Trademarks Journal

Vol. 67 No. 3419

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Computer software for streaming, broadcasting, transmitting and reproducing music, comedy and spoken word performances; Computer software for use in the delivery, distribution and electronic transmission via the internet of digital music, audio clips, videos, video clips, and digitized documents, all in the fields of music, comedy, spoken word, concerts, music videos, movies and radio, for use on computers, television settop boxes, music players, video players, cellular phones, and portable and handheld digital electronic devices; Computer software for use in authoring, downloading, electronically transmitting, receiving, editing, extracting, encoding, decoding, playing, storing and organizing digitized documents, digital still images and photographs, digital music, and audio clips, all in the fields of music, comedy, spoken word, concerts, music videos, movies and radio, for use on computers, music players, video players, cellular phones, and portable and handheld digital electronic devices; computer software to enable users to program audio, video, and text and multimedia content, namely, music, comedy, spoken word, concerts, music videos, movies, and radio via the Internet; downloadable software in the nature of a mobile application for use on computers, television set-top boxes, music players, video players, cellular phones, and portable and handheld digital electronic devices for providing electronic transmission of voice recordings, digital still images and photographs, digital music, audio clips, videos, video clips and digitized documents, all in the fields of music, comedy, spoken word, concerts, music videos, movies and radio, via the Internet; Computer application software for use with mobile computer hardware and smart phones for use in providing users with access to searchable databases in the fields of music, comedy, spoken word, concerts, music videos, movies and radio; software for creating searchable databases; computer software downloadable from a website for wireless content delivery of voice recordings, digital still images and photographs, digital music, audio clips, videos and video clips via the Internet; downloadable software for searching a database in the fields of music, comedy, spoken word, concerts, music videos, movies, and radio for use on computers, music players, video players, cellular phones, and

portable and handheld digital electronic devices; downloadable software for accessing information in the fields of music, comedy, spoken word, concerts, music videos, movies, and radio on the Internet or on a global computer network; downloadable software for transmitting, receiving, downloading, streaming, and displaying digital music, audio clips, videos, video clips, and digitized documents, all in the fields of music, comedy, spoken word, concerts, music videos, movies and radio, via the Internet or on a global computer network; computer software for formatting and converting digital music, audio clips, videos, video clips, and digitized documents, all in the fields of music, comedy, spoken word, concerts, music videos, movies and radio, into a format compatible with portable electronic devices and computers; computer software enabling digital music, audio clips, videos, video clips, and digitized documents, all in the fields of music, comedy, spoken word, concerts, music videos, movies and radio, to be downloaded to and accessed on a computer or other portable consumer electronic device; downloadable music files.

Class 16

(2) Gift cards, printed gift certificates, non-magnetically encoded prepaid purchase cards for online purchase of entertainment content via the Internet.

Services

Class 35

(1) Online retail store services featuring music recordings, comedy recordings, spoken word recordings, and video clips; Providing advertising space for others on the Internet; Subscription-based and online retail store services featuring downloadable prerecorded music and video; online ordering services featuring prerecorded music and video clips.

Class 38

(2) Streaming of music over a global computer network and other communications networks; Internet radio broadcasting services; Radio broadcasting; Broadcasting services, namely digital audio broadcasting of music, comedy, spoken word, concerts, music videos, movies, and radio provided via a global communications network; Subscription-based radio and television broadcasting via a global computer network.

Class 41

(3) Providing reviews, commentary and information in the field of music, comedy, and spoken word recordings over a global computer network and other communications network; entertainment services, namely, providing non-downloadable live and pre-recorded music, comedy, and spoken word recordings by means of audio and video transmission over a global computer and other communications networks; entertainment services, namely, providing information in the field of music, comedy, and spoken word recordings over a global computer network and other communications networks; entertainment services, namely, providing online reviews of music, comedy, and spoken word recordings; entertainment services, namely, profiling of musicians, artists and bands by providing video clips of musical, comedic, and spoken word performances over a global computer network; entertainment services, namely, making music, comedy, and spoken word recording recommendations based on user generated data; arranging and conducting of concerts; entertainment services, namely, live music, comedy, and spoken word shows; Entertainment services, namely, providing non-downloadable prerecorded music, comedy, and spoken word recordings, providing information in the field of music, comedy, and spoken word, providing commentary and articles about music, comedy, and spoken word recordings and performances, all on-line via a global computer network; Providing an Internet website portal in the field of music, comedy, and spoken word; Entertainment services, namely, providing prerecorded music, comedy, and spoken word recordings according to consumer preferences via a global

communications network; Entertainment services, namely, providing a website featuring prerecorded audio recordings, video clips, albums, artists, songs, related film clips, and photographs in the fields of music, comedy, spoken word and radio; providing non-downloadable prerecorded audio recordings, video recordings and information in the fields of music, comedy, spoken word and radio, and commentary and articles thereon, all on-line via a global communications network; providing non-downloadable playback of music, comedy and spoken word and providing non-downloadable prerecorded music, comedy, spoken word according to consumer preferences, all via a global communications network; providing an Internet website portal in the fields of music, comedy, spoken word and radio; Subscription based website featuring music, comedy and spoken word recordings and information about music, albums, artists and songs.

Class 42

(4) Providing a web site featuring technology that allows users to input their selections of characteristics for music, or that identifies characteristics of music based on user selections, so that profiling can be completed and recommendations provided based on those characteristics; providing access to non-downloadable software provided over global computer networks for creating entertainment and information profiles based on user selections of entertainment and information options or based on user specification of characteristics of entertainment and information, and recommending other entertainment and information based on such selections and specifications; providing access to computer software for authoring, downloading, streaming, broadcasting, transmitting, editing, extracting, encoding, decoding, playing, storing, organizing and reproducing music and comedy; Providing a website featuring technology that enables users to create personalized music channels for independent, simultaneous listening, and share channels with other users; Providing an interactive website featuring technology that allows users to consolidate and manage voice, data, video, and media content in the fields of music and radio.

Apparatus for lighting, heating, steam generating, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, boilers for heating installations, electrical boilers, heating boilers, industrial boilers, waste heat boilers, pipes for heating boilers, steam generators, kerosene heaters, propane fuel fired heaters, butane fuel fired heaters, diesel fuel fired heaters, oil heaters, fuel pellet fired heaters, solid fuel burning heaters, feed water heaters for industrial and commercial purposes, surface condensers, HVAC units, industrial dehumidifiers, ventilating installations, air conditioners, refrigerators, and water treatment equipment, namely, desalination units and reverse osmosis units; air to heat recovery units for building ventilation systems; heating apparatus for use in the treatment of waste material, namely, kilns, heattreating furnaces, waste disposal furnaces and waste disposal incinerators; installations for generating steam and nuclear generators; industrial installations and apparatus for the processing and recovery of oils, fats and of petroleum, petroleum products and of petroleum derivatives, namely, industrial installations and apparatus for the distillation, separation, conversion and treatment of oils, fats and of petroleum, petroleum products and of petroleum derivatives, delayed cokers and gas, petroleum, biomass and solid-fuel fired heaters; industrial chemical installations and apparatus, namely, industrial chemical installations and apparatus for the conversion, separation, treatment and combination of feedstock, chemicals and petrochemicals; steam generators; ventilators for heat exchangers; heat recovery ventilators; poweroperated vaporisers for industrial and commercial purposes; heaters, namely, water heaters, feed water heaters, gas water heaters, and electric heaters for commercial and industrial purposes; fired heaters, namely, oil fired heaters, kerosene heaters, propane fuel fired heaters, butane fuel fired heaters, diesel fuel fired heaters, fuel pellet fired heaters, and solid fuel burning heaters; industrial heaters, namely, oil fired heaters, kerosene heaters, propane fuel fired heaters, butane fuel fired heaters, diesel fuel fired heaters, fuel pellet fired heaters, and solid fuel burning heaters for industrial purposes; kilns; rotary kilns (for industrial purposes); gas condensers other than being parts of machines; steam super heaters for boilers; steam desuperheaters for boilers; desalination units; air heaters; parts and fittings for installations for generating steam and for nuclear power stations, namely, heat exchangers; parts and fittings for nstallations for steam and electricity generating stations, namely, surface condensers and feed water heaters for industrial purposes; steam generating and condensing installations and

equipment, namely, boilers for heating installations, heating boilers, industrial boilers, waste heat boilers, hot water boilers, pipes for heating boilers, steam generators, surface condensers, and feed water heaters for industrial purposes; refuse disposal incinerators, waste-to-energy waste disposal installations, namely, waste disposal incinerators; air purification installations and equipment, namely, wet scrubbers and gas scrubbers; heating and cooling apparatus for feedwater heaters, namely, water heaters and cooling evaporators for feedwater heaters; heat exchangers for the removal of flue gases; burners and boilers, namely, acid gas burners for treating gas streams containing hydrogen sulphide, thermal incinerators, combustion furnaces, combustion chambers, steam reforming furnaces for converting natural gas and hydrocarbons to hydrogen for industrial purposes, waste disposal furnaces, waste disposal incinerators and ovens for the treatment of waste and parts and fittings for all the aforesaid goods; heating apparatus for use in the treatment of waste material, namely, rotary kilns for industrial purposes, electric heaters for industrial and commercial purposes, natural gas heaters, water heaters, petroleum-derivative heaters and oil heaters and parts and fittings for all the aforesaid goods; chemical flue gas scrubbing apparatus, namely, dry scrubbers and wet scrubbers.

Services

Class 35

(1) Business management consultancy services; business management services, including business project management; supply and demand forecasting and analysis and assessment of product distribution processes for others; procurement services in the form of purchasing equipment, materials, labour and services of others in the oil and gas, oil refining, chemical, petrochemical, pharmaceutical, environmental, manufacturing, healthcare, medical, scientific research, mining, power generation, power plant operation and maintenance, construction, transportation, waste processing plants, energy generation and construction of infrastructure, namely, roads, prisons, schools, military and defense facilities; business administration; cost management and analysis; strategic business planning; risk analysis; business management advisory services in the fields of financial planning and risk management; contractor management, planning, scheduling and procurement services, namely, personnel management; personnel management; business services namely, providing information in the field of the development of new industrial facilities and infrastructure, managing the life cycles of industrial facilities (and installations) and infrastructure and resource planning for the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, industrial chemical and pharmaceutical manufacturing, and in the fields of healthcare, medical, and scientific research relating to pharmaceutical development, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies in the fields of education, military and defense, energy transmission and distribution, and waste processing industries; document preparation and document management; business document management; business management services relating to information and data compiling and analyzing; indexing of documents for others; electronic processing and transmission of bill payment data in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, industrial chemical and pharmaceutical manufacturing, and in the fields of healthcare, medical, and scientific research relating to pharmaceutical development, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project

management and programme management for federal government agencies and national government agencies in the fields of education, military and defense, energy transmission and distribution, and waste processing via global computer networks and the internet; conducting of business feasibility studies; advisory services relating to business management and business operations; efficiency expert services, namely optimisation of plant operations; operational business assistance to enterprises; business logistic services.

Class 36

(2) Financial asset management services; project financing and finance package services namely, financial risk management services; financial investment analysis; consultancy services in the field of finance, namely, business acquisition and merger consultation; financial consultancy in the energy sector; project financing in the field of energy, other than debt financing; financial cost analysis services; financial planning of projects; cost management of projects in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, manufacturing, healthcare, medical, scientific research, metals and mining, power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, government in the fields of education, military and defense, energy transmission and distribution, and waste processing; financial value management; real estate brokerage; consultancy services in the fields of financial asset management, project financing, financial investment analysis, cost management and real estate brokerage services.

