Trademarks Journal

2026-02-11 — Vol. 73 No. 3720

Trademarks Journal

Vol. 73 No. 3720

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Class 07

(1) Motors and engines used in industrial applications; machine coupling and transmission components, except for land vehicles; incubators for eggs; automatic vending machines; metalworking machines and tools; filter elements for chemical processing; cartridges for filtering machines for chemical processing; filtering machines for chemical processing; air filters for motors and engines; water filters for motors and engines; membrane filters for use as parts of machines; food or beverage processing machines and apparatus, namely, electric food processors and aerated beverage making apparatus; desalination films for food or beverage processing machines and apparatus namely, electric food processors and aerated beverage making apparatus; disintegrators for chemical processing; agitators for chemical processing; machines for the mineralisation of drinking water; wrapping machines; chemical processing filters; hydraulic turbines; dynamos; waste disposal units, namely, machine tools for removing waste material; mineral water making machines; crude oil refining machines; gas separating machines for chemical processing; separating machines for chemical processing; water separators; agricultural cultivators; agricultural plows; harvesting machines and implements for agricultural use; fodder presses; fodder cutting machines [feed cutters]; fodder mixing machines [feed mixers]; cake-fodder crushing machines [feed mills]; milk filtering machines; milking machines; chick brooders; glassware manufacturing machines; painting machines; packaging and wrapping machines; machine tools for processing semi-finished plastic products; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines for processing rubber; pumps as parts of motors and engines; filters for cleaning cooling air, for engines; water mills; wind mills; pumps for industrial machinery; adhesive tape dispensing machines; automatic stamping machines; electric parquet wax-polishers; vacuum cleaners; air filters for vacuum cleaners; dust filters for vacuum cleaners; waste compacting machines; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs being parts of machines

Class 09

(2) Cash registers; calculators; computers; breathing apparatus for underwater swimming; fire-extinguishers; breathing apparatus for underwater swimming; electronic game software; computer network communication hardware; integrated circuits; pollution sensors; game programs for arcade video game machines; membranes for filtration used for scientific purposes being laboratory filters for use in laboratory equipment for chemical processing; polarizing film for LCD screens; rotary converters; phase modifiers; electrical control panels; covers for electric outlets; general purpose battery chargers; touchscreen sensors; solar batteries; general purpose batteries; electricity meters and circuit testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; personal digital assistants; smartphones; protective films for personal digital assistants; clear protective covers for personal digital assistants; acoustic membranes used in sound recording or reproducing apparatus; electron tubes; semiconductor elements; electronic circuits; computer software and platforms, recorded or downloadable, for use in the projection, design and analysis of water purification membranes, tape, vinyl, LCD, chemical, filtering and insulation products; computer software applications, downloadable, for use in the projection, design and analysis of water purification membranes, tape, vinyl, LCD, chemical, filtering and insulation products; barcode label printers; protective films adapted for computer screens; circuit boards; circuit boards capable of reading and writing on a hard disk; Geiger counters; cyclotrons, not for medical purposes; industrial betatrons, not for medical use; magnetic object detectors; seismic exploration machines; hydrophone machines; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; phonograph records; downloadable music files; electronic publications in the nature of information pamphlets, magazines, newsletters, user manuals and books; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics connectors; photoelectric composite wiring boards; printed wiring boards; gas separators for scientific and laboratory use; filters for use with gas separators for scientific and laboratory use; membrane elements for use with gas separators for scientific and laboratory use; plastic flat films and membranes for use with gas separators for scientific and laboratory use; modems; network routers; computer servers; protective films adapted for smartphones; smartglasses; smart rings; filters for respiratory masks

Class 11

(3) Toilet bowls and seats sold as a unit; shower enclosures; electric water heaters; air ionizers for air cleaning units; water ionizers for water purification units; electric radiators[heating]; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; air conditioners; electric space heaters; boilers for heating installations; freezers; laundry dryers, electric; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking grills; dish drying machines; worktops as parts of kitchen sinks; kitchen sinks; tap water faucets; level controlling valves for tanks; pipe line cocks; pressure reducing valves for water supply; air vent valves; filters for air conditioners; dust filters for air conditioning; waste water treatment tanks; septic tanks; waste water purification units; waste water purification installations; filtration membranes for use with waste water treatment equipment; membrane elements for use with waste water and sewage purification equipment; plastic membranes for use with waste water and sewage purification equipment; filters for water purifiers; desalination units; reverse osmosis membranes for seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification

units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filter for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; tap water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; electric lamps; filters for automobile lights; water purification and filtration units for industrial use; filtration membrane units for water purifiers for industrial purposes; filtration membrane elements and modules for water purifiers for industrial purposes; plastic filtration membrane units for water purifiers for industrial purposes; filter cartridges for electric water purifiers for industrial purposes; electric water purifiers for industrial purposes; air filters for air cleaning units; filters for air extractor hoods; washers for water taps; cooking stoves; tap water purifiers for household purposes; warming pans; pocket warmers; hot water bottles; adhesive sheets for disposable heating pads, not for medical purposes; breathable air filters for disposable heating pads; toilet stool units with a washing water squirter, namely, bidets; disinfectant dispensers for toilets; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs; separators for purifying gas; filters for use with separators for purifying gas; membrane elements for use with separators for purifying gas; plastic flat films and membranes for use with separators for purifying gas; footmuffs, electrically heated; electric pocket warmers for warming hands; electric footwarmers; non-electric footwarmers; water sterilizers; air sterilizers; heating elements; hair dryers; hand drying apparatus for washrooms; dehumidifiers; electric room deodorizing units; filters for air conditioning; fans for air conditioning units; humidifiers; heat pumps

Class 17

(4) Rubber, gutta-percha, gum, asbestos, mica; plastics and resins in extruded form for use in manufacture; flexible plastic plumbing pipes and tubes; mica [raw or partly processed]; plastic junctions for pipes; joint packings for pipes; floating antipollution barriers; filtering materials of films of plastic for use in marine pollution control installations; marine pollution control membranes, in the nature of insulating waterproofing membranes; electrical insulating plastic films; padding materials of rubber; padding materials of plastics; stuffing of rubber; stuffing of plastics; electrical insulating tapes; electrical insulating rubber sheets; non-metallic seals for preventing leakage of fluids and gases; insulating varnish; washers of rubber or vulcanized fiber; mineral wool; slag wool; rubber thread and covered rubber yarn, not for textile use; plastic yarn and thread, not for textile use; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; stops of rubber; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper in the nature of insulators; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets for use on windows; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; filtering materials of semi-processed plastic film; adhesive plastic film for covering and protecting the surface of objects; semi-processed plastics in the form of sheets; adhesive-coated plastic film and sheet; light-proof plastic film for use on windows; heat-shielding plastic film for use on windows; ultra-violet-shielding plastic film for use on window; self-adhesive fluorine resin sheet; polymeric porous plastic film; laminated plastics, semiprocessed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic film for use in the manufacture of dust removal mats; polymeric film for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; plastic foam filling materials not for building purposes; heat-insulating plastic film and sheet, not for wrapping; surface-coated epoxy resin films; reverse osmosis membranes in the nature of semi-processed plastics, for seawater desalination and water treatment; polarization plastic film and sheets; polarization films for liquid crystal

displays; magnet-embedded plastics in the form of sheets and films, semi-processed; semiprocessed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; semi-processed plastic films, membranes and sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for waste water and sewage purification; fluoro rubber; rubber for use in manufacture; vibration control rubber; synthetic rubber; soundproofing materials of mineral wool, not for building purposes; general purpose sealants; rubber based sealants; pen-type chemical compositions for repairing tile joints; seals for watertight, airtight, soundproofing and thermal insulation for electric home appliances; seals for watertight, airtight, soundproofing and heat insulation for automobiles; repair sealing materials consisting of an epoxy resin and curing agent; fluorine resins, semiprocessed; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; plastic films for preventing dew condensation of windows

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the word "MODE" in large navy capital letters, in which the letter "O" is depicted as a sphere consisting of multiple intersecting, three-dimensional circles, navy in the front and gray in the back. The circles contain dots at some of the intersections. One is a red dot, one is a teal dot, one is a green dot, three are navy dots, one is an emerald dot, one is a blue dot, and thirteen are gray dots appearing on the back side of the sphere, each dot appearing at a different intersection. The term "GLOBAL" appears in smaller navy capital letters centered under the letter "E" in "MODE". The color white merely serves as background and is not claimed as a feature of the mark.

Services

Class 09

Electronic publications, namely newsletters and guides in the field of tourism and resort hotels

Services

Class 35

(1) Administration of a discount program for enabling participants to obtain discounts on resort hotel stays via the internet; promoting the sale of goods and services through a consumer loyalty program in the field of resort hotels; providing tourist information on the internet to resort hotel guests and potential resort hotel guests.

Class 36

(2) Payment services, namely allowing others to prepay online for third party goods and services

Class 39

(3) Online travel agency services, namely, travel arrangement and reservation; Online travel agency services, namely, travel, excursion and cruise arrangement in the nature of making reservations and bookings for transportation.

Class 41

(4) Organizing parties and other events, namely weddings, live shows, nightclub shows, theme parties for adults, art exhibitions, providing recreational areas in the nature of play areas for adults, outdoor activities, namely, hiking, volleyball, basketball, golf, yoga, tennis, and pickleball, water activities, namely canoe tripping, sailing, kayaking, paddleboarding, snorkelling and scuba diving, live music events, workshops, receptions, conferences and seminars in the field of adult entertainment, get-togethers, and social events for resort hotel guests; online booking of fitness classes.

Class 43

(5) Hotel services; all-inclusive resort hotel services; restaurant services; hotel reservation services; restaurant reservation services; reservation services for spa services and treatments,

namely facial and body treatments, cosmetic body care services, massage therapy, hydrotherapy, hand and foot treatments, hair removal and aesthetic treatments; resort hotel registration services; resort hotel information; resort hotel services for preferred customers; renting function rooms for receptions; providing online information in the nature of hotel reservations; providing information in the field of tourism, hotels, resort hotels, restaurants, food, beverage, sports and wellness of the body and spirit.; providing event booking services online for conferences, seminars, functions, and business meetings; providing wedding booking services online for resort hotel guests and potential resort hotel guests; bar services; bar information services; hotel information; providing information about restaurant services; providing online information concerning vacation accommodation reservations; restaurant information services

Class 44

(6) Spa Services and Treatments, namely facial and body treatments, medical treatment services provide in a spa, cosmetic body care services, massage therapy, hydrotherapy, hand and foot treatments, personal hair removal services and medical aesthetic treatment services; information in the field of massage; providing information about spa services and treatments, namely facial and body treatments, medical treatment services provide in a spa, cosmetic body care services, massage therapy, hydrotherapy, hand and foot treatments, hair removal and aesthetic treatments.

Class 45

(7) Resort hotel concierge services; providing wedding coordinator services for resort hotel guests and potential resort hotel guests. providing social networking information through the use of online computer databases and online searchable databases; online social networking services

Goods

Class 09

Satellite communications products, namely satellite in-orbit test systems comprised of satellite antennas, receivers, radios, processors, transceivers, and parts and fittings therefor, computer hardware and computer software for collecting, measuring, analyzing, transmitting, receiving, and displaying data and information collected from satellites in-orbit, satcom modems, broadcast modulators, satellite load generators, carrier monitoring systems comprised of signal processors, computer hardware and computer software for monitoring satellite and radio communication networks, spectrum analysers, radio frequency (RF) switches, automated test systems comprised of satellite antennas, receivers, radios, processors, transceivers, and parts and fittings therefore, computer hardware and computer software for collecting, measuring, analyzing, transmitting, receiving, and displaying data and information collected from satellites in-orbit, custom (RF) switching solutions in the nature of radio-frequency modulators and radio-frequency redundancy switches, software defined radio; Wired and terrestrial wireless products, namely DOCSIS cable load generator, SFD cable test transmitters for testing cable networks, DSA cable receiver analysers, customer wireless repeaters, embedded chipset solutions, custom embedded cables and wireless products, namely optical cable access networking equipment in the nature of optical cable network access server hardware, radio-frequency modulators, high-speed embedded computer systems comprised of computer hardware and computers, radio frequency load generators, radio frequency test transmitters, radio frequency antenna receiver analysers and radio frequency wireless repeaters; satcom ground systems, namely turnkey radio-frequency (RF) communication systems comprised of satellite dishes and satellite and radio antennas, receivers, transceivers, computer hardware and computer software for monitoring, communicating with, and controlling radio communications networks, deep space antenna systems comprised of satellite and radio dishes, antennas, receivers, aerials, processors, transceivers, computer hardware and computer software for monitoring, communicating with, and controlling satellites in-orbit, telemetry systems comprised of equipment for measuring temperatures, positions, distances, location, speed, and motion of satellites in-orbit, computer hardware and computer software for collecting, measuring, analyzing, sending, and receiving data collected from satellites in-orbit, tracking and control systems comprised of computer hardware and computer software for tracking, monitoring,

and controlling satellites in-orbit, earth observation reception systems comprised of satellite ground stations, satellite dishes and antennas, computer hardware and computer software for monitoring and controlling satellites in-orbit, antenna control systems comprised of computer hardware and computer software for tracking, monitoring, and controlling satellite dishes and antennas; satcom gateways and planning systems, namely network monitoring and control systems comprised of computer hardware and computer software for monitoring and controlling satellite and radio communications networks, MCU monitor and control products in the nature of microcontrollers, custom satellite communication network gateways, frequency planning systems comprised of computer software for planning and managing radio frequency bands for use with satellites in-orbit, satellite dishes, and satellite antennas, capacity planning systems comprised of computer software for planning and managing satellite network capacity and providing capacity plans to the network, real-time resource management systems comprised of computer software for planning and managing communications between satellites in-orbit, satellite dishes, and satellite antennas, network gateway access hardware, network gateway servers, and network gateway routers, resource orchestration systems comprised of computer software for managing and coordinating communications between satellites in-orbit, satellite dishes, satellite antennas, network gateway access hardware, network gateway servers, and network gateway routers, network management systems comprised of computer software for planning and managing communication networks satellites in-orbit, satellite dishes, and satellite antennas, custom software solutions being computer software for planning, monitoring and controlling satellites in-orbit, satellite dishes, satellite antennas, satellite and radio communication networks, and radio frequency bands; defence goods, including custom vetronics (vehicle electronics), namely, cable harnesses for the control of and operations of external communications of vehicle functions and custom vetronics being vehicle electronics, namely, computer hardware and computer software for monitoring and control of vehicle functions, fire suppression systems and component parts thereof for use in armored vehicles, military vehicles, commercial vehicles, marine vehicles and aviation vehicles comprised of fire extinguishers and parts thereof, radar detectors for use on vehicles, and satellite and radio communications apparatus, namely, satellite and radio dishes, antennas, transmitters, receivers, and processors, to transmit communications from a vehicle to another, or from a vehicle to a satellite; nuclear and environment services software, namely software for developing, delivering and evaluating emergency exercises, software for collecting survey results via electronic devices; cyber security solutions, namely, services aimed at data protection, encryption, emissions security, endpoint security, identity access management and privileged access management, and cloud security, namely computer software for the protection and encryption of digital files for verifying the identity of computer users, and for controlling, managing, and authorizing user access to computers, mobile devices, devices in the internet of things (IoT), computer networks, cloud computing platforms and networks, digital files; Communication goods, namely satellite ground station antennas, TV-feeder link satellite ground station antennas, SNG central ground station antennas, anchor stations comprised of satellite antennas, VSAT hub RF frontends comprised of satellite antennas, SCPC VSAT stations comprised of satellite antennas, satellite ground station products namely, satellite dishes, antennas, receivers, aerials, radios, processors, transceivers, and computer hardware and software for monitoring and control of satellites ground station antennas, VSAT software namely, software for the transmission of digital files and communications over a satellite communication network, monitoring and control software and systems, namely computer software for the monitoring and control of satellite communication networks, satellite communication network management system software, quality monitoring systems comprised of satellite ground station antennas, satellite dishes, antennas, receivers, aerials, radios, processors, transceivers, computer hardware and software for collecting, analyzing, transmitting, and displaying data and information obtained from satellites in-orbit, and for monitoring radio frequency

bands, broadband fiber optical links, fiber optical transmitters and receivers, satellite antenna control and tracking systems comprised of satellite dishes, antennas, receivers, aerials, radios, processors, transceivers, computer hardware and software for monitoring, tracking, and controlling satellite dishes and satellite antennas, satellite beacon receivers, motorized satellite and radio antennas, radiometer controllers, power sensors, L-Band radio-frequency distributors, L-Band switch matrix being radio frequency switches, signal management unit comprising MPC multipurpose chassis, LDCI line amplifier DC inserter, TMPS transfer multipurpose switch, UMPS universal multipurpose switch, CS24 combiner and splitter, LC L-Band coupler, LD L-Band splitter, IC50/75 and IMCLL-5 impedance converter; grain monitoring products, namely wireless real-time grain monitoring radio-frequency identification (RFID) readers, remote controls for grain aeration fans, grain temperature and moisture monitoring cables, on-site handheld grain monitoring readers, wireless fuel monitors; grain monitoring and management products, namely grain monitoring temperature cables; grain monitoring moisture cables; remote grain management software; wireless products, namely global navigation satellite system antennas, iridium antennas, antenna accessories, namely amplifiers, signal splitters, mounting devices and ground planes being structural parts of antennas, antenna technologies, namely, radio frequency filters, radio signal antennas, and computer hardware and antennas for use in global navigation satellite systems (GNSS), anti-jam antenna technology, namely computer hardware and software for detecting and blocking antenna jamming signals; software, namely software for voice and text transmission, for tracking vehicle fleets GPS data and auditing software applications and devices, namely for Global Navigation Satellite System (GNSS) transmitters, receivers and vehicle mounted sensors for determining the speed and location of a vehicle; antenna products, namely global navigation satellite system antennas, antenna accessories, namely, global navigation satellite system transceivers, receivers, and tracking devices mounted to vehicles; high performance antenna systems comprised of satellite ground station antennas, radars, and satellite antennas for use in the fields of defense, scientific and commercial applications, antenna systems comprised of satellite ground station antennas, radars, and satellite antennas, deep space radars, naval radar systems, radio astronomy telescopes, satellite ground station antennas for tracking and communicating with Low Earth Orbit (LEO) constellations, earth observation systems and limited motion systems comprised of satellite ground station antennas, electronic war-fare systems comprised of satellite ground station antennas, high power-multi band feeds in the nature of global navigation satellite system (GNSS) antennas, microwave filters for satcom on the move, control system-hardware simulators; health care patient support program workflow automation software and systems (SaaS) modules for health care inventory management and for health care data management and reporting, namely, software for accessing patient data, managing and monitoring pharmaceutical treatment plans, track patient compliance, and verify treatment outcomes of prescription medication and treatment plans, health care digital enrollment platform, health care patient application that enables users to communicate with health care providers, access information in the fields of healthcare, pharmaceuticals, health care reimbursement navigation, and for use in health care appointment scheduling; health care and care resource management software for patient information resource management; participant interfaces, namely, computer software platform that enables users to schedule and manage healthcare appointments, communicate with health care providers, and access information in the fields of healthcare, pharmaceuticals, patient support programs, health care costs, and healthcare insurance; emission security products, namely emission analyzer software in the nature of cybersecurity software for detecting the radio-frequency, electromagnetic, and electrical signals emitted from electronic devices; healthcare software, namely, a healthcare interoperability solution in the nature of a software for facilitating the interoperability of multiple software applications, data integration and data ingestion for advanced analytics; healthcare software, namely software for application and

database integration in the field of healthcare; healthcare software, namely real-time data platform for clinical and operational data relating to the operation of healthcare clinics to assist developers in application development and analytics; healthcare software, namely, software for clinician-to-clinician collaboration for integrated, patient-centered healthcare; healthcare software, namely software for creating and managing online healthcare clinics that allows healthcare customers to rapidly launch virtual clinics, for urgent care clinics, pre-op clinics and other online virtual clinics integrated with EHRs and scheduling systems; healthcare software, namely software for the integration and management of database and documents for healthcare customers; Simulation products and systems, namely a virtual command and control interface in the nature of downloadable graphical user interface software; simulation products and systems, namely, software for developing and running computer-simulated live, virtual, constructive (LVC) and command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) systems models for use in military training; simulation products and systems, namely, after action review tools in the nature of simulation software for creating graphical representations and analysis of data captured from military and commercial training exercises; Audio Distribution System (ADS), namely a system comprised of computer software that enables the audio integration between simulation live, virtual, constructive (LVC) and command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) systems for use in military training; DIS router, namely, software for facilitating the interoperability and integration of multiple software applications for use in the field of military training; protocol router, namely, software for network router configuration and management; Simulation products and systems, including an OGC compliant map/GIS data server, software for storing and retrieving digital maps; downloadable computer software for data analytics for simulation live, virtual, constructive (LVC) to command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) systems integration, namely, computer software for analyzing training data obtained from military training exercises and simulations, and for integrating software applications for use in the field of military training; downloadable computer software for systems automation and C4ISR DevOps, namely software for the secure operation and integration of military training software applications; Simulation products and systems, including DevOps simulation data generation tool, namely, downloadable computer software for running development programs and application programs in a common development environment, and downloadable computer software development programs for creating and developing business applications for others; Simulation products and systems, namely training simulation software to provide military and commercial training using augmented by speech recognition software; custom virtual reality training solutions, namely, virtual reality computer software for conducting military and commercial training and instruction in the field of military and commercial training exercises for educational purposes; custom augmented reality training solutions, namely, augmented reality computer software for conducting military and commercial training and instruction in the field of military and commercial training exercises for educational purposes

