Trade-marks Journal

2019-01-09 — Vol. 66 No. 3350

# Trade-marks Journal

## Vol. 66 No. 3350

---

### General Information

---

The *Trade-marks Journal* is published every week in compliance with [Rule 15 of the Trade-marks Regulations](#). The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

---

### Electronic *Trade-marks Journal*

---

The *Trade-marks Journal* is available in electronic form on the CIPO web site (<http://cipo.gc.ca>). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

---

### Official Languages

---

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

---

### Filing Dates

---

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

---

## Nice Classification

---

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see [section 38 of the Trade-marks Act](#) for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

### APPLICANT AND REPRESENTATIVE FOR SERVICE

#### Applicant

DAIKIN INDUSTRIES, LTD., Umeda Center  
Bldg., 4-12 Nakazaki-nishi 2-chome, Kita-ku,  
Osaka, JAPAN

#### Representative for Service

MOFFAT & CO.  
P.O. Box 2088, Station D, Suite 715-11  
Holland Ave, OTTAWA, ONTARIO, K1Y4S1

### TRADEMARK

## DAIKIN

#### Goods

Chemical products used in air conditioning and related manufacturing industry, science research in the field of cooling and heating, photography, agriculture, horticulture, forestry, namely, surface active chemical agents, tension-active chemical agents, water repellent agents, oil repellent agents, stain repellent agents, fluorine coating agents, industrial adhesives for use in coating and sealing for use in the air conditioning cooling and heating industry, chemical agents for impregnating, binding or coating of textiles, furs and leather, non-wovens and fabrics, damp-proofing agents to reduce moisture, organic chemicals for general industrial use, fluorinated intermediates for use in the manufacture and development of pharmaceuticals, and for agricultural, and general industrial use, chemical intermediates for manufacturing in the heating and cooling industry, fluorine, fluorocarbon, fluorine compounds, fluorine alcohol, alcohol for use in the manufacture of paints and other protective coatings, fabric protectant for commercial dry cleaning use, chemical grease removing agents for use in manufacturing processes, adhesive removing preparations for use in the manufacture and general industrial use, assays and reagents for use in bacteria research, chemical reagents for non-medical purposes, and diagnostic preparations and reagents for scientific and research use; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; soldering chemicals, tempering chemicals; chemical substances for preserving foodstuffs; tanning protective coatings and substances for use in the manufacture of leather; adhesive substances used for general industrial use; protective paints, protective varnishes, protective lacquer glazes; preservatives against rust and against deterioration of wood; protective colorants and mordants for use in manufacturing; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, all purpose thermometers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity namely electrical compressors and generators; apparatus for recording, transmission or reproduction of sound or images namely cameras and digital video

recorders; blank and prerecorded magnetic discs automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculators, computers; fire extinguishers; inverters for power supply; laboratory equipment namely a bacteria detection and identifying instrument.

## **SERVICES**

Building construction; repair of air-conditioning apparatus, freezing and chilling apparatus, boilers, air-conditioning machinery, water supply systems, drainage and sterilization systems, building and electrical appliances, namely domestic and industrial electrical appliances; installation of air-conditioning apparatus, freezing and chilling apparatus, boilers, maintenance, installation and repair of air-conditioning machines and equipment; maintenance, installation and repair of electrical generators; maintenance, installation and repair of household kitchen appliances; maintenance, installation and repair of industrial air conditioning, heating and cooling equipment and machinery cleaning of air-conditioning apparatus; providing information in relation to the installation, repair and maintenance of telecommunications networks; advisory services relating to the maintenance of air conditioning installations, supervision, operation management, and maintenance of air conditioners and other building facilities and equipments such as heating and cooling equipment by using computerized concentrically controlled monitoring system via on-line communications networks; scientific and technological services in the field of air conditioning and refrigeration and research and design relating thereto; industrial analysis and research services in the field of air conditioning and refrigeration; design and development of computer hardware and software; leasing, hire and rental of computers, computer systems, computer programmes and computer software; computer and software consultancy services; remote monitoring and control services of heating, ventilating and air conditioning apparatus; preventative maintenance of industrial machinery.

## **CLAIMS**

Proposed Use in CANADA on goods and on services

**Application Number** 1,635,235 **Filing Date** 2013-07-15

**Language of Application** English

## APPLICANT AND REPRESENTATIVE FOR SERVICE

### Applicant

GoPro, INC., 3000 Clearview Way, Bldg. E,  
San Mateo, California 94402, UNITED  
STATES OF AMERICA

### Representative for Service

FASKEN MARTINEAU DUMOULIN LLP  
800 rue Square-Victoria, BUREAU 3700, C.P.  
242, MONTREAL, QUEBEC, H4Z1E9

## Goods

Photographic equipment, namely, film cameras, digital cameras, video cameras; portable handheld electronic devices for recording, storage, transmission or reproduction of photographic, video and multimedia content, namely, video cameras, digital cameras, MP3 players, MP4 players, MPEG players, personal media players for storing and playing digital audio, images and video, namely CD players, DVD players, notebook computers, computer disc players, portable TVs, mobile computers, handheld computers, personal digital assistants, tablet computers, electronic personal organizers, electronic notepads, mobile phones, smartphones, video phones, portable electronic book readers, digital cameras, global positioning systems comprised of computers, computer software, transmitters, receivers and network interface devices, television receivers, portable TVs, portable radios, amplifiers, namely stereo and signal amplifiers, microphones and speakers; cases, housings, and accessories for cameras, namely, batteries, lenses, digital photo viewers, wireless adapters, power adapters, adapter rings for attaching objects to cameras, remote controls, microphones, SD cards, photographic flash units, mounting devices for photographic equipment, tripods and camera straps; cases and bags for photographic apparatus, namely cameras, digital cameras, video cameras, batteries, lenses, digital photo viewers, wireless adapters, power adapters, adapter rings for attaching objects to cameras, remote controls, microphones, SD cards, photographic flash units, mounting devices for photographic equipment, tripods and camera straps; computer software for use in connection with photographic and video equipment and cameras, namely, computer software for taking, capturing, managing, processing, operating, viewing, sorting, editing, arranging, combining, sharing, manipulating, modifying, commenting on, transmitting and displaying images, videos and computer data, namely text,

audio, letters, messages, mail, animations and electronic mail; desktop and mobile photo and video editing software; computer software and software applications for use in uploading, downloading, editing, storing, distributing and sharing photographic and video content via global and local computer networks and via mobile devices; downloadable user generated photos and videos in the field of general interest

## SERVICES

(1) Video broadcasting via local and global computer networks, television networks and via wireless devices of content, namely digital images, photographs, and videos in the field of technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, sports, fitness, recreational activities, current events, news, special interest features in the fields of nature, people in entertainment, art, pop culture, adventure sports, music and photography, and user-generated content, namely user-generated digital images, user-generated photographs and user-generated videos; streaming of video via the Internet featuring music, movies, news, sports and user generated content of general interest, namely user-generated digital images, user-generated photographs and user-generated videos; broadcasting over the internet of pre-recorded audio and video content and programming featuring audio, visual and audiovisual content of general interest namely digital images, photographs, and videos in the fields of news, politics, sports, culture, comedy, business, healthy living, wellness, fashion, personal beauty, current events, environmental conservation and sustainability issues, food, finance, technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, books, fine arts, music, art, science, literature, leisure, gaming, religion, performing arts, philanthropy, fitness, recreational activities, nature, people in entertainment, photography, adventure, sports, and user-generated content, namely user-generated digital images, user-generated photographs and user-generated videos; electronic delivery of images and photographs via a global computer network and via mobile electronic devices; electronic delivery for others via global and local computer networks and via mobile electronic devices, namely, through wired and wireless networks, and streaming of user-generated content, namely user-generated digital images, user-generated photographs and user-generated videos, and digital media content, namely digital images, photographs, and videos in the fields of news, politics, sports, culture, comedy, business, healthy living, wellness, fashion, personal beauty, current events, environmental conservation and sustainability issues, food, finance, technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, books, fine arts, music, art, science, literature, leisure, gaming, religion, performing arts, philanthropy, fitness, recreational activities, nature, people in entertainment, photography, adventure, sports; streaming user generated photographic and video content via a website on the internet and via mobile electronic devices

(2) Photographic and video services, namely, creating, compiling, recording, organizing, managing, and storing, audio and video content, namely digital images, photographs and videos, in the fields of news, politics, education, sports, culture, comedy, business, healthy living, wellness, fashion, personal beauty, current events, environmental conservation and sustainability issues, food, finance, technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, books, fine arts, music, art, science, literature, leisure, gaming, religion, performing arts, philanthropy, fitness, recreational activities, nature, people in entertainment, photography, adventure, sports and user-generated content; rental of photographic equipment, namely film cameras, digital cameras, video cameras, camera cases, housings, and accessories for cameras, namely, batteries, lenses, digital photo viewers, wireless adapters, power adapters, adapter rings for attaching objects to cameras, remote controls,

microphones, SD cards, photographic flash units, mounting devices for photographic equipment, tripods and camera straps; providing educational services, namely, conducting classes in the fields of photography, videography, computer hardware and software applications; providing training, instruction, instructional tips and advice in the field of photography, videography; providing training, education, instruction, tips and advice in the field of photography and videography; providing photographic and audio, visual and audiovisual content for educational and entertainment purposes, namely digital images, photographs and videos in the fields of news, politics, sports, culture, comedy, business, healthy living, wellness, fashion, personal beauty, current events, environmental conservation and sustainability issues, food, finance, technology, travel, books, fine arts, music, art, science, literature, leisure, gaming, religion, performing arts, philanthropy, fitness, recreational activities, nature, people in entertainment, photography, adventure, sports and user generated video content on a website on the internet and via mobile devices, and photographic and audio, visual and audiovisual user-generated content for educational and entertainment purposes, namely user-generated digital images, user-generated photographs and user-generated videos; entertainment, namely, providing access to entertainment related digital audio, visual and audiovisual content, namely music, movies, news, sports and user-generated content of general interest namely music, music videos, movies, documentaries, reality shows, television programs, music concerts, radio programs, photographs, blogs, news videos, sports videos, podcasts, webcasts, images and user-generated text, namely commentary, opinions, observations, words of encouragement, blog posts, articles, publications and short stories on topics of general interest and exhibitions in the field of photography and videography; sporting and cultural activities, namely, organizing community sporting, extreme sports and cultural events, namely cycling, motocross, mountain biking, motorcycle and car racing, soccer, skateboard, skating, skiing, ski jumping, snowboarding, hang gliding, skydiving, surfing, diving, swimming, rafting, kayaking, rock climbing, running, and track and field exhibitions and competitions, concerts, art exhibitions, theatre, music festivals, and contests in the field of photography and videography; entertainment services, namely, providing a website featuring photographic, audio, visual and audiovisual presentations in the fields of technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, sports, fitness, recreational activities, news, science, nature, art, pop culture, adventure, music and photography; provision of pre-recorded digital audio and video in the nature of digital images and videos featuring audio, visual and audiovisual content in the fields of news, politics, sports, culture, comedy, business, healthy living, wellness, fashion, personal beauty, current events, environmental conservation and sustainability issues, food, finance, technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, books, fine arts, music, art, science, literature, leisure, gaming, religion, performing arts, philanthropy, fitness, recreational activities, nature, people in entertainment, photography, adventure, sports and user generated content through an Internet website and via mobile networks; provision of downloadable multimedia files containing digital audio and video files featuring audio, visual and audiovisual content namely digital images, photographs and videos in the fields of news, politics, sports, culture, comedy, business, healthy living, wellness, fashion, personal beauty, current events, environmental conservation and sustainability issues, food, finance, technology relating to consumer electronic devices and relating to the benefits of technology to society, and in the field of travel, books, fine arts, music, art, science, literature, leisure, gaming, religion, performing arts, philanthropy, fitness, recreational activities, nature, people in entertainment, photography, adventure, sports and user generated content through an Internet website and via mobile networks; hosting and providing a database/library in the field of photography and videography; providing photographic and video content for the creation of television programs, television commercials, motion pictures and films; providing online journals, namely blogs, for sharing

thoughts, ideas, experiences, comments, tips, techniques, and advice in the field of photography and videography; providing conferences, trade shows, seminars, workshops and tutorials in the field of photography and videography

