Trademarks Journal

2019-11-13 — Vol. 66 No. 3394

Trademarks Journal

Vol. 66 No. 3394

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

TRADEMARK DETAILS**Trademark Type**

Design

Visual Representation**Goods****Class 01**

(1) Chemical products used in air conditioning and related manufacturing industry, science research in the field of cooling and heating, photography, agriculture, horticulture, forestry, namely, surface active chemical agents, tension-active chemical agents, water repellent agents, oil repellent agents, stain repellent agents, fluorine coating agents, industrial adhesives for use in coating and sealing for use in the air conditioning cooling and heating industry, chemical agents for impregnating, binding or coating of textiles, furs and leather, non-wovens and fabrics, damp-proofing agents to reduce moisture, organic chemicals for general industrial use, fluorinated intermediates for use in the manufacture and development of pharmaceuticals, and for agricultural, and general industrial use, chemical intermediates for manufacturing in the heating and cooling industry, fluorine, fluorocarbon, fluorine compounds, fluorine alcohol, alcohol for use in the manufacture of paints and other protective coatings, fabric protectant for commercial dry cleaning

use, chemical grease removing agents for use in manufacturing processes, adhesive removing preparations for use in the manufacture and general industrial use, assays and reagents for use in bacteria research, chemical reagents for non-medical purposes, and diagnostic preparations and reagents for scientific and research use; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; soldering chemicals, tempering chemicals; chemical substances for preserving foodstuffs; tanning protective coatings and substances for use in the manufacture of leather; adhesive substances used for general industrial use.

Class 02

(2) Protective paints, protective varnishes, protective lacquer glazes; preservatives against rust and against deterioration of wood; protective colorants and mordants for use in manufacturing; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists.

Class 07

(3) Machines or machine tools for use with air-conditioning apparatus, building facilities, and industrial machines, namely, electric arc welding machines, metalworking machines and tools, bits for mining machines, concrete construction machines, loading and unloading machines, fish-netting machines, dust collecting machines for chemical processing, blending machines for chemical processing, filtering machines for chemical processing, textile making-up machines, beverage processing machines, saw-tooth setting machines for lumbering and woodworking saws, veneer manufacturing machines, plywood clipping machines, pulping machines, papermaking machines, paper shredding machines, industrial printing machines, bookbinding machines for industrial purposes, sewing machines, agricultural machines, namely, cultivators, harvestors, disk harrows, seeders, shoe making machines, leather tanning machines, tobacco processing machines, glassware manufacturing machines, painting machines, packaging machines, wrapping machines, power-operated potters' wheels, plastic processing machines, semiconductor manufacturing machines, rubber manufacturing machines, stone working machines, non-electric prime movers, not for land vehicles namely, driving motors, other than for land vehicles, adhesive tape dispensing machines, automatic stamping machines, electric wax-polishing machines for industrial purposes; motors and engines, except for land vehicles, namely, alternating current motors and direct current motors, oil hydraulic motors; machine coupling and transmission components (except for land vehicles); agricultural implements other than handoperated, namely, cultivators, harvestors, disk harrows, seeders; incubators for eggs; hydraulically operated control apparatus, namely, transmission system that uses pressurized hydraulic fluid to provide power to machinery; hydraulic control systems for machines, motors and engines; pumps as parts of machines; valves as machine components; compressors as parts of machines; compressors for air-conditioners; centralized lubrication apparatus, namely, centralized oil lubricating units and systems; control mechanisms for engines or motors; filters as parts of machines and engines, namely, air filters, fuel filters, oil filters, filters that clean gas and chemicals.

Class 09

(4) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, all purpose thermometers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity namely, electrical compressors and generators; apparatus for recording, transmission or reproduction of sound or images namely cameras and digital video recorders; blank and prerecorded magnetic discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculators, computers; fire extinguishers; inverters for power supply; laboratory equipment namely a bacteria detection and identifying instrument.

Class 11

(5) Apparatus for lighting, heating, steam generating, cooking, refrigerating, freezing, drying, ventilating, water supply and sanitary purposes, namely, washing machines and dryers, electric vacuum cleaners, dishwashers, electric food blenders for household purposes, stoves, electric and gas cooking grills, electric and gas operated lawnmowers, refrigerators and freezers for domestic use; electric lamps, lighting apparatus, namely lighting installations; household electrothermic appliances, namely, portable electric warm air driers, air sterilisers, hair driers, electric fans, and futon driers for household purposes; air conditioners and parts and fittings therefor; air cleaning units and parts and fittings therefor; dehumidifiers; air deodorizing unit; filters for air-conditioning; air filtering and cleaning installations for household and industrial use; filtering cartridges for air cleaning equipment; cartridges for water filters; air valves for steam heating installations; refrigerating containers, namely, refrigerated beverage dispensing units, refrigerated display case, refrigerated shipping containers; refrigerant compressors; inverters being parts of airconditioning apparatus; motors being parts of air-conditioning apparatus; motorized fans for air conditioning.

Services**Class 37**

(1) Building construction; repair of air-conditioning apparatus, freezing and chilling apparatus, boilers, airconditioning machinery, water supply systems, drainage and sterilization systems, building and electrical appliances namely domestic and industrial electrical appliances; installation of air-conditioning apparatus, freezing and chilling apparatus, boilers; maintenance, installation and repair of air-conditioning machines and equipment; maintenance, installation and repair of electrical generators; maintenance, installation and repair of household kitchen appliances; maintenance, installation and repair of industrial air conditioning, heating and cooling equipment and machinery cleaning of air-conditioning apparatus; providing information in relation to the installation, repair and maintenance of telecommunications networks; advisory services relating to the maintenance of air conditioning installations, supervision, operation management, and maintenance of air conditioners and other building facilities and equipments such as heating and cooling equipment by using computerized concentrically controlled monitoring system via on-line communications networks.

Class 42

(2) Scientific and technological services in the field of air conditioning and refrigeration and research and design relating thereto; industrial analysis and research services in the field of air conditioning and refrigeration; design and development of computer hardware and software; leasing, hire and rental of computers, computer systems, computer programmes and computer software; computer and software consultancy services; remote monitoring and control services of heating, ventilating and air conditioning apparatus; preventative maintenance of industrial machinery.

