Trademarks Journal

Vol. 67 No. 3450

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Ground systems consisting of control apparatus for satellites, namely user terminals, antennas, modems, transmitters, receivers, computer hardware and computer operating software for processing information received from sensors to generate position, velocity, altitude and time information of satellites, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; ground systems for operating and controlling satellites, namely computer hardware and computer software for processing information received from sensors to generate position, velocity, attitude, and time information of satellites, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; apparatus for recording, transmission or reproduction of sound and images from satellites, namely telemetry and computers for use in data management, for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; blank optical data carriers, namely blank dvd; telecommunications transmitters, namely radio-frequency transmitters, optical transmitters, laser transmitters, point-to-point transmitters, and satellite transmitters, for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; observation systems,

namely ground sensing systems, consisting of computer hardware, software for border surveillance, computer peripherals, namely computer keyboards, computer mouse, computer printers, computer display monitors, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist- issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; aircraft self-protection systems consisting of sensors and software to detect the launch of a missile, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; infrared surveillance and tracking systems comprised of infrared light sensors, software and computer hardware and computer peripherals, namely computer keyboards, computer mouse, computer printers, computer display monitors, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and antiterrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; secure observation and reconnaissance equipment, namely visible and infrared light imaging sensors, thermal imaging sensors, radar sensors, sensors and lasers used for range finding, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; airborne surveillance equipment, namely radar apparatus, infrared sensors, optical sensors, for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; day/night surveillance equipment, namely visible and infrared light imaging sensors, thermal imaging sensors, radar sensors, sensors and lasers used for range finding, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; data transmitters for digital sound and image, namely transmission of sound and images from satellite signals, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; radar imagery-based airborne ground surveillance and reconnaissance systems comprised of radar sensors, radar antennas, computer hardware and software, all of the aforementioned for use in the fields of military intelligence, military security and national defense,

and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; geographic information processing equipment for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services, namely, computer hardware and purpose designed software; electronic equipment for the acquisition, compression, transmission, analysis and restoration of satellite images and aerial photographs, namely ground receiving stations for aircraft and satellite signals, receiving terminals for radio signals, electronic image processors, electronic image analyzers, laser communication terminals, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; image transmission equipment, namely electronic signal processors, radio transmitters, receiving terminals for radio signals, radio antennas, signal decoders, by digital radio link for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; hardware and software for surveillance in specific geographical areas, for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; monitoring and control hardware and software for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services, namely hardware and software for monitoring and control of missiles and unmanned aerial vehicles; hardware and software for telecommunication and radio communication networks, namely communication computers, communication server software, communications intelligence (COMINT) software to analyze communications content, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; hardware and software for digital telecommunication networks for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services,

namely tactical data links for Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) systems; hardware and software for network routers for tactical networks in C4ISR systems for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; radio communication networks by wire, cable, fiber optics, radio and satellite, namely telecommunication modems, routers for routing audio, video, and digital signals, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; apparatus for communicating, transmitting, receiving voice, image, data and multimedia data, namely network routers, namely, network routers for tactical networks in Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) systems, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; software for use in Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) systems for the transmission of messages, information, data, sound and images over the airwaves, via cable, via fiber optics, via telephone, via satellite, via terminals, via telecommunication networks and via computer networks, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and antiterrorist- issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; software for aircraft communication and aircraft radio communication networks for transmission of data via wire, cable, via fiber optics, via radio and via satellite, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and antiterrorist- issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; simulation, modeling, testing and experimentation software, namely software for threat simulation for preparation related to emergency and crisis situations due to physical threats in the field of military defense and military homeland security; servers for modeling simulation, testing and experimentation of civilian and military operations; software designed to perform the functions of planning, acquisition, processing and dissemination of intelligence information and data exclusively in the areas of military intelligence and geography, for the purpose of military defense and safety; software for displaying reports, analysis and measurement results, namely in the form of graphics, tables and charts resulting from the analysis of performance and the monitoring of performance of geographic navigation signals and geolocation data regarding the field of defense and security (people, organizations, places, equipment, events) coming from intelligence sources (communications, radar signals, images, open sources, cyber intelligence, field reports); computer software used for examining and identifying physical space segments in two dimensions or in three

dimensions, for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; industrial geoproduction system composed of a digital processing chain, consisting of computer hardware and software for producing satellite, aerial or terrestrial images in 3D, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; software and computer hardware for processing geolocation data on-board of satellites for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; software for processing and analyzing photographs, namely aerial and satellite photographs, for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; computer software for stereographic projections, digital land models, ortho-images and thematic maps for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; data base management software, namely for stereographic reproduction, for storage, preparation, treatment and analysis of drawings, images, photos, aerial and satellite photographs, surface models, and related charts, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; software and computer hardware for processing, analysis, reproduction and storage of satellites images, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network security services; computers and computer software for industries, namely, fire departments and government entities, relating to customer management, geographical information systems, computer aided design, realtime visualization, all of the aforementioned for use in the fields of military intelligence, military security and national defense, and reconnaissance, homeland and international security and anti-terrorist-issues, crisis intervention, crisis management, disaster recovery, disaster relief, peace keeping missions, law enforcement, maritime surveillance, and specifically excluding the fields of computer security, technology security, network security, computer services, or network

security services.

(8) baby changing mats; beds; bottle closures not of metal; infant cradles; high chairs for babies; non-metal bed fittings; non-metal bottle caps; non-metallic bottle stoppers; picture frames; pillows; works of art of wood, wax, plaster or plastic.

(9) figurines of plastic, wood, resin, plaster, bone, ivory, wax, or wood.

Class 21

(10) baby bathtubs; baking mats; baskets namely flower baskets, hampers, picnic baskets, waste paper baskets, plant baskets, food basket, gift baskets; bottle openers, electric and non-electric; bowls; bread baskets for domestic use; bread boards; butter dishes; butter-dish and cheese-dish

covers; cake molds; candy boxes; cleaning rags; cleaning sponges; coasters not of paper and not being table linen; colanders; cookery molds; cookie jars; cooking pans; cooking pot sets; cooking pots; creamer pitchers; cruet sets for oil and vinegar; cruet stands for oil and vinegar; cup cake molds; cups; cutting boards; dish covers; dishes; dishware; dishwashing brushes; disposable table plates; drinking bottles for sports; drinking cups; drinking cups for babies and children; drinking glasses; drinking straws; egg cups; figurines of china, crystal, earthenware, glass, porcelain, terra cotta; fitted picnic baskets; drinking flasks; flower pots; fly swatters; frying pans; garlic presses; glass jars; gloves for household purposes; grills in the nature of cooking utensils; household utensils, namely, graters; household utensils, namely, kitchen tongs; household utensils, namely, sieves; household utensils, namely, skimmers; household utensils, namely, spatulas; household utensils, namely, strainers; household utensils, namely, turners; household utensils, namely, graters, kitchen tongs, sieves, skimmers, strainers, pot and pan scrapers, spatulas, turners, whisks, cooking spoons; ice buckets; ice cube molds; ironing board covers; ironing boards; jugs; kettles; kitchen containers, namely jars, boxes or cans; kitchen utensil crocks; lazy susans; lunch boxes; mixing spoons; mugs; napkin holders; non-electric candelabras; non-electric deep fryers; non-electric egg beaters; non-electric food blenders; non-electric food mixers; non-electric griddles; non-electrical coffee grinders; paper plates and paper cups; pastry bags; picnic baskets sold empty; pie servers; pitchers; plates; salt and pepper shakers; salt cellars; saucepans; scoops for food; scrubbing brushes namely, scrubbing brushes for removing make-up, and scrubbing brushes for body care and skin care; soap dispensers; soap holders; spice racks; stew-pans; strainers for household purposes; sugar bowls; tankards; tea caddies; tea infusers; tea pots; tea strainers; toilet brush holders; toilet brushes; toilet paper dispensers; toilet paper holders; toilet sponges; toilet tissue holders; toothbrushes; serving trays; utensils for barbecues, namely, forks, tongs, turners; vases; wastepaper baskets; wood chopping blocks; works of art of china, crystal, ceramic, earthenware, glass, porcelain, or terra cotta.

Class 24

(11) bed blankets; bed covers; bed linen; bed sheets; bedspreads; children's bed sheets, pillow cases, and blankets; coverlets; crib sheets; eiderdown covers; fabric table runners; face towels of textiles; fitted bed sheets; flat bed sheets; hand towels; hooded towels; household linen; kitchen towels; moleskin fabric not for medical use; pillow cases; pillow covers; pillow shams; place mats, not of paper; quilts; bed sheet sets; table linen; table mats not of paper; table napkins of textile; tablecloths of textiles; towels; washcloths.

(12) sleeping bags

Class 25

(13) athletic shoes; babies' pants; baby bibs not of paper; baby bodysuits; baby bottoms; baby layettes for clothing; baby tops; bath slippers; bathing caps; bathrobes; belts; body suits; boots; caps; coats; dresses; ear muffs; footwear, namely shoes, boots, sandals, and slippers; galoshes; gloves; Halloween costumes; hats; hats for infants, babies, toddlers and children; hooded scarves; jackets; jeans; jerseys; knickers; leggings; lounge pants; masquerade costumes; mittens; money belts; neckties; pajamas; pants; pocket squares; raincoats; sandals; scarves; shirts; shoes; shorts; skull caps; slippers; socks; stockings; suits; sweaters; swimwear; t-shirts; tights; underwear; vests; sun visors.

Class 29

(14) albumin milk; apple puree; bouillon; broth; butter; canned beans; canned cooked meat; canned fruits; canned, cooked or otherwise processed tomatoes; caviar; charcuterie; cheese; compotes; condensed milk; corn oil; cranberry sauce; cream, being dairy products; crystallized fruits; curd; dried beans; dried dates; dried vegetables; eggs; fish fillets; frozen fruits; fruit chips;

fruit jellies; fruit pulps; fruit salads; fruit-based snack food; fruits preserved in alcohol; garden salads; gherkins; herrings, not live; hummus; jams; jellies and jams; liver pate; low-fat potato chips; margarine; meat; milk; milk beverages with high milk content; milk products excluding ice cream, ice milk and frozen yogurt; milk-based beverages with chocolate; olive oil; peanut butter; piccalilli; pickles; potato chips; potato fritters; poultry, not live; prepared nuts, namely, almonds, brazil nuts, cashew nuts, hazelnuts, macadamia nuts, pecans, pistachios, and walnuts; preserved fish; preserved fruits; preserved peas; preserved vegetables; preserved edible seeds; preserved mushrooms, canned and bottled processed olives, processed olives puree; preserved onions; prepared peanuts; frozen vegetables, preserved vegetables; raisins; roasted peanuts; salmon, not live; sardines, not live; sauerkraut; sausages; smetana; soup concentrates; soup mixes; soups; soya milk; sunflower oil; tahini; tinned fish; tinned olives; tinned vegetables; tomato paste; tomato puree; tuna fish, not live; unflavored and unsweetened gelatins; vegetable salads; whipped cream; yogurt; frozen, prepared or packaged entrees consisting primarily of meat, fish, poultry or vegetables; chicken, meat, or fish croquettes.

Class 30

(15) allspice; almond paste; baking powder; baking soda; biscuits; bread; bread rolls; breakfast cereals; cake batter; cake doughs; cake frosting; cake icing; cake mixes; cakes; candy; caramels; cereal bars; cereal-based snack foods; cheeseburger sandwiches; chewing gum; chocolate; chocolate mousse; chocolate-based beverages; chow chow; cinnamon; cocoa; cocoa beverages with milk; cocoa-based beverages; coffee; coffee beverages with milk; coffee-based beverage containing milk; confectionery chips for baking; confectionery made of sugar; confectionery, namely, pastilles; cookies; cooking salt; crackers; dessert mousse; flavored and sweetened gelatins; food flavorings prepared from essential oils, food flavorings and food seasonings; confectionery fondants; frozen confectionery; frozen yogurt; granola; high-protein cereal bars; honey; ice cream; iced tea; ketchup; macaroni; macaroons; mayonnaise; muesli; mustard; natural sweetener; nonmedicated lozenges; noodle-based prepared meals; noodles; pancake mixes; pancakes; pasta sauce; pastries; pies; pizza; popcorn; pralines; processed grains, namely, wheat, oats, rice, rye, barley, buckwheat, bulgur, quinoa, millet, couscous, and corn; processed oats; puddings; quiche; ravioli; ready-to-eat cereals; roasted corn; rolled oats; salad dressings; sandwiches; sauces, namely, apple sauce, cranberry sauce, soy sauce, spaghetti sauce, barbecue sauce, chili sauce, dressings for salad, fruit sauce, gravy sauce, hot sauce, ketchup sauce, meat sauce, pasta sauce, pepper sauce; sesame sticks; sorbets; spaghetti; spices; steel cut oats; sugar; sushi; tabbouleh; tarts; tea; tea-based beverages; tomato sauce; vanilla; vanilla flavorings; vermicelli; vinegar; waffles.

(16) Peanut confectionery; applesauce

Class 31

(17) cut flowers; fresh blueberries; fresh cucumbers; fresh fruits; fresh grapes; fresh hazelnuts; fresh lemons; fresh lettuce; fresh mushrooms; fresh nuts; fresh olives; fresh onions; fresh oranges; fresh peanuts; fresh peas; fresh potatoes; fresh spinach; fresh strawberries; fresh vegetables; live flowers.

Class 32

(18) fruit juices; lemonades; tomato juice; vegetable juices.

Services

Class 35

(1) online retail services featuring books, paper products, stationery, calendars, baby products, cosmetics, apparel and accessories, headwear, footwear, electronic accessories, housewares,

household products, home accessories, kitchen products, food and drink products, bags and accessories, luggage, textile products, bedding and bath products, mobile software applications, games and toys; retail services featuring books, paper products, stationery, calendars, baby products, cosmetics, apparel and accessories, headwear, footwear, electronic accessories, housewares, household products, home accessories, kitchen products, food and drink products, bags and accessories, luggage, textile products, bedding and bath products, games and toys.

Class 38

(4) streaming of audio and video via the Internet featuring music; providing access to a website for entertainment purposes featuring information, advice, articles, videos, images about relationships, parenting, family, and cooking.

Class 41

(3) amusement park and theme park services; education services, namely, providing instruction and advice in the fields of relationships, parenting, family, and cooking; entertainment in the nature of ongoing television programs in the field of relationships, parenting, family, cooking, and animated cartoons; entertainment in the nature of theater productions; entertainment services, namely, an ongoing series featuring relationships, parenting, family, cooking, and animated cartoons provided through cable television, webcasts, radio broadcasts; entertainment services, namely, providing an on-line computer game; entertainment services, namely, providing an ongoing radio program in the field of relationships, parenting, family and cooking; nondownloadable electronic publications in the nature of an episode, webisode in the field of animated cartoons, relationships, parenting, family, art, photography and cooking; organization of exhibitions for cultural and educational purposes in the field of travel, food, health, animated cartoons, relationships, parenting, family, art, photography, and cooking; party planning; production of radio and television programs; providing on-line videos featuring relationships, parenting, family, cooking, and animated cartoons, not downloadable; religious instruction services.

Class 43

(2) café; food and drink catering; restaurant; restaurants featuring home delivery; take-out restaurant services.

Claims

Priority Filing Date: November 25, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/464950 in association with the same kind of goods (3); November 25, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/464732 in association with the same kind of goods (2); November 25, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/464679 in association with the same kind of goods (1); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465225 in association with the same kind of goods (5), (8); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465217 in association with the same kind of goods (4), (7); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465598 in association with the same kind of goods (6); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465818 in association with the same kind of goods (11), (12); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465204 in association with the same kind of services (2); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465202 in association with the same kind of services (1); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/466172 in association with the same kind of services (3), (4); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/466064 in association with the same kind of goods (13); November 26, 2014, Country or Office:

UNITED STATES OF AMERICA, Application No: 86/465209 in association with the same kind of goods (17); November 26, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/465194 in association with the same kind of goods (18); November 27, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/466453 in association with the same kind of goods (15); November 29, 2014, Country or Office: UNITED STATES OF AMERICA, Application No: 86/467018 in association with the same kind of goods (9), (10); April 20, 2015, Country or Office: UNITED STATES OF AMERICA, Application No: 86/602558 in association with the same kind of goods (14), (16)

Trademark Type

Standard Characters

Goods

Class 01

(1) Chromatography chemicals; diagnostic preparations for medical-scientific use; dna for scientific, laboratory and medical research use; living organisms, namely, genetically-engineered biological cells and pathogens for scientific, laboratory and medical research use; reagents for scientific, medical, and biological research use; reagents and diagnostic test kits for performing biochemical assays containing biological components, namely, substrates, enzymes, proteins, and nucleic acid molecules, chemical components, namely, buffers and reagents and hardware components, namely, slides, membranes, and microfluidic devices for scientific or medical research use; biological chemical diagnostic test kits for scientific or research use, consisting of nucleic acid molecules, DNA molecules, slides and membranes for comparison testing of expression levels of biological samples; liquid chemicals for use with scintillation counters; melt-on scintillator sheets for research and scientific uses in the chemical and biological industries; assays and reagents for use in genetic research; diagnostic kits consisting primarily of polymerase chain reaction (PCR) mixes for detection of aneuploidies in chromosomes for scientific or research use; chemical analysis kit for use in DNA analysis, not for medical or veterinary use; chemical test kits for cell assays for laboratory or research use; reagents sold as a kit for use in scientific and pharmaceutical research

Class 05

(2) Biomedical reagents in the nature of contrast media for in vivo imaging of molecular and morphologic targets and processes in humans and animals; diagnostic reagents for clinical, biochemical or medical laboratory use; chemical reagents for medical and veterinary purposes, chemical test kits comprised of chemical reagents for cell assays for medical and veterinary use, all of the foregoing for diagnostic use; preparations for detecting genetic predispositions for medical purposes; medical diagnostic reagents and assays for testing bodily fluids; diagnostic kits consisting primarily of polymerase chain reaction (PCR) mixes for detection of aneuploidies in chromosomes for medical use; diagnostic reagents, assays and kits for medical use, namely, for detecting, diagnosing, treating and monitoring of genetic disorders; diagnostic preparations for clinical and medical laboratory use

Class 09

(3) Apparatus and instruments for research in laboratories and for analysis of microtiter plate based assays, namely, an instrument comprising an imaging detector, a telecentric lens, illumination light source, emission and excitation filters and sample plate handling mechanics to automatically position the sample plate in a well-defined position for imaging of the sample; computer software that acts as an instrument workstation controlling the instrument, handling measurement protocols, definitions of sample plates, definitions of measurement technologies and definitions of optical components and that stores the measurement data in a database and lets the user investigate the data and export it for further off-line analysis; cellular luminescence and fluorescence workstations consisting primarily of micro-titer plate readers, automated liquid-flow and liquid-level control machines and instruments, computers and data analysis and reporting software for analyzing and reporting data obtained from the workstation; laboratory robots; computer hardware; computer software for use primarily in the field of pharmaceutical research, for analyzing fluorescence detection data; computer software for laboratory information management; computer software for controlling analytical laboratory instruments, and for managing and reporting data generated by such instruments; computer software for controlling chromatography, mass spectrometry and atomic absorption spectroscopy instruments, and for managing and reporting data generated by such instruments; computer software for calibrating and operating differential scanning calorimeters; optoelectronic apparatus and instruments, namely, charge-coupled device cameras; image tubes for charge-coupled device cameras; spectroscopy equipment, namely, spectrometers and spectrometers; electromagnetic detectors for use in digital radiography; air quality analyzers; environmental monitoring system comprised of electronic sensors that provide measurements that are interpreted or translated to allow for the monitoring, detection, recording, and reporting of air quality, ozone levels, humidity, temperature, airborne contaminants, airborne toxins, odors, emissions, radiation, gases, chemical and biological hazards, and other air contaminants and pollutants by wirelessly transmitting the measurements to a computer; laboratory apparatus and equipment namely, an imaging system comprising computer software, computer hardware, monitors, cameras, optical couplers, optical polarizers, light filters and polarizing compensators for the measurement and analysis of stress, polarization, optical retardance, birefringence, and related properties of both macroscopic and microscopic samples; computer software for research purposes for viewing, measuring, and analyzing digital images, including color images and multispectral images, sold alone or as a system with computer hardware; laboratory equipment, namely digital imaging systems comprising an illuminator, a digital camera, optical interference filters and a tunable filter, used for fluorescence optical imaging of samples, and computer software for use in operating the digital imaging system, or interpreting the images obtained thereby, computers, and adaptors for lenses and microscopes, all of the foregoing sold separately or as a unit for fluorescence optical imaging; laboratory equipment, namely digital imaging systems comprising a digital camera and a tunable filter, used with microscopes or lenses to obtain images of microscopic and macroscopic samples or of natural scenes, and computer software for use in operating the digital imaging system, controlling the microscopes or lenses, or interpreting the images obtained thereby, and adaptors for microscopes and lenses, all of the foregoing sold separately or as a unit for multispectral optical imaging; laboratory and clinical laboratory digital imaging systems primarily comprising computer software, computer hardware, computer monitors, cameras, liquid crystal compensators, digital controllers, circular polarizers and optical light filters for optical imaging; automatic laboratory equipment, namely, a robotic workstation for transferring, dispensing and diluting liquids in drug screening applications; laboratory apparatus and equipment, namely, automated light microscope system consisting primarily of a light microscope, computer hardware and computer software for optical imaging; computer software for gathering and outputting information obtained from laboratory instruments for use in the fields of academia, agriculture, biotechnical and medical imaging,

chemical analysis, environmental assessment, fluid testing, food and beverage testing, forensics, genetic screening, geochemistry, life science research, materials characterization, medicine, petrochemical analysis, pharmaceutical analysis, plastics, polymers and semiconductors; computer software for creating searchable databases of information and data; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information in the field of chemical research and analysis; computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; computer software that provides web-based access to applications through a web operating system or internet portal in the fields of life science, namely biology, pharmacology, biomedical and chemistry, and chemical research; computer software to automate data warehousing; computer software for providing information and searching functions in the field of chemistry, namely information on chemicals, chemical structures, drawings, and properties, and related molecules; computer software for providing chemical supply information, namely, chemical supplier catalogs, supplier information, chemical availability, chemical safety, chemical handling, and chemical procurement; computer programs for use in biological pathways drawings and electronic instruction manuals sold therewith as a unit; computer programs for use in biological and chemical searching and information integration and electronic instruction manuals sold therewith as a unit; computer software for creating and searching for chemical reaction data; electronic databases in the field of biological and chemical research information; downloadable mobile applications for creating, editing, transmitting, storing, collaborating, importing, and organizing information in the field of chemistry; downloadable mobile applications for creation, edit, transmission, storage, collaboration, importation, organizing of diagnostic, medical and research information in the fields of life science, namely biology, pharmacology, biomedical and chemistry and chemical research; computer applications and software systems for the collection, editing, organizing, modifying, transmission, storage and sharing of data and information in the field of chemical research and analysis; computer programs for use in chemical structure drawing, molecular modeling and analysis, and chemical searching and information integration; computer software for creating searchable databases of information and data, wherein the information and data is contained within documents and wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of diagnostic, medical and research information in the fields of life science, namely biology, pharmacology, biomedical and chemistry and chemical research, wherein the information is contained within documents and wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface, wherein the database content is documents and wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; computer software to automate data warehousing of documents, wherein the documents do not relate to customer care, financial management, billing management or ophthalmologic data; BIOS (basic input/output system) computer program; computer search engine software; scientific instruments and devices for the testing, screening and analysis of nucleic acid, namely thermal cyclers, quantitative PCR machines, real-time PCR machines, DNA sequencers, RNA sequencers, and gel electrophoresis apparatuses; computer hardware and peripheral devices, namely computer displays, blank floppy disks, blank CDs, blank DVDs, blank optical discs, blank hard drives, blank USB drives and printers, used in the development, testing, screening and analysis of pharmaceuticals, for chemical screening and analysis, for the development, testing, screening and analysis of biological substances and for

nucleic acid characterization; computer software for operating and controlling automatic laboratory equipment used for transferring, dispensing and diluting liquids in drug screening applications; computer programs for use in robot manipulation; modular tables that can be interconnected to form a variety of system configurations for use in laboratory automation; software for operating robotics with microplate readers, washers, and incubators for pharmaceutical laboratory use; microfluidic devices and instruments, namely electronic analyzers for the transport and analysis of fluid samples incorporating microfluidic circuits, microfluidic chips, sample reservoirs, valves and pumps, used for the development, testing, screening and analysis of pharmaceuticals for the testing, screening and analysis of biological substances and for nucleic acid characterization; laboratory equipment, namely, robot manipulators, laboratory consumable dispensers, laboratory sample conditioners, namely, incubators, stirrers, mixers, dispensers, and aspirators; pipettes; pipette tips, glassware and filters for use in laboratories; automatic laboratory equipment, namely, a robotic workstation for transferring, dispensing and diluting liquids in drug screening applications comprising automated pipettors configured to dispense fluids into and remove fluid from microtiter plates; computer-controlled laboratory robots; computer software for scientific analysis of genetic sequences; computer software for controlling and managing patient medical information; downloadable scientific and medical information in the fields of life science, namely biology, pharmacology, biomedical and chemistry and chemical research accessible via an internet database; computer software for medical services, namely, medical diagnostic software and medical testing software; computer software used by research scientists to acquire, manage and analyze molecular biology and data and information in the fields of life science, namely biology, pharmacology, biomedical and chemistry, and chemical research; computer software, namely software for providing bioinformatics database management; optical imaging devices, namely, a fluorescence imaging system comprised of computer imaging hardware, a computer, monitor and imaging software for use therewith; electronic light imaging system for detecting very low levels of light, namely, a ccd camera and light-tight imaging chamber for scientific and engineering use; computer software used to acquire, store, archive, retrieve, track, coordinate and analyze internal light images for medical research and scientific purposes; computer program which allows the collection of information from various types of analytical instruments for performing analysis, measurement, screening, detection, testing, research and identification of physical, environmental, biological, fluidic, and chemical samples the processing of such data, the performance of various types of statistical procedures, and the presentation of the information on a personal computer screen for use in hospitals, clinics and scientific research laboratories; computer software for use in genetic research and analysis; computer software for use in diagnostic DNA analysis; computer software for scientific analysis of genetic sequences; software in the field of DNA research for acquisition, analysis and processing of scientific, diagnostic, pharmaceutical, biological, biotechnological and veterinary data; computer software for controlling robots that move microplates between storage racks and laboratory equipment, namely, laboratory readers, washers, dispensers and incubators; and electronic user manuals sold as a unit with the foregoing goods; atomic spectrometers; mass spectrometers; gas chromatography apparatus; chromatography columns; spectrophotometers; elemental analyzers for identifying and measuring the amounts of carbon, hydrogen and other components of organic and inorganic materials; weighing equipment, namely, laboratory scales and balances; microscopes; spinning disk confocal microscopes featuring electronic synchronization controls; synchronization control units for spinning disk confocal microscopes; confocal scanning systems for use with microscopes, consisting primarily of a confocal scanner, an illumination source, a charge coupled device detector, computer hardware and computer software for image acquisition; microarray scanners; radiometric detectors; differential scanning calorimeters; computer interface boards and external interface units for laboratory use; automated liquid handling workstations for use in assay

procedures, consisting primarily of a platform on which computer-controlled robotic arms are mounted for pipetting liquids and for moving microplates and other objects from one location to another, and featuring computer software for operating liquid handling equipment; dispense heads for use in laboratory liquid handling devices; pipetting tips for use in liquid handling machines in the field of life science research; microplates; cellular screening machines for use in performing cell-based assays by means of luminescence and fluorescence detection; microplates sold as a kit for use in scientific and pharmaceutical research