(3) Providing a web hosting platform for uploading, downloading, storing, distributing, editing and sharing photographic, video and multimedia content; providing temporary use of online non-downloadable software for use in uploading, downloading, storing, distributing, editing and sharing photographic, video and multimedia content via local and global computer networks and via mobile devices; providing temporary use of on-line non-downloadable cloud computing software for use in uploading, downloading, storing, distributing, editing and sharing photographic, video and multimedia content via local and global computer networks and via mobile devices; peer-to-browser photo sharing services, namely, providing a website featuring technology enabling users to upload, view, and download digital photos and videos; providing a web site featuring temporary use of non-downloadable software allowing web site users to upload on-line videos for sharing with others for entertainment purposes; providing a web site that gives computer users the ability to upload, exchange and share photos, videos and video logs; computer services, namely, providing search platforms to allow users to locate, access, copy, transmit, edit, and share photographic, video and multimedia content

## **CLAIMS**

Used in CANADA since July 2006 on goods and on services (2); October 2012 on services (1).  
Proposed Use in CANADA on services (3)

### Authorisation For Use

Consnet from Her Majesty the Queen in Right of Canada as Represented by the Minister of the Environment is of record

### Goods

Apparatus and instruments, namely electricity generators and transformers, for conducting, switching, commutating, transforming, accumulating, regulating or controlling electricity, all excluding any materials and information in the field of meteorology, environment and climate change; batteries, namely USB chargers, super capacitors, primary cell batteries, lithium-ion batteries, and components therefor, all excluding any materials and information in the field of meteorology, environment and climate change; magnetic data carriers, namely blank magnetic discs, all excluding any materials and information in the field of meteorology, environment and climate change; blank compact discs, blank DVDs, flash drives, external hard drives, all excluding any materials and information in the field of meteorology, environment and climate change; computers, all excluding any materials and information in the field of meteorology, environment and climate change; computer hardware, all excluding any materials and information in the field of meteorology, environment and climate change; computer components and microcomputer components, namely, electronic components for computers, semiconductors, computer software development tools for microcontrollers, microcontrollers for peripheral components, microcontrollers, namely, touch technology microcontrollers, network and communication controllers namely ethernet controllers, high performance microcontrollers, microcontrollers for LCD-driving, for motor controlling, for low power application, for medical purposes, high reliability microprocessors, PC host microprocessors, PC integrated processors, PC multi-chip modules, VGA-controllers, graphic-controllers, image processors, computers, namely board computers (SBC), personal computers (PCs), box PCs, desktop PCs, tablet computers, signage PCs, wallmount PCs, lap-tops, computer notebooks, computer sub-notebooks, rack-mount computers, industrial PCs, embedded PCs, human machine interface units comprising a computer and a display, panel PCs, micro client computers, thin client computers, interactive client computers, kiosk PCs, gaming PCs, touch panel PCs, in-vehicle PCs, in-car PCs, infotainment PCs, telematics PCs, rugged computer notebooks, wearable PCs, rugged computers and parts and components thereof, computer memories, memory components, namely DRAM, SRAM, Dual Port RAM, EEPROM, EPROM, flash, FRAM, PROM, MRAM, and multi-chip modules, programmable

logic controllers, namely, ASICs, FPGA, and GAL, pre-recorded CDs and DVDs containing audio and video clips, storage cards namely blank smart cards, flash memory cards, hard disks, and flash-based hard disks all featuring computer software, namely, I/O driver software providing the interface between the dedicated operating system and the computer hardware, and BIOS software, computer software development tools for programmable logic controllers, memory boards, diodes, namely, infrared diodes and laser diodes, optical transceivers and optocouplers, linear components, namely, AC/DC converters, DC/DC converters, analog digital converters and digital analogue converters, power amplifiers, comparator components, data conversion components namely computer software for converting document images into electronic components, components for power management namely electric power converters and electrical connectors, power converters, electronic circuit boards, computer interface boards, integrated circuits (IC) for audio or video applications, driver-ICs namely circuit boards provided with integrated circuits, power components, namely diodes, insulated-gate bipolar transistors (IGBTs), rectifier modules, metal-oxide-semiconductor field-effect transistors (MOSFETs), triodes for alternating current (TRIACS), thyristors and transistors, wireless components, namely, computer networking hardware for wireless local area networks (W-LAN), cable television (CATV), and global positioning system (GPS) transmitters and receivers, crystal oscillators, crystal resonators, crystal filters, microwave antennae, real time clocks and watch crystals, electrical switches, flat panel display solution components, namely, LCD monitors, open frame monitors, TFT components namely, thin film transistor liquid crystal displays, LCDs, namely, numeric LCD modules, graphic LCD monochrome components and touch screens, display glasses, LCD controllers and cards, LCD inverters and LCD backlights, LCD single board computer, touch panels, rugged liquid crystal displays (LCD), lighting components, namely, LED components (light emitting diode components), LED secondary optics, drivers and controllers for LED components, namely DC/DC constant current LED drivers, AC/DC LED power supplies, intelligent LED drivers for general illumination applications, software driver ICs for high brightness LED control, DC/DC converters for LED control, LED controllers, namely, AC/DC LED controllers, DC/DC LED controllers, microcontrollers for LED lighting control, lighting controllers for fluorescent ballast, printed circuit boards for LED and lighting components, connectors for LEDs, LED-modules for indoor and outdoor purposes, computer parts, namely, solid state drivers, memory modules, flash cards, USB flash drives, and compact flash cards, network components, namely, optical transceivers, embedded communication components, namely, computer hardware for data communication, electro mechanic components, namely, internal cooling fans for computers, relays, namely, relays for automotive applications, industrial applications, power applications, signal applications and solid state applications, connectors and connector components, namely, electro mechanic switches, jacks and modular jacks, switch boxes, electronic connectors for board to board and wire to wire applications, electronic connectors for automotive applications and medical applications, coaxial connectors, electronic connectors for IC-sockets, electronic connectors for interfaces, routers, embedded computers, embedded computer modules, embedded PC circuit boards, embedded computer circuit boards and baseboards, computer software development tools for embedded computers and embedded computer modules, all excluding any materials and information in the field of meteorology, environment and climate change; heat sinks, heat exchangers and fans for computer hardware and components therefor, all excluding any materials and information in the field of meteorology, environment and climate change

## SERVICES

(1) Retail computer equipment store services in the field of semiconductors, integrated circuits, electric, electronic, and computer components and equipment, r heat sinks, heat exchangers and

fans for electric, electronic and computer components and equipment, acoustic, electric, electronic, inductive, magnetic, mechanical, optical and thermal sensors, optical cables, connectors, deflectors, emitters, filters, lenses, receivers, reflectors and transmitters, lighting apparatus, namely, LED components (light emitting diode components), LED secondary optics, drivers and controllers for LED components, namely, DC/DC constant current LED drivers, AC/SC LED power supplies, intelligent LED drivers for general illumination applications and their parts and spare parts, all excluding any materials and information in the field of meteorology, environment and climate change; arranging and concluding of contracts, namely purchasing agents, all excluding any materials and information in the field of meteorology, environment and climate change; advertising the goods and services of others via electronic media and specifically the Internet, all excluding any materials and information in the field of meteorology, environment and climate change; distributorship services in the field of semiconductors, integrated circuits, electric, electronic, and computer components and equipment, all excluding any materials and information in the field of meteorology, environment and climate change; distributorship services in the field of heat sinks, heat exchangers and fans for electric, electronic and computer components and equipment, all excluding any materials and information in the field of meteorology, environment and climate change; distributorship services in the field of acoustic, electric, electronic, inductive, magnetic, mechanical, optical and thermal sensors, all excluding any materials and information in the field of meteorology, environment and climate change; distributorship services in the field of fibre optic light and image conduits, namely optical cables, connectors, deflectors, emitters, filters, lenses, receivers, reflectors and transmitters, all excluding any materials and information in the field of meteorology, environment and climate change; distributorship services in the field of lighting apparatus, namely, LED components (light emitting diode components), LED secondary optics, drivers and controllers for LED components, namely, DC/DC constant current LED drivers, AC/DC LED power supplies, intelligent LED drivers for general illumination applications and their parts and spare parts, all excluding any materials and information in the field of meteorology, environment and climate change; business management consulting services, namely, consulting in the fields of inventory management, supply chain management, pricing strategies and promotional strategies for the sale and distribution of semiconductors, integrated circuits, electric, electronic, and computer components and equipment, all excluding any materials and information in the field of meteorology, environment and climate change; business management consulting services, namely, consulting in the fields of inventory management, supply chain management, pricing strategies and promotional strategies for the sale and distribution of heat sinks, heat exchangers and fans for electric, electronic and computer components and equipment, all excluding any materials and information in the field of meteorology, environment and climate change; business management consulting services, namely, consulting in the fields of inventory management, supply chain management, pricing strategies and promotional strategies for the sale and distribution of acoustic, electric, electronic, inductive, magnetic, mechanical, optical and thermal sensors, all excluding any materials and information in the field of meteorology, environment and climate change; business management consulting services, namely, consulting in the fields of inventory management, supply chain management, pricing strategies and promotional strategies for the sale and distribution of optical cables, connectors, deflectors, emitters, filters, lenses, receivers, reflectors and transmitters, all excluding any materials and information in the field of meteorology, environment and climate change; business management consulting services, namely, consulting in the fields of inventory management, supply chain management, pricing strategies and promotional strategies for the sale and distribution of lighting apparatus and their parts and spare parts, all excluding any materials and information in the field of meteorology, environment and climate change; business management services, all excluding any materials and information in the field of meteorology, environment and climate change; providing inventory

management services in the field of computers and computer parts, all excluding any materials and information in the field of meteorology, environment and climate change; providing supply chain management services in the field of computers and computer parts, all excluding any materials and information in the field of meteorology, environment and climate change; business administration services, all excluding any materials and information in the field of meteorology, environment and climate change; invoicing services, all excluding any materials and information in the field of meteorology, environment and climate change

(2) Produits cosméceutiques pour la réduction des rides, pour la réduction de la cellulite, pour l'hydratation de la peau, des cheveux et de la bouche, nommément cosmétiques de soins du corps et de beauté, produits de soins capillaires, cosmétiques, produits de soins buccodentaires, nommément dentifrices, lotions pour le nettoyage des dents, produits blanchissants pour les dents, rince-bouches, bains de bouche, bains de bouche médicamenteux, produits en vaporisateur, rince-bouches et gels hydratants pour la bouche.

#### Class 16

(3) Imprimés, nommément matériel de formation, nommément manuels, rapports de conférence, programmes de conférence, brochures, tous dans les domaines des produits pharmaceutiques, des extraits naturels de sous-produits de la foresterie, des produits cosméceutiques, des produits de soins du corps, des produits de soins capillaires, des cosmétiques et des produits de soins buccodentaires.

## SERVICES

#### Class 35

(1) Vente de végétaux selon les commandes et les spécifications de tiers. Vente de produits cosméceutiques selon les commandes et les spécifications de tiers; vente de produits de soins capillaires, de cosmétiques, de produits de soins buccodentaires et de produits de soins du corps selon les commandes et les spécifications de tiers.

#### Class 40

(2) Fabrication de végétaux selon les commandes et les spécifications de tiers. Fabrication de produits cosméceutiques selon les commandes et les spécifications de tiers; fabrication de produits de soins capillaires, de cosmétiques, de produits de soins buccodentaires et de produits de soins du corps selon les commandes et les spécifications de tiers.

#### Class 41

(3) Services éducatifs, notamment tenue de séminaires, de conférences, d'ateliers et de webinaires dans les domaines des produits pharmaceutiques, des extraits naturels de sous-produits de la foresterie, des produits cosméceutiques, des produits de soins du corps, des produits de soins capillaires, des cosmétiques et des produits de soins buccodentaires.

#### **Class 42**

(4) Recherche et développement dans le domaine des extraits naturels de sous-produits de la foresterie; évaluation et essai cliniques de végétaux ainsi que mise au point de préparations connexes. Recherche et développement dans le domaine des produits cosméceutiques; évaluation et essai cliniques de produits cosméceutiques ainsi que mise au point de préparations connexes. Recherche et développement dans les domaines des produits de soins capillaires, des cosmétiques, des produits de soins buccodentaires et des produits de soins du corps; évaluation et essai cliniques de produits de soins capillaires, de cosmétiques, de produits de soins buccodentaires et de produits de soins du corps ainsi que mise au point de préparations connexes. Offre d'information, de soutien et de formation par un site Web, des imprimés et d'autres médias, notamment par la télévision et la radio, dans les domaines des produits pharmaceutiques, des extraits naturels de sous-produits de la foresterie, des produits cosméceutiques, des produits de soins du corps, des produits de soins capillaires, des cosmétiques et des produits de soins buccodentaires.

