235 Queen Street
Ottawa, ON K1A 0H5

Dear Mr. Proulx,

Re: Gazette Notice SMSE-005-17, Proposed Revisions to the Canadian Table of Frequency Allocations [2017] Edition

Saskatchewan Telecommunications (SaskTel) has reviewed the above referenced consultation, and has also participated in the Radio Advisory Board of Canada (RABC) review of this consultation. The submission from the RABC supports the proposed revisions, and includes some additional modifications.

SaskTel agrees with the Department's proposed revisions to the Canadian Table of Frequency Allocations as detailed in the Consultation, and supports the RABC response to this Gazette Notice.

SaskTel would also like to point out a minor typographical error in the proposed revised version of footnote C4 on page 50 of the Consultation. The frequency range "6 200-213.5 kHz" in the first line should read "6 200-6 213.5 kHz".

SaskTel thanks the Department for this opportunity to provide comments and input into the consultation process.

Sincerely,

A handwritten signature in blue ink, appearing to be "W.N. Beckman", written in a cursive style.

W.N. (Bill) Beckman
Senior Director - Regulatory Affairs
