Trademarks Journal

2019-09-18 — Vol. 66 No. 3386

Trademarks Journal

Vol. 66 No. 3386

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

TRADEMARK DETAILS**Trademark Type**

Three-dimensional (3-D)

Visual Representation**Trademark Description**

Color is not claimed as a feature of the mark. The mark consists of a three-dimensional configuration of an adapter in the shape of a cube having four sides with rounded corners, a flat front and flat back surface. The broken lines depicting a connector port and electrical prongs indicate placement of the mark on the goods and are not part of the mark.

Registrability Recognized

Registrability recognized under the Trademarks Act.

Goods**Class 09**

adapters for use with computers, computer peripherals and consumer electronics namely portable and handheld digital electronic devices namely, handheld computers, tablet computers, mobile phones, electronic book readers and notepads, electronic personal organizer, personal digital assistant, electronic calendar, global positioning system (GPS) devices, cameras, electronic handheld game units, and digital format media players namely, MP3 players

Colour Claim

Colour is claimed as a feature of the trade-mark. The trade-mark consists of the stylized capital letter 'R' which is coloured ultramarine blue ('Pantone 7687 C'). PANTONE is a registered trade-mark.

Goods

Class 07

(1) extrusion machines that process and work plastics, namely, cast film production lines, sheet extrusion production lines, blown film production lines, extrusion coating production lines, spunbond production lines, meltblown production lines, composite production lines, monofilament production lines, slit film tape production lines, strapping tape production lines, wood polymer composite production lines, and parts therefor and installations composed thereof, namely, drives, gears, pistons, worm shafts, nozzles, forming parts, forming cavities, spinnerettes, rotary arm winders, turret winders, horizontal side winders, and die tips; extruders, film-blowing machines, film-casting machines, winding machines and extrusion machines that produce goods made from plastics, namely, tubular film, flat film, slabs, coatings, laminates, deep-drawing film, tubes,

granules, monofilament yarns, strips and non-woven fabrics of plastics; hand tools and power tools, namely, burnout ovens and spinnerette closing pencils, all the foregoing for extrusion machines that process and work plastics and that produce goods made from plastics, namely, tubular film, flat film, slabs, coatings, laminates, deep-drawing film, tubes, granules, monofilament yarns, strips and non-woven fabrics of plastics; parts, namely, drives, gears, pistons, worm shafts, nozzles, forming parts, forming cavities, spinnerettes, rotary arm winders, turret winders, horizontal side winders and die tips, all the foregoing for extrusion machines that process and work plastics and that produce goods made from plastics, namely, tubular film, flat film, slabs, coatings, laminates, deep-drawing film, tubes, granules, monofilament yarns, strips and non-woven fabrics of plastics; mechanically-operated hand tools and power tools and fittings, namely, burnout ovens and spinnerette closing pencils, all the foregoing for extrusion machines that process and work plastics and that produce goods made from plastics, namely, tubular film, flat film, slabs, coatings, laminates, deep-drawing film, tubes, granules, monofilament yarns, strips and non-woven fabrics of plastics

Class 09

(2) weighing, measuring, signaling and checking (supervision) apparatus and instruments, namely, thickness controllers, width controllers, layer controllers, layer thickness controllers, temperature controllers, pressure controllers, line speed controllers, web speed controllers, RPM controllers, controllers of web position, tension controllers, torque controllers, basis weight controllers, air permeability controllers, programmable logic controllers (PLC), safety PLC controllers, charging level sensors, liquid level sensors, limit switches, proximity switches, all the foregoing goods for use with extrusion machines; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric conductors, switches, transformers, accumulators, regulators and controllers, all the foregoing goods for use with extrusion machines; data processing hardware, namely, computer hardware, computer hardware for the control of extrusion lines, computer hardware for network access servers, computer hardware for telecommunications, computers

Services

Class 42

updating of computer software; mechanical engineering; computer programming; preparation of technical surveys; technical research in the field of conceptual design of film extrusion production lines, non-woven plastics production lines, composite production lines, tape production lines, monofilament production lines and wood polymer composite production lines, and extrusion machines, film extrusion systems, construction of extrusion machines that process and work plastics, process engineering and development of extrusion machines that process and work plastics; research in mechanical engineering; research and development of new products for others; construction drafting; material testing; control of the quality of processed and worked plastics, in particular tubular film, flat film, slabs, coatings, laminates, deep-drawing film, tubes, granules, monofilament yarns, strips and non-woven fabrics of plastics; technical project planning for individual plastics extrusion lines; materials testing services; scientific research in the development of plastics extrusion technology

Goods

Class 09

(1) Protective hats for use in the food preparation industry, namely reusable balaclavas, beard covers, disposable balaclavas, bouffant hats and non-woven crimped hats; laboratory dispensers for use with disposable and non-disposable gloves and hats; anti-pollution masks for respiratory protection.

