Trademarks Journal

2020-06-03 — Vol. 67 No. 3423

Trademarks Journal

Vol. 67 No. 3423

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Telephones; mobile telephones; cordless telephones; telecommunications products, namely, gateway routers in the nature of computer control hardware for use in wireless telephone communication systems; computer software for use in accessing the global computer network; telephone accessories, namely, telephone cords and batteries; electronic products, namely, digital photograph receivers; television peripheral equipment, namely, set-top boxes, remote controls and instructional manuals sold as a unit; telecommunications hubs, switches, wireline routers, wireless routers and integrated routers which include a modem; digital subscriber line modems otherwise known as DSL modems, cable modems and satellite modems that interface directly with digital subscriber line otherwise known as DSL, satellite data and cable broadband data services; network interface card adaptors otherwise known as adaptors; RJ 45 transmission cables; telephone line filters; telecommunication couplers, namely acoustic couplers; telecommunication modular plugs, namely electrical and adapter plugs; transceivers; wireless transceivers; corded and cordless wireline teleconferencing telephones; telephone answering machines; internet telephones; wireless telephones; earphones and antennae for cordless and wireless telephones;

magnetically encoded credit cards; magnetically encoded stored value cards; computer software used to operate, manage and monitor security systems and home automation devices; security cameras; smoke detectors; carbon monoxide detectors; motion detectors; remote control units, keypads and control panels for security systems and home automation devices; electronic door locks; electronic door openers and closers; home automation systems comprising wireless and wired controllers, electronic controls for lighting, HVAC, security, personal and property safety and home monitoring software

Class 16

(2) Telephone directories; paper goods, printed matter and promotional materials, namely, tickets, posters, brochures, pamphlets for use in the field of baseball games and sporting and live entertainment, namely golf tournaments, auto racing and concerts; prepaid calling cards not magnetically encoded for mobile, internet, long distance and telephone communication services

Services

Class 35

(1) Retail store services and online retail store services all featuring telephones, wireless handheld devices for access to global computer networks, handheld mobile digital electronic devices and other consumer electronics, personal computers, tablet computers, carrying cases for telephones, wireless and handheld devices, wireless and corded headsets, chargers, batteries and home security and automation systems; providing online telephone directories; advertising services, namely, promoting the goods and services of others by preparing and placing advertisements in directory listing databases accessed through a global information network; providing retail store information, shoppers guide information and business listings by electronic means; operation of telephone communication call center services for others, namely, call flow optimization, toll-free number optimization, command center mentoring, call center workforce management services, call center consolidation, call center measurements and speech processing assessment, and call center audits

Class 36

(2) Telephone calling card services

Class 37

(3) Repair services for telecommunications wiring, jacks and telephone equipment; installing and maintaining telecommunication systems and equipment, namely transceivers, wireless transceivers, corded and cordless wireline teleconferencing telephones, telephone answering machines, internet telephones, wireless telephones, earphones, antennae for cordless and wireless telephones, cables, wires, switches, plugs, sockets, connectors, converters, transmitters, receivers and optical fibers for others; telephone communication network support services, namely, repair and maintenance of wireless global computer networks, global computer networks and mobile telephone communication networks; maintenance of wireless global computer networks, global computer networks and mobile telephone communication networks; installation of home security and automatic alarm and security systems

Class 38

(4) Telecommunications services, namely, providing telephone communication and internet telephony services, providing a group of specialized telephone services with custom calling features and telephone calling plans; electronic voice messaging, namely, the recording and subsequent transmission of voice messages by telephone; providing multiple user dial-up, high-speed and dedicated access to the internet, global computer networks, wireless computer networks, providing access to online bulletin boards of others in the field of mobile telephone

communication networks; electronic transmission of voice messaging, wireless voice mail; wireless transmission of voice mail, voice messaging, wireless voice mail; high-speed access services and wireless access services to the internet, global computer networks, wireless global computer networks, providing access to on-line bulletin boards of others in the field of wireless telephone communication networks; television transmission services; satellite television broadcasting services; telephone communication services in the nature of providing voice and data networking services, namely, providing digital and analog networking services to transmit wireless telephone communications, audio, voice messaging and wireless voice mail; audio teleconferencing, video teleconferencing and web audio and video teleconferencing services; cellular and mobile telephone communications; telephone communication consultation, namely technical consulting in the field of wireless transmission and communication; voice over internet protocol (VOIP) services; paging services; streaming via the Internet of audio and video data featuring movies, TV shows, and music; frame relay telephone communication services, namely providing frame relay connectivity services for data transmission; virtual network telephone communication services, namely providing virtual private network (VPN) services, namely private and secure communications over a private and public global computer network via the Internet; computer aided transmission of voice messaging, wireless voice mail, text messages and emails by telephone, cellular telephone and document data transfer; private line voice messaging, wireless voice messaging, text messaging, facsimile transmission, video streaming of audio and video material on the internet; integrated services digital network (ISDN) global computer communication routing and junction network services; worldwide switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages; and electronic transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages; location independent personal communications services comprising mobile, voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages and facsimile transmission services; providing back-bone telecommunication network services, namely wireless global computer networks, global computer networks, internet and telephone communication networks services to others to enable the display of voice messaging, wireless voice messaging, text messaging, facsimile transmission, high definition multimedia streaming of voice and video messages on the internet; and transmission of wireless telephone communication data services on worldwide global computer networks, wireless global computer networks, internet and telephone communication networks; the transmission over cable of entertainment services, namely transmission of movies, television, visual recordings, namely pre-recorded video tapes, video discs featuring music, movies, television and voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages on the internet; and electronic transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages and facsimile telephony services; instant office deployment, namely, providing an office-based system of voice messaging, wireless voice messaging and electronic transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages and facsimile services to a remote location; communications services, namely, wireless mobile telephone calling, data and messaging service plans; fiber optic and telecommunication services, namely, high-speed access to the internet and global computer network, and wireless electronic, digital and IP transmission of voice mail, voice messages, voice transmission, namely video telephone services, text messages, images, namely wireless communication data, wireless multimedia communication data, as well as high definition multimedia streaming of audio and video material on the internet;

and transmission of television shows, movies, visual recordings, namely pre-recorded video tapes, video discs featuring music, television and movies and IP television and video telephone services; telephone communication services, namely, telephony services, Internet and IP telephony services, unified voice messaging and text messaging and unified IP voice messaging and text messaging services, high-speed access to the Internet and global computer network, and wireless electronic, digital and IP transmission of voice messaging, wireless voice messaging, text messaging, electronic transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages; and providing non-downloadable television programmes, via video-on-demand transmission services and IP television and IP video-on-demand transmission services

Class 41

(5) Entertainment services in the nature of baseball games, professional auto races, golf tournaments; Arena services, namely, providing facilities such as buildings, arenas and sports fields and sports stadiums for sports activities, namely soccer, baseball and golf games, entertainment activities, namely music concerts, theatrical plays, tradeshow, namely industry tradeshow, exhibitions and conventions