Class 09

Computer hardware, digital storage media namely external computer hard drives and downloadable software applications for mobile phones for creating, sharing, disseminating and posting photos, videos, personal and general interest information for the purposes of social networking, personal networking and business networking; Downloadable software applications for mobile phones for creating, sharing, disseminating and posting photos, videos, personal and general interest information for the purposes of online business networking, social networking and for using online matchmaking services; Computer software application providing an on-line platform and analytics for users to send and receive electronic messages via the internet, view profiles of other users, send and receive electronic messages via the internet amongst users with mutual interest, send and receive electronic messages via the internet amongst users based on proximity, send and receive electronic messages via the internet amongst users based on automated introduction, participate in discussions, get feedback from their peers and co-workers, engage in social and business networking.

Services

Class 35

(1) Marketing, advertising and promotion services on-line and via mobile communication devices, namely providing software applications to third parties to facilitate the creation of online advertisements and to optimize and manage online advertising campaigns and business networking campaigns; provision of business information namely advertising the goods and services of others.

Class 38

(2) Electronic transmission services, namely providing email and instant messaging services and providing access to online forums for sharing digital photo files, videos and audio visual files and personal and general information amongst internet users.

Class 42

(3) Design and development of computer software, applications and website for the purpose of networking in social, business and organised events, and for enabling electronic uploading, displaying, organizing, transmission, retrieving, storage, sharing, accessing, viewing, analysing, management or otherwise providing data and information over the Internet; computer services, namely, hosting online forums, chatrooms, electronic bulletin boards and blogs for engaging in social and business networking; providing on-line computer databases and online searchable databases in the fields of networking analytics, data learning and introduction; computer services, namely, providing virtual communities over a computer network for users to connect, view profile of other users, communicate with users with mutual interest, participate in discussions, get feedback from their peers and co-workers, engage in social and business networking.

Class 45

(4) Online social networking services; online networking services based on automated introduction.

Class 09

(1) Computer hardware and software for use in analyzing the operations of city infrastructures, namely, water and energy management, traffic and transport, air quality and lighting; computer software that allows to search and determine the location of goods, objects, people, places, events, buildings and points of interests (POIs); computer software for providing public transports timetables and routes, traffic and parking information, navigation information, map information, travel information, tourist information, weather information, food and drink information, fitness, employment information, and location-specific advertisements; computer software for providing multiple-user access to travel and tour information online including social and live events information and points of interest information; computer software for providing advice and information about customer services and product management and prices on internet sites in connection with purchases made over the internet; computer software for use in the field of wireless navigation positioning systems and maps, namely, software for web-based access to location-based and map-based software applications for mobile phones, smart phones, computers and tablets which provides information about customer services and product management and prices; downloadable software namely a mobile application for displaying and sharing a user's location and finding, locating, and interacting with other users; computer software for the purpose allowing the remote control, monitoring and command of connected home equipment, appliances and furniture; computer software for the purpose of allowing the remote control, monitoring and command of connected security systems; computer software for the purpose allowing the remote control, monitoring and command of connected energy management systems; computer software for the purpose allowing the remote control, monitoring and command of connected audio and video equipment; computer software for the purpose allowing the remote control, monitoring and command of connected health and remote care equipment, namely, hospital beds, oxygen monitors, cardiac monitors, dialysis machines, pacemakers; computer software and application software for use in monitoring anesthesia delivery equipment in order to assess and identify any changes to a patient's health status; computer software for taking, posting, uploading, downloading, editing, storing, organizing, displaying, tagging, sharing and providing photography on mobile phones, smart phones, computers and tablets; computer software in the field of photography for operating and interacting with optical and motion sensors and sensors for

measuring speed, light, weight, rotation, pressure, humidity, height, incline, distance, time, sound, temperature, density, and resistance for use with mobile phones, smart phones, computers and tablets; computer software to be used for creating, viewing, posting, uploading, downloading, editing, storing, organizing, displaying, tagging, blogging, sharing and providing digital maps and digital map databases on mobile phones, smart phones, computers and tablets; computer software for providing, updating, displaying and manipulating roadway, geographic, map, direction, travel, public transport and traffic data, for use on mobile phones, smart phones, computers and tablets; computer software in the field of global navigation satellite systems, wireless navigation positioning systems and maps, namely software for operating and interacting with location, motion, positioning and distance measuring sensors and sensors for measuring speed, light, weight, rotation, pressure, humidity, height, incline, distance, time, sound, temperature, density, movements, physiological and biometric parameters, and electrical activity for use mobile phones, smart phones, computers and tablets; computer software in the field of global navigation satellite systems, wireless navigation positioning systems and maps, namely software for providing web-based access to location-based and map-based software applications, for mobile phones, smart phones, computers and tablets; digital maps; computer software for use in mapping services; computer software allowing users, developers and businesses to create, customize, share, consume and use digital maps; computer software in the field of photography, global navigation satellite systems, wireless navigation positioning systems and maps, namely, software for use with location-aware, context aware mobile devices, with location-aware and context aware wearable mobile devices, for operating global navigation satellite system and wireless navigation positioning system receivers, global navigation satellite system and wireless navigation positioning system transmitters, global navigation satellite system and wireless navigation positioning system enabled mobile devices and computing devices to be worn on or into the body of end-users or to be incorporated into clothing, footwear, headgear, bags, textiles, fabrics, tissue and wearable computing devices and accessories, all of which can be used for computing, sensing, scanning, recording, displaying, monitoring, data-processing, remote-controlling, predicting, programming and connecting to computer networks or telecommunication purposes; application programming interfaces (APIs); software development tools, namely software development software and software development digital documentation namely users' manuals and guides; computer software in the field of maps, namely software-development software to create and use digital maps, map databases and map-based software applications for mobile phones, smart phones, computers and tablets; vision recognition software; faces recognition software; buildings recognition software; interactive computer software, namely, software that identifies objects and landmarks with distance sensors, laser rangefinders and camera lenses; computer software for use in autonomous control, driving and navigation of vehicles, aircraft and watercraft; computer software allowing users, developers and businesses to obtain, share, consume and use real-time location data and information of goods, objects, people, places, events, buildings and points of interests (POIs) in connection with control, driving and navigation of vehicles, aircraft and watercraft; integrated and add-on electronic driver assistance systems for land vehicles, aircraft and watercraft, comprised of computer software for delivering collision and accident alerts, automated lighting, adaptive cruise control, automated braking, incorporated GPS, traffic and weather information, lane correction alerts and blind spots detection; computer software allowing to listen to music, to read out electronic messages, to chat and to browse on the Internet; computer software allowing online payment and payment at distance; computer software and software applications for operating, and interacting with and sharing information on social networking websites; computers; computer hardware; mobile phones, smart phones, tablet computers and computers; electronic readers, connected watches, connected glasses, connected cameras, personal digital assistants and pagers; navigation apparatus for vehicles, namely, on-