Class 10

(2) Sponges for surgical use.

Services

Class 35

Retail, online retail and wholesale services in the field of protective clothing, namely protective hats (other than for the prevention of accident and injury) for use in the food preparation industry, laboratory dispensers for use with disposable and non-disposable gloves and hats, anti-pollution masks for respiratory protection, breathing masks, disposable clothing for medical and hygienic use, disposable examination gloves, gloves for medical and hygienic use, sponges for medical and surgical use, medical gloves, surgeons' gloves, surgical gloves, surgeons' hats, gowns for surgical use, disposable and reusable surgical clothing and headgear, namely caps, gowns and masks, surgeons' aprons, paper, tissues, paper tissues, facial tissues, paper towels, paper and paper articles for wiping, drying, cleaning and polishing purposes, washing, drying and wiping cloths, disposable hygienic articles of paper for personal use, absorbent products, namely toilet tissues and napkins, sanitary face masks, cleaning-cloths, dusting-cloths, polishing-cloths, plastic bags,

waste bags made of paper and plastic, stands for hats, non-metallic wall mounted dispensers (fixed), namely glove and hat dispensers, boxes made of plastic, boxes for storage purposes (plastic), boxes for stacking purposes (plastic), portable boxes (containers) of plastic, gloves, namely gloves of rubber and rubber substitutes, wipes and cloths of non-woven fabric, namely cleaning cloths and drying cloths, household gloves, disposable gloves for use in catering, gloves for domestic use, gloves for cleaning, latex, rubber, nitrile and vinyl gloves for general use to protect the hands (other than against accidents and injury), boxes for kitchen use, boxes for domestic use, cleaning wipes, hair nets and beard nets; advertising the services of others in the field of protective clothing, namely protective hats (other than for the prevention of accident and injury) for use in the food preparation industry, laboratory dispensers for use with disposable and non-disposable gloves and hats, anti-pollution masks for respiratory protection, breathing masks, disposable clothing for medical and hygienic use, disposable examination gloves, gloves for medical and hygienic use, sponges for medical and surgical use, medical gloves, surgeons' gloves, surgical gloves, surgeons' hats, gowns for surgical use, disposable and reusable surgical clothing and headgear, namely caps, gowns and masks, surgeons' aprons, paper, tissues, paper tissues, facial tissues, paper towels, paper and paper articles for wiping, drying, cleaning and polishing purposes, washing, drying and wiping cloths, disposable hygienic articles of paper for personal use, absorbent products, namely toilet tissues and napkins, sanitary face masks, cleaning-cloths, dusting-cloths, polishing-cloths, plastic bags, waste bags made of paper and plastic, stands for hats, non-metallic wall mounted dispensers (fixed), namely glove and hat dispensers, boxes made of plastic, boxes for storage purposes (plastic), boxes for stacking purposes (plastic), portable boxes (containers) of plastic, gloves, namely gloves of rubber and rubber substitutes, wipes and cloths of non-woven fabric, namely cleaning cloths and drying cloths, household gloves, disposable gloves for use in catering, gloves for domestic use, gloves for cleaning, latex, rubber, nitrile and vinyl gloves for general use to protect the hands (other than against accidents and injury), boxes for kitchen use, boxes for domestic use, cleaning wipes, hair nets and beard nets; direct marketing of the services of others in the field of protective clothing, namely protective hats (other than for the prevention of accident and injury) for use in the food preparation industry, laboratory dispensers for use with disposable and non-disposable gloves and hats, anti-pollution masks for respiratory protection, breathing masks, disposable clothing for medical and hygienic use, disposable examination gloves, gloves for medical and hygienic use, sponges for medical and surgical use, medical gloves, surgeons' gloves, surgical gloves, surgeons' hats, gowns for surgical use, disposable and reusable surgical clothing and headgear, namely caps, gowns and masks, surgeons' aprons, paper, tissues, paper tissues, facial tissues, paper towels, paper and paper articles for wiping, drying, cleaning and polishing purposes, washing, drying and wiping cloths, disposable hygienic articles of paper for personal use, absorbent products, namely toilet tissues and napkins, sanitary face masks, cleaning-cloths, dusting-cloths, polishing-cloths, plastic bags, waste bags made of paper and plastic, stands for hats, non-metallic wall mounted dispensers (fixed), namely glove and hat dispensers, boxes made of plastic, boxes for storage purposes (plastic), boxes for stacking purposes (plastic), portable boxes (containers) of plastic, gloves, namely gloves of rubber and rubber substitutes, wipes and cloths of non-woven fabric, namely cleaning cloths and drying cloths, household gloves, disposable gloves for use in catering, gloves for domestic use, gloves for cleaning, latex, rubber, nitrile and vinyl gloves for general use to protect the hands (other than against accidents and injury), boxes for kitchen use, boxes for domestic use, cleaning wipes, hair nets and beard nets; promotional services, namely the production and dissemination of advertising materials and information for others via the Internet, in the field of protective clothing, namely protective hats (other than for the prevention of accident and injury) for use in the food preparation industry, laboratory dispensers for use with disposable and non-disposable gloves and hats, anti-pollution