Class 37

(3) Building construction services; bridge construction services; pipeline construction services; road construction services; factory construction, laying and construction of pipelines, pipeline maintenance services, underwater building and construction, warehouse construction; building and construction services, namely, building and construction and decommissioning of nuclear power plants; building and construction services, namely, building and construction of biofuel power plants and stations; building and construction services, namely, building and construction of renewable energy projects, namely, wind farms, solar thermal installations, steam plants, turbines for the generation of electricity, and geothermal electrical plants; repair, maintenance and installation services, namely, repair, maintenance and installation of industrial facilities, namely, upstream oil and gas facilities as well as processing plants and equipment, namely those used in the production and treatment of refinery products, energy, pharmaceutical products, steam, electricity, flue gas, chemicals, metals, petrochemicals and natural gas; construction of industrial facilities, namely, processing plants and equipment used in the production and treatment of refinery products, energy, pharmaceutical products, steam, electricity, flue gas, chemicals, metals, petrochemicals, and natural gas; building, construction and engineering project management; retrofitting of industrial plants and facilities, namely, nuclear power plants, oil refineries, chemical production plants, solid-fuel-fired power plants, oil-fired power plants, gas and oil processing plants, pharmaceutical manufacturing plants, machine-manufacturing plants, water treatment plants, waste treatment plants and processing plants; gas and oil drilling; mining; consultancy services for industrial and commercial projects in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, manufacturing, healthcare, medical, scientific research, metals and mining, power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, government in the fields of education, military and defense, energy transmission and distribution, and waste processing.

Class 39

(4) Freight transportation by boat, air, rail and truck; packaging the goods of others; warehouse storage services; public utility services in the nature of water, electricity and gas distribution; utility

services in the form of electricity distribution; utility services in the form of water distribution; transportation of oil and gas by boat, rail and truck; utility services transmission of electricity; utility services in the form of natural gas distribution; transmission of natural gas through pipelines; transmission of oil or and gas through pipelines; utility services in the form of electricity distribution, namely, distribution of electricity via electric cables and wires; transport of hydrocarbon fuels by boat, air, rail, truck and pipeline; storage of gaseous fuels; storage of electricity; storage of gas; supply chain logistics and reverse logistics services consisting of the delivery of goods for others by air, rail, ship or truck; consultancy services in the fields of transportation, distribution, and transmission of energy and fuel, supply chain logistics and reverse logistics, and the packaging and storage of the goods of others; supply chain logistics and reverse logistics services consisting of delivery, storage and transportation of goods for others by air, rail, ship and truck.

Class 40

(5) Treatment of materials, namely land decontamination, soil treatment services, soil redemption services, decontamination of nuclear waste, decontamination of hazardous materials, decontamination of sub-surface soil sites, chemical decontamination of nuclear plants, waste water reprocessing, reprocessing of nuclear fuels, conversion of nuclear fuels, air treatment, water treatment, treatment of waste materials, fuel treatment services, treatment of natural gas, treatment of flue gas, treatment of hazardous materials and substances, industrial treatment of effluents, treatment of industrial waste, chemical treatment of exhaust gases from fossil fuel combustion; oil refinery services; filtration and purification of gases; recovery of hydrocarbons from gas; custom manufacture of steam generators; custom manufacture of equipment for utility power and industrial facilities, including steam generators and parts thereof, condensers, heaters, acid gas burners, rotary kilns, coal pulverizers, gasifiers and flue gas cleaning equipment; custom manufacture of equipment for industrial facilities, namely material handling systems for use in mines; custom manufacture of replacement parts for use in utility power and industrial facilities, including steam generators, condensers, heaters, fired heaters, acid gas burners, rotary kilns, coal pulverizers, gasifiers and flue gas cleaning equipment; thermal processing of materials including incineration of gases and waste incineration; recycling of waste; waste treatment, namely, treatment of municipal solid waste and biomass waste for use in power generation; recycling of nuclear fuels; oil and gas well treatment; processing of oil and gas; processing of fuel materials; generation of electricity; consultancy services in the fields of oil and gas extraction and processing, oil refining, manufacturing, chemicals production, power generation, minerals and metals extraction and processing power plant operation and waste processing.

Class 41

(6) Practical training in the fields of oil and gas, oil refining, the production and treatment of chemicals, petrochemicals, pharmaceuticals, and metals, environmental inspection, environmental planning, environmental engineering, environmental assessments, testing and surveys, and in the fields of healthcare, medical, and scientific research relating to industrial chemical and pharmaceutical manufacturing, geological mining, generation of gas and electricity, alternative energy generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies, national government agencies, and national defence agencies, project management and programme management for federal government agencies, national government agencies, and national defence agencies, utility services transmission of electricity and natural gas, and waste processing; conducting instructional training courses in the fields of oil and gas, oil refining, the production and treatment of chemicals, petrochemicals, pharmaceuticals, and metals, environmental inspection, environmental planning, environmental engineering, environmental assessments, testing and

surveys, and in the fields of healthcare, medical, and scientific research relating to industrial chemical and pharmaceutical manufacturing, geological mining, generation of gas and electricity, alternative energy generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies, national government agencies, and national defence agencies, project management and programme management for federal government agencies, national government agencies, and national defence agencies, utility services transmission of electricity and natural gas, and waste processing; training of specialists in the fields of oil and gas, oil refining, the production and treatment of chemicals, petrochemicals, pharmaceuticals, and metals, environmental inspection, environmental planning, environmental engineering, environmental assessments, testing and surveys, industrial chemical and pharmaceutical manufacturing, healthcare, medical, scientific research, geological mining, generation of gas and electricity, alternative energy generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies, national government agencies, and national defence agencies, project management and programme management for federal government agencies, national government agencies, and national defence agencies, utility services transmission of electricity and natural gas, and waste processing; preparation of operating manuals; publication of technical operating manuals; consultancy services in the fields of practical training in the fields of oil and gas, oil refining, the production and treatment of chemicals, petrochemicals, pharmaceuticals, and metals, environmental inspection, environmental planning, environmental engineering, environmental assessments, testing and surveys, industrial chemical and pharmaceutical manufacturing, healthcare, medical, scientific research, geological mining, generation of gas and electricity, alternative energy generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies, national government agencies, and national defence agencies, project management and programme management for federal government agencies, national government agencies, and national defence agencies, utility services transmission of electricity and natural gas, and waste processing.

Class 42

(7) Engineering services, namely, electrical engineering, mechanical engineering, civil engineering, instrumentation engineering and chemical engineering in the field of biofuel power plants and stations; engineering services, namely, nuclear engineering, civil engineering and instrumentation engineering in the field of nuclear power plants; engineering services, namely, electrical engineering, mechanical engineering and chemical engineering in the field of renewable energy projects, namely, wind farms, solar thermal installations, steam plants, turbines for the generation of electricity, biomass plants and geothermal electrical plants; engineering services, namely, electrical engineering, mechanical engineering, civil engineering and chemical engineering in the field of alternative energy projects, namely, development of electrical generators for converting wave power into electricity, and developing electric, galvanic and solar batteries; engineering services, namely, electrical engineering, mechanical engineering, civil engineering, instrumentation engineering, chemical engineering and architectural engineering in the field of pharmaceutical, chemical, oil and gas processing plants, refineries, and manufacturing plants; engineering services, namely, electrical engineering, mechanical engineering, civil engineering, instrumentation engineering, chemical engineering and architectural engineering in the pharmaceutical, chemical, manufacturing, oil and gas industries; engineering services relating to the extraction, processing, treatment and utilisation of oils sands, namely, oil sand mining, oil sand extraction, oil treatment

and refining; technical project management in the fields of chemical engineering, mechanical engineering, civil engineering, instrument engineering, nuclear engineering, electrical engineering, environmental engineering; design engineering, namely, mechanical engineering for design of material handling systems and crushing plants, comprised of crushers, screens, structures, conveyors, storage bins and feeders for use in mines; electrical engineering services; mechanical engineering; geotechnical engineering; industrial process engineering in the fields of oil and gas, oil refining, chemical and petrochemical production, pharmaceuticals, manufacturing and power-generation; thermal engineering; instrument control engineering; fire engineering, energy and flare surveys; design of new products for others in the field of mechanical engineering; electrical systems design namely, electrical engineering; design of systems to wrap or package manufactured products in the chemicals, petrochemicals, and other industrial manufacturing plants; piping systems design in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, manufacturing, healthcare, medical, scientific research, metals and mining, power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, government in the fields of education, military and defense, energy transmission and distribution, and waste processing; heating, ventilating and air conditioning systems design; computer software engineering; design of IT systems, namely, design of computer systems, computer hardware, computer software and computer networks for others; provision of technical information relating to the design of plants and facilities in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, manufacturing, healthcare, medical, scientific research, metals and mining, power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, namely, development of transportation structures, government in the fields of education, military and defense, energy transmission and distribution, and waste processing; conversion of data from physical to electronic media; data mining; computer services, namely, platform as a service (PaaS) services featuring software platforms for use in database management, for use as a spreadsheet, for use in electronic storage of data, and for word processing in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; providing non-downloadable software for use in database management, for use as a spreadsheet, for use in electronic storage of data, and for word processing in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; scientific studies and research relating to projects, products and industrial processes in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; technological research in the fields of

oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; scientific studies and research relating to projects, products and industrial processes in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; technological and technical studies, namely studies relating to electricity grid codes and the connection of facilities to electricity networks; technological consulting in the field of automation of systems; preparing, designing and conducting energy studies; preparing, designing and conducting audits including audits in the field of mining reserves and in the field of energy; preparing, designing and conducting energy surveys; conducting of technical feasibility studies; technical consultation in the field of delayed coking; technical consultation in the field of energy and emissions management, including solvent deasphalting, visbreaking, hydrogen production and sulphur/tail gas treatment; analysis of seismic data for others; architectural services; structural design services; building condition surveys; landscape management and design; surveying services including the surveying of land, quantity surveying, conducting engineering surveys, conducting geological surveys; environmental inspection, planning, engineering, assessments, testing and surveys; energy optimisation services; process optimisation services, namely, process optimization for industrial processes in the field of oil, gas, chemicals and petrochemicals; computer system integration services; plant audits and surveys; equipment inspection and assessment including the assessment of plant and machinery; providing quality control for the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; scientific studies and research relating to projects, products and industrial processes in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; materials testing services, namely, testing of new products for others and materials testing; creation of computers models to evaluate the impact of potential designs and changes to plants and facilities in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies,

project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; scientific studies and research relating to projects, products and industrial processes in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing; industrial process simulation and optimization, namely, technical consulting in the field of simulation and optimization of industrial processes in the fields of oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; scientific studies and research relating to projects, products and industrial processes in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing; safety advice in relation to engineering or production projects or processes, hazard and operability studies; oil and gas exploration services; technical consultancy services in the field of chemical engineering, mechanical engineering, electrical engineering, nuclear engineering, instrumentation engineering, civil engineering in the energy, oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing industries; scientific studies and research relating to projects, products and industrial processes in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, metals and mining, power generation, power plant operation and maintenance, construction equipment, construction and planning of transportation systems, construction and planning of infrastructure, urban planning, public policy development for federal government agencies and national government agencies, project management and programme management for federal government agencies and national government agencies, utility services transmission of electricity and natural gas, and waste processing.

