Trademarks Journal

2020-08-05 — Vol. 67 No. 3432

Trademarks Journal

Vol. 67 No. 3432

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Colour Claim

Colour is claimed as a feature of the trade-mark. The word GEOGUIDE is in white on a green background.

Goods

Class 09

(1) Digital notepads; computer programs for use in the development and creation of web-sites; video and computer games, adapted for use with television receivers only; personal stereos; blank videotapes, prerecorded videotapes; frames for photographic transparencies; contact lenses, optical lenses, spectacles (optics), spectacle cases, sunglasses, microscopes, binoculars, spectacle frames; digital personal stereos, telephones, portable telephones, video screens; cameras; photographic viewfinders; apps featuring computer games;

Class 16

(2) Posters; scrapbooks, advertisement sheets, calendars, catalogues, photographs; comics; bookbinding material; adhesives for stationery and household purposes; paint brushes; typewriters; printers' type printing blocks; paper; boxes of cardboard and paper; prospectuses; writing instruments; engravings and lithography works of art; paintings and pictures, framed and unframed; aquarelles; patterns for dressmaking; drawings; paper stationery; bags, envelopes and pouches, of paper and plastics, for packaging; photograph stands; paper table covers; silver paper; drawer liners of paper, perfumed or not; hygienic paper; luminous paper; papier mache; waxed paper; napkins of paper for removing make-up; table napkins of paper; face towels of paper; place mats of paper; bookmarkers;

Services

Class 35

(1) Rental of advertising space; public relations services; advice for business organization, management; economic forecasting; market research and studies; administrative management of computers; arranging newspaper subscriptions for others;

Class 38

(2) News agencies; sending of telegrams; videotext and teletext services, and document data transfer and conversion from one media to another; teleconferencing services; videoconferencing; video telephony services; electronic mail;

Class 41

(3) Videotape editing; videotaping;

Class 42

(4) Rental of computer software, computers, rental of access time to a computer system; maintenance of computer software, updating of computer software; design and development of computer software, services provided by graphic designers, namely creation, design and development of virtual and interactive images, creation, design and development and management of websites for others; hosting the websites of others; computer programming; duplication of computer programs; architecture; interior decoration; plastic arts designing.

Computers; computer hardware; computer storage devices, namely, blank flash drives; computer peripheral devices, namely data storage devices, namely, modems, servers, USB flash drives, hard disk drives, tape drives, flash memory cards; computer network cards, namely, computer interface network cards, and computer memory cards, namely, blank flash memory cards, secure digital (SD) memory cards, digital camera memory cards; computers and computer software for information document and data storage, backup and retrieval, namely, to access, retrieve, manage, and recover data stored on magnetic disk, magnetic tape drives, optical disc, solid state drives, hard disk drives, and USB flash drives; computer software for use in systems management, namely software for data protection, archive, duplication, resource management and searching; computer software for use in data storage management; computer software for use in storage area networks, namely computer software for facilitating communication between computer disc drives, computer tape drives and storage area networks, and computer software for creating and maintaining storage area networks; computer software and hardware for use in data communications, namely, for use in transport of electronic information and electronic files from one location in a computer network to another location in the same or different computer and

transmission of electronic messages, namely, email alerts, pager messages and other alerts, namely Simple Network Management Protocol (SNMP) trap alerts, command line alerts, Really Simple Syndication (RSS) feed alerts, console alerts, System Center Operations Manager (SCOM) alerts, and workflow alerts, to system administrators and other system users regarding system operations; computer software for backing up and restoring computer data; computer software for use in monitoring, planning and managing disaster recovery; computer software for use in removable storage media management, namely management of magnetic disks, magnetic tape drives, optical discs, external solid state drives, external hard disk drives, and USB flash drives; computer software for providing integrated computer database systems for managing enterprise level data and business intelligence information in the field of enterprise data and information management; computer software for use in electronically searching enterprise data; computer software for generating business reports from electronic databases; computer software for use in the central management of computers attached to a computer network; computer software for replicating and archiving files from one data store to another; computer software, namely, application development software and computer software used in developing other software applications, for use in the field of business data analysis; computer software for monitoring, analyzing, reporting and solving performance and data availability issues of application software, databases, computer networks, electronic data storage, computer hardware, and computer peripherals namely modems and storage devices, namely USB flash drives, hard disk drives, tape drives, flash memory cards and network cards in the fields of computer data storage, backup and retrieval, data protection, data replication, disaster recovery and performance management in data centers, data storage and data storage management and cloud computing; computer software for electronic data and storage management namely, to back-up, retrieve, recover, replicate, migrate, archive and manage cloud, mobile or network resources; publications in electronic form, on magnetic and optical computer-readable media or downloadable via computer, communication networks, and the Internet, namely, work books, quick reference guides, technical reference manuals, user manuals, and evaluation guides in the field of computers, computer software, computer peripherals, and computer networks; computer software to enable businesses and individual users to connect to and use a remote computer network, a remote computer and mobile devices, namely telephones, handheld computers and tablet computers; computer software to enable electronic communication among users of computers and mobile devices, namely telephones, handheld computers and tablet computers over wired and wireless electronic communication networks; computer software for cloud computing database management; computer software for use in uploading, transmitting, receiving, and downloading user-selected and user-generated digital text, digitized documents, electronic data, and image, audio, and video files via satellite networks, wireless networks, cable networks, cellular networks, and the Internet; computer software for data security management, and access, administration and management of computer applications in the field of cloud computing; downloadable computer software for use in data backup, data protection, data replication, and monitoring, planning and managing disaster recovery; downloadable computer software for use in monitoring computer performance, computer configuration, and change management for physical, virtual, cloud, and hybrid computer environments; downloadable computer software for data backup, data protection, data replication, disaster recovery and performance management in data centers, virtual machines, computer servers, network servers, Internet servers, and desktops; downloadable computer software for use in automation and monitoring of physical and virtual computers, and instruction manuals sold as a unit with the foregoing goods

Services**Class 41**

(1) Educational services; educational services, namely, arranging and conducting workshops, seminars, and training sessions in the fields of computer software, computer networks, computer data storage, and data storage management and distribution of course materials in connection therewith; provision of information and online databases regarding workshops, seminars and conferences in the fields of computer software, computer networks, computer data storage, and data storage management and distribution of course materials in connection therewith

Class 42

(2) Application service provider, namely, hosting, managing, developing, and maintaining applications, software, hardware and web sites; computer programming for others; computer consulting services in the fields of design, selection, implementation and use of computer software and hardware systems, computer data storage, backup and retrieval, data protection, data replication, and disaster recovery for others; consulting services in the field of cloud computing; computer software design for others; computer software development for others; computer software development in the field of mobile applications; developing and managing application software; remote or on-site monitoring of computer systems; computer monitoring services which track software performance and processes and send out historical reports and alerts, and providing back-up computer programs and facilities; integration of computer systems and networks; customized design and development of computer hardware and software for others; computer services, namely, cloud hosting provider services, namely cloud computing provider services for general storage of data; design, deployment and management of wireless computer networks and mobile device networks for others; providing electronic data storage services, namely providing to third parties electronic storage of digital text, electronic data, image, audio, and video files on a remote computer server; technical support, namely, providing computer back-up facilities, namely providing access to, and integration of, computer software for automated data warehousing, for the electronic storage of digital content, namely, images, text, audio files and video files; providing data management software and information via a website for others to download software documentation, information regarding technical issues, and company-produced informational materials, namely, technical specifications for data management, downloadable guides regarding best practices for data management, downloadable guides regarding data management software troubleshooting, and promotional materials regarding the company's business partners; technical consulting services in the fields of data center architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud, mobile or network resources; technical consulting services, namely, providing and managing a data center for others; providing temporary use of online non-downloadable computer software for use in data backup, data protection, data replication, and computer disaster recovery; providing temporary use of online non-downloadable computer software for use in monitoring computer performance, computer configuration, and change management for physical, virtual, cloud, and hybrid computer environments; providing temporary use of online non-downloadable computer software for data backup, data protection, data replication, computer disaster recovery and performance management in data centers, virtual machines, computer servers, network servers, Internet services, and desktops, and performance management of virtual computing environments; providing temporary use of online non-downloadable computer software for use in automation and monitoring of physical and virtual computers; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud resources

based on assigned credentials; computer services, namely, integration of private and public cloud computing environments; consulting services in the field of cloud computing technology, infrastructure-as-a-service (IAAS) cloud computing technology, software-as-a-service (SAAS) cloud computing technology, and platform-as-a-service (PAAS) cloud computing technology; providing virtual computer systems and virtual computer environments through cloud computing; application service provider (ASP), namely, hosting computer software applications of others; providing temporary use of on-line non-downloadable cloud computing software for use in creating web applications, electronic storage and backup of digital text, electronic data, image, audio, and video files on a remote computer server, database management, virtualization of computer software and hardware, computer networking, digital content collaboration between users; providing temporary use of on-line non-downloadable cloud computing software for providing remote access to computer systems, electronic devices, namely mobile telephones, handheld computers and tablet computers, software-as-a-service (SaaS) applications, and databases hosted on a remote network or server, and to global computer networks, wireless networks and electronic global computer networks; providing temporary use of on-line non-downloadable cloud computing software for remote support, namely remote provision of technical support in the form of troubleshooting of computer hardware and software problems; providing temporary use of on-line non-downloadable software for use in uploading, transmitting, receiving, and downloading user-selected and user-generated digital text, digitized documents, electronic data, and image, audio, and video files via satellite networks, wireless networks, cable networks, cellular networks, and the Internet; providing temporary use of on-line non-downloadable computer software for data security management, and access, administration and management of computer applications in the field of cloud computing; cloud computing services, namely, software for creation and distribution of computer applications in the field of cloud computing; computer services, namely, creating cloud-based indexes of information

Goods

Class 09

(1) Electronic key fobs and remote controls for operating vehicle alarms, being remote control apparatus for the remote control of vehicles for use in the fields of transportation and automobiles; food analysis apparatus namely, water quality analyzers; material testing instruments and machines namely, spectrum analyzers and metal chemical composition detectors; gas testing instruments, namely, gas gauges, gas meters, gas leak detectors; air analysis instruments for use in the fields of design and engineering, namely, air quality meters, particle counters, aerometers; precision measuring instruments namely, electronic and mechanical apparatuses for measuring the compression, strength, hardness, impact, tensile, thermal, electrical, viscosity, density, and combustion characteristics of industrial materials, namely, metals, rubbers, polymers, silicones and plastics and wood for use in the fields of design and engineering; cases especially made for photographic apparatus namely, cameras, 3D glasses, remote controls for led projectors for use in the field of consumer electronics and instruments; metal detectors for industrial or military purposes; navigational instruments for use in the field of aerospace, namely, gyroscopes, radar, directional compasses; electric installations, namely, electric control panels, for the remote control of industrial operations for use in the field of automation; aerometers; furniture especially made for laboratories; peripherals adapted for use with computers namely printers and scanners; notebook computers; laptop computers; ovens for laboratory use

Class 10

(2) Instruments containing eyepieces namely, optical and ophthalmic diagnostic instruments; pressure measuring apparatus namely blood pressure measuring instruments; surveying instruments for use in the medical field, namely, otoscopes, audioscopes, ophthalmoscopes

Services

Class 35

(1) Negotiation and conclusion of commercial transactions for third parties; price comparison services; public relations; professional business consultancy in the fields of 3D printing and computer aided design; commercial intermediation services-for third parties in the fields of 3D printing; providing business information in the fields of 3D printing and computer aided design; commercial information agencies in the fields of 3D printing and computer aided design; business management and organization consultancy; business appraisals; business inquiries in the fields of 3D printing and computer aided design; outsourcing of administrative services [business assistance] for third parties; marketing research in the fields of 3D printing and computer aided design; cost price analysis; provision of commercial and business contact information; providing business information via a web site in the fields of 3D printing and computer aided design; provision of an on-line marketplace for buyers and sellers of goods and services; promoting the sale of goods and services of others in the fields of 3D printing and computer aided design, through advertising, display, presentation and demonstration at point of sale or purchase

Class 40

(2) Sandblasting services; custom assembling of finished metal materials for others; surface abrasion services, namely, metal abraison; surface grinding services, namely, metal grinding; burnishing by abrasion for metal; millworking; laser scribing; welding services; electroplating; magnetization of items for use in the fields of 3D printing and computer aided design; metal tempering; metal treating; metal plating; metal casting; blacksmithing; optical glass grinding; glass-blowing; colour separation services; printing services namely 3D printing; engraving

Class 41

(3) Correspondence courses in the fields of 3D printing and computer aided design; instruction services fields of 3D printing and computer aided design; publication of electronic books and journals on-line; layout services for commercial service facilities, other than for advertising purposes; microfilming; photography; scriptwriting services; subtitling; dubbing; film production, other than advertising films; practical training [demonstration] in the fields of 3D printing and computer aided design; publication of books; coaching [training] in the fields of 3D printing and computer aided design; publication of texts, other than publicity texts in the fields of 3D printing and computer aided design; providing on-line electronic publications, not downloadable in the fields of 3D printing and computer aided design; arranging and conducting of colloquiums in the fields of 3D printing and computer aided design; arranging and conducting of workshops [training] in the fields of 3D printing and computer aided design; vocational education in the fields of design, engineering, and 3D printing; vocational guidance; arranging and conducting of workshops [training] in the fields of 3D printing and computer aided design

Class 42

(4) Technological consultancy in the fields of 3D printing and computer aided design; technical research in the fields of 3D printing and computer aided design; technical project studies in the fields of 3D printing and computer aided design; research and development of new products for others; mechanical research, namely research relating to mechanical engineering; scientific research in the design and development of new products namely, medical and scientific instruments for use in the fields 3D printing and computer aided design; quality control in the field of 3D printing; material testing; packaging design; industrial design; styling [industrial design] in the fields of 3D printing and computer aided design; information technology [IT] consultancy in the fields of 3D printing and computer aided design; outsource service providers in the field of information technology for use in the fields of 3D printing and computer aided design; conversion of data or documents from physical to electronic media; scientific laboratory services in the field of biotechnology; Mechanical engineering; physics [research] in the fields of 3D printing and

computer aided design; chemistry services, namely research in the fields of 3D printing and computer aided design; chemical analysis; calibration [measuring] namely, calibration of laboratory equipment

Class 01

(1) Chemicals used in industry and science, namely chemicals used for preparation, engineering, storage and analysis of organic compounds, biological compounds, proteins, peptides, engineered proteins and peptides, glycoproteins, antibodies, antigens, nucleic acids, saccharides, cells and microorganisms; unprocessed artificial resins; unprocessed plastics; fertilising preparations; chemical substances for fermenting and preserving food stuffs; tanning agents for use in the manufacture of leather; bacteria and cell preparations and elements, fragments, fractions and lysates thereof, except for medical or veterinary purposes, namely for use in protein production, food manufacturing, scientific research; preparations containing bacteria and cells, except for medical or veterinary purposes, namely, for use in protein production, food manufacturing, scientific research, waste water treatment; biological preparations for laboratories, except for medical or veterinary purposes, namely for use in bacterial and cell engineering, cultivation, harvesting, protein production; chemical preparations for analysis in laboratories, namely, preparations for analysis of proteins, peptides, engineered proteins and peptides, glycoproteins, glycosylation, antibodies or antigens, preparations comprising antibody reagents used for the detection of antigens; chemical preparations for scientific purposes, namely, preparations for preparation, engineering, storage or analysis of proteins, peptides, engineered proteins and peptides, glycoproteins, glycosylation, antibodies, antigens, nucleic acids, saccharides, cells and microorganisms; chemical and biological reagents in the nature of reagents for use in protein production, bacterial and cell engineering, cultivation and harvesting; in vitro diagnostic preparations, except for medical or veterinary purposes; enzymes, proteins and respective preparations for industrial purposes, namely engineered proteins, glycosylated proteins, antibodies, enzymes for use in glycosylation, enzyme substrates, proteins used in the manufacture of cosmetics, beverages, food products and food supplements; in vitro diagnostic reagents, other than for medical purposes, namely for use in biochemistry, clinical chemistry and microbiology; cultures of microorganisms and cells and elements, fragments, fractions and lysates thereof, other than for medical or veterinary purposes, namely for use in protein production, food manufacturing, scientific research; expression systems for proteins and peptides, particularly on the basis of cells,

particularly human cells and microorganisms, namely, expression systems for engineered or glycosylated proteins or peptides, expression systems with optimized glycosylation activity; milk ferments for chemical purposes.