Services

Class 35

(1) Materials management, namely, supply chain management services; nuclear and environment services, namely, professional staffing services in the nature of providing qualified staff in support of operations at nuclear utilities and facilities; emergency management solutions, namely business continuity planning and corporate security work in the nature of private sector business consultancy services in the fields of organizational change management, process analysis, business management consultancy in the field of digital and information technology, strategy development, operations management mission and risk assessment, including policy creation and

knowledge development; vaccination clinic medical solutions, namely personnel management and business administrative management of vaccination clinics, and protocol and management in the nature of business management services; business management related to medical procurement and supply chain services; COVID-19 response services, namely vaccination clinic personnel placement and recruitment, COVID-19 vaccination clinic medical solutions, namely personnel placement, recruitment, and management, and protocol and management in the nature of business management services; private sector consultancy services, namely business organizational change management, organizational process and operation analysis, business management consultancy in the field of digital and information technology, business strategy development, business operations management, business and personnel risk assessment, namely policy creation and knowledge development; public sector consultancy services, namely security and defence consultancy in the nature of government and government organization management, administration, and personnel consulting, organizational consultancy services in the field of defense operational planning services, exercise, operational planning and monitoring, security sector reform, capacity building training and consultancy, all in the nature of government and government organization management, administration, and personnel consulting; third sector business management and administrating consultancy services in the field of international development; business risk management, namely vulnerability assessment, risk analysis and identification of methods of reducing risk; consultancy in the nature of government and government organization management, administration, and personnel consulting in the field of crisis management; inventory and supply chain management; invoicing; clinic management, namely, medical practice business management and management of healthcare clinics for others; health care professional staffing placement services; personnel placement services, namely full time placements, part time placements, nursing as a service model, field based nursing services, office-based nursing services; medical property management services, namely, providing marketing consultancy and advertising services to medical practices and healthcare clinics; Medical property management services, including loyalty and perks services to clinics, affiliates and employees, namely business organization and management of customer and employee loyalty programs; medical services, namely physician referral services for families of the serving military (MFDN), physician referral services to veterans; business services, namely business process reengineering services, business continuity planning services; disaster services, namely disaster recovery business strategic planning services, pandemic business strategic planning services; business project management services; professional services, namely business management of development projects through the entire system development life cycle (SDLC) namely, business project management and business management consultancy relating to business requirements gathering, application architecture and solutioning for the development of software that uses agile SCRUM and waterfall methodologies, quality assurance, test suite automation, user acceptance testing services in the field of computer software and cybersecurity, enterprise technology road mapping and modernization, reviewing current technology state and providing recommendations and path of modernization, application rewrite to the latest technology stack, regulatory compliance, application migration, BI/Data warehousing solution, DW architecture and database design, ETL framework design and ETL package development, Power BI implementation, standard SSRS report development, DevOps/implementation to configure and setup CI/CD pipelines, development staff augmentation to provide development resource, mobile application development, application support services to provide operational and defect support to production systems; Training as a service being business consulting services in the field of personnel training, namely analyzing the training needs of an organization, managing customized training and training plans, identifying costs, resources and timelines, and providing post-training analysis and consultation; providing database management services and project management services for

pharmaceutical and biotechnology clinical trials; Cybersecurity and technology program management services, including virtual CISO as a service, cybersecurity policy development, security program and roadmap management, CTO as a service (Chief Technology Officer), DPO as a service (Data Protection Officer), enterprise IT strategy and roadmap development, enterprise architecture framework development, project management, technology staff augmentation and on-demand consulting, all in the nature of business consultancy in the field of cybersecurity, and cybersecurity risk assessment and analysis services for business purposes; health services, namely, recruitment and practice management solutions in the nature of personnel recruitment, and business and administrative management services for medical, vaccination and dental clinics; reimbursement support services and financial assistance, namely business administration of a patient support program for facilitating the reimbursement of pharmaceutical products and medical services

Class 36

(2) Health care partner management, namely, financial administration of health reimbursement arrangements, coordination of healthcare benefits, namely, processing of employee benefit plans concerning health insurance, healthcare copay financial management, administering affordability programs in the field of healthcare, namely, providing financial assistance in the form of financial management of custom healthcare copay plans, revenue cycle manager integration services, namely, insurance claims processing, assisting others with collecting healthcare insurance premiums, reimbursement payment processing of healthcare insurance claims, and financial management services in the field of healthcare insurance payments; medical property management services for commercial properties, namely subleasing of medical space

Class 37

(3) RF systems maintenance and support, namely, maintenance of satellite equipment and computer hardware used in radio frequency communication systems, technical support services being installation, troubleshooting and repair of satellite equipment and computer hardware used in radio frequency communication systems, and repair of legacy antenna systems; communication services, namely repairing satellites and satellite dishes and antennas; grain product and system installation, namely, installation, maintenance, and repair of grain storage and handling equipment and related hardware for grain monitoring; installation services of high performance antenna systems, namely, defense, scientific and commercial applications, antenna systems, deep space radars, naval radar systems, radio astronomy telescopes, LEO constellation systems, earth observation systems, limited motion systems, electronic warfare systems, high power-multi band feeds, microwave filters for satcom on the move, control system-hardware simulators; maintenance contracts, namely, maintenance services for high performance antenna systems, namely, defense, scientific and commercial applications, antenna systems, deep space radars, naval radar systems, radio astronomy telescopes, LEO constellation systems, earth observation systems, limited motion systems, electronic warfare systems, high power-multi band feeds, microwave filters for satcom on the move, control system-hardware simulators; medical property management services, namely cleaning services, maintenance services, renovation services; legacy antenna system maintenance, repairs, and installation of replacement feeds for telescopes and ground stations; support services for the custom manufacture of electronics, namely, repair and troubleshooting of telecommunication equipment and electronics for the manufacturing and defence industries

Class 38

(4) Teleport services, namely, providing access to satellite and radio networks, providing internet access, operating a wide-area network (WAN) via satellite communication, and broadcasting of

radio and television programs by satellite; communication services, namely satellite communication equipment rental; access to a Global CRO Network, namely providing access to an online global clinical research organizations network; communication services, including patient communication services, namely broadcasting and transmission of television programming; digital media services, namely, television program and advertisement broadcasting services; Satellite operations services, namely operation of telecommunication satellites being satellite transmission services

Class 39

(5) global shipping and logistics, namely shipping, transport, and delivery of goods and packages by truck, air, railway and ship, supply chain logistics and reverse logistics services consisting of the storage, transportation, and delivery of goods for others by air, rail, ship or truck; communication services, namely delivery of satellite ground station subsystems and equipment; disaster services, namely, disaster response planning services, disaster recovery planning services and pandemic planning services in the nature of planning for the transportation of people and goods by air, rail, ship, and truck, and travel route planning; Nuclear and environment services, namely nuclear site decommissioning and nuclear waste management, namely, nuclear waste transportation, removal, and storage; medical property management services, namely, removal and transport of trash, waste, and junk

Class 40

(6) Nuclear and environment services, namely nuclear site decommissioning and nuclear waste management, namely, decontamination, treatment, and destruction of nuclear waste; defence services, namely custom manufacture of wiring harness and cable assemblies, custom manufacture of radar assemblies, custom manufacture of cable harnesses; custom manufacturing services for high performance antenna systems, naval radar systems, LEO constellation systems, earth observation systems, limited motion systems, electronic warfare systems, all comprised of satellite antennas, radio antennas, ground station antennas, and parabolic antennas; commercial services, namely contract and custom manufacturing of telecommunication equipment and electronics for the manufacturing and defence industries to the order and specification of others; communication services, namely installation of satellite ground station subsystems and equipment; custom manufacturing services for satellite in-orbit test systems, carrier monitoring systems, automated test systems; custom manufacturing services for turnkey RF communication systems, telemetry, tracking and control systems, earth observation reception systems, antenna control systems; custom manufacturing services for network monitoring and control system, radio-frequency communication management and planning systems, radio-frequency capacity planning systems, real-time satellite communication resource management systems, satellite and radio-frequency network management systems, and software defined satellite and radio-frequency networking; custom composite RF radio antenna manufacture; composites manufacturing services, namely custom manufacture of satellite antennas, radio antennas, base station antennas, and parabolic antennas; custom manufacturing services for network management system software, quality monitoring systems, satellite antenna control and tracking systems; custom manufacturing services for global navigation satellite system antennas

Class 41

(7) Training as a service, namely, arranging and delivering professional development workshops and leadership training for employees of corporate, healthcare, military, and government organizations; clinical services, namely a medical clinic program delivery in the nature of arranging and conducting professional workshops and workplace training courses for medical staff; comprehensive training solutions, namely emergency planning and training in defence and civil

industry, namely crisis management and command-team training, exercise design and execution, complex scenario development, multi-agency, multi-national training with a particular emphasis on civil-military interaction namely stabilisation, drafting crises scenario backgrounds, exercise planning and strategy, natural disaster response, management and recovery strategies, devising, constructing and conducting training exercises, defense operational planning services, namely, training in the field of military defense operations, customized training services for military personnel, corporate training services, namely training in the field of corporate mission and risk assessment, including policy creation and knowledge development, training needs analysis; private sector training services, namely providing online workplace training services for government, military, and health care personnel and consultancy and information services in the field of workplace training and professional development; third sector training services, namely leadership training team building, pre deployment, deployment training courses, in the fields of humanitarian and military service and volunteerism, offered to personnel of non-governmental and not for profit organizations; health care training, namely, advising and training patients about their prescribed medications and medical treatment plans and distribution of training material in connection therewith; emission security services, namely training services in the fields of radio-frequency (RF) emissions monitoring, integration of RF communication systems, RF emission security, in-place RF monitoring, and RF spectrum analysis, and consultancy relating thereto; Training in the field of application programming interfaces (APIs) and user interface development and operation; Education and training, namely cybersecurity awareness training and programs, developer cybersecurity training program, IT operations cybersecurity training program; nuclear and environment services, namely Nuclear Emergency Response training and exercises, including planning, conduct and after-action reporting on full-scale nuclear and radiological exercises, table-top exercises, workshops and drills, emergency response plans and procedures, training courses designed for radiological and nuclear operations and response activities; emergency management solutions, namely, developing, delivering, and evaluating emergency training sessions, workshops and exercises, bespoke emergency management training in electronic, virtual and in-person formats, emergency response support real-time assessment and learning, and training in the field of hazard identification and risk assessment (HIRA), threat and risk assessment, hazard risk and vulnerability assessment (HRVA); custom training solutions, namely arranging, developing, and conducting aboriginal culture awareness courses (ACA) and managing aboriginal culture awareness courses, namely research, evaluation and identification of available learning management systems for the purposes of training, providing training consultancy on digital transformation strategy, learning experience platform readiness and implementation support, learning program evaluation, knowledge management services, virtual instructor-led training (ILT) delivery and support services, design and development of custom learning courses, programs and experiences, delivery approaches, including ILT, VILT, E-learning, microlearning, mobile, blended learning, interactive training videos, adaptive learning, chatbots, social media, gamified learning program services, managed learning services for design, development, training administration, coordination, facilitator management, and logistics, consulting and strategy on educational technology-based services and solutions, accessibility support, learning experience strategy and design all in the nature of training services in the field of aboriginal cultural awareness; consultancy and information services in the field of professional coaching services in the field of business leadership; consultancy and information services in the field of professional coaching services in the field of business risk management; consultancy and information services in the field of professional coaching services in the field of corporate crisis planning; translation services; cyber awareness training, cyber security training services, cyber awareness training; educational services in the field of pharmaceuticals and individual patient medical treatment plans and disease management, and distributing educational materials therewith

Class 42

(8) Development, and integration services for satellite in-orbit test systems, carrier monitoring systems, automated test systems; development and integration services for turnkey RF communication systems, telemetry, tracking and control systems, earth observation reception systems, antenna control systems; development and integration services for network monitoring and control system, radio-frequency communication management and planning systems, radio-frequency capacity planning systems, real-time satellite communication resource management systems, satellite and radio-frequency network management systems, and software defined satellite and radio-frequency networking; service and support services, namely design, installation, implementation, maintenance, and troubleshooting of computer software problems, and repair of new products being computer software for others, and measuring and calibrating radio frequency bands in satellite communications equipment; composite RF radio antenna design; composites design services, namely design of satellite antennas, radio antennas, base station antennas, and parabolic antennas; on-site service and support, namely service and repair, life cycle management, certification and qualification, custom engineering solutions and services, and research and development in the field of computer software; nuclear and environment services, namely conceptual, preliminary and detailed decommissioning plans; nuclear and environment services, namely, engineering services in the fields of planning, execution and interpretation of scoping, characterization and the final status surveys for nuclear and hazardous substances; nuclear and environment services, namely statistical analysis of survey and laboratory measurements to facilitate comparison with regulatory clearance levels or waste acceptance criteria; consulting Services, namely environmental impact assessments for nuclear facilities, including modelling and assessing the radiological impact of nuclear facilities and activities on the environment, Environmental assessments (EA), Environmental Risk assessments (ERA), Preliminary and final safety assessment reports (PSAR and FSAR), Derived release limits (DRLs), Action levels (ALs); design of radiation protection and dosimetry safety programs for nuclear facilities and nuclear waste sites, namely, design of radiation dosimetry programs and protocols for radiation protection, radiation shielding design and evaluation, On-site radiation surveys and evaluations, and design of radiation protection plans and procedures for minimizing radiation exposure to individuals and the public; emergency management solutions, namely analyzing responses to and recovery from emergencies or incidents, being natural and man-made disasters, and using an after-action report (AAR) process to provide consultancy relating to design, development and implementation of emergency response plans, providing design and engineering services for emergency response and operations facilities for use in risk assessment services and risk management services provided to public and private organizations relating to critical infrastructure; Design and development of innovative and modern learning strategies for others namely software in the field of virtual reality, augmented reality, mixed reality, AI in learning, adaptive learning, instructional design, media development, user interface and user experience (U/XU/I) design, web authoring, quality assurance and testing, project management, education software consulting, and providing implementation and support services for the aforementioned services; exercise design, development and delivery software solution for high-fidelity collective training, either installed on-site or as software as a service, all in the nature of software design and development for others; custom medical evaluation and policy development software solutions, namely, design, development, and maintenance of custom medical evaluation and policy development software; cyber security consulting services, namely cyber assessments and improvement plans, assisting in product implementation and integration, firewall management, security operations management, cyber security infrastructure management; digital consulting solutions, namely computer software consultancy in the nature of upgrading, migrating and

implementing enterprise software on premise or on the cloud, digital enterprise change management, namely, providing consultancy in the field of the upgrading, migrating and implementing of new software, digital cloud adoption management; communication services, namely satellite communication, system design, system development and system integration, and consulting relating thereto; development and integration services for network management system software, quality monitoring systems, satellite antenna control and tracking systems; certification services, namely, certification of grain handling equipment and grain storage and processing plants, certification of computer software, hardware, and data security; wireless grain storage management, namely providing online non-downloadable remote grain management software for monitoring, collecting, analyzing, and displaying data obtained from grain bins, grain monitoring RFID readers, and grain monitoring temperature and moisture cables, and for controlling temperature and moisture levels in grain bins; monitoring and advising on technical grain management solutions; development, and integration services for global navigation satellite system antennas; development and integration services for high performance antenna systems, naval radar systems, LEO constellation systems, earth observation systems, limited motion systems, electronic warfare systems, all comprised of satellite antennas, radio antennas, ground station antennas, and parabolic antennas; design of legacy antenna systems and replacement feeds for telescopes and ground stations, engineering services, FEA analysis, antenna design; medical and scientific research services for the pharmaceutical, industrial biotechnology and medical device industry, namely clinical trials, clinical study monitoring, computer database development and validation, medical coding, quality assurance, medical technical writing, biostatistics services, namely statistical programming enabling data analysis relating to pharmaceutical and medical devices for clinical trials and scientific research purposes, biometrics research, medical monitoring and pharmacovigilance for research purposes; medical research laboratory services; virtual care services, namely, providing software as a service (SAAS) services enabling the remote monitoring by clinicians of patient adherence to treatment protocol, delivering of patient educational services and virtual healthcare services for the remote diagnosis and treatment of patients by means of telecommunication technology; medical property management services, namely medical space design; information technology and security consulting services, namely, computer, computer network, internet, and data security consultancy; certification and accreditation services, namely, providing certification of IT professionals in the field of computer, computer network, internet, and data security and accreditation of educational programs providing such certifications; IT and application controls and compliance services in the nature of consulting services in the field of computer, computer network, internet, and data security compliance; identity management services, namely, consultancy and design in the field of identity and access management (IAM), and providing software as a service (SaaS) featuring online-non downloadable Identity and Access Management (IAM) software; IT security program development services, namely, design and development of computer and Internet security programs; emission security services, namely emission security vulnerability assessments; facility planning, namely planning and design of commercial, industrial, healthcare, and public sector facilities, radio-frequency (RF) emissions monitoring, start up and support services for software products, in the nature of software design, development, installation, and repair for others; healthcare software services, namely software as a service (SaaS) for healthcare interoperability featuring software for facilitating application interoperability, data integration, data ingestion for advanced analytics, and data processing; software services, namely integration services and enterprise integration architecture in the nature of computer hardware and software integration and deployment services and software systems integration engineering in the field of information security and cybersecurity; integration platform deployment, namely, iPaaS (Integration Platform as a Service) featuring a set of software tools to connect, manage, govern and integrate software applications that operate in

different environments; interface implementation services, interface support services, namely, software as a service (SaaS) featuring software for developing, designing, customizing, and integrating computer application user interfaces; technology and cybersecurity solutions, namely solution design and architecture, solution implementation and support services, network, firewall and infrastructure, cloud security, identity access management (IAM), privileged access management (PAM), encryption, endpoint, email and web gateway, DLP and insider threat, vulnerability management, network visibility, technical assessments and health checks, all of the foregoing in the nature of the design, implantation, monitoring, and maintenance of software and computer networks for others; managed Security & Operations Services, namely, 24x7 NOC (Network Operations Centre), 24x7 SOC (Security Operations Centre), 24x7 managed firewall service, managed PAM services, managed IT and solution services all of the foregoing in the nature of computer systems and network monitoring services; cybersecurity risk and assessment services, namely cybersecurity gap assessment and compliance reviews, NIST cybersecurity framework, cybersecurity program review, enterprise risk assessment; Technical security assessments, namely vulnerability assessments penetration testing for web and backend apps, mobile apps, cloud services, API's and interfaces, hardware and non-ethernet base testing, Threat and Risk Assessments (TRA), dark and deep web search, ethical team exercise, social engineering and phishing exercise, firewall security review, active security assessments, network security assessments; cloud computing consulting and advisory services, namely, cloud security alliance (CSA) base assessments, cloud security design and assessments, AWS, Azure and GCP, cloud architecture blue-print development, workload migration (Lift and Shift); Cybersecurity and technology program management services, including virtual CISO as a service, cybersecurity policy development, security program and roadmap management, CTO as a service (Chief Technology Officer), DPO as a service (Data Protection Officer), enterprise IT strategy and roadmap development, enterprise architecture framework development, project management, technology staff augmentation and on-demand consulting, all in the nature of technical consultancy in the field of cybersecurity; digital forensics and incident response (DFIR) services, namely 24/7 incident response and incident management consulting, digital forensic consulting and support, internal user threat management, incident response retainer, tabletop exercise; Providing temporary use of online non-downloadable software for live, virtual, constructive (LVC) to command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) systems integration; integration services, in the nature of providing online, non-downloadable software that enables the audio integration between simulation live, virtual, constructive (LVC) and command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) systems for use in military training; C4ISR Systems capability development, namely, design and development simulation software for use in military training; geographical information system integration, namely integration of geographical information system software; providing online, non-downloadable computer software for after action review of simulation (LVC) to C4ISR including audio and EXCON; advanced data analytics, namely analysis of data obtained from military training exercises; software as a service (SAAS) services featuring online non-downloadable software for integration of computer hardware and simulation software for use in military training; providing temporary use of non-downloadable cloud-based DevOps and automation software for simulation (LVC) and C4ISR; configuration and automated setup of computer hardware and software for creating virtual computer simulation environments; speech-driven technologies integration to simulation and C4ISR, namely, online, non-downloadable software for speech recognition; Modelling, simulation and training professional services, namely, design and development of computer hardware and software for 3D geographical modelling, simulation and C4ISR for use in military training; software engineering services; new product development and design for others; computer and software systems engineering; design,

development and implementation of custom virtual reality training software; design, development, and implementation of custom augmented reality training software; design and development of software in the field of mobile applications; full stack web development services, in the nature of software application and website development for others; administrative services including Learning Management Systems (LMS, LCMS), Learning Experience Platforms (LXPs), Adaptive Learning Platforms, Gamification platforms, Digital Adoption Platforms (DAPs), Learning Record Store (LRS), and other learning and performance related systems, namely, design, development and implementation of computer hardware and software systems being learning management systems, leaning experience platforms, adaptive learning platforms, and gamification platforms for delivering and managing learning courses and providing access to educational and training materials, development and implementation of computer software and hardware being Digital Adoption Platforms (DAPs) that provide online non-downloadable computer software platforms for use by software providers to aid in optimizing end-user experience and use of software programs, for helping with user adoption and onboarding of software of others, and for providing overlays, guidance, instruction, training, and self-help contemporaneously while using the software of others, development and implementation of computer software and hardware being Learning Record Stores (LRS) that provide online non-downloadable computer software platforms for the electronic storage of data relating to customer organization and personnel training and learning experiences, achievements and job performance, development of online, non-downloadable learning and performance related software and installation of software, and provision of temporary use of online, non-downloadable learning and performance related software for customer organization and personnel training and assessment; Functional service provider (FSP) in the field of clinical trials, namely, conducting clinical trials for others and providing medical and scientific research information in the field of clinical trials; disaster services, namely, computer software and security consultancy in the fields of disaster recovery planning and pandemic planning; cybersecurity services, namely online data privacy impact assessment services, information, data and cybersecurity threat risk assessment services, and assessing information technology security and vulnerability of computers, networks, Internet of Things (IoT) devices, data, and information; commercial services, namely product design and support services for others; communication services, namely measuring and calibrating satellites and satellite dishes and antennas; scientific research services in the field of pharmacovigilance and drug safety services, namely adverse drug event reporting, adverse drug event tracking, adverse drug event reconciliations, and source data verifications of pharmaceutical and medical information and safety and efficacy data; forensic investigation services, namely, digital forensic investigations in the field of computer crimes being computer forensic services; support services for the custom manufacture of electronics, namely, engineering, design and testing of telecommunication equipment and electronics for the manufacturing and defence industries; turnkey medical solutions, in the nature of software design and development

Class 44

(9) COVID-19 response services, namely, onsite rapid testing, COVID-19 screening; home health care and clinical research support, namely medical clinical services and clinical mental health counselling services, nursing services, and medical clinic and pharmaceutical consultation services, namely, full-service patient support program management, patient adherence programs, care coordinator services, Patient Support Programs (PSPs) including medical treatment plan adherence programs, providing pre-treatment test and medical screening programs in the nature of vaccination and medical testing services, and treatment administration programs, namely, providing medical counseling, mentoring and guidance for patients with medical conditions in the field of patient access to medical treatment services and administering medications; Health Care

Professional (HCP) services, namely in-home and community services, namely home-based private medical care, community-based private medical care in the nature of private medical care provided to veterans, the elderly, and vulnerable and underserved communities, virtual medical care, medication administration, pre-screening, specimen collection and lab drop-off, care plan management, personal care, namely nurses, personal support workers, patient sitters, OTs, dementia care, Alzheimer's care, palliative care, hospice care, stroke care, Parkinson's care, and foot care, post-hospital care; medical property management services, namely rental of medical equipment; medical services, namely home health care services for dependents of the serving military; providing medical information in the field of adverse drug events; health services, namely custom healthcare in the nature of medical, mental health, and dental clinic services and pharmacy services, dentistry services, mobile medical clinic services, medical consulting in the field of medical clinic, medical testing, medical treatment, and pharmacy services, remote medical and patient monitoring services, namely remote monitoring of patient medical data for medical diagnosis and treatment, virtual healthcare services, 24/7 medical support service and on demand medical support services in the nature of providing medical clinic, medical testing, medical treatment, and pharmacy information, advisory and consultancy services, health care consultancy in the field of public health, outpatient monitoring and support services, namely, monitoring of patient medical data for medical diagnosis and treatment, and providing medical clinic, medical testing, medical treatment, and pharmacy information, advisory and consultancy services, nursing services, psychological assessment and evaluations services

Class 45

(10) Nuclear and environment services, namely historical site assessments and site walk-downs to support scoping and health and safety planning all in the nature of safety consultation to improve the safety of employees at nuclear facilities; nuclear regulatory affairs and licensing services, namely developing a licensing strategy and providing support throughout its execution, documenting a licensing basis in a safety case or a safety report, and participating in the development of regulatory standards, namely consultancy in the field of obtaining licensing for the storage and handling of nuclear substances and radiation devices, nuclear safety regulations and environmental regulatory matters, workplace safety in the fields of emergency preparedness and response, radiation protection, nuclear power plant operational support; emergency management solutions, namely developing, reviewing, assessing and revising emergency management plans, emergency response support plans, and surge capacity planning for extended emergency duration in the field of emergency responses for communities and the physical protection of individuals, namely, providing consultation and information in the field of emergency response for communities; emergency management solutions, namely, providing information and consultation in the fields of emergency risk assessment and emergency risk management to public organizations and communities relating to physical safety of persons and critical infrastructure; providing information in the field of legal regulatory affairs; legal services in the nature of medical and pharmaceutical ethics review board services; emergency management solutions, namely, providing information and consultation in the fields of emergency risk assessment and emergency risk management to public organizations and communities relating to physical safety of persons and critical infrastructure

The logo for LagunaB features the word "LAGUNA" in a bold, uppercase, sans-serif font. To the right of "LAGUNA" is a large, stylized letter "B". A thick, black, curved line starts under the "A" in "LAGUNA" and sweeps under the "B", ending under the bottom loop of the "B".