masks for respiratory protection, breathing masks, disposable clothing for medical and hygienic use, disposable examination gloves, gloves for medical and hygienic use, sponges for medical and surgical use, medical gloves, surgeons' gloves, surgical gloves, surgeons' hats, gowns for surgical use, disposable and reusable surgical clothing and headgear, namely caps, gowns and masks, surgeons' aprons, paper, tissues, paper tissues, facial tissues, paper towels, paper and paper articles for wiping, drying, cleaning and polishing purposes, washing, drying and wiping cloths, disposable hygienic articles of paper for personal use, absorbent products, namely toilet tissues and napkins, sanitary face masks, cleaning-cloths, dusting-cloths, polishing-cloths, plastic bags, waste bags made of paper and plastic, stands for hats, non-metallic wall mounted dispensers (fixed), namely glove and hat dispensers, boxes made of plastic, boxes for storage purposes (plastic), boxes for stacking purposes (plastic), portable boxes (containers) of plastic, gloves, namely gloves of rubber and rubber substitutes, wipes and cloths of non-woven fabric, namely cleaning cloths and drying cloths, household gloves, disposable gloves for use in catering, gloves for domestic use, gloves for cleaning, latex, rubber, nitrile and vinyl gloves for general use to protect the hands (other than against accidents and injury), boxes for kitchen use, boxes for domestic use, cleaning wipes, hair nets and beard nets; arranging and conducting exhibitions for commercial purposes in the medical, dental and the food industry; the bringing together from a virtual retail store for the benefit of others, of a variety of goods, being protective clothing, namely protective hats (other than for the prevention of accident and injury) for use in the food preparation industry, laboratory dispensers for use with disposable and non-disposable gloves and hats, anti-pollution masks for respiratory protection, breathing masks, disposable clothing for medical and hygienic use, disposable examination gloves, gloves for medical and hygienic use, sponges for medical and surgical use, medical gloves, surgeons' gloves, surgical gloves, surgeons' hats, gowns for surgical use, disposable and reusable surgical clothing and headgear, namely caps, gowns and masks, surgeons' aprons, paper, tissues, paper tissues, facial tissues, paper towels, paper and paper articles for wiping, drying, cleaning and polishing purposes, washing, drying and wiping cloths, disposable hygienic articles of paper for personal use, absorbent products, namely toilet tissues and napkins, sanitary face masks, cleaning-cloths, dusting-cloths, polishing-cloths, plastic bags, waste bags made of paper and plastic, stands for hats, non-metallic wall mounted dispensers (fixed), namely glove and hat dispensers, boxes made of plastic, boxes for storage purposes (plastic), boxes for stacking purposes (plastic), portable boxes (containers) of plastic, gloves, namely gloves of rubber and rubber substitutes, wipes and cloths of non-woven fabric, namely cleaning cloths and drying cloths, household gloves, disposable gloves for use in catering, gloves for domestic use, gloves for cleaning, latex, rubber, nitrile and vinyl gloves for general use to protect the hands (other than against accidents and injury), boxes for kitchen use, boxes for domestic use, cleaning wipes, hair nets and beard nets, enabling customers to conveniently view and purchase those goods from an Internet web site; information, advisory and consultancy services in the field of all of the aforementioned; all of the aforementioned services, namely the provision of such services electronically, by means of computers, computer networks and the Internet, namely via online.