Class 45

(8) Legal services; licensing of intellectual property; licensing of technology, namely, computer software, power generation equipment technology, and technical processes for the production and treatment, remediation and clean-up of materials in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, industrial and commercial, metals and mining,

power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, government, transmission and distribution, and waste processing industries; granting of licences on intellectual property; administration of the licensing of the goods and services of others; security services for the protection of property and individuals, namely, security guard services, security inspection service for others, and monitoring of burglar and security alarms; information, advisory and consultancy services in the field of workplace safety, worksite safety and regulations on safety at work; site safety and safety management; fire prevention consultation; information, advisory and consultancy services in the fields of intellectual property licensing and the licensing of technology, namely, computer software, power generation equipment technology, and technical processes for the production and treatment, remediation and clean-up of materials in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, industrial and commercial, metals and mining, power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, government, transmission and distribution, and waste processing industries; advisory and consultancy services to ensure compliance with regulations in the oil and gas, oil refining, chemical and petrochemical, pharmaceutical, environmental, industrial and commercial, metals and mining, power generation, power plant operation and maintenance, construction equipment, transportation, infrastructure, government, transmission and distribution, and waste processing industries legal consultation services; consulting services in the field of security services for the protection of property and individuals, namely, security guard services, security inspection services for others, and monitoring of burglar and security alarms

use with water testing equipment to test for water quality and contamination; computer software, not related to audio or video products, namely, computer software for calculating the dosage of animal food in aquariums, aqua-terrariums, terrariums and garden ponds; Aerometers; testing apparatus, not for medical purposes, namely, instruments for analyzing water quality and for monitoring and detecting water contamination; testing apparatus, not for medical purposes, for monitoring oxygen and carbon dioxide level, minerals, pH level and temperature of water and air, namely, dissolved oxygen meters, carbon dioxide meters, digital pH meters, temperature meters, and meters for measuring mineral content of water; testing apparatus, not for medical purposes, for monitoring and detecting the temperature, pressure, quantity and concentration of gas and liquids, namely, temperature meters, pressure meters and density meters; testing apparatus, not for medical purposes, for use in leak, flow and functional testing, namely, flow meters; apparatus, not for medical purposes, for testing gas, liquids and solids, namely, gas and liquid flow meters; computer software applications, downloadable, not related to audio or video products, namely, computer software applications for calculating the dosage of fertilizer, substrate and light to grow plants in aquariums and garden ponds; computer software applications, downloadable, not related to audio or video products, namely, computer software applications for use with water testing equipment to test for water quality and contamination; computer software applications, downloadable, not related to audio or video products, namely, computer software for calculating the dosage of animal food in aquariums, aqua-terrariums, terrariums and garden ponds; testing and quality control devices, namely, instrumentation for monitoring and detecting water contaminates in terrariums, aquariums and garden ponds; testing and quality control devices, namely, instrumentation for monitoring oxygen and carbon dioxide level, minerals, pH level, quantity, concentration, pressure and temperature of water and air in terrariums, aquariums and garden ponds, namely, dissolved oxygen meters, carbon dioxide meters, digital pH meters, water level meters, pressure meters, temperature meters; incubators for crustacean larvae; data processing apparatus, not related to audio and video products, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, plant irrigation and plant nutrient management, in aquariums, garden ponds, terrariums, terra-aquariums and vivariums; dosing systems comprised of computer hardware and automatic valves for precise measurement release of carbon dioxide from pressure gas cylinders into water in aquariums as well as measuring and control devices intended therefore, namely, gas meters, electrical controllers and pumps; Light-emitting diodes [LED]; apparatus for measuring and adjusting pH levels, temperature and oxygen contents in aquarium and garden pond water, namely, digital pH meters, temperature meters, and air pumps; control valves for regulating the flow of gases and liquids, namely, level controlling valves in tanks, metal valves for water pipes; Controllers, namely, oxygen regulators, voltage regulators, illumination regulators, electric heat regulators, climate control regulators, flow regulators for agricultural use; Printed circuits; Hygrometers; Commutators;

Class 11

(7) Irrigation sprinkler systems; Germicidal burners; water treatment chlorinator units for swimming pools; disinfectant dispensers for cleaning aquariums, terrariums and garden ponds; apparatus for disinfecting water, namely, water purification machines for aquariums, terrariums and garden ponds; disinfectant apparatus for medical purposes, namely, electric autoclaves; lamps for keeping domestic animals, namely, pet heat lamps, ceiling spotlights, germicidal lamps for purifying air, solar powered lamps; infrared and ultraviolet radiators for heating purposes, not for medical use; Light diffusers for terrariums, aquariums and aviaries; Light grids for aquariums, aqua-terrariums and garden ponds; apparatus for aquariums and terrariums, namely, aquarium lights, led underwater lights for aquariums, aquarium heaters, aquarium filtration apparatus, aquarium filters,

aquarium air diffusers, water cooling apparatus for aquariums, terrarium lights, terrarium heaters, terrarium filtration apparatus, terrarium filters, terrarium air diffusers, air cooling apparatus for terrariums, electronic generator for use in controlling the amount of humidity in the air of terrariums by creating, removing or circulating small water particles or water vapor in the air; filters for aquariums, terrariums and garden ponds; air filters, namely, air purifying units; filters for air conditioning units; Heat exchangers; Cold steam generating installations; regulating and safety accessories for water apparatus, namely, pressure regulators for water installations; Ornamental and decorative water fountains; water softening units; water filtering units for domestic use; water filtering units for industrial use; Water sterilizers; whirlpool jet systems comprising whirlpool jet nozzles, water pumps and whirlpool jet fittings for use with whirlpools, bathtubs, therapy pools, swimming pools, and spas; Filter cartridges for water conditioning units; Waterfalls for terrariums and vivariums;

Class 16

(8) printed matter, namely, books, flyers, catalogues, advertising posters and printed advertising boards of cardboard and of paper, all in the field of aquaristics, terraristics and on keeping, breeding and feeding animals; printed instructional and teaching manuals in the field of aquaristics, terraristics and on keeping, breeding and feeding animals; general purpose plastic bags; plastic bags for pet waste disposal; plastic food storage bags; Books and pamphlets on keeping and feeding animals;

Class 17

(9) insulating plaster; insulating sleeves for power lines; insulating tape and band; insulating varnish; nonmetallic flexible pipes, namely, watering hoses and hoses of textile material; Watering hoses; hose pipes made of rubber for use in aquariums, terrariums and garden ponds; hose pipes made of silicone for use in aquariums, terrariums and garden ponds; accessories and spare parts, namely, non-metallic sealing rings for hose fittings, hose bandages, non-metallic elbow joints for flexible pipes, hose linings, casings of rubber for flexible pipes, non-metallic couplings for flexible pipes;

Class 19

(10) non-metal rigid pipes for building, namely, drain pipes, plastic branching pipes, PVC rigid pipes, PVC water pipes; Asphalt, pitch and bitumen; Decorative stones for aquariums and terrariums; natural stone, artificial stone, rock crystal, clay and non-metal minerals for use in building landscape and waterscape settings in aquariums, vivariums, terrariums and garden ponds; Aquarium gravel, aquarium sand, gravel, sand; Mineral soil granulates for aquariums and terrariums; Porphyry [stone]; decorative figures and stones for aquariums, terra-aquariums and ponds made of synthetics, wood, wax, gypsum, plastic;

Class 20

(11) Mirrors; Picture frames; furniture for indoor terraria, aquaria and terra-aquaria;

Class 21

(12) Aquariums and terrariums [structures]; bath sponges; all purpose scouring sponges; abrasive sponges for household use; brushes for cleaning tanks and containers; brushes for pipes; hair brushes; Steelwool; glass, unworked and semi-worked, except building glass; In-door aquaria and terraria; food storage containers for animal food; Mangers and feeding bowls for animals; Combs, currycombs, sponges and brushes for animal care, aquariums, terrariums and aviaries; Animal toilets; litter boxes for pets, litter trays for pets; Bird cages; Rings for birds; Sieves for use in aquariums, terrariums or garden ponds; feeding devices for self-feeding animals, namely, water dispensers for pets, bird feeding tables, pet feeding bowls and dishes, feeding troughs for animals;

Cleaning rags, leather for cleaning purposes, gloves; decorative figures and stones for aquariums, terra-aquariums and ponds made of glass; decorative figures and stones for aquariums, terra-aquariums and ponds made of terra cotta; hand-operated cleaning devices for aquariums and terrariums, namely, steel wool for cleaning, magnetic sponges for cleaning purposes, glass pane cleaners in the nature of a combination of cleaning sponge and handle; accessories and spare parts, namely, disposable liner pads for animal litter boxes;

Class 24

(13) Bed covers; Table covers; filtering materials of textile for use in aquariums, terrariums and garden ponds;

Class 31

(14) seeds, namely, seeds for planting, for horticultural purposes, for agricultural purposes, seeds for fruit and vegetables, seeds for flowers, herb seeds for planting; Natural plants; natural flowers; Fodder for animals; malt for animal consumption; Fodder for domestic animals, small animals, fish, birds and reptiles, among others as litter, powder, flakes, granulate, beads or tablets, as sticks or in liquid form; Additives for animal foods not for medical purposes; Bedding and litter for animals; nesting material, namely, coconut shell, litter peat, unworked and partly worked palm tree leaves, pine cones, straw mulch, woodchip mulch, natural turf; Lime for animal forage; Plants, dried, for decoration; Live plants used as aquarium and terrarium landscapes; Algarovilla for animal consumption; algae for human consumption; algae for animal consumption; Aloe vera plants; Aromatic sand for pets; Raw barks; Distillery waste for animal consumption; Nettles; Peanuts, fresh; Peanut meal for animals; Peanut cake for animals; Fishing bait, live; Fish meal for animal consumption; Grains for animal consumption; beverages for pets and reptiles; forage, namely, straw for animal consumption; Beverages for pets; Cereal seeds, unprocessed; Yeast for animal consumption; Hay; Locust bean; Edible chews for animals; Seed germ for botanical purposes; Bran; Bran mash for animal consumption; Rough cork; Cork bark; Strengthening animal forage; Crayfish, not live, for animal consumption; agricultural, horticultural and forestry products as well as grains for use as decorative materials for aquariums, aqua-terrariums, terrariums and vivariums, namely, unprocessed grains, dried corn husks for decoration, dried flowers for decoration, dried herbs for decoration, branches and trunks of trees, live coral; Linseed for animal consumption; Linseed meal for animal consumption; Corn for animal consumption; Byproducts of the processing of cereals, for animal consumption; Rise meal for forage; Salt and fodder for breeding nauplii; Cuttlefish bones for birds; Silkworms; Silkworm eggs; Cuttle bones for birds; protein for animal consumption; animal litter; bred stock, namely, live cattle; fodder for terrarium and vivarium animals; Salt for cattle; Wheat; Wheatgerm for animal consumption; unprocessed roots for food, namely, unprocessed chicory root; Chicory roots;

Services

Class 35

(1) advertising the goods and services of others; Business management; Business administration; Clerical services; wholesale and retail services featuring chemicals used in industry, science and photography as well as in agriculture, horticulture and forestry, Manures, Salts of alkaline metals, Bactericidal preparations [other than for medical and veterinary use], Bentonite, Expanded clay for hydroponic plant growing [substrate], Guano, Humus top dressing, Mixtures of chemicals and microorganisms for increasing the nutritional value of animal fodder other than for veterinary use, Plant growth regulators, Substrates for soil-free growing [agriculture], Peat pots for horticulture, Adhesives used in industry, Gluten [glue] other than for stationery or household purposes, Chemical products for use in aquariums, terrariums, garden ponds, Activated carbon, Preparations for use in the treatments and clearing of water, Fertilizers, filtering media of chemical and

