Trademarks Journal

2020-01-29 — Vol. 67 No. 3405

Trademarks Journal

Vol. 67 No. 3405

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Services

Class 35

(1) Management of hotels, resorts, restaurants, and spas for others; Arranging and coordinating business meetings for others in banquet rooms; Customer loyalty services, namely, a rewards program featuring gift incentives for commercial, promotional, and advertising purposes for hotel, restaurant and spa services.

Class 39

(2) Coordinating travel arrangements for individuals and groups, namely, destinations stays, honeymoons, family vacations, and destination weddings; Arranging travel tours; Coordinating travel arrangements for individuals and for groups; Making travel and excursion arrangements for bands and orchestras; Organization of travel; Organization of excursions; Organization of sightseeing travel tours; Organization of holiday travel arrangements; Organization of travel tours; Organization of travel and boat trips; Providing a web site featuring travel information and commentary; Providing a website featuring information on travel; Providing links to web sites of others featuring travel; Travel and tour information service; Travel planning for individuals, families, and groups for special occasions such as destination weddings and honeymoons; Travel, excursion and cruise arrangement.

Class 43

(3) Reservations of hotel rooms for travelers; Making reservations and bookings for others in the nature of hotel accommodations, spa reservations, restaurant vouchers, and sightseeing tours sold together as a package.

Colour Claim

Colour is claimed as a feature of the mark. The word 'me' is in black (PANTONE 627)*, the upper outer arc as well as the lower inner arc above and below the word 'me' are in blue (PANTONE 640) * and the upper inner arc and lower outer arc above the word 'me' is in grey (PANTONE 634)*. *PANTONE is a registered trade mark.

Authorisation For Use

Consent from the ELECTRICAL SAFETY AUTHORITY is of record.

Goods

Class 09

scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), lifesaving and teaching apparatus, namely, electronic and electrical controls and instruments for switching, regulating, testing, warning and monitoring diagnostics in vehicles, internal combustion engines, power transmissions and sub-assemblies, dilatometer recorders and mileage recorders, speedometers, tachometers, cooling water regulators, thermometers, thermostats, air conditioning controls, glow plug monitors, oil and compressed air pressure gauges, hazard warning lights, fuel content indicators, transmission

selector indicators, tachographs and dipsticks, oil dipsticks, turn indicators; apparatus for recording, transmission or reproduction of sound or images, namely, radio broadcast receivers, loudspeakers, radio antennas, television receivers, radiotelephony sets for use in automobiles, telephone sets for use in automobiles, intercommunication systems for use in automobiles, namely, tape recorders, blank flash memory cards, memory card readers, cameras, cell phones, Personal Digital Assistants (PDAs), video recorders, radios, video players, televisions; recording discs, namely, blank CD's, DVD's, and digital optical disks; recording disks, namely, CD's, DVD's and digital optical discs providing instructional information on automobile navigation; magnetic data carriers, namely, credit cards, debit cards and key cards; cash registers; calculating machines, namely, calculators; data processing equipment, namely, Personal Digital Assistants (PDAs), portable media players, namely, MP3 players, MP4 players, portable DVD players; worldwide telephones and cell phones featuring figures, statistics, route planning information and factual information, all the foregoing in association with automobiles; computers; computer software that provides intelligent transportation options and information in the field of car rentals, transportation connections, vehicle parking, chauffeur services, taxi ordering and carpooling; computer software for use in enabling owners and users to connect remotely with their vehicle to access vehicle information and control functions; computer software that connects a driver via a vehicle's operating system to manage accidents, maintenance and breakdowns and to provide emergency calling and tele-diagnosis; computer software for use in providing vehicle location and recovery; computer software for use in providing online access to customer service and automated transportation booking services, enabling customers to find and contact a partner of their choice online; computer software that links a driver via a vehicle's operating system to service providers of car rentals, short term car rentals, car parking, chauffeur services, taxi services and public transport information and scheduling; downloadable software applications that provide intelligent transportation options and information in the field of car rentals, transportation connections, vehicle parking, chauffeur services, taxi ordering and carpooling; downloadable software applications, namely, software for use in enabling owners and users to connect remotely with their vehicle to access vehicle information and control functions; downloadable software applications that connect a driver via a vehicle's operating system to manage accidents, maintenance and breakdowns, and to provide emergency calling and tele-diagnosis; downloadable software applications, namely, software for use in providing vehicle location and recovery; downloadable software applications, namely, software for use in providing online access to customer service and automated transportation booking services, enabling customers to find and contact a partner of their choice online; downloadable software applications that link a driver via a vehicle's operating system to service providers of car rentals, short term car rentals, car parking, chauffeur services, taxi services and public transport information and scheduling; fire extinguishers

