermometers, frequency meters, meters for measuring the frequency and amplitudes of vibration drums, flow meters, temperature meters (not for medical purposes), hygrometers, speedometers, measuring rods for measuring lengths and distances, measuring rods for measuring fluid levels, electrical currents sensors, scales, electronic scales, weighbridges, potentiometers, meters for measuring height, measuring cups, measuring hoses, measuring tapes and tachometers, instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil, temperature regulators, namely, temperature sensors and gauges, electric and electronic apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade sensors, cylinder sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, satellite antennas, radio antennas, computer terminals for telematics and satellite ground stations, electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, testing and quality control devices, namely, insulation continuity testers, hydraulic pressure testers, power testers, voltage testers, apparatus for measurement and quality control of soil, construction material and road surfaces, machines and apparatus for testing the consistency and quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, metal, slag and waste, computers, computer software and machines for analysing and diagnosing the condition, operation of and faults with computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, simulators for the driving and operation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines, laser, infrared and ultrasound rangefinders, laser, infra-red and ultrasound transmitters and receivers, laser and infrared diodes, power switches, electrical switches, electric control boxes, switch cabinets and control boards, electric control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and vehicles, computer joysticks, joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, levelling sensors, slope sensors, grade sensors, cylinder

sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, light emitting diodes, horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric buzzers, luminous signs, optical reflectors, optical mirrors, radio receivers and transmitters, radio antennas, radar antennas, satellite antennas, microwave antennas, wireless LAN antennas, satellite aerials, radar transmitters, satellite transmitters, microwave transmitters, wireless LAN transmitters, radar receivers, satellite receivers, microwave receivers, wireless LAN receivers, electrostatic metal separators, remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric and electronic lifts, hoists and controllers for lifting and lowering construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric and electronic lifts, hoists and controllers for lifting and lowering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, oil level indicators, components for electrical circuits, connection strips for electricity, electric plugs, plugs for electric sockets, electric adapters, electric connection boxes for electric and optical cables, adapter boxes for electric and optical cables, plugs for electric and optical cables, wire end sleeves, electric connectors, electric plugs, wire end sleeves, electric relays, fuses, electrical terminal boxes, connecting terminals for electricity, battery terminals, electric diode terminals, electrical circuits and circuit boards, audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog audio tape and cassette players, audio amplifiers and audio frequency transformers and radio receivers, loud speakers, graphic equalizers, electric batteries for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric storage batteries, electric battery chargers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electrical amplifiers, protective and safety clothing for protection against accident and injury, namely, protective pants, protective jackets, protective coats, protective vests, protective gloves, protective masks, protective caps, protective hats, reflective safety jackets, reflective safety pants and reflective safety vests, protective shoes, protective helmets, eyeglasses, in particular safety glasses for protecting the eyes and sun glasses, exposed films for educational purposes, cinematographic films for educational purposes, namely, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, identification cards with embedded chips, holders for measuring rods, cases for computers, radio receivers and satellite receivers, displays, stands and signage, namely, warning signs and luminous signs for construction, milling, recycling, soil stabilizing, spreading, paving, mining,

material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, nonmetallic goods, namely, electric locks for vehicles and machines, mechanical locks for vehicles and machines, fastening hinges for electric cables, electrical power connectors, spools for electric wires, heating plates, heaters for diesel engines, water spraying systems and heating radiators as parts and fittings for conveyors and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, irrigation sprinklers, dehumidifiers, industrial ovens for heating and boiling asphalt and bitumen, furnaces, not for food and beverages, namely, heating furnaces for industrial purposes, electric furnaces for industrial purposes, asphalt dryers, concrete dryers, bitumen dryers, construction material dryers, electric melting pots for tar, industrial water tanks, water pipes, water taps, engine flues for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, sanitary installations and appliances, namely, portable toilets, lavatories, sinks, electric heaters, heaters for asphalt, concrete, bitumen, tar and construction materials, air heaters, water heaters, oil heaters, electric boilers, heating boilers, industrial boilers, asphalt, tar, oil and bitumen boilers, oil burners, gas burners, coaldust burners, tar burners, electrical heating elements, electric lighting fixtures, electric lamps, xenon lights for working purposes, side-marker lamps of vehicles, machines and industrial installations, direction indicator lamps of vehicles and machines, floodlights, taillights of vehicles and machines, halogen, xenon, ultraviolet and LED lamps, halogen, xenon and LED work lights, rotating flashing beacons, luminous balloons, lights of vehicles, machines and industrial installations, optical reflectors, vehicle reflectors, luminaires, headlights, light bulbs, pocket torches, filters for industrial use, namely, air, gas and dust filters for industrial use, gas filters, water filters, water, oil, fuel, coolants, hydraulic fluids, air and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, installations for collecting gases, liquids and solids, namely, tanks, silos, reservoirs and pipes of metal and plastic for tanks, silos and reservoirs, separator grids for removing impurities from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, magnetic separators for removing metal from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste, regulating and safety accessories for water and gas installations, namely, pressure relief valves, pressure indicators, pressure regulators and pneumatic controls, air conditioners, air conditioning installations, ventilators, ventilating fans, ventilating louvers, electrically powered air blowers for air-conditioning purposes and radial blowers for ventilating purposes for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, air conditioners and air conditioning installations for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, electric heaters for warming up oils and greases, asphalt, tar, oil and bitumen cookers, dryer drums for drying and heating asphalt and bitumen, burners for heating and boiling asphalt and bitumen, tanks and metal silos for heating asphalt and bitumen, insulated tanks and metal silos for keeping asphalt and bitumen hot, melting pots for asphalt and bitumen, polymerisation installations, dust filters and dust filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, heat exchangers, irrigation sprinklers, irrigation spray nozzles, parts and fittings for industrial processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials,

stone, ore, raw materials, valuable materials and waste, parts and fittings for industrial chemical processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste, parts and fittings for irrigation sprinklers and irrigation spray nozzles, parts and fittings for electric heaters, heaters for asphalt, concrete, bitumen, tar and construction materials, air heaters, water heaters, oil heaters, electric boilers, heating boilers, industrial boilers, asphalt, tar, oil and bitumen boilers, oil burners, gas burners, coaldust burners and tar burners, parts and fittings for air, gas, water and dust filters for industrial use, parts and fittings for polymerisation installations, parts and fittings for liquid, air, dust and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, parts and fittings for tanks, silos and reservoirs for collecting gases, liquids and solids, parts and fittings for separators for removing impurities from solids, parts and fittings for dryer drums for drying and heating asphalt and bitumen, burners for heating and boiling asphalt and bitumen, tanks and metal silos for heating asphalt and bitumen, and insulated tanks and metal silos for keeping asphalt and bitumen hot, all-terrain vehicles, tractors, concrete mixing vehicles, tanker trucks, trailers for tankers, transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste, transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, truck tractors, load carrying trailers, low-loading vehicles, namely, cargo trailers, towing trucks, trucks, cargo trailers for motor vehicles, tipping bodies for vehicles, waggons, steering wheels, vehicle wheels, trailer wheels, wheels for mobile machines, tyres, pneumatic tyres, solid rubber tyres, vehicle wheel rims, trailer wheel rims, wheel rims for mobile machines, inner tubes for tyres, repair outfits for inner tubes, chains for motor vehicles, tracks for vehicles, namely, continuous metal tracks and rubber tracks, continuous tracks, complete running gears with continuous tracks and rubber tracks for tracked vehicles, track pads for continuous tracks, adapted quick-change pads for use with track pads for continuous tracks, power transmissions, gearing, engines and motors for land vehicles, coupling and power transmission components for land vehicles, driving chains and transmission shafts for land vehicles, radiator grills for vehicles, undercarriages for vehicles, undercarriages for mobile machines, brakes, brake calipers, brake shoes and brake linings for vehicles, scrapers for tyres, windscreen wipers, adapted tarpaulins for use with motor land vehicles and trailers for motor land vehicles, fitted covers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, anti-theft alarms for vehicles, mirrors for vehicles, pumps for bicycles, air pumps for tyres, parts and fittings for tractors, concrete mixing vehicles, asphalt mixers, all-terrain vehicles, trailers for tankers, truck tractors, load carrying trailers, towing trucks, trucks, tanker trucks, cargo trailers and wagons, parts and fittings for transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste and trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, parts and fittings for chains for motor vehicles, continuous tracks, complete running gears with continuous tracks and rubber tracks for tracked vehicles, track pads for continuous tracks, adapted quick-change pads for use with track pads for continuous tracks, precious metals and their alloys, and imitations thereof, precious stones and pearls, and imitations thereof, model vehicles and machines (ornaments) made of precious metal, jewellery, watches, in particular wrist watches and stop watches, clocks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving,

demolition, crushing, sifting, mixing and agricultural machines, jewellery and watch boxes, key rings (trinkets and fobs), statues, figurines and coins made of and coated with precious and semi-precious metals, and imitations thereof, nonmetallic goods, namely, key tags, key rings, paper, cardboard, data sheets, working instructions, parts lists, checklists, posters, crossword puzzles, advertising material, namely, flyers, printed instructions for the installation of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, printed descriptions for the operation and control of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, paper goods, namely, stickers, sealing paper, cardboard boxes, copy paper, toilet paper and paper inserts for oil centrifuges, paper stationery, writing and stamping implements, ballpoint pens, fountain pens, pencils, coloring books, art paper, chalks for drawing, drawing pens, drawing brushes and drawing pads, cases for stationery and drawing materials, pictures, photographs, post cards, picture post cards, pop-up greeting cards, greeting cards, decalcomanias, trading cards (other than for games), graphic prints, diagrams, blueprints (plans), maps made of paper and flexible plastics, newspapers, periodicals, magazines (periodicals), books, booklets, catalogues, reference books, manuals, note books, calendars, albums, book markers, ink stamps, address stamps, labels (not of textile), namely, paper labels, adhesive labels and plastic labels, paintings, art pads, art prints, art paint kits, paper party decorations, paper table decorations, paper wall decorations, envelopes for stationery use, painters' brushes, adhesive tapes, adhesive tape dispensers, paper hole punches for office use, staplers, paper racks, paper knives, document files, machine and vehicle models for instructional purposes, figurines of paper and cardboard, and architectural models, coasters of paper and cardboard, filtering materials of paper, bags for packaging, wrapping and storage of paper, cardboard and plastics, storage boxes and containers of cardboard, storage boxes and containers of plastics, packaging boxes and containers of cardboard, packaging boxes and containers of plastics, packaging and wrapping paper, packaging and wrapping foil, adhesive packaging tapes, disposable paper products, namely, disposable paper napkins, cork memo boards, paper seals, packaging materials in the nature of plastic sheets, seals, sealants and fillers, namely, sealing brush, sealing flanges, sealing rings, sealing rubber, sealing flaps, exhaust pipe gaskets, sealing nuts, sealing washers, gaskets, sealing compounds, seals for wheel gears, seals for turbo chargers, seals for valve covers, sealing lamellas, seal material, sealing nipples, seals for irrigation spray nozzles, seals for tool holders, hydraulic seals, seals for filters, in particular oil, air and ventilation filters, rubber seals for screeds of road and asphalt pavers, o-rings, rubber curtains for sealing crusher and crusher housings, valve cover seals, rubber seals, sealing sleeves, piston seals, cylinder jointings, sealing cords, sealing sheets and plates for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, insulation, damping and barrier materials, namely, electrical insulation, fiberglass insulation, thermal insulation, felt insulation, vibration insulation, and acoustical insulation, non-metallic pipes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids, non-metallic couplings and connectors for pipes, tubes, hoses and cables, plastics sheets, films, blocks, rods and tubes for use in production, plastics sheets, films, blocks, rods and tubes for general industrial and manufacturing use, plastic scraper sheets for conveyors, plastic control films, plastic labelling films, plastic spacer blocks, unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins, finished and semi-finished products (adapted for a specific use), namely, ebonite moulds, moulds of rubber for use in

the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, statues and works of art, namely, figurines made from rubber, anti-dazzle films for windows (tinted), plastic masking films (other than for packaging), clutch linings and brake linings, marker tapes, protective asbestos screens, rubber bands, rubber rings, finished and semifinished products (adapted for a specific use), namely, rubber shock-absorbers for machine drums, finished and semi-finished products (adapted for a specific use), namely, non-metallic shock-absorbers and nonmetallic vibration dampers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, finished and semi-finished products (adapted for a specific use), namely, rubber bags, rubber envelopes and rubber containers, finished and semi-finished products (adapted for a specific use), namely, adhesive packing tape for industrial and commercial use, finished and semi-finished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches, finished and semi-finished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches, finished and semi-finished products (adapted for a specific use), namely, rubber coverings for drums of compacting machines, in particular road rollers, finished or semi-finished products (adapted for a specific use), namely, cylinder jointings, finished and semi-finished products (adapted for a specific use), namely, rubber and plastic spacers (except fasteners for pipes), namely, spacer blocks, spacer bushings, spacer sleeves, spacer strips, distance frames, distance tubes, spacer washers, distance pieces, spacer brackets and washers, finished and semifinished products (adapted for a specific use), namely, semi-processed plastics and rubber in the nature of synthetic filtering materials for the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry, finished and semi-finished products (adapted for a specific use), namely, adhesive tapes, strips, bands and films for industrial purposes, finished and semi-finished products (adapted for a specific use), namely, adhesive rubber patches for repairing tubes and tires, finished and semi-finished products (adapted for a specific use), namely, protective rubber articles, namely, rubber covers for protecting parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pipe clamps of rubber, non-metallic goods, namely, clack valves, slide valves, joints for parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers, washers for wheels, luggage, travelling bags, carry-all bags, athletic bags, sport bags, bags for clothing, shoes and headgear, textile, mesh and leather shopping bags, bum bags, belt bags, waist bags, cosmetic bags, beach bags, flight bags, hand bags, hiking bags, kit bags, key bags, leather bags, trolley bags, roll bags, toilet bags, wallets, suitcases, travel cases, carriers for tools, carriers for computer hardware, and computer peripherals namely, carriers for printers, digital cameras, keyboards, scanners, carriers for audiovisual equipment namely, carriers for video projectors and monitors, carriers for testing, controlling and measuring apparatus and instruments, namely, carriers for leveling sensors and ultrasonic sensors, backpacks, umbrellas and parasols, walking sticks, saddlery, tanks (not of metal nor of masonry), namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil, pressure vessels (not of metal nor of masonry), model vehicles and machines (ornaments) made of plastic, gypsum and wood, plastic and cardboard containers and boxes for storage, plastic and cardboard containers and boxes for transport, plastic ladders and stepladders, non-metallic goods, namely, road surface molds, supports for tent canopies, statues, figurines and coins made of and coated with precious and semi-precious stones, and imitations thereof, glass panels, non-metallic goods, namely, road

surface molds, supports for tent canopies, chairs, tables, benches, cupboards, wardrobes, cushions, in particular seat cushions, wooden shipping crates and wooden pallets, plastic shipping crates and plastic pallets, clothes hangers, non-metallic goods, namely, lock bolts, plastic shims, locking rings, plastic clips for cables, non-metallic goods, namely, fasteners for pipes, tubes, hoses and cables, clips for electric wires, clips for non-electric wires, clips for pipes, tubes, hoses and cables, nuts, screws, number plates, armrests, plastic bungs, keys, shelves, hooks, pipe clamps, hose clamps, holders for pennants, dowels, bolts, rivets, nails, staves, inflatable mattresses, earthenware, glassware and porcelain, namely beer mugs, protective windshield glass, glass decorative ornaments, tea pots, cooking pots, drinking cups, mugs, table plates, drinking glasses, beverage glassware, servingware of porcelain for serving beverages, decorative glass for household and commercial use, unfinished and finished glass for windows of vehicles, machines and industrial installations, model vehicles and machines made of stone, glass and porcelain, dustbins, trash bins, dustbin and trash bin liners, waste paper baskets, cleaning and polishing cloth, cleaning and polishing rags, cleaning sponges, polishing and cleaning gloves, polishing and cleaning leather, brooms, material handling buckets, pitchers, funnels for industrial oils, greases and lubricants, funnels for fuels, steel wool, rotary brushes for vehicles and machines, brushes for cleaning vehicles, machines and industrial installations, brushes for cleaning clothing, footwear and headgear, cleaning brushes for household use, floor brushes, scraping brushes, toilet brushes, tooth brushes, washing brushes, gardening articles, namely, sprinkling devices, nozzles for sprinkling devices, watering cans, watering can sprinklers, lawn sprinklers and nozzles for hosepipes, model vehicles and machines (ornaments) made of stone, glass and porcelain, statues, figurines, plaques, unprocessed and semi-processed glass for windows and lights of vehicles, machines and industrial installations, household and kitchen utensils, namely non-electric food-blenders for household purposes, cutting boards, dishes, graters, beaters, spatulas, cooking spoons, food storage containers, cooking sieves, cutlery trays, dispensers for liquid soap, dispensers for napkins and paper towels, gloves for household purposes, laundry bins, plastic recycling bins for household purposes, cork screws, bootjacks, bottle openers, hair combs, cleaning combs, cleaning sponges, bath sponges, sponges for household purposes, tableware, namely, plates, cups, in particular coffee and tea cups, mugs, in particular coffee and tea mugs, coffee services, tea services, scoops and napkin holders, coasters, namely, drink coasters, cardboard coasters, cookware, metal and plastic household storage containers, cosmetic and toilet utensils and soap dispensers, dispensers for hygienic wipes and lotions, bathroom pails, bathroom glasses, cups and mugs, holders not of precious metal for bathroom glasses, cups and mugs, razor holders, towel holders, towel racks, toilet paper holders and dispensers, paper towel dispensers, shoe horns, non-metallic goods, namely, holders for paper towels and trays, non-metallic goods, namely, parts for tents, overalls, coveralls, dungarees, work dungarees, trousers, pants, jeans, work trousers, jackets, coats, work jackets, work dress, vests, work vests, scarves, gloves, shirts, polo shirts, sweaters, aprons, coats, sweat jackets, sweat shirts, t-shirts, weather protection trousers, belts, pullovers, scarves, kerchiefs, socks, jerseys, masquerade costumes, swimming trunks, sport trousers, sport shirts, sport jackets, work shoes, work boots, steel-toe boots, sneakers, trainers, flip-flops, rain boots, leather shoes, sport shoes, driving shoes, beach shoes, bath slippers, mules, sandals, caps, hats, hoods, peaked caps, weather protection caps, sun visors, swimming caps, hooks for clothing, model vehicles and machines (scaled down), model vehicles and machines (playthings), toy vehicles, machines and industrial installations, controllers for toy vehicles, machines and industrial installations, action figures, dolls, stuffed and plush toys, in particular machines and animals, decorative toy mobiles, bath toys, bendable toys, clockwork toys, construction toys, electrical, mechanical, pneumatic and hydraulic action toys, electronic learning toys, infant toys, ride-on toys, inflatable ride-on toys, toy figures, musical toys, party favors in the nature of small toys, push toys, sand toys, water toys, drawing toys, sketching

toys, squeeze toys, talking toys, toy balloons, toy building blocks, toy buildings, building structures and vehicle tracks, toy construction sets, toy masks, toy robots, toy tools, wind-up toys, toy racing sets, electric computer games with flat panel display screen which features animation and sound effects, video game consoles, video game machines, board games, card games, dice games, action skill games, amusement game machines, arcade games, building games, dart games, electronic educational game machines, electronic games other than those adapted for use with television receivers only, memory games, handheld game consoles, handheld electronic games, handheld, non-electronic skill games, party games, puzzle games except crossword puzzles, tabletop games, carnival masks and costumes, toy and novelty face masks, novelty toy items in the nature of pop ups, play balls, play balloons, play figures, play vehicles, machines and industrial installations, controllers for play vehicles, machines and industrial installations, play buildings, building structures and vehicle tracks, beach balls, balls for sport, pumps for inflating balls for sport, nets for sports, bags adapted for sports equipment, boxing gloves, face, shin, knee, leg, arm and elbow guards for athletic use, roller skates, exercise weights, sport hoops, sleighs, sleds, springboards, golf clubs, golf bags, skis, ski sticks, ski bags, football and soccer goals, festive Christmas tree decorations and artificial Christmas trees, scale model vehicles of common metal, scale models of common metal of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, smokers' articles, in particular lighters, ashtrays, matches; hire, rental and leasing of office equipment, billboards, advertisement space, advertisement space on the internet, sales stands, auctioneering equipment and material

(3) Installation, repair and maintenance services with respect to milling machines, in particular road milling machines; installation, repair and maintenance services with respect to soil stabilizers for road construction; installation, repair and maintenance services with respect to recycling machines; installation, repair and maintenance services with respect to surface miner; installation, repair and maintenance services with respect to slipform pavers; construction supervision services, namely, supervision services for building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste dump construction; construction supervision services, namely, supervision services for soil stabilization services and soil compacting services; construction planning; consultancy with regard to building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste dump construction; consultancy with regard to construction services, namely, soil stabilization services and soil compacting services; hire, rental and leasing of construction machines; construction and demolition services, namely, construction and demolition of buildings, bridges, concrete, asphalt, tunnels, underground buildings, metal structures, steel structures, industrial plants and pipelines; demolition services, namely, demolition of roads, canals and waste dumps; construction and demolition services, namely, soil stabilization services and soil compacting services; mining services; earth moving services; road construction; canal construction; waste dump construction; structural and civil engineering; crushing services, namely, crushing of solid construction materials, in particular concrete and asphalt, at construction sites; installation, cleaning, repair and maintenance services with respect to computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; installation, cleaning, repair and maintenance services with respect to metal buildings; rustproofing; application of surface coatings, in particular protective coatings, for structures, in particular buildings, canals, roads metal structures and steel structures; repair of cabinets; hire, rental and leasing of tools, construction machines and equipment, demolition machines and equipment, earth moving machines and equipment, mining machines and equipment, asphalt and concrete crushing machines and equipment, cleaning machines and equipment, apparatus and equipment for troubleshooting and fault diagnosis; consultancy with regard to mining; consultancy with regard to earth moving; consultancy with regard to structural and civil engineering; consultancy with regard to demolition services, namely, demolition of buildings, bridges, concrete, asphalt, tunnels, underground buildings, metal structures, steel structures, industrial plants, pipelines, roads, canals and waste dumps; consultancy with regard to crushing services, namely, crushing of solid construction materials, in particular concrete and asphalt, at construction sites; consultancy with regard to installation, cleaning, repair and maintenance services with respect to computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural

machines, and parts thereof; consultancy with regard to installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; consultancy with regard to installation, cleaning, repair and maintenance services with respect to metal buildings; consultancy with regard to hire, rental and leasing of tools, construction machines and equipment, demolition machines and equipment, earth moving machines and equipment, mining machines and equipment, asphalt and concrete crushing machines and equipment, cleaning machines and equipment, apparatus and equipment for troubleshooting and fault diagnosis;

Class 38

(4) Providing access and leasing access time to global navigation satellite systems; personal communication services; telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio; telecommunication services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; telematic in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the

field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; providing electronic access to databases containing information on global positioning systems (GPS) data and worldwide satellite networks data; leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; hire, rental and leasing of telecommunications equipment, namely computer hardware and peripherals, radio, telephone and satellite receivers and transmitters, radio, telephone and satellite signal antennas, telephones, global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and computer terminals for telematics and satellite ground stations; consultancy with regard to telecommunications and telematics, namely providing access and leasing access time to global navigation satellite systems, personal communication services, telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunication services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals, telematic in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting,

mixing and agricultural machines; providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture, providing electronic access to databases containing information on global positioning system (GPS) data and worldwide satellite networks data, leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture, hire, rental and leasing of telecommunications equipment, namely computer hardware and peripherals, radio, telephone and satellite receivers and transmitters, radio, telephone and satellite signal antennas, telephones, global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and computer terminals for telematics and satellite ground stations; leasing access time to non-downloadable online computer software, namely, computer software for on-board computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, computer software for monitoring and controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for monitoring and controlling the operation of asphalt and concrete mixing machines, computer operating software for on-board computers, computer software for on-board computers, namely, software for controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for the management, monitoring, control, operating and regulating of motors, engines and drive systems, computer software for controlling the propulsion of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for controlling the traction of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for database management, computer software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for analyzing and processing operational efficiency data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil

stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, project management computer software for the planning, controlling, management and implementation of projects in the field of construction, milling, recycling, chemical processing, soil stabilizing, spreading of construction materials, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for the management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for detecting errors and monitoring the performance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for use in repair and maintenance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks, computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks, software for playing computer games; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals, in the field of telematics in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines

Class 41

(5) Training concerning safety at work and the operation, usage, repair and maintenance of milling machines, in particular road milling machines; training concerning the operation, usage, repair and maintenance of soil stabilizers for road construction; training concerning the operation, usage,

repair and maintenance of recycling machines; training concerning the operation, usage, repair and maintenance of surface miner; training concerning the operation, usage, repair and maintenance of slipform pavers; vocational education and instruction in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; vocational education and instruction in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; vocational education and instruction in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; vocational education and instruction in the field of asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials, namely road surfaces, construction aggregate, gravel, sand, slag, metal, for road construction and building construction, waste; vocational education and instruction in the field of hydraulics, electrics and mechanical engineering; vocational education and instruction in the field of safety at work; vocational education and instruction in the field of commercial data processing; vocational education and instruction in the field of telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; vocational education and instruction in the field of telematic in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; vocational education and instruction in the field of telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding,

compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; vocational education and instruction in the field of computer hardware and software for the operation of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; Vocational education and instruction in the field of machine maintenance and repair; Vocational education and instruction in the field of machine navigation; Vocational education and instruction in the field of map making; organising, arranging and conducting courses, workshops and seminars in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; organising, arranging and conducting courses, workshops and seminars in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organising, arranging and conducting courses, workshops and seminars in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organising, arranging and conducting courses, workshops and seminars in the field of asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, slag, metal and waste; organising, arranging and conducting courses, workshops and seminars in the field of machine hydraulics, machine electrics and machine mechanics; organising, arranging and conducting courses, workshops and seminars in the field of safety at work; organising, arranging and conducting courses, workshops and seminars in the field of commercial data processing; organising, arranging and conducting courses, workshops and seminars in the field of telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite

transmission of satellite transmitter and receiver signals; organizing, arranging and conducting courses, workshops and seminars in the field of telematics in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; organising, arranging and conducting courses, workshops and seminars in the field of telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, organizing, arranging and conducting courses, workshops and seminars in the field of usage of computer hardware and computer software; organizing, arranging and conducting courses, workshops and seminars in the field of machine maintenance and repair; organizing, arranging and conducting courses, workshops and seminars in the field of machine navigation; organizing, arranging and conducting courses, workshops and seminars in the field of map making; training, in particular concerning safety at work and the operation, usage, repair and maintenance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; services of a training facility for obtaining a driving licence; entertainment in the nature of demonstrations and presentations of vehicles, machines and industrial installations, and parts and fittings therefor; entertainment services, namely, arranging, organizing, conducting and hosting parties, fireworks and lightshows; entertainment services, namely, providing websites and radio, television and internet programs for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; organising and conducting lotteries; organising and conducting competitions and contests, namely concerning the operation and control of vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; entertainment services, namely, arranging, organizing, conducting and hosting art, music, baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; arranging, organizing, conducting and hosting baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; arranging, organizing, conducting and hosting community baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions; publishing of electronic publications, including books, video files and audio files; publishing of books, reviews, magazines, newspaper, periodicals, booklets, catalogues, reference books and manuals; photographic reporting; providing news in the nature of current event reporting; reporting about actual trends and news in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; production of films for educational purposes; hire, rental and leasing of audio and video equipment, motion picture films, sporting articles, musical equipment, games, playthings and books