board computers; optical and weighing sensors; audio sensors; tactile sensors; location, positioning, motion and pressure sensors; humidity sensors; integrated and add-on electronic driver assistance systems for land vehicles, aircraft and watercraft, comprised of sensors and displays for delivering collision and accident alerts, automated lighting, adaptive cruise control, automated braking, incorporated GPS, traffic and weather information, lane correction alerts and blind spots detection; computer software, computers and computer hardware for the recognition, compilation, customization, search and analyzing of weather, buildings, cars, roads, distances, locations, shapes, colors and sounds; cameras and radars for the recognition, compilation, customization, search and analysis of weather, points-of-Interests (POIs), people, buildings, cars, signs, roads and goods, distances, locations, shapes, colors and sounds; 3D cameras; augmented reality software for creating maps; virtual reality software for simulating a virtual world; computer software for setting up, operating, configuring, and controlling virtual reality headsets and controllers; interactive virtual reality system, namely, hardware for virtual reality technology; computers used in connection with virtual reality technology; wireless headsets for mobile phones, smart phones, computers and tablet computers used in connection with virtual reality technology; wearable computers and wearable computer peripherals used in connection with virtual reality technology; virtual reality headsets; handheld virtual reality controllers; external sensors cooperating with virtual reality headsets and handheld virtual reality controllers; motion tracking sensors for virtual reality technology; devices for displaying data and video namely, head mounts and eye pieces for helmet mounted displays, screens, front facing cameras, photosensors and laser position sensors for virtual reality technology; optical glasses for virtual reality technology; spectacles for use with for virtual reality technology; downloadable user manuals for all the aforementioned devices sold as a unit therewith; downloadable electronic and digital content, namely, downloadable files in the field of public transports timetables and routes, traffic and parking, navigation, maps, road condition, travel, tourism, weather, food and drink events, fitness, employment information, location-specific advertisements; computer software for enabling and controlling access to databases; internet access computer software;

Class 12

(2) Cars, remote controlled land vehicles, other than toys; helicopters; aeroplanes; remote controlled flying objects, namely, drones and aircraft, other than toys;

Services

Class 35

(1) Location-based advertising for the benefit of third parties; on-line advertising for third parties on a computer network; rental of advertising space; rental of advertising time on television, radio, the internet and mobile applications; database management; collection, compilation, retrieval, customization and systemization of data, consisting of public transports timetables and routes, traffic and parking information, navigation information, maps information, road condition information, travel information, tourism information, entertainment and education information, weather information, shopping information, social and live events information, sporting events information, cultural events information, food and drink events information, health, fitness and well-being information, employment information, location-specific advertisements, price information and data collected from automobile sensors into geographical, facet classification based, identity-based, temporal and computer databases; updating and maintenance of data, consisting of public transports timetables and routes, traffic and parking information, navigation information, maps information, road condition information, travel information, tourism information, entertainment and education information, weather information, shopping information, social and live events information, sporting events information, cultural events information, food and drink events

information, health, fitness and well-being information, employment information, location-specific advertisements and price information in geographical, facet classification based, identity-based, temporal and computer databases; processing of computer data consisting of public transports timetables and routes, traffic and parking information, navigation information, maps information, road condition information, travel information, tourism information, weather information, food and drink events information, fitness information, employment information, and location-specific advertisements; analysis services of technical data in the field of traffic, parking, navigation, mapping, travel, tourism, weather, food and drink, fitness, employment;

(2) Providing information in the field of commercial directories, fuel prices, marketing, business of third parties, and consumer product selection from searchable databases of information, consisting of text, maps, electronic documents, location and navigational information, databases, graphic and audio visual information, by means of global computer information networks;

Class 37

(3) Providing information in the field of construction, repair, installation and maintenance of cameras, connected sensors, optical, weighing and measuring sensors, audio sensors, tactile sensors, location, positioning, motion and pressure sensors, humidity sensors, radars, computer hardware and mobile phones, smart phones, electronic readers, connected watches, connected glasses, connected cameras, personal digital assistants, pagers, global positioning system apparatus, global navigation satellite systems, wireless navigation positioning systems apparatus, navigation apparatus for vehicles, namely, on-board computers, navigational instruments for vehicles, for cars, trucks, buses, boats, motorcycles, bicycles and aircrafts, and for people, electronic navigational instruments for vehicles, for cars, trucks, buses, boats, motorcycles, bicycles, drones and aircrafts, and for people, satellite navigational apparatus, integrated or add-on electronic driver assistance systems for land vehicles, aircraft and watercraft, comprised of sensors and displays for delivering collision and accident alerts, automated lighting, adaptive cruise control, automated braking, incorporated GPS, traffic and weather information, lane correction alerts and blind spots detection from searchable databases of information, consisting of text, maps, electronic documents, location and navigational information, databases, graphic and audio visual information, by means of global computer information networks;

(4) Installation, maintenance and repair of cameras, connected sensors, optical, weighing and measuring sensors, audio sensors, tactile sensors, location, positioning, motion and pressure sensors, humidity sensors, radars, computer hardware and mobile phones, smart phones, electronic readers, connected watches, connected glasses, connected cameras, personal digital assistants, pagers, global positioning system apparatus, global navigation satellite systems, wireless navigation positioning systems apparatus, navigation apparatus for vehicles, namely, on-board computers, navigational instruments for vehicles, for cars, trucks, buses, boats, motorcycles, bicycles and aircrafts, and for people, electronic navigational instruments for vehicles, for cars, trucks, buses, boats, motorcycles, bicycles, drones and aircrafts, and for people, satellite navigational apparatus, integrated or add-on electronic driver assistance systems for land vehicles, aircraft and watercraft, comprised of sensors and displays for delivering collision and accident alerts, automated lighting, adaptive cruise control, automated braking, incorporated GPS, traffic and weather information, lane correction alerts and blind spots detection; consultation relating to installation, maintenance and repair of cameras, connected sensors, optical, weighing and measuring sensors, audio sensors, tactile sensors, location, positioning, motion and pressure sensors, humidity sensors, radars, computer hardware and mobile phones, smart phones, electronic readers, connected watches, connected glasses, connected cameras, personal digital assistants, pagers, global positioning system apparatus, global navigation satellite systems, wireless navigation positioning systems apparatus, navigation apparatus for vehicles, namely, on-

board computers, navigational instruments for vehicles, for cars, trucks, buses, boats, motorcycles, bicycles and aircrafts, and for people, electronic navigational instruments for vehicles, for cars, trucks, buses, boats, motorcycles, bicycles, drones and aircrafts, and for people, satellite navigational apparatus, integrated or add-on electronic driver assistance systems for land vehicles, aircraft and watercraft, comprised of sensors and displays for delivering collision and accident alerts, automated lighting, adaptive cruise control, automated braking, incorporated GPS, traffic and weather information, lane correction alerts and blind spots detection;

