1 The Indigenous Intellectual Property Program

Innovation, Science and Economic Development Canada's (ISED) Indigenous Intellectual Property Program (IIPP) includes grants aimed at making the intellectual property (IP) system more inclusive of Indigenous peoples in Canada. The IIPP is part of the broader [Intellectual Property Strategy](#) under the Government of Canada's [Innovation and Skills Plan](#) and builds on commitments to reconciliation, a recognition of Indigenous rights and implementation of the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP). The IIPP grants seek to provide an opportunity for eligible Indigenous organizations to seek funding for travel, small-scale initiatives and projects related to IP, Indigenous knowledge¹ (IK) and Indigenous cultural expressions² (ICEs).

The Marketplace Framework Policy Branch at ISED (the 'Granting Authority') is responsible for administering all aspects of the IIPP grant application process.

2 Objectives

The objective of the IIPP grant is to promote a more inclusive IP system for Indigenous people, starting with initiatives focused on education, awareness raising and capacity-building. It also seeks to provide opportunities for Indigenous people to advocate their interests through engagement activities, increased participation in domestic and international discussions on IP and IK and ICEs, and exploring ways to make the IP system more accessible to Indigenous people.

3 Guiding Principles

The Granting Authority will be guided by the following principles when implementing the IIPP grant application process:

- Respect Indigenous worldviews, and the rights of Indigenous Peoples, as articulated in UNDRIP (2007);
- Support and uphold the principles of reconciliation, articulated through the report of the Truth and Reconciliation Commission of Canada (2015);

¹ The term "Indigenous knowledge," also known as "traditional knowledge," generally refers to the know-how, skills, innovations and practices developed by Indigenous peoples related to biodiversity, agriculture, health and craftsmanship.

² The term "Indigenous cultural expressions," also known as "traditional cultural expressions," generally refers to tangible and intangible forms in which IK and culture are expressed. They may include oral stories, artwork, handicrafts, dances, fabric, songs or ceremonies.

- Support activities that:
 - Respect and encourage First Nations, Inuit and Métis self-determination;
 - Increase use of the IP system by Indigenous Peoples in Canada;
 - Recognize Indigenous creative and innovative practices and communities; and
 - Enable Indigenous economic, social, and cultural development.
- Recognize the distinct and unique place of First Nations, Inuit and Métis peoples in Canada as holders, creators, interpreters, translators and transmitters of IK and ICEs;
- Recognize the unique contributions of First Nations, Inuit and Métis peoples in Canada to Canada's economy and culture;
- Recognize the distinctiveness of the many unique and self-defining First Nations, Inuit and Métis peoples in Canada, as well as the important roles and responsibilities of key individuals such as knowledge holders, Elders, women, leaders, and cultural advisors;
- Support Canada's commitment to inclusion and diversity by applying a Gender-Based Analysis Plus lens to the implementation of the IIPP whenever possible, including, but not limited to, considerations of gender expression or gender identity, sexual orientation, age and mental and physical disability.

4 Grant Funding

There is a total of \$125,000 in non-repayable grants available for the fiscal year 2021-2022³ ('Funding Period').

Indigenous organizations eligible for funding (see Section 5.1) can apply for grants to fund Eligible Activities listed under Section 5.3.

Funding can only be used to support expenses incurred prior to the end of the Funding Period on March 31, 2022.

5 Eligibility

5.1 Who Can Apply

Eligible organizations are Indigenous organizations that are able to successfully complete the proposed eligible activities and contribute to achieving the objectives of the IP Strategy.

Indigenous organizations in Canada eligible for funding if they are a part of the following Indigenous (i.e., First Nations, Métis, or Inuit) Class of Recipients:

- Recognized representative Indigenous bodies at the national level;
- Indian Bands/Inuit Settlements;

³ Fiscal year starts April 1, 2021 and ends March 31, 2022.