Class 42

(6) Technical project planning with regard to the development, implementation and control of production systems for the improvement and optimization of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; technical project planning of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of mechanical engineering, electrical engineering, structural engineering, civil engineering, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of tracking, targeting, monitoring operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, slag metal and waste; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of safety at work; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of commercial data processing; design, engineering, research, analysis, development, testing, technical planning, technical consultancy in the field of computer programming; design, engineering, research, analysis, development, testing, technical planning, technical consultancy in the field of telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems; design, engineering, research, analysis, development, testing, technical planning, and technical consultancy in the field of computer hardware and computer software, in the field of machine maintenance and repair, in the field of machine navigation, and in the field of map making; design, engineering, research, analysis, development, testing and technical planning and consultancy services to enhance and optimize business, work and production processes; technical inspection of products for others, namely, computer hardware, vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; IT services, namely development, programming, installation, implementation, updating, maintenance and repair of computer software, development of computer hardware, hosting of web sites, web portals, databases and servers; software as a service (SAAS) provider in the field of providing software for the operation and control of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; software as a service (SAAS) provider in the field of providing software for analyzing and processing operational data concerning construction, milling,

recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for analyzing and processing process data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; software as a service (SAAS) provider in the field of database management, and navigation; software as a service (SAAS) provider in the field of providing software for use in telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; software as a service (SAAS) provider in the field of providing software for telematics in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for process management in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; software as a service (SAAS) provider in the field of providing software for the management of fleets of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for wirelessly connecting trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for

servicing and maintaining vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; rental of software, rental of computer hardware; computer security system monitoring; computer security consultancy; design and development of computer and Internet security programs; provision of security services for computer networks, computer access and computerized communication; computer virus protection services; IT services for the protection of computer and IT systems from unauthorized access, data duplication and conversion services, data coding services, computer analysis and diagnostics, research and development and implementation of computers and computer systems, computer programming, data mining, computer network configuration services; development, programming, installation, implementation, updating, maintenance and repair of computer networks, updating of memory banks of computer systems, data migration services, providing electronic access to position data and satellite correction signals; technological services, namely generating, recording and analysing of position data and satellite correction signals, updating of websites for third parties and monitoring of computer systems by remote access; material testing services; product testing for others, in particular safety, quality and functioning testing, in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; product testing for others, in particular safety, quality and functioning testing, in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; quality control for others in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; quality control for others in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; technical consultancy with regard to the operation of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; remote controlling of computer hardware, computer software, trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; research in the fields of mechanical engineering, electrical engineering; geological research and prospecting; product research and development; development of industrial processes; development for new products for third parties; development of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles and machines, and parts thereof; constructional planning; safety testing and technical testing (also by remote access) of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles and machines, and parts thereof; troubleshooting and fault diagnosis with regard to computer hardware, computer software, vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; remote controlling of computer hardware, computer software, trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; remote monitoring, remote maintenance and electronic tracking of computer hardware, computer software, trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; measurement services, namely, measurement of the rigidity, compaction degree, load

bearing capacity and temperature of material of all kinds and the ground, in particular of road surfaces and soil, measurement of the thickness and consistency of pavement layers, soil and construction material, measurement of the profile of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular of chisels, picks and belt pulleys, measurement of current, voltage, speed, in particular auger speed, acceleration, in particular drum acceleration, revolution, time, height, depth, in particular milling depth, weight, thickness, distance, temperature, frequency, vibration amplitudes, flow rate, in particular material flow rate, humidity, displacement, pressure and shock waves; weather forecast services; planning and development of construction projects; technical planning and technical development of projects for the processing of asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; technical planning and technical development of projects for the processing of construction materials, raw materials and valuable materials for road construction and building construction; technical planning and technical development of projects for the crushing of stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials or waste; technical planning and technical development of projects for the mixing of asphalt and concrete; laboratory research in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; laboratory research in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; laboratory services, namely, developing, analyzing, modifying and improving asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal, construction materials and waste; laboratory services, namely, developing, analyzing, modifying and improving raw materials and valuable materials for road construction and building construction; laboratory research in the field of chemistry; chemistry services, namely, developing, analyzing, modifying and improving asphalt, concrete, bitumen, stone, ore, construction materials, raw materials and valuable materials; laboratory research in the field of physics; physics services, namely, developing, analyzing, modifying and improving asphalt, concrete, bitumen, stone, ore, construction materials, raw materials and valuable materials; architectural services; technical drawing services, namely, civil and industrial engineering drawing services; urban planning; technical construction planning; technical management of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural projects; technological services, namely generating and analysing of data concerning construction processes and processes of processing, crushing and mixing of gases, liquids and solids; hire, rental and leasing of computer hardware and software, computer peripherals, laboratory equipment, electronic memory space on the Internet, navigation systems, vehicle and machine positioning equipment, vehicle and machine tracking equipment, calipers, laser height measuring apparatus, truck scales, infra-red thermometers, inclinometers stop watches, electronic controls, automatic controls and remote controls; recording of data via electronic sensors, namely operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; consultation and research in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture

Goods

Class 01

(1) Filtering media of chemical and non-chemical substances for use in the purification of liquids, air and gases; chemical surface coating compositions, other than paints, namely, for protecting machines, vehicles, industrial installations and metal structures, and parts thereof, from corrosion, rust and damage; adhesives for industrial use; curing preparations, namely, chemical preparations for curing (hardening) putties, fillers and pastes for repairing construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof, in particular conveyor belts and power belts; antifreeze; fire extinguishing compositions; coolants for vehicle motors, engines and radiators; coolants for machine motors, engines and radiators; electrolytes and water for batteries; hydraulic fluids; chemical additives for fuels, combustibles, lubricants and industrial oils; chemicals for purifying exhaust gases from internal combustion engines; chemicals for reducing the emission of pollutants in exhaust gases from internal combustion engines; detergents for use in manufacture and industry; urea, namely, aqueous urea solutions for selective catalytic reduction to reduce the output of pollutants in exhaust gases from internal combustion engines; chemical releasing agents, namely, for preventing construction materials from sticking to parts of machines, vehicles and industrial installations; chemical releasing agents, namely, for preventing parts of machines, vehicles and industrial installations from sticking to other parts of machines, vehicles and industrial installations; chemical preparations for preventing adhesion of bitumen on rubbery tyres; chemical substances for preventing corrosion of machines, vehicles, industrial installations and metal structures, and parts thereof; chemicals for welding; chemical welding protection paste; chemical welding powder; chemical preparations for cleaning purposes in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; chemical additives for vehicle and machine coolants; anti-rust and anti-corrosion preparations for preserving metal and construction materials; organic welding protection paste; mineral welding powder; ammonium salts, de-icing salt, halides and halogen acid salts; unprocessed and synthetic resins; putties, fillers and pastes for use in asphalt and concrete mixing; putties, fillers and pastes for repairing the body of construction, milling, recycling, soil stabilizing, spreading, paving, mining,

material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof; tire sealing compounds; contact cement

Class 04

(2) Industrial oils, namely, engine oils, hydraulic oils and lubricating oils; industrial oils, namely, transformer oils, in particular for magnetic separators; motor oil; gear oil; industrial lubricants; dust removing preparations; non-chemical additives for fuels, combustibles, lubricants and industrial oils; fuels, namely, gasoline, petrol and diesel fuels; lighting fuels; industrial greases, waxes; non-chemical additives for oils and greases; fire igniters

Class 06

(3) Metal goods, namely, cable channels (non-electric), clamping sleeves, bushings, ladders, staircases, scaffolding, balustrading, struts, supporting struts, supporting brackets, hand gear, springs, compression springs, ropes, thread inserts, flanges, hinges, strap-hinges, protecting parts for tool holder systems, crimp contacts, belt connectors, cans for lubricants and industrial oils and greases, spring steel strips for sealing tamper bars, rods and stakes for ropes and wires, bayonet caps, slotted screens, harp screens, piston seals, cabins, valves, valve blocks and slide valves of metal (other than parts of machines), beams, skids for protecting machine parts, flanges, strip steel, sliding shoes for road paving machines, skids as parts of machines, deflectors for protecting machine parts, spacer brackets of metal, mechanical seals of metal, metal machine pulleys, metal building materials, namely, reinforcing materials, refractory construction materials, road construction materials, sheets, panels, slabs, walls, wall claddings, claddings, beams, poles and ceiling supports, metal tanks, namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil; metal pressure vessels, silos, metal containers for storage, packaging and transport, metal transportation boxes, metal storage boxes, metal packaging boxes, reservoirs, bins, safety cashboxes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids, metal cables (nonelectric) namely, actuating cables and Bowden cables, wires (non-electric), chains (except jewelry), metal rings, namely, piston rings, ball rings for bearings, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers and washers for wheels, prefabricated metal buildings, namely portable mobile office buildings and portable mobile storage buildings, keys, key rings, metal door handles for machines, industrial installations and vehicles; tool handles of metal; metal hand gear for machines, industrial installations and vehicles; lock bolts, metal closures for tanks, silos, containers and reservoirs; metal latch closings; metal closing caps for tool holder systems; protective metal caps for parts of machines, vehicles and industrial installations, metal rollers for roller conveyors and conveyor belts; metal rollers for continuous tracks; metal rollers, namely, drive, return, guide, support, belt, cushioned, track, pressure and push rollers for construction, milling, recycling, stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural installations, machines and apparatus, locking rings, locking pins, cotters, metal bracings for supporting buildings, machines, vehicles and industrial installations, joists, guide tracks as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; rails, in particular sliding rails, as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; continuous tracks, crawler tracks and track pads for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; metal floor panels; metal roofing panels; metal wear panels and protection panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material

feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; straps for handling loads, pallets, nuts of metal, screws, bolts, dowels; clutch discs, shims, metal fasteners for material hoppers, conveyors, augers, screeds, exhaust systems and wear plates; metal clamps, in particular clamps for fastening irrigation spray nozzles, cable clamps and clamps for screens, metal fixing parts, namely, fish plates, wire rope clips and clips for tubes, metal plugs (bungs) for tool holder systems, adjustable metal collars for pipes, tubes, hoses, cables and irrigation spray nozzles, pipe clamps, hose clamps, bungs, labyrinth lids of metal for machines, vehicles and industrial installations, nails, cotter pins, rivets, trellises, number plates; protective metal strips for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; protective metal grilles for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations; metal working and building platforms; canopies for weather protection; metal couplings and connectors for pipes, tubes, hoses and cables; wire mesh; wire mesh screens and gauzes; metal sheets and plates for the protection of parts of machines, vehicles and industrial installations; metal wear sheets and plates for machines, vehicles and industrial installations; metal sheets and plates for armoring, covering and sealing parts of vehicles, machines and industrial installations; welding rods; metal signs and signaling panels (non-luminous and non-mechanical); metal cylinders for compressed gas and liquids (empty)

Class 07

(4) Agricultural and turf removing ploughs; pumps, compressors, generators and fans as parts of machines, motors and engines; water pumps (other than hand-operated); fuel pumps (other than hand-operated); grease pumps (other than hand-operated); AC generators; alternators; industrial robots; mobile and immobile elevating and lifting work platforms; machine pulleys; electric, pneumatic and hydraulic hoists; granulating machines; engines, power transmissions and gearing for machines, namely construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; motors for windscreen wipers; machine coupling and belting; clutches for machines; hydraulic transmissions for machines; filters for engines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; housings for filters for engines; dispensing machines, namely, rotary feeders for dispensing construction materials and bitumen; dispensing machines, namely, rotary feeders for dispensing additives for asphalt and concrete mixing processes; sweeping, cleaning, washing and rinsing machines, namely, road sweeping machines; machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste; mining machines; machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; road demolition machines; agricultural machines, namely, soil compacting machines; agricultural implements (other than hand-operated), namely, tractor-towed agricultural rollers; road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines; tunnel boring machines; soil

stabilizers for road construction; milling machines, in particular road milling machines; road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines; remixer and repavers (machines for fusing, detaching, processing and relaying of road surfacing); heating machines, in particular for replastifying road surfaces; asphalt finishers (machines); asphalt paving machines; block paving machines; machines for the finishing and aftertreatment of road surfaces; concrete paving machines; slipform pavers (machines); material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; machines for feeding road construction material to road paving machines; surface miner, namely, open-cast mining machines; dinting machines, namely, underground mining machines; levelers (machines), namely, lifts and hoists for lifting and lowering machines and machine parts; machines for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste; compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste; road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste; concrete and asphalt vibrators; machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization; machines for spraying, sputtering and nebulizing water; sorting machines for sorting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste; crushing machines and installations; comminutors for solid materials; crushers; sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials or waste; electric sieves for industrial applications; sizing machines; mixing machines and installations, in particular concrete and asphalt mixing machines and installations; concrete, asphalt, soil and rock agitators; machines for apportioning asphalt, concrete, bitumen and binding agents; machines for apportioning bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag and metal for road construction and building construction; machines for apportioning filling materials for asphalt mixing; machines for filtering air, oil, fuel, coolants, hydraulic fluids and water; cranes; power operated jacks; agitators for circulating liquid media; conveyors; conveyor belts; conveyor chains; bucket conveyors; hopper loaders (machines); winches; electrical, hydraulic and pneumatic lifting work platforms; electrical, hydraulic and pneumatic lifting platforms for lifting persons and materials; windlasses; parts of machines, namely, machine trowels, bits for mining machines, drill bits for rock drilling, centering drilling bits being parts of machines, dies for use with machine tools, diamond-pointed metal cutting tools, machine tools for compacting soil and earth, machine tools for breaking up road surfaces, machine tools for crushing road surface material, agricultural machine spray nozzles, brake drums, pneumatic tires, magnetic coils, undercarriages for vehicles, chains for vehicle undercarriages, bogies for trucks, heaters for road surfaces, rubber bands, belts for machines, belt pulleys for machines, metal gutter pipes, latch bars of metal, pressure gauges, metal guide bars for mining machines, slide boxes, hubs for vehicle wheels, shock absorbing springs for vehicles, road brushes, earth moving scrapers, gratings of metal, brake linings, chisels, chisel holders, shovels, hammers, spraying booms, track rollers, axles, mufflers, pressure valves, clack valves, hydraulic valves, pneumatic valves, non-return valves, slide valves, sun screens, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, transmission shafts, driving chains, auger blades, spreading augers, drivers cabs, steering stands, mirrors, bumpers, gear wheels, fly wheels, bearing brackets, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, screed plates, hoppers, rotors, clack valves, sieves, brakes, brake linings, brake calipers and brake shoes; power tools; electric, hydraulic, mechanical and pneumatic tools (other than handoperated) for repairing machines and

for changing, removal and fitting of machine parts, in particular for changing, removal and fitting of chisels, picks and padfeet; electric, hydraulic, mechanical and pneumatic tools (other than hand-operated), namely, drills, drivers, screwdrivers, hammers, ejector drifts, pumps and hot air guns; mechanical lifts and hoists for lifting and lowering machines and parts of machines; mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; mechanical hydraulic and pneumatic controls for electric, hydraulic and pneumatic systems in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; coverings for machine parts, in particular for drums and roller tires; adapted tarpaulins for use with machines; sparking plugs; starters for motors and engines; electric, pneumatic and hydraulic jacks; gas and electric welding machines; pneumatic hammers; filters for motors, namely, oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; bearing brackets for machines; machine wheels, namely, gear wheels; belts for motors; belt pulleys; driving chains and transmission shafts not for land vehicles); exhausts; mufflers; radiators and radiator caps for motors; mechanical discharging hoppers; mechanical, hydraulic and pneumatic metal loading ramps for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; elevators; parts and fittings for milling machines, in particular road milling machines; parts and fittings for asphalt finishers (machines); parts and fittings for asphalt paving machines; parts and fittings for slipform pavers (machines); parts and fittings for machines for the finishing and after treatment of road surfaces; parts and fittings for machines for crushing asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, slag, metal and waste; parts and fittings for mixing machines and installations, in particular concrete and asphalt mixing machines and installations; parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, construction materials, raw materials, valuable materials and waste; parts and fittings for road demolition machines; parts and fittings for road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines; parts and fittings for road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines; parts and fittings for soil stabilizers for road construction; parts and fittings for mining machines; parts and fittings for surface miner, namely, open-cast mining machines; parts and fittings for compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste; parts and fittings for road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste; parts and fittings for machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization; parts and fittings for sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials and waste; parts and fittings for material feeding machines; parts and fittings for material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction; industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing; asphalt mixers; non-metallic goods, namely, grab handles for

construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; non-metallic goods, namely, safety valves, piston rings, ball rings for bearings, tensioner pulleys; non-metallic goods, namely, tracks and overhead tracks for sliding parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste; industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction; industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing; industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste; milling machines, in particular road milling machines; soil stabilizers for road construction; machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; machines for recycling construction materials, raw materials and valuable materials for road construction and building construction; surface miner, namely, open-cast mining machines; slipform pavers (machines)

Class 08

(5) Hand-held tools (other than hand-operated); hand tools; hand-operated implements, namely, bitumen spraying implements, fuel dosing pumps, pumps for liquids, oil cans, spray guns, filling cylinders for lubricants and industrial oils and greases, grease presses and grease guns, in particular for treatment of materials and for construction, repair and maintenance; hand-operated pumps for lubricants and industrial oils and greases; hand-operated implements for dispensing lubricants and industrial oils and greases; drums for reeling and unwinding strings and ropes; vices; hand-operated jacks; parts and fittings for hand tools; non-metallic goods, namely, tool handles of plastic

Class 09

(6) Electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; frequency regulators; milling depth regulators; electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; switchboards; programmable logic controllers; oil level controls; power switches; electricity transformers; electric rectifiers; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images and data, namely cameras, image scanners, scanners for scanning surfaces, digital voice recorders, digital audio tape recorders, video recorders, audio transmitters and receivers, audio transformers, audio-visual transmitters and receivers, laser, infra-red and ultrasound transmitters and receivers, loudspeakers, computer display screens, touchscreens, head-up displays, sound amplifiers, antennas for radio signals, wireless LAN antennas, antennas for satellite signals, video receivers and transmitters, radio receivers and transmitters, satellite receivers and transmitters; blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, flash memory cards, USB cards, and SD memory cards; USB sticks; calculators; modems; network interface

cards and computer interface cards; computer central processing units; electronic pens; light pens; touch screen pens; microprocessors; computers; computer software for onboard computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; computer software for monitoring and controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for monitoring and controlling the operation of asphalt and concrete mixing machines; computer operating software for on-board computers; computer software for on-board computers, namely, software for controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for the management, monitoring, control, operating and regulating of motors, engines and drive systems; computer software for controlling the propulsion of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for controlling the traction of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for database management; computer software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for analyzing and processing operational efficiency data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; project management computer software for the planning, controlling, management and implementation of projects in the field of construction, milling, recycling, chemical processing, soil stabilizing, spreading of construction materials, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; computer software for the management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for detecting errors and monitoring the performance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for use in repair and maintenance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks; computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks; software for playing computer games; computer hardware; computer monitors; computer keyboards; computer mice; fire extinguishers; prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting,

mixing and agricultural machines; pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS); pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing navigation data; information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, LCD displays and monitors, computer and television screens and monitors, video monitors, audiovideo receivers, audio-video transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings; communication software for providing access to the Internet; cables for electricity; electromagnets; electromagnetic coils; electromagnetic separators for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste; electrical branch boxes; electric power generators; electric power converters; terminal boxes for electricity; electricity limiters; electric contacts; current converters; voltage converters; jump leads; battery chargers for charging batteries of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; alternators; strands and wires for electricity; insulated wires for electricity; screw connections for electric cables; frequency converters and invertors; distribution cabinets, panels and boxes for electricity; electric cable channels; semiconductors; microprocessors; microcontrollers; resistors; variable resistances; electric coils; capacitors; power contactors; optical devices, equipment, enhancers and correctors, namely, optical cables, plugs for optical cables, light barriers, optical lenses, signal mirrors, optical transmitters, optical receivers, optical disc drives, optical scanners and optical sensors; safety, security, protection and signalling devices and equipment for vehicles, machines and industrial installations, namely, flashing and steady safety lights, safety bar lights, beacon lights, emergency warning lights, signal lights, sirens, light barriers, safety fuses, safety contact plugs, mechanical safety lighting signals, luminous safety lighting signals, back-up sensors, motion sensors, cameras, security and fire alarms, reversing alarms, security control panels and motion detectors, emergency signal transmitters, signal bells, signal whistles, electronic tire pressure, vibration, shock, motion, angle, temperature and voltage monitors, electrical indicators and overhang indicators; safety equipment, namely, cameras and

monitors for exposing and eliminating the blind spots on both sides of vehicles, machines and industrial installations; global navigation satellite systems consisting of computers, computer software, transmitters receivers, and network interface devices for trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; navigation apparatus in the form of on-board computers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; global navigation satellite systems consisting of computers, computer software, transmitters, receivers, and network interface devices for locating and tracking movements of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; vehicle and machine tracking systems comprised of computer hardware, computer software, cellular phones, distance and motion sensors, satellite antennas, satellite receivers, satellite transmitters, radio antennas, radio receivers and radio transmitters; machines for drawing and making digital maps, including maps showing the progress and results of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; parts and fittings for machines for drawing and making digital maps; measuring, detecting and monitoring instruments, devices, appliances and controllers, namely, rotary encoders, dipsticks, measuring buckets, scanners for vehicles and machines, scanners for scanning the earth's surface, scanners for scanning the surface of parts of vehicles and machines, gauges for measuring the profile of chisels, picks and belt pulleys, pressure gauges, analog and digital multimeters, mechanical altimeters, levels, measuring instruments for measuring the thickness of pavement layers, revolution counters, digital speedometers, ammeters, infrared thermometers, frequency meters, meters for measuring the frequency and amplitudes of vibration drums, flow meters, temperature meters (not for medical purposes), hygrometers, speedometers, measuring rods for measuring lengths and distances, measuring rods for measuring fluid levels, electrical currents sensors, scales, electronic scales, weighbridges, potentiometers, meters for measuring height, measuring cups, measuring hoses, measuring tapes and tachometers; instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil; temperature regulators, namely, temperature sensors and gauges; electric and electronic apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade sensors, cylinder sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, satellite antennas, radio antennas, computer terminals for telematics and satellite ground stations; electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; testing and quality control devices, namely, insulation continuity testers, hydraulic pressure testers, power testers, voltage testers, apparatus for measurement and quality control of soil, construction material and road surfaces, machines and apparatus for testing the consistency and quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, construction

aggregate, bituminous mixtures, rock, gravel, sand, metal, slag and waste; computers, computer software and machines for analysing and diagnosing the condition, operation of and faults with computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; simulators for the driving and operation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines; laser, infrared and ultrasound rangefinders; laser, infra-red and ultrasound transmitters and receivers; laser and infrared diodes; power switches; electrical switches; electric control boxes, switch cabinets and control boards; electric control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and vehicles; computer joysticks; joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; levelling sensors; slope sensors; grade sensors; cylinder sensors; transducing sensors; wire-rope sensors; ultrasonic sensors; laser sensors; sensors for measuring displacement and height, in particular milling depth; shock sensors; pressure sensors; mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate; sensors for measuring drum acceleration; temperature sensors; electronic compaction density sensors; photo sensors; scanner sensors; acceleration sensors; level sensors; height sensors; electronic sensors for determining position, velocity, acceleration and temperature; light emitting diodes; horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric buzzers; luminous signs; optical reflectors; optical mirrors; radio receivers and transmitters; radio antennas; radar antennas; satellite antennas; microwave antennas; wireless LAN antennas; satellite aerials; radar transmitters; satellite transmitters; microwave transmitters; wireless LAN transmitters; radar receivers; satellite receivers; microwave receivers; wireless LAN receivers; electrostatic metal separators; remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric and electronic lifts, hoists and controllers for lifting and lowering construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric and electronic lifts, hoists and controllers for lifting and lowering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; oil level indicators; components for electrical circuits; connection strips for electricity; electric plugs; plugs for electric sockets; electric adapters; electric connection boxes for electric and optical cables; adapter boxes for electric and optical cables; plugs for electric and optical cables; wire end sleeves; electric connectors; electric plugs; wire end sleeves; electric relays; fuses; electrical terminal boxes; connecting terminals for electricity; battery terminals; electric diode terminals; electrical circuits and circuit boards; audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog audio tape and cassette players, audio amplifiers and audio frequency transformers and radio receivers; loud speakers; graphic equalizers; electric batteries for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric storage batteries; electric battery chargers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electrical amplifiers; protective and safety clothing for protection against accident and injury, namely, protective pants, protective jackets,

protective coats, protective vests, protective gloves, protective masks, protective caps, protective hats, reflective safety jackets, reflective safety pants and reflective safety vests; protective shoes; protective helmets; eyeglasses, in particular safety glasses for protecting the eyes and sun glasses; exposed films for educational purposes; cinematographic films for educational purposes, namely, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; identification cards with embedded chips; holders for measuring rods; cases for computers, radio receivers and satellite receivers; displays, stands and signage, namely, warning signs and luminous signs for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; nonmetallic goods, namely, electric locks for vehicles and machines, mechanical locks for vehicles and machines, fastening hinges for electric cables, electrical power connectors, spools for electric wires

Class 11

(7) Heating plates; heaters for diesel engines; water spraying systems and heating radiators as parts and fittings for conveyors and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; irrigation sprinklers; dehumidifiers; industrial ovens for heating and boiling asphalt and bitumen; furnaces, not for food and beverages, namely, heating furnaces for industrial purposes, electric furnaces for industrial purposes; asphalt dryers; concrete dryers; bitumen dryers; construction material dryers; electric melting pots for tar; industrial water tanks; water pipes; water taps; engine flues for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; sanitary installations and appliances, namely, portable toilets, lavatories, sinks; electric heaters; heaters for asphalt, concrete, bitumen, tar and construction materials; air heaters; water heaters; oil heaters; electric boilers; heating boilers; industrial boilers; asphalt, tar, oil and bitumen boilers; oil burners; gas burners; coaldust burners; tar burners; electrical heating elements; electric lighting fixtures; electric lamps; xenon lights for working purposes; side-marker lamps of vehicles, machines and industrial installations; direction indicator lamps of vehicles and machines; floodlights; taillights of vehicles and machines; halogen, xenon, ultraviolet and LED lamps; halogen, xenon and LED work lights; rotating flashing beacons; luminous balloons; lights of vehicles, machines and industrial installations; optical reflectors; vehicle reflectors; luminaires; headlights; light bulbs; pocket torches; filters for industrial use, namely, air, gas and dust filters for industrial use; gas filters; water filters; water, oil, fuel, coolants, hydraulic fluids, air and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; installations for collecting gases, liquids and solids, namely, tanks, silos, reservoirs and pipes of metal and plastic for tanks, silos and reservoirs; separator grids for removing impurities from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste; magnetic separators for removing metal from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction

aggregate, gravel, sand, slag and waste; regulating and safety accessories for water and gas installations, namely, pressure relief valves, pressure indicators, pressure regulators and pneumatic controls; air conditioners, air conditioning installations, ventilators, ventilating fans, ventilating louvers, electrically powered air blowers for air-conditioning purposes and radial blowers for ventilating purposes for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; air conditioners and air conditioning installations for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; electric heaters for warming up oils and greases; asphalt, tar, oil and bitumen cookers; dryer drums for drying and heating asphalt and bitumen; burners for heating and boiling asphalt and bitumen; tanks and metal silos for heating asphalt and bitumen; insulated tanks and metal silos for keeping asphalt and bitumen hot; melting pots for asphalt and bitumen; polymerisation installations; dust filters and dust filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; heat exchangers; irrigation sprinklers; irrigation spray nozzles; parts and fittings for industrial processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste; parts and fittings for industrial chemical processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste; parts and fittings for irrigation sprinklers and irrigation spray nozzles; parts and fittings for electric heaters, heaters for asphalt, concrete, bitumen, tar and construction materials, air heaters, water heaters, oil heaters, electric boilers, heating boilers, industrial boilers, asphalt, tar, oil and bitumen boilers, oil burners, gas burners, coaldust burners and tar burners; parts and fittings for air, gas, water and dust filters for industrial use; parts and fittings for polymerisation installations; parts and fittings for liquid, air, dust and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; parts and fittings for tanks, silos and reservoirs for collecting gases, liquids and solids; parts and fittings for separators for removing impurities from solids; parts and fittings for dryer drums for drying and heating asphalt and bitumen, burners for heating and boiling asphalt and bitumen, tanks and metal silos for heating asphalt and bitumen, and insulated tanks and metal silos for keeping asphalt and bitumen hot

Class 12

(8) All-terrain vehicles; tractors; concrete mixing vehicles; tanker trucks; trailers for tankers; transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste; transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; truck tractors; load carrying trailers; low-loading vehicles, namely, cargo trailers; towing trucks; trucks; cargo trailers for motor vehicles; tipping bodies for vehicles; waggons; steering wheels; vehicle wheels; trailer wheels; wheels for mobile machines; tyres; pneumatic tyres; solid rubber tyres; vehicle wheel rims; trailer wheel rims; wheel rims for mobile machines; inner tubes for tyres; repair outfits for inner tubes; chains for motor vehicles; tracks for vehicles, namely, continuous metal tracks and rubber tracks; continuous tracks; complete running gears with continuous tracks and rubber tracks for tracked vehicles; track pads for continuous tracks; adapted quick-change pads for use with track pads for continuous tracks; power

transmissions, gearing, engines and motors for land vehicles; coupling and power transmission components for land vehicles; driving chains and transmission shafts for land vehicles; radiator grills for vehicles; undercarriages for vehicles; undercarriages for mobile machines; brakes, brake calipers, brake shoes and brake linings for vehicles; scrapers for tyres; windscreen wipers; adapted tarpaulins for use with motor land vehicles and trailers for motor land vehicles; fitted covers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; anti-theft alarms for vehicles; mirrors for vehicles; pumps for bicycles; air pumps for tyres; parts and fittings for tractors, concrete mixing vehicles, asphalt mixers, all-terrain vehicles, trailers for tankers, truck tractors, load carrying trailers, towing trucks, trucks, tanker trucks, cargo trailers and wagons; parts and fittings for transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste and trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; parts and fittings for chains for motor vehicles, continuous tracks, complete running gears with continuous tracks and rubber tracks for tracked vehicles, track pads for continuous tracks, adapted quick-change pads for use with track pads for continuous tracks