Goods

Class 09

Communication and telecommunication apparatus and instruments, namely telephone transmitters, database management software, computer platforms and computer applications for database management; computer applications and computer software for recording, transmitting, reproducing, storing, encrypting, decrypting, transforming, processing sound and images, namely films, television programs and radio programs; apparatus and instruments for processing sound signals, namely computer software for controlling and improving the sound quality of music recordings; voice recognition apparatus and instruments, namely voice recognition software, interactive voice servers for voice recognition; voice command apparatus and instruments, namely digital voice signal processors; fingerprint recognition apparatus and instruments, namely fingerprint imagers, fingerprint scanning software and computer software for fingerprint imaging; magnetic recording media, namely magnetic tape recorders, recording discs; data processing equipment, namely computer software for creating and inserting meta tags into documents and information; floppy discs, computer software (recorded programs), namely floppy discs containing video games, interactive multimedia computer games; video and audio discs, namely blank compact discs, blank digital versatile discs, video tapes; CD-ROM, digital video disc, digital disc, audio and video disc players, blank DVDs and other digital media, namely computers, electronic tablets, recording discs, blank magnetic discs, blank optical discs, blank optical compact discs; video game cartridges; computer software for creating video games; magnetic tape recorders; blank magnetic cards, blank smart cards; credit card readers, smart card readers, electronic card readers; monitors for receiving data over a global computer network; word processing software and calculators; satellites for scientific and telecommunications use; eyeglasses; eyeglass cases, optical goods for sports, namely eyeglass cords, sports goggles; memory cards and random access memory cards; electronic guides for television and radio programs; apparatus and instruments for programming and selecting television programs, namely smart terminals, television set-top boxes; interactive television apparatus and instruments, namely television receivers for disseminating audiovisual and multimedia content via the Internet and through computer telecommunications networks; television screens; fibre optic cables and optical cables; electric batteries and cells, namely mobile telephone batteries; interactive multimedia software (recorded programs) and interactive computer applications for disseminating multimedia and audiovisual

content, namely digital series; computer software and applications provided via the Internet and other computer telecommunication, wireless communication and electronic networks, namely computer software platforms for the direct online distribution of multimedia and audiovisual content, namely films and television series; computer software and applications for viewing films and television programs, for use with audiovisual, telecommunication and telematic apparatus and instruments, namely television screens, computers, telephones, computer tablets; televisions, remote controls for televisions, tape recorders, videotape recorders, cameras, telephones, mobile telephones, cases for portable telephones; personal organizers (PDAs); audio cassette and CD players, media players, namely MP3 and MP4 players, video players, electronic organizers; radio apparatus, personal stereos; projectors (projection apparatus), namely movie projectors, film projectors; television antennas, satellite dishes; loudspeaker enclosures, audio amplifiers; computers, computer screens, computer keyboards, computer peripherals, namely screens, microphones, network servers, modems, television set-top boxes, television encoders; devices (apparatus) for accessing and controlling access to data processing apparatus, namely computer software for securing access to data; authentication apparatus intended for telecommunications networks, namely computer platform for identification, enabling user authentication and network access management; apparatus for scrambling signals, descrambling digital signals and retransmitting digital signals; digital terminals, namely television set-top boxes; video films; electronic publications in the field of television broadcasting, books and magazines downloadable through a database accessible via the Internet.

Services

Class 35

(1) Business organization and management advice, professional assistance and consulting for the organization and management of industrial and commercial enterprise affairs; consulting and information related to business management; business consulting intended for consumers and relating to computer and telecommunication equipment; advertising agencies; rental of advertising space; dissemination of advertisements, namely dissemination of advertising on the Internet for others; organization of promotional and advertising activities to foster client loyalty, namely development of advertising campaigns for others; drafting of advertising mailings for others; distribution of advertising materials for others (tracts, flyers, printed matter and samples); commercial management assistance; subscription services to paid or free audiovisual programs, including to an electronic download platform; subscription services to various audio and radio programs, newspaper subscription services; subscription services to publications (newspapers, magazines, journals), including to paid or free electronic publications; advertising services, namely electronic advertising display and dissemination on the Internet for others; promotional services for the goods and services of others via the Internet, namely dissemination of advertising for others on the Internet; subscription services to videograms and phonograph recordings (electronic and digital); services for subscription to all information, text, sound and image media, namely in the form of electronic or non-electronic publications or digital publications; services for subscription to all media featuring multimedia products, namely multimedia applications, multimedia software, multimedia platforms for viewing films and television programs online; services for subscription to a television channel; services for subscription to telephone and computer (Internet) services; dissemination of advertisements for others through a global communication network; online advertising services for others; administration of consumer loyalty programs, promotion of the sale of goods and services through a consumer loyalty program; consultations related to Internet data entry; publication of advertising copy; radio and television advertising for others; interactive advertising for others, namely Internet dissemination of banner advertising, video advertising, promotional pictures leading to commercial links; business management; business administration

