Trademarks Journal

2019-07-03 — Vol. 66 No. 3375

Trademarks Journal

Vol. 66 No. 3375

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Electronic identification devices namely, interactive display panels capable of biometric identification; computer software for identification of persons namely computer software for biometric identification of individuals and employees by means of facial recognition; computer software for biometric identification of persons using fingerprints, facial, iris and palm prints inventory namely, biometric fingerprint door lock and biometric identification apparatus namely electronic display interfaces; computer software for use in employee recognition and time and attendance reporting; electronic apparatus namely interactive display panels for processing statistics and information pertaining to employee performance and attendance, biological and behavioural data, time attendance and payroll data, and employee relations and human resources information; interactive display panels for recording, transmission processing and reproduction of sound, images, statistical, biological and behavioural data, time attendance and payroll data, and employee relations and human resources information; electronic communications systems comprised of computer hardware and software for the transmission of statistics and information pertaining to employee performance and attendance, biological and behavioural data, time attendance and payroll data and employee relations and human resources information between two points; computer hardware and computer software for use in generating targeted advertisements and human resources information on a networked touch screen used by individuals; interactive devices namely display panels and touch screens for the display of information targeted to the user; electronic systems to log the attendance and departure of a person at a particular location, using global positioning systems and wireless communication networks; computer hardware and electronic data processing software for use in time and attendance management computing systems; hardware and computer software for the collection of live feedback from users and collation of detailed personal profiles.

Services

Class 35

(1) Advertising the goods and services of others; business management; business administration; back office functions, namely analysis of employee data and statistics; dissemination of

information relating to human resources between departments and branches via an on-line communications network on the Internet and local computer networks, accounting and inventory management, secretarial services, pay roll and human resources management; promoting the goods and services of others through targeted interactive communications and display advertisements to employees; obtaining, measuring and statistically analysing biological and behavioural data namely, compilation and provision of statistical biological and behavioural information for the purpose of targeting business information, business advice, employment information and advertising the goods and services of others; profile building namely, providing online databases featuring information relating to employers and employees and places of employment; consumer activity data analysis and reports for business purposes; statistical evaluations of marketing data; market research by means of an interactive computer interface; collection and analysis of quality metrics, namely statistics and information pertaining to employee performance and attendance; direct and indirect marketing of the goods and services of others; the provision of employee relations and human resources information to employees by way of an interactive computer system; scalable database management systems, namely, operation of computerized database management systems in the field of employee relations and human resources.

Class 36

(2) Financial analysis.

Class 38

(3) Telecommunications namely, the operation of hardware and software for the purpose of the transmission of voice, statistical, biological and behavioural graphics, images, pre-recorded audio and video recordings relating to employers and employees and places of employment, by means of telecommunications networks, wireless communications networks, computer or radio frequency and the Internet; data communication services by electronic mail; electronic exchange of statistics and information pertaining to employee performance and attendance, biological and behavioural data, time attendance and payroll data and employee relations and human resources information stored in databases accessible via telecommunication networks; computer services in the nature of providing access to computer databases containing information for identification, access and verification systems namely biometric identifiers namely fingerprint, iris, voice, face, hand and signature recognition.

Class 42

(4) Electronic storage of employee records.

Class 45

(5) Consultancy services in the field of biometrics and bio authentication in the workforce.

Goods

Class 02

paints and coatings consisting of corrosion-resistant materials, namely corrosion-inhibiting paints and paint-type coatings for use in the pipeline industry, the oil and gas industry, the railway industry, the steel industry, the pulp and paper industry, the marine industry, water and sewage treatment, dams and penstocks, and storage tanks; paints and coatings consisting of wear-resistant materials, namely wear-inhibiting paints and paint-type coatings for use in the pipeline industry, the oil and gas industry, the railway industry, the steel industry, the pulp and paper industry, the marine industry, water and sewage treatment, dams and penstocks, and storage tanks

Services

Class 37

(1) providing consultation and information about paints and coatings, namely, providing information about the preparation and application of paints and coatings consisting of wear-resistant and corrosion-resistant materials

Class 40

(2) the preparation and application of paints and coatings consisting of corrosion-resistant materials, namely corrosion-inhibiting paints and paint-type coatings for use in the pipeline industry, the oil and gas industry, the railway industry, the steel industry, the pulp and paper industry, the marine industry, water and sewage treatment, dams and penstocks, and storage tanks; the preparation and application of paints and coatings consisting of wear-resistant materials, namely wear-inhibiting paints and paint-type coatings for use in the pipeline industry, the oil and gas industry, the railway industry, the steel industry, the pulp and paper industry, the marine industry, water and sewage treatment, dams and penstocks, and storage tanks

Goods

Class 25

Clothing and activewear, namely, yoga pants, shorts, pants, jackets, shirts, warm-up suits, sweatsuits, tennis wear, sweaters, jerseys, shirts with short sleeves, sport stockings.