Goods

Class 08

(1) Cutlery, and food preparation implements namely kitchen knives, hand-operated cutting tools and hand tools, namely, grinding wheels, safety cutters, box cutters, chisels, hand-operated saws, gouges, and carving knives

Class 20

(2) Home furniture; furniture fittings, not of metal; containers, not of metal for storage and transport; closures, not of metal, for containers

Class 21

(3) Household utensils for cleaning, namely, brooms, cleaning brushes for household use, kitchen cleaning sponges, scouring sponges, and scrub sponges, household scrubbing brushes, scouring pads, pot scrapers; planters of glass being pots for flowers and plants; articles for the care of clothing and footwear, namely, brushes, shoe brushes, shoe horns, shoe stretchers, shoe shine sponges and cloths, clothes drying hangers and racks, frames for drying and maintaining the shape of clothing items; vases; glass floor vases; porcelain flower pots; planters of earthenware being pots for flowers and plants; ritual flower vases; vases not of precious metal; sprinklers, namely, garden sprinklers, lawn sprinklers, sprinklers for watering flowers and plants; flower pot holders; flower vases; saucers for flower pots; tableware and cookware namely, bowls, plates, pots, cooking pans, cups, serving trays, serving platters, tea service, coffee services, cookware, and food and beverage containers for household use; stone floor vases; floor vases; watering cans; clay floor vases; bowls for plants; cosmetic and toilet utensils, namely, cosmetic brushes, toilet brushes, loofah for bathing, thread for eyebrow threading, electric combs; electric

toothbrushes, hair combs, toothbrushes, toothbrush cases, dental floss, foam toe separators for use in pedicures, powder puffs, fitted vanity cases; flower pots; jardinieres of glass; glass vases; jardinieres of earthenware; unworked and semi-worked glass, not specified for use

Services

Class 35

(1) Retail services in relation to non-alcoholic beverages; business administrative assistance, management and administrative services; retail services in relation to works of art; wholesale services in relation to jewellery; retail services in relation to lighting; wholesale services in relation to works of art; retail services in relation to jewellery; wholesale services in relation to tableware; retail services in relation to furniture; retail services in relation to furnishings; retail services for works of art provided by art galleries; providing information regarding advertising, marketing and promotional services for others; wholesale services in relation to lighting; wholesale services in relation to furniture; wholesale services in relation to art materials; wholesale services in relation to cutlery; wholesale services in relation to furnishings; retail services in relation to tableware; online retail services relating to jewelry

Class 41

(2) Educational services, namely, conducting classes, seminars and workshops regarding culture, arts, and sciences in the field of glass and artistic production and the environmental and economic issues generally impacting the field of glass and artistic production; Entertainment in the nature of sports competitions

Class 09

(1) Prerecorded video and audio discs, DVDs, video and audio cassettes, optical and magneto-optical discs featuring news, entertainment, sports, comedy, drama, music and variety shows; prerecorded CDs featuring music and motion picture sound tracks; digital media, namely, downloadable audio and visual recordings in the fields of news, entertainment, sports, comedy, drama, music and variety shows; downloadable software in the nature of mobile applications for accessing, streaming and viewing audio and visual media content for use with computers, mobile phones, portable handheld computers and tablet computers; video game discs; downloadable video game software; interactive multi-media computer games; protective covers and cases for tablet computers, e-book readers, smart phones, mobile phones, MP3 players, and personal digital assistants; wireless charging pads for smartphones, battery chargers for cell phones, smartphones, tablet computers, laptop computers, home video game machines, USB chargers, joystick chargers; sports eyewear, eyeglasses, sunglasses and cases therefor; decorative magnets; cinematographic cameras, cinematographic projectors, editing appliances for cinematographic films, and exposed cinematographic film; wireless communication devices and systems for computer software for the transmission of audio, voice and images, namely tablet computers, smart phones and personal digital assistants; downloadable animated cartoons; electronic publications, downloadable, namely, magazines and books in the field of entertainment; magnetically encoded and electronic gift cards

Class 16

(2) Books and magazines in the fields of entertainment; paper party decorations; paper party supplies, namely, paper napkins, paper place mats, gift wrapping paper and paper gift wrapping ribbons, paper gift wrap bows, paper table cloths and paper party bags; children's activity books; children's storybooks; comic books; graphic novels; colouring books; book marks; loose leaf binders; stationery-type portfolios; wire-bound notebooks; note pads; writing pads; blank journals; diaries; daily planners; calendars; scrapbook albums; sketchbook albums; photograph albums; sticker albums; stickers, decals; stamp pads; inking pads; rubber stamps; temporary tattoo transfers with a paper backing; writing slates; pencils; pens; pencil erasers; decorative pencil-top ornaments; pen cases and pencil cases; pen boxes and pencil boxes; pencil sharpeners; chalk;

marker pens and highlighting markers; posters; postcards; trading cards, other than for games; greeting cards; pennants made of paper; painting sets for children; arts and crafts paint kits; study kits, consisting of pencil erasers, drawing rulers, pencil sharpeners and pencil case; stationery packs consisting of writing paper, envelopes, marker pens and highlighting markers, and stencils; activity kits consisting of stickers and rubber stamps

Class 25

(3) Clothing namely, shirts, namely t-shirts, blouses, sweaters, dresses, skirts, pants, trousers, jeans, shorts, rompers, overalls, sweatshirts and sweat pants, sweatsuits, gloves, suspenders, ties, coats and jackets, hosiery, pajamas, bath robes, sleep shirts, sleepwear, swimwear, underwear, Halloween costumes, infantwear and cloth baby bibs; hats; headwear, namely, caps; shoes, boots, and slippers

Class 28

(4) Toys, games and playthings, namely, action figures and accessories therefor, bathtub toys, kites, toy building blocks, board games, action skill games, manipulative puzzles, target games, bubble making wand and solution sets, children's multiple activity toys, costume masks, mechanical toys, toy vehicles and accessories therefor, dolls, doll accessories, doll clothing, bean bag dolls, toy figures and accessories therefor, play figures, inflatable toys, flying discs, jigsaw puzzles, marbles, plush toys, puppets, ride-on toys, skateboards, balloons, roller skates, toy banks, water squirting toys and stuffed toys; Christmas tree ornaments; toy water globes; pinball machines; playing cards; hand-held unit for playing electronic games adapted for use with an external display screen and monitor; golf and sports balls, stress relief exercise balls

Class 29

(5) Canned fruits and vegetables; crystallized fruits; frozen fruits and vegetables; jams, chocolate nut butter, cocoa butter and peanut butter; margarine; meat; milk; preserved onions, preserved olives; pickles; potato chips; dried meat; dried vegetables; dried fruits; raisins, fruit salads, fruit jellies, marmalade; seafood; soy-based beverage for use as a milk substitute; vegetable and fruit juices for cooking

Class 30

(6) Cookies, breakfast cereal, bubble gum, cake decorations made of candy, chewing gum, frozen confections, crackers, frozen yogurt, ice cream, pretzels, peanut butter confectionery chips, malt extract for food; malt biscuits; sugar confectionery, namely, candy, candy bars, candy mints, candy coated and caramel popcorn, and candy decorations for cakes; edible cake decorations; rice; rice cakes; pastries; biscuits and bread; coffee beverages with milk; cocoa beverages with milk, non-alcoholic chocolate-based beverages, coffee and coffee-based beverages, cocoa and cocoa-based beverages; tea, namely, ginseng tea, black tea, oolong tea, barley and barley-leaf tea; meat tenderizers for household purposes; starch for food, prepared meals consisting primarily of pasta; prepared meals consisting primarily of cooked rice; pasta side dishes; rice side dishes

Services

Class 41

Entertainment services in the nature of film, television series, short films and short form television programs, videos and podcasts featuring news, sports, comedy, drama, music and variety shows; entertainment services in the nature of the production and distribution of film, television series, short films and short form television programs, videos, podcasts and games featuring news, entertainment, sports, comedy, drama, music and variety shows; providing non-downloadable images and non-downloadable videos in the field of news and entertainment in the nature of films, television series and series of short films, videos and video-clips featuring reality, comedy, drama,

news and variety shows via a website, the internet, mobile and wireless networks; providing interactive online computer games via a global network; amusement park attraction and theme park services; live stage performances, namely, presentation of live show performances; providing waterpark services; providing recreational areas for entertainment and amusement, namely, interactive play areas and playgrounds for children and families; arranging and conducting special events and activities for children, and costume contests, displays and exhibitions in the field of entertainment news and information relating to performance arts, children's entertainment and animated characters; providing video-on-demand and rental of film, television series, short films and short form television programs, videos, podcasts and games in the fields of news, sports, comedy, drama, music and variety shows; online publication of non-downloadable electronic publications, namely, electronic books and magazines, comic books and graphic novels featuring news, entertainment, sports, comedy, drama, music and variety shows

Goods

Class 09

Control systems comprised of computer hardware and recorded software for the remote management of roadway, street and area lighting, parking lots lighting, sports facilities lighting, building lighting, and smart cities telecommunication infrastructure, data sensors, actuators controls and monitors, featuring software applications, databases, data management, smart wireless relays, keypads, modems, sensors with various I/O and Interfaces, power and status meters, astronomical and standard clocks, gateway and bridges, using a power line and/or radio frequency and/or wired communication technologies.

Services

Class 37

(1) Installation and maintenance services of control systems in the nature of computer hardware using an innovative radiofrequency (RF) communication technology for building automation and home automation applications for buildings applicable, namely, to lighting control, air conditioning, heating and energy efficiency.

Class 42

(2) Research and development services for others in the field of control systems using an innovative powerline communication technology for building automation and home automation applications for buildings applicable, namely, to lighting control, air conditioning, heating and energy efficiency.

Goods

Class 02

(1) Dyes, namely, rapid dyes, synthetic dyes, natural dyes and food dyes; watercolour paints; food dyes; toner cartridges, filled, for printers and photocopiers; ink for printers and photocopiers; ink cartridges, filled, for printers and photocopiers; coating compositions in the nature of paint; anti-tarnishing preparations for coating metals; anti-tarnishing preparations for metals; mastic being unprocessed natural resin.

Class 03

(2) Baby wipes impregnated with cleaning preparations; cakes of toilet soap; detergents for household use; shining preparations being polish; sharpening preparations being pumice stones for personal use; essential oils and essential oil blends for personal use; cosmetics; dentifrices; potpourris; non-medicated mouth washes for pets; air fragrancing preparations.

Class 07

(3) Agricultural machines, namely, cultivators, harvestors, disk harrows, seeders; agricultural implements, namely, incorporators; agricultural implements, namely, coulters; aerating pumps for aquaria; mechanized livestock feeders; milking machines; hair cutting machines for animals; woodworking machines, namely, bending machines for woodworking, circular saws for woodworking, laser engraving machines for woodworking, robots and robotic arms for woodworking, sanding machines for woodworking and woodworking lathes; papermaking machines; machines for the manufacture of paper diapers; printing presses; darning machines; dyeing machines, namely, dyeing machines in the fields of electronics, dyeing machines for smart home products, and dyeing machines used in the automotive industry; food preparation machines, namely, food mixing machines for household use, food mixing machines for commercial use, meat

mincers, electric, food chopping machines for commercial use, meat processing machines and coffee extracting machines; machines for making aerated beverages, electric; brewing machines, namely, wine presses, electric juice extractors, beverage preparation machines, electromechanical, namely, electric blenders for the preparation of drinks and beverage preparation machines, electromechanical, namely, electric juicers; tobacco processing machines; leather dressing machines; iron press machines for clothing; machines for the bicycle industry, namely, block chain making machines, rim making machines and fender making machines; printing machines for use with ceramics; milling machines and grinding machines for the treatment of ceramics; engraving machines; industrial inkjet, thermal and laser label printing machines; battery core pressing machines; battery cable rolling machines; cord making machines; pen making machines; light bulb making machines; electric vacuum food sealers for household purposes; electric juicers; juice extractors, electric; dishwashers; coffee grinders, other than hand-operated; kitchen machines, electric, for making whipped cream; kitchen machines, namely, electric standing mixers; whisks, electric, for household purposes; blenders, electric, for food and drink preparation; mills for household purposes, other than hand-operated; food processors, electric; electrical coffee grinders; mixing machines, namely, food mixing machines for household use, food mixing machines for commercial use and bakery mixing machines; laundry washing machines; wringing machines for laundry; disintegrators for chemical processing; embossing printing machines; glass-working machines, namely, glass bottle making machines, glass cutting machines and glass polishing machines; electromechanical machines for chemical industry, namely, blending machines for chemical processing, calcining machines for chemical processing, chemical fiber spinning machines, dissolving machines for chemical processing, emulsifying machines for chemical processing, filtering machines for chemical processing and granulating machines for chemical processing; bottle rinsing machine; electric plasma cutters; metal welding machines, namely, cutters; drilling rigs, floating or non-floating; drilling rigs, floating or non-floating; mixers being kitchen machines; computer numerical control [CNC] machine tools for whitewashing machines; mechanical railed lifting conveyors; robotic arms for loading; conveyors, machines; electric hammers; foundry machines, namely, melting furnaces, ladles, forklifts, cranes, conveyors, and transfer vessels; steam condensers being parts of machines; carburettors; hydraulic turbines; industrial robots, namely, industrial robots for processing and shaping wood, industrial robots for shaping metal, industrial robots for welding and industrial robots for working plastic material; handling machines, automatic in the nature of manipulators; cowlings being parts of machines; electric wire and cable manufacturing machines; electromotion screwdriver; electric hand-held drills; hand-held electric drills, excluding electric coal drill; painting machines; dynamos; filters for cleaning cooling air, for engines; motors, electric, other than for land vehicles, namely, airplane motors, elevator motors and alternating current servo motors; pumps as parts of machines, motors and engines; pneumatic pumps; valves being parts of machines; aerocondensers; hydraulic couplers; transmissions for machines; speed governors for machines, engines and motors; bearing being parts of machines not for land vehicles; bearings being parts of machines; belts for machines; rubber tracks being parts of crawlers on construction machines; gas-operated welding machines; robotic floor sweepers; floor scrubbing machines; steam cleaning machines; floor cleaning machines; electric window cleaning machines; electric cordless sweepers; cordless vacuum cleaners; vacuum cleaners; electric vacuum cleaners; steam mops; brushes for vacuum cleaners; dust filters and bags for vacuum cleaners; sifting installations, namely, paper pulp sifting machines and sifting machines for the separation of wet and dry materials; curtain drawing devices, electrically operated; drums being parts of machines, namely, hoisting drums, washing machine drums and milling drums; 3D printers; shoe polishers, electric; racket stringing machines; vending machines; label guns; industrial label printing machines; robotic exoskeleton suits, other than for medical purposes; 3D printing pens; electroplating machines.

Class 08

(4) Hand-operated abrading instruments; hand-operated agricultural implements, namely, broadforks; garden tools, hand-operated; instruments and tools for skinning animals; harpoons; razors, electric or non-electric; electric hair crimper; nail clippers; beard clippers; razor blades; electric irons for styling hair; electric hair straighteners; screwdrivers, non-electric; flat irons; tweezers; knives, namely, butcher knives, chef knives, carving knives and household knives; side arms, other than firearms; table cutlery, namely, knives, forks and spoons; handles for hand-operated hand tools; hand tools, hand-operated.

Class 09

(5) Computer software applications, downloadable, namely, computer software applications for the management and provision of customer relationship management, downloadable applications for handheld computers, tablet computers and mobile phones to enable the streaming of movies and television shows, downloadable computer application software for maintaining and updating computer games, downloadable computer application software for use in tracking the location and maintenance history of shopping carts, downloadable computer software applications for social networking services and downloadable computer applications for buyers and sellers of goods and services to access an on-line marketplace; computer peripheral devices, namely, computer monitors, computer keyboards, computer printers, computer power suppliers, computer scanners, computer screens, computer speakers, computer stands, computer touchscreens, computer touchpads, computer mouse pads, computer disc drives and computer styluses; notebook computers; mobile phone software applications, downloadable, namely, downloadable mobile phone ringtones, downloadable music files, downloadable image files containing artwork, text, audio, video, games and Internet Web links; laser printers; tablet computers; telepresence robots; humanoid robots with artificial intelligence; computers; photo printers; ink-jet document printers; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled, for printers and photocopiers; liquid crystal displays; LED displays; memory cards, namely, blank flash memory cards, blank secure digital (SD) memory cards, digital camera memory cards and flash memory cards; USB flash drives; computer keyboards; computer mouse; mouse pads; smartwatches, data processing; electronic pocket translators; computer operating programs for smartphones, earphones, watches and automobile; touch screen pens; electronically encoded identity wristbands; smartglasses; cases adapted for computers; encoded identification bracelets, magnetic; central processing units; graphics processor units (gpu); computer operating recorded programs; computer monitors; acoustic couplers; fiber optic couplers; digital to analogue converters; pedometers; automated teller machines [ATM]; mechanisms for coin-operated apparatus, namely, coin-operated mechanisms for arcade games, coin-operated mechanisms for television sets and coin-operated mechanisms for vending machines; dictating machines; holograms; hemline markers; voting machines; facial recognition software; optical character recognition apparatus; fingerprint identifier; photocopiers, namely, photographic, electrostatic, thermic; bathroom scales; body fat scale for household purposes; electronic bathroom scales; scales, namely, bathroom scales, body fat scales for household purposes, electronic weighing scales for kitchen use and electronic weighing scales for personal use; digital signs, namely, electronic digital signboards, digital signage display panels and electronic LED signs; cell phones; wearable activity trackers; GPS equipment, namely, navigation devices; network routers; smartphones; navigational instruments, namely, global positioning system (GPS) satellites, compasses, range and depth finders, map measurer; electro-dynamic apparatus for the remote control of signals, namely, radio receivers for remote controls, radio transmitters for remote controls and radio remote controls for operating mobile hydraulic equipment mounted on trucks or vehicles; sound locating instruments in the field of smart home products, smartphones,