Services

Class 35

(1) advertising agency services; business management; business administration; office functions, namely, providing the management of office buildings and office space; appointment booking services

Class 36

(2) insurance services; financial affairs, namely, lease-purchase and hire-purchase financing services; real estate agency services; insurance brokerage services; financing of loans; lease purchase financing; vehicle warranty services

Class 37

(3) repair of motor vehicles; vehicle servicing and maintenance

Class 38

(4) provision of an online forum whereby customers can interact, learn about and follow the newest developments and business concepts in the field of automobile design and transportation solutions

Class 39

(5) transportation of motor land vehicles and goods by air, land and sea; packaging and storage of automobiles and their structural and replacement parts; car rental, short term car rental, car parking, chauffeur services, taxi services and public transport; vehicle location services; arranging vehicle recovery; provision of road and traffic information; roadside assistance services for vehicles; vehicle breakdown assistance services; vehicle recovery services

Class 42

(6) scientific and technological services, namely, research and design in the fields of the motor vehicle Page 4 of 5 industry and the environmental performance of vehicles and motorsports; industrial analysis and research services in the fields of motorsports, environmental performance of vehicles and the motor vehicle industry; design and development of computer hardware and software; software as a service, namely, providing nondownloadable software that provides intelligent transportation options and information in the field of car rentals, transportation connections, vehicle parking, chauffeur services, taxi ordering and carpooling; software as a service, namely, the provision of non-downloadable software enabling owners and users to connect remotely with their vehicle to access vehicle information and control functions; software as a service, namely, providing non-downloadable software that connects a driver via a vehicle's operating system to manage accidents, maintenance and breakdowns and to provide emergency calling and telediagnosis; software as a service, namely, the provision of non-downloadable software for use in providing vehicle location and recovery; software as a service, namely, the provision of non-downloadable software for use in providing online access to customer service and automated transportation booking services, enabling customers to find and contact a partner of their choice online; software as a service, namely, providing nondownloadable software that links a driver via a vehicle's operating system to service providers of car rentals, short term car rentals, car parking, chauffeur services, taxi services and public transport information and scheduling

Goods

Class 09

(1) Computers; Computer hardware, namely computer peripherals, namely computer keyboards, computer mice and computer monitors; Downloadable computer software for database management; Electronic book readers; Tablet computers; Computer operating programs, recorded; Computer operating recorded programs; Computer games; Downloadable ring tones for mobile phones; Downloadable music files; Downloadable computer graphics; Smartphones; 3D spectacles; Laptop computers; Computer keyboards; Integrated circuit cards, namely blank smart cards; Electronic card readers; Notebook computers; Cameras; Integrated circuits; Integrated circuit modules; Vacuum tubes for radios; Electric circuit switches; X-ray tubes not for medical purposes; Semiconductor devices, namely , semiconductor chips, semiconductor diodes, semiconductor transistors and semiconductor wafers; Automatic indicators of low pressure in vehicle tyres; Computer peripherals, namely, computer keyboards, computer mouse, computer printers, computer scanners, computer speakers, computer display screens and computer monitors; Cameras [photography]; Transistors [electronic]; Fluorescent screens; Television sets; Liquid crystal display televisions (LCD TV); Semi-conductors; Electric storage batteries; Electronic card readers; Computer software for use in database management; Computer mouse; Computer monitors; Liquid crystal display (LCD) monitors; Personal digital assistants (PDA); Plasma display panel (PDP); Television screens; Projection screens; Data processing apparatus, namely, card punching and sorting machines; Electric navigational instruments, namely, global position systems (GPS) consisting of computers, computer software, transmitters, receivers and network interface devices, global navigation satellite systems, satellite radios; Battery chargers for use with

telephones; Electric capacitors; Solar batteries; Inverters for power supply; Television set-top boxes; Computer hardware for telecommunications; Electronic notebooks; Electronic sounding devices with books in the nature of digital book readers; Digital photo frames; DVD players; Photovoltaic inverters; Portable media players, namely MP3 players and MP4 players; Mini notebook computers with wireless internet capability.

(2) Computer display screens; thin film transistor liquid crystal display (TFT LCD) panel/module; Organic lightemitting diode (OLED) display panel; Electronic books (handheld readers); Liquid crystal display backlights (electronic elements).