Class 42

(6) Hosting the web sites of others on a computer server for a global computer network; development and maintenance of web server software for others; consultation in the field of computers and online networks; design and development of global computer networks and wireless telephone communication networks; telephone communication network strategy advisory services namely, technology strategy advisory assessment, technology strategy advisory development, telephone communication network advisory strategy and development, website enablement and disaster recovery for telephone communication networks, and the development of voice messaging and multi web channel platform portal services; telephone communication network development and design services, namely virtual private telephone communication network assessment, virtual private telephone communication network token authentication; public key infrastructure development, namely the development of encryption systems, local area telephone communication network assessment, namely reviewing and evaluating the components of global computer networks that interconnect computers within a limited area, such as a residence, school, laboratory and office building, internet protocol network design, addressing, routing and load balancing functions to optimize network server productivity and efficiency by enhancing the delivery of applications over computer networks and managing network traffic, the development and design of advanced internet protocol, voice over internet protocol (VOIP) and quantity of service networks (QoS) standards, token ring to Ethernet design, web site stress testing, data center transformation, namely changes in the form, appearance, nature and character of the telephone communication networks, server assessment, namely reviewing and evaluating computer servers, the development and design of messaging services, namely text messages, voice messages, email messages and voice mail messages and wireless local area networks, networking management center design, namely the designing of locations from which network monitoring and control are exercised over a computer, telephone communication and satellite communication network, web performance monitoring and telework readiness assessments; telephone communication network deployment services, namely, project management, namely the overseeing of customized communication solutions provided to customers, token ring to Ethernet to Ethernet migration; wireless local area telephone communication network implementation, video conferencing implementation, and deployment of telephone communication networks, wide area telephone communication network (WAN) deployment using routers and local area telephone

communication network implementation; information technology security services, namely, firewall design analysis and implementation, internet security vulnerability assessments, enterprise global computer network security assessment, and health insurance portability and accountability act compliance assessments; basic computer telephony integration; and design of interactive voice response systems and voice web browsers, customer profiling and routing application software systems to create customer profiles to provide design decisions and distribute appropriate service requirements

Class 45

(7) Intrusion detection scans, rogue modem identification, security policy assessments; security system monitoring services; home security monitoring using wireless and wired sensors for glass breakage, motion detectors, cameras, alarms, shutoff valves, and gate, door and window contact sensors; computer services, namely, providing a web-based system and online portal for customers to remotely manage, administer, modify and control home security and home automation devices

Goods

Class 01

(1) chemicals for use in the manufacture of solvents; chemicals for use in the manufacture of adhesives; chemicals for use in the manufacture of solvents aimed at business-to-business trade; chemicals for use in the manufacture of adhesives aimed at business-to-business trade; hardeners for synthetic resins; hardeners for paints; crosslinking agents for paints; crosslinking agents for reactant polymers; industrial hardeners for paints aimed at business-to-business trade; fixation agents for paints; solvents for inks; solvents for adhesives; solvents for paints; industrial solvents for paints aimed at business-to-business trade; curing catalytic agent; chemical preparations for use in the manufacture of paints; chemicals for use in the manufacture of plastics; soldering fluxes; soldering chemicals; welding chemicals; soldering preparations in the form of pastes; plasticizers; adhesives for use in the automotive industry, electrical appliances, electronic components, office equipment, industrial machines, and building equipment; adhesives for use in the manufacture of display screens; adhesives for use in the manufacture of stapler needles; pressure sensitive adhesives for use in the automotive industry, electrical appliances, electronic components, office equipment, industrial machines, and building equipment

(2) chemicals for use in the manufacture of solvents; chemicals for use in the manufacture of adhesives; chemicals for use in the manufacture of solvents aimed at business-to-business trade; chemicals for use in the manufacture of adhesives aimed at business-to-business trade; hardeners for synthetic resins; hardeners for paints; crosslinking agents for paints; crosslinking agents for reactant polymers; industrial hardeners for paints aimed at business-to-business trade; fixation

agents for paints; solvents for inks; solvents for adhesives; solvents for paints; industrial solvents for paints aimed at business-to-business trade; curing catalytic agent; chemical preparations for use in the manufacture of paints; chemicals for use in the manufacture of plastics; soldering fluxes; soldering chemicals; welding chemicals; soldering preparations in the form of pastes; plasticizers; adhesives for use in the automotive industry, electrical appliances, electronic components, office equipment, industrial machines, and building equipment; adhesives for use in the manufacture of display screens; adhesives for use in the manufacture of stapler needles; pressure sensitive adhesives for use in the automotive industry, electrical appliances, electronic components, office equipment, industrial machines, and building equipment

Class 02

(3) dyestuffs; thinners for paints for industrial applications aimed at business-to-business trade; water borne paints for industrial machinery, electrical appliances, and automobile and automobile parts; paints for industrial machinery, electrical appliances, and automobile and automobile parts; ultra-violet curable paint; electromagnetic radiation shield paints; anti-corrosive paints; infrared rays reflection paints; fire resistant paints; rust resistant paints; electrical resistant paints; organic solvent based paints; insulating paints; lacquers for plastics and metals; one pack paints, namely liquid paints for plastics and metals which form coatings of film without the addition of other curative agents; two pack paints, namely, liquid paints for plastics and metals which are applied after the addition of a curative agent; synthetic resin paints; chemical resistant paints; waterproof paints

(4) dyestuffs; thinners for paints for industrial applications aimed at business-to-business trade; water borne paints for industrial machinery, electrical appliances, and automobile and automobile parts; paints for industrial machinery, electrical appliances, and automobile and automobile parts; ultra-violet curable paint; electromagnetic radiation shield paints; anti-corrosive paints; infrared rays reflection paints; fire resistant paints; rust resistant paints; electrical resistant paints; organic solvent based paints; insulating paints; lacquers for plastics and metals; one pack paints, namely liquid paints for plastics and metals which form coatings of film without the addition of other curative agents; two pack paints, namely, liquid paints for plastics and metals which are applied after the addition of a curative agent; synthetic resin paints; chemical resistant paints; waterproof paints

Class 07

(5) electric resistance welding machines; welding machines for industrial applications aimed at business-to-business trade; machines for manufacturing semiconductors for industrial applications aimed at business-to-business trade; soldering apparatus, electric; resin layers filling machine for use in bonding liquid crystal screens and the cover panels and bonding touch screens and the cover panels; manufacturing machines for liquid crystal display devices, organic electroluminescent display devices, and plasma display devices; machine elements not for land vehicles, namely, axles, bearings, shaft couplings, torque limiters, one-way clutches, one-way hinges; clutches as elements of machines not for land vehicles; speed change gears as elements of machines not for land vehicles; reduction gears as elements of machines not for land vehicles; brakes for industrial machinery

(6) electric resistance welding machines; welding machines for industrial applications aimed at business-to-business trade; machines for manufacturing semiconductors for industrial applications aimed at business-to-business trade; soldering apparatus, electric; resin layers filling machine for use in bonding liquid crystal screens and the cover panels and bonding touch screens and the cover panels; manufacturing machines for liquid crystal display devices, organic electroluminescent display devices, and plasma display devices; machine elements not for land

vehicles, namely, axles, bearings, shaft couplings, torque limiters, one-way clutches, one-way hinges; clutches as elements of machines not for land vehicles; speed change gears as elements of machines not for land vehicles; reduction gears as elements of machines not for land vehicles; brakes for industrial machinery