#### **Class 45**

(5) Enregistrement réglementaire et coentreprise ou octroi de licences d'utilisation ayant trait aux végétaux, notamment revue des normes et des pratiques pour veiller au respect de la réglementation environnementale et en matière de santé, consultation en matière de création et d'enregistrement d'entreprises, octroi de licences d'utilisation de concepts de franchisage, octroi de licences de propriété intellectuelle; enregistrement réglementaire et coentreprise ou octroi de licences d'utilisation ayant trait à des produits cosméceutiques, notamment revue des normes et des pratiques pour veiller au respect de la réglementation environnementale et en matière de santé, consultation en matière de création et d'enregistrement d'entreprises, octroi de licences d'utilisation de concepts de franchisage, octroi de licences de propriété intellectuelle; enregistrement réglementaire et coentreprise ou octroi de licences d'utilisation ayant trait à des produits de soins capillaires, à des cosmétiques, à des produits de soins buccodentaires et à des produits de soins du corps, notamment revue des normes et des pratiques pour veiller au respect de la réglementation environnementale et en matière de santé, consultation en matière de création et d'enregistrement d'entreprises, octroi de licences d'utilisation de concepts de franchisage, octroi de licences de propriété intellectuelle.

#### **CLAIMS**

Used in CANADA since at least as early as October 28, 2013 on services; November 13, 2014 on goods.

Turo Inc., 667 Mission Street, 4th Floor, San Francisco, California 94105, UNITED STATES OF AMERICA

### Representative for Service

BERESKIN & PARR LLP/S.E.N.C.R.L., S.R.L. SCOTIA PLAZA, 40 KING STREET WEST, 40th FLOOR, TORONTO, ONTARIO, M5H3Y2

## TRADEMARK

# RENT THE CAR. OWN THE ADVENTURE.

### Goods

#### Class 09

Computer software for searching for transportation services, namely, motor vehicle sharing and motor vehicle rentals, booking transportation services, namely, motor vehicle sharing and rental of motor vehicles and dispatching rented and shared motor vehicles of others to customers and arranging for drop off and pick up of rented and shared motor vehicles to customers; computer software for use in scheduling, planning, organizing, managing and transacting motor vehicle sharing; computer software for use in arranging motor vehicle rental reservations, and for use in scheduling, planning, organizing, managing, enabling payment for and renting the use of motor vehicles, and for scheduling motor vehicle maintenance for others, and enabling electronic communication with vehicle owner and renter in the field of motor vehicle sharing and motor vehicle rentals, via a global communications network

## SERVICES

#### Class 35

(1) business management and business management consultancy services; business management and management consultancy services in the field of motor vehicle sharing, namely, tracking and monitoring the location and movement of motor vehicles for commercial location, movement and inventory purposes; billing and invoicing services relating to statements of account in the field of motor vehicle sharing; business consultation in the field of motor vehicle fleet management services provided to car owners; administering discount group purchasing programs, namely, negotiating contracts with providers of insurance services on behalf of participant members of motor vehicle sharing service; operating an online marketplace that promotes motor vehicle rental services between car owners and renters, enables locating pre-owned vehicles available for lease, offers marketing, namely providing listings of available motor vehicles for lease and sharing and scheduling of reservations for temporary and extended use of motor vehicles between car owners and renters, namely motor vehicle sharing and motor vehicle rentals; advertising for others and marketing consultancy for others, namely, development of marketing strategies and concepts for others; promoting the sale of goods and services through promotional contests and the distribution of related printed material; promoting the sale of goods and services through a consumer loyalty program; promoting the goods and services of others through the distribution of discount cards; promoting the sale of goods and services by awarding purchase

points for credit card use; management, administration and organization of motor vehicle sharing services, namely, matching drivers of motor vehicles with car owners

### **Class 36**

(2) providing business advice and commercial information services regarding automotive insurance and insurance claims process; infomediary services, namely, facilitating transactions between buyers and sellers of insurance through providing information about insurance providers and insurance services

### **Class 39**

(3) reservation of motor vehicles for motor vehicle sharing; reservation of motor vehicle rentals; motor vehicle rental reservation services; motor vehicle sharing services, namely, providing temporary use of motor vehicles; providing a website featuring information in the fields of motor vehicle sharing and motor vehicle rentals, reservation of motor vehicles for motor vehicle sharing and motor vehicle rentals, and providing motor vehicle rental and motor vehicle sharing bookings, information, advisory and consultancy services relating to the foregoing; providing a website for the booking of motor vehicle rentals; operation of an online searchable computer database featuring information on motor vehicles of others available for rent; providing information and reviews on motor vehicle rentals; travel reservation services, namely, making reservations and bookings for motor vehicle rentals; providing online reservation, booking and search services for use of motor vehicle rentals; providing information on the rental and use of motor vehicles

### **Class 42**

(4) providing temporary use of non-downloadable software to enable searching of transportation services, namely, motor vehicle sharing and motor vehicle rentals, booking transportation services, namely, motor vehicle sharing and motor vehicle rentals and dispatching rented and shared motor vehicles to customers and arranging for drop off and pick up of rented and shared motor vehicles to customers; providing temporary use of non-downloadable computer programs for use in scheduling, planning, organizing and managing motor vehicle sharing and motor vehicle rentals; application service provider services featuring computer programs for use in booking motor vehicles for motor vehicle sharing and motor vehicle rentals and for scheduling, planning, organizing, and managing motor vehicle sharing and motor vehicle rentals, for scheduling motor vehicle maintenance, and for use in enabling electronic communication with vehicle owner and renter in the field of motor vehicle sharing and motor vehicle rentals, via a global communications network; computer services, namely, providing, maintaining and administering computer software platforms for the organizing, administration and management of motor vehicle sharing

### Goods

#### Class 09

(1) Computer hardware; computer hardware, namely, computers, servers and computer storage devices, namely, high-speed storage subsystems for storage and back up of electronic data either locally or via a telecommunications network; computer software for use in controlling the operation and execution of computer systems, programs, and networks; computer software for use in connecting disparate computer networks and systems, servers and storage devices; computer operating system software; computer software for linking together computers and for enabling computing across a globally accessible network; computer software for managing hardware, software and processes that exist within an information technology environment, computer systems combining hardware and software, namely, for use in management and analysis of data, instructional manuals sold as a unit therewith. Cloud computing system, namely network integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources;

#### Class 16

(2) Printed materials, namely, books, brochures, informational sheets, instructional manuals, written presentations, printed publications, all in the field of computers, computer services, information technology and electronic business transactions via a global computer network. .

## SERVICES

#### Class 35

(1) Business management consulting services and business consulting services in the field of computers, computer services, information technology and electronic business transactions via a global computer network; business development services; market research; data processing services; arranging and conducting trade show exhibitions in the field of computers, computer services, information technology and electronic business transactions via a global computer network;

#### Class 38

(2) Providing multiple user access to global computer networks and wireless communications devices; teleconferencing and web conferencing services; providing multiple user access to global

computer information networks for the transfer and dissemination of a wide range of information; providing on-line forums for transmission of messages among computer users via a global computer network and wireless communications devices; providing private and secure real time electronic communication over a computer network; providing technical support services regarding the usage of communications equipment;

### **Class 42**

(3) Computer systems integration services; computer consultation services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; technical support services, namely, troubleshooting of computers, servers and computer software problems (computing services); computer systems design services for others; computer systems analysis; interconnection of computer hardware and software, namely, integration of computer systems and networks; computer software and hardware testing services, namely, testing of computer software, computers and servers; installation, updating and maintenance of computer software; computer programming; cloud computing services, namely computing services to enable network integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources

- Quadrilaterals with dark surfaces or parts of surfaces

## Goods

### Class 09

mathematical instruments, namely, calculators, graphing calculators; computer aided design (CAD) software; mechanisms for coin-operated car parking gates; fire alarms; gas alarms; simulators for the steering and control of vehicles; laboratory apparatus and instruments for detecting or measuring DNA, RNA or other proteins; photographic apparatus and instruments, namely, microscopes, lens for microscopes, surveillance cameras, camera lenses; cinematographic machines and apparatus, namely, cinematographic cameras, cinematographic projectors, projection screens for movie films; optical machines and apparatus, namely, optical amplifiers, optical condensers, optical multiplexers, optical scanners, optical disk drives, optical switch, optical connector, optical cable, optical filter, optical fiber, optical element, namely, optical semiconductor laser, optical lens, optical mirrors, optical diffraction grating, optical polarizing devices; temperature indicators, namely temperature gauges, temperature sensors; gasometers; thermometers; water meters; pressure gauges [manometers]; level indicators, namely, liquid level indicator, powder level indicator; acoustic meters; tachometers; accelerometers; refractometers; luminoflux meters; actinometers; altimeters; hygrometers; illuminometers; vibration meters; noisemeters; speed indicators; calorimeters; viscosimeters; concentration meters; gravimeters; densimeters; dynamometers; flowmeters; precision measuring machines and instruments in the nature of oscilloscopes, power analyzers, scope recorders, data recorders and electric control panels for the measurement, recording and display of voltage, current, power, temperature flow, level,

strain, acceleration, pH, and humidity, waveform generators, source measure units, namely, test instruments for use in the sourcing and measuring of voltage and current, DC generators, calibrators for calibrating current and voltage measuring equipment, digital multimeters, manometers, digital thermometers, loop powered indicators, namely power meters which receive and display voltage and current signals from electronic transmitters, clamp-on testers, namely, portable testers for measuring current and voltage, insulation testers, each ground testers for measuring electrical resistance in the ground, lux meters, namely, electronic measuring and display equipment to measure the intensity with which brightness appears to the human eye, thermometers, galvanometer, current transformer, voltmeters, Optical Spectrum Analyzer, optical time domain reflectometer, Optical Wavelength Meter, optical power meters, light sources, namely electric flashlights and LED light bulbs, gyrocompass, autopilots for ships, electronmagnetic logs, chart plotters; automatic adjusting machines and instruments for adjusting and regulating used to control pressure and liquid flow, regulating machines and instruments for adjusting and regulating used to control pressure and liquid flow, automatic pressure control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic liquid-flow control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic fluid-composition control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic liquid-level control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic temperature control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic combustion control machines and instruments for gaseous melting furnace and waste gas treatment equipment for manufacturing semiconductors, automatic vacuum control machines and instruments for gaseous melting furnace and waste gas treatment equipment for manufacturing semiconductors, automatic calorie control machines and instruments for gaseous melting furnace and waste gas treatment equipment for manufacturing semiconductors, program control machines and instruments for controlling machines and instruments such as pneumatic or hydraulic machines and instruments by means of computers executing pre-programmed sequences of machine control commands to automate processes in manufacturing, oil and gas, power generation, mining and metal, chemical, water and wastewater industries; material testing machines used with paper machines to ensure final quality of paper or plastic; surveying instruments; surveying machines, namely, level measuring machines for surveying; power distribution or control machines and apparatus, namely, converters, inverters, power line conditioners; control panels [electricity]; automatic control apparatus for supporting the productivity growth in the field of manufacturing and industrial automation, namely, electronic apparatus for the remote control of industrial operations; batteries and cells, namely, galvanic batteries and cells, electrical storage batteries, fuel cells, photovoltaic cells, solar batteries; electric or magnetic meters and testers, namely, exposure meters, flow meters, frequency meters, battery testers, circuit testers; electric wires and cables; telecommunication transmission machines and apparatus, namely, network switches, routers and hubs; radio application machines and apparatus, namely, pressure transmitters, wireless temperature transmitters, wireless gas detectors, wireless computer network adapters, wireless media frequency and signal converter; remote control telemeters; parts and accessories for telecommunication machines and apparatus, namely, routers, modems, network switches, hubs and electronic circuits; computers and their peripherals, namely, data processing apparatus in the nature of computers, microprocessors, printers for use

with computers, monitors for computers, integrated circuits, mouse for computers, CD Rom organizers for computers, computer keyboards, computer memory boards, computer hardware; semi-conductor power elements; electronic circuits [not including those recorded with computer programs]; computer programs for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; computer software for use in the field of flow measurement, namely, computer software for monitoring and calibrating flowmeters, computer software for flow measurement, computer operating software for use in connection with fluid flowmeters, computer software for database management for use in the field of flow measurement; computer software for use in the field of flow measurement, namely, computer software for monitoring and calibrating flowmeters, computer software for flow measurement, computer operating software for use in connection with fluid flowmeters, computer software for database management for use in the field of flow measurement, computer software programs, namely, production and operations management and planning programs for business and industrial scheduling, forecasting, routing, workflow and resource allocation applications; computer software for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; communication processors, namely network processors for improving productivity in manufacturing, and software therefor; computer servers; computer software for controlling and managing access to servers; computer programs, downloadable for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; industrial X-ray apparatus for sensing and calculating the coat-weight of electrode sheets by determining the difference in weight before and after it is coated; magnetic object detectors; ultrasonic sensors, namely, ultrasonic liquid level sensors, ultrasonic flaw detectors, ultrasonic speed sensors, ultrasonic temperature sensors, ultrasonic distance sensors, ultrasonic position sensors; magnetic cores; resistance wires; electrodes for industrial uses, other than welding electrodes or medical electrodes; downloadable music files; downloadable image files, namely, photographic images, computer graphics, pictures; downloadable electronic publications in the nature of instruction manuals, catalogues