nonchemical substances, in particular of chemical, mineral, vegetable substances as well as plastic and ceramic materials in particulate form for water treatment, in particular for aquariums, aqua-terrariums and garden ponds, Water softening and hardening preparations, Chemical substances for analyses in laboratories, Chemical reagents, Sensitised paper, Photographic sensitizers, Photometric paper, Reagent paper, in particular test strips and papers for quick determination of water parameters, Chemical substances, chemical materials and chemical preparations, Chloride, Bleaching preparations, Alkaline-earth metals, Alkaline-earth salts, Iron salts, Filter cartridges, Focculants, Carbonates, purification preparations, namely, preparations for the purification of gas, Chemical preservatives for foodstuffs and fodder for animal, Preservatives for pharmaceutical purposes, Lanthanum, Magnesite, Magnesium chloride, Sodium bicarbonate, Hypochlorite of soda, Sodium salts [chemical compounds], Neodymium, Nitrates, Percarbonates, Persulfates, Sulfates, Additives, chemical, to fungicides, Additives, chemical, to insecticides, Reagents for testing water, Universal reagents for automated test systems [laboratory], Chemical, biochemical and biological products and preparations for water treatment, Soil additives, Humus, Bacterial preparations other than for medical and veterinary use, Liquid CO₂ for fertilising aquarium plants, Rock flour elutriated in water for removing pollutants from water, in particular in ornamental ponds and aquariums, Potassium salts, other than for medical purposes, Salts from rare earth metals, Rare earths, Hydrogen peroxide, Zeolites and zeolite material, in particular for aquariums, ponds, terra-aquariums or terrariums, Cosmetics, Cleaning agents for household purposes, soaps, shampoos and cosmetics for animals, soaps, shampoos and cosmetics for body and beauty care for animals, cleaning agents for household purposes, cleaning and buffing compounds for aquariums, terrariums and for use with domestic animals, cleaning preparations for aquariums, terrariums and for use with domestic animals, soaps, shampoos and cosmetics for animals, Aloe vera preparations for pharmaceutical purposes, Pharmaceutical and veterinary preparations, Sanitary preparations for medical purposes, dietetic food adapted for medical or veterinary use, Dietary supplements for humans and animals, Plasters, Materials for dressings, Disinfectants, Preparations for destroying vermin, Fungicides, Herbicides, Biocides, Insecticides, Bactericides, Antiparasitic preparations, Pesticides, Veterinary preparations for small animals as well as preparations for small animal healthcare, pharmaceutical preparations for health protection, namely, for the prevention of allergies, cold and flu, bacteria-based disorders or diseases, autoimmune disorders or diseases, inflammatory disorders or diseases, kidney disorders or diseases, diabetes, disorders of the nervous system, the immune system, the cardio-vascular system, the metabolic system, the respiratory system, the musculo-skeletal system, Feed supplements for veterinary use, Medicated additives for animal foods, Vitamin preparations, Preparations for controlling weeds and pests, Insecticides, Veterinary preparations for small animal health care, Reagents for use in diagnostic tests for veterinary purposes, Test strips for veterinary purposes, Algicides, Slug exterminating preparations, Cultures of microorganisms for medical and veterinary use, Feed supplements for veterinary use, Lotions for medical and veterinary use, Vermifuges, Potassium salts for medical purposes, Therapeutic preparations for the bath, Protein supplements for animals, Linseed and linseed meal for pharmaceutical purposes, Lecithin for medical purposes, Medicated additives for animal foods, Mineral food supplements, Albuminous foodstuffs for medical purposes, Preparations of trace elements for human and animal use, Propolis for pharmaceutical purposes, Dietetic foods with a balanced protein-fat ratio, Machine tools, Motors [except for land vehicles], Machine coupling and transmission components [except for land vehicles], Aquarium pumps, Garden pond pumps, Incubators for eggs, Vending machines, Air pumps for aquariums, aqua-terrariums and garden ponds, Valves for pressure reducers, Aerating pumps for aquariums, terrariums and garden ponds, Pressure reducers, Pressure reducing valves, non-return, safety and magnetic valves for use in dosing systems for precise measurement release of CO₂ from pressure gas cylinders into water in aquariums, air

filters, pumps and water sprayers [machines], Pump diaphragms, Regulators (parts of machines), Sludge pumps, Vacuum pumps [machines], Heat exchangers, Hydraulic turbines, circulating pumps for aquariums, aqua-terrariums and garden ponds as well as spare parts for all goods mentioned above, hand tools and hand-operated implements, namely, fish scoops, glass pane cleaners with stainless steel blade, Cutlery, Scissors, Tongs, Spatulas, Irons [non-electric hand tools], Penknives, Tweezers, Pruning knives [small], Secateurs, Garden tools, hand-operated, Instruments and tools for skinning animals, apparatus for destroying plant parasites, namely, hand-operated sprayers for insecticide, Sickles, Scraping tools [hand tools], Shovels [hand tools], Hair clippers for animals, Pliers, Computers, not related to audio or video products, Aerometers, testing apparatus, not for medical purposes, namely, water treating instrumentation for monitoring and detecting contamination, testing apparatus, not for medical purposes, for monitoring oxygen and carbon dioxide level, minerals, pH level and temperature of water and air, testing apparatus, not for medical purposes, for monitoring and detecting the temperature, pressure, quantity and concentration of gas and liquids, testing apparatus, not for medical purposes, for use in leak, flow and functional testing, apparatus, not for medical purposes, for testing gas, liquids and solids, Computer software applications, downloadable, not related to audio or video products, Software for analysing water samples, testing and quality control devices for terrariums, aquariums and garden ponds, namely, water treating instrumentation for monitoring and detecting contamination, testing and quality control devices for terrariums, aquariums and garden ponds for monitoring oxygen and carbon dioxide level, minerals, pH level, quantity, concentration, pressure and temperature of liquids and air, Incubators for nauplia, data processing apparatus, not related to audio and video products, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, plant irrigation and plant nutrient management, in aquariums, garden ponds, terrariums, terra-aquariums and vivariums, dosing systems comprised of computer hardware and automatic valves for precise measurement release of carbon dioxide from pressure gas cylinders into water in aquariums as well as measuring and control devices intended therefore, namely, gas meters, electrical controllers and pumps, Light-emitting diodes [LED], apparatus for measuring and adjusting pH levels, temperature and oxygen contents in aquarium and garden pond water, Regulators [controllers], Printed circuits, Hygrometers, Commutators, cooking appliances, Irrigation sprinkler systems, Germicidal burners, water treatment chlorinator units for swimming pools, disinfectant apparatus for use in cleaning aquariums, terrariums and garden ponds, apparatus for disinfecting water, disinfectant apparatus for medical purposes, Special lamps, spotlights, lamps and illuminants for use with domestic animals as well as the corresponding fixtures, Infrared and ultra-violet radiators, Light diffusers for terrariums, aquariums and aviaries, Light grids for aquariums, aqua-terrariums and garden ponds, apparatus for aquariums and terrariums, in particular aquarium lights, led underwater lights for aquariums, aquarium heaters, aquarium filtration apparatus, aquarium filters, aquarium air diffusers, water cooling apparatus for aquariums, terrarium lights, terrarium heaters, terrarium filtration apparatus, terrarium filters, terrarium air diffusers, air cooling apparatus for terrariums, electronic generator for use in controlling the amount of humidity in the air of terrariums by creating, removing or circulating small water particles or water vapor in the air, Water conditioning installations for use in terrariums, aquariums and garden ponds, Filters for aquariums, terrariums und garden ponds, Air filters, Heat exchangers, Cold vapour generating installations, regulating and safety accessories for water apparatus, namely, pressure regulators for water installations, Ornamental and decorative water fountains, water softening units, water filtering units for domestic use, water filtering units for industrial use, Water sterilizers, whirlpool jet systems comprising whirlpool jet nozzles, water pumps and whirlpool jet fittings for use with whirlpools, bathtubs, therapy pools, swimming pools, and spas, printed matter, namely, books, flyers, catalogues, advertising posters and printed advertising boards of cardboard and of paper,

all in the field of aquaristics, terraristics and on keeping, breeding and feeding animals, printed instructional and teaching material in the field of aquaristics, terraristics and on keeping, breeding and feeding animals, Books and pamphlets on keeping and feeding animals, packing materials and insulation materials, non-metallic flexible pipes, namely, watering hoses and hoses of textile material, Hose pipes made of rubber or silicone for use in aquariums, terrariums and garden ponds as well as accessories, namely, nonmetallic sealing rings for hose fittings, hose bandages, non-metallic elbow joints for flexible pipes, hose linings, casings of rubber for flexible pipes, non-metallic couplings for flexible pipe, and spare parts for all goods mentioned above, Filter cartridges [plastic], Non-metallic rigid pipes for building, Asphalt, pitch and bitumen, Aquariums and terrariums [structures], Decorative stones for aquariums and terrariums, Decorating materials for aquariums, terrariums and ponds made of mineral materials, Stone, rock, clay and minerals, Aquarium gravel, aquarium sand, gravel, sand, Mineral soil granulates for aquariums and terrariums, Porphyry [stone], Decorative figures and stones for aquariums, terra-aquariums and ponds made of synthetics, wood, wax or gypsum, plastic, Waterfalls for terrariums and vivariums as well as spare parts for all goods mentioned above, Furniture, Mirrors, Picture frames, furniture for indoor terraria, aquaria and terraaquaria, Utensils and containers for household and kitchen, Combs and sponges, Brushes, Steelwool, Glass, unworked or semi-worked, except building glass, In-door aquaria and terraria, Food containers for animals, Mangers and feeding bowls for animals, Combs, currycombs, sponges and brushes for animal care, aquariums, terrariums and aviaries, Litter boxes [trays] for pets, Bird cages, Rings for birds, Sieves for use in aquariums, terrariums or garden ponds feeding devices for self-feeding animals, namely, feeding vessels for pets, bird feeding tables, pet feeding bowls and dishes, feeding troughs for animals, Cleaning rags, leather for cleaning purposes, cleaning sponges and gloves, Decorative figures and stones for aquariums, terraaquariums and ponds made of glass or terra cotta, Waterfalls for terrariums and vivariums, as well as spare parts for all goods mentioned above, Bed covers, Table covers, filtering materials of textile for use in aquariums, terrariums and garden ponds, Sowing seeds, Live animals, Seeds, Natural plants and flowers, Foodstuffs and fodder for animals, Malt, Fodder for domestic animals, small animals, fish, birds and reptiles, among others as litter, powder, flakes, granulate, beads or tablets, as sticks or in liquid form, Additives for animal foods not for medical purposes, Bedding and litter for animals, nesting material, namely, coconut shell, litter peat, unworked and partly worked palm tree leaves, pine cones, straw mulch, woodchip mulch, natural turf, Bait [artificial], Lime for animal forage, Plants, dried, for decoration, Biological water treatment preparations for sweet and saltwater aquariums and garden ponds, namely, water fleas and natural plants for water treatment, Live plants used as aquarium and terrarium landscapes, Algarovilla for animal consumption, Algae for human or animal consumption, Aloe vera plants, Aromatic sand for pets, Foodstuffs for a balanced protein-fat ratio for human or animal consumption, Raw barks, Distillery waste for animal consumption, Nettles, Peanuts, fresh, Peanut meal for animals, Peanut cake for animals, Fishing bait, live, Fish meal for animal consumption, Grains for animal consumption, Meal for animals, foodstuffs for animals, namely, non-medical food supplements and tonics as well as beverages for animals, Straw [forage], Beverages for pets, Cereal seeds, unprocessed, Yeast for animal consumption, Hay, Locust bean, Edible chews for animals, Seed germ for botanical purposes, Bran, Bran mash for animal consumption, Rough cork, Cork bark, Strengthening animal forage, Crayfish, not live, for animal consumption, agricultural, horticultural and forestry products as well as grains for use as decorative materials for aquariums, aqua-terrariums, terrariums and vivariums, namely, unprocessed grains, dried corn husks for decoration, dried flowers for decoration, dried herbs for decoration, branches and trunks of trees, live coral, Linseed for animal consumption, Linseed meal for animal consumption, Corn, Cornmeal for animal consumption, Animal fattening preparations, Stall food for animals, Menagerie animals, By-products of the processing of cereals, for animal consumption, Salt and fodder for breeding nauplii, Cuttlefish

bones for birds, Silkworms, Silkworm eggs, Cuttle bones, Cuttle bones for birds, Food supplements for animals, animal litter, Bred stock, fodder for terrarium and vivarium animals, Salt for cattle, Wheat, Wheatgerm for animal consumption, Roots for food, Chicory roots;

Class 39

(2) organization, booking and arrangement of excursions;

Class 41

(3) education services, namely, providing classes, seminars, trainings and workshops on natural habitats of aquarium, aqua-terrarium and terrarium animals and plants, on conserving wildlife, on pet care, on fishkeeping, on keeping terrarium animals; entertainment services, namely, arranging and conducting guided tours of native habitats of aquarium and terrarium animals and plants;

Class 44

(4) Veterinary services; animal healthcare services, namely, veterinary services and veterinary clinics; Animal beautician services; veterinary advisory services in the field of diagnosis and treatment of disease of animals in aquariums, terrariums and garden ponds;

