Trademarks Journal

2020-03-11 — Vol. 67 No. 3411

Trademarks Journal

Vol. 67 No. 3411

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Colour Claim

The colors gold, red, white and black are claimed as a feature of the mark. The mark consists of two rectangles, one large and one small, each of which surrounds a single word. The smaller of the two rectangles is placed centered along the bottom line of the larger rectangle. The larger rectangle having rounded corners and being comprised of three concentric rectangles with the outer edge of the rectangle surrounding the word LINIE in gold followed by a center rectangle in red and an inner edge rectangle in white. The word LINIE is white with gold and black shadowing and the background of the rectangle is black. The smaller rectangle containing the word AQUAVIT has a red outer border followed by a gold inner border. The background of the rectangle is red and the word AQUAVIT is gold.

Disclaimer

The right to the exclusive use of the word AQUAVIT is disclaimed apart from the trademark.

Foreign Character Translation

The English translation of LINIE in the mark is EQUATOR, according to the applicant.

Goods

Class 33

Alcoholic beverages (except beers), namely aquavit, wine, fortified wine, whiskey, brandy, vodka, liqueur, fruit liqueurs, rum, gin, bitter, Dutch gin, cider, honey based alcoholic beverages.

Colour Claim

Colour is claimed as a feature of the trade-mark. The color(s) silver, white, purple, pink, blue, and green are claimed as a feature of the mark. The mark consists of a dark purple and dark blue circle enclosed in a silver ring with overlapping waveform images set out across the bottom half of the circle. The overlapping waveform images are set out in the colours white, purple, pink, blue, and green. The left of the bottom half of the circle features a purple waveform overlapped by a large pink waveform that stretches across into a smaller pink waveform toward the right. The large pink waveform on the left is overlapped by a smaller white waveform that moves rightward into a large white waveform. Set on top of the purple, pink and white waveforms are two overlapping large light blue waveforms that move upward from the left of the bottom half of the circle toward the middle and then change to green as they move downward toward the right of the circle.

Goods

Class 09

Computers; computer hardware; handheld computers; wireless communication devices for the transmission of voice, data, images, audio, video, and multimedia content namely, digital audio and video players, handheld computers, personal digital assistants, and electronic personal organizers; computer software, namely, software for information retrieval, namely, software for the retrieval of electronic data and of information namely electronic mail, personal information, text

messages, pre-recorded and downloadable videos featuring television programs, music and movies, multimedia files comprising digital images and photographs, computer graphics, text messages, videos and music, music files, calendar and contact information, spreadsheets, computer graphics, photographic images, movies, and electronic publications namely, books, magazines, newsletters and journals; computer software for setting up, configuring, operating and controlling computers, as well as handheld mobile devices, namely, handheld computers, tablet computers, computers, computer game software for playing video games, computer games and online video games; computer software for personal information management namely management of electronic mail, text messages, video clips and video images, multimedia files, music files, calendar and contact information, spreadsheets, computer graphics, photographic images, movies and electronic publications namely, electronic books, newspapers, plays, journals, magazines and periodicals, voice recognition software; speech to text conversion software, namely speech recognition software used for transcribing speech to text in real time; voice-enabled software applications namely, computer operating programs and computer operating systems; computer software used to process voice commands, and create audio responses to voice commands; computer software for providing travel directions; computer software for travel and tourism namely, computer software for use in searching, transmitting, storing, accessing, organizing and viewing information on travel planning, street navigation, travel route planning, geographic location, local transportation services and traffic information, driving and walking directions, customized mapping of locations, electronic map display, and route destination information; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text messages, electronic mail, computer graphics, photographic images, music, movies and other multimedia content, namely, multimedia files comprising digital images and photographs, computer graphics, text messages, music, electronic publications, namely, electronic books, newspapers, plays, journals, magazines and periodicals and electronic games namely video games; computer software for use in recording, organizing, transmitting, manipulating, and reviewing text messages, electronic mail, computer graphics, photographic images, music, pre-recorded and downloadable videos featuring television programs, music and movies, and video games for use with computers, computer software to enable users to program and distribute text messages, electronic mail, computer graphics, photographic images, music, movies and other multimedia content, namely, multimedia files comprising digital images and photographs, computer graphics, text messages, videos and music via global computer networks; computer software for identifying, locating, grouping, distributing, and managing data and links namely data and links to personal information, text messages, electronic mail, music files, movies, calendar and contact information, spreadsheets, computer graphics, photographic images, and electronic publications namely, books, publications and journals, computer graphics and video clips between third party computer servers and users connected to global computer networks and other electronic communications networks namely, the Internet, computer networks, cellular and satellite networks; computer software for use on handheld mobile digital electronic devices, and other consumer electronics namely, digital audio music and video players, handheld computers, personal digital assistants, and electronic personal organizers for accessing, browsing, and searching online database

