Trademarks Journal

2019-08-28 — Vol. 66 No. 3383

Trademarks Journal

Vol. 66 No. 3383

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Services

Class 41

(1) Education in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; providing of training in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; arranging and conducting of conferences in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research,

biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; arranging and conducting of seminars in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; arranging and conducting of symposiums in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; education information in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; electronic desktop publishing; news reporters services; on-line publication of electronic books and journals; publication of books; translation; writing of texts, namely, books, textbooks, journals, and magazines in the fields of science, technology, medicine, education, language learning, business and transport; computer assisted education services, namely, secure electronic administration of examinations in the fields of instruction in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; publishing consultancy services; advisory services relating to publishing; desktop publishing services; online electronic publishing of books, journals and periodicals; publishing of electronic publications; book, journal and periodical publishing; online electronic publishing of music, images, texts, videos, exam papers, quizzes,

handbooks, manuals, dictionaries, lecture notes, educations worksheets, slide presentations, flashcards, vocabulary lists, flyers, newsletters, magazines, newspapers, periodicals, journals, reference books, reports, directories, articles and books; publication of printed matter and printed publications; providing on-line non-downloadable journals and books in the fields of science, technology, medicine, education, language learning, business and transport; publication of books; publication of reference books; publication of electronic books online.

(2) Desktop publishing services; online electronic publishing of books, journals and periodicals; publishing of electronic publications; book, journal and periodical publishing.

Class 42

(3) Scientific and technological services and research and design relating thereto, namely, design and testing of new products for others, compiling data for research purposes in the fields of language learning, social sciences, life sciences and life science protocols in the fields of anatomy, biochemistry, biolinguistics and biophysics, biomechanics, botany, ecology, ethology, histology, immunology, neuroscience, toxicology and zoology, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, pharmaceuticals, clinical trials, health sciences in the fields of mental and physical health, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; technical research in the fields of automotive engineering, mechanical engineering, and civil engineering; medical research; industrial research in the field of pharmaceuticals, administration of pharmaceuticals, nanotechnology and nanomaterials; scientific research in the fields of life sciences, chemistry, biology, molecular biology, genetics, physics, material sciences, earth and environmental science, geology, biomedicine, psychology, pharmacology, pharmaceuticals, clinical trials, health sciences, clinical practice, computer sciences, and mathematics; Design and development of computer hardware and software; cloud computing web hosting services; cloud computing providing software for database management; conversion of data or documents from physical to electronic media; document data transfer and conversion from one media to another; cloud computing provider services for general storage of data; software as a service (SAAS) provider in the field of desktop publishing software and software for online publication of electronic books, magazines, periodicals and journals; software as a service (SAAS) provider in the field of educational software containing topics of instruction in social sciences, life sciences, life sciences protocols, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences, clinical practice and research, computer sciences, mathematics, language learning, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; software as a service (SAAS) provider in the field of software for searching online databases in the fields of life sciences, life sciences protocols, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; online database information indexing and abstracting software tools; online database search tools; monitoring online content and references relating to educational and academic articles and publications; monitoring the online attention paid to scholarly articles; hosting of

websites on the Internet; providing access to an online-searchable database, containing information and results in the fields of language learning, social sciences, life sciences, life sciences protocols, chemicals, chemistry, biology, molecular biology, genetics, physics, material sciences, nanotechnology, nanomaterials, earth and environmental science, geology, medical research, biomedicine, psychology, pharmacology, medical and scientific research in the field of pharmaceuticals and clinical trials, health sciences, clinical practice and research, computer sciences, mathematics, business administration, business management, business marketing, automotive engineering, mechanical engineering, and civil engineering; Design services relating to books and periodicals; computer programming in the fields of multi-media and electronic publishing; hosting platforms on the Internet for educational purposes in the fields of science, technology, medicine, education, language learning, business and transport; hosting web portals for educational purposes in the fields of science, technology, medicine, education, language learning, business and transport.

Foreign Character Translation

The translation provided by the applicant of the Chinese word(s) TONG REN TANG GUO JI is SAME HUMANITY HALL INTERNATIONAL.

Foreign Character Transliteration

As provided by the applicant, the transliteration of the Chinese characters is TONG REN TANG GUO JI.