Services

Class 35

(1) Coordination of recreational sporting opportunities for individuals who wish to participate in team league sports; developing promotional campaigns for others in the field of sports; dissemination of advertising for others via an on-line communications network on the internet in the field of sports.

Class 38

(2) Audio and video broadcasting services over the Internet in the fields of physical education and sport training; internet radio broadcasting services; broadcasting of audio programs relating to all sports over the internet; webcasting services, namely broadcasting basketball games, competitive, amateur and recreational sports games over the internet; providing user access to global computer networks; providing on-line chat rooms for social networking and editorial conversation in the field of sports; providing access to a computer database in the field of sports; providing online forums in the field of sports; providing online chat rooms for the transmission of messages, comments and multimedia content among users; Audio and video broadcasting services over the Internet in the fields of physical education, sports training, fitness and sports.

Class 41

(3) Organization of soccer competitions namely, soccer games; providing a web site featuring information on amateur and recreational sports; providing news and information in the field of amateur and recreational sports.

Class 42

(4) Creating an on-line community for recreational athletes for the purpose of connecting players, teams and leagues, organizing game and sports activities, and creating an online sport identity; providing a web site featuring technology that enables users to share, store, collect showcase, and manage content, images, calendars, projects, and information in electronic form in the nature and field of amateur and recreational sports; computer services, namely, hosting on-line interactive public calendars that allow multiple participants to share event schedules and facility reservations.

Class 45

(5) On-line social networking services; online social networking services provided through a sports community website; online social networking services in the field of sports.

Goods

Class 01

(1) Chemicals used in industry, science and photography, as well as in agriculture, horticulture and silviculture, namely chemicals for decontaminating polluted sites, chemicals for preventing condensation, horticultural chemicals, agricultural chemicals, unprocessed artificial resins, unprocessed plastics, fire extinguishing compositions, tempering and soldering preparations, chemical products for preserving food, tanning substances, namely alums, tannic acids and synthetic tannins; chemicals for preserving concrete, mortars and masonry (except paints and oils), impregnating products, namely impregnating chemicals for glass preservation; waterproofing chemicals, namely textile waterproofing chemicals; damp-proofing products for masonry (except paints); fire-retardant products, namely fire-retardant compositions for commercial and domestic use and fire-retardant chemicals; plasticizers; adhesive materials, namely adhesives used in industry, namely polyurethane adhesives, adhesives for wall tiles, adhesives for paving, construction industry adhesives, adhesives for floor, ceiling and wall tiles, and adhesives for ceramic coating and ornamental paving and finishing; glues used in industry, namely epoxy resins; fertilizers, substrates, namely enzyme substrates; aluminum oxides, silver oxides, uranium oxides, calcium oxides, iron oxides, nickel oxides, metallic oxides; zirconia; unprocessed epoxy resins.

Class 02

(2) Paints, namely watercolour paints, fireproof paints, oil paints, aluminum paints and anti-corrosive paints, varnish, namely shellac for use as a surface coating, bitumen varnish, copal varnish, French polish, asphalt varnish, floor protection varnish, and varnish for use in cabinet making, lacquers, namely paint and lacquer glazes as well as gum-lac; preservatives against rust and products against the deterioration of wood; colourants, namely oil colours and ceramic paints; mordants for dyeing natural fibres; coatings, namely epoxy coating for use on concrete industrial floors and anti-reflective optical coatings; anti-corrosive products, namely anti-corrosive paints;

pigments, namely carbon black pigments, leather stains, inorganic pigments and organic pigments; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists.

Class 03

(3) Bleaching preparation; polishing paper and crocus cloth, sandpaper; abrasive agents; abrasives, namely silicon carbide.