in the fields of telecommunications, television and audiovisual media; office functions, namely office services; computerized database management; collection of data in computer databases; provision of access to an online computer database in the fields of advertising, business management, business administration; data entry and data processing services, namely entry, collection, systematization of data; organization of exhibitions and events for commercial or advertising purposes, namely organization and holding of exhibitions in the fields of the production and development of series, audiovisual and cinematographic works, programs, news reports, debates, newspapers, films, videograms phonographic recordings ; services for the dissemination of classified advertisements for others; product demonstration, namely sales demonstration for multimedia apparatus, sales demonstration for others and sample distribution; press review services; online promotion of the goods and services of others via a dedicated website; promotion of the goods and services of others via a participatory website (blog); administrative management related to the rental of exhibition stands for commercial or advertising purposes; public relations; rental of advertising time for others on the Internet and on television; retail and wholesale of articles of clothing, leatherwork (namely handbags, backpacks, school bags, purses, wallets, coin purses, chequebook holders, card holders), jewellery items, pens, stationery, games, toys and playthings, sporting articles; retail and wholesale of audiovisual, computer and telecommunication goods, namely video tapes, televisions, video tape recorders, personal stereos, tape recorders, radios, high-fidelity (hi-fi) equipment, decoders, portable telephones, computers, magnetic tapes, disc changers (for computers), printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical compact discs, acoustic couplers (for computers), floppy discs, magnetic data carriers, video screens, scanners, computer printers, computer interfaces, CD-ROM, digital video disc, digital disc, audio and video disc players (for computers), computer software (recorded programs) for controlling and improving the sound quality of music recordings, microprocessors, modems, video monitors, computer programs for voice recognition, computers, computer memory, computer mice and keyboards, processors (central processing units), recorded operating system programs (for computers), blank smart cards; retail of antennas; rental of computer files.

Class 38

(2) Telecommunications services, namely telecommunication routing and junction services, namely configuration of Internet networks; communication services via computer terminals and via fibre optics in the radiophonic, telegraphic, telephonic and videophonic fields, namely provision of telecommunication access to television programs provided through a video-on-demand service; provision of information related to television broadcasting via a website; press and information agencies (news); radiophonic communications, namely radio broadcasting, telegraphic communications, telephonic and videophonic communications, by means of television, portable music player, personal video player, videophone, videotex, videotelephony; television broadcasting; transmission of text messages, telegrams, digital images, namely digital photographs, video footage (on demand), dispatches; remote transmission, namely Internet transmission of data, namely email; television program broadcasting, broadcasting of radio programs; broadcasting of programs via satellite, cable, computer network (in particular via the Internet), radio network, radiotelephone network and over the air; broadcasting of radio programs, audiovisual programs, namely documentaries, cinematographic programs, dissemination of ringtones for interactive or non-interactive use; electronic display services (telecommunications), namely provision of online electronic bulletin boards for the transmission of messages among computer users; transmission and broadcasting of television programs, series and films; broadcasting of radio and television programs and dissemination of text messages, telegram messages, news, audio books, photographs via communications networks and computer

networks, namely of films, television programs and radio programs; dissemination of web series via the Internet; dissemination (transmission) of series, films, reports and programs by means of telecommunication apparatus and electronic media (namely mobile telephones, computers, tablets, modems) and via the Internet, including as part of a paid or free video-on-demand service enabling access to a catalogue of movies, radio programs and multimedia works; broadcasting of paid or free radio and television programs; broadcasting of radio and television programs by means of a subscription and via a video-on-demand service; electronic messaging services; online movie download services; program transmission services and transmission of a selection of television channels; computer network access services; provision of connections to television broadcasting services, Internet services and computer databases in the field of cinematography; telecommunications routing and junction services, namely bundled telecommunications services enabling the use of cellular telephones, voice mail, and call forwarding between wired and wireless services; provision of telecommunications connections to a computer network; rental of telecommunication apparatus, namely rental of telephones and computers; rental of telematic apparatus and instruments, namely telephones, facsimile machines, computers, tablets, modems; rental of antennas and satellite dishes; rental of devices (apparatus), namely interactive televisions and television set-top boxes, for accessing interactive audiovisual programs; rental of access time to telecommunications networks, namely Internet networks, telephone networks, television networks; services providing access to an Internet site for downloading video games and scanned books; data communication (transmission) services and provision of access to data via an open global computer network (the Internet, a publicly accessible network) and a closed global computer network (intranet, a network accessible to right holders through an internal security system), namely provision of access, by means of telecommunications, to television programs provided via a video-on-demand service; information related to telecommunications, namely regarding television broadcasting and radio broadcasting; radio and telephone communications, namely radio and telephone paging services; provision of access to electronic databases in the field of television broadcasting; provision of access to discussion forums on the Internet in the field of television broadcasting; transmission and reception of films and video clips via the Internet by means of a computer or a mobile telephone; fixed and mobile telephony services; cellular telephony services; mobile radiotelephony; radiopaging; voice mail, call forwarding, email; electronic message transmission services, namely email; video conferencing services; video messaging services; videophone services; automatic answering machine services (telecommunication services); provision of Internet access (Internet service providers); electronic correspondence exchange services, electronic instant messaging services, electronic non-instant messaging services; services for the transmission of video footage on demand via Internet networks (publicly accessible), extranet networks (accessible to right holders through an external security system) and intranet networks (accessible to right holders through an internal security system); transmission of emails by means of electronic messaging systems secured using email security software; provision of access to electronic conferences in the field of television broadcasting and provision of discussion forums on the Internet; provision of access to Internet websites containing digital music; provision of access to telecommunication infrastructures, namely provision of user access to global computer networks; provision of access to search engines on the Internet; dissemination of electronic publications online; electronic display services (telecommunication), namely operation of an electronic bulletin board in the field of television broadcasting; telecommunication connections to a global computer network; Internet dissemination of digital files consisting of music and television programs; computer-assisted transmission of messages and images, namely email; teleconferencing services; news agencies, information agencies (news); professional consulting related to telecommunications, namely transmission of data via computer networks and digital networks; professional consulting related to telephony;