Goods

Class 09

(1) Computer software for sales management, customer service management, business operations management, financial and finance operations management, remote and field service operations management, project service automation management, marketing campaign planning and management, customer relationship management, enterprise resource management, sales and marketing information management, personnel and project management, facilities management, software for managing electronic data in the field of Internet of Things (IoT) computer technology, namely software for connecting computers, supercomputers, superminicomputers, smartphones, mobile phones, VoIP telephones, LED displays, LED monitors, computer hardware, computer network hubs, switches and routers, computer network adaptors, modems, network servers, network routers, computer servers, internet servers, intranet servers, interactive touch screen terminals, point-of-sale [POS] terminals, secure microprocessors, secure terminals for electronic transactions, smart card readers, smart terminals, webcams, wide area network (WAN) routers, wireless headsets for use with mobile phones, smartphones, VoIP telephones to each other and the Internet so that such devices are able to transmit and receive remote commands and to report operational data with relation to finance, retail, wholesale and e-commerce sale matters, industrial manufacturing processes, industrial process automation, factory automation, customer relations management, human resources management, artificial intelligence software and hardware, business management and marketing, business operations, mixed reality software and hardware, software development and customization, and processing, managing and analyzing raw computer data in the fields of finance, retail, wholesale and e-commerce sale matters, industrial manufacturing processes, industrial process automation, factory automation, customer relations management, human resources management, artificial intelligence software and hardware, business management and marketing, business operations, mixed reality software and hardware, automated data warehousing, security and authentication, social media management, peer-to-peer communications, email account management, word processing and cloud computing for use with all of the foregoing; computer software for supply side management, customer relationship management, financial management and accounting

Class 16

(2) Publications, namely, user manuals, instruction guides, reference guides, books, all about computers, computer software, computer systems, business, business management and accounting

Services

Class 35

(1) Business management consultation, business organization consultancy services, business administration consultancy, business marketing consulting services, advertising and business management consultancy, advisory services relating to business management and business operations

Class 38

(2) Services offered over wireless networks, namely, providing online chat rooms and electronic bulletin boards for transmission of messages among users concerning business management services and software and computer systems for use in managing business enterprises and customer relationships

Class 41

(3) Education services, namely, arranging and conducting educational conferences and exhibitions, providing classes, seminars and workshops all in the field of computers, computer software, computer systems, business organization, business administration, business management and accounting; training services in the field of computers, computer software, computer systems, business organization, business administration, business management and accounting; education services, namely, providing online tutorial sessions in the field of computers, computer software, computer systems, business organization, business administration, business management and accounting; education and training services, namely, conducting classes and seminars in the field of computers, computer software, computer systems, business organization, business administration, business management and accounting

Class 42

(4) Software as a service (SaaS) services featuring software for sales management, customer service management, business operations management, financial and finance operations management, remote and field service operations management, project service automation management, marketing campaign planning and management, customer relationship management, enterprise resource management, sales and marketing information management, personnel and project management, facilities management, software for managing electronic data in the field of Internet of Things (IoT) computer technology, namely software for connecting computers, supercomputers, superminicomputers, smartphones, mobile phones, VoIP telephones, LED displays, LED monitors, computer hardware, computer network hubs, switches and routers, computer network adaptors, modems, network servers, network routers, computer servers, internet servers, intranet servers, interactive touch screen terminals, point-of-sale [POS] terminals, secure microprocessors, secure terminals for electronic transactions, smart card readers, smart terminals, webcams, wide area network (WAN) routers, wireless headsets for use with mobile phones, smartphones, VoIP telephones to each other and the Internet so that such devices are able to transmit and receive remote commands and to report operational data with relation to finance, retail, wholesale and e-commerce sale matters, industrial manufacturing processes, industrial process automation, factory automation, customer relations management, human resources management, artificial intelligence software and hardware, business management and marketing, business operations, mixed reality software and hardware, software development and customization, and processing, managing and analyzing raw computer data in the fields of finance,

retail, wholesale and e-commerce sale matters, industrial manufacturing processes, industrial process automation, factory automation, customer relations management, human resources management, artificial intelligence software and hardware, business management and marketing, business operations, mixed reality software and hardware, automated data warehousing, security and authentication, social media management, peer-to-peer communications, email account management, word processing and cloud computing for use with all of the foregoing; computer services, namely, providing specific information as requested by customers via the Internet; computer and computer software consultation; computer diagnostic services; updating of computer software for others; technical support, namely, troubleshooting of computer hardware and software problems; providing online updating of computer software for others via the Internet; and providing information in the field of computers, computer software and computer systems