Goods

Class 01

(1) chemicals used in photography as well as in agriculture, horticulture and forestry; Manures; Salts of alkaline metals; Bactericides [other than for medical and veterinary use]; Bentonite; expanded-clay for hydroponic plant growing substrates; Guano; Humus top dressing; Mixtures of chemicals and microorganisms for increasing the nutritional value of animal fodder, other than for veterinary use; Plant growth regulators; Substrates for soil-free growing [agriculture]; Peat pots for horticulture; Gluten for the food industry; Chemicals for use in aquariums, terrariums, garden ponds; Activated carbon; chemicals for use in the treatment and clearing of water, namely, chemical oxidants for wastewater treatment, granulated carbon for water treatment, waste water treatment chemicals, chemicals for use in purifying water, chlorine for use in water purification, water purifying chemicals for aquaria and garden ponds; Fertilizers; filtering media of chemical and non-chemical substances, namely chemical, mineral, vegetable substances as well as plastic and ceramic materials in particulate form for water treatment for aquariums, aqua-terrariums and garden ponds; Water softening and hardening preparations; chemical substances for analyses in laboratories, namely, laboratory assay kits, aquarium chlorine test kits and water test kits; chemical reagents, namely, reagents used for analytical moisture determinations, diagnostic reagents for

medical-scientific research use, diagnostic reagents for scientific research use that test for contaminants in animal food; Sensitized paper; Photographic sensitizers; Photometric paper; chemical test paper used for quick determination of water parameters; aquarium water test strips; garden pond water test strips; Alkaline-earth metals; Alkaline-earth salts; Iron salts; Flocculants; carbonates, namely, ammonium carbonate, calcium carbonate, copper carbonate, lead carbonate, lime carbonate, magnesium carbonate, manganese carbonate, sodium carbonate; purification preparations, namely, preparations for the purification of gas; Chemical preservatives for foodstuffs and fodder for animals; Preservatives for pharmaceutical purposes; Lanthanum; Magnesite; Magnesium chloride; Sodium bicarbonate; Hypochlorite of soda; Sodium salts [chemical compounds]; Neodymium; nitrates, namely, aluminium nitrate, ammonium nitrate, barium nitrate, bismuth nitrate, calcium nitrate, iron nitrate, lead nitrate, manganese nitrate, mercury nitrate, silver nitrate, sodium nitrate, thorium nitrate and uranium nitrate; Persulfates; Sulfates; Additives, chemical, to fungicides; Additives, chemical, to insecticides; soil additives, namely, chemical soil conditioners; Humus; bacterial cultures for addition to food products, bacteria for animal feed, bacteria for wastewater treatment; Liquid CO₂ for fertilizing aquarium plants; Rock flour elutriated in water for removing pollutants from water in ornamental ponds and aquariums; Potassium salts, other than for medical purposes; Salts from rare earth metals; Hydrogen peroxide; Zeolites and zeolite material for aquariums, ponds, terra-aquariums and terrariums;

Class 03

(2) Cosmetics; soaps for animals, namely, bar soap, cream soaps, liquid hand soap; shampoo for animals, namely, pet shampoo, insecticidal animal shampoo; preparations for body and beauty care for animals, namely, cosmetics for animals, deodorants for pets, body wash, body mist, cosmetic creams, foot cream, moisturizing creams, body scrub, polishing creams, polish for turtle shells, body oil, hair oil, hair detangling preparations, antistatic spray for grooming pets; cleaning and buffing compounds for aquariums, terrariums and for use with domestic animals; Cleaning preparations for aquariums, terrariums and for use with domestic animals;

Class 05

(3) pharmaceutical preparations, namely, pharmaceutical preparations for treating sunburn, pharmaceutical preparations for the treatment of eye diseases and conditions, namely, eye infections, pharmaceutical preparations for wounds, pharmaceutical preparations for treating chemical imbalances, namely, depression and anxiety, pharmaceutical preparations for the treatment of worms in pets, pharmaceutical preparations for treating allergies, pharmaceutical preparations for treating dandruff; pharmaceutical preparations, namely, antibiotics; veterinary preparations, namely, antioxidants; veterinary preparations for treatment of intestinal bacteria; veterinary preparations, namely, pain relief medication; veterinary preparations, namely, enzyme preparations for veterinary purposes; veterinary preparations, namely, antiviral preparations and antifungal preparations; veterinary preparations for the treatment of allergies, cold and flu, autoimmune disorders or diseases, inflammatory disorders or diseases, namely, inflammatory bowel disease, intestinal inflammation, kidney disorders or diseases, diabetes, disorders of the immune system, namely, central nervous system infections, brain diseases, central nervous system movement disorders, ocular motility disorders, spinal cord diseases, diseases of the cardiovascular system, the metabolic system, namely, hypoglycaemia, osteoarthritis, anemia, the respiratory system, the musculo-skeletal system, namely, connective tissue diseases, bone diseases, spinal diseases, fractures, sprains, cartilage injuries; dietary supplements for humans and animals, namely, animal feed supplements, bee pollen used as a dietary supplement, dietary supplements for general health and well-being, dietary fibre as a food additive, pet food additives in the form of vitamin and mineral, protein supplements for animals, vitamin supplements, dietary supplements to prevent shedding in cats and dogs, dietary supplements used as a worm

preventative in birds; medical plasters; materials for dressing, namely, bandages for dressing, sterilized dressing, wadding for wound dressing; all-purpose disinfectants, disinfectants for hygienic purposes, namely, disinfectants for medical apparatus and instruments; Preparations for destroying vermin; Fungicides; Herbicides; Biocides; Insecticides; Bactericides; Antiparasitic preparations; Pesticides; veterinary preparations for small animals, namely, antioxidants; veterinary preparations for small animals for treatment of intestinal bacteria; veterinary preparations for small animals, namely, pain relief medication; veterinary preparations for small animals, namely, enzyme preparations for veterinary purposes; veterinary preparations for small animals, namely, antiviral preparations and antifungal preparations; veterinary preparations for small animals for the treatment of allergies, cold and flu, autoimmune disorders or diseases, inflammatory disorders or diseases, namely, inflammatory bowel disease, intestinal inflammation, kidney disorders or diseases, diabetes, disorders of the immune system, namely central nervous system infections, brain diseases, central nervous system movement disorders, ocular motility disorders, spinal cord diseases, diseases of the cardio-vascular system, the metabolic system, namely, diabetes, hypoglycaemia, osteoarthritis, anemia, the respiratory system, the musculo-skeletal system, namely, connective tissue diseases, bone diseases, spinal diseases, fractures, sprains, cartilage injuries; pharmaceutical preparations for health protection, namely, for the prevention of allergies, cold and flu, intestinal bacteria and parasites, autoimmune disorders or diseases, inflammatory disorders or diseases, namely, inflammatory bowel disease, intestinal inflammation, kidney disorders or diseases, diabetes, disorders of the immune system, namely, central nervous system infections, brain diseases, central nervous system movement disorders, ocular motility disorders, spinal cord diseases, the cardio-vascular system, the metabolic system, namely, diabetes, hypoglycaemia, osteoarthritis, anemia, the respiratory system, the musculo-skeletal system, namely, connective tissue diseases, bone diseases, spinal diseases, fractures, sprains, cartilage injuries; medical nutritional additives for animal foodstuffs, namely, animal food additives in the form of vitamins, minerals and fiber; Vitamin preparations; Preparations for controlling weeds and pests (herbicides); diagnostic reagents for veterinary diagnostic use; test strips for veterinary purposes, namely, test strips for use in measuring the pH level in animal bodies for purposes of determining levels of alkalinity in the body; test strips for veterinary purposes for measuring tear production in dry eyes; test strips for veterinary purposes for measuring blood glucose levels; test strips for veterinary purposes for blood analysis, urine analysis, and saliva analysis; Algicides; Slug exterminating preparations; bacteriological culture mediums for medical and veterinary purposes; lotions for medical and veterinary use, namely, anti fly lotion, calamine lotion, insect repellent lotion, lotion for the treatment of sore animal paws, medicated lotions for use in dermatology, namely, for treating dermatitis, eczema and psoriasis; Vermifuges; Potassium salts for medical purposes; Therapeutic preparations for the bath; Protein supplements for animals; Linseed and linseed meal for pharmaceutical purposes; lecithin for use as a dietary supplement; Mineral food supplements; albuminous foodstuffs for medical purposes, namely, albumin dietary supplements; preparations of trace elements for human and animal use, namely, mineral supplements; Propolis for pharmaceutical purposes; Aloe vera preparations for pharmaceutical purposes;

Class 07

(4) electric motors for machines; Machine coupling and transmission components [except for land vehicles]; Aquarium pumps, garden pond pumps; Incubators for eggs; Vending machines; Air pumps for aquariums, aqua-terrariums and garden ponds; pressure reducers as parts of machines; Valves for pressure reducers; aerating pumps for aquariums, terrariums and garden ponds; pressure reducing valves as parts of machines; Pressure reducer, non-return, safety and magnetic valves for use in dosing systems for precise measurement release of CO₂ from pressure

gas cylinders into water in aquariums; pumps as parts of machines and poweroperated water sprayers; Pump diaphragms; sludge pumps; Vacuum pumps [machines]; Hydraulic turbines; circulating pumps for aquariums, aqua-terrariums and garden ponds;

Class 08

(5) hand tools and hand-operated implements, namely, fish scoops, glass pane cleaners with stainless steel blade; Cutlery; Scissors; tongs being hand tools; Spatulas; Penknives, tweezers; Pruning knives [small]; Secateurs; Garden tools, hand-operated; Instruments and tools for skinning animals; apparatus for destroying plant parasites, namely, hand-operated sprayers for insecticide; Sickles; scrapers being hand tools; Shovels [hand tools]; Hair clippers for animals; Pliers;

Class 09

(6) computer software, not related to audio or video products, namely, computer software for calculating the dosage of fertilizer, substrate and light to grow plants in aquariums and garden ponds; computer software, not related to audio or video products, namely, computer software for use with water testing equipment to test for water quality and contamination; computer software, not related to audio or video products, namely, computer software for calculating the dosage of animal food in aquariums, aqua-terrariums, terrariums and garden ponds; Aerometers; testing apparatus, not for medical purposes, namely, instruments for analyzing water quality and for monitoring and detecting water contamination; testing apparatus, not for medical purposes, for monitoring oxygen and carbon dioxide level, minerals, pH level and temperature of water and air, namely, dissolved oxygen meters, carbon dioxide meters, digital pH meters, temperature meters, and meters for measuring mineral content of water; testing apparatus, not for medical purposes, for monitoring and detecting the temperature, pressure, quantity and concentration of gas and liquids, namely, temperature meters, pressure meters and density meters; testing apparatus, not for medical purposes, for use in leak, flow and functional testing, namely, flow meters; apparatus, not for medical purposes, for testing gas, liquids and solids, namely, gas and liquid flow meters; computer software applications, downloadable, not related to audio or video products, namely, computer software applications for calculating the dosage of fertilizer, substrate and light to grow plants in aquariums and garden ponds; computer software applications, downloadable, not related to audio or video products, namely, computer software applications for use with water testing equipment to test for water quality and contamination; computer software applications, downloadable, not related to audio or video products, namely, computer software for calculating the dosage of animal food in aquariums, aqua-terrariums, terrariums and garden ponds; testing and quality control devices, namely, instrumentation for monitoring and detecting water contaminates in terrariums, aquariums and garden ponds; testing and quality control devices, namely, instrumentation for monitoring oxygen and carbon dioxide level, minerals, pH level, quantity, concentration, pressure and temperature of water and air in terrariums, aquariums and garden ponds, namely, dissolved oxygen meters, carbon dioxide meters, digital pH meters, water level meters, pressure meters, temperature meters; incubators for crustacean larvae; data processing apparatus, not related to audio and video products, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, plant irrigation and plant nutrient management, in aquariums, garden ponds, terrariums, terra-aquariums and vivariums; dosing systems comprised of computer hardware and automatic valves for precise measurement release of carbon dioxide from pressure gas cylinders into water in aquariums as well as measuring and control devices intended therefore, namely, gas meters, electrical controllers and pumps; Light-emitting diodes [LED]; apparatus for measuring and adjusting pH levels, temperature and oxygen contents in aquarium and garden pond water, namely, digital pH meters, temperature meters, and air pumps; control valves for regulating the flow of gases and liquids, namely, level controlling valves in tanks, metal valves for water pipes;