Class 09

(7) electric power converters; electric power converters for industrial applications aimed at business-to-business trade; electric converters; current converters used as rectifiers and inverters; current rectifiers; inverters for power supply; DC/AC converters; automotive battery chargers; power conditioners for use in photovoltaic installations for generating solar electricity; photovoltaic installations for generating solar electricity; industrial x-ray apparatus for detecting product tampering and malfunctions of products by visualizing the inside of the products without damage; equipment for producing X-rays for use in industrial X-ray apparatus for detecting product tampering and malfunctions of products by visualizing the inside of products without damage

(8) electric power converters; electric power converters for industrial applications aimed at business-to-business trade; electric converters; current converters used as rectifiers and inverters; current rectifiers; inverters for power supply; DC/AC converters; automotive battery chargers; power conditioners for use in photovoltaic installations for generating solar electricity; photovoltaic installations for generating solar electricity; industrial x-ray apparatus for detecting product tampering and malfunctions of products by visualizing the inside of the products without damage; equipment for producing X-rays for use in industrial X-ray apparatus for detecting product tampering and malfunctions of products by visualizing the inside of products without damage

Class 10

(9) facial massagers for commercial use; medical image processors; high frequency electromagnetic therapy apparatus; magnetic resonance imaging (MRI) diagnostic apparatus; X-ray CT scanners; surgical instruments; ultraviolet radiator units for therapeutic purposes; dental instruments; orthodontic instruments for dental purposes; veterinary instruments; X-ray apparatus for medical purposes; X-ray apparatus for medical purposes aimed at business-to-business trade; equipment for producing X-rays for use in X-ray apparatus for medical purposes; equipment for producing X-rays for use in X-ray apparatus for medical purposes, aimed at business-to-business trade; X-ray appliances for dental imaging; X-ray apparatus for dental purposes, aimed at business-to-business trade; dental drills; X-ray photographs for medical purposes; X-ray tubes for medical purposes; radiological equipment for medical purposes; X-ray image intensifiers for medical purposes; equipment for producing X-rays for use in X-ray appliances for dental imaging; equipment for producing X-rays for use in X-ray appliances for dental imaging, aimed at business-to-business trade

(10) facial massagers for commercial use; medical image processors; high frequency electromagnetic therapy apparatus; magnetic resonance imaging (MRI) diagnostic apparatus; X-ray CT scanners; surgical instruments; ultraviolet radiator units for therapeutic purposes; dental instruments; orthodontic instruments for dental purposes; veterinary instruments; X-ray apparatus for medical purposes; X-ray apparatus for medical purposes aimed at business-to-business trade; equipment for producing X-rays for use in X-ray apparatus for medical purposes; equipment for producing X-rays for use in X-ray apparatus for medical purposes, aimed at business-to-business trade; X-ray appliances for dental imaging; X-ray apparatus for dental purposes, aimed at business-to-business trade; dental drills; X-ray photographs for medical purposes; X-ray tubes for medical purposes; radiological equipment for medical purposes; X-ray image intensifiers for medical

purposes; equipment for producing X-rays for use in X-ray appliances for dental imaging;
equipment for producing X-rays for use in X-ray appliances for dental imaging, aimed at business-
to-business trade

(2) Application development tool programs for designing, developing, writing and implementing user specific applications and general purpose applications programs for personal computers, mobile digital electronic devices, hand held computers, and mobile telephones; computer game software and entertainment software namely computer games for use on mobile and cellular phones, handheld computers, computers, video game consoles, both handheld and free standing, and other wireless POS devices; computer game software featuring character recognition, voice recognition, touch sensitivity, light sensitivity, gravity sensitivity; computer game software for electronic computer apparatus featuring interactive and multimedia functions that enable the user to integrate text, audio, graphics, still images and moving pictures; computer games, computer software for creating computer games; digital media namely downloadable audio, video, and multimedia files, featuring music, motion picture and animated cartoon characters; downloadable computer games; downloadable ring tones, music, videos, and electronic games, via the internet and wireless devices; downloadable software for developing, designing, modifying, recording and customizing sound and speech; downloadable software for developing, designing, modifying, recording and customizing video, computer and on-line games; downloadable video game software featuring touch and voice control; interactive multimedia computer games; software for

enabling video computer and on-line games to be run on multiple platforms; speech recognition software; touch and voice driven interactive video games; Carrying cases for cell phones, telephones, pagers and mobile computers; decorative magnets; digital media, namely, CDs and DVDs containing books, movies, music, photos, language instruction and computer games, blank flash memory cards, secure digital (SD) memory cards, blank USB cards; digital memory devices namely digital camera memory cards, portable USB drives, memory card readers, digital flash memory voice recorders; earphones; eyewear cases; eyewear namely eyeglasses, sunglasses, 3D glasses, safety glasses, ready-made reading glasses, blowtorching goggles, ski goggles, swim goggles, motorcycling goggles, virtual reality goggles; gambling machines; headphones; home video game machines for use with external display screens or monitors; mouse pads; sports helmets.

(3) Application development tool programs for designing, developing, writing and implementing user specific applications and general purpose applications programs for personal computers, mobile digital electronic devices, hand held computers, and mobile telephones; computer game software and entertainment software namely computer games for use on mobile and cellular phones, handheld computers, computers, video game consoles, both handheld and free standing, and other wireless POS devices; computer game software featuring character recognition, voice recognition, touch sensitivity, light sensitivity, gravity sensitivity; computer game software for electronic computer apparatus featuring interactive and multimedia functions that enable the user to integrate text, audio, graphics, still images and moving pictures; computer games; digital media namely downloadable audio, video, and multimedia files, featuring music, motion picture and animated cartoon characters; downloadable computer games; downloadable ring tones, music, videos, and electronic games, via the internet and wireless devices; downloadable software for developing, designing, modifying, recording and customizing sound and speech; downloadable software for developing, designing, modifying, recording and customizing video, computer and on-line games; downloadable video game software featuring touch and voice control; interactive multimedia computer games; software for enabling video computer and on-line games to be run on multiple platforms; speech recognition software; touch and voice driven interactive video games.

Class 16

(4) Bibs of paper; bookmarks; books in the field of cartoon characters; boxes of cardboard or paper; calendars; chalks; children's books; color pencil sets; color pencils, crayons; coloring books; comic books; drawing instruments namely pens, pencils, rollerball markers, highlighters, rulers, technical pens, watercolour pencils, color pencils, chalk, oil pastels, crayons, poster colors, water colors; drawing paper; drawing rulers; erasing products namely correcting tape, erasers, erasing fluids; fountain pens; gift boxes; glue for stationery or household purposes; greeting cards; loose-leaf binders; lunch bags; musical greeting cards; note books; packing paper, wrapping paper and packaging materials namely plastic bags, plastic film, plastic pellets, cardboard boxes, wrapping paper; pads namely memo, note, sketch, drawing; paintings; paper napkins; paper staplers; party ornaments of paper; paste for stationery or household purposes namely general use adhesives, glue for stationery and household use; pen and pencil cases and boxes; pencil sharpeners; pencils; pens; photograph albums; place mats and coasters of paper and cardboard; posters; printed periodical publications, newspapers and magazines in the fields of video games, animated characters, and online entertainment; rubber stamps; stationery namely pens, pencils, writing paper, notepads, folders, notebooks, stencils, sharpeners, stickers, writing cases, paper sheets, clips, staplers, cards, telephone books, letter paper, fluorescent pens, staple removers, stick notes, finger moisteners, desk calendars, envelopes; stickers; table cloths of paper; table linen of paper; writing instruments; writing pads, memo pads, writing paper.