## SERVICES

### Class 35

(1) business efficiency expert services; marketing research or analysis; business management analysis or business management consultancy; provision of information and advisory services relating to e-commerce; arranging contracts for the buying and selling of goods on e-commerce; management of computerized files; management of computerized files by storing (and outputs, if necessary) the electronic data; computerized database management; systemization of information into computer databases; consultation about the systemization of information into computer databases; the service management for the operation of the computer system; provision of information about the operation of the computer system

### Class 37

(2) general building contractor services; upholstering; installation of electrical and generating machinery; installation of electrical systems; telecommunication wiring, namely, installation of telephone lines, network cables, lan cables, internet cables, bus cables and fibre optic cables; electrical installation services for plant facilities; construction of power plants; construction of chemical plants; construction of food processing plants; construction of machinery manufacturing plants; construction of steel manufacturing plants; construction of non-ferrous metal plants; construction of textile manufacturing plants; construction of petrochemical plants; construction of

pharmaceutical manufacturing plants; construction of nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; construction of natural gas processing plants; construction of transportation plants; construction of heat supply plants; construction of plant facilities; advisory services relating to the installation or assembly services of industrial production plants; repair or maintenance of movie projectors; repair or maintenance of optical machines and instruments; repair or maintenance of photographic machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of air-conditioning apparatus [for industrial purposes]; repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus; repair or maintenance of computers; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring apparatus and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of power plants; repair or maintenance of chemical plants; repair or maintenance of food processing plants; repair or maintenance of machinery manufacturing plants; repair or maintenance of steel manufacturing plants; repair or maintenance of non-ferrous metal plants; repair or maintenance of textile manufacturing plants; repair or maintenance of petrochemical plants; repair or maintenance of pharmaceutical manufacturing plants; repair or maintenance of nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; repair or maintenance of natural gas processing plants; repair or maintenance of transportation plants; repair or maintenance of heat supply plants

**Class 42**

(3) architectural services; surveying, namely technical surveying, oil field surveying, geological surveying, land surveying; designing of machines, apparatus or instruments [including their parts] for geological surveys and research, or designing of systems composed of such machines, apparatus and instruments; plant engineering; power plant engineering; chemical plant engineering; engineering on food manufacturing plants; engineering on machinery manufacturing plants; engineering on steel manufacturing plants; engineering on non-ferrous metal plants; engineering on textile manufacturing plants; engineering on petrochemical plants; engineering on pharmaceutical manufacturing plants; engineering on nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; engineering on natural gas processing plants; engineering on transportation plants; engineering on heat supply plants; industrial plant engineering; industrial design services; providing information on computer programs for protecting computer systems against unauthorized access to computers and providing secure networks; computer programming services for the improvement of productivity; configuration and installation of computers and computer programs; adding and expansion of functions of computers and computer programs; providing information on operation and utilization of computers and the Internet through communications by computer terminals; advisory and consultancy services relating to design of apparatus and machines for the improvement of productivity; monitoring of computers and computer programs by remote access; design of computer automatic control apparatus; programming of computer programs or systems and providing information relating thereto; design and development of computer networks and consultancy services relating thereto; advisory and consultancy services relating to introduction of computer programs into equipment used in computer systems and maintenance thereof; consultancy in the field of computer systems; technological advice relating to computers, automobiles and industrial machines; testing services

on machines, apparatus and instruments for use in testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing services in the field of preventing pollution; testing services in the field of electricity; testing services in the field of civil engineering; testing or inspection on agriculture, livestock breeding or fisheries; computer programming; rental of measuring apparatus; providing computer programs in a communication network, namely, providing temporary use of online non-downloadable computer software for database management; rental of computers; rental of measuring or testing machines and instruments; rental of memory space on computer servers and providing information relating thereto; rental of computer servers and providing information relating thereto; cloud computing; rental of laboratory apparatus and instruments; rental of technical drawing instruments

### Class 09

mathematical instruments, namely, calculators, graphing calculators; computer aided design (CAD) software; mechanisms for coin-operated car parking gates; fire alarms; gas alarms; simulators for the steering and control of vehicles; laboratory apparatus and instruments for detecting or measuring DNA, RNA or other proteins; photographic apparatus and instruments, namely, microscopes, lens for microscopes, surveillance cameras, camera lenses; cinematographic machines and apparatus, namely, cinematographic cameras, cinematographic projectors, projection screens for movie films; optical machines and apparatus, namely, optical amplifiers, optical condensers, optical multiplexers, optical scanners, optical disk drives, optical switch, optical connector, optical cable, optical filter, optical fiber, optical element, namely, optical semiconductor laser, optical lens, optical mirrors, optical diffraction grating, optical polarizing devices; temperature indicators, namely temperature gauges, temperature sensors; gasometers; thermometers; water meters; pressure gauges [manometers]; level indicators, namely, liquid level indicator, powder level indicator; acoustic meters; tachometers; accelerometers; refractometers; luminoflux meters; actinometers; altimeters; hygrometers; illuminometers; vibration meters; noisemeters; speed indicators; calorimeters; viscosimeters; concentration meters; gravimeters; densimeters; dynamometers; flowmeters; precision measuring machines and instruments in the nature of oscilloscopes, power analyzers, scopeorders, data recorders and electric control panels for the measurement, recording and display of voltage, current, power, temperature flow, level, strain, acceleration, pH, and humidity, waveform generators, source measure units, namely, test instruments for use in the sourcing and measuring of voltage and current, DC generators, calibrators for calibrating current and voltage measuring equipment, digital multimeters, manometers, digital thermometers, loop powered indicators, namely power meters which receive and display voltage and current signals from electronic transmitters, clamp-on testers, namely, portable testers for measuring current and voltage, insulation testers, each ground testers for measuring electrical resistance in the ground, lux meters, namely, electronic measuring and display equipment to measure the intensity with which brightness appears to the human eye, thermometers, galvanometer, current transformer, voltmeters, Optical Spectrum Analyzer, optical

time domain reflectometer, Optical Wavelength Meter, optical power meters, light sources, namely electric flashlights and LED light bulbs, gyrocompass, autopilots for ships, electromagnetic logs, chart plotters; automatic adjusting machines and instruments for adjusting and regulating used to control pressure and liquid flow, regulating machines and instruments for adjusting and regulating used to control pressure and liquid flow, automatic pressure control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic liquid-flow control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic fluid-composition control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic liquid-level control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic temperature control machines and instruments for supplying water, refrigerating machines, water treatment plants, incineration plants, and waste gas treatment equipment for manufacturing semiconductors, automatic combustion control machines and instruments for gaseous melting furnace and waste gas treatment equipment for manufacturing semiconductors, automatic vacuum control machines and instruments for gaseous melting furnace and waste gas treatment equipment for manufacturing semiconductors, automatic calorie control machines and instruments for gaseous melting furnace and waste gas treatment equipment for manufacturing semiconductors, program control machines and instruments for controlling machines and instruments such as pneumatic or hydraulic machines and instruments by means of computers executing pre-programmed sequences of machine control commands to automate processes in manufacturing, oil and gas, power generation, mining and metal, chemical, water and wastewater industries; material testing machines used with paper machines to ensure final quality of paper or plastic; surveying instruments; surveying machines, namely, level measuring machines for surveying; power distribution or control machines and apparatus, namely, converters, inverters, power line conditioners; control panels [electricity]; automatic control apparatus for supporting the productivity growth in the field of manufacturing and industrial automation, namely, electronic apparatus for the remote control of industrial operations; batteries and cells, namely, galvanic batteries and cells, electrical storage batteries, fuel cells, photovoltaic cells, solar batteries; electric or magnetic meters and testers, namely, exposure meters, flow meters, frequency meters, battery testers, circuit testers; electric wires and cables; telecommunication transmission machines and apparatus, namely, network switches, routers and hubs; radio application machines and apparatus, namely, pressure transmitters, wireless temperature transmitters, wireless gas detectors, wireless computer network adapters, wireless media frequency and signal converter; remote control telemeters; parts and accessories for telecommunication machines and apparatus, namely, routers, modems, network switches, hubs and electronic circuits; computers and their peripherals, namely, data processing apparatus in the nature of computers, microprocessors, printers for use with computers, monitors for computers, integrated circuits, mouse for computers, CD Rom organizers for computers, computer keyboards, computer memory boards, computer hardware; semi-conductor power elements; electronic circuits [not including those recorded with computer programs]; computer programs for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; computer software for use in the field of flow measurement, namely, computer software for monitoring and calibrating flowmeters, computer software for flow measurement, computer operating software for use in connection with fluid flowmeters, computer software for database management for use in the field of flow measurement; computer software for use in the

field of flow measurement, namely, computer software for monitoring and calibrating flowmeters, computer software for flow measurement, computer operating software for use in connection with fluid flowmeters, computer software for database management for use in the field of flow measurement, computer software programs, namely, production and operations management and planning programs for business and industrial scheduling, forecasting, routing, workflow and resource allocation applications; computer software for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; communication processors, namely network processors for improving productivity in manufacturing, and software therefor; computer servers; computer software for controlling and managing access to servers; computer programs, downloadable for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; industrial X-ray apparatus for sensing and calculating the coat-weight of electrode sheets by determining the difference in weight before and after it is coated; magnetic object detectors; ultrasonic sensors, namely, ultrasonic liquid level sensors, ultrasonic flaw detectors, ultrasonic speed sensors, ultrasonic temperature sensors, ultrasonic distance sensors, ultrasonic position sensors; magnetic cores; resistance wires; electrodes for industrial uses, other than welding electrodes or medical electrodes; downloadable music files; downloadable image files, namely, photographic images, computer graphics, pictures; downloadable electronic publications in the nature of instruction manuals, catalogues

## SERVICES

### Class 35

(1) business efficiency expert services; marketing research or analysis; business management analysis or business management consultancy; provision of information and advisory services relating to e-commerce; arranging contracts for the buying and selling of goods on e-commerce; management of computerized files; management of computerized files by storing (and outputs, if necessary) the electronic data; computerized database management; systemization of information into computer databases; consultation about the systemization of information into computer databases; the service management for the operation of the computer system; provision of information about the operation of the computer system

### Class 37

(2) general building contractor services; upholstering; installation of electrical and generating machinery; installation of electrical systems; telecommunication wiring, namely, installation of telephone lines, network cables, lan cables, internet cables, bus cables and fibre optic cables; electrical installation services for plant facilities; construction of power plants; construction of chemical plants; construction of food processing plants; construction of machinery manufacturing plants; construction of steel manufacturing plants; construction of non-ferrous metal plants; construction of textile manufacturing plants; construction of petrochemical plants; construction of pharmaceutical manufacturing plants; construction of nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; construction of natural gas processing plants; construction of transportation plants; construction of heat supply plants; construction of plant facilities; advisory services relating to the installation or assembly services of industrial production plants; repair or maintenance of movie projectors; repair or maintenance of optical machines and instruments; repair or maintenance of photographic machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of air-conditioning apparatus [for industrial purposes]; repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus; repair or

maintenance of computers; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring apparatus and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of power plants; repair or maintenance of chemical plants; repair or maintenance of food processing plants; repair or maintenance of machinery manufacturing plants; repair or maintenance of steel manufacturing plants; repair or maintenance of non-ferrous metal plants; repair or maintenance of textile manufacturing plants; repair or maintenance of petrochemical plants; repair or maintenance of pharmaceutical manufacturing plants; repair or maintenance of nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; repair or maintenance of natural gas processing plants; repair or maintenance of transportation plants; repair or maintenance of heat supply plants