Controllers, namely, oxygen regulators, voltage regulators, illumination regulators, electric heat regulators, climate control regulators, flow regulators for agricultural use; Printed circuits; Hygrometers; Commutators;

Class 11

(7) Irrigation sprinkler systems; Germicidal burners; water treatment chlorinator units for swimming pools; disinfectant dispensers for cleaning aquariums, terrariums and garden ponds; apparatus for disinfecting water, namely, water purification machines for aquariums, terrariums and garden ponds; disinfectant apparatus for medical purposes, namely, electric autoclaves; lamps for keeping domestic animals, namely, pet heat lamps, ceiling spotlights, germicidal lamps for purifying air, solar powered lamps; infrared and ultraviolet radiators for heating purposes, not for medical use; Light diffusers for terrariums, aquariums and aviaries; Light grids for aquariums, aqua-terrariums and garden ponds; apparatus for aquariums and terrariums, namely, aquarium lights, led underwater lights for aquariums, aquarium heaters, aquarium filtration apparatus, aquarium filters, aquarium air diffusers, water cooling apparatus for aquariums, terrarium lights, terrarium heaters, terrarium filtration apparatus, terrarium filters, terrarium air diffusers, air cooling apparatus for terrariums, electronic generator for use in controlling the amount of humidity in the air of terrariums by creating, removing or circulating small water particles or water vapor in the air; filters for aquariums, terrariums and garden ponds; air filters, namely, air purifying units; filters for air conditioning units; Heat exchangers; Cold steam generating installations; regulating and safety accessories for water apparatus, namely, pressure regulators for water installations; Ornamental and decorative water fountains; water softening units; water filtering units for domestic use; water filtering units for industrial use; Water sterilizers; whirlpool jet systems comprising whirlpool jet nozzles, water pumps and whirlpool jet fittings for use with whirlpools, bathtubs, therapy pools, swimming pools, and spas; Filter cartridges for water conditioning units; Waterfalls for terrariums and vivariums;

Class 16

(8) printed matter, namely, books, flyers, catalogues, advertising posters and printed advertising boards of cardboard and of paper, all in the field of aquaristics, terraristics and on keeping, breeding and feeding animals; printed instructional and teaching manuals in the field of aquaristics, terraristics and on keeping, breeding and feeding animals; general purpose plastic bags; plastic bags for pet waste disposal; plastic food storage bags; Books and pamphlets on keeping and feeding animals;

Class 17

(9) insulating plaster; insulating sleeves for power lines; insulating tape and band; insulating varnish; nonmetallic flexible pipes, namely, watering hoses and hoses of textile material; Watering hoses; hose pipes made of rubber for use in aquariums, terrariums and garden ponds; hose pipes made of silicone for use in aquariums, terrariums and garden ponds; accessories and spare parts, namely, non-metallic sealing rings for hose fittings, hose bandages, non-metallic elbow joints for flexible pipes, hose linings, casings of rubber for flexible pipes, non-metallic couplings for flexible pipes;

Class 19

(10) non-metal rigid pipes for building, namely, drain pipes, plastic branching pipes, PVC rigid pipes, PVC water pipes; Asphalt, pitch and bitumen; Decorative stones for aquariums and terrariums; natural stone, artificial stone, rock crystal, clay and non-metal minerals for use in building landscape and waterscape settings in aquariums, vivariums, terrariums and garden ponds;

Aquarium gravel, aquarium sand, gravel, sand; Mineral soil granulates for aquariums and terrariums; Porphyry [stone]; decorative figures and stones for aquariums, terra-aquariums and ponds made of synthetics, wood, wax, gypsum, plastic;

Class 20

(11) Mirrors; Picture frames; furniture for indoor terraria, aquaria and terra-aquaria;

Class 21

(12) Aquariums and terrariums [structures]; bath sponges; all purpose scouring sponges; abrasive sponges for household use; brushes for cleaning tanks and containers; brushes for pipes; hair brushes; Steelwool; glass, unworked and semi-worked, except building glass; In-door aquaria and terraria; food storage containers for animal food; Mangers and feeding bowls for animals; Combs, currycombs, sponges and brushes for animal care, aquariums, terrariums and aviaries; Animal toilets; litter boxes for pets, litter trays for pets; Bird cages; Rings for birds; Sieves for use in aquariums, terrariums or garden ponds; feeding devices for self-feeding animals, namely, water dispensers for pets, bird feeding tables, pet feeding bowls and dishes, feeding troughs for animals; Cleaning rags, leather for cleaning purposes, gloves; decorative figures and stones for aquariums, terra-aquariums and ponds made of glass; decorative figures and stones for aquariums, terra-aquariums and ponds made of terra cotta; hand-operated cleaning devices for aquariums and terrariums, namely, steel wool for cleaning, magnetic sponges for cleaning purposes, glass pane cleaners in the nature of a combination of cleaning sponge and handle; accessories and spare parts, namely, disposable liner pads for animal litter boxes;

Class 24

(13) Bed covers; Table covers; filtering materials of textile for use in aquariums, terrariums and garden ponds;

Class 31

(14) seeds, namely, seeds for planting, for horticultural purposes, for agricultural purposes, seeds for fruit and vegetables, seeds for flowers, herb seeds for planting; Natural plants; natural flowers; Fodder for animals; malt for animal consumption; Fodder for domestic animals, small animals, fish, birds and reptiles, among others as litter, powder, flakes, granulate, beads or tablets, as sticks or in liquid form; Additives for animal foods not for medical purposes; Bedding and litter for animals; nesting material, namely, coconut shell, litter peat, unworked and partly worked palm tree leaves, pine cones, straw mulch, woodchip mulch, natural turf; Lime for animal forage; Plants, dried, for decoration; Live plants used as aquarium and terrarium landscapes; Algarovilla for animal consumption; algae for human consumption; algae for animal consumption; Aloe vera plants; Aromatic sand for pets; Raw barks; Distillery waste for animal consumption; Nettles; Peanuts, fresh; Peanut meal for animals; Peanut cake for animals; Fishing bait, live; Fish meal for animal consumption; Grains for animal consumption; beverages for pets and reptiles; forage, namely, straw for animal consumption; Beverages for pets; Cereal seeds, unprocessed; Yeast for animal consumption; Hay; Locust bean; Edible chews for animals; Seed germ for botanical purposes; Bran; Bran mash for animal consumption; Rough cork; Cork bark; Strengthening animal forage; Crayfish, not live, for animal consumption; agricultural, horticultural and forestry products as well as grains for use as decorative materials for aquariums, aqua-terrariums, terrariums and vivariums, namely, unprocessed grains, dried corn husks for decoration, dried flowers for decoration, dried herbs for decoration, branches and trunks of trees, live coral; Linseed for animal consumption; Linseed meal for animal consumption; Corn for animal consumption; Byproducts of the processing of cereals, for animal consumption; Rise meal for forage; Salt and fodder for breeding nauplii; Cuttlefish bones for birds; Silkworms; Silkworm eggs; Cuttle bones for birds; protein for animal consumption; animal litter; bred stock, namely, live cattle; fodder for terrarium

and vivarium animals; Salt for cattle; Wheat; Wheatgerm for animal consumption; unprocessed roots for food, namely, unprocessed chicory root; Chicory roots;

Services

Class 35

(1) advertising the goods and services of others; Business management; Business administration; Clerical services; wholesale and retail services featuring chemicals used in industry, science and photography as well as in agriculture, horticulture and forestry, Manures, Salts of alkaline metals, Bactericidal preparations [other than for medical and veterinary use], Bentonite, Expanded clay for hydroponic plant growing [substrate], Guano, Humus top dressing, Mixtures of chemicals and microorganisms for increasing the nutritional value of animal fodder other than for veterinary use, Plant growth regulators, Substrates for soil-free growing [agriculture], Peat pots for horticulture, Adhesives used in industry, Gluten [glue] other than for stationery or household purposes, Chemical products for use in aquariums, terrariums, garden ponds, Activated carbon, Preparations for use in the treatments and clearing of water, Fertilizers, filtering media of chemical and nonchemical substances, in particular of chemical, mineral, vegetable substances as well as plastic and ceramic materials in particulate form for water treatment, in particular for aquariums, aqua-terrariums and garden ponds, Water softening and hardening preparations, Chemical substances for analyses in laboratories, Chemical reagents, Sensitised paper, Photographic sensitizers, Photometric paper, Reagent paper, in particular test strips and papers for quick determination of water parameters, Chemical substances, chemical materials and chemical preparations, Chloride, Bleaching preparations, Alkaline-earth metals, Alkaline-earth salts, Iron salts, Filter cartridges, Focculants, Carbonates, purification preparations, namely, preparations for the purification of gas, Chemical preservatives for foodstuffs and fodder for animal, Preservatives for pharmaceutical purposes, Lanthanum, Magnesite, Magnesium chloride, Sodium bicarbonate, Hypochlorite of soda, Sodium salts [chemical compounds], Neodymium, Nitrates, Percarbonates, Persulfates, Sulfates, Additives, chemical, to fungicides, Additives, chemical, to insecticides, Reagents for testing water, Universal reagents for automated test systems [laboratory], Chemical, biochemical and biological products and preparations for water treatment, Soil additives, Humus, Bacterial preparations other than for medical and veterinary use, Liquid CO₂ for fertilising aquarium plants, Rock flour elutriated in water for removing pollutants from water, in particular in ornamental ponds and aquariums, Potassium salts, other than for medical purposes, Salts from rare earth metals, Rare earths, Hydrogen peroxide, Zeolites and zeolite material, in particular for aquariums, ponds, terra-aquariums or terrariums, Cosmetics, Cleaning agents for household purposes, soaps, shampoos and cosmetics for animals, soaps, shampoos and cosmetics for body and beauty care for animals, cleaning agents for household purposes, cleaning and buffing compounds for aquariums, terrariums and for use with domestic animals, cleaning preparations for aquariums, terrariums and for use with domestic animals, soaps, shampoos and cosmetics for animals, Aloe vera preparations for pharmaceutical purposes, Pharmaceutical and veterinary preparations, Sanitary preparations for medical purposes, dietetic food adapted for medical or veterinary use, Dietary supplements for humans and animals, Plasters, Materials for dressings, Disinfectants, Preparations for destroying vermin, Fungicides, Herbicides, Biocides, Insecticides, Bactericides, Antiparasitic preparations, Pesticides, Veterinary preparations for small animals as well as preparations for small animal healthcare, pharmaceutical preparations for health protection, namely, for the prevention of allergies, cold and flu, bacteria-based disorders or diseases, autoimmune disorders or diseases, inflammatory disorders or diseases, kidney disorders or diseases, diabetes, disorders of the nervous system, the immune system, the cardio-vascular system, the metabolic system, the respiratory system, the musculo-skeletal system, Feed supplements for veterinary use, Medicated additives for animal foods, Vitamin preparations,