Class 25

(5) Articles of clothing, namely swimwear, swimsuits, sportswear, waterproof jackets and pants, rain wear, gloves, mittens, belts, underwear, sleep wear, pajamas, bathrobes, hats, caps, sun visors, berets, socks, stockings, panty hose, shoes, sports shoes, slippers, sneakers, beach shoes, masquerade costumes, bandanas, jackets, knitwear, t-shirts, shirts, outerwear namely outdoor winter clothing, jackets, coats, ski pants, blazers, cardigans, track tops, anoraks, slickers, windbreakers, rain coats, soft-shell jackets, shorts, dresses, skirts, coats, vests, sweaters, ties, scarves, sweatshirts, hooded sweatshirts, gowns; bibs, not of paper namely baby bibs, sports bibs, cloth bibs, ski bibs; children's and infant's apparel; footwear namely boots, shoes, sandals, slippers, socks, ski boots, clogs; headwear namely hats, tiaras, caps, toques, headbands, hairnets, sports visors, sports hats and caps; wrist bands.

Class 28

(6) Action figure toys; arcade games; arcade-type electronic video games; articles of clothing for toys; balloons; balls for games namely sports balls, playground rubber action balls, beach balls; bath toys; battery operated action toys; board games; bob-sleighs; bubble making wand and solution sets; card games; Christmas tree ornaments and decorations; dolls designed to resemble computer game characters; electronic novelty toys, namely, toys that electronically record, play back, and distort or manipulate voices and sounds; game controllers for computer games; ice skates; infant toys; inflatable toys; in-line roller skates; interactive hand-held audio-visual games with liquid crystal displays not for use with television receivers; kite reels; kites; mechanical toys; musical toys; parlor games; party favors in the nature of small toys; party games; pinball games; plastic character toys; plush toys; protective padding for playing sports; puppets; roller skates; rubber character toys; sailboards; sandbox toys; skateboards; skating boots with skates attached; skill games namely action skill games, arcade games, video games, electronic hand held games; skis; snow boards; squeeze toys; stand-alone video output game machines; surf boards; swings; tabletop games; talking dolls; talking toys; toy boxes; toy masks; toy snow globes; toy vehicles; virtual reality headsets and helmets for use in playing video games; water toys; wind-up toys; swim fins.

Services

Class 41

(1) Entertainment namely competitions in the field of computer and video games; entertainment services, namely providing online computer games and online video games that are accessible and playable via mobile and cellular phones and other wireless devices; entertainment services, namely the provision of continuing entertainment and news programs featuring entertainment information on computer games, video games, television programs, cartoons, and motion picture films delivered by global communication and computer networks delivered by global communication and computer networks; entertainment services, namely, providing a web site featuring non-downloadable musical performances, musical videos, related film clips, photographs and other multimedia entertainment materials featuring animated cartoon characters; entertainment services, namely, providing on-line computer games; entertainment services, namely, providing touch and voice driven online computer games for digital mobile devices; entertainment, namely, a continuing entertainment animated cartoon show broadcasted over global and local area computer networks; multimedia publishing of books, magazines, journals, software, games, music, and electronic publications; on-line gaming services; online multiplayer video game tournaments; production of television programs, radio programs, motion picture films, animated motion picture films, video games and news webcasts via global communication and computer networks; providing an Internet website portal in the field of music, video games, and animated cartoon characters; providing downloadable audio and video files in the field of

entertainment relating to interactive computer game software, interactive video game software and interactive computer and video games; providing handheld electronic games, video games and computer games for use on tablet computers, mobile telephones, handheld game consoles, portable media players and wireless POS devices; providing news and information in the field of entertainment regarding interactive computer game software, interactive video game software and interactive computer and video games, via electronic, wireless and computer networks; providing non-downloadable video and audio recordings about animated cartoon characters made within computer games via a website; providing online computer and video games accessed and played via electronic, wireless and computer networks; amusement park and theme park services; animation film and video production services; distribution of radio programs for others; distribution of television programs for others; entertainment namely live stage performances featuring animated characters; entertainment namely theater productions; entertainment services, namely production of television programs, theatre shows, live dance, theatrical, comedy and musical performances, web television series, video games, computer games and handheld electronic games for distribution via television, cable, satellite, audio and video media, cartridges, laser discs, computer discs and electronic means; entertainment services, namely, live, televised and movie appearances by a professional entertainer; film, audio, music, movie and video production; production of radio and television programs; production of sound recordings namely CD's and DVD's containing music; production, and distribution of motion pictures and rental of motion picture films; rental of sound recordings namely CD's and DVD's containing music; video production services; video film production; video recording services.

(2) Entertainment namely competitions in the field of computer and video games; entertainment services, namely providing online computer games and online video games that are accessible and playable via mobile and cellular phones and other wireless devices; entertainment services, namely the provision of continuing entertainment and news programs featuring entertainment information on computer games, video games, television programs, cartoons, and motion picture films delivered by global communication and computer networks; entertainment services, namely, providing a web site featuring non-downloadable musical performances, musical videos, related film clips, photographs and other multimedia entertainment materials featuring animated cartoon characters; entertainment services, namely, providing on-line computer games; entertainment services, namely, providing touch and voice driven online computer games for digital mobile devices; entertainment, namely, a continuing entertainment animated cartoon show broadcasted over global and local area computer networks; multimedia publishing of books, magazines, journals, software, games, music, and electronic publications; on-line gaming services; online multiplayer video game tournaments; production of television programs, radio programs, motion picture films, animated motion picture films, video games and news webcasts via global communication and computer networks; providing an Internet website portal in the field of music, video games, and animated cartoon characters; providing downloadable audio and video files in the field of entertainment relating to interactive computer game software, interactive video game software and interactive computer and video games; providing handheld electronic games, video games and computer games for use on tablet computers, mobile telephones, handheld game consoles, portable media players and wireless POS devices; providing news and information in the field of entertainment regarding interactive computer game software, interactive video game software and interactive computer and video games, via electronic, wireless and computer networks; providing non-downloadable video and audio recordings about animated cartoon characters made within computer games via a website; providing online computer and video games accessed and played via electronic, wireless and computer networks.

Class 42

(3) Computer graphics design services, namely, creation of computer generated cartoon animated images; computer hardware and software consulting services; computer programming; computer software consulting; computer systems analysis; conversion of data from physical to electronic media; design of computer systems; development, consultancy on and designing of computer software; development, consultancy on and designing of touch and voice driven computer software for electronic digital mobile devices; engineering in the field of computer science; hosting a web site featuring user generated content; providing educational software for children and communication software for providing multiple user access to the internet and online databases for social networking, computer game software and computer software for social networking that may be downloaded from a global computer network; services of assembling, maintenance and servicing of computer software; updating and maintenance of computer software, including touch and voice driven computer software for electronic digital mobile devices.