**Class 42**

(3) architectural services; surveying, namely technical surveying, oil field surveying, geological surveying, land surveying; designing of machines, apparatus or instruments [including their parts] for geological surveys and research, or designing of systems composed of such machines, apparatus and instruments; plant engineering; power plant engineering; chemical plant engineering; engineering on food manufacturing plants; engineering on machinery manufacturing plants; engineering on steel manufacturing plants; engineering on non-ferrous metal plants; engineering on textile manufacturing plants; engineering on petrochemical plants; engineering on pharmaceutical manufacturing plants; engineering on nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; engineering on natural gas processing plants; engineering on transportation plants; engineering on heat supply plants; industrial plant engineering; industrial design services; providing information on computer programs for protecting computer systems against unauthorized access to computers and providing secure networks; computer programming services for the improvement of productivity; configuration and installation of computers and computer programs; adding and expansion of functions of computers and computer programs; providing information on operation and utilization of computers and the Internet through communications by computer terminals; advisory and consultancy services relating to design of apparatus and machines for the improvement of productivity; monitoring of computers and computer programs by remote access; design of computer automatic control apparatus; programming of computer programs or systems and providing information relating thereto; design and development of computer networks and consultancy services relating thereto; advisory and consultancy services relating to introduction of computer programs into equipment used in computer systems and maintenance thereof; consultancy in the field of computer systems; technological advice relating to computers, automobiles and industrial machines; testing services on machines, apparatus and instruments for use in testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing services in the field of preventing pollution; testing services in the field of electricity; testing services in the field of civil engineering; testing or inspection on agriculture, livestock breeding or fisheries; computer programming; rental of measuring apparatus; providing computer programs in a communication network, namely, providing temporary use of online non-downloadable computer software for database management; rental of computers; rental of measuring or testing machines and instruments; rental

of memory space on computer servers and providing information relating thereto; rental of computer servers and providing information relating thereto; cloud computing; rental of laboratory apparatus and instruments; rental of technical drawing instruments

## Goods

### Class 09

(1) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electrical switches; blank magnetic data carriers, namely, blank USB flash drives, blank recording discs; blank compact discs, blank DVDs; cash registers, computers; computer software for regulating and controlling air conditioning units, industrial furnaces and environmental testing chambers; fire extinguishers; air analysis apparatus and climate analysis apparatus and devices, namely, special test benches for environmental simulation installations, emission test chambers for characterizing volatile organic compounds (VOCs); temperature analysis apparatus and devices, namely, temperature sensors and temperature transmitters; electronic material testing apparatus for testing thermal shock; electronic testing apparatus for testing the presence of ozone; electronic material testing apparatus for testing corrosion; electronic testing chambers and rooms for testing the impact of dust and rain on electronics; measuring and regulating apparatus for air conditioning technology, namely, electromechanical control for air conditioning units; heat flow meters; data processing apparatus and installations, and components therefor, namely, computer monitors, printers, keyboards, scanners, and personal computers; voltage stabilizing power supplies; environmental simulation systems, namely, apparatus for measuring, controlling and obtaining physical values, namely temperature, pressure, humidity and vibration; emission test chambers for characterisation of volatile organic compounds (VOCs); test systems for stability testing in the pharmaceutical industry, comprised primarily of test chambers for storage of drug products for alteration to determine the shelf-life time using afterwards analytical methods; apparatus for testing electromagnetic compatibility of metals and metalloids; electric and electronic control and regulating apparatus, namely, electromagnetic control for coolant and temperature sensors; heat regulating apparatus, namely, thermostats; furnaces for laboratory use; electronic testing apparatus not for medical purposes, namely, furnaces and ovens for laboratory experiments, wind tunnels; precision theodolites; computer programs for regulating and controlling air conditioning units, industrial furnaces and environmental testing chambers; electric and electronic temperature and humidity regulators, namely, constant humidity incubators for laboratory use and sensors; voltage supply units comprising power supplies, data displays,

namely, electronic luminescent display panels, electrical cabling; computer hardware and software for controlling installations, machines and apparatus for capturing and siphoning air emissions and pollutants; furniture especially made for laboratories, namely, tables and cabinets; apparatus for transvasation of acids and alkaline solutions for laboratories, namely, centrifuges; laboratory and personal protection workstations for product and personal protection, namely, for mixing, bottling and weighing high-efficiency substances in the chemical and pharmaceutical industry; weighing cabinets for laboratory use; weighing apparatus and instruments, namely, laboratory scales and balances; laminar flow cabinets, in particular for product and personal protection, for mixing, bottling and weighing high-efficiency substances in the chemical and pharmaceutical industry; negative and positive pressure cabins for personal, product and environment protection, in particular for microbiological laboratories, parenterals plants, solids plants or active substance production, namely, decompression chambers; wind tunnels.

### **Class 10**

(2) Surgical instruments; medical, dental and veterinary instruments for the use in general surgery; dental instruments, namely, picks, burrs, mirrors and oral irrigators; artificial limbs, eyes and teeth; orthopedic articles, namely, orthopedic footwear, knee bandages and soles; suture materials; medical instruments for use in orthopedic surgery; veterinary apparatus and instruments for use in orthopedic surgery; analysers for medical use, namely, ergometers; incubators for medical purposes; hot air vibrators for medical purposes; incubators for medical purposes; surgical compressors; lasers for medical purposes; lamps for medical purposes; vacuum pumps for medical purposes; quartz lamps for medical purposes; X-ray apparatus for medical purposes; protection devices against X-rays, for medical purposes, namely, breast shields; containers especially made for medical waste; furniture especially made for medical and pharmaceutical purposes, namely, operating tables, dissecting tables, medical examination tables.

### **Class 11**

(3) Apparatus for lighting purposes, namely, electric fixtures, lighting tracks; apparatus for steam generating purposes, namely, steam generators, steam valves and steam radiators for heating buildings; apparatus for refrigerating purposes, namely, refrigerating machines and refrigerators; apparatus for drying purposes, namely, vacuum dryers; apparatus for ventilating purposes, namely, ventilating exhaust fans and ventilating louvers; apparatus for water supply and sanitary purposes, namely, toilets, sinks, bathtubs; environment simulation rooms and chambers for research, development and production for simulation of different climates; apparatus and devices for controlling and regulating vacuums, namely, control volume pumps; environmental simulation chambers for material and equipment testing; low and high pressure chambers for research and environmental tests with plants, animals and human beings; apparatus and equipment for simulating cold, heat, humidity, climate, light, air composition, air speed, air filtration, corrosion, vacuum, excess pressure, noise and vibration, namely, heat accumulators, heat exchangers, heat pumps, air humidifiers, filters for air conditioning units; refrigerating and freezing apparatus and chambers, namely, walk-in coolers and freezers and cooling and freezing chambers, freezing showcases and refrigerating display cabinets; fuel evaporation chambers (SHED); equipment and installations for heat treatment for production, namely, heating furnaces; hot cabinets and drying cabinets, namely, heated display cabinets, warming cabinets for food; electric induction drawer ovens; dryers for continuous drying and heating processes, in particular continuous ovens for induction ovens, paternosters, chest ovens for baking, tempering furnaces and baking ovens; clean room air sterilisers and dryers; filters for air conditioning; air heating apparatus, namely, heating radiators; humidifiers; ventilation hoods; electric air deodorising apparatus, namely, dispensing units for room deodorants and electric air deodorizers; hot air apparatus, namely, heat accumulators; hot air ovens; heat pumps; heat regenerators; heat accumulators; heat exchangers,

not parts of machines; evaporators, namely, evaporative air coolers; room air conditioners, in particular in cabinet form, including for air conditioning computer rooms, measurement spaces and clean rooms for the food and the pharmaceutical industries, and functional areas in hospitals, including operating theatres or intensive care units; room air humidifiers, humidifiers and dehumidifiers; climatically controlled chests, namely, air-conditioning units; window-mounting air-conditioners; water re-cooling towers; chest freezers; apparatus for cooling water, namely, water coolers; heating apparatus, electric, namely, electric radiators for heating buildings; heating apparatus for solid, liquid or gaseous fuels, namely, solid fuel burning stoves; fireplaces; microwave ovens for industrial purposes; ovens, other than for laboratory purposes, namely, convection ovens; refrigerating cabinets; cold storage rooms; sanitary installations, namely, clean rooms for achievement and maintenance of climate, for laboratory use; temperature-regulating devices, namely, thermostats; apparatus and instruments for generating clean air, namely, air sterilizers; electrically operated air suction units for recording pollutants in treatment, processing and production machines and installations for laboratory use; air cleaning and filtering installations, namely, air filters for air conditioners for removing pollutants and odours from the air; exhaust air collection hoods, namely, ventilation hoods; ventilation exhaust fans; sterile air distributors, namely, air diffusers; clean air climate simulation boxes for weighing operations; clean room material sluices; clean room man locks.

## CLAIMS

Used in CANADA since at least as early as May 03, 2016 on goods. Priority Filing Date: EUIPO (EU) November 11, 2015, Application No: 14789283 in association with the same kind of goods (2); EUIPO (EU) November 11, 2015, Application No: 014789283 in association with the same kind of goods (1), (3)

KNEE TRACKER

### Image Description (Vienna)

- Feet, toes, toenails, imprints of feet or of toes, legs
- More than two lines or two bands
- Set of lines evoking sound or electromagnetic waves

## Goods

### Class 09

(1) computer software for weight, motion and position sensors that monitors, measures, records and analyzes knee joint movement in humans during rehabilitation following knee surgery; computer software application for mobile devices, namely, smart telephones, tablet computers, personal digital assistants and laptop computers for the purposes of monitoring, measuring, recording and analyzing the movement of joints in the human body, namely, the knee joint; sensory and monitoring apparatus and instruments, namely, weight, motion and position sensors, integrated electronic modules and microprocessor boards, parts and fittings therefor, all the foregoing for monitoring, measuring, recording and analyzing knee joint movement in humans during rehabilitation following knee surgery

### Class 10

(2) medical and surgical monitoring and sensory apparatus and instruments, namely, weight, motion and position sensors, integrated electronic modules and microprocessor boards, parts and fittings therefor, all the foregoing for monitoring, measuring, recording and analyzing knee joint movement in humans during rehabilitation following knee surgery; medical, surgical and physiotherapy apparatus and instruments, namely weight, motion and position sensors, integrated electronic modules and microprocessor boards, parts and fittings therefor, all the foregoing for monitoring, measuring, recording and analyzing knee joint movement in humans during rehabilitation following knee surgery

### Goods

#### Class 09

Cameras, video cameras, Web cameras; recording discs, tape recorders; printed circuits; computers and peripheral apparatus; computer software platform for modelling transient electrical phenomenon on an electrical system; software libraries for modelling transient electrical phenomenon on an electrical system; computer software for image processing; materials modelling software; computer software related to data management in the fields of electrical energy and energy consumption; computer software for the management, operation, and remote control of electrical installations; operating system software, data synchronization software; system backup software, data processing, data storage, file management and database management; computer software constituent parts for modelling transient electrical phenomenon on an electrical system; computer software for the design, management, servicing, simulation, or testing of energy transport and distribution networks; computer software for transient electrical systems; computer software for solving electric power supply problems; computer software for simulating transient phenomenon on electromagnetic and electromechanical systems; computer software for controlling multi-phase electrical power supply systems; computer software for designing simulations of energy transport and distribution networks; analyzers for the testing of energy transport and distribution network equipment.

## SERVICES

#### Class 41

(1) Adult education in the field of law; education in the field of electricity; education and training services in the nature of seminars, workshops, and conferences in the field of electricity; educational services related to meditation; organization of educational seminars in the field of electricity; organization of training conferences in the field of electricity; organization of training presentations in the field of electricity; classes (training) in the field of law; meditation training; organization of training courses in the field of electricity; organization of training seminars in the field of electricity; training services in the field of electricity; conduct of training seminars in the field of electricity; internships in the field of electricity, namely internships and professional internships in the field of electricity; provision of training classes in the field of electricity; vocational training services in the field of electricity; organization and conduct of educational conferences in the field of electricity; teaching services in the field of electricity; organization and conduct of conferences

and of educational and training seminars in the field of electricity; classes (training) in the field of law; publishing of books; publishing of books and printed matter.