Class 10

(3) Dental apparatus, namely, bite trays, clips for securing pre-existing dentures, medical operating lamps, picks, prophy angles; Galvanic therapeutic appliances, namely, galvanic stimulators for pain management; Electrodes for medical use; Baby bottles, nursing bottles; Non-chemical contraceptives, namely, condoms, contraceptive diaphragms; Surgical implants made of artificial materials; Orthopaedic belts; Suture materials; Medical apparatus and instruments, namely, x-ray apparatus, cervical collars, medical braces for knees and ankles; Nursing appliances, namely, baby nursers and breast pumps; Physiotherapy apparatus, namely, manually-operated exercise equipment, namely weight-lifting machines, and parts and fittings therefor for physical therapy purposes; Hearing protectors, namely, ear plugs for noise reduction; Gloves for massage; Pacifiers for babies; Artificial limbs; Orthopaedic articles, namely, soles, seat cushions, support bandages, walkers, devices to stretch and exercise the toes and feet; medical lamps.

Class 11

(4) Lamps, namely, ceiling lamps, safety lamps for underground use, floor lamps, head lamps, sun lamps; Incandescent burners; Stage spotlights; infrared illuminators; Light bulbs; Discharge tubes, electric, for lighting; Lighting fixtures; electric discharge tubes for lighting and fluorescent lamp tubes; Planar cold cathode fluorescent lamps; Lighting fixtures for air vehicles; Lighting fixtures for aircraft; Daylight fluorescent lamp tubes; electric pocket torches for lighting; Ceiling lights; Laboratory lamps; Ultraviolet ray lamps, not for medical purposes; Safety lamps; Fairy lights for festive decoration; Miners' lamps; Luminous house numbers; Searchlights; Torches for lighting; Street lamps; Aquarium lights; Diving lights; Lights for vehicles; LED (light emitting diode) lamps; LED (light emitting diode) light bulbs; LED (light emitting diode) illuminating lamps; LED (light emitting diode) lighting fixtures; LED (light emitting diode) underwater lights for aquariums, led underwater lights for swimming pools, and LED landscape lights; OLED (light-emitting diode) underwater lights for aquariums, OLED underwater lights for swimming pools, and OLED landscape lights; OLED (organic light-emitting diode) light bulbs; OLED (organic light-emitting diode) illuminating lamps; OLED (organic light-emitting diode) lighting fixtures; OLED (organic light-emitting diode) lighting installations.

Services

Class 44

Hospitals; Health care services, namely, hospital services, nursing services; Rest homes; Food nutrition guidance; Beauty salons; Massage; Animal grooming; Gardening; Opticians' services; Rental of portable restrooms; Chiropractics; Medical clinic services; Medical assistance services, namely, emergency medical assistance, medical screening; Medical nursing; Pharmacy advice; Services of a psychologist; Telemedicine services; Pharmacists' services to make up prescriptions; Physical therapy; Dentistry; Aromatherapy services, namely, aromatherapy facial therapy, aromatherapy hand therapy, aromatherapy foot therapy, detoxification body treatments, aromatherapy massage therapy, aromatherapy inhalation therapy, and aromatherapy therapeutic

bath therapy; Operation of health care centres that provide holistic health services and in-person holistic health care services, namely mental health services, nutrition services, acupuncture, chiropractic, massage therapy, and addiction treatment; Health counseling, namely counseling in the fields of occupational therapy, mental health, addiction treatment, nutrition, and treatment of chronic pain and chronic illness; Orthodontic services; Medical equipment rental, namely, rental of physical therapy apparatus.

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours pink, red, orange, blue, green, yellow and black are claimed as a feature of the mark. The mark consists of two offset parallel, diagonal bars, to the left of the word 'Lumentum' in black. The bottom-left corner of the top bar is pink. The colour then fades from pink to red, then red to orange going towards the top-right corner of the top bar. The bottom-left corner of the bottom bar is blue. The colour then fades from blue to green, then green to yellow going towards the top-right corner of that bar. The colour white is merely for background and is not a feature of the mark.

Goods

Class 09

Optical communications and networking hardware, namely, devices for transmitting, receiving, transporting, monitoring, measuring, controlling, and conditioning optical signals across optical networks, namely, optical transmitters, optical receivers, namely receiver optical subassemblies (ROSAs), fiber optic receivers, photonic chip optical receivers and integrated circuit optical receivers, transponders, muxponders, optical switches, optical monitors for monitoring optical signals, namely optical sensors and optical signal sensors, optical adapters, optical connectors, optical splitters, optical couplers, optical meters, optical modulators, optical amplifiers, optical blades, optical circuit packs, transceivers, optical signal converters, optical receiver modules, namely receiver optical subassemblies (ROSAs), fiber optic receiver modules, photonic chip optical receiver modules and integrated circuit optical receiver modules, optical receiver modules with clock or data recovery circuits, namely receiver optical subassemblies (ROSAs) with clock or data recovery circuits, fiber optic receivers with clock or data recovery circuits, photonic chip optical receiver modules with clock or data recovery circuits and integrated circuit optical receiver modules with clock or data recovery circuits, photodetectors, photodiodes, dense wavelength division multiplex couplers, coarse wavelength division multiplex couplers, wideband couplers, add-drop multiplexers, fiber optic modems, optical gratings, multiple channel optical interface units for switching, adding, dropping and multiplexing light signals, optical wavelength management