Class 05

(2) Pharmaceutical and veterinary preparations, namely for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility; dietetic sugar for medical use; food for babies; materials for dressings, namely wound dressings, burn dressings, surgery dressings; materials for dental filling, namely fillings for teeth, and impression materials for dental purposes; preparations for destroying vermin; fungicides, herbicides; medicines for human and veterinary purposes, namely for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility; dietetic food adapted for medical purposes comprising enzymes, proteins, peptides, glycoproteins, antibodies, saccharides, cells, microorganisms for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases and for use in wound healing, formation of blood and tissue and treatment of infertility; enzymes, proteins, antibodies, cells, microorganisms as well as fragments, fractions, elements and lysates thereof for medical purposes for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility, and as nutritional additives in the manufacture of dietetic food adapted for medical purposes and dietary supplements for human consumption; vaccines for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases; carbohydrates for medical purposes, namely for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease,

Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility; medicinal drinks for improving the health and well-being, for strengthening the immune system and body's defences and for prophylaxis and treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility; microorganisms, cells and preparations containing elements, fragments, fractions and lysates of microorganisms or cells for medical and veterinary purposes for prophylaxis and treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility; biological therapeutics, namely therapeutics containing cells, microorganisms, proteins, glycoproteins, peptides, glycopeptides or modified or conjugated versions thereof for prophylaxis and treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases and for use in wound healing, formation of blood and tissue and treatment of infertility; milk ferments for pharmaceutical purposes, namely for prophylaxis or treatment of cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases, and for use in wound healing, formation of blood and tissue and treatment of infertility; nutrients for medical purposes for supporting the immune system and body's defences, and for preventing the occurrence of diseases, namely cancer, atherosclerosis, arthritis, inflammatory bowel diseases, dermatitis, systemic inflammatory response syndrome, encephalitis, meningitis, autoimmune diseases, allergies, cardiovascular diseases, herpes, hepatitis, AIDS, respiratory infections, gastrointestinal infection, sepsis, tuberculosis, malaria, measles, meningitis, influenza, poliomyelitis, Alzheimer's disease, Parkinson's disease, cerebral palsy, multiple sclerosis, amyotrophic lateral sclerosis, gastrointestinal diseases and infertility; sugar and carbohydrates for medical purposes, namely dietetic sugar, sugar replacements.

Services

Class 42

Scientific and technological services and research and designer services relating thereto, namely in the field of protein production, glycosylation, optimization of protein, antibody and enzyme activity, bacteria and cell engineering, cultivation and harvesting; industrial analysis and research services in the field of protein production, glycosylation, protein, antibody and enzyme activity, bacteria and cell engineering, cultivation and harvesting; design and development of computer

hardware and software; services of a chemical laboratory, services of a biological laboratory; technical surveys in the field of protein production, glycosylation, optimization of protein, antibody and enzyme activity, bacteria and cell engineering, cultivation and harvesting; preparation of scientific surveys in the field of protein production, glycosylation optimization of protein, antibody and enzyme activity, bacterial and cell engineering, cultivation and harvesting; research and development in the field of bacteriology, cytology, antibody technology, chemistry, immunology, cosmetics of expression systems, particularly for proteins and peptides; research and development of new products and technologies for others in the field of protein production, glycosylation, antibody and enzyme activity, bacteria and cell engineering, cultivation and harvesting; technical and scientific consultancy in the field of protein production, glycosylation, protein, antibody and enzyme activity, bacteria and cell engineering, cultivation and harvesting; research and development in the field of glycomics, expression systems, development and improvement of cells, cell lines and microorganisms, antibodyengineering, nutraceuticals, and nutritional supplements; research, quality control, consultancy and product development in the field of proteins, antibodies, microorganisms and cells; research and development in the field of microorganisms and cells; medical research laboratory services.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the wording "promed" in blue with a stylized design resembling two mountain peaks in blue above the letters "med".

Goods

Class 05

(1) All purpose disinfectants for chemical toilets; Plasters, materials for dressings; Materials for dressing Antiseptic cotton; Corn rings for the feet; Absorbent inserts for shoes; Compresses; all the aforementioned goods not being for ophthalmic purposes

Class 07

(2) Ultrasonic cleaning devices, namely devices for cleaning nail design tools, jewellery, metal objects, office requisites and stationery, sanitary articles, CDs and DVDs in an immersion bath using ultrasound waves; all the aforementioned goods not being for ophthalmic purposes

Class 08

(3) Nail nippers; Dust separators for use during manicures and pedicures; UV-lamps for use during manicures and pedicures; Foot pedals for manicure and pedicure devices; electric pedicure and manicure sets; hand tools for removing hardened skin; hand tools for exfoliating skin; foot file roller heads for removing hardening skin; foot file roller heads for exfoliating skin; depilation pads; depilation appliances; all the aforementioned goods not being for ophthalmic purposes

Class 09

(4) Personal weighing scales; Infant audio monitors; Pre-recorded diskettes, CDs and DVDs, audio cassettes and films featuring information in the field of general health and well-being, manicuring and beauty treatments; all the aforementioned goods not being for ophthalmic purposes

Class 10

(5) Pulse clocks; Electronic muscle stimulators; Electric acupuncture instruments; Heating pads; Electric blankets; Heated sheets for beds; Electrical foot-warmers; electric lice combs; Pads (pouches) for preventing pressure sores on patient bodies; Breast pumps; High frequency electric therapy apparatus; low frequency electric powered apparatus for the treatment of pain; static electric therapy apparatus; orthopedic articles, in particular orthopedic shoes and shoe inserts, ankle bandages, body bandages; Orthopedic stockings; Foot rollers, Massage apparatus, namely body massagers, electrically operated massagers, and foot massagers, massage chairs; high frequency electromagnetic therapy apparatus; low frequency electric therapy apparatus; Apparatus for providing radiotherapy to humans in the form of heat and light waves, namely infrared lamps, infrared radiator units for therapeutic purposes, and lamps for therapeutic purposes; all the aforementioned goods not being for ophthalmic purposes

Class 11

(6) Devices for purifying ambient air by means of fine particle filters and devices for dehumidifying ambient air, namely air purifiers and dehumidifiers for household purposes; Apparatus, namely, air humidifiers and purifiers; Appliances for bathing the feet; Electric devices for spa baths, namely portable electric foot baths; all the aforementioned goods not being for ophthalmic purposes

Class 14

(7) Alarm clocks; Light alarm clocks; all the aforementioned goods not being for ophthalmic purposes

Class 16

(8) Bags of paper and plastic; Printed publications in the fields of manicures and pedicures, soft tissue therapies, orthopedic shoes, personal fitness and wellness; all the aforementioned goods not being for ophthalmic purposes

Class 24

(9) Towels of textile; all the aforementioned goods not being for ophthalmic purposes

Services

Class 41

Audio editing; Electronic desktop publishing; Layout services for magazines; Conducting training courses in the use of cosmetic implements and medical instruments and apparatus, namely, body massagers, electrically operated massagers, and foot massagers, massage chairs, high frequency electromagnetic therapy apparatus, low frequency electric therapy apparatus, medical devices for dosimetry purposes in the field of radiotherapy, and in the fields of manicures and pedicures, soft tissue therapies, orthopedic shoes, personal fitness and wellness; all the aforementioned services not being for ophthalmic purposes

Services

Class 37

(1) Installation of lubrication and fueling systems, namely the installation of portable lubrication pumps, pumps for handling viscous materials, hose reels, grease fittings, control valves, fluid drains, and a comprehensive line of grease guns namely the battery-powered and air powered grease guns; Maintenance and repair services for heavy industrial equipment, namely the maintenance and repair of excavators, wheel loaders, articulate dump trucks, fuel trucks, lube trucks, grease trucks, oil trucks, off road fuel lube articulated combo trucks, conventional tanker trucks, lube and fuel modules, service trucks, boom trucks, bucket trucks, crane mats, screening and crusher buckets, cable reelers and pipe grapples; Maintenance and repair of industrial electrical instrumentation namely, the maintenance and repair of Pressure and temperature

transmitters; Maintenance and repair of volumetric and mass flowmeters; Maintenance and repair of level transmitters, namely devices for measuring and transmitting data related to lubricant and fuel levels in storage tanks and in lube & fuel modules; Maintenance and repair of gas analyzers and detectors; Maintenance and repair of pH, redox, and conductivity transmitters; Maintenance and repair of programmable logic controllers and variable speed drives; Millwright services, namely installation, dismantling, repair and reassembly of heavy industrial machinery and equipment, namely installation, dismantling, repair and reassembly of excavators, wheel loaders, articulate dump trucks, fuel trucks, lube trucks, grease trucks, oil trucks, off road fuel lube articulated combo trucks, conventional tanker trucks, lube and fuel modules, service trucks, boom trucks, bucket trucks, crane mats, screening and crusher buckets, cable reelers and pipe grapples; and Lubrication and fueling of heavy industrial equipment, namely the lubrication and fueling of excavators, wheel loaders, articulate dump trucks, fuel trucks, lube trucks, grease trucks, oil trucks, off road fuel lube articulated combo trucks, conventional tanker trucks, lube and fuel modules, service trucks, boom trucks, bucket trucks, crane mats, screening and crusher buckets, cable reelers and pipe grapples.

Class 39

(2) Heavy equipment rental, namely the rental of excavators, wheel loaders, articulate dump trucks, fuel trucks, lube trucks, grease trucks, oil trucks, off road fuel lube articulated combo trucks, conventional tanker trucks, lube and fuel modules, service trucks, boom trucks, bucket trucks, crane mats, screening and crusher buckets, cable reelers and pipe grapples; and Information concerning rental of heavy equipment namely information regarding the rental of excavators, wheel loaders, articulate dump trucks, fuel trucks, lube trucks, grease trucks, oil trucks, off road fuel lube articulated combo trucks, conventional tanker trucks, lube and fuel modules, service trucks, boom trucks, bucket trucks, crane mats, screening and crusher buckets, cable reelers and pipe grapples.

Class 42

(3) Design, planning and engineering of heavy industrial equipment namely, design, planning and engineering of excavators, wheel loaders, articulate dump trucks, fuel trucks, lube trucks, grease trucks, oil trucks, off road fuel lube articulated combo trucks, conventional tanker trucks, lube & fuel modules, service trucks, boom trucks, bucket trucks, crane mats, screening and crusher buckets, cable reelers and pipe grapples; and Design, planning and engineering of lubrication and fueling systems namely, the design, planning and engineering of portable lubrication pumps, pumps for handling viscous materials, hose reels, grease fittings, control valves, fluid drains, and a comprehensive line of grease guns namely battery-powered and air powered grease guns.

Class 09

(1) Software for optical character recognition and motion detection, comprised of light detection, proximity, air quality, humidity, temperature, motion, passive infra-red, optical, laser and infrared sensors, computer software for database management, data processing equipment hardware for home and building automation, namely optical character recognition apparatus, motion detectors and motion sensors, video surveillance cameras, infrared cameras, radars, video cameras, video monitors, baby monitors, audio/video cable connectors, used for elderly care, pet care, as well as car monitoring services and surveillance apparatus, namely electric and electronic video surveillance installations and cameras, security surveillance robots, biometric voice recognition systems, voice recognition software, biometric fingerprint scanners, retinal scanners for use in smart devices, computer chips for processing data and sending it to the internet/cloud, remote controls for light detection sensors, proximity sensors, air quality sensors, humidity sensors, temperature sensors, motion sensors, passive infra-red sensors, optical sensors, laser and infrared sensors, optical character recognition apparatus, motion detectors, video surveillance cameras, infrared cameras, radars, video cameras, video monitors, baby monitors, surveillance

apparatus, namely electric and electronic video surveillance installations and cameras, security surveillance robots, all of the above in the field of home and building automation

(2) Smoke alarms, fire alarms, wearable electronic devices, namely smart wristbands featuring display monitors, which can be connected to computers, laptops, tablets and smart phones via the Internet and wireless networks, electronic databases, all the aforementioned in the field of home and building automation

Services

Class 35

(1) Management and compilation of computerized databases in the field of home and building automation; computer database management in the field of home and building automation

(2) Advertising and business management consultancy, advertising on the Internet for others, business management and organization consulting, providing and rental of advertising space on the internet, all the aforementioned services in the field of home and building automation

Class 36

(3) Insurance, insurance underwriting services, all the aforementioned services in the field of home and building automation

Class 37

(4) Installation, maintenance and repair of computer hardware, laptops, tablets, smart phones, telecommunication instruments, namely change-over switches, electric capacitors, electric resistors, electrical transformers, microphones, indicator lights for telecommunication apparatus, all the aforementioned services in the field of home and building automation

(5) Installation, maintenance and repair of burglar alarm systems, all the aforementioned services in the field of home and building automation

Class 38

(6) Providing user access to global computer networks, video streaming of user generated video recordings via the Internet in the field of home and building automation, providing access to video recordings, namely user generated videos, via the Internet, all the aforementioned services in the field of home and building automation

(7) Providing access to electronic databases via the Internet, all the aforementioned services in the field of home and building automation

Class 42

(8) Software customization services, namely design and development of computer software, computer software consultancy, software installation, design, development and distribution of computer hardware and software, development and maintenance of databases, computer programming, updating and maintenance of data in computer databases, cloud computing provider services for general storage of data, audio and video recording services, providing computer software for use in uploading, downloading, editing, storing, distributing and sharing user generated video clips via global and local computer networks and via mobile devices, all the aforementioned services in the field of home and building automation

(9) Information technology consultancy in the fields of surveillance and home and business security services and home and building automation; cloud computing services, namely, cloud computing provider services for general storage of data, cloud computing providing software for database management and cloud computing video hosting web sites, all the aforementioned services in the field of home and building automation; development of electronic devices and

internet of things devices namely cameras, computer monitors, video recorders, optical character recognition apparatus, motion detectors and motion sensors, video surveillance cameras, infrared cameras, radars and electronic surveillance devices, biometric voice recognition systems, remote controls for video monitors, software for home and business monitoring devices, software for receiving and streaming video, software for controlling sensors and switches, remote controls for motion detectors, biometric fingerprint scanners and retinal scanners for use in smart devices, computer chips, and wearable electronic devices, namely wristbands, which can be connected to computers, laptops, tablets and smart phones by wireless technology

Class 45

(10) Licensing of computer software, monitoring of home and business security systems via a global computer network, all the aforementioned services in the field of home and building automation

(11) Computer licensing, licensing of intellectual property, all the aforementioned services in the field of home and building automation

Colour Claim

Colour is claimed as a feature of the trade-mark. The exterior square is blue. Inside the square, there are two semicircles. The left semicircle is white. The right semicircle is blue. The tip of the arrow on the right side inside the square is white.