Goods

Class 09

(1) Diving suits; gloves for divers; divers masks; measuring and testing machines and instruments, namely, sensors and monitors to be worn by a user to acquire, process, store and transmit biometric data of the user, namely, nanofiber laced clothing with conductive fibres; detectors, namely, motion detectors and laser speed detectors; temperature sensors; distance sensors; sensors for determining acceleration; sensors for determining velocity; magnetic sensors; optical sensors; infrared sensors; vibration sensors; thermal energy meters for use in the field of measurement of thermal energy; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, namely, adapter plugs, electricity conduits, electric power converters and inverters, electric capacitors, electronic semi-conductors, electrical cables, circuit breakers; electric wires and cables; telecommunication machines and apparatus, namely, biometric sensors and wrist bands used for the wireless transmission of biometric data of the user to computers, cloud storage networks, and mobile phones; apparatus for recording, transmission and reproduction of sound and images, namely, CD players, DVD players, digital audio players, audio recorders, video cameras; wireless radio transmitters and receivers; wireless global positioning system [GPS] transmitters and receivers; MP3 players; blank magnetic data media, namely, floppy disks, hard discs, CDs, DVD's, CD-ROMs, magnetic stripe cards, pre-recorded magnetic data media, namely, floppy disks, hard discs, CDs, DVD's, CD-ROMs featuring movies, music, photos, language instruction; smartphones; computer displays and monitors;

computer mouses; mobile computers; computers; tablet computers; e-book readers; semi-conductors; integrated circuits; electronic sensors for the detection, display, transmission and analysis of data during physical exercise; fiber-optic sensors; data processing equipment readers, namely, flash memory card readers, electronic card readers, optical disc readers, magnetic coded card readers; ultrasonic sensors; downloadable graphics for hand-held computers; electronic books, electronic newsletters, electronic periodicals, electronic newspapers, electronic notice boards; computer operating programs, computer software for database management, computer programs for use with biometric monitoring clothing for receiving, processing, storing, transmitting and displaying the biometric data of the user; biometric monitoring devices, namely, oxygen monitors, pulse rate monitors, blood pressure monitors and heart rate monitors for receiving, processing, storing, transmitting, and displaying biometric data; biometric identification apparatus, namely, biometric fingerprint scanners, biometric hand scanners, biometric retinal scanners; integrated circuits for wireless transmission of biometric data; biometric data processing software

Class 10

(2) Sensors for use in medical diagnosis, namely, body temperature sensors for medical use, namely, patient temperature monitoring sensors, precision sensors for medical use, namely, respiratory sensors, heart rhythm sensor, electrochemical sensors for determination of analyte concentrations in fluids for medical purposes, electrocardiography sensors ECG, electromyography sensors EMG, electroencephalography sensors EEG; temperature sensors for medical use; surgical, medical apparatus, namely, medical x-ray apparatus, heartbeat measuring apparatus, dental and veterinary apparatus, namely, cutting discs for dental purposes, x-ray apparatus for dental imaging, castrating apparatus for veterinary purposes, dental and veterinary instruments, artificial limbs, eyes and teeth; orthopaedic articles, namely, orthopaedic insoles, orthopaedic braces, orthopaedic belts, orthopaedic suspenders; surgical instruments; orthopedic footwear; clothing especially for operating rooms, namely, surgical scrub suits, surgical gowns, surgical masks, disposable gloves for medical purposes; biometric monitoring devices, namely, oxygen monitors, pulse rate monitors, blood pressure monitors and heart rate monitors for receiving, processing, storing, transmitting, and displaying biometric data for medical purposes; integrated circuits used for wireless transmission of biometric data for medical purposes; telemetry devices, namely, heart rate activity, blood pressure monitors; medical apparatus and instruments, namely, blood drawing apparatus, body fat monitors, electronic muscle stimulators, forceps and gastroscopes; heart rate monitoring apparatus