- District Councils/Chiefs Councils;
- Indigenous Associations/Organizations;
- Tribal Councils;
- Other Indigenous Communities;
- Indigenous Economic Institutions/Organizations/Corporations;
- Beneficiaries of comprehensive land claims and/or self-government agreements with any group of Indigenous people;
- Indigenous Cultural Education Centres;
- Indigenous Co-operatives; or,
- Boards and Commissions.

The applicant's signing authority must be 18 years of age or older and capable of entering into legally binding agreements.

5.2 Funding Streams

There are three funding streams under the IIPP grant:

5.2.1 Travel Stream

This stream makes funds available for travel⁴ to events, meetings, discussions and negotiations in Canada and abroad related to IP and IK and ICEs, not directly associated with a Small-Scale Initiative or a Project – not exceeding \$5,000 for a single trip or \$15,000 for multiple trips^{5,6}.

5.2.2 Small-Scale Initiative Stream

This stream makes funds available for IP-related activities, limited in scale and scope, duration and resources required – not exceeding \$15,000.

⁴ Note: While Applicants may request funding for more than one traveller to the same event or meeting, the Granting Authority reserves the right to approve funds for only one traveller per trip per Applicant, in the event travel applications are received from multiple organizations. If any funds remain, the Granting Authority may allow funding for additional travellers for the same event.

⁵ Note: Upper funding limits apply for each Applicant, not each traveller. If funds are requested for multiple travellers, the total may not exceed the funding limits listed.

⁶ Note: Due to the COVID pandemic, the World Intellectual Property Organization Intergovernmental Committee on Intellectual Property and Genetic Resources, Traditional Knowledge and Folklore (IGC) has not met since June 2019 and it is not known when the IGC will resume in-person meetings. Any proposals relating to participation in the IGC should take this into account and include contingencies for how that money could be spent, such as on related research and consultations, should in-person meetings not resume during the Funding Period.

5.2.3 Project Stream

This stream makes funds available for IP-related projects that are more complex or comprehensive than Small-Scale Initiatives, requiring more resources and a longer duration and can include a combination of activities as listed below – not exceeding \$50,000.

5.3 Eligible Activities

Activities must relate to IP and IK and ICEs according to the three streams:

5.3.1 Travel

Eligible Activities for the **Travel** stream include:

- Participation in international discussions relating to IP and IK and ICEs, such as at the World Intellectual Property Organization (WIPO);
- Participation in domestic or international meetings, workshops, conferences, seminars, training and trade shows and other similar events related to IP and IK and ICEs; and
- Research and preparation to support participation.

5.3.2 Small-Scale Initiatives

Eligible Activities under the **Small-Scale Initiatives** stream may include:

- IP education, capacity building and awareness raising activities;
- Research, development, commercialization and/or protection of IP;
- Contracting or conducting research on subjects related to IP and the protection of IK and ICEs;
- Obtaining expert advice on issues related to IP, IK and ICEs;
- Development of guidelines, protocols, pilot projects or similar undertakings relating to IP and IK and ICEs; and
- Travel required to and associated with undertaking the small-scale initiative⁷.

EXAMPLES OF ELIGIBLE ACTIVITIES – SMALL-SCALE INITIATIVES

Here are a few examples of eligible proposals:

- The development of community protocols and guidelines on the appropriate use and requirements for use of IK and ICEs.
- A research project on options to protect a community-produced handicraft.
- Working with a consultant to develop a strategy for seeking IP protection for a product based on IK.
- The production of educational videos about a community's certification mark.

⁷ If travel expenses are included as part of the Small-Scale Initiative, the applicant should not submit a separate application for the Travel stream.

5.3.3 Projects

Eligible Activities under the **Projects** stream may include:

- IP education, capacity building and awareness raising activities;
- Research, development, commercialization and/or protection of Indigenous IP;
- Contracting or conducting research on subjects related to IP and the protection of IK and ICEs;
- Obtaining expert advice on issues related to IP, IK and ICEs;
- Hosting or co-hosting workshops, conferences, seminars, meetings, or other similar events aimed at the development of policy positions on IP and IK and ICEs;
- Development of guidelines, protocols, pilot projects or similar undertakings relating to IP and IK and ICEs; and
- Travel⁸ required to and associated with undertaking the project.