Class 38

(5) Providing information about global navigation satellite transmission, wireless navigation positioning and television broadcasting from searchable databases of information, consisting of text, maps, electronic documents, location and navigational information, databases, graphic and audio visual information, by means of global computer information networks;

(6) Providing access to computer databases in the field of traffic, parking, navigation, mapping, travel, tourism, weather, food and drink, fitness, employment; satellite transmission, wire transmission, wireless transmission and wan (wide area network) transmission of maps;

Class 39

(7) Global positioning system navigation services; services of geo-localisation and positioning, namely, providing downloadable applications for mobile phones, wearable computers, smart wearable arm bands, smart wearable sweat bands, smart wearable wrist bands, smart wearable head bands, connected clothing, connected footwear, connected headgear, smart phones, smart watches, personal digital assistants, computers and tablets for locating goods, buildings, people, places and points of interests (POIs); information services relating to the location of physical objects, points of interest (POIs), goods, vehicles, places, events, buildings, and people; physical storage of electronically-stored data, information and digital content provision of transport, traffic and travel information; tourist information services; directions and route guidance services; places search services, namely for locating the geographic position of a place and in the field of transportation, traffic, navigation and travel information; providing tourist travel information;

Class 42

(8) Design and development of computer hardware and software; computer programming; electric, electronic and mechanical engineering services; providing technical consultancy in the field of city infrastructure operations, namely, water and energy management, traffic and transport, air quality and lighting; providing technical consultancy in the field of computer software and computer hardware, meteorology and weather, search engines, sensors, mobile electronic devices and electronic devices; data, information and digital content warehousing, namely, the storage of computer data in the field of traffic, parking, navigation, mapping, travel, tourism, weather, shopping, food and drink, fitness, employment; hosting of databases; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; duplication, encryption, decryption, conversion, coding and migration of data in the field of financial, traffic, parking, navigation, mapping, travel, tourism, entertainment, education, weather, shopping, social and live events, Points of Interest (POIs), sporting events, cultural events, food and drink, general health, fitness, general well-being, employment as well as price information; digital compression of data in the field of financial, traffic, parking, navigation, mapping, travel, tourism, entertainment, education, weather, shopping, social and live events, Points of Interest (POIs), sporting events, cultural events, food and drink, general health, fitness, general well-being, employment as well as price information; digitization of data, information and content in the field of financial, traffic, parking, navigation, mapping, travel, tourism, entertainment, education, weather, shopping, social and live events, Points of Interest (POIs), sporting events, cultural events, food

and drink, general health, fitness, general well-being, employment as well as price information; design of computer hardware for data, information and digital content conversion from and to different protocols; computer system analysis; computer programming services for the analysis of data, information and digital content; monitoring of computer systems; IT security services in the nature of protection and recovery of computer data; providing information relating to computer software and hardware, software applications, meteorology, weather, search engines, connected, optical, weighing, measuring, audio, tactile, location, positioning, motion, pressure and humidity sensors, and technological resources from searchable databases of information, consisting of text, maps, electronic documents, location and navigational information, databases, graphic and audio visual information, by means of global computer information networks.

Class 09

(1) E-books

(2) audio- and video-receivers; downloadable music files; electronic book readers; Electronic publications, downloadable, namely, books, periodicals, magazines, journals, manuals in the field of literature, poetry, films, drama, fiction and non-fiction books; digital book readers; downloadable electronic books; books recorded on disc; digital books downloadable from the Internet; downloadable electronic publications in the nature of magazines; Weekly publications downloaded in electronic form from the internet featuring reviews on latest book publications, poetry and films; Electronic publications recorded on computer media namely, books, journals, magazines, manuals in the field of literature, poetry, films, drama, fiction and non-fiction books; Educational software for the purposes of writing fiction and non-fiction books; downloadable electronic newspapers; downloadable digital photos

(3) audio- and video-receivers; downloadable music files; electronic book readers; Electronic publications, downloadable, namely, books, periodicals, magazines, journals, manuals in the field

of literature, poetry, films, drama, fiction and non-fiction books; E-books; digital book readers; downloadable electronic books; books recorded on disc; digital books downloadable from the Internet; downloadable electronic publications in the nature of magazines; Weekly publications downloaded in electronic form from the internet featuring reviews on latest book publications, poetry and films; Electronic publications recorded on computer media namely, books, journals, magazines, manuals in the field of literature, poetry, films, drama, fiction and non-fiction books; Educational software for the purposes of writing fiction and non-fiction books; downloadable electronic newspapers; downloadable digital photos

Class 16

(4) Printed matter namely journals, manuals; books

(5) Paper and cardboard; photographs; instructional and teaching material namely, books, guides and manuals in the field of creative writing and writing poetry and manuscripts; booklets; books; calendars; Cards namely, greeting cards and name cards; catalogues; comic books; geographical maps; graphic prints; Graphic art reproductions namely prints for illustrations for books greeting cards; magazines [periodicals]; manuals [handbooks]; newsletters; newspapers; pamphlets; periodicals; photographs [printed]; pictures; posters; postcards; reference books; resource books; cookery books; drawing books; activity books; music books; colouring books; guide books; fantasy books; educational books; fiction books; baby books; story books; recipe books; printed booklets; picture books; sticker activity books; graphic art books; travel guide books; non-fiction books; books for children; pop-up books; series of fiction books; computer game hint books; series of non-fiction books; periodical publications; print letters; informational letters; journals; illustration boards

(6) Paper and cardboard; photographs; instructional and teaching material namely, books, guides and manuals in the field of creative writing and writing poetry and manuscripts; booklets; books; calendars; Cards namely, greeting cards and name cards; catalogues; comic books; geographical maps; graphic prints; Graphic art reproductions namely prints for illustrations for books; greeting cards; magazines [periodicals]; manuals [handbooks]; newsletters; newspapers; pamphlets; periodicals; photographs [printed]; pictures; posters; Printed publications, namely books; postcards; reference books; resource books; cookery books; drawing books; activity books; music books; colouring books; guide books; fantasy books; educational books; fiction books; baby books; story books; recipe books; printed booklets; picture books; sticker activity books; graphic art books; travel guide books; non-fiction books; books for children; pop-up books; series of fiction books; computer game hint books; series of non-fiction books; periodical publications; print letters; informational letters; journals; illustration boards