modules for controlling multiple channel optical interface units for switching, adding, dropping or multiplexing light signals, access couplers, attenuators, emulators, filters, tunable filters, active couplers, optical interferometer components, optical isolators, optical circulators, waveguides, optical polarization components, optical modulators, optical wavelength lockers, erbium-doped fiber amplifiers, Raman amplification pump, pump lasers, fiber optic extenders, optical link enclosures, optical amplifiers modules, optical fiber amplifier components, optical switches, optical microelectronic mechanical switches, optical patch cords, jumper cables; optical components and modules for transmitting, receiving, transporting, monitoring, measuring, controlling, and conditioning optical signals across optical networks, namely, optical multiplexers, optical demultiplexers, optical wavelength division multiplexers, optical switches, optical wavelength selective switches, optical isolators, optical attenuators, optical circulators, optical splitters, optical polarizers, optical detectors, optical signal monitors, optical power monitors, optical channel monitors, optical gain equalizers, optical filters, tunable optical filters, optical dispersion compensators, optical signal converters, optical receiver modules, namely receiver optical subassemblies (ROSAs), fiber optic receiver modules, photonic chip optical receiver modules and integrated circuit optical receiver modules, optical receiver modules with clock or data recovery circuits, namely receiver optical subassemblies (ROSAs) with clock or data recovery circuits, fiber optic receivers with clock or data recovery circuits, photonic chip optical receiver modules with clock or data recovery circuits and integrated circuit optical receiver modules with clock or data recovery circuits, photodetectors, photodiodes, transceivers, transponders, multiplexers, dense wavelength division multiplex couplers, coarse wavelength division multiplex couplers, wideband couplers, add-drop multiplexers, fiber optic modems, optical gratings, multiple channel optical interface units for switching, adding, dropping and multiplexing light signals, wavelength management modules for controlling multiple channel optical interface units for switching, adding, dropping or multiplexing light signals, access couplers, attenuators, emulators, filters, tunable filters, active couplers, interferometers, isolators, circulators, waveguides for beam delivery, optical polarizers, optical modulators, wavelength lockers, erbium-doped fiber amplifiers, Raman amplification pump, pump lasers, fiber optic extenders, link enclosures, amplifiers modules, optical fiber amplifier components, optical switches, microelectronic mechanical switches, optical patch cords, jumper cables; optical transmitters, transceivers, transponders, fibre optic receivers and optical sensors; optical switches, wavelength selective switches, and reconfigurable optical add drop multiplexers; wavelength division multiplexers and demultiplexers; optical modulators, amplifiers, gain equalizers, adaptors, connectors, couplers, splitters, gratings, circulators, interleavers, attenuators, optical filters, optical isolators, monitors, and optical polarization components; optical waveguides for guiding light, namely, optical fibres for guiding light, optical chips for guiding light and photonic integrated circuits for guiding light; optical transport hardware, circuit packs, and blades; tunable optical filters and optical transmitters; photodiodes; integrated circuits with optical splitting, polarizing or modulating functions including components for fiber optic gyroscopes; lasers not for medical use, namely, diode lasers, direct diode lasers, edgeemitting lasers, vertical cavity surface emission lasers, gas lasers, fiber lasers, solid state lasers, direct modulated lasers, semiconductor lasers, laser transmitter modules, continuous wave lasers, directly modulated lasers, light emitting diodes, laser diodes, argon gas laser subsystems, helium-neon lasers, solid-state lasers; laser couplers; pump lasers for optical amplification; source lasers for generating an optical signal; ultrafast lasers for generating optical pulses having pulse widths in the range of femtoseconds to picoseconds; laser pulse shapers and pulse pickers; wavelength converters.

Services

Class 37

Installation, repair and maintenance of optical communication hardware, components, modules, and devices in the fields of optical communications, data communications, telecommunications, commercial lasers, industrial diode lasers, laser machining, laser micromachining and 3D sensing; repair and maintenance of non-medical laser components and equipment in the fields of optical communications, data communications, telecommunications, commercial lasers, industrial diode lasers, laser machining, laser micromachining and 3D sensing.

