Trademarks Journal

2020-09-09 — Vol. 67 No. 3437

Trademarks Journal

Vol. 67 No. 3437

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Three-dimensional (3-D)
Position

Visual Representation

Trademark Description

The trademark consists of the position of a 3-dimensional vine attached to a 3-dimensional ribbon and a label attached to the 3-dimensional ribbon applied to a three-dimensional bottle, as shown in the visual representation. The 3-dimensional bottle in dotted outline does not form a part of the trademark but is included merely to show the position of the trademark.

Colour Claim

Colour is claimed as a feature of the trademark. The vine is brown and the ribbon is ecru. The label is gold and contains the words ITALO CESCON and the graphic element reproducing some bunches of grapes and vine shoots in brown.

Exclusion from trademark

The 3-dimensional bottle in dotted outline does not form a part of the mark.

Goods

Goods

Class 01

(1) Adjuvants for use with agricultural chemicals; adjuvants for use in the manufacture of herbicides and insecticides; adjuvants for use with pesticides; chemical preparations for use in agriculture, horticulture and forestry; agricultural chemicals; fertilizers; fertilising preparations; surfactants for use in connection with agricultural pesticides; soil surfactants used to promote uniform movement of water in soil; wetting agents for use in the manufacture of fertilizers and wetting agents for use on lawns and soil; soil wetting agents and soil penetrants; soil conditioning preparations

Class 05

(2) Fungicides; insecticides; pesticides; herbicides; rodenticides; termiticides; adulticides; larvacides; insect repellents; insect growth regulators for agricultural use; antibacterial cleaners, namely, antibacterial soaps, foaming hand cleansers, drain cleaning agents, surface cleaners and cleaning agents for the removal of organic material; fumigants for agricultural and residential use

Class 07

(3) Power-operated sprayers for herbicides, pesticides, fertilizers and insecticides; steam cleaning machines; mechanical spreaders for seed and dry lawn chemicals; agricultural machinery and attachments, namely, agricultural elevators, agricultural equipment for seeding, agricultural irrigation equipment, power-operated spraying machines, power-operated hose reels, agricultural equipment for spreading seed and fertilizer, fertilizer spreaders; containers for use with mechanical spreaders, namely, cartridges, bags, and pouches for seed, lawn fertilizers, pesticides and other chemicals; power-operated lawn edgers; electric lawn trimmers; mechanical lawn mowers; power-operated lawn aerators being machines

Class 08

(4) Hand-operated sprayers for herbicides, pesticides, fertilizers and insecticides; displacement pump sprayers attached to a garden hose for spraying liquid herbicides, pesticides, fertilizers and insecticides; hand-operated spreaders for seed and dry lawn chemicals; gardening tools, namely,

a manually operated tool for injecting solid fertilizer spikes into the soil; lawn maintenance equipment, namely, lawn rollers; hand tools, namely, lawn aerators; border shears; lawn rakes

Class 11

(5) Dehumidifiers; flashlights; lawn sprinkler systems comprising pumps, valves and filters.

Class 21

(6) Bait stations sold empty for feeding rodenticides to rodents; rat traps; mouse traps; insect traps; fly traps; ultrasonic pest repellents; lawn sprinklers; garden hose sprayers; sprayer nozzles for garden hoses; gardening gloves

Services

Class 35

(1) Wholesale lawn, garden and nursery stores; electronic catalog services featuring specialty agricultural chemicals and application equipment; electronic catalog services featuring pest control and pest management products, namely, pesticides, rodenticides, fungicides, insecticides, termiticides, adulticides, larvacides, tracking powders, insect repellents, insect sprays, insect bait, pest control and pest management preparations, pest control and pest management apparatus and equipment, namely, bait stations, rat traps, mouse traps, insect traps, fly traps, mole traps, glue boards, glue traps, bird spikes, ultrasonic pest repellents, light traps, mattress encasements, power and hand-operated sprayers for herbicides, pesticides, fertilizers and insecticides; electronic catalog services featuring adjuvants, fertilizers, fungicides, herbicides, insecticides and surfactants; wholesale services featuring specialty agricultural chemicals and application equipment; wholesale services featuring pest control and pest management products, namely, pesticides, rodenticides, fungicides, insecticides, termiticides, adulticides, larvacides, tracking powders, insect repellents, insect sprays, insect bait, pest control and pest management preparations, pest control and pest management apparatus and equipment, namely, bait stations, rat traps, mouse traps, insect traps, fly traps, mole traps, glue boards, glue traps, bird spikes, ultrasonic pest repellents, light traps, mattress encasements, power and hand-operated sprayers for herbicides, pesticides, fertilizers and insecticides; wholesale services featuring adjuvants, fertilizers, fungicides, herbicides, insecticides and surfactants; distributorship services in the field of specialty agricultural chemicals and application equipment; distributorship services in the field of pest control and pest management products, namely, pesticides, rodenticides, fungicides, insecticides, termiticides, adulticides, larvacides, tracking powders, insect repellents, insect sprays, insect bait, pest control and pest management preparations, pest control and pest management apparatus and equipment, namely, bait stations, rat traps, mouse traps, insect traps, fly traps, mole traps, glue boards, glue traps, bird spikes, ultrasonic pest repellents, light traps, mattress encasements, power and hand-operated sprayers for herbicides, pesticides, fertilizers and insecticides; distributorship services in the field of adjuvants, fertilizers, fungicides, herbicides, insecticides and surfactants

Class 41

(2) Training services in the field of regulatory issues, namely, farm safety regulations, chemical products storage regulations, licensing regulations in the agricultural, turf and ornamental, and pest control industries, labelling regulations of agricultural chemicals and pesticides; training services in the field of safety issues, namely safe operation of farm and agricultural machinery, impact of drowsiness on driving, ergonomics, heat illness prevention; training services in the field of product issues, namely, safe use of pesticides, fungicides, herbicides, insecticides and fertilizers; training services in the field of agriculture, namely, land and farm exploitation techniques, industrial and aquatic vegetation management, turfgrass science and management,

lawn care, identification of weeds and plant diseases, horticulture, pest control and pest management; educational services, namely conducting courses, seminars and workshops in the field of agriculture, namely, land and farm exploitation techniques, industrial and aquatic vegetation management, turfgrass science and management, lawn care, identification of weeds and plant diseases, horticulture, pest control and pest management

Class 44

(3) Pest control services for agriculture, aquaculture, horticulture and forestry; landscape gardening; lawn care; horticultural services; horticultural processes and turf or lawn care services, namely, providing preparation and development of turfgrass and soil for providing an environment that encourages improved growth attributes; plant nursery services; information and advisory services relating to the aforesaid, namely, pest control services for agriculture, aquaculture, horticulture and forestry, landscape gardening, lawn care, horticultural services, horticultural processes and turf or lawn care services, namely, providing preparation and development of turfgrass and soil for providing an environment that encourages improved growth attributes; plant nursery services

DYSLEXIA

Colour Claim

Colour is claimed as a feature of the trademark. The color(s) pink, purple, blue, green, brown, orange and grey is/are claimed as a feature of the mark. The dots of the mark are in pink, purple, blue, green, brown, orange and the text is in grey. The mark consists of dots appearing on three rows above the wording 'MADE BY DYSLEXIA' in grey; the dots in the first row are pink, purple, and blue, followed by a blue dot and two green dots on the second row, and green, brown, and orange dots on the third row.