(4) Computer graphics design services, namely, creation of computer generated cartoon animated images; computer hardware and software consulting services; computer programming; computer software consulting; computer systems analysis; conversion of data from physical to electronic media; design of computer systems; development, consultancy on and designing of computer software; development, consultancy on and designing of touch and voice driven computer software for electronic digital mobile devices; engineering in the field of computer science; hosting a web site featuring user generated content; providing educational software for children and communication software for providing multiple user access to the internet and online databases for social networking, computer game software and computer software for social networking that may be downloaded from a global computer network; services of assembling, maintenance and servicing of computer software; updating and maintenance of computer software, including touch and voice driven computer software for electronic digital mobile devices.

Colour Claim

Colour is claimed as a feature of the trademark. The colors black, gold and yellow are claimed as features of the marks. The background and the outer boarder of the design is in black and the inner boarder is in gold and yellow. The colour yellow is claimed for the background of the 'GOLDEN' element of the 'THE GOLDEN' banner including spaces preceding and following the 'THE GOLDEN' element of the banner, the first and third Japanese characters, and the inner boarder specifically under the third character. The colour gold is claimed for the background of the 'THE' element of the 'THE GOLDEN' banner including the space preceding the 'THE' element of the banner, the second and fourth Japanese characters, and the entirety of the inner boarder except directly under the third character.

Foreign Character Translation

The translation provided by the applicant of the Japanese word(s) KINNOAOJIRU. is GOLDEN AOJIRU.

Foreign Character Transliteration

The transliteration provided by the applicant of the Japanese character(s) is KINNOAOJIRU..

Goods

Class 05

(1) Nutritional supplement for general health and wellbeing namely barley leaf-based beverages, Nutritional additives for general health and wellbeing, Food enriching preparations, namely, barley leaf-based powder preparations, amino acid preparations, Calcium pharmaceutical preparations, Vitamin preparations, Lacteal flour for babies, Dietary supplements for general health and wellbeing, nutritive supplement food for general health and wellbeing, Dietetic beverages adapted for medical purposes, namely, non-alcoholic dietetic drinks for general health and well-being, Dietetic food adapted for medical purposes, namely, nutritional supplement meal replacement bars

for boosting energy, protein powders for meal replacement, vitamin preparations in the form of meal replacement drinks and powders, dietetic sugar for medical use, dietetic sugar substitutes for medical use, dietary supplements for general health and well-being, Beverages for babies, Food for babies, Dietary supplements for animals for general health and wellbeing, Processed nutritional food supplements, namely, barley leaf-based powder and barley leaf-based granular made mainly from barley leaf in powder, granular, liquid, cream, tablet, capsular, caplet, soft gel, pill, bar, plate, blockish, pellet, solid, gel, jelly, gummy, wafer, biscuit, candy, chewable, syrup, and stick form for general health and well-being; health drink for nutrition supplement and nutrition reinforcement containing enhanced vitamins, minerals and trace elements, namely antioxidant juice drinks, fruit drinks, fruit juices, vegetable juice, whey beverages, isotonic drinks, and meal replacement drinks containing enhanced vitamins, minerals and trace elements.

Class 29

(2) Barley leaf-based beverages for cooking, namely, fruit juices, vegetable juices, whey beverages and tea; Preparations, namely, barley leaf-based powder for making barley leaf-based based beverages for cooking; Barley leaf-based beverages containing food product, namely, fruits juice for cooking; Powder for making barley leaf-based beverages for cooking, curry, stew, soup, instant curry, instant stew, instant soup, instant miso soup, preparations for making vegetable soup, Ochazuke (food dish comprising cooked rice and tea), Furikake (dried food sprinkled over rice)

Class 30

(3) Barley leaf-based beverages, namely, coffee, coffee syrup, and tea; Preparations, namely, powder formaking barley leaf-based beverages, namely, coffee, coffee syrup, and tea; preparations, namely, powder for making barley leaf-based beverages, namely, tea

Class 32

(4) Barley leaf-based beverages, namely, fruit juices, vegetable juices, sherbet beverages, syrup, and whey beverages; Preparations, namely, powder for making barley leaf-based beverages, namely, fruit juices, vegetable juices, sherbet beverages, syrup, whey beverages, Barley leaf-based beverages containing vegetables, green leaves, barley leaves and fruit, namely, isotonic drinks, fruits juice, preparations formaking fruit juice, coffee syrup, sherbet beverages, whey beverages, preparations, namely, powder for making barley leaf-based beverages, namely, fruit juices, vegetable juices, sherbet beverages, and syrup.

(2) Application development tool programs for designing, developing, writing and implementing user specific applications and general purpose applications programs for personal computers, mobile digital electronic devices, hand held computers, and mobile telephones; computer game software and entertainment software namely computer games for use on mobile and cellular phones, handheld computers, computers, video game consoles, both handheld and free standing, and other wireless POS devices; computer game software featuring character recognition, voice recognition, touch sensitivity, light sensitivity, gravity sensitivity; computer game software for electronic computer apparatus featuring interactive and multimedia functions that enable the user to integrate text, audio, graphics, still images and moving pictures; computer games, computer software for creating computer games; digital media namely downloadable audio, video, and multimedia files, featuring music, motion picture and animated cartoon characters; downloadable computer games; downloadable ring tones, music, videos, and electronic games, via the internet and wireless devices; downloadable software for developing, designing, modifying, recording and customizing sound and speech; downloadable software for developing, designing, modifying, recording and customizing video, computer and on-line games; downloadable video game software featuring touch and voice control; interactive multimedia computer games; software for enabling video computer and on-line games to be run on multiple platforms; speech recognition software; touch and voice driven interactive video games; Carrying cases for cell phones, telephones, pagers and mobile computers; decorative magnets; digital media, namely, CDs and DVDs containing books, movies, music, photos, language instruction and computer games, blank flash memory cards, secure digital (SD) memory cards; digital memory devices namely digital camera memory cards, portable USB drives, memory card readers, digital flash memory voice recorders; earphones; eyewear cases; eyewear namely eyeglasses, sunglasses, 3D glasses, safety glasses, ready-made reading glasses, blowtorching goggles, ski goggles, swim goggles, motorcycling goggles, virtual reality goggles; gambling machines; headphones; home video game machines for use with external display screens or monitors; mouse pads.

(3) Application development tool programs for designing, developing, writing and implementing user specific applications and general purpose applications programs for personal computers, mobile digital electronic devices, hand held computers, and mobile telephones; computer game software and entertainment software namely computer games for use on mobile and cellular phones, handheld computers, computers, video game consoles, both handheld and free standing, and other wireless POS devices; computer game software featuring character recognition, voice recognition, touch sensitivity, light sensitivity, gravity sensitivity; computer game software for electronic computer apparatus featuring interactive and multimedia functions that enable the user to integrate text, audio, graphics, still images and moving pictures; computer games, computer software for creating computer games; digital media namely downloadable audio, video, and multimedia files, featuring music, motion picture and animated cartoon characters; downloadable computer games; downloadable ring tones, music, videos, and electronic games, via the internet and wireless devices; downloadable software for developing, designing, modifying, recording and customizing sound and speech; downloadable software for developing, designing, modifying, recording and customizing video, computer and on-line games; downloadable video game software featuring touch and voice control; interactive multimedia computer games; software for enabling video computer and on-line games to be run on multiple platforms; speech recognition software; touch and voice driven interactive video games.