Services

Class 35

(1) retail services and online retail services in the field of books

(2) retail services and online retail services in the field of electronic books

(3) Advertising publication services for others; business management; business administration; market research; administration of consumer loyalty programs; computerized file management; provision of an on-line marketplace for buyers and sellers of goods and services; publication of publicity texts; market research services for publishers; market research for compiling information on readers of publications; arranging of subscriptions for the publications of others; arranging subscriptions of the online publications of others; subscriptions to books, reviews, newspapers and comic books; subscriptions to electronic journals

(4) Advertising publication services for others; business management; business administration; market research; administration of consumer loyalty programs; computerized file management;

provision of an on-line marketplace for buyers and sellers of goods and services; publication of publicity texts; market research services for publishers; market research for compiling information on readers of publications; arranging of subscriptions for the publications of others; arranging subscriptions of the online publications of others; subscriptions to books, reviews, newspapers and comic books; subscriptions to electronic journals

Class 41

(5) Education and training, namely workshops and courses in the field of book publishing and creative writing, writing fiction and non-fiction books and writing manuscripts and poetry; Entertainment namely literary festivals, and book fairs; Arranging and conducting in-person educational forums, seminars and workshops in the field of book publishing and creative writing, writing fiction and non-fiction books and writing manuscripts and poetry; electronic desktop publishing; on-line publication of electronic books and journals; providing on-line electronic publications, not downloadable in the field of literature, poetry, fiction and non-fiction books; publication of books ; Writing of texts namely, poetry, fiction and non-fiction books; Publishing and electronic publishing services in the nature of books, fiction books, non-fictions, educational books, magazines, periodicals, pamphlets; newspaper publishing; magazine publishing; publishing of journals; publishing of printed matter; publishing of web magazines; publishing of electronic books and journals online; multimedia publishing of printed matter; Publishing of online electronic publications namely books, fiction books, non-fictions, educational books, magazines, periodicals, pamphlets; special effects animation services for film and video; educational services for teaching creative writing; Arranging and conducting competition in the field of writing; organisation of writing competitions

(6) Education and training, namely workshops and courses in the field of book publishing and creative writing, writing fiction and non-fiction books and writing manuscripts and poetry; Entertainment namely literary festivals, and book fairs; Arranging and conducting in-person educational forums, seminars and workshops in the field of book publishing and creative writing, writing fiction and non-fiction books and writing manuscripts and poetry; electronic desktop publishing; on-line publication of electronic books and journals; providing on-line electronic publications, not downloadable in the field of literature, poetry, fiction and non-fiction books; publication of books;; Writing of texts namely, poetry, fiction and non-fiction books; Publishing and electronic publishing services in the nature of books, fiction books, non-fictions, educational books, magazines, periodicals, pamphlets; newspaper publishing; magazine publishing; publishing of journals; publishing of printed matter; publishing of web magazines; publishing of electronic books and journals online; multimedia publishing of printed matter; Publishing of online electronic publications namely books, fiction books, non-fictions, educational books, magazines, periodicals, pamphlets; special effects animation services for film and video; educational services for teaching creative writing; Arranging and conducting competition in the field of writing; organisation of writing competitions

Class 42

(7) design and development of computer hardware and software; computer programming; digitization of documents [scanning]; Design consultancy namely website, brand and graphic design; advisory services in the field of computer software used for publishing; design of printed matter; design of printed material; computer programming in the field of publishing information; software design; development of software; updating of software; Graphic illustration services for others for books and children's books; graphic illustration services for others; graphic design services; design and graphic arts design for the creation of illustrated books; hosting of digital content, namely, online journals and blogs

Class 45

(8) on-line social networking services

(9) Legal services; copyright management; online social networking services accessible by means of downloadable mobile applications; Licensing services namely licensing of computer software services, licensing copyright content in books, licensing use of illustrations in books, licensing of intellectual property in publications, poetry and books; Licensing of publications namely books, non-fiction books and fiction books to third parties; copyright licensing; management of authors' copyright

(10) Legal services; copyright management; on-line social networking services; online social networking services accessible by means of downloadable mobile applications; Licensing services namely licensing of computer software services, licensing copyright content in books, licensing use of illustrations in books, licensing of intellectual property in publications, poetry and books; Licensing of publications namely books, non-fiction books and fiction books to third parties; copyright licensing; management of authors' copyright

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, blue and white are claimed as a feature of the trademark. The mark consists of the stylized word "Cane" in black, with a blue ribbon behind it with individual letters S,U,G,A,R, in white each enclosed within a white square. There is also a word ENTERPRISES to the right of the word Cane. All of this design is on a white background with two black ribbons, one at the top and the other at the bottom

Disclaimer

The right to the exclusive use of the word Enterprises is disclaimed apart from the trademark.

Goods

Class 03

Hair shampoos and conditioners; hair styling products, namely, hair styling spray, hair styling preparations; non-medicated hair serums; hair care kits comprising non-medicated hair care preparations, namely, shampoo, conditioner, hair cream, non-medicated hair serum, hair treatments, hair spray; personal care products, namely, body wash, body lotion, hand cream; skin care products, namely, lotions, skin creams, facial skin cleansers, face masks; bath and body products, namely, non-medicated bath salts, bath bombs, bubble bath, bath oils

Services

Class 35

On-line retail store services featuring hair care preparations, skin care preparations, personal care products, namely, body wash, body lotion, hand cream, and bath and body products, namely, lotions, skin creams, facial skin cleansers, face masks, non-medicated bath salts, bath bombs, bubble bath, bath oils; online retail store services featuring subscription boxes containing hair care preparations, skin care preparations, personal care products, namely, body wash, body lotion, hand cream, and bath and body products, namely, lotions, skin creams, facial skin cleansers, face masks, non-medicated bath salts, bath bombs, bubble bath, bath oils; providing purchase information about personalized hair care products via a website

Claims

Priority Filing Date: April 03, 2017, Country or Office: UNITED STATES OF AMERICA, Application No: 87/395996 in association with the same kind of goods and in association with the same kind of services

Colour Claim

Colour is claimed as a feature of the trade-mark. The mark consists of a stylized letter 'A' wherein the sides are purple and of consistent width, with a tapered red bar which runs from the inside of the right side, through the middle of the left side where it comes to a point.