Goods

Class 09

Downloadable sound and video recordings, namely, film recordings, television shows, podcasts and spoken word audio recordings featuring self-improvement help, training, guidance and information in the field of dyslexia; pre-recorded media, namely, compact discs and USB flash drives containing sound and video recordings, namely, film recordings, television shows, podcasts

and spoken word audio recordings featuring self-improvement help, training, guidance and information in the field of dyslexia; downloadable electronic publications in the nature of magazines, brochures and instructional guides in the field of dyslexia; electronic publications in the nature of magazines, brochures and instructional guides in the field of dyslexia recorded on computer media; computer software, namely, screening, evaluation, training and teaching computer software in the field of dyslexia; computer programmes, namely screening, evaluation, training and teaching computer programmes in the field of dyslexia; computer games; downloadable applications for mobile devices, namely mobile telephones, computer tablets and computer laptops, for screening, evaluation, training and teaching in the field of dyslexia and computer hardware.

Services

Class 36

(1) Charitable fund raising and information, advisory and consultancy services relating to the aforesaid; charitable fund raising relating to dyslexia and information, advisory and consultancy services relating to the aforesaid; organisation of collections in the nature of charitable fundraising and information, advisory and consultancy services relating to the aforesaid; organization of fund raising activities and events in the field of dyslexia; financial grant services, namely, the provision of monetary grants to charities and research institutes and information, advisory and consultancy services relating to the aforesaid.

Class 41

(2) Educational and training services, namely, arranging and conducting classes, seminars, courses, conferences and workshops in the field of dyslexia and distribution of training materials in the field of dyslexia and information, advisory and consultancy services relating to the aforesaid; educational and training services regarding dyslexia and information, advisory and consultancy services relating to the aforesaid; arranging and conducting of seminars and conferences regarding dyslexia and information, advisory and consultancy services relating to the aforesaid; organisation of exhibitions for cultural and educational purposes in the field of dyslexia; organisation of sporting competitions, namely, running, walking, cycling, triathlon and swimming competitions and entertainment competitions featuring prizes, audience participative games, quizzes, community social events in the nature of events for cultural purposes in the field of dyslexia; sporting events, namely, running, walking, hockey, baseball, basketball and soccer events for charitable fundraising purposes; arranging and conducting of social entertainment, namely, social gatherings in the form of parties, cultural events, namely, sporting events, dancing events, musical concerts and volunteering activity and educational events, namely, workshops, talks and lectures for charitable purposes in the field of dyslexia; providing temporary use of online non-downloadable magazines, brochures and guides namely, instructional guides in the field of dyslexia and videos featuring self-improvement help, training, guidance and information in the field of dyslexia and information, advisory and consultancy services relating to the aforesaid; providing temporary use of online non-downloadable Internet games, namely, interactive video games.

Class 06

(1) Metal fasteners, namely, bolts and nuts; Metal concrete construction hardware, namely, lifting pin anchors; Metal hardware, namely, metal washers for use with nuts and bolts; Metal shims; Anchor bolts of metal for construction; Non-electric single strand wire; Metal anchoring systems used to stabilize concrete building structures and concrete structural components, comprised of metal anchoring pins which are placed in pre-cast concrete and once hardened, allow for the lifting of large concrete slabs, holding plates, and recess members, namely metal forms placed in wet concrete that allow for casting holes in the pre-cast concrete; Metal construction materials forming a system used to remove concrete products out of forms, comprised of metal lifting pins, metal anchoring pins which are placed in pre-cast concrete and once hardened, allow for the lifting of large concrete slabs, holding plates, and recess members, namely metal forms placed in wet concrete that allow for casting holes in pre-cast concrete.

Class 09

(2) Magnets for industrial purposes

Class 17

(3) Concrete anchoring apparatus, namely, plastic forms placed in wet concrete that allow for casting holes in the pre-cast concrete, metal anchoring pins which are set in wet, pre-cast concrete and metal lifting pins all the foregoing used in conjunction with each other which allows for the removal of concrete products out of forms and the lifting and moving of large concrete slabs.

Class 19

(4) Non-metal construction materials, namely, rubber pads used as spacers that act as shock absorbers used in building construction to uniformly distribute loads and absorb impact between two structural building components.

Class 20

(5) Non-metal shims, namely plastic thin spacers used to level, support and fill small gaps, used in the industrial and commercial construction industry.

Services

Class 35

Wholesale distributorship, wholesale store services and on-line wholesale store services featuring materials and accessories for concrete manufacturing, namely chemicals, admixtures and compounds to be applied to concrete and concrete molding forms, grout, caulking, nuts, bolts, metals washers, concrete vibrators, anchor bolts for concrete manufacture all the foregoing for use in the construction concrete industry; on-line catalog services offered to customers to place orders via the internet for purchasing concrete accessories for manufacturers of concrete products, namely, chemicals, admixtures and compounds for concrete manufacture, hardening and repair compounds for concrete manufacture which provides durability and reinforcement for use in concrete, forms, hand tools for finishing concrete products, concrete molding forms, concrete anchoring and lifting systems, namely pins, anchors, bars placed in concrete to assist in lifting of concrete slabs, magnets for industrial purposes, grout, caulking, concrete patching compound, curing blankets for concrete, concrete strengthening and reinforcing materials, concrete vibrators, rebar spacers, anchor bolts for concrete manufacture and construction, chamfers, rebar spacers, electric glue guns, shims, and non-electric wire.

Class 07

(1) Machines for the manipulation and movement of metal workpieces relative to hand tools for use in metalworking and their parts and replacement parts, metal workpiece rotation machines for use in metalworking and their parts and replacement parts, metal workpiece equipment carriers in the form of machines for use in metalworking and their parts and replacement parts, metal workpiece holders, namely, mechanical clamping machines, and their parts and replacement parts for use in cutting, welding, joining, aligning, coating, marking, inscribing of metals, and thermal treatment of metals; machines for manufacturing welding electrodes, wires, rods and powders and their parts and replacement parts; machines and parts therefor, for the electric treatment of metal; machines for electric welding and cutting and their parts and replacement parts, namely welding machines, electric welding machines, automatic welding machines, soldering blow pipes, plasma cutting and plasma welding machines, plasma torches, electric arc welding machines; industrial robots (machines) and their parts and replacement parts, including for joining and separating materials; mechanically operated devices, namely, clamping machines for the positioning and clamping of metal workpieces and parts of welding devices and their parts and replacement parts;