EXAMPLES OF ELIGIBLE ACTIVITIES – PROJECTS

Here are a few examples of eligible proposals:

- A pilot project to create and register a certification mark, including the development of an associated business plan and promotional strategy, travel to promote the mark, and engagement with eligible artists / producers.
- Hosting a 1-day workshop with Indigenous communities and businesses to discuss IP and the protection of IK and ICEs, including research and planning the agenda and content, hospitality costs, travel costs, printing costs, and compensation for a Facilitator, Elders, etc.
- Conducting research on options with an external advisor to protect a type of cultural expression (arts, crafts, fabric and/or clothing designs, etc.) under the IP system, develop a commercialization plan for Canada and abroad, and participate in tradeshow to promote the products and brand.

5.4 Acknowledgement of use of IK or ICEs (if applicable)

If a proposed activity involves the actual use of IK or ICEs, the Recipient must ensure that any applicable community protocols and customs are being observed. Recipients are responsible for obtaining any necessary permissions to use IK or ICEs and to include acknowledgements of the source(s).

5.5 Eligible Expenditures

Eligible Expenditures are those incurred by a Recipient and which, in the opinion of the Granting Authority, are reasonable and required to carry out the Eligible Activities to which they relate. Only costs that are deemed necessary in achieving the objectives for which the funding was granted will be eligible.

⁸ If travel expenses are included as part of the Project, the organization should not submit a separate application for the Travel stream.

5.5.1 Travel

Eligible Expenditures for Travel may include:

- Travel and other related expenses, such as airfare, car rental, gas, taxis, parking, accommodations, meals, and incidentals in accordance with Government of Canada travel guidelines as set out in the [National Joint Council Travel Directive](#);
- Reasonable time required for research and preparation to support participation; and
- Fees for participation.

On their applications, organizations should select the most economical options for airfare⁹, and accommodations to ensure best value for money.

5.5.2 Small-scale Initiatives and Projects

Eligible Expenditures for Small-scale initiatives and Projects may include:

- Purchases of or subscriptions to educational resources or training;
- Costs for hosting events regarding IP and IK and ICEs, whether virtual or in-person, including costs for logistics, technical requirements, and hospitality costs;
- Payments to suppliers of goods and services such as printers, translators, graphic designers and proof readers;
- Fees for consultants or contractors, such as lawyers, researchers, policy advisors and facilitators, to support activities such as protecting and enforcing IP rights, develop an IP strategy, draft policy papers, create guidelines or protocols, support event planning, etc.;
- Costs of purchasing materials directly related to the proposed activity(ies);
- Honoraria paid to Indigenous peoples, such as knowledge holders, Elders, or cultural professionals, for their participation in events, training, meetings and discussions;
- One-time training or workshop costs other than an ongoing program of study;
- Conference, symposium or webinar fees;
- Costs for research, development and commercialization of IP relating to a product or service, including products or services based on IK or ICEs; and/or
- Travel and other related expenses, such as airfare, car rental, gas, taxis, parking, accommodations, meals and incidentals, in accordance with Government of Canada travel guidelines as set out in of the [National Joint Council Travel Directive](#), if directly related to the initiative or project.

Organizations should select the most economical options for transportation fares⁹, and accommodations to ensure best value for money.

⁹ i.e. economy class or equivalent.

5.6 Ineligible Expenditures

Ineligible Expenditures include:

- Land or building acquisition, construction, leasing or renovation costs;
- Financing charges and loan interest payments;
- Property taxes;
- Any goods and services costs which are received through donations or in kind;
- Lobbyist fees;
- Goods or services provided by someone under 18 years of age;
- Activities that are illegal according to the Criminal Code of Canada;
- Activities carried out to satisfy course requirements of an educational institution or to support the delivery of an educational program or course;
- Activities funded by another Government source (Federal, provincial, territorial, or municipal);
- Fundraising activities;
- Capital expenditures, unless explicitly identified elsewhere as eligible;
- Contests and competitions (including prizes and awards);
- Contributions to endowment funds;
- Any other expenses not related to achieving the objectives of the IP Strategy and the IIPP Grant.