Goods

Class 07

(1) Alternators for motor vehicles; cylinder blocks, namely cylinders for engines, cylinder heads for engines, cylinder for motors; generators of electricity; fuel injection systems for internal combustion engines; dynamos; fuel economizers for engines, namely, fuel and air mixture regulators being parts of internal combustion engines, engine fuel pumps, fuel injectors, self-regulating fuel pumps; fuel ignition devices for internal combustion engines; fuel injection devices for internal combustion engines; fuel injectors for internal combustion engines; air/fuel ratio regulators, namely, fuel and air mixture regulators being parts of internal combustion engines; fuel lines, namely, fuel injectors; fuel pumps, namely, engine fuel pumps, gas pumps; glow plugs for diesel engines; igniting mechanisms for internal combustion engines; igniting magnetos for engines; igniting equipment for internal combustion engines; mechanical devices for regulating and controlling injectors for

engines, namely, self-regulating fuel pumps; motors and engines, excluding those for land vehicles, namely, direct current motors, electric motors for machines, engines and motors for the generation of electricity, motors and engines used in industrial applications; throttle bodies;; pressure regulators, namely, fuel and air mixture regulators being parts of internal combustion engines; pressure control valves; belt starter generators, namely belt driven starter generator; electric compressors; energy/exhaust heat recovery electric turbine; fuel cell blower; fuel cell propulsion devices; ignition coils; electric and electronic components and equipment for injection and ignition systems for vehicle engines and motors, namely, fuel injection and ignition systems for engines; starters for engines with transmission belts for land vehicles; integrated starters for engines with transmission belts for land vehicles.

Class 09

(2) Electric Transformers, electric coils, electric filters, namely, filters for radio interference suppression, filters for television screens, electric and electronic components, namely, electronic components for integrated circuit cards, electric fuses, electric resistors, capacitors; electric accumulators for vehicles; inspection devices for car industry, namely, battery testers; battery unit, namely, battery boxes, battery cases; chargers for electric batteries; electric converters; direct current converters; electronic control unit for engine controls; electronic control tools for engines, namely, cruise controls for motor vehicles; electronic dosage control unit for fuel injected into engines; testing devices for internal combustion engines, namely motor vehicle combustion engines testing machines; solar batteries; solenoid valves; electromagnetic switches; energy inverter, namely, AC to DC inverters, inverters for power supply; integrated power electronic unit, namely, electrical power distribution blocks; dc/dc converter; booster cables; automotive battery charger; supplementary power unit namely, electric batteries for powering electric vehicles; wireless recharge systems, namely, charging stations for electric vehicles; power distribution unit, namely, distribution boxes for electrical power; automotive batteries; electronic converter for fuel cell; electronic control unit for fuel cell; fuel cell backup power unit; monitor for fuel cell; fuel cell battery charger; electric turbo-compound for use in turbo engines in vehicles; kinetic energy recovery system (KERS), namely, automotive system for recovering a moving motor vehicle's kinetic energy under braking; flywheel energy accumulation system, for use as rechargeable energy storage system in vehicles; super-capacitors energy accumulation system, for use as rechargeable energy storage system in hybrid and/or electric vehicles; battery management system, namely, battery plates, electric accumulators for vehicles; fuel cell power range extender for electric batteries on vehicles; fuel cell power range extender for electric batteries for powering electric vehicles ; fuel cell system, namely, fuel cells, electronic conductors for fuel cells; fuel cell generator; interface boards for electrical vehicles; reactor for producing pure hydrogen from hydrocarbons and water; reactor for production of hydrogen; integrated mechanical and electronical control panels.

Class 12

(3) Vehicles, namely, automobiles; electric vehicles, namely, electrically powered buses, electric cars; motors and engines for land vehicles; electric motors for motor vehicles; hydraulic circuits for vehicles; axles, namely, drive shafts, axles and cardan shafts for motor vehicles to transmit speed and torque; electric front axle for land vehicles; electric rear axle for land vehicles; electrical four-wheel-drive system; power transmissions for motor vehicles; electric motors for vehicles integrated in wheels; electric traction machines, namely, traction engines.

Class 17

(4) Polymer electrolyte membrane for use as proton; proton exchange membrane for use in fuel cells.

Services**Class 42**

Engineering advice, namely, mechanical engineering, electromechanical engineering, electric engineering, electronic engineering services; technology, namely, providing technology information in the automotive industry; consultancy, namely, consultancy in the field of software design; engineering services, namely, mechanical engineering, electromechanical engineering, electric engineering, electronic engineering services; technical project planning, namely, technical consulting in the field of pollution detection; product design and development, namely, aircraft design, architectural design, design and development of electronic devices, namely, computer hardware design, computer system design, design of integrated circuits, design of product appearance; design of industrial products; technical design, namely, design and development of computer software for automotive applications, namely control applications for motor or engine control, testing applications for automotive performance testing apparatus and for automotive performance testing devices, data analysis applications for material analysis; laboratory analysis, namely, laboratory testing of materials, laboratory research in the field of chemistry; product design analysis and assessment; inspection services of materials and equipment related to the automotive field; carrying out industrial tests, namely, testing of filters, material testing; technical assessments, for vehicles ; product research and development; analysis of materials, namely, advanced materials, smart materials, namely, alloys and phase change materials (PCM) for thermal management purposes in the automotive field; laboratory analysis, namely, chemical analysis; technical assessments, namely, assessment and evaluation of inventions.

(5) Yoga mats

Class 28

(6) Gymnastic and sporting articles, namely gymnastic training stools, exercise balls, exercise weights; decorations for Christmas trees; Amusement machines, automatic and coin-operated; Apparatus for games, namely arcade game machines, computer game consoles; Appliances for gymnastics, namely balance beams, parallel bars and horizontal bars for gymnastics, rhythmic gymnastic hoops; Arcade video game machines; Ascenders [mountaineering equipment]; Backgammon games; Bags especially designed for skis and surfboards; Balls for games, namely golf balls, baseball balls, soccer balls, basketball balls, sports balls; Bar-bells; Baseball gloves; Batting gloves [accessories for games]; Bells for Christmas trees; Billiard balls; Billiard cue tips; Billiard cues; Billiard markers; Billiard table cushions; Billiard tables; Bingo cards; Bite indicators [fishing tackle]; Bite sensors [fishing tackle]; Bladders of balls for games; Board games; Bobsleighs; Body boards; Body-building apparatus, namely bar-bells and dumb-bells for weight lifting, weight lifting machines, weightlifting benches; Bowling apparatus and machinery, namely bowling ball deflectors, bowling ball returns, bowling pinsetters; Bows for archery; Boxing gloves; Toy blocks; Building games; Butterfly nets; Camouflage screens [sports articles]; Candle holders for Christmas trees; Toy gun caps; Chalk for billiard cues; Checkerboards; Checkers [games]; Chess games; Chessboards; Chips for gambling; Christmas tree stands; Christmas trees of synthetic material; Clay pigeon traps; Clay pigeons [targets]; Climbers' harness; Coin-operated billiard tables; Confetti; Conjuring apparatus, namely magician tables; Controllers for game consoles; Cosaques [toy fireworks]; Counters [discs] for games; Creels [fishing traps]; Cricket bags; Cups for dice; Darts; Detonating caps for toy guns; Dice; Discuses for sports; golf divot repair tools; Dolls; Dolls' beds; Dolls' clothes; Dolls' feeding bottles; Dolls' houses; Dolls' rooms; Dominoes; Edges of skis; Elbow guards for sports use; Electronic archery targets; Exercisers, namely chest expanders; Fairground ride apparatus, namely amusement park rides; Fencing gloves; Fencing masks; Fencing weapons; Fish hooks; Fishing tackle; Flippers for swimming; Floats for fishing; Flying discs [toys]; Gaming machines for gambling; Gloves for games, namely baseball gloves, golf gloves, hockey gloves, soccer goalkeepers' gloves; Golf bags, with or without wheels; Golf clubs; Golf gloves; Gut for fishing; Gut for rackets; Hang gliders; Harness for sailboards; Harpoon guns; Hockey sticks; Horseshoe games; Hunting game calls; Ice skates; In-line roller skates; Jigsaw puzzles; Kaleidoscopes; Kite reels; Kites; Knee guards for sports use; Landing nets for anglers; Lines for fishing; Lures for hunting or fishing; Machines for physical exercises, namely rowing exercise machines, stationary bicycles and rollers; Mah-jong; Marbles

for games; Masts for sailboards; Men's athletic supporters [sports articles]; crib mobiles; Nets for sports; Ninepins; Novelties for parties, dances, namely party balloons, party favor hats, party favours; Ornaments for Christmas trees, except illumination articles and confectionery; Pachinkos; Paintball guns [sports apparatus]; Paintballs [ammunition for paintball guns] [sports apparatus]; Paper party hats; Paragliders; Parlor games; Piñatas; Play balloons; Playing balls; Playing cards; Plush toys; Poles for pole vaulting; Portable games with liquid crystal displays; Practical jokes [novelties], namely novelty masks, inflatable thin rubber toys; Protective paddings for athletic use, namely elbow pads, knee pads, shoulder pads; Punching bags; Puppets; Quoits; Rackets, namely tennis rackets, badminton rackets, racquetball rackets, squash rackets, table tennis rackets; Radio-controlled toy vehicles; Rattles [playthings]; Reels for fishing; Ring games, namely action skill games; Rocking horses; Rods for fishing; Roller skates; Rollers for stationary exercise bicycles; Rosin used by athletes; Roulette wheels; Sailboards; Scale model kits [toys], namely scale model vehicles; Scent lures for hunting or fishing; Scooters [toys]; Scratch cards for playing lottery games; Seal skins, namely ski covers; Shin guards for sports use; Shuttlecocks; Skateboards; Skating boots with skates attached; Ski bindings; Skis, namely snow skis, water skis; Skittles; Sleighs [sports articles]; Slides [playthings]; Sling shots [sports articles]; Slot machines [gaming machines]; Snow globes; Snowboards; Snowshoes; Soap bubbles [toys]; Sole coverings for skis; Spinning tops [toys]; Spring boards [sports articles]; Starting blocks for sports; Stationary exercise bicycles; Strings for rackets; Stuffed toys; Surf boards; Surf skis; Surfboard leashes; Swimming belts; Swimming jackets; Swimming kick boards; Swimming pools play articles, namely beach toys; Swings; Tables for indoor football; Tables for table tennis; Targets for archery; Teddy bears; Tennis ball throwing apparatus; Tennis nets; Theatrical masks; Toy masks; Toy pistols; Toy vehicles; Toys for domestic pets; Trampolines; Twirling batons; Video game machines; Water wings; Waterskis; Weight lifting belts [sports articles];

Services

Class 38

(1) Telecommunications, namely fixed and mobile telephone services, local and long distance telephone services, telecommunication bundle services that allow customers to reach cellular phones, voicemail and call routing between wireline and wireless phones and voicemail boxes; satellite transmission, namely satellite television and radio broadcasting; aeronautical telecommunication services, namely mobile telephone communication; audio broadcasting, namely radio broadcasting; data transfer, namely providing email services; providing telecommunications connections to a global communication network or databases, namely providing multiple user access to a computer network; transmission of digital information, namely providing e-mail services; transmission of encrypted communications, namely providing secure e-mail services; transmission of emergency signals, namely satellite telephone transmission; transmission of encoded messages, namely providing secure e-mail services; satellite transmission of data, messages, signals, sounds and images, namely providing e-mail services, telephone services and text messaging services; sending of electronic messages, namely providing secure electronic mail services;

Class 39

(2) Transport, namely passenger air transport, air transportation of goods; packaging and storage of goods, namely merchandise packaging, packaging of articles for transportation, and warehouse storage services; travel arrangement; freight transportation services, air transportation of passengers; arranging and organisation of travel; passenger air transport; arranging and booking of travel; booking of tickets for travel; booking of transport, namely booking of seats for travel; booking of travel services; arranging and organisation of flights; airline services, namely sale of

airline tickets; launching of spacecraft; arranging and organisation of travel tours and cruises; package holiday and travel agency services, namely travel and tour ticket reservation services; flight arrangement services; providing information about transport services; launching of satellites for others; luxury holidays, namely arranging of luxury travel tours; airship travel, namely transportation of goods and passengers by air; reservation and sale of tickets for flight, space flights; arranging of space travel on behalf of others; space travel and space transportation of passengers; space travel passenger transportation services; luggage check in for space travel; international documentation services, namely arranging for travel visas, passports and travel documents for persons travelling abroad, boarding pass services;

Class 45

(3) Pre-flight security check-in services, namely airport baggage security inspection services, airport security services.