Services

Class 42

Scientific and industrial research and analysis in the fields of life science, namely biology, pharmacology, biomedical and chemistry, and chemical research; scientific research for others, namely, the testing, screening and analysis of pharmaceuticals, chemical screening and analysis, the testing, screening and analysis of biological substances and nucleic acid characterization; chemical analysis and research, namely, performing pharmaceutical screening assays for others; development and testing, screening and analysis of pharmaceuticals, chemical and biological substances for use in drug discovery research; in vitro and in vivo drug discovery, analysis and screening services for use by scientists and researchers in discovering and developing new drug therapies in the life science industry; performance of chemical or biological material analysis or diagnostics, namely, detection and screening for biological or chemical substances, capillary electrophoresis, chemical or biological separation, and nucleic acid characterization; medical research laboratory services; medical research; hosting a website providing scientific information about products and services in the fields of food safety, screening and diagnosing medical conditions, life science, namely biology, pharmacology, biomedical and chemistry and chemical research, environmental monitoring and industrial analysis of manufacturing operations from raw materials to finished products; research and development services, namely collecting information and user comments of a scientific and technological nature on products and services in the fields of food safety, screening and diagnosing medical conditions, life science, namely biology, pharmacology, biomedical and chemistry and chemical research, environmental monitoring and industrial analysis of manufacturing operations from raw materials to finished products; providing on-line, non-downloadable, Internet-based software application for providing information and searching functions in the field of chemistry, namely information on chemicals, chemical structures and properties, related molecules, and chemical supply information, supplier catalogs, supplier information, availability, and procurement; operation of an on-line interactive database in the field of chemistry featuring chemical searching; providing on-line non-downloadable computer software for scientific analysis of genetic sequences; providing on-line non-downloadable computer software for medical services, namely, medical diagnostic software and medical testing software; providing on-line non-downloadable computer software for controlling and managing patient medical information; technical air quality measuring and monitoring services; custom design and development of air quality measurement programs; environmental services, namely, making measurements that are interpreted or translated to allow for monitoring, detection, recording, and reporting of air quality, ozone levels, humidity, temperature, airborne contaminants, airborne toxins, odors, emissions, radiation, gases, chemical and biological hazards, and other air contaminants and pollutants; software as a service (SAAS) services featuring software for obtaining measurements from sensors or devices and interpreting and translating the measurements to allow for the detection, measuring, monitoring, recording, and reporting of air quality, ozone levels, humidity, temperature, airborne contaminants, airborne toxins, odors, emissions, radiation, gases, chemical and biological hazards, and other air contaminants and pollutants

Goods

Class 09

(1) CD-ROMS, DVDS, audio and video recordings, pre-recorded electronic and digital media containing instructional, skills training, and publications and courses featuring pre-school, elementary, high school, postsecondary, graduate level and professional course content, and self-help and self-enrichment course content; computer software containing instructional, skills training, and publications and courses featuring pre-school, elementary, high school, post-secondary, graduate level and professional course content, and self-help and self-enrichment course content; downloadable software in the nature of a mobile application containing instructional, skills training, and publications and courses featuring pre-school, elementary, high school, postsecondary, graduate level and professional course content, and self-help and self-enrichment course content; downloadable educational e-books featuring pre-school, elementary, high school, post-secondary, graduate level and professional course content, and self-help and self-enrichment course content; computer software and downloadable software in the nature of a mobile application for scoring of educational assessment tests

Class 16

(2) Series of educational textbooks, workbooks, and written teacher's guides containing instructional, skills training, and publications and courses featuring preschool, elementary, high school, post-secondary, graduate level and professional level course content, and self-help and self-enrichment course content; printed matter, namely, a testing system comprised of tests, answer sheets, grading books, instructional manuals and coordinator's handbooks for assessing education achievement levels

Services

Class 41

(1) Providing educational information for the purpose of academic study, namely, providing an online interactive self-assessment student diagnostic tool to assess student performance, strengths, weaknesses, aptitude, knowledge and skills for students in pre-school, elementary, high school, post-secondary, graduate level and professional studies, and for students engaged in self-help and self-enrichment studies; educational services, namely, providing non-downloadable

educational computer games, videos, recordings, lectures, songs, animations, flash presentations, text, tests, and assessments featuring pre-school, elementary, high school, post-secondary, graduate level and professional course content, and self-help and self-enrichment course content; consulting services in the field of educational test scoring technology and preparing customized education assessment tests; standardized testing and scoring in the field of education; scoring of standardized tests services in the field of education; publishing services in the field of education, namely, publication of books, pamphlets, brochures, tests and testing sheets provided in print and electronic form for all grade levels from pre-school to post-secondary, professionals, and for self-help and self-enrichment; organizing and holding conferences, seminars and workshops on educational pedagogy and curriculum, developing and offering professional development programs for teachers and educators

Class 42

(2) Providing temporary use of on-line non-downloadable educational software containing instructional, skills training, and publications and courses featuring pre-school, elementary, high school, post-secondary, graduate level and professional course content, and self-help and self-enrichment course content; providing temporary use of on-line non-downloadable educational software for use by teachers to assist in lesson planning in all grade levels from pre-school to post-secondary, professionals, and for self-help and self-enrichment

Goods

Class 09

(1) Video films; film strips for sound recording; pre-recorded magnetic tapes and discs featuring audio clips, video clips and movies in the fields of exploration, environment, higher education, science, medicine, and applied technology, information technology and innovation within the computer and electronics industries; floppy disks; downloadable electronic publications pertaining to the advancement of human knowledge and well-being in the fields of exploration, environment, higher education, science, medicine, and applied technology, information technology and innovation within the computer and electronics industries; electronic newspapers, periodicals, magazines (periodicals) and books

Class 16

(2) Newspapers, periodicals, magazines (periodicals) books; photographs; promotional printed publications featuring topics relating to the advancement of human knowledge and well-being in the fields of exploration, environment, higher education, science, medicine, and applied technology, information technology and innovation within the computer and electronics industries

Services

Class 35

(1) Advertising the goods and services of others; marketing and promoting a variety of goods and services of others pertaining to the advancement of human knowledge and well-being in the fields of higher education, environmental initiatives and environmental protection, general health and well-being, cultural heritage events, ecology, medicine, science, applied technology and information technology within the computer and electronics industries, exploration by providing cash prizes, cash gifts and cash grants, access to a network of entrepreneurs and experts, international publicity through media coverage, in the field of general interest; distribution of material for promotional purposes for others; consulting services in publicity and marketing; consulting services in promotional activities, namely organizing contests, conferences, expositions, developing promotional campaigns for others, producing promotional videos, clips, movies, photo documentaries, magazine, brochures, books for others

Class 36

(2) financial support in the form of grants, cheques and monetary prizes to individuals and organizations for research in the fields of applied sciences, inventions, exploration, discoveries and the environment

Class 41

Goods

Class 01

(1) chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, namely, industrial chemicals for medical-scientific research use and for use in the pharmaceuticals manufacturing industry, namely, reagents for analysis, quality control, manufacturing, sample preparation, sample digestion and extraction of impurities for use in pharmaceutical research laboratories; chemicals for use in the pharmaceutical industry namely chlorine for use in the manufacture of pharmaceuticals, emulsifiers for the manufacture of pharmaceuticals, preservatives for pharmaceutical preparations, additives for use in the manufacture of pharmaceuticals, alcohol for use in manufacturing pharmaceuticals, chemical additives for use in the manufacture of pharmaceuticals, active chemical ingredients for use in the manufacture of pharmaceuticals; chemicals for use in the manufacture of industrial chemicals, namely catalysts for use in the manufacture of industrial chemicals, descaling preparations for industrial purposes, detergents for industrial use, natural graphite for industrial purposes, unprocessed plastics for industrial use, waste water treatment chemicals for industrial use; additives for use in the manufacture of paints, coatings, films sheets, foils, molded products, casted blocks and panels, namely chemical additives for use in the manufacture of paints, anti-slip floor coatings, coatings for wood as paints, coatings for automotive, aerospace and architecture sectors, coil and extrusion coatings, general industrial coatings, leather coatings, plastic coatings, powder coatings, anti-dazzle tinted films sheets for windows, masking film, foils of lead alloys for painters, decorators, printers and artists, synthetic resins used in the manufacture of plastic molding compounds for molded products, namely, casted blocks and panels; agricultural chemicals; horticultural chemicals; forestry chemicals; photographic chemicals; chemicals for scientific research use, namely, reagents for analysis, quality control, manufacturing, sample preparation, sample digestion and extraction of impurities for use in pharmaceutical research

laboratories; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry, namely, adhesives for use in the automotive industry, adhesives for use in the consumer packaging industry, adhesives for use in the manufacture of furniture, adhesives for use in the manufacture of plywood, adhesives for use in the textile industry, chemicals for use in the manufacture of adhesives, general use adhesives, wall covering adhesives; etching mordants; enzymes, namely enzyme stabilizers, enzyme substrates and enzymes for use as an antioxidant; chemical products in the nature of chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, namely, chemicals for medical-scientific research use, medical-scientific research laboratory use and for use in the pharmaceutical industry, namely, reagents for analysis, quality control, production, sample preparation, sample digestion and extraction for use in pharmaceutical research laboratories, chemicals for use in the pharmaceutical industry namely chlorine for use in the manufacture of pharmaceuticals, emulsifiers for the manufacture of pharmaceuticals, preservatives for pharmaceutical preparations, additives for use in the manufacture of pharmaceuticals, alcohol for use in manufacturing pharmaceuticals, chemical additives for use in the manufacture of pharmaceuticals, active chemical ingredients for use in the manufacture of pharmaceuticals, chemicals for use in the manufacture of industrial chemicals, namely catalysts for use in the manufacture of industrial chemicals, descaling preparations for industrial purposes, detergents for industrial use, natural graphite for industrial purposes, unprocessed plastics for industrial use, waste water treatment chemicals for industrial use, additives for use in the manufacture of paints, coatings, films sheets, foils, molded products, casted blocks and panels, namely chemical additives for use in the manufacture of paints, anti-slip floor coatings, coatings for wood as paints, coatings for automotive, aerospace and architecture sectors, coil and extrusion coatings, general industrial coatings, leather coatings, plastic coatings, powder coatings, antidazzle tinted films sheets for windows, masking film, foils of lead alloys for painters, decorators, printers and artists, synthetic resins used in the manufacture of plastic molding compounds for molded products, namely, casted blocks and panels, agricultural chemicals, horticultural chemicals, forestry chemicals, photographic chemicals, chemicals for scientific research use, namely, chemical reagents for analysis, quality control, production, sample preparation, sample digestion and extraction for use in scientific research laboratories, unprocessed artificial resins, unprocessed plastics, manures, fire extinguishing compositions, tempering and soldering chemicals, chemical substances for preserving foodstuffs, tanning substances, namely, leather tanning agents, oils for tanning leather, sumac for use in tanning, tannic acid, tannin, adhesives used in industry, namely, adhesives for use in the automotive industry, adhesives for use in the consumer packaging industry, adhesives for use in the manufacture of furniture, adhesives for use in the manufacture of plywood, adhesives for use in the textile industry, chemicals for use in the manufacture of adhesives, general use adhesives, wall covering adhesives, etching mordants, enzymes, namely enzyme stabilizers, enzyme substrates and enzymes for use as an antioxidant

Class 02

(2) paints, varnishes, lacquers, namely, ceramic paints, enamel paints, floor paints, fluorescent paints, insulating paints, luminous paints, oil paints, fireproof paints, anti-corrosive paints, anti-fouling paints, bactericidal paints, agglutinants for paints, aluminium paints, binding preparations for paints, artists' paints, dispersion paints for use in interior décor and the design of building facades in the graphic arts industry, fixatives, namely, varnishes, for acrylic paints, polymer paints, watercolor paints, bitumen varnish, copal varnish, insulating varnishes, floor protection varnishes, bronzing lacquers, lacquers for coating papers, thinners for lacquers, paint and lacquer glazes,

pigments for paints, namely, aluminum paint pigment, metallic paint pigments, inorganic pigments, carbon black as pigment, organic pigments, ultramarine blue as pigment, colorants for use in the manufacture of paints, conductive pigments protecting against electrostatic discharge, aerospace coatings, namely, coatings containing weatherproof and UV-resistant aluminum paint pigments, metallic paint pigments and enduring brilliance coatings, automotive coatings, namely, automotive paints, aluminum paints, anti-corrosive paint, anti-rust preparations for preservation, automobile finishing coatings, UV-resistant aluminum paint pigments, corrosion inhibiting paint type coatings, paint for use in the manufacture of automobiles, undercoating for chassis of vehicles, undersealing for chassis of vehicles, enduring brilliance and color constancy coatings, weather-resistant pigments; preservatives against rust and against deterioration of wood; colorants for use in the manufacture of beverages, cosmetics, pharmaceuticals, food, paints; mordants, namely, mordant dyes, mordants for dyeing natural fibres, mordants for the textile industry, mordants for leather, mordants for metals; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists

Class 03

(3) laundry detergents; bleaching preparations for laundry use; bleaching preparations for cosmetic purposes; bleaching preparations, namely, bleaching salts for the hair; cleaning, polishing, scouring and abrasive preparations, namely, all purpose cleaning preparations, general use abrasives, all purpose scouring liquids and powders, scouring solutions, all purpose polishing preparations, namely automobile polish, boot polish, chrome polish, floor, polish, leather polishes, polishing creams, polishing paper, polishing wax; soaps, namely, hand soap, antibacterial soap, deodorant soaps, bath soap, dish soap, laundry soap, beauty soap, body soap, cosmetic soap, industrial soap, liquid soap; perfumery, essential oils for personal use, essential oils for aromatherapy, essential oils as perfume for laundry purposes, essential oils for food flavouring, essential oils for cosmetic and skin care purposes, essential oils for perfumes and scents, cosmetics, hair lotions; dentifrices

Class 05

(4) Pharmaceutical preparations for the treatment of allergies; pharmaceutical preparations for the treatment of cardiovascular diseases and disorders; anti-diabetic pharmaceuticals; pharmaceutical preparations for use in dermatology, namely, dermatitis, skin pigmentation diseases, sexually transmitted diseases, acne, bacterial skin infections, hair disorders, hypersensitivity and inflammatory skin disorders, psoriasis disorders; pharmaceutical preparations for use in gastroenterology; pharmaceutical preparations for the treatment of genetic diseases and disorders, namely endocrine, neurological, namely, Alzheimer's, Huntington's Disease and cerebral palsy, oncological and infertility; pharmaceutical hormonal preparations, namely endocrine; pharmaceutical preparations for the treatment of immunological diseases, namely, autoimmune diseases, immunologic deficiency syndromes; anti-inflammatory preparations; pharmaceutical preparations for the treatment of metabolic diseases and disorders, namely diabetes, hypoglycaemia, gout, osteoarthritis, muscular dystrophy, anemia, bulimia nervosa, anorexia, obesity and hypothyroidism; pharmaceutical preparations for the treatment of musculo-skeletal diseases and disorders, namely, multiple sclerosis treatment, rheumatoid arthritis and autoimmune diseases; pharmaceutical preparations for the treatment of neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy, central nervous system infections, brain diseases, central nervous system movement disorders, ocular motility disorders, spinal cord diseases, encephalitis, epilepsy, Parkinson's disease, multiple sclerosis; pharmaceutical preparations for the treatment of oncological diseases and disorders; pharmaceutical preparations for the treatment of ophthalmic diseases and disorders; pharmaceutical preparations for the treatment of psychiatric and other brain diseases and disorders, namely, anxiety, mood disorders,

schizophrenia, cognitive and bipolar disorders, epilepsy, Alzheimer's, cerebral palsy, Parkinson's disease, multiple sclerosis; pharmaceutical preparations for reproductive health diseases and disorders, namely pharmaceutical hormonal preparations, namely, corticosteroids, hormone replacement therapy preparations, oral contraceptives, thyroid hormone preparations; pharmaceutical preparations for the treatment of pulmonary hypertension; pharmaceutical preparations for the treatment of pulmonary diseases and disorders, namely, lung cancer; pharmaceutical preparations for the treatment of respiratory diseases and disorders; pharmaceutical preparations for the treatment of rheumatological diseases and disorders, namely, rheumatoid arthritis and auto-immune diseases; pharmaceutical preparations for the treatment of viral diseases, namely Immuno-oncology; pharmaceutical preparations for the treatment of diseases, disorders and infections of the endocrine system, namely growth and thyroid disorders; sanitary preparations for medical purposes, namely, sanitizing sprays and aerosols for the skin, antiseptics for the skin, bactericidal skin cleansing preparations, skin-care preparations for disinfecting purpose, hand sanitizers; dietetic food and substances adapted for medical use, namely, vitamins, minerals, trace elements namely, iron, iodine, fluoride, copper, zinc, chromium, selenium, manganese and molybdenum, amino acids, cod liver oil, algae, namely unprocessed algae for human consumption and unprocessed brown algae for human consumption [Hijiki seaweed] for general health and well-being, plant and fish edible oils and edible fats for general health and well-being, lactic acid bacteria, probiotic stems and medicinal herbs for general health and well-being, folates, probiotics, namely, probiotic preparations for medical purposes to help maintain a natural balance of flora in the digestive system, omega- 3, organic iron, folic acids, sulfates, herbal supplements for general health and well-being; dietary supplements for humans, namely, dietary supplements for general health and well being; plasters and dressings for medical and surgical procedures; material for stopping teeth, dental wax; all purpose disinfectants; preparations for destroying vermin; fungicides, herbicides; dental adhesives; surgical adhesives; disinfectant soap

Class 07

(5) mixers, namely industrial mixers for mixing liquids for use in the agricultural, beverage, pharmaceutical and chemical industries, mixers for liquids and for liquids and solids for use in the agricultural, beverage, pharmaceutical and chemical industries and disposable industrial mixers for mixing liquids for use in the agricultural, beverage, pharmaceutical and chemical industries; disposable manufacturing apparatus and instruments, namely filling machines and disposable filling machines for use in the agricultural, beverage, pharmaceutical and chemical industries for filling bottles, vials and syringes, single use disposable non-metal connectors for use in forming sterile connections with filling machines used in the agricultural, beverage, pharmaceutical and chemical industries, disposable industrial mixers for mixing liquids for use in the agricultural, beverage, pharmaceutical and chemical industries; filling machines, namely, disposable filling assemblies and liquid filtration manifolds for use in the pharmaceuticals manufacturing industry and research and scientific laboratories; power-operated hand-held crimping tool for sealing and cutting tubing; agitators for chemical processing; blending machines for chemical processing; filter presses for chemical processing; separating machines for chemical processing; emulsifying machines for chemical processing; dissolving machines for chemical processing; industrial machine presses; motors and engines, other than for land vehicles, namely, engine motors for industrial machinery, electric motors for machines, driving motors for industrial machinery, motors and engines, namely, electric motors for industrial machinery, drive trains for industrial machinery, except for land vehicles; engines for industrial machinery; engines and motors for the generation of electricity; pumps as parts of machines, motors and engines; machine coupling and transmission components (except for land vehicles); incubators for eggs; automatic vending machines;

machines for metal, wood and plastic processing industries, the chemical and pharmaceutical industries, agriculture and the beverage industry, mining, the textile, construction and packaging industries, namely, power-operated hand-held crimping tool for sealing and cutting tubing

Class 09

(6) scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, disposable industrial bioreactors for growing cells in the pharmaceutical and chemical industries, laboratory filters, namely, tangential flow filtering machines for separation and purification of biomolecules for use in immunology, protein chemistry, molecular biology, biochemistry and microbiology, laboratory filters, namely, liquid filtration, water and ultrapure solvent filtration purification and concentration machines for manufacturing pharmaceuticals, laboratory filters for liquids, housing for laboratory filters for liquids, and instruments for detection of filter condition, namely, filter integrity testers, analysers and analysis apparatus, namely, sensors for detection of temperature, oxygen, pH levels and other parameters in the nature of carbon dioxide, laboratory filters, namely, liquid and gas purification filters, filter holders and housings for liquid and gas purification filters for laboratory purposes, ion exchange apparatus and instruments, namely, liquid and gas purification filters for laboratory purposes, testing apparatus, namely, liquid and gas purity testing units used in the scientific and research laboratories and for pharmaceutical manufacturing, pressure sensors, ultrafiltration filters, namely, liquid filters for laboratory purposes, kits for analysis, determination and identification of biological and chemical molecules and species in the field of reaction containers in the nature of beakers, reagents, and instructions, sterility testing devices, namely, sterility testing machines for testing the sterility of filtration equipment, ultrafiltration membranes, namely, scientific apparatus in the nature of cellulose mixed ester membranes and thermoplastic membranes for use in the science and research industry, fluorescence, electrochemiluminescence and bioluminescence system, namely, detectors for indicating the presence of one of fluorescence, electrochemiluminescence and bioluminescence signals, an image devices in the nature of a camera and microscope to show the detected signal, a filter for capturing the contamination from the liquid to be detected and reagents to label the contamination for detection and imaging by the system for detecting contamination in liquids, apparatus for performing chromatographic separations and parts thereof, namely, chromatography columns for laboratory use and control systems for liquid filtration machines for laboratory purposes, purification units, apparatus, instruments and cartridges for laboratory use, namely, laboratory apparatus in the form of liquid and gas filters, adsorptive separation devices, namely, membrane filters for laboratory and scientific use, test units for determining the integrity and pore-size distribution of membrane filters, namely, test units for measuring the integrity and pore-size distribution of membrane filters for use in the pharmaceuticals manufacturing industry and research and scientific laboratories, temperature sensors, pH level sensors, carbon dioxide sensors, oxygen sensors, pH electrodes for laboratory research, membrane filters for laboratory and scientific use, laboratory filters, namely, membranes used in dialysis, reverse osmosis and ultrafiltration for laboratory and scientific use, laboratory filters, namely, liquid filtration, purification and concentration meters for laboratory use in the scientific and research laboratories and for pharmaceutical manufacturing, bioreactors for cell culturing for industrial use, parts and fittings for all the aforesaid goods, namely, liquid dispense nozzles in the nature of automatic liquid dispense nozzles, liquid tubes in the nature of laboratory storage tubes, laboratory test tubes, liquid pumps in the nature of pumps for laboratory testing purposes, connectors for water purification machines, nozzles for water purification machines, tubes being parts of water purification machines and pumps, incubators and parts and fittings therefor used to support development of human embryos, human reproductive tissue, human sperm, human blastocysts and human oocytes, all being for

scientific and laboratory use, instruments and equipment and parts and fittings therefor for identifying, separating, extracting and processing human sperm and human oocytes, all being for scientific and laboratory use, medical-scientific laboratory equipment for monitoring the development, vitrification, cultivation, cryopreservation, warming and thawing of human, embryos, human reproductive tissue, human sperm, human blastocysts and human oocytes, all being for scientific and research laboratories and for pharmaceutical manufacturing, equipment for storing and preserving human embryos, human reproductive tissue, human sperm, human blastocysts and human oocytes, all being for scientific and laboratory use, tangential flow fluid filtration system comprising water filters, scientific apparatus for use with membrane filtration, namely, water filter controllers, housings and holders specially adapted for water filters, pretreatment packs, namely, water filters and water treatment equipment in the nature of absorber devices in the nature of membrane based ion exchange filter for removal of large contaminants, apparatus for testing gas, liquids and solids, namely, water filters and water treatment equipment in the nature of absorber devices in the nature of membrane-based ion exchange filter for removal of large contaminants for scientific or research laboratories or for pharmaceutical manufacturing, laboratory filters, namely, ultrafiltration filter for water, sterility monitoring and testing equipment for testing the sterility of liquid preparations by filtration and incubation, fluorescence detection system for microorganisms comprised primarily of filters, namely microporous membranes, fluorescent indicator panel displays, and photo-optic readers for use in the detection, enumeration and identification of microorganisms, apparatus for performing chromatographic separations and parts thereof, namely, chromatography columns for laboratory use and apparatus for performing chromatographic separations and parts thereof for industrial and laboratory use, namely, chromatographic columns and control skids, water purification units for laboratory use, apparatus used in dialysis, reverse osmosis and ultrafiltration for industrial use, namely, water treatment equipment in the nature of reverse osmosis units; apparatus for recording, transmission and reproduction of sound and images, namely, blank compact discs and blank DVDs; data processing equipment, namely, computers; computer software for monitoring liquid and gas filtration, computer software for management of biopharmaceutical purification processes, computer software for database management and for collecting and storing information obtained in the field of life science; computer software in the field of life science for management of biopharmaceutical purification processes; downloadable computer software in the nature of a mobile application that enables users to access personal healthcare information in the field of allergies, cardiovascular diseases and disorders, diabetes, dermatology, gastroenterology, endocrine diseases and disorders, neurological diseases and disorders, immunological diseases and disorders, metabolic diseases and disorders, musculo skeletal diseases and disorders, oncology, ophthalmic diseases and disorders, psychiatric diseases and disorders, respiratory diseases and disorders, rheumatological diseases and disorders; computer software for detecting and measuring water quality for use in biopharmaceutical purification processes; downloadable publications in electronic format and on CD-ROMs, namely, manuals and technical documentation featuring information on liquid and gas filtration; tangential flow filter machines for preparation of biological samples; disposable manufacturing apparatus and instruments, namely, disposable industrial bioreactors for growing cells in the pharmaceutical and chemical industries

Class 10

(7) surgical, medical, dental and veterinary apparatus and instruments, namely, physical therapy equipment, namely, massage apparatus, namely, gloves for massage and vibrator massagers, physiotherapy and rehabilitation equipment, namely, cardiac electrodes and electronic muscle stimulators, acupuncture instruments, back supports for medical purposes, hearing protection headsets, feeding aids and pacifiers, namely feeding bottle teats, feeding bottle valves, feeding

bottles, feeding cups for medical purposes, intravenous feeding bottles, medical feeding tubes and baby pacifiers, contraceptive devices, namely contraceptive coils, contraceptive diaphragms, diagnostic, examination, surgical and monitoring equipment, namely, magnetic resonance imaging (MRI) diagnostic apparatus, ultrasonic medical diagnostic apparatus, medical examination tables, medical instruments for general examination, diabetes monitoring equipment for sampling and analyzing blood and body tissue, bone substitutes for surgical use, dressing forceps for surgical use, surgical instruments, wound suction apparatus and cutting and grinding discs for dental applications, dental instruments, equipment for moving patients, namely armchairs for medical and dental purposes, birthing chairs, dental chairs, stretchers for patient transport, medical clothing, namely surgical scrub suits, medical gowns and surgical gowns, prosthetics and artificial implants, namely, artificial organs and implants, namely, artificial eyes, intraocular lens implants, artificial lenses for surgical implantation, hearing aids, dental prostheses, needles, namely acupuncture needles, injection needles, needle sheaths, suture needles, needles for medical purposes, injection needles for medical use, injection syringes, pre-filled pens and syringes, namely, injection instruments without needles, syringes for medical purposes and for injections, devices for measuring blood insulin, devices for measuring blood sugar, electronic auto-injection device, namely, needles for medical use, injection needles, single-use disposable injection pen, autoinjector pens, surgical instruments, incubators for medical use and parts and fittings of all the aforesaid goods; artificial limbs, eyes and teeth; orthopedic articles, namely, orthopaedic and mobility aids namely orthopaedic belts, orthopaedic footwear, orthopaedic inserts for footwear, toe separators for orthopaedic purposes, invalid walkers, quad canes for medical purposes, plaster bandages for orthopedic purposes; suture materials