Class 14

(9) Precious metals and their alloys, and imitations thereof; precious stones and pearls, and imitations thereof; model vehicles and machines (ornaments) made of precious metal; jewellery; watches, in particular wrist watches and stop watches; clocks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; jewellery and watch boxes; key rings (trinkets and fobs); statues, figurines and coins made of and coated with precious and semi-precious metals, and imitations thereof; non-metallic goods, namely, key tags, key rings

Class 16

(10) Paper; cardboard; data sheets; working instructions; parts lists; checklists; posters; crossword puzzles; advertising material, namely, flyers; printed instructions for the installation of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; printed descriptions for the operation and control of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; paper goods, namely, stickers, sealing paper, cardboard boxes, copy paper, toilet paper and paper inserts for oil centrifuges; paper stationery; writing and stamping implements; ballpoint pens; fountain pens; pencils; coloring books, art paper, chalks for drawing, drawing pens, drawing brushes and drawing pads; cases for stationery and drawing materials; pictures; photographs; post cards; picture post cards; pop-up greeting cards; greeting cards; decalcomanias; trading cards (other than for games); graphic prints; diagrams; blueprints (plans); maps made of paper and flexible plastics; newspapers; periodicals; magazines (periodicals); books; booklets; catalogues; reference books; manuals; note books; calendars; albums; book markers; ink stamps; address stamps; labels (not of textile), namely, paper labels, adhesive labels and plastic labels; paintings; art pads; art prints; art paint kits; paper party decorations; paper table decorations; paper wall decorations; envelopes for stationery use; painters' brushes; adhesive tapes; adhesive tape dispensers; paper hole punches for office use; staplers; paper racks; paper knives; document files; machine and vehicle models for instructional purposes; figurines of paper and cardboard, and architectural models; coasters of paper and cardboard; filtering materials of paper; bags for packaging, wrapping and storage of paper, cardboard and plastics; storage boxes and containers of cardboard; storage boxes and containers

of plastics; packaging boxes and containers of cardboard; packaging boxes and containers of plastics; packaging and wrapping paper; packaging and wrapping foil; adhesive packaging tapes; disposable paper products, namely, disposable paper napkins; cork memo boards; paper seals; packaging materials in the nature of plastic sheets

Class 17

(11) Seals, sealants and fillers, namely, sealing brush, sealing flanges, sealing rings, sealing rubber, sealing flaps, exhaust pipe gaskets, sealing nuts, sealing washers, gaskets, sealing compounds, seals for wheel gears, seals for turbo chargers, seals for valve covers, sealing lamellas, seal material, sealing nipples, seals for irrigation spray nozzles, seals for tool holders, hydraulic seals, seals for filters, in particular oil, air and ventilation filters, rubber seals for screeds of road and asphalt pavers, o-rings, rubber curtains for sealing crusher and crusher housings, valve cover seals, rubber seals, sealing sleeves, piston seals, cylinder jointings, sealing cords; sealing sheets and plates for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; insulation, damping and barrier materials, namely, electrical insulation, fiberglass insulation, thermal insulation, felt insulation, vibration insulation, and acoustical insulation; non-metallic pipes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids; non-metallic couplings and connectors for pipes, tubes, hoses and cables; plastics sheets, films, blocks, rods and tubes for use in production; plastics sheets, films, blocks, rods and tubes for general industrial and manufacturing use; plastic scraper sheets for conveyors; plastic control films; plastic labelling films; plastic spacer blocks; unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins; finished and semi-finished products (adapted for a specific use), namely, ebonite moulds, moulds of rubber for use in the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, statues and works of art, namely, figurines made from rubber, anti-dazzle films for windows (tinted), plastic masking films (other than for packaging), clutch linings and brake linings, marker tapes, protective asbestos screens, rubber bands, rubber rings; finished and semi-finished products (adapted for a specific use), namely, rubber shock-absorbers for machine drums; finished and semi-finished products (adapted for a specific use), namely, non-metallic shock-absorbers and non-metallic vibration dampers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; finished and semi-finished products (adapted for a specific use), namely, rubber bags, rubber envelopes and rubber containers; finished and semi-finished products (adapted for a specific use), namely, adhesive packing tape for industrial and commercial use; finished and semifinished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches; finished and semi-finished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches; finished and semi-finished products (adapted for a specific use), namely, rubber coverings for drums of compacting machines, in particular road rollers; finished or semi-finished products (adapted for a specific use), namely, cylinder jointings; finished and semi-finished products (adapted for a specific use), namely, rubber and plastic spacers (except fasteners for pipes), namely, spacer blocks, spacer bushings, spacer sleeves, spacer strips, distance frames, distance tubes, spacer washers, distance pieces, spacer brackets and washers; finished and semi-finished products (adapted for a specific use), namely, semiprocessed plastics and rubber in the nature of synthetic filtering materials for the construction, milling, recycling, soil stabilizing, spreading,

paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; finished and semi-finished products (adapted for a specific use), namely, adhesive tapes, strips, bands and films for industrial purposes; finished and semi-finished products (adapted for a specific use), namely, adhesive rubber patches for repairing tubes and tires; finished and semi-finished products (adapted for a specific use), namely, protective rubber articles, namely, rubber covers for protecting parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pipe clamps of rubber; non-metallic goods, namely, clack valves, slide valves, joints for parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers, washers for wheels

Class 18

(12) Luggage; travelling bags; carry-all bags; athletic bags; sport bags; bags for clothing, shoes and headgear; textile, mesh and leather shopping bags; bum bags; belt bags; waist bags; cosmetic bags; beach bags; flight bags; hand bags; hiking bags; kit bags; key bags; leather bags; trolley bags; roll bags; toilet bags, wallets; suitcases; travel cases; carriers for tools, carriers for computer hardware, and computer peripherals namely, carriers for printers, digital cameras, keyboards, scanners, carriers for audiovisual equipment namely, carriers for video projectors and monitors; carriers for testing, controlling and measuring apparatus and instruments, namely, carriers for leveling sensors and ultrasonic sensors; backpacks; umbrellas and parasols; walking sticks; saddlery

Class 19

(13) Tanks (not of metal nor of masonry), namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil; pressure vessels (not of metal nor of masonry); model vehicles and machines (ornaments) made of plastic, gypsum and wood; plastic and cardboard containers and boxes for storage; plastic and cardboard containers and boxes for transport; plastic ladders and stepladders; nonmetallic goods, namely, road surface molds, supports for tent canopies; statues, figurines and coins made of and coated with precious and semi-precious stones, and imitations thereof; glass panels; non-metallic goods, namely, road surface molds, supports for tent canopies

Class 20

(14) Chairs; tables; benches; cupboards; wardrobes; cushions, in particular seat cushions; wooden shipping crates and wooden pallets; plastic shipping crates and plastic pallets; clothes hangers; non-metallic goods, namely, lock bolts, plastic shims, locking rings, plastic clips for cables; non-metallic goods, namely, fasteners for pipes, tubes, hoses and cables, clips for electric wires, clips for non-electric wires, clips for pipes, tubes, hoses and cables, nuts, screws, number plates, armrests, plastic bungs, keys, shelves, hooks, pipe clamps, hose clamps, holders for pennants, dowels, bolts, rivets, nails, staves; inflatable mattresses

Class 21

(15) Earthenware; glassware and porcelain, namely beer mugs, glass decorative ornaments, tea pots, cooking pots, drinking cups, mugs, table plates; protective windshield glass; drinking glasses; beverage glassware; servingware of porcelain for serving beverages; decorative glass for household and commercial use; unfinished and finished glass for windows of vehicles, machines and industrial installations; model vehicles and machines made of stone, glass and porcelain; dustbins; trash bins; dustbin and trash bin liners; waste paper baskets; cleaning and polishing

cloth; cleaning and polishing rags; cleaning sponges; polishing and cleaning gloves; polishing and cleaning leather; brooms; material handling buckets; pitchers; funnels for industrial oils, greases and lubricants; funnels for fuels; steel wool; rotary brushes for vehicles and machines; brushes for cleaning vehicles, machines and industrial installations; brushes for cleaning clothing, footwear and headgear; cleaning brushes for household use; floor brushes; scraping brushes; toilet brushes; tooth brushes; washing brushes; gardening articles, namely, sprinkling devices, nozzles for sprinkling devices, watering cans, watering can sprinklers, lawn sprinklers and nozzles for hosepipes; model vehicles and machines (ornaments) made of stone, glass and porcelain; statues, figurines, plaques; unprocessed and semi-processed glass for windows and lights of vehicles, machines and industrial installations; household and kitchen utensils, namely non-electric food-blenders for household purposes, cutting boards, dishes, graters, beaters, spatulas, cooking spoons, food storage containers, cooking sieves, cutlery trays, dispensers for liquid soap, dispensers for napkins and paper towels, gloves for household purposes, laundry bins, plastic recycling bins for household purposes, cork screws, bootjacks; bottle openers; hair combs; cleaning combs; cleaning sponges; bath sponges, sponges for household purposes; tableware, namely, plates, cups, in particular coffee and tea cups, mugs, in particular coffee and tea mugs, coffee services, tea services, scoops and napkin holders; coasters, namely, drink coasters, cardboard coasters; cookware; metal and plastic household storage containers; cosmetic and toilet utensils and soap dispensers; dispensers for hygienic wipes and lotions; bathroom pails; bathroom glasses, cups and mugs; holders not of precious metal for bathroom glasses, cups and mugs; razor holders; towel holders; towel racks; toilet paper holders and dispensers; paper towel dispensers; shoe horns; non-metallic goods, namely, holders for paper towels and trays

Class 25

(16) Overalls, coveralls, dungarees, work dungarees, trousers, pants, jeans, work trousers, jackets, coats, work jackets, work dress, vests, work vests, scarves, gloves, shirts, polo shirts, sweaters, aprons, coats, sweat jackets, sweat shirts, t-shirts, weather protection trousers, belts, pullovers, scarves, kerchiefs, socks, jerseys, masquerade costumes, swimming trunks, sport trousers, sport shirts, sport jackets; work shoes; work boots; steel-toe boots; sneakers; trainers; flip-flops; rain boots; leather shoes; sport shoes; driving shoes; beach shoes; bath slippers; mules; sandals; caps, hats, hoods, peaked caps, weather protection caps, sun visors, swimming caps

Class 26

(17) Hooks for clothing

Class 28

(18) Model vehicles and machines (scaled down); model vehicles and machines (playthings); toy vehicles, machines and industrial installations; controllers for toy vehicles, machines and industrial installations; action figures; dolls; stuffed and plush toys, in particular machines and animals; decorative toy mobiles; bath toys; bendable toys; clockwork toys; construction toys; electrical, mechanical, pneumatic and hydraulic action toys; electronic learning toys; infant toys; ride-on toys; inflatable ride-on toys; toy figures; musical toys; party favors in the nature of small toys; push toys; sand toys; water toys; drawing toys; sketching toys; squeeze toys; talking toys; toy balloons; toy building blocks; toy buildings, building structures and vehicle tracks; toy construction sets; toy masks; toy robots; toy tools; wind-up toys; toy racing sets; electric computer games with flat panel display screen which features animation and sound effects; video game consoles; video game machines; board games; card games; dice games; action skill games; amusement game machines; arcade games; building games; dart games; electronic educational game machines; electronic games other than those adapted for use with television receivers only; memory games; handheld game consoles; handheld electronic games; handheld, non-electronic skill games; party

games; puzzle games except crossword puzzles; tabletop games; carnival masks and costumes; toy and novelty face masks; novelty toy items in the nature of pop ups; play balls; play balloons; play figures; play vehicles, machines and industrial installations; controllers for play vehicles, machines and industrial installations; play buildings, building structures and vehicle tracks; beach balls; balls for sport; pumps for inflating balls for sport; nets for sports; bags adapted for sports equipment; boxing gloves; face, shin, knee, leg, arm and elbow guards for athletic use; roller skates; exercise weights; sport hoops; sleighs; sleds; springboards; golf clubs; golf bags; skis; ski sticks; ski bags; football and soccer goals; festive Christmas tree decorations and artificial Christmas trees; scale model vehicles of common metal; scale models of common metal of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations

Class 34

(19) Smokers' articles, in particular lighters; ashtrays; matches

Services

Class 35

(1) Business management; business administration; advertising the goods and services of others; distribution of advertising materials for others; marketing of the goods and services of others; business administration consultancy; business management consultancy, consultancy in the field of business structure and organizational management; product demonstration and product presentation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; internet product demonstration and internet product presentation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organizing and conducting trade fairs in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries; business appraisals; evaluation of business matters; arranging of sales competitions in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; negotiation and conclusion of commercial transactions for third parties; acquisition of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, for third parties; subscription management services for customer subscriptions and product catalogues; commercial trading and consumer information services, namely auctioneering services, import and export services, price comparison services; compilation and systematization of data and information in electronic databases; process optimization in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; compilation of statistics; costbenefit analysis; cost-price-analysis; business studies concerning capacity utilisation; business project management; organisational project management and organisational management of vehicle and machine fleets, and related organisational and business consultancy; operating an information, complaints and emergency hotline, also online, namely taking, collecting and forwarding customer requests and customer complaints by telephone and electronic means; import-export agencies services; organisational scheduling of the operating time and location of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; business

relocation services; retail and wholesale services of filtering media of chemical and non-chemical substances for use in the purification of liquids, air and gases, chemical surface coating compositions, other than paints, namely, for protecting machines, vehicles, industrial installations and metal structures, and parts thereof, from corrosion, rust and damage, adhesives for industrial use, curing preparations, namely, chemical preparations for curing (hardening) putties, fillers and pastes for repairing construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof, in particular conveyor belts and power belts, antifreeze, fire extinguishing compositions, coolants for vehicle motors, engines and radiators, coolants for machine motors, engines and radiators, electrolytes and water for batteries, hydraulic fluids, chemical additives for fuels, combustibles, lubricants and industrial oils, chemicals for purifying exhaust gases from internal combustion engines, chemicals for reducing the emission of pollutants in exhaust gases from internal combustion engines, detergents for use in manufacture and industry, urea, namely, aqueous urea solutions for selective catalytic reduction to reduce the output of pollutants in exhaust gases from internal combustion engines, chemical releasing agents, namely, for preventing construction materials from sticking to parts of machines, vehicles and industrial installations, chemical releasing agents, namely, for preventing parts of machines, vehicles and industrial installations from sticking to other parts of machines, vehicles and industrial installations, chemical preparations for preventing adhesion of bitumen on rubbery tyres, chemical substances for preventing corrosion of machines, vehicles, industrial installations and metal structures, and parts thereof, chemicals for welding, chemical welding protection paste, chemical welding powder, chemical preparations for cleaning purposes in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry, chemical additives for vehicle and machine coolants, anti-rust and anti-corrosion preparations for preserving metal and construction materials, organic welding protection paste, mineral welding powder, ammonium salts, de-icing salt, halides and halogen acid salts, unprocessed and synthetic resins, putties, fillers and pastes for use in asphalt and concrete mixing, putties, fillers and pastes for repairing the body of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, and parts thereof, tire sealing compounds, contact cement, industrial oils, namely, engine oils, hydraulic oils and lubricating oils, industrial oils, namely, transformer oils, in particular for magnetic separators, motor oil, gear oil, industrial lubricants, dust removing preparations, non-chemical additives for fuels, combustibles, lubricants and industrial oils, fuels, namely, gasoline, petrol and diesel fuels, lighting fuels, industrial greases, waxes, non-chemical additives for oils and greases, fire igniters, metal goods, namely, cable channels (non-electric), clamping sleeves, bushings, ladders, staircases, scaffolding, balustrading, struts, supporting struts, supporting brackets, hand gear, springs, compression springs, ropes, thread inserts, flanges, hinges, strap-hinges, protecting parts for tool holder systems, crimp contacts, belt connectors, cans for lubricants and industrial oils and greases, spring steel strips for sealing tamper bars, rods and stakes for ropes and wires, bayonet caps, slotted screens, harp screens, piston seals, cabins, valves, valve blocks and slide valves of metal (other than parts of machines), beams, skids for protecting machine parts, flanges, strip steel, sliding shoes for road paving machines, skids as parts of machines, deflectors for protecting machine parts, spacer brackets of metal, mechanical seals of metal, metal machine pulleys, metal building materials, namely, reinforcing materials, refractory construction materials, road construction materials, sheets, panels, slabs, walls, wall claddings, claddings, beams, poles and ceiling supports, metal tanks, namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil, metal pressure vessels, silos, metal containers for storage, packaging and transport, metal transportation boxes, metal storage boxes, metal packaging boxes,

reservoirs, bins, safety cashboxes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids, metal cables (non-electric) namely, actuating cables and Bowden cables, wires (non-electric), chains (except jewelry), metal rings, namely, piston rings, ball rings for bearings, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers and washers for wheels, prefabricated metal buildings, namely portable mobile office buildings and portable mobile storage buildings, keys, key rings, metal door handles for machines, industrial installations and vehicles, tool handles of metal, metal hand gear for machines, industrial installations and vehicles, lock bolts, metal closures for tanks, silos, containers and reservoirs, metal latch closings, metal closing caps for tool holder systems, protective metal caps for parts of machines, vehicles and industrial installations, metal rollers for roller conveyors and conveyor belts, metal rollers for continuous tracks, metal rollers, namely, drive, return, guide, support, belt, cushioned, track, pressure and push rollers for construction, milling, recycling, stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural installations, machines and apparatus, locking rings, locking pins, cotters, metal bracings for supporting buildings, machines, vehicles and industrial installations, joists, guide tracks as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, rails, in particular sliding rails, as parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, continuous tracks, crawler tracks and track pads for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, metal floor panels, metal roofing panels, metal wear panels and protection panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, straps for handling loads, pallets, nuts of metal, screws, bolts, dowels, clutch discs, shims, metal fasteners for material hoppers, conveyors, augers, screeds, exhaust systems and wear plates, metal clamps, in particular clamps for fastening irrigation spray nozzles, cable clamps and clamps for screens, metal fixing parts, namely, fish plates, wire rope clips and clips for tubes, metal plugs (bungs) for tool holder systems, adjustable metal collars for pipes, tubes, hoses, cables and irrigation spray nozzles, pipe clamps, hose clamps, bungs, labyrinth lids of metal for machines, vehicles and industrial installations, nails, cotter pins, rivets, trellises, number plates, protective metal strips for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, protective metal grilles for covering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, metal working and building platforms, canopies for weather protection, metal couplings and connectors for pipes, tubes, hoses and cables, wire mesh, wire mesh screens and gauzes, metal sheets and plates for the protection of parts of machines, vehicles and industrial installations, metal wear sheets and plates for machines, vehicles and industrial installations, metal sheets and plates for armoring, covering and sealing parts of vehicles, machines and industrial installations, welding rods, metal signs and signaling panels (non-luminous and non-mechanical), metal cylinders for compressed gas and liquids (empty), agricultural and turf removing ploughs, pumps, compressors, generators and fans as parts of machines, motors and engines, water pumps (other than hand-operated), fuel pumps (other than hand-operated), grease pumps (other than hand-operated), AC generators, alternators, industrial robots, mobile and immobile elevating and lifting work platforms, machine pulleys, electric, pneumatic and hydraulic hoists, granulating

machines, engines, power transmissions and gearing for machines, namely construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, motors for windscreen wipers, machine coupling and belting, clutches for machines, hydraulic transmissions for machines, filters for engines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, housings for filters for engines, dispensing machines, namely, rotary feeders for dispensing construction materials and bitumen, dispensing machines, namely, rotary feeders for dispensing additives for asphalt and concrete mixing processes, sweeping, cleaning, washing and rinsing machines, namely, road sweeping machines, machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, mining machines, machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, road demolition machines, agricultural machines, namely, soil compacting machines, agricultural implements (other than hand-operated), namely, tractor-towed agricultural rollers, road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines, tunnel boring machines, soil stabilizers for road construction, milling machines, in particular road milling machines, road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines, remixer and repavers (machines for fusing, detaching, processing and relaying of road surfacing), heating machines, in particular for replastifying road surfaces, asphalt finishers (machines), asphalt paving machines, block paving machines, machines for the finishing and aftertreatment of road surfaces, concrete paving machines, slipform pavers (machines), material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, machines for feeding road construction material to road paving machines, surface miner, namely, open-cast mining machines, dinting machines, namely, underground mining machines, levelers (machines), namely, lifts and hoists for lifting and lowering machines and machine parts, machines for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials and waste, compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste, road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste, concrete and asphalt vibrators, machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization, machines for spraying, sputtering and nebulizing water, sorting machines for sorting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste, crushing machines and installations, comminutors for solid materials, crushers, sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials or waste, electric sieves for industrial applications, sizing machines, mixing machines and installations, in particular concrete and asphalt mixing machines and installations, concrete, asphalt, soil and rock agitators, machines for apportioning asphalt, concrete, bitumen and binding agents, machines for apportioning bituminous mixtures, stone, ore, rock, construction aggregate,

gravel, sand, slag and metal for road construction and building construction, machines for apportioning filling materials for asphalt mixing, machines for filtering air, oil, fuel, coolants, hydraulic fluids and water, cranes, power operated jacks, agitators for circulating liquid media, conveyors, conveyor belts, conveyor chains, bucket conveyors, hopper loaders (machines), winches, electrical, hydraulic and pneumatic lifting work platforms, electrical, hydraulic and pneumatic lifting platforms for lifting persons and materials, windlasses, parts of machines, namely, machine trowels, bits for mining machines, drill bits for rock drilling, centering drilling bits being parts of machines, dies for use with machine tools, diamond-pointed metal cutting tools, machine tools for compacting soil and earth, machine tools for breaking up road surfaces, machine tools for crushing road surface material, agricultural machine spray nozzles, brake drums, pneumatic tires, magnetic coils, undercarriages for vehicles, chains for vehicle undercarriages, bogies for trucks, heaters for road surfaces, rubber bands, belts for machines, belt pulleys for machines, metal gutter pipes, latch bars of metal, pressure gauges, metal guide bars for mining machines, slide boxes, hubs for vehicle wheels, shock absorbing springs for vehicles, road brushes, earth moving scrapers, gratings of metal, brake linings, chisels, chisel holders, shovels, hammers, spraying booms, track rollers, axles, mufflers, pressure valves, clack valves, hydraulic valves, pneumatic valves, non-return valves, slide valves, sun screens, scraper chains, sprockets, cylinders, pistons, piston rods, bearings, transmission shafts, driving chains, auger blades, spreading augers, drivers cabs, steering stands, mirrors, bumpers, gear wheels, fly wheels, bearing brackets, block and tackle, hydraulic plates, vibratory plates (vibrating compactor plates), shock absorbers, screed plates, hoppers, rotors, clack valves, sieves, brakes, brake linings, brake calipers and brake shoes, power tools, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated) for repairing machines and for changing, removal and fitting of machine parts, in particular for changing, removal and fitting of chisels, picks and padfeet, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated), namely, drills, drivers, screwdrivers, hammers, ejector drifts, pumps and hot air guns, mechanical lifts and hoists for lifting and lowering machines and parts of machines, mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, mechanical hydraulic and pneumatic controls for electric, hydraulic and pneumatic systems in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, coverings for machine parts, in particular for drums and roller tires, adapted tarpaulins for use with machines, sparking plugs, starters for motors and engines, electric, pneumatic and hydraulic jacks, gas and electric welding machines, pneumatic hammers, filters for motors, namely, oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, bearing brackets for machines, machine wheels, namely, gear wheels, belts for motors, belt pulleys, driving chains and transmission shafts not for land vehicles), exhausts, mufflers, radiators and radiator caps for motors, mechanical discharging hoppers, mechanical, hydraulic and pneumatic metal loading ramps for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, elevators, parts and fittings for milling machines, in particular road milling machines, parts and fittings for asphalt finishers (machines), parts and fittings for asphalt paving machines, parts and fittings for slipform pavers (machines), parts and fittings for machines for the finishing and after treatment of road surfaces, parts and fittings for machines for crushing asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, slag, metal and waste, parts and fittings for mixing machines and installations, in particular concrete and asphalt mixing machines and installations, parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous

mixtures, stone, ore, construction materials, raw materials, valuable materials and waste, parts and fittings for road demolition machines, parts and fittings for road construction machines, namely, road paving machines, road rollers (compacting machines), road milling machines and concrete paving machines, parts and fittings for road finishers, namely, ground surface finishing machines, soil compacting machines, asphalt compacting machines and concrete compacting machines, parts and fittings for soil stabilizers for road construction, parts and fittings for mining machines, parts and fittings for surface miner, namely, opencast mining machines, parts and fittings for compacting machines, namely, machines for compacting the ground, earth, soil, asphalt, concrete, road surfaces and waste, parts and fittings for road rollers, tandem rollers, static rollers, rubber wheeled rollers and grader rollers for compacting and moving earth, soil, asphalt, concrete, road surfaces and waste, parts and fittings for machines for spreading road surfaces, asphalt, chip, binding materials and sealing materials, in particular for road building, road repair, road recycling and soil stabilization, parts and fittings for sifting machines and installations for sifting stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials and waste, parts and fittings for material feeding machines, parts and fittings for material processing and handling equipment, namely, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction, industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing, asphalt mixers, non-metallic goods, namely, grab handles for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, non-metallic goods, namely, safety valves, piston rings, ball rings for bearings, tensioner pulleys, non-metallic goods, namely, tracks and overhead tracks for sliding parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste, industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of construction materials, raw materials and valuable materials for road construction and building construction, industrial processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of filling materials for asphalt mixing, industrial chemical processing installations, namely, machines for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste, milling machines, in particular road milling machines, soil stabilizers for road construction, machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, machines for recycling construction materials, raw materials and valuable materials for road construction and building construction, surface miner, namely, open-cast mining machines, slipform pavers (machines), hand-held tools (other than hand-operated), hand tools, hand-operated implements, namely, bitumen spraying implements, fuel dosing pumps, pumps for liquids, oil cans, spray guns, filling cylinders for lubricants and industrial oils and greases, grease presses and grease guns, in particular for treatment of materials and for construction, repair and maintenance, hand-operated pumps for lubricants and industrial oils and greases, hand-operated implements for dispensing lubricants and industrial oils and greases, drums for reeling and unwinding strings and ropes, vices, hand-operated jacks, parts and fittings for hand tools, non-metallic goods, namely, tool

handles of plastic, electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, frequency regulators, milling depth regulators, electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, switchboards, programmable logic controllers, oil level controls, power switches, electricity transformers, electric rectifiers, apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images and data, namely cameras, image scanners, scanners for scanning surfaces, digital voice recorders, digital audio tape recorders, video recorders, audio transmitters and receivers, audio transformers, audio-visual transmitters and receivers, laser, infra-red and ultrasound transmitters and receivers, loudspeakers, computer display screens, touchscreens, head-up displays, sound amplifiers, antennas for radio signals, wireless LAN antennas, antennas for satellite signals, video receivers and transmitters, radio receivers and transmitters, satellite receivers and transmitters, blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, flash memory cards, USB cards, and SD memory cards, USB sticks, calculators, modems, network interface cards and computer interface cards, computer central processing units, electronic pens, light pens, touch screen pens, microprocessors, computers, computer software for onboard computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, computer software for monitoring and controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for monitoring and controlling the operation of asphalt and concrete mixing machines, computer operating software for on-board computers, computer software for on-board computers, namely, software for controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for the management, monitoring, control, operating and regulating of motors, engines and drive systems, computer software for controlling the propulsion of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for controlling the traction of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for database management, computer software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for analyzing and processing operational efficiency data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, project management computer software for the planning, controlling, management and implementation of projects in the field of construction, milling, recycling, chemical processing, soil stabilizing, spreading of construction materials, paving,

mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for the management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for detecting errors and monitoring the performance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for use in repair and maintenance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks, computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks, software for playing computer games, computer hardware, computer monitors, computer keyboards, computer mice, fire extinguishers, prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS), pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory card and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing navigation data, information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, LCD displays and monitors, computer and television screens and monitors, video monitors, audiovideo receivers, audio-video transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings, communication software for providing access to the Internet, cables for electricity, electromagnets, electromagnetic coils, electromagnetic separators for separating asphalt, concrete, stone, ore,