Class 09

computer hardware and software system for use in vehicle fleet management that integrates a global navigation satellite system (gnss) with wireless transmitters and receivers and is used to track, locate and monitor vehicles and mobile assets, namely, shipping containers, trailers, mobile generators and construction equipment; computer programs, namely, downloadable computer software having a map-based location and management system for use by vehicle fleet operators for use in tracking vehicles and mobile assets, namely, shipping containers, trailers, mobile generators and construction equipment, communicating with remote mobile data terminals, extracting engine diagnostic data, and integrating with third party computer systems; computer software for accessing vehicle subsystem data from vehicle on-board diagnostic devices for monitoring engine performance, fuel efficiency and driving behavior, and to permit remote diagnostics; downloadable computer software used for transmitting location, usage and diagnostic data from gps-enabled tracking and locator devices based in vehicles and other mobile assets, namely, Pshipping containers, trailers, mobile generators and construction equipment to a computer server that is accessed via a web portal interface and via mobile communication devices, namely, smart phones, tablets, and computers; downloadable computer software for use in tracking and monitoring driver hours of service, driver vehicle inspection reports and text and voice communications between drivers and dispatchers for the purposes of fleet management and driver compliance tracking; vehicle on-board diagnostic devices for capturing engine diagnostic data; vehicle telematics and engine data monitoring devices that connect to a vehicle's diagnostic system to detect and record vehicle speed, engine RPMs, oil pressure, seatbelt use, time spent idling, fuel levels, ignition timeouts, airbag operation, excessive braking, engine oil temperature, headlights, warning lights, parking brake data, cruise control data, transmission fluid levels and the number of times a driver places a vehicle in reverse; driver monitoring and feedback devices comprised of electronic sensors, memory, storage, and alarms, to detect and record driver activity and driver and passenger seatbelt usage, to maintain driver logs, driver risk and safety reports, driver ratings, driver dispatching, and hours of service compliance, to generate audible alerts to notify drivers of unsafe or potentially risky driving events, and to generate audible vehicle in-reverse alerts; vehicle positioning and movement tracking devices comprising global positioning

system transmitters and receivers; vehicle tracking, locator and recovery device comprised of cellular radio modules, computer software, computer hardware, sensors, transmitters, receivers and global positioning satellite receivers programmed to use a global navigation satellite system (gnss) with wireless communication networks all for use in tracking, monitoring, transmitting and analyzing vehicle usage, operation, location and diagnostic data and information; telematics apparatus, namely, wireless Internet-enabled devices in the nature of on-board computers, GPS receivers and GPS transmitters that provide telematics services

Services

Class 37

(1) customizing computer hardware systems for others for use in vehicle fleet management

Class 39

(2) GPS navigation services used in vehicles to track vehicle position and movement, engine data, detect and record vehicle speed, engine RPMs, oil pressure, time spent idling, fuel levels, ignition timeouts, airbag operation, excessive braking, engine oil temperature, headlights, warning lights, parking brake data, cruise control data, transmission fluid levels and the number of times a driver places a vehicle in reverse, driver monitoring and feedback, alarms to detect and record driver activity and driver and passenger seatbelt usage, driver ratings, driver dispatching, and hours of service compliance and used to generate audible alerts to notify drivers of unsafe or potentially risky driving events, and to generate audible vehicle in-reverse alerts

Class 41

(3) training services in the field of computer hardware and software systems

Class 42

(4) software as a service (saas) featuring software used as an online map-based location and management system for fleet operators for tracking vehicles and mobile assets, namely, shipping containers, trailers, mobile generators and construction equipment, communicating with remote mobile data terminals, extracting engine diagnostic data, and integrating with third party computer systems; software as a services (saas) featuring software for accessing vehicle subsystem data from vehicle on-board diagnostic devices for monitoring engine performance, fuel efficiency and driving behavior, and to permit remote diagnostics; software as a service (saas) featuring software that allows transmission of location, usage and diagnostic data from gps-enabled tracking and locator devices based in vehicles and mobile assets, namely, shipping containers, trailers, mobile generators and construction equipment to a computer server for access via a web portal interface and via mobile communication devices, namely, smart phones, tablets, and computers; software as a service (saas) featuring software for use in monitoring driver hours of service, vehicle driver inspection reports and text and voice communications between drivers and dispatchers for the purposes of vehicle fleet management and driver compliance tracking; providing temporary use of non-downloadable software that enables users to access vehicle usage, operation, location and diagnostic information, and text and voice communications between drivers and dispatchers via a website; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; technological planning and consulting services in the field of computer hardware systems for vehicle fleet management and vehicle telematics technology; developing and customizing computer software for others; design and development of computer hardware for others; developing and customizing computer software systems for others for vehicle fleet management; technical support services, namely, troubleshooting of computer hardware and software problems

Build smart.

Colour Claim

Colour is claimed as a feature of the trademark. The roof is white, the background above the roof and the triangle underneath the roof are red, the word 'ubbink' is black, and the words 'Build smart.' are red.

Goods

Class 06

(1) Metal flue gas ducts and ventilating ducts; metal vents and ventilators for roofing and for residential, industrial and commercial use; metal flue gas exhaust or vent pipes; metal combustion air intake pipes; metal pipe bends for flue gas discharge conducts and combustion air pipes; metal pipes for flue gas discharge conducts and combustion air conducts; metal pipe adaptors for flue gas discharge conducts; metal wall discharge terminals for flue gas; metal horizontal discharge terminals; metal roof discharge terminals for flue gas; metal vertical discharge terminals for flue gas.

Class 07

(2) solar energy installation systems for generating electricity consisting of solar panels for the production of electricity.

Class 09

(3) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, namely insulated copper wire, electric switches, electric transformers, electric accumulators, voltage regulators for electric power, electricity conduits, electricity limiters, electricity distribution consoles; solar cells, solar panels for the production of electricity; solar cells, electronic sensors for measuring solar radiation; solar collectors used for generating energy, controlling systems for solar energy, namely electric control panels, electrical controllers, power controllers.

Class 11

(4) Venting apparatus for heating and water heating systems and exhaust gas and combustion-air apparatus, namely, non-metal vents and ventilators for roofing and for residential, industrial and commercial use; nonmetal pipes for heating and water heating systems; Venting apparatus for heating and water heating systems and exhaust gas and combustion-air apparatus, namely, non-metal flue gas exhaust or vent pipes.

Class 17

(5) Rubber, namely natural rubber, raw and semi-worked rubber; gutta-percha; raw and semi-worked gum; asbestos; mica; packing, stopping and insulating materials, namely insulation jackets for pipes & caulking; flexible pipes, not of metal, for plumbing purposes, conveying natural gas;

Class 19

(6) Non-metal weatherproofing membranes and foils for sealing, insulating, ventilating and protecting building construction; non-metal weatherproofing sealing profiles for buildings; non-metal weatherproofing profiles for building construction; non-metal combustion air intake pipes; non-metal pipe bends for flue gas discharge conduits and combustion air pipes; non-metal pipes for flue gas discharge conduits and combustion air conduits; non-metal pipe adaptors for flue gas discharge conduits; non-metal wall discharge terminals for flue gas; non-metal horizontal discharge terminals; non-metal roof discharge terminals for flue gas; non-metal vertical discharge terminals for flue gas; non-metal flue gas ducts and ventilating ducts; nonmetal roof flashing for flue gas discharge terminals; roof flashings comprised primarily of non-metal material, namely, bitumes; non-metal roof tiles.

Services**Class 37**

(1) Building construction services; construction and repair of buildings.

Class 42

(2) Scientific and technological services and research and design relating thereto, namely, scientific research in the field of materials, products, apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, solar cells, solar panels for the production of electricity, solar collectors used for generating energy, controlling systems for solar energy, solar energy installation systems for generating electricity, venting apparatus for heating, water heating systems, exhaust gas and combustion-air apparatus and accessories of all the aforementioned goods; scientific and technological services and research and design relating thereto, namely, product development, design and testing for new product development for others; industrial analysis services, namely, material testing, product testing, product safety testing and industrial research services in the field of apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, solar cells, solar panels for the production of electricity, solar collectors used for generating energy, controlling

systems for solar energy, solar energy installation systems for generating electricity, venting apparatus for heating, water heating systems, exhaust gas and combustion-air apparatus and accessories of all the aforementioned; construction planning.

Goods

Class 01

(13) Granular absorbent clay-based composition for absorbing spills from floors

Class 02

(1) Anticorrosive paints, chemicalproof paints, fireproof paints

Class 04

(2) Construction equipment, agricultural equipment and automotive greases, general purpose greases; industrial grease; all-purpose lubricants, automotive lubricants; drilling lubricants; industrial lubricants

Class 05

(3) First aid kits

Class 06

(4) Metal hardware, namely, white metal bolts, bolts, nuts, washers; steel bolts; hydraulic connectors namely metal hose connectors for use with hydraulic and pneumatic systems; bolts and bushings; nuts and bolts; Metal latches and safety catches of metal

Class 07

(5) Parts and accessories in the nature of engine motors, transmission, drivelines, cabs, undercarriage all for power-operated agricultural equipment, namely, combines, balers, harvesters, windrowers, plows, tillers, grain drills, mower conditioners, mowers, rakes, planters, cultivators, harrows, loaders, grinder-mixers, manure and fertilizer distributors and spreaders; parts being fuel catalysts for diesel engines for agricultural machinery; parts being diesel and gas engines for equipment for use in construction, material handling, earth moving and forestry machines, namely, backhoes, bulldozers, cable layers, trenchers, fork lifts, excavators, and wheel loaders, tractor backhoe loaders, skid steer loaders and compact track loaders; vehicle and machine engine parts,

namely, engine block, crankshaft, connecting rod, piston, oil pan, gaskets, cylinder head, fuel injector, fuel lines, intake manifold, exhaust manifold, water pump, starter, alternator, air conditioning compressor, seal, and bearing; parts for transmissions for machinery, namely, gears, oil pan, gaskets, bands, pump, drive shaft, spline shafts, seals, bearings, and harmonic balancer; mechanical engine parts for tractors, namely, engine block, crankshaft, connecting rod, piston, oil pan, gaskets, head, fuel injector, fuel lines, intake manifold, exhaust manifold, water pump, starter, alternator, air conditioning compressor, carburetor, spark plug, rotor, rotor cap, distributor, harmonic balancer, flywheel, seal, and bearing; parts for diesel engines for tractors, namely, engine block, crankshaft, connecting rod, sleeves, piston, oil pan, gaskets, head, fuel injector, fuel lines, intake manifold, exhaust manifold, water pump, starter, alternator, air conditioning compressor, carburetor, spark plug, rotor, rotor cap, distributor, harmonic balancer, flywheel, seal, and bearing; agricultural vehicle and machine parts, namely, engine bearings, seals for crankshaft seals, rear main seals, manifold gaskets, cylinder head gaskets, main bearing gaskets, take off shaft seals, camshaft gaskets, radiator for motors and engines, draw bars, lift arms, connecting rods for machines, motors and engines, pittman arm, tracks, roller bearings, and track guides for undercarriage of bull dozers, excavators, compact track loaders; construction machine and vehicle parts, namely, engine bearings, seals for crankshaft seals, rear main seals, manifold gaskets, cylinder head gaskets, main bearing gaskets, take off shaft seals, camshaft gaskets, radiator for motors and engines, draw bars, lift arms, connecting rods for machines, motors and engines, pittman arm, tracks, machine parts, namely, roller bearings, and guides for undercarriage of bull dozers, excavators, compact track loaders; lawn and garden machine parts, namely, engine bearings, seals for crankshaft seals, rear main seals, manifold gaskets, cylinder head gaskets, main bearing gaskets, take off shaft seals, camshaft gaskets, radiator for motors and engines, draw bars, lift arms, connecting rods for machines, motors and engines, pittman arm, agricultural vehicle blades, chaff cutter blades, lawn mower blades; agricultural machine and construction machine parts, namely, drive belts and belts for drive shaft; earth augers, grain augers; mower deck, hydrostatic transmissions for machines, transmissions for machines, power take-off, and decks for mowing decks for cutting grass, forage, or other foliage; specially adapted parts for agricultural plows and road grading and construction machinery in the nature of bucket teeth; tractor-towed agricultural instruments, namely, pallet fork lifters; agricultural machines, namely, tillage and seeder machine parts, being points, tiger points, harrow blades, harrow bearings, sweeps, tines, rakes; machine parts, namely, bearings; mechanical seals; rubber tracks being parts of excavating machines; starters for motors and engines, alternators for motor vehicles, starter alternators, starters for electric generators; power tools, namely, drills, impact wrenches, reciprocating saws; direct current motors, electric motors for machines, agricultural machine motors; machine couplings and transmission components (except for land vehicles); current generators, electric generators, electric power generators, generators for motor vehicles; anti-pollution catalytic converters for motors and engines; air filters for engines, air filters for motors, gas filters for engines, gas filters for motors, oil filters for engines; impact wrenches; hydraulic motors for excavators; engine bearings crankshaft; roller track adjustment machine tools

Class 08

(6) Shop hand tools, namely, wrenches, hammers, screw drivers, pullers; roller track adjustment hand tools

Class 09

(7) Autoguidance computer software, computer hardware and receiver systems for monitoring, tracking and guiding industrial, construction and agricultural equipment and vehicles, Battery cable and connectors, automotive, agricultural, industrial, construction vehicles and equipment battery chargers, camera batter chargers, electrical plug device enabling connection and disconnection of

power and control cables in the nature of electrical outlets, Cameras, Connectors electrical, control units and modules for regulating start-up electrical motors, electrical components general in the nature of electric contactors, electrical components starting in the nature of controls for regulating start-up electrical motors, electronics general in the nature of electronic circuits, engine kits in the form of software for operating engines, optical filters, hydraulic adapters for use with hydraulic and pneumatic systems, Computer monitors; LCD monitors, precision software for monitoring the operation of hydraulic motors, radios, radios for agricultural, industrial, construction vehicles and equipment, Radios; safety apparel for protection against accidents, namely, safety vests, jackets, shirts, neck shades, hats and pants; fuel level sensor; electrical controllers and switches

Class 11

(8) Lighting, namely, vehicle headlights, tail lights for vehicles, trailer lights for use in general machinery replacement and application, LED work lights for construction settings; agricultural vehicle parts, namely, tail lights, head lights; construction vehicle parts, namely, tail lights, head lights; lawn and garden vehicle parts, namely, tail lights, head lights; radiator caps; cab lighting

Class 12

(9) Structural parts for tractors; trailering and towing parts for vehicles, namely, hitches, trailer balls covers, receiver, safety chains, hooks, fifth wheel hitch, and gooseneck hitch; all terrain vehicles (ATVs), utility terrain vehicles (UTVs) and power sport vehicle parts, namely, wheels, tires, seats, bumpers, and cargo and cargo carriers and roof racks to transport materials and goods off-road; trailer hitches; brake components for vehicles in the nature of brake shoes, brake wheel cylinders, backing plates, brake lines, and springs; tires; undercarriage components for land vehicles, namely, excavators, compact track loaders, mini excavators, articulating AG tractors, AG tractors, utility terrain vehicles (UTVs), all terrain vehicles (ATVs); agricultural vehicle parts, namely, seats, fenders, cab parts being rear outer and inner window panels, seal panels, front cab mount pads, front cab mount bolts and rear cab mount bushings, steering wheel, ball joints, tires, wheels, steering arm, pedals, knobs for steering wheel, door, shifters, brake air valve, parking brake, hood for agricultural vehicles, vehicle cab floorboard and undercarriage parts being track chain and linkage; roller bearings for motor vehicles, roller bearing carriers, wheel sprockets, idler wheel; grousers; construction vehicle parts, namely, seats, fenders, cab parts being gas hinges, mechanical struts, door handles, sun visors, headliners in the nature of interior cab trim, trim, weather stripping, glass windows, mirrors, wipers, wiper motors, knobs for steering wheel, door, shifters, brake air valve, parking brake, steering wheel, ball joints, tires, wheels, steering arm, pedals, vehicle cab floorboard and undercarriage parts being track chain and linkage, grousers; lawn and garden land vehicle parts, namely, seats, fenders, cab parts being gas hinges, mechanical struts, latches, catches and door handles, sun visors, headliners, trim, weather stripping, glass windows, mirrors, wipers, wiper motors, steering wheel, ball joints, tires, wheels, steering arm, pedals, knobs for steering wheel, door, shifters, brake air valve, parking brake, hood for lawn and garden vehicles; land vehicle parts, namely, drive belts, vehicle cab floorboard and undercarriage parts being track chain and linkage, grousers; parts for transmissions for land vehicles, namely, shafts, gears, tubes, valves, u-joints, cvjoints, differentials, thrust washers, housings, gearboxes; cross and bearing kits, yokes, bearings, clutch discs and plates; gear levers; land transportation vehicle parts, namely, drive belts and belts for drive shaft