### **Class 42**

(2) Assessments, estimates and research in the scientific and technology fields performed by engineers, namely services of engineers in the field of electricity; industrial analysis and research services; design and development of computers and computer software; computer programming services; support and consulting services regarding the development of computer systems, databases, and applications; design and development of computer communication infrastructure related to electrical networks; creation (design, development), updating and adaptation of software; computer programming; computer software consulting, installation of computer software, maintenance and rental of computer software; work of engineers responsible for performing assessments, estimates, research and reports in the scientific and technology fields related to electrical engineering, in the fields of electricity distribution, production and transmission; technical project studies in the nature of feasibility studies in the field of electricity; electrical engineering services in the fields of electricity distribution, production and transmission; research and development of new products for the benefit of others; computer network design for others; consulting services related to computer network development; technical support services for monitoring computer networks; monitoring of computer network systems; information and consulting services in the fields of electricity distribution, production and transmission; creation of directories for online information, websites and other resources available on global computer networks for others; recovery of computer data; information and consulting services related to computer programming and computer software; conversion of computer data and programs, other than physical conversion; research and development services in the field of electrical engineering.

- 

### Colour Claim

Colour is claimed as a feature of the trade-mark. The inner circle is white. The outer circle is red.

## Goods

(1) vitamin preparations and food supplements with a base of minerals, all for general health and well-being; dietary substances not adapted for medical purposes, mainly consisting of vitamins, amino acids, minerals and trace elements

(2) pre-recorded CDs in the fields of medicine, health education and food supplements; computer software for medical imaging; computer software for monitoring heart rates; computer software for visualisation of organs and other parts of the human body; computer software for visualisation of the effects of micronutrients on the human body; computer application software for mobile phone for creating and distributing graphs and statistics in the fields of medicine, health education and food supplements; software applications for transmission of medical graphs and textual information in the fields of medicine, health education and food supplements; software for access, browsing, sharing, and messaging over computer networks in the fields of medicine, health education and

food supplements; computer software for use in connecting to and searching the contents of remote computers, computer networks; computer software for running internet applications in the fields of medicine, health education and food supplements; computer search engine software

(3) Books, periodicals, newspapers, journals, pamphlets, magazines in the fields of health education and food supplements all the aforesaid goods in the field of health care, preventive health care and nutrition; paper, cardboard; photographs

(4) playing cards

(5) Foodstuffs of animal origin, in particular meat, fish, poultry, game and meat extracts; vegetables and other edible horticultural products, prepared for consumption or preservation, in particular preserved, dried fruit and vegetables; jellies, jams, eggs, milk and milk products; edible oils and fats; margarine; tofu

(6) Fresh fruits and vegetables; natural plants and flowers

(7) Mineral and aerated waters, carbonated non-alcoholic drinks; fruit beverages and fruit juices; syrups for making beverages

## SERVICES

(1) Recording and inputting of self-acquired information regarding an individual's mental and physical health for data storage with regard to the health sector and medical services; organization of trade fairs and exhibitions for commercial purposes in the fields of medicine, health education and food supplements

(2) Transmission of information in the fields of medicine, health education and food supplements and electronic mail messages by means of the internet; electronic mail; internet services, namely transmission of information in the fields of medicine, health education and food supplements via the internet; providing internet website portals, internet website chatrooms and internet website forums in the fields of medicine, health education and food supplements; transmission of information on the internet in the fields of medicine, health education and food supplements from databases by means of interactive computer systems, including internet communities, internet platforms and forums, chat forums, electronic mailboxes; collection and delivery of paper correspondence; broadcasting of radio and television entertainment programs

(3) Delivery of food and drink by restaurant

(4) Arranging and conducting of lectures, events, seminars, workshops (training), colloquiums, all in the fields of medicine, health education and food supplements; arranging and conducting of trade fairs and exhibitions in the fields of medicine, health education and food supplements for teaching and further training purposes; acceptance of monetary charitable contributions to fund medical research; education, teaching, providing of training and further training in the field of health care, preventive health care and dietary supplements; publication and editing of books, newspapers and periodicals; internet and computer services, namely distribution via the internet of publications in the field of health care, preventive health care and nutrition; running botanical gardens; running of museums; book rental; film production services; rental of motion pictures; movie showing

(5) Medical research services; computer services, namely providing search engines for finding blogs relating to a variety of topics; computer services, namely, providing a search engine to allow users to preview, order and download books, search full texts of books, find reviews and other information on books, search for magazine content, and find references books on other websites; providing educational software containing topics of instruction in nutrition; hosting of discussion groups and blogs in the field of health care and nutritional consultancy

(6) Health care consultancy relating to the prevention of cardio-vascular disease, heart disease, cancer, lyme disease, dental caries, arthritis; consultancy in the field of nutrition; pharmaceutical consultancy; providing online information and news with regard to the health sector and medical services; operation of a website containing information in the field of nutrition; operation of beauty salons and spas

### Goods

#### Class 06

(1) Steel pipes and tubes for the automotive, energy, machine construction and construction industries, steel sheets, steel strips, steel building boards, steel building panels, steel alloys, pipe bends of metal; Reinforcements of metal for motor vehicles, foils of metal for motor vehicle reinforcements, steel profile components, aluminium profile components, hot-formed components of steel, coated steel profile components and coated hot-formed components of steel for use in the automotive, machine construction and construction industries; Pressed, drawn, stamped, cast and forged parts of metal and hot-formed and tempered steel parts for the automobile industry; Turned and milled parts for use in the automotive, machine construction and construction industries; metal Screws; Armour plates, armour plating; Equipment for protection of motor vehicles, machines and buildings against missiles, namely multiple metal plates and metallic woven fabric

(2) Automotive airbag inflation tubes, automotive perforation canon tubes, OCTG tubes, heating tubes, energy tubes; anchor sleeves for use in soil, sand and asphalt, anchors for use in soil, sand and asphalt

#### Class 07

(3) Glass working machines for the automotive, machine construction and construction industries; Washing machines for grinding; Machines for scouring; Planing machines for metalworking; Washing machines for cutting; Edging machines, hot-forming tools; Washing machines for curved glass; Calibration machines for the automotive, machine construction and construction industries; Forming dies for the automotive, machine construction and construction industries; glass grinding and glass polishing machines; Edge treatment machines; Crimping machines; Cutting tools for metal working, circuit boards and the automotive, machine construction and construction industries ; Punching presses for metalworking; Spreading machines for the automotive, machine construction and construction industries; Diesel particle filters (parts of machines or engines); Washing machines for assembly lines; Grindstones (parts of machines); Cutters for the automotive, machine construction and construction industries ; Exhaust manifolds, catalysts, diesel particle filters, turbocharger housings, recirculation systems, heat recovery systems; Engine applications, in particular fuel and air mixture regulators, injectors

#### Class 11

(4) Apparatus for lighting, heating and steam generating, namely pipes for refrigerating, drying, ventilating, water supply and sanitary purposes; pipes for boilers and central heating systems;

Pipes for heat exchangers or condensing installations for nuclear power plants and other power plants, pipes for steam generators

### **Class 12**

(5) Vehicle body parts and structural parts for vehicles, in particular A, B and C pillars, door impact supports, underbodies, tunnels, sills, roof frames, instrument panel mounts and deformable steering column jackets, transverse and longitudinal bars being parts for vehicle bodies, in particular for the reinforcement thereof, and for protection from impact and rollover; Pressed vehicle body parts, namely interior door panels, mudguards, engine hoods; Steering knuckles, front axles, rear axles, combined steering axles for vehicles; Bumper systems for motor vehicles, consisting of transverse bumper bars, crash boxes and flange plates; Bumpers for automobiles; Frames and wheel suspensions for vehicles and parts therefor, including rear axle supports or front axle supports, auxiliary frames, axle supports or engine mounts, links, including longitudinal and transverse links, including being supporting links, guide links, spring links, triangular links, trapezium links, and stabilisers and torsion beam axles, axle casings, axle journals and pivot bearings

(6) Battery holders and tanks for vehicles; temperature controllers and regulators for the interior of a vehicle; electric motors for vehicles, generators, traverse beams; battery moduls for vehicles ; drive moduls for vehicles

## **SERVICES**

### **Class 40**

(1) Galvanizing; Metal hardening; saw mill; Grinding for the automotive, machine construction and construction industries; Soldering; Laminating

### **Class 42**

(2) Quality testing of structures in automotive manufacture; Quality testing, quality analysis, quality evaluation, quality assurance, vehicle performance testing, development and research in automotive manufacture (for others), development and design of vehicle systems and components in automotive manufacture (for others), development of vehicle models and concepts (for others), development of interior fittings in automotive manufacture (for others), development of functional parts and attachments for utility vehicles (for others); Construction drafting, Material testing, Technical advice and consultancy for the automotive, machine construction and construction industries, Technical project studies for the automotive, machine construction and construction industries

## **CLAIMS**

Used in CANADA since at least as early as September 2011 on goods and on services. Priority Filing Date: EUIPO (EU) January 04, 2016, Application No: 014974877 in association with the same kind of goods (1), (3), (4), (5) and in association with the same kind of services. Used in GERMANY on goods (1), (3), (4), (5) and on services. Registered in or for EUIPO (EU) on July 26, 2016 under No. 014974877 on goods (1), (3), (4), (5) and on services

### Goods

#### Class 04

(1) Wood briquettes, fuel, namely, biofuels, wood heating fuel pellets

#### Class 09

(2) Computer software for designing, cost calculation and statistics calculation of buildings construction; screens and planning grids for use in sawmills for calculating the optimal cutting measurements to avoid a waste of wood

#### Class 11

(3) Sanitary installations, namely, steam rooms and showers; water supply and sanitation equipment, namely, faucets; bathroom installations, namely exhaust fans and toilets.

#### Class 19

(4) Building materials of wood, in particular solid wood panels and natural wood panels, planks, beams, sawn timber, cross-laminated timber, planed timber, wall covering tiles of wood, ceilings made of wood, ceiling elements, supports and joists, floor tiles of wood, floor boards of wood, hardwood flooring, timber boarding, glue-laminated wood, non-metal parts of houses, namely, soffits, fascia, non-metal hips for roofing and ceiling rafters, wall claddings, wall elements, roof elements, prefabricated residential and leisure houses and commercial buildings, building materials and building elements, namely, semi-worked woods and gypsum, doors, gates, windows and window coverings, roofs, roller shutters (all the aforesaid goods of wood), transportable buildings of wood, namely, prefabricated room modules for installation in prefabricated residential buildings, external and internal wood cladding for construction and building, parts and accessories for all the aforesaid goods.

#### Class 27

(5) Timber flooring, namely, wooden door mats

#### Class 31

(6) Unseen timber and timber products, namely, planed timber for patio floors and substructures for patios

## SERVICES

#### Class 35

(1) Value engineering consultancy, namely, cost analysis in the field of building construction engineering and the lumber industry.

**Class 37**

(2) Installation of blinds, room dividers, shelves, bolts, construction fittings, exterior wall claddings, prefabricated houses, roofs, built-in furniture, furniture; building construction; preparation of construction work, namely, concrete paving, site clearing, excavation, pad preparation, grading and asphalt paving; on site project management relating to the construction of buildings; building construction supervision; construction of retirement homes and student residences; building construction services, namely construction and alteration of buildings, in particular buildings in massive wood construction; custom construction of prefabricated residential and industrial buildings; building construction; repair and installation services, namely repair and installation services relating to parts of houses, rafters, wall claddings, wall elements, roof elements, prefabricated residential and leisure houses, commercial buildings, building materials and building elements, doors, gates, windows and window coverings, roofs and roller shutters and relating to parts and accessories for all the aforesaid goods; installation of IT installations (hardware); installation of communications equipment; installation, maintenance and repair of heating installations; installation of electric appliances.

**Class 39**

(3) Transport by truck, rail, cargo container vessel

**Class 42**

(4) Preparing static calculations and test statistics; building promoter services, namely the technical preparation (project planning) of building projects; architectural development of floor plans with prefabricated building elements in prefabricated construction; planning and design of information technology systems for use in the field of modular building manufacturing; industrial design; architectural consultation; installation of IT installations (software).