metal, raw materials, valuable materials and waste, electrical branch boxes, electric power generators, electric power converters, terminal boxes for electricity, electricity limiters, electric contacts, current converters, voltage converters, jump leads, battery chargers for charging batteries of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, alternators, strands and wires for electricity, insulated wires for electricity, screw connections for electric cables, frequency converters and invertors, distribution cabinets, panels and boxes for electricity, electric cable channels, semiconductors, microprocessors, microcontrollers, resistors, variable resistances, electric coils, capacitors, power contactors, optical devices, equipment, enhancers and correctors, namely, optical cables, plugs for optical cables, light barriers, optical lenses, signal mirrors, optical transmitters, optical receivers, optical disc drives, optical scanners and optical sensors, safety, security, protection and signalling devices and equipment for vehicles, machines and industrial installations, namely, flashing and steady safety lights, safety bar lights, beacon lights, emergency warning lights, signal lights, sirens, light barriers, safety fuses, safety contact plugs, mechanical safety lighting signals, luminous safety lighting signals, back-up sensors, motion sensors, cameras, security and fire alarms, reversing alarms, security control panels and motion detectors, emergency signal transmitters, signal bells, signal whistles, electronic tire pressure, vibration, shock, motion, angle, temperature and voltage monitors, electrical indicators and overhang indicators, safety equipment, namely, cameras and monitors for exposing and eliminating the blind spots on both sides of vehicles, machines and industrial installations, global navigation satellite systems consisting of computers, computer software, transmitters receivers, and network interface devices for trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, navigation apparatus in the form of on-board computers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, global navigation satellite systems consisting of computers, computer software, transmitters, receivers, and network interface devices for locating and tracking movements of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, vehicle and machine tracking systems comprised of computer hardware, computer software, cellular phones, distance and motion sensors, satellite antennas, satellite receivers, satellite transmitters, radio antennas, radio receivers and radio transmitters, machines for drawing and making digital maps, including maps showing the progress and results of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, parts and fittings for machines for drawing and making digital maps, measuring, detecting and monitoring instruments, devices, appliances and controllers, namely, rotary encoders, dipsticks, measuring buckets, scanners for vehicles and machines, scanners for scanning the earth's surface, scanners for scanning the surface of parts of vehicles and machines, gauges for measuring the profile of chisels, picks and belt pulleys, pressure gauges, analog and digital multimeters, mechanical altimeters, levels, measuring instruments for measuring the thickness of pavement layers, revolution counters, digital speedometers, ammeters, infrared thermometers, frequency meters, meters for measuring the frequency and amplitudes of vibration drums, flow meters, temperature meters (not for medical purposes), hygrometers, speedometers, measuring rods for measuring lengths and distances, measuring rods for measuring fluid levels, electrical currents sensors, scales, electronic scales, weighbridges, potentiometers, meters for measuring height, measuring cups, measuring hoses, measuring tapes and tachometers, instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in

particular of road surfaces and soil, temperature regulators, namely, temperature sensors and gauges, electric and electronic apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade sensors, cylinder sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, satellite antennas, radio antennas, computer terminals for telematics and satellite ground stations, electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, testing and quality control devices, namely, insulation continuity testers, hydraulic pressure testers, power testers, voltage testers, apparatus for measurement and quality control of soil, construction material and road surfaces, machines and apparatus for testing the consistency and quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, metal, slag and waste, computers, computer software and machines for analysing and diagnosing the condition, operation of and faults with computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, simulators for the driving and operation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines, laser, infrared and ultrasound rangefinders, laser, infra-red and ultrasound transmitters and receivers, laser and infrared diodes, power switches, electrical switches, electric control boxes, switch cabinets and control boards, electric control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and vehicles, computer joysticks, joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, levelling sensors, slope sensors, grade sensors, cylinder sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, light emitting diodes, horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric buzzers, luminous signs, optical reflectors, optical mirrors, radio receivers and transmitters, radio antennas, radar antennas, satellite antennas, microwave antennas, wireless LAN antennas, satellite aerials, radar transmitters, satellite transmitters, microwave transmitters, wireless LAN transmitters, radar receivers, satellite receivers, microwave receivers, wireless LAN receivers, electrostatic metal separators, remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric and electronic

lifts, hoists and controllers for lifting and lowering construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric and electronic lifts, hoists and controllers for lifting and lowering parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, oil level indicators, components for electrical circuits, connection strips for electricity, electric plugs, plugs for electric sockets, electric adapters, electric connection boxes for electric and optical cables, adapter boxes for electric and optical cables, plugs for electric and optical cables, wire end sleeves, electric connectors, electric plugs, wire end sleeves, electric relays, fuses, electrical terminal boxes, connecting terminals for electricity, battery terminals, electric diode terminals, electrical circuits and circuit boards, audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog audio tape and cassette players, audio amplifiers and audio frequency transformers and radio receivers, loud speakers, graphic equalizers, electric batteries for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric storage batteries, electric battery chargers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electrical amplifiers, protective and safety clothing for protection against accident and injury, namely, protective pants, protective jackets, protective coats, protective vests, protective gloves, protective masks, protective caps, protective hats, reflective safety jackets, reflective safety pants and reflective safety vests, protective shoes, protective helmets, eyeglasses, in particular safety glasses for protecting the eyes and sun glasses, exposed films for educational purposes, cinematographic films for educational purposes, namely, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, identification cards with embedded chips, holders for measuring rods, cases for computers, radio receivers and satellite receivers, displays, stands and signage, namely, warning signs and luminous signs for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, nonmetallic goods, namely, electric locks for vehicles and machines, mechanical locks for vehicles and machines, fastening hinges for electric cables, electrical power connectors, spools for electric wires, heating plates, heaters for diesel engines, water spraying systems and heating radiators as parts and fittings for conveyors and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, irrigation sprinklers, dehumidifiers, industrial ovens for heating and boiling asphalt and bitumen, furnaces, not for food and beverages, namely, heating furnaces for industrial purposes, electric furnaces for industrial purposes, asphalt dryers, concrete dryers, bitumen dryers, construction material dryers, electric melting pots for tar, industrial water tanks, water pipes, water taps, engine flues for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, sanitary installations and appliances, namely, portable toilets, lavatories, sinks, electric heaters, heaters for asphalt, concrete, bitumen, tar and construction materials, air heaters, water heaters, oil heaters, electric boilers, heating boilers, industrial boilers,

asphalt, tar, oil and bitumen boilers, oil burners, gas burners, coaldust burners, tar burners, electrical heating elements, electric lighting fixtures, electric lamps, xenon lights for working purposes, side-marker lamps of vehicles, machines and industrial installations, direction indicator lamps of vehicles and machines, floodlights, taillights of vehicles and machines, halogen, xenon, ultraviolet and LED lamps, halogen, xenon and LED work lights, rotating flashing beacons, luminous balloons, lights of vehicles, machines and industrial installations, optical reflectors, vehicle reflectors, luminaires, headlights, light bulbs, pocket torches, filters for industrial use, namely, air, gas and dust filters for industrial use, gas filters, water filters, water, oil, fuel, coolants, hydraulic fluids, air and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, installations for collecting gases, liquids and solids, namely, tanks, silos, reservoirs and pipes of metal and plastic for tanks, silos and reservoirs, separator grids for removing impurities from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, magnetic separators for removing metal from solids, namely from asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag and waste, regulating and safety accessories for water and gas installations, namely, pressure relief valves, pressure indicators, pressure regulators and pneumatic controls, air conditioners, air conditioning installations, ventilators, ventilating fans, ventilating louvers, electrically powered air blowers for air-conditioning purposes and radial blowers for ventilating purposes for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, air conditioners and air conditioning installations for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, electric heaters for warming up oils and greases, asphalt, tar, oil and bitumen cookers, dryer drums for drying and heating asphalt and bitumen, burners for heating and boiling asphalt and bitumen, tanks and metal silos for heating asphalt and bitumen, insulated tanks and metal silos for keeping asphalt and bitumen hot, melting pots for asphalt and bitumen, polymerisation installations, dust filters and dust filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, heat exchangers, irrigation sprinklers, irrigation spray nozzles, parts and fittings for industrial processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste, parts and fittings for industrial chemical processing installations for purifying, drying, heating, sintering and agglomerating of water, air, asphalt, concrete, bitumen, construction materials, filling materials, stone, ore, raw materials, valuable materials and waste, parts and fittings for irrigation sprinklers and irrigation spray nozzles, parts and fittings for electric heaters, heaters for asphalt, concrete, bitumen, tar and construction materials, air heaters, water heaters, oil heaters, electric boilers, heating boilers, industrial boilers, asphalt, tar, oil and bitumen boilers, oil burners, gas burners, coaldust burners and tar burners, parts and fittings for air, gas, water and dust filters for industrial use, parts and fittings for polymerisation installations, parts and fittings for liquid, air, dust and gas filtering units for removing impurities in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industries, parts and fittings for tanks, silos and reservoirs for collecting gases, liquids and solids, parts and fittings for separators for removing impurities from solids, parts and fittings for dryer drums for drying and heating asphalt and bitumen, burners for heating and boiling asphalt and bitumen, tanks and metal silos for heating asphalt and bitumen, and insulated tanks and metal silos for

keeping asphalt and bitumen hot, all-terrain vehicles, tractors, concrete mixing vehicles, tanker trucks, trailers for tankers, transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste, transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, truck tractors, load carrying trailers, low-loading vehicles, namely, cargo trailers, towing trucks, trucks, cargo trailers for motor vehicles, tipping bodies for vehicles, waggon, steering wheels, vehicle wheels, trailer wheels, wheels for mobile machines, tyres, pneumatic tyres, solid rubber tyres, vehicle wheel rims, trailer wheel rims, wheel rims for mobile machines, inner tubes for tyres, repair outfits for inner tubes, chains for motor vehicles, tracks for vehicles, namely, continuous metal tracks and rubber tracks, continuous tracks, complete running gears with continuous tracks and rubber tracks for tracked vehicles, track pads for continuous tracks, adapted quick-change pads for use with track pads for continuous tracks, power transmissions, gearing, engines and motors for land vehicles, coupling and power transmission components for land vehicles, driving chains and transmission shafts for land vehicles, radiator grills for vehicles, undercarriages for vehicles, undercarriages for mobile machines, brakes, brake calipers, brake shoes and brake linings for vehicles, scrapers for tyres, windscreen wipers, adapted tarpaulins for use with motor land vehicles and trailers for motor land vehicles, fitted covers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, anti-theft alarms for vehicles, mirrors for vehicles, pumps for bicycles, air pumps for tyres, parts and fittings for tractors, concrete mixing vehicles, asphalt mixers, all-terrain vehicles, trailers for tankers, truck tractors, load carrying trailers, towing trucks, trucks, tanker trucks, cargo trailers and wagons, parts and fittings for transport vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste and trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, parts and fittings for chains for motor vehicles, continuous tracks, complete running gears with continuous tracks and rubber tracks for tracked vehicles, track pads for continuous tracks, adapted quick-change pads for use with track pads for continuous tracks, precious metals and their alloys, and imitations thereof, precious stones and pearls, and imitations thereof, model vehicles and machines (ornaments) made of precious metal, jewellery, watches, in particular wrist watches and stop watches, clocks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, jewellery and watch boxes, key rings (trinkets and fobs), statues, figurines and coins made of and coated with precious and semi-precious metals, and imitations thereof, nonmetallic goods, namely, key tags, key rings, paper, cardboard, data sheets, working instructions, parts lists, checklists, posters, crossword puzzles, advertising material, namely, flyers, printed instructions for the installation of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, printed descriptions for the operation and control of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, paper goods, namely, stickers, sealing paper, cardboard boxes, copy paper, toilet paper and paper inserts for oil centrifuges, paper stationery, writing and stamping implements, ballpoint pens, fountain pens, pencils, coloring books, art paper, chalks for drawing, drawing pens, drawing brushes and drawing pads, cases for stationery and drawing materials, pictures, photographs, post cards, picture post cards, pop-up greeting cards, greeting cards, decalcomanias, trading cards (other than for games), graphic prints, diagrams, blueprints (plans),

maps made of paper and flexible plastics, newspapers, periodicals, magazines (periodicals), books, booklets, catalogues, reference books, manuals, note books, calendars, albums, book markers, ink stamps, address stamps, labels (not of textile), namely, paper labels, adhesive labels and plastic labels, paintings, art pads, art prints, art paint kits, paper party decorations, paper table decorations, paper wall decorations, envelopes for stationery use, painters' brushes, adhesive tapes, adhesive tape dispensers, paper hole punches for office use, staplers, paper racks, paper knives, document files, machine and vehicle models for instructional purposes, figurines of paper and cardboard, and architectural models, coasters of paper and cardboard, filtering materials of paper, bags for packaging, wrapping and storage of paper, cardboard and plastics, storage boxes and containers of cardboard, storage boxes and containers of plastics, packaging boxes and containers of cardboard, packaging boxes and containers of plastics, packaging and wrapping paper, packaging and wrapping foil, adhesive packaging tapes, disposable paper products, namely, disposable paper napkins, cork memo boards, paper seals, packaging materials in the nature of plastic sheets, seals, sealants and fillers, namely, sealing brush, sealing flanges, sealing rings, sealing rubber, sealing flaps, exhaust pipe gaskets, sealing nuts, sealing washers, gaskets, sealing compounds, seals for wheel gears, seals for turbo chargers, seals for valve covers, sealing lamellas, seal material, sealing nipples, seals for irrigation spray nozzles, seals for tool holders, hydraulic seals, seals for filters, in particular oil, air and ventilation filters, rubber seals for screeds of road and asphalt pavers, o-rings, rubber curtains for sealing crusher and crusher housings, valve cover seals, rubber seals, sealing sleeves, piston seals, cylinder jointings, sealing cords, sealing sheets and plates for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, insulation, damping and barrier materials, namely, electrical insulation, fiberglass insulation, thermal insulation, felt insulation, vibration insulation, and acoustical insulation, non-metallic pipes, pipe bends, tubes and hoses for the transfer of liquids, gases and solids, non-metallic couplings and connectors for pipes, tubes, hoses and cables, plastics sheets, films, blocks, rods and tubes for use in production, plastics sheets, films, blocks, rods and tubes for general industrial and manufacturing use, plastic scraper sheets for conveyors, plastic control films, plastic labelling films, plastic spacer blocks, unprocessed and semi-processed materials (not adapted for a specific use), namely, polyester, mineral fibers, flexible plastic films (other than for packaging), semi-processed plastics, plastic fibers (not for use in textiles), recycled plastics, elastomers, synthetic and composite materials, namely, carbon fibers, cellulose acetate, glass fibers and glass wool, cellulose, fibers impregnated with synthetic resins, finished and semi-finished products (adapted for a specific use), namely, ebonite moulds, moulds of rubber for use in the production of path edgings, semi-finished rubber in the form of mouldings, semi-processed injection moulding plastics, statues and works of art, namely, figurines made from rubber, anti-dazzle films for windows (tinted), plastic masking films (other than for packaging), clutch linings and brake linings, marker tapes, protective asbestos screens, rubber bands, rubber rings, finished and semifinished products (adapted for a specific use), namely, rubber shock-absorbers for machine drums, finished and semi-finished products (adapted for a specific use), namely, non-metallic shock-absorbers and nonmetallic vibration dampers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, finished and semi-finished products (adapted for a specific use), namely, rubber bags, rubber envelopes and rubber containers, finished and semi-finished products (adapted for a specific use), namely, adhesive packing tape for industrial and commercial use, finished and semi-finished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches, finished and semi-finished products (adapted for a specific use), namely, rubber covers for electrical wires and power switches, finished and semi-finished products (adapted for a specific use), namely, rubber coverings for

drums of compacting machines, in particular road rollers, finished or semi-finished products (adapted for a specific use), namely, cylinder jointings, finished and semi-finished products (adapted for a specific use), namely, rubber and plastic spacers (except fasteners for pipes), namely, spacer blocks, spacer bushings, spacer sleeves, spacer strips, distance frames, distance tubes, spacer washers, distance pieces, spacer brackets and washers, finished and semifinished products (adapted for a specific use), namely, semi-processed plastics and rubber in the nature of synthetic filtering materials for the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry, finished and semi-finished products (adapted for a specific use), namely, adhesive tapes, strips, bands and films for industrial purposes, finished and semi-finished products (adapted for a specific use), namely, adhesive rubber patches for repairing tubes and tires, finished and semi-finished products (adapted for a specific use), namely, protective rubber articles, namely, rubber covers for protecting parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pipe clamps of rubber, non-metallic goods, namely, clack valves, slide valves, joints for parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, retaining rings, clip rings, cutting rings, sealing rings, cover rings, spacer rings, supporting rings, weld-on rings, fastening rings, grooved rings for clutches, rings for burners, washers, spring lock washers, washers for wheels, luggage, travelling bags, carry-all bags, athletic bags, sport bags, bags for clothing, shoes and headgear, textile, mesh and leather shopping bags, bum bags, belt bags, waist bags, cosmetic bags, beach bags, flight bags, hand bags, hiking bags, kit bags, key bags, leather bags, trolley bags, roll bags, toilet bags, wallets, suitcases, travel cases, carriers for tools, carriers for computer hardware, and computer peripherals namely, carriers for printers, digital cameras, keyboards, scanners, carriers for audiovisual equipment namely, carriers for video projectors and monitors, carriers for testing, controlling and measuring apparatus and instruments, namely, carriers for leveling sensors and ultrasonic sensors, backpacks, umbrellas and parasols, walking sticks, saddlery, tanks (not of metal nor of masonry), namely, tanks for the storage of liquids, gases and solids, in particular bitumen, asphalt and oil, pressure vessels (not of metal nor of masonry), model vehicles and machines (ornaments) made of plastic, gypsum and wood, plastic and cardboard containers and boxes for storage, plastic and cardboard containers and boxes for transport, plastic ladders and stepladders, non-metallic goods, namely, road surface molds, supports for tent canopies, statues, figurines and coins made of and coated with precious and semi-precious stones, and imitations thereof, glass panels, non-metallic goods, namely, road surface molds, supports for tent canopies, chairs, tables, benches, cupboards, wardrobes, cushions, in particular seat cushions, wooden shipping crates and wooden pallets, plastic shipping crates and plastic pallets, clothes hangers, non-metallic goods, namely, lock bolts, plastic shims, locking rings, plastic clips for cables, non-metallic goods, namely, fasteners for pipes, tubes, hoses and cables, clips for electric wires, clips for non-electric wires, clips for pipes, tubes, hoses and cables, nuts, screws, number plates, armrests, plastic bungs, keys, shelves, hooks, pipe clamps, hose clamps, holders for pennants, dowels, bolts, rivets, nails, staves, inflatable mattresses, earthenware, glassware and porcelain, namely beer mugs, protective windshield glass, glass decorative ornaments, tea pots, cooking pots, drinking cups, mugs, table plates, drinking glasses, beverage glassware, servingware of porcelain for serving beverages, decorative glass for household and commercial use, unfinished and finished glass for windows of vehicles, machines and industrial installations, model vehicles and machines made of stone, glass and porcelain, dustbins, trash bins, dustbin and trash bin liners, waste paper baskets, cleaning and polishing cloth, cleaning and polishing rags, cleaning sponges, polishing and cleaning gloves, polishing and cleaning leather, brooms, material handling buckets, pitchers, funnels for industrial oils, greases

and lubricants, funnels for fuels, steel wool, rotary brushes for vehicles and machines, brushes for cleaning vehicles, machines and industrial installations, brushes for cleaning clothing, footwear and headgear, cleaning brushes for household use, floor brushes, scraping brushes, toilet brushes, tooth brushes, washing brushes, gardening articles, namely, sprinkling devices, nozzles for sprinkling devices, watering cans, watering can sprinklers, lawn sprinklers and nozzles for hosepipes, model vehicles and machines (ornaments) made of stone, glass and porcelain, statues, figurines, plaques, unprocessed and semi-processed glass for windows and lights of vehicles, machines and industrial installations, household and kitchen utensils, namely non-electric food-blenders for household purposes, cutting boards, dishes, graters, beaters, spatulas, cooking spoons, food storage containers, cooking sieves, cutlery trays, dispensers for liquid soap, dispensers for napkins and paper towels, gloves for household purposes, laundry bins, plastic recycling bins for household purposes, cork screws, bootjacks, bottle openers, hair combs, cleaning combs, cleaning sponges, bath sponges, sponges for household purposes, tableware, namely, plates, cups, in particular coffee and tea cups, mugs, in particular coffee and tea mugs, coffee services, tea services, scoops and napkin holders, coasters, namely, drink coasters, cardboard coasters, cookware, metal and plastic household storage containers, cosmetic and toilet utensils and soap dispensers, dispensers for hygienic wipes and lotions, bathroom pails, bathroom glasses, cups and mugs, holders not of precious metal for bathroom glasses, cups and mugs, razor holders, towel holders, towel racks, toilet paper holders and dispensers, paper towel dispensers, shoe horns, non-metallic goods, namely, holders for paper towels and trays, non-metallic goods, namely, parts for tents, overalls, coveralls, dungarees, work dungarees, trousers, pants, jeans, work trousers, jackets, coats, work jackets, work dress, vests, work vests, scarves, gloves, shirts, polo shirts, sweaters, aprons, coats, sweat jackets, sweat shirts, t-shirts, weather protection trousers, belts, pullovers, scarves, kerchiefs, socks, jerseys, masquerade costumes, swimming trunks, sport trousers, sport shirts, sport jackets, work shoes, work boots, steel-toe boots, sneakers, trainers, flip-flops, rain boots, leather shoes, sport shoes, driving shoes, beach shoes, bath slippers, mules, sandals, caps, hats, hoods, peaked caps, weather protection caps, sun visors, swimming caps, hooks for clothing, model vehicles and machines (scaled down), model vehicles and machines (playthings), toy vehicles, machines and industrial installations, controllers for toy vehicles, machines and industrial installations, action figures, dolls, stuffed and plush toys, in particular machines and animals, decorative toy mobiles, bath toys, bendable toys, clockwork toys, construction toys, electrical, mechanical, pneumatic and hydraulic action toys, electronic learning toys, infant toys, ride-on toys, inflatable ride-on toys, toy figures, musical toys, party favors in the nature of small toys, push toys, sand toys, water toys, drawing toys, sketching toys, squeeze toys, talking toys, toy balloons, toy building blocks, toy buildings, building structures and vehicle tracks, toy construction sets, toy masks, toy robots, toy tools, wind-up toys, toy racing sets, electric computer games with flat panel display screen which features animation and sound effects, video game consoles, video game machines, board games, card games, dice games, action skill games, amusement game machines, arcade games, building games, dart games, electronic educational game machines, electronic games other than those adapted for use with television receivers only, memory games, handheld game consoles, handheld electronic games, handheld, non-electronic skill games, party games, puzzle games except crossword puzzles, tabletop games, carnival masks and costumes, toy and novelty face masks, novelty toy items in the nature of pop ups, play balls, play balloons, play figures, play vehicles, machines and industrial installations, controllers for play vehicles, machines and industrial installations, play buildings, building structures and vehicle tracks, beach balls, balls for sport, pumps for inflating balls for sport, nets for sports, bags adapted for sports equipment, boxing gloves, face, shin, knee, leg, arm and elbow guards for athletic use, roller skates, exercise weights, sport hoops, sleighs, sleds, springboards, golf clubs, golf bags, skis, ski sticks, ski bags, football and soccer goals, festive

Christmas tree decorations and artificial Christmas trees, scale model vehicles of common metal, scale models of common metal of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and installations, smokers' articles, in particular lighters, ashtrays, matches; hire, rental and leasing of office equipment, billboards, advertisement space, advertisement space on the internet, sales stands, auctioneering equipment and material

(2) Insurance services; assessment and management of real estate; appraisal of real estate; arranging of leases, rental agreements and purchase agreements for real estate; real estate agency and brokerage; real estate consultancy and information; pawn brokerage; financial planning; financial forecasting; money lending; fundraising; financial sponsorship of trainees and experts in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; financial management services and real estate management services; financial analysis consultation services; consultancy with regard to financing of loans and financing of purchases, appraisals and valuations; financial analyses; financing and funding of loans; financing and funding of purchases, in particular of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; investment funding services; arranging financing and funding of loans; arranging financing and funding of purchases, in particular of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; intermediation of financing and investment funding; leasing and hire-purchase services; consultancy with regard to financing of loans; consultancy with regard to financing of purchases, in particular of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, investment funding, lease-purchase financing and hire-purchase; warranty and financial guarantee agency and brokerage; warranty and financial guarantee consultancy and information; warranty and financial guarantee services, namely, warranty and financial guarantee underwriting, issuing and administration in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural projects; providing extended warranties on construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; hire, rental and leasing of real estate, office space, buildings, flats, rooms, equipment and material for financial and real estate management

Class 37

(3) Installation, repair and maintenance services with respect to milling machines, in particular road milling machines; installation, repair and maintenance services with respect to soil stabilizers for road construction; installation, repair and maintenance services with respect to recycling machines; installation, repair and maintenance services with respect to surface miner; installation, repair and maintenance services with respect to slipform pavers; construction supervision services, namely, supervision services for building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste dump construction; construction

supervision services, namely, supervision services for soil stabilization services and soil compacting services; construction planning; consultancy with regard to building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste dump construction; consultancy with regard to construction services, namely, soil stabilization services and soil compacting services; hire, rental and leasing of construction machines; construction and demolition services, namely, construction and demolition of buildings, bridges, concrete, asphalt, tunnels, underground buildings, metal structures, steel structures, industrial plants and pipelines; demolition services, namely, demolition of roads, canals and waste dumps; construction and demolition services, namely, soil stabilization services and soil compacting services; mining services; earth moving services; road construction; canal construction; waste dump construction; structural and civil engineering; crushing services, namely, crushing of solid construction materials, in particular concrete and asphalt, at construction sites; installation, cleaning, repair and maintenance services with respect to computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; installation, cleaning, repair and maintenance services with respect to metal buildings; rustproofing; application of surface coatings, in particular protective coatings, for structures, in particular buildings, canals, roads metal structures and steel structures; repair of cabinets; hire, rental and leasing of tools, construction machines and equipment, demolition machines and equipment, earth moving machines and equipment, mining machines and equipment, asphalt and concrete crushing machines and equipment, cleaning machines and equipment, apparatus and equipment for troubleshooting and fault diagnosis; consultancy with regard to mining; consultancy with regard to earth moving; consultancy with regard to structural and civil engineering; consultancy with regard to demolition services, namely, demolition of buildings, bridges, concrete, asphalt, tunnels, underground buildings, metal structures, steel structures, industrial plants, pipelines, roads, canals and waste dumps; consultancy with regard to crushing services, namely, crushing of solid construction materials, in particular concrete and asphalt, at construction sites; consultancy with regard to installation, cleaning, repair and maintenance services with respect to computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; consultancy with regard to installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; consultancy with regard to installation, cleaning, repair and maintenance services with respect to metal buildings; consultancy with regard to hire, rental and leasing of tools, construction machines and equipment, demolition machines and equipment, earth moving machines and equipment, mining machines and equipment, asphalt and concrete crushing machines and equipment, cleaning machines and equipment, apparatus and equipment for troubleshooting and fault diagnosis;

Class 38

(4) Providing access and leasing access time to global navigation satellite systems; personal communication services; telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio; telecommunication services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and

global computer networks and global navigation satellite systems; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; telematic in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; providing electronic access to databases containing information on global positioning systems (GPS) data and worldwide satellite networks data; leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; hire, rental and leasing of telecommunications equipment, namely computer hardware and peripherals, radio, telephone and satellite receivers and transmitters, radio, telephone and satellite signal antennas, telephones, global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and computer terminals for telematics and

satellite ground stations; consultancy with regard to telecommunications and telematics, namely providing access and leasing access time to global navigation satellite systems, personal communication services, telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunication services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals, telematic in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, providing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture, providing electronic access to databases containing information on global positioning system (GPS) data and worldwide satellite networks data, leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, leasing access to electronic databases, worldwide computer networks, worldwide satellite networks, wireless local area

networks (LAN), cellular telephone networks and the internet containing information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture, hire, rental and leasing of telecommunications equipment, namely computer hardware and peripherals, radio, telephone and satellite receivers and transmitters, radio, telephone and satellite signal antennas, telephones, global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and computer terminals for telematics and satellite ground stations; leasing access time to non-downloadable online computer software, namely, computer software for on-board computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, computer software for monitoring and controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for monitoring and controlling the operation of asphalt and concrete mixing machines, computer operating software for on-board computers, computer software for on-board computers, namely, software for controlling the operation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for the management, monitoring, control, operating and regulating of motors, engines and drive systems, computer software for controlling the propulsion of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for controlling the traction of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for database management, computer software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for analyzing and processing operational efficiency data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, project management computer software for the planning, controlling, management and implementation of projects in the field of construction, milling, recycling, chemical processing, soil stabilizing, spreading of construction materials, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, computer software for the management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for detecting errors and monitoring the performance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for use in repair and maintenance of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks, computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing,

spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks, software for playing computer games; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals, in the field of telematics in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines

Class 41

(5) Training concerning safety at work and the operation, usage, repair and maintenance of milling machines, in particular road milling machines; training concerning the operation, usage, repair and maintenance of soil stabilizers for road construction; training concerning the operation, usage, repair and maintenance of recycling machines; training concerning the operation, usage, repair and maintenance of surface miner; training concerning the operation, usage, repair and maintenance of slipform pavers; vocational education and instruction in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; vocational education and instruction in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; vocational education and instruction in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; vocational education and instruction in the field of asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials, namely road surfaces, construction aggregate, gravel, sand, slag, metal, for road construction and building construction, waste; vocational education and instruction in the field of hydraulics, electrics and mechanical engineering; vocational education and instruction in the field of safety at work;

vocational education and instruction in the field of commercial data processing; vocational education and instruction in the field of telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; vocational education and instruction in the field of telematic in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; vocational education and instruction in the field of telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; vocational education and instruction in the field of computer hardware and software for the operation of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; Vocational education and instruction in the field of machine maintenance and repair; Vocational education and instruction in the field of machine navigation; Vocational education and instruction in the field of map making; organising, arranging and conducting courses, workshops and seminars in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; organising, arranging and conducting courses, workshops and seminars in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organising, arranging and conducting courses, workshops and seminars in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and

agricultural machines, and parts thereof; organising, arranging and conducting courses, workshops and seminars in the field of asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, slag, metal and waste; organising, arranging and conducting courses, workshops and seminars in the field of machine hydraulics, machine electrics and machine mechanics; organising, arranging and conducting courses, workshops and seminars in the field of safety at work; organising, arranging and conducting courses, workshops and seminars in the field of commercial data processing; organising, arranging and conducting courses, workshops and seminars in the field of telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; organizing, arranging and conducting courses, workshops and seminars in the field of telematics in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; organising, arranging and conducting courses, workshops and seminars in the field of telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, organizing, arranging and conducting courses, workshops and seminars in the field of usage of computer hardware and computer software; organizing, arranging and conducting courses, workshops and seminars in the field of machine maintenance and repair; organizing, arranging and conducting courses, workshops and seminars in the field of machine navigation; organizing, arranging and conducting courses, workshops and seminars in the field of map making; training, in particular concerning safety at work and the operation, usage, repair and maintenance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and

agricultural machines, and parts thereof; services of a training facility for obtaining a driving licence; entertainment in the nature of demonstrations and presentations of vehicles, machines and industrial installations, and parts and fittings therefor; entertainment services, namely, arranging, organizing, conducting and hosting parties, fireworks and lightshows; entertainment services, namely, providing websites and radio, television and internet programs for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; organising and conducting lotteries; organising and conducting competitions and contests, namely concerning the operation and control of vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; entertainment services, namely, arranging, organizing, conducting and hosting art, music, baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; arranging, organizing, conducting and hosting baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; arranging, organizing, conducting and hosting community baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions; publishing of electronic publications, including books, video files and audio files; publishing of books, reviews, magazines, newspaper, periodicals, booklets, catalogues, reference books and manuals; photographic reporting; providing news in the nature of current event reporting; reporting about actual trends and news in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; production of films for educational purposes; hire, rental and leasing of audio and video equipment, motion picture films, sporting articles, musical equipment, games, playthings and books

Class 42

(6) Technical project planning with regard to the development, implementation and control of production systems for the improvement and optimization of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; technical project planning of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of mechanical engineering, electrical engineering, structural engineering, civil engineering, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of tracking, targeting, monitoring operating,

controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, slag metal and waste; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of safety at work; design, engineering, research, analysis, development, testing, technical planning, technical consultancy and technical survey services in the field of commercial data processing; design, engineering, research, analysis, development, testing, technical planning, technical consultancy in the field of computer programming; design, engineering, research, analysis, development, testing, technical planning, technical consultancy in the field of telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems; design, engineering, research, analysis, development, testing, technical planning, and technical consultancy in the field of computer hardware and computer software, in the field of machine maintenance and repair, in the field of machine navigation, and in the field of map making; design, engineering, research, analysis, development, testing and technical planning and consultancy services to enhance and optimize business, work and production processes; technical inspection of products for others, namely, computer hardware, vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; IT services, namely development, programming, installation, implementation, updating, maintenance and repair of computer software, development of computer hardware, hosting of web sites, web portals, databases and servers; software as a service (SAAS) provider in the field of providing software for the operation and control of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; software as a service (SAAS) provider in the field of providing software for analyzing and processing operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for analyzing and processing process data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; software as a service (SAAS) provider in the field of database management, and navigation; software as a service (SAAS) provider in the field of providing software for use in telecommunication services, namely, transmission of emails by means of wired and wireless communications networks, local and global computer networks, global navigation satellite systems, cable, satellite and radio, telecommunications services, namely, transmission of image, video, text, global positioning system transmitter signals, photographs, pictures, music and audio recordings by means of electronic communications networks, local and global computer networks and global navigation satellite systems, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for use in tracking, navigation, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving,

demolition, crushing, sifting, mixing and agricultural machines; telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals with information in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing, and agriculture, telecommunication services, namely, computer transmission, satellite transmission and radio transmission of cable broadcasting signals, satellite transmitter signals and radio transmitter signals for the management of fleets of vehicles and the management of fleets of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, telecommunication services, namely, computer transmission and satellite transmission of satellite transmitter and receiver signals; software as a service (SAAS) provider in the field of providing software for telematics in-vehicle and machine communication service providing wireless navigation and tracking of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for telematics services, namely, tracking, monitoring and remote controlling of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for process management in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; software as a service (SAAS) provider in the field of providing software for the management of fleets of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for wirelessly connecting trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; software as a service (SAAS) provider in the field of providing software for servicing and maintaining vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; rental of software, rental of computer hardware; computer security system monitoring; computer security consultancy; design and development of computer and Internet security programs; provision of security services for computer networks, computer access and computerized communication; computer virus protection services; IT services for the protection of computer and IT systems from unauthorized access, data duplication and conversion services, data coding services, computer analysis and diagnostics, research and development and implementation of computers and computer systems, computer programming, data mining, computer network configuration services; development, programming, installation, implementation, updating, maintenance and repair of computer networks, updating of memory banks of computer systems, data migration services, providing electronic access to position data and satellite correction signals; technological services, namely generating, recording and analysing of position data and satellite correction signals, updating of websites for third parties and monitoring of computer systems by remote access; material testing services; product testing for others, in particular safety, quality and functioning testing, in the field of construction, milling,

recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; product testing for others, in particular safety, quality and functioning testing, in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; quality control for others in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; quality control for others in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; technical consultancy with regard to the operation of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; remote controlling of computer hardware, computer software, trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; research in the fields of mechanical engineering, electrical engineering; geological research and prospecting; product research and development; development of industrial processes; development for new products for third parties; development of products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles and machines, and parts thereof; constructional planning; safety testing and technical testing (also by remote access) of computer hardware, computer software, products of mechanical and electrical engineering, products for structural engineering, civil engineering and mining, industrial installations, vehicles and machines, and parts thereof; troubleshooting and fault diagnosis with regard to computer hardware, computer software, vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; remote controlling of computer hardware, computer software, trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; remote monitoring, remote maintenance and electronic tracking of computer hardware, computer software, trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; measurement services, namely, measurement of the rigidity, compaction degree, load bearing capacity and temperature of material of all kinds and the ground, in particular of road surfaces and soil, measurement of the thickness and consistency of pavement layers, soil and construction material, measurement of the profile of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular of chisels, picks and belt pulleys, measurement of current, voltage, speed, in particular auger speed, acceleration, in particular drum acceleration, revolution, time, height, depth, in particular milling depth, weight, thickness, distance, temperature, frequency, vibration amplitudes, flow rate, in particular material flow rate, humidity, displacement, pressure and shock waves; weather forecast services; planning and development of construction projects; technical planning and technical development of projects for the processing of asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; technical planning and technical development of projects for the processing of construction materials, raw materials and valuable materials for road construction and building construction; technical planning and technical development of projects for the crushing of stone, ore, asphalt, concrete, road surfaces, construction materials, raw materials, valuable materials or waste; technical planning and technical development of projects

for the mixing of asphalt and concrete; laboratory research in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; laboratory research in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; laboratory services, namely, developing, analyzing, modifying and improving asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal, construction materials and waste; laboratory services, namely, developing, analyzing, modifying and improving raw materials and valuable materials for road construction and building construction; laboratory research in the field of chemistry; chemistry services, namely, developing, analyzing, modifying and improving asphalt, concrete, bitumen, stone, ore, construction materials, raw materials and valuable materials; laboratory research in the field of physics; physics services, namely, developing, analyzing, modifying and improving asphalt, concrete, bitumen, stone, ore, construction materials, raw materials and valuable materials; architectural services; technical drawing services, namely, civil and industrial engineering drawing services; urban planning; technical construction planning; technical management of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural projects; technological services, namely generating and analysing of data concerning construction processes and processes of processing, crushing and mixing of gases, liquids and solids; hire, rental and leasing of computer hardware and software, computer peripherals, laboratory equipment, electronic memory space on the Internet, navigation systems, vehicle and machine positioning equipment, vehicle and machine tracking equipment, calipers, laser height measuring apparatus, truck scales, infra-red thermometers, inclinometers stop watches, electronic controls, automatic controls and remote controls; recording of data via electronic sensors, namely operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; consultation and research in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture

Class 01

(1) Chemicals for use laboratory use for diagnostic and scientific research, namely diagnostic chemical preparations for scientific or research use; chemicals for use in histological and cytological tissue processing, namely fixative and dehydrant chemical laboratory and non-medicinal reagents; reagents for use in genetic research; products, namely diagnostic preparations containing antibodies for scientific or laboratory use none of the foregoing being for medical or veterinary use; histology and cytology reagents and stains for preparation of pathology tissue specimens for research purposes.

Class 05

(2) Histology and cytology reagents and stains for preparation of pathology tissue specimens for medical, diagnostic or veterinary purposes; pharmaceutical preparations namely histological and cytological tissue processing applications and antibodies for the treatment of cancer and medical preparations in the nature of epitope retrieval solutions; digestive enzymes and enzyme preparations for medical and diagnostic purposes; diagnostic histological dye and stain solutions namely double, triple, multiple immuno-histochemical staining; situ hybridisation preparations of multiple antibodies probes staining procedure applied to a tissue section provided in IHC staining for medical purposes; diagnostic kits for processing, embedding and staining histological tissues consisting primarily of monoclonal or polyclonal antibodies.

Class 09

(3) Scientific apparatus and equipment, namely computer laboratory workstations and associated computer software used for protein, nucleic acid immunoassay analysis in the fields of in-vitro diagnostics and biomedical diagnosis; computer operated automation systems comprised of computer hardware and operating software for laboratory instruments; laboratory instruments for specimen preparation; automated immunostainers for laboratory use; laboratory equipment for use in specimen preparation, namely, tissue processors; haematology slide makers and stainers for placing a barrier on a slide for use in scientific research; clinical chemistry instruments for laboratory use, namely, clinical chemistry analyzers; random access clinical chemistry analysers for the analysis of biological samples for scientific research purposes; immunoassay clinical

analysers; histopathology instruments, tissue processors and haematology instruments used in scientific research for processing biological samples; laboratory devices for histology and cytology, namely coverslipping machines for slides, tissue infiltration apparatus, tissue embedding machines, staining machines, staining machines with immunological responses; tissue processors for processing biological samples for laboratory use; multiwell plates for use in chemical analysis and laboratory or medical research use; cryostats and cryomacrotomes; automatic slide scanners; laboratory equipment and supplies for collecting, preparing, holding and filing of histological and cytological specimens for microscopic, magnetic resonance, tomosynthesis, ultra-sound x-ray examination, namely, sample containers, specimen containers, sample cassettes, biopsy cassettes; label printer for printing labels for sample cassettes and biopsy cassettes; barcode reader for reading the printed labels on sample cassettes and biopsy cassettes; x-ray, magnetic resonance, tomosynthesis, ultrasound and microscope-based devices for examining tissue samples; software for tracking the location of histological and cytological specimens; microtomes and microtome blades for use in histology lab; ultramicrotomes and ultramicrotome blades, diamond knives, glass knives, glass breaker for preparing glass knives for laboratory use; tissue cutting tools and micro and macro tissue grossing stations for laboratory use; fume hoods for specimen preparation for laboratory use; microscopic slides and cover glass; specimen embedding cassettes; specimen embedding stations for laboratory use; slide and specimen cassette electric printers; image analysis scanners; electronic image recording, image storing and image representing devices, namely, digital cameras; reading devices and writing devices for codes of multiwell plates, cassettes, slides, sample carriers, namely, bar-code scanners, storing and transporting devices, namely, blank hard drives for computers; computer operating software for image analysis and image storage devices, namely, digital cameras; computer software for operating histological and cytological scientific and diagnostic apparatus and laboratory equipment; computer software for digitizing microscope slides for viewing, integration with other data, management, and analysis, all in the fields of virtual microscopy, digital pathology, digital hematology and medical information technology; Automated digital scanning system integrating optical microscopy, motorized sample positioning, digital image capture, data processing, manipulation and display for use in scanning and digitizing microscope samples in research and clinical environments; digital slide information management software for digitizing entire glass microscope slides into diagnostic quality images displayed in context with reports, case histories and other associated documents, cross-linked and concurrently viewable for use in the fields of virtual microscopy, digital pathology, digital hematology and medical information technology; software for tracking the location of histological and cytological specimens.

Class 10

(4) Medical apparatus, namely, histopathology instruments, tissue processors and haematology instruments for clinical purposes, namely tissue staining instruments for staining, diagnostic medical apparatus and instruments, namely, diagnostic medical apparatus for performing Immuno-histochemistry and In situ hybridisation staining reactions, and histological and pathological staining; DNA in situ hybridisation probes; diagnostic medical apparatus for promoting and controlling reaction on microarrays under slide covers; medical instruments, needles, probes, and devices for the purpose of tissue biopsy tissue removal from glands organs in the human body; surgical device, namely, a vacuum used in breast biopsies; biopsy site markers; x-ray, magnetic resonance, tomosynthesis, ultrasound microscope-based devices for examining tissue samples.

Services

Class 37

(1) Maintenance and repair of scientific apparatus and equipment namely pathology and clinical laboratory apparatus; maintenance and repair of computer operated automation systems for laboratory instruments; maintenance and repair of scientific, fine mechanical, optical, electronic apparatuses and devices, namely, digital cameras.

Class 42

(2) Scientific and technological research and design, namely, research and design in the field of testing, analyzing, examining or storing biological, medical, and cell samples; industrial analysis and research services namely, scientific research services for medical purposes, laboratory biological research, clinical biological research, biological research and research for the testing of biological, medical, and cell samples; creation of computer programs for the data processing of scientific, optical and electronic apparatuses and devices; creation of computer programs for use in providing data processing for scientific, diagnostic, research or laboratory purposes for use in microtomes, ultramicrotomes, cryomicrotomes, cryostats, macrotomes, cryomacrotomes, telepathology devices, automatic slide scanners; creation of computer programs for use in providing data processing for scientific, diagnostic, research or laboratory purposes for use in laboratory devices for histology and cytology, namely, coverslipping machines for slides, tissue infiltration devices, tissue embedding machines, staining machines, staining machines with immunological responses, contrasting machines, glass knife breakers, high-pressure freezing devices for microscopic sample preparation, and sample carriers for microscopic preparations; scientific consultation, namely, technical advice for scientific and medical institutions with respect to the application of non-medical based research and laboratory optical and electronic apparatuses and devices; maintenance and repair of scientific devices, namely, computer operating software for image analysis and image storage devices; maintenance and repair of computer operating software for image analysis and image storage devices.

Class 35

(1) Advertising the goods and services of others; promoting the goods and services of others through the distribution of discount cards; promoting the sale of goods and services of others through promotional contests and the distribution of related printed materials; compilation of advertisements for use as web pages on the Internet; business appraisal and consultancy services in the field of advertising and marketing of the goods and services of others; promoting the goods and services of others through the administration of incentive awards programs and consumer loyalty programs; market research services; compilation of statistics; analysis of market research data and statistics; business information services, namely, advice and information concerning commercial business management in the field of toll roads and toll road systems; business information services, namely, providing information concerning commercial business management in the field of toll roads and toll road systems via a website; business information services, namely, providing business marketing information for others in the field of toll roads and toll road systems; business information services, namely, providing business marketing information for others in the field of toll roads and toll road systems via a website; computerized online ordering services in the field of electronic road tolls, electronic parking tolls and electronic road toll equipment; compilation of business and commercial information into computer databases; business management, administration, organization, and operation consultancy; business management of motor vehicles parking and storage facilities; business management of car park toll and payment facilities; Procurement services, namely, procurement of contracts for the operation of toll roads for others; consultancy, information and advisory services for advertising, marketing and promotions, statistical business information and procurement services and business management of car park, toll and payment facilities;

Class 36

(2) Financial services, namely, collection and electronic collection of road toll fees; bill payment services; bill payment services using on-line systems, the Internet, computer tablets and mobile phones; Facilitating the online payment of road tolls via the internet and through mobile computer software applications via smart phones, tablet computers, smart watches and computers; electronic account and bill payment services; credit card transaction processing services; collection of fees, payments and other tolls for parking facilities, roads, bridges and tunnels; financial information services about the collection of road toll fees and the dissemination of road toll fees using road toll systems; road toll system financial consulting services namely identifying the amount to set for road toll fees and financial development of road toll collection systems;

financial analysis, planning, and risk assessment consultancy services concerning road toll systems and road toll electronic payment systems; accepting and authorising financial transactions, namely, credit card, debit card and direct debit transaction processing services; electronic funds transfer services; payment services, namely, electronic toll collection services using a remote in-vehicle transponder to effect payment; carbon trading services; carbon brokerage services; brokerage of carbon credits; brokerage of carbon offsets; provision of carbon emissions trading scheme; consultancy, information and advisory services for financial, credit and payment services and road toll system services; providing information in the field of electronic toll collection services; providing electronic processing of credit card transactions and electronic payment via a global computer network; consulting in field of electronic road toll collection systems; advisory, consultancy services in the field of operation of road toll systems; providing information in the field of electronic toll collection systems

Class 37

(3) Installation, maintenance of computer hardware for electronic road, bridge, tunnel and car park toll systems all for facilitating the payment of goods and services; advisory, consultancy services in the field of construction of road toll systems

Class 39

(4) vehicle parking lot services; operation and management of motor vehicle parking and storage facilities; Consulting in the field of provision of car parking facilities; operation and management of car park toll and payment facilities; organisation of motor vehicle parking and storage facilities; operation of car park toll and payment facilities;

Class 42

(5) Transport infrastructure consulting services namely technological consultation in the field of traffic and roads, bridges, parking lots and road toll systems, traffic and transportation engineering, architectural design services in the field of traffic and transportation; providing quality assurance services in the field of the construction and operation of roads, bridges, parking lots and road toll systems; road toll system consulting services namely technological consultation in the technology field of road toll systems, road toll systems engineering, architectural design services in the field of road toll systems; providing quality assurance services in the field road toll systems; computer software design; computer system design; consultancy in the field of computer hardware and software; provision of non-downloadable software namely software for electronic road, bridge, tunnel and car park toll systems all for facilitating the payment of goods and services; hosting software as a service (SAAS) namely software for electronic road, bridge, tunnel and car park toll systems all for facilitating the payment of goods and services; platform as a service (PAAS) services namely computer software platforms for use in the field of managing the operation of electronic toll collection systems for roads, bridges and tunnels, parking lots and road toll systems and for facilitating the payment of road tolls; designing and hosting web portals, namely web portals for electronic road, bridge, tunnel and car park toll systems all for facilitating the payment of goods and services; accident investigation namely, engineering services in the field of accident investigation and consulting services in the field of forensic science for accident investigations; installation, maintenance and updating of computer software for electronic road, bridge, tunnel and car park toll systems all for facilitating the payment of goods and services; providing online e-commerce software to allow users to perform electronic business transactions via a global computer network, namely to facilitate the payment to vendors for their goods and services sold online and to receive payments; Provision of online and mobile software to allow users to pay bills and debts online via debit and credit card, direct debit, automatic payments and electronic payments via financial institutions; advisory, consultancy services in the field of the technology,

engineering, and design, of road toll systems and the software as a services (SAAS) software that supports the operation of road toll systems;

Class 45

(6) Accident investigation and reporting; monitoring of vehicle traffic flow through video cameras and speed sensors;

Class 01

(1) chemicals for use in the automobile and automotive industry, namely, coolants, additives for frost protection, urea used for the treatment of exhaust fumes, chemical additives for protecting valves; antifreeze and antifreezing liquids; liquid chemicals used to inhibit and remove limescale deposits; liquid stabilizing chemical preparations for cooling circuits for internal combustion engines for motor vehicles, tractors, earthmoving machines, commercial and industrial vehicles, 2 /4 time engines for motor vehicles, and fixed and naval engines; descaling preparations for industrial purposes for use in connection with radiators, internal combustion engines and cooling circuits related to said equipment; chemical additives for motor fuels; brake fluids; protective antifreeze fluids for compressed-air braking systems of industrial vehicles; power steering fluid

Class 03

(2) chemical preparations, namely, degreasing and cleaning solvents for use in connection with radiators, internal combustion engines and cooling circuits related to said equipment

Class 04

(3) lubricating oils and greases for starting devices for vehicle, trucks, agricultural machines, earth-moving machines, tractors; lubricating oils and greases in general for the internal combustion engines of motor vehicles and motorcycles, trucks, tractors, earth-moving machines and other mobile or stationary equipment, industrial and commercial vehicles; lubricating oils and greases for transmission devices of vehicles, trucks, agricultural machines, earth-moving machines, tractors; oils for the deep cleaning of bleaching machines and chain saws; oils for fixed and naval engines; liquid fuels, namely, motor fuels; oils specifically for industrial purposes; oils for chucks, slider rails, gears; protective greases for industrial purposes; oils for the tempering of metals; cooling lubricants for the cutting of metals; cooling lubricants which can be mixed with water; oils, fluids and lubricants for the pressing and cutting of metals; oils for servo-command hydraulic systems, in particular for motor vehicles, trucks, earth-moving machines, tractors and agricultural machinery in general, industrial and commercial vehicles; oils for the gearshift forks of motor vehicles and oils for brake cylinders; multi-use lubricants; chain lubricants for bicycles and motorcycles

Class 07

(4) igniting devices for internal combustion engines; axles for machines; transmission shafts, other than for land vehicles, namely, transmission shafts for machines; carburetter feeders; alternators, namely, alternators for motor vehicles; grease rings [parts of machines]; piston segments; ball rings for bearings; kick starters for motorcycles; connecting rods for machines, motors and engines; gear boxes other than for land vehicles, namely, gear boxes for industrial machines; sparking plugs for internal combustion engines; glow plugs for Diesel engines; carburetters; crankcases for machines, motors and engines; cylinders for motors and engines; dynamo belts; belts for machines; fan belts for motors and engines; belts for motors and engines; cowlings [parts of machines]; exhaust manifold for engines; hydraulic speed controls for machines, motors and engines; pneumatic controls to regulate and control the operation of industrial machines, motors and engines; compressors [machines], namely, air compressors, air compressors for vehicles, axial flow compressors, centrifugal compressors, compressors as parts of machines, motors and engines, compressors for air conditioners, compressors for industrial machinery, compressors for motor vehicles, electric compressors, gas compressors; steam condensers [parts of machines]; fuel conversion mechanism for internal combustion engines; rack and pinion jacks; roller bearings, namely, roller bearings for industrial machinery, roller bearings for machines, roller bearings for conveyor belts, roller bearings for motor vehicles; ball-bearings, namely, hanger bearings, adapter bearings, clutch release bearings, thrust bearings, and angular contact bearings; self-oiling bearings; anti-friction bearings for machines; bearings for transmission shafts; dynamos; anti-pollution catalytic converters for motors and engines; control mechanisms for machines, engines and motors, namely, clutch mechanisms for motor cars, transmission mechanisms for land vehicles; fuel dispensing pumps for service stations; fuel economisers for motors and engines; filters [parts of machines and engines], namely, air filters for automobile engines, air filters for engines; filters for cleaning cooling air, for engines; current generators; joints [parts of engines], namely, gaskets for engines, metal engine gaskets for vehicles, mechanical seals; injectors for engines; lubricators [parts of machines], namely, pneumatic grease guns; exhausts for motors and engines, namely, automotive exhaust pipes, exhaust manifold for engines, exhaust pipes for land vehicles, exhaust silencers for engines; compressed air engines; motors, other than for land vehicles, namely, direct current motors, linear motors, elevator motors, winch motors; motors, electric, other than for land vehicles, namely, electric motors for machines, electric starter motors; hydraulic engines and motors, namely, hydraulic motors for industrial machines; starters for motors and engines; spring shock absorbers for machines; pistons for cylinders; pistons for engines; lubricating pumps; pumps as parts of machines, motors and engines; pulleys [parts of machines], namely, machine belt pulleys, metal pulleys being parts of machines, machine pulleys; radiators

[cooling] for motors and engines; pressure regulators [parts of machines], namely, fuel and air mixture regulators being parts of internal combustion engines; speed governors for machines, engines and motors; pressure reducers [parts of machines], namely, reduction gears being parts of machines; water heaters; grease traps [parts of machines]; mufflers for motors and engines; dynamo brushes; brushes, electrically operated [parts of machines], namely, washing brushes, rotary brushes for machines; drums [parts of machines], namely, hoisting drums; looms; transmissions for machines; turbines other than for land vehicles, namely, gas turbines for airplanes, hydraulic turbines, wind turbines; turbocompressors; clack valves [parts of machines]; pressure valves [parts of machines]; fans for motors and engines

Class 09

(5) data processing equipment, namely, computers, tablet computers, hand-held computers, smart phones; downloadable computer programs, namely, computer utility file compression programs, computer utility file storage programs, computer utility programs for file management, computer utility programs for providing diagnostic details on devices installed in a computer system, computer utility virus protection programs, computer programs for connecting to remote computers and computer networks, computer programs for searching remotely for content on computers and computer networks; recorded computer operating programs; recorded computer software, namely, computer software for administration of computer local area networks, computer software for controlling and managing access server applications, computer software for creating searchable databases, computer screen saver software, recorded or downloadable; measuring instruments, namely, electricity meters, exhaust gas temperature gauges, flow gauges, fuel gauges, gas meters, water meter, tire pressure gauge, tyre-pressure measurers, tyre tread depth gauges, flowmeters, light meters, sound level meters, directional compasses, magnetic compasses; magnetic data carriers, namely, blank magnetic discs, blank computer discs, blank hard disks for computers; processors as being central processing units, namely, computer central processing units; downloadable computer software applications, namely, downloadable applications for handheld computers to download video games, downloadable applications for handheld computers to enable the streaming of music; electric accumulators for vehicles; electric batteries, namely, general purpose batteries, automotive batteries; external batteries, namely batteries for motorcycles, camera batteries, cellular phone batteries, electric storage batteries, mobile telephone batteries; sirens; chargers for electric batteries, namely, automotive battery chargers; portable chargers, namely, portable cell phone and mobile phone chargers, portable computer chargers; flashing safety lights, namely, bicycle flashing safety lights, clip-on flashing safety lights, flashing safety lights for traffic cones, magnetic mount flashing safety lights for vehicles; radios; speedometers for vehicles; vehicle breakdown warning triangles; safety goggles; protective face shields for protective helmets; protective helmets, namely, protective helmets for motorists, protective helmets for motorcyclists, crash helmets, crash helmets for motorcyclists; safety helmets; articles of protective clothing for motorcyclists for protection against accident or injury, irradiation and fire; articles of protective clothing for wear by motorcyclists for protection against accidents or injury, namely, safety boots and safety gloves; fireproof motorcycle racing suits for safety purposes; computers; mouse pads; computer mice; USB cables; USB adapters; blank USB flash drives; electronic pens for visual display units; magnetically encoded credit cards and payment cards; wireless headsets for use with mobile telephones; headphones; headsets; diagnostic software designed for maintenance and repair of motor vehicles; pre-recorded compact disks containing vehicle owner manuals and software for managing the vehicle maintenance schedule; video game cartridges; computer game programs, namely, computer programs for playing video games, computer software for creating computer games; mobile phones; portable media players, namely, portable MP3 players, portable DVD players; protective covers for mobile

phones; protective covers for portable multimedia players, namely, clear protective covers adapted for MP3 players, covers for MP3 players, covers for mobile telephones, covers for smartphones; protective covers for audio reproduction devices, namely, clear protective covers adapted for MP3 players, clear protective covers adapted for mobile phones, covers for MP3 players, covers for cellular phones; protective covers for palmtops; protective covers for electronic agendas; protective covers for photographic cameras; protective covers for film cameras; protective covers and cases for tablet computers; cases especially made for photographic apparatus and instruments, namely, camera covers, camcorder covers; eyeglass cases; spectacles; spectacle frames; eyeglass chains; eyeglass cords; chains and cords for sunglasses; optical lenses; optical corrective lenses; lenses for eyeglasses; video game cassettes; video game discs, namely, pre-recorded laser discs containing video games; memory cards for video game machines; satellite navigational apparatus, namely, global positioning system (GPS) satellites, global positioning system (GPS) receivers, GPS receivers, Global Positioning System receivers; global positioning system (GPS) tracking units, namely, global positioning system (GPS) transmitters and receivers to determine the precise location of a vehicle; control cables for machines, engines and motors, namely, booster cables, electric cables, jump cables, starter cables for motors, electronic cables, battery cables