Class 17

(10) Duct tape, reflective tape for use for safety stripping on tractors and construction equipment, adhesive tape for general commercial shop use; radiator hose; hydraulic hose bulk made of rubber, plastic hydraulic hose protectors; rubber hydraulic tubing bulk

Class 19

(11) Granular absorbent clay-based composition for absorbing spills from floors

Class 27

(12) Agricultural vehicle parts, namely, floorboard mats; construction vehicle parts, namely, floorboard mats; lawn and garden vehicle parts, namely, floorboard mats; floor mats

Goods

Class 03

(1) bath additives; bath herbs; bath oils; bath oils for cosmetic purposes; beauty care cosmetics; beauty creams for body care; beauty gels; beauty lotions; body and beauty care cosmetics; body creams; body oils; cosmetic creams; cosmetic oils; cosmetics and make-up; face and body lotions; face and body milk; face lotion; hair care preparations; hair styling preparations; hand cream; hand lotions; lip care preparations; lip conditioners; lip glosses; liquid soaps; massage creams; massage oils; non-medicated bubble bath preparations; non-medicated preparations for the care of hair; non-medicated preparations for the care of skin; non-medicated preparations for the care of the scalp; non-medicated skin care preparations; oils for toiletry purposes; skin care preparations; skin creams; skin emollients; skin lotions; skin soap; soaps for body care; soaps for personal use
(2) cannabis oil for cosmetic purposes

Class 05

(3) cannabis for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; cannabis related products, namely oils, salves, concentrated pastes, tinctures, tablets and capsules, each containing cannabis, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; oils, salves, concentrated pastes, tinctures, tablets and capsules each containing resins and oils derived from cannabis, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; nutraceuticals for medicinal purposes for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; nutraceuticals for medicinal purposes containing cannabis for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and wellbeing, for relieving anxiety, for relieving depression, as a sleep aid; nutraceuticals for medicinal purposes containing derivatives of

cannabis, namely resins and oils, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; topical skin creams, bar and liquid soaps, bath additives, bath herbs, bath oils, body creams, body oils, face and body lotions, face and body milk, face lotion, and skin care preparations each containing derivatives of cannabis, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; personal sexual lubricants

(4) cannabidiol [CBD] oil for medical purposes; cannabis oil for the treatment of cancer; CBD oil for medical purposes; medicinal cannabis for temporary relief of seizures; medicinal cannabis for the relief of nausea caused by chemotherapy; medicinal cannabis for the relief of nerve pain; medicinal cannabis for the treatment of muscle spasms caused by multiple sclerosis; THC oil for medical purposes; tetrahydrocannabinol [THC] oil for medical purposes

Class 09

(5) electronic publications, namely, newsletters, brochures, reports and guides in the field of cannabis

Class 16

(6) printed publications, namely, newsletters, brochures, reports and guides in the field of cannabis

Class 21

(7) jars

Class 25

(8) athletic apparel; baseball caps; beachwear; caps; casual wear; coveralls; flip-flops; gloves; golf caps; golf shirts; hats; headbands; long-sleeved t-shirts; mittens; novelty hats; sandals; shirts; sweatshirts; toques; t-shirts

Class 29

(9) oils derived from cannabis, namely edible oils and oils for food; food products containing cannabis, cannabis resins and cannabis oils, namely butter

(10) cannabis oil for food;

Class 30

(11) food products containing cannabis, cannabis resins and cannabis oils, namely chocolates, cookies, brownies, candy and food energy bars; tea; cannabis related products, namely teas containing cannabis, and teas containing derivatives of cannabis namely resins and oils

(12) chocolate bars infused with cannabis;

Class 31

(13) live cannabis plants;

(14) live cannabis plants;

Class 32

(15) smoothies, fruit beverages and fruit juices, carbonated soft drinks, and energy drinks each containing derivatives of cannabis; smoothies, fruit beverages and fruit juices, carbonated soft drinks, and energy drinks each containing resins and oils derived from cannabis

Class 34

(16) cannabis for recreational use, for smoking; cannabis for recreational use, for vaporizing; cannabis cigarettes; cigarette cases; smokers' articles, namely, smoking pipes, pouches for use with cannabis, lighters for smokers; smokers' articles, namely, grinders for use with cannabis, and oral vaporizers for smokers; cannabis-derived resins and oils for recreational use, for smoking; cannabis-derived resins and oils for recreational use, for vaporizing

(17) cannabidiol [CBD] oil for electronic cigarettes; cannabis grinders; dried cannabis; cannabidiol [CBD] oil for oral vaporizers for smoking; cannabis oil for electronic cigarettes; cannabis oil for oral vaporizers for smoking; tetrahydrocannabinol [THC] oil for electronic cigarettes; tetrahydrocannabinol [THC] oil for oral vaporizers for smoking

Services

Class 35

(1) providing the retailing, wholesaling and distributorship of cannabis; providing the retailing, wholesaling and distributorship of cannabis related products, derivatives of cannabis and natural health products containing cannabis, namely dried cannabis, resins and oils derived from cannabis, tetrahydrocannabinol [THC] oil, and cannabidiol [CBD] oil, cannabis-derived salves, crumbles, concentrated pastes, tinctures, tablets and capsules, each containing cannabis, resins and oils derived from cannabis, food products containing cannabis, food products containing derivatives of cannabis, namely resins and oils, beverages containing cannabis, and beverages containing derivatives of cannabis, namely resins and oils, cannabis oil for food, live cannabis plants, medicinal cannabis, cannabis oil for cosmetic purposes, cannabis oil for oral vaporizers for smoking, cannabis oil for electronic cigarettes, skin care preparations and hair care preparations containing cannabis, and skin care preparations and hair care preparations containing cannabis-derived oils and resins, smoking pipes, pouches for use with cannabis, lighters for smokers, grinders for use with cannabis, oral vaporizers for smokers and personal sexual lubricants containing derivatives of cannabis, namely oils and resins; online retail sale of cannabis; providing consumer information in the field of cannabis dispensary locations; providing via a web site, the ratings, reviews and recommendations on products and services for commercial purposes posted by users in the field of cannabis

Class 39

(2) providing the packaging of cannabis, cannabis related products, derivatives of cannabis and natural health products containing cannabis; providing the delivery of cannabis, cannabis related products, derivatives of cannabis and natural health products containing cannabis by mail order, by hand, by courier, by train, by truck and by air

Class 41

(3) providing entertainment information in the field of cannabis culture via a website; providing news via a website in the nature of current event reporting in the field of cannabis and cannabis culture; providing educational information in the field of cannabis via a website

Class 42

(4) research services in the area of cannabis, cannabis related products, derivatives of cannabis, and natural health products containing cannabis

Class 44

(5) providing the breeding, growing, cultivation, harvesting and production of cannabis

Class 45

(6) computer services, namely, online social networking services for registered users to participate in discussions, get feedback from their peers, from virtual communities, and engage in social networking in the field of cannabis

Services

Class 35

(1) Collection of information for analysis to provide business management advice based on the movement of pedestrians in the business, retail and entertainment sector; Collection and analysis of statistical data relating to retail customer and employee movement within the store; Inventory management services; inventory services, namely computerized inventory control; tracking and control of commercial transactions; sales volume tracking for others; stock control services; provision of business advice and business information in the fields of cloud based and non-cloud based asset tracking, namely, monitoring and tracking of inventory shipments, and inventory control at the warehouse and retail store levels; providing analysis of retail inventory and sales data; business management analysis in the field of inventory management, shopper traffic behavior, physical asset loss, supply chain management, price integrity, and retail efficiency; business advisory services relating to company performance; business organization assistance, management and administrative services; business information services concerning commercial business management relating to information and data compiling and analyzing; market research; data collection services in the field of inventory management, shopper traffic behavior, physical asset loss, supply chain management, price integrity, and retail store efficiency for business purposes; business intelligence services; provision of business statistical information; preparation of business reports; business consultancy services relating to quality management services; business inventory management services; advertising the goods and services of others; business management; business administration; business consulting in the field of inventory management, shopper traffic behavior, physical asset loss, supply chain management, price integrity, and retail store efficiency; business and market research services; office functions namely business administration services; business and market research services in the field of retail and shopping center sales and the gaming and entertainment industries; compilation and systematization of statistics and index figures pertaining to retail, shopping center, gaming and entertainment industry sales and customer traffic; providing commercial business management information concerning retail, shopping center, gaming and entertainment industry sales and customer traffic via the Internet, telephone, facsimile and mail; providing analysis, implementation and management of a merchandise protection program for others in the nature of merchandise tagging, tracking and analytics; providing demographic data, namely providing data on pedestrian movement for

marketing purposes; preparing business reports on pedestrian movement; business research services in the field of pedestrian movement; business performance information based on pedestrian movement and providing an index of performance based on pedestrian movement; business monitoring of shrink analytics reports concerning the monitoring the health of anti-theft prevention equipment and monitoring security alarm event type; business appraisals; market research; business investigation to uncover issues with inventory control committed by management, employees, or third parties; data processing namely the development of third-party customized inventory and employee analytics for use in the retail industry; automated data processing namely the development of third-party customized inventory and employee analytics for use in the retail industry; computerized data processing namely the development of third-party customized inventory and employee analytics for use in the retail industry; electronic data processing namely the development of third-party customized inventory and employee analytics for use in the retail industry; entry of third-party data into a database for others; compilation of statistics; on-line advertising for others on a computer network; business management advice, namely, smarter staffing and benchmarking with traffic analytics; business management consultancy, also via the internet; business and market research services for analyzing new retail sales opportunities in the fields of retail, real estate, hotel, restaurant and financial industries; providing information about new sales opportunities in the fields of retail, real estate, hotel, restaurant and financial industries via the internet; business and market research services in the field of retail traffic statistics and index figures related to retail traffic; providing information about retail traffic via a computer network; providing information in the field of customer traffic trends and patterns in public areas via a computer database; providing online non-downloadable data for analyzing retail traffic; compilation of statistical services; preparation of business reports relating to pedestrian movement; provision of business reports generated from the collection and analysis of statistical data relating to retail customer and employee movement within the store.

Class 37

(2) Installation and maintenance of security surveillance equipment; installation, repair and maintenance of computer hardware and peripherals, anti-theft alarms, inventory control systems, theft-prevention devices, people tracking devices and asset tracking devices; installation of electronic video surveillance installations comprising electronic video surveillance cameras and computer hardware; repair, installation and maintenance services relating to anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, transponders, anti-theft signal antennas, retail store labels containing encoded micro particulate chips, labels containing radio frequency identification (RFID) chips, tags containing microwave, electromagnetic, radio frequency and acoustomagnetic chips, installation and maintenance services relating to electronic article detection equipment namely, readers, sensors, transmitters, receivers and electrical controllers, customer tracking and surveillance apparatus, electronic surveillance and tracking apparatus, installation and maintenance services relating to retail inventory tags and retail inventory label detachers and retail inventory tags and retail inventory label deactivators and anti-theft tag and label detachers and anti-theft tag and label deactivators; repair, installation and maintenance services, all relating to monitoring video systems, detection devices, pedestals, all sensors in retail premises, including traffic sensors; Trouble-shooting and remotely repair of anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, transponders, anti-theft signal antennas, retail store labels containing encoded micro particulate chips, labels containing radio frequency identification (RFID) chips, tags containing microwave, electromagnetic, radio frequency and acoustomagnetic chips, installation and maintenance services relating to electronic article detection equipment namely, readers, sensors, transmitters, receivers and electrical

controllers, customer tracking and surveillance apparatus, electronic surveillance and tracking apparatus, installation and maintenance services relating to retail inventory tags and retail inventory label detachers and retail inventory tags and retail inventory label deactivators and anti-theft tag and label detachers and anti-theft tag and label deactivators, computer hardware, electronic video surveillance installations for loss prevention, store performance and inventory management; trouble-shooting for anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, transponders, anti-theft signal antennas, retail store labels containing encoded micro particulate chips, labels containing radio frequency identification (RFID) chips, tags containing microwave, electromagnetic, radio frequency and acoustomagnetic chips, installation and maintenance services relating to electronic article detection equipment namely, readers, sensors, transmitters, receivers and electrical controllers, customer tracking and surveillance apparatus, electronic surveillance and tracking apparatus, installation and maintenance services relating to retail inventory tags and retail inventory label detachers and retail inventory tags and retail inventory label deactivators and anti-theft tag and label detachers and anti-theft tag and label deactivators, computer hardware, electronic video surveillance installations for loss prevention, store performance and inventory management;

Class 41

(3) Leasing of video cameras, television monitors and video recorders; Leasing of video equipment for use in image processing in the field of retail customer pedestrian movement, and parts and fittings therefor.