Goods

Class 05

Vitamin preparations; cod liver oil; Traditional Chinese medicine, namely medicinal tonics used to improve the immune system; traditional Chinese medicine, namely medicinal tonics used for anti-aging; royal jelly for pharmaceutical purposes; Traditional Chinese medicines for improving sleep, relieving pressure and fatigue; Traditional Chinese medicines, namely medicinal drinks used for anti-fatigue and restoring body strength; Dietary fiber to aid digestion; propolis for pharmaceutical purposes; panacis quinquefolii radix granule; Ginseng capsules for general health and well-being; ginseng tablets for general health and well-being; medicated candy used for cold relief, immunity improvement and bone health improvement; diabetic bread adapted for medical use; breath-freshening chewing gum for medicinal purposes; Dietetic foods adapted for medicinal use namely dietary supplements containing Chinese herbs for general health and well-being; Dietetic beverages adapted for medicinal purposes namely teas containing Chinese herbs and dietary supplement drinks containing Chinese herbs, all for general health and well-being; dietary

supplements for general health and well-being; mineral food supplements for general health and wellbeing; nutritional supplements for general health and well-being; food for babies; milk powder for babies

Services

Class 35

(1) Import/export agencies; advertising the goods and services of others through online advertising; procurement services for others, namely purchasing health products in the field of vitamins, minerals, herbal medicines, traditional Chinese medicines, health foods and personal care products for daily use used for improving skin health, acupuncture, cupping, monitoring blood glucose, monitoring blood pressure, body massage, mother and baby nursing, oral cavity nursing, medical supplies used for sports medicine and mobility aids used for aiding disabled people for other business; marketing the goods and services of others, namely arranging the sale and distribution of the goods and services of others, in the field of health products in the field of vitamins, minerals, herbal medicines, traditional Chinese medicines, health foods and personal care products for daily use used for improving skin health, acupuncture, cupping, monitoring blood glucose, monitoring blood pressure, body massage, mother and baby nursing, oral cavity nursing, medical supplies used for sports medicine and mobility aids used for aiding disabled people; telemarketing services; providing on-line marketplaces for buyers and sellers of goods and services; advertising on the internet for others; providing business marketing information for others concerning brands of suppliers, products and international health information; retail sale services in the field of medicines, personal hygiene preparations and medical instruments; wholesale services in the fields of medicine, personal hygiene preparations and medical instruments.

Class 36

(2) Health insurance underwriting; accident insurance underwriting; actuarial services; insurance brokerage; insurance underwriting; fire insurance underwriting; marine insurance underwriting; life insurance underwriting; insurance consultancy; insurance information in the field of medical treatment and health.

Class 44

(3) Medical clinic services; chiropractics; hospital services; home health care services; medical assistance, namely acupuncture, cupping and spine adjustment; physical therapy; telemedicine services; pharmacists' services to make up prescriptions; convalescent homes.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of six hexagons forming a circle, each hexagon consisting of a separate colour, namely colours orange, light blue, maroon (*Pantone 7652C), purple, gold and green in clockwise order from the 12 o'clock position. To the right of the design is the dark blue stylized wording "CORE 360". *Pantone is a registered trademark.

Services

Class 35

(1) Business consulting services in the field of insurance risk management; insurance claims administration.

Class 36

(2) Insurance brokerage and administration services in the fields of commercial property, casualty and business risk insurance; insurance advisory services.

Class 41

(3) Educational services, namely, providing online, customizable, training programs that teach best practices for reducing the risk of employee injury and illness caused by accidents, natural hazards, mechanical hazards, hazardous substances, and personal interactions; providing on-line non-downloadable publications in the nature of guidelines for human resources departments in the field of reduction of financial loss through employee safety training programs; educational services, namely, online insurance training programs accessed via a global computer information network.

Goods

Class 07

(1) Emergency electrical power supplies, namely, electrical power generators for emergency use, emergency power generators; Current generators; Industrial machine alternators.