Class 06

(4) Common metals and their alloys, metal materials for building and construction, namely metal cladding for building, tiles of metal for building, steel frames for building, metal partitions for building, metal slabs for building, metal drains for use in the construction of basement waterproofing systems, and metal reinforcement materials for building; non-electric metal cables and wires, metal goods, namely door frames of metal, reinforcing materials of metal for pipes, door stops of metal, metal shingles, bars for metal railings, metal trim for buildings, floor hinges of metal, metal hinges, window frames of metal, door frames of metal and greenhouse frames of metal, ores, namely metal ores; pipes, namely branching pipes of metal, metal sewer pipes, metal chimney pipes, metal gutter pipes and metal drain pipes, tubes, namely branching tubes of metal for pipelines, ductile iron piles, rolled and peeled ground tubes of steel, ground tubes of steel, and metal couplings and steel fittings; valves of metal, other than parts of machines, namely water control valves for faucets; water pipe valves of metal, sleeves, namely cable junction sleeves of metal and metal pipe sleeves, collars, namely collars of metal for fastening pipes, and metal hose clamps, plates, namely anchor plates, metal nameplates and door nameplates, metal name plates, metal doorplates, building flashing of metal, steel plates and sheets, clad steel plates and sheets, gratings of metal, street gutters of metal; building panels of metal; doors and windows made of metal, door and window frames made of metal, door and window casements made of metal, ironwork for doors and windows, door handles made of metal, gates of metal, railings and bars for railings made of metal, metal fences, wire mesh, metal shutters; ironmongery, small items of metal hardware, namely metal window fittings, hardware springs, hardware, namely metal fasteners, namely machine screws, metal screws, metal fastening devices, namely metal fastening plates, namely anchor plates, metal fastening for rails, namely metal rail bars, fastening systems made of common metals, namely anchor bolts and plates made of metal; metal shell clamps for tubes and pipes; metal hinges, bolts, pegs, nails, door bolts of metal, stoppers made of metal, screws, slides; staircases of metal; metal sills; metal materials for roofing, wall cladding and flooring, namely cornices, paving stones, slabs, tiling and tiles, namely armour plating of metal, metal shingles, metal tiles for building, metal wall tiles, metal floor tiles, metal slabs for building, and paving slabs of metal; chimneys and chimney cowls made of metal, structural steelwork, hooks for slates, spikes and racks made of metal, ceilings of metal, beams and joists made of metal; metal roof coverings; cabanas of metal, metal bars.

Class 07

(5) Machine tools, namely metalworking machine tools and chaser machine tools; machine coupling and transmission components (except for land vehicles), namely couplings for machines, hydraulic couplings as machine parts, gearboxes for industrial machinery, transmission belts for industrial machinery, and transmissions for industrial machinery; machines and machine parts for the glass industry, namely glaziers' diamonds being parts of machines; blades for circular saws, electric chain saws and chain saws; parts for machines, motors and engines, namely filters, namely air filters for engines and motors, gas filters for motors, oil filters, and oil filters for motors and engines; soldering and welding machines, namely gas-operated soldering apparatus, gas-operated soldering irons, and electric soldering apparatus; piston segments; machine parts, namely valves, namely dispensing valves being machine parts, safety valves and ERG (exhaust

gas recirculation) valves; guns for vaporizing fluids; electric and pneumatic hoists; devices for controlling machines, motors and engines, namely engine starters, recoil starters for generator engines, and push rods for engines; shut-off valves, namely butterfly valves being parts of machines; air-operated valves; valves operated automatically using hydraulic and pneumatic control; mechanical valves for fluid flow regulation, namely water control valves for faucets; machine components, namely lockable valves, namely thermostatic control valves for machines; control valves for pumps, namely pressure sensors; valve-closing mechanisms; valve actuators; valves, namely sludge valves in the form of machine parts; machine parts, namely valve bodies made of metal; machine parts, namely gaskets for motors; machine parts, namely mechanical seals.

Class 08

(6) Grinding wheels; sharpening stones; glaziers' diamonds being parts of machines; diamond grinding tools; hand saws, shear blades, scissor blades, crosscut saw blades, razors; flat irons; cutlery, forks and spoons.