Class 42

(4) Remote diagnostics and monitoring of devices for loss prevention, store performance and inventory management; trouble-shooting and remotely repair of video surveillance computer software for loss prevention, store performance and inventory management; trouble-shooting for video surveillance computer software for loss prevention, store performance and inventory management; software as a service (SAAS) services featuring software for analyzing customer behavior and decision-making, and for monitoring, viewing, recording, analyzing, managing and reporting data relating to customer activity and interactions, personnel functions, marketing impact and shopping and buying decisions in retail stores; providing application hosting services, namely, providing software for use in analyzing customer behavior and decision-making, for monitoring, viewing, recording, analyzing, managing and reporting data relating to customer activity and interactions, personnel functions, marketing impact and shopping and buying decisions in retail stores; providing temporary use of non-downloadable computer software used for analyzing customer behavior and decision-making, and for monitoring, viewing, recording, analyzing, managing and reporting data relating to customer activity and interactions, personnel functions, marketing impact and shopping and buying decisions in retail stores; and technical support, namely, monitoring, detection, analytics, and providing reports of network systems in the fields of electronic article, object and people surveillance; software as a services for providing online non-downloadable software for analyzing retail traffic; store traffic analysis services, namely, software as a service for recording and reporting shopper traffic based upon people counting sensors and monitoring cameras; software as a service provider for the analysis of information retrieved from sensors, surveillance cameras, inventory control software and anti-theft monitoring software in order to provide reports; design services in relation to anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, electronic article detection equipment, radio frequency identification (RFID), microwave, electromagnetic, radio frequency and acoustomagnetic tags, labels, readers, sensors, transmitters, receivers and electrical controllers, customer tracking and surveillance apparatus, electronic surveillance and tracking apparatus, detachers and deactivators for use with inventory control and anti-theft tags

and labels, tag deactivators, including hooks, tag detachers, including hooks; design and development of computer hardware and software; design and development of anti-theft alarms, inventory control systems, theft-prevention devices, people tracking devices and asset tracking devices; technical consultation in the fields of computer hardware, peripherals and software; technological consultation in the technology field of electronic article and object surveillance, tracking and detection; technical support services, namely, troubleshooting of computer hardware and software problems and problems with anti-theft alarms, inventory control systems, theft-prevention devices, people tracking devices and asset tracking devices; providing temporary use of non-downloadable computer software used for alarm management, inventory control and analysis, theft-prevention and detection, asset tracking, retail activity analysis, and people counting and tracking; and technical support, namely, monitoring of network systems in the fields of electronic article and object surveillance, tracking and detection; technical research in the field of pedestrian movement; custom computer programming; providing temporary use of online non-downloadable operating software for accessing and using a cloud computing network; shop interior design for retail solutions; computer programming relating to monitoring, surveillance and image processing; computer software design, development, programming, maintenance, support, rental, implementation, advisory and consultancy services; Installation of electronic video surveillance computer software; leasing of magnetic data carriers; leasing of blank CDs, blank DVD's and blank computer disks; Leasing of hardware and software for gathering intelligence related to inventory and asset management, anti-shoplifting and loss prevention, device health monitoring, consumer traffic and shopper behavior, workforce management, price optimization, inventory optimization, space management, operational compliance, point-of-sale transaction analysis, video enabled applications and store execution functions; leasing of analytics and reporting software for inventory and asset management, anti-shoplifting and loss prevention, device health monitoring, consumer traffic and shopper behavior, workforce management, price optimization, inventory optimization, space management, operational compliance, point-of-sale transaction analysis, video enabled applications and store execution functions; leasing of computer software for analyzing customer behavior and decision-making, and for monitoring, viewing, recording, analyzing, managing and reporting data relating to customer activity and interactions, personnel functions, marketing impact and shopping and buying decisions in retail stores; leasing of electronic computer based system comprising an optical module, computer and computer software for counting people and for correlating that information to point-of-sale transaction data and parts and fittings therefor; leasing of computers, and parts and fittings therefor; leasing of computer hardware, and parts and fittings therefor; leasing of computer software; leasing of computer hardware and computer software for use in monitoring, surveillance, image processing and security systems, namely analytical software relating to pedestrian movement; leasing of computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; leasing of electronic sensors for counting and recording pedestrian traffic; leasing of integrated business management software that provides intelligence; leasing of ultrasonic equipment, electromagnetic radiation equipment and laser equipment for use in monitoring, image processing in the field of retail customer pedestrian movement; leasing of computer hardware, computer software, and analytical computer software for use in monitoring, surveillance, image processing and security systems in the field of retail customer pedestrian movement, and parts and fittings therefor; leasing of computer software applications, downloadable; leasing of application software for cloud computing services; leasing of sensors, transmitters, and receivers for use in customer traffic measuring, customer traffic monitoring, inventory level indicators and radio controllers for use in the retail industry; providing custom design of a merchandise protection program for others in the nature of merchandise tagging, tracking and analytics; leasing of electronic devices, namely, data loggers for counting,

logging and recording data pertaining to shoppers, retail traffic, and retail operational personnel and functions, and parts and fittings thereof

Class 45

(5) Leasing of facilities management devices for controlling building environmental, security and access functions, namely, electronic movement and presence detectors, and parts and fittings therefor; leasing of security surveillance equipment suitable to reproduce video images and anti-theft purposes for use in the retail industry, and parts and fittings therefor; leasing of anti-theft signal antennas; leasing of security cameras; leasing of video equipment for use in monitoring, surveillance and security systems in the field of retail customer pedestrian movement, and parts and fittings therefor; leasing of ultrasonic equipment, electromagnetic radiation equipment and laser equipment for use in surveillance and security systems in the field of retail customer pedestrian movement; leasing of sensors, transmitters, and receivers for use in anti-theft detection for use in the retail industry

Goods

Class 07

(1) Electric clothes washing machines; Automatic dishwashers; Electric vacuum cleaners.
(2) Hose for electric vacuum cleaners; Bag for Electric vacuum cleaners; Stick type vacuum cleaners; Industrial robots for personal and commercial use, namely robots for cleaning homes and commercial buildings, controlling wireless home networking via the Internet, lawn mowing, providing travel information to people in airports, and guiding travelers through airports; Electric rotary blowers; Compressed air pumps; Rotary compressors; Compressors for refrigerators; Spin driers{not heated}; Electric mixers for household purposes; Robotic vacuum cleaners; Electric food processors; Steam cleaners for household purposes; Hand- held vacuum cleaners; Electric vacuum cleaners for bedding.

Class 08

(3) Lawn clippers [hand instruments]; Grass whips [hand tools]; Lawn aerators [hand tools]; Lawn rakes [hand-operated tools]; Lawn rollers [hand-operated tools]; Weeding forks [hand tools]; Weed diggers, hand- operated; Syringes for spraying insecticides; Sprayers [hand-operated tool] for household use in spraying weedkillers; Seed drills (Hand-operated -); Garden tools, hand-operated; Multi-function folding pocket hand tool; Multi-function folding hand tools.

Class 09

(4) Television receivers; Monitors for computers; Lap Top computers; Computers; Portable hard disk drives; Audio receivers; Network monitoring cameras namely for surveillance; Telephone sets; Wireless Telephone sets; Portable communications apparatus namely handsets, walkie-talkies, satellite telephones and personal digital assistants [PDA]; Television remote controllers; Headsets for mobile phones; Electronic photo albums; Digital picture frames for displaying digital pictures, video clips and music; Digital Versatile Disc players for home theaters; Audio-Video receivers for home theaters; Integrated circuits; Transponders, namely, electronic terminals equipped in vehicles for electronic commercial transactions; Closed-Circuit Television Cameras.

(5) Commercial monitors, namely, digital signage monitors and LCD monitors; Convertible computers; Wearable computers; Motion sensors, namely motion detecting sensors, motion

recognizing sensors, approach sensors for detecting motions, digital sensors for sensing the presence or absence of individuals or objects by contact or pressure, object detecting sensors, humidity sensors, pressure sensors, liquid detecting sensors, automatic liquid-flow control sensors, thermal mass sensor, auto light sensors, sensors for the determination of temperatures, positions and distances, temperature sensors, sensors for determining position, velocity, acceleration and temperature, position measuring and controlling sensors, motion sensors, infrared sensors for sensing the presence or absence of individuals or objects by measuring infrared radiation, electrical sensors for sensing the presence or absence of individuals or objects by contact or pressure, electronic sensors for sensing the presence or absence of individuals or objects by contact or pressure, electronic sensors for precision measuring of temperature, humidity, pressure and liquid, electrical sensors for sensing the movement of individuals and oscillation of objects, ultrasonic motion detecting sensor; Apparatus for recording, transmission or reproduction of sound or images, namely telephone, video and audio receivers, sound and stereo integrated amplifiers, stereo and television tuners, sound and stereo amplifiers; Application software, namely computer software for enabling Internet connectivity for use on computers and computer software for enabling Internet connectivity for use on personal digital assistants, cellular phones, tablet computers; application software namely computer application software for running and controlling smartphones; Colour printers; Tablet computers; Set top boxes; Camera; Wearable smart phones; Computer software for wireless data communications for receiving, processing, electronically transmitting via the Internet and displaying the information of exercise, body fat and body mass index; Portable electronic tracking terminals for personal use for electronically recording, organizing, transmitting, controlling and reviewing health and health care information, namely time, date, body and heart rates, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, weather information, temperature, wind speed, and the declination of body and heart rates and receiving text messages, health warnings, photos and videos, via the Internet; Computer network hubs; Speech recognition apparatus, namely speech recognition software and digital voice recorders; Interactive computer terminals; Electronics apparatus with interactive functions, namely smart watches comprised primarily of a wristwatch also featuring a telephone, software and display screens for viewing, sending and receiving text messages, emails, user-generated data and general news information; Computer scanners; Home theater projectors; Car speakers; MPEG audio layer-5 media players; Encoded electronic chip cards for improvement of television image quality; LED Displays; LED display for television; Liquid crystal protective films for smart phone; Smart phone rings; Power supplies for smart phone; Holders for mobile phones; Telecommunications apparatus and instruments, namely mobile phones, smart phones, tablets and computers; Apparatus for recording, transmission or reproduction of sound or images for use in telecommunications, namely CD players, compact disc players, DVD players, MP3 players, MP4 players, cassette players, audio-video receivers, microphones, audio amplifiers, sound amplifiers, stereo amplifiers, audio speakers, digital cameras, video disc players; Electric audio and visual apparatus and instruments, namely televisions, radios, computer monitors, notebook and laptop computers; Computer application software for running and controlling high-definition televisions; Computer application software for running and controlling personal computer monitors; Computer application software for electronically monitoring and controlling home appliances, namely thermostats, refrigerators, stoves, dishwashers, washers and dryers, via the Internet; Computer application software for running and controlling refrigerators; Computer application software for running and controlling clothes washing machines; Computer application software for running and controlling vacuum cleaners; Computer application software for running and controlling dish washers; Computer application software for running and controlling ovens; Computer application software for running and controlling microwave ovens; Computer application software for running and controlling

clothes dryers; Computer application software for running and controlling air purifiers; Computer application software for running and controlling water purifiers; Wearable personal portable electronic devices, namely wireless activity trackers, for recording, organizing, transmitting, manipulating, reviewing and receiving text messages, health information, photos and videos relating to health and wellness; Electronic toll smart cards; Thermal printers; Laser printers; Ink jet printers; Downloadable computer programs for electronically operating home appliances, namely thermostats, refrigerators, stoves, dishwashers, washers and dryers, via the Internet; Personal Computer Cameras; Digital voice recorders; Videocassette recorders; Network monitors in the nature of network access server hardware; Computer software used for communicating over global computer networks for educational purposes to enable the transmission of video conferences; Electronic Notepads (E-Note); Interactive electronic white board computers; Downloadable image files containing artwork, written text, sound, video, games, and Internet Web links relating to sports games and cultural events; Electronic downloadable publications in the nature of magazines, newspapers, books, manuals in the field of electronics; Video conference system, namely monitors for video conference, cameras for video conference, speakers for video conferences; Computer monitors for video conference; Cameras for video conference; Speakers for video conference; Three dimensional eyeglasses for television receivers; Car broadcasting tuners; Car cassette players; Modules for photovoltaic power generation; Inverter used in solar power generation; Ventilation, heating and air conditioning temperature controllers; Electronic security alarm system for home use; Home automation hubs; Home computer network interface devices, namely computers, tablet computers, hand-held computers, mobile telephones, and personal digital assistants, all for transmitting, storing, manipulating, recording, and reviewing text messages, images, sound, music, video and graphic images, via global computer networks, wireless networks, and electronic communications networks; Watches with the function of wireless communications with electronic terminals such as smartphones, tablet computers, Personal Digital Assistants, computers; Watchbands with the function of wireless communications with electronic terminals such as smartphones, tablet computers, Personal Digital Assistants, computers; Bracelets that communicate health and wellness data to personal digital assistants, smart phones, tablet computers and personal computers through internet websites and other computer and electronic communication networks, smart phones, tablet computers and personal computers through internet websites and other computer and electronic communication networks; Watches incorporating cameras and MP3 players, and that communicate text messages, images, sound, music, video and graphic images to smart phones and Personal Digital Assistants; Wristwatches with wireless data communication function enabling sending and receiving text messages, images, sounds, music, video and graphic images; Smart watches comprised primarily of a wristwatch also featuring a telephone, software and display screens for viewing, sending and receiving texts, emails, data and information; Wearable digital electronic devices comprised primarily of a wristwatch and also featuring a telephone, software and display screens for viewing, sending and receiving texts, emails, data and information from smart phones, tablet computers and portable computers; Smart phones; Digital signage display panels; Universal serial bus hardware drives; Digital media broadcasting players, namely, digital video and audio players; Portable chargers for mobile phone batteries and digital camera batteries; Audio speakers for home theaters; Multimedia projectors for home theaters; humanoid robots with artificial intelligence.

Class 10

(6) Bed vibrators.

(7) Diagnostic biochips for medical purposes, namely, microfluid biochips for blood and body fluid based diagnostic testing; Massage apparatus for the human body, namely back massagers, facial massagers, vibrators massagers; Massage apparatus, namely massage chairs, tables, bed

vibrators for medical purposes; Electric massagers for massaging face, neck, back and feet, for household use; Beds for medical purposes.

Class 11

(8) Air conditioners; Hot air apparatus, namely hot-air space heaters; Humidifiers; Water purifiers for household purposes; Air purifiers; Gas ranges; Electric refrigerators.

(9) Electric dehumidifier for household use; Membrane apparatus in the nature of filters for purifying water; Solar thermal collectors [heating]; Ventilation and air-conditioning apparatus, namely electric fans for household purposes, ceiling fans, smart fans, ventilating fans, and air conditioners; Light Emitting Diode lighting; Apparatus or installations for cooking, namely, microwave ovens and cooktops; Clothes management machines for drying clothes (electric) for household purpose; Electric clothing management machines having the functions of deodorizing, sterilizing and steaming garments for household purposes; Electric clothes drying machines with sterilization, deodorization and crease-resistant treatment functions for household purposes; Precision filters for water treating; Water desalination plants; Purification installations for sewage; Purification installations for wastewater reclamation and reusing system; Filters for wastewater; Water purifiers for industry; Street lamps; Incandescent lamps; Fluorescent lamps; Automobile lights; Ventilators for automobiles; Heaters for automobiles; Sinks; Electric ranges; Water ionizers for household purposes; Electric kitchen ovens; Electric clothes dryers; Electric wine cellar for household purposes.

Class 14

(10) Clocks; Wristwatches; Electronic clocks and watches; Dials for clock and watch making; Watch crystals; Watch chains; Watch cases; Parts for watches; Watch pouches; Necklaces {jewelry}; Bracelets {jewelry}; Key rings [trinkets or fobs] of precious metal; Wire of precious metal for making jewelry; Rings {jewelry}.