Class 11

(8) apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, sun tanning appliances, namely sun and tanning beds and sun lamps, sanitary installations, water supply and sanitation equipment, namely, water purification, desalination and conditioning installations in the nature of water, liquid, gas and air sterilizers; ultraviolet sterilizers for filter holder between filtrations and for water supplies for laboratory and scientific use, disinfection systems, namely, sterilizers for dental instruments, sterilizers for medical instruments, sterilizers for waste treatment, burners, boilers and heaters, namely laboratory burners, electric boilers, heating boilers, industrial boilers, Gas water heaters and water heaters, lighting devices, namely, fluorescence, electrochemiluminescence and bioluminescence system comprising detectors for indicating the presence of one of fluorescence, electrochemiluminescence and bioluminescence signals, fluorescent screens, fluorescent probes, fluorescent screens, flat panel electroluminescent (fluorescent, luminescent, phosphorescent, electro phosphorescent, electro-luminescent) display screens, fluorescence detection system for microorganisms comprised primarily of filters, microporous membranes, fluorescent indicator panel displays, and photo-optic readers for use in the detection, enumeration and identification of microorganisms, flat (fluorescent, luminescent, phosphorescent, electrophosphorescent, electroluminescent) light fittings and light sources for formed and structured signs, advertising signs, emergency and warning signs, fireplaces, filters for industrial and household use, namely filters for purifying water, water filtering units for industrial use, gas purification machines, industrial ovens and furnaces (not for food and beverages) for chemical processing, chemical processing equipment namely industrial installations for filtering liquids, installations for the collection of gases, installations for the collection of liquids, launders for trapping impurities in molten metal, biological reactors for clarifying industrial effluents, food waste dehydrators, heating, ventilating, and air conditioning and purification equipment (ambient), namely, air cleaning units, air deodorizing apparatus, air humidifiers, air purifying units, heating, ventilating and air-conditioning (HVAC)

systems, namely, air conditioners, chillers, heaters, heat exchangers, ventilating fans, oven gas igniters and parts and fittings of all the aforesaid goods; disposable filtration and purification apparatus and instruments, namely, water filtering and purifying units for household use; machines for metal, wood and plastic processing industries, the chemical and pharmaceutical industries, agriculture and the beverage industry, mining, the textile, construction and packaging industries, namely, water purifying machines, water filtration and purification units and replacement cartridges and filters therefor, laboratory machines for use in manufacturing of pharmaceuticals, namely, filtration, purification and concentration machines of pharmaceutical ingredients and compounds, machine tools for purifying water; machines, namely, water and liquid purifying machines comprising filters for removing contaminants and impurities from water and liquids, for use in medical research laboratories; water and wastewater filtration, purification and concentration machines for use in the chemical processing industry

Class 16

(9) paper and cardboard; printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals; bookbinding material; photographs; adhesives for stationery and household purposes; paint brushes; instructional and teaching material, namely, books, manuals and workbooks in the fields of chemical processing, pharmaceuticals, medical research, medical laboratories, healthcare and life science; plastic materials for packaging, namely, plastic bags for packaging and plastic film for packaging; printers' type; printing blocks

Class 17

(10) gutta-percha, asbestos, mica; plastic materials (semi-processed), namely, semi-processed plastics

Class 29

(11) meat; fish; poultry; game; meat extracts; jams; compotes; eggs; milk; dairy products; edible oils and fats

Class 30

(12) coffee; tea; cocoa; coffee alternatives; rice; tapioca; sago; flour; bread; pastries; ice creams; sugar; honey; treacle; yeast, baking-powder; salt; mustard; vinegar; spices; ice

Class 32

(13) beers; mineral water; carbonated water; non-alcoholic beverages, namely, herbal tea beverages, isotonic beverages and fruit-flavored beverages; fruit beverages; fruit juices; syrups and flavoured powders for making beverages

Services

Class 35

(1) advertising and business management consultancy; advertising copywriting; advertising the goods and services of others; business management; business administration; office functions, namely, accountancy services, payroll services, clerical services and secretarial services

Class 40

(2) treatment of materials with biochemical, biological and pharmaceutical materials, namely, treatment of materials for others for the manufacture of chemical and pharmaceutical goods; treatment of wastewater and water demineralisation; heat treatment of metals; cloth dyeing; customized contract production of industrial chemicals and reagents, namely diagnostic reagents for clinical laboratory use and diagnostic reagents for medical-scientific research use, additives for

use in the manufacture of pharmaceuticals, chemicals for use in the pharmaceutical industry, chemicals for use in the manufacture of industrial chemicals, agricultural chemical, horticultural chemicals, forestry chemicals, photographic chemicals products for use in manufacture, research and science; customized contract production of mixtures, namely, active chemical ingredients and excipients for use in the manufacture of pharmaceuticals

Class 41

(3) Education services, namely, courses and demonstrations in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development; providing of training via a website, namely, arranging and conducting of instructional courses, computer training, correspondence courses, conferences, workshops, seminars and webinars in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development; entertainment, namely, organization of exhibitions, namely receptions, community seminars and festivals, live musical concerts and art exhibitions, for cultural and educational purposes in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development; medical training in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, including such services provided on a global computer network

Class 42

(4) scientific and technological research services in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development and scientific research and design services relating thereto; industrial analysis and research services in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, health care, namely, neurology, immunology, metabolic

endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry; design and development of computer hardware and software

Class 44

(5) medical clinic services; medical services in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology; veterinary services; health and beauty care for human beings, namely, health spa services, home health care services, providing medical assistance, namely, providing information to health care professionals in the area of healthcare, disease management, patient support services, namely, providing health care professionals with medical information about the range of possible diagnoses and therapies in the field of medicine, pharmaceuticals and clinical trials, patient support program in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology and immuno-oncology, providing medical information in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, consultancy and advisory services in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, consulting services rendered in the field of healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology and pharmaceuticals

Claims

Priority Filing Date: October 14, 2015, Country or Office: GERMANY, Application No: 30 2015 055 977.6/05 in association with the same kind of goods and in association with the same kind of services

Visual Representation

The logo for EMD Performance Materials. It features the letters "EMD" in a large, bold, sans-serif font at the top. Below "EMD", the words "PERFORMANCE" and "MATERIALS" are stacked in a smaller, bold, sans-serif font. The letters are black and have a slightly distressed or textured appearance.

Goods

Class 01

(1) chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, namely, industrial chemicals for medical-scientific research use and for use in the pharmaceuticals manufacturing industry, namely, reagents for analysis, quality control, manufacturing, sample preparation, sample digestion and extraction of impurities for use in pharmaceutical research laboratories; chemicals for use in the pharmaceutical industry namely chlorine for use in the manufacture of pharmaceuticals, emulsifiers for the manufacture of pharmaceuticals, preservatives for pharmaceutical preparations, additives for use in the manufacture of pharmaceuticals, alcohol for use in manufacturing pharmaceuticals, chemical additives for use in the manufacture of pharmaceuticals, active chemical ingredients for use in the manufacture of pharmaceuticals; chemicals for use in the manufacture of industrial chemicals, namely catalysts for use in the manufacture of industrial chemicals, descaling preparations for industrial purposes, detergents for industrial use, natural graphite for industrial purposes, unprocessed plastics for industrial use, waste water treatment chemicals for industrial use; additives for use in the manufacture of paints, coatings, films sheets, foils, molded products, casted blocks and panels, namely chemical additives for use in the manufacture of paints, anti-slip floor coatings, coatings for wood as paints, coatings for automotive, aerospace and architecture sectors, coil and extrusion coatings, general industrial coatings, leather coatings, plastic coatings, powder coatings, anti-dazzle tinted films sheets for windows, masking film, foils of lead alloys for painters, decorators, printers and artists, synthetic resins used in the manufacture of plastic molding compounds for molded products, namely, casted blocks and panels; agricultural chemicals; horticultural chemicals; forestry chemicals; photographic chemicals; chemicals for scientific research use, namely, reagents for analysis, quality control, manufacturing, sample preparation, sample digestion and extraction of impurities for use in pharmaceutical research laboratories; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing

compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry, namely, adhesives for use in the automotive industry, adhesives for use in the consumer packaging industry, adhesives for use in the manufacture of furniture, adhesives for use in the manufacture of plywood, adhesives for use in the textile industry, chemicals for use in the manufacture of adhesives, general use adhesives, wall covering adhesives; etching mordants; enzymes, namely enzyme stabilizers, enzyme substrates and enzymes for use as an antioxidant; chemical products in the nature of chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, namely, chemicals for medical-scientific research use, medical-scientific research laboratory use and for use in the pharmaceutical industry, namely, reagents for analysis, quality control, production, sample preparation, sample digestion and extraction for use in pharmaceutical research laboratories, chemicals for use in the pharmaceutical industry namely chlorine for use in the manufacture of pharmaceuticals, emulsifiers for the manufacture of pharmaceuticals, preservatives for pharmaceutical preparations, additives for use in the manufacture of pharmaceuticals, alcohol for use in manufacturing pharmaceuticals, chemical additives for use in the manufacture of pharmaceuticals, active chemical ingredients for use in the manufacture of pharmaceuticals, chemicals for use in the manufacture of industrial chemicals, namely catalysts for use in the manufacture of industrial chemicals, descaling preparations for industrial purposes, detergents for industrial use, natural graphite for industrial purposes, unprocessed plastics for industrial use, waste water treatment chemicals for industrial use, additives for use in the manufacture of paints, coatings, films sheets, foils, molded products, casted blocks and panels, namely chemical additives for use in the manufacture of paints, anti-slip floor coatings, coatings for wood as paints, coatings for automotive, aerospace and architecture sectors, coil and extrusion coatings, general industrial coatings, leather coatings, plastic coatings, powder coatings, antidazzle tinted films sheets for windows, masking film, foils of lead alloys for painters, decorators, printers and artists, synthetic resins used in the manufacture of plastic molding compounds for molded products, namely, casted blocks and panels, agricultural chemicals, horticultural chemicals, forestry chemicals, photographic chemicals, chemicals for scientific research use, namely, chemical reagents for analysis, quality control, production, sample preparation, sample digestion and extraction for use in scientific research laboratories, unprocessed artificial resins, unprocessed plastics, manures, fire extinguishing compositions, tempering and soldering chemicals, chemical substances for preserving foodstuffs, tanning substances, namely, leather tanning agents, oils for tanning leather, sumac for use in tanning, tannic acid, tannin, adhesives used in industry, namely, adhesives for use in the automotive industry, adhesives for use in the consumer packaging industry, adhesives for use in the manufacture of furniture, adhesives for use in the manufacture of plywood, adhesives for use in the textile industry, chemicals for use in the manufacture of adhesives, general use adhesives, wall covering adhesives, etching mordants, enzymes, namely enzyme stabilizers, enzyme substrates and enzymes for use as an antioxidant

Class 02

(2) paints, varnishes, lacquers, namely, ceramic paints, enamel paints, floor paints, fluorescent paints, insulating paints, luminous paints, oil paints, fireproof paints, anti-corrosive paints, anti-fouling paints, bactericidal paints, agglutinants for paints, aluminium paints, binding preparations for paints, artists' paints, dispersion paints for use in interior décor and the design of building facades in the graphic arts industry, fixatives, namely, varnishes, for acrylic paints, polymer paints, watercolor paints, bitumen varnish, copal varnish, insulating varnishes, floor protection varnishes, bronzing lacquers, lacquers for coating papers, thinners for lacquers, paint and lacquer glazes, pigments for paints, namely, aluminum paint pigment, metallic paint pigments, inorganic pigments,

carbon black as pigment, organic pigments, ultramarine blue as pigment, colorants for use in the manufacture of paints, conductive pigments protecting against electrostatic discharge, aerospace coatings, namely, coatings containing weatherproof and UV-resistant aluminum paint pigments, metallic paint pigments and enduring brilliance coatings, automotive coatings, namely, automotive paints, aluminum paints, anti-corrosive paint, anti-rust preparations for preservation, automobile finishing coatings, UV-resistant aluminum paint pigments, corrosion inhibiting paint type coatings, paint for use in the manufacture of automobiles, undercoating for chassis of vehicles, undersealing for chassis of vehicles, enduring brilliance and color constancy coatings, weather-resistant pigments; preservatives against rust and against deterioration of wood; colorants for use in the manufacture of beverages, cosmetics, pharmaceuticals, food, paints; mordants, namely, mordant dyes, mordants for dyeing natural fibres, mordants for the textile industry, mordants for leather, mordants for metals; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists

Class 03

(3) laundry detergents; bleaching preparations for laundry use; bleaching preparations for cosmetic purposes; bleaching preparations, namely, bleaching salts for the hair; cleaning, polishing, scouring and abrasive preparations, namely, all purpose cleaning preparations, general use abrasives, all purpose scouring liquids and powders, scouring solutions, all purpose polishing preparations, namely automobile polish, boot polish, chrome polish, floor, polish, leather polishes, polishing creams, polishing paper, polishing wax; soaps, namely, hand soap, antibacterial soap, deodorant soaps, bath soap, dish soap, laundry soap, beauty soap, body soap, cosmetic soap, industrial soap, liquid soap; perfumery, essential oils for personal use, essential oils for aromatherapy, essential oils as perfume for laundry purposes, essential oils for food flavouring, essential oils for cosmetic and skin care purposes, essential oils for perfumes and scents, cosmetics, hair lotions; dentifrices

Class 05

(4) Pharmaceutical preparations for the treatment of allergies; pharmaceutical preparations for the treatment of cardiovascular diseases and disorders; anti-diabetic pharmaceuticals; pharmaceutical preparations for use in dermatology, namely, dermatitis, skin pigmentation diseases, sexually transmitted diseases, acne, bacterial skin infections, hair disorders, hypersensitivity and inflammatory skin disorders, psoriasis disorders; pharmaceutical preparations for use in gastroenterology; pharmaceutical preparations for the treatment of genetic diseases and disorders, namely endocrine, neurological, namely, Alzheimer's, Huntington's Disease and cerebral palsy, oncological and infertility; pharmaceutical hormonal preparations, namely endocrine; pharmaceutical preparations for the treatment of immunological diseases, namely, autoimmune diseases, immunologic deficiency syndromes; anti-inflammatory preparations; pharmaceutical preparations for the treatment of metabolic diseases and disorders, namely diabetes, hypoglycaemia, gout, osteoarthritis, muscular dystrophy, anemia, bulimia nervosa, anorexia, obesity and hypothyroidism; pharmaceutical preparations for the treatment of musculo-skeletal diseases and disorders, namely, multiple sclerosis treatment, rheumatoid arthritis and autoimmune diseases; pharmaceutical preparations for the treatment of neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy, central nervous system infections, brain diseases, central nervous system movement disorders, ocular motility disorders, spinal cord diseases, encephalitis, epilepsy, Parkinson's disease, multiple sclerosis; pharmaceutical preparations for the treatment of oncological diseases and disorders; pharmaceutical preparations for the treatment of ophthalmic diseases and disorders; pharmaceutical preparations for the treatment of psychiatric and other brain diseases and disorders, namely, anxiety, mood disorders, schizophrenia, cognitive and bipolar disorders, epilepsy, Alzheimer's, cerebral palsy, Parkinson's

disease, multiple sclerosis; pharmaceutical preparations for reproductive health diseases and disorders, namely pharmaceutical hormonal preparations, namely, corticosteroids, hormone replacement therapy preparations, oral contraceptives, thyroid hormone preparations; pharmaceutical preparations for the treatment of pulmonary hypertension; pharmaceutical preparations for the treatment of pulmonary diseases and disorders, namely, lung cancer; pharmaceutical preparations for the treatment of respiratory diseases and disorders; pharmaceutical preparations for the treatment of rheumatological diseases and disorders, namely, rheumatoid arthritis and auto-immune diseases; pharmaceutical preparations for the treatment of viral diseases, namely Immuno-oncology; pharmaceutical preparations for the treatment of diseases, disorders and infections of the endocrine system, namely growth and thyroid disorders; sanitary preparations for medical purposes, namely, sanitizing sprays and aerosols for the skin, antiseptics for the skin, bactericidal skin cleansing preparations, skin-care preparations for disinfecting purpose, hand sanitizers; dietetic food and substances adapted for medical use, namely, vitamins, minerals, trace elements namely, iron, iodine, fluoride, copper, zinc, chromium, selenium, manganese and molybdenum, amino acids, cod liver oil, algae, namely unprocessed algae for human consumption and unprocessed brown algae for human consumption [Hijiki seaweed] for general health and well-being, plant and fish edible oils and edible fats for general health and well-being, lactic acid bacteria, probiotic stems and medicinal herbs for general health and well-being, folates, probiotics, namely, probiotic preparations for medical purposes to help maintain a natural balance of flora in the digestive system, omega- 3, organic iron, folic acids, sulfates, herbal supplements for general health and well-being; dietary supplements for humans, namely, dietary supplements for general health and well being; plasters and dressings for medical and surgical procedures; material for stopping teeth, dental wax; all purpose disinfectants; preparations for destroying vermin; fungicides, herbicides; dental adhesives; surgical adhesives; disinfectant soap

Class 07

(5) mixers, namely industrial mixers for mixing liquids for use in the agricultural, beverage, pharmaceutical and chemical industries, mixers for liquids and for liquids and solids for use in the agricultural, beverage, pharmaceutical and chemical industries and disposable industrial mixers for mixing liquids for use in the agricultural, beverage, pharmaceutical and chemical industries; disposable manufacturing apparatus and instruments, namely filling machines and disposable filling machines for use in the agricultural, beverage, pharmaceutical and chemical industries for filling bottles, vials and syringes, single use disposable non-metal connectors for use in forming sterile connections with filling machines used in the agricultural, beverage, pharmaceutical and chemical industries, disposable industrial mixers for mixing liquids for use in the agricultural, beverage, pharmaceutical and chemical industries; filling machines, namely, disposable filling assemblies and liquid filtration manifolds for use in the pharmaceuticals manufacturing industry and research and scientific laboratories; power-operated hand-held crimping tool for sealing and cutting tubing; agitators for chemical processing; blending machines for chemical processing; filter presses for chemical processing; separating machines for chemical processing; emulsifying machines for chemical processing; dissolving machines for chemical processing; industrial machine presses; motors and engines, other than for land vehicles, namely, engine motors for industrial machinery, electric motors for machines, driving motors for industrial machinery, motors and engines, namely, electric motors for industrial machinery, drive trains for industrial machinery, except for land vehicles; engines for industrial machinery; engines and motors for the generation of electricity; pumps as parts of machines, motors and engines; machine coupling and transmission components (except for land vehicles); incubators for eggs; automatic vending machines; machines for metal, wood and plastic processing industries, the chemical and pharmaceutical

industries, agriculture and the beverage industry, mining, the textile, construction and packaging industries, namely, power-operated hand-held crimping tool for sealing and cutting tubing

Class 09

(6) scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, disposable industrial bioreactors for growing cells in the pharmaceutical and chemical industries, laboratory filters, namely, tangential flow filtering machines for separation and purification of biomolecules for use in immunology, protein chemistry, molecular biology, biochemistry and microbiology, laboratory filters, namely, liquid filtration, water and ultrapure solvent filtration purification and concentration machines for manufacturing pharmaceuticals, laboratory filters for liquids, housing for laboratory filters for liquids, and instruments for detection of filter condition, namely, filter integrity testers, analysers and analysis apparatus, namely, sensors for detection of temperature, oxygen, pH levels and other parameters in the nature of carbon dioxide, laboratory filters, namely, liquid and gas purification filters, filter holders and housings for liquid and gas purification filters for laboratory purposes, ion exchange apparatus and instruments, namely, liquid and gas purification filters for laboratory purposes, testing apparatus, namely, liquid and gas purity testing units used in the scientific and research laboratories and for pharmaceutical manufacturing, pressure sensors, ultrafiltration filters, namely, liquid filters for laboratory purposes, kits for analysis, determination and identification of biological and chemical molecules and species in the field of reaction containers in the nature of beakers, reagents, and instructions, sterility testing devices, namely, sterility testing machines for testing the sterility of filtration equipment, ultrafiltration membranes, namely, scientific apparatus in the nature of cellulose mixed ester membranes and thermoplastic membranes for use in the science and research industry, fluorescence, electrochemiluminescence and bioluminescence system, namely, detectors for indicating the presence of one of fluorescence, electrochemiluminescence and bioluminescence signals, an image devices in the nature of a camera and microscope to show the detected signal, a filter for capturing the contamination from the liquid to be detected and reagents to label the contamination for detection and imaging by the system for detecting contamination in liquids, apparatus for performing chromatographic separations and parts thereof, namely, chromatography columns for laboratory use and control systems for liquid filtration machines for laboratory purposes, purification units, apparatus, instruments and cartridges for laboratory use, namely, laboratory apparatus in the form of liquid and gas filters, adsorptive separation devices, namely, membrane filters for laboratory and scientific use, test units for determining the integrity and pore-size distribution of membrane filters, namely, test units for measuring the integrity and pore-size distribution of membrane filters for use in the pharmaceuticals manufacturing industry and research and scientific laboratories, temperature sensors, pH level sensors, carbon dioxide sensors, oxygen sensors, pH electrodes for laboratory research, membrane filters for laboratory and scientific use, laboratory filters, namely, membranes used in dialysis, reverse osmosis and ultrafiltration for laboratory and scientific use, laboratory filters, namely, liquid filtration, purification and concentration meters for laboratory use in the scientific and research laboratories and for pharmaceutical manufacturing, bioreactors for cell culturing for industrial use, parts and fittings for all the aforesaid goods, namely, liquid dispense nozzles in the nature of automatic liquid dispense nozzles, liquid tubes in the nature of laboratory storage tubes, laboratory test tubes, liquid pumps in the nature of pumps for laboratory testing purposes, connectors for water purification machines, nozzles for water purification machines, tubes being parts of water purification machines and pumps, incubators and parts and fittings therefor used to support development of human embryos, human reproductive tissue, human sperm, human blastocysts and human oocytes, all being for scientific and laboratory use, instruments and equipment and parts and fittings therefor for

identifying, separating, extracting and processing human sperm and human oocytes, all being for scientific and laboratory use, medical-scientific laboratory equipment for monitoring the development, vitrification, cultivation, cryopreservation, warming and thawing of human, embryos, human reproductive tissue, human sperm, human blastocysts and human oocytes, all being for scientific and research laboratories and for pharmaceutical manufacturing, equipment for storing and preserving human embryos, human reproductive tissue, human sperm, human blastocysts and human oocytes, all being for scientific and laboratory use, tangential flow fluid filtration system comprising water filters, scientific apparatus for use with membrane filtration, namely, water filter controllers, housings and holders specially adapted for water filters, pretreatment packs, namely, water filters and water treatment equipment in the nature of absorber devices in the nature of membrane based ion exchange filter for removal of large contaminants, apparatus for testing gas, liquids and solids, namely, water filters and water treatment equipment in the nature of absorber devices in the nature of membrane-based ion exchange filter for removal of large contaminants for scientific or research laboratories or for pharmaceutical manufacturing, laboratory filters, namely, ultrafiltration filter for water, sterility monitoring and testing equipment for testing the sterility of liquid preparations by filtration and incubation, fluorescence detection system for microorganisms comprised primarily of filters, namely microporous membranes, fluorescent indicator panel displays, and photo-optic readers for use in the detection, enumeration and identification of microorganisms, apparatus for performing chromatographic separations and parts thereof, namely, chromatography columns for laboratory use and apparatus for performing chromatographic separations and parts thereof for industrial and laboratory use, namely, chromatographic columns and control skids, water purification units for laboratory use, apparatus used in dialysis, reverse osmosis and ultrafiltration for industrial use, namely, water treatment equipment in the nature of reverse osmosis units; apparatus for recording, transmission and reproduction of sound and images, namely, blank compact discs and blank DVDs; data processing equipment, namely, computers; computer software for monitoring liquid and gas filtration, computer software for management of biopharmaceutical purification processes, computer software for database management and for collecting and storing information obtained in the field of life science; computer software in the field of life science for management of biopharmaceutical purification processes; downloadable computer software in the nature of a mobile application that enables users to access personal healthcare information in the field of allergies, cardiovascular diseases and disorders, diabetes, dermatology, gastroenterology, endocrine diseases and disorders, neurological diseases and disorders, immunological diseases and disorders, metabolic diseases and disorders, musculo skeletal diseases and disorders, oncology, ophthalmic diseases and disorders, psychiatric diseases and disorders, respiratory diseases and disorders, rheumatological diseases and disorders; computer software for detecting and measuring water quality for use in biopharmaceutical purification processes; downloadable publications in electronic format and on CD-ROMs, namely, manuals and technical documentation featuring information on liquid and gas filtration; tangential flow filter machines for preparation of biological samples; disposable manufacturing apparatus and instruments, namely, disposable industrial bioreactors for growing cells in the pharmaceutical and chemical industries

Class 10

(7) surgical, medical, dental and veterinary apparatus and instruments, namely, physical therapy equipment, namely, massage apparatus, namely, gloves for massage and vibrator massagers, physiotherapy and rehabilitation equipment, namely, cardiac electrodes and electronic muscle stimulators, acupuncture instruments, back supports for medical purposes, hearing protection headsets, feeding aids and pacifiers, namely feeding bottle teats, feeding bottle valves, feeding bottles, feeding cups for medical purposes, intravenous feeding bottles, medical feeding tubes and

baby pacifiers, contraceptive devices, namely contraceptive coils, contraceptive diaphragms, diagnostic, examination, surgical and monitoring equipment, namely, magnetic resonance imaging (MRI) diagnostic apparatus, ultrasonic medical diagnostic apparatus, medical examination tables, medical instruments for general examination, diabetes monitoring equipment for sampling and analyzing blood and body tissue, bone substitutes for surgical use, dressing forceps for surgical use, surgical instruments, wound suction apparatus and cutting and grinding discs for dental applications, dental instruments, equipment for moving patients, namely armchairs for medical and dental purposes, birthing chairs, dental chairs, stretchers for patient transport, medical clothing, namely surgical scrub suits, medical gowns and surgical gowns, prosthetics and artificial implants, namely, artificial organs and implants, namely, artificial eyes, intraocular lens implants, artificial lenses for surgical implantation, hearing aids, dental prostheses, needles, namely acupuncture needles, injection needles, needle sheathes, suture needles, needles for medical purposes, injection needles for medical use, injection syringes, pre-filled pens and syringes, namely, injection instruments without needles, syringes for medical purposes and for injections, devices for measuring blood insulin, devices for measuring blood sugar, electronic auto-injection device, namely, needles for medical use, injection needles, single-use disposable injection pen, autoinjector pens, surgical instruments, incubators for medical use and parts and fittings of all the aforesaid goods; artificial limbs, eyes and teeth; orthopedic articles, namely, orthopaedic and mobility aids namely orthopaedic belts, orthopaedic footwear, orthopaedic inserts for footwear, toe separators for orthopaedic purposes, invalid walkers, quad canes for medical purposes, plaster bandages for orthopedic purposes; suture materials