**Class 44**

(5) Services in the field of the timber and forestry industry, namely, forest thinning in the nature of tree removal

# TRUE FUEL

### Goods

#### Class 09

computer hardware and software for detecting and monitoring vehicular fuel usage (considering vehicular load, environmental conditions in the nature of temperature, wind speed, type of roadway, flat/hills, traffic conditions via speed), vehicular operator performance and efficiency and safety, vehicular maintenance, vehicular location, operational status in the nature of engine off/on, vehicle power off/on, engine idle, cruise control status, power take off on/off, vehicle moving, vehicle stationary, vehicle gear, operational safety profile; computer hardware and software for collecting, storing and relaying data pertaining to vehicular operational performance efficiency, health data in the nature of truck oem diagnostic trouble codes, severity of those codes, suggested maintenance actions, suggested mitigation actions, status of those codes by number thrown, length of time in those statuses, usage data in the nature of fuel usage, engine hours usage, transmission usage, miles driven and battery status, and safety to one or more remote locations; computer hardware and software for monitoring vehicular operational parameters to enhance fuel efficiency, safety, and mechanical reliability

## SERVICES

#### Class 35

(1) help in the management of the business affairs or commercial functions of an industrial or commercial enterprise, namely, collecting, compiling and analyzing real-time vehicle, driver and environmental data, namely, vehicle maintenance, vehicle fuel levels and consumption, vehicle load-weight, vehicle driving route, vehicle driver operational and safety habits and weather conditions; business management and advisory services relating to information and data compiling, analyzing and reporting in the field of vehicular fuel efficiency, increasing revenue and fuel efficiency in the field of public, military and commercial transportation

#### Class 41

(2) driver education, training and coaching services, namely, coaching services in the field of commercial vehicles, namely, trucks, cars and SUVs, trains, buses and taxis regarding operation, maintenance and driving safety, providing group and in-cab coaching in the field of commercial vehicles, namely, trucks, cars and SUVs, trains, buses and taxis regarding fuel efficiency, operation, maintenance and driving safety

**Class 42**

(3) scientific and technological services, namely, scientific research, computer hardware and software design in the field of vehicular fuel usage and efficiency, engine hours, miles driven, transmission usage and battery status; analysis and research services in the field of commercial transportation in the nature of vehicular fuel usage, engine hours, miles driven, transmission usage and battery status, operation, maintenance and driving safety of vehicles, namely, trucks, cars and SUVs, trains, buses and taxis

## Goods

### Class 07

(1) 3D printers

### Class 09

(2) 3D scanners; computer software and hardware for data processing and for design and engineering of 3D printer applications and processes and the use of 3D printing in manufacturing facilities; computer software, namely, software for use with 3D printers to prepared data, optimized data and finetuned data; computer software for managing and coordinating the planning and management of groups of 3D printers; computer software for data collection, inventory, archiving, processing, manipulating, transmitting and receiving data with respect to 3D printers; computer software for image processing, including the processing of medical images; computer programs for controlling 3D printers; software for the purpose of the manufacture of products by means of a 3D printer, namely for the manufacture of medical products; downloadable electronic publications, namely user manuals; optical apparatus and instruments, namely, scanning equipment in the nature of optical character recognition (OCR) apparatus, optical readers and optical inspection

apparatus in the field of 3D printer and additive manufacturing applications and processes and the use of 3D printing in manufacturing facilities; eyeglasses; sunglasses; eyeglass frames; spectacle cases and sleeves, spectacle cases; contact lenses; binoculars; portable computers; portable smartphones; portable computer peripherals, namely webcams, computer mouse, blank flash memory cards, battery cables, cable connectors; smart watches; anatomical models used as instructional apparatus

### **Class 10**

(3) Surgical apparatus and instruments for medical, dental or veterinary use for guiding and preparing surgical interventions; artificial limbs, artificial eyes and artificial teeth; orthopedic articles, namely, orthopedic medical devices for diagnostic and therapeutic use and joint implants made of metal and plastic materials; suture materials; medical, surgical and orthopaedic non living implants for ankle, knee, hip, shoulder, upper and lower arm; orthopedic insoles; orthopedic and cranio-maxillofacial fixation and support devices used in orthopedic and cranio-maxillofacial transplant and implant surgery; orthopedic footwear; medical instruments and devices for analyzing and measuring feet, foot pressure and soles; artificial anatomical implants; anatomical models for diagnosis

### **Class 11**

(4) Lighting equipment, namely lamps stand for electric lighting fixtures and ceiling light fittings; lighting fixtures and equipment, namely, lighting fixtures for incandescent, fluorescent, halogen and LED light bulbs; lamps, namely electric lamps, LED lamps, fluorescent lamps, halogen lamps, infrared lamps

### **Class 14**

(5) Precious metals and their alloys; jewelery, costume jewelery, precious stones; horological and chronometric instruments, namely chronometers, stopwatches; time markers; watchbands; watches

### **Class 16**

(6) Paper, cardboard; printed matter, namely, manuals, curricula, newsletters, informational cards and brochures in the field of imaging, visualization, 3D printing and additive manufacturing; bookbinding material; stationery, namely writing paper, pencils, envelopes, paints sets, paint brushes, paint palettes, stencils; adhesives for stationery or household purposes; adhesives for stationery or household purposes; artists' materials, namely, molds for modelling clays for artists and sculptors, artists' pens; printed instructional, educational, and teaching materials in the field of imaging, visualization, 3D printing and additive manufacturing; printing blocks; printed user manuals, namely, medical user guides; anatomical models used as instructional material

### **Class 20**

(7) Furniture, namely bathroom furniture, bedroom furniture, dining room furniture, kitchen furniture, garden furniture, office furniture; mirrors, namely mirrors, bathroom mirrors, hand-held mirrors; picture frames; statues, artworks and designs [ornaments] of wood, wax, plaster or plastic

### **Class 25**

(8) Clothing, namely, shirts, t-shirts, pants, skirts, dresses, blouses, jackets, sweaters, shorts, underwear; footwear, namely beach footwear, sports footwear, boots, casual footwear, children's footwear, evening footwear, outdoor winter footwear, rain footwear; headgear, namely, hats, caps, knit face masks, ski masks and sleep masks

## **SERVICES**

### **Class 35**

(1) Advertising agency services for others; advertisement designing services for others, business management; business administration; retail services relating to software and hardware, namely retail sale of computer software and hardware; advertising and promotion of goods or services for third parties, to allow customers to conveniently view and compare the goods and services of the vendors; retailing and business mediation in the sale of products in the field of medical devices, jewelry, 3D printers, furniture, clothing and sport eyewear that can be produced by 3D printers; arranging of advertising services and advertising for others; distribution of advertising material; management of archive and information databases; management of administrative records, whether or not digital; business management to support the commercialization of products and services in the context of e-commerce; administrative and commercial management of projects related to the development, specification, installation and implementation of computer systems; business management of business processes and business consultancy; commercial and industrial management assistance; data collection and systematization in a central file; designing, structuring, managing, updating and customizing databases; setting up and management of databases; business management services relating to information and data compiling and analyzing; advice, consultancy and information regarding the aforesaid services, also provided via electronic networks such as the Internet

#### **Class 40**

(2) 3D printing of tangible products for others; advice, consultancy and information regarding the aforesaid services, also provided via electronic networks such as the Internet

#### **Class 42**

(3) Scientific and technological services for others, namely, research and design in the field of 3D printer and additive manufacturing applications and processes and the use of 3D printing in manufacturing facilities; scientific and technological services for medical purposes, namely, scientific and medical research, analysis, testing in the field of orthopedic, cardio-vascular, cranio-maxillofacial, pediatric and cancerous diseases; services in the field of industrial analysis, namely, testing, analysis, and evaluation of the goods of others to assure compliance with industry standards and product improvement purposes; industrial research in the field of additive manufacturing technology and the applications of additive manufacturing; design and development of computer hardware and software; design and development of computer hardware and software of and for 3D-printers; graphic designs, in particular the making of volume drawings for the design of prototypes; technical drawing; design of 3D- visualizations and prototypes; product development and product design; design of clothing, industrial design, interior design and graphic design; design and development of anatomical models; advice, consultancy and information regarding the aforesaid services, also provided via electronic networks such as the Internet

#### **Class 44**

(4) Compiling and preparing medical treatment protocols and guidelines; health care, namely consultancy and information in the field of design, development and use of surgical and medical instruments and 3D printing technologies for manufacturing medical, surgical and orthopaedic instruments and implants; medical research services; providing information with regard to surgical, medical, dental and veterinary instruments and apparatus in the context of the provision of medical treatment; advice, consultancy and information regarding the aforesaid services, also provided via electronic networks such as the Internet

### Goods

#### Class 09

(1) Control units, in particular for remote, online, and over global communication networks and wireless networks control of air decontamination and purification units for use in hospital health care units or in homes to protect patients, health-care personnel and other people in hospitals or in homes; portable electronic medical apparatus comprising of a monitor and a software for the capturing, treatment, storage and transmission, by electronic means, of medical data for patient tracking and online diagnosis; computer software intended for medical and surgical professionals, namely software for controlling and indicating parameters of isolation and protection cabinets, namely temperature, hygrometry, positive pressure, negative pressure, lighting, alarms and maintenance; computer software for controlling medical apparatuses, namely air purifying apparatus, air filtering units for removing dust, smoke and allergens from the air and gas purification machines.

#### Class 10

(2) Medical apparatus, namely isolation cabinet for protecting patients whose medical conditions are more severe and contagious; medical apparatus, namely mobile electrical units for air decontamination and purification for purifying, sterilizing and decontaminating air, in particular by destroying microorganisms and filtering air particles; medical apparatus, namely mobile electrical units for air decontamination and purification for the treatment and filtration of water for eliminating particles and microorganisms in medical settings; gas purification machines for eliminating particles and microorganisms from hospital settings; medical apparatus, namely mobile electrical units for air decontamination and purification for purifying, sterilizing and decontaminating air in confined gaseous settings, in particular clean rooms (medical sector, hospitals), operating rooms, patients' rooms, ambulances and any other hospital setting requiring a reinforced sterilization for medical purposes, in particular by destroying microorganisms and filtering air particles; medical apparatus, namely mobile electrical units for air decontamination and purification for purifying, sterilizing and decontaminating medical and surgical instruments and more generally any equipment and work area in hospital settings requiring a reinforced sterilization for medical purposes to avoid impact on the health of individuals, in particular by destroying microorganisms and filtering air particles.

#### Class 11

(3) Mobile electrical units for air decontamination and purification for purifying, sterilizing and decontaminating air, in particular by destroying microorganisms and filtering air particles; air filtering units for removing dust, smoke and allergens from the air; mobile electrical units for air decontamination and purification for purifying, sterilizing and decontaminating air in confined settings, in particular buildings, desks, houses, industrial settings, public places, public transit, automobiles, ambulances, trucks, airplanes, trains, boats, in particular by destroying microorganisms and filtering particles; air purifying units; mobile electrical units for air decontamination and purification for purifying, sterilizing and decontaminating medical and surgical instruments, kitchen equipment and more generally any equipment and work area in hospital settings requiring a reinforced sterilization for medical purposes to avoid impact on the health of individuals, in particular by destroying microorganisms and filtering air particles; mobile electrical units for air decontamination and purification for filtering liquids, namely water, beverages and petroleum derivatives for eliminating particles and microorganisms.

## SERVICES

### Class 37

(1) Repair and maintenance services of apparatus and machines for treating air, sterilizing air, and purifying air requiring a reinforced sterilization for medical purposes to avoid impact on the health of individuals, in particular by destroying microorganisms and filtering air particles, and of apparatus for the filtration of liquids, namely water, beverages and petroleum derivatives; repair and maintenance services of installations for air treatment and water filtration in medical settings and gas purification in hospital settings to eliminate particles and/or microorganisms.

### Class 42

(2) Scientific research in the fields of fundamental physics, molecular and cellular biology, and life sciences; engineering design of apparatus and machines for treating air, sterilizing air, and purifying air, of apparatus for filtering liquids, namely water, beverages and petroleum derivatives, and of gas purification machines; laboratory for the research and study of fundamental physics applications in molecular and cellular biology and in life sciences; computer software design for medical use.