Preparations for controlling weeds and pests, Insecticides, Veterinary preparations for small animal health care, Reagents for use in diagnostic tests for veterinary purposes, Test strips for veterinary purposes, Algicides, Slug exterminating preparations, Cultures of microorganisms for medical and veterinary use, Feed supplements for veterinary use, Lotions for medical and veterinary use, Vermifuges, Potassium salts for medical purposes, Therapeutic preparations for the bath, Protein supplements for animals, Linseed and linseed meal for pharmaceutical purposes, Lecithin for medical purposes, Medicated additives for animal foods, Mineral food supplements, Albuminous foodstuffs for medical purposes, Preparations of trace elements for human and animal use, Propolis for pharmaceutical purposes, Dietetic foods with a balanced protein-fat ratio, Machine tools, Motors [except for land vehicles], Machine coupling and transmission components [except for land vehicles], Aquarium pumps, Garden pond pumps, Incubators for eggs, Vending machines, Air pumps for aquariums, aqua-terrariums and garden ponds, Valves for pressure reducers, Aerating pumps for aquariums, terrariums and garden ponds, Pressure reducers, Pressure reducing valves, non-return, safety and magnetic valves for use in dosing systems for precise measurement release of CO₂ from pressure gas cylinders into water in aquariums, air filters, pumps and water sprayers [machines], Pump diaphragms, Regulators (parts of machines), Sludge pumps, Vacuum pumps [machines], Heat exchangers, Hydraulic turbines, circulating pumps for aquariums, aqua-terrariums and garden ponds as well as spare parts for all goods mentioned above, hand tools and hand-operated implements, namely, fish scoops, glass pane cleaners with stainless steel blade, Cutlery, Scissors, Tongs, Spatulas, Irons [non-electric hand tools], Penknives, Tweezers, Pruning knives [small], Secateurs, Garden tools, hand-operated, Instruments and tools for skinning animals, apparatus for destroying plant parasites, namely, hand-operated sprayers for insecticide, Sickles, Scraping tools [hand tools], Shovels [hand tools], Hair clippers for animals, Pliers, Computers, not related to audio or video products, Aerometers, testing apparatus, not for medical purposes, namely, water treating instrumentation for monitoring and detecting contamination, testing apparatus, not for medical purposes, for monitoring oxygen and carbon dioxide level, minerals, pH level and temperature of water and air, testing apparatus, not for medical purposes, for monitoring and detecting the temperature, pressure, quantity and concentration of gas and liquids, testing apparatus, not for medical purposes, for use in leak, flow and functional testing, apparatus, not for medical purposes, for testing gas, liquids and solids, Computer software applications, downloadable, not related to audio or video products, Software for analysing water samples, testing and quality control devices for terrariums, aquariums and garden ponds, namely, water treating instrumentation for monitoring and detecting contamination, testing and quality control devices for terrariums, aquariums and garden ponds for monitoring oxygen and carbon dioxide level, minerals, pH level, quantity, concentration, pressure and temperature of liquids and air, Incubators for nauplia, data processing apparatus, not related to audio and video products, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, plant irrigation and plant nutrient management, in aquariums, garden ponds, terrariums, terra-aquariums and vivariums, dosing systems comprised of computer hardware and automatic valves for precise measurement release of carbon dioxide from pressure gas cylinders into water in aquariums as well as measuring and control devices intended therefore, namely, gas meters, electrical controllers and pumps, Light-emitting diodes [LED], apparatus for measuring and adjusting pH levels, temperature and oxygen contents in aquarium and garden pond water, Regulators [controllers], Printed circuits, Hygrometers, Commutators, cooking appliances, Irrigation sprinkler systems, Germicidal burners, water treatment chlorinator units for swimming pools, disinfectant apparatus for use in cleaning aquariums, terrariums and garden ponds, apparatus for disinfecting water, disinfectant apparatus for medical purposes, Special lamps, spotlights, lamps and illuminants for use with domestic animals as well as the corresponding fixtures, Infrared and ultra-

violet radiators, Light diffusers for terrariums, aquariums and aviaries, Light grids for aquariums, aqua-terrariums and garden ponds, apparatus for aquariums and terrariums, in particular aquarium lights, led underwater lights for aquariums, aquarium heaters, aquarium filtration apparatus, aquarium filters, aquarium air diffusers, water cooling apparatus for aquariums, terrarium lights, terrarium heaters, terrarium filtration apparatus, terrarium filters, terrarium air diffusers, air cooling apparatus for terrariums, electronic generator for use in controlling the amount of humidity in the air of terrariums by creating, removing or circulating small water particles or water vapor in the air, Water conditioning installations for use in terrariums, aquariums and garden ponds, Filters for aquariums, terrariums and garden ponds, Air filters, Heat exchangers, Cold vapour generating installations, regulating and safety accessories for water apparatus, namely, pressure regulators for water installations, Ornamental and decorative water fountains, water softening units, water filtering units for domestic use, water filtering units for industrial use, Water sterilizers, whirlpool jet systems comprising whirlpool jet nozzles, water pumps and whirlpool jet fittings for use with whirlpools, bathtubs, therapy pools, swimming pools, and spas, printed matter, namely, books, flyers, catalogues, advertising posters and printed advertising boards of cardboard and of paper, all in the field of aquaristics, terraristics and on keeping, breeding and feeding animals, printed instructional and teaching material in the field of aquaristics, terraristics and on keeping, breeding and feeding animals, Books and pamphlets on keeping and feeding animals, packing materials and insulation materials, non-metallic flexible pipes, namely, watering hoses and hoses of textile material, Hose pipes made of rubber or silicone for use in aquariums, terrariums and garden ponds as well as accessories, namely, non-metallic sealing rings for hose fittings, hose bandages, non-metallic elbow joints for flexible pipes, hose linings, casings of rubber for flexible pipes, non-metallic couplings for flexible pipe, and spare parts for all goods mentioned above, Filter cartridges [plastic], Non-metallic rigid pipes for building, Asphalt, pitch and bitumen, Aquariums and terrariums [structures], Decorative stones for aquariums and terrariums, Decorating materials for aquariums, terrariums and ponds made of mineral materials, Stone, rock, clay and minerals, Aquarium gravel, aquarium sand, gravel, sand, Mineral soil granulates for aquariums and terrariums, Porphyry [stone], Decorative figures and stones for aquariums, terra-aquariums and ponds made of synthetics, wood, wax or gypsum, plastic, Waterfalls for terrariums and vivariums as well as spare parts for all goods mentioned above, Furniture, Mirrors, Picture frames, furniture for indoor terraria, aquaria and terraquaria, Utensils and containers for household and kitchen, Combs and sponges, Brushes, Steelwool, Glass, unworked or semi-worked, except building glass, In-door aquaria and terraria, Food containers for animals, Mangers and feeding bowls for animals, Combs, currycombs, sponges and brushes for animal care, aquariums, terrariums and aviaries, Litter boxes [trays] for pets, Bird cages, Rings for birds, Sieves for use in aquariums, terrariums or garden ponds feeding devices for self-feeding animals, namely, feeding vessels for pets, bird feeding tables, pet feeding bowls and dishes, feeding troughs for animals, Cleaning rags, leather for cleaning purposes, cleaning sponges and gloves, Decorative figures and stones for aquariums, terraaquariums and ponds made of glass or terra cotta, Waterfalls for terrariums and vivariums, as well as spare parts for all goods mentioned above, Bed covers, Table covers, filtering materials of textile for use in aquariums, terrariums and garden ponds, Sowing seeds, Live animals, Seeds, Natural plants and flowers, Foodstuffs and fodder for animals, Malt, Fodder for domestic animals, small animals, fish, birds and reptiles, among others as litter, powder, flakes, granulate, beads or tablets, as sticks or in liquid form, Additives for animal foods not for medical purposes, Bedding and litter for animals, nesting material, namely, coconut shell, litter peat, unworked and partly worked palm tree leaves, pine cones, straw mulch, woodchip mulch, natural turf, Bait [artificial], Lime for animal forage, Plants, dried, for decoration, Biological water treatment preparations for sweet and saltwater aquariums and garden ponds, namely, water fleas and natural plants for water treatment, Live plants used as aquarium and terrarium landscapes, Algarovilla for animal

consumption, Algae for human or animal consumption, Aloe vera plants, Aromatic sand for pets, Foodstuffs for a balanced protein-fat ratio for human or animal consumption, Raw barks, Distillery waste for animal consumption, Nettles, Peanuts, fresh, Peanut meal for animals, Peanut cake for animals, Fishing bait, live, Fish meal for animal consumption, Grains for animal consumption, Meal for animals, foodstuffs for animals, namely, nonmedical food supplements and tonics as well as beverages for animals, Straw [forage], Beverages for pets, Cereal seeds, unprocessed, Yeast for animal consumption, Hay, Locust bean, Edible chews for animals, Seed germ for botanical purposes, Bran, Bran mash for animal consumption, Rough cork, Cork bark, Strengthening animal forage, Crayfish, not live, for animal consumption, agricultural, horticultural and forestry products as well as grains for use as decorative materials for aquariums, aqua-terrariums, terrariums and vivariums, namely, unprocessed grains, dried corn husks for decoration, dried flowers for decoration, dried herbs for decoration, branches and trunks of trees, live coral, Linseed for animal consumption, Linseed meal for animal consumption, Corn, Cornmeal for animal consumption, Animal fattening preparations, Stall food for animals, Menagerie animals, By-products of the processing of cereals, for animal consumption, Salt and fodder for breeding nauplii, Cuttlefish bones for birds, Silkworms, Silkworm eggs, Cuttle bones, Cuttle bones for birds, Food supplements for animals, animal litter, Bred stock, fodder for terrarium and vivarium animals, Salt for cattle, Wheat, Wheatgerm for animal consumption, Roots for food, Chicory roots;

Class 39

(1) Chemicals used in the manufacture of specialty paper, adhesives, fibres, and filter textiles for use in construction, for use in oil, gas and fuel refining, for use in the food and beverage industries, for use in the manufacture of furniture, for use in the manufacture of textiles, for scientific and medical laboratory use, for medical and pharmaceutical use, for use in the paper industry, for use in the vehicle and transportation industries, and for use in the manufacture of electrotechnical paper, and chemicals used in photography, as well as in agriculture, horticulture and forestry; Unprocessed artificial resins, unprocessed plastics; Manures; Fire extinguishing compositions; Tempering preparations and soldering fluxes and soldering chemicals; Chemical substances for preserving foodstuffs; Oils for tanning leather; Leather tanning agents; Adhesives used in the construction, food and beverage, furniture, textile, laboratory, paper, and vehicle and aeronautical and marine industries, adhesives for use in oil, gas, and fuel refining, for the manufacture of medical and surgical bandages, wadding, hygienic paper, and padding, for the manufacture of pharmaceuticals, and for the consumer packaging industry; Reagent paper namely chemical test paper, PH level test paper; Sensitized paper; Unexposed sensitized lithographic paper; Test paper, chemical; Litmus paper; Albumenized paper; Diazo paper; Paper pulp; Filtering materials created from natural vegetation products, namely, charcoal, cotton, straw, hemp, sawdust, wood shavings, and leaves for the food processing and water treatment industries.

Class 03

(2) Abrasive paper.

(3) Bleaching preparations, blueing, fabric softeners, brighteners, fabric conditioners, pre-soaks, sizing preparations, soaps, rinsing agents, and starches all for laundry use; cleaning, polishing, scouring, stain removing and abrasive preparations namely, abrasive cloth and paper, disposable wipes impregnated with a detergent for cleaning, emery paper, sandpaper, and polishing paper; dentifrices; depilatory preparations; depilatory strips.

Class 05

(4) Reagent paper for medical and veterinary purposes; Chemical test paper for medical use; Diagnostic sample cards for medical purposes.

(5) Sanitary preparations for medical purposes namely, sanitary napkins, knickers, pads, and towels; adhesive plasters, medical and surgical plasters, sticking plasters, materials for dressings; Teeth filling material; Surgical dressings; Dressings, medical; Surgical adhesive tapes; Adhesive bands for medical purposes; Adhesive tapes for protecting against wounds, chafing and burns; Diagnostic test reagent paper for medical use; In vitro diagnostic preparations for medical use; Medical diagnostic test strips for blood glucose, medical diagnostic test strips for cholesterol, medical diagnostic test strips to test urine, surgical tape.

Class 06

(6) Ores, common metals and their alloys; Metal reinforcement materials for building, metal pillars, boards, panels and cladding of metal for construction and building; Transportable greenhouses of metal; transportable garden sheds of metal; transportable metal stables; Non-electric wires of common metal; Metal hardware namely metal drawer slides; Pipes and tubes of metal namely, branching pipes and tubes of metal, drain pipes of metal, gutter pipes of metal, metal water pipes, ground tubes of metal, squeeze tubes of metal; Containers of metal for storage or transport namely, shipping containers of metal, general purposes storage bins of metal, industrial waste storage tanks of metal, tanks of metal for the storage of compressed gases, tanks of metal for the storage of liquefied gases; Aluminium; Sheets of aluminium; Aluminium strips; Aluminium foil paper; Aluminium foil paper laminates; Packaging materials of aluminium namely aluminium foil for packaging, and binding strips of aluminium used on packaging.