Class 12

(6) two, three, four wheeled vehicles, namely scooters, motorcycles, mopeds, motor bicycles, motor tricycles, motor vans, automobiles and trucks; bodies for vehicles; brakes for vehicles; caps for land vehicle gas tanks; luggage nets for vehicles; seat covers for vehicles; shock absorbing springs for vehicles; suspension shock absorbers for vehicles; vehicle chassis; vehicle seats; pneumatic tires; casings for pneumatic tires; non-skid devices for vehicle tires, namely, anti-skid chains, anti-skid chains for vehicle tires, anti-skid studs for vehicle tires; adhesive rubber patches for repairing inner tubes; tire pumps for bicycles and motorcycles; repair outfits for inner tubes, namely, tire repair patches; rims for vehicle wheels; valves for vehicle tires; air bags in the nature of safety devices for automobiles; electric cigarette lighters for land vehicles; anti-theft devices for vehicles, namely, vehicle starter disabling circuitry, anti-theft lock immobilizers for vehicles, namely, for theft prevention, steering wheel locks for vehicles; antitheft alarms for vehicles; horns for vehicles, namely, horns for motor vehicles, warning horns for automobiles, warning horns for motorcycles; safety seats for children for vehicles; bells for motorcycles; bicycle bells; stands for bicycles and motorcycles as parts of bicycles and motorcycles; mudguards; direction signals for vehicles; frames for bicycles and motorcycles; luggage carriers for vehicles; pedals for bicycles and motorcycles; rearview mirrors; saddle covers for bicycles and motorcycles; saddlebags adapted for bicycles and motorcycles; saddles for bicycles and motorcycles; engines for land vehicles; electric motors for land vehicles; motorcycle bags namely tank bags, sissy bar bags, tail bags, side hardbags, topcases

Class 16

(7) diaries; notebooks and exercise book; pens; fountain pens; rollerball pens; pencils; felt pens; writing pens; pen-holders not of precious metal; adhesive labels; stickers and decalcomania transfers; flags made from paper; calendars; catalogues in the field of motorcycles and motorcycle accessories; paper atlases; brochures about travels, lifestyle and entertainment; booklets about travel, lifestyle and entertainment; document folders for cards and documents; albums for stamps, stickers, coins and photographs; magazines about travel, lifestyle and entertainment; lithographs; photographs; newspapers; printed periodicals in the field of travel, lifestyle and entertainment; books in the field of travel, lifestyle and entertainment; photographic prints, posters, postcards;

erasers; cardboard boxes; stationery agendas; note papers; photo albums; greeting cards; note pads; paper admission tickets for general use, namely, airline tickets, passenger tickets, sporting event tickets, automated meter parking tickets; envelopes; business cards

Class 18

(8) handbags; travelling bags; briefcases; leather briefcases; leather credit card holders; wallets; leatherware in the nature of key cases; purses; trunks; suitcases; cosmetic bags sold empty; bags for sports; shoulder bags; leather shopping bags; school bags; rucksacks; sets of leather travelling bags; garment bags for travel; shoe bags for travel; beach bags; duffel bags; bags for mountain-climbers in the nature of all-purpose carry bags; vanity cases, not fitted; animal hides; storage boxes and cases made of leather; unfitted furniture coverings of leather; umbrellas; parasols; leather leashes

Class 25

(9) clothing namely coats, mantles, raincoats, dresses, suits, skirts, jackets, trousers, jeans, waistcoats, shirts, tee-shirts, blouses, jerseys, sweaters, blazers, cardigans, stockings, socks, underwear, night gowns, pajamas, bathrobes, bathing suits, sports jackets, wind-resistant jackets, anoraks, sweat suits, neckties, scarves, shawls, bandanas, foulards, sashes for wear, gloves, belts; clothing namely waterproof clothing, namely waterproof shirts, waterproof pants, waterproof coats, footwear, namely, footwear for motorcyclists, boots, shoes, sport shoes, headwear, namely, hats, berets, visors, namely, cap visors, caps with visors, sun visors, visor caps, visors for athletic use

Services

Class 35

(1) wholesale and retail store services in respect of chemical substances for use in the automotive industry and lubricants, eyewear, protective clothing for motorcyclists, protective helmets, computers, computer software, electric apparatus and instruments, namely, electric control panels, apparatus for recording, namely, car video recorders, kilometre recorders for vehicles, mileage recorders for vehicles; distribution of advertising material for others in respect of chemical substances for use in the automotive industry and lubricants, eyewear, protective clothing for motorcyclists, protective helmets, computers, computer software, electric apparatus and instruments, namely, electric control panels, apparatus for recording, namely, car video recorders, kilometre recorders for vehicles, mileage recorders for vehicles; wholesale and retail store services featuring equipment for the transmission and reproduction of sound and images and accessories, namely, retail sale of audio equipment, online retail services for downloadable ring tones, online retail services for downloadable digital music, online retail services for downloadable and pre-recorded music and movies, online sales of downloadable pre-recorded music, online retail services for downloadable and prerecorded music and movies, online sales of arts and crafts, on-line wholesale store services featuring audiovisual equipment, distribution of products for others for advertising purposes, on-line wholesale store services for vehicles, parts and fittings thereof, watches and jewelry, stationery and writing instruments, printed matters, leatherware, namely, bags of leather, belts made of leather, coin purses made of leather, attaché cases made of leather, household and kitchen utensils, clothing and accessories thereof, footwear, headwear, games and playthings, namely, board games, parlour games, beech wood rocking horses; Wholesale and retail store services featuring metalworking machines and metalworking machine tools, motors and engines (except for land vehicles), machine coupling and transmission components (except for land vehicles), and distribution of products for others for advertising purposes, namely, distribution

of metalworking machines and metalworking machine tools, motors and engines (except for land vehicles), machine coupling and transmission components (except for land vehicles) for others for advertising purposes

Class 37

(2) repair, installation and maintenance services of two, three, four wheeled vehicles, namely scooters, motorcycles, mopeds, motor bicycles, motor tricycles, motor vans, automobiles and trucks, bodies for vehicles, brakes for vehicles, caps for land vehicle gas tanks, luggage nets for vehicles, seat covers for vehicles, shock absorbing springs for vehicles, suspension shock absorbers for vehicles, vehicle chassis, vehicle seats, pneumatic tires, casings for pneumatic tires, non-skid devices for vehicle tires; repair, installation and maintenance services of adhesive rubber patches for repairing inner tubes, tire pumps for bicycles and motorcycles, repair outfits for inner tubes, namely, tire repair patches, rims for vehicle wheels, valves for vehicle tires, air bags in the nature of safety devices for automobiles, electric cigarette lighters for land vehicles, anti-theft devices for vehicles, antitheft alarms for vehicles; repair, installation and maintenance services of horns for vehicles, namely, horns for motor vehicles, warning horns for automobiles, warning horns for motorcycles, safety seats for children for vehicles, bells for cycles, stands for bicycles and motorcycles as parts of bicycles and motorcycles, mudguards, direction signals for vehicles, frames for bicycles and motorcycles, luggage carriers for vehicles, pedals for bicycles and motorcycles, rearview mirrors, saddle covers for bicycles and motorcycles, saddlebags adapted for bicycles and motorcycles, saddles for bicycles and motorcycles; repair, installation and maintenance services of engines for land vehicles, electric motors for land vehicles, motorcycle bags namely tank bags, sissy bar bags, tail bags, side hardbags, topcases, metalworking machines and metalworking machine tools, motors and engines (except for land vehicles), machine coupling and transmission components (except for land vehicles)

computer software allowing users to search and determine the physical location of vehicles, road signs, trees, people, places, buildings and points of interests (POIs); location-aware software applications for obtaining traffic information, contextually-relevant advertisements; computer software providing public transports timetables and routes; computer software for providing delivery timetable, route and location information relating to online purchases; computer software for logistics, namely, software for tracking documents, packages and freight; computer software providing traffic and parking information; computer software providing map information; computer software providing travel information, tourist information, information about movies and music, weather information, location information of shopping centres and stores, Points of Interest (POIs) information, location information of restaurants, bars and kiosks; computer software for use in locating Points of Interest (POIs) price information; downloadable software, namely, a mobile application for displaying and sharing a user's location and finding, and locating, other users, and

for viewing, posting, uploading, downloading, transmitting, receiving, editing, storing, organizing, showing, displaying, tagging, blogging, sharing and providing emails and text, audio and video messages; computer software for posting and sharing photography on mobile phones, smart phones and tablets; computer software for use with positioning systems and satellite systems for navigation, route trip planning, direction searching, electronic mapping, public transport information, parking information, weather information, traffic information, determining the location of people, places, events, buildings and points of interest, display of location-based advertisements, displaying and sharing user location information on mobile phones, smart phones and tablets; computer software to be used for viewing, posting, uploading, downloading, transmitting, receiving, editing, storing, organizing, showing, displaying, tagging, blogging, sharing and providing electronic maps on mobile phones, smart phones, tablets, computers, and connected watches; computer software in the field of photography, global positioning systems, maps, public transport, traffic and travel, namely software for providing, updating and displaying roadway, geographic, map, direction, travel, public transport and traffic data, for use on mobile phones, smart phones, tablets, computers and connected watches; computer software in the field of maps, namely software for creating, viewing, downloading and providing digital maps and digital map databases, for use on mobile phones, smart phones, tablets, computers and connected watches; computer software in the field of photography, global positioning systems and maps, namely software for the location and identification of shops, restaurants, places, buildings, vehicles, road signs, trees, documents, packages and freight, and points of interest based on geolocalisation, for use on mobile phones, smart phones, tablets, computers and connected watches; computer software in the field of maps, namely software-development software to create and use digital maps, map databases for mobile phones, smart phones, tablets, computers and connected watches; computer software in the field of maps, namely computer software in the form of application program interfaces (APIs) to create and use digital maps, map databases for mobile phones, smart phones, tablets, computers and connected watches; computer software in the field of global positioning systems and maps, namely software for operating and interacting with location, motion, positioning and distance measuring sensors and sensors for measuring speed, distance, time, movements, for use with mobile phones, smart phones, tablets, computers and connected watches; computer software in the field of photography, namely computer software and software applications for touching up, organizing and sharing still and moving pictures for mobile phones, smart phones and tablets; computer social networking software and software applications to enable the sharing of personal user information on social networking websites; computer vision recognition software, namely, software for obtaining an augmented reality view of buildings and places in a given area and for highlighting points of interest, objects, activities, traffic and public transport routes in a given area; geolocation software used to determine the location of a computerized device connected to the internet; photo recognition software, namely, software used to determine a location from a picture, photograph, digital picture or digital photograph or from the buildings or objects shown in the picture, photograph, digital picture or digital photograph; digital maps; computer software application programming interfaces (APIs) for use in developing mapping and global and wireless navigation positioning systems software applications; pre-recorded compact discs and DVDs with software for the purpose of providing, updating and displaying roadway, map, travel and traffic data, other than prerecorded CDs and DVDs containing music or movies; software development tools, namely software development software and software development digital documentation and guides, namely, computer software for assisting developers in creating program code for use in multiple application programs and electronic publications regarding computer software development; software development software used to create and use digital maps and databases; computer software allowing users, developers and businesses to create, customize, consume and use digital maps; computer application software for

the purpose of allowing the remote control, monitoring and operation of connected home equipment, appliances and furniture, namely, televisions, stereos, interior lighting, exterior lighting, dishwashers, ovens, stoves, washing machines, drying cabinets, blinds; computer software for the purpose of allowing the remote control, monitoring and command of connected security systems; computer application software for the purpose of allowing the remote control, monitoring and operation of connected energy management systems, namely, thermostats, air conditioners, heating systems, lighting systems, power supply systems, and electrical control systems for heating, lighting, power supply and air conditioning systems; computer software for the purpose of allowing the remote control, monitoring and command of audio speakers, stereos, computers, CD and DVD players, computer monitors and televisions; computer application software for use in private doctor's office and hospitals for the purpose of allowing the remote control, monitoring and operation of hospital beds, oxygen monitors, cardiac monitors, dialysis machines, pacemakers, and magnetic resonance CT apparatus; computer software and application software for use in monitoring anesthesia delivery equipment in order to assess and identify any changes to a patient's health status; computer hardware allowing users to search and determine the physical location of events; location-aware software applications for the purpose of locating events and for obtaining weather information, employment information on mobile phones, smart phones, tablet computers, computers, personal digital assistants, cameras, connected watches, connected clothing, connected glasses and connected vehicles; computer hardware providing public transports timetables and routes; computer hardware providing traffic and parking information; computer hardware providing navigation information, namely global positioning system (GPS) consisting of computers, computer software, transmitters, receivers and network interface devices; computer hardware providing map information; computer hardware providing education information, social and sporting events information; computer software and hardware providing employment information; computer software and hardware allowing to listen to music, to read out electronic messages, to chat and to browse on the Internet; computer hardware for use in locating product and Points of Interest (POIs) price information; computer software and hardware allowing processing of electronic payments and transferring of funds to and from others, all online; computer software and hardware allowing the remote control and command of vehicle parameters, namely, vehicle engine on/off status, heating system, locking system, tire pressure, fuel tank capacity, washer fluid capacity and oil level; computer software and hardware allowing the remote control and command of household equipment parameters, namely, setting of heating system, air conditioning system, lighting system, energy management system, home security system, dishwashers, ovens, stoves, washing machines, drying cabinets, blinds, electric control panel, gas control tap, water control tap; computer software and hardware allowing the remote control and command of electronic devices and equipment parameters, namely, television sets, timing, optical, weighing, measuring, location, positioning, motion, pressure and humidity sensors, electronic doors and windows, electronic book and article readers, speakers, personal digital assistants, computers, phones, cameras, tablets, connected watches and smart glasses; computer software for uploading, downloading, transmitting, receiving, editing, storing, organizing, showing, displaying, tagging, blogging, and providing photography on computers, connected watches, connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected furniture, connected clothing, connected home appliances, connected security equipment, connected

vehicles, connected energy management systems and connected audio/video equipment; computer software for use with positioning systems and satellite systems for navigation, route trip planning, direction searching, electronic mapping, public transport information, location information, parking information, weather information, traffic information, determining the location of people, places, events, buildings and point of interest, display of location-based advertisement, displaying and sharing user location information on computers, connected watches, connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected clothing and connected vehicles; computer software to be used for viewing, posting, uploading, downloading, transmitting, receiving, editing, storing, organizing, showing, displaying, tagging, blogging, sharing and providing electronic maps on connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected clothing and connected vehicles; computer software for digital diaries, online blogging, digital photo albums and social messaging to enable authoring, posting, uploading, downloading, transmitting, receiving, editing, playing, storing, organizing, showing, displaying, tagging, blogging, sharing and providing electronic games, movies, books, news articles, newsfeeds and video recordings and sound recordings over the internet and wireless communications networks for digital diaries, online blogs, digital photo albums and social messaging on mobile phones, smart phones, tablets, computers, connected watches, connected glasses, connected vehicles; wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, and connected tracking sensors for determining one's location; computer software in the field of photography, global positioning systems, maps, public transport, traffic and travel, namely software for editing and tagging roadway, geographic, map, direction, travel, public transport and traffic data for use on connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected clothing and connected vehicles; computer software in the field of maps, namely software for creating, viewing, downloading and providing digital maps and digital map databases, for use on connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart

wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected clothing and connected vehicles; computer software in the field of photography, global positioning systems and maps, namely software for the location and identification of people, events, employment opportunities, based on visual recognition for use on connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected clothing and connected vehicles; computer software in the field of maps, namely software-development software to create and use digital maps, map databases for connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected clothing and connected vehicles; computer software in the field of maps, namely computer software in the form of application program interfaces (APIs) to create and use digital maps, map databases for connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected furniture, connected clothing, connected home appliances, connected security equipment, connected vehicles, connected energy management systems and connected audio/video equipment; computer software in the field of photography for operating and interacting with optical and motion sensors and sensors for measuring speed, light, weight, rotation, pressure, humidity, height, incline, distance, time, sound, temperature, density, and resistance for use with mobile phones, smart phones, tablets, computers, connected watches, connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected furniture, connected clothing, connected home appliances, connected security equipment, connected vehicles, connected energy management systems and connected audio/video equipment; computer software in the field of global positioning systems and maps, namely software for operating and interacting with location, motion, positioning and distance measuring sensors and

sensors for measuring rotation, temperature, and biometric parameters, for use with connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected furniture, connected clothing, connected home appliances, connected security equipment, connected vehicles, connected energy management systems and connected audio/video equipment; computer software in the field of photography, namely computer software and software applications for taking still and moving pictures for computers, connected watches, connected glasses, wearable computers, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, smart wearable arm bands, smart wearable watch bands, smart wearable neck bands, smart glasses, wearable GPS sensors, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable health monitoring sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable timing sensors, wearable presence sensors, wearable electronic activity tracking running shoes, connected cameras, connected sensors, connected furniture, connected clothing, connected home appliances, connected security equipment, connected vehicles, connected energy management systems and connected audio/video equipment; computer vision recognition software, namely, vision recognition software and application software for electronically displaying the location of people, events and timetables in a given area; faces recognition software; photo recognition software, namely, software used to determine what building or object is being shown in a picture, photograph, digital picture or digital photograph; mobile phones, smart phones, tablets, computers and telecommunications equipment, namely, connected watches, connected glasses, wearable computers, smart wearable wrist bands, wearable heart monitoring sensors, wearable fall detection sensors, wearable hydration sensors, wearable fitness activity monitoring sensors, wearable temperature sensors, wearable thermal sensors, wearable electronic activity tracking running shoes, connected cameras, cellular telephones, personal digital assistants, pagers; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; telematic in-vehicle communication systems providing wireless vehicle navigation and tracking; navigational instruments, namely global positioning system (GPS) receivers and transmitters, compasses; pre-recorded optical discs, USB flash drives, memory cards, for the purpose of editing and tagging roadway, map, travel and traffic data, other than prerecorded CDs and DVDs containing music or movies; computer software allowing users, developers and businesses to share digital maps; spectacles (optics); sunglasses; goggles for sport; spectacle frames; spectacle lenses; computer software and hardware for use in autonomous control, driving or navigation of motor vehicles, aircraft and watercraft; computer navigation software and hardware for use in global positioning systems in motor vehicles, aircraft and watercraft which provides and shares real-time data and information with its users relating to vehicles, road signs, trees, people, places, events, buildings and points of interests (POIs), and provides delivery timetable, route and location information relating to online purchases, and tracking of documents, packages and freight; computer software for use in computerized driver assistance systems in motor vehicles, aircraft and watercraft for providing collision and accidents alerts, automated lighting, adaptive cruise control, automated braking, GPS navigation services, traffic and weather information supply, correct lane formation and blind spots revelation;

Services

Class 35

(1) location-based advertising for the benefit of third parties; advertising services for the benefit of third parties; compilation and systemization of traffic information and data into computer databases; compilation and systemization of map information and data into computer databases; on-line advertising for third parties on a computer network; providing fuel prices information; compilation and systemization of financial information and data into computer databases; rental of advertising space; rental of advertising time on communication media; computerized on-line retail store services in the field of software applications for use with computers, mobile phones, smart phones, tablets, spectacles, watches, household equipment and other electronic devices;

Class 38

(2) providing access to an online computer database in the field of mapping, global positioning and wireless navigation positioning systems software; providing access to an online platform, namely a database containing a collection of maps; Providing access to databases in the field of GPS and wireless positioning navigation, mapping, travel, tourism, sightseeing, as well as Points of Interest (POIs) price information; wireless digital messaging services; satellite transmission, wire transmission, wireless transmission and wan (wide area network) transmission of maps, timetables and video digital files of text messages, video messages and audio messages, these services not being cable and satellite television broadcasting services and not being transmission of movies and television series and programs via the Internet, mobile devices or similar technology; providing access to databases in the field of traffic, parking, weather, sporting events, fitness, and employment; providing access to an online platform, namely a database containing a collection of data and pictures in the field of maps, public transportation, tourism, travel and traffic; providing multiple user access to a website featuring GPS navigation information;

Class 39

(3) tracking of passenger vehicles via global positioning systems [navigation information]; provision of public transportation route and timetable information online; providing delivery timetable, route and location information relating to online purchases; tracking and tracing of packages in transit; traffic and travel information services; providing tourist travel information services; Geo-localisation services, namely, tracking goods, buildings, people, places and sightseeing points of interests (POIs) via global positioning systems by application software for mobile phones, wearable computers, smart phones, smart watches, personal digital assistants, computers and tablets; travel route information, namely, providing customized directions and route guidance services; places search services, namely for locating the geographic position of a place and in the field of transportation, traffic, navigation and travel information; physical storage of electronically-stored data or documents; autonomous driverless transportation services, namely transportation of passengers and goods by self-driving motor vehicles, watercraft and aircraft; providing tourism information, map-related information and location-based information relating to software applications for public transports timetables and routes from searchable indexes and databases, including text, maps, electronic documents, databases, graphic and audio visual information, by means of global computer networks; providing tourism information, map-related information and location-based information in the fields of meteorology and weather from searchable indexes, databases, and maps, by means of global computer networks;

Class 42

Class 04

(1) Industrial oils and greases; industrial lubricants; thread cutting oils.

Class 06

(2) Metal crimp rings for use with mechanical crimpers; mechanically operated crimpers and parts therefor; metal racks for holding die heads; metal stands, namely, display stands, pipe stands, vise holding stands for pipe threading machines and for power drives; metal tool trays; metal vises, namely, chain vises, pipe holding vises, portable vises, stationary base and swivel base vises, bench mounted vises, vises attachable to a post, yoke vises, machinist vises, drill press vises, wood working vises, and kit vises; metal vise jaw covers; metal ladders; metal tool boxes; coupling and speed couplers for drain cleaning equipment, namely, solid sewer rods; accessories and parts for drain cleaning tools, namely, metal manhole guide pipes, cables, cable carriers, cable adapters, cable caddies and support stands.

Class 07

(3) Components for machines and machine tools, namely, electrically and power operated crimp tool heads; inserts for power operated crimp tools and crimpers; inserts for power operated indenter tools; power tool parts, namely, indenter crimp heads; cable feeding component of power-operated tools for use in cleaning and unblocking pipes, drains, sewers and tubes, and replacement parts therefor; power tools, namely, drills, drivers, impact drivers, ratchet drivers, power hammers, autohammers and oscillating tools; pipe fabricating machines and parts therefor; power tools, namely, saws and blades, air compressors, drill presses, jointers, lathes, electric sanders and electric motors therefor; drill bits; vacuum cleaners and replacement parts therefor; attachments for power operated crimping, cutting and pressing tools, namely, cutters; soil pipe cutting attachments for power operated crimping, cutting and pressing tools, namely, cutters; power operated crimp tools and crimpers; power tools, namely, crimpers; power operated tools for crimping, cutting and punching; power operated lug crimping and wire cutting tools; pipe wrenches; power operated saw parts, namely, fences sold as an integral part of power operated saws; mechanically operated crimpers and parts therefor; electric core drills; electric motors for machines

and replacements parts therefor; electric generators; power tools, namely, jointers, reamers, planers, lathes, grinders, sanders, routers, and replacements therefor; gas-operated soldering irons; power operated sewer and drain cleaning machines and replacement parts therefor; machines, namely, automatic cable feeders; pipe bending machines; pipe threading machines; power tools, namely, automatic pipe cutters; core drilling machines and replacement parts therefor; power operated copper cutting prep machines; electric pumps for use in testing pressure; power operated tapping machines; pipe roll grooving machines and support stands therefor; grooving machines; pipe and bolt threading machines; pipe and rod rotating machines; torch kits for soldering and brazing comprised of gas-operated soldering irons and replacements parts therefor; power operated industrial machine presses; hydraulic roll grooving machines; air filters for mechanical purposes; hydraulic presses; vacuum cleaner accessories, namely, vacuum cleaner filters, bags, hoses and replacement parts for vacuum cleaners; power-operated pressing and crimping tools used for securing connections on pipes and tubing, and parts therefor; cleaning and clearing water jetters, namely, water jets for removing materials from all types of drains and parts therefor; separators for the cleaning and purification of air; power-operated tools, namely, tube expanders, tube flaring tools, and swaging tools for shaping pipes and tubes; hand-held, bench-mounted, and stand-mounted power tools and electric motors therefor, namely, bench grinders and parts and accessories therefor; namely, grinding wheels; bending machines for bending pipe and tubing; core drilling equipment and parts and accessories therefor; namely, drill bits, extension rods, adapters, water collectors and pumps, pressure tanks, and fittings; power-operated drain cleaning tools and parts and accessories therefor; namely, rods and rodders, closet augers, bulb augers, straight augers, funnel augers, drop head augers, retrieval type augers, chain knockers, cable carriers, adapters, collets, clutch driver jaws, front end guide hoses, cable caddies, trap cutters, spear cutters, sawtooth cutters, spade cutters, h cutters, sharktooth cutters, three-blade type cutters, repair splicers, flexible leaders, transport wheels, telescoping manhole guide pipes, rod tools, spear heads, corkscrews, double corkscrews, pick-up tools, tool adapters, pin keys, cable kits consisting primarily of replacement cables, cable carriers, collets, front end guide hoses, augers, cutters, and pin keys, grease guns, and carrying cases for transporting the above; grooving, beveling, and cut-off machines; hydraulic knock-out sets and parts and accessories therefor, namely, hand pumps and foot pumps, rams, spacer groups, draw bolts and bars, hydraulic hoses, punches and dies, and carrying cases for the above; pipe and bolt threading machines and parts and accessories therefor, namely, brackets, adapters for geared threaders, carriages for holding pipe and bolt threaders on power drives, chasers for threading dies, and jaw inserts for threading plastic coated steel pipe; pipe and rod rotating machines; machines parts, namely, chucks and chuck keys; threading dies, beveling dies, grooving dies, sizing dies, plain dies, ratchet dies, die head adapters, carrying cases for dies, drive bars for power transmission for industrial machines; drive shafts; carrying cases for saws and blades; pitch hole saw, hole saw arbors, hole saw kits comprising hook saws and hole saws arbor for cutting through wood and metal; hydraulic knockout kits for punching holes in pipes; sewer and drain cleaning machines and attachments therefor, namely, sewer cleaning machine stands, augers, cutters, brushes, chain knockers, cables, cable connectors, hoses and nozzles, and electric motors for power-operated tools and accessories therefor, namely, support stands; power operated blowers for commercial use in drying carpets, hard surface floors, walls, ceilings or for general air circulation; power operated rods and rodders; augers, namely closet augers, bulb augers, hook augers, straight augers, funnel augers, drop head augers, retrieval type augers, chain knockers; flue brushes; cutters, namely expanding finish cutters; grease cutters; trap cutters; spear cutters; sawtooth cutters, spade cutters, spiral cutters, H cutters, sharktooth cutters, multiple blade type cutters; spear heads; corkscrews; automatic cable feeders; collets; clutch driver jaws; power operated pipe cleaning equipment and parts therefor, namely, couplers and couplings, flexible leaders, transport

wheels, cable drums, drum handles, speed couplers for solid sewer rods and kits consisting primarily of the aforementioned goods; electronic devices for locating underground or hidden pipes and lines; handles, knobs and grips sold as an integral component of power tools; vacuum cleaners specially designed for use in vehicles; vacuum cleaners specially adapted for fitting in vehicles; aftermarket automobile accessories, namely, dust bags, hoses, wands, and filters for vacuum cleaners specially adapted for fitting in vehicles.