consulting related to the broadcasting of video programs; consulting related to the transmission of data via the Internet; consulting related to the provision of access to the Internet; rental of signal decoders and encoders.

Class 41

(3) Production and development of series, movies, television programs, televised news reports, political debates, television news, musical variety shows, films, videograms, phonographic recordings; production of comedy shows, production of motion picture films; film studios; rental of videograms, films, phonographic recordings, video tapes; rental of motion picture films; rental of film projection apparatus, radios and televisions, audio and video apparatus, cameras, personal stereos, personal video players; provision, via video-on-demand service, of series, movies, television programs, televised news reports, television news, musical variety shows and films; recreational services, namely broadcasting of films, television programs and radio programs on the Internet; organization and hosting of sporting, cultural and entertainment activities, namely organization of soccer competitions, comedy shows, magic shows and music concerts; movie studio services and operation of recording studios; organization and holding of musical and film competitions for educational or entertainment purposes in the audiovisual, radio and film sectors; organization of conferences and symposia for education and entertainment in the audiovisual, radio and film sectors; organization of trade shows for training purposes in the audiovisual, radio and film sectors; editing of television and radio programs, video games, texts, still or animated images, musical or non-musical sounds and ringtones; organization and holding of exhibitions and conferences in the audiovisual, radio and film sectors, workshops and seminars in the audiovisual, radio and film sectors; seat reservations for performances; reporter services; photographic services, namely photocomposition, photographic reporting; recording (filming) on video tape, consulting related to the production of television programs, series, films and video clips; online gaming services provided via a communications network, gambling services; casino services (games); editing and publishing of texts (other than advertising copy); editing of audio, video and multimedia files, namely (interactive discs, compact discs, storage discs); provision of movie theatres; desktop publishing; training in the use and operation of computer equipment; production of live comedy shows, programs, films for radio distribution; online electronic publishing of books and periodicals.

Class 42

(4) Scientific and technological evaluations, estimates and research provided by engineers, namely research pertaining to mechanical engineering; consultant services in the field of computer systems analysis; provision of search engines on the Internet; design and development of computers, computer systems and computer software; establishment of technical standards (standardization) in the field of television broadcasting; standardization services, namely development (design) of technical standards for manufactured products; standardization services in the nature of the development (design) of technical standards in relation to television broadcasting services; meteorological information services; research and development for others in the following fields or relating to the goods listed below: lighting, computer and audiovisual systems (electronic), scrambling systems and access control systems in the fields of television, television broadcasting and audiovisual media; authentication (origin research) of electronic messages; information related to computer technology applied to television broadcasting; research and development of new products for others; conduct of technical project studies and research related thereto in the fields of television, telephony and audiovisual media; development (design), installation, maintenance, updating and rental of computer software; design (development) of computer systems for encryption, decryption, parental control of access to television programs, radio programs, in particular mobile ones; computer programming; computer consulting, consulting

related to the rental of computers, computer apparatus and computer instruments, namely screens; conversion of data and documents from physical to electronic media; graphic design services.