Class 24

(3) Woven fabrics; woven textile fabrics containing data sensors; textiles made with composite materials, namely, fiberglass fabrics for textile use, metal fiber fabrics and mixed fiber fabrics; textile fabrics for the manufacture of clothing; knitted fabrics; felt and non-woven textile fabrics; towels of textile; handkerchiefs

Class 25

(4) Athletic clothing; baby clothing; business clothing; casual clothing; children's clothing; dress clothing; infant clothing; outdoor winter clothing; sports clothing; athletic footwear; beach footwear; casual footwear; children's footwear; evening footwear; exercise footwear; infant footwear; outdoor winter footwear; rain footwear; sports footwear; visors; headbands; hats; caps; suits; jackets; skirts; trousers; coats; shirts; parkas; vests; shorts; dresses; tank tops; pyjamas; underwear; underpants; undershirts; brassieres; camisoles; tee-shirts; socks; stockings; tights; leggings; arm cover; leg sleeve; scarves; gloves; garters; trouser straps; sock suspenders; suspenders;

waistbands; belts for clothing; inner soles; sports clothing, work clothing, casual clothing, sports footwear, work shoes, casual footwear, visors, headbands, hats and caps integrating data sensors; rugby shirts

Services

Class 38

(1) Telecommunication services, namely, transmission of voice messages, e-mail messages, photos, pictures, text messages, word documents, music, audio clips and video clips via a global computer network and the Internet; consulting services in the field of telecommunications, namely, transmission of voice messages, e-mail messages, photos, pictures, text messages, word documents, music, audio clips and video clips via a global computer network and the Internet; rental of telecommunication equipment namely, telephones and facsimile apparatus

Class 42

(2) Medical research services; research and development of new products for others; testing and research on telecommunications and mobile communications services; testing, inspection and research on textiles and materials; testing and research on machines, apparatus and instruments, namely, sensors and monitors to be worn by a user to acquire, process, store and transmit biometric data of the user, namely, nanofiber laced clothing with conductive fibres; testing and research on telecommunications apparatus; cloud computing providing software for database management and cloud computing provider services for general storage of data; rental of electronic memory space on the internet; rental of computers; providing non-downloadable computer programs on data networks, namely, computer software for biometric data, namely, heart rate pulse measurement, distance measurement, medical diagnosis, analysis of physical activity; providing non-downloadable computer programs used to collect, organize, view, interpret, transmit, store and share personal data and health data, namely, providing real-time biometric data on team members via a global communication network to help develop high-performance training programs, plan cutting edge strategies and maximize team's potential, and providing information related to such provision of non-downloadable computer programs; testing, inspection and research on medical apparatus; testing on semi-conductors and integrated circuits and consultancy relating thereto; rental of measuring apparatus, namely, sensors and monitors to be worn by a user to acquire, process, store and transmit biometric data of the user, namely, nanofiber laced clothing with conductive fibres and providing information relating thereto

Colour Claim

Colour is claimed as a feature of the trademark. The Mark consists of four inter-connected triangles which form a larger triangle or an upward pointing arrow. The largest triangle on the left side of the Mark is light blue (Pantone 7688 C). The second largest triangle on the right side of the Mark is red (Pantone 7597 C). The inside triangle bordering the light blue and the red triangles is grey (Pantone 7540 C). The inside triangle bordering the red and the grey triangles is dark blue (Pantone 7546 C). *PANTONE is a registered trademark.

Goods

Class 09

Computer software and hardware for use in the fields of teleconferencing, video conferencing and managed visual communication solutions, namely offering, hosting, and delivering network conferences, web conferences, virtual video meeting spaces and virtual meeting rooms; computer software and hardware for creating, offering, hosting and delivering online conferences, meetings, demonstrations, presentations, and discussions all being for use by others; apparatus for use in teleconferencing, video conferencing and managed visual communication solutions, namely

network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and online conferences, meetings, demonstrations, presentations, and discussions, such apparatus comprising video display screens, webcams, video cameras, telephone handsets, headsets, earphones, audio speakers, microphones, keyboards, conference phones, speaker phones, telephones, telephone cables and connectors.

Services

Class 35

(1) Business data management, data processing and data analysis in the fields of teleconferencing, video conferencing and the design, utilization, management and support of managed visual communication solutions, namely network conferencing, web conferencing, providing virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, business management advice and business assistance services in the fields of teleconferencing, video conferencing and the design, utilization, management and support of managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, statistical analysis, statistical interpretation, statistical modelling and statistical forecasting in the fields of teleconferencing, video conferencing and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, business consultancy, information and advisory services in the fields of teleconferencing, video conferencing and the design, utilization, management and support of managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions.