Class 09

(7) Scientific, nautical, surveying, photographic, cinematographic, weighing, measuring, signalling, checking, supervision, life-saving, rescue and teaching apparatus and instruments, namely scientific prisms, magnetic compasses for surveying, surveying instruments, level measuring machines for surveying, levelling rods for surveying, test pins for testing printed circuit boards, optical amplifiers, optical sensors, light pens, emergency warning lights, digital cameras, video cameras, camcorders, video tape recorders and computers; apparatus for the recording, transmission or reproduction of sound and images, namely sound amplifiers, video processors, video cards, video display screens, raster image processors, CD players and DVD players; recording discs; data processing equipment, namely data processing hardware; fire-extinguishing apparatus; scientific apparatus, namely glass graduated scales; electronic materials and instruments, namely electronic circuits, electronic sensors for measuring solar radiation, and electronic lock assemblies; semiconductors; optical lenses, namely anti-reflective lenses, corrective lenses, contact lenses, reading glass lenses, anti-reflective eyeglass lenses, sunglass lenses and eyeglass lenses; protective lenses, eyeglasses; contact lenses; counters, namely water meters, gas meters, and particle counters for measuring air quality; video screens; light conducting filaments, namely optical fibres; printed circuits; optical transmitters and detectors in the fields of ultraviolet radiation and visible radiation, namely electronic sensors for measuring solar radiation and photovoltaic installations for generating solar electricity; electrical cables; electrical connectors, namely power connectors, electrical connectors for junction boxes, electrical connectors for current converters, electronic connectors for circuit boards, cables and wires; controls, navigation control systems and electronic control systems for pneumatic tires, namely vehicle navigation apparatus in the form of on-board calculators, navigation compasses, electronic control systems for automobile brakes and automatic indicators of low pressure in vehicle tires; operational data recorders for automobiles, namely vehicle odometers; integrated circuit boards for electronic control; protective sheaths for pressure gauges; semiconductor wafers; solenoid valves; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, including that which is generated by solar energy, namely electrical fuses, power switches, circuit breakers and circuit closers, power inverters, electrical current and voltage regulators, frequency converters, voltage converters, and electric current rectifiers and inverters; solar panels for the generation of electricity; photovoltaic modules, apparatus, namely solar radiation measurers for the checking and for optimizing the placement of photovoltaic modules, and photovoltaic installations; solar panels for the generation of electricity; solar energy collectors for the generation of electricity; laboratory ovens.

Class 10

(8) Surgical, medical, dental and veterinary apparatus and instruments, namely surgical compressors, medical and surgical laparoscopes, medical apparatus for facilitating the inhalation of pharmaceutical preparations, medical and surgical knives for cutting human or animal tissue and organs, flexible and rigid medical endoscopes, medical respirators, medical thermometers, medical vaporizers, dental excavators, and dental lamps; artificial limbs, eyes and teeth, cardiac stimulation apparatus, defibrillators; prostheses, namely artificial prostheses, hip prostheses, dental prostheses, facial prostheses, bone prostheses, artificial bones for implantation and prosthetic instruments for dental purposes; suture materials; limb supports, namely splints, catheters.