headphones, watches bracelets, computers, smart home and automotive; satellite navigational apparatus, namely, satellite navigation devices and satellite navigation systems; equipment for communication network, namely, smart home hubs, smart terminals, smart TVs, smartphones, headphones, watches bracelets, computers, car televisions, car video recorders, navigation computers for cars; on-board computers; selfie sticks for mobile phones; smartphones in the shape of a watch; intercoms; wireless routers; transponders; communication modems; lan [local area network] computer cards for connecting portable computer devices to computer networks; cell phone cases; protective films adapted for smartphones; waterproof cases for smart phones; monopods used to take photographs by positioning a smartphone or camera beyond the normal range of the arm; television displays; microphones; audio- and video-receivers; head-mounted video displays; web cameras; audio cable connectors, splitters and plugs; electronic book readers; noise cancelling earphones; radio sets; rearview cameras for vehicles; camcorder waterproof cases; security surveillance robots; cabinets for loudspeakers; earphone; camcorders; electronic monitoring system for monitoring smartphones, headphones, smart watches, smart bracelets, computers and smart home and automotive equipment, namely smart home hubs, smart terminals, smart TVs, car televisions, car video recorders, navigation computers for cars; television apparatus, namely, television cameras, television monitors, television receivers, television transmitters and television converters; ear pads for headphones; wireless earphones; headphones; electronic book readers; event recorders for security purposes; set-top boxes; wearable video display monitors; virtual reality headsets; multimedia projectors; cameras [photography]; mini beam projectors; selfie sticks, namely, hand-held monopods; measuring apparatus, namely, laser measuring tapes, measuring bowls, measuring buckets, measuring cups, measuring tapes, scientific measuring instruments, namely, conductivity meters, screw-thread measuring instruments, tyre-pressure measurers, wire diameter measuring devices, measuring devices for air-conditioning technology and measuring devices, namely, fluorometers; particle counters for measuring air quality; hygrometers; telemeters; tire pressure gauges; automatic indicators of low pressure in vehicle tyres; temperature indicators; smart bracelets; laboratory robots; Teaching robot with artificial intelligence for education; teaching apparatus with artificial intelligence being humanoid robots with artificial intelligence for use in scientific research; measuring devices, electric, namely, meters for measuring electric current, meters for measuring electrical resistance and meters for measuring electrical voltage; electrical inductors; simulators for the steering and control of vehicles; stereoscopes; wires and cables for electricity mains; USB cables; adapter cables for headphones; semiconductors; electronic chips; integrated circuits; magnetic materials and devices, namely, blank magnetic discs, data storage devices being magnetic tapes, magnetic encoded card readers and magnetic encoders; amplifiers, namely, radio frequency amplifiers, signal amplifiers, optical amplifiers and power amplifiers; electrical conductors for transformers; electric plugs; sensors, namely, distance sensors, level sensors and vibration sensors; power adapters, namely power adapters for computers and power connectors; electric current switches; alarm sensors, namely, sensors for determining temperature; motion sensors, heat sensors and fire sensors; motion recognizing sensors; power strips; optical sensors; temperature sensors; electric connections, namely, electric plugs and sockets; electric sockets; touch sensors; touchscreen sensors; adapter plugs; connections for electric lines; electricity switchboard of high or low voltage; plug connectors; video screens; remote control apparatus, namely, remote controls for air-conditioning apparatus, remote controls for digital media streaming devices namely, smart phones, smart TV, computers, and tablet computers, remote controls for video players, namely, cd players, dvd players and mp4 players, remote controls for hearing aids and electronic key fobs being remote control apparatus; remote controls for household purposes, namely, remote controls for operating alarm systems, remote controls for opening and closing doors, remote controls for gas stoves and fireplaces and remote control of industrial operations in

the field of Sewage treatment, underground mines, industrial furnace industry; lightning conductors; electrolysis apparatus for producing hydrogen and oxygen from water; fire extinguishers; industrial X-ray apparatus; protection devices for personal use against accidents, namely, clothing to protect from abrasion and impacts, asbestos gloves for protection against accidents, boots for protection against accidents, irradiation and fire, clothing for protection against accidents, irradiation and fire; bicycle helmets; safety goggles; protective helmets, namely, protective safety helmets for use on the job site and protective helmets for sports; life saving apparatus and equipment, namely, clothing to protect from abrasion and impacts, asbestos gloves for protection against accidents, boots for protection against accidents, irradiation and fire and clothing for protection against accidents, irradiation and fire; electric theft prevention installations, namely, theft alarms; biometric fingerprint door locks; electronic door locks; electromagnetic locks; alarms, namely, burglar alarms, door alarms, electrical and electronic burglar alarms, baby alarms, fire alarms, gas leak alarms, personal alarms, smoke alarms, anti-intrusion alarms and theft alarms; alarms for the detection of inflammable gases; smoke detectors; peepholes, namely, magnifying lenses for doors; digital door locks; electric door bells; eyeglasses; sunglasses; 3D glasses; cyclists' glasses; USB chargers; battery chargers for mobile phones; wireless chargers, namely, automotive battery chargers, battery chargers for mobile phones, battery chargers for home video game machines, battery chargers for laptop computers, battery chargers for smartphones, battery chargers for tablet computers, chargers for general purpose batteries, solar-powered battery chargers and chargers for electric accumulators; electric batteries for smartphones; electric batteries for vehicles; cell phone battery chargers for use in vehicles; downloadable animated cartoons; sports whistles; eggcandlers; dog whistles; decorative magnets; electrified fences; fridge magnets.

Class 10

(6) Surgical robots; body massagers; electric massage vibrators; electric vibrating massagers; electronic pulse massagers; facial massagers; foot massagers; thermometers for medical purposes; sphygmomanometers; dental apparatus, electric namely, drills for dental use; dental apparatus, electric, namely, intra-oral light system; electric acupuncture instruments; soporific pillows for insomnia; sanitary masks for medical purposes; teething rings; contraceptives, nonchemical; robotic exoskeleton suits for medical purposes; orthopaedic articles, namely, orthopaedic bandages, orthopaedic belts, orthopaedic braces, orthopaedic cushions and orthopaedic footwear; suture materials.

Class 11

(7) Lamps, namely, lanterns, desk lamps, bar lights, light bulbs, lightstrips, night lights, bedside lamps and ceiling lamps; lighting apparatus, namely, ceiling lights, commercial lighting fixtures, fluorescent lighting fixtures, indoor lighting fixtures, electric track lighting units, LED (light emitting diode) lighting fixtures, LED lamps, automobile lights, decorative lamps for exterior lighting, light fixtures, organic light emitting diodes (oled) lighting devices; desk lamps; electric night lights; portable headlamps; ceiling lights; light bulbs; electric torches for lighting; lights for vehicles; germicidal lamps for purifying air; curling lamps being light diffusers or light diffusers; oil lamps; electric saucepans; pressure cookers, autoclaves, electric; tortilla presses, electric; gas burners; kettles, electric; electric toasters for household purposes; electrical rice cookers / electric rice cookers; electric kettles for household purposes; electromagnetic induction cookers for household purposes; electromagnetic induction cookers for industrial purposes; electric frying pans; air fryers; electric egg boilers; electric coffee machines / electric coffee brewers; microwave oven, kitchen appliance; soya milk making machines, electric; baking ovens for household purposes; electric cooking stoves for household purposes; electrically-heated mugs; lava rocks for use in barbecue grills; refrigerators; air purifiers for household purposes; humidifiers for household purposes; air

sterilisers; garment steamers; dehumidifiers for household purposes; electric fans for household purposes; humidifiers; filters for air purifiers for household use; extractor hoods for kitchens; air conditioners; clothes dryers; electric clothes dryers; fans for air conditioning units; reheating furnaces; hair driers, hair dryers; water heaters; fog machines; automatic faucets; ornamental fountains; hydromassage bath apparatus; heating lamps for bath; hand drying apparatus for washrooms; sanitary installations in the nature of ozone mixing chambers; sanitary installations in the nature of personal steam chambers; electric hot water dispensers; electric water purifiers for household purposes; water filtering units for drinking water; filters for water purifiers; pocket warmers; radiators, electric; lighters, namely, candle lighters, gas lighters and grill lighters; polymerisation installations.

Class 12

(8) Rolling stock for railways; automobiles; driverless cars, namely, autonomous cars; push scooters, vehicles; bicycles; collapsible bicycles; self-balancing scooters; go-karts; electric bicycle; self balancing electric scooters; electric scooters; pumps for bicycle tyres; bicycle pumps; aerial conveyors; pushchairs; fold-up pushchairs; wheelchairs; trolleys, namely, two-wheeled trolleys, shopping trolleys, tool trolleys and boat launching trolleys; rescue sleds; tyres for vehicle wheels; repair outfits for inner tubes; photography drones; air cushion vehicles; water vehicles, namely, ships, yachts, submarines; treads for vehicles, namely, roller belts; roof-mounted luggage racks for vehicles; safety seats for children, for vehicles; electrical anti-theft installations for vehicles; electric cars; locomotives; remote control self-balancing electric scooters; underwater remotely operated vehicles [ROV].

Class 14

(9) Precious metals; boxes of precious metal; jewellery boxes; works of art of precious metal; jewellery, namely, necklaces; figurines, statuettes of precious metal; jewellery; wristwatches; watch straps; alarm clocks.

Class 15

(10) Electronic musical instruments; pianos; guitars; violins; horns being musical instruments; musical instruments, namely, guitar, drums, flute, violin, banjo, piano and saxophone; bags specially adapted for holding musical instruments; musical boxes; music stands.

Class 16

(11) Paper; black paperboard for photography; laser printing paper; toilet paper; napkin paper; advertisement boards of paper or cardboard; stickers; calendars; writing paper pads; envelopes; figurines made from paper; printed publications in the field of smartphones; printed publications in the field of internet of things; printed publications in the field of internet service; printed publications in the field of automobiles; children's books incorporating electronic audible device; newsletters; pictures; envelopes of plastic for packaging; plastic bags for packing; bags of paper or plastics- for packaging; paper pouches for packaging; pouches of plastic for packaging; garbage bags of paper or of plastics; stapling presses being office requisites; office requisites, except furniture, namely, office binders, office glue, office paper stationery, office hole punchers and staples for offices; stationery, namely, stationery folders, stationery labels, stationery tabs, pencil sharpeners, glitter for stationery purposes, glue for stationery or household purposes, manifolds, marking pens, stationery pins, document files, and transparency printer paper; Indian inks; address stamps; postage stamps; paper seals; stationery seals; pens; adhesive bands for stationery or household purposes; drawing instruments, namely, drawing pens and drawing pencils; drawing materials, namely drawing books and drawing ink; inking ribbons; teaching materials, namely, blackboards and blackboard erasers; tailors' chalk; architects' models.

Class 18

(12) Leather, unworked or semi-worked; travelling trunks; school bags; gym bags; small backpacks; rucksacks; luggage trunks; all-purpose sports bags; trimmings of leather for furniture; leather thongs; umbrellas; walking sticks; clothing for pets.

Class 21

(13) Food and beverage containers for household use; cooking pots; frying pans; deep fryers, non-electric; rice cooking pots, non-electric; cups; food preserving jars of glass; ceramics for household purposes, namely, ceramic sculptures, vases, vessels, bowls, plates and pots, ceramic jugs and ceramic mugs; works of art made of crystal; thermally insulated beverage cups; coffee filters not of paper being part of non-electric coffee makers; clothes racks, for drying / clothes drying hangers; toilet utensils; trash cans; drying racks for laundry; height adjustable ceiling-mounted drying racks for laundry; toothbrush holders; candle warmers, electric and non-electric; battery-powered aromatherapy oil diffusers; diffusers plugs for air fragrances and aromatic oils; electric aromatherapy oil diffusers; electric fragrance diffusers; hair combs; hair brushes; material for brush-making, namely, animal bristles; water apparatus for cleaning teeth and gums; toothbrushes, electric; heads for electric toothbrushes; manual toothbrushes; toothbrushes; toothpicks; cosmetic utensils, namely, cosmetic brushes, cosmetic spatulas and cosmetic sponges; thermally insulated containers for food; ice cube trays; cloth for washing floors; mops; cleaning instruments, hand-operated, namely, cleaning sponges, cleaning combs, pads for cleaning, steel wool for cleaning, wool waste for cleaning and rags for cleaning; lint removers, electric or non-electric; glass, unworked or semi-worked, except building glass; animal activated livestock waterers; animal-activated pet feeders; animal activated animal feeders; indoor terrariums, namely, vivariums; plug-in diffusers for mosquito repellents; ultrasonic mosquito repellents; ultrasonic pest repellents.

Class 24

(14) Fabrics for textile use; filtering materials of textile; filtering cloth; silk fabrics for printing patterns; felt cloth; face towels of textile; bed linen; quilts; tablemats of textile; curtains of textile; curtains of textile or plastic; fitted toilet lid covers of fabric; marabouts; banners of textile or plastic; shrouds; household linen.

Class 28

(15) Games, namely, action skill games, arcade games and card games and electronic games consoles adapted for use with an external display screen or monitor; apparatus for games, namely, controllers for game consoles; electronic games for the teaching of children; video game interactive control floor pads or mats; slides; building blocks, large size; smart electronic toy vehicles; toy robots; toy models; smart toys, namely, smart robotic toys and smart plush toys; toy drones; baby toys; action toys; educational toys; toy vehicles; baby gyms; battery operated action toys; play sets for action figures; toy scooters; toy building blocks; remote-controlled toy vehicles; cube-type puzzles; balls for games; stationary exercise bicycles; aerobic step boards; running machines; bows for archery; machines for physical exercises, namely, elliptical exercise machines, exercise treadmills and rowing exercise machines; jump ropes; skateboards; hunting game calls; kiddie pools; plastic swimming pools; inflatable pools for recreational use; protective padding for playing sports; protective cups for sports; gloves for games; in-line roller skates; ornaments for Christmas trees, except lights, candles and confectionery; rods for fishing; twirling batons; camouflage screens; scratch cards for playing lottery games; grips for rackets; grip tapes for golf clubs.

Services**Class 35**

(1) Advertising, namely, advertising goods and services of others by promoting the availability of goods for delivery via a global computer network, pay per click advertising for others, advertising of goods and services of others via local and global computer networks, advertising for others through electronic display panels, advertising services provided via the internet, namely, promoting the goods of others by providing information regarding discounts and special offers for the goods of others, advertising by transmission of on-line publicity for third parties through electronic communications networks and advertising and business management consultancy provided on-line from computer database or internet; pay per click advertising; organization and conducting of product presentations; providing business information in the field of retail store operations; providing business information in the fields of marketing and business via a website; commercial intermediation services for commercial transactions for third parties in the field of retail store merchandising services; commercial administration of the licensing of the goods and services of others; commercial information and advice for consumers in the choice of Electronics products, Smart Home and Automotive; provision of an on-line marketplace for buyers and sellers of goods and services; sales promotion for others, namely, developing promotional campaigns for business for others and developing promotional campaigns for others; procurement of contracts for the purchase of goods and services for others; import-export agency services; personnel recruitment; search engine optimization for sales promotion; conducting data searches in computer files for others; compiling indexes of information for commercial or advertising purposes; sponsorship search; rental of vending machines; rental of sales stands; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Class 36

(2) Providing information relating to insurance; financial management; e-wallet payment services; jewellery appraisal; real estate agency services; financial customs brokerage services; surety services; charitable fund raising; fiduciary representative services; fiduciary services for corporate and individuals; securities lending.

Class 37

(3) Building of fair stalls and shops; quarrying services; upholstering; heating equipment installation and repair; installation, maintenance and repair of computer hardware; interference suppression in electrical apparatus; installation and repair of medical machines; motor vehicle maintenance and repair; airplane maintenance and repair; shipbuilding; photographic apparatus repair; clock and watch repair; installation, changing, replacement and repair of locks; re-tinning; repair of rubber tires; furniture restoration; cleaning of clothing; sterilization of medical instruments; elevator installation and repair; burglar alarm installation and repair; telephone repair; pump repair and maintenance; parasol repair; artificial snow-making services; restoration of works of art; tuning of musical instruments; rental of drainage pumps; swimming-pool maintenance; repair of power lines; hand tool repair; installation of sports equipment; repair of sports equipment; rental of dish washing machines; repair of binoculars; repair of toys or dolls; repair of game machines; repair and maintenance of smartphones; telephone installation and repair; cell phone battery charging services; rental of carpet cleaning machines; maintenance and repair of mobile phones; cleaning services for extractor hoods; maintenance and repair of telescopes.

Class 38

(4) News agency services; audio broadcasting of radio programs by satellite; broadcasting of television programmes; transmission of messages by telephone; electronic exchange of messages via a global computer network; electronic delivery of images and photographs via a global computer network; providing internet chatrooms; providing user access to global computer networks; electronic exchange of images and messages via a global computer network; video-on-

demand transmission; teleconferencing services; videoconferencing services; electronic mail and voice over internet protocol (voip) services; messaging and instant messaging services via the Internet; transmission of digital information, namely customer credit rating over telephone networks for assisting strategic planning services in the field of e-commerce in the field of retail store; transmission of digital information, namely customer transaction records over the internet for assisting strategic planning services in the field of business management; transmission of digital information, namely sellers' credit rating over telephone networks for assisting strategic planning services in the field of e-commerce in the field of wholesale store services; providing access to databases.

Class 39

(5) Transportation logistics services, namely, arranging the transportation of goods for others; freight transportation services by automobile; unloading cargo; packaging of goods; ship piloting; truck hauling; vehicle breakdown towing services; car transport; replenishment of vending machines; air transportation of goods; air transportation of freight; car rental; car sharing services; horse rental; leasing of storage space; renting of storage spaces; rental of diving suits; distribution of electrical energy and natural gas to residential and commercial users; operating canal locks; courier services, messages or merchandise; parcel delivery; delivery of goods by courier; travel reservation; transport of fuels by pipeline; rental of wheelchairs; launching of satellites for others; bottling services; push-chair rental.

Class 41

(6) Instruction services, namely, arranging and conducting of seminars and conferences in the field of legal matters, issues, affairs and services, arranging and conducting workshops for educational purposes in the field of management of information technology services and arranging and providing education, instruction, coaching, workshops, courses, and conferences, all in the fields of personal branding, leadership and professional development, interpersonal communications, team-building, advertising, marketing and distribution of training material in connection therewith; arranging and conducting of correspondence courses in the field of e-commerce; arranging and conducting of seminars, namely, arranging and conducting business conferences, arranging and conducting business conferences in the field of e-commerce and arranging and conducting financial conferences; organization of competitions, namely, arranging and conducting computer gaming competitions, arranging and conducting of competitions for encouraging use and development of consumer electronics for gaming and entertainment in the form of math competitions; lending library services; providing online electronic publications, not downloadable, namely, providing nondownloadable electronic publications provided online via mobile devices in the field of social media, providing on-line electronic publications, not downloadable, in the field of children's entertainment via the internet and providing online electronic publications in the form of publishing of electronic newsletters; on-line publication of electronic books and journals; film distribution; providing online videos, not downloadable, namely, electronic publication of on-line videos, not downloadable, in the field of social media via the internet, entertainment services, namely, providing non-downloadable trailers for movies, television shows and video games via a website; production of radio and television programmes; video production; entertainment services in the form of non-downloadable television shows, movies, films, videos and short films; entertainment services, namely, providing virtual environments in which users can interact for recreational, leisure or entertainment purposes; entertainment services, namely, providing online computer game; game services provided on-line from a computer network, namely, providing interactive multiplayer online computer games via a global network and providing non-downloadable computer games via a website; health club services in the nature of physical fitness training; fitness training; toy rental; games equipment rental; conducting guided tours; art

exhibitions; animal training; modelling for artists; organization of lotteries; rental of indoor aquaria; operating of lotteries.

Class 42

(7) Research and development of new products for others; technological research in the field of Smartphones, IOT (Internet of Things), internet service and automobile; providing certification for quality assurance of the services of others in the field of computer security; product quality testing services for smartphones, earphones, watches and automobile; technical surveying; meteorological information; material testing; packaging design; design of telephones; design of interior decor; dress designing; software design and development; research and development of computer software; updating and maintenance of computer software; computer services, namely, integration of private and public cloud computing environments; computer services, namely, remote management for technical support of the cloud computing systems of others; platform as a service (PaaS) featuring software for use in operating, managing, and controlling smartphones, headphones, smart watches, smart bracelets, computers and smart home and automotive equipment, namely smart home hubs, smart terminals, smart TVs, car televisions, car video recorders, navigation computers for cars; platform as a service (PaaS) to enable users to transmit and receive data, namely, audio, video, voice, images, text and graphics over computer networks and global communication networks; platform as a service (PaaS) for managing communications and data exchange among and between mobile devices and desktop computers; platform as a service (PaaS) for the creation of mobile software applications; software as a service [SaaS] for use in operating, managing, and controlling smartphones, headphones, smart watches, smart bracelets, computers and smart home and automotive equipment, namely smart home hubs, smart terminals, smart TVs, car televisions, car video recorders, navigation computers for cars; software as a service [SaaS] for use in transmitting and receiving data, namely, audio, video, voice, images, text and graphics in the fields of email, video conferencing, online meeting, and online chat, over computer networks and global communication networks; software as a service [SaaS] for managing communications and data exchange among and between mobile devices and desktop computers; software as a service [SaaS] for the creation of mobile software applications; consultancy in the design and development of computer hardware; providing information on computer technology and programming via a web site; electronic data storage for archiving corporate records; authenticating works of art; graphic arts design; cloud seeding; handwriting analysis, namely, graphology; cartography services; rental of meters for the recording of energy consumption.

Class 45

(8) Monitoring of burglar and security alarms; lifeguard services; monitoring of security alarms; chaperoning; personal wardrobe styling consultancy; funerary undertaking; opening of security locks; online social networking services; fire-fighting; organization of religious meetings; adoption agency services; lost property return; rental of safes; genealogical research; planning and arranging of wedding ceremonies; releasing doves for special occasions; dating services; leasing of internet domain names; intellectual property consultancy.

Goods

Class 02

(1) Dyes, namely, rapid dyes, synthetic dyes, natural dyes and food dyes; watercolour paints; food dyes; toner cartridges, filled, for printers and photocopiers; ink for printers and photocopiers; ink cartridges, filled, for printers and photocopiers; coating compositions in the nature of paint; anti-tarnishing preparations for coating metals; anti-tarnishing preparations for metals; mastic being unprocessed natural resin.

Class 03

(2) Baby wipes impregnated with cleaning preparations; cakes of toilet soap; detergents for household use; shining preparations being polish; sharpening preparations being pumice stones for personal use; essential oils and essential oil blends for personal use; cosmetics; dentifrices; potpourris; non-medicated mouth washes for pets; air fragrancing preparations.