compressors for compressed air generation and processing and their parts and replacement parts; wire brushes for machines and their parts and replacement parts; motors and engines used in industrial applications and their parts and replacement parts; electric arc welding machines and their parts and replacement parts; electric photon beam machines for cutting and welding of metals, and their parts and replacement parts; laser welding machines and their parts and replacement parts; electric plasma arc welding machines and their parts and replacement parts; plasma arc machines and their parts and replacement parts for the cutting, welding, joining, aligning, coating, spraying, marking and inscribing of metal, for the thermal treatment and processing of metal, consisting of torches, electric arc torches, plasma torches, electric power supply units, ignition units, exhaustion units, cooling machines for metalworking, distance regulators, gas supply and control units (manual and automatic), wire feed units, powder supply units, laser sources, namely, laser diodes and laser diode modules, connectors and conduits; mechanized flux feeders, laser sources, namely, laser diodes and laser diode modules, connectors and ducts for use in welding and cutting machines; welding accessories, namely welding guns and their parts and replacement parts; welding torches and mechanical controllers for arc welding machines, power operated equipment for use in driving and controlling arc welding machines and their parts and replacement parts; plasma arc welding machines and their parts and replacement parts for the cutting, welding, joining, aligning, coating, spraying, marking, inscribing of materials for the thermal treatment and processing of materials; machine tools, namely, machine tools for the metalworking industry and their parts and replacement parts for the maintenance of electric arc welding machines, electric photon beam machines for cutting metals, laser welding machines, electric plasma arc cutting and welding machines; machine tools for electric plasma arc machines and their replacement parts, for cutting, welding, joining, aligning, coating, spraying, marking, inscribing of metals and for thermal treatment of metals, including components for torches, electric arc torches and plasma torches, electric power supplies for electric plasma arc machines, ignitions for electric plasma arc machines, exhaust hoods for electric plasma arc machines, cooling machines for use in cooling electric arc torches and plasma torches, distance regulators for electric plasma arc machines for maintaining a constant distance between the torch and the workpiece, gas supply and control machines for automatically and manually regulating the gas quantities for the electric plasma arc machine, mechanized wire feeders, mechanized metal powder suppliers, laser sources, namely, laser diodes and laser diode modules, electrical power connectors and electricity conduits; electrodes for welding and replacement parts therefor; cored wire welding electrodes and their replacement parts

Class 08

(2) hand-operated implements, tools, parts and replacement parts therefor for the electric treatment of materials, namely for the cutting, welding, joining, aligning, coating, spraying, marking, inscribing of metals and for thermal treatment of metals; hand-operated implements, tools, parts and replacement parts therefor for positioning and clamping metal work pieces and welding machine parts; hand tools, implements and replacement parts therefor for welding and cutting metals and plastics; pick hammers

Class 09

(3) programmed machine-readable data carriers, namely floppy disks, hard disks, CDs, DVDs, CD-ROMs, magnetic-stripe cards, USB flash drives, optical disks, and magnetic disks, all featuring welding and cutting instructions; welding goggles, welding masks; hoods for welding, suits for welding, aprons for welding, gloves for welding, weld seam gauges; welding machine power supplies and replacement parts therefor; optical sensors; metal testing machines, namely, metal

compression testing machines, metal strength testing machines, and metal hardness testing machines and their parts and replacement parts; electrical controllers, electromagnetic controllers, and electronic controllers for arc welding machines

Services

Class 40

treatment of metal, namely the cutting, welding, joining, aligning, coating, spraying, marking, inscribing of metal and for thermal treatment; soldering; services and consultancy in connection with the treatment of metal by means of the welding, cutting, joining, aligning, coating, marking, inscribing of metal and thermal treatment

Colour Claim

Colour is claimed as a feature of the trade-mark. The letters 'L', 'D' and 'L' are blue and the letter 'I' is red; the circle is yellow with a red outline on a blue square; the frame outside the blue square is grey; the word 'safety' is black; the word 'wear' is blue; the broken line underneath the word 'wear' is blue; the background of the right half of the logo is silver and the frame outside the entire logo is grey.

Goods

Class 09

(1) Safety, security, protection and signalling devices, namely bicycle flashing safety lights, clip-on flashing safety lights, luminous beacons for safety or warning purposes, reflective safety bands to be worn on the body, reflective safety vests; Optical devices, enhancers and correctors, namely optical frames, optical lenses, optical lenses for sunglasses, optical reflectors, optical sensors, optical transmitters; Glasses, namely anti-glare glasses, eye glasses, sunglasses and contact lenses; Insulated clothing for protection against accident or injury; Clothing for protection against chemicals; Clothing for protection against biological hazards; Clothing for protection against radiation; Reflective apparel and clothing for the prevention of accidents; Clothing for protection against fire; Electrically cooled clothing for protection against accident or injury; Electrically heated clothing for protection against accident or injury; luminous armbands for protection against accident or injury; Gloves for protection against accidents; Footwear for protection against accidents, namely safety boots, boots for protection against accidents; Shoes for protection against accidents and fire; Head protection, namely safety helmets, crash helmets; Protective face-shields for protective helmets; Faceshields for protection against accidents, irradiation and fire, namely face shields for protective helmets; Balaclavas for protection against accidents, irradiation and fire; Protective masks, namely dust protection masks; Eye protection, namely protective

eyeglasses, eye shields for helmets, eye shields for athletic use; Safety goggles; Dustproof glasses; Optical reflectors; Side guards for eyeglasses; Elbow protectors for use against accidents during work; Shields for protecting the body against injury; Support belts for workers; Abdomen protectors for protection against injury during work; Shin guards for protection against injury during work; Knee-pads for workers; Teeth protectors; Alarms and warning equipment, namely security and fire alarms, gas alarms, smoke alarms, electronic warning bells, emergency warning lights

Class 10

(2) Hearing protection devices; Medical clothing; Ear plugs for protection against noise; Electrically heated clothing for medical use; Protective clothing for medical purposes; Protective clothing for surgical purposes; Sterile clothing for surgical use; Boots for medical purposes; Protective masks for use by persons working in medicine; Protective gloves for medical use

Class 18

(3) Luggage, bags, namely all-purpose carrying bags, backpacks, cross-body bags, duffel bags, tool bags, wallets; Garment carriers; Work bags, namely leather bags, messenger bags, trolley bags

Class 25

(4) Clothing, namely casual clothing, sun protective clothing; Headgear, namely caps, hats; Work clothes, namely working overalls; Jumper suits; Coveralls; Pinafores; Weatherproof clothing, namely wind-resistant jackets, wind-resistant vest; Work shoes; Work boots; Protective footwear, namely rain boots; Protective metal members for shoes and boots; Over-trousers

Class 26

(5) Accessories for apparel, sewing articles and decorative textile articles, namely embroidered badges for clothing, embroidered patches for clothing, ornamental patches for clothing, patches for clothing, buttons for clothing, clasps for clothing, arm bands as clothing accessories, belt buckles for clothing, eyelets for clothing; Patches for clothing; Name tapes of textile material for identifying clothing; buckles for clothing; Reinforcing tapes for clothing