Goods

Class 07

(1) Emergency electrical power supplies, namely, electrical power generators for emergency use, emergency power generators; Current generators; Industrial machine alternators

Class 09

(2) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely electrical power storage systems comprised of a power inverter and charger connected to one or more power storage cells, large scale electrical power storage and management systems comprised of one or more bi-directional power inverters connected to one or more power storage cells that are controlled by a customizable automated control system for industrial and commercial usage, electric battery apparatus, namely, batteries housed in container enclosures and solid buildings combined with inverter technology, with embedded remotely updateable energy storage management systems, namely, programmed computer software and firmware for storage and discharge of stored electricity for industrial and commercial use, electric battery apparatus, namely, batteries housed in container enclosures and solid buildings combined with inverter technology, with embedded remotely updateable energy storage management systems, namely, programmed computer software and firmware for storing and discharging stored electricity supplied by and to an electric power grid and other sources of electric power generation for stabilizing and meeting electricity demands and usage goals for industrial and commercial use, electric current switches, current transformers, electrical conductors for transformers, electric switches, electrical relays and transformers, electric transformers, electrical circuits, electrical converters, voltage regulators, energy regulators, namely, electronic controls for regulating the flow of electricity, gas, oil, solid fuel and solar thermal energy in industrial and commercial heating, cooling and ventilation systems, electric energy meters, software to aggregate and analyse energy consumption data; Power supply and power transforming apparatus, namely, transformers, inverters, direct current converters, electric storage batteries and measuring and regulating devices therefor, namely voltage regulators for electric power; General purpose Batteries, Solar batteries, Galvanic batteries, Galvanic cells, Electric storage batteries; Electricity charging points comprised of a charging port and housing, used for the transfer of electric power to a vehicle for service stations and charging points comprised of a charging port and housing, used for the

transfer of electric power to a vehicle for electric cars; Charging points for electric cars; Solar collectors for electricity generation, solar modules for electricity generation, solar installations for energy generation, namely photovoltaic installation apparatus, namely, solar modules for production of electricity, solar thermal and electric receivers, tracking mechanisms and concentrating optics, and control algorithms, solar cells, solar collectors, solar energy generating modules, solar panel arrays, and computers; Photovoltaic installations comprising solar modules for electricity generation, inverters; Solar energy regulators; Computer hardware and software for operating, regulating and controlling electric storage batteries, battery storage systems comprised of one or more electric storage batteries, transformer, heating, ventilation, air conditioning, grid connection and protection systems, and auxiliary systems, enclosures, and system controls for managing the operation of the battery storage system and the interplay with other assets namely other electric storage batteries, power generation units and the power grid, electrical power storage systems comprised of a power inverter and charger connected to one or more power storage cells, large scale electrical power storage and management systems comprised of one or more bi-directional power inverters connected to one or more power storage cells that are controlled by a customizable automated control system for industrial and commercial usage; Optical display devices, namely, displays for inverters in photovoltaic installations, computer evaluation software for inverters in photovoltaic installations; electrical sockets

Services

Class 39

Utility services transmission of electricity, natural gas, water; providing electric power and electric power distribution grid services to electric power distribution grid operators, electric power producers and large energy consumers, namely, industrial and commercial businesses; providing the service of electric power distribution grids, namely, grids containing electric power generator, high voltage electric power transmission grid, and electric power distribution system

Goods

Class 01

(1) Chemicals used in the industry, namely the healthcare industry and the cannabis industry, the science of cannabis, namely in the field of medical and educational science and photography; chemicals used in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; tempering chemicals and soldering chemicals; chemical substances for preserving foodstuffs; adhesives for use in the cannabis industry

(2) Genes of seeds for agricultural production

Class 05

(3) Medicinal and veterinary cannabis preparations for the relief of seizures, for the treatment and relief of nausea caused by chemotherapy, autoimmune disorders, bi-polar disorder, cancer, diabetes, endometriosis, epilepsy, Alzheimer's, Parkinson's disease, Lupus, spinal cord injury, gastrointestinal illness, inflammatory bowel disease namely Crohn's and ulcerative colitis, glaucoma, high blood pressure, hypertension, substance abuse, insomnia, nightmares, loss of appetite, weight loss, vomiting, arthritis, multiple sclerosis, muscle spasms caused by multiple sclerosis, muscle spasms, muscle tension, tension, nausea, nerve pain, pain, depression, anxiety, stress, fatigue, to provide mood enhancement and an improved sense of well-being; cannabis-based pharmaceuticals and cannabis-based natural remedies, namely, hashish, resins and oils namely terpenes, terpenoids, cannabidiol, and cannabinoids in the following presentations: concentrates, hashes, resins, shatter, oils, sprays, waxes, topicals, tonics, creams, pomades, ointments, capsules, patches, tablets, tinctures, suppositories, and balms derived from cannabis; herbal and plant extracts for medical purposes namely, cannabis and marijuana extracts and marijuana derivatives namely hashish, resins liquids, oils, oral sprays, capsules derived from cannabis; pain relief medication, cannabis oil