Goods

Class 09

(1) Electronic publications in the fields of recruitment services, staffing solutions and career planning; electronic publications in the fields of recruitment services, staffing solutions and career planning; downloadable publications in the fields of recruitment services, staffing solutions and career planning; downloadable publications and media namely books, magazines, reviews, newsletters, recruitment and workplace staffing reports, audio recordings, audio books, workplace information video recordings and interviews, editorials, audio recordings in the fields of recruitment services, staffing solutions and career planning; media carrying electronic publications namely books, magazines, reviews, newsletters, industry reports in the fields of recruitment services, staffing solutions and career planning; electronic databases in the fields of recruitment services, staffing solutions and career planning; recorded career data, information, audio, and video made available by downloading or by streaming from the Internet in the fields of recruitment services, staffing solutions and career planning; data management management software in the fields of recruitment services, staffing solutions and career planning; downloadable data management software applications in the fields of recruitment services, staffing solutions and career planning; software applications (downloadable) in the fields of recruitment services, staffing solutions and career planning; software applications for mobile phones, smart phones, desktop computers, laptops and tablet computers for use in connecting with databases and information in the fields of recruitment services, staffing solutions and career planning; software and application software for uploading, downloading, storage, posting, displaying and electronically transmitting information in the fields of recruitment services, staffing solutions and career planning; mouse mats; cases, covers and sleeves for electronic devices namely laptops and tablet computers, electronic books, CD and DVD players and MP3 players; encoded plastic cards, tickets and passes, namely electronic identification cards and gift cards; magnetic encoded tickets, cards and passes, namely, electronic identification cards, gift cards; magnetic strip cards, tickets and passes namely, electronic identification cards, gift cards; and digital awards in the fields of recruitment services, staffing solutions and career planning

Class 16

(2) Printed publications, printed forms and documents, all in the fields of recruitment services, staffing solutions and career planning; printed instructional, educational and teaching manuals in the fields of recruitment services, staffing solutions and career planning; printed industry reports in the field of recruitment services, staffing solutions and career planning; folders and binders for stationery purposes; writing stationery, paper stationery, staplers, drawing rulers, rubber erasers; books; magazines; leaflets; posters; diaries; printed event passes; printed licences and certificates in the fields of recruitment services, staffing solutions and career planning

Services**Class 35**

(1) Business management; business administration; advertising the services of others in the field of recruitment services, staffing solutions and career planning; marketing services for others, namely, posting job listings for others; marketing services for others, namely, direct marketing of the services of others in the field of recruitment services, staffing solutions and career planning; recruitment services; recruitment agency services; recruitment consultancy services; employment agency services; personnel recruitment and consultancy; provision of temporary or permanent staff; interviewing services for personnel recruitment; employee placement services; employment counselling; employment consultancy; career information and advisory services; career placement; career placement consulting services; consultancy and advisory services in the field of work permits, work visas and security clearance for employment; human resources management services; recruitment process and human resource outsourcing; management consultancy services in the fields of recruitment services, staffing solutions and career planning; consultancy, assistance and advisory services to management in commercial enterprises in the field of personnel resources management, development, redeployment and public relations; consultancy, assistance and advisory services to management in commercial enterprises in relation to human resources management, development, redeployment and public relations; providing employment information; information services in the field of jobs and career opportunities; testing to determine employment skills; providing business intermediary services and advisory services in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; updating and maintenance of data in computer databases in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; data analysis in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; compilation of information into computer databases in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; compilation of business data in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; data collection in the field of recruitment, aerospace, automotive and

marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; data processing namely the collection of data for business purposes in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; business project management in the field of recruitment, aerospace, automotive and marine engineering, construction engineering and infrastructure systems for buildings, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and information technology engineering; information, consultancy and advice in the fields of recruitment services, staffing solutions and career planning; Management and business meeting facilitation of aerospace, automotive, information technology, construction engineering, and marine engineering projects in the fields of infrastructure systems for building projects, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects; provision of assistance, information, consultancy and advisory services in the fields of recruitment services, staffing solutions and career planning; information and consultancy in the fields of recruitment services, staffing solutions and career planning.