Class 11

(8) apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, sun tanning appliances, namely sun and tanning beds and sun lamps, sanitary installations, water supply and sanitation equipment, namely, water purification, desalination and conditioning installations in the nature of water, liquid, gas and air sterilizers; ultraviolet sterilizers for filter holder between filtrations and for water supplies for laboratory and scientific use, disinfection systems, namely, sterilizers for dental instruments, sterilizers for medical instruments, sterilizers for waste treatment, burners, boilers and heaters, namely laboratory burners, electric boilers, heating boilers, industrial boilers, Gas water heaters and water heaters, lighting devices, namely, fluorescence, electrochemiluminescence and bioluminescence system comprising detectors for indicating the presence of one of fluorescence, electrochemiluminescence and bioluminescence signals, fluorescent screens, fluorescent probes, fluorescent screens, flat panel electroluminescent (fluorescent, luminescent, phosphorescent, electro phosphorescent, electro-luminescent) display screens, fluorescence detection system for microorganisms comprised primarily of filters, microporous membranes, fluorescent indicator panel displays, and photo-optic readers for use in the detection, enumeration and identification of microorganisms, flat (fluorescent, luminescent, phosphorescent, electrophosphorescent, electroluminescent) light fittings and light sources for formed and structured signs, advertising signs, emergency and warning signs, fireplaces, filters for industrial and household use, namely filters for purifying water, water filtering units for industrial use, gas purification machines, industrial ovens and furnaces (not for food and beverages) for chemical processing, chemical processing equipment namely industrial installations for filtering liquids, installations for the collection of Page 8 of 12 gases, installations for the collection of liquids, launders for trapping impurities in molten metal, biological reactors for clarifying industrial effluents, food waste dehydrators, heating, ventilating, and air conditioning and purification equipment (ambient), namely, air cleaning units, air deodorizing apparatus, air humidifiers, air purifying units, heating, ventilating and air-conditioning (HVAC) systems, namely, air conditioners, chillers, heaters, heat exchangers,

ventilating fans, oven gas igniters and parts and fittings of all the aforesaid goods; disposable filtration and purification apparatus and instruments, namely, water filtering and purifying units for household use; machines for metal, wood and plastic processing industries, the chemical and pharmaceutical industries, agriculture and the beverage industry, mining, the textile, construction and packaging industries, namely, water purifying machines, water filtration and purification units and replacement cartridges and filters therefor, laboratory machines for use in manufacturing of pharmaceuticals, namely, filtration, purification and concentration machines of pharmaceutical ingredients and compounds, machine tools for purifying water; machines, namely, water and liquid purifying machines comprising filters for removing contaminants and impurities from water and liquids, for use in medical research laboratories; water and wastewater filtration, purification and concentration machines for use in the chemical processing industry

Class 16

(9) paper and cardboard; printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals; bookbinding material; photographs; adhesives for stationery and household purposes; paint brushes; instructional and teaching material, namely, books, manuals and workbooks in the fields of chemical processing, pharmaceuticals, medical research, medical laboratories, healthcare and life science; plastic materials for packaging, namely, plastic bags for packaging and plastic film for packaging; printers' type; printing blocks

Class 17

(10) gutta-percha, asbestos, mica; plastic materials (semi-processed), namely, semi-processed plastics

Class 29

(11) meat; fish; poultry; game; meat extracts; jams; compotes; eggs; milk; dairy products; edible oils and fats

Class 30

(12) coffee; tea; cocoa; coffee alternatives; rice; tapioca; sago; flour; bread; pastries; ice creams; sugar; honey; treacle; yeast, baking-powder; salt; mustard; vinegar; spices; ice

Class 32

(13) beers; mineral water; carbonated water; non-alcoholic beverages, namely, herbal tea beverages, isotonic beverages and fruit-flavored beverages; fruit beverages; fruit juices; syrups and flavoured powders for making beverages

Services

Class 35

(1) advertising and business management consultancy; advertising copywriting; advertising the goods and services of others; business management; business administration; office functions, namely, accountancy services, payroll services, clerical services and secretarial services

Class 40

(2) treatment of materials with biochemical, biological and pharmaceutical materials, namely, treatment of materials for others for the manufacture of chemical and pharmaceutical goods; treatment of wastewater and water demineralisation; heat treatment of metals; cloth dyeing; customized contract production of industrial chemicals and reagents, namely diagnostic reagents for clinical laboratory use and diagnostic reagents for medical-scientific research use, additives for use in the manufacture of pharmaceuticals, chemicals for use in the pharmaceutical industry,

chemicals for use in the manufacture of industrial chemicals, agricultural chemical, horticultural chemicals, forestry chemicals, photographic chemicals products for use in manufacture, research and science; customized contract production of mixtures, namely, active chemical ingredients and excipients for use in the manufacture of pharmaceuticals

Class 41

(3) Education services, namely, courses and demonstrations in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development; providing of training via a website, namely, arranging and conducting of instructional courses, computer training, correspondence courses, conferences, workshops, seminars and webinars in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development; entertainment, namely, organization of exhibitions, namely receptions, community seminars and festivals, live musical concerts and art exhibitions, for cultural and educational purposes in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development; medical training in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, including such services provided on a global computer network

Class 42

(4) scientific and technological research services in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records, laboratory management and operations, healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry and performance materials in the nature of chemicals used to drive new pharmaceutical, biopharmaceutical and electronics development and scientific research and design services relating thereto; industrial analysis and research services in the fields of chemical processing, chemical engineering, pharmaceutical preparations for human use, pharmaceutical drug development, namely, selecting biomarkers for use in testing drugs, medical diagnostics, namely, laboratory test and collection kits used in connection with in vitro diagnostics, medical records,

laboratory management and operations, health care, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, life sciences, in the field of microbiology and chemistry; design and development of computer hardware and software

Class 44

(5) medical clinic services; medical services in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology; veterinary services; health and beauty care for human beings, namely, health spa services, home health care services, providing medical assistance, namely, providing information to health care professionals in the area of healthcare, disease management, patient support services, namely, providing health care professionals with medical information about the range of possible diagnoses and therapies in the field of medicine, pharmaceuticals and clinical trials, patient support program in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology and immuno-oncology, providing medical information in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, consultancy and advisory services in the fields of neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology, consulting services rendered in the field of healthcare, namely, neurology, immunology, metabolic endocrinology, infertility, oncology, immuno-oncology and pharmaceuticals

Claims

Priority Filing Date: October 14, 2015, Country or Office: GERMANY, Application No: 30 2015 055 976.8/05 in association with the same kind of goods and in association with the same kind of services

Goods

Class 08

(1) Scissors

Class 09

(2) Industrial robots, humanoid robots with artificial intelligence used as care provider at home, teaching provider for providing instruction in the field of exercise, sciences, general knowledge music, arts, nature, sports, entertainment provider, customer welcoming assistant, patient monitoring provider, humanoid robots with artificial intelligence used as a support by students and engineers for scientific research, technical research, research and development in the field of robotics, assistance robots, namely personal assistant robots, laboratory robots, namely humanoid robots with artificial intelligence; scientific, other than medical, apparatus and instruments, namely robotics platform for scientific purpose in relation to research in robotics and humanoid robotics, cameras and lenses for location, detecting objects or obstacles, biometric recognitions; computers, mobile computers, communications computers; computer terminals; data processing equipment, namely, computers, computer software to operate humanoid robots with artificial intelligence for entertainment use; hardware interfaces and software interfaces for computers for operating humanoid robots with artificial intelligence; computer peripheral devices, namely touch pads, touch screen displays, tablets, external disks drives; calculators; data processing information equipment,

namely computer software for the development and design of humanoid robots with artificial intelligence; electronic systems for recognizing shapes of objects consisting of computer chips, computer hardware and computer software which identifies 3D objects, shapes and silhouettes; computer programs for connection to remote computers and computer networks; computer programs for searching content remotely on computers and computer networks, computer programs for remote connection to computers and computer networks, namely, VPN (virtual private network) operating software, WAN (wide area network) operating software; computer software for synchronising data between portable or pocket computers and host computers; electrical storage batteries, solar batteries, general purpose batteries, galvanic batteries; control apparatus, namely, remote controller for humanoid robots with artificial intelligence for entertainment use; memory cards; folding rulers, graduated rulers, magnifying rulers, measuring rulers, square rulers for measuring

Class 16

(3) Printed matter, namely, books, brochures, magazines, newspapers; bookbinding material; photographs; stationery, namely binders, envelopes, erasers, folders, labels, note pads, pens, pencils, postcards; artists' materials, namely paint brushes, pastels, charcoal, markers, sketchbooks, palettes, easels, painting canvases, painters' easels, drawing pads; typewriters and office requisites (except furniture), namely staplers, staple-removers, staples, correction fluid, paper cutting machines, paper shredders for office use, adhesive tape dispensers, label guns, label printing machines, label makers, hole-punches, rubber bands, drawing rulers, square rulers for drawing; printing blocks; paper; paperboard; boxes of cardboard or paper; posters; scrapbooks; cards, namely, greeting cards, index cards, visit cards, playing cards; books; newspapers; prospectuses; booklets; calendars; writing instruments; engravings and lithographic works of art; paintings (pictures) framed or unframed; aquarelles; drawings; paper stationery; table linen of paper; bags (envelopes, pouches) of paper or plastics, for packaging

Class 21

(4) Household or kitchen utensils and containers, namely, cooking utensils, beverage containers, food storage containers; combs and sponges, namely, hair combs, kitchen sponges, bath sponges, toilet sponges, makeup sponges, scouring sponges; brushes (except paintbrushes), namely, clothes brushes, cosmetic brushes, dishwashing brushes, hair brushes, pastry brushes, shaving brushes; brush-making materials, namely, filaments for use in paint brushes, toothbrushes and cosmetic brushes; articles for cleaning purposes, namely, mops, brooms, dust pans; unworked and semi-worked glass (except glass used in building); glassware, namely, table glassware, decorative figurine glassware, porcelain, namely porcelain bowls, porcelain dishes, porcelain decorative dishes, decorative figurine porcelain, earthenware dishes, decorative figurine earthenware, earthenware decorative dishes

Class 25

(5) Clothing, namely, athletic clothing, baby clothing, casual wear, formal wear, outdoor winter clothing, rainwear, sleepwear, underwear, socks, swimsuits; footwear, namely, athletic footwear, beach footwear, casual footwear, formal footwear; headgear, namely, caps, hats, beanies, bandanas, headscarves, earmuffs, berets

Class 28

(6) Playthings, namely electronic video game machines, electronic educational game machines designed for children; educational toys, mechanical toys, electronic learning toys; toy figurines; dolls; rubber character toys; plastic character toys

Services

Class 35

(1) Advertising and online advertising on a computer network for others related to robotics; business management; business administration; arranging subscriptions for others to internet access; presentation of goods via a humanoid robot in the nature of promoting the goods and services of others for retail purposes through flyers, brochures, visual presentations and by distributing advertising materials; consultancy relating to organization and business management; management of computer files; rental of advertising time on websites and on the radio; publication of publicity texts; rental of advertising space; dissemination of advertisements for others in respect of robotic equipment and apparatus; electronic billboard advertising of the goods and services of others

Class 38

(2) Telecommunications, namely, providing multiple user access to a global computer network; videoconferencing services; wireless digital messaging services; personal communication services; radio broadcasting services; communications by telephone, providing electronic mail and instant messaging services, teleconferencing and video conferencing services

Class 41

(3) Educational services, namely, conducting distance learning instruction via a humanoid robot in the field of exercise, medical science, environmental science, social science, natural science, music, arts, nature sports; entertainment, namely, organizing sport competition between robots or with robots; music instruction; preparation and facilitation of workshops, congresses, lessons, distance learning in the field of exercise and entertainment services, namely, live performances displaying robotic achievements; organization of exhibitions through a humanoid robot for cultural or educational purposes in the field of exercise, medical science, environmental science, social science, natural science, literature, languages, music, arts, nature, sports, health; publication of electronic books and online journal

Class 42

(4) Design and development of robots, computer equipment for information processing, namely, computers and computer software; research and development for others in the field of robotics; engineering services, namely robotic engineering, computer engineering, electromechanical engineering

Class 44

(5) In-home medical monitoring services whereby medical assistance is dispatched to participants upon information being transmitted to a monitoring station

Class 45

(6) Home monitoring and anti-intruder alarm services provided via a humanoid robot

The translation provided by the applicant of the words FONDACO DEI TEDESCHI is Warehouse of the Germans.

Goods

Class 03

(1) Bleaching preparations and other substances for laundry use, namely, laundry detergent, laundry bleach, fabric softeners, starch for laundry use; Cleaning, polishing, scouring and abrasive preparations, namely, Allpurpose cleaning preparations, Polishing creams, Scouring solutions, all purpose scouring powders, all purpose scouring liquids, General use abrasives; Soap, namely, Soaps for body care, household use, personal use and toilet purposes; Perfumery, Essential oils, namely, essential oils as perfume for laundry purposes, essential oils for aromatherapy, essential oils for food flavouring, essential oils for personal use, essential oils for the manufacture of perfumes; cosmetics, hair lotions; dentifrices; toilet water; lipstick cases; nonmedicated body soaks; shower and bath foam; hair styling products, namely, hair balms; after-shave balms; non-medicated lip balms; skin conditioners; nail conditioners; Balms, namely after-shave balms, shaving balms, lip balms, beauty balm creams; cotton sticks for cosmetic purposes; cotton balls for cosmetic purposes; pre-moistened or impregnated cleansing pads, tissues and wipes for removing make-up; false eyelashes; make-up powder; cosmetic creams; detergents other than for use in manufacturing operations and for medical purposes, namely, household detergents and laundry detergents fragrances; cleansing milk for toilet purposes; after-shave lotions; lotions for cosmetic purposes; oils for cosmetic purposes; pomades for cosmetic purposes; sun-tanning preparations [cosmetics]; potpourris [fragrances]; bath preparations, namely bath powders, bath oils, bath beads, bath foam, bath gels, bath soap, and bath salts, not for medical purposes; cosmetic preparations for slimming purposes; hair waving preparations; cosmetic preparations for skin care, namely lotions, bath powders and creams; depilatory preparations; make-up preparations; mouth washes, not for medical purposes; shaving preparations; sachets for perfuming linen; make-up removing preparations; perfumes; room fragrancing preparations; bath salts, not for medical purposes; shaving soap; deodorant soap; shampoos; shampoos for pets; talcum powder, for toilet use; hair dyes; skin whitening creams; massage gels other than for medical purposes; hair spray; lip glosses; mascara; beauty masks; cosmetic pencils; cosmetic kits; lipsticks; nail polish; tissues

impregnated with cosmetic lotions; make-up; skin care preparations; cosmetic facial care preparations, namely, facial moisturizers, facial powder, facial scrubs, facial washes, facial lotion, facial cream, facial cleansers; cosmetic creams for skin care; beauty creams for body care; hair care creams; cosmetic skin care lotions; beauty care cosmetics; cosmetic creams and lotions for face and body care; moisturizer, namely body moisturizer, facial moisturizer and hair moisturizer; gels and lotions for skin care

Class 04

(2) Candles; Christmas tree candles; perfumed candles; wicks for candles.

Class 09

(3) Blank floppy discs and blank hard disks; blank CDs and CD-ROMs for sound or video recording; blank compact discs; blank recordable DVDs; pre-recorded CDs and DVDs containing audio and video clips; prerecorded CDs and DVDs containing computer games; pre-recorded CDs and DVDs containing encyclopaedias; pre-recorded CDs and DVDs containing music; coin-operated mechanisms for television sets, coin-operated mechanisms for amusement machines, coin-operated mechanisms for candy-dispensing machines; cash registers; calculators; interface cards for data processing equipment in the form of printed circuits; fire extinguishers; eyeglass cases; chains for sunglasses; cell phone straps; straps for sunglasses; electronic tags for goods; spectacle lenses; lenses for sunglasses; eyeglass frames; frames for sunglasses; eyeglasses; sunglasses; pince-nez; goggles for sports; spectacle temples; time clocks; protective helmets for sports; cellular phones; battery chargers for cellular phones; batteries for cellular phones; lanyards [straps] for cellular phones; headsets for cellular phones; cases adapted for cellular phones; Holders for mobile telephones, namely, In-car holders for mobile telephones, Leather and non-leather holders for mobile phones; keyboards for cellular phones; digital cellular phones; wireless headsets for use with cellular phones; cellular phone battery chargers for use in vehicles; Docking stations for the wireless receipt, transmission and storage of data, voice transmissions and email messages; covers for cellular phones; cellular phone cases made of leather or imitations of leather; hands free kits for phones; cellular phone covers made of cloth or textile materials

Class 14

(4) Precious metals; alloys of precious metal; jewelry, precious stones; amulets [jewelry, jewelry (Am.)]; jewelry rings; bracelets [jewelry, jewelry (Am.)]; watch bands; watch cases [parts of watches]; watch chains; jewelry chains; clasps for jewelry; jewelry charms; presentation boxes for jewelry; necklaces [jewelry, jewelry (Am.)]; chronographs, namely stop watches; chronometers; figurines [statuettes] of precious metal; tie clips; badges of precious metal; movements for clocks and watches; medals; locket [jewelry, jewelry (Am.)]; works of art of precious metal; earrings; hat ornaments of precious metal, shoe ornaments of precious metal, model figures ornaments of precious metal; clocks; atomic clocks; wristwatches; watches; control clocks [master clocks]; clocks and watches, electric; pearls [jewelry, jewelry (Am.)]; semi-precious stones; key rings [trinkets or fobs]; boxes of precious metal; jewelry pins; statues of precious metal; alarm clocks; watch glasses

Class 16

(5) Paper; cardboard; Printed matter, namely, art prints, graphic art prints, graphic prints, printed awards, printed calendars, printed tags, printed timetables; Bookbinding material; photographs [printed]; Paper stationery; Adhesives [glues] for stationery or household purposes; Artists' materials namely artists' brushes, artists' material molds for modeling clays, artists' moulds, artists' palettes, artists' pastels, artists' pencils, artists' watercolor saucers, canvas stretcher bars for artists; Paintbrushes; typewriters; Office requisites, namely, office requisites in the form of finger-stalls, paper folding machines as office requisites; Plastic materials for packaging namely, Plastic

bags and film; Printing fonts; printing blocks; towels of paper; Paint sets; Writing cases [stationery]; stickers [stationery]; Adhesive tapes for stationery or household purposes; table linen of paper; tickets, namely, sporting event tickets, passenger tickets, automated meter parking tickets; envelopes [stationery]; folders for papers; signboards of paper or cardboard; posters; postcards; catalogues; File boxes for stationery; Labels, not of textile, namely, adhesive labels, gummed labels, paper labels, plastic labels, stationery labels; handkerchiefs of paper; figurines [statuettes] of papier mâché; newspapers; pictures; booklets; books; lithographs; stencils [stationery]; stencil plates; paper ribbons; engravings; lithographic works of art; pamphlets; painters' brushes; pens [office requisites]; pencils; hole punches [office requisites]; periodicals; watercolor [watercolour] saucers for artists; paintings [pictures], framed or unframed; document holders [stationery]; advertisement boards of paper or cardboard; passport holders; penholders; Erasers; printed publications in the field of dance, printed publications in the field of figurative arts, printed publications in the field of movie, printed publications in the field of music, printed publications in the field of plays, printed publications in the field of tourism; writing or drawing books; looseleaf binders; graphic reproductions; magazines [periodicals]; bags [envelopes, pouches] of paper or plastics, for packaging; face towels of paper; bookmarkers; inkstands; Drawing instruments, namely, compasses for drawing, drawing boards, drawing books, drawing pads, drawing pens, drawing pins, drawing rulers, pencils for painting and drawing, tracing needles for drawing purposes; Photograph stands; notebooks; palettes for painters; canvas for painting; sealing stamps; tablecloths of paper; table napkins of paper

Class 09

(2) Downloadable computer software for remote monitoring and analysis of the manufacture, regulation and operation of air purifiers for household purposes and industrial air purifiers, air quality monitors, air humidifiers and air dehumidifiers, air ionizers; Electronic monitoring instruments, other than for medical use, for monitoring interior air quality, air humidity, Remote monitoring instruments, namely, electronic sensors for remote monitoring and analysis of the manufacture, control and operation of air purifiers for household purposes and industrial air purifiers, air quality monitors, air humidifiers and air dehumidifiers, air ionizers; Electric and electronic instruments for timing, recording and controlling events related to the manufacture, control and operation of air purifiers for household purposes and industrial air purifiers, air quality monitors, air humidifiers and air dehumidifiers, air ionizers; Communications software for home automation servers, namely, software for controlling home automation systems, namely, lighting, heating and air conditioning units and air quality units; Computer software for downloading

application programs and for remote configuration of air purifiers for household purposes and industrial air purifiers, air quality monitors, air humidifiers and air dehumidifiers, air ionizers, air fresheners in the field of home automation; Remote controls for air purifiers for household purposes and industrial air purifiers, air quality monitors, air humidifiers and air dehumidifiers, air ionizers; Data communications apparatus, namely, wireless communication devices for data transmission, namely smart watches and wearable activity trackers, cellular phones, handheld computers and laptop computers; Mobile data communications apparatus, namely, mobile telephones, videophones, smartwatches, tablets; Interactive data transfer apparatus, namely, mobile telephones, videophones, smartwatches, tablets; Air analysis apparatus, namely, environmental sensors, namely, sensors for measuring air quality; remote control of air purification units, air ionizers; Communication interface units, namely, computer interface boards, electronic display interfaces, namely, computer display screens, electronic touchscreens and programmable electronic computer panels for managed private circuit networks; Access interfaces for managed private circuit networks, namely, network access server operating software

Class 11

(3) Air purifiers; Filters for air purifiers; Household air cleaners; Industrial air purifiers; Air purgers for use with water distribution installations; Heating, ventilating, air conditioning and purification equipment, namely, electric space heaters, electric heating fans, electric air sanitizing units, indoor radiant heating systems, namely, electric radiant heaters and electric radiant heaters for household purposes, air purification units, water purification installations, namely, water purification machines for domestic use, water purification installations, namely, water purification machines for industrial use, water filters for household use, water filters for industrial use; Air cleaning units; Air deodorising units, namely, electric air deodorizers; Air filtering units for removing dust, smoke and allergens from the air; Air purifiers for household purposes and industrial air purifiers; Air purifying units for household use

Class 20

(4) Composable furniture, namely, modular storage units, wall units, shelves units, storage cabinets; flower-pot pedestals; Non-metal plant hangers

Class 21

(5) Flower pots; Ceramic hollowware; Planters of earthenware; Ceramics for household purposes, namely vases, bowls, pots; Air fragrancing apparatus, namely, electric air fragrance dispenser which emits fragrances; Bowls for plants

Class 31

(6) Plants, namely, living plants; Natural plants; Fresh plants; House plants, namely, natural plants, living plants; Live plant bulbs

Services

Class 38

Digital transmission of data, namely, video and audio files, namely music, movies, photos, pictures and written text files in the field of manufacture, control and operation of air purifiers via the Internet; Wireless transfer of data, namely, video and audio files, namely music, movies, photos, pictures and written text files in the field of manufacture, control and operation of air purifiers via the Internet; Mobile telephone communication services

Claims

Priority Filing Date: June 01, 2016, Country or Office: EUIPO (EU), Application No: 015494487 in association with the same kind of goods and in association with the same kind of services

Colour Claim

Colour is claimed as a feature of the trademark. The letters 'PRI' are white on a blue background and the letters 'VA' are blue on a white background.