Class 07

(3) Agricultural machines, namely, cultivators, harvestors, disk harrows, seeders; agricultural implements, namely, incorporators; agricultural implements, namely, coulters; aerating pumps for aquaria; mechanized livestock feeders; milking machines; hair cutting machines for animals; woodworking machines, namely, bending machines for woodworking, circular saws for woodworking, laser engraving machines for woodworking, robots and robotic arms for woodworking, sanding machines for woodworking and woodworking lathes; papermaking machines; machines for the manufacture of paper diapers; printing presses; darning machines; dyeing machines, namely, dyeing machines in the fields of electronics, dyeing machines for smart home products, and dyeing machines used in the automotive industry; food preparation machines, namely, food mixing machines for household use, food mixing machines for commercial use, meat mincers, electric, food chopping machines for commercial use, meat processing machines and coffee extracting machines; machines for making aerated beverages, electric; brewing machines, namely, wine presses, electric juice extractors, beverage preparation machines, electromechanical, namely, electric blenders for the preparation of drinks and beverage preparation machines, electromechanical, namely, electric juicers; tobacco processing machines; leather dressing machines; iron press machines for clothing; machines for the bicycle industry, namely, block chain making machines, rim making machines and fender making machines; printing machines for use with ceramics; milling machines and grinding machines for the treatment of ceramics; engraving machines; industrial inkjet, thermal and laser label printing machines; battery core pressing machines; battery cable rolling machines; cord making machines; pen making machines; light bulb making machines; electric vacuum food sealers for household purposes; electric juicers; juice extractors, electric; dishwashers; coffee grinders, other than hand-operated; kitchen machines, electric, for making whipped cream; kitchen machines, namely, electric standing mixers; whisks, electric, for household purposes; blenders, electric, for food and drink preparation; mills for household purposes, other than hand-operated; food processors, electric; electrical coffee grinders; mixing machines, namely, food mixing machines for household use, food mixing machines for commercial use and bakery mixing machines; laundry washing machines; wringing machines for laundry; disintegrators for chemical processing; embossing printing machines; glass-working machines, namely, glass bottle making machines, glass cutting machines and glass polishing machines; electromechanical machines for chemical industry, namely, blending machines for chemical processing, calcining machines for chemical processing, chemical fiber spinning machines, dissolving machines for chemical processing, emulsifying machines for chemical processing, filtering machines for chemical processing and granulating machines for chemical processing; bottle rinsing machine; electric plasma cutters; metal welding machines, namely, cutters; drilling rigs, floating or non-floating; drilling rigs, floating or non-floating; mixers being kitchen machines; computer numerical control [CNC] machine tools for whitewashing machines; mechanical railed lifting conveyors; robotic arms for loading; conveyors, machines; electric hammers; foundry machines, namely, melting furnaces, ladles, forklifts, cranes, conveyors, and transfer vessels; steam condensers being parts of machines; carburettors; hydraulic turbines; industrial robots, namely, industrial robots for processing and shaping wood, industrial robots for shaping metal, industrial robots for welding and industrial robots for working plastic material; handling machines, automatic in the nature of manipulators; cowlings being parts of machines; electric wire and cable manufacturing machines; electromotion screwdriver; electric hand-held drills; hand-held electric drills, excluding electric coal drill; painting machines; dynamos; filters for cleaning cooling air, for engines; motors, electric, other than for land vehicles, namely, airplane motors, elevator motors and alternating current servo motors; pumps as parts of machines, motors and engines; pneumatic pumps; valves being parts of machines; aerocondensers; hydraulic couplers; transmissions for machines; speed governors for machines, engines and motors; bearing being parts of machines not for land vehicles; bearings being parts of machines; belts for

machines; rubber tracks being parts of crawlers on construction machines; gas-operated welding machines; robotic floor sweepers; floor scrubbing machines; steam cleaning machines; floor cleaning machines; electric window cleaning machines; electric cordless sweepers; cordless vacuum cleaners; vacuum cleaners; electric vacuum cleaners; steam mops; brushes for vacuum cleaners; dust filters and bags for vacuum cleaners; sifting installations, namely, paper pulp sifting machines and sifting machines for the separation of wet and dry materials; curtain drawing devices, electrically operated; drums being parts of machines, namely, hoisting drums, washing machine drums and milling drums; 3D printers; shoe polishers, electric; racket stringing machines; vending machines; label guns; industrial label printing machines; robotic exoskeleton suits, other than for medical purposes; 3D printing pens; electroplating machines.

Class 08

(4) Hand-operated abrading instruments; hand-operated agricultural implements, namely, broadforks; garden tools, hand-operated; instruments and tools for skinning animals; harpoons; razors, electric or non-electric; electric hair crimper; nail clippers; beard clippers; razor blades; electric irons for styling hair; electric hair straighteners; screwdrivers, non-electric; flat irons; tweezers; knives, namely, butcher knives, chef knives, carving knives and household knives; side arms, other than firearms; table cutlery, namely, knives, forks and spoons; handles for hand-operated hand tools; hand tools, hand-operated.

Class 09

(5) Computer software applications, downloadable, namely, computer software applications for the management and provision of customer relationship management, downloadable applications for handheld computers, tablet computers and mobile phones to enable the streaming of movies and television shows, downloadable computer application software for maintaining and updating computer games, downloadable computer application software for use in tracking the location and maintenance history of shopping carts, downloadable computer software applications for social networking services and downloadable computer applications for buyers and sellers of goods and services to access an on-line marketplace; computer peripheral devices, namely, computer monitors, computer keyboards, computer printers, computer power suppliers, computer scanners, computer screens, computer speakers, computer stands, computer touchscreens, computer touchpads, computer mouse pads, computer disc drives and computer styluses; notebook computers; mobile phone software applications, downloadable, namely, downloadable mobile phone ringtones, downloadable music files, downloadable image files containing artwork, text, audio, video, games and Internet Web links; laser printers; tablet computers; telepresence robots; humanoid robots with artificial intelligence; computers; photo printers; ink-jet document printers; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled, for printers and photocopiers; liquid crystal displays; LED displays; memory cards, namely, blank flash memory cards, blank secure digital (SD) memory cards, digital camera memory cards and flash memory cards; USB flash drives; computer keyboards; computer mouse; mouse pads; smartwatches, data processing; electronic pocket translators; computer operating programs for smartphones, earphones, watches and automobile; touch screen pens; electronically encoded identity wristbands; smartglasses; cases adapted for computers; encoded identification bracelets, magnetic; central processing units; graphics processor units (gpus); computer operating recorded programs; computer monitors; acoustic couplers; fiber optic couplers; digital to analogue converters; pedometers; automated teller machines [ATM]; mechanisms for coin-operated apparatus, namely, coin-operated mechanisms for arcade games, coin-operated mechanisms for television sets and coin-operated mechanisms for vending machines; dictating machines; holograms; hemline markers; voting machines; facial recognition software; optical character recognition apparatus; fingerprint identifier; photocopiers, namely, photographic, electrostatic,

thermic; bathroom scales; body fat scale for household purposes; electronic bathroom scales; scales, namely, bathroom scales, body fat scales for household purposes, electronic weighing scales for kitchen use and electronic weighing scales for personal use; digital signs, namely, electronic digital signboards, digital signage display panels and electronic LED signs; cell phones; wearable activity trackers; GPS equipment, namely, navigation devices; network routers; smartphones; navigational instruments, namely, global positioning system (GPS) satellites, compasses, range and depth finders, map measurers; electro-dynamic apparatus for the remote control of signals, namely, radio receivers for remote controls, radio transmitters for remote controls and radio remote controls for operating mobile hydraulic equipment mounted on trucks or vehicles; sound locating instruments in the field of smart home products, smartphones, headphones, watches bracelets, computers, smart home and automotive; satellite navigational apparatus, namely, satellite navigation devices and satellite navigation systems; equipment for communication network, namely, smart home hubs, smart terminals, smart TVs, smartphones, headphones, watches bracelets, computers, car televisions, car video recorders, navigation computers for cars; on-board computers; selfie sticks for mobile phones; smartphones in the shape of a watch; intercoms; wireless routers; transponders; communication modems; lan [local area network] computer cards for connecting portable computer devices to computer networks; cell phone cases; protective films adapted for smartphones; waterproof cases for smart phones; monopods used to take photographs by positioning a smartphone or camera beyond the normal range of the arm; television displays; microphones; audio- and video-receivers; head-mounted video displays; web cameras; audio cable connectors, splitters and plugs; electronic book readers; noise cancelling earphones; radio sets; rearview cameras for vehicles; camcorder waterproof cases; security surveillance robots; cabinets for loudspeakers; earphone; camcorders; electronic monitoring system for monitoring smartphones, headphones, smart watches, smart bracelets, computers and smart home and automotive equipment, namely smart home hubs, smart terminals, smart TVs, car televisions, car video recorders, navigation computers for cars; television apparatus, namely, television cameras, television monitors, television receivers, television transmitters and television converters; ear pads for headphones; wireless earphones; headphones; electronic book readers; event recorders for security purposes; set-top boxes; wearable video display monitors; virtual reality headsets; multimedia projectors; cameras [photography]; mini beam projectors; selfie sticks, namely, hand-held monopods; measuring apparatus, namely, laser measuring tapes, measuring bowls, measuring buckets, measuring cups, measuring tapes, scientific measuring instruments, namely, conductivity meters, screw-thread measuring instruments, tyre-pressure measurers, wire diameter measuring devices, measuring devices for air-conditioning technology and measuring devices, namely, fluorometers; particle counters for measuring air quality; hygrometers; telemeters; tire pressure gauges; automatic indicators of low pressure in vehicle tyres; temperature indicators; smart bracelets; laboratory robots; Teaching robot with artificial intelligence for education; teaching apparatus with artificial intelligence being humanoid robots with artificial intelligence for use in scientific research; measuring devices, electric, namely, meters for measuring electric current, meters for measuring electrical resistance and meters for measuring electrical voltage; electrical inductors; simulators for the steering and control of vehicles; stereoscopes; wires and cables for electricity mains; USB cables; adapter cables for headphones; semiconductors; electronic chips; integrated circuits; magnetic materials and devices, namely, blank magnetic discs, data storage devices being magnetic tapes, magnetic encoded card readers and magnetic encoders; amplifiers, namely, radio frequency amplifiers, signal amplifiers, optical amplifiers and power amplifiers; electrical conductors for transformers; electric plugs; sensors, namely, distance sensors, level sensors and vibration sensors; power adapters, namely power adapters for computers and power connectors; electric current switches; alarm sensors, namely, sensors for determining temperature; motion

sensors, heat sensors and fire sensors; motion recognizing sensors; power strips; optical sensors; temperature sensors; electric connections, namely, electric plugs and sockets; electric sockets; touch sensors; touchscreen sensors; adapter plugs; connections for electric lines; electricity switchboard of high or low voltage; plug connectors; video screens; remote control apparatus, namely, remote controls for air-conditioning apparatus, remote controls for digital media streaming devices namely, smart phones, smart TV, computers, and tablet computers, remote controls for video players, namely, cd players, dvd players and mp4 players, remote controls for hearing aids and electronic key fobs being remote control apparatus; remote controls for household purposes, namely, remote controls for operating alarm systems, remote controls for opening and closing doors, remote controls for gas stoves and fireplaces and remote control of industrial operations in the field of Sewage treatment, underground mines, industrial furnace industry; lightning conductors; electrolysis apparatus for producing hydrogen and oxygen from water; fire extinguishers; industrial X-ray apparatus; protection devices for personal use against accidents, namely, clothing to protect from abrasion and impacts, asbestos gloves for protection against accidents, boots for protection against accidents, irradiation and fire, clothing for protection against accidents, irradiation and fire; bicycle helmets; safety goggles; protective helmets, namely, protective safety helmets for use on the job site and protective helmets for sports; life saving apparatus and equipment, namely, clothing to protect from abrasion and impacts, asbestos gloves for protection against accidents, boots for protection against accidents, irradiation and fire and clothing for protection against accidents, irradiation and fire; electric theft prevention installations, namely, theft alarms; biometric fingerprint door locks; electronic door locks; electromagnetic locks; alarms, namely, burglar alarms, door alarms, electrical and electronic burglar alarms, baby alarms, fire alarms, gas leak alarms, personal alarms, smoke alarms, anti-intrusion alarms and theft alarms; alarms for the detection of inflammable gases; smoke detectors; peepholes, namely, magnifying lenses for doors; digital door locks; electric door bells; eyeglasses; sunglasses; 3D glasses; cyclists' glasses; USB chargers; battery chargers for mobile phones; wireless chargers, namely, automotive battery chargers, battery chargers for mobile phones, battery chargers for home video game machines, battery chargers for laptop computers, battery chargers for smartphones, battery chargers for tablet computers, chargers for general purpose batteries, solar-powered battery chargers and chargers for electric accumulators; electric batteries for smartphones; electric batteries for vehicles; cell phone battery chargers for use in vehicles; downloadable animated cartoons; sports whistles; eggcandlers; dog whistles; decorative magnets; electrified fences; fridge magnets.

Class 10

(6) Surgical robots; body massagers; electric massage vibrators; electric vibrating massagers; electronic pulse massagers; facial massagers; foot massagers; thermometers for medical purposes; sphygmomanometers; dental apparatus, electric namely, drills for dental use; dental apparatus, electric, namely, intra-oral light system; electric acupuncture instruments; soporific pillows for insomnia; sanitary masks for medical purposes; teething rings; contraceptives, nonchemical; robotic exoskeleton suits for medical purposes; orthopaedic articles, namely, orthopaedic bandages, orthopaedic belts, orthopaedic braces, orthopaedic cushions and orthopaedic footwear; suture materials.

Class 11

(7) Lamps, namely, lanterns, desk lamps, bar lights, light bulbs, lightstrips, night lights, bedside lamps and ceiling lamps; lighting apparatus, namely, ceiling lights, commercial lighting fixtures, fluorescent lighting fixtures, indoor lighting fixtures, electric track lighting units, LED (light emitting diode) lighting fixtures, LED lamps, automobile lights, decorative lamps for exterior lighting, light fixtures, organic light emitting diodes (oled) lighting devices; desk lamps; electric night lights;

portable headlamps; ceiling lights; light bulbs; electric torches for lighting; lights for vehicles; germicidal lamps for purifying air; curling lamps being light diffusers or light diffusers; oil lamps; electric saucepans; pressure cookers, autoclaves, electric; tortilla presses, electric; gas burners; kettles, electric; electric toasters for household purposes; electrical rice cookers / electric rice cookers; electric kettles [for household purposes]; electromagnetic induction cookers for household purposes; electromagnetic induction cookers for industrial purposes; electric frying pans; air fryers; electric egg boilers; electric coffee machines / electric coffee brewers; microwave oven; soya milk making machines, electric; baking ovens for household purposes; electric cooking stoves for household purposes; electrically-heated mugs; lava rocks for use in barbecue grills; refrigerators; air purifiers for household purposes; humidifiers for household purposes; air sterilisers; garment steamers; dehumidifiers for household purposes; electric fans for household purposes; humidifiers; filters for air purifiers for household use; extractor hoods for kitchens; air conditioners; clothes dryers; electric clothes dryers; fans for air conditioning units; reheating furnaces; hair driers, hair dryers; water heaters; fog machines; automatic faucets; ornamental fountains; hydromassage bath apparatus; heating lamps for bath; hand drying apparatus for washrooms; sanitary installations in the nature of ozone mixing chambers; sanitary installations in the nature of personal steam chambers; electric hot water dispensers; electric water purifiers for household purposes; water filtering units for drinking water; filters for water purifiers; pocket warmers; radiators, electric; lighters, namely, candle lighters, gas lighters and grill lighters; polymerisation installations.

Class 12

(8) Rolling stock for railways; automobiles; driverless cars, namely, autonomous cars; push scooters, vehicles; bicycles; collapsible bicycles; self-balancing scooters; go-karts; electric bicycle; self balancing electric scooters; electric scooters; pumps for bicycle tyres; bicycle pumps; aerial conveyors; pushchairs; fold-up pushchairs; wheelchairs; trolleys, namely, two-wheeled trolleys, shopping trolleys, tool trolleys and boat launching trolleys; rescue sleds; tyres for vehicle wheels; repair outfits for inner tubes; photography drones; air cushion vehicles; water vehicles, namely, ships, yachts, submarines; treads for vehicles, namely roller belts; roof-mounted luggage racks for vehicles; safety seats for children, for vehicles; electrical anti-theft installations for vehicles; electric cars; locomotives; remote control self-balancing electric scooters; underwater remotely operated vehicles [ROV].

Class 14

(9) Precious metals; boxes of precious metal; jewellery boxes; works of art of precious metal; jewellery, namely, necklaces; figurines, statuettes of precious metal; jewellery; wristwatches; watch straps; alarm clocks.

Class 15

(10) Electronic musical instruments; pianos; guitars; violins; horns being musical instruments; musical instruments, namely, guitar, drums, flute, violin, banjo, piano and saxophone; bags specially adapted for holding musical instruments; musical boxes; music stands.

Class 16

(11) Paper; black paperboard for photography; laser printing paper; toilet paper; napkin paper; advertisement boards of paper or cardboard; stickers; calendars; writing paper pads; envelopes; figurines made from paper; printed publications in the field of smartphones; printed publications in the field of internet of things; printed publications in the field of internet service; printed publications in the field of automobiles; children's books incorporating electronic audible device; newsletters; pictures; envelopes of plastic for packaging; plastic bags for packing; bags of paper or plastics- for packaging; paper pouches for packaging; pouches of plastic for packaging; garbage bags of paper or of plastics; stapling presses being office requisites; office requisites, except furniture, namely,

office binders, office glue, office paper stationery, office hole punchers and staples for offices; stationery, namely, stationery folders, stationery labels, stationery tabs, pencil sharpeners, glitter for stationery purposes, glue for stationery or household purposes, manifolds, marking pens, stationery pins, document files, and transparency printer paper; Indian inks; address stamps; postage stamps; paper seals; stationery seals; pens; adhesive bands for stationery or household purposes; drawing instruments, namely, drawing pens and drawing pencils; drawing materials, namely drawing books and drawing ink; inking ribbons; teaching materials, namely, blackboards and blackboard erasers; tailors' chalk; architects' models.

Class 18

(12) Leather, unworked or semi-worked; travelling trunks; school bags; gym bags; small backpacks; rucksacks; luggage trunks; all-purpose sports bags; trimmings of leather for furniture; leather thongs; umbrellas; walking sticks; clothing for pets.

Class 21

(13) Food and beverage containers for household use; cooking pots; frying pans; deep fryers, non-electric; rice cooking pots, non-electric; cups; food preserving jars of glass; ceramics for household purposes, namely, ceramic sculptures, vases, vessels, bowls, plates and pots, ceramic jugs and ceramic mugs; works of art made of crystal; thermally insulated beverage cups; coffee filters not of paper being part of non-electric coffee makers; clothes racks, for drying / clothes drying hangers; toilet utensils; trash cans; drying racks for laundry; height adjustable ceiling-mounted drying racks for laundry; toothbrush holders; candle warmers, electric and non-electric; battery-powered aromatherapy oil diffusers; diffusers plugs for air fragrances and aromatic oils; electric aromatherapy oil diffusers; electric fragrance diffusers; hair combs; hair brushes; material for brush-making, namely, animal bristles; water apparatus for cleaning teeth and gums; toothbrushes, electric; heads for electric toothbrushes; manual toothbrushes; toothbrushes; toothpicks; cosmetic utensils, namely, cosmetic brushes, cosmetic spatulas and cosmetic sponges; thermally insulated containers for food; ice cube trays; cloth for washing floors; mops; cleaning instruments, hand-operated, namely, cleaning sponges, cleaning combs, pads for cleaning, steel wool for cleaning, wool waste for cleaning and rags for cleaning; lint removers, electric or non-electric; glass, unworked or semi-worked, except building glass; animal activated livestock waterers; animal-activated pet feeders; animal activated animal feeders; indoor terrariums, namely, vivariums; plug-in diffusers for mosquito repellents; ultrasonic mosquito repellers; ultrasonic pest repellers.

Class 24

(14) Fabrics for textile use; filtering materials of textile; filtering cloth; silk fabrics for printing patterns; felt cloth; face towels of textile; bed linen; quilts; tablemats of textile; curtains of textile; curtains of textile or plastic; fitted toilet lid covers of fabric; marabouts; banners of textile or plastic; shrouds; household linen.

Class 25

(15) Tee-shirts; sports jerseys; sports vests; sports singlets; layettes; swimsuits; raincoats; masquerade costumes; shoes; sports shoes; caps being headwear; hosiery; gloves; riding gloves; neckties; scarfs; girdles; wimples; sashes for wear; shower caps; sleep masks; hairdressing capes; casual clothing, athletic clothing and clothing for sports; sports sweatbands.

Class 28

(16) Games, namely, action skill games, arcade games and card games and electronic games consoles adapted for use with an external display screen or monitor; apparatus for games, namely, controllers for game consoles; electronic games for the teaching of children; video game interactive control floor pads or mats; slides; building blocks, large size; smart electronic toy

vehicles; toy robots; toy models; smart toys, namely, smart robotic toys and smart plush toys; toy drones; baby toys; action toys; educational toys; toy vehicles; baby gyms; battery operated action toys; play sets for action figures; toy scooters; toy building blocks; remote-controlled toy vehicles; cube-type puzzles; balls for games; stationary exercise bicycles; aerobic step boards; running machines; bows for archery; machines for physical exercises, namely, elliptical exercise machines, exercise treadmills and rowing exercise machines; jump ropes; skateboards; hunting game calls; kiddie pools; plastic swimming pools; inflatable pools for recreational use; protective padding for playing sports; protective cups for sports; gloves for games; in-line roller skates; ornaments for Christmas trees, except lights, candles and confectionery; rods for fishing; twirling batons; camouflage screens; scratch cards for playing lottery games; grips for rackets; grip tapes for golf clubs.

Services

Class 35

(1) Advertising, namely, advertising goods and services of others by promoting the availability of goods for delivery via a global computer network, pay per click advertising for others, advertising of goods and services of others via local and global computer networks, advertising for others through electronic display panels, advertising services provided via the internet, namely, promoting the goods of others by providing information regarding discounts and special offers for the goods of others, advertising by transmission of on-line publicity for third parties through electronic communications networks and advertising and business management consultancy provided on-line from computer database or internet; pay per click advertising; organization and conducting of product presentations; providing business information in the field of retail store operations; providing business information in the fields of marketing and business via a website; commercial intermediation services for commercial transactions for third parties in the field of retail store merchandising services; commercial administration of the licensing of the goods and services of others; commercial information and advice for consumers in the choice of Electronics products, Smart Home and Automotive; provision of an on-line marketplace for buyers and sellers of goods and services; sales promotion for others, namely, developing promotional campaigns for business for others and developing promotional campaigns for others; procurement of contracts for the purchase of goods and services for others; import-export agency services; personnel recruitment; search engine optimization for sales promotion; conducting data searches in computer files for others; compiling indexes of information for commercial or advertising purposes; sponsorship search; rental of vending machines; rental of sales stands; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Class 36

(2) Providing information relating to insurance; financial management; e-wallet payment services; jewellery appraisal; real estate agency services; financial customs brokerage services; surety services; charitable fund raising; fiduciary representative services; fiduciary services for corporate and individuals; securities lending.

Class 37

(3) Building of fair stalls and shops; quarrying services; upholstering; heating equipment installation and repair; installation, maintenance and repair of computer hardware; interference suppression in electrical apparatus; installation and repair of medical machines; motor vehicle maintenance and repair; airplane maintenance and repair; shipbuilding; photographic apparatus repair; clock and watch repair; installation, changing, replacement and repair of locks; re-tinning; repair of rubber tires; furniture restoration; cleaning of clothing; sterilization of medical instruments; elevator installation and repair; burglar alarm installation and repair; telephone repair; pump repair

and maintenance; parasol repair; artificial snow-making services; restoration of works of art; tuning of musical instruments; rental of drainage pumps; swimming-pool maintenance; repair of power lines; hand tool repair; installation of sports equipment; repair of sports equipment; rental of dish washing machines; repair of binoculars; repair of toys or dolls; repair of game machines; repair and maintenance of smartphones; telephone installation and repair; cell phone battery charging services; rental of carpet cleaning machines; maintenance and repair of mobile phones; cleaning services for extractor hoods; maintenance and repair of telescopes.