Services

Class 35

Retail services in relation to safety, security, protection and signalling devices, namely bicycle flashing safety lights, clip-on flashing safety lights, luminous beacons for safety or warning purposes, reflective safety bands to be worn on the body, reflective safety vests; Retail services in relation to optical devices, enhancers and correctors, namely optical frames, optical lenses, optical lenses for sunglasses, optical reflectors, optical sensors, optical transmitters; Wholesale services in relation to optical devices, enhancers and correctors; Retail services in relation to glasses, sunglasses and contact lenses; Wholesale services in relation to glasses, sunglasses and contact lenses; Retail services in relation to hearing protection devices; Wholesale services in relation to hearing protection devices; Retail services in relation to medical clothing; Wholesale services in relation to medical clothing; Retail services in relation to luggage, bags and wallets; Wholesale services in relation to luggage, bags and wallets; Retail services in relation to clothing; Wholesale services in relation to clothing; Retail services in relation to headgear; Wholesale services in relation to headgear; Retail services in relation to footwear; Wholesale services in relation to footwear; Retail services in relation to accessories for apparel, sewing articles and decorative textile articles, namely embroidered badges for clothing, embroidered patches for clothing, ornamental patches for clothing, patches for clothing, buttons for clothing, clasps for clothing, arm bands as clothing accessories, belt buckles for clothing, eyelets for clothing; Wholesale services in relation to accessories for apparel, sewing articles and decorative textile articles; Wholesale

services in relation to protective clothing for the prevention of injury; Wholesale services in relation to insulated clothing for protection against accident or injury; Wholesale services in relation to clothing for protection against accidents; Wholesale services in relation to clothing for protection against chemicals; Wholesale services in relation to clothing for protection against biological hazards; Wholesale services in relation to clothing for protection against radiation; Wholesale services in relation to reflective apparel and clothing for the prevention of accidents; Wholesale services in relation to thermal protective aids being clothing for protection against accident or injury; Wholesale services in relation to clothing for protection against fire; Wholesale services in relation to electrically cooled clothing for protection against accident or injury; Wholesale services in relation to electrically heated clothing for protection against accident or injury; Wholesale services in relation to luminous armbands for protection against accident or injury; Wholesale services in relation to gloves for protection against accidents; Wholesale services in relation to footwear for protection against accidents; Wholesale services in relation to protective footwear, namely boots; Wholesale services in relation to shoes for protection against accidents and fire; Wholesale services in relation to head protection; Wholesale services in relation to protective face-shields for protective helmets; Wholesale services in relation to face-shields for protection against accidents, irradiation and fire; Wholesale services in relation to balaclavas for protection against accidents, irradiation and fire; Wholesale services in relation to protective masks; Wholesale services in relation to eye protection; Wholesale services in relation to goggles; Wholesale services in relation to dustproof glasses; Wholesale services in relation to optical reflectors; Wholesale services in relation to side guards for eyeglasses; Wholesale services in relation to elbow protectors for use against accidents during work; Wholesale services in relation to shields for protecting the body against injury; Wholesale services in relation to support belts for workers; Wholesale services in relation to abdomen protectors for protection against injury during work; Wholesale services in relation to shin guards for protection against injury during work; Wholesale services in relation to knee-pads for workers; Wholesale services in relation to teeth protectors; Wholesale services in relation to alarms and warning equipment; Wholesale services in relation to safety, security, protection and signalling devices, namely bicycle flashing safety lights, clip-on flashing safety lights, luminous beacons for safety or warning purposes, reflective safety bands to be worn on the body, reflective safety vests

Computer application software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; boxes adapted for storing computer software disks; computer game software namely computer software for creating computer games; computer games entertainment software namely computer games for entertainment; computer games software namely computer games; computer graphics software namely downloadable computer graphics software; computer hardware for use in computer-assisted software engineering; downloadable computer program software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, highthroughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; computer software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, highthroughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; computer software to run on data encryption hardware, data compression hardware, satellite system hardware and rockets; downloadable computer software applications for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; downloadable computer software applications to run on data encryption hardware, data compression hardware and satellite system hardware; computer software for estimating costs; computer software for estimating resource requirements; computer software for accounting systems; computer software for analysing address files; computer software for analysing market information; computer software for authorising access to databases; computer software for

communicating purposes between microcomputers; computer software for communication between computer processes; computer software for processing address files; computer software for processing market information; computer software for the analysis of defects; computer software for use in controlling machines; computer software packages for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; computer software programs for database management; computer software programs for spreadsheet management; prerecorded magnetically encoded data carriers featuring computer software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; data communications software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; data processing software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; data processing software for graphic representations; data processing software for word processing; education software featuring instruction in the field of data encryption, data compression, distributed systems, distributed systems auditing, reversible distributed systems, high-throughput distributed systems, data manipulation, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, satellite systems and rockets; engineering design software; computer game programs and software for use with electronic games of all kinds namely computer software for creating computer games of all kinds; games software for use with computers namely computer software for creating computer games, computer software for creating video games and downloadable applications for handheld computers to download video games; computer software for use in controlling and improving computer processing speed relating to industrial process controls; computer software for use in controlling and improving computer processing speed; electronic apparatus and installations for the remote loading of computer software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, highthroughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; electronic apparatus and installations for the remote unloading of computer software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; integrated software packages for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; interactive

computer software for data encryption, data compression, distributed computer systems, distributed computer systems auditing, reversible distributed computer systems, high-throughput distributed computer systems, data manipulation namely data encryption and data compression, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, for satellite computer systems and rocket computer systems; interactive entertainment game software for use with computers namely computer games; magnetic storage materials incorporating software namely blank electronic storage media, namely flash memory cards, secure digital memory cards, RAM cards, blank hard discs, optical discs, CDs, VCDs, DVDs, high definition optical discs; network management computer software; computer operating software for main frame computers; personal computers incorporating computer software; game software, namely recorded computer game software and downloadable electronic game software; computer programs and software for image processing namely satellite imagery; security software; computer operating system software modules for data encryption hardware, data compression hardware, satellite system hardware and rockets; table representation software namely computer software for use as a spreadsheet; computer hardware for telecommunications; computer operating system software for communication with data encryption hardware, data compression hardware, satellite system hardware and rockets; video game software namely downloadable computer games, computer games and video games

Services

Class 42

(1) Computer software consultancy; computer software design; computer software development; design for others in the field of computer software engineering; computer software programming services; computer technical support services, namely, troubleshooting of computer software problems computer technical support services, namely, troubleshooting the nature of diagnosing computer hardware; computer technical support services namely programming and software installation, repair and maintenance services; design of computer hardware; development of computer hardware; design of computer software; development of computer software; development of computer software application solutions; development of software; diagnosis of faults in computer software; information technology (IT) services, namely, computer hardware design and development consultancy, software and peripherals design and technical consultancy; installation of computer software; installation of middleware (software); repair of middleware software; maintenance of middleware (software); maintenance of computer software; providing temporary use of online non-downloadable software for data encryption, data compression, distributed systems, distributed systems auditing, reversible distributed systems, high-throughput distributed systems, data manipulation, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, satellite systems and rockets; software development and creation; design for others in the field of software engineering for data encryption, data compression, distributed systems, distributed systems auditing, reversible distributed systems, high-throughput distributed systems, data manipulation, Graphic Processing Unit (GPU) computation, input/output (I/O) optimisation, satellite systems and rockets; design and writing of computer software.