Goods

Class 07

(1) Agricultural and horticultural machines and machine tools, namely, reapers and composters and parts of the aforesaid goods; agricultural instruments, other than hand-operated, namely, combine harvesters, agricultural equipment for seeding and planting and agricultural seed planting machines and parts of the aforesaid goods; fertilizer mixing and dosing installations, namely, agricultural land fertilizing equipment and fertilizer distributing machines and parts of the aforesaid goods; robotized agricultural and horticultural machines, namely, leaf cutting machines, agricultural machinery for clipping and trellising crops, cultivators, harvesters and fruit picking machines for use in agriculture and horticulture and parts of the aforesaid goods

Class 09

(2) Scientific and electric apparatus and instruments for use in horticulture automation systems and building automation systems, namely, electronic sensors, namely, temperature sensors, thermal sensors, timing sensors, liquid level sensors, Wind speed sensor, Wind direction sensor, Rain sensor, Rain intensity sensor, Humidity sensor, Linear Light sensor, Pyrano sensors for measuring solar radiation, Snow detector sensor, Water temperature sensor, electrical conductivity (EC) sensor, pH sensor, photosynthetic active radiation (PAR) sensor, CO2 sensor, Plant temperature sensor, water drainage sensor, Weighing sensor for measuring the weight of water in plant growing substrates; Scientific and electric apparatus and instruments for use in horticulture automation systems and building automation systems, namely electric control panels, climate control digital thermostats, electrical control systems for lighting systems, electrical controls for

sprinkler and drip irrigation systems, electronic industrial controls for digital timers, lighting control panels, controls panels for power distribution for use in heating systems and cooling systems, and electronic and computer based controls for controlling the indoor climate, air treatment and climate control, water and energy management in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture and parts of the aforesaid goods; optical and electronic detectors, namely, optical inspection apparatus for measurement of, inventory tracking and the inspection of crops; optical and electronic detectors, namely, camera's and sensors, namely, temperature sensors, thermal sensors, timing sensors, liquid level sensors, wind speed sensor, wind direction sensor, Rain sensor, Rain intensity sensor, Humidity sensor, Linear Light sensor, Pyrano sensors for measuring solar Radiation, Snow detector sensor, Water temperature sensor, electrical conductivity (EC) sensor, pH sensor, photosynthetic active radiation (PAR) sensor, CO2 sensor, Plant temperature sensor, water drainage sensor, motion sensor, weighing sensor measuring the weight of water in plant growing substrates, timing sensors and electronic motion sensitive switches, electronic temperature alarms, particulates sensor, ion selective sensors, freshness sensor, all such camera's and sensors for use in horticulture automation systems and building automation systems for buildings for indoor growing and greenhouses, for commercial buildings and for residential buildings, and parts of the aforesaid goods; measuring, dosing, signaling, monitoring, regulating and supervision apparatus and instruments, namely, building automation systems consisting of wireless and wired electric control panels, video monitors and software for lighting, heating, cooling, security, unauthorized entry, alarm systems for fire, as well as systems for registration of presence of persons, contamination of air and water, legionella prevention and air quality, humidification, dehumidification, CO2 dosing, water disinfecting and air conditioning apparatus and installations and parts of the aforesaid goods; computers used in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, and parts of the aforesaid goods; recorded computer programs used in the field controlling the indoor climate, air treatment and climate control, water and energy management in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, namely for technical, administrative and management applications enabling users to manage the use of water, energy, to measure, monitor, dose and control water and fertilizer, and for analyzing data on crop production and quality and labor productivity and labor costs and parts of the aforesaid goods; measuring, dosing, signaling, monitoring, regulating and supervision apparatus and instruments, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, indoor climate, air treatment, energy management, water management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural and agricultural production and in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings, and parts of the aforesaid goods; data recording and storage devices used in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, namely, blank compacts discs, blank hard discs, blank USB flash drives, blank integrated circuit cards and external hard drives for computers and parts of the aforesaid goods; downloadable electronic publications, namely, newspapers and magazines in the fields of agriculture and horticulture and parts of the aforesaid goods; calculating machines and data processing equipment, namely, calculators, central processing units and digital signal processors and parts of the aforesaid goods; Software for air

treatment and climate control, water and energy management in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, and software for use in business management information and registration systems, namely, software for recording and optimizing labor productivity and software for the measuring, monitoring, dosing, mixing and controlling of water and fertilizers and parts of the aforesaid goods

Class 11

(3) Ventilating and water distribution apparatus, namely, ventilation fans, for use in greenhouses and parts of the aforesaid goods; apparatus and instruments for disinfecting irrigation, drainage and pond water, namely, water sterilizers and water purification machines for agricultural and horticultural use and parts of the aforesaid goods; humidifiers, dehumidifiers, CO2 dosing and air-conditioners for horticultural use and parts of the aforesaid goods

Services

Class 35

(1) Compilation and systemization of information into computer databases; compilation of statistical information; statistical analysis and reporting; business process management and consultancy relating thereto; assistance and advice regarding business organization and management; provision of marketing reports; wholesale and retail of agricultural and horticultural machines and machine tools, namely, reapers and composters and parts of the aforesaid goods; wholesale and retail of agricultural instruments, other than hand-operated, namely, combine harvesters, agricultural equipment for seeding and planting and agricultural seed planting machines and parts of the aforesaid goods; wholesale and retail of fertilizer mixing and dosing installations, namely, agricultural land fertilizing equipment and fertilizer distributing machines and parts of the aforesaid goods; wholesale and retail of robotized agricultural and horticultural machines, namely, leaf cutting machines, agricultural machinery for clipping and trellising crops, cultivators, harvesters and fruit picking machines for use in agriculture and horticulture and parts of the aforesaid goods; wholesale and retail of scientific and electric apparatus and instruments for use in horticulture automation systems and building automation systems, namely, electronic sensors, namely, temperature sensors, thermal sensors, timing sensors, liquid level sensors, Wind speed sensor, Wind direction sensor, Rain sensor, Rain intensity sensor, Humidity sensor, Linear Light sensor, Pyrano sensors for measuring solar radiation, Snow detector sensor, Water temperature sensor, electrical conductivity (EC) sensor, pH sensor, photosynthetic active radiation (PAR) sensor, CO2 sensor, Plant temperature sensor, water drainage sensor, Weighing sensor for measuring the weight of water in plant growing substrates; wholesale and retail of scientific and electric apparatus and instruments for use in horticulture automation systems and building automation systems, namely electric control panels, climate control digital thermostats, electrical control systems for lighting systems, electrical controls for sprinkler and drip irrigation systems, electronic industrial controls for digital timers, lighting control panels, controls panels for power distribution for use in heating systems and cooling systems, and electronic and computer based controls for controlling the indoor climate, air treatment and climate control, water and energy management in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture and parts of the aforesaid goods; wholesale and retail of optical and electronic detectors, namely, optical inspection apparatus for use in building automation systems and horticulture automation systems and for measurement of, inventory tracking and the inspection of crops; wholesale and retail of optical and electronic detectors, namely, camera's and sensors, namely, temperature sensors, thermal sensors, timing sensors, liquid level sensors, wind speed

sensor, wind direction sensor, Rain sensor, Rain intensity sensor, Humidity sensor, Linear Light sensor, Pyrano sensors for measuring solar Radiation, Snow detector sensor, Water temperature sensor, electrical conductivity (EC) sensor, pH sensor, photosynthetic active radiation (PAR) sensor, CO2 sensor, Plant temperature sensor, water drainage sensor, motion sensor, weighing sensor measuring the weight of water in plant growing substrates, timing sensors and electronic motion sensitive switches, electronic temperature alarms, all such camera's and sensors for use in horticulture automation systems and building automation systems for buildings for indoor growing and greenhouses, for commercial buildings and for residential buildings, and parts of the aforesaid goods; wholesale and retail of measuring, dosing, signaling, monitoring, regulating and supervision apparatus and instruments, namely, building automation systems consisting of wireless and wired electric control panels, video monitors and software for lighting, heating, cooling, security, unauthorized entry, alarm systems for fire, as well as systems for registration of presence of persons, contamination of air and water, legionella prevention and air quality, humidification, dehumidification, CO2 dosing, water disinfecting and air conditioning apparatus and installations and parts of the aforesaid goods; wholesale and retail of computers used in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, and parts of the aforesaid goods; wholesale and retail of recorded computer programs used in the field controlling the indoor climate, air treatment and climate control, water and energy management in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, namely for technical, administrative and management applications enabling users to manage the use of water, energy, to measure, monitor, dose and control water and fertilizer, and for analyzing data on crop production and quality and labor productivity and labor costs and parts of the aforesaid goods; wholesale and retail of measuring, dosing, signaling, monitoring, regulating and supervision apparatus and instruments, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, indoor climate, air treatment, energy management, water management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural and agricultural production and in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings, and parts of the aforesaid goods; wholesale and retail of data recording and storage devices used in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, namely blank compact discs, blank hard discs, blank USB flash drives, blank integrated circuit cards and external hard drives for computers and parts of the aforesaid goods; wholesale and retail of downloadable electronic publications, namely, newspapers and magazines in the fields of agriculture and horticulture and parts of the aforesaid goods; wholesale and retail of calculating machines and data processing equipment, namely calculators, central processing units and digital signal processors and parts of the aforesaid goods; wholesale and retail of software for air treatment and climate control, water and energy management in buildings and rooms for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, and software for use in business management information and registration systems, namely, software for recording and optimizing labor productivity and software for the measuring, monitoring, dosing, mixing and controlling of water and fertilizers and parts of the aforesaid goods; wholesale and retail of ventilating and water distribution apparatus, namely ventilation fans, for use in greenhouses and parts of the aforesaid goods; wholesale and retail of apparatus and instruments for disinfecting irrigation, drainage and

pond water, namely, water sterilizers and water purification machines for agricultural and horticultural use and parts of the aforesaid goods; wholesale and retail of humidifiers, dehumidifiers, CO2 dosing and airconditioners for horticultural use and parts of the aforesaid goods

Class 37

(2) Installation, maintenance and repair of systems in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; Installation, maintenance and repair of computer systems; Installation, maintenance and repair of production machines, tools and systems, of water mixing and disinfecting apparatus and installations, of building automation systems comprising wireless and wired controllers, controlled devices, and software for lighting, heating, security, safety, humidification, dehumidification, CO2 dosing, water disinfecting and air conditioning apparatus and installations, of programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, air treatment, water management, energy management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural production and in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings, and of air-conditioning installations, of computers, of computer network hardware and of computer peripherals and providing information and advice relating thereto

Class 41

(3) Instruction, education and training services, namely, instruction, education and training services in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; Instruction, education and training services, namely, agricultural equipment and machinery instruction, educational courses in the field of agricultural and horticulture and practical training in the field of farming machinery, building automation systems and control apparatus for environmental monitoring, environmental control, climate control, air treatment, energy management, water management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management, within horticultural production and in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings; conducting of workshops, classes, seminars and webinars in the field of agriculture and horticulture

Class 42

(4) Consulting and research services in the industrial field, namely, consultancy, research, design and analysis of systems in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, including design and analysis of computer systems; computer programming in the framework of application of production machines, tools and systems, of mixers, of water disinfecting apparatus and installations, of building automation systems comprising wireless and wired controllers, controlled devices, and software for lighting, heating, security, safety, humidification, dehumidification, CO2 dosing, water disinfecting and air conditioning apparatus and installations, of programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, air treatment, energy management, water management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural production and in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings, of air-conditioning

apparatus and instruments, of computers, of computer networks and of computer peripherals; conversion of electronic data in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, namely, conversion of data or documents from physical to electronic media and document data transfer and conversion from one media to another; design, development and testing of algorithms and software, computer networks, computer hardware, websites and databases all for use in the in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; analysis of technical data for environmental monitoring, climate control, energy management, water management, air treatment, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural production and in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings; provision of technical data reports on energy management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural production and in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings; computer- aided industrial and scientific analysis, namely, analysis of stream water quality, soil analysis and greenhouse gas emission measuring and analysis; computer-aided industrial design services; design and development of computer software for database management in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; providing temporary use of on-line non-downloadable software for database management in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; cloud computing in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture, namely, cloud computing provider services for general storage of data, cloud computing providing software for database management and cloud computing web hosting services; consultancy in the field of cloud computing networks and applications in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; design and development of operating software for accessing and using a cloud computing network in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; programming of operating software for accessing and using a cloud computing network in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; providing temporary use of on- line non-downloadable operating software for accessing and using a cloud computing network in the field of controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and

greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; Software as a service [SaaS], namely, hosting and providing online software for controlling the environment and for analyzing production and labor data and for controlling the environment, air treatment and climate control, water and energy management in buildings and environments for indoor growing and greenhouses, in commercial buildings and in residential buildings as well as water and energy management in horticulture and agriculture; technical consultancy in the field of water and energy saving and efficiency

Class 44

(5) Rental of agricultural and horticultural equipment, robots [machines] for the treatment and processing of crops in agriculture and horticulture, automated agricultural machines, leaf cutting machines, machines for clipping and trellising crops, cultivating machines, harvesters and fruit picking machines for use in agriculture and horticulture; consultancy relating to the cultivation of plants and crops, including indoor growing; consultancy and advisory services relating to agriculture, horticulture and forestry; providing information about agriculture, horticulture, and forestry services; advisory and consultancy services relating to sustainable agriculture and horticulture

Goods

Class 09

(1) Electronic door closing systems; electronic shutter closing systems; Laser scan sensors for detection of objects and persons; vibration detecting sensors, namely, vibration sensors for use in integrated fiber optic security systems, vibration sensors for use in electronic data security systems and intrusion security systems, vibration sensors for detecting deterioration of metal; passive infrared sensors; active infrared sensors; security sensors, namely, infrared sensors, proximity sensors, and motion sensors; automatic door opening and shutting sensors; shutter opening and shutting sensors; photoelectric sensors; displacement sensors; linear image sensors; distance sensors; ultrasonic sensors; light curtain sensors; area sensors, namely, infrared area sensors, proximity area sensors, motion area sensors; capacitance sensors; proximity sensors; pressure sensors; water level measurement sensors; rotary encoders for use in automatic doors to obtain door position information; liquid turbidity meters; water quality measuring instruments, namely, water test kits, oil film detectors, and water quality meters; transparency meters for measuring the transparency of rivers, lakes and sewage; colour meters for color testing of liquids and pastes; pH meters; residual chlorine meters; particle meters for measuring air quality; oil leakage detectors; acceleration sensors; vehicle detection sensors; recording apparatus indicating driving operation condition utilizing acceleration sensors, namely, apparatus utilizing acceleration sensors for use in vehicles to record acceleration information during driving operation of vehicles, apparatus utilizing acceleration sensors for use in vehicles to record vehicle operation, namely, sudden acceleration and braking, irregular steering, and driver performance; customer traffic counting apparatus in a store utilizing sensors, namely, apparatus utilizing infrared sensors for use in counting customer traffic in a store, apparatus utilizing motion sensors for use in counting customer traffic in a store; counting and analyzing apparatus for customer traffic which pass under the sensors in facilities or aisles, namely, apparatus utilizing infrared sensors for use in counting and analyzing customer traffic in facilities and aisles, apparatus utilizing motion sensors for use in counting and analyzing customer traffic in facilities and aisles; counting and analyzing apparatus for consumer behavior in

a store utilizing sensors, namely, apparatus utilizing infrared sensors for use in counting and analyzing customer behaviour in a store, apparatus utilizing motion sensors for use in counting and analyzing customer behaviour in a store; counting and managing apparatus for parked cars in a parking utilizing sensors, namely, apparatus utilizing infrared sensors for use in counting and managing cars in parking facilities, apparatus utilizing motion sensors for use in counting and managing cars in parking facilities; counting apparatus for bus passengers utilizing sensors, namely, apparatus utilizing infrared sensors for use in buses for counting passengers, apparatus utilizing motion sensors for use in buses for counting passengers; detecting and managing apparatus for vehicle information in a parking utilizing sensors, namely, apparatus utilizing infrared sensors for use in detecting and managing vehicles in parking facilities, apparatus utilizing motion sensors for use in detecting and managing vehicles in parking facilities; security alarm apparatus, namely, personal security alarms, security alarms for vehicles, security and fire alarms; electronic warning alarm bells; security alarm chime; controllers for security alarm apparatus, namely, electronic controller for security alarms, control panels for security alarms, keypads for security alarms; intrusion prevention alarms for automatic doors utilizing motion sensors; voice warning alarms for opening-closing operation of automatic doors utilizing motion sensors; anti-theft alarms for vehicles; vehicle drive training simulators; electric touch switches for doors and windows; switches for arming and disarming security alarm systems; high-frequency switching power supplies for security alarms; power distribution or control machines and apparatus, namely, electrical power distribution blocks, electricity distribution consoles, power distribution boxes, power distribution panels; electric wire and cable; digital tachographs for vehicles; measurement instruments for counting automotive stop-start movement, namely, instruments for measuring the stop-start movement of vehicles; in-car apparatus for monitoring and recording information relating to vehicle operation; drive recorders for cars, namely, car video recorders, kilometer recorders for vehicles, mileage recorders for vehicles; event recorders for security purposes; car navigation apparatus, namely, Global Positioning System [GPS] vehicle navigation system, navigation apparatus for vehicles in the form of on-board computers, navigation computers for cars; receivers for security alarm apparatus, namely, radio transmitters and receivers for security alarms, optical transmitters and receivers for security alarms; telecommunication machines and apparatus, namely, navigation apparatus for vehicles in the form of on-board computers, radios for vehicles; hard disc recorders with monitors, namely, hard disc players and recorders having function to read music, image and video data from IC memories, car video recorders, event recorders for security purposes; bar code readers; two-dimensional bar code reader; computer software for monitoring and recording vehicle operation, namely, sudden acceleration and braking, irregular steering, and driver performance; application software for smart phones for monitoring and recording vehicle operation vehicle operation, namely, sudden acceleration and braking, irregular steering, and driver performance; application software for mobile phones for monitoring and recording vehicle operation vehicle operation, namely, sudden acceleration and braking, irregular steering, and driver performance; computer software for vehicle operation diagnostics; application software for smart phones for vehicle operation diagnostics; application software for mobile phones for vehicle operation diagnostics; computer programs for tabulation and analysis of customer traffic information; computer programs for counting and analyzing parked cars information; computer programs for use in monitoring and recording vehicle operation, namely, sudden acceleration and braking, irregular steering, and driver performance; electronic machines, apparatus and their parts for detection of objects and persons; electron microscopes; industrial X-ray machines and apparatus not for medical use, namely, industrial X-ray apparatus for product inspection for use in factory automation; ultrasonic detection apparatus for the detecting the presence of vehicles

Class 12

(2) Anti-theft alarms for vehicles; non-electric prime movers for land vehicles, not including their parts, namely, engines for industrial machinery, jet engines, marine engines, engines for land vehicles; mechanical elements for land vehicles, namely, exhaust pipes for land vehicles, ignition devices for motors of land vehicles, timing belts for engines for land vehicles, automatic gearboxes for land vehicles, axles for land vehicles, brake pads for land vehicles; alternating current motors and direct current motors for land vehicles, not including their parts; automobiles and their parts and fittings; two-wheeled motor vehicles bicycles and their parts and fittings.

Services

Class 42

Water analysis; provision of scientific information, advice and consultancy in the field of carbon offsetting; research in the field of environmental protection; leasing of water quality measuring instruments, namely, water test kits, oil film detectors, and water quality meters; leasing of chemical laboratory and research apparatus and instruments; technical project studies in the field of environmental science; providing video security and alarm application software through telecommunications networks; leasing of application software; maintenance of computer software; computer programming; computer technology consultancy; scientific research in the field of environmental science; scientific laboratory services in the field of environmental science; consultancy in the field of water resources development; remote monitoring of a variety of information and data from sensors, namely, information and data on counts, frequency, time, position, angle, speed, temperature, humidity, illuminance, Luminance, Luminous intensity, air pressure, water level, voltage, electric current, electric power, pressure, vibration, image and sound; analysis of a variety of information and data from sensors and providing information relating thereto, namely, information and data on counts, frequency, time, position, angle, speed, temperature, humidity, illuminance, Luminance, Luminous intensity, air pressure, water level, voltage, electric current, electric power, pressure, vibration, image and sound

Colour Claim

Colour is claimed as a feature of the trade-mark. The number 4 and the period are red and tec is black

Goods

Class 06

(1) Wires of common metal; cable clamps of metal, cable glands; connector safety clips of metal, cable clamps of metal

Class 07

(2) Electronic connector holders, electronic connector bushings

Class 08

(3) Hand tools, hand-operated, in particular hand-operated tools for connecting and processing cables, sockets and connectors; Hand tools for connecting cables with pin and socket connector or connector elements; Hand-operated extraction tools for insulating elements; Accessories for hand tools and implements (hand-operated), in particular crimping dies, guide bolts, guide bushings, cable connectors and positioning inserts

Class 09

(4) Electric connectors for generating an electrical connection between electric cables; bushings, plugs, angle plugs, rectangular plugs for generating an electrical connection between electric cables; electric connector couplings, electric connector coupling halves, and components for the aforesaid electric connectors or electric connector couplings, in particular housings for electric connectors or electric connector couplings for generating an electrical connection between electric cables; contacts, electric, in particular contact parts for electric connectors or electric connector couplings for generating an electrical connection between electric cables; contact carriers for electric connectors or electric connector couplings for generating an electrical connection between

electric cables; cable shield connections in electric connectors for generating an electrical connection between electric cables; male inserts and female inserts for connectors and plugs for generating an electrical connection between electric cables; connector pins, bushes in the nature of female connectors, protective covers adapted for electronic connectors, protective caps for electronic connectors; seals, namely seals for electric connectors; contact parts for electric connectors or electric connector couplings, for generating an electrical connection between electric cables; connector elements for cable trays in electric connectors, for generating an electrical connection between electric cables; none of the aforesaid goods including batteries, battery chargers, inspection cameras, cameras or headphones; sealants for electric connectors

Class 17

(5) Insulating elements for electric connectors or electric connector couplings; Gaskets for housings for electric connectors or electric connector couplings; seals for pipe connections, seals of metal for pipes, seals of metal for preventing leakage of fluids, sealing rings; packing materials, stopping materials, namely general purpose sealants, pipe joint sealants, polyurethane sealants; insulating materials, namely insulating materials made of polyurethane foam, foam glass for use as an insulating material, rubber sheets for insulating purposes, insulating water proofing membranes, ceramic insulators, electric, thermal and acoustic insulators; insulating elements, namely insulating bands, insulating fabrics, foils of metal for insulating, electrical insulating paints, electrical insulating tapes; gaskets for housings for electric connectors or electric connector couplings

Colour Claim

Colour is claimed as a feature of the trademark. The design box is blue with the bottom right corner being green. The two horizontal bands inside the box and the circle inside the box are white. The word 'smart' is blue and the word 'label' is green.

Certification Mark Standard

The certification mark, as used by the person authorized by the certifier, certifies that information, namely, nutritional information, ingredients, ingredient definitions, ingredient and material sourcing practices, allergens, third-party certifications related to the quality or character of the goods, humanitarian compliance and environmental sustainability programs, product usage instructions, health advisories, safe handling instructions, health and ingredient claims and company/brand information, contained on the barcode and quick response code label of food, beverages, household, personal care and consumer products is provided to consumers in a clear, consistent, accessible, complete and accurate manner and conforms to the labelling standards promulgated by the certifier in connection with standards set by Health Canada. Each particular product must be submitted to the certifier for verification in accordance with the standards. A copy of the complete details of the standard is available for public within the Canadian Intellectual Property Office. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those in association with which the certification mark is used.

Goods

Class 16

Barcode and quick response code labels for food, beverages, household, personal care and consumer products for human and pet consumption and use.

Services

Class 35

Providing consumer product information about the goods of others, namely, nutritional information, ingredients, ingredient definitions, ingredient and material sourcing practices, allergens, third-party certifications related to the quality and character of the goods, humanitarian compliance and environmental sustainability programs, product usage instructions, health advisories, safe handling instructions, health and ingredient claims and company and brand information in the field of food, beverages, household cleaning products, personal skin care products and consumer home entertainment electronics, via the Internet and mobile applications

Colour Claim

Colour is claimed as a feature of the trade-mark. The trademark consists of the term REPSOL PRIMEVA in white letters depicted on a grey background. The triangular design feature to the right of the term REPSOL PRIMEVA is depicted in shades of light and darker red, and the horizontal bar featured to the right of the triangular design is depicted in red. The colours white, red and grey are claimed as features of the mark.

Goods

Class 01

(1) Chemicals used in plastic industry, namely, ethylene vinyl acetate copolymers, science, namely, in chromatography and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; chemical preparations for industrial use, namely ethylene vinyl acetate copolymers; chemical compositions for preserving foods; general use adhesives; unprocessed synthetic polymers; thermoplastic polymers, namely thermoplastic polymers based on ethylene and vinyl acetate; polymers for industrial use, namely ethylene vinyl acetate copolymers; ethylene, namely ethylene vinyl acetate copolymers; polyethylene, namely ethylene vinyl acetate copolymers for use in combination with polyethylene and polypropylene; unprocessed plastics in all forms; unprocessed plastics, namely plastics as raw materials; polymerization plastics; chemical additives to polymers, namely ethylene vinyl acetate copolymers for polymer modification; unexposed sensitized photographic films; hot-melt adhesive for industrial purposes; chemical preparations, namely ethylene vinyl acetate copolymers; unprocessed synthetic resin compounds in the form of pellets used to incorporate various other substances; plastics in the form of foams, namely unprocessed plastics for the manufacture of foams; chemicals for preserving polythene cables; chemical preparations for making floor waxes

Class 09

(2) Mounting cords, namely, electric mounting cables; electrical connection cables; electrical power extension cords; coaxial cables; jump leads; power cables; telecommunications cables, namely fibre optic cables; telephone cables; USB cables, electronic cables; computer cables; coaxial cables; data transmission cables, namely computer cables, telephone cables; optical fiber cables; aerial optical cables; underground optical cables; drop and riser optical cables; special optical cables; ribbon optical cables; preconnectorized optical cables; copper telecom cables; coaxial cables; data transmission cables, namely computer cables, telephone cables; resistance wires; casings for telecommunications and power cables; connectors for electricity, telecommunications and power cables; material for electricity and telecommunications ducts (wires, cables), namely plastic covered electric wires, expansion joint fillers and cathodic anti-corrosion ray tubes; high and extra-high voltage cables, medium-voltage cables, electrical wires for buildings, low fire hazard cables, fire-resistant cables, instrumentation and control cables, FTTH (fiber to the home) building products, namely, building electrical distribution boxes, splicing boxes, electrical riser boxes, multi-operator boxes and electrical lead-in distribution units, FTTH customer termination products, namely, internal cables, cathodic anti-corrosion ray tubes, and fiber termination box; racks and rack mounted products, namely, photographic racks, racks for loudspeakers, racks for amplifiers, storage racks, mounting racks for computer and telecommunications hardware, CPR and fire resistance regulations compliant cables; apparatus and instruments, namely cables, switch, transformer and electrical storage batteries, for conducting electricity; apparatus and instruments, namely cables, switch, transformer and electrical storage batteries, for switching electricity; apparatus and instruments, namely cables, switch, transformer and electrical storage batteries, for transforming electricity; apparatus and instruments, namely, cables, switch, transformer and electrical storage batteries, for accumulating electricity; apparatus and instruments, namely cables, switch, transformer and electrical storage batteries, for regulating electricity; electrical controllers for use in electronic equipment, namely cables, switch, transformer, electrical storage batteries, distribution panels, robots and electrical engines; apparatus, namely, smart phones, communications computers, and MP4 players, used in the manufacture of equipment for recording, transmission or reproduction of sounds or images; magnetic data carriers, namely, blank magnetic discs, recording discs, namely, blank CD-ROMs for sound or video recording, blank digital audio discs, blank digital versatile discs

Class 10

(3) Surgical, medical and dental apparatus, devices and instruments, namely tubing, respirator parts, hose connectors, syringe parts; orthopedic articles, namely, braces, footwear, soles; containers especially adapted for the disposal of medical instruments, syringes and other contaminated medical waste ; fluid collection containers for medical use; containers especially made for medical waste; medical and pharmaceutical instruments, namely tubing, respirator parts, hose connectors, syringe parts

Class 16

(4) Plastics components for packaging containers, namely films for food packaging, tetrabriks, nutrition bags

Class 17

(5) Plastics in extruded form for use in manufacture; packing, stopping and insulating materials, namely bottle cap liners, stoppers, namely stoppers for bottles, industrial packaging containers, sound deadening, namely acoustical insulation; flexible tubes, not of metal for packaging raw materials; packing materials, namely rubber sacks for packaging; hose pipes made of rubber; extruded plastic in the form of bars, blocks, pellets, rods, sheets and tubes for use in manufacturing; waterproof packings, namely waterproof packing containers of rubber; protective

packaging of rubber, namely protective packing containers made of rubber; adhesive tapes for industrial use, namely packaging, woodworking; weatherstripping; adhesive bands for industrial purposes, namely packaging, woodworking; transparent film, namely polyolefins-film; thermoplastic compounds in pellet form for use in manufacture; polymer films for use in manufacture; elastomeric polymers for use in manufacture, namely, elastomeric polymers in the forms of blocks and sheets for use in manufacture; insulating adhesives, namely adhesive sealant compounds, case and carton sealing; plastic sheets coated with adhesive; adhesive coated polymer films for use in manufacture; masking paper (adhesive) other than for stationery, household or medical use; polyamide foams (semi-processed foams); polyurethane foam for packing (semiprocessed); polyamide foam sheeting for use as building insulation; laminates containing polyamide foams for thermal insulation; packing foam in sheet form; filtering materials (semi-processed foams or plastic materials), namely film filtering material for use as a separator in HEPA filters; foam rubber; insulators for cables; rubber hose for the termination of cables; resins for use in cable splicing; insulating wrap for the electrical shielding of cables; elastomeric polymer films for use in manufacture

Class 20

(6) Plastic medication containers for commercial use; plastic medication containers; packaging containers of plastic; industrial packaging containers of wood

Visual Representation

The logo for FullVision features the word "FullVision" in a black, sans-serif font. To the right of the text is a stylized graphic element consisting of a line that starts at the top left, goes up and to the right, then down and to the right, and finally down and to the left, forming a shape similar to a house or a right-pointing chevron. This graphic is filled with a gradient of colors: yellow at the top left, transitioning to orange, then red, then purple, and finally blue at the bottom right.