Class 11

(9) Lighting fixtures and lighting installations, namely infrared lighting fixtures, wall-mounted lighting fixtures, fluorescent lighting fixtures, lighting diffusers, light globes, electric night lights, lamps, namely gas lamps, oil lamps, incandescent lamps and infrared lamps, and electric light bulbs; cooking and baking apparatus, plates and ovens, namely gas-powered griddles (cooking appliances), electric food steaming apparatus, baking ovens, cooking grills, heating plates, convection ovens and induction ovens; shaped fittings for ovens; heating and steam generating apparatus, namely electric radiant heaters for household purposes, heating boilers, solar heating panels, heating radiators, steam generators, steam generating installations, gas heating equipment, namely gas radiators, gas boilers, radiators, namely heating radiators, central heating radiators, electric heaters, space heaters for household use, electric radiators for heating buildings, industrial air conditioning radiators, radiators for heating buildings, water heaters, heaters for baths, heating installation parts, namely thermostatic valves; solar-powered heating installations and apparatus, namely solar heating panels and solar collectors for heating; solar energizers for heating; solar energy, namely heat accumulating instruments and apparatus for heating, namely heat accumulators; heating apparatus for defrosting vehicle windows, heating devices for defrosting windows of vehicles; refrigerating apparatus, apparatus for drying and ventilation, namely cooling domes, refrigeration condensers, refrigerators, and electric hand drying apparatus for washrooms; apparatus and installations for water distribution and water intake, namely tap water faucets, pressure water tanks, and taps for pressure water tanks; taps, namely valves; mixer taps for water pipes; shut-off valves for regulating water and safety valves for water pipes, namely water control valves for faucets, level controlling valves in tanks; water supply equipment, namely flushing tanks, tap water faucets and mixer taps for water pipes; pressure regulators as parts of water distribution installations, namely water pressure reduction valves; water tank and pumping equipment apparatus, namely level controlling valves in tanks; irrigation and fire-protection networks, namely fire hydrants; installations for water purification and treatment, namely water softening apparatus, chlorination apparatus for water treatment, water conditioning units, ultraviolet light (UV) water purification devices and water purification machines for household use; sanitation apparatus, namely tap water purifying apparatus and air cleaning units; sanitation equipment, namely air filters for air conditioning units, household tap water filters, water filters for household use, water filters for industrial use and filters for water treatment plants; sewage purification installations, namely municipal water purification machines and installations for rain water purification; sanitary installations, namely sinks, showers and shower stalls, bathtubs, and toilets; taps, taps, namely combination faucets; sinks, washstands, bidets, bathtubs, showers, toilet bowls, flushing systems and flushing tanks.

Class 12

(10) Vehicles, namely all-terrain vehicles, sport utility vehicles and automobiles; apparatus for locomotion by land, water and air, namely trucks, buses, boats, airplanes, aircraft and helicopters; windshields, double-glazed windshields for vehicles; vehicle windows; rear windows for vehicles; vehicle windows equipped with heating devices; vehicle windows equipped with antennas for radio reception.

Class 17

(11) Rubber, namely acrylic rubber, raw rubber, chlorinated rubber, silicone rubber, natural rubber, gutta-percha, gum, mica, seal rings for pipework, seals, namely dynamic seals, gaskets for electrical outlet plate covers, refrigerator door gaskets and pipe gaskets; products made of semi-processed plastic, namely tinted plastic film for use on windows, self-adhesive plastic sheets for industrial use, adhesive-coated plastic sheets, plastic sheets for industrial or manufacturing use, plastic junctions for pipes, sheets, and plates; packing materials, stopping and insulating materials, namely glass wool for building insulation, insulating paper, electrical tape, bark coverings for sound insulation, and soundproofing materials of rock wool; mineral wool, bands, weather strips and pipes for thermal and sound insulation; insulating bands; insulating fabrics; insulating paints, varnishes and coatings; insulation materials, namely insulating bands and fibreglass insulation for buildings; substances for insulating buildings against moisture, namely felt insulation, insulating paints and insulating oils; adhesive tapes; padding and stuffing materials made of rubber and plastic; sealant compounds for joints, namely polyurethane sealants and silicone sealants; non-metal flexible tubes, pipes and hoses, namely plastic water pipes, hoses for air conditioners and tubes for industrial use, fittings for the aforementioned goods, namely non-metal fittings for plumbing; thermal contraction tubes made of plastic; seals for pipe couplings, namely plastic junctions for pipes and o-rings; pipe insulation materials; non-metal pipe sleeves; fibreglass for insulation; fibreglass fabrics for insulation; fibreglass insulation materials for use in construction; insulators for electricity conduits; electrical insulation bands made of fibreglass; flexible plastic films (other than for packaging), namely tinted plastic films for use on windows and laminated plastic films for use on windows; reflective plastic films for windows; adhesive films; polyurethane films for use as building insulation.