Class 16

(4) Bibs of paper; bookmarks; books in the field of cartoon characters; boxes of cardboard or paper; calendars; chalks; children's books; color pencil sets; color pencils, crayons; coloring books; comic books; drawing instruments namely pens, pencils, rollerball markers, highlighters, rulers, technical pens, watercolour pencils, color pencils, chalk, oil pastels, crayons, poster colors, water colors; drawing paper; drawing rulers; erasing products namely correcting tape, erasers, erasing fluids; fountain pens; gift boxes; glue for stationery or household purposes; greeting cards; loose-leaf binders; lunch bags; musical greeting cards; note books; packing paper, wrapping paper and packaging materials namely plastic bags, plastic film, plastic pellets, cardboard boxes, wrapping paper; pads namely memo, note, sketch, drawing; paintings; paper napkins; paper staplers; party ornaments of paper; paste for stationery or household purposes namely general use adhesives, glue for stationery and household use; pen and pencil cases and boxes; pencil sharpeners; pencils; pens; photograph albums; place mats and coasters of paper and cardboard; posters; printed periodical publications, newspapers and magazines in the fields of video games, animated characters, and online entertainment; rubber stamps; stationery namely pens, pencils, writing paper, notepads, folders, notebooks, stencils, sharpeners, stickers, writing cases, paper sheets, clips, staplers, cards, telephone books, letter paper, fluorescent pens, staple removers, stick notes, finger moisteners, desk calendars, envelopes; stickers; table cloths of paper; table linen of paper; writing instruments; writing pads, memo pads, writing paper.

Class 25

(5) Articles of clothing, namely swimwear, swimsuits, sportswear, waterproof jackets and pants, rain wear, gloves, mittens, belts, underwear, sleep wear, pajamas, bathrobes, hats, caps, sun visors, berets, socks, stockings, panty hose, shoes, sports shoes, slippers, sneakers, beach shoes, masquerade costumes, bandanas, jackets, knitwear, t-shirts, shirts, outerwear namely outdoor winter clothing, jackets, coats, ski pants, blazers, cardigans, track tops, anoraks, slickers, windbreakers, rain coats, soft-shell jackets, shorts, dresses, skirts, coats, vests, sweaters, ties, scarves, sweatshirts, hooded sweatshirts, gowns; bibs, not of paper namely baby bibs, sports bibs, cloth bibs, ski bibs; children's and infant's apparel; footwear namely boots, shoes, sandals,

slippers, socks, swim fins, ski boots, clogs; headwear namely hats, tiaras, caps, toques, headbands, hairnets, sports helmets, sports headgear namely sports helmets, sports visors, sports hats and caps; wrist bands.

Class 28

(6) Action figure toys; arcade games; arcade-type electronic video games; articles of clothing for toys; balloons; balls for games namely sports balls, playground rubber action balls, beach balls; bath toys; battery operated action toys; board games; bob-sleighs; bubble making wand and solution sets; card games; Christmas tree ornaments and decorations; dolls designed to resemble computer game characters; electronic novelty toys, namely, toys that electronically record, play back, and distort or manipulate voices and sounds; game controllers for computer games; ice skates; infant toys; inflatable toys; in-line roller skates; interactive hand-held audio-visual games with liquid crystal displays not for use with television receivers; kite reels; kites; mechanical toys; musical toys; parlor games; party favors in the nature of small toys; party games; pinball games; plastic character toys; plush toys; protective padding for playing sports; puppets; roller skates; rubber character toys; sailboards; sandbox toys; skateboards; skating boots with skates attached; skill games namely action skill games, arcade games, video games, electronic hand held games; skis; snow boards; squeeze toys; stand-alone video output game machines; surf boards; swings; table top games; talking dolls; talking toys; toy boxes; toy masks; toy snow globes; toy vehicles; virtual reality headsets and helmets for use in playing video games; water toys; wind-up toys.

Services

Class 41

(1) Entertainment namely competitions in the field of computer and video games; entertainment services, namely providing online computer games and online video games that are accessible and playable via mobile and cellular phones and other wireless devices; entertainment services, namely the provision of continuing entertainment and news programs featuring entertainment information on computer games, video games, television programs, cartoons, and motion picture films delivered by global communication and computer networks; entertainment services, namely, providing a web site featuring non-downloadable musical performances, musical videos, related film clips, photographs and other multimedia entertainment materials featuring animated cartoon characters; entertainment services, namely, providing on-line computer games; entertainment services, namely, providing touch and voice driven online computer games for digital mobile devices; entertainment, namely, a continuing entertainment animated cartoon show broadcasted over global and local area computer networks; multimedia publishing of books, magazines, journals, software, games, music, and electronic publications; on-line gaming services; online multiplayer video game tournaments; production of television programs, radio programs, motion picture films, animated motion picture films, video games and news webcasts via global communication and computer networks; providing an Internet website portal in the field of music, video games, and animated cartoon characters; providing downloadable audio and video files in the field of entertainment relating to interactive computer game software, interactive video game software and interactive computer and video games; providing handheld electronic games, video games and computer games for use on tablet computers, mobile telephones, handheld game consoles, portable media players and wireless POS devices; providing news and information in the field of entertainment regarding interactive computer game software, interactive video game software and interactive computer and video games, via electronic, wireless and computer networks; providing non-downloadable video and audio recordings about animated cartoon characters made within computer games via a website; providing online computer and video games accessed and played via electronic, wireless and computer networks.

(2) Entertainment namely competitions in the field of computer and video games; entertainment services, namely providing online computer games and online video games that are accessible and playable via mobile and cellular phones and other wireless devices; entertainment services, namely the provision of continuing entertainment and news programs featuring entertainment information on computer games, video games, television programs, cartoons, and motion picture films delivered by global communication and computer networks; entertainment services, namely, providing a web site featuring non-downloadable musical performances, musical videos, related film clips, photographs and other multimedia entertainment materials featuring animated cartoon characters; entertainment services, namely, providing on-line computer games; entertainment services, namely, providing touch and voice driven online computer games for digital mobile devices; entertainment, namely, a continuing entertainment animated cartoon show broadcasted over global and local area computer networks; multimedia publishing of books, magazines, journals, software, games, music, and electronic publications; on-line gaming services; online multiplayer video game tournaments; production of television programs, radio programs, motion picture films, animated motion picture films, video games and news webcasts via global communication and computer networks; providing an Internet website portal in the field of music, video games, and animated cartoon characters; providing downloadable audio and video files in the field of entertainment relating to interactive computer game software, interactive video game software and interactive computer and video games; providing handheld electronic games, video games and computer games for use on tablet computers, mobile telephones, handheld game consoles, portable media players and wireless POS devices; providing news and information in the field of entertainment regarding interactive computer game software, interactive video game software and interactive computer and video games, via electronic, wireless and computer networks; providing nondownloadable video and audio recordings about animated cartoon characters made within computer games via a website; providing online computer and video games accessed and played via electronic, wireless and computer networks.