5.7 Entitlement Criteria

Continued eligibility for funding will be conditional upon the completion of any requirements, such as the submission of

any required reports, for previous IIPP grants received, and/or previous or current grants or contributions received from ISED within the last 5 years.

6 The Application Process

The IIPP Grant Application Process is outlined in Figure 1. IIPP Grant Application Process, below. Application packages should be submitted electronically to be considered for assessment.

Organizations must submit a completed Application Form which includes a description of Eligible Activities planned and estimated costs; objectives of the travel, initiative, or project and how they will contribute to the objectives of the IP Strategy and ISED's mandate; and benefits or outcomes anticipated for the organization and other groups outside the organization (e.g., the wider community or a business sector). The Granting Authority may request clarification on applications, as required.

Submit your application to indigenous-ip@canada.ca.

The application must be received no later than 11:59 pm (Pacific Time) on September 8, 2021, to be considered.

Please contact the IIPP Granting Authority at indigenous-ip@canada.ca for further information or if you need assistance or accommodations to submit your application.

6.1 Selection Process and Criteria

Applications will be assessed in stages by a 3-member Evaluation Panel comprised of an Indigenous representative(s) and individuals with demonstrated Indigenous cultural competencies and/or extensive experience working with Indigenous peoples on relevant issues. These panelists will be public servants and possibly external Indigenous representatives if no qualified public servants are available. Funding decisions will be based on the Evaluation Panel recommendations and an assessment of representative diversity and available funding by the Granting Authority (see Figure 2. Summary of the IIPP Application Assessment Process for further details). The Granting Authority will incorporate Indigenous views and perspectives into the selection process, as appropriate.

Applicants and applications must first meet mandatory criteria to ensure eligibility. This includes the eligibility of the applicant organization, Activity(ies) and Expenditure(s), and the amount of funding requested, which must not exceed the maximum amount for each stream, as indicated under Section 5.25.2.

Applications that meet the mandatory criteria will then be assessed on merit, feasibility, and potential to generate benefits for Indigenous people in Canada and inform policy discussions on the intersection between IP, IK and ICEs. This includes:

- clearly identified needs for awareness raising and capacity in relation to IP, IK and ICEs;
- the degree to which the proposed Travel/Small-Scale Initiative/Project will contribute to awareness and capacity building needs;
- the degree to which the proposed Travel/Small-Scale Initiative/Project contributes to the objectives of the IP Strategy, particularly to increase Indigenous participation in national and international discussions about IP and how it interacts with IK and ICEs; and
- the applicant's ability to effectively deliver proposed outcomes.

Figure 1. IIPP Grant Application Process

The Evaluation Panel will assess the above using point-rated assessment criteria, outlined in sections 6.1.1 and 6.1.2. Each point-rated assessment criteria is worth 10 points. Each panelist will award points according to the following scale:

POINT-RATED ASSESSMENT CRITERIA SCALE

- 0 points: Does not meet criteria
- 1-4 points: Partially meets criteria
- 5-7 points: Meets criteria
- 8-10 points: Exceeds criteria

With a combined total score of 100, there is a minimum threshold assigned to each category, which must be met to for an application to be recommended for funding. Any discrepancies between evaluators on whether an applicant meets any thresholds may require a discussion to develop consensus on the panel’s recommendation.

The total scores from each evaluator will be averaged to calculate the overall score. The overall score is used to establish a ranking of applications. This ranking order forms the basis of granting decisions by the Granting Authority. The ranking order indicates if the application is “qualified”. Due to budget limitations, not all “qualified” applications may receive full funding. Where there are multiple qualified applications, the Granting Authority will also consider whether the application reflects the guiding principles outlined in section 3 and whether the applicant represents and/or seeks to include a diversity of Indigenous peoples, including based on gender, geographic distribution, and age. Whether the applicant has previously received funding under the IIPP and is in good standing will also be a consideration.