Class 38

(4) News agency services; audio broadcasting of radio programs by satellite; broadcasting of television programmes; transmission of messages by telephone; electronic exchange of messages via a global computer network; electronic delivery of images and photographs via a global computer network; providing internet chatrooms; providing user access to global computer networks; electronic exchange of images and messages via a global computer network; video-on-demand transmission; teleconferencing services; videoconferencing services; electronic mail and voice over internet protocol (voip) services; messaging and instant messaging services via the Internet; transmission of digital information, namely customer credit rating over telephone networks for assisting strategic planning services in the field of e-commerce in the field of retail store; transmission of digital information, namely customer transaction records over the internet for assisting strategic planning services in the field of business management; transmission of digital information, namely sellers' credit rating over telephone networks for assisting strategic planning services in the field of e-commerce in the field of wholesale store services; providing access to databases.

Class 39

(5) Transportation logistics services, namely, arranging the transportation of goods for others; freight transportation services by automobile; unloading cargo; packaging of goods; ship piloting; truck hauling; vehicle breakdown towing services; car transport; replenishment of vending machines; air transportation of goods; air transportation of freight; car rental; car sharing services; horse rental; leasing of storage space; renting of storage spaces; rental of diving suits; distribution of electrical energy and natural gas to residential and commercial users; operating canal locks; courier services, messages or merchandise; parcel delivery; delivery of goods by courier; travel reservation; transport of fuels by pipeline; rental of wheelchairs; launching of satellites for others; bottling services; push-chair rental.

Class 41

(6) Instruction services, namely, arranging and conducting of seminars and conferences in the field of legal matters, issues, affairs and services, arranging and conducting workshops for educational purposes in the field of management of information technology services and arranging and providing education, instruction, coaching, workshops, courses, and conferences, all in the fields of personal branding, leadership and professional development, interpersonal communications, team-building, advertising, marketing and distribution of training material in connection therewith; arranging and conducting of correspondence courses in the field of e-commerce; arranging and conducting of seminars, namely, arranging and conducting business conferences, arranging and conducting business conferences in the field of e-commerce and arranging and conducting financial conferences; organization of competitions, namely, arranging and conducting computer gaming competitions, arranging and conducting of competitions for encouraging use and development of consumer electronics for gaming and entertainment in the form of math competitions; lending library services; providing online electronic publications, not downloadable, namely, providing non-downloadable electronic publications provided online via mobile devices in

the field of social media, providing on-line electronic publications, not downloadable, in the field of children's entertainment via the internet and providing online electronic publications in the form of publishing of electronic newsletters; on-line publication of electronic books and journals; film distribution; providing online videos, not downloadable, namely, electronic publication of on-line videos, not downloadable, in the field of social media via the internet, entertainment services, namely, providing non-downloadable trailers for movies, television shows and video games via a website; production of radio and television programmes; video production; entertainment services in the form of non-downloadable television shows, movies, films, videos and short films; entertainment services, namely, providing virtual environments in which users can interact for recreational, leisure or entertainment purposes; entertainment services, namely, providing online computer game; game services provided on-line from a computer network, namely, providing interactive multiplayer online computer games via a global network and providing non-downloadable computer games via a website; health club services in the nature of physical fitness training; fitness training; toy rental; games equipment rental; conducting guided tours; art exhibitions; animal training; modelling for artists; organization of lotteries; rental of indoor aquaria; operating of lotteries.

Class 42

(7) Research and development of new products for others; technological research in the field of Smartphones, IOT (Internet of Things), internet service and automobile; providing certification for quality assurance of the services of others in the field of computer security; product quality testing services for smartphones, earphones, watches and automobile; technical surveying; meteorological information; material testing; packaging design; design of telephones; design of interior decor; dress designing; software design and development; research and development of computer software; updating and maintenance of computer software; computer services, namely, integration of private and public cloud computing environments; computer services, namely, remote management for technical support of the cloud computing systems of others; platform as a service (PaaS) featuring software for use in operating, managing, and controlling smartphones, headphones, smart watches, smart bracelets, computers and smart home and automotive equipment, namely smart home hubs, smart terminals, smart TVs, car televisions, car video recorders, navigation computers for cars; platform as a service (PaaS) to enable users to transmit and receive data, namely, audio, video, voice, images, text and graphics over computer networks and global communication networks ; platform as a service (PaaS) for managing communications and data exchange among and between mobile devices and desktop computers; platform as a service (PaaS) for the creation of mobile software applications; software as a service [SaaS] for use in operating, managing, and controlling smartphones, headphones, smart watches, smart bracelets, computers and smart home and automotive equipment, namely smart home hubs, smart terminals, smart TVs, car televisions, car video recorders, navigation computers for cars; software as a service [SaaS] for use in transmitting and receiving data, namely, audio, video, voice, images, text and graphics in the fields of email, video conferencing, online meeting, and online chat, over computer networks and global communication networks ; software as a service [SaaS] for managing communications and data exchange among and between mobile devices and desktop computers; software as a service [SaaS] for the creation of mobile software applications; consultancy in the design and development of computer hardware; providing information on computer technology and programming via a web site; electronic data storage for archiving corporate records; authenticating works of art; graphic arts design; cloud seeding; handwriting analysis, namely, graphology; cartography services; rental of meters for the recording of energy consumption.

Class 45

(8) Monitoring of burglar and security alarms; lifeguard services; monitoring of security alarms; chaperoning; personal wardrobe styling consultancy; funerary undertaking; opening of security locks; online social networking services; fire-fighting; organization of religious meetings; adoption agency services; lost property return; rental of safes; genealogical research; planning and arranging of wedding ceremonies; releasing doves for special occasions; dating services; leasing of internet domain names; intellectual property consultancy.

Class 09

Data processing equipment and accessories (electrical and mechanical), namely, computers, semiconductor memory devices being computer memories, fiber optic couplers, peripherals in the nature of computer keyboards, computer monitors and computer interface cards; apparatus and instruments for the transmission of information, namely, computers, computer hardware, computer network hubs, computer network routers and servers for the transmission of audio and video signals, computer data, sound and images; communications equipment, namely, data communications and computer networking equipment in the nature of communications computers, modems, network access server hardware, network gateway, network interface cards, network routers, network servers, network extenders, network repeaters, network adaptors, network bridges, network switches, and electrical network analyzers; point-to-point communications equipment, namely, wireless data links, computer network hubs, fiber optic repeater hubs, ethernet repeater hubs, computer network switches for protocol translation network gateways; intercommunication apparatus, namely, two-way communication electronic devices in the nature of two-way radios and walkie-talkies; measuring, detecting and monitoring instruments, indicators and controllers namely, home automation systems, building automation systems and industrial automation systems, all comprised of computer hardware, wired and wireless controllers, and downloadable software for the automation of electric control systems for lighting, HVAC, building environmental access and security systems, and electrical power, and for controlling networked devices in the internet of things for building, industry and home automation and system integration in building, industry and home automation; controllers (regulators), namely, illumination regulators, voltage regulators, pressure regulators and flow regulators; indicators and controllers for industrial automation and home automation, namely, electronic indicator panels and boards, pressure indicators and temperature indicators, electrical controllers, electronic controllers, electronic control systems for industrial machines, control valves for regulating the flow of gases and liquids, automated process controllers, programmable controllers, remote controllers and infrared remote controllers, electric control panels for air conditioning heating and energy management, lighting controllers for use in commercial and industrial buildings, temperature controllers, smart home

automation hubs, smart home hubs, climate controllers, thermostat controllers, motion controllers, temperature sensor controllers, pressure controllers, electric power controllers, building environmental access and security system controllers, industrial automation controls, wireless controllers to remotely monitor and control the function and status of industrial automation and home automation systems; indicators and controllers for building automation, namely, electronic indicator panels and boards, temperature indicators, electrical controllers, electronic controllers, programmable controllers, remote controllers and infrared remote controllers, electric control panels for air conditioning heating and energy management, lighting controllers for use in commercial and industrial buildings, temperature controllers, climate controllers, thermostat controllers, motion controllers, temperature sensor controllers, pressure controllers, electric power controllers, building environmental access and security system controllers; computer software for the home, industrial and building automation of electric control systems for electrical power switches, home security systems, HVAC and lighting in the fields of home integration, building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lightning control, multi-protocol integration, solar power systems and wireless integration; computer application software and mobile application software for the home, industrial and building automation of electric control systems for electrical power switches, home security systems, HVAC and lighting in the fields of home integration, building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multi-protocol integration, solar power systems and wireless integration; home automation computer software for managing, operating and controlling home security systems, door access systems, lighting systems, and heating, ventilating and air conditioning (HVAC) systems; building automation computer software for managing, operating and controlling security systems, door access systems, lighting systems, and heating, ventilating and air conditioning (HVAC) systems; industrial automation computer software for managing, operating and controlling security systems, door access systems, lighting systems, and heating, ventilating and air conditioning (HVAC) systems; computer communication software for enabling protocol translation between building automation systems, home automation systems, and industrial automation systems, and global computer network users; computer communications servers; computer servers for industrial automation, home automation and building automation; all the aforementioned not including software for use in the encryption and decryption of digital files, namely, Public Key Infrastructure (PKI), software for Public Key Cryptography and Public Key Infrastructure software Toolkits.

Services

Class 38

(1) Telecommunications access services, namely, providing computer network access via fiber optic networks; electronic communication services, namely, satellite, wireless, cellular or network electronic transmission and wireless electronic transmission of messages and images in the fields of automation, industrial automation, home automation, building automation, home integration, building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multi-protocol integration, solar power systems and wireless integration via a global computer network, wireless communications networks and the Internet; mobile, digital and wireless communications services, namely, satellite, wireless, cellular or network mobile electronic transmission, digital electronic transmission and wireless electronic transmission of messages and images in the fields of automation, industrial automation, home automation, building automation, home integration, building integration, building management, facility management, energy management, energy

measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multiprotocol integration, solar power systems and wireless integration via a global computer network, wireless communications networks and the Internet; computer communication, namely, communication by computer terminals and electronic computer terminals, over electronic communications networks, for the electronic transmission of information in the fields of automation, industrial automation, home automation, building automation, home integration, building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multiprotocol integration, solar power systems and wireless integration; routing, namely, multiple networks path selecting, and computer network and global computer network connecting services for telecommunications, namely, computer communication, computer network communication and wireless communication routing, junction and connecting services for the transfer of data, images, messages, audio, visual, and multimedia works; providing electronic telecommunication networks, namely, providing access to telecommunication networks and a global computer network; providing telecommunication connections to databases and communication networks; electronic communications services for the transmission of messages and images, namely, electronic transmission and wireless electronic transmission of messages and images; electronic transmission and wireless electronic transmission of data, namely, images and text communications between telecommunications and mobile telecommunications devices, namely, computers and mobile phones; electronic transmission and wireless electronic transmission of messages and images in the field of home and building automation via a computer network; electronic transmission and wireless electronic transmission of messages and images within industrial communication networks and building automation systems; computer communication, computer network communication and wireless electronic communication services for the transmission of messages and images in the field of home and building automation via a global computer network, wireless communications networks and the Internet; transmission of messages and images by means of electronic communication, namely, by means of telecommunication networks and a global computer network; providing access to databases; providing access to databases containing information in the fields of industrial automation, home automation, building automation, facility management, energy management, fire protection, hotel management, HVAC, intrusion protection, lighting control, multi-protocol integration, solar power systems and wireless integration; all the aforementioned not including communication and telecommunications services for use in the encryption and decryption of digital files, namely, Public Key Infrastructure (PKI), Public Key Cryptography and Public Key Infrastructure Toolkits.

Class 42

(2) Scientific research services in the fields of automation, industrial automation, home automation, building automation, home integration, building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multi-protocol integration, solar power systems and wireless integration, and telecommunications and computer technology services; IT consultancy and programming services in the fields of and relating to automation, industrial automation, home automation, building automation, home integration, building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multi-protocol integration, solar power systems and wireless integration; IT consultancy, advisory and information services, namely, computer technology and software development consultancy, advisory and information services; design and development of computer hardware and software in the fields of and relating to automation, industrial automation, home automation, building automation, home integration,

building integration, building management, facility management, energy management, energy measurement, fire protection, hotel management, HVAC, intrusion protection, lighting control, multi-protocol integration, solar power systems and wireless integration; design and development of computer hardware and software relating to building and home automation; research relating to the computerised automation of technical and industrial processes; technological consultancy provided by an expert in connection with computing and technical equipment, communication and computer networks; technical advice in connection with building and home automation and energy-saving measures; computer security system monitoring services with the use of computer systems and hardware for monitoring of buildings, building automation systems and building structures; computer security system monitoring services with the use of computer systems and hardware for monitoring of activities and events which influence the environment within buildings; all the aforementioned not including services for Public Key Infrastructure (PKI), Public Key Cryptography and Public Key Infrastructure Toolkits.

Trademark Description

The trademark consists of (i) the colour yellow applied to the entirety of the five support legs of a round-net game frame, (ii) the word "SPIKE BALL" in black block letters, positioned horizontally and centered length-wise on the side of each yellow leg and (iii) the colour black applied to the circular shape. The colour and word elements appear only in the precise locations shown in the drawing and form the essence of the mark. The broken lines inside and outside the circular frame, as well as any broken-line depiction of the net and leg structure, are included solely to illustrate the placement of the colour and word elements; no claim is made to the shape, configuration or other features of the goods.

Colour Claim

Colour is claimed as a feature of the trademark. The circular shape is black, the five rectangular support legs are yellow, and the wording "SPIKE BALL" which appears on each of the legs is black.

Class 05

Pharmaceutical antibodies for the treatment of respiratory diseases and respiratory syndromes; pharmaceutical antibody preparations for autoimmune diseases; pharmaceutical antibody preparations for respiratory disease; pharmaceutical antibody preparations for the prevention and treatment of autoimmune diseases; pharmaceutical antibody preparations for the treatment of cancer; anti-cancer drugs; anti-cancer preparations; anti-cancer preparations of chemical origin; anti-cancer preparations of plant origin; anti-infective antibiotics; anti-infective preparations; anti-infectives; anti-inflammatories; antiparasitic preparations; anti-viral agents; biological preparations for medical purposes namely for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological preparations for medical purposes namely antibody preparations for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological preparations for medical purposes namely antibodies linked to a chemical toxin for the treatment of cancer; biological preparations for medical purposes namely antibodies linked to a chemical toxin for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological preparations for treatment of cancer, namely antibody preparations; veterinary preparations, for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological reagents for medical use namely for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological reagents for medical use namely antibody preparations for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological reagents for medical use namely antibodies linked to a chemical toxin for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; biological tissue cultures for medical purposes; biopharmaceuticals for the treatment of cancer; cardiovascular pharmaceuticals; chemical preparations for medical purposes namely for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus

erythrocytosis; chemical preparations for medical purposes namely antibody preparations for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; chemical preparations for medical purposes namely antibodies linked to a chemical toxin; chemical preparations for medical purposes namely antibodies linked to a chemical toxin for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; chemical preparations for testing blood for medical purposes; chemotherapeutics; clinical diagnostic reagents; anti-cancer preparations; cord blood for medical purposes; diagnostic biomarker reagents for medical purposes; diagnostic chemical reagents for medical use; in vitro diagnostic preparations for medical use; medicines for the treatment of gastrointestinal diseases; pain relief preparations; pharmaceutical preparations for treatment of cancer, autoimmune conditions, Arthritis, Asthma, Inflammatory bowel disease, Systemic lupus erythrocytosis; pharmaceutical anti-inflammatories; pharmaceutical preparations and compositions for the treatment and prevention of cancer; pharmaceutical preparations and substances for the treatment of gastrointestinal diseases; pharmaceutical preparations for human use that modulate the immune system; pharmaceutical preparations for human use, namely, immunotherapies for the treatment of cancer; pharmaceutical preparations for human use, namely, pharmaceutical antibodies for the treatment of cancer, respiratory diseases, autoimmune diseases; pharmaceutical preparations for human use, namely, pharmaceutical antibodies for use as anti-infectives, and for use as anti-inflammatories; pharmaceutical preparations for the diagnosis and treatment of oncological diseases and disorders; pharmaceutical preparations for the diagnosis of oncological diseases and disorders; pharmaceutical preparations for the prevention and treatment of cancer; pharmaceutical preparations for the prevention and treatment of disorders of the respiratory system; pharmaceutical preparations for the prevention and treatment of oncological diseases; pharmaceutical preparations for the prevention and treatment of respiratory diseases; pharmaceutical preparations for the purpose of increasing the effectiveness of other pharmaceutical products in the treatment of oncological diseases; pharmaceutical preparations for the treatment of arthritis; pharmaceutical preparations for the treatment of asthma; pharmaceutical preparations for the treatment of gastro-intestinal diseases; pharmaceutical preparations for the treatment of gastroenterological, intestine, bowel, stomach and digestive disorders; pharmaceutical preparations for the treatment of gastrointestinal disorders; pharmaceutical preparations for the treatment of immunologic diseases and disorders namely, autoimmune diseases and disorders; pharmaceutical preparations for the treatment of immunologic diseases, namely, autoimmune diseases, immunologic deficiency syndromes; pharmaceutical preparations for the treatment of oncological diseases and disorders; pharmaceutical preparations for the treatment of the respiratory system; pharmaceutical preparations for treatment of autoimmune diseases and disorders; pharmaceutical preparations for use in immunomodulation therapies; pharmaceutical preparations for use in immunotherapies; pharmaceutical preparations for use in the treatment of autoinflammatory diseases; pharmaceutical preparations for use in the treatment of immunological disorders; pharmaceuticals for the prevention and treatment of cancer; pharmaceuticals for the treatment of cancer; pharmaceuticals for treating respiratory diseases; pre-filled syringes with pharmaceutical preparations for treating autoimmune diseases; pharmaceutical preparations and substances for the prevention of cancer; pharmaceutical preparations and substances for the treatment of cancer; pharmaceutical preparations and substances for the treatment of gastro-intestinal diseases; pharmaceutical preparations and substances for use in oncology; pharmaceutical preparations and substances for use in urology; pharmaceutical preparations for inhalation for the treatment of pulmonary hypertension; pharmaceutical preparations for regulating the immune system; pharmaceutical preparations for suppressing tumors; pharmaceutical preparations for the prevention of allergies; pharmaceutical preparations for the prevention of autoimmune diseases; pharmaceutical preparations for the prevention of

autoimmune disorders; pharmaceutical preparations for the prevention of diseases of the cardio-vascular system; pharmaceutical preparations for the prevention of diseases of the musculo-skeletal system; pharmaceutical preparations for the prevention of diseases of the respiratory system; pharmaceutical preparations for the prevention of disorders of the cardio-vascular system; pharmaceutical preparations for the prevention of disorders of the musculo-skeletal system; pharmaceutical preparations for the prevention of disorders of the respiratory system; pharmaceutical preparations for the prevention of ocular diseases; pharmaceutical preparations for the prevention of ocular disorders; pharmaceutical preparations for the prevention of osteoporosis; pharmaceutical preparations for the prevention of tumors; pharmaceutical preparations for the treatment of autoimmune diseases; pharmaceutical preparations for the treatment of autoimmune disorders; pharmaceutical preparations for the treatment of bone diseases; pharmaceutical preparations for the treatment of cancer; pharmaceutical preparations for the treatment of cardiovascular disease; pharmaceutical preparations for the treatment of central nervous system [cns] diseases; pharmaceutical preparations for the treatment of digestive diseases; pharmaceutical preparations for the treatment of diseases of the musculo-skeletal system; pharmaceutical preparations for the treatment of epilepsy; pharmaceutical preparations for the treatment of esophagitis; pharmaceutical preparations for the treatment of eye diseases and conditions; pharmaceutical preparations for the treatment of gout; pharmaceutical preparations for the treatment of heart rhythm disorders; pharmaceutical preparations for the treatment of hormonal disorders; pharmaceutical preparations for the treatment of hypercholesteremia; pharmaceutical preparations for the treatment of hyperlipidemia; pharmaceutical preparations for the treatment of inflammatory diseases; pharmaceutical preparations for the treatment of inflammatory disorders; pharmaceutical preparations for the treatment of kidney diseases; pharmaceutical preparations for the treatment of kidney disorders; pharmaceutical preparations for the treatment of multiple sclerosis; pharmaceutical preparations for the treatment of osteoporosis; pharmaceutical preparations for the treatment of parkinson's disease; pharmaceutical preparations for the treatment of tumors; pharmaceutical preparations for treating allergic rhinitis; pharmaceutical preparations for treating allergies; pharmaceutical preparations for treating arthritis; pharmaceutical preparations for treating asthma; pharmaceutical preparations for treating diabetes; pharmaceutical preparations for treating digestive system disorders; pharmaceutical preparations for treating gastrointestinal disorders; pharmaceutical preparations for treating hypertension; pharmaceutical preparations for treating hypoglycemia; pharmaceutical preparations for treating malignant tumors; pharmaceutical preparations for treating peripheral nervous system disorders; pharmaceutical preparations for treating respiratory diseases; pharmaceutical preparations for treating rheumatological diseases; pharmaceutical preparations for treating sensory organ disorders; pharmaceutical preparations for treating the symptoms of radiation sickness; pharmaceutical preparations for use in chemotherapy; pharmaceutical preparations for use in oncology; pharmaceutical preparations for use in ophthalmology; pharmaceutical preparations for use in urology; pharmaceutical products for the treatment of cancer; pharmaceutical products for treating respiratory diseases; preparations for the treatment of asthma; radiological contrast substances for medical purposes.