Class 45

(2) Licensing of computer software (legal services); licensing of software.

Computer and video games; computer software for creating and playing computer and video games; downloadable digital audio and video recordings containing computer and video games; computer software development kits comprised of computer software and middleware development tools used for creating, programming and developing interactive computer and video games; electronically downloadable manuals for computer and video games; computer software, namely, game engine software for video game development and operation.

Services

Class 41

(1) Providing online non-downloadable software for playing audio and video recordings featuring computer and video games; creation and provision of electronically non-downloadable manuals for computer and video games for others.

Class 42

(2) Design and development of online non-downloadable computer software for creating and playing computer and video games; software as a service (SAAS) provider in the field of online non-downloadable software for creating and playing computer and video games; rental of online non-downloadable computer software for developing computing and video games; software as a service (SAAS) provider in the field of online non-downloadable digital audio and video recordings containing computer and video games; software as a service (SAAS) provider in the field of online non-downloadable computer software development kits comprised of computer software and middleware development tools used for creating, programming and developing interactive computer and video games; software as a service (SAAS) provider in the field of online non-downloadable game engine software for video game development and operation; creating online nondownloadable software for streaming and playing audio and video recordings featuring computer and video games.

Class 45

(3) Licensing of development kits for computer game software and video game software.

Class 01

(1) Cellulose filament.

Class 16

(2) Coated and uncoated paper for use in commercial manufacturing; paper for packaging, lining papers for wrapping; absorbent, humidity and grease control paper for food service containers and food stuff packaging; paper food wraps; paper containers for food products; packaging containers of paper; poly coated and foil laminated paper for industrial and food application; paper labels; coated paper for digital inkjet web presses; paper wrapping for packaging; corrugated boxes; corrugated board in sheets; angleboard; industrial packaging containers of paper; paper boxes; linerboard and containerboard for corrugated packaging; hanging file folders; white top linerboard for corrugated packaging; saturating paper; saturating release paper; building envelope paper; fluting paper [corrugating medium] for corrugated packaging, namely corrugated boxes, corrugated board and corrugated paper containers; fine paper; newsprint; containers of paper and of materials similar to paper, namely, corrugated containers, bottle carriers; solid fibre containers, namely containers made of wood pulp fiber paper; fibre tubes, namely tubes made of wood pulp fiber paper; fibre mailers, namely envelopes; fibre cores, namely tubes made of wood pulp fiber paper; linerboards; millwrap, namely paper wrap and paperboard wrap; tube stock, namely paperboard tubes; boxboard; glassine body stock, namely glassine paper; corrugated medium in the nature of corrugated boxes; corrugated sheets; corrugated bulk packaging made of paper, namely corrugated boxes, corrugated board and corrugated paper containers; corrugated reinforced packaging composed of paper, namely boxes and paper; toilet paper; paper tissue; paper towels; paper napkins; hygienic paper wipes for personal use.

Class 19

(3) Chip board; fibre concrete forms, namely non-metal casting forms for concrete.

Class 20

(4) Commercial packaging materials, namely, corrugated plastic bins; industrial packaging containers of wood; corrugated medium of plastic, namely, corrugated plastic boxes; paper point-

of-purchase displays made of containerboard, namely stands and racks; corrugated displays, namely display boards.

Class 21

(5) Paper cups; reusable cleaning cloths, oyster shucking boards.

Class 28

(6) Corrugated toys, namely cardboard construction toys.

Services**Class 35**

(1) Distributorships in the field of coated and uncoated paper products for their use in industry and other commercial manufacturing; distributorships in the field of packaging and wrapping materials, corrugated boxes for packaging, paperboard boxes for industrial packaging, retail product packaging, linerboard, point of purchase displays, hanging file folders.

Class 39

(2) Delivery of coated and uncoated paper products for their use in industry and other commercial manufacturing by truck, train and air; delivery of packaging and wrapping materials, corrugated boxes for packaging, paperboard boxes for industrial packaging, retail product packaging, linerboard, point of purchase displays, hanging file folders by truck, train and air.

Class 40

(3) Custom manufacture of coated and uncoated paper products for their use in industry and other commercial manufacturing; operation of plants for the manufacture of newsprint, coated paper, linerboard, recovered paper, packaging, lumber, wood panels and tissue to the order and/or specification of others; custom manufacture of packaging and wrapping materials, corrugated boxes for packaging, paperboard boxes for industrial packaging, retail product packaging, linerboard, point of purchase displays, hanging file folders.

Class 42

(4) Design of packaging and wrapping materials, corrugated boxes for packaging, paperboard boxes for industrial packaging, retail product packaging, linerboard, point of purchase displays, hanging file folders, graphic design services, graphic design for corrugated boxes; Research and development in the field of the manufacturing and transformation of paper products.

(1) chemicals for use in agriculture, horticulture and forestry; Synthetic resins, unprocessed; Plastics, unprocessed; Manures; Nutrients for plants; Nutrients for algae; Fire extinguishing compositions; Chemical substances for preserving foodstuffs; Industrial organic chemicals for use in plastics, paints and lubricants; Chemical gasoline additives; Industrial gases, namely, solidified gases for industrial purposes; Refrigerant chemicals

(2) Hydrocarbons, namely, aromatic hydrocarbons and hydrocarbon chemical substances with solvents for use as fuels, lubricants, additives in chemical compositions such as plastics and paints

(3) Chemicals for use in the oil industry, namely, oil-purifying chemicals, oil-separating chemicals; Chemicals for use in the refining of oils; Oil-separating chemicals; Chemicals for use in the treatment of oils; Chemical additives for drilling lubricants; Chemical additives for industrial lubricants; Chemical additives for lubricants for machines; Chemical additives for all-purpose lubricants; Chemical additives for engines; Chemical additives for transmissions; Additives, chemical, to motor fuel; Chemical additives for diesel fuels; Chemical additives for oils; Fluids for use in the oil industry, namely, chemical fracturing fluids for use in the oil and gas industry, oil reclamation fluid for separation of crude oil from soil and water, and chemical fluids for use in

blending hydrocarbons; Chemical additives for lubricants; Chemical preparations for use in the manufacture of plastics; Chemical preparations for use in the manufacture of bio-plastic; Chemical additives for use in the manufacture of plastics and bio-plastics; Carbon dioxide [other than for medical or veterinary use]; Carbon dioxide; Petrol chemical additives for use in petrochemicals, namely linkers, binders, blending enablers