Class 08

(4) Pipe wrenches; components of hand-operated crimping tools, namely, handles; hand tools, namely, hand operated plumbing snakes; plumbing equipment, namely, hand-operated drain snake cables; hand-held and hand-operated tools, namely, augers for hand operated drills; hand-operated tools, namely, ball bearings knock-out sets and parts and accessories therefor; manually operated tools, namely, ball bearing drive bolts, ratchet wrenches, ratchet threaders, torque wrenches, pipe dies; manually operated tools for working with tubing, namely, benders for bending conduit and pipe, conduit sizing tools; hand tools, namely, pipe taps; manually operated cutters; namely, belt cutters, pipe cutters, tube facing cutters, tubing cutters and cutter wheels; manually operated plastic pipe cutters; hand tools, namely, soil pipe cutters, and cable cutters and blades and cutter wheels therefor; hand tools, namely, cable trimmers; hand tools, namely, screw, bolt, nipple and pipe extractors; hammers; sledgehammers; chisels; hatchets; pliers; nippers; shears; snips; screwdrivers; screwdriver bits; saws, namely, hack saws, hole saws, jab saws, universal saws, and compass saws and blades; handles for dies and reamers; compass saw handles; hand saws and blades therefor; manually operated tools, namely, tube soldering clips for use in soldering tubes; wrenches, namely, pipe wrenches, monkey wrenches, compound leverage wrenches, chain pipe extractor wrenches, strap wrenches, hex wrenches, spud wrenches, basin and adjustable end wrenches; vises, namely, pipe vises, multi-purpose metal vises and support stands therefor; hand tools, namely, pipe reamers, pipe die heads, pipe threaders, bolt threaders, pipe roll groovers, pipe and tube benders, pipe and tube expanders, pipe threading dies and bits; hand operated knockout sets for punching holes in pipes; cable cutters; general purpose hand tools, namely, bench vises, anvils, levels, hammers, rulers, shovels, screw extractors, electrical wire cutting, stripping and crimping tools, punching dies, flaring tools, bolt cutters, cable trimmers, shovels, and spades; hand-powered drain and sewer cleaning equipment and parts and accessories therefor, namely, closet augers, hand spinners, grappler hooks and flat sewer tapes; drain snakes; drain cables; manually operated pipe deburring tools, namely, tools for removing burrs from pipes and tubing; manually operated pipe and tube flaring tools, namely, tools for flaring pipes and tubing; manually operated pipe and tube sizing tools, namely, tools for sizing pipes and tubing; metal pipe stands; manually operated tapping tools, namely, tools for forming pipe threads; manually operated tapping machines, namely, manual drills; drain cleaning equipment and parts and accessories therefor, namely, trap spoons, allen wrenches, hex-types wrenches, and grappler hooks, all being manually operated hand tools; hand-operated tools, namely, ratchet wrenches, punch sets and die sets containing punches and dies of various sizes, and metal carrying cases for the above sold as a unit; tools for working with tubing, namely, benders for bending conduit and pipe, sizing tools for reforming deformed conduit walls; pipe taps; sledge hammers; soil pipe assembly tools for assembling gasketed soil pipes of various shapes, namely, y-pipes, tee-pipes, elbow pipes and straight pipes; vise benches; Component parts of hand tools in the nature of tubing cutters, namely, metal cutter wheels, metal feed screws, metal pins, plastic knobs and metal clips.

Class 09

(5) Cameras being component parts of inspection systems; video cameras being component parts of inspection systems; reels for maneuvering cameras; inspection systems for commercial,

industrial and domestic use comprising cameras, camera heads, cables, reels and monitors sold as a unit; hand held inspection equipment, namely, cameras, video cameras, reels for maneuvering cameras; electronic devices for locating pipes and lines, namely utility line locators; video inspection systems for commercial, industrial and domestic use comprising cameras, camera heads, graphical user interface and networking software, video cables, reels for video cable and video wire and computer monitors and video monitors; line locators, namely, electronic locating apparatus for use in detecting the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines; batteries, namely, electric storage batteries, lithium ion batteries, batteries for tools; levels, rules, and steel tapes; eye shields for eye protection; computer monitors and video monitors; computer monitors and video monitors as component parts of video inspection systems; electronic communications, computer hardware and software for the transmission of data between two points, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; laser distance meters; optical distance meters; computer software to enable the transmission of utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, and hard-to-reach areas data to mobile and cellular phones and handheld computers; computer software for wireless content delivery, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; computer software for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of data and information, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; computer software for communicating with handheld computers and mobile and cellular phones, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; computer hardware and computer software for communication and transmission of data, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; computer hardware and software for measuring distance, volume, temperature, and gas; computer hardware and software for use with distance meters and tape measures for receiving, processing, transmitting and displaying data; computer application software for mobile and cellular phones and handheld computers, namely, software for communication and transmission of data, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; communication software to access data stored on distance meters and to transfer data to another

device; electronic inspection cameras.

Class 11

(6) Mechanical separators for the cleaning and purification of air.

Class 12

(7) Vacuum cleaners as structural parts of vehicles.

Class 16

(8) Calendars.

Class 21

(9) Tube cleaning brushes and brushes for tube fittings for preparing tubes and fittings for soldering or brazing.

Services**Class 35**

(1) Providing business marketing services to distributors in the tool industry; business information services in the nature of providing information on product development and availability to distributors; business consulting services relating to product distribution, supply chain and distribution solutions; providing an online database for tracking orders and checking availability of products.

Class 38

(2) Electronic transmission of data, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice, text, images, video, signals, and messages; transmission of information by electronic communication networks, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice, text, images, video, signals, and messages; telecommunications and communications, namely, electronic, electric, and digital transmission of utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice, text, images, video, signals, and messages; transmission of information by electronic communication networks, namely utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice, text, images, video, signals, and messages.

Class 42

(3) Providing temporary use of on-line non-downloadable graphical user interface and networking software for collaboration with and multi-party access to documents, emails, videos, data, files and other information, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; providing temporary use of on-line non-downloadable software for

collaboration with and multi-party access to documents, emails, videos, data, files and other information, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings; providing temporary use of on-line non-downloadable software for allowing field service and job site workers to send, update, access and receive data; providing temporary use of on-line non-downloadable software for preparing and sending invoices and receiving payment over computer networks, intranets and the Internet; providing temporary use of on-line non-downloadable software for preparing and sending advertising and promotional media over computer networks, intranets and the Internet; providing temporary use of on-line non-downloadable software for preparing and sending service and maintenance reminders over computer networks, intranets and the Internet; providing temporary use of on-line non-downloadable software for analyzing and diagnosing residential, commercial and institutional equipment and system failures; providing temporary use of on-line non-downloadable software for multi-party access to databases comprised of documents, emails, videos, data, files and other information, namely, utility line inspection data, pipe inspection data, drain inspection data, sewer inspection data, plumbing inspection data, tight spaces inspection data, hard-to-reach areas data, tool data, data relating to the location and depth of underground or hidden pipe, cable, utility lines, telephone lines and energized lines, voice messages, text messages, pictures and digital images, video recordings.

Class 04

(4) Industrial oil; industrial grease; chain oil; lubricants for cables; oils for paints; firelighters.

Class 06

(5) Metal walls for storing and organizing tools, trestles of metal for use in construction; scaffolding and ladders, of metal; building materials of metal, namely doors, windows, trims for buildings, structural beams; non-electric cables and wires of common metal; ferrules and ropes of metal; drain pipes of metal and ground tubes of steel; tanks of metal; tool boxes of metal, empty; closures of metal for containers; metal padlocks; ironmongery, namely metal fasteners, bolts, nails, rivets, screws, brads, clamps; small items of metal hardware, namely metal hardware of luggage and for mountaineering equipment; shims, nails, rivets, pins, screws, nuts, sleeves, hooks, springs, tension inks, cable connectors, all of metal; fittings of metal for furniture; metal casters; metal doors with integrated metallic insect screens; louvres made of metal; windows of metal; windows of metal with integrated insect screens; insect screens of metal; metal rails; shaft covers of metal; door guards of metal; tool chests of metal, empty; cable drums (non-mechanical) of metal; magnetic metal bowls or dishes for storing small items of metal hardware; linking devices [parts of machines], namely staples for staple guns.

Class 07

(6) Machine tools, namely engraving machines, ice making machines, packaging machines, label printing machines, sewing machines, wood cutting machines; trueing machines, namely cutting and drilling machines for metalworking; continuous scouring machines; drilling machines, namely wood drilling machines, drilling machines for metalworking; drilling tools [machines or parts of machines], namely hand-held drills, wood drilling machines, drilling machines for metalworking; saws, namely band-saws, circular saws, jigsaws; wood board joining machines; wood planing machines; planing tools [machines or parts of machines], namely electric planers; cutters [machines], namely wood cutting machines; tool cutting machines, namely milling cutters for milling machines; high pressure washers and steam cleaning machines; letterpresses [printing machines], namely printing presses; compressed air machines, namely air compressors; electric soldering apparatus, namely electric soldering implements, namely soldering lamps, soldering torches; soldering irons and torches; soldering irons, gas-operated; machines for working or processing wood, stone, metal, glass or plastic, namely wood chipping machines, wood milling machines, metalworking machines, glassware manufacturing machines; hand-held tools, other than hand-operated, namely power tools; machines for comminuting, namely shredders for industrial use; packaging machines; nail nippers [machines]; spray paint machines; glue guns, electric; implements [machines] for spraying, namely paint spray guns; pressing machines, namely punching presses for metalworking; sheaf-binding machines; electric compressors [machines]; current generators; transporting machines, namely belt conveyors, pneumatic transporters;

horticultural implements [machines], namely lawnmowers, electric lawn trimmers; paint stripping apparatus [machines], namely electric paint scrapers; pumps [machines], namely centrifugal pumps, compressed air pumps, gas pumps, hydraulic pumps, pneumatic pumps; compressed air pumps; tighteners [machines], namely straw bale tightening machines; mixers [machines], namely asphalt mixers, concrete mixers, feed mixers, paint mixing machines; electric jacks [machines]; machines for lifting vehicles; thermic torches [machines], namely soldering torches, welding torches; knife-sharpening machines; precision parting tools [machines], namely punching presses for metalworking; precision turning tools [machines], namely rolling mills for metalworking; electric staple tackers [machines]; tool grinding machines; speed governors for machines, engines and motors; pressure valves for industrial machinery [parts of machines]; machine holders, namely stands for metalworking machines and wood cutting machines; hangers [parts of machines], namely toolholder machine parts for metalworking machines; floor polishing discs [parts of machines]; rotary brushes for machines; knives for mowing machines; valves as machine components; electric hammers [machines or parts of machines]; cutting inserts [parts of machines], namely cutting bits for metalworking; drill bits for machines; socket spanners [machines]; blades for saw machines; tool bits for machines, namely power drill bits, mining bits; machine tools for the metalworking industry, for the automobile industry and for the textile industry; percussion tool bits for machines, namely core drilling bits; filters being parts of machines, namely air filters for motors, gas filters for motors, oil filters for motors; impact core cutters, namely core drilling bits; electrodes for welding machines; gas actuated rams, namely nail guns; gas operated metal cutters for use as a machine tool; gas-operated blow torches; gas welding machines; accessories for machines or machine-operated tools and implements, namely machine couplings; hand operated tools and implements for working or processing wood, stone, metal or plastic, namely wood drilling machines, drilling machines for metalworking; spray guns for paint.

Class 08

(7) Hand-operated tools and implements, namely hand saws, hand tools; knives; cutlery; scissors; exhaust pipe expander; drain cleaning pump [hand-operated]; cutting tools [hand tools], namely bolt cutters, wad cutters, all-purpose scissors, wood chisels; bolting equipment and tools [hand-operated], namely bolt cutters; tighteners [hand-operated tools], namely pincers; nail nippers [hand-operated tools]; cutting dies [hand-operated tools], cutting guides for use with hand-operated tools; hand tools, namely pearl catcher tools; hand-operated abrading instruments; nut-tapping tools [hand-operated], namely nut wrenches; saws [hand tools]; hammers [hand tools]; putty knives [hand tools]; files [tools], namely nail files, hand files; hand-operated milling cutters; gimlets [hand tools], namely manual drills; chisels [hand tools]; planing tools [hand-operated], namely planes, planing blades, rabbeting planes; guns [hand tools], namely caulking guns, staple guns; sprays [hand-operated tools], namely hand-pumped sprayers for applying herbicides, insecticides and paint; stirrers [hand tools], namely stirring sticks for mixing paint; scrapers [hand tools], namely paint scrapers, ski scrapers; angle welding magnets [hand tools]; clamps for carpenters or coopers [hand-operated]; hand-operated tap ratchets, namely manual ratchet wrenches; bench vices [hand implements]; perforating tools [hand tools], namely punching dies; caulking irons [hand tools]; claw hammers [hand tools]; hand-operated riveting tools; screw thread formers [hand-operated tools]; steel brushes for grinders [hand-operated tools]; wire brushes for grinders [hand-operated tools]; lawn rakes [hand-operated tools]; manually operated sharpeners, namely knife sharpeners [hand-operated tools]; shovels [hand tools]; hatchets; ditchers [hand tools], namely trench cutters; hand tools for repair of bicycles, motorcycles and vehicles; manually operated motorcycle or bicycle lifts; agricultural hand tools, namely broadforks for agricultural purposes, hand-operated atomizers for agricultural purposes; gardening tools, hand-operated; hand-operated plumbing tools, namely hand-operated plumbing snakes; tool belts [holders]; tool holders, namely tool belts, tool aprons;

tool support, namely stands for hand jacks; extension bars for hand tools; filled tool bags containing hand tools; accessories for hand-operated tools and instruments, namely tool handles; borers, namely hand-operated post hole diggers; drills and accessories, namely bits for hand drills; cutting guides for use with hand-operated tools; screw bits for hand tools; hand held cutting tools, namely cutting discs for use with hand-operated tools; polishing discs [hand-operated tools], namely fingernail polishers; grindstones [hand tools]; saw blades; accessories for jointing knife, namely trowels; engraving needles.

Class 09

(8) Scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling and checking apparatus and instruments, namely cameras, kitchen scales, bathroom scales, letter scales; fire extinguishing apparatus, namely fire extinguishers, fire hoses, fire hose nozzles, fire sprinklers; enlargers, namely magnifying glasses, magnifying lenses; vehicle breakdown warning triangles; time switches, automatic; spirit levels; safety vests; apparatus and instruments for guiding, conducting, switching, transforming, accumulating, regulating or controlling electricity, namely plugs, adapter plugs, safety fuses, electrical controllers for traffic lights, power supply cables, power cords, wiring accessories, namely electrical wire connectors, electric control panels, electric transformers, extension cables with power outlets, extension cables, electric coils, electric wires, junction boxes, point-of-sale terminals, electrical terminal blocks, built-in electric fuse boxes, electric sockets, electrical flush sockets, covers for electric outlets, electric light switches, wet room light switches, safety plugs for power outlets, power strips, cable drums; protective work and safety shoes; protective knee cushions for workers; measuring tapes; decorative magnets; magnetic tape; demagnetizers for magnetic tapes; safety goggles; protective work clothing for protection against accident or injury, namely chemical exposure protective clothing, clothing against biological hazards, clothing for protection against fire, insulated clothing for protection against accidents or injury; T-squares for measuring [hand tools]; electric light switches, electric light dimmers; audio/video cables, battery cables, booster cables, computer cables.

Class 10

(9) Hearing protection headsets.

Class 11

(10) Apparatus for lighting, heating, steam generating, cooking appliances, refrigerating apparatus, drying installations, apparatus for ventilating, water supply apparatus and sanitary installations, namely sinks, portable electric heaters, domestic furnaces, steam generators, domestic cooking ovens, electric and gas stoves, hot air cooking ovens, electric heaters for baby bottles, heat pumps, air conditioning units for domestic use, facial saunas, electrically heated hot pots, electric coffee makers for domestic use, electric toasters, hot water heaters, electric waffle irons, electric juice presses and juice extractors, electric refrigerators, freezers, hand held hair dryers, tumble dryers for clothes, electric light bulbs and electric fans for household purposes; lighting equipment and lighting apparatus, namely lighting diffusers, lighting fixtures; lamps, namely desk lamps, electric lamps, floor lamps; luminaires; illumination lights, namely infrared illuminators; safety lamps for underground use; pocket search lights; LED luminaires; plumbing fittings; shower roses, namely shower head sprayers; gas rice cookers.

Class 12

(11) Vehicles, namely automobiles, trucks, motorcycles, all-terrain vehicles, sport utility vehicles; two-wheeled trolleys; human-powered shopping trolleys and carts; handling carts; scooters [for transporting loads]; bicycle kickstands; bicycle carriers; suspension systems for bicycles; adhesive rubber patches for repairing inner tubes; tyre patches for inner tubes for tyres; tyre inflators; repair outfits for inner tubes ; inner tubes for pneumatic tires [tyres]; valves for vehicle tires [tyres]; wheels

for handling carts or scooters [for transporting loads]; non-mechanical cable drums of non-metallic materials, namely hose carts; air pumps for bicycles, hand-operated.

Class 16

(12) Artists' materials, namely artist's brushes, artist's palettes; artists' brushes; paper and plastic materials for packaging, namely paper and plastic bags for packaging, plastic film for packaging; cardboard and plastic packing boxes; painters' brushes; canvas for painting; palettes for painters; house painters' rollers; painting stencils; paint brushes; painters' easels; telescopic rods for paint rollers; grouting pens; wood correction pens; plastic cover sheets for packaging purposes; adhesive tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; masking tape; shielding fleece, namely paper painting tapes; writing instruments; sharpeners for writing instruments; books; adhesives for household purposes; adhesives for stationery.

Class 17

(13) Sealant compounds for joints; joint filling compounds, namely sealant compounds for joints; flexible tubes, not of metal, namely flexible plastic hoses for use with ventilation systems, flexible plastic pipes for plumbing purposes; sealing and insulating materials, namely door seals, general purpose sealants, polyurethane films for use in sealing and insulating buildings; weatherstripping compositions; caulking materials; silicone sealants; weatherstripping sealants in the nature of caulk; grommets made of rubber; articles made of rubber for use in vibration suppression and shock absorbing, namely cushioning materials of rubber; tyre restoration and repair materials, namely rubber material for recapping tyres; water-tight rings and non-metal shims, namely sealing rings, water-tight rings for plumbing purposes; sheets [other than for wrapping or packaging], namely adhesive-coated plastic sheets, asbestos sheets, polyurethane foam sheeting; semi-processed acrylic resins (insulating); plastic pellets for packaging.

Class 18

(14) Tool bags, empty; knapsacks, packsacks.

Class 19

(15) Spackling compounds; non-metal fiberglass windows; non-metal fiberglass windows, with integrated insect screens; insect screens, not of metal, namely nylon window screens, vinyl window screens; plastic and wood doors with integrated insect screens [not of metal]; bitumen tape; louvers [not of metal]; door guards not of metal, namely non-metal door panels; mosaics for building; mosaic ceramic tiles [building materials]; scaffolding of wood; indoor wooden jalousies [furniture]; roofing felt.

Class 20

(16) Furniture, namely bedroom furniture, computer furniture, dining room furniture, living room furniture, office furniture, outdoor furniture; furniture parts for bedroom furniture, computer furniture, dining room furniture, living room furniture, office furniture, outdoor furniture; stools; working tables; chucking tables; cupboards; tool walls, namely tool racks; support blocks, namely book stands, all not of metal; furniture of metal, namely computer furniture, bedroom furniture, dining room furniture, outdoor furniture; working tables, chucking tables, cupboards, all of metal; wood ladders; containers and tool boxes [not of metal], namely packaging containers of plastic; dowels, screws, cable clamps, all not of metal; hooks, namely curtain hooks, plastic hat hoots, wooden clothes hooks; indoor window blinds; Venetian blinds; ceramic tile spacers; headrests, not for vehicles, namely head supporting pillows; crank shaft covers of plastic; key cabinets; plastic

tool boxes sold empty; plastic inserts [trays] for tool boxes; machine tool holders, namely tool racks; magnetic holders for machine tools, namely magnetic tool racks; magnetic holders for hand-operated machine tools, namely tool racks; felt pads for furniture legs.

Class 21

(17) Work gloves.

Class 22

(18) Ropes; tarpaulins; sacks, namely baler sacks; cables, not of metal, namely fastening cable ties, fastening cable ties for telephone cables; bindings, not of metal, namely sheaf-binding yarns, carrying straps [not of metal] for handling loads, nylon straps for handling loads; tie-down straps, also with ratchets [not of metal], namely nylon strapping for securing loads; plastic cable ties; cable ties; raw textile fibres.

Class 24

(19) Textiles and textile goods, namely textiles for carpets, clothes, footwear and furniture, textile fabrics, textile labels; felt, namely craft felt, felt for door seals; shielding fleece blankets; textiles for protection against insects, namely insect netting; fly and mosquito netting.

Authorisation For Use

Consent from the Chartered Professional Accountants of Ontario is of record.

Certification Mark Standard

The certification mark is meant to indicate that the specific goods in association with its use comply with the following standards: the certification mark, as used by authorized persons, is meant to certify that the respective goods to which the mark is affixed comply with the guidelines and standards decreed by the certifier and its affiliates in relation to safety, operational safety, environmental safety, health, quality, performance, compatibility, safety, durability, energy efficiency, construction and composition of the goods. The objective of the standards published in the Canadian Codes is to factor in the prevention of injuries in individuals and of material damages through proper design, adequate construction and high-quality work. These safety standards are meant to provide requirements for the design and construction of equipment, primarily for protection against fire and electric shock risk and are meant for use across Canada, in accordance with the requirements of the Canadian Codes. The individual standards of the Canadian Codes provide definitions and list requirements for construction, labelling and testing in relation to a single category or closely related group of equipment.

Computers; computer hardware and software for processing, reproducing, synchronising, recording, organising, downloading, uploading, transmitting, streaming, receiving, playing and viewing digital images, live audio feeds, audio clips, live video feeds, video clips and data files gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; wireless communication devices for voice, data, and image transmission, namely, mobile phones, smart phones, tablet computers, electronic book readers and personal digital assistants; intercommunication apparatus, namely, intercoms; voice and radio transmitters and receivers; home automation control devices comprising computer hardware and wireless controllers for use in controlling home devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; stand-alone voice controlled information devices, namely, personal digital assistants; stand-alone voice controlled personal assistant device integrating

services provided via apps; voice controlled speakers; remote controllers for controlling home devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; remote controllers for recording devices, namely personal digital voice recorders, MP3 recorders, MP4 recorders, smart audio speakers, video cameras, DVD recorders, and portable computer hardware; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; video recording apparatus, namely video cameras, DVD recorders, and portable computer hardware; audio recording apparatus, namely personal digital voice recorders, MP3 recorders, MP4 recorders, and smart audio speakers; microphones; speakers; cameras; digital cameras; infrared cameras; video cameras; video surveillance cameras; webcams; apparatus and devices providing night vision, namely, night vision sensors and night vision cameras; camera stands; camera mounts; electronic door alarms; electronic window alarms; alarm sensors for detecting motion, temperature, air quality and ambient light; security alarm monitoring systems; anti-intrusion alarms; burglar alarms; anti-theft warning apparatus, namely, theft sensors and theft alarms; theft prevention installations, electric, namely theft sensors and theft alarms; smoke and moisture sensors and detectors; active infra-red sensors; infra-red sensors; motion sensors; movement sensors; infra-red detectors; motion detectors; door opening and closing detecting sensors; window opening and closing detecting sensors; security surveillance apparatus, namely electric and electronic video surveillance installations; security alarms; security control apparatus, namely control panels for security alarms; security cameras; security software, namely, software for monitoring security camera footage and home security systems; software to control building access and security systems; closed circuit television apparatus comprising television cameras and television monitors; closed circuit television cameras; motion sensitive security lights; security lighting incorporating an infra-red activated sensor; computer software for use as an application programming interface (API); software development kits (SDKs) consisting of computer software development tools, namely computer software code that enables developers to create software for accessing video camera feeds; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of application programming interfaces (APIs) that are used by electronic devices, systems, and interchanges that exchange data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers, via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications for controlling any consumer electronic device having an internet connection; application software for mobile phones, tablets, and desktop computers, namely, software for use in monitoring home security systems, for controlling home devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; application software for use in electronic storage of data gathered from video camera systems consisting of cameras,

motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; voice command and recognition software; speech command and recognition software; computer software used for controlling stand-alone voice controlled information and personal assistant devices; computer software for the remote control of security apparatus, namely surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; application software for the remote control of security apparatus, namely surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; computer software enabling content, namely photographs, digital images, live audio feeds and audio clips, live video feeds and video clips, data and files, all gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers, to be downloaded to and accessed on a computer and other portable consumer electronic devices; downloadable computer software for remote monitoring and analysis of surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable application software for remote monitoring and analysis of surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable software for the management and transmission of information gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable software for the management and transmission of data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable software for recording, viewing, storing, sharing, and analysing online audio and video data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; pet monitors; pet viewing units, namely surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; parts, fittings and accessories for all the aforesaid goods, namely, cases adapted for cameras and mounts for cameras

Services

Class 35

(1) Data processing, namely processing of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; data management, namely management of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; collection of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; computerized database and file management; compilation and systemization of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers into computer databases; compilation and systemization of information gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers into computer databases; data searches in computerized files for others, namely conducting searches of data gathered from third party surveillance systems consisting of cameras, motion sensors,

ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; subscriptions to telecommunications database services, namely subscription to a database containing video clips and live views of surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers

Class 38

(2) Electronic communication services, namely, transmission of information gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers by electronic communications networks; electronic transmission of motion detection alert messages, person detection alert messages, voice, data and images gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers through a global communications network; electronic transmission of streamed and downloadable multimedia content files gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers via computer and electronic communications networks; wireless broadband communications services, namely the wireless transmittal of live video and audio feeds, audio clips, video clips, data and information gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers, via the Internet; audio broadcasting, namely broadcasting live audio feeds of any sound detected by a surveillance system consisting of microphones and speakers, over the Internet; audio broadcasting, namely broadcasting audio clips over the Internet; audio communication services, namely enabling users of a system of microphones and speakers to transmit and receive audio gathered from the microphones over the Internet; streaming of audio material, namely live audio feeds of any sound detected by a surveillance system consisting of microphones and speakers, on the internet; streaming of audio material, namely audio clips on the internet; video broadcasting, namely broadcasting live video feeds of any visible image detected by video camera surveillance systems; video broadcasting, namely broadcasting video clips over the Internet; video communication services, namely enabling users of a video camera surveillance system to view and share live video feeds from the video surveillance camera system and video clips over the Internet; video telephone services; video uploading services, namely uploading live video feeds from video camera systems and video clips to a cloud computing platform; streaming of video material, namely live video feeds of any visible image detected by video camera surveillance systems and video clips on the internet; data broadcasting services, namely broadcasting data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers over the Internet; data communication services, namely enabling users of a surveillance system consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers to view and share data gathered therefrom over the Internet; data streaming, namely streaming of data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers over the Internet; voice transmission services, namely transmission of live voice messages and voice recordings over the Internet; providing voice communication services over the Internet; transmission of voice by means of the Internet; consultancy and advisory services in the field of the electronic transmission, broadcast, streaming and communication of audio, video, data and information over the Internet

Class 41

(3) Audio and video recording services; electronic online library services for the supply of electronic information, including archive information, in the form of audio and video information; consultancy and advisory services in the field of audio and video recording services and electronic online library services for the supply of electronic information, including archive information, in the form of audio and video information

Class 42

(4) Design and development of computer hardware and software; design and development of computer systems; design and development of camera systems; design and development of data storage systems; electronic storage of audio files of any sound detected by a surveillance system consisting of microphones and speakers; hosting a website for the electronic storage of audio files; electronic storage of data, namely cloud computing provider services for general storage of data; hosting a website for the electronic storage of data; electronic storage of videos gathered from video surveillance camera systems; hosting a website for the electronic storage of videos; electronic storage of digital images; hosting a website for the electronic storage of images; monitoring of computer systems by remote access; monitoring of camera systems by remote access; installation, maintenance and repair of computer software; providing temporary use of on-line non-downloadable software for the management and transmission of information gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; providing temporary use of on-line non-downloadable software for the management and transmission of data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing, and analyzing online audio and video data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; Software as a service (SaaS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices, namely cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; information technology support services, namely providing technical support in the operation of video surveillance systems; provision of technical support in the operation of computer systems; provision of technical support in the operation of camera systems; consultancy and advisory services in the field of the design and development of computer hardware, computer software, computer systems, camera systems, and data storage systems; consultancy and advisory services in the fields of electronic storage, hosting websites, and monitoring camera systems; consultancy and advisory services in the field of

installation, maintenance and repair of computer software; consultancy and advisory services in the field of the provision of on-line non-downloadable software, Software as a service (SaaS) services, and application service provider (ASP) services

Class 45

(5) Home security monitoring using sensors, cameras, motion detectors, infra-red lights, alarm and detection apparatus; consultancy, advisory and information services relating to home security monitoring using sensors, cameras, motion detectors, infra-red lights, alarm and detection apparatus