Goods

Class 01

(1) Chemical preparations for scientific use in time-resolved fluorometry, fluorescence, fluorescence polarization, luminescence, absorbance, and upconverting nanoparticle measurement; Chemical preparations for scientific use in clinical and veterinary laboratory medicine, in environmental analysis, and food safety analysis; Chemical reagents for medical-scientific research use in clinical and veterinary laboratory medicine; Diagnostic preparations for medical-scientific research use in bioaffinity assays; Diagnostic preparations for medical-scientific research use in clinical and veterinary laboratory medicine, namely, for infectious disease testing, namely, respiratory infections, eye infections, topical infections, gastrointestinal infections, vector-borne diseases, zoonotic diseases, sexually transmitted infections, blood-borne infections, fungal infections, parasitic infections, prion diseases, and urinary tract infections, and for diagnostics of cardiovascular diseases, respiratory diseases, neurological disorders, endocrine and metabolic disorders, genetic and congenital diseases, autoimmune diseases, gynecological disorders, toxic exposures, traumatic brain injuries, and cancer; Diagnostic reagents for use in time-resolved fluorometry analyzers, upconverting nanoparticle analyzers, fluorescence analyzers, fluorescence polarization analyzers, luminescence analyzers, absorbance analyzers, analyzers using cartridges for preparing and processing biological specimens, and microplate readers for medical-scientific research use Fluorescent chemical preparations, being label molecules, that can be conjugated with biomolecules to make them visible in research experiments; Fluorescent chemical preparations, being label molecules, that can be used as calibration standard preparations to calibrate signal obtained in research experiments; Microbial preparations for use as controls for research purposes; Microbial preparations for use as controls in diagnostic testing; Biochemicals in the form of monoclonal antibodies for in vitro diagnostic research and scientific use Biochemicals in the form of nucleic acid primers and probes for research and scientific use; Biochemicals in the form of nucleic acid primers and probes for in vitro diagnostic research and scientific use; Diagnostic reagent kits, other than for medical and veterinary use, comprising biological reagents, tracer molecules, buffers and consumables for environmental analysis and food safety analysis; diagnostic reagents for in vitro use in biochemistry, clinical chemistry and microbiology; Diagnostic

nucleic acid assay reagents for scientific and research laboratory use; Diagnostic immunoassay reagents for laboratory use; chemical reagents for use in genetic research; Cultures of microorganisms for use as controls in diagnostic testing; buffer solutions for scientific purposes; Reference standards being biochemical preparations for scientific and in vitro diagnostic use; Chemically treated nonmedical test strips for diagnostic purposes; chemical paper for use with assays; Chemical reagent paper for diagnostic and laboratory research use; Labelled antibodies being reagents for scientific research purposes and for in vitro diagnostic laboratory use; Antibody labelling reagents for scientific research purposes and for in vitro diagnostic use; Calibration fluids for medical apparatus for nucleic acid analyzers and immunoassay analyzers; Chemically treated nonmedical test strips for calibration of laboratory apparatus; Calibration fluids for optical readers

Class 05

(2) Diagnostic preparations for medical purposes, namely diagnostic reagents and agents for medical diagnostic use; diagnostic biomarker reagents for medical purposes; Biological diagnostic reagents for veterinary use; Biological diagnostic reagents for medical use; diagnostic reagents for medical use; Diagnostic reagents for veterinary use; Diagnostic preparations for medical laboratory purposes; Diagnostic preparations for veterinary laboratory purposes; Chemical diagnostic reagents for medical and veterinary purposes; Clinical diagnostic reagents for medical use; Medical diagnostic test strips for testing bodily fluids; Diagnostic reagents for medical use in connection with analyzers; Diagnostic reagents for veterinary use in connection with analyzers; medical diagnostic reagents and assays for testing of body fluids; reagents and media for medical and veterinary diagnostic purposes; Medical diagnostic reagents for detection of infectious diseases, cardiovascular diseases, and cancer; Immunoassay reagents for detection of infectious diseases, cardiovascular diseases, and cancer

Class 09

(3) Testing apparatus for testing biochemical agents in clinical and veterinary laboratory medicine and in environmental analysis and food safety analysis; Diagnostic apparatus for analyzing nucleic acids, proteins, peptides and glycans, not for medical purposes; Scientific research and laboratory apparatus, namely, optical readers with built-in dispensers, and optical readers with temperature control; Laboratory apparatus and instruments, namely, microplates, fluid dispensers, incubators, and shakers, automated laboratory equipment, namely, robotic arms, and plate handling devices, vials, cuvettes, beakers, filters, and swabs; microplate readers; Apparatus for measuring time-resolved fluorometry, upconverting nanoparticle technology, fluorescence, fluorescence polarization, luminescence, and absorbance; Electronic nonmedical imaging devices for microplate imaging; Electronic nonmedical imaging devices for immunoassay test strip imaging; Laboratory analyzers using prefilled reagent cartridges for measuring, testing and analyzing blood and other bodily fluids; Nonmedical imaging devices for microplate imaging; Nonmedical imaging devices for immunoassay test strip imaging; fluorescence analyzers; Luminescence analyzers, namely, luminescence photometers; nanoparticle size analyzers; Optical readers, namely time-resolved fluorometry analyzers, upconverting nanoparticle analyzers, fluorescence analyzers, fluorescence polarization analyzers, luminescence analyzers, absorbance analyzers, and microplate readers; Downloadable and recorded computer software for monitoring and controlling laboratory apparatus and instruments, namely, time-resolved fluorometry analyzers, upconverting nanoparticle analyzers, fluorescence analyzers, fluorescence polarization analyzers, luminescence analyzers, absorbance analyzers, cartridge-based analyzers, microplate readers, fluid dispensers, incubators, laboratory shakers, and automated laboratory equipment, namely, robotic arms, and plate handling devices; Downloadable and recorded medical software for processing and reporting measurement results of optical readers, nucleic acid analyzers and immunoassay analyzers; computer software for use in medical decision support systems; Downloadable and recorded computer software for

operating laboratory apparatus and instruments, namely, time-resolved fluorometry analyzers, upconverting nanoparticle analyzers, fluorescence analyzers, fluorescence polarization analyzers, luminescence analyzers, absorbance analyzers, cartridge-based analyzers, microplate readers, fluid dispensers, incubators, laboratory shakers, and automated laboratory equipment, namely, robotic arms, and plate handling devices

Class 10

(4) Medical and veterinary apparatus and instruments for infectious disease testing, namely, respiratory infections, eye infections, topical infections, gastrointestinal infections, vector-borne diseases, zoonotic diseases, sexually transmitted infections, blood-borne infections, fungal infections, parasitic infections, prion diseases, urinary tract infections, diagnostics of cardiovascular diseases, and cancer diagnostics; Diagnostic apparatus for use in medical analysis for analyzing infectious diseases, namely, respiratory infections, eye infections, topical infections, gastrointestinal infections, vector-borne diseases, zoonotic diseases, sexually transmitted infections, blood-borne infections, fungal infections, parasitic infections, prion diseases, urinary tract infections; Apparatus for carrying-out diagnostic tests for medical purposes for testing biomarkers for infectious agents or cancer in bodily fluids, namely, blood, lymphatic fluid, urine, sweat, tears, saliva, feces, bile, mucus, broncho-alveolar lavage fluid, semen, vaginal secretions, amniotic fluid, cerebrospinal fluid, synovial fluid, pericardial fluid, pleural fluid, peritoneal fluid, and breast milk; Diagnostic, examination, and monitoring equipment, namely, nucleic acid amplification and analysis apparatus, immunoassay processing and analysis apparatus, used for biomolecule detection and analysis in clinical laboratories; Diagnostic testing platforms for clinical laboratory medicine for testing biomarkers for infectious agents and cancer in bodily fluids; Immunological analyzers being medical diagnostic instruments for the analysis of bodily fluids, namely, blood, lymphatic fluid, urine, sweat, tears, saliva, feces, bile, mucus, broncho-alveolar lavage fluid, semen, vaginal secretions, amniotic fluid, cerebrospinal fluid, synovial fluid, pericardial fluid, pleural fluid, peritoneal fluid, breast milk for the qualitative, semi-quantitative and quantitative detection of antibodies, antigens, proteins, peptides and toxins

Services

Class 35

(1) Providing digital collectible services, namely, operating an online marketplace for transactions and registry services using blockchain-based software technology and smart contracts for digital collectibles; wholesale services in relation to bedding and litter for animals; online retail services in relation to bedding and litter for animals; retail services in relation to bait, not artificial; wholesale services in relation to bait, not artificial; online retail services in relation to bait, not artificial; retail services in relation to foodstuffs and fodder for animals; wholesale services in relation to foodstuffs and fodder for animals; online retail services in relation to foodstuffs and fodder for animals; retail services in relation to sweets (candy), candy bars and chewing gum; wholesale services in relation to sweets (candy), candy bars and chewing gum; online retail services in relation to sweets (candy), candy bars and chewing gum; retail services in relation to cereal bars and energy bars; wholesale services in relation to cereal bars and energy bars; online retail services in relation to cereal bars and energy bars; retail services in relation to pastries, cakes, tarts and biscuits (cookies); wholesale services in relation to pastries, cakes, tarts and biscuits (cookies); online retail services in relation to pastries, cakes, tarts and biscuits (cookies); retail services in relation to bread; wholesale services in relation to bread; online retail services in relation to bread; retail services in relation to sugars, natural sweeteners, sweet coatings and fillings, bee products; wholesale services in relation to sugars, natural sweeteners, sweet coatings and fillings, bee products; online retail services in relation to sugars, natural sweeteners, sweet coatings and fillings, bee products; retail services in relation to processed grains, starches, and goods made

thereof, baking preparations and yeasts; wholesale services in relation to processed grains, starches, and goods made thereof, baking preparations and yeasts; online retail services in relation to processed grains, starches, and goods made thereof, baking preparations and yeasts; retail services in relation to salts, seasonings, flavourings and condiments; wholesale services in relation to salts, seasonings, flavourings and condiments; online retail services in relation to salts, seasonings, flavourings and condiments; retail services in relation to coffee, teas and cocoa and substitutes therefor; wholesale services in relation to coffee, teas and cocoa and substitutes therefor; online retail services in relation to coffee, teas and cocoa and substitutes therefor; retail services in relation to ice, ice creams, frozen yogurts and sorbets; wholesale services in relation to ice, ice creams, frozen yogurts and sorbets; online retail services in relation to ice, ice creams, frozen yogurts and sorbets; retail services in relation to processed fruits, fungi, vegetables, nuts and pulses; wholesale services in relation to processed fruits, fungi, vegetables, nuts and pulses; online retail services in relation to processed fruits, fungi, vegetables, nuts and pulses; retail services in relation to soups and stocks, meat extracts; wholesale services in relation to soups and stocks, meat extracts; online retail services in relation to soups and stocks, meat extracts; retail services in relation to edible oils and fats; wholesale services in relation to edible oils and fats; online retail services in relation to edible oils and fats; retail services in relation to fish, seafood and molluscs, not live; wholesale services in relation to fish, seafood and molluscs, not live; online retail services in relation to fish, seafood and molluscs, not live; retail services in relation to sausage casings, natural or artificial; wholesale services in relation to sausage casings, natural or artificial; online retail services in relation to sausage casings, natural or artificial; retail services in relation to dairy products and dairy substitutes; wholesale services in relation to dairy products and dairy substitutes; online retail services in relation to dairy products and dairy substitutes; retail services in relation to meat and meat products; wholesale services in relation to meat and meat products; online retail services in relation to meat and meat products; retail services in relation to sporting articles and equipment; wholesale services in relation to sporting articles and equipment; online retail services in relation to sporting articles and equipment; retail store in the field of toys, dolls, stuffed toys, toy models, toy figures, action figure toys, action figures, cushions, key rings, games, and playthings;; on-line wholesale store services featuring toys, games, and playthings; online retail store services for toys, dolls, stuffed toys, toy models, toy figures, action figure toys, action figures, cushions, key rings, games, and playthings; retail store in the field of fairground and playground apparatus, namely, playground swings sets, sandboxes, slides, playhouses, playground ladders, rubber action ball, infant swings for playground, bouncy castles, inflatable play equipment, popcorn machines, candy floss machines; on-line wholesale store services featuring fairground and playground apparatus, namely, playground swings sets, sandboxes, slides, playhouses, playground ladders, rubber action ball, infant swings for playground, bouncy castles, inflatable play equipment, popcorn machines, candy floss machines; online retail store services for fairground and playground apparatus, namely, playground swings sets, sandboxes, slides, playhouses, playground ladders, rubber action ball, infant swings for playground, bouncy castles, inflatable play equipment, popcorn machines, candy floss machines; retail services in relation to parts of clothing, footwear and headgear; wholesale services in relation to parts of clothing, footwear and headgear; online retail services in relation to parts of clothing, footwear and headgear; retail services in relation to footwear; wholesale services in relation to footwear; online retail services in relation to footwear; retail services in relation to headgear; wholesale services in relation to headgear; online retail services in relation to headgear; retail services in relation to clothing; wholesale services in relation to clothing; online retail store services relating to clothing; retail services in relation to cooking, heating, cooling and preservation equipment, for food and beverages; wholesale services in relation to cooking, heating, cooling and preservation equipment, for food and beverages; online retail services in relation to cooking, heating, cooling and

preservation equipment, for food and beverages; retail services in relation to filters for industrial and household use; wholesale services in relation to filters for industrial and household use; online retail services in relation to filters for industrial and household use; retail services in relation to sun tanning appliances; wholesale services in relation to sun tanning appliances; online retail services in relation to sun tanning appliances; retail services in relation to burners, boilers and heaters; wholesale services in relation to burners, boilers and heaters; online retail services in relation to burners, boilers and heaters; retail services in relation to lighting and lighting reflectors; wholesale services in relation to lighting and lighting reflectors; online retail services in relation to lighting and lighting reflectors; retail services in relation to igniters; wholesale services in relation to igniters; online retail services in relation to igniters; retail services in relation to medical furniture and bedding, equipment for moving patients; wholesale services in relation to medical furniture and bedding, equipment for moving patients; online retail services in relation to medical furniture and bedding, equipment for moving patients; retail services in relation to feeding aids and pacifiers; wholesale services in relation to feeding aids and pacifiers; online retail services in relation to feeding aids and pacifiers; retail services in relation to physical therapy equipment; wholesale services in relation to physical therapy equipment; online retail services in relation to physical therapy equipment; retail services in relation to hearing protection devices; wholesale services in relation to hearing protection devices; online retail services in relation to hearing protection devices; retail services in relation to clothing, headgear and footwear, braces and supports, for medical purposes; wholesale services in relation to clothing, headgear and footwear, braces and supports, for medical purposes; online retail services in relation to clothing, headgear and footwear, braces and supports, for medical purposes; retail services in relation to clothing, headgear and footwear for medical personnel and patients; wholesale services in relation to clothing, headgear and footwear for medical personnel and patients; online retail services in relation to clothing, headgear and footwear for medical personnel and patients; wholesale services in relation to lifting tools; online retail services in relation to lifting tools; retail services in relation to cutlery, kitchen knives, and cutting implements for kitchen use; wholesale services in relation to cutlery, kitchen knives, and cutting implements for kitchen use; online retail services in relation to cutlery, kitchen knives, and cutting implements for kitchen use; retail services in relation to medical dressings, coverings and applicators; wholesale services in relation to medical dressings, coverings and applicators; online retail services in relation to medical dressings, coverings and applicators; retail services in relation to dental preparations and articles, and medicated dentifrices; wholesale services in relation to dental preparations and articles, and medicated dentifrices; online retail services in relation to dental preparations and articles, and medicated dentifrices; retail services in relation to pest control preparations and articles; wholesale services in relation to pest control preparations and articles; online retail services in relation to pest control preparations and articles; retail services in relation to air deodorising and air purifying preparations; wholesale services in relation to air deodorising and air purifying preparations; online retail services in relation to air deodorising and air purifying preparations; retail services in relation to sanitary preparations and articles; wholesale services in relation to sanitary preparations and articles; online retail services in relation to sanitary preparations and articles; retail services in relation to dietary supplements and dietetic preparations; wholesale services in relation to dietary supplements and dietetic preparations; online retail services in relation to dietary supplements and dietetic preparations; retail services in relation to essential oils and aromatic extracts; wholesale services in relation to essential oils and aromatic extracts; online retail services in relation to essential oils and aromatic extracts; retail services in relation to tailors' and cobblers' wax; wholesale services in relation to tailors' and cobblers' wax; online retail services in relation to tailors' and cobblers' wax; retail services in relation to animal grooming preparations; wholesale services in relation to animal grooming preparations; online retail services in relation to animal grooming preparations; retail

services in relation to abrasives; wholesale services in relation to abrasives; online retail services in relation to abrasives; retail services in relation to cleaning and fragrancing preparations; wholesale services in relation to cleaning and fragrancing preparations; online retail services in relation to cleaning and fragrancing preparations; retail services in relation to toiletries; wholesale services in relation to toiletries; online retail services in relation to toiletries; retail services in relation to dyes, colorants, pigments and inks; wholesale services in relation to dyes, colorants, pigments and inks; online retail services in relation to dyes, colorants, pigments and inks; retail services in relation to coatings; wholesale services in relation to coatings; online retail services in relation to coatings; retail services in relation to adhesives for use in industry; wholesale services in relation to adhesives for use in industry; online retail services in relation to adhesives for use in industry; retail services in relation to chemical preparations and materials for film, photography and printing; wholesale services in relation to chemical preparations and materials for film, photography and printing; online retail services in relation to chemical preparations and materials for film, photography and printing; retail services in relation to bedding and litter for animals; administration of patient reimbursement programs.

Class 36

(2) Issuance of prepaid cards, namely, prepaid gift cards, prepaid vouchers and prepaid telecommunications calling cards; safe deposit services; electronic financial services, namely, monetary services for exchanging virtual currencies over a computer network; arranging charitable fundraising activities financial investments in the field of real estate development projects; loan and credit, and lease-finance services; securities and commodities trading services; providing electronic processing of credit and debit card transactions and electronic payments via mobile phone; debt recovery and factoring services; capital investment; insurance services relating to financial protection against foreign exchange risks; issuance of tokens of value in the nature of luncheon vouchers; acquisition and transfer of monetary claims; pension services; asset and portfolio management; deposit savings; provision of annuities; equity release services; online banking services; banking services relating to the deposit of money; banking services for deposit-taking; financial banking services for the withdrawal of money; financial banking services for the deposit of money; banking; interest rate risk management; computerised banking services; brokerage of carbon credits; equity financing; providing fundraising activities to support medical research and procedures for those in need; provision of current accounts; providing funding for non-profit entities; providing funding for commercial entities; providing funding for the development of new technology; providing funding for universities; providing funding for governments; providing funding for research institutions; providing funding for inventions; providing funding for inventors; venture capital funding services for non-profit entities; venture capital funding services for commercial entities; venture capital funding services for companies; venture capital funding services for universities; venture capital funding services for research institutions; personal banking services; banking services provided for schools; consultancy relating to educational financial assistance; venture capital funding services for inventors; issuing of negotiable instruments; issuing of promissory notes; electronic banking services; electronic banking via a global computer network [internet banking]; financial administration of cash deposits in the field of casino and sports wagering; telegraphic remittance [payment] services; discount of bills; trusteeship representatives; savings and loan associations; cooperative credit organizations; variable insurance investment services; fixed income investment services; services for debiting and crediting financial accounts; venture capital and project capital investment services; private placement and venture capital investment services; bank account and savings account services; venture capital and venture capital management services; actuarial services; financial services relating to the sale of property; financial services relating to the purchase of aircraft; financing

services for the securing of funds for business; emergency financial services for travellers; securing of funds for the purchase of property; financial consultancy services relating to infrastructure investment; financial consultancy in the field of risk management; management of financial assets; bank account information services; savings schemes relating to health insurance; savings schemes relating to health care; savings scheme services; tax payment processing services; financial banking; financing services for the securing of funds in respect of ventures; personal financial banking services; safe deposit services for valuables; financial services relating to wealth management; provision of finance for business ventures; funding of product development; provision of finance for the purchase of motor vehicles; provision of finance for civil engineering constructions; provision of finance for real estate development; equipment financing services; arranging finance for films; provision of finance for the purchase of vehicles; financing of building projects; accounts receivables financing; provision of equipment finance; financing in relation to the buying and selling of businesses; provision of finance for health care; arranging the provision of finance; financial risk management services; financial management of building projects; financial management of risk capital, investment capital and development capital; financial management of reimbursement payments for others; financial management of real estate projects; financial trust management; financial sponsorship of sports events and cultural events for others, namely, sport competitions, theatrical, film, music, and dance performances and festivals, art and museum exhibitions; financial risk assessment services; financial research in the field of risk management; financial planning and management; financial planning services relating to building projects; financial management of shares in other companies; financial management of building renovation projects; financial management of building occupancy expenses; arranging finance for television programs; financing services relating to dental care; financing services for the purchase of ships; provision of finance relating to the sale and purchase of boats; provision of finance for leisure centres; financing services relating to real estate development; financing of consumer purchases; financing of acquisitions; financing of mergers; financing services relating to maternity care; arranging finance for radio programs; project financing; deposit accounts services; bank account services; maintaining escrow accounts for investments; maintaining mortgage escrow accounts; foreign currency transfer services; financial management of pensions; financial management of current accounts; financial management of cash accounts; financial administration of employee pension plans; financial management relating to banking; financial management services relating to dental institutions; financial management services relating to medical institutions; financial administration of a private dental plan; financial management for businesses; financial management services relating to hospitals; financial management of holding companies; financial management of companies; financial management services relating to retirement homes; financial guardianship; brokerage services for arranging financing by other financial institutions; brokerage of carbon offsets; debit account services; inflation risk management; retail financing services; capital management; personal equity plan investment; school fees investment services; variable annuity investment services; internet banking; international banking; property investment banking services; home banking; merchant banking services; brokerage of emission rights; financial management of current accounts; providing rebates at participating establishments of others through use of a membership card; business liquidation services, financial; providing information and analysis via the internet in the field of financial investments; providing information relating to trusteeship of financial futures contracts; corporate trustee services; deposit-taking; money deposit services; management of corporate finances; financial administration of deposit collection; financial management services relating to banking institutions; financial management services relating to local authorities; financial management services relating to convalescent institutions; insurance underwriting; currency exchange rate quotations; foreign monetary exchange advisory services; currency trading; provision of financial information about foreign

exchange rates; currency trading and exchange services; currency exchange and advice; money exchange agency services; on-line real-time currency trading; underwriting in foreign exchange (services for the -); provision of information relating to rates of exchange; buying and selling currency; conducting foreign exchange transactions for others; providing information relating to foreign exchange transactions; financial information services relating to foreign exchange; foreign exchange bureaux; preparation and quotation of stock exchange prices and indices; financial information in the nature of rates of exchange; financial information services relating to currencies; foreign exchange market; trading in currencies; forecasting of foreign exchange rates; virtual currency services, namely, virtual currency trading services; virtual currency exchange; trading of foreign exchange currencies; money exchange and transfer; stock exchange quotation and listing services; issuance of travellers' cheques; issuing traveler's checks by travel agencies; issuing of travellers' cheques and currency vouchers; buying and issuing of travellers' cheques; cash and foreign exchange transactions; cash, check (cheque) and money order services; payment card services; tax and duty payment services.