Class 19

(12) Materials, not of metal, for building and construction, namely construction gravel, sandstone for building, adhesive mortar for construction, building stones, stone veneer in the nature of building material, wired plate glass for building, figured plate glass for building and concrete slabs for building; asphalt, pitch and bitumen, bitumen products for construction, namely asphalt felt for building, bituminous coatings for roofing and bituminous coatings for roofs, transportable buildings, not of metal, namely concrete structure beams, cement posts, wooden partitions for building, and balusters, monuments, not of metal, namely monuments of marble, monuments of concrete, monuments of ceramic and monuments of stone, building stones; panels, namely plywood board, concrete panels, wood panels and glass panels, ceilings, namely ceramic ceiling tiles, wooden ceiling panels, ceiling boards of wood, and non-metal ceiling panels; eavestroughs and roof gutters not made of metal, chimneys, chimney cowls not made of metal, beams, joists, frames and cornices not made of metal; roofing materials and wall coverings made of terra cotta, concrete, cement and wood; paving stones, slabs, namely concrete slabs, paving slabs, concrete paving slabs, stone slabs and glass slabs for use in building, tiling and tiles, namely ceramic tiles for floors and coverings, ceramic tiles for flooring and facing, ceramic tiles for flooring and lining, and glazed ceramic tiles, parquet flooring, non-metal floors, partitions, ceilings, non-metal staircases; plastic films for construction; non-metal reinforcing materials for building; roofing, namely asphalt roofing and non-metal roofing incorporating photovoltaic cells; glass building materials; insulating glass;

laminated glass; stained glass; window panes for building; glass bath cubicles; clear and tinted mirrors for building; constructions, namely aquariums; wall and panel coverings not made of metal as well as roof coverings and roofing not made of metal and incorporating photovoltaic cells; non-metal refractory building materials, bricks, refractory concrete, fieldstone, cement, namely alumina cement, asbestos cement, Portland blast-furnace slag cement, slag-lime cement, magnesia cement, filling cement and Portland cement; building timber, including boards, manufactured timber and semi-worked wood; mortar for building; coatings, namely bituminous coatings for roofing, fireproof cement coatings, and finish coatings made of coloured artificial resin; paving stones; natural stones, synthetic stones, artificial stones; concretes; plaster; lime and other binding agents for preparing concrete and mortars, namely binding agents for making briquettes; bituminous coatings for roofing; clay granules; gypsum; non-metal doors, doors incorporating glass, non-metal windows, non-metal shutters; non-metal gates, non-metal fences, non-metal fence posts, non-metal lattices, namely plastic lattices; pipes, namely rigid PVC pipes for building, rigid tubes, and non-metal water pipes for building; manhole covers, namely concrete manhole covers, polymer composite manhole covers, septic tank hatches.

Class 20

(13) Furniture, namely shelving furniture, computer cabinets, office furniture, camping furniture, bedroom furniture, lawn furniture, patio furniture, living room furniture and kitchen furniture, looking glass, namely mirrors, frames, namely mirror frames; goods made of wood and plastic, namely boxes of wood and plastic, wooden busts, bins made of wood and plastic, signboards made of wood and plastic, industrial packaging containers of wood, wooden step stools and wooden door knockers; shelving, tables, shelves, namely display shelves and storage shelves, removable mats or covers for sinks, display stands, cabinets, frames, namely framing rods, mirror tiles, hooks, namely non-metal clothes hooks, table tops, furniture, namely coat racks, furniture, namely vanity tables and storage shelves, furniture, namely display cases; mirror work, namely silvered glass, mirrors, frames, framing, namely mouldings for frames; screws, namely non-metal binding screws for cables, non-metal hinges, stools, non-metal baskets, namely creels, bamboo baskets for industrial purposes, planters, benches not made of metal, namely saw benches being furniture, work benches; packaging containers made of plastic; caps, namely bottle caps, corks, wooden stoppers for industrial packaging containers, imitation cork stoppers and non-metal bottle caps; fireplace screens; water pipe and drain pipe valves made of plastic; water control valves for faucets made of plastic; non-metal collars for fastening pipes.

Class 21

(14) Unworked or semi-worked glass (except glass used in building); table glassware, earthenware; brush-making materials; earthenware, glass dishes; bottles, namely water bottles, perfume bottles, plastic bottles, decorative sand bottles, insulated bottles, refrigerating bottles, and jars; lacquered glass for decoration, enamelled glass, painted glass; figured glass, silkscreen-printed glass, lacquered glass, laminated glass; unworked or semi-worked glass (except glass used in building); glass for automobile windshields; glass incorporating fine electrical conductors; fibreglass and glass fibre yarn (other than for insulation) for textile use, namely glass wool.