Goods

Class 01

(1) Chemical products, namely, antifreeze; chemicals and chemical preparations for cleaning heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; radiator flushing chemicals; chemical preparations for preventing scale formation; chemical compositions for use in preventing, controlling and removing scale from heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical additives for preventing scale and sludge formation; chemical products and additives for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes to prevent and inhibit corrosion; chemicals and chemical preparations for use in flushing, sediment control, sediment removal, scale control and scale removal, scale and sludge deposit control and scale and sludge deposit removal in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical additives for the prevention of sedimentation in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; scale inhibiting chemical preparations for use in heating systems,

central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; scale inhibiting chemicals for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical products and preparations to inhibit and prevent the formation of corrosion, sludge and scale in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

Class 02

(2) Corrosion inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; corrosion inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; anti-corrosion preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

Class 03

(3) Cleaning preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; cleaning preparations for use in connection with the cleaning, flushing, removal of sediment and de-scaling of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

Class 05

(4) Fungicidal preparations; biocidal preparations; preparations for preventing, removing and destroying bacterial and fungal growth; preparations for preventing, removing and destroying algae and microorganisms; preparations for minimizing bacterial and fungal growth; fungicides; biocides; biocides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; fungicides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; biocides for use in underfloor and cooling systems; fungicides for use in underfloor and cooling systems

Class 06

(5) Common metals and their alloys; metal valves for use in and in connection with water filters; metal valves for use in and in connection with magnetic and non-magnetic water filters; metal valves for use in and in connection with power flushing filters; metal valves for use in and in connection with power flushing filters being parts of household and industrial installations; metal valves for water pipes

Class 07

(6) Bleed valves for use in and in connection with apparatus and installations for heating and water supply; bleed valves for use in and in connection with central heating apparatus and installations; bleed valves for use in and in connection with filters; bleed valves for use in and in connection with filters being parts of household and industrial installations; bleed valves for use in and in connection with magnetic and nonmagnetic filters; bleed valves for use in and in connection with magnetic and non-magnetic filters being parts of household and industrial installations; bleed valves for use in and in connection with power flushing filters; bleed valves for use in and in connection with power flushing filters being parts of household and industrial installations; radiator agitators; power drill bits; bits for hammer drills; drill bits for rotary power tools

Class 09

(7) Water testing instrumentation for monitoring and detecting contamination in central heating systems; apparatus and instruments for testing and monitoring central heating water; apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing

central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; programmable electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; remote controls for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; temperature and energy controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; thermostats; thermal sensors for use in thermostats; computer software for the control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; computer software for the control and monitoring of central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; interactive computer software accessible electronically, via computers and mobile telephones, for control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; computer software applications for control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; mobile phone applications for control and monitoring of central heating systems and for control, monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; smart control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes

Class 11

(8) Filters as a part of household and industrial heating systems and central heating systems; magnetic filters as a part of household and industrial heating systems and central heating systems; non-magnetic filters as a part of household and industrial heating systems and central heating systems; power flushing filters as a part of household and industrial heating systems and central heating systems; Magnetic and non-magnetic filters for use in association with central heating systems; power flushing filters for use in association with central heating systems; water filtration apparatus, namely water filtering units for domestic and industrial use; temperature sensors and thermostatic valves for heating apparatus; scale reducers, namely electrolytic cells for reducing and preventing scale deposits in water and electrolytic water conditioning units; water treatment apparatus and installations, namely water conditioning units to prevent the accumulation of sediment and limescale; metal valves for use in and in connection with apparatus and installations for heating and water supply; metal valves for use in and in connection with central heating apparatus and installations; dosing valves for use in and in connection with apparatus and installations for heating and water supply; dosing valves for use in and in connection with central heating apparatus and installations; dosing valves for use in and in connection with water filters;

magnetic filters for the cleaning and maintenance of central heating systems and fluid contained therein; power flushing magnetic filters for the cleaning and maintenance of central heating systems and fluid contained therein

Services

Class 35

(1) Advertising the goods and services of others; business management; business administration; arranging, hosting, organizing and conducting of trade show exhibitions and events on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof for commercial, marketing and promotional purposes; administration of a loyalty and incentive program for professional contractors; operation of loyalty, incentive and bonus programs; operation, management and administration of loyalty programs and rewards programs; operation, management and administration of loyalty programs and rewards programs via data communications and mobile communications networks; loyalty scheme services provided by a digital platform and website; organisation, management, operation and supervision of customer loyalty, incentive and promotional schemes; provision and dissemination of advertising, marketing and publicity materials for others; customer buying club services, for commercial, promotional and advertising purposes; installer club loyalty program to reward registered installers for purchasing heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and for the installation of these products for commercial, promotional and advertising purposes, all of the aforementioned services being on the subject of and relating to heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations, filters and filtration and the installation and design thereof; retail services connected with chemical preparations for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemicals and chemical preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with radiator flushing chemicals and scale removing preparations; retail services connected with chemical compositions for use in preventing, controlling and removing scale from heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical products and additives for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes to prevent and inhibit corrosion; retail services connected with chemicals and chemical preparations for use in sanitizing, flushing, sediment control, sediment removal, scale control, scale removal, deposit control and deposit removal in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical additives for the prevention of sedimentation; retail services connected with chemical additives for the prevention of sedimentation in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with scale inhibiting preparations; retail services connected with scale inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical inhibitors; retail services connected with chemical inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical products and preparations to inhibit, prevent and remove corrosion, sludge and scale; retail services connected with chemical products and preparations to inhibit and prevent the formation of corrosion, sludge and scale in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with corrosion inhibiting preparations; retail services connected with corrosion inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers,