Class 38

(2) Teleconferencing, video conferencing and webcast hosting services, cloud based teleconferencing, video conferencing and webcast hosting services, providing facilities for teleconferencing, video conferencing, webcast hosting and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, and consultancy, information and advisory services in providing all the aforementioned facilities.

Class 41

(3) Education and training in the fields of teleconferencing, video conferencing and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, and consultancy, information and advisory services in the fields of all the aforementioned services.

Class 42

(4) Research, design, development, maintenance and technical support services in the fields of computer software and hardware, computer software and hardware for use in the fields of teleconferencing, video conferencing and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations,

presentations and discussions, and video conferencing apparatus, technical support services for users of computer software and hardware for use in teleconferencing, video conferencing and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, live video and audio support services in the fields of teleconferencing, video conferencing and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, hosting of websites for organizing and conducting teleconferencing, video conferencing and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, providing temporary use of non-downloadable computer software in the field of teleconferencing, video conferencing, and managed visual communication solutions, namely network conferencing, web conferencing, virtual video meeting spaces and virtual meeting rooms and the creation, offering, hosting and delivery of online conferences, meetings, demonstrations, presentations and discussions, industrial analysis and research services, and consultancy, information and advisory services in the fields of all the aforementioned services.

Class 43

(5) Rental of meeting rooms for teleconferencing and video conferencing, rental of temporary accommodation, namely office space for teleconferencing and video conferencing, and consultancy, information and advisory services in the fields of all the aforementioned services.

Colour Claim

Colour is claimed as a feature of the trademark. The term 'checkmytrip' fades from left to right from light grey to dark grey. The square element of the design is blue. The horizontally inclined stripe within the square is white. The background of the three vertical rectangular elements emanating from the horizontally inclined stripe, from left to right, are blue, white and pink. The car is blue, the design element contained in the middle rectangular element is blue; the letter 'H' in the design is white. The airplane is white.

Goods

Class 09

Computer software for travel agency services for travel arrangement, travel itinerary, travel planning, and travel expense management; software and applications for mobile devices, namely cellphones and touch pads, for travel arrangement, travel itinerary, travel planning, and travel expense management; downloadable cloud computing software for travel arrangement, travel itinerary, travel planning, and travel expense management; communication software, namely communication software that provides remote access to computers for connecting computer network users, and for enabling transmission of communications, namely, e-mail transmission,

voice and text messages transmission on mobile devices, namely cell phones and touch pads; computer software for reservations, bookings and ticketing in the transport, travel, hotel, restaurant, sporting, concerts, exhibitions and events; computer software for managing transport of passengers by all means of transportation by air, land, water and rail, namely multimodal and shared transportation; computer software for providing geographic maps, travel route information and recommendations, travel and driving directions, travel news, city directories and listings, travel information guides, multimodal and shared transportation

Services

Class 39

(1) Services provided by travel agencies and intermediaries, namely coordinating travel arrangements for individuals and for groups; Travel and tour information services in the field of travel, timetables, times of arrival and departure of any type of means of transportation by air, land, water and rail, itineraries and fares; provision of information to tourists in the field of excursions and sightseeing at their travel destination; providing travel information namely electronic documents, graphics and audio visual information by means of global computer network; providing travel information, namely geographic maps, travel routes and recommendations, travel and driving directions, travel news, city directories and listings, and travel information guides; information regarding airport parking and check-in; reservation services for travel, namely airline, cruise, car rental and tour reservation services; travel and tour ticket reservation services; travel arrangement services; Intermediary services for the rental of cars; providing transport information recorded in a database, in particular transport information in the field of air, land, water and rail transportation, for others; travel itinerary management services; booking and arranging of cruises, excursions, expeditions and tours; arranging of transportation by air, land, rail and water, namely coordinating travel arrangements for individuals and for groups; flight, rail, cruise and boat planning, scheduling, preparation, operation, navigation, monitoring, analysis and management services, consultancy and providing information in the field of the aforesaid services