Computers; computer hardware and software for processing, reproducing, synchronising, recording, organising, downloading, uploading, transmitting, streaming, receiving, playing and viewing digital images, live audio feeds, audio clips, live video feeds, video clips and data files gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; wireless communication devices for voice, data, and image transmission, namely mobile phones, smart phones, tablet computers, electronic book readers and personal digital assistants; intercommunication apparatus, namely, intercoms; voice and radio transmitters and receivers; home automation control devices comprising computer hardware and wireless controllers for use in controlling home devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; stand-alone voice controlled information devices, namely, personal digital assistants; stand-alone voice controlled personal assistant device integrating services provided via apps; voice controlled speakers; remote controllers for controlling home devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; remote controllers for recording devices, namely personal digital voice recorders, MP3 recorders, MP4 recorders, smart audio speakers, video cameras, DVD recorders, and portable computer hardware; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; video recording apparatus, namely video cameras, DVD recorders, and portable computer hardware; audio

recording apparatus, namely personal digital voice recorders, MP3 recorders, MP4 recorders, and smart audio speakers; microphones; speakers; cameras; digital cameras; infrared cameras; video cameras; video surveillance cameras; webcams; apparatus and devices providing night vision, namely, night vision sensors and night vision cameras; camera stands; camera mounts; electronic door alarms; electronic window alarms; alarm sensors for detecting motion, temperature, air quality and ambient light; security alarm monitoring systems; anti-intrusion alarms; burglar alarms; anti-theft warning apparatus, namely, theft sensors and theft alarms; theft prevention installations, electric, namely theft sensors and theft alarms; smoke and moisture sensors and detectors; active infra-red sensors; infra-red sensors; motion sensors; movement sensors; infra-red detectors; motion detectors; door opening and closing detecting sensors; window opening and closing detecting sensors; security surveillance apparatus, namely electric and electronic video surveillance installations; security alarms; security control apparatus, namely control panels for security alarms; security cameras; security software, namely, software for monitoring security camera footage and home security systems; software to control building access and security systems; closed circuit television apparatus comprising television cameras and television monitors; closed circuit television cameras; motion sensitive security lights; security lighting incorporating an infra-red activated sensor; computer software for use as an application programming interface (API); software development kits (SDKs) consisting of computer software development tools, namely computer software code that enables developers to create software for accessing video camera feeds; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of application programming interfaces (APIs) that are used by electronic devices, systems, and interchanges that exchange data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers, via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications for controlling any consumer electronic device having an internet connection; application software for mobile phones, tablets, and desktop computers, namely, software for use in monitoring home security systems, for controlling home devices and systems, namely, appliances, lighting systems, HVAC systems, thermostats, security systems, cameras, garage door openers, electronic locks, electric gates, home entertainment systems, stereos, televisions, video streaming devices, video recording devices, speakers, computers, laptop computers, tablet computers, wearable activity trackers, smart watches, and irrigation systems; application software for use in electronic storage of data gathered from video camera systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; voice command and recognition software; speech command and recognition software; computer software used for controlling stand-alone voice controlled information and personal assistant devices; computer software for the remote control of security apparatus, namely surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; application software for the remote control of security apparatus, namely surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; computer software enabling content, namely photographs, digital images, live audio feeds and audio clips, live video feeds and video clips, data and files, all gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers, to be downloaded to and accessed on a computer and other portable consumer electronic devices; downloadable computer software for remote monitoring and analysis of surveillance systems consisting of cameras, motion

sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable application software for remote monitoring and analysis of surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable software for the management and transmission of information gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable software for the management and transmission of data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; downloadable software for recording, viewing, storing, sharing, and analysing online audio and video data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; pet monitors; pet viewing units, namely surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; parts, fittings and accessories for all the aforesaid goods, namely, cases adapted for cameras and mounts for cameras

Services

Class 35

(1) Data processing, namely processing of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; data management, namely management of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; collection of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; computerized database and file management; compilation and systemization of data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers into computer databases; compilation and systemization of information gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers into computer databases; data searches in computerized files for others, namely conducting searches of data gathered from third party surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; subscriptions to telecommunications database services, namely subscription to a database containing video clips and live views of surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers

Class 38

(2) Electronic communication services, namely, transmission of information gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers by electronic communications networks; electronic transmission of motion detection alert messages, person detection alert messages, voice, data and images gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers through a

global communications network; electronic transmission of streamed and downloadable multimedia content files gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers via computer and electronic communications networks; wireless broadband communications services, namely the wireless transmittal of live video and audio feeds, audio clips, video clips, data and information gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers, via the Internet; audio broadcasting, namely broadcasting live audio feeds of any sound detected by a surveillance system consisting of microphones and speakers, over the Internet; audio broadcasting, namely broadcasting audio clips over the Internet; audio communication services, namely enabling users of a system of microphones and speakers to transmit and receive audio gathered from the microphones over the Internet; streaming of audio material, namely live audio feeds of any sound detected by a surveillance system consisting of microphones and speakers, on the internet; streaming of audio material, namely audio clips on the internet; video broadcasting, namely broadcasting live video feeds of any visible image detected by video camera surveillance systems; video broadcasting, namely broadcasting video clips over the Internet; video communication services, namely enabling users of a video camera surveillance system to view and share live video feeds from the video surveillance camera system and video clips over the Internet; video telephone services; video uploading services, namely uploading live video feeds from video camera systems and video clips to a cloud computing platform; streaming of video material, namely live video feeds of any visible image detected by video camera surveillance systems and video clips on the internet; data broadcasting services, namely broadcasting data gathered from the surrounding environment by surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers over the Internet; data communication services, namely enabling users of a surveillance system consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers to view and share data gathered therefrom over the Internet; data streaming, namely streaming of data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers over the Internet; voice transmission services, namely transmission of live voice messages and voice recordings over the Internet; providing voice communication services over the Internet; transmission of voice by means of the Internet; consultancy and advisory services in the field of the electronic transmission, broadcast, streaming and communication of audio, video, data and information over the Internet

Class 41

(3) Audio and video recording services; electronic online library services for the supply of electronic information, including archive information, in the form of audio and video information; consultancy and advisory services in the field of audio and video recording services and electronic online library services for the supply of electronic information, including archive information, in the form of audio and video information

Class 42

(4) Design and development of computer hardware and software; design and development of computer systems; design and development of camera systems; design and development of data storage systems; electronic storage of audio files of any sound detected by a surveillance system consisting of microphones and speakers; hosting a website for the electronic storage of audio files; electronic storage of data, namely cloud computing provider services for general storage of data; hosting a website for the electronic storage of data; electronic storage of videos gathered from

video camera systems; hosting a website for the electronic storage of videos; electronic storage of digital images; hosting a website for the electronic storage of images; monitoring of computer systems by remote access; monitoring of camera systems by remote access; installation, maintenance and repair of computer software; providing temporary use of on-line non-downloadable software for the management and transmission of information gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; providing temporary use of on-line non-downloadable software for the management and transmission of data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing, and analyzing online audio and video data gathered from surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers; Software as a service (SaaS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices, namely cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; information technology support services, namely providing technical support in the operation of video surveillance systems; provision of technical support in the operation of computer systems; provision of technical support in the operation of camera systems; consultancy and advisory services in the field of the design and development of computer hardware, computer software, computer systems, camera systems, and data storage systems; consultancy and advisory services in the fields of electronic storage, hosting websites, and monitoring camera systems; consultancy and advisory services in the field of installation, maintenance and repair of computer software; consultancy and advisory services in the field of the provision of on-line non-downloadable software, Software as a service (SaaS) services, and application service provider (ASP) services

Class 45

(5) Home security monitoring using sensors, cameras, motion detectors, infra-red lights, alarm and detection apparatus; consultancy, advisory and information services relating to home security monitoring using sensors, cameras, motion detectors, infra-red lights, alarm and detection apparatus

Class 05

(1) Gels, creams, anticoagulants, chemicals and pharmaceuticals that aid in the coagulation of blood for human medicinal purposes, hyaluronic acid and chitosan, sold as a unit, intended for the preparation of platelet concentrate, platelet rich plasma, platelet poor plasma, fibrin gel, platelet rich fibrin, cell extracts, cell concentrates, stem cells, hyaluronic acid, chitosan and any combinations thereof.

Class 10

(2) Medical devices, namely, medical tubes, vials, jars, bags, pouches, cartridges, bottles, cylinders and pods, syringes, needles, holders, connectors, tourniquets, masks, pliers, spatulas, flasks, discs, dispensers, nozzles, stoppers, adapters, cannulas, blood transfusion apparatus, ampoules, backstops; kits intended for tissue and cellular regeneration, rejuvenation, healing and repair comprised of receptacles, namely, medical tubes, vials, jars, bags, pouches, cartridges, bottles, cylinders and pods, syringes and needles for regenerative medicine, isolation and application of platelets and cells, for example from blood, fat, bone marrow, stem cells and other tissue; surgical instruments for medical, dental and veterinary use; surgical instruments, namely,

tubes, containers, syringes, needles, for use in dentistry, orthopedics, cosmetics, esthetics, general surgery, ophthalmology, mesotherapy, cardiovascular, thoracic, transplantation, head and neck, oral, bone, cartilage, tendon, implant, gastrointestinal, orthopedic, neurosurgical, facial, face-lift and plastic surgery; centrifuges for medical purposes; suture material; cases fitted for medical instruments; receptacles for applying medicines, namely, medical containers, cannula, syringes, tubes, Hypodermic syringes and hypodermic needles for administering drugs, platelet-rich plasma, hyaluronic acid, and hydrogels; medical tubing for administering drugs, platelet-rich plasma, hyaluronic acid and hydrogels; syringes for medical use; containers specially adapted for storing tissue and biological samples for medical purposes; medical instruments, namely, surgical instruments for facilitating the identification, separation and removal of biological tissue; medical apparatus used for taking blood; medical apparatus used for separating blood components for medical purposes; medical instruments used for filtering blood and blood components; medical stents, infusion pumps, tubing and filters for infusing preparations into the human body; medical devices, namely, surgical instruments for biological tissues; medical apparatus intended for the preparation of platelet concentrate, glycosaminoglycan and polysaccharide hydrogels; medical devices for use in the field of skin care and cosmetics, namely, medical tubes, vials, jars, bags, pouches, cartridges, bottles, cylinders and pods, syringes, needles, holders, connectors, tourniquets, masks, pliers, spatulas, flasks, discs, dispensers, nozzles, cannulas, ampoules, and backstops.

Class 07

(1) Industrial robots for use in transporting and moving objects and performing inspections and other useful tasks in an industrial setting; electric, magnetic motors for machines; robots in the shape of arms and hands and for grasping for industrial use; intake manifolds for industrial robots and twist and bend electric actuators, linear actuators; industrial robots; robots and robotic arms for industrial purposes; serpentine and snake-like robots for industrial purposes; remotely-operated robots, industrial robots and robotic arms for industrial purposes; robotic arms for industrial purposes; robotic exoskeleton suits worn by humans for industrial purposes; robotic exoskeleton suits for enhancing the strength and endurance of the person wearing the suit for use with industrial machinery repair, heavy load lifting, assembly of industrial and manufactured third-party products, manufacturing, construction; humanoid robots for industrial machinery repair, heavy load lifting, assembly of industrial and manufactured third-party products, manufacturing, construction; industrial robots and industrial robotic arms configured for use in open air as well as underwater; portable power-operated lifts and hydraulic lift systems for lifting vehicles, and heavy cargo

Class 09

(2) Scientific apparatus and equipment, namely, laboratory robots and parts and fittings therefor; wearable robots for visualising virtual reality environments containing simulation equipment, rooms, and industrial machinery for use in security perimeter inspection, bomb detection, industrial machinery repair, assembly of industrial and manufactured third-party products, manufacturing, construction, and for public safety security surveillance purposes; motion sensors for use with pants, shirts, shoes and jackets; electrical controllers for robots, and humanoid robots with artificial intelligence; serpentine and remotely-operated security surveillance robots and humanoid security robots with artificial intelligence for use in hazardous environments; robot mounted cameras; graphical user interface design software; unmanned mobile robots for laboratory use; unmanned

mobile robots for use in surveillance and performing inspections in military operations and combat zones to ensure the safety of a designated location prior to entry by humans; micro sensing, rotary displacement electric, electronic, and electro-acoustic transducers; robotic electronic and electric sensors for measuring static and dynamic force, sound waves, acceleration, pressure, the strain on an object, rotation and the turning movement of an object, and vibration; computer software for use with proximity sensors; wireless data transmission devices, namely, radio transmitters and receivers, optical transmitters, satellite transmitters, video transmitters, global positioning system transmitters, emergency signal transmitters; digital robotic power controllers for controlling robotic functions; digital gravity compensation software, namely, computer software for computing the dynamic weight distribution of a robot and for computing gravitational force, static force and dynamic force being applied onto the robot; digital monitoring software, namely, computer software for monitoring and measuring the inputs of the electronic and electric sensors for sensing and measuring static and dynamic force sensors, sound sensors for microphones, acceleration, pressure, strain sensors for sensing the strain on an object, rotation sensors to measure the turning movement of an object and vibration sensors to identify machine conditioning for the purpose of monitoring the operational condition of a robot; electronic controllers for robots; walking robots for laboratory use; robots in the shapes of arms, and hands for laboratory use; covers for laboratory robots; micro-cameras and with web-based operational interfaces for use in inspection, surveillance and advanced robotic systems consisting of robots for laboratory use; robots in the shape of human faces for laboratory use; computer hardware, computer operating programs, and power distribution panels for use in controlling industrial, laboratory, humanoid and security surveillance robots; downloadable software for programming, operating and interfacing with industrial, laboratory, humanoid and security surveillance robots and robotic arms; downloadable software for interacting with robots and robotic arms, namely, for collecting, uploading and analyzing information obtained from the robot proximity sensors located on the industrial, laboratory, humanoid and security surveillance robots and robotic arms; computer software to store and backup information obtained from robot proximity sensors, database management, virtualization software to allow a user to run two computer operating systems simultaneously, computer software for setting up and configuring local area networks, collaborative software for operation a version control platform for programming, operating and interfacing with robots and robotic arms, computer software to allow remote access and remote support to end user computers for the programming, operating and interfacing with robots and robotic arms, cloud computing software for general storage and backup of data, computer software for telepresence robots and robotic arms, computer software for data security, computer software to grant users administration rights to allows the management of computer applications and computer hardware to program, operate and interface with robots and robotic arms, computer software for online project management to program, operate and interface with robots and robotic arms; laboratory robots; robots and configurations of multiple robotics and robotic arms for laboratory purposes; serpentine and snake-like robots and configurations of multiple robotics and robotic arms for use in paramedic, emergency medical technician, police, firefighter, rescue and military operations applications; telepresence robots; remotely-operated robots, configurations of multiple robotics and robotic arms for use in emergency medical assistance services, safety, rescue, security and enforcement services, police and civil protection services and military purposes; robotic exoskeleton suits worn by humans to enhance human strength and endurance for use insecurity perimeter inspections, bomb detection, warehouse logistics, public safety and security surveillance purposes; robotic exoskeleton suits worn by humans for use in emergency medical assistance services, safety, rescue, security and enforcement services, police and civil protection services and military purposes; electronic controllers for the remote operation of robots and configurations of multiple robotics and robotic arms; tactical robots; tactical robots for use in first responder and

military applications; humanoid robots with artificial intelligence; humanoid robots with artificial intelligence for use in public safety, first responder and military operation applications; robots for security surveillance, for telescopic inspection for bomb defusing, for bomb threat detection and reconnaissance, remediation of radioactive waste, humanoid robots with artificial intelligence specifically situational awareness; wearable robots to provide a virtual reality experience for use in teaching, training and programming purposes for security perimeter inspection, bomb detection, and for public safety security surveillance, emergency medical assistance services safety, rescue, security and enforcement services, police and civil protection services and military purposes; humanoid robots with artificial intelligence platforms; robots and robotic arms for use in space exploration; downloadable cloud-based software for programming, operating and interfacing with robots and robotic arms; virtual reality headsets for controlling objects within a virtual environment; electrical controllers that provide a virtual reality user interface and pressure sensitive controls for directing virtual robots and robotic arms for use in virtual manufacturing and military applications; controllers to control robots and robotic arms; electrical control units for controlling robots and robotic arms that provide pressure sensitive controls to the user; computer operating system software for robots; humanoid robots for industrial machinery and security perimeter inspection, bomb detection, industrial machinery repair, heavy load lifting, warehouse logistics, public safety and security surveillance purposes

Class 10

(3) Robotic exoskeleton devices for medical use consisting of wearable supports and braces for use in assisting human locomotion; robotic exoskeleton suits to aid in the rehabilitation of movement and strength in patients; medical robotic exoskeleton suits for strength training; robotic exoskeleton suits for medical purposes; medical robots for remote and in-person patient medical examination and patient body rehabilitation; remotely-operated robots, robotic operational systems and robotic arms for medical purposes; serpentine and snake-like robots for medical purposes; humanoid robots for medical purposes; human securing and transporting systems for facilitating secure, protected transport of a patient namely slings for use with and without a stretcher and without a litter

Services

Class 42

Computer services, namely, cloud computing web hosting provider services; infrastructure-as-a-service (IAAS), Software-as-a-service (SAAS), and Robots as a service (RAAS) services featuring computer network infrastructure and computer software for programming, operating and interfacing with robots and robotic arms, and for collecting, uploading and analyzing camera, distance, infrared and optical information obtained through sensors received from the robots and robotic arms; cloud computing services for the programming, operating and interfacing with robots and robotic arms, for general storage and backup of data, database management, computer networking configuration, monitoring of computer systems by remote access, remote technical support in the form of troubleshooting of computer hardware and software problems, data security, administration and management of computer applications and computer hardware, computer database management, online project management to create new robots, and for the transmission of audio recordings, information, computer graphic, music, and videos in the field of robots and robotic arms; providing online non-downloadable cloud-based software and services for programming, operating and interfacing with robots and collecting, uploading and analyzing sensor data from the robots; providing virtual private network computer systems and virtual private network computer environments through the cloud to interface with onsite robots and robotic arms; computer services, namely, hosting an interactive website featuring non-downloadable and cloud

computing software to allow users to upload, store and maintain third-party information on the operation of robots and robotic arms; design and development of cloud computing software and robots; cloud computer software consulting; robot product design consulting services; technical support services, namely, remote and on-site monitoring and troubleshooting of programming, operating and interfacing with robots and robotic arms; robots as a service (RAAS) services featuring leasing of industrial robots, humanoid robots and robotic arms, and software for programming, operating and interfacing with robots and robotic arms and for collecting and analyzing information recorded by the industrial robots, laboratory robots, security surveillance robots, humanoid robots and robotic arms; leasing of industrial robots, humanoid robots and robotic arms; providing temporary use of non-downloadable cloud-based software for programming, operating and interfacing with robots and robotic arms used to collect and analyze information for commercial, industrial, military and first responder use; providing virtual private network (VPN) computer services to interface with robots and robotic arms

(3) automated systems, namely software, computer hardware and communications computers for planning, scheduling, controlling, monitoring and providing information on goods being shipped and passengers being transported; computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; computer programs recorded on data media designed for use in construction and automated manufacturing (cad/cam); computer software platforms for controlling industrial robots; computer software and hardware for controlling industrial robots; computer software and hardware for artificial intelligence, namely, computer software for artificial intelligence, machine learning, deep learning, statistical learning and data mining to enable contextual prediction, personalization, predictive analytics, predictive modeling and business intelligence services, all for improving factory automation, artificial intelligence-based software and hardware for pattern discovery, pattern recognition, voice recognition, classification, segmentation, regression, decision support, namely making recommendations in the field defined by the user, and 2- dimensional and 3-dimensional visualization of data, all in the fields of transportation of goods and factory automation, artificial intelligence-based computer software and hardware for two and three-dimensional simulation for use in design and development of industrial products, operating systems for industrial robots with artificial intelligence, downloadable software for operating, recording, controlling, monitoring and moving robotic systems, artificial intelligence-based computer software for computer-aided design/computeraided manufacturing [CAD/CAM]; computer software and hardware for logistics management in the transportation of goods; electronic control systems for machines, namely, electronic controllers for industrial robots with artificial intelligence, robotic electrical control apparatus, namely manipulators for the remote operation of robots, software for robot systems, namely computer software for controlling the

physical movements of industrial robots with artificial intelligence, digital control panels for industrial robots with artificial intelligence, electric control panels for industrial robots with artificial intelligence; electronic navigational and positioning apparatus and instruments, namely, computer software for global positioning systems, global positioning system (GPS) consisting of computers, electronic directional compasses, satellite processors, satellite receivers, satellite transmitters, satellites, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, global positioning system (GPS) receivers, global positioning system (GPS) satellites, global positioning system (GPS) transmitters, LED position sensors; factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; industrial process control software, namely, computer programs and software for signal processing in factory automation, computer software to monitor and control factory manufacturing processes, programmable electronic data acquisition and control software for environmental monitoring, environmental control, energy management, alarm monitoring and alarm event management within factory production; signal conditioning and communication devices for industrial process control, namely, signal processors, digital signal processors, digital sound processors, voice processors, digital voice signal processors, digital signage monitors, electrical signal attenuators, and signal amplifiers for industrial process control, communications computers for industrial process control, printed circuit chip processor for industrial process control; computer chipsets for use in transmitting data to and from a central processing unit to factory and industrial machines; software for controlling industrial robots

(4) automated systems, namely software, computer hardware and communications computers for planning, scheduling, controlling, monitoring and providing information on goods being shipped and passengers being transported; computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; computer programs recorded on data media designed for use in construction and automated manufacturing (cad/cam); computer software platforms for controlling industrial robots; computer software and hardware for controlling industrial robots; computer software and hardware for artificial intelligence, namely, computer software for artificial intelligence, machine learning, deep learning, statistical learning and data mining to enable contextual prediction, personalization, predictive analytics, predictive modeling and business intelligence services, all for improving factory automation, artificial intelligence-based software and hardware for pattern discovery, pattern recognition, voice recognition, classification, segmentation, regression, decision support, namely making recommendations in the field defined by the user, and 2- dimensional and 3-dimensional visualization of data, all in the fields of transportation of goods and factory automation, artificial intelligence-based computer software and hardware for two and three-dimensional simulation for use in design and development of industrial products, operating systems for industrial robots with artificial intelligence, downloadable software for operating, recording, controlling, monitoring and moving robotic systems, artificial intelligence-based computer software for computer-aided design/computeraided manufacturing [CAD/CAM]; computer software and hardware for logistics management in the transportation of goods; electronic control systems for machines, namely, electronic controllers for industrial robots with artificial intelligence, robotic electrical control apparatus, namely manipulators for the remote operation of robots, software for robot systems, namely computer software for controlling the physical movements of industrial robots with artificial intelligence, digital control panels for industrial robots with artificial intelligence, electric control panels for industrial robots with artificial intelligence; electronic navigational and positioning apparatus and instruments, namely, computer software for global positioning systems, global positioning system (GPS) consisting of computers, electronic directional compasses, satellite processors, satellite receivers, satellite transmitters, satellites, global positioning system (GPS) consisting of computers, computer software,

transmitters, receivers, and network interface devices, global positioning system (GPS) receivers, global positioning system (GPS) satellites, global positioning system (GPS) transmitters, LED position sensors; factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; industrial process control software, namely, computer programs and software for signal processing in factory automation, computer software to monitor and control factory manufacturing processes, programmable electronic data acquisition and control software for environmental monitoring, environmental control, energy management, alarm monitoring and alarm event management within factory production; signal conditioning and communication devices for industrial process control, namely, signal processors, digital signal processors, digital sound processors, voice processors, digital voice signal processors, digital signage monitors, electrical signal attenuators, and signal amplifiers for industrial process control, communications computers for industrial process control, printed circuit chip processor for industrial process control; computer chipsets for use in transmitting data to and from a central processing unit to factory and industrial machines; software for controlling industrial robots

Colour Claim

Colour is claimed as a feature of the trade-mark. The colors blue and grey are claimed as a feature of the trademark. The trademark consists of a robotic arm. The robotic arm is blue and the rounded shoulder, elbow and wrist joints are grey. The word 'fetch' is grey and the word 'robotics' is blue.

- (2) industrial robots; robotic arms for industrial purposes

Class 09

(3) automated process control system, namely, micro-processor based computer hardware and software used to monitor the status of industrial machinery, namely, turbines, generators and compressors; automated systems, namely software, computer hardware and communications computers for planning, scheduling, controlling, monitoring and providing information on goods being shipped and passengers being transported; computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; computer programs recorded on data media designed for use in construction and automated manufacturing (cad/cam); computer software platforms for controlling industrial robots; computer software platforms for controlling industrial robots with artificial intelligence; computer software and hardware for controlling industrial robots; computer software and hardware for artificial intelligence, machine learning, deep learning, statistical learning and data mining to enable contextual prediction, personalization, predictive analytics, predictive modeling and business intelligence services, all for improving factory automation, artificial intelligence-based software and hardware for pattern discovery, pattern recognition, voice recognition, classification, segmentation, regression, decision support,

namely making recommendations in the field defined by the user, and 2-dimensional and 3-dimensional visualization of data, all in the fields of transportation of goods and factory automation, artificial intelligence-based computer software and hardware for two and three-dimensional simulation for use in design and development of industrial products, operating systems for industrial robots with artificial intelligence, downloadable software for operating, recording, controlling, monitoring and moving robotic systems, artificial intelligence-based computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software and hardware for logistics management in the transportation of goods; electronic control systems for machines, namely, electronic controllers for industrial robots with artificial intelligence, robotic electrical control apparatus, namely manipulators for the remote operation of robots, software for robot systems, namely computer software for controlling the physical movements of industrial robots with artificial intelligence, digital control panels for industrial robots with artificial intelligence, electric control panels for industrial robots with artificial intelligence; electronic navigational and positioning apparatus and instruments, namely, computer software for global positioning systems, global positioning system (GPS) consisting of computers, electronic directional compasses, satellite processors, satellite receivers, satellite transmitters, satellites, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, global positioning system (GPS) receivers, global positioning system (GPS) satellites, global positioning system (GPS) transmitters, LED position sensors; factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; industrial process control software, namely, computer programs and software for signal processing in factory automation, computer software to monitor and control factory manufacturing processes, programmable electronic data acquisition and control software for environmental monitoring, environmental control, energy management, alarm monitoring and alarm event management within factory production; computer chipsets for use in transmitting data to and from a central processing unit to factory and industrial machines; software for controlling industrial robots

(4) automated process control system, namely, micro-processor based computer hardware and software used to monitor the status of industrial machinery, namely, turbines, generators and compressors; automated systems, namely software, computer hardware and communications computers for planning, scheduling, controlling, monitoring and providing information on goods being shipped and passengers being transported; computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; computer programs recorded on data media designed for use in construction and automated manufacturing (cad/cam); computer software platforms for controlling industrial robots; computer software platforms for controlling industrial robots with artificial intelligence; computer software and hardware for controlling industrial robots; computer software and hardware for artificial intelligence, machine learning, deep learning, statistical learning and data mining to enable contextual prediction, personalization, predictive analytics, predictive modeling and business intelligence services, all for improving factory automation, artificial intelligence-based software and hardware for pattern discovery, computer software and hardware for artificial intelligence namely pattern recognition, voice recognition, classification, segmentation, regression, decision support, namely making recommendations in the field defined by the user, and 2- dimensional and 3-dimensional visualization of data, all in the fields of transportation of goods and factory automation, artificial intelligence-based computer software and hardware for two and three-dimensional simulation for use in design and development of industrial products, operating systems for industrial robots with artificial intelligence, downloadable software for operating, recording, controlling, monitoring and moving robotic systems, artificial intelligence-based computer software for computer-aided design /computer-aided manufacturing [CAD/CAM]; computer software and hardware for logistics

management in the transportation of goods; electronic control systems for machines, namely, electronic controllers for industrial robots with artificial intelligence, robotic electrical control apparatus, namely manipulators for the remote operation of robots, software for robot systems, namely computer software for controlling the physical movements of industrial robots with artificial intelligence, digital control panels for industrial robots with artificial intelligence, electric control panels for industrial robots with artificial intelligence; electronic navigational and positioning apparatus and instruments, namely, computer software for global positioning systems, global positioning system (GPS) consisting of computers, electronic directional compasses, satellite processors, satellite receivers, satellite transmitters, satellites, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, global positioning system (GPS) receivers, global positioning system (GPS) satellites, global positioning system (GPS) transmitters, LED position sensors; factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; industrial process control software, namely, computer programs and software for signal processing in factory automation, computer software to monitor and control factory manufacturing processes, programmable electronic data acquisition and control software for environmental monitoring, environmental control, energy management, alarm monitoring and alarm event management within factory production; computer chipsets for use in transmitting data to and from a central processing unit to factory and industrial machines; software for controlling industrial robots