heaters, radiators, pumps and pipes; retail services connected with corrosion inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with anti-corrosion preparations; retail services connected with anti-corrosion preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with cleaning products and preparations; retail services connected with cleaning products and preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with cleaning products and preparations for use in connection with the cleaning, flushing, removal of sediment and de-scaling of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicidal preparations and biocidal preparations; retail services connected with preparations for preventing, removing and destroying bacterial and fungal growth; retail services connected with preparations for preventing, removing and destroying algae and micro-organisms; retail services connected with preparations for minimizing bacterial and fungal growth; retail services connected with fungicides and biocides; retail services connected with biocides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with biocides for use in underfloor and cooling systems; retail services connected with fungicides for use in underfloor and cooling systems; retail services connected with common metals and their alloys; retail services connected with unwrought and semi-wrought iron and steel products; retail services connected with metal building materials and items of metal hardware; retail services connected with valves of metal other than parts of machines; retail services connected with valves of metal for controlling the flow of water, liquid, gas and air; retail services connected with metal valves for use in and in connection with apparatus and installations for heating and water supply; retail services connected with metal valves for use in and in connection with central heating apparatus and installations; retail services connected with metal valves for use in and in connection with filters; retail services connected with metal valves for use in and in connection with filters being parts of household and industrial installations; retail services connected with metal valves for use in and in connection with magnetic and non-magnetic filters; retail services connected with metal valves for use in and in connection with magnetic and non-magnetic filters being parts of household and industrial installations; retail services connected with metal valves for use in and in connection with power flushing filters; retail services connected with metal valves for use in and in connection with power flushing filters being parts of household and industrial installations; retail services connected with drain valves; retail services connected with metal valves for draining water, liquid, gas and air; retail services connected with mechanical dosing apparatus and equipment; retail services connected with dosing apparatus and equipment for controlling the flow of water, liquid, gas and air; retail services connected with venting apparatus and equipment; retail services connected with venting apparatus and equipment for controlling the flow of water, liquid, gas and air; retail services connected with mechanical control valves and dosing valves; retail services connected with dosing valves for use in and in connection with apparatus and installations for heating and water supply; retail services connected with dosing valves for use in and in connection with central heating apparatus and installations; retail services connected with dosing valves for use in and in connection with filters; retail services connected with dosing valves for use in and in connection with filters being parts of household or industrial installations; retail services connected with dosing valves for use in and in connection with magnetic and non-magnetic filters; retail services connected with dosing valves for use in and in connection with magnetic and nonmagnetic filters being parts of household and industrial installations; retail services connected with dosing valves for use in and in connection with power flushing filters; retail services connected with dosing valves

for use in and in connection with power flushing filters being parts of household and industrial installations; retail services connected with bleed valves; retail services connected with bleed valves for use in and in connection with apparatus and installations for heating and water supply; retail services connected with bleed valves for use in and in connection with central heating apparatus and installations; retail services connected with bleed valves for use in and in connection with filters; retail services connected with bleed valves for use in and in connection with filters being parts of household and industrial installations; retail services connected with bleed valves for use in and in connection with magnetic and non-magnetic filters; retail services connected with bleed valves for use in and in connection with magnetic and non-magnetic filters being parts of household and industrial installations; retail services connected with bleed valves for use in and in connection with power flushing filters; retail services connected with bleed valves for use in and in connection with power flushing filters being parts of household and industrial installations; retail services connected with agitators, agitators being parts of mechanical appliances, radiator agitators, drill bits, bits for hammer drills, drill bits for rotary power tools, attachments for drills, attachments for SDS (special direct system) drills and attachments for hammer drills; retail services connected with apparatus and instruments for magnetic filtration, magnetic filters and power flushing magnetic filters; retail services connected with water testing apparatus and instruments, water monitoring apparatus and instruments, apparatus and instruments for testing and monitoring central heating water; retail services connected with apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with apparatus and instruments for monitoring and testing the efficiency, performance and consumption of heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with checking, monitoring and controlling apparatus for heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with checking, monitoring and controlling apparatus for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; retail services connected with programmable electronic controllers for heating systems, central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; retail services connected with remote control apparatus, systems, devices and installations for use with heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with temperature and energy controls for central heating systems, cooling systems, boilers, heaters, radiators, heat pumps and heating pipes; retail services connected with thermostats, thermostat control apparatus, thermal sensors for use in thermostats, thermal controls, boiler control apparatus communications controllers and computer software; retail services connected with computer software for heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with computer software for the control and monitoring of heating, ventilating, air conditioning and water supply apparatus, systems, devices and installations; retail services connected with computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected

with interactive computer software accessible electronically, via computers and mobile telephones; retail services connected with computer software applications, mobile phone applications, control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes and smart control meters for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus, equipment and instruments for measuring the efficiency, performance and consumption of heating apparatus, systems, devices and installations; retail services connected with apparatus and installations for heating and water supply; retail services connected with central heating apparatus and installations; retail services connected with filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with magnetic filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with non-magnetic filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with power flushing filters being parts of household and industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with magnetic filters being parts of central heating apparatus and installations; retail services connected with non-magnetic filters being parts of central heating apparatus and installations; retail services connected with non-magnetic filters being parts of central heating apparatus and installations; retail services connected with power flushing filters being parts of central heating apparatus and installations; retail services connected with filters being for use in central heating systems; retail services connected with magnetic filters being for use in central heating systems; retail services connected with non-magnetic filters being for use in central heating systems; retail services connected with power flushing filters being for use in central heating systems; retail services connected with water filtration apparatus and installations; retail services connected with water filtration apparatus and installations for heating, central heating, water storage, water supply and cooling; retail services connected with water filtration apparatus and installations for central heating apparatus and installations; retail services connected with water treatment apparatus for water purification and water softening; retail services connected with water treatment apparatus for water purification and water softening for domestic use; retail services connected with water treatment apparatus for water purification and water softening for central heating apparatus and installations; retail services connected with water treatment filters; retail services connected with temperature sensors and thermostatic valves for heating apparatus; retail services connected with scale reducing apparatus and installations; retail services connected with scale reducing apparatus and installations for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with scale inhibitors; retail services connected with scale inhibitors for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with scale reducers; retail services connected with scale reducers for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with water treatment apparatus and installations; provision of warranty programs, specifically warranty claims administration services, namely, processing warranty claims for heating apparatus, installations and systems and filters therefor

Class 36

(2) Provision of warranties, namely, home warranty administration in the field of heating apparatus, installations and systems and filters therefor; extended warranty services, namely providing extended warranties on heating apparatus, installations and systems and filters therefor

Class 37

(3) Installation, maintenance and repair of heating systems, central heating systems and filters; heating system cleaning and flushing services; central heating system cleaning and flushing

services; information services relating to the installation, repair and maintenance of heating systems; information services relating to the installation, repair and maintenance of central heating systems and filters; information services relating to the provision of heating system and central heating system cleaning services; information services relating to the provision of heating system and central heating system cleaning and flushing services; provision of technical support in relation to the installation, maintenance, repair, cleaning and flushing of heating systems, central heating systems and filters; providing information in relation to the installation, maintenance, repair, cleaning and flushing of heating systems, central heating systems and filters from a database and website