Class 04

(4) Candles and wicks for lighting; Non-chemical fuel additives; Synthetic oils, namely, synthetic gas oil, fuel oil, industrial oil, industrial lubricating oils; Solidified gases for fuel; Liquefied natural gases for driving motor vehicles and means of transport; Liquefied petroleum gases for driving motor vehicles and means of transport; Gases for use in heating, namely, coal gas, fuel gas, natural gas; Fuels and biofuels blended with chemicals and biological products for use in combustion engines; Non-chemical additives for gasoline; Industrial gases, namely, industrial liquefied gases

(5) Mineral oils and greases for industrial purposes [not for fuel]; Lubricants, namely, all-purpose lubricants, drilling lubricants, industrial lubricants; Fuels, namely, diesel fuel, ethanol fuel, fuels for ships, aviation fuel; Biofuels; Biomass fuel used as an energy source for heating; Biomass fuel used to generate electric power and heat; Fuel for ships, trucks, trains and aircrafts; Fuel oil; Oil based lubricants, namely, industrial lubricating oils and mineral lubricating oils; Crude oils derived from biomass and other organic matters and by-products; Mineral oils derived from biomass and other organic matters and by-products; Mineral oils; Renewable fuel, namely, fuel gas derived from renewable resources, fuel gas obtained from renewable resources, biofuel derived from renewable resources, biofuel derived from renewable resources

Services

Class 40

(1) Treatment and processing of material and goods, namely, processing of oil, hydrocarbons, hydrocarbon compounds, gasses, and water from biomass, and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste; Treatment and processing of material and goods, namely, conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into fuel and biomass-fuel, hydrocarbons, hydrocarbon compounds, and gasses; Oil liquefaction; Recovery of hydrocarbons from biomass and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste; Processing of hydrocarbons for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives; Processing of organic chemical liquids and material for use in the conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into oil; Recycling of waste; Chemical recycling of waste products; Chemical treatment of waste products; Chemical recycling of waste products; Refining services, namely, refining of oil and refining chemicals and gases; Processing of oil for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives; Refining of oil; Recovery of hydrocarbons through the conversion from biomass or other organic material, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae; Providing information, advice and consultancy in connection with the treatment and processing of material and goods, namely, processing of oil, hydrocarbons, hydrocarbon compounds, gasses, and water from

biomass, and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, the treatment and processing of material and goods, namely, conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into fuel and biomass-fuel, hydrocarbons, hydrocarbon compounds, and gasses, oil liquefaction, the recovery of hydrocarbons from biomass and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, the processing of hydrocarbons for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives, the processing of organic chemical liquids and material for use in the conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into oil, recycling of waste, chemical recycling of waste products, chemical treatment of waste products, chemical recycling of waste products, refining services, namely, refining of oil and refining chemicals and gases, processing of oil for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives, refining of oil, recovery of hydrocarbons through the conversion from biomass or other organic material, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae

(2) Production, namely, conversion of chemicals and other re-usable organic and inorganic material from wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, manures, and algae, for use in the production of plastic and bio-plastic

Class 42

(3) Science and technology services and research and design relating thereto, namely, chemical engineering, technology consultation services in the field of alternative energy, namely, gasifying and combusting alternative fuels, research and development of renewable forms of energy, scientific laboratory services, namely, laboratory research and testing of biomass and feed stock, including fuels and biofuels, technical consultation in the field of environmental science, engineering services in the field of energy production and supply, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others, engineering services in the field of energy efficiency; Analysis for oil-field exploitation; Analysis and testing services for the oil production industry; Analysis and testing services in the field of oil exploration; Analysis and testing services in the field of oil exploitation

(4) Industrial analysis and research in the field of hydrocarbon recovery from biomass and organic matter, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae; Design and development of computer hardware and computer software; Scientific, technological and research consultation in the field of fuels, diesel fuel, biofuel and biodiesel fuel; Analysis and testing for oil workings for the oil production industry; Analysis and testing services for the biofuels industry, namely, testing the feedstock goods of others to determine chemical content, testing production output to determine chemical content; Analysis and testing services in the field of exploitation of biomass and other organic material, namely, laboratory analysis of the chemical composition of biomass and organic fuels; Research in the field of energy, namely, biomass energy and sustainable energy; Technological consultancy in the fields of energy, namely, biomass energy and sustainable energy production and use; Engineering services in the field of energy generation technology, namely, biomass energy and sustainable energy; Technological consultancy, namely,

renewable energy technology consulting and technological consultancy in the technology field of biomass exploitation; Design of plants for others for the use of biomass and other organic material in connection with the production of oil and fuel and biofuel and hydrocarbons and hydrocarbon compounds and gases and water; Design of plants for the production of chemical products for industrial purposes and for agricultural, horticultural and forestry applications for others; Research and development of new products for others in the field of plastic materials and bio-plastic materials; Providing information, advice and consultancy services in relation to industrial analysis and research in the field of hydrocarbon recovery from biomass and organic matter, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae, design and development of computer hardware and computer software, scientific, technological and research consultation in the field of fuels, diesel fuel, biofuel and biodiesel fuel, analysis and testing for oil workings for the oil production industry, analysis and testing services for the biofuels industry, namely, testing the feedstock goods of others to determine chemical content, testing production output to determine chemical content, analysis and testing services in the field of exploitation of biomass and other organic material, namely, laboratory analysis of the chemical composition of biomass and organic fuels, research in the field of energy, namely, biomass energy and sustainable energy, technological consultancy in the fields of energy, namely, biomass energy and sustainable energy production and use, engineering services in the field of energy generation technology, namely, biomass energy and sustainable energy, technological consultancy, namely, renewable energy technology consulting and technological consultancy in the technology field of biomass exploitation, design of plants for others for the use of biomass and other organic material in connection with the production of oil and fuel and biofuel and hydrocarbons and hydrocarbon compounds and gases and water, design of plants for the production of chemical products for industrial purposes and for agricultural, horticultural and forestry applications for others, research and development of new products for others in the field of plastic materials and bio-plastic materials