Class 42

(2) Design and development of computer hardware and software; computer software consultancy services; computer software programming, configuration, testing, repair, maintenance, customization, duplication, rental, research and support services; installation, testing, updating and copying of computer software; providing information about the design and development of computer software, systems and networks; programming of operating software for accessing and using a cloud computing network; providing temporary use of non-downloadable operating software for accessing and using a cloud computing network, namely hosting of a cloud computing network; providing temporary use of non-downloadable software for analysing financial data and generating reports; design, development, programming, rental and providing temporary use of online non-downloadable software for voice and text message communication via a messaging platform; design, development, programming, rental and providing temporary use of online nondownloadable computer software for reservations, bookings and ticketing in the transport, travel, hotel, restaurant, sporting, concerts, exhibitions and events, for managing transport of passengers by all means of transportation by air, land, water or rail, for travel arrangement, for travel itinerary, for providing travel information, for cruise management, for travel expenses, for securing financial transactions, consultancy and providing information in the field of the aforesaid services

Colour Claim

Colour is claimed as a feature of the trade-mark. The mark comprises a horizontally-positioned, generally oval shape with a narrow border at both the upper and lower edges of the oval. The upper and lower borders of the oval design are widest in the centre and narrow and disappear as they near the right and left edges. The borders from left to right are light yellow, yellow and dark yellow. The Russian word 'Dobroe' is positioned above the Russian word 'utro' centred within the oval and both words appear in white cursive letters. An upward curving white line is beneath the words that originates from the right of the lower leg of the Russian letter 'u' and arcs upward in increasing width to end slightly below and to the right of the letter 'e'. The words and arced line appear against the blue background of the oval that is lighter on the left and upper left of the oval design and darkens as it nears the right and lower right of the oval design.

Foreign Character Translation

As provided by the applicant, the mark translates to Good morning

Foreign Character Transliteration

As provided by the applicant, the mark transliterates to Dobroe utro

Colour Claim

Colour is claimed as a feature of the trade-mark. The Applicant confirms that the colors yellow, red, blue, white, brown, green and black are claimed as a feature of the mark. The mark consists of a white vertical band on the left; to the right of the vertical band appear a yellow banner made up of a T-shaped design with a vertical band on both sides. A blue rectangle containing a small red rectangle and three Chinese characters in yellow except for the third one which is white appear in the middle of the banner. Right under the banner and slightly behind the banner appear a bunch of green coconuts, in front of the green coconuts appears a glass of white coconut milk which is slightly behind a split coconut with green outer coat, brown husk, black shell and white flesh. A yellow rectangle outlined in red superimposed on the bunch of coconuts, and a red rectangle outlined in yellow appears at the bottom of the split coconut and partially overlapping with it. To the left of the banner is a yellow single line rectangle with its upper side being thick. Below the line rectangle and next to the coconut milk appear a yellow seal outlined in red and two white vertical rectangles with the one below the seal containing two overlapping letters SQ where the letter Q is blue and the letter S is white. On the right of the mark are four stacked rectangles with varying size; the first three rectangles are on a yellow background and have the same widths which are slightly smaller than the fourth one. The first and third rectangles are blue, the second one is yellow outlined in red, and the fourth one is red outlined in yellow. Three Chinese characters in white except for the third one which is yellow inside a red rectangular carrier outlined in yellow superimposed on the upper portion of the first rectangle. All of the aforesaid are on a black background. This color claim forms part of the subject application.

Foreign Character Translation

As provided by the applicant, the Applicant confirms that the English translation of the foreign characters contained in the subject mark is COCONUT; TREE; BRAND.

Foreign Character Transliteration

As provided by the applicant, the Applicant confirms that the Latin transliteration of the foreign characters contained in the subject mark is YE; SHU; PAI.

Colour Claim

Colour is claimed as a feature of the trademark. The colours yellow, gold, red and black are claimed as a feature of the mark. The letter "H" is chiselled and consists of the colours yellow and gold, the shadow portions of the "H" being in gold. A red chiselled number "2" is intertwined with the right facing vertical bar of the letter "H" so that the top curve of the letter "2" overlaps the front top of the right facing vertical bar of the letter "H", curves down to the right of the letter "H" and behind the right facing vertical bar of the letter "H", and overlaps over the front of the base of the right facing vertical bar of the letter "H". A red bar underlines the intertwined "H" and "2". The capitalized word "HISTORY" is in black underneath the red underlining bar.

Services

Class 38

Broadcasting of television programs and motion pictures; broadcasting services, namely, television broadcasting, video broadcasting, Internet broadcasting, and audio broadcasting of television and web based entertainment programming namely ongoing television programs, series, shows, specials, movies and documentaries in the fields of history, historical settings, historical dramas,