Class 38

(4) Provision of access to a global computer network for monitoring, measuring, reporting and controlling heating systems, central heating systems, cooling systems, boilers, filters, heaters, radiators, pumps and pipes; provision of access to a global computer network for monitoring, measuring, reporting and controlling the efficiency, performance and consumption of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; e-mail transmission services; providing access to electronic publications and databases on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof supplied online; providing access to a web log on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; providing access to internet chat rooms; digital text messaging services; communication services, namely, providing push notifications and rich digital text message notifications on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof to mobile phones, smart phones, computers and handheld computers; electronic mail services; providing an interactive online forum for the transmission of messages and user generated content among computer users; providing multiple user access to a global computer information network for the transfer and dissemination of a wide range of information and services; providing online forums for transmission of messages among computer users; providing online chat rooms, electronic bulletin boards and electronic discussion boards for the transmission of messages

Class 39

(5) Transportation of goods by air, truck and rail; merchandise packaging and warehouse storage; transport and delivery of heating, ventilation, air conditioning and water supply apparatus, systems and devices and filters; transport and storage of heating, ventilation, air conditioning and water supply apparatus, systems and devices and filters

Class 41

(6) Instruction on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; training on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; professional training on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; training and education in relation to continuing professional development on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; arranging, hosting, organizing and conducting of events, courses, conferences, conventions, exhibitions, seminars, lectures, competitions, congresses and workshops on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration

and the installation and design thereof; publication of education and training journals, books and handbooks on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof; providing online electronic publications on the subject of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration and the installation and design thereof

Class 42

(7) Chemical analysis and scientific research in the fields of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration; design of heating, ventilation, air conditioning and water supply apparatus, systems and devices and filters; chemical research services; creation, maintenance and hosting of websites; installation, maintenance and repair of computer software, computer programs and computer systems; preparation of technical reports in the fields of heating, ventilation, air conditioning and water supply apparatus, systems and devices, filters and filtration; providing online reports relating to the monitoring, reporting and controlling of heating apparatus, devices, installations and systems

Colour Claim

Colour is claimed as a feature of the trademark. The design is in the form of a shield. The first, outermost wide band is white with an interior gradient of grey. The second wide band is black, followed by a third thin grey band. Inside the shield toward the top is a grey silhouette of a car on a black background. The words SPA FOR CARS are grey on a black background. Below the black background is a chessboard pattern composed of red and white diamonds.

Goods

Class 01

(1) Chemical products used in industry, namely chemical compositions for the protection of varnishes and paints for automotive, marine and aeronautic vehicles; chemical preparations for the protection of fabrics and textiles for automotive, marine and aeronautic vehicles.

Class 03

(2) Products for cleaning, buffing and polishing varnishes and paints for automotive, marine and aeronautic vehicles; products for the refurbishing of painted and varnished surfaces on automotive,

marine and aeronautic vehicles; products for the refurbishing of automotive vehicle bodies, boat hulls and aircraft cockpits; products for cleaning fabrics, textiles, leathers, imitation leathers and plastics; products for conditioning and protecting leathers, products for protecting imitation leathers; products for removing tar stains, grease stains and paraffin stains; products for cleaning and polishing windows; products for cleaning vehicle tires; products for buffing and polishing tires; products for cleaning motors and engines; products for cleaning vehicle wheel rims; cleaning preparations in the form of foams (chemical preparations) for buffers and polishers for automotive, marine and aeronautic vehicles; products for protecting motors and engines against dirt and humidity.

Class 17

(3) Plastic films for the production and treatment of surfaces made of glass, metal and plastic, in particular temperature-control films, solar films, tinted films, protective films and safety films for vehicle interiors and exteriors; laminated films made of plastic used for interior and automobile windows for sound control; laminated films made of plastic used for interior and automobile windows for solar protection.

Services

Class 37

(1) Provision of cleaning, buffing and waxing services for automotive, marine and aeronautic vehicles; provision of services related to the preparation, cleaning, buffing and maintenance of paints and varnishes for vehicle bodies, boat hulls and aircraft cockpits; provision of services related to the cleaning and protection of fabrics and textiles, rugs and carpets, leathers, imitation leathers and plastic parts of vehicle interiors; vehicle cleaning, vehicle motor and engine cleaning; polishing and buffing of vehicle motors and engines; application of films on windows, metal surfaces and glass surfaces of automotive, marine and aeronautic vehicles; installation of plastic films for the production and treatment of glass, metal and plastic surfaces, in particular temperature-control films, solar films, tinted films, protective films and safety films on vehicle interiors and exteriors; installation of laminated plastic films on interior and automobile windows for acoustical sound dampening; installation of laminated plastic films on interior and automobile windows for solar protection.

Colour Claim

Gold [Pantone* 873C] and black are claimed as features of the trademark. *Pantone is a registered trademark. The design features a frontal view of a bird of prey with extended wings and open claws above a Grand Ducal crown, a crown such as that worn by bearers of the Grand Duke title in the German heraldic system. The bird of prey is two-toned (black and gold) with alternating black and gold lines. On either side of the bird of prey, right next to its claws and the crown, are gold and black arabesques. The letters "D" "U" and "C" are gold, and are separated by gold diamond shapes.

Goods

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Government of the Northwest Territories of the mark shown here, as an official mark for goods and services.

Description

The Requesting Party wishes for colour to be a feature of the mark. The colours black, white, purple, green, yellow and red will appear as features of the mark. The mark consists of a shield design. The top portion of the shield consists of a purple curve on top of a white background. The bottom left portion of the shield consists of yellow rectangles on top of a green background. The bottom right portion of the shield consists of the face of a white fox in white with black outlines on top of a red background. All lines of the shield are in black.

Application Number 925,515

PROHIBITED MARK DETAILS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by TRANSPLANT QUÉBEC of the mark shown here, as an official mark for goods and services.

Description

Applicant claims colour as a feature of the trademark. The words "TRANSPLANT QUÉBEC" are dark green. The topmost part and the lower extremity of the stylized "Q" are light green. The middle part of the stylized "Q" is dark green.

Application Number 925,628

PROHIBITED MARK DETAILS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by REAL ESTATE COUNCIL OF ONTARIO of the mark shown here, as an official mark for goods and services.

Description

Colour is described as an element of the trademark. The colors white and green will appear as elements of the mark. The mark consists of a rectangle which contains the letters RECO, which is surrounded by a semi-circle design. The letters R and E are white on a green background, and the letters C and O are green on a white background. The rectangular outline border of the design is green, and the semi-circle is green. The letter comprising the words Real Estate Council of Ontario are black.