Class 09

(2) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely electrical power storage systems comprised of a power inverter and charger connected to one or more power storage cells, large scale electrical power storage and management systems comprised of one or more bi-directional power inverters connected to one or more power storage cells that are controlled by a customizable automated control system for industrial and commercial usage, electric battery apparatus, namely, batteries housed in container enclosures and solid buildings combined with inverter technology, with embedded remotely updateable energy storage management systems, namely, programmed computer software and firmware for storage and discharge of stored electricity for industrial and commercial use, electric battery apparatus, namely, batteries housed in container enclosures and solid buildings combined with inverter technology, with embedded remotely updateable energy storage management systems, namely, programmed computer software and firmware for storing and discharging stored electricity supplied by and to an electric power grid and other sources of electric power generation for stabilizing and meeting electricity demands and usage goals for industrial and commercial use, electric current switches, current transformers, electrical conductors for transformers, electric switches, electrical relays and transformers, electric transformers, electrical circuits, electrical converters, voltage regulators, energy regulators, namely, electronic controls for regulating the flow of electricity, gas, oil, solid fuel and solar thermal energy in industrial and commercial heating, cooling and ventilation systems, electric energy meters, software to aggregate and analyse energy consumption data; Power supply and power transforming apparatus, namely, transformers, inverters, direct current converters, electric storage batteries and measuring and regulating devices therefor, namely voltage regulators for electric power; General purpose Batteries, Solar batteries, Galvanic batteries, Galvanic cells, Electric storage batteries; Electricity charging points comprised of a charging port and housing, used for the transfer of electric power to a vehicle for service stations and charging points comprised of a charging port and housing, used for the

transfer of electric power to a vehicle for electric cars; Charging points for electric cars; Solar collectors for electricity generation, solar modules for electricity generation, solar installations for energy generation, namely photovoltaic installation apparatus, namely, solar modules for production of electricity, solar thermal and electric receivers, tracking mechanisms and concentrating optics, and control algorithms, solar cells, solar collectors, solar energy generating modules, solar panel arrays, and computers; Photovoltaic installations comprising solar modules for electricity generation, inverters; Solar energy regulators; Computer hardware and software for operating, regulating and controlling electric storage batteries, battery storage systems comprised of one or more electric storage batteries, transformer, heating, ventilation, air conditioning, grid connection and protection systems, and auxiliary systems, enclosures, and system controls for managing the operation of the battery storage system and the interplay with other assets namely other electric storage batteries, power generation units and the power grid, electrical power storage systems comprised of a power inverter and charger connected to one or more power storage cells, large scale electrical power storage and management systems comprised of one or more bi-directional power inverters connected to one or more power storage cells that are controlled by a customizable automated control system for industrial and commercial usage; Optical display devices, namely, displays for inverters in photovoltaic installations, computer evaluation software for inverters in photovoltaic installations; electrical sockets.

Services

Class 39

Utility services transmission of electricity, natural gas, water; providing electric power and electric power distribution grid services to electric power distribution grid operators, electric power producers and large energy consumers, namely, industrial and commercial businesses; providing the service of electric power distribution grids, namely, grids containing electric power generator, high voltage electric power transmission grid, and electric power distribution system.

Goods

Class 07

(1) Valves [parts of machines]; water heaters; electric ice crushers, electric meat grinders, electrical coffee grinders, garbage grinders; pressure valves [parts of machines]; steam engine boilers; coffee grinders, other than hand-operated; fish paste making machines, bakery mixing machines for making edible pastes; puddling machines; bread cutting machines; electric kitchen machines, namely, electric mixers, electric food processors, electric blenders and electric grinders namely, electric meat grinders, electric coffee grinders; grating machines for vegetables; steam engines; kneading machines; sewing machines; flour mill machines, milling machines, electric coffee mills, electric pepper mills; pepper mills other than hand-operated; vacuum cleaner bags; power-operated meat mincers, electric food choppers; vacuum cleaner attachments for disseminating perfumes and disinfectants; pumps, namely, pneumatic pumps and electric sump pumps, electrical air pumps for automobiles; blades, namely, lawn mower blades, blades for electric razors, razor blades, shear blades, crosscut saw blades; knives, electric; steam traps; food processors, electric; vacuum cleaners; regulators, namely, fuel and air mixture regulators being parts of internal combustion engines, voltage regulators, automatic temperature regulators for central heating radiators; pressure regulators [parts of machines]; robots, namely, industrial robots, laboratory robots, sewing robots; fruit presses, electric, for household purposes; heat exchangers [parts of machines]; beverage preparation machines, electromechanical, namely, aerated beverage making machines, beverage cooling and ice dispensing machines, beverage dispensing machines; food preparation machines, electromechanical, namely, food mixing machines for commercial use, food chopping machines for commercial use, food slicing machines for commercial use, food cutting machines for commercial use; centrifugal machines, namely, centrifugal compressors, centrifugal mills, centrifugal pumps