Colour Claim

Colour is claimed as a feature of the trademark. The word 'FullVision' is black on a white background. Starting at the left, the design element is yellow and moving upwards transitions to orange and then transitions to red as it turns downwards, then transitions to purple, then transitions to blue, then transitions to turquoise as it turns again and then transitions to blue.

Goods

Class 09

Display for cellular phones, namely, OLED (Organic light emitting diode) display panels for cellular phones and LCD panels for cellular phones; portable communications apparatus, namely, mobile phone handsets, smart phone handsets, tablet PCs handsets, walkie-talkies, satellite telephones, personal digital assistants (PDAs) and mobile phones; smart phones; software for smart phones, namely, software for use in driving smartphone displays; television receivers; TV sets; wireless headsets; apparatus for the recording, transmission and reproduction of sound and images, namely, CD players, compact disc players, DVD players, MP3 players, MP4 players, cassette players, audio receivers, video receivers, microphones, audio amplifiers, optical amplifiers, sound amplifiers, stereo amplifiers, audio speakers, digital cameras, video disc players; batteries for cellular phones.

Class 09

(1) Semiconductors; semiconductor chips and chip sets; microprocessors; customized microprocessors; computer chips, integrated circuit chips and semiconductor chips for use in computer and network security applications; semiconductor chips and electronic circuit boards for use in servers, switches and routers for network and computer security; Data processors used in computers, security sub-systems networking equipment, namely, application specific computer hardware accelerators, computer accelerator boards, offload engines, namely interface cards, computer chips for encryption, crypto chips and other networking equipment, namely, routers, switches, load-balancers for computers, network links, CPUs and disk drives, web-servers, firewall hardware and software for network security, virtual private network operating software, computer network servers for data load-balancing, and other computer equipment, namely, servers and computer work stations; computer software for offloading data for load balancing; Embedded general purpose micro processors; application specific integrated circuits (ASIC); semiconductors for development and running applications, namely, for networking, web, and multimedia applications; downloadable operating microcode software for use with networking applications, web applications, multimedia applications; embedded operating applications software for networking, wireless, storage, consumer, and multimedia equipment; broadband gateway network routers; network attached storage systems comprised of microprocessors, embedded operating software and connecting computer chips for use as component parts of IP cameras, USB dongles, video conferencing systems; video processors; application specific standard products (ASSP), namely, linear, rotary, position and optical encoders, television decoders, optical filters for computer display panels and computer monitors; software for video processing, namely, editing, manipulation, graphics rendering; Software for use in switches, routers and computer servers for managing, operating, and securing local and wide area computer networks and network products for video processing; application specific integrated circuits, computer boards, and computer processors used in, and for operating and securing, computer hardware, namely, computer network servers, workstation, desktop, and laptop computers, and PDA's; Software, for use with a video processor, which enables wired and wireless transmission and distribution of high definition video, audio and control signals; Computer software for ensuring security and for providing

searching capabilities which allow prioritization, characterization and classification of secure data; Specialized computer chips for the prevention of the execution of unauthorized software and the unauthorized manufacturing of finished products; Semiconductor chips, namely, programmable, low-power, system-on-a-chip for digital baseband and packet processing functions in connection with base stations; Customized microprocessors and microprocessor embedded software for use in cellular communication equipment, base stations and radio network controllers; computer interface boards; computer processors; computer hardware; computers; laptop computers; desktop computers; mobile phones; software for use with audio processors and video processors for recording, storing, organizing, creating, editing, displaying and playing audio and video data; computer processor software to enable the transmission of audio, video and control signals to mobile devices, personal computers, tablet computers, data centers, wearable devices, connected cars, television sets, machine to machine communications, landline telephones, personal digital assistants, and wired and wireless internet connectable devices; Electronic products for the manipulation of the frequency, time and amplitude characteristics of audio signals, namely, audio processors; video processors; computer processor software with search technology for use in network search applications for networking and communication infrastructure equipment; computer security software, namely, data and identity verification software; computer programs for searching the contents of computers, internet search engine software; semiconductors for wireless communications; semiconductors for wireless communications and field programmable gate array products, namely embedded and non-embedded computer software to enable and to exercise chip functionality and integrated circuits that incorporate a silicon chip circuit in which transistors, standard NAND or NOR logic gate, and active devices that are placed at predefined positions and manufactured on a wafer; Set-top boxes; video processors and picture quality processors for terrestrial, cable, and satellite systems, and Internet; semiconductors for cable, satellite and terrestrial television converters; Semiconductor chips that process signals for video, audio, and picture quality post-processing; Server adapters; Multi-core RISC system on chip processors for data center and cloud applications; system on chips for micro-server and server, Ethernet fabric, operating system software, namely server virtualization Multi-core RISC system on chip processors for data center and cloud applications; system on chips for micro-server and server, Ethernet fabric, operating systems software, namely server virtualization software; Ethernet switches; semiconductor chips; Ethernet switching chips; microprocessors, namely, networking chips; switch silicon, namely, Ethernet switches, Ethernet switching chips and packet processors; network adapters; application acceleration adapters; programmable network adapters; computer network adapters, server adapters, switches, routers and hubs; computer network adapters, server adapters, switches, routers and hubs using Federal Information Processing Standards (FIPS); Network appliances in the nature of computer hardware; Multi-function computer accelerator boards and network interface controllers for security, transmission control protocol (TCP), compression/decompression, and Intrusion virus prevention and anti-virus processing in secure network services and storage applications; computer acceleration boards and application acceleration processors; Ethernet network interface cards; Multi-function computer acceleration boards featuring network services processors, storage service processors, secure communication processors and communication processors; baseband processors, integrated single chip semiconductors, single chip macrocells, remote radio heads, namely, remote radio transceivers, computer hardware, namely, single-chip hardware accelerators, digital signal processors for accelerating cellular signals; Telecommunications devices, namely, electronic data processors for networking, security and data plane processing, Radio Access Network (RAN) processors; software and hardware for use in data load balancing; computer hardware, namely, web-servers, firewalls, and virtual private network gateway devices in the nature of computer control hardware for gateway routers, computer servers and computer work stations consisting primarily of computer

hardware; computer hardware, namely, hardware security modules and computer peripheral devices for cryptographic and data security; hardware security modules comprised of electronic encryption units; computer network adapters; computer network security adapters; application specific integrated circuits, computer interface boards, and computer processors used in, and for operating and securing, computer hardware, namely, telecommunication and data networking infrastructure equipment, computer network servers, workstation, and desktop; multi-core Reduced Instruction Set Computing (RISC) system on chip processors for data center and cloud applications, namely, web hosting, data analytics, clustering, high frequency trading, cloud computing, enterprise resource planning, search, financial transaction processing, social media; integrated circuits, namely, system on chip processors for micro-server and server computing processes; multi-core Reduced Instruction Set Computing (RISC) system on chip processors, integrated circuits in the nature of system on chips and server adapters which monitors and debugs networks; downloadable computer software that enables the search of a database to find specific computing events, networking events, generic computing, networking transaction logs and software for chip functionality, performance, visibility and instrumentation; Computer software for assessing chip performance and functionality and computer hardware for host and embedded microprocessor systems for use in development, modification, debugging, troubleshooting, and performance enhancement; Multi-core Reduced Instruction Set Computing (RISC) system on chip processors for data center and Multi-core Reduced Instruction Set Computing (RISC) system on chip processors for data center cloud applications, namely, Big Data Analytics, Scale Out Object and Block Storage, Web Caching and Scale out SQL/NoSQL Databases; microprocessors, customized microprocessors and microprocessor application software used in computer and network applications and network products; computer systems and circuit boards used in servers, switches, routers, gateways, and network accelerators, adaptors, appliances, and other computer network processing related products, namely, Network Interconnect for direct and switched communication, integrated storage for permanent data storage, SOC compute for application execution; Semiconductor chip interconnect for coherency; Interconnecting Multicore RISC system on chip processors for data center and cloud applications; interconnect on chips for microserver and server, Ethernet fabric, software defined networking and network function virtualization processes; programmable switches for computers; downloadable computer software for configuring and managing computer network adapters communicating with other devices; Network devices, namely, adapters, switches and integrated circuits for network communication; Downloadable computer firmware and software for operating and managing network devices, namely, hubs, switches, routers, bridges, gateways, modems, repeaters, and access points; Downloadable computer software for managing and controlling electronic integrated circuits, switches, and controller boards interfacing with peripheral devices, namely, mice, keyboards, monitors, printers, hard drives and flash drives; Integrated circuits; controller circuit boards; network switches, namely, fiber channel switches; downloadable computer software and firmware all used for controlling and interfacing and associated instructional manuals sold as a unit therewith.

(2) Downloadable computer processing software for artificial intelligence, text analysis and deep learning; computer hardware and computer processors for artificial intelligence, deep learning and text analysis.

Services

Class 42

Computer network services, namely network integration services, namely, network configuration services, network design services, network security services;

Claims

Priority Filing Date: May 09, 2017, Country or Office: UNITED STATES OF AMERICA, Application No: 87442978 in association with the same kind of goods (2); May 09, 2017, Country or Office: UNITED STATES OF AMERICA, Application No: 87442982 in association with the same kind of goods (1) and in association with the same kind of services

Services

Class 35

(1) Business operating consulting services on the development of business strategy information by using analytic processes, algorithms and visualization systems to assist clients in the extraction of business insights from third party information to develop prediction models from market research data

Class 42

(2) Information technology consultation services in the fields of selection, design, configuration, implementation, installation and use of computer software systems for others; consulting services in the fields of data science, namely, mathematics, statistics and computer science ; consulting services in the field of computer database analytics; software as a service (SAAS) featuring software for ingestion, integration, organization and visualization of data from multiple data sources; developing cloud computing software for data warehousing, data and database management, data mining, and database analytics; computer programming consultancy; computer programming services for commercial analysis and reporting; data migration services; database design and development; Technical consulting services in the field of data analytics namely consulting on the design, development and ongoing support of cloud-based computer networking platforms to integrate and manage data of varying formats arriving at varying velocities from multiple sources using analytic processes, algorithms and visualization systems to assist clients in the extraction of business insights from third party data for development of new products for others

Goods

Class 03

(1) Soaps for personal use; soaps for household use; eau-de-Cologne; astringents for cosmetic purposes; cleaning chalk; shampoo-conditioners; cosmetic creams; shaving creams, shaving gels; facial cleansing creams; shower gels and creams; skin care creams, beauty creams, moisturising creams; shoe waxes; polishing creams; deodorants and antiperspirants for personal use; incense; cosmetic pencils; sun care lotions; pre-shave and after-shave lotions; hair lotions, hair gels, hair creams, hair spray; decorative transfers for cosmetic purposes; aromatic essential oils; eye shadows; perfumes; face powders; cosmetic preparations for baths namely bath additives, bubble bath; cloths impregnated with detergent for cleaning, polish for furniture and flooring for household use, not being preparations for washing automobiles; make-up preparations; washing preparations namely body cleansers, body scrubs, laundry detergents, fabric softeners for laundry use; all-purpose cleaning preparations; make-up removing preparations; oral care products, particularly including dentifrices, mouthwashes; cleansing products for the body, particularly including cleansing lotions, beauty masks, cleansing foam, cleansing creams, cleansing gels and cleansing milk; liquid soaps

Class 04

(2) Fuels namely diesel fuel, non-chemical additives for fuel, fuel oil; candles and wicks for lighting; automotive lubricants; industrial oils and greases; petroleum-based dust absorbing, wetting and binding compositions; non-chemical additives for motor fuel, lubricants and greases; benzine; biofuels; industrial wax; liquid petroleum gases; liquefied natural gases; liquefied petroleum gases; natural gas; diesel oil; gasoline; petroleum; fuel gas; industrial greases; Industrial lubricating greases; lighting fuel; metal cutting fluids; industrial lubricating oils and greases; industrial oils; engine oils

Class 06

(3) Wrought iron decorative artwork; common metals and their alloys; ores; split rings of common metal for keys; chains of metal; small items of metal hardware namely bolts, nails, nuts, screws, springs, and washers; towel dispensers, fixed, of metal; metal dispensers of hand towels, paper napkins, kitchen paper; badges of metal for vehicles; statuettes of common metal; figurines (statuettes) of common metal; medals, name plates, trophies, commemorative shields, in common metals

Class 08

(4) Hand tools and implements namely hand saws, hammers, pliers, wrenches, screw drivers, shears; cutlery, forks and spoons; razor blades; knives namely kitchen knives, pocket knives, utility knives; electric or nonelectric razors; tweezers; scissors

Class 09

(5) Apparatus for recording, transmission or reproduction of sound or images, namely cameras, video cameras, video processors, video receivers, video tape players, video tape recorders, video transmitters, audio cassette recorders, audio receivers, audio speakers, audio/video cables; cash registers, calculators, data processing equipment namely computers and laptop computers; blank compact discs, blank DVDs, blank flash memory cards, blank USB flash drives; fire extinguishers; mechanisms for coin-operated apparatus; magnetic data carriers and recording discs namely blank floppy disks, blank hard discs, blank plastic cards with a magnetic strip, blank audio discs, blank compact discs, blank discs, blank optical discs, blank DVDs; electric batteries for vehicles; loudspeakers; audio amplifiers; satellite dishes; navigation apparatus for vehicles in the form of on-board computers; projectors for home theaters, video projectors; radios; vehicle radios; electronic key fobs being remote control apparatus; televisions; high definition televisions; cameras (photography); juke boxes for computers, musical juke boxes; velocity sensors; distance sensors; card readers for verifying data of cards magnetically encoded; time recording devices namely transponders and cable loops used to measure time; telephones; personal digital assistants (PDAs); earphones; earphones and headsets for cellular telephones; automatic indicators of low pressure in vehicle tires; cellular phone batteries, electric batteries for vehicles; binoculars; electronic notebooks, diaries and agendas; directional compasses; cables, electric; automated teller machines; cameras (cinematographic cameras); video cameras; cameras and camera accessory cases and straps, batteries; headphones; protective helmets for sports; video game cassettes; mouse pads; photovoltaic cells; computer chips; answering machines; electric converters; cords for sunglasses and glasses; cellular telephone straps; smoke detectors; photographic slides; video game discs; liquid crystal displays; electric door control systems that facilitate remote opening and closing; remote controls for starting vehicle engines; portable electronic storage devices namely USB flash drives; ticket dispensers; hands free kits for phones; data processing equipment namely computer scanners, barcode scanners, fingerprint scanners; carrying cases adapted for cellular telephones; containers for contact lenses; exposed films; flash bulbs (photography); photocopiers; cellular telephone covers; 'karaoke' recorders and players; holograms; decorative magnets; printers for use with computers; laser speed detectors; doors alarms; cassette players; portable cassette players; portable CD players; CD players; mini-disc players; DVD players; MP3 players; contact lenses; eyeglasses; videotape recorders; computer carrying cases; windsocks for indicating wind direction; pressure gauges; digital maps; money counting and sorting machines; dictating machines; credit card reading machines; automatic teller machines (ATM); pressure sensors; microphones; modems; computer monitors; computers; solar panels; computer screens; plasma display panels; protective films adapted for computer screens; flat panel electroluminescent display screens; downloadable ringtones and graphic representations for cellular telephones; magnetic identification bracelets; central processing units; computer

games; computer software for database management; electronic publications in the nature of books and periodicals; downloadable electronic books and periodicals; portable radios; computer mouse; audio-receivers and video-receivers; tire pressure gauges; clothing for protection against fire; semi-conductors; simulators for the steering and control of vehicles; home theatre projectors, home theatre surround sound systems; computer software for editing, downloading, transmitting, receiving, creating, playing, extracting, encoding, decoding, displaying, storing and organizing digital text documents, computer graphics, digital photographs, electronic books and magazines; computer software, particularly software for transmission, recording, reproduction, visualization, organization, management, manipulation and review messages, digital text documents, digital photographs, movies, music and electronic sound recordings featuring voice messages, music recordings and audio recordings to facilitate communications between two or multiple users via the global computer network; ear plugs for divers; flash memory cards, secure digital (SD) memory cards; integrated circuit cards namely smart cards; magnetically encoded credit cards, magnetically encoded gift cards; identity cards, magnetically; magnetically encoded phone cards; blank integrated circuit cards; computer keyboards; keyboards for cellular telephones; facsimile machines; smartphones; portable telephones; electronic pocket translators; transceivers; cathode ray tubes; x-ray tubes for scanners; anti-glare glasses; safety goggles; sunglasses; computer disc drives; insulated clothing for protection against accidents or injury, irradiation and fire; video discs, video tapes, magnetic tapes, magnetic discs, DVDs, floppy discs, optical discs, compact discs, mini-discs, CD-ROMs, all the aforementioned being blank; video discs, video tapes, magnetic tapes, magnetic discs, DVDs, floppy discs, optical discs, compact discs, mini-discs, CD-ROMs, all the aforementioned being pre-recorded with music, movies or digital photographs; camcorders; video telephones; anti-dazzle shades; integrated circuits; fuel cells; video games

Class 11

(6) Lamps namely floor lamps, table lamps; air conditioners; water filtering units for domestic use; electric hair dryers; electric laundry dryers; clothes dryers, hair dryers, hand dryers; barbecue; light bulbs; stoves; electric kettles; electric coffee machines; freezers; electric cookers; gas stoves; kitchen ranges (ovens); drinking water fountains; microwave ovens; ovens for household use; electric deep fryers; electric grills; table lamps; incandescent lamps; pocket searchlights; lanterns for lighting; lighting fixtures; decorative lamps; bicycle lights; lamp shades; solar collectors for heating; refrigerators; toilet seats; electric toasters; flashlights; electric fans for personal use

Class 12

(7) Vehicles namely cars, sport utility vehicles, vans, motorcycles, scooters, trucks; vehicle accessories, namely, steering wheel covers, seat covers, seat cushions, windshield sunshades ; anti-skid chains and studs for vehicle tires; motor buses; automobiles; aeroplanes; bicycles; air pumps for automobiles; bicycle bells; anti-skid chains; inner tubes for pneumatic tires; vans; trucks; caravans; treads for retreading tires; safety belts for vehicle seats; spikes for tires; casings for pneumatic tires; tire covers; sun-blinds adapted for automobiles; motor racing cars; baby carriages (strollers); windshield wipers; seat covers for vehicles; vehicle covers (shaped); covers for vehicle steering wheels; air bags for automobiles; airships; hubcaps; rims for vehicle wheels; motorcycles; engines for land vehicles; scooters (vehicles); hubcaps; luggage carriers for vehicles; ski carriers for cars; travel trailers; rear-view mirrors; vehicle wheels; safety seats for children (for vehicles); bicycle bells; boats; valves for vehicle tires; electric cars, electric scooters; refrigerated vans; adhesive rubber-patches for repairing inner tubes

Class 14

(8) Jewellery, trinkets namely key rings or key chains, precious stones; precious metals and their alloys and goods in precious metals or coated therewith, namely bracelets, brooches, earrings,

rings, necklaces; horological and chronometric instruments namely clocks and watches; ornamental pins; ornamental pins for hats; brooches (jewellery); tie pins; amulets (jewellery); rings (jewellery); earrings; bracelets (jewellery); key rings (trinkets or fobs); key chains, key fobs, key rings; cufflinks; necklaces (jewellery); stopwatches; sculptures of precious metal; statuettes of precious metal; figurines (statuettes) of precious metal; jewellery; medals; commemorative medals of precious metal, medallions (jewellery); medallions; coins; semi-precious stones; gems (precious stones); pendulums (watchmaking); charms (jewellery); commemorative plates, trophies, statues of precious metal; watch straps; watches; clocks; wristwatches; electric clocks; pendulums (clock); tie clips; stopwatches; ornamental pins, tie pins, in common metals

Class 16

(9) Adhesives for stationery or household purposes; bookbinding material; printers' type, printing blocks; photographs; instructional and teaching materials (except apparatus), namely, manuals, books and drawings; artists' brushes, artists' palettes, artists' pastels, artists' pencils, artists' pens; plastic materials for packaging namely plastic bags, plastic bubble packs, plastic film; paper and cardboard and goods made from these materials namely advertisement boards, boxes, placards, signboards; stationery namely stationery agendas, stationery binders, stationery labels; paintbrushes; printed matter namely printed awards, printed tags, printed timetables; stickers (stationery); diaries; albums namely souvenir albums; sticker albums; photograph albums; office requisites namely adhesive tape dispensers and correcting fluid; drawing pens, drawing paper; files folders; flags of paper; sporting event tickets; notepads; ball-point pens; pens; fibre-tip pens and felt-tip writing pens; paper bags; garbage bags of paper or plastics; boxes of cardboard or paper; pencil cases; decalcomanias; calendars; paint boxes (articles for use in school); folders for papers; advertisement boards of paper or cardboard; posters; booklets; adhesive tapes for stationery or household purposes; blocks for printing; tablecloths of paper; newspapers; adhesive tape dispensers (office requisites); stationery cases; bumper stickers; pamphlets; paper coasters; ball-point pen and pencil sets; pencils for painting and drawing; cases for visiting cards; tablecloths of paper; luggage tags; stationery labels; paper coffee filters; photographs; collectible photographs of sports personalities; commemorative stamp sheets; passport holders; paper clips; rubber erasers; staples for offices; paper clasps, clips; writing chalks; printed timetables; writing instruments; plastic sheets, films and bags for wrapping and packaging; correction fluids (office requisites); lithographs; pencils; colouring pencils; books; activity books; address books; books including those relating to sports personalities and sports events; autograph books; geographical maps; electric or non-electric typewriters; pencil sharpeners (electric or non-electric); marker pens (stationery); handkerchiefs of paper; writing stationery; lithographic works of art; stationery personal organizers; palettes for painters; banners of paper; paper; self-adhesive paper for notes; food wrapping paper; writing paper; copying paper (stationery); gift wrapping paper; toilet paper; luminous paper; passes namely sporting event tickets; plastic film for preserving foodstuffs; paperweights; paper clasps, clips; fountain pens; boxes for pens; holders for cheque books; event programs; booklets; colouring and drawing books; square rulers; paintings (pictures), framed or unframed; blank flip charts; felt-tip colouring pens; comic books; magazines (periodicals); sealing stamps; bookmarkers; envelopes (stationery); bookends; stationery cases, pen and pencil holders, writing paper holders, stands for writing implements, document file racks; photograph stands; stands for pens and pencils; inking pads; note cards; invitation cards; greeting cards; postcards; gift cards; thumbtacks; tissues of paper; ink; sporting event tickets; place mats of paper; towels of paper; towel wipes of paper; napkins of paper for removing make-up; travellers' cheques

Class 18

(10) Leather and imitations of leather; whips, harness and saddlery; umbrellas, parasols and walking sticks; animal skins, hides; tote bags; suit bags; sport bags; sport bags (other than those

adapted for the goods they are designed to contain); belt bags; school bags; bags of leather; handbags; travel bags; boxes of leather or leather board; wallets; travel trunks; vanity cases (not fitted); collars for pets; straps of leather (saddlery); leather leashes; leather and imitation leather; luggage and carrying bags; key cases (leather ware); luggage tags; briefcases (leather ware); purses; backpacks, rucksacks; toiletry bags; parasols; umbrellas; wallets; clothing made of leather, collars and leashes for pets; wheeled bags; beach bags; garment bags for travel; card cases (notecases); leather straps; clothing for animals

Class 21

(11) Earthenware; cleaning, dusting and polishing cloths, brooms, dusters; fibres used to make hairbrushes, filaments for use in paint brushes, filaments for use in tooth brushes, horsehair for brush-making; largetoothed combs for the hair and bath sponges, make-up sponges, scouring sponges; brushes, except paintbrushes, namely hair brushes, make-up brushes, tooth brushes; unworked and semi-worked glass, except building glass; sports bottles; insulating bottles; drying racks for washing; cocktail shakers; mixing spoons (kitchen utensils); drinking flasks; soap boxes, tissue boxes; metal boxes for dispensing paper towels; containers for food and beverages; crystal drinking glasses; ice pails; decanters; bottle openers; drink coasters; statues of porcelain, terra-cotta and glass; clothes racks (for drying); figurines (statuettes) of porcelain, terra-cotta and glass; dental floss; cages for household pets; ice buckets; tankards; beer mugs; decorative glass; drinking glasses; gloves for household purposes; fruit presses, non-electric, for household use; feeding troughs for animals; bottle openers; fitted picnic baskets (including dishes); waste paper baskets; hair combs; cutting boards for the kitchen; toothbrushes; hairbrushes; containers for household or kitchen use namely food storage containers, garbage containers, pail containers; coolers bags; serving trays; decorative glass trays; saucers; sugar bowls; cups; tea pots; corkscrews; cooking utensils

Class 25

(12) Clothing namely athletic clothing, baby clothing, casual clothing, children's clothing, sports clothing; footwear namely athletic footwear, casual footwear, exercise footwear, sports footwear; headgear namely sports headgear, hats, caps, protective visors for athletic use; coats; waistcoats; stadium vests (marking vests); bathing suits; bath robes; hats; caps; boots; scarves; shoes; shirts; headbands; belts; caps; neckties; aprons; sweatshirts; braces for clothing; skirts; shawls; bandanas (neckerchiefs); caps; knitted caps; gloves; waterproof clothing namely jackets and pants; jackets; blazers; sports jackets; pullovers; sleeveless pullovers; sweaters; underwear; garters; bathing suits; socks and stockings; trousers; shorts; pyjamas; sport bibs; knitted tops; wrist bands; kimonos; vests; suits for infants and children; shoes; sports shoes; t-shirts; singlets; sandals; sport uniforms; dresses; bathing suits; motorists' clothing namely motorists' casual clothing, motorists' sports clothing; cap peaks; shawls; none of the aforementioned goods intended or adapted for use in an orthopedic or therapeutic setting, for orthopedic or therapeutic muscle or joint support, or as orthopedic or therapeutic compression or anti-embolism products

Class 28

(13) Decorations for Christmas trees; games, toys and playthings namely action skill games, board games, card games, coin-operated amusement electronic games, parlour games, party games; golf tees; golf accessories namely golf bags, golf balls, golf clubs, golf gloves, golf markers, golf tees; apparatus for gymnastics namely balance beams, horizontal bars, parallel bars, pommel horses, rings, springboards, vaults; electronic game consoles adapted for use with television sets; electronic game consoles with liquid crystal displays; controllers for electronic game consoles, bags specially adapted for electronic game consoles, fitted covers specially adapted for electronic game consoles; video game machines; handheld video games consoles; articles for gymnastics

namely balls for rhythmic gymnastics, clubs for rhythmic gymnastics, hoops for rhythmic gymnastics, ribbons for rhythmic gymnastics; play balloons; party hats (toys) of paper; golf clubs; lottery tickets to scratch; balls for play; sporting bags and containers adapted for carrying sports equipment; golf bags with or without wheels; amusement park rides; golf club head covers; confetti; gaming consoles; voice-adapted or hand-operated game controllers; kites; golf gloves; automatic gaming machines; playing cards; board games; portable games with liquid crystal display; inflatable toys; toys for pets; robots (toys) for entertainment; joysticks for video games; foam hands (toys); coin-operated arcade video game machines, coin-operated amusement electronic games; electronic video game machines for game rooms; slot machines; football field markers, track and field markers, golf ball markers; scale model vehicles; skate boards; plush dolls; joystick for game consoles; toy scooters; roller skates; plush toys; sports balls; puzzles; rackets for tennis, badminton or squash; tables for indoor football; jigsaw puzzles; toy vehicles; remote control toy vehicles; none of the aforementioned goods intended or adapted for use in an orthopedic or therapeutic setting, for orthopedic or therapeutic muscle or joint support, or as orthopedic or therapeutic compression or anti-embolism products