Class 20

(11) Office furniture of metal; Showcases of metal; Metal cabinets; Racks for furniture; Cabinets for kitchen; Beds (not for medical purposes); Chests for products not of metal, namely furniture chests; Non-metal clothes hooks; Office furniture; Mattress; Sofas; Dining tables; Wardrobes; Low wooden bench; Book rests (furniture); Desk; Dressing tables; Display stands; Bathroom furniture; Bathroom mirrors; Bathroom cabinets; Washstands [furniture]; Electric massage chairs for household use.

Services

Class 35

(1) Arranging subscriptions for others to television broadcasting, to Internet, telephone and computer service provider services; On-line advertising for others on computer networks; Telemarketing services; Television advertising for others; Sales arranging services for electric audio and visual apparatus and instruments, namely, audio and video cassette recorders, audio recorders, video tape recorders, or audio-video receivers; Commercial intermediary services for the purchase and sale of medical machines; Pharmaceutical products procurement services for others [purchasing pharmaceutical products for other businesses]; Dissemination of advertising for others via the Internet; Advertising the goods and services of others in newspapers; Public relations; Organization of exhibitions for commercial or advertising purposes in the fields of household appliances and consumer electronics; Advertising and marketing services on behalf of third parties, namely creating and implementing commercials and advertisements provided by means of indirect methods of marketing communications, namely social media, search engine marketing, inquiry marketing by way of Internet search fields, internet marketing, mobile marketing,

blogging and through electronic communications networks; Advertising agencies; Commercial intermediary services in the field of portable communications apparatus namely handsets, walkie-talkies, satellite telephones and personal digital assistants [PDA], mobile phones; Commercial intermediary services for refrigerating machines and apparatus; Secretarial services (using chatter robot); Computerized on-line ordering services in the fields of household appliances and consumer electronics; Providing information and advice to consumers regarding the selection of products and items to be purchased, namely commercial intermediary services for the purchase and sale of products in the fields of household appliances and consumer electronics; Advertisement planning, namely compilation, production and dissemination of advertising matter for others; Product demonstration in the fields of household appliances and consumer electronics; Opinion polling; Publicity agency services; Employment agencies; Auctioneering; Commercial information agency services in the fields of household appliance and consumer electronics; On-line auctioneering services; On-line employment agencies via global computer networks; Provision of consumer information in the fields of household appliances and consumer electronics via global computer network; Provision of commercial information in the fields of household appliances and consumer electronics via global computer network; Arrangement and operation of advertising materials for others through electronic communications networks and global communication networks; Providing advice and information about customer services and product management and prices on Internet sites in connection with purchases made over the Internet; Business management; Sales promotion for others via computer networks in the fields of household appliance and consumer electronics; Commercial intermediary services for the purchase and sale of household appliances and consumer electronics; Commercial intermediary services for computers; Commercial intermediary services for office machines and equipment; Commercial intermediary services for the purchase and sale of electric equipment for household purposes, electronic machines, apparatus and their parts, namely massage chairs and tables, vibrating massage chairs and tables, electric massagers for face, neck, back and feet for household use, massage apparatus for human body, namely back massagers, facial massagers, vibrators massagers; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely bed vibrators, electric massage chairs for household use, aesthetic massage chairs and tables, medical instruments for general examination; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely medical instruments for general examination, blood testing apparatus, apparatus for blood analysis, devices for measuring blood sugar; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely ultrasound diagnostic apparatus for medical purposes, radiological equipment for medical purposes, radiotherapy equipment, X-ray apparatus for medical purposes; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely, X-ray appliances for dental, irrigators for medical use, lasers for medical purposes, heart pacemakers, electric dental apparatus; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely orthodontic machines and instruments for dental purposes, breast-nursing machines, suture materials for medical purposes, electric blankets for medical purposes; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely, electric heating pads for medical purposes, gloves for medical purposes, masks for medical purposes, lavage apparatus; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely, sterilizing apparatus for hospital use, portable X-ray detectors for medical use, portable X-ray detectors, diagnostic reagents for medical purposes; Commercial intermediary services for electric equipment for household purposes, electronic

machines, apparatus and their parts, namely, diagnostic reagents for DNA, DNA analysis apparatus for medical purposes, DNA diagnostic apparatus for medical purposes, DNA diagnostic apparatus for in vitro diagnosis in the medical field; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely DNA tester, Automated External Defibrillator [AED], fixed-type horse riding exercise machine for healthcare and fitness, electromechanical bicycle riding exercise machine for physical exercise; Commercial intermediary services for electric equipment for household purposes, electronic machines, apparatus and their parts, namely, television receivers, mobile phones, electric clothes washing machines, automatic dishwashers, electric vacuum cleaners, electric refrigerators, electric clothes dryers; Commercial intermediary services for food and drink processing machines; Commercial intermediary services for automotive pneumatic or hydraulic machines; Commercial intermediary services for chemical laboratory machines; Sales arranging for electronic applied machines and their parts, namely computers; Commercial intermediary services for electronic machines and their parts, namely household appliances; Commercial intermediary services for telecommunication machines, namely mobile phones, smart phones, tablets and computers; Commercial intermediary services for electric radiant heaters for household purposes; Commercial intermediary services for electric heater and equipment for household purposes; Commercial intermediary services for dish disinfectant apparatus; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely massage chair and tables, vibrating massage chairs and tables, electric massagers for face, neck, back and feet for household use, massage apparatus for human body, namely, back massagers, facial massagers, vibrators massagers; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely bed vibrators, electric massage chairs for household use, aesthetic massage chairs and tables, medical instruments for general examination; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, medical and health care equipment, blood testing apparatus, apparatus for blood analysis, devices for measuring blood sugar; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely ultrasound diagnostic apparatus for medical purposes, radiological equipment for medical purposes, radiotherapy equipment, X-ray apparatus for medical purposes; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, X-ray appliances for dental, irrigators for medical use, lasers for medical purposes, heart pacemakers; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely electric dental apparatus, orthodontic machines and instruments for dental purposes, breast-nursing machines, suture materials for medical purposes; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, electric blankets for medical purposes, electric heating pads for medical purposes, gloves for medical purposes, masks for medical purposes; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, lavage apparatus, sterilizing apparatus for hospital use, portable X-ray detectors for medical use, portable X-ray detectors; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, diagnostic reagents for medical purposes, diagnostic reagents for DNA, DNA analysis apparatus for medical purposes; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, DNA diagnostic apparatus for medical purposes, DNA diagnostic apparatus for in vitro diagnosis in the medical field, DNA tester; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely Automated External Defibrillator

[AED], fixed-type horse riding exercise machine for healthcare and fitness, electromechanical bicycle riding machines for physical exercise; Sales arranging services for electric equipment for household purposes, electronic applied machines, apparatus and their parts, namely, television receivers, mobile phones, electric clothes washing machines, automatic dishwashers, electric vacuum cleaners, electric refrigerators, electric clothes dryers; Sales arranging services for food and drink machines; Sales arranging services for automotive pneumatic or hydraulic machines; Sales arranging services for chemical laboratory machines; Sales arranging services for telecommunication machines, namely mobile phones, smart phones, tablets and computers; Sales arranging services for electric heater and equipment for household purposes; Sales arranging services for refrigerating machines and appliances; Sales arranging services for household heaters; Sales arranging services for dish disinfectant machines; Wholesale distributorships featuring pharmaceutical products; Retail store services featuring pharmaceutical products; Commercial intermediary services for pharmaceutical products ; Sales arranging services for pharmaceutical products; Franchising namely, offering business management assistance in the establishment and/or operation of laundrettes.

Class 36

(2) Brokerage services of pharmaceutical products.

Class 37

(3) Installation of computer hardware; Repair of telecommunication machines and apparatus, namely mobile phones, smart phones, tablets and computers; Repair of electronic applied machines, apparatus and their parts, namely massage chair and tables, vibrating massage chairs and tables, electric massagers for face, neck, back and feet for household use, massage apparatus for human body, namely, back massagers, facial massagers, vibrators massagers; Repair of electric power tools for household purposes; Repair of computer hardware; Maintenance of computer hardware; Management of laundrette; Providing washing and drying laundry facilities; Providing information relating to laundering services; Laundering and providing information relating thereto; Rental of clothes-washing machines; Laundering; Providing information relating to the pressing of clothing; Pressing of clothing and providing information relating thereto; Cleaning of clothing; Repair of kitchen utensils, signboards, indoor aquaria, toilet bowls, showers; Repair of air conditioners, furnaces, ventilators; Cleaning of buildings; Rental of cleaning equipment; Building of hospitals.

Class 38

(4) Providing access to global computer information networks for the transfer and dissemination of a wide range of information via fiber [fibre] optic networks, wireless broadband networks, wide and local area networks and global computer communications network; Remote screen communication, namely providing teleconferencing and video conferencing services; Rental of telecommunication equipment, namely telephones; Wireless communication by computer terminals, namely wireless electronic transmission of voice signals, text, speech, music, radio programs, videos featuring music, news, sporting events, games, cultural events, entertainment programs, namely variety shows, talk shows, comedy shows, fashion shows, musical concerts, musical and dance performances, theatre and opera productions and automobile and horse races, television and movies, graphics and facsimiles; News agencies; Cellular telephone communication; Cable television broadcasting; Operation of wireless broadband networks for others; Audio teleconferencing; Network audio and videoconferencing services; Providing facilities and equipment for video conferencing; Providing telephone conferencing services; Local and long distance transmission of voice, data, graphics by means of telephone, telegraphic, cable, and satellite transmissions; Video teleconferencing; Web audio and video conferencing services;

Wireless electronic transmission of voice signals, user-generated data, facsimiles, photos, videos, news and sports; Telecommunications services, namely providing communication computer terminal, videotext and value-added network (VAN) services.

Class 39

(5) Supplying of electricity produced by photovoltaic power generation and wind power; Distribution of energy produced by photovoltaic power generation and wind power; Supplying of electricity produced by new renewable energy; Distribution of energy produced by new renewable energy; Refrigerator rental; Storage of goods, namely luggage and cargo; Refrigerated warehousing; Providing airport flight information; Providing information relating to car rentals at airports; Providing information on airport parking via a web site; Providing information relating to aircraft chartering; Providing flight arrival and departure information; Providing information relating to the transportation of goods and passengers by air, land or water; Air transportation information of passengers and freight; Traffic information; Booking and arranging of access to airport lounges; Booking of airport parking; Airport passenger shuttle services between the airport parking facilities and the airport; Airport ground handling of passengers and cargo; Provision of airport facilities for aviation; Air traffic control services; Providing road and traffic information; Providing on-line information relating to travel; Providing information relating to airline travel, via electronic means; Providing information relating to vehicle parking services.

Class 40

(6) Air freshening; Water treatment for preventing pollution; Human waste treatment; Incineration of industrial waste; Rental of air-conditioning apparatus; Rental of space heating apparatus.

Class 41

(7) Internal training for business management; Internal training for marketing; Providing internal training for research and development of household appliances and consumer electronics; Internal training for improving creativity; Internal training for creation of ideas; Arranging and conducting of seminars in the field of household appliances and consumer electronics; Arranging and conducting of workshop in the field of household appliance and consumer electronics; Vocational guidance [education or training advice]; Arranging and conducting of educational events in the field of household appliance and consumer electronics; Providing education information in the field of household appliance and consumer electronics; Providing practical training (demonstration) in the field of household appliance and consumer electronics; Provision of examination on the subject of household appliance and consumer electronics; Educational research in the field of household appliance and consumer electronics; Provision of education courses via the Internet in the field of household appliance and consumer electronics; Providing of digital music via mobile device; Programs given by teleconferences for health care administrators, physicians, nurses and other health care professionals.

Class 42

(8) Research and development of photovoltaic power generation; Research and development of power generation by new renewable energy; Research and development of power converters, inverters and chargers for electric batteries used in new renewable energy system including photovoltaic power generation; Research and development of solar batteries and solar battery modules; Medical research services; Medical research; Computer software development; Technical research in the field of household appliance and consumer electronics; Hosting web sites; Creating and maintaining web sites for others; Installation of computer software; Conversion of data or documents from physical to electronic media; Computer rental; Recovery of computer data; Rental of computer software; Computer software design; Maintenance of computer software; Computer systems analysis; Research and development of home appliances; Computer

programming; Computer programming, namely, providing an internet site featuring technology for use in home monitoring, control, and automation systems; Computer programming, namely, providing an internet site featuring technology that allows users to remotely interact with home monitoring, control, and automation systems; Design of electrical power installations; Research and development of vaccines and medicines; Crude medicines research; Research on adult diseases; Bacteriological research; Research on cancer; Pharmaceutical development; Pharmaceutical research; Pharmaceutical product evaluation; Consultancy pertaining to pharmacology; Gene analysis; Genetic research; Research and development of DNA chips; Chemical research; Conversion of data or documents from physical to electronic media; Computer system design; Duplication of computer programs; Updating of computer software; Rental and translation of computer programs; Consultancy in the field of computer hardware; Industrial design; Administrative scrivener services, namely technical writing; Analysis of consumer products in the field of household appliance and consumer electronics; Evaluation of consumer products in the field of household appliance and consumer electronics; Research and development of electric power resources.

Class 44

(9) Medical nursing; Health care services for assisting individuals with physical disabilities; Physical examination services; Obesity clinic; Pharmaceutical advice; Rental of medical machines and apparatus; Rental of medical and health care equipment for assisting individuals with physical disabilities; conducting of medical examinations; Rental of X-ray apparatus for medical purposes; Providing health care information related to the transmission of medical documents and information related to patient management, medication management, information for the purposes of providing care to patients directly or indirectly between dentist's offices, nurse-practitioners offices, medical doctors' offices, offices of other health professionals, medical clinics, hospitals, long term health care facilities, health insurance providers, pharmacies, drug dispensaries, vaccination facilities, immunization facilities and medical equipment retailers; Medical product safety and quality assurance testing services; Providing general health information, medical care information, pharmaceutical product information, health management and disease management pharmaceutical product information to others; Acupressure therapy; Performing diagnosis of diseases; Providing health care information through the treatment of oriental medicines; Blood testing; Blood bank services; Massage services; Rental of waste sanitation facilities, namely rental of equipment and premises for use in waste sanitation.