Class 08

(2) Razors, electric and non-electric; Table forks; Lawn clippers [hand instruments]; Drills, namely, air drills, electric hand drills, electrical drills, hand-held drills, manual drills, radial drills, hand-held pneumatic drills; Cutlery; Decanters and decanting accessories, namely, aerators, aerating funnels, aerator stoppers, cleaning brushes, drying cloths; Electric and non-electric depilation

appliances, namely, hair clippers, hair combs, hair cutters, hair cutting equipment, hair cutting scissors, hair removing tweezers, hair waxing kits; Nail clippers, electric and non-electric; Daggers; Blades, namely, shear blades, razor blades, shaving blades, scissor blades and blades for manually operated tools namely, blades for hand saws, hacksaws; Spoons; Machetes; Beard clippers; Hair clippers for personal use, electric and non-electric; Swords; Fleshing knives [hand tools]; Manicure sets; Manicure sets, electric; Pedicure sets; Molding irons; Penknives; Knives; Scissors; Vegetable knives; Side arms, other than firearms, namely knives and swords; Tweezers; Table cutlery [knives, forks and spoons]; Vegetable choppers; Flat irons; Choppers [knives]; Curling tongs; Nail nippers; Cuticle nippers

Class 09

(3) Electric accumulators, namely, heat accumulators, steam accumulators; remote control transmitter for radio controlled devices; electric monitoring apparatus, namely, blood pressure monitors, baby monitors, heart monitors, blood glucose monitors, oxygen monitors, pulse rate monitors; sound recording apparatus, namely, digital audio tape recorders, digital voice recorders, audio cassette recorders, audio tape records; sound transmitting apparatus, namely, cables for transmitting and receiving cable television signals; boom poles for sound transmission apparatus; personal headphones for use with sound transmitting systems; cash registers; intercommunication apparatus, namely intercoms; projection apparatus, namely, lcd projectors, picture projectors, slide projectors, sound projectors, video projectors; blinkers [signalling lights]; telephone apparatus, namely, headsets for telephones, telephone recorders, telephone sets, telephone connectors, telephone answering machines, telephone wires, telephone transmitters, cases for telephones, cordless telephones, automatic telephone dialers; facsimile machines; phototelegraphy apparatus, namely, digital photo cameras, digital still cameras, digital photo viewers, flash lamps for cameras, lens filters for cameras, lens hoods for cameras; solar batteries; balances [steelyards]; binoculars; electronic tags for goods; lens hoods; computer memory devices, namely, blank secure digital (SD) memory cards, RAM (random access memory) cards, secure digital (SD) memory cards, blank flash memory cards; encoded identification bracelets, magnetic; scales, namely, bathroom scales, glass graduated scales, letter scales, medical scales, baby scales, scales with body mass analysers; range finders for cameras; optical goods, namely, optical lenses, optical reflectors, optical scanners, optical sensors, optical spectacles, optical switches, blank optical discs, digital photo-optical systems, electrical and optical cables, optical amplifiers, optical character readers, optical character recognition apparatus, optical disc drives, optical disk readers, optical frames, optical glass; counterfeit [false] coin detectors; dictating machines; light-emitting diodes [led]; electronic notice boards; inverters [electricity]; pressure indicators; interfaces for computers, namely, computer interface boards, computer interface cards, interface cards for data processing equipment in the form of printed circuits, interface circuits for video cameras, network interface cards; calculating machines, namely, calculators, electronic calculators; protective helmets, namely, bicycle helmets, motorcycle helmets, hockey helmets, protective helmets for sports, ski helmets, welding helmets; anti-dazzle shades; electrical apparatus and instruments, namely, commutators for electrical switches; thermionic tubes; optical lenses; magnifying glasses [optics]; money counting and sorting machines; portable media players, namely, portable DVD player and portable MP5 players, CD players; mechanisms for coin-operated apparatus; microprocessors; computer monitors; headphones; blank sound recording carriers, namely, compact discs, audiotapes, audio cassettes, optical discs, USB memory sticks, CD's, DVD's and CD-ROM's and flash drives; prerecorded optical data media, namely, CDs, DVDs, CD ROMs, optical discs, featuring computer programs and electronic databases used to analyze and translate texts; optical data media, namely blank optical discs, blank compact discs, blank digital versatile discs, blank laser discs, blank digital video discs, blank CD-ROMs; socks, electrically heated; recorded