Class 37

(2) Consultancy services in the field of installation, maintenance and repair of computer hardware and consultancy services in the field of installation, maintenance and repair of computer hardware for telecommunication and global communication network

Class 38

(3) Communication by telephone in the fields of recruitment services, staffing solutions and career planning; electronic mail services; electronic messaging services in the fields of recruitment services, staffing solutions and career planning; providing access to data in the fields of recruitment services, staffing solutions and career planning via a computer network; providing platforms for interaction among people in which they create, share, and/or exchange information and ideas in virtual communities and networks in the fields of recruitment services, staffing solutions and career planning; providing chat rooms, forums and electronic bulletin boards in the fields of recruitment services, staffing solutions and career planning; providing access to a global computer network, electronic mail and facsimile transmission services and reception of text, audio and video information in the fields of recruitment services, staffing solutions and career planning; providing access to computer databases in the fields of recruitment services, staffing solutions and career planning; secure electronic messaging including the identification and authentication of senders and recipients of messages and of the messages themselves in the fields of recruitment services, staffing solutions and career planning; providing forums for discussion via an electronic communications network in the fields of recruitment services, staffing solutions and career planning; blogs and chat room services in the fields of recruitment services, staffing solutions and career planning; providing access to a database on a computer network that can be accessed remotely for internet users to upload, download, store, post, display and electronically transmit databases, publications, documentation and information in the fields of recruitment services, staffing solutions and career planning

Class 41

(4) Educational services in the fields of recruitment services, staffing solutions and career planning; training in the fields of recruitment services, staffing solutions and career planning;

career counselling; career advisory services; information and advisory services in the fields of education and training in the fields of recruitment services, staffing solutions and career planning; training services in the field of all aspects of recruitment, employment and human resources; training in the field of employment opportunities; training in the field of developing and enhancing employment skills; training in the field of developing and enhancing business skills; organising and provision of seminars, workshops, courses, symposia, and exhibitions in the field of recruitment, employment and human resources; training, counselling, advice and consultancy services in the fields of recruitment, employment and human resources; electronic publishing and online publishing services in the fields of recruitment services, staffing solutions and career planning; providing electronic publications and downloadable media namely books, magazines, reviews, newsletters, reports, articles, podcasts, audio books, video clips, interviews, editorials, audio recordings in the field of recruitment, employment, human resources; and providing training in the field of recruitment, employment, human resources; providing news in the field of recruitment, employment, human resources and employment training; providing online information in the field of employment training; providing online information in the field of recruitment, employment, and human resources

Class 42

(5) Design and development of computer hardware, computer software computer hardware for telecommunications and global computer networks; computer programming; designing, developing, and maintaining computer software applications for others and consulting services related thereto; designing, compiling, installation, hosting, maintenance, updating and upgrading of websites and website portals for use by others; consultancy and advisory services in the field of computers, computer hardware, software and computer and computer hardware for telecommunications and global computer networks; installation and maintenance in the field of computer software; providing temporary online use of non-downloadable software in the fields of recruitment services, staffing solutions and career planning; hosting of digital content on the internet in the fields of recruitment services, staffing solutions and career planning; development of computer software application solutions in the fields of recruitment services, staffing solutions and career planning; cloud computing services in the fields of recruitment services, staffing solutions and career planning; certification teaching, education, instruction, examination assessment, and testing in the fields of recruitment services, staffing solutions and career planning; technical support services in the fields of computer hardware and software and computer hardware for telecommunications and global computer networks; engineering in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; engineering design in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; engineering consultancy in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; technical consultancy for engineering in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; engineering research and development services in the fields of renewable energy

development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; engineering services (other than for construction) in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; engineering project management services in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; engineering project studies in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; provision of engineering reports in the fields of renewable energy development, and energy development in the oil and gas sector, as well as nuclear power, aerospace, automotive and marine infrastructure, construction engineering, infrastructure engineering for building projects, railways, highways, and civil water works, and software technology; supervising, advising and consulting in the field of aerospace, automotive, information technology, construction engineering, and marine engineering projects in the fields of infrastructure systems for building projects, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and software technology; technical support services in the field of aerospace, automotive, information technology, construction engineering, and marine engineering projects in the fields of infrastructure systems for building projects, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and software technology; providing the services of project managers, engineers and consultants to assist with aerospace, automotive, information technology, construction engineering, and marine engineering projects in the fields of infrastructure systems for building projects, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and software technology; information in the field of aerospace, automotive, information technology, construction engineering, and marine engineering projects in the fields of infrastructure systems for building projects, railways, highways, and civil water works, energy engineering in the fields of renewable energy projects, oil and gas projects, nuclear power projects, and software technology; project management and consultancy services in the field of installation, maintenance and repair of computer software.