IIPP Grant Assessment Process

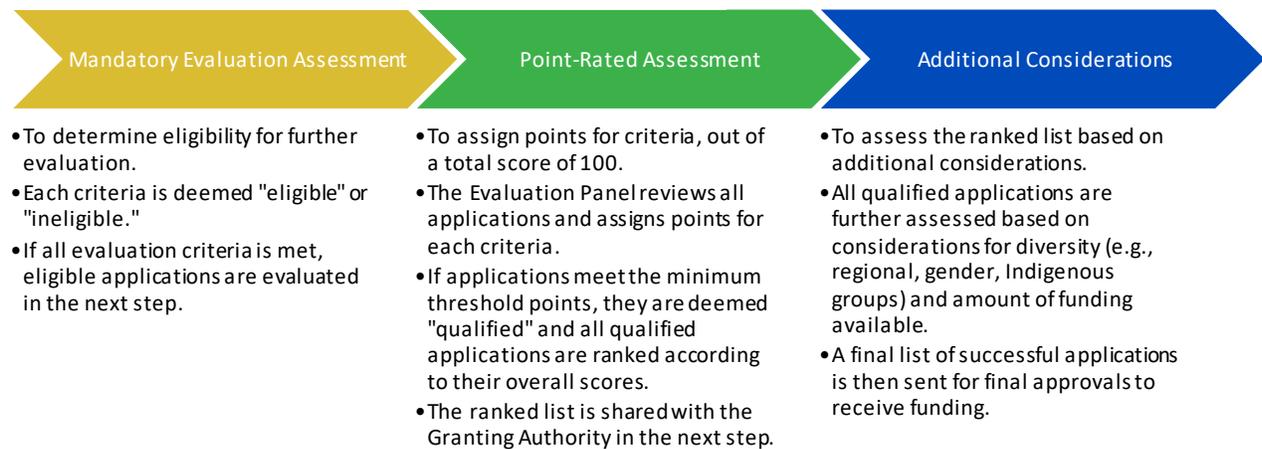

Figure 2. Summary of the IIPP Application Assessment Process

The Evaluation Panel will assign points using the following criteria:

6.1.1 Travel

Impact 50% of Total Score (minimum threshold score of 25 out of 50 required)

The potential of the travel to participate in events, meetings, discussions and negotiations to have the following results:

- build connections, including with Indigenous counterparts;
- exchange knowledge and experiences;
- contribute to awareness, capacity building, and policy development on IP and IK and ICEs in Canada or abroad;
- generate future opportunities related to IP and IK and ICEs; and
- advances the objectives of the IIPP and IP Strategy, notably, participation in domestic and international discussions about IP, IK and ICEs.

Need 20% of Total Score (minimum threshold score of 10 out of 20 required)

- The event will contribute to the Applicant's awareness raising and capacity building in the area of IP and IK and ICEs; and
- The Applicant demonstrates a need for funding to complete the proposed travel.

Ability to Deliver/Feasibility 30% of Total Score (minimum threshold score of 15 out of 30 required)

- The traveller has the capacity and experience to undertake the activity, including support from their partners or host organizations;
- The budget is reasonable, in accordance with the [National Joint Council Travel Directive](#); and
- The budget clearly identifies the travel-related expenses and their associated dollar value to be funded.

6.1.2 Small-Scale Initiatives and Projects

Impact 50% of Total Score (minimum threshold score of 25 out of 50 required)

The Small-Scale Initiative or Project:

- aligns with the objectives of the IIPP and IP Strategy, including awareness raising and capacity building;
- results in some concrete outcome, such as a report, policy, or product or service;
- has social, cultural and/or economic benefits for the applicant organization;
- relates to IP and IK and ICEs; and
- contributes to a greater understanding of the applicant's use of IP and the IP system.