(4) Medicinal marijuana for temporary relief of seizures; medicinal marijuana for the relief of nausea caused by chemotherapy; medicinal marijuana for the relief of nerve pain; medicinal marijuana for the treatment of muscle spasms caused by multiple sclerosis;

Class 25

(5) Clothing; T-shirts; pullovers; jackets; hats; socks; pants.

(6) Casual clothing; hats; hooded pullovers; jackets; long-sleeved t-shirts; pants; pullovers; socks; t-shirts

Class 29

(7) Cannabis edibles and hemp seeds, namely edible hemp seeds

Class 31

(8) Cannabis plant seeds and hemp plant seeds; pet food

(9) Live cannabis plants; live hemp plants; live plants; seedlings; Live cannabis plants; live hemp plants; live plants; seedlings

(10) Seeds for agricultural purposes; seeds for flowers; seeds for horticultural purposes

Class 34

(11) Lighters for smokers; ashtrays for smokers; smokers' articles namely hand pipes, water pipes, hookahs, nebulizers, atomizers, oral vaporizers and rolling papers

(12) Dried cannabis; dried marijuana

(13) Ashtrays; hookahs; lighters; oils derived from cannabis, namely oral vaporizing oils for smoking and edible oils containing cannabinoids and terpenes derived from the cannabis plant

Services

Class 35

(1) Advertising the goods and services of others; marketing promotion of the goods and services of others; sale of cannabis and cannabis related products namely the sale of marijuana or cannabis, marijuana or cannabis extracts, Medical and veterinary cannabis preparations, cannabis-based pharmaceuticals, medical cannabis and marijuana, herbal and plant extracts and marijuana derivatives that may be legally produced, namely liquids, oils, oral sprays, capsules, pain relief medication, lighters for smokers, ashtrays for smokers, smokers' articles namely products for administering marijuana and cannabis, namely, hand pipes, water pipes, hookahs, nebulizers, atomizers, oral vaporizers, Smoking accessories, namely hand pipes, water pipes, hookahs, nebulizers, atomizers, oral vaporizers, cannabis and hemp seeds, and processed and edible cannabis and hemp seeds; Mail order services of cannabis and cannabis related products, namely the sale of marijuana or cannabis, marijuana or cannabis extracts, Medical and veterinary cannabis preparations, cannabis-based pharmaceuticals, medical cannabis and marijuana, herbal and plant extracts and marijuana derivatives that may be legally produced, namely liquids, oils, oral sprays, capsules, pain relief medication, lighters for smokers, ashtrays for smokers, smokers' articles namely products for administering marijuana and cannabis, namely, hand pipes, water pipes, hookahs, nebulizers, atomizers, oral vaporizers, Smoking accessories, namely hand pipes, water pipes, hookahs, nebulizers, atomizers, oral vaporizers, cannabis and hemp seeds, and processed and edible cannabis and hemp seeds; Retail, wholesale, and online sale of cannabis and cannabis related products, namely the sale of marijuana or cannabis, marijuana or cannabis extracts, Medical and veterinary cannabis preparations, cannabis-based pharmaceuticals, medical cannabis and marijuana,herbal and plant extracts and marijuana derivatives, namely hashish, resins, liquids, oils, oral sprays, capsules, pain relief medication, cannabis and hemp seeds, and processed and edible cannabis and hemp seeds.

Class 42

(2) Medical services, namely medical marijuana and cannabis dispensary services, providing medical information, consulting and advisory services in the field of medical marijuana and

Public notices under section 9 of the *Trademarks Act*

Application Number 925,793

PROHIBITED MARK DETAILS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Town of Drumheller of the mark shown here, as an official mark for goods and services.

Description

The official mark is described as the red Canadian maple leaf set with the skull and upper torso of a Tyrannosaurus Rex set in the middle of the maple leaf with "Drumheller" at the bottom set between two straight lines all in black. The slogan "Dinosaur Capital of the World" in black capital letters forms a semi-circle around the maple leaf icon.

Application Number 926,004

PROHIBITED MARK DETAILS

**COORDINATED ACCESSIBLE NATIONAL
HEALTH NETWORK**

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Trillium Health Partners of the mark shown here, as an official mark for goods and services.