Class 42

(3) Computer graphics design services, namely, creation of computer generated cartoon animated images; computer hardware and software consulting services; computer programming; computer software consulting; computer systems analysis; conversion of data from physical to electronic media; design of computer systems; development, consultancy on and designing of computer software; development, consultancy on and designing of touch and voice driven computer software for electronic digital mobile devices; engineering in the field of computer science; hosting a web site featuring user generated content; providing educational software for children and communication software for providing multiple user access to the internet and online databases for social networking, computer game software and computer software for social networking that may be downloaded from a global computer network; services of assembling, maintenance and servicing of computer software; updating and maintenance of computer software, including touch and voice driven computer software for electronic digital mobile devices; amusement park and theme park services; animation film and video production services; distribution of radio programs for others; distribution of television programs for others; entertainment namely live stage performances featuring animated characters; entertainment namely theatre productions; entertainment services, namely production of television programs, theatre shows, live dance, theatrical, comedy and musical performances, web television series, video games, computer games and handheld electronic games for distribution via television, cable, satellite, audio and video media, cartridges, laser discs, computer discs and electronic means; entertainment services, namely, live, televised and movie appearances by a professional entertainer; film, audio, music, movie and video production; production of radio and television programs; production of sound

recordings namely CD's and DVD's containing music; production, and distribution of motion pictures and rental of motion picture films; rental of sound recordings namely CD's and DVD's containing music; video production services; video film production; video recording services.

(4) Computer graphics design services, namely, creation of computer generated cartoon animated images; computer hardware and software consulting services; computer programming; computer software consulting ; computer systems analysis; conversion of data from physical to electronic media; design of computer systems; development, consultancy on and designing of computer software; development, consultancy on and designing of touch and voice driven computer software for electronic digital mobile devices; engineering in the field of computer science; hosting a web site featuring user generated content; providing educational software for children and communication software for providing multiple user access to the internet and online databases for social networking, computer game software and computer software for social networking that may be downloaded from a global computer network; services of assembling, maintenance and servicing of computer software; updating and maintenance of computer software, including touch and voice driven computer software for electronic digital mobile devices.

Goods

Class 01

(1) Chemicals for use in the construction industry, namely waterproofing chemicals for wood and other construction materials, soil stabilizers for road construction, mineral additives for concrete and cement, chemical additives for concrete and cement, chemicals for building materials, namely concrete aeration chemicals, waterproofing chemicals for masonry, chemicals for use in the manufacture of adhesives, preservation and waterproofing products for cement and concrete, chemical reagents, namely reagents used for analyzing moisture content, metal hardening preparations, preservatives except paints and oils for wood, stone and metal, namely products used for preserving cement, resinous emulsions for use in the manufacture and production of building materials, namely semi-processed natural resins, semi-processed synthetic resins, semi-processed acrylic resins; materials, coatings and mixtures, namely soil stabilizers for road construction.

Class 19

(2) Non-metallic materials and products for use in construction, namely plaster, mortar, sandstone for construction, clay for use as building material, construction timber, rock crystal for use as

building materials, non-metallic minerals for construction, building stones, concrete slabs for construction, logs used as building material, building glass, terra cotta for use as building material; materials, coatings and mixtures, namely binders for road maintenance, concrete, asphalt, asphalt patching compounds, for the construction, preservation, stabilization, reconditioning and refurbishment of buildings and civil engineering structures, including residential and commercial buildings, roofs, terraces, facades, roads and other roadways and road surfaces of a similar nature, namely highways, paths, road and highway pavements, sidewalks, bicycle paths, parking areas, railway tracks, concrete; asphalt, pitch, bitumen, bitumen mixtures, polymeric bitumen emulsions for waterproofing buildings, polymeric bitumen emulsions for road surfaces, bitumen emulsions used as binders for road construction, for the manufacture of briquettes and similar products, namely bricks, concrete slabs, and bitumen emulsions used as ingredients in the manufacture of paints and similar coatings, namely bitumen varnish and impregnating products, namely bituminous coatings for roofs, asphalt, bitumen emulsions for industrial use, namely tar, asphalt patching compounds, asphalt paving compositions and asphalt for the construction, maintenance, stabilization, rebuilding and renovation of roads, roadways, paths, emulsions made from mineral materials and other substances, namely roof coatings, fireproof cement coatings, anti-corrosive bitumen coatings, materials made from and containing bitumen for the construction of buildings and roads, compositions made of bitumen alloys, namely tar-based patching products, asphalt patching compounds, bituminous substances, namely tar and pitch, non-metal bituminous materials, namely bituminous coatings for roofs, bitumen paper for construction, asphalt felt for construction, stone, other than raw and partly worked stone, namely wall stone, footing blocks, stone paving blocks, stone slabs, cement, namely alumina cement, portland blast-furnace slag cement, slag-lime cement, magnesia cement, filling cement, portland cement, cement sheets, lime, mortar, mortar compounds, plaster, non-metallic materials used in the construction of roads, gravel, bricks, chimney pots, hoods, covers and pots made of concrete and cement, monumental masonry, all made from mineral substances, namely magnesia cement, filling cement, cement blocks, refractory concrete, non-paint marking materials, namely road marking sheets and strips made of synthetic material, glass granules for marking roads, beacons, namely non-luminous concrete beacon towers, bollards, namely concrete bollards, road sign holders, namely non-metallic advertisement columns, composite binders made from bitumen emulsions and coatings, for the construction, maintenance, stabilization, rebuilding and renovation of roads, highways, railway tracks, paths, roadways, sidewalks, landing and parking areas, bicycle paths and playgrounds; construction aggregates, namely mineral pellets for use in construction, construction gravel; transportable buildings, not of metal, namely concrete structural beams, cement posts, wood partitions for construction, balusters; non-metallic coatings, non-metal linings, namely coatings made of concrete, asphalt, vinyl, ceramic, gravel, for floors, terraces, playgrounds, sports fields, alleys, yards, pool decks, parking lots; non-metal paving stones; non-metallic paving slabs; non-metal slabs for construction, namely concrete slabs; cement slabs; pavement coating materials, namely bitumen for roads; hydrocarbon products, namely tar, asphalt, pitch and bitumen.

Services

Class 37

Construction, repair, maintenance, reconditioning of and refurbishment of buildings, civil engineering structures, namely residential and commercial buildings, roofs, terraces and building facades, roads, paths and other roadways and traffic and road surfaces of a similar nature, namely road and highway pavements, sidewalks, railway tracks, automobile and airplane engines, bicycle paths, bike paths, highways, parking areas, airport runways, runways and airfields, decks, namely bridge decks for roads and railway tracks, alleys, playgrounds and parade grounds, exercise grounds, namely military training and exercise grounds, tennis courts and fields, and other similar

infrastructures and floor coverings in general, namely industrial and sports flooring, namely flooring for garages, for warehouses, industrial site floors, gymnasium, canal and earth works, and all public works, namely road and sidewalk maintenance; construction, soil management, repair and maintenance, namely industrial and sports flooring, namely floors for garages, for warehouses, industrial site floors, gymnasium, terraces, playgrounds, sports grounds, alleys, yards, pool decks, parking lots.

