

*The Corporation of the Municipality of Killarney  
32 Commissioner Street  
Killarney, Ontario  
P0M 2A0*

MOVED BY: Pierre Paquette

SECONDED BY: Nancy Wirtz

**RESOLUTION NO. 18-243**

**BE IT RESOLVED THAT** the Municipality of Killarney supports the efforts of the Government of Canada whereby all Canadians will benefit from improved quality, coverage and price of telecommunication services. The need for broadband and high-speed internet services is needed for all Northern Ontario residents, including small municipalities as it will ensure our full participation in the digital economy.

**THEREFORE** the Council for the Municipality of Killarney requests the Government of Canada improve the overall approach and planning activities related to mobile services, satellite services and wireless backhaul services over the next four years. As an underserved rural community (*being 120 km away from a major centre*), the lack of high-speed Internet access is preventing residents from taking advantage of the many opportunities afforded by the digital era. By improving telecommunication services in our area, it will allow residents, businesses, institutions and visitors to keep pace with the ever changing technology.

**CARRIED**

I, Candy K. Beauvais, Clerk Treasurer of the Municipality of Killarney do certify the foregoing to be a true copy of Resolution #18-243 passed in a Regular Council Meeting of The Corporation of the Municipality of Killarney on the 11<sup>th</sup> day of July 2018.

  
Candy K. Beauvais  
Clerk Treasurer