Class 40

(1) Treatment and processing of material and goods, namely, processing of oil, hydrocarbons, hydrocarbon compounds, gasses, and water from biomass, and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste; Treatment and processing of material and goods, namely, conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into fuel and biomass-fuel, hydrocarbons, hydrocarbon compounds, and gasses; Oil liquefaction; Recovery of hydrocarbons from biomass and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste; Processing of hydrocarbons for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives; Processing of organic chemical liquids and material for use in the conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into oil; Recycling of waste; Chemical recycling of waste products; Chemical treatment of waste products; Chemical recycling of waste products; Refining services, namely, refining of oil and refining chemicals and gases; Processing of oil for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives; Refining of oil; Recovery of hydrocarbons through the conversion from biomass or other organic material, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae; Providing information, advice and consultancy in connection with the treatment and processing of material and goods, namely, processing of oil, hydrocarbons, hydrocarbon compounds, gasses, and water from biomass, and other organic material namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, the treatment and processing of material and goods, namely, conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into fuel and biomass-fuel, hydrocarbons, hydrocarbon compounds, and gasses, oil liquefaction, the recovery of hydrocarbons from biomass and other organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, the processing of hydrocarbons for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives, the processing of organic chemical liquids and material for use in the conversion of biomass and organic material, namely, wood, and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, algae, agriculture products, and waste, into oil, recycling of waste, chemical recycling of waste products, chemical treatment of waste products,

chemical recycling of waste products, refining services, namely, refining of oil and refining chemicals and gases, processing of oil for the production of hydrocarbon derivatives with different characteristics for use as fuels, lubricants, plastics, chemical additives, refining of oil, recovery of hydrocarbons through the conversion from biomass or other organic material, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae

(2) Production, namely, conversion of chemicals and other re-usable organic and inorganic material from wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludge from waste water treatment, manures, and algae, for use in the production of plastic and bio-plastic

Class 42

(3) Science and technology services and research and design relating thereto, namely, chemical engineering, technology consultation services in the field of alternative energy, namely, gasifying and combusting alternative fuels, research and development of renewable forms of energy, scientific laboratory services, namely, laboratory research and testing of biomass and feed stock, including fuels and biofuels, technical consultation in the field of environmental science, engineering services in the field of energy production and supply, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others, engineering services in the field of energy efficiency; Analysis for oil-field exploitation; Analysis and testing services for the oil production industry; Analysis and testing services in the field of oil exploration; Analysis and testing services in the field of oil exploitation

(4) Industrial analysis and research in the field of hydrocarbon recovery from biomass and organic matter, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae; Design and development of computer hardware and computer software; Scientific, technological and research consultation in the field of fuels, diesel fuel, biofuel and biodiesel fuel; Analysis and testing for oil workings for the oil production industry; Analysis and testing services for the biofuels industry, namely, testing the feedstock goods of others to determine chemical content, testing production output to determine chemical content; Analysis and testing services in the field of exploitation of biomass and other organic material, namely, laboratory analysis of the chemical composition of biomass and organic fuels; Research in the field of energy, namely, biomass energy and sustainable energy; Technological consultancy in the fields of energy, namely, biomass energy and sustainable energy production and use; Engineering services in the field of energy generation technology, namely, biomass energy and sustainable energy; Technological consultancy, namely, renewable energy technology consulting and technological consultancy in the technology field of biomass exploitation; Design of plants for others for the use of biomass and other organic material in connection with the production of oil and fuel and biofuel and hydrocarbons and hydrocarbon compounds and gases and water; Design of plants for the production of chemical products for industrial purposes and for agricultural, horticultural and forestry applications for others; Research and development of new products for others in the field of plastic materials and bio-plastic materials; Providing information, advice and consultancy services in relation to industrial analysis and research in the field of hydrocarbon recovery from biomass and organic matter, namely, wood, agricultural residues and other lignocellulosic materials, organic waste, household waste, sludges from waste water treatment, manures, and algae, design and development of computer hardware and computer software, scientific, technological and research consultation in the field of fuels, diesel fuel, biofuel and biodiesel fuel, analysis and testing for oil workings for the oil production industry, analysis and testing services for the biofuels industry, namely, testing the feedstock goods of others to determine chemical content, testing production output to determine chemical

content, analysis and testing services in the field of exploitation of biomass and other organic material, namely, laboratory analysis of the chemical composition of biomass and organic fuels, research in the field of energy, namely, biomass energy and sustainable energy, technological consultancy in the fields of energy, namely, biomass energy and sustainable energy production and use, engineering services in the field of energy generation technology, namely, biomass energy and sustainable energy, technological consultancy, namely, renewable energy technology consulting and technological consultancy in the technology field of biomass exploitation, design of plants for others for the use of biomass and other organic material in connection with the production of oil and fuel and biofuel and hydrocarbons and hydrocarbon compounds and gases and water, design of plants for the production of chemical products for industrial purposes and for agricultural, horticultural and forestry applications for others, research and development of new products for others in the field of plastic materials and bio-plastic materials

Goods

Class 07

(1) Machines, namely wood cutting machines, wood grinding machines, looms and industrial robots for working and shaping wood, namely wood beating machines, wood cutting machines, metal, namely bending machines for metal working, metal extrusion presses, glass, namely glassware manufacturing machines and plastic material, namely machines for molding plastics, injection plastic molding machines and galvanizing machines and electroplating machines. Heavy machinery, Lifting machines, namely power operated boat lifts, truck lifts, elevator lifts, conveyors, and transportation machines, namely hydraulic conveyors, pneumatic transporters, chain conveyors, namely elevator lifts, hydraulic lift tables, escalators, cranes. Machines and robotic mechanisms used in the agriculture and viticulture and in processing cereals / fruits / vegetables / food, namely agricultural reaper machines, electrical juice extractors for fruit, grating machines for vegetables. Engines, namely engines for industrial machinery, motors and engines used in industrial applications, electrical engines, namely airplane engines, boat engines, diesel boat engines, their parts and equipments other than for land vehicles, namely compressors as parts of machines, motors and engines, cylinders for engines and electric door openers-closers used in land vehicles, namely electric door openers, electric door closer. Bearings, namely bearings as machine parts, engine bearings, ball-bearings, namely ball bearings for industrial machinery, roller bearings for industrial machinery, roller bearing for machines. Tire mounting and dismounting machines. Alternators for motor vehicles, generators, for industrial machinery, high-voltage generators, generators of electricity, solar operated generators for industrial machinery. Painting machines, automatic spray guns for paint, electric punching machines, namely punching presses for metalworking and punches for punching presses for metal workin, electric glue guns, guns for compressed air, namely compressed air guns for the extrusion of mastics or liquid spraying machines, namely spray guns for paint electric hand drills, motor hand saw, jigsaw machines, spiral machines, namely mechanical winders and machines for forming coins with pipes made of plastic material, compressed air pumps, compressors, namely air compressors, compressors for industrial machinery, vehicle washing installations, and robots with the same function as the above-mentioned machines and tools, namely industrial robots, robotic controlled mechanical parking lifts for multi-layered parking. Welding machines, electric arc welding, electric welding machines,

electric arc cutting machines, electrodes for welding machines and robots with the same function as the above-mentioned, namely industrial robots. Printing machines, namely flexographic printing machines, printing machines for use on sheet metal. Packaging machines, filling-plugging and finishing machines, labeling machines, separators, namely machines for separating recyclable materials, separating machines for chemical processing, industrial robots, sealing machines for industrial packaging and for sealing plastics. Textile milling, scotching, tentering or washing machines, sewing machines and industrial robots with the same function as the above-mentioned machines. Pumps other than parts of machines or engines, namely fuel dispensing pumps for service stations and guns for these, namely pneumatic nail guns, paint spray guns. Electrical appliances used in kitchen for chopping, namely electric food choppers, food chopping machines for commercial use, grinding, namely electrical coffee grinders, electric meat grinders, crushing, namely electric ice crushers, whisking, namely beating machines and milling, namely milling machines, flour mill machines; washing machines (laundry / dishwashing machines); electrical machines for cleaning floors and carpets, vacuum cleaners and their parts. Vending machines. Power supply, namely emergency power. Laundry dryers, namely machines not drying with heating method. Waste management installations, namely waste crushing machines, waste and trash separator machines.