## Goods

Class 07

Hydraulic components, namely, hydraulic cylinders, hydraulic power units used for lifting, hoisting, drilling and moving large pieces of machinery and equipment, hydraulic motors for the mobile equipment industry, hydraulic pumps, namely, gear, vane, axial piston, and radial piston pumps; hydraulic valves

## **SERVICES**

### **Class 35**

(1) Retail store services in the field of fluid power products distributorship services featuring fluid power products, and import agency services featuring hydraulic components such as hydraulic cylinders, hydraulic power units, hydraulic motors, hydraulic pumps, namely, gear, vane, axial piston, and radial piston pumps, hydraulic valves

### **Class 40**

(2) Manufacture of hydraulic components such as hydraulic cylinders, hydraulic power units, hydraulic motors, hydraulic pumps, namely, gear, vane, axial piston, and radial piston pumps, hydraulic valves and other hydraulic parts to the order and specification of others

### **Class 42**

(3) Design services for others in the field of hydraulic components such as hydraulic cylinders, hydraulic power units, hydraulic motors, hydraulic pumps, namely, gear, vane, axial piston, and radial piston pumps, hydraulic valves and other hydraulic parts

### Goods

#### Class 02

(1) Laminated plastic films for use on windows; Glass sealants for windows; tints, namely colourants for use in the manufacture of glass; tinted plastic films for use on windows; Anti-reflective coatings for window glass; ink for colouring window glass

#### Class 09

(2) Electronic controller for adjusting and controlling glass panels; Electronic controllers for adjusting and controlling the tint of insulated window glass; Glass having a transparent conductive coating; Solar glass and solar glassware for scientific, industrial, testing, and photovoltaic uses, namely, glass with embedded solar cells and incorporated solar cells for use as solar cells, and use as solar panels for the production of electricity; protective glass carrying an electrically conducting layer on one or two faces, namely, glass sheets provided with an electrically conducting coating, for use in the manufacture of photovoltaics, flat panel display screens, electronic and electrochromic devices; electric meters namely electric rechargeable energy meters; electric solar energy meters; energy level indicators, namely, solar energy indicators; electric power controllers; charge regulators, namely, voltage regulators; cathodic protection apparatus, namely, anodes, cathodes, power supplies, dry cells, wet cells, photovoltaic cells, electronic power monitors, test stations for electrical current, electronic recorders for storing and archiving information related to power system faults; probes for testing electrical current and testing stored energy reserves and computers; electrodes, namely, solar glass transparent electrodes for microcrystalline, polycrystalline and monocrystalline photovoltaic cells; electrochromic window control system consisting of a window that can be controlled wirelessly from a remote location; electrochromic window control system consisting of a window that can be controlled with a window driver through wired connectivity; electrochromic window control system including a window, window driver, driver cabinet, power distributor, power supply cabinet, and user interfaces, namely, wall keypads, web consoles, web dashboards, wall interfaces, and smart phones; electrochromic window control system consisting of integrated software for control within the window; software application for use on computers and hand-held devices to control electrochromic windows from a remote location. Electronic devices and computer software that allow users to remotely interact with electrochromic window systems; electronic devices and computer software that allow the sharing and transmission of instructions for tinting windows

between devices for the purposes of facilitating electrochromic window control; electrochromic window control system consisting of wireless connectivity to the internet to access software updates, installation, user authentication, remote security, and instructions for use; Electronic devices and computer software for installation, optimization, and diagnostic analysis of an electrochromic window control system; electrochromic window control system including a web dashboard for commercial use for the management of data collection, data reporting, system performance, energy use and savings; downloadable software for access by third parties to an electronic window control system; hardware and software for the integration of electrochromic windows with vehicles, boats, vessels, and train control systems; downloadable software for energy efficiency analysis and usage optimization of an electrochromic window control system

### **Class 12**

(3) Glass windows for vehicles; Automobile sunroofs; mirrors for vehicles, namely, rear view mirrors and side view mirrors, electrochromic windows for vehicles, boats, and trains

### **Class 19**

(4) Window glass, namely, glass panels for building construction; Residential and commercial building glass; Insulated and non-insulated glass units with electrochromic coating for windows used in building construction; Building materials, namely, electrochromic glass and insulated glass units; residential and commercial non-metal building materials, namely, windows, window frames, doors, door frames, skylights, building partitions, and wall panels; glass tiles and tiles of glass agglomerates for covering floors, walls and ceilings; textured glass for building use in solar energy facilities; panels, sheets, plates, panes, tiles, rods, and tubes, all of glass or reinforced glass for building; decorative glass and glass moldings for building; colored sheet glass for building; security glass panels for building; insulating glass for building; deflecting glass, namely, heat deflecting glass and light deflecting glass for building; articles of plate glass, namely, tempered, convex and silvered glass assembled to form glazing and laminated glazing for use in building construction; glass having semi-reflecting properties for building; laminated flat glass, flat glass sheets, and glass sheets used for building; clear and extra clear glass sheets used for building; solar control, low emissivity, and coated glass sheets used in building; glazing glass for building; glass glazing units in the nature of glass and insulated glass for building construction purposes; glass incorporating electronic and solar modules for construction, insulating glass, and safety glass as windows, replacement windows, building facade elements, roofs, and roof elements; electrochromic non-metal windows; electrochromic vinyl windows; electrochromic interior partition windows; non-metal skylights made of electrochromic glass; non-metal sliding doors made of electrochromic glass

### **Class 21**

(5) Unfinished glass for use in windows, sunroofs, mirrors, solar panels, side panels, parts and accessories for vehicles, aircraft, vessels, trains, and other apparatus for locomotion by land, air or water; Unworked or semi-worked glass for use in the manufacture of vehicle windows, sunroofs, mirrors, solar panels, side panels, parts and accessories for vehicles, aircraft, vessels, trains, and other apparatus for locomotion by land, air or water; partly wrought textured glass for the use in the manufacture of solar energy units

## **SERVICES**

### **Class 37**

(1) Installation, maintenance and repair services for glass units for windows; Providing information regarding the maintenance care, installation, and repair of glass units for windows; consultation services regarding the maintenance care, installation, and repair of glass units for windows; Installation, maintenance and repair services for electrochromic window control systems

#### **Class 40**

(2) Treatment of materials, namely, glass materials; Glass tinting, tempering, polishing, etching, and grinding; custom manufacture of solar and electrical power structures and related energy products, namely, electrochromic glass, glass walls, windows, doors, glass railings, glazing, moveable panel systems, control and automation systems for use in building, thermal blinds, thermal shades, thermal shutters, moveable insulation panels for exterior and interior windows, electrical wire management and organizing systems and replacement parts therefor, temperature and humidity controlled chambers, fiberglass reinforced panels and structural insulated panels, insulation materials, aerogels for use in the further manufacture of windows, skylights, solariums, insulated glazing, wall panels, solar photovoltaic panels and systems and components, and photo luminescent skylights and components

#### **Class 42**

(3) Product research and development; Consulting services in the fields of glass design technology, glass design, energy efficiency, and building materials design; scientific research and development of electrochromic materials, devices, and windows; product development, research, design, engineering, inspection, and testing of glass, glass structures, and products that use glass, for identifying performance characteristics, building integrity, structural integrity, thermal performance, infiltration, impact rating, glass performance, acoustical testing, and blast rating; custom design of solar and electrical power structures and related energy products, namely, electrochromic glass, glass walls, windows, doors, glass railings, glazing, moveable panel systems, control and automation systems for use in building construction, thermal blinds, thermal shades, thermal shutters, moveable insulation panels for exterior and interior windows, electrical wire management and organizing systems and replacement parts therefor; custom design of temperature and humidity controlled chambers, fiberglass reinforced panels and structural insulated panels, insulation materials, aerogels for use in the further manufacture of windows, skylights, solariums, insulated glazing, wall panels, solar photovoltaic panels and systems and components, and photo luminescent skylights and components; software as a service (SAAS) services featuring software for users to remotely interact with electrochromic window systems; software as a service (SAAS) services featuring software that allows the sharing and transmission of instructions for tinting windows, troubleshooting of mechanical and electrical problems with window tinting operations between devices for the purposes of facilitating electrochromic window control; software as a service (SAAS) services featuring software for updates, installation, user authentication, remote security, and instructions for use of an electrochromic window system, software as a service (SAAS) services featuring software for optimization and diagnostic analysis of an electrochromic window control system. Software as a service (SAAS) services featuring software for energy efficiency analysis and usage optimization of an electrochromic window control system. Cloud computing featuring software for users to remotely interact with electrochromic window systems; cloud computing featuring software that allows the sharing and transmission of instructions for tinting windows, troubleshooting of mechanical and electrical problems with window tinting operations between devices for the purposes of facilitating electrochromic window control; cloud computing featuring software for updates, installation, user authentication, remote security, and instructions for use of an electrochromic window system, cloud computing featuring software for optimization and diagnostic analysis of an electrochromic window control system

- Circles or ellipses containing inscriptions arranged in circular or elliptical form
- Other landscapes
- Forest, undergrowth -- Note: A group of three or more trees will be placed in one of the sections 5.1.1 to 5.1.4, if it does not represent a forest in the proper sense.
- Circles
- One circle or ellipse
- Circles or ellipses containing representations of animals, parts of animals' bodies or plants
- Circles or ellipses containing one or more letters
- Green
- Yellow, gold
- Brown

## Trademark Description

The trade-mark is a two-dimensional trade-mark only. The bottle outline is depicted in broken lines and does not form part of the mark. The attached drawings show five images: the bottle front, left side, back, right side, and a cross sectional view which illustrate the placement of the 'ZU' and forest label as seen looking through the bottle from the front. The mark consists of two design labels applied to different parts of a transparent bottle. The first label is applied to the front of the bottle and consists of a transparent background with the wording 'ZUBROWKA BISON GRASS' in stylized block letters arranged in a circular pattern around the image of a buffalo standing on grass. The second label is applied at the opposite side of the bottle such that it is visible through the front side transparent label. The second label consists of a circular shaped forest with the wording 'ZU' at the centre.

### **Colour Claim**

Colour is claimed as a feature of the trademark. The colours dark green, gold, green, and brown are claimed as a feature of the mark. The label applied to the front of the bottle consists of a transparent background with the wording 'ZUBROWKA BISON GRASS' in dark green stylized block letters outlined in gold arranged in a circular pattern around the image of a brown buffalo standing on green grass. The label applied at the opposite side of the bottle that is visible through the front side transparent label consists of a circular shaped forest design in green and dark green with the wording 'ZU' at the centre in stylized dark green block letters outlined in gold.

### **Foreign Character Translation**

The translation provided by the applicant of the Polish word(s) ZUBROWKA is FOLK NAME OF A BISON GRASS.

### **Goods**

### Index Headings

THREE ACES

### Image Description (Vienna)

- Packs of cards, playing cards, figures on playing cards -- Note: Hearts and clubs will be placed in 2.9.1 and 5.3.6 respectively.
- Packs of cards, playing cards
- Banderoles, cartouches
- Stars
- Three stars
- Stars with more than four points
- Rectangles
- Other irregular parallelograms, trapezia and quadrilaterals, quadrilaterals containing one or more rounded corners
- Several quadrilaterals juxtaposed, joined or intersecting
- Red, pink, orange
- Green
- Black
- White, grey, silver

### Colour Claim

Colour is claimed as a feature of the trademark. The colours red, green, black and white are claimed as a feature of the trademark as follows, 3 white rectangular boxes laid out vertically

slightly overlapping each other on the lower right corner from right to left, and whereas each box features rounded corners and a thin black border outlining each of the boxes in addition to a white thin border appearing to be the same thickness around the collective outer perimeter of all 3 boxes. Centered directly below the rectangular boxes are 3 (three) 5 point stars equally spaced from each other, whereas the first star appearing on the left appears green in colour, the second star appearing in the center appears white in colour and the 3rd star appearing on the right appears red in colour. Each star has a black triangular shape portraying a shadow in each leg of the star occupying half of each leg resulting in each star having a 3D effect. Centered directly below the 3 stars are 2 words completing the phrase 'THEREE ACES' in upper case lettering appearing in the colour white, each letter of the phrase THREE ACES features a white thin border followed by a black boarder of the same width giving the phrase a 3D appearance. The phrase is surrounded by a horizontal rectangular box with rounded edges slightly arcing upwards featuring a 3 color border each of the same width, whereas the first or inner border closest to the lettering appears red in colour, the center or 2nd border appears white in color and the 3rd or outer boarder appears green in colour.