Class 07

(7) Metalworking machine tools, and machine tools for the textile, automotive and paper industry; Boat motors and engines; airplane motors and engines; electric motors for machines; Machine coupling and transmission components (except for land vehicles); Air filters for motors and engines; gas filters for motors and engines; oil filters for motors and engines; filters for cleaning air for motors and engines; Fuel economisers for motors and engines; oil separators; Dust filters and bags for vacuum cleaners; Filters for cleaning cooling air for engines and machine motors; Fuel filters for machine motors and engines; Oil filters for engines and machine motors; Gas filters for engines and machine motors.

Class 10

(8) Surgical drapes; Surgical stockings; surgical gloves; surgical gowns; surgical mesh; surgical scrub suits; medical drapes of nonwoven textile materials; Paper formed of synthetic and natural fibres for separating plasma from blood samples; Specimen samplers for medical use, namely specimen collection cards, medical specimen cups; Medical diagnostic pads, namely absorbent pads, conjugate pads, conjugate release pads, plasma separation pads, sample pads.

(9) Surgical, dental, and veterinary instruments; medical apparatus namely, sterile pouches for medical swabs, and surgical gloves; Artificial limbs, artificial eyes and artificial teeth; Orthopaedic cast padding; Suture materials; Sterile sheets, surgical; Masks for use by medical personnel; Gloves for medical purposes; Blankets, electric, for medical purposes; Washing suits namely coveralls for medical purposes; Filters for body fluids and blood components; air filters for medical ventilators; Filters for oral inhalers for medical use; Sample pads for separating blood; Separation filters for human fluid samples for medical use, separation sterile barrier pouches of textile, namely, sterilization pouches for medical use, and syringe filters for medical use; Filters for syringes; Brushes for cleaning body cavities; Brushes for removing hair lice; Padding used under plasters.

Class 11

(10) Electric lighting apparatus namely automobile lights, chemical light sticks, florescent lighting fixtures, gas lighters, light bulbs, running lights for aircraft, running lights for boats; Steam generating installations, steam generators; Air conditioners; Evaporative air coolers; Air deodorising apparatus; Air purifying units, air purifiers for household use; germicidal lamps for purifying air, industrial air purifiers; Beverage cooling machines; Chromatography columns for industrial purposes; Cooking grills, industrial cooking ovens, oil cooking stoves for industrial purposes, slow cookers, steam cookers, and electromagnetic induction cooking installations for industrial purposes; Heating apparatus for defrosting windows of vehicles; food waste dehydrators; Industrial air deodorising apparatus; Desiccating units for removing water from the air in dehumidification systems, desiccating units for compost toilets, desiccating units for drying vegetation; Disinfectant dispensers for toilets; Distillation units for chemical processing, refining towers for distillation, water distillation units; Hand drying apparatus for washrooms, lumber drying kilns; feed water heaters for industrial heating boilers; Flushing tanks; Fumigation apparatus to extract fingerprints, soil fumigation apparatus for use in agriculture, fumigation apparatus for use with bees; coal loading machine specifically adapted for industrial furnaces; Gas regulating and gas safety valves for heating installations; Heating apparatus namely electrically heated socks, electrically heated carpets, heating pads, boilers for heating installations, electric heaters for baby bottles, electric radiant heaters, electric space heaters, gas water heaters, heat exchangers for chemical processing, immersion heaters, laboratory heating mantles, solar collectors for heating, water heaters; Hot air hand dryers, hot air ovens, filters for hot air extractor hoods; Ice machines and ice making and dispensing machines; Oil-scrubbers; Refrigerating cabinets, refrigerators, refrigerated shipping containers, and refrigeration condensers; Charcoal roasters for industrial purposes; Sanitary apparatus and installations namely rainwater purification installations; water softening units; air impellers for ventilation, ventilation hoods and fans for air conditioning units; River-water intake treatment plants; Water purifying apparatus and machines namely water ionizers for industrial and household purposes, tap-water purifying apparatus, reverse osmosis purification units, electric water purifiers for household purposes, water purifying machines for industrial use; Non-electric water purifier filters for household purposes; household tap-water filters; filters for drinking water; Filters for air conditioning; Separating filters for the cleaning and purification of air; Air cleaning units; Air filtering units for removing dust, smoke and allergens from the air; Electrostatic filters for air purifiers; Water filtering units for industrial and domestic use; Dust filters for air purifiers; Parts and fittings for the aforesaid goods, namely, air valves for steam heating installations, automatic temperature regulators for central heating radiators, and thermostatic valves as parts of heating installations.

Class 16

(11) Paper and cardboard; Paper for use in the manufacture of abrasive paper; Parchment paper; Preimpregnated decorative papers; Paper for use in the manufacture of wallpaper; Vegetable parchment paper; Filtering materials of paper, namely, fiber paper, paper coffee filters, paper tea bag filters; Filter paper; Surface-finished papers; Coffee filter papers; Parchment paper for baking, cooking and food packaging use; Paper for use in the manufacture of filters; Packaging pouches and paper for sterile packaging of medical equipment, medical accessories, medical instruments, and medical devices; Paper medical identification cards; Paper for medical examination tables, dental and surgical tray covers of paper; electrocardiograph paper; Paper for wrapping medical devices and medical instruments for sterilisation purposes and for keeping them sterile; Paper for sterile wrappings, bags and rolls; Paper for packaging surgical gloves, surgical towels and theatre clothing.

(12) Printed matter, namely, book-cover paper, bottle envelopes of paper or cardboard, bottle wrappers of paper, print base paper, imitation leather paper, and imitation wood paper; Stationery

namely, adhesive tapes for stationery or household purposes, gummed cloth for stationery purposes, art paper, label paper, greaseproof label paper, thermal transfer label paper, self-adhesive tapes for stationery and household purposes; Pastes and other adhesives for stationery or household purposes; Instruction sheets for using medical specimen cups, instruction sheets for putting up wallpaper, instruction sheets for replacing air conditioning filters; Plastic films, sheets and bags for wrapping and packing; Printers' type; Printing blocks; Coated paper; Crepe paper; Glassine paper; Graphic paper; Label paper; Poster paper; release paper; Medical sterilising paper; Base papers for masking tape; Tissue paper; Paper tissues; Paper table covers; Ground cover paper; Calendered paper; Tea filters of paper; Release papers for silicone coatings; Adhesive tapes for stationery use; Paper backing for adhesive tapes; Sheets of reclaimed cellulose for wrapping; plastic films for packaging.

Class 17

(13) Fibreglass fabrics for insulation; Fiberglass for insulation; insulating fabrics; Reinforcing materials, not of metal, for pipes namely rubber, gutta-percha, gum, asbestos, mica and fiberglass; Glass fibers for reinforcing plastic for further manufacture; Fiberglass building reinforcement material for insulating purposes; Masking tape.

(14) Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica; Plastics in extruded form for use in manufacture; Adhesive bands for joint covering for use in interior wall constructions, dry wall tape; Asbestos fabrics; Asbestos paper; Bags of rubber for packaging; Carbon fibers [Fibres], other than for textile use; Cellulose acetate, semi-processed; Cotton wool for packing and caulking used for building insulation; Plastic foam, polyurethane film; Regenerated cellulose film used as packing materials; Non-conducting materials for retaining heat namely, paper insulation, rubber insulation and plastic elastomer insulation for the manufacture of electrical cables; padding materials of rubber or plastics; Paper for electrical capacitors; Tinted plastic film for use on vehicle windows, tinted and coloured plastic film for use on vehicles, plastic film for use in manufacture, biodegradable plastic film for agricultural purposes, self-adhesive plastic films for use in manufacturing; Semi-processed plastics; Plastic fibers for general industrial use; Rubber, raw or semiworked; Waterproof packing for shipping containers; Flexible plastic hoses for use with ventilation systems, flexible plumbing pipes of plastic, hoses for air conditioners, irrigation hoses; Glass fibers for use in the manufacture of building insulation; glass fibre filtering materials; Glass fiber insulation for use in construction; Fibreglass tissue for insulating purposes; Semi-finished glass fiber filtering materials for industrial use; Adhesive tape for industrial or commercial packing use namely masking tape, mounting tape, and strapping tape; Duct tape; Fibreglass tissues for insulation, and fibreglass tissues woven into textiles specifically for insulation.

Class 19

(15) Non-woven textiles made of synthetic fibres for use in the building industry.

(16) Building glass; building paper; building cardboard; building sand; building stone; tempered glass for building; insulating glass for building; logs used as building material; mortar for building; non-woven textiles made of synthetic fibres for use in the building industry; non-metallic minerals for building; multilayer panels of plastic for use in building; plaster for use in building; wood pulp board for building; PVC rigid pipes for construction purposes; cement mortar pipes; cement sewer pipes; concrete pipes; fibreglass draining pipes; non-metal drain pipes; plastic gutter pipes; plastic water pipes; sewer pipes of concrete; Asphalt, pitch and bitumen; Transportable greenhouses of fibreglass; transportable garden sheds of PVC; transportable plastic stables; Boards made of wood particles; Fiber reinforced plastic as reinforcement materials for building and construction.

Class 21

(17) Kitchen utensils namely cooking utensils; household cleaning tools and washing utensils namely cleaning cloths, mitts and rags, household cleaning towelettes, rags for cleaning; containers for household or kitchen use namely containers for ice, food storage containers, heat-insulated containers for food and beverages, and thermally insulated containers for food and beverages; Combs for back-coming hair; electric combs; abrasive sponges for kitchen use; scouring sponges; bath sponges; toilet sponges; Washing brushes; cosmetic brushes; basting brushes; brushes for cleaning tanks and containers; brushes for pipes; Brushmaking materials; Buckskin for cleaning; cleaning, dusting and polishing cloths; pads of textile for cleaning; steel wool for cleaning; wool waste for cleaning; Steelwool; Glass, unworked or semi-worked; Beverage and table glassware, porcelain dinnerware and earthenware; buckets made of woven fabrics; cake molds [moulds]; cloth for washing floors; Nylon coffee filters; cookery molds; cups of paper or plastic; dishes made of nonwoven fabrics and paper; tea filters; glass fiber rovings for non-textile purposes for use in manufacture of window screens, reinforcing sheets and materials and interior panels.

Class 23

(18) Fibreglass threads for textile use in the automobile industry.

Class 24

(19) Synthetic fiber fabrics; textile substitute materials made from plastic materials; Felt and non-woven fabrics; Non-woven synthetic and natural fabrics for use in the manufacture of air and liquid filtration units for industrial applications in the automotive, heavy duty vehicle industries, for use in the manufacture of water filtration units domestic and commercial use, for use in filtering of food for domestic and commercial uses, and for use in the medical and diagnostic devices in the medical industry; Fabrics for textile use; Fiberglass fabrics, for textile use; Wool, silk, cotton, flax, jute, nylon, polyester, acrylic asbestos, and glass fibre materials for use in the manufacture of filters; Non-woven fabric textiles; Synthetic and natural nonwoven fabrics sold in rolls for the manufacture of filter material; Non-woven fabrics made of natural fibres for the food industry; Non-woven fabrics for the automobile industry; Non-woven fabrics for packaging medical devices and medical instruments for sterilisation purposes, and for keeping them sterile; Non-woven fabrics for sterilisation wrappings, sterilisation bags and sterilisation rolls; Non-woven fabrics for packaging surgical gloves, surgical towels and theatre clothing; surgical textiles for use in the manufacture of protective clothing and surgical drapes.

(20) Fabrics made of synthetic materials; semi-synthetic fibre fabrics; Textile coasters; Face towels [made of textile materials]; Furniture coverings of plastic; Furniture coverings of textile; Textile substitute materials made from synthetic materials; Woven fabrics; Fabric wall curtains and wallpapers; Tapestry [wall hangings], of textile; textiles for use in the manufacture of protective surgical clothing and surgical drapes; nonwoven fabrics for wrapping of surgical gloves, drapes and gowns.