Class 30

(14) Spices; salt; mustard; vinegar, sauces namely barbeque sauce, ketchup, hot sauce; corn-based snack food; rice; cookies; cocoa; coffee; ready-to-eat cereals; sugar confectionery; chocolate confectionery; crackers; candies; soya flour; flour; corn flakes; ice cream; yeast; honey; molasses; bread; corn, roasted; pastries; cakes; cereal-based snack food; artificial coffee; sugar; tea; chocolate

Class 32

(15) Mineral and aerated waters; fruit beverages and fruit juices; beers; syrups and powders used in the preparation of soft drinks; mineral and aerated waters; fruit and vegetable drinks; energy drinks; vitamin enriched water, vitamin enriched fruit juice; frozen fruit drinks; isotonic drinks; beers; non-alcoholic beers; ales; lagers; fruit and vegetable juices

Class 33

(16) Alcoholic beverages, except beers, namely alcoholic coffee-based beverages, alcoholic coolers, alcoholic fruit drinks, alcoholic tea-based beverages; rice alcohol; anise (liqueur); anisette; aperitifs; arak; distilled beverages namely brandy, cognac; alcoholic cocktails; gin; kirsch; liqueurs; rum; sake; cider; wines; wine protected by the appellation of origin 'Champagne'; sparkling wines; vodka; whisky

Class 34

(17) Articles for smokers in precious metals namely ashtrays, lighters, smoking pipes

Services

Class 35

(1) Business administration; business management; advertising the wares and services of others; business administration services; advertising agencies- publicity agencies; compilation and recording of statistics at sports events and activities; dissemination of advertising matter for others; compilation of statistics; market studies; rental of advertising space; advertising the goods and services of others through all public communication means; administration of customer loyalty programs; loyalty, incentive and bonus programs for customers at sports venues by means of distributing loyalty and encoded member cards which may hold personal user data; advertising agency services; promoting goods and services of others by means of issuing of loyalty reward cards for supporters, containing personal information on the identity of the card holder and enabling control of access to sports stadiums (ticket office services); promoting the goods and

services of others; promotion of third parties through ads (sponsors); promoting the sale of goods and services through a consumer loyalty program; provision of space on websites for advertising goods and services; providing online business directories in relation to the reservation of temporary lodgings, and the rankings, ratings, reviews, referrals and recommendations in relation to reservation of temporary lodgings; on-line advertising for others via a computer communications network; advertising services for promoting sports events; television advertising for others, radio advertising for others; arranging and conducting trade show exhibitions of sporting equipment, clothing, games, toys, souvenir albums, magazines, books and computer software (excluding the transport thereof); arranging for sponsors to affiliate their goods and services with sporting and cultural events and activities; compilation of advertisements for use as web pages on the internet; compilation of information into computer databases namely still or animated images; collection of commercial information directories for publication on the Internet and on a wireless electronic communication network; compilation of information into computer databases; commercial business management services namely for processing commercial services on a global computer network (Internet) or via wireless electronic communication devices; promotional agency services for sports and public relations; services of an advertising agency on a global computer network (the internet) or via wireless electronic communication devices; provision of information and advisory services relating to e-commerce; promotion services provided by a commercial company through a customer loyalty card; promoting the goods and services of others through the administration of sales and promotional incentive schemes; online advertising for others via a computer communications network; marketing research services; retail sale of solvents, paraffin, waxes, bitumen and gasoline; systemization of information into computer databases; opinion polling; auctioneering on a global computer network (the Internet) or via wireless electronic communication devices; retail store services featuring sports equipment, clothing, games, toys, souvenirs in the nature of programmes, albums, coins, stamps and medals, printed materials, namely, brochures, greeting cards, diaries, note books and books, computer software, bags, home entertainment electronics, car audio electronics, personal digital assistants, eyeglasses, homewares, skin care preparations, perfumes, housewares, fuels, lubricants, hand tools, vehicles, jewellery, stationery, furniture, luggage, sporting equipment, ear protectors, headphones, food, drinks; retail sale of interactive compact discs, CD-ROMs, and computer games; online retail services for interactive compact discs, CD-ROMs, and computer games; retail sale of food

Class 36

(2) Insurance; real estate affairs namely real estate investment, real estate management; credit bureaux; financial sponsorship of sporting events; hire-purchase financing; real estate consultancy; safe deposit services; issuance of credit cards; issuing of travellers' checks; financial guarantee and surety services; lease-purchase financing; capital investment; fund investment; financial clearinghouse services; financing of loans; insurance services; information services concerning financial analysis and insurance, provided from a computer database or via the Internet or on any wireless electronic communication network; financial guarantee services relating to the reimbursement of expenses incurred following a vehicle breakdown or a vehicle accident; bill payment services; credit card services; debit card services; financial analysis and research services; financial services namely provision of e-wallets and cryptocurrency; financial sponsorship of sporting and cultural events and activities; leasing of performance venue space

Class 37

(3) Building construction; vehicle repair; vehicle maintenance; motor vehicle maintenance and repair; repair and maintenance of aircraft; vehicle polishing; refuelling and maintenance vehicle service stations; mining extraction; vehicle greasing; installation, maintenance and repair of computer hardware; installation of wind power systems; installation of solar power systems;

installation of hydropower systems; pipeline construction and maintenance; installation and maintenance of hardware for computer networks; installation, maintenance and repair of vehicles; installations and repair of gasoline station equipment; vehicle lubrication; maintenance and repair of power stations; maintenance and repair of vehicle tires; maintenance and repair for the oil industry, namely consulting services for offshore oil and gas facility construction, rental of oil well drilling tools; vehicle cleaning; drilling of wells; gasoline refueling service for motor vehicles; retreading of tires; motor vehicle washing; repair of sports equipment; repair and maintenance of automobiles, tractor trailer (tractors) and other utility vehicles; repair and assembly or disassembly and maintenance of tires for vehicle wheels; repair or maintenance of electrical systems; installation, maintenance and repair services of electrical systems, computer hardware, computer networks, telecommunications networks; construction, repair, restoration, maintenance and installation services for heavy equipment; drilling services for oil and gas extraction; repair services of tires for vehicle wheels; services related to exploitation and production of oil, namely rental of drilling rigs; building construction supervision; anti-rust treatments for vehicles; vulcanization of tires (repair)

Class 38

(4) News agency services; news agencies; leasing of broadcast apparatus for external broadcasting, namely screens; leasing satellite transmission capacity; radio broadcasting; communication by telephone; communication by telegraph; providing telecommunications connections to the Internet via a global computer network; radio and television broadcasting of programs relating to sports and sports events; cable television program broadcasting; radio broadcasting; broadcasting and transmission of analogue television, digital television, cable television, satellite television, pay-per-view television, interactive television and radio; radio broadcasting; television broadcasting; rental of cellular phones, fax machines, mobile phones, modems, telephones, video conferencing equipment; rental of facsimile machines; rental of telephones; rental of access time to music streaming websites on the Internet via a global computer network or via wireless electronic communication devices; rental of access time to global computer networks; rental of access time to a computer database in the field of sports; electronic mail; providing electronic bulletin boards for transmission of messages among users on the Internet or on any wireless electronic communication network; providing access to real-time chat forums; communication by mobile telephone; telex services; internet service provider services; telecommunication services and consultancy namely mobile telephone communication services, personal communication services (PCS); telecommunication services, namely online retail sale by means of interactive communications with customers, namely providing electronic transmission of credit card transaction data and electronic payment data via a global computer network; teleconferencing services; mobile telephone services; videotext services and teletext services; paging services; providing access to websites offering digital music on the Internet via a global computer network or via wireless electronic communication devices; providing access to a multi-user network system giving information relating to betting and money games; providing access to a global computer network for the purpose of accessing online retail and wholesale store services; providing access to and leasing of access to electronic bulletin boards in the field of sports and online chat rooms in real time via a global computer network; providing access time to a global computer network (the Internet); providing internet access via a fibre-optic broadband network; providing access to global computer information networks for the transfer and dissemination of a wide range of information; providing online chat rooms for the transmission of messages, comments and multimedia content among users; cable television; transmission of data, namely digital text documents, digital photographs, computer graphics, videos featuring sports, movies, music, and downloadable and non-downloadable electronic sound recordings featuring voice

messages, music recordings and audio recordings of live sports events via satellite transmission, microwave transmission, or a global computer network; electronic transmission of data namely digital text documents, digital photographs, computer graphics, videos featuring sports, movies, music, and downloadable and non-downloadable electronic sound recordings featuring voice messages, music recordings and audio recordings of live sports events via mobile telephone, telephone, facsimile machine and telex; transmission of data, namely digital text documents, digital photographs, computer graphics, videos featuring sports, movies, music, and downloadable and non-downloadable electronic sound recordings featuring voice messages, music recordings and audio recordings of live sports events by fiber optic cable or wireless computer networks; streaming of audio and video via the Internet featuring music, movies, news, and sports; providing electronic mail and instant messaging services; transmission of text messages and digital photographs via a global computer network; transmission of digital music via the Internet or via any wireless electronic communication network; transmission of digital music via telecommunications; transmission of digital music via streaming websites; transmission of web pages of others via the Internet; facsimile transmission; on-line transmission of electronic publications, namely books and periodicals; real-time streaming of music and movies via the Internet; real-time streaming of digital music via mobile telephones; transmission and dissemination of television and radio programs via the Internet or via any wireless electronic communication network; simulcast broadcasting and uploading of film recordings and music and videos featuring sports; simulcast broadcasting and uploading of interactive compact disks, CD-ROMs, computer programs containing musical sounds, entertainment-related audio, video, digital text and multimedia content, namely music, movies, television shows, music videos, news, sports and games and computer games; satellite television transmission; broadcasting of radio and television programs relating to sports and sporting events

Class 39

(5) Packaging of articles for transportation; travel arrangement; transportation and storage of documents, messages, printed matter, parcels by land vehicles, boats and air; newspaper and book delivery; utility services transmission of electricity, water and natural gas; transportation of petroleum products by land vehicles, boats and air; warehousing of goods; rental of parking spaces; vehicle rental; travel arrangement; providing information related to the planning and bookings of car sharing and temporary parking services; providing information regarding passenger transportation services and bookings for passenger transportation by land vehicles, boat, or air via a website; tracking and tracing of packages in transit; travel agency services for arranging travel; courier services; gps navigation services; travel ticket reservation services; taxi transportation; travel tour operation services; freight forwarding services; transportation services by airplane, railway, bus and truck; boat travel services; tourist travel services; chauffeur services; transport of persons by aircraft, train, bus, truck or boat; transportation, storage and delivery of letters, documents, messages, transportation of printed matter, parcels by land vehicles, boat or air; vehicle leasing

Class 41

(6) Educational services in the field of automobile racing training; betting and gambling services on-line on the Internet or on any wireless electronic communication network; timing of sports events; operating night clubs; issuing of tickets for events, including motor sports events; entertainment in the form of movies, television shows, live theatrical performances and live performances relating to motor sports events; entertainment in the form of interactive live performances relating to motor sports events; practical training in the field of automobile racing; educational services in the field of automobile racing provided on-line from a computer database or via the Internet or via any wireless electronic communication network; provision of entertainment information relating to motor sports, provided on-line from a computer database or via the Internet or via any wireless

electronic communication network; rental of music and movies for entertainment purposes; rental of movie projectors and their accessories; organization of sporting and cultural events and activities, namely motor races, concerts, and competitions relating to motor sport; organization of events relating to motor sport; organisation of exhibitions in relation to motor racing for cultural and educational purposes; organization of sports competitions, namely motor racing; arranging of beauty contests; organisation of computer games competitions; operating lotteries; arranging and conducting of musical concerts, conferences and training workshops in the field of automobile racing; operating amusement parks; party planning (entertainment); production of animated cartoons for the cinema, production of animated cartoons for television; production of programmes for radio, television and videotape; production, presentation, distribution and rental of film recordings and movies and music; provision of digital music (not downloadable); publication of books; publication of books and electronic journals on-line; reservation of entry tickets to sports or entertainment events; betting and gambling services relating to sports; entertainment services in the nature of customer reception services, namely corporate event planning; videotape editing; entertainment services in the form of public viewing of live and delayed broadcast of sports events; entertainment services in the nature of live performances at motor sports events; information services in the field of motor sport and live performances; audio and video recording services; electronic computer game services provided by means of the Internet or mobile telephones; ticket reservation services for entertainment, sporting and cultural events; entertainment in the form of prize draws; translation services; photographic reporting of sports events; provision of statistical information relating to motor sport; booking of seats for shows and sports events via a global computer network

Class 42

(7) Design and development of computers and software; leasing of computers and computer software; upload, review and update of computer software for the electronic exchange of data and telecommunication networks for third parties; creation and maintenance of computer databases and software for database management; creating, compiling, maintaining and hosting internet web sites; design and development of wireless computer networks; design and development of computers and software; cloud computing provider services for general storage of data; installing and maintenance of computer software; hosting downloadable computer software to enable users to create and share text, documents, pictures, photos, movies, maps and roadmaps; temporary provision of non downloadable computer software online allowing users to access programs with audio content, video, text and other multimedia content, namely music, concerts, movies, radio, television, news, sporting events, games; computer disaster recovery planning; computer software consultancy; computer software design and development services; graphic arts designing; computer numerical and computer data download services, namely development and creation of computer programs for data processing; computer services that provide online web pages created according to customer needs and that offer user-specific information, including search engines and online web connections with news, information on sports; computer services that provide online web pages created according to the needs of customers and providing certain information to the user, including search engines and online web links to news, weather information, sports; hosting a website featuring an on-line community for registered users to participate in discussions, get feedback, form virtual communities, and engage in social networking services; services provided by an application service provider (ASP) featuring computer software for use in connection with subscription services for online music, software allowing users to play and program music, entertainment-related audio, video, digital text, multimedia content, namely music, movies,

television shows, music videos, news, sports and games, and computer software featuring recordings of musical sounds, entertainment-related audio, video, digital text and multimedia content, namely music, movies, television shows, music videos, news, sports and games

Class 43

(8) Services for providing food and drink namely food concession stands, street vending of food, and food preparation services, namely the preparation of pre-cooked and pre-packaged meals for take-out, and the preparation of meals for bars and restaurants; providing hotel accommodation; cafés; cafeterias; canteens; tourist inn services; information on hotel bookings; reservation of hotel and temporary lodgings, namely, rental of rooms as temporary living accommodations; hotel reservation; food and drink catering; restaurants; self-service restaurants; snack-bars; hospitality services namely restaurant services, bar services, catering services, hotel and motel services; bar services; fast food restaurant services; services provided by restaurant

Class 45

(9) Social networking services

Class 35

(1) Cost analyses; consultancy relating to demographics for marketing purposes; marketing studies; business feasibility studies; management and business consulting services in the fields of transportation, infrastructure, environment, energy and aviation; project management services for others, namely business management in the fields of architecture, interior design, and urban planning design; value engineering, namely, cost analysis; advisory services for others for business management in the fields of architecture, interior design and urban planning design; business management services, namely assessing and providing advice on business efficiency; business management analysis, namely, cost analysis services for contracted work; management and business consulting services in the field of transportation and aviation; professional business management consulting; economic consulting and information for economic development, urban revitalization, real estate, tourism and culture and environmentally sustainable buildings; business consulting and advisory services in the fields of energy efficiency, renewable energy, logistics and mining; consultancy services regarding business strategies in the field of wastewater liquids and solids treatment, specifically related to the commercial, industrial and municipal uses; business management services, namely, managing logistics, reverse logistics, supply chain services, supply chain visibility and synchronization, supply and demand forecasting and product distribution processes for others; business services, namely, procuring qualified and credentialed third-party experts, professionals and other qualified personnel, and documentation and information all on behalf of others; business services, namely, providing information regarding the purchase and sale of a wide variety of products and services of others via computer databases, namely providing an on-line commercial information directory on the internet; business services, namely, registering, screening, credentialing, and organizing third-party vendors, suppliers, and contractors, and documentation and information on behalf of others; compilation and systemization of information into computer databases; computerized database management; database management; business services, namely, integrated tracking and management and carrying out of commercial transactions on a global computer network; inventory control; inventory control in the field of database management; inventory management; inventory management in the field of database management; management and compilation of computerized databases; records management services, namely, document indexing for others; business administration services, namely,

management of human resources and office and facility equipment, and materials; business management services, namely, management of military equipment and materials; business advisory and consultancy services in the field of defense systems and facilities management and commercial assistance relating to defense system implementation and defense system integration, namely, base alignment and closure; business advisory and consultancy services in the field of analysis of antiterrorism protection, preparedness in emergency response, environmental restoration of excavation sites, reduction of global military threats; business advisory and consultancy services in the field of logistics management, namely transportation, storage and delivery of goods by air, rail, ship and truck; business services, namely, facilities management in the fields of aviation, corporate operations, government, power lines and power stations, industrial and manufacturing facilities, office buildings, research and development facilities, and transportation facilities managing consultants, costs and scheduling monitoring, construction and renovation monitoring, business operation consultancy, namely consulting in the operation of facilities in the fields of aviation, corporate operations, government, power lines and power stations, industrial and manufacturing facilities, office buildings, research and development facilities, interior design; business management of industrial installations and configurations, namely, business operation services in the field of manufacturing, processing and assembly plants, processing and refining facilities, distribution centers, power plants, transportation infrastructure, and mining operations; business consulting services in the fields of applicable statutes, regulations, directives and instructions, due diligence, environmental assessments, safety and health assessments, financial asset management, business acquisition planning, technology assessment, namely business risk assessment, intellectual property and software licensing, and risk management; business management consulting services in the fields of business internal process optimization and on the job business process hazards analysis; business acquisition and merger consultation; corporate governance consulting services, namely, economic and strategic planning, budgeting, contingency planning, social risk assessment and developing sustainable work systems for conserving water and renewing energy; human resource management, namely, project staffing; business project management services for construction projects, namely, cost and schedule control, document control, utility coordination, contract administration, contractor coordination and change order control; graphic and multimedia design of advertising materials for the purpose of promoting the goods and services of others

Class 37

(2) Construction supervision services for the energy, transportation, pollution, abatement, water resources and health care industries; building construction supervision; construction management of tunnels and underground structures; building construction consultancy; building construction management; construction services, namely, custom construction of commercial buildings; building construction supervision; consulting in the field of building construction and building construction supervision; consulting in the field of hospital construction; inspection services in the course of construction of airports, highways and bridges; residential and building construction consulting; residential and commercial building construction; technical consultation in the field of building construction; technical consultation in the field of building materials, namely, cementitious materials, asphalt and aggregates; house, building and public or industrial structure demolition services; building construction services; building construction, remodeling, inspection, maintenance, reinforcing, restoration and repair; construction of tunnels and underground structures; construction and renovation of buildings; construction grading services; construction of airports, buildings, medical establishments, roads, underground utilities, housing pads, highways and bridges; construction, maintenance and renovation of residential and commercial properties and factories; consulting services for repair and restoration of historic buildings and structures;

electrical contracting, namely, installation of electrical systems, installation of electrical machinery, repair of electrical systems, and comprehensive preventative maintenance service for electrical systems; erecting of commercial centers, housing areas and manufacturing plants; pipeline construction, maintenance, installation and repair; providing information on repair services in the aviation sector; refurbishment of buildings; renovation and restoration of buildings; repair of buildings; repair work on buildings; road construction; construction of steel structures, namely, building scaffolds, and working platforms; street construction; construction project management services; construction services in the field of entertainment, commercial, sports, data centers, disaster recovery, government, healthcare, education, hospitality, transportation, residential and retail, namely, building construction services and construction of residential and commercial properties; construction project management services in the field of construction of oil and gas facilities; technical consulting related to the installation of oil and gas facilities; construction of aquatics facilities; construction of water treatment facilities; consulting services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities, namely, bridges, highways, interchanges, tunnels, railways and subways, airports, port and harbor facilities; marine construction; pump repair and maintenance; repair or maintenance of water pollution control equipment and water purifying apparatus; construction consultancy relating to sanitation facilities; construction, dredging and repair of underwater buildings, highways, interchanges, tunnels, railways and subways; industrial construction services, namely, construction of manufacturing plants, bulk storage facilities and specialized structures, and installation of industrial equipment for use in the mining, forestry, food processing, power generation, petrochemical, manufacturing and materials handling industries; construction supervision services, namely construction project management, construction program management and construction management, all for construction and demolition of buildings and for decommissioning of construction sites; construction management services, namely, construction consultation, and construction of government, commercial and industrial properties, and inspections during building construction; construction program management and construction management services and maintenance services for large and complex engineering projects to build, maintain and improve healthcare complexes, K-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, interchanges, tunnels, railways and subways, airports, port and harbor facilities, and water supply, and water and waste treatment and distribution systems; maintenance and improvement in the nature of repair of public buildings, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, railways and subways, and airports; project management in the field of building construction; installation of monitoring systems to monitor soil, groundwater and surface water conditions for environmental hazards and pollutants

Class 39

(3) Aviation consulting, namely, consulting in the field of military aviation system, ground military weapons, military flight training, disposal of nuclear, chemical and biological weapons, modifying nuclear, chemical and biological weapons for other uses

Class 42

(4) Engineering and architectural analysis, planning and design services for the energy, transportation, pollution abatement, water resources and health care industries, namely, architectural services, construction planning, and civil engineering drawing services; architectural services, civil engineering services for building construction; architectural consultancy; architectural design; civil engineering; conducting engineering surveys; conducting of technical feasibility studies for building construction; consulting in the field of civil engineering for building

construction and architecture; consulting in the fields of civil engineering for building construction and architecture; design for others in the field of engineering, namely, architectural design; design of tunnels and underground structures; drawing up of plans and engineering drawings; civil engineering services, namely, building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; civil engineering services, namely, construction of water treatment and purification plants, and solid waste treatment plants; civil engineering services, namely providing advice and consulting in compliance with environmental rules, regulations and guidelines; engineering services, namely, civil engineering for the construction of airports, highways and bridges; land use planning services; landscape architectural design; planning and layout design for the interior space of retail business establishments; planning of buildings and infrastructure systems for buildings; providing quality assurance services in the field of engineering, namely, building constructions and architecture; quality control in the field of civil engineering for others; structural engineering design services; urban planning; architectural research; civil engineering for the design of airports, highways and bridges; computer aided design in the field of building construction and urban planning for others; conducting chemical surveys, namely, strength and chemical testing of cementitious materials, asphalt and aggregates; construction drafting; consulting services in the field of architectural design; building and construction drafting; drafting of construction plans for recreation premises; civil engineering; graphic illustration and drawing services, namely, providing graphic illustrations and drawings of commercial and industrial building designs, and converting building designs or markups to electronic CAD drawings; inspection, quantity and quality control, supervision and verification of the quality and quantity of raw materials, commodities, manufactured, semi-manufactured and transformed goods or goods of any other nature and their conformity with national and international norms, laws, rules, practice and standards and with clients' contractual requirements; inspections of airports, highways and bridges; marine, aerial and land surveying; materials testing, analysis and evaluation; mechanical engineering and research; monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; monitoring of erosion and sedimentation; pipeline inspection services; planning and layout design services for cleanroom environments; product development and civil engineering services for others; providing design services for others in the field of theme parks, museums, and miniature golf courses; research and development and consultation related thereto in the field of civil engineering; research and development of technology in the field of civil engineering; research on building construction or city planning; research relating to mechanical engineering; research, development, and testing services in the fields of welding and material joining; survey design and research; land surveying; technical consultancy regarding the field of road cutting technology; technical surveying; testing or research on civil engineering; testing, analysis and evaluation of the goods and services, namely, certification of quality of goods and services of others; testing, analyzing and evaluating the structural properties of masonry and concrete structures; architectural consultation; civil engineering relating to water irrigation; civil engineering and hydrological design of restoration of stream channels, marshes, estuaries, and wetlands; civil engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, design and testing of new products for others, namely energy efficient goods; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of environment engineering, design and testing of new products for others, namely energy efficient goods, namely, environmental friendly goods; hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-

water and flood-waters; architectural design services in the fields of civic, corporate, education, healthcare, justice, leisure, sports venues, transportation, government, and utilities; spatial planning for buildings; climate and resource planning for buildings; community planning; urban redevelopment and regeneration planning; infrastructure and public facilities planning; planning policy analysis; consulting in the field of urban community planning, namely, construction of a sustainable community, and consulting in the field of environmental friendly and energy efficient business management practices; engineering services, namely, providing advice in reduction of operating costs in construction projects; application service provider (ASP) featuring software for use in accounting/financial management, deployment/personnel management, property/inventory control management, production control management, quality/safety/environmental management, supply chain management, planning and schedule management, document management and earned value management; application service provider featuring software for providing an on-line database in the field of payment processing to upload transactional data, provide statistical analysis, and produce notifications and reports; application service provider, namely, providing, hosting, managing, developing and maintaining applications, software, web sites, databases in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices, namely in administration of health care plans and group benefits programs, for monitoring and managing employee productivity and for business risk management; application service provider, namely, providing, hosting, managing, developing, researching, analyzing, reporting, and maintaining applications, software, web sites, and databases of others in the fields of healthcare benefits programs, employee productivity, risk management; application service provider for hosting computer application software in the field of database management to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; application service provider for hosting computer application software in the field of knowledge management relating to creating searchable databases of information and data, namely, database management; computer services, namely, hosting a web-based system and online portal for customers to remotely manage, administer, modify and control their end user computer devices, data and software applications; computer systems integration services; database development services; integration of computer systems and networks; integration services, namely, computer system integration services; hosting a secured-access website that gives registered internet-networked institutions to upload, view, copy, print, download and share documents and photographs, namely, assisting others to create their websites; software as a service (SAAS) services featuring database management; software as a service (SAAS) services, namely, hosting software for use by others for use in use in accounting/financial management, deployment /personnel management, property/inventory control management, production control management, quality/safety/environmental management, supply chain management, planning and schedule management, document management and earned value management; analysis of stream water quality; bacteriological consultation, research and testing; calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation; chemical, biochemical, biological and bacteriological research and analysis; civil engineering for the design of wastewater treatment facilities; civil engineering relating to water irrigation; consultation services in the field of hydrological research; consulting services in the field of environmental assessment, compliance and planning; technological consultancy in the field of water distribution systems and wastewater systems; environmental services, namely, detection of contaminants in water; environmental testing and inspection services; hydrologic and hydraulic modeling and design of storm drainage infrastructure; hydrologic study of surface and ground water; hydrological calculations and simulations of flood flows in streams, marshes, and wetlands; hydrological research; inspections of water treatment facilities; mapping services; marine, aerial

and land surveying; materials testing, analyzing, and evaluation; mechanical engineering and research; monitoring of stream water quality; planning and designing aquatics facilities; providing environmentally friendly automation solutions, namely, evaluation of buildings, residential and commercial properties for environmental hazards and pollutants; providing quality assurance services in the field of wastewater treatment; providing technological and scientific information about environmentally-conscious and green innovations, namely, providing information to assist with development of new products for others; research in the field of hydrogeology; scientific research and development, namely, research and development of new products for others; sewer overflow monitoring services; sewer system monitoring services; technical consultancy in the field of environmental science; technical monitoring services for conditions of water; technology consultation and research in the field of water resources; technology supervision and inspection in the field of water resources; testing of filters; testing of raw materials; underwater structural inspection services; water quality control services; consultation in the areas of industrial engineering, mining, land surveys, mapping and geographic information services, public transit, water resources and irrigation, environmental engineering, urban economic and development planning, urban development engineering, and municipal engineering; engineering and architectural design, namely, creating plans, specification and preliminary and final designs for others for large and complex engineering projects to build, maintain and improve healthcare complexes, K-12 schools, colleges and universities, public buildings, power plants, energy facilities, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, namely, railways and subways, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; systems engineering for large and complex engineering projects to build, maintain and improve public buildings, power plants, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, mass transit systems, namely railways and subways, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; technical assistance in the establishment and operation of large and complex engineering projects to build, maintain and improve healthcare complexes, public buildings, commercial, industrial and manufacturing facilities, power plants, and federal, state and municipal infrastructure, namely, highways, mass transit systems, namely railways and subways, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; design services for others in the field of defense systems, namely, product development for aviation and ground defense equipment, military vehicles, and defense shelters; design services for others in the field of engineering, namely, product development services in the field of air emission control and flood control; civil and environmental engineering services, namely, preparing environmental impact assessment, preparing environmental impact assessment in the fields of climate change and bio-diversity, biological, ecological, energy management, and earthquake studies, and compliance reports; computer consultation in the field of computer security; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; design and development of computer networks; computer and computer network design and engineering, in the fields of geographic information services combining software and information technology to produce visual representations of topographies; computer application software development for others for simulation services and integration of computer systems and networks, and for imaging services, namely, for visual representation of buildings and urban planning; updating and maintenance of database systems; engineering services, namely, product development in the field of computer networks and database design and development; civil engineering services, namely, design and planning large and complex engineering projects to build, maintain and improve healthcare complexes, K-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and

manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, namely, railways and subways, airports, port and harbor facilities, water supply, and water and waste treatment and distribution systems; operations for computer systems and computer networks in the nature of computer and network design and engineering, computer application development, computer application integration, development, updating, and maintenance of databases, computer network integration, and computer systems integration for large and complex engineering projects; planning and laying out of commercial buildings; construction planning; planning and laying out of factory buildings and production facilities; hosting computer databases via the secured-access internet through which documents and images can be viewed, copied and printed for purposes of conducting corporate transactions, namely, providing access to databases for processing payments; hosting an on-line computer database in the field of locating products, describing products, rating products, pricing products and comparing prices of products; military weapon development and design, computer systems modification, namely, upgrading and updating computer hardware and software, installation of new computer systems and computer peripheral equipment; business management, namely, computer security consultancy in the field of secure information distribution on global computer information networks and on local computer networks

Class 44

(5) Providing reagent sample testing and diagnostic services for others in the fields of science and research related thereto, namely, providing medical testing and medical diagnostic services

Colour Claim

Colour is claimed as a feature of the trade-mark. The colors red, white, blue, and gray are claimed as a feature of the mark. The mark consists of a rectangular bar design containing three horizontal, rectangular bars. The top bar is red, the middle bar is white, and the bottom bar is blue. Centered in the top of the white bar is an image of a hot air balloon. The hot air balloon is divided horizontally into three colored sections. The top section is red, the middle section is white, and the bottom section is blue. The basket underneath the balloon is gray. The design is surrounded by dotted lines to show the extent of the mark; the dotted lines are not part of the mark and no claim is made to such dotted lines.