Class 08

(2) Forks, spoons, knives, being tableware and non-electric cutlery for cutting, namely cake cutters, french fry cutters chopping, namely manual garlic choppers, peeling, namely vegetable peelers and cutlery of precious metals. Cutting and jabbing/stabbing arms, namely cutting guides for use with hand operated tools. Tools and appliances included in this class used for personal care in shaving, namely electric shavers, nonelectric shavers depilation, electric and non-electric depilation appliances, electric manicure sets, manicure tools, manicure sets, pedicure sets, electric pedicure sets and beauty-care, namely hair straighteners and electric hair curling irons, scissors). Hand-operated tools for repair of machines, appliances and vehicles, hand-operated tools for building, agriculture, gardening and forestry. Electric irons and non-electric flat irons.

Class 09

(3) Measuring instruments and indicators for scientific research in laboratories other than for medical use, namely automatic altitude indicators, wind-direction indicators. Apparatus for recording, namely audio and video cassette recorders, personal video recorders, video tape recordings, transmission, namely cable television transmitters, video transmitters and reproduction of sound or images, namely apparatus and peripheral devices for data processing, namely computer for use in data management, computer hardware for telecommunication, reproduction, namely electrostatic copying machines, loudspeakers, and earphones). Magnetic and optical data carriers and software, namely blank magnetic discs, magnetic encoded card readers, magnetically encoded phone cards ; television and phone applications, namely application for mobile phones for accessing weather information, downloadable application for mobile phones to download video games, downloadable electronic publications, namely downloadable electronic publications in the nature of magazines, recorded to magnetic and optical media, namely blank magnetic discs, blank optical discs; magnetic/optical cards, namely magnetically encoded credit cards. Antennas, namely parabolic antennas, radio signal antennas satellite dishes, amplifiers, audio amplifiers, audio frequency amplifiers. Ticket dispensers, automated teller machines. Electronic components used in machines and apparatus, namely electronic cables, electronic circuits, electronic connectors for loudspeakers. Counters measuring amount of consumption in unit time and time clocks. Protective suits and life saving apparatus and equipment, namely survival suits, protective suits for aviator, biohazard suits and ear plugs for divers. Glasses, sunglasses, contact lenses and their boxes, covers, parts and accessories, namely cords for sunglasses, straps for sunglasses. Apparatus and

instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely distribution boxes for electrical power, solar panels for the production of electricity and cables used for electric and electronic purposes, batteries, namely batteries for cell phones, batteries for pocket lamps, accumulators, namely electric accumulators for vehicles, anodes and cathodes; Apparatus for warning and alarms other than for vehicles, namely burglar alarms, electronic window alarms, electric bells, namely electric door bells, electronic warning bells. Signaling devices and apparatus used in traffic. Fire extinguishing and fire engines and fire hoses and fire hose nozzles. Radar, sonars, apparatus and devices providing night vision, namely night vision goggles, infrared cameras. Magnets, namely craft magnets, fridge magnets, decorative magnets.

Class 11

(4) Lighting apparatus and installations, namely automobile lights. Devices for cooking, heating and vapor producing installations and apparatus, namely electric cooking ovens for household purposes, microwave ovens, gas cooking ovens for household purposes, electric heating apparatus or heating apparatus for solid, liquid or gaseous fuels, namely electric radiant heaters, electric space heaters, electric tea and coffee makers and machines, namely electric tea pot, electric tea kettles, electric coffee brewers. Air conditioning devices for vehicles, for industrial purposes. Cooling apparatus, namely refrigerators, milk coolers, water coolers, iceboxes, ice, freezers. Electric and gas operated apparatus, namely electric boilers, electric clothes dryers, gas burners, machines and devices used in cooling, drying and boiling, namely electric and heatingoperated laundry dryers, hair dryers and automatic hand dryers, electric hot air dryers, hand drying apparatus for washrooms. Sanitary installations, namely toilets, toilet tanks, sanitary ware, namely bathroom sinks, sinks, vanity top sinks. Water softening units, water purifying machines, water purification installations. Bedwarmers and electric blankets not for medical purposes, heating cushions, namely heating vehicle seats cushions not for medical purposes, heating seat cushions not for medical purposes, pads, namely heating pads not for medical purposes, electric and non-electric footwarmers for personal use, hot water bottles. Filters and filter-motor combinations for aquariums. Industrial domestic type cooking, namely electric cooking pots for industrial purposes, industrial cooking ovens, electromagnetic induction cookers for industrial purposes, drying, namely laundry drying machines, electric hair dryers, and cooling installations, namely beverage cooling and ice dispensing machines, walk-in coolers, air conditioners. Pasteurizers and sterilizers, namely milk sterilizers, sterilizers for water treatment, water sterilizers. Laundry dryers.

Colour Claim

Colour is claimed as a feature of the trademark. The words JARDIN BIO are green (CMYK: C100, M0, Y95, K0) on a yellow background (CMYK: C0, M0, Y20, K0). The dot on the "i" in BIO is represented by a four-petaled flower. Each petal is a different colour: working clockwise from the bottom-left corner, those colours are as follows: green (CMYK: C100, M0, Y95, K0), red (CMYK: C0, M100, Y100, K0), dark orange (CMYK: C0, M65, Y100, K0) and light orange (CMYK: C0, M35, Y100, K0).

Disclaimer

The right to the exclusive use of the word BIO is disclaimed apart from the trademark.

Goods

Class 03

(3) Essential oils for use as food flavourings.

Class 05

(4) Pollen dietary supplements; dietetic supplements made from soy protein.

Class 29

(1) Meat, fish, poultry and game, meat extracts, meat sausages, preserved meat, smoked meat, prepared meat, dried meat, fish preserves, meat preserves, meat juice, meat-based prepared (or cooked) dishes, fish-based prepared or cooked dishes, poultry-based prepared or cooked dishes,

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours white, navy and light blue are claimed as a feature of the mark. The mark consists of the word 'METROFLOR' in navy colour, bold text and placed over the word 'CORPORATION' also in navy colour but non-bold text. Both words are placed to the right of and alongside three triangles of various sizes having the effect of a mountain range vista and the letter 'M'. The peaks to the left and right having a light blue colour and the peak in the middle having a navy colour. All of the above is on a white background.

Disclaimer

The right to the exclusive use of the word CORPORATION is disclaimed apart from the trademark.