Need 20% of Total Score (minimum threshold score of 20 out of 40 required)

- The event will contribute to the applicant's awareness raising and capacity building in the area of IP and IK and ICEs; and
- The applicant demonstrates a need for funding to complete the proposed Small-scale Initiative or Project.

Ability to Deliver/Feasibility 30% of Total Score (minimum threshold score of 15 out of 30 required)

- The applicant or others engaged by the applicant have the qualifications, capacity, experience, technological and financial capabilities necessary to undertake the Small-Scale Initiative or Project;
- The proposed approach to the Small-Scale Initiative or Project includes achievable outcomes and timelines; and
- The budget provides details regarding expenses that are clearly linked to and necessary to undertake the proposed Small-Scale Initiative or Project.

7 Funding Agreement

Upon notification of a successful application, a Funding Agreement will be signed by successful applicant to receive funding ('Recipient') and ISED. The Funding Agreement will set out the terms and conditions of the grant funding that must be met prior to and following disbursement of the grant.

Recipients must have completed the requirements related to any previously awarded grants prior to signing any new Funding Agreement with ISED and receiving any new funding.

8 Payment

ISED will disburse 100% of the grant following the signing of a Funding Agreement and after the Recipient meets all the requirements, notably to submit administrative forms required for payment.

Payments to Recipients will be made through direct deposit.

9 Reporting requirements

Upon completion of the Travel, Small-Scale Initiative or Project for which funding has been awarded, Recipients will be required to submit a report using a template to be provided by the Granting Authority, including actual expenditures, benefits and/or outcomes achieved. The report must be submitted by June 29, 2022 (i.e., 90 days after March 31, 2021, the end of the Funding Period).

10 Service Standards

10.1 Acknowledgement

ISED will acknowledge receipt of applications, required documentation, and reports within 10 business days of receipt.

10.2 Processing

ISED will review the application and provide a response to the applicant within 30 calendar days after the submission deadline.

10.3 Payment

ISED will issue payments within 60 calendar days after the successful fulfillment of requirements as outlined in the funding agreement (see Section 7 Funding Agreement and Section 8 Payment).

Please note that the achievement of these service standards is a shared responsibility and is dependent upon the timely submission of all required documentation to ISED officials in accordance with the signed funding agreement.

11 Other Sources of Government Funding

Funding under the IIPP must respect the Canadian government's policy on total Canadian government funding and stacking limits. Applicants and Recipients under the IIPP grant will therefore be required to disclose any additional government financial assistance (federal, provincial, territorial or municipal) they have requested or received towards their Eligible Activities. Total assistance cannot exceed 100% of total costs.

12 Official languages Requirements

In order to protect and promote the full recognition and use of both of Canada's official languages in assessing grant applications, the Evaluation Panel will evaluate applications in either French or English. Recipients will provide required documentation and reports in either French or English. Recipients may fund Eligible Activities in either official language *and* any Indigenous languages, if desired.

13 Access to Information and Privacy Requests

ISED may be required to disclose information the applicant submits in its application in accordance with the Federal [Access to Information Act](#) and the [Privacy Act](#).

14 Disclosure of Information

By submitting a funding application, applicants and Recipients authorize the Granting Authority to disclose information submitted for program administration, evaluation and development, program and departmental statistics, and for purposes in accordance with the [Privacy Act](#).

15 Public Acknowledgement

Recipients shall acknowledge the funding of the Government of Canada in all communications materials.

16 Intellectual Property

In the event that intellectual property is created by the Recipient, the intellectual property will remain the property of the Recipient.

17 Audits, Program Evaluation, and Performance Tracking

Recipients may be required to respond to requests from the Granting Authority to participate in surveys for up to 5 years after completion of the Travel, Small-Scale Initiative, or Project for the purposes of performance tracking, audits, and program evaluation.

18 Contact us

Please contact the IIPP Granting Authority at indigenous-ip@canada.ca for further information or if you need assistance at any stage of the application process, including submitting a grant application, grant acceptance, reporting requirements or if you require accommodations.