computer software, namely, operating system computer software, and computer security software for security monitoring; weighing machines; limiters [electricity]; spectacles [optics]; signalling panels, luminous or mechanical; electronic pocket translators; switches, electric; wafers [silicon slices]; graduated glassware; circuit breakers; converters, electric; food analysis apparatus, namely, optical inspection apparatus for inspection of food; diagnostic apparatus, not for medical purposes, namely, apparatus used for computer system analysis and optimization and for managing large scale data centers; diagnostic apparatus not for medical purposes, namely, in-line connectors, diagnostic sub-D connectors, and diagnostic meters for identifying network power, data errors, excessive bandwidth consumption and circuit problems; audiovisual teaching apparatus, namely, video projectors, overhead projectors, televisions; boiler control instruments; navigation apparatus for vehicles in the form of on-board computers; regulating apparatus, electric, namely, illumination regulators, induction voltage regulators, regulators for scuba diving, regulators for use in turbo engines in vehicles, regulators for use in VCRs, speed regulators for record players, stage lighting regulators, voltage regulators, voltage regulators for electric power, voltage regulators for vehicles; hemline markers; recorded computer operating programs; computer programs [downloadable software], namely, computer utility file compression programs, computer utility file storage programs, computer utility programs for providing diagnostic details on devices installed in a computer system, computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality, computer utility virus protection programs; central processing units [processors]; control panels for security systems; light dimmers [regulators], electric; relays, electric; integrated circuit cards [smart cards], namely, blank integrated circuit cards, integrated circuit identification cards, blank smart cards, identification smart cards, smart card readers; printed circuits; television apparatus, namely, television monitors; portable telephones; thermostats; water level indicators; data processing apparatus, namely routers, computers, printers, computer scanners; dosage dispensers; data processing equipment, namely bar code readers, card readers for credit cards, chip card readers, digital book readers, electronic book readers, electronic card readers, flash card readers, magnetic coded card readers, memory card readers, optical character readers, optical disk readers, smart card readers, USB card readers; heat regulating apparatus, namely, electric radiant heaters for household purposes, portable electric heaters, space heaters for household use and thermostats; USB flash drives; projection screens

Class 11

(4) Steam accumulators; heat accumulators; desiccating apparatus, namely, desiccating units for compost toilets, desiccating units for drying fruits, desiccating units for removing water from the air in dehumidification systems; air deodorising apparatus, namely, air deodorising preparations, electric dispensers for air fresheners and air deodorizers, air cleaning units, air filtering units for removing dust, smoke and allergens from the air, air purifiers for household purposes; ionization apparatus for the treatment of air or water; coffee roasters; refrigerating apparatus and machines, namely refrigerators and freezers; drying apparatus and installations, namely, hair dryers and clothes dryers; waffle irons, electric; electric fans for personal use; roasting spits; water heaters; air reheaters; hot water bottles; griddles [cooking appliances]; refrigerating containers, namely containers for ice, refrigerating cabinets, refrigerated shipping containers; pressure cooking saucepans, electric; air valves for steam heating installations; level controlling valves in tanks; thermostatic valves [parts of heating installations]; coffee machines, electric; chandeliers; bread baking machines; stoves; pasteurisers; bakers' ovens; kitchen ranges [ovens]; microwave ovens [cooking apparatus]; cookers, namely, pressure cookers, slow cookers and rice cookers; hot plates; apparatus for dehydrating foodstuff organic materials; cooling appliances and installations, namely air conditioners and fans, namely electric fans for household purposes, fans for air

Colour Claim

Colour is claimed as a feature of the trademark. The colours red, dark blue, light blue, green, gray and white are claimed as a feature of the trade-mark. The mark consists of the stylized dark red wording 'ARISTADA'. To the right is a design comprised of a gray diamond shape. One set of double bands of varying length and width runs horizontally to each of the diamond's four sides. Each double band set is a single colour - light blue, dark blue, dark red and green. The colours of the individual band sets are, clockwise starting from the top band set, light blue, dark blue, dark red, and green. All of the foregoing elements are separated by a white space, with the mark appearing on a white background

Goods