TRADEMARK DETAILS

Trademark Type

Design

Visual Representation

Goods

Class 01

(1) Reagents for use in molecular biology, biotechnology, microbiology, and bacteriology; reagents for nucleic acid amplification; reagents for use in forensic analysis; reagents for blood grouping; reagents for use in environmental testing and environmental analysis; deoxyribonucleic acid, single stranded and double stranded deoxyribonucleic acid; ribonucleic acid; peptide nucleic acids; locked nucleic acids; nucleic acids; oligonucleotides; oligosaccharides; endonucleases, polymerases, ligases, glycosylases; nucleotides, pyrimidines, purines; amino acids; saccharides; reagents for protein identification and analysis; isopropanol; ethanol; phenol

Class 05

(2) Reagents for medical and veterinary diagnosis and medical and veterinary research; reagents for laboratory tests for medical or veterinary purposes; nucleic acid amplification reagents for veterinary, medical, medical research or forensic use; reagents for testing for susceptibility to allergies

Class 09

(3) Computer software for performing, recording and controlling the analysis of scientific data obtained by sequencing DNA, RNA and other polynucleic acids as part of scientific and laboratory experiments and tests in the fields of genomics, protein analysis, molecular analysis, life sciences, healthcare, national security and military defence; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; downloadable software applications for computers, mobile phones and tablet computers for use in analysing, transmitting and receiving DNA, RNA and other polynucleic acids sequencing data via a global communications network; downloadable computer operating systems software for scientific apparatus in the nature of electronic acid sequencers for sequencing DNA, RNA and other polynucleic acids; downloadable computer operating systems software for medical and veterinary apparatus, computers, mobile phones, tablet computers; computer operating software; computer operating system software; sensors used in electronic scientific equipment for detecting, manipulating and analysing biological, bacteriological, chemical and biochemical matter, DNA, RNA, proteins, polynucleic acids and small molecules; microarray chips for scientific or research use; apparatus and instruments for biological, bacteriological, chemical, biochemical, DNA, RNA, protein, polynucleic acid and molecular analysis, namely, automated instruments for detecting the presence, properties and identity of analytes, comprising cartridges, microarrays, silicon chip based arrays, ASICs (application specific integrated circuits), and networked computer hardware and software for performing and controlling the analysis, and for processing, displaying and storing the information obtained from the analysis for scientific or research purposes; biological and solid state sequencing systems for use in DNA, RNA, protein and polynucleic acid sequencing and strand sequencing, and analysis of polynucleic acid sequences, comprising cartridges, silicon chip based arrays, ASICs (application specific integrated circuits), and networked computer hardware and software for controlling the sequencing experiments and experimental conditions, and for processing, displaying and storing information on sequencing; apparatus and instruments for the analysis of nucleic and polynucleic acids, namely, microarrays, and silicon chip based arrays for scientific or research purposes; apparatus and instruments for the analysis of proteins, namely, microarrays, and silicon chip based arrays for scientific or research purposes; apparatus and instruments for analysis of genetic information, genomic information and proteomic information, namely, automated instruments for detecting the presence, properties and identity of analytes, comprising cartridges, microarrays, silicon chip based arrays, ASICS (application specific integrated circuits), and networked computer hardware and software for performing and controlling the analysis, and for processing, displaying and storing the information obtained from the analysis; computer hardware for the analysis and recordal of scientific data; instruments and apparatus for the display of information obtained from scientific equipment namely, visual display screens; silicon chips; DNA chips for scientific and research use; analyte detector chips for scientific and research use; biosensor chips for scientific and research use; apparatus and instruments for use in laboratory analysis, namely, empty cartridges for test samples, namely, cartridges for use with concentrates and solutions in solid or liquid form samples for scientific or research testing.

Class 10

(4) Medical and veterinary apparatus and instruments, namely, automated electronic devices for sequencing DNA, RNA, and other small molecules for the purposes of analysing test samples

comprising biological, chemical, biochemical, DNA, RNA, proteins and other small molecules for medical and veterinary purposes; medical and veterinary testing apparatus, namely, apparatus for detecting and diagnosing pathogenic, infectious, psychiatric, oncogenic, metabolic, genetic, respiratory, genitourinary, digestive, inflammatory, autoimmune, reproductive, hepatic, central nervous system, degenerative and cardiovascular diseases or conditions; medical apparatus and instruments, namely, empty cartridges for test samples, namely, cartridges for use with concentrates and solutions in solid and liquid form samples for medical or veterinary testing purposes; reaction units containing chemical reagents, for medical testing purposes.