Goods

Class 01

(1) potash; fertilizers; chemicals for use in the manufacture of fertilizers including, nitrogen, ammonia, ammonium, potassium, potash, phosphate, sulphur, potassium nitrate, ammonium nitrate, ammonium phosphate, urea, sulphuric acid and phosphoric acid; chemicals for use in the manufacture of pesticides; agricultural chemicals, namely surfactants, adjuvants, and wetting agents for use in the application of herbicides, insecticides, pesticides, and soil nutrients; adjuvants for use with agricultural chemicals; oil spray adjuvant for use with agricultural insecticides and fungicides; active chemical ingredients for use in the manufacture of fertilizer, pesticides, herbicides, fungicides, insecticides and rodenticides; soil conditioners for agricultural use; nutritive additive chemicals to enhance the biological activity of water and soil for purposes of fertilization, improvement of soil pH and irrigation water pH, improvement of soil penetrability, and enhancement of pesticide and fertilizer performance; chemical preparations for use in agriculture, namely, chemical preparations for seed treatment; soil surfactant used to promote uniform movement of water in soil; soil inoculants for application to seeds used in agriculture; chemical additives for fertilizers; wetting agent, spreading agent, penetrant and surfactant for use in connection with pesticides, herbicides, desiccants, defoliants, insecticides, fungicides, acaricides, plant growth regulators and foliar nutrients; water conditioners, namely, phosphates for potable water treatment; agricultural anti foamer and defoamer; amino acids for use with water soluble plant nutritional products; amino acids as a nitrogen source for use with water soluble plant nutritional products and amino acids as a nitrogen sources for use in combination with water soluble plant nutritional products formulated for foliar or drip irrigation application; plant growth nutrients; plant food; water treatment chemicals for use in golf course turf management; high purity urea solution for the treatment and control of diesel exhaust, nitric oxide and nitrogen dioxide emissions, namely, chemical additives for fuel exhaust

Class 02

(2) non-staining blue coloring agent for use with pesticides and fertilizers; professional colorant for contained bodies of water, namely, ornamental lakes, ponds and fountains for golf courses, corporate grounds, parks and recreational areas and large privately and publicly owned properties

Class 04

(3) flax and linseed oil for use in further manufacture of other items in the field of general manufacture and industrial use, namely, linoleum, paints and other surface coatings

Class 05

(4) pesticides; herbicides; fungicides; insecticides; rodenticides; parasiticides

Class 09

(5) downloadable computer software for use by customers to manage data relating to farm inputs, costs and crop yield results; online downloadable software for use by customers to manage data relating to farm inputs, costs and crop yields results; computer software for use by farmers to improve seed and crop input management methods as well for determining farm inputs, costs and crop yield results; online downloadable software for use by customers to manage data relating to farm inputs, costs and crop yield results; computer application software for mobile phones, handheld computers and other portable devices, namely, software for submitting and collecting sample information from plants, crops and soil in agriculture; computer application software for mobile phones, handheld computers and other portable devices, namely, software for generating reports containing information about plant, crop and soil histories along with product recommendations for improving agricultural yields; computer software to control and manage the order process for use in the fertilizer industry; computer software containing data featuring information about fertilizer and plant nutrition recommendations; applications for mobile phones, smart phones, tablets and computers in the form of interactive video games

Class 16

(6) newsletters in the field of agriculture that describes benefits of the use of fertilizer in agriculture

Class 20

(7) refillable and reusable plastic containers for liquid pesticides and hydrocarbons for commercial and industrial use

Class 29

(8) Flax and linseed products, namely, flax-based and linseed-based spreads, salad oil, nut-based and seedbased nutritional snack bars; linseed oil for food; milled flax seeds, namely, linseed for human consumption

Class 30

(9) Flax and linseed products, namely, foodstuffs containing such oils, fats or meals for human consumption, namely, breakfast cereals and whole grain cereal-based snacks

Class 31

(10) living flax plants; unprocessed edible flax seeds, namely, linseeds; unprocessed edible linseed; unprocessed flax seeds for agricultural use, namely, linseed; and linseed products for use as food for animal consumption, namely, edible oils, fats and linseed meal for animal consumption containing such oils, fats and meals; seed, namely, cottonseed; seed for agricultural and horticultural use; grass seed for distribution in the professional turf and ornamental seed markets

Services**Class 35**

(1) providing business information services relating to the distribution of seed, fertilizer, chemical and biological ingredients for use in the manufacture of fertilizer, pesticides, herbicides, fungicides, insecticides and rodenticides; providing business information services relating to distribution of nitrogen, phosphate and potash; administration of employee service award programs; personnel placement and recruitment; internal and external employee recruitment programs and campaigns; arranging and conducting incentive reward programs to promote the sale of agricultural chemicals; farm business planning services; providing financial record-keeping services for farms; business risk management and cost analysis services for farms; farm management services for others; providing information in the field of maintaining farm business records; business consulting services that provides transformational strategies to companies wishing to move towards sustainability and socially responsible business practices in the field of agriculture; charitable services, namely, organizing and conducting volunteer programs and community services projects in the nature of assisting farmers and agricultural-based businesses in global and local communities in areas of crop diversification, seed conservation, effective fertilizer use and environmental protection; promoting public awareness of environmental matters; promoting public awareness of environmental issues and initiatives; organizing and conducting business and social engagement opportunities for participation in youth, culture, health and environmental community service projects, namely developing and coordinating volunteer projects for charitable organizations; providing global and local support to communities through charitable services, namely, organizing and conducting volunteer programs and community service programs; direct marketing consulting for fertilizer, seeds, chemicals, landscape supplies, namely, compost, manure, potting soil, peat, humus and soil conditioner, cedar chips, cedar mulch, tinted mulch, pine bark mulch, pine bark nuggets, cypress mulch, black hardwood mulch and topsoil for use in agriculture, horticulture and turf; business management services in the areas of manufacturing process safety, namely, safe plant operations, equipment reliability, equipment procurement, operational cost improvement to prevent catastrophic losses related to environmental damage, loss of containment, worker injuries, energy and chemical releases, knowledge networks, namely, internal cross functional and cross facility technical, and business teams, councils and working groups, project management, equipment reliability, cost improvement and employee engagement and collaboration and environment health, safety and security performance; providing business management and business management services relating to information and data compiling and analyzing for the agriculture and turf industries; retail stores in the field of agricultural chemicals, seeds, and fertilizers; distributorship services in the field of agricultural chemicals, seeds, and fertilizers; retail services by direct solicitation by sales agents in the field of agricultural inputs, namely, fertilizers, pesticides, herbicides, fungicides, insecticides, seeds; distributorships of commodity fertilizers; administration of employee reward systems, namely conducting employee incentive award programs to promote on the job safety, to promote productivity and quality; administration of employee remuneration programs, namely, pension plans, benefit plans, profit-sharing plans, stock bonus plans

Class 36

(2) financial services, namely financing of crop input purchases; insurance services, namely crop insurance agency and crop insurance brokerage; financial services, namely, provision of revolving line of credit; financing services, namely project financing, lease-purchase financing services and financing of purchases; loan financing; extending credit for the purchase of agriculture products, namely, fertilizer, chemicals and seed; providing loan financing and credit services, and loan evaluation and processing services, to direct suppliers and lenders of agricultural products, namely, for fertilizers, chemicals and seed; financial risk management services for farms; providing charitable support to global and local communities by providing monetary donations to support

partnerships and programs in the areas of economic, social and environmental sustainability; providing charitable financial support to global and local communities for programs in the areas of crop diversification, seed conservation, effective fertilizer use and environmental protection; providing funding for community programs in the areas of youth, arts and culture, health and environmental opportunities in communities; providing global and local support to communities by providing charitable and monetary contributions for the purpose of providing support to communities; financial sponsorship for communities in the areas of medical and emergency services; charitable services, namely, coordination of the procurement and distribution of fertilizer donations from production facilities to partners supporting projects for global and local communities aimed at economic, social and environmental sustainability

Class 37

(3) mining and extracting phosphate ore; mining and extracting potash

Class 39

(4) transportation of commodity fertilizers by truck and rail; distribution services, namely, delivery of agricultural chemicals, seeds, and fertilizers; tracking services for the retrieval of encoded products in transit, namely the tracking and tracing of encoded retrievable reusable containers for pesticides, herbicides and fertilizers used in the agricultural industry; tracking inventory in transit, namely the tracking and tracing of pesticides, herbicides and fertilizers stored in retrievable reusable containers for use in the agricultural industry

Class 40

(5) processing of phosphate ore, namely custom fertilizer manufacturing; Processing of potash, namely custom fertilizer manufacturing; custom production of chemicals, by means of blending component liquids in certain proportions and filling in refillable and reusable containers

Class 41

(6) educational services, namely, providing educational programs in the nature of community presentations on phosphate ore and potash extraction and controls put in place to protect the environment, agriculture and mining; providing community educational presentations in the field of environmental stewardship practices and safe guards, regulatory compliance procedures and performance, environmental hazard protection; educational services, namely, providing interactive displays for children to teach them about the essentials of plant growth and the role of agriculture in the environment; educational programs in environmental sustainability that challenge school children to identify solutions to environmental issues related to watersheds; educational services, namely, providing educational programs in the nature of educational games, interactive displays, and programs on protecting the environment and agriculture; educational services, namely, providing live and on-line workshops, classes and seminars in the field of world food sustainability that challenges youth to explore real-life conditions and make decisions that will impact environments, economies and societies locally and globally; educational services, namely, providing community awareness presentations relating to environmental hazards and personal emergency preparedness techniques; educational services in the field of farm management services, namely, conducting classes, seminars, conferences and workshops in the field of crop planning, crop scouting, crop growth modeling, record keeping, business planning, pest management, risk management and cost production analysis and distribution of course material in connection therewith; educational services, namely, providing workshops and seminars in the areas of process safety, namely, safe plant operation, equipment operation and maintenance, equipment procurement, and operational cost improvement to prevent catastrophic losses related to environmental damage, loss of containment of chemicals and agricultural chemicals, worker injuries, energy and chemical releases, project management, equipment operation and

maintenance, cost analysis and, employee engagement and collaboration and environment, health, safety and security performance in the field of workplace safety; training services, namely, on the job training, workshops, career development, classroom and lectures in the areas of process safety, namely, safe plant operation, equipment operation and maintenance, equipment procurement, and operational cost improvement to prevent catastrophic losses related to environmental damage, loss of containment of chemicals and agricultural chemicals, worker injuries, energy and chemical releases, project management, equipment operation and maintenance, cost analysis and, employee engagement and collaboration and environment, health, safety and security performance in the field of workplace safety; organizing and conducting educational programs in the field of agricultural to encourage students to participate in the agricultural industry and be educated on the values of crop health; providing educational information in the nature of articles and posts in the field of fertilizer and agronomy via online blogs

Class 42

(7) agriculture crop management, namely, crop growth modeling; agricultural field mapping services; providing advice in the field of crop information, namely, soil sampling, tissue sampling, assessing and tracking crop progress and crop quality across agricultural fields, by tracking plant diseases, pests and other plant health factors for the purpose of advising on methods to improve crop yields; agricultural services, namely providing information in the field of environmental protection and crop sustainability in the field of agriculture; research and development in the field of farming and crop management; providing online downloadable software for use by customers to manage data relating to farm inputs, costs and crop yields results; providing online downloadable software for use by customers to manage data relating to farm inputs, costs and crop yield results; agronomic management, namely, providing information relating to precision agriculture and variable rate technology using global positioning systems, geographical information systems and satellite imagery

Class 44

(8) custom application, namely application of fertilizer and other agricultural chemicals; agronomy services, namely, consulting services in the nature of providing crop and yield production management information in the nature of agricultural advice and crop recommendations, pest management recommendations and seed recommendations; pest control services for agriculture; agricultural advice and information in the fields of crop production, crop planning, crop feasibility, crop seeding rates, crop cultivation, crop monitoring, crop fertility, seed selection and improving crop production; consulting services in the fields of agriculture and agronomy, namely, providing crop and yield production management information in the nature of agricultural advice and crop recommendations; agriculture crop management, namely, crop planning and crop scouting

Class 45

(9) providing information in the field of regulatory compliance procedure in the field of environmental regulations

Position

Visual Representation

Trademark Description

The trademark consists of a position of a label applied to a three-dimensional bottle, as shown in the visual representation. The mark consists of two diagonal bands in the nature of a ribbon, one on the neck of the bottle and the other one at the lower centre of the bottle, both of which are higher on the left than the right. Furthermore, a horizontal band is located at the bottom of the neck of the bottle with two horizontal lines at the top and bottom of the band. The three-dimensional bottle shown in dashed outline does not form part of the trademark but is included merely to show the position of a sign.

Class 07

(1) Condensing installations, namely, air condensers and steam condensers, namely, surface condensers and jet condensers.

Class 09

(2) Scientific apparatus and instruments, namely, anemometers, ammeters, accelerometers; Regulating apparatus, electric, namely, voltage regulators, electrical controllers for air condensers and steam condensers, namely, surface condensers and jet condensers; Apparatus for the transmission of data, namely, computer chipsets for use in transmitting data to and from a central processing unit, boom poles for sound transmission apparatus, cables for electrical signal transmission systems, computer software to automate data warehousing, computers for use in data management, data cables; Computer software for asset performance management; Computer software applications, downloadable for asset performance management; Computer software platforms, recorded and downloadable for asset performance management.

Class 11

(3) Heat exchangers for the removal of condensate and their parts and fittings; Installations for evaporating, namely, cooling evaporators, evaporative air coolers, evaporators for air conditioners and their parts and fittings; Water cooling towers and their parts and fittings; Evaporative cooling towers and their parts and fittings; Heat exchangers, other than parts of machines; Refrigerated water surface condensers and their parts and fittings; Cooling apparatus and installations, namely, cooling domes, cooling evaporators, electric fans with evaporative cooling devices and their parts and fittings; Water cooling installations, namely, water coolers and their parts and fittings.

Services

Class 37

(1) Installation, repair and maintenance of condensing installations, namely, air condensers and steam condensers, namely, surface condensers and jet condensers and their parts and fittings; Installation, repair and maintenance of separators and their parts and fittings for removing condensation by cooling, namely, by refrigeration; Installation, repair and maintenance of heat

exchangers for removing condensation, steam accumulators, evaporators, cooling towers, heat exchangers, surface condensers using chilled water and their parts and fittings; Installation, maintenance and repair of cooling apparatus, cooling installations, water cooling installations, namely, cooling domes, cooling evaporators, electric fans with evaporative cooling devices, water coolers and their parts and fittings; Installation, repair and maintenance of evaporators, namely, cooling evaporators, evaporators for air conditioners and their parts and fittings.

Class 42

(2) Scientific research in the field of water cooling towers, condensers, namely, air condensers and steam condensers, namely, surface condensers and jet condensers and dry cooling installations, namely, cooling evaporators, evaporative air coolers; Scientific analysis in the field of water cooling towers, condensers, namely, air condensers and steam condensers, namely, surface condensers and jet condensers and dry cooling installations, namely, cooling evaporators, evaporative air coolers; Industrial analysis and research services in the field of water cooling towers, condensers, namely, air condensers and steam condensers, namely, surface condensers and jet condensers and dry cooling installations, namely, cooling evaporators, evaporative air coolers; Technological consultation services in the field of alternative energy generation; Technological consultancy relating to water cooling towers; Conducting of technical feasibility studies; Design services, namely, design in the field of water cooling towers; Computer software design; Design and development of software in the field of mobile applications.