Class 22

(15) Ropes, string, nets, namely cotton netting, fibreglass netting, silk netting, tents, tarpaulins, sails, bags, namely packaging bags of textile material, jute bags for industrial packaging, cotton bags for industrial purposes and jute bags for use in industry, padding and stuffing materials (except rubber and plastics), namely fibrefill, upholstery wool, cotton batting, straw for stuffing

upholstery, and down feathers for use as stuffing; raw fibrous textile materials, namely raw textile fibres; glass fibres for textile use; non-metal cables, namely sash cords, anchoring ropes, banister ropes, towing cables.

Class 23

(16) Yarns and threads for textile use; glass yarns and threads; rubber yarns and threads, elastic yarns and threads, plastic yarns and threads, all these products being for textile use; plastics for textile use, namely plastic yarns and threads for textile use.

Class 24

(17) Textiles and textile goods, namely fabrics for textile use, chemical fibre fabrics, synthetic fibre fabrics, non-woven textile fabrics, and glass fabrics for textile use; fibreglass fabrics for textile use, wall hangings and coverings made of textile materials, namely furniture coverings made of textile materials.

Class 27

(18) Carpets, doormats, linoleum and other floor coverings, namely carpet tiles for covering floors, anti-slip floor coverings for use on staircases, and groundsheets; wallpaper, wall hangings (non-textile).

Services

Class 35

(1) Demonstration and presentation of goods for others on all means of communication, namely via the Internet, for sales purposes; distribution and delivery of advertising materials for others; dissemination and distribution of samples; commercial information and advice related to building materials and their use (such services may be provided online); consumer advice and information, namely advice and information about customer services and product management and prices on Internet sites in connection with purchases made over the Internet; provision of others' business and marketing information through an online website on the Internet; organization of exhibitions for commercial and advertising purposes in the fields of housing, residential and commercial building construction, and transport; advertising, namely advertising services for the goods and services of others, dissemination of advertising for others through an Internet communications network, and dissemination of advertisements for others; marketing, namely direct marketing of the goods and services of others, database marketing services for compiling customer data, and marketing studies; market studies.

Class 37

(2) Construction, namely construction of buildings, residential and commercial real estate, bridges, roads and ports; repair of buildings, residential and commercial real estate, bridges, roads and ports; installation services, namely scaffolding (construction) and platform (construction and work) setup services, electric installation of heating and lighting apparatus, and installation of doors and windows; provision of information related to construction, namely via the Internet; installation, repair and maintenance services for buildings (such services may be provided online); installation, maintenance and repair of machines in the field of construction, namely welding machines, barking machines, excavators, nailing machines, concrete paving machines, bitumen making machines, die-stamping machines and metalworking machine tools; rental of construction tools and equipment; information related to the cleaning of buildings and civil engineering structures; quarrying; mining extraction; construction, namely insulation services, namely installation of insulation systems for residential and commercial buildings; window cleaning services.

Class 38

(3) Telecommunications, namely operation of a wide area network (WAN) for telecommunications, bundled telecommunications services enabling the use of cellular telephones, voice mail, and call forwarding between wired and wireless services; transmission and communication services by all means, namely electronic, computer, telephone and audiovisual means, namely electronic mail services, provision of multiple-user access to a computer network, video conferencing services, and wireless voice mail services; transmission, communication and telecommunication of text messages, information in the field of housing and building construction, and all other data, namely still and animated images as well as audio and video clips, including those provided online and offline from computer data processing systems, computer and telematic databases, and the Internet; electronic and telephonic mail and messaging services; provision of access to computer databases and computer and telematic networks, namely the Internet and the world wide web, namely Internet service provider (ISP) services.

Class 39

(4) Transport, namely airplane transport of goods, boat transport of goods, train transport of goods and truck transport of goods; packaging and storage of goods; deliveries, namely distribution services for the parcels and products of others.

Class 40

(5) Processing and transformation of materials, namely glass, cast iron, steel, iron, stone, wood, aluminum, terra cotta, ceramics and plastics; laser scribing of metals, metal polishing, metal covering, namely coating of metals; treatment of water and waste; optical glass grinding; assembly of materials, namely glass, cast iron, steel, iron, stone, wood, aluminum, terra cotta, ceramics, and plastics, for others, to order; printed circuit assembly for automobiles; recycling of waste; treatment and processing of waste; heat treatment of metals; metal plating; welding and soldering; application of plastic and rubber coverings to cables.