Colour Claim

Colour is claimed as a feature of the trademark. The word 'TRAILEX' is yellow.

La couleur est revendiquée comme caractéristique de la marque de commerce. Le mot TRAILEX est jaune.

Goods

Class 12

Remorques, semi-remorques; pièces de remorque et de semi-remorque, notamment pare-chocs, supports pour rondins, supports pour pneus de secours, potences de manutention, caisses de camion, solives et chevalets.

Trailers, semi-trailers; trailer and semi-trailer parts namely bumpers, log supports, spare tire carriers, parking brackets, truck boxes, joists and bridges.

Services

Class 35

Exploitation d'une entreprise spécialisée dans la vente de remorques, de semi-remorques, de chariots, de caisses de camion, de pare-chocs, de supports à rondins, de supports pour pneus de secours, de potences de manutention, de structures d'acier comme composants de camions semi-remorques et de semi-remorques à marchandises, de solives et de ponts ainsi que dans le service après-vente connexe.

Operation of a business dealing in the sale and after-sales service of trailers, semi-trailers, trolleys, truck boxes, bumpers, log supports spare tire carriers, parking brackets, steel structures as part of semi-trailer trucks and cargo trailers, joists and bridges.

Goods

Class 09

Virtualization software for creating and displaying battle, military, defense and emergency scenarios for training military and civilian personnel; computer software for training on the operation of aircrafts, military ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, training on conducting military missions, and training on using threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; computer software for training military and civilian personnel how to respond in battle, military, defense and emergency scenarios; simulation software for simulating the operation of aircrafts, military ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, tanks, periscopes, drones, unmanned aerial vehicles, and threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for simulating the carrying out of military missions; simulation software for simulating battle, military, defense and emergency scenarios for training military and civilian personnel how to respond; flight simulators; electronic and analog simulators for training operators, namely, flight simulators and ground vehicle simulators; electronic and analog training, steering and control simulators, namely, watercraft simulators; electronic and analog training and control simulators, namely, simulators for weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes; electronic and analog training, steering and control simulators, namely, military tank and military vehicle simulators; electronic and analog training and control simulators, namely, periscope simulators; electronic and analog training, steering and control simulators, namely, drone and unmanned aerial vehicle simulators; electronic and analog training simulators, namely, military

mission simulators; electronic and analog training simulators, namely, simulators for threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; simulators for training military and civilian personnel for battle, military maneuvers, defense preparation, and disaster prevention and relief scenarios; software for aggregating software to allow disparate programs to be used together for simulating and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes for bombs, missiles, gun shells, bullets and tracers, explosive mines, torpedoes, military tank operation, periscope operation, drone and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platform simulators for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks

Services

Class 35

(1) Business management services; data management services, namely, processing, compiling, analyzing and monitoring data and computerized data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes; computer file management services; computer database management; computerized business management; management of computerized virtual world data, namely, processing, compiling, analyzing and monitoring of computerized virtual world data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes; management of computerized simulation software data, namely, processing, compiling, analyzing and monitoring of computerized simulation software data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes; management of computerized systems data, namely, processing, compiling, analyzing and monitoring of computerized systems data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons

systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes; management of computer software files; information, advice, technical expertise, and consultancy services in relation to business management services, data management services, namely, processing, compiling, analyzing and monitoring data and computerized data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes, computer file management services, computer database management, computerized business management, management of computerized virtual world data, namely, processing, compiling, analyzing and monitoring of computerized virtual world data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes, management of computerized simulation software data, namely, processing, compiling, analyzing and monitoring of computerized simulation software data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes,, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes, management of computerized systems data, namely, processing, compiling, analyzing and monitoring of computerized systems data pertaining to simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for business purposes, management of computer software files

Class 41

(2) Training in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks,

periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; training military and civilian personnel for battle and other defense and emergency scenarios; educational services, namely, course, classes, seminars, workshops and online, nondownloadable learning modules in the form of online courses, all in the field of operating aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, for use in battle, and other military, defense and emergency scenarios; training assessment services, namely, assessing the effectiveness of training in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for the purpose of improving training and education in these fields; simulator training services in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios; computer based training services in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios; computer based simulation training services in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios; arranging, organizing and delivering seminars and workshops in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian

personnel for battle, military, defense and emergency scenarios; information, advice, technical expertise, maintenance and consultancy services in relation to training in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, training military and civilian personnel for battle and other defense and emergency scenarios, educational services, namely, course, classes, seminars, workshops and online, non-downloadable learning modules in the form of online courses, all in the field of operating aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, for use in battle, and other military, defense and emergency scenarios, training assessment services, namely, assessing the effectiveness of training in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks for the purpose of improving training and education in these fields, simulator training services in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios, computer based training services in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios, computer based simulation training services in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios, arranging, organizing and delivering seminars and workshops in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles,

and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and in the training of military and civilian personnel for battle, military, defense and emergency scenarios; information, advice, technical expertise, and consultancy services in relation to business management services, data management services, namely, processing, compiling, analyzing and monitoring data and computerized data pertaining to computerized project management, namely, computer project management services for managing simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks

Class 42

(3) Technological consultation services in the nature of assisting in training in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, in the training of military and civilian personnel for battle, military, defense and emergency scenarios, and research and software design relating thereto; design of computer software; computer networking application services, namely hosting simulation and training software applications on a network in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; virtualization services, namely, providing computer simulation of battle, military, defense and emergency scenarios for training military and civilian personnel; development of computer training software hosted online, on the web, on the Internet, on the extranet, on the intranet, on a database, on a network; hosting digital content, namely, computer training software in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, on the internet, including on the web, on an extranet, on an online database, and on an online network; design of computer networks for simulation training for the sharing of data between simulators and simulation programs in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs,

missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; hosting the software of others on a virtual private server; Software as a Service featuring software for training persons in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel for battle, military, defense and emergency scenarios; Software as a Service featuring software for aggregating and coordinating different training software in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; providing temporary use of networked, online non-downloadable computer software for use by others in training operators of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel in battle and other military, defense and emergency scenarios, and for management of such training; providing temporary use of hosted, online nondownloadable computer software for use by others in training operators of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel in battle and other military, defense and emergency scenarios, and for management of such training; providing temporary use of networked, online non-downloadable simulation software for use by others in training operators of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel for battle, military, defense and emergency scenarios, and for management of such training; providing temporary use of hosted, online non-downloadable simulation software for use by others in training operators of aircrafts, ground vehicles, watercrafts,

weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel for battle, military, defense and emergency scenarios, and for management of such training; Software as a Service, namely, hosting software for use by others, on a virtual private server, namely, computer flight simulation software for training operators of aircrafts; providing temporary use of networked online non-downloadable software for flight simulation; providing temporary use of hosted online non-downloadable software for flight simulation; providing temporary use of networked online non-downloadable software for use by others for simulating use of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for simulating battle and other military, defense and emergency scenarios, and for management of such training; providing temporary use of hosted, online non-downloadable software for use by others for simulating use of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for simulating battle and other military, defense and emergency scenarios, and for management of such training; Application service provider in the nature of hosting, managing and maintaining the software of others, namely, aggregation of simulation and training software hosted online for others, on the web, on the Internet, on the extranet, on the intranet, on a database, and on a network to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; Application service provider in the nature of hosting, managing and maintaining the software of others, namely, networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; Software as a service featuring software for the aggregation of simulation and training software hosted online for others, on the web, on the Internet, on the extranet, on the intranet, on a database, or on a network to allow disparate programs to be used together in the

field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; Software as a service featuring software for networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; Hosting the digital content of others on the internet, namely, networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; Hosting the digital content of others on the internet, namely, aggregating of simulation and training software on the web, on the Internet, on the extranet, on the intranet, on an online database, and on an online network to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; information, advice, technical expertise, maintenance and consultancy services in the fields of technological consultation services in the nature of assisting in training in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, in the training of military and civilian personnel for battle, military, defense and emergency scenarios, and research and software design relating thereto, design of computer software, computer networking application services, namely hosting simulation and training software applications on a network in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare,

Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, virtualization services, namely, providing computer simulation of battle, military, defense and emergency scenarios for training military and civilian personnel, development of computer training software hosted online, on the web, on the Internet, on the extranet, on the intranet, on a database, on a network, hosting digital content, namely, computer training software in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, on the internet, including on the web, on an extranet, on an online database, and on an online network, design of computer networks for simulation training for the sharing of data between simulators and simulation programs in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, hosting the software of others on a virtual private server, Software as a Service featuring software for training persons in the operation of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel for battle, military, defense and emergency scenarios, Software as a Service featuring software for aggregating and coordinating different training software in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, providing temporary use of networked, online non-downloadable computer software for use by others in training operators of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel in battle and other military, defense and emergency scenarios, and for management of such training, providing temporary use of hosted, online non-downloadable computer software for use by others in training operators of aircrafts, ground vehicles, watercrafts,

weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel in battle and other military, defense and emergency scenarios, and for management of such training, providing temporary use of networked, online non-downloadable simulation software for use by others in training operators of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel for battle, military, defense and emergency scenarios, and for management of such training, providing temporary use of hosted, online non-downloadable simulation software for use by others in training operators of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for use in the training of military and civilian personnel for battle, military, defense and emergency scenarios, and for management of such training, Software as a Service, namely, hosting software for use by others, on a virtual private server, namely, computer flight simulation software for training operators of aircrafts, providing temporary use of networked online non-downloadable software for flight simulation, providing temporary use of hosted online non-downloadable software for flight simulation, providing temporary use of networked online non-downloadable software for use by others for simulating use of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for simulating battle and other military, defense and emergency scenarios, and for management of such training, providing temporary use of hosted, online non-downloadable software for use by others for simulating use of aircrafts, ground vehicles, watercrafts, weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tanks, periscopes, drones and unmanned aerial vehicles, and threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, and for simulating battle and other military, defense and emergency scenarios, and for management of such training, Application service provider in the nature of hosting, managing and maintaining the software of others, namely, aggregation of simulation and training software hosted online for others, on the web, on the Internet, on the extranet, on the intranet, on a database, and on a network to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and

torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Application service provider in the nature of hosting, managing and maintaining the software of others, namely, networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Software as a service featuring software for the aggregation of simulation and training software hosted online for others, on the web, on the Internet, on the extranet, on the intranet, on a database, or on a network to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Software as a service featuring software for networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, and operation of threat intelligence platforms for use in defensive countermeasures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Hosting the digital content of others on the internet, namely, networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Hosting the digital content of others on the internet, namely, aggregating of simulation and training software on the web, on the Internet, on the extranet, on the intranet, on an online database, and on an online network to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming,

electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Hosting the digital content of others on the internet, namely, networking and aggregating simulation and training software to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks, Hosting the digital content of others on the internet, namely, aggregating of simulation and training software on the web, on the Internet, on the extranet, on the intranet, on an online database, and on an online network to allow disparate programs to be used together in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks; computerized project management, namely, computer project management services for managing simulation and training in the field of aircraft operation, military ground vehicle operation, watercraft operation, operation of weapons systems for bombs, missiles, gun shells, bullets and tracers, explosive mines, and torpedoes, military tank operation, periscope operation, drones and unmanned aerial vehicle operation, conducting military missions, operation of threat intelligence platforms for use in defensive counter-measures using chaff, flare, Directional Infrared Counter Measures (DIRCM), radar jamming, electronic warfare sensors, electro-optical sensors, infrared sensors, sonar, ELINT (electronic intelligence) sensors, and optical sensors, radios, satellites, and datalinks

Claims

Priority Filing Date: November 27, 2017, Country or Office: UNITED KINGDOM, Application No: UK00003273384 in association with the same kind of goods and in association with the same kind of services

Application Number 1,889,534
Language of Application English

Foreign Character Translation

The translation provided by the applicant of the Spanish and Portuguese word AVISO is ADVICE.

Services

Class 35

(1) Business management consultancy, advisory services for business management, business strategic planning services, consulting in the field of organizational analysis and management, tax planning services; financial account services namely administration of investment accounts and administration of accounts for registered retirement savings plans, registered retirement income funds, locked-in retirement accounts and registered education savings plans; estate trust administration services; providing institutional sales, marketing and sales support services to third parties in the field of financial investments, financial wealth management, investment dealer services and correspondent investment services;

Class 36

(2) financial services, namely, financial planning and investment advisory services, financial investment counselling, wealth management services, financial investment and wealth management consulting services, securities investment services, investment management, investment dealer services namely buying and selling securities, term deposits, segregated funds and other investments on behalf of others, fund investment, mutual fund services, management of mutual funds, mutual fund dealer services, management and distribution of investment funds, management of portfolios comprising securities, securities and investment brokerage services, financial planning and investment analysis and consultation, capital investment consultation, assessment and evaluation of securities portfolios and financial investments, Providing information about financial investing in securities, financial management, financial asset management, online securities trading services, online brokerage services namely trading securities on behalf of investors trading online, correspondent investment services namely providing financial asset

management services as agents for portfolio managers and wealth management firms, brokerage services for capital investments, capital investment services, mutual funds and capital investment, underwriting of the sale of securities to the public, investment advisory services and private placements in the fields of mergers and acquisitions, divestitures, restructurings and stock exchange listings, loan services namely securities lending, using investment accounts as collateral for loans and investment accounts using margin, mortgage services, credit line services, electronic transfers of funds on behalf of others, bill payment services; estate planning services; insurance services, namely, insurance consulting services; financial investment analysis and stock research; providing information with respect to financial investments and financial wealth management;

Class 38

(3) Telecommunication gateway services, namely providing access to an online link to business and financial news and business and financial articles; providing access to websites with respect to financial investments and financial wealth management;

Class 41

(4) providing training to third parties in the field of financial investments, financial wealth management, investment dealer services and correspondent investment services; providing news with respect to financial investments and financial wealth management;

As provided by the applicant the translation of the HAWAIIAN word(s) MAHANA is Warmth, Heat, Rest, Repose, Vacation, Farm, Plantation, Patch, Chiefs, Twins, Day, Sun.

Goods

Class 04

(1) fireplace accessories, namely logs

Class 06

(2) enclosures for fireplaces, namely metal decorative fireplace housings, metal fireplace surrounds, and metal decorative fireplace facings

Class 08

(3) fireplace pokers

Class 11

(4) fireplaces, firepits, outdoor heaters being gas patio heaters, portable electric fans; fitted fabric covers for fireplaces, firepits, and outdoor heaters being gas patio heaters; electric fireplace lights and fans

Class 19

(5) fireplace accessories, namely non-precious stones for ornamental use

Class 20

(6) metal fireplace screens

Class 21

(7) fireplace accessories, namely fire glass beads in the nature of small pieces of tempered glass for use as a medium in gas fireplaces

Goods

Class 09

Downloadable software application for accessing digital content in the nature of journal and newspaper articles, photographic images and video blogs in the fields of live musical, theatrical and dance performances, travel tours, hotels, and restaurants; downloadable software application allowing users to submit and access electronic data in the form of journal and newspaper articles, photographic images, motion pictures and video blogs in the fields of travel tours, hotels and restaurants via a website; downloadable software for accessing a website where users can post ratings, reviews and recommendations on events, locations, services, and activities in the fields of entertainment, namely, live musical, theatrical and dance performances, travel tours, hotels, and restaurants; downloadable software for the transmission of text messages and emails among users in the fields of live music performances, theatrical performances, dance performances, travel tours, hotels, and restaurants; downloadable software for providing travel information, travel news, photographic images, television shows and motion pictures, and maps; downloadable software for reserving and booking of transportation and travel; downloadable software for checking transportation and travel reservations and booking service; downloadable software application for searching airfares and rates for train, bus and ferryboat, hotels and other accommodations, namely, vacation homes, condos, apartments, cabins and villas; downloadable software for creating templates and customized displays in connection with offering travel reservation and booking services and providing travel information

Services

Class 35

(1) Marketing services, namely, conducting marketing studies, marketing research, providing marketing strategies for others; promotional services, namely, promoting the sale of goods and services through a consumer loyalty program; providing information in the nature of price comparison information and comparative ratings and rankings of hotels and other accommodations; arranging and conducting customer loyalty and incentive reward programs to

promote the sale of products and services of others in the field of travel, transportation, travel entertainment and travel accommodations; arranging and conducting incentive award programs to promote travel and the sale of travel-related products and services of others for commercial, promotional and advertising purposes; promoting the use of charge and credit card accounts of others through the administration of incentive programs; conducting customer loyalty, reward, affinity and incentive programs and customer clubs for commercial promotion and for advertising purposes; business consulting services, namely, business management consultancy; business management consultancy in the fields of travel and travel planning; providing airfare comparison information; advertising the goods and services of others; promoting the goods and services of others through advertisements on Internet websites; design and implementation of marketing and promotional programs for others in the field of travel; providing ratings of hotels and other temporary housing accommodations, namely, hotel accommodation services, booking of campground accommodation, providing temporary accommodation in serviced apartments, boarding houses and vacation apartments, providing temporary hostel housing accommodations

Class 39

(2) Travel services, namely, reservation and booking of seats for travel; travel information services; transportation information services in the field of transportation of passengers by air, rail and ship; travel agency services, namely, making reservations and bookings for transportation; providing travel tours information, geographic information, namely, maps and map photographs, images, namely, travel photographs and video clips from users, photographers and content creators that have been uploaded, posted, sent and transmitted so that others can share, view and comment on, and trip routing via a website; organizing and arranging travel activities, namely, arranging of transportation for travel tours; organizing and arranging travel tours, travel to events, and travel to attractions; making reservations for travel tours, travel to events, and travel to attractions; providing information about travel tours and travel to events and attractions; organizing sight-seeing travel tours; travel and tour information services; travel and tour ticket reservation services; arranging bookings of day trips and sight-seeing travel tours; providing reviews of travel service providers; providing information in the fields of travel tours, via non-downloadable blogs and online journals

Class 41

Certification Mark Standard

ICTEAL Certificate attests to the fact that the certificate holder has met the TESL Ontario degree and English language proficiency requirements and has completed a minimum of 300 hours of TESL training through a TESL Ontario accredited program. The training consists of 250 hours of TESL theory and methodology training, 30 hours of observation, and 20 hours of supervised practice teaching. University Degree Requirement: Applicants are required to hold a minimum three-year Bachelor's degree, or a graduate degree, from an accredited institution located in Canada or a basic, general, or document-by-document Canadian degree equivalency report for degrees obtained from accredited institutions located outside Canada. The equivalency report must indicate that the evaluated international degree is equivalent to a minimum three-year Bachelor's degree, or a graduate degree from an accredited institution in Canada. TESL Ontario accepts degree equivalency reports prepared by any one of the members of the Alliance of Credential Evaluation Services of Canada (ACESC) including the following agencies: World Education Services (WES), Ontario International Credential Assessment Service of Canada (ICAS), Ontario Comparative Education Service (CES), Ontario English Language Proficiency (ELP) Requirement: If you have studied on-site full time to complete a minimum three year degree program with English as the language of instruction in one of the countries listed below, your degree or official transcript or Canadian equivalency report is your proof of ELP. Please note that in some cases, transcripts may be requested to determine the length of the program. Canada Benin Ghana Republic of Ireland Turks and Caicos Islands Anguilla Bermuda Grenada Saint Kitts-Nevis Seychelles United Kingdom Antigua and Barbuda Botswana Guyana Sierra Leone United States Australia British Virgin Islands Jamaica South Africa Uganda Bahamas Cayman Islands Montserrat St. Lucia US Virgin Islands Barbados Cameroon Nigeria St. Vincent Zambia Belize Dominica New Zealand Trinidad and Tobago Zimbabwe OR if you have completed a minimum three year online/distance degree program with English as the language of instruction in one of the countries listed above, a combination of your degree or official transcript or Canadian equivalency report and an ELP test report indicating the scores required for listening and speaking skills, as shown in the table below, is your proof of ELP. OR if you have not completed a minimum three

year degree program in one of the countries listed above, you should take an ELP test and meet the required scores as specified in the table below. Please note that TESL Ontario accepts a combination of two test reports (for the same ELP test taken twice or for two different ELP tests) indicating that all required scores have been met. Also, TESL Ontario accepts ELP test reports up to 5 years after the test date. Test reports older than 5 years are considered on a case-by-case basis. Recognized ELP Tests Required Scores IELTS Academic Listening: 7 Reading: 7 Writing: 7 Speaking: 7 CanTEST Listening: 4.5 Reading: 4.5 Writing: 4.5 Speaking: 4.5 CAEL Listening: 70 Reading: 70 Writing: 70 Speaking: 70 TOEFL iBT Listening: 24 Reading: 24 Writing: 27 Speaking: 24 MELAB Listening: 87 GCVR: 87 Writing: 87 Speaking: 4- OR if, prior to doing your university education, you have completed grades 6-12 (each grade completed in one full school year) with English as the language of instruction in one of the countries listed above, your grade 6-12 report cards are your proof of ELP. The applicant is not engaged in the manufacture, sale, leasing s or the performance of services such as those listed in the application.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of an image of a stylized shopping bag with a rectangular grid on the front of the bag. The upper left square of the rectangular grid is red, the lower left square is blue, the upper right square is green and the lower right square is yellow. The squares are separated by blank space. The colour black represents background only and is not a part of the mark. The colour white within the outlining of the stylized shopping bag is not claimed as a feature of the mark.

Goods

Class 09

Computer software for use in browsing, accessing, searching, reviewing, purchasing, downloading, and providing ratings on digital content, namely digital images, television shows, movies, computer software, computer games, and gift cards; computer software for use in searching and making purchases in online marketplaces for software applications; computer software for electronic transmission via the Internet and display of digital content, namely digital images, television shows, computer software, computer games, movies

Services

Class 38

(1) Electronic transmission of digital content, namely digital images, television shows, movies, computer games over global communication networks, the Internet and wireless networks; providing access to a global computer network; providing Internet access via wireless broadband networks; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing multiple-user wireless access to the Internet

Class 42

(2) Providing information on computer technology and programming global communication networks, the Internet and wireless networks; providing search engines for the internet; providing temporary use of nondownloadable computer software for use in browsing, accessing, searching, reviewing, purchasing, downloading, and providing ratings on digital content, namely digital images, television shows, computer games, gift cards, movies; providing temporary use of non-downloadable computer software for electronic transmission via the Internet and display of digital content, namely digital images, television shows, movies, computer software, computer games

Colour Claim

Colour is claimed as a feature of the trademark. The colours light blue, green, beige, black and grey are claimed as a feature of the mark. The mark consists of the words ISOLA BIANCA in green. The branch is brown with a black outline. The rabbit is in light blue. The dog is in beige. The lance and the outline of the shield hold by the dog are in black. The inside of the shield is green with beige dots. The word TERUZZI is in black. The symbols on top of the word TERUZZI are in beige.

Foreign Character Translation

As provided by the applicant, there is no translation of the word TERUZZI in English or French. The words ISOLA BIANCA mean 'white island'.

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours red, white, and blue are claimed as a feature of the mark. The mark consists of a rectangular design with a blue border. The top and middle portions of the rectangle's interior are white. The bottom portion of the rectangle includes a blue bar. Above the bar appears an image of a red, white and blue hot air balloon (where the top portion is red, the middle portion is white and depicts the word 'RE/MAX' in blue letters with a red slash, and the bottom portion is blue). In the blue bar, the words 'THE RE/MAX COLLECTION' appear in white, with white horizontal lines below and above the words.