Services

Class 35

(1) Market analysis and studies; provision of business information reports; business information services, analysis and evaluation of business information in the fields of genomics, protein analysis, molecular analysis, medical sciences, healthcare, national security and military defence; retail services in the field of software; retail services in the field of computer operating software; retail services in the field of data analysis products in the nature of electronic polynucleic acid sequencers for sequencing DNA, RNA and other polynucleic acids; retail services in the field of analysing DNA, RNA and other polynucleic acids; retail services in the field of electronic sensing and measuring equipment, apparatus and instruments for the analysis and sequencing of DNA, RNA and other polynucleic acids for scientific research and testing purposes; retail services in the field of electronic sensing and measuring equipment, apparatus and instruments for the analysis and sequencing of DNA, RNA and other polynucleic acids for medical and veterinary research, testing and diagnostic purposes; retail services in the field of surgical, medical and veterinary equipment, apparatus and instruments; retail services in the field of reagents, buffer solutions, solvents, surfactants, and oils for scientific, medical or veterinary purposes; retail services in the field of chemical reagents for scientific research and laboratory use, buffer solutions for scientific research and laboratory use and lytic enzymes, namely lysozyme, lyticase and cellulose for scientific research and laboratory use; retail services in the field of chemical reagents for use in medical and veterinary diagnostic tests, buffer solutions for use in medical and veterinary diagnostic tests and lytic enzymes, namely lysozyme, lyticase and cellulose for use in medical and veterinary diagnostic tests; retail services in the field of deoxyribonucleic acid, single stranded and double stranded deoxyribonucleic acid, ribonucleic acid, peptide nucleic acids, locked nucleic acids, nucleic acids, oligonucleotides, oligosaccharides, proteins and peptides.

Class 42

(2) Scientific and technological services and research and design relating thereto, namely, consultation, research and design services in the field of automated systems and instruments for direct electrical detection and analysis of molecules for use in the field of genomics, protein analysis, molecular analysis, medical sciences, healthcare, security and defence; industrial analysis and research services in the fields of genomics, protein analysis, molecular analysis, medical sciences, healthcare, security and defence; scientific research in the fields of biology, chemistry, biochemistry, bacteriology, medicine and veterinary science; biological, chemical, biochemical, bacteriological, DNA, RNA, protein, polynucleic acid and molecular analysis services, namely, biological, chemical, biochemical, bacteriological, DNA, RNA, protein, polynucleic acid and molecular analysis for scientific or research purposes; scientific and technological services namely, synthesising chemical compounds, small molecules, genomes, DNA, RNA, oligosaccharides, proteins and peptides for scientific purposes and medical research purposes; scientific research in the field of nanopore technology for medical or veterinary purposes; genome, DNA, RNA and nucleic acid, oligosaccharide, protein and peptide synthesising services; DNA and

RNA and polynucleic acid sequencing services; protein sequencing services; design and development of instruments and apparatus for biological, chemical, biochemical, DNA, RNA, protein and molecular analysis; DNA and polynucleic acid testing services; genome sequencing services; Analysis and evaluation of data not for medical treatment or diagnostic purposes, namely, scientific and medical data obtained from sequencing DNA, RNA and other polynucleic acids; Scientific and technological services, namely, biological, bacteriological, chemical, biochemical, DNA, RNA, protein, polynucleic acid and molecular analysis and evaluation services; DNA and RNA and polynucleic acid and protein sequencing, analysis and evaluation services; genome sequencing services and the analysis and evaluation of data resulting therefrom; provision of reports in the field of scientific and medical experiments, the results of scientific and medical experiments and tests, the analysis and evaluation of scientific and medical data, namely, information obtained from the sequencing of DNA, RNA and other polynucleic acids, none being for medical treatment or diagnostic purposes; research services in the fields of chemistry, biology, biotechnology, genomics, pharmaceutical development, medical research and nanotechnology; electronic storage of scientific and medical data in the nature of information obtained from the sequencing of DNA, RNA and other polynucleic acids; application service provider (ASP) services featuring computer software applications installed or downloaded onto data processing apparatus, scientific apparatus, medical and veterinary apparatus, computers, mobile phones, tablet computers and handheld mobile digital electronic devices for use in the analysis of scientific and medical data in the nature of information obtained from the sequencing of DNA, RNA and other polynucleic acids.

Visual Representation

The image shows the Chinese characters '飞鹤' (Fei He) in a bold, stylized font. The character '飞' (fly) is on the left, and '鹤' (crane) is on the right. The characters are rendered in a black, blocky style with some internal white space, giving them a modern, graphic appearance.

Foreign Character Translation

As provided by the applicant, the translation of the Chinese characters FEI HE is FLYING CRANE.

Foreign Character Transliteration

As provided by the applicant, the transliteration of the Chinese characters is FEI HE.

Erratum

The following issues of the Trademarks Journal contained errors which could not be corrected before publication.

2020-01-15**Application Number 1,869,213**

The trademark was incorrectly advertised in the Trademarks Journal dated January 15, 2020 Vol. 67 Issue 3403. The visual representation of the trademark should have been advertised in colour.