Class 41

(6) Training related to construction and to the maintenance, cleaning, renovation and repair of buildings and civil engineering structures; practical training related to the use of building materials and to refractory goods and their applications in the fields of glassware, cast iron, cement, mortars, fibreglass, metals, abrasives, plastics, ceramics, semiconductors, refractories and composite materials; organization and conduct of colloquia, conferences, seminars and conventions in the field of the construction of buildings, residential and commercial real estate, bridges, roads, ports and housing.

Class 42

(7) Scientific and technological services as well as research services in the field of the construction of buildings, residential and commercial real estate, bridges, roads, ports and design work related thereto, namely architectural design; industrial analysis and research services in the fields of building construction and civil engineering; design and development of computers and computer software; rental of computers and computer software; updating of computer software; provision of online information through a website related to industrial analysis and research services in the fields of building construction and civil engineering; provision of online information through a website in the field of technological research and in the fields of building construction and civil engineering, through a computer database and the Internet; engineering work, technical project studies in the field of the construction of buildings, residential and commercial real estate, bridges, roads, ports and housing; material testing; technical research in the fields of civil engineering and engineering; technical consulting in the field of construction; custom design of electronic control circuits for automobiles; consulting related to architecture.

TOFU HOUSE

Colour Claim

Colour is claimed as a feature of the trade-mark. The applicant claims the colours green, orange, and black as features of the mark. The mark consists of a checkered square in four quadrants, with the top left and bottom right quadrants in orange and the top right and bottom left in green. The words TOFU HOUSE appear in stylized black lettering below the checkered square. The Korean characters appear in black above the checkered square design.

Foreign Character Translation

As provided by the Applicant, the Korean characters translate to 'north window brass pure bean curd'

Foreign Character Transliteration

As provided by the applicant, the Korean characters transliterate to BOOK CHANG DONG SOON DU BU.

Colour Claim

Colour is claimed as a feature of the trademark. The Applicant claims the colours black, turquoise, blue, orange and light grey. The mark consists of a gray rectangle inside of which appears the word "AQUA" in blue stylized letters. Below the word "AQUA" appears the word "GEAR" in orange stylized letters. At both sides of the words "AQUA" and "GEAR" appears water splash like designs in turquoise. Over the bottom of the square appears a light grey rectangle figure inside of which appear the words "WATER BATTLE" in light gray stylized letters. At each side of the wording "WATER BATTLE" appears two small gray circles. Except where specified above, the color gray represents background, outlining, shading, and/or transparent areas and are not part of the mark.

Goods

RECYCLER
HAUTE-YAMASKA

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by MRC de La Haute-Yamaska of the mark shown here, as an official mark for goods and services.

Description

The applicant wishes to claim colour as a feature of the trademark. The term MRC, which is positioned vertically and perpendicularly in a successive list of the words COMPOSTER, RÉCUPÉRER, and RECYCLER, is written in PANTONE* green 376 C. All the other letters are black. * PANTONE is a registered trademark.

Application Number 925,879

PROHIBITED MARK DETAILS

BC BUS NORTH

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Her Majesty the Queen in right of the Province of British Columbia, as represented by the Minister of Finance, Government Communications and Public Engagement of the mark shown here, as an official mark for goods and services.

Application Number 925,880

PROHIBITED MARK DETAILS

The logo for BC Bus features the letters "BC" in a bold, sans-serif font, positioned above the word "Bus" in a larger, bold, sans-serif font. Three horizontal lines are drawn beneath the "BC" and the beginning of the "B" in "Bus", suggesting motion or a stylized bus.

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Her Majesty the Queen in right of the Province of British Columbia, as represented by the Minister of Finance, Government Communications and Public Engagement of the mark shown here, as an official mark for goods and services.

PROHIBITED MARK DETAILS

BC BUS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Her Majesty the Queen in right of the Province of British Columbia, as represented by the Minister of Finance, Government Communications and Public Engagement of the mark shown here, as an official mark for goods and services.

Erratum

The following issues of the Trademarks Journal contained errors which could not be corrected before publication.

2019-06-26**Application Number** 1,834,465

The trademark was incorrectly advertised in the Trademarks Journal dated June 26, 2019, Vol. 66 Issue 3374. The visual representation of the trademark should have been advertised in colour.