Claims

Priority Filing Date: February 10, 2017, Country or Office: FRANCE, Application No: 17/4337437 in association with the same kind of goods and in association with the same kind of services.

Registration will be subject to the provisions of Section 67(1) of the Trademarks Act, in view of Newfoundland Registration No 2373 in association with the same kind of goods and in association with the same kind of services.

Goods

Class 01

(1) Hydraulic oils

Class 04

(2) Mineral oils and greases for industrial purposes [not for fuel]; motor oil; non-mineral oils and greases for industrial purposes [not for fuel]; industrial lubricants; dust laying and absorbing compositions for use on unpaved roads; fuels and illuminants, namely, wood pellets for use as fuel, charcoal for use as fuel, methanol fuel, ethanol fuel, butanol fuel, diesel, gasoline, gas oil, crude oils, heavy oils, artificial petroleum, kerosene; methylated spirits for fuel [denaturated fuel alcohols]; benzine; gasoline fuels

Class 06

(3) Metal hardware, namely, metal bolts, metal hardware springs [not machine parts], metal valves for water pipes [not machine parts], pipe couplings made of metal, metal flanges, metal nameplates, metal cotter pins [hardware]

Class 07

(4) Metalworking machines and metalworking machine tools and their parts and fittings, namely, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear cutting and finishing machines, gear shaping machines and cutting machines for metalworking, crankshaft millers, rotary transfer machines and special purpose machines (SPMs), namely, gear cutting machines, gear grinding machines, broaching machines, lapping and honing machines and boring machines, industrial welding robots, and industrial handling robots; mining machines and apparatus, namely, mining drills, mine borers, mining drill bits, drills for the mining industry, and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; construction machines and apparatus, namely, bulldozers, road scrapers, excavators, power shovels, road rollers, paving machines, wheel loaders, and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; loading-unloading machines and apparatus, namely, cranes, conveyors, wheel loaders, and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; agricultural machines, namely, mowers, harvesters, combines, cultivators, seed planting machines, reaper machines, and agricultural implements other than hand-operated, namely, plows, hay balers, and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; machines and apparatus for forestry, namely, chain saws, band saws, tree stump cutters, crawlertracked loaders and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; gas filters for motors and engines; oil filters; air filters for motors and engines; oil filters for motors and engines; motors and engines used in industrial applications [not for land vehicles]; parts of motors and engines, namely, pistons, piston rings, connecting rods, cylinders, cylinder heads, valves, oil pumps, oil pans, radiators, fuel injectors, fuel pumps, air cleaners, intake manifolds, exhaust manifolds, exhaust pipes, mufflers, starters, alternators, ignition devices, spark plugs, belt; gas turbines for industrial machines [not for land vehicles]; transmissions for machines; machine elements [not for land vehicles] namely, shafts for construction machines, axles, spindles for construction machines, bearings, engine bearings, couplings, power transmissions and gearing, cams, cam sprockets, clutch mechanisms, reduction gears, speed change gears, hydraulic intensifiers, transmission belts [not for land vehicles]; waste compacting machines and apparatus and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; waste crushing machines and their parts and fittings, namely, undercarriages, crawler, grapple buckets and blades, cartridges for filtering machines, carrier rollers, hydraulic pressure hoses; rubber tracks being parts of crawlers on construction machines; bushings for use as parts of machines; camshafts for vehicle engines; crankshafts for vehicle engines; cams being parts of machines

Class 09

(5) Electronic machines and apparatus, namely, computers, computer terminals, industrial PCs, industrial computers for the control of manufacturing processes; electronic machines for remote monitoring systems, namely, electronic remote monitoring systems consisting primarily of computer hardware and software to remotely monitor the location and condition of metalworking machines, construction machines, loadingunloading machines, mining machines, agricultural machines, and forestry machines; wireless remote controls for starting and operating vehicles and for operating vehicle alarms; telecommunication machines and apparatus, and their parts and accessories, namely, telephones, smart phones, VOIP phones; computer software for use as a

spreadsheet, and for word processing; computer hardware; computer programs for data processing in the field of accounting; computer programs for processing data pertaining to the condition of metalworking machines, construction machines, loading/unloading machines, mining machines, agricultural machines and forestry machines; tablet computers, and their parts; tablet computer terminals to measure the operation status of machine tools and to collect the operation data of machine tools by installing to the machine tools, and their parts; electrical storage batteries, galvanic cells, photovoltaic cells; battery boxes; capacitors; general purpose batteries; automotive battery terminals; electric batteries for vehicles; battery chargers for battery vehicles, and their parts; LCD monitors; computer monitors; touchscreen monitors; tablet monitors; electroluminescent display panels; computer display monitors; electronic numeric displays, namely, light-emitting diode [LED] displays; electrical controllers for engines for land vehicles and parts therefor, namely, transmissions, pumps, motors and hydraulic cylinders; electrical charge controllers for protecting batteries from overcharging; electronic power controllers used to control power consumption; electronic speed controllers; pressure sensors; condensers, namely, capacitors; electrical capacitance boxes; computer software recorded with computer programs for electrical controlling devices, namely, computer operating software and software for controlling engines, transmissions, hydraulic pumps, and other components of metalworking machines, construction machines, loading-unloading machines, mining machines, agricultural machines, and forestry machines; electric connectors; electronic connectors for circuit boards; electric wires and cables; sensors [measurement apparatus], other than for medical use, namely, motion sensors, pressure sensors, proximity sensors, liquid level sensors, acceleration sensors; distance sensors; proximity sensors; temperature sensors; timing sensors; optical sensors

Class 12

(6) Driving motors and engines for land vehicles; drive gears for land vehicles; axles, automobile suspension spindles, railcar suspension spindles, roller bearings for motor vehicles, shaft couplings for land vehicles, wheel sprockets, clutch mechanisms and transmission belts, all of the aforementioned goods for land vehicles; transmissions for land vehicles; automobiles and parts and fittings, namely, rearview mirrors for land vehicles, mudguards for land vehicles, doors for land vehicles, bumpers for land vehicles, brakes for land vehicles, brake pads for land vehicles, tires for land vehicles, wheels for land vehicles, fuel tanks for land vehicles, seats for land vehicles, suspension systems for land vehicles, shock absorbers for land vehicles, luggage boxes for land vehicles, and fenders for land vehicles; dump trucks and parts and fittings, namely, tires, doors, door handles, handle bars, rims, chassis, rearview mirrors, side mirrors, glass windows, turn signals, and windshield wipers; tractors and parts and fittings, namely, tires, doors, door handles, handle bars, rims, chassis, rearview mirrors, side mirrors, glass windows, turn signals, and windshield wipers; trucks and parts and fittings, namely, tires, doors, door handles, handle bars, rims, chassis, rearview mirrors, side mirrors, glass windows, turn signals, and windshield wipers; fork lift trucks and parts and fittings, namely, tires, doors, door handles, handle bars, rims, chassis, rearview mirrors, side mirrors, glass windows, turn signals, and windshield wipers; non-electric prime movers, namely, locomotives not for land vehicles