Class 42

(3) Providing temporary use of online non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, and managing digital currency payment and exchange transactions; online authentication of user identification toward the third party in electronic commerce transactions.

Class 43

(4) Boarding for animals; rental of table settings; provision of food and drink, namely, restaurants, self-service restaurants, snack-bars, canteen services, cafeterias, food and drink catering; pet boarding services; pet day care services; dog day care services; cattery services; boarding for horses; boarding for pets; services for the care of pet fishes [boarding for animals]; services for the care of pet birds [boarding for animals]; rental of rugs; rental of lighting apparatus; hiring of furniture for presentations; hiring of furniture for conferences; rental of kitchen sinks; rental of kitchen worktops for preparing food for immediate consumption; rental of pillows; hire of interior lighting; rental of towels for hotels; rental of glassware; rental of beverage fountains; rental of crockery; rental of floor coverings for hotels; rental of floor coverings; rental of futon; rental of blankets; rental of catering equipment; rental of cutlery; rental of quilts; rental of beds; rental of cotton candy making machines; hire of bed linen; rental of wall hangings for hotels; rental of curtains for hotels; hire of interior tables; rental of carpets; hire of interior chairs; rental of chairs and tables; rental of chairs, tables, table linen, glassware; rental of tableware; rental of chafing dishes; rental of chocolate fountains; rental of popcorn poppers; hiring of furniture for exhibitions; rental of furniture for hotels; emergency shelter services [providing temporary housing]; hire of pavilions; travel agency services for booking accommodation; provision of information relating to the booking of accommodation; providing temporary accommodation in holiday camps, hotels, motels, and resorts; creche services provided in shopping locations; room booking; booking of accommodation for travellers; consultancy provided by telephone call centers and hotlines in the field of temporary accommodation; nurseries, day-care and elderly care facilities; hotels, hostels and boarding houses; providing information about temporary accommodation via the internet; providing information about temporary accommodation services; accommodation bureau services; hotel reservations; rental of rooms as temporary living accommodations; rental of tents; provision of caravan park facilities; rental of rooms for social functions; booking agency services for hotel accommodation; tourist home services; consultancy services relating to hotel facilities; providing temporary accommodation in holiday homes; providing temporary accommodation in holiday flats; providing temporary accommodation in boarding houses; providing campground facilities; resort hotel services; guesthouses; tourist hostels; providing ratings of holiday accommodation; appraisal

of hotel accommodation; booking of campground accommodation; booking of hotel rooms for travellers; booking agency services for holiday accommodation; travel agency services for reserving hotel accommodation; travel agency services for making hotel reservations; hotel accommodation services; hostels; hotel reservation services provided via the internet; resort lodging services; provision of hotel accommodation; rental of temporary accommodation in holiday homes and flats; providing temporary trailer park facilities; providing accommodation in hotels and motels; reservation of temporary accommodation in the nature of holiday homes; travel agency services for booking temporary accommodation; reservation of rooms for travellers; reservation of tourist accommodation; booking of hotel accommodation; information relating to hotels; making hotel reservations for others; hotel services for preferred customers; provision of information relating to hotels; electronic information services relating to hotels; tourist inns; services for reserving holiday accommodation; hotel services; youth hostel services; motel services; boarding house services; providing lodging information via the internet; providing travel lodging information services and travel lodging booking agency services for travelers; providing on-line information relating to holiday accommodation reservations; providing online information relating to hotel reservations; boarding house bookings; providing room reservation and hotel reservation services; temporary accommodation provided by dude ranches; temporary accommodation services provided by holiday camps; restaurant reservation services; restaurant services; providing food and drink for guests in restaurants; take-out restaurant services; mobile restaurant services; bar services; providing food and drink in restaurants and bars; tea rooms; teahouse services.

Class 09

Onboard computers; onboard scale systems for weighing trash, recyclable materials and organic waste; vehicle and object detection equipment, namely, video cameras, user interface displays, namely, electronic touch screen display, computer display screens, heads-up electronic displays and touch screen displays, computers, image sensors, and downloadable operating system and application software to detect vehicle location and location of other vehicles, objects, and terrain in proximity to the vehicle; telematic devices, namely, wireless electronic devices and on-board diagnostic devices in the nature of vehicle on-board computers that provide telematic services and transmission of telematics data and information; downloadable software for managing fleets of vehicles; downloadable software for monitoring, managing, tracking, communicating with and analyzing data, video and information from vehicle safety and operational systems and for predicting and scheduling repairs; downloadable software for vehicle position and movement tracking, and vehicle telematics and engine data monitoring, used with a vehicle's diagnostic system; downloadable software that compiles information regarding the vehicle's operations and functions to allow the driver and passengers access to on-board computer resources and access to on-board systems; downloadable software for monitoring and reporting the fullness, status and operation of trash receptacles and compaction devices; vehicle safety equipment, namely, an on-board vehicular surveillance system comprised of cameras, sensors for temperature, movement and environmental conditions, and user interface displays, namely, electronic touch screen display, computer display screens, heads-up electronic displays and touch screen displays; electronic devices for monitoring fullness, status, and operation of trash receptacles, trash collection devices, and compaction devices, and for collecting and disseminating collected monitoring information; downloadable computer billing software for the waste management industry; downloadable software in the nature of a mobile application for monitoring, managing, tracking, communicating with and analyzing data, video and information from vehicle safety and operational systems; downloadable transportation management software; downloadable software enabling weighing of trash, recyclable materials and organic waste.

Services**Class 35**

(1) Providing business information in the fields of vehicle fleet management and refuse collection; Providing business information related to the monitoring, managing, tracking, communicating with and analyzing data, video and information for vehicle safety and operational systems; providing business management information via a website in the fields of motor vehicle fleet management and refuse collection vehicles via the Internet; Providing business management information via a website related to the business analysis of monitored, managed, tracked, communicated and analyzed data, video and information for others in the vehicle safety and operational systems industry, all for business purposes; providing business information in the fields of vehicle fleet management and refuse collection via the Internet for commercial purposes; providing business information via a website related to the business analysis of monitored, managed, tracked, communicated, and analyzed data, video and information gathered from vehicle safety and operational systems for commercial purposes.

Class 42

(2) Providing temporary use of on-line non-downloadable software for managing fleets of vehicles; Providing temporary use of on-line non-downloadable software for monitoring, managing, tracking, communicating with and analyzing data, video and information from vehicle safety and operational systems and for predicting and scheduling repairs; providing temporary use of on-line non-downloadable software for vehicle position and movement tracking, and vehicle telematics and engine data monitoring, used with a vehicle's diagnostic system; Providing temporary use of on-line non-downloadable software that compiles information regarding the vehicle and loading arm's operations and functions to allow the driver and passengers access to on-board computer resources and access to on-board systems; Providing temporary use of on-line non-downloadable software for monitoring and reporting the fullness, status and operation of trash receptacles and compaction devices; Electronic monitoring and reporting of fullness, status, operating, and servicing of trash receptacles and compaction devices using computers and sensors and other mechanical and electronic equipment; software as a service (SAAS) services featuring software for route management of vehicles; Software as a service (SAAS) services rendered via a customer portal featuring software for collecting, identifying, identifying, analyzing, monitoring, and reporting information related to the status, weight of transported material, fullness, contents, contamination, servicing, and operation of refuse trucks, and generating invoices and manage routes in connection with waste management services; providing temporary use of on-line non-downloadable software for monitoring, managing, tracking, communicating with and analyzing data, video and information from vehicle safety and operational systems; providing temporary use of non-downloadable transportation management software; providing temporary use of non-downloadable software enabling weighing of trash, recyclable materials and organic waste.

Class 01

(1) Assays and reagents for use in genetic research; biological assays for medical research purposes; assays for testing nucleic acid sequences, antigens, metabolites, bacteria, and viruses, other than for medical or veterinary use; biochemical catalysts; biochemicals in the form of monoclonal antibodies for scientific purposes; biochemical reagents commonly known as probes, for detecting and analyzing molecules in protein or nucleotide arrays; biochemicals in the form of monoclonal antibodies for in vitro and in vivo scientific use; biochemicals, namely, monoclonal antibodies for in vitro scientific or research use; biochemicals, namely, polynucleotides for in vitro and in vivo scientific and research purposes; biochemicals, namely, polypeptides for in vitro research use; biochemicals, namely, precursors for in vitro genetic engineering use; biological tissue, namely, a set of matched frozen and fixed human biological specimens derived from the division of one original specimen for use in scientific and medical research; biomedical compounds, namely, peptide substrates used in analyzing and detecting certain toxins for clinical or medical research use; biomedical compounds, namely, peptide substrates used in analyzing and detecting certain toxins for laboratory or research use; biochemical catalysts for use in the manufacture of industrial chemicals; chemical reagents for non-medical purposes, namely, chemical reagents also containing magnetic beads for the isolation, purification, and extraction of DNA and RNA; chemical reagents for use in genetic research for non-medical purposes, namely, for use in evaluating for use in evaluating nucleic acid sequences, antigens, and metabolites; chemical solutions and preparations consisting of pre-mixed reactants and reagents for scientific and research use in connection with amplification, analysis or labeling of nucleic acid; chemical substances for analyses in laboratories, other than for medical or veterinary purposes namely, cell culture media for scientific and research purposes, cell culture reagents for scientific and research purposes, protein stabilizers; chemical analysis test kits for use in the fields of biological and diagnostic testing, and waste water for scientific research purposes; chemicals for use in biotechnological product development, namely, chemical additives for use in drug manufacturing processes; chemicals for use in the purification of proteins for in vitro use; chemicals, namely, buffer and standard solutions used in analytical chemistry; diagnostic preparations for medical

scientific research use; diagnostic preparations for scientific research use other than for medical use, namely testing for contaminants in food, for use in assessment of genomic analysis for scientific use and for use in assessment of toxicological property of chemical compounds and mixture for scientific use; diagnostic reagents for in vitro use in biochemistry, clinical chemistry and microbiology; diagnostic reagents for medical scientific research use; diagnostic reagents for scientific research use that test for contaminants in food and for detection of viruses in humans; enzyme preparations for use in the biotechnology, nucleic acid detection, agricultural, and toxicology industry; enzyme substrates; biotechnologically-formed enzymes for use in the chemical and medical industries; enzyme preparations for medical scientific research use; immunohistochemistry detection kits consisting of mouse secondary reagents, DAB chromogens, DAB buffers, peroxidase blocking reagent, and hematoxylin, for anatomic pathology purposes in the medical diagnostics industry; laboratory chemicals, namely, an antibody reagent used for the detection of antigens in cell and tissue analysis for in vitro diagnostic use; nucleic acid isolation and purification kit consisting primarily of reagents and magnetic beads for scientific research purposes; nucleic acid sequences and chemical reagents for other than medical and veterinary purposes, namely enzymes, solvents, and catalysts for use in testing food products and profiling genes, RNA and DNA; nucleotides for medical scientific research use; reagent kits comprising generic DNA circle, DNA primers, polymerase and buffers for use in biotechnology fields; reagents for use in the fields of biological and diagnostic testing, and waste water for scientific research purposes; test particles for biodetection systems, biological analogues and microscopic carrier beads with chemically attached DNA fragments for use in testing the operation of equipment used for analyzing air for the presence of harmful biological substances; testing kits containing peptide substrates used in analyzing and detecting certain toxins for clinical or medical research use; testing kits containing peptide substrates used in analyzing and detecting certain toxins for laboratory or research use;

Class 09

(2) Automated laboratory equipment used for cutting specimens, namely, microtomes; computer hardware; computer hardware for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; computer hardware with preinstalled software for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; diagnostic apparatus, namely laboratory pipettes and test kits for scientific research use testing for contaminants in food; laboratory instruments, namely laboratory pipettes and test kits for the detection of pathogens in a biological sample for laboratory and research use; digital media, namely, applications and data files featuring software for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; DNA chips; DNA microarrays; downloadable cloud-based software for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; downloadable computer software for scientific analysis of genetic sequences; downloadable computer software for the structural and functional analysis of genomes; downloadable computer software for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; downloadable computer software for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways and instructional user guides sold as a unit; downloadable software for dosimetry purposes in the field of radiotherapy; filters for blood and blood components for laboratory use; flow cytometers and flow-based

analyzers providing cell and particle analysis, detection, or counting for scientific, laboratory, and general research uses; hand-operated laboratory tools, namely laboratory pipettes, tissue wipes and filter paper samples for manipulating laboratory samples; laboratory apparatus and instruments for extracting nucleic acids and proteins; laboratory devices for detecting genetic sequences; laboratory instrument for the detection of pathogens and toxins in a biological sample for research use; laboratory robots; medical laboratory research instruments for detecting the presence of nucleic acid sequences, antigens, gene expression, tissue structures, and radiation exposure; non-medical imaging devices for nucleic acids and chemical labels; research laboratory analyzers, namely qPCR instruments and sequencing instruments for measuring, testing and analyzing blood and other bodily fluids; scientific apparatus and instruments, namely, fluid handling device used for disposable bioprocessing applications and parts and fittings therefor; scientific instrumentation for measuring concentrations of chemicals in water; scientific instrumentation for measuring the quantity of nucleic acids and antigens, gene expression, and radiation exposure; scientific instruments, namely, electronic sensors, detectors and sequencers for measuring, testing and detecting contaminants and environmental pollutants; scientific instruments, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of nucleic acid sequences and antigens, gene expression, and radiation exposure; scientific research specimen collection devices in the nature of bottles, tubes, swabs, syringes, and wipes for the collection of nasal mucus, respiratory droplets, saliva, blood, urine, and feces; temperature controller for controlling temperature of medical instruments and containers for medical fluids; sample testing collection equipment, namely, antiseptic wipes and cotton swabs for laboratory use, not for medical purposes;

Services

Class 42

Agricultural testing for nucleic acid sequences and gene expression; analysis of water quality; bacteriological research; bacteriological research and testing; biochemical research and analysis; biochemical research and development; biological research; biological research and analysis; biotechnology research in the fields of medicine, agriculture and nutrition; blood analysis services; chemical analysis; chemical analysis services; chemical research; chemical research and analysis; chemical research services; chemical, biochemical, biological and bacteriological research and analysis; clinical research in the field of evaluating the presence of nucleic acids, antigens, gene expression, tissue structures, and radiation exposure; computer programming consultancy in the field of in the field of biotechnology, nucleic acid detection, agricultural, and toxicology; computer programming and software design; consulting services in the fields of medical, biological, agricultural and nutritional biotechnology, pharmaceutical research and development and genetic science; consulting services in the fields of medical, biological, agricultural, and nutritional biotechnology, pharmaceutical research and development, medical, biological, agricultural, and nutritional laboratory testing for diagnostic purposes, and pharmacogenetics; custom design and development of chemical reagents and biochemical assays; detection of contaminants in water; detection of contaminants in waste water; developing computer software; developing customized software for others; developing and updating computer software; development of new technology for others in the field of medical, biological, agricultural, and nutritional biotechnology, nucleic acid detection, agricultural, and toxicology; diagnostic services in the field of medical, biological, agricultural, and nutritional biotechnology, nucleic acid detection, agricultural, and toxicology; DNA analysis services for scientific research purposes; DNA analysis services to determine paternity being laboratory research services; DNA screening for scientific research purposes; dosimetry monitoring services; drug discovery services; food safety testing and consultation related thereto; genetic mapping for scientific purposes; genetic testing for scientific research purposes;

genotyping services for research or analysis purposes; laboratory research analysis in the field of medical, biological, agricultural, and nutritional biotechnology, nucleic acid detection, agricultural, and toxicology; medical laboratory services; medical research services in the field of cancer; medical research services; monitoring of water quality; monitoring of DNA, RNA, proteins, and viruses for scientific research purposes; providing information in the field of plant genetics research resources; providing information relating to scientific research in the field of biochemistry and medical, biological, agricultural, and nutritional biotechnology; providing laboratory research services in the field of gene expression, namely, cancer biology; providing medical research and scientific research information in the field of oncology via the internet; providing testing services for medical research purposes and information in the field of cancer research and disease classification; providing medical and scientific research information in the fields of pharmaceuticals and genetics; conducting scientific research and analysis of chemical reagents for others for medical, biological, agricultural, and nutritional testing and diagnostic purposes; providing scientific information in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; hosting a website for the electronic storage of nucleotide sequences, single-nucleotide polymorphisms, and sample information; rental of application software; rental of computer hardware; rental of computer hardware and computer software; rental of computer software; rental of computer software and programs; rental of computers; rental of computers and software; rental of laboratory instruments; rental of laboratory robots; research services in the field of forensic science, namely, analysis, detection and isolation of biological substances in forensic samples; research and development and consultation related thereto in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; research and development in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; research and development of technology in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; scientific research consulting in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; scientific research for medical purposes in the area of cancerous diseases; scientific research for medical purposes in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; scientific research in the field of genetics and genetic engineering; scientific research in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; scientific study and research in the field (s) of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; scientific and technological services, namely, detection of the presence of nucleic acids and antigens, and modifications thereof, gene expression, tissue structures, and radiation exposure in the field of cancer, inherited diseases, infectious disease, viral disease, covid-19, influenza, respiratory syncytial virus, coronary artery disease risk, and schizophrenia risk; software as a service (SAAS) services featuring software for detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; software as a service (SAAS) services, namely, hosting software for use by others for use detecting labeled molecules and analyzing genetic data, aligning sequences, controlling laboratory equipment, bioinformatics, expression profiling, and metabolic pathways; technology advisory services related to medical, biological, agricultural, and nutritional biotechnology, nucleic acid detection, agriculture, and toxicology; testing of chemicals; testing of filters; testing, inspection and research on agriculture,

livestock breeding and fisheries; testing, inspection, research, and development of pharmaceutical preparations for gene therapy; toxicology services; water analysis; water analysis;

computer games; arranging of sporting contests, namely soccer, tennis, track and field, baseball, basketball, fitness, hockey, golf, cycling, swimming; organization of online gaming contests; organizing, arranging and conducting sports betting and gambling tournaments, competitions and contests; arranging of contests, namely sweepstake services; instruction in the field of fitness, aerobics and other physical exercises; information and consultancy relating to the aforesaid services; all the aforesaid services whether or not provided via electronic channels, including the internet

Class 42

(5) Scientific and technological services, namely scientific research, analysis and testing in the field of real estate, hospitality, and workspace solutions and ESG (environmental, social and governance) and new product design relating thereto; industrial analysis and research services in the field of real estate, hospitality, and workspace solutions and ESG (environmental, social and governance); design and development of computer hardware and software; computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in business and social networking; platforms for providing a web-based on-line portal for customers to participate in business and social networking, engage in virtual communities, manage membership in a co-working and private office facilities service, request and manage office assignments, reserve conference rooms, control employees' user access, order printing services, and sign up and pay for vendor services such as catering, benefits and health insurance; computer services, namely, hosting electronic facilities for others for organizing and conducting online introductions, meetings, gatherings and interactive discussions; computer services, namely hosting websites for others enabling interactive discussions and publishing and sharing of user-generated content, namely, electronic and voice messages, text comments, text messages, photographs, video clips, audio clips, movies, films, television shows, music, and music videos; computer services, namely, cloud hosting provider services; computer services, namely, on-site and remote management of it systems; installation, updating and maintenance of computer software; rental of web servers; server hosting; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems

Class 43

(6) Services for providing food and drink, namely, catering services, restaurant and bar services, café services, food and beverage concession stands, snack bar services, and the provision of in-room dining, restaurant services; food kiosk services being services for providing food and drink; services for providing food and drink, namely restaurant services, self-service restaurant services, bar services, canteen services, mobile food vehicle services for the preparation of food and beverages, food preparation services featuring fresh and properly proportioned meals made to order for delivery or pick up, take-out restaurant services, takeaway food and drink services, food and drink catering, providing food and beverages via dispensers, providing food and beverages by vending machines; services for providing food and drink, namely restaurants, self-service restaurants, bars, snack-bars, canteen services, cafeterias, food and drink catering; providing temporary accommodation in holiday camps, hotels, motels and resorts; bars, restaurants, hotels, cafés; reservation of hotels, restaurants, cafés and bars; providing hotel accommodation; catering for the provision of food and beverages; consultancy relating to the selection of beers, wines, beverages and meals; rental of rooms as temporary living accommodation; operating membership accommodation, namely private residence club services in the nature of providing club members

temporary accommodations in company owned or leased private residences; information and consultancy relating to the aforesaid services; all the aforesaid services whether or not provided via electronic means, including the internet

Class 01

(1) chemical assays and reagents for use in genetic research; diagnostic reagents for scientific and research use for genomic analysis; diagnostic reagents for clinical and medical laboratory use; chemical reagents for genomic analysis; reagent kits comprising generic DNA circle, DNA primers, polymerase and buffers for use in biotechnology fields; reagents for scientific use for use in kits for high-quality single-cell and low-input DNA amplification, primary template-directed amplification (PTA) reaction and library cleanup, optimum bead cleanup performance, single-cell and low-input transcriptional profiling, and combined genome and transcriptome profiling; reagents and containers specifically adapted for reagents, namely, reagents comprising paramagnetic beads for use in the processing, purification, and cleanup of samples containing genomic material, including material from single cells, for research purposes; reagents and containers specifically adapted for reagents, namely, reagents for scientific use for use in the amplification and recovery of genomic material, including genomic material from single cells; chemical substances and products, namely, chemical preparations for use in genetic research; biochemicals, namely, biological reagents for use in whole genome amplification to detect genetic variants in each cell for non-medical purposes; laboratory chemicals, namely, an antibody reagent used for genetic research; chemical test kits consisting primarily of chemical reagents for diagnostic purposes for laboratory and research use, all for use in genomic analysis; diagnostic kits comprising reagents for scientific use for genomic analysis; diagnostic kits comprised of reagents and assays for scientific use for detecting, testing, analyzing, and sequencing genes, nucleic acids, and biological molecules; medical test kits comprised of reagents for scientific use for biological analysis for use in whole genome amplification to detect genetic variants in cells; kits comprising reagents, namely, reagents for scientific use comprising paramagnetic beads for use in the processing, purification, and cleanup of samples containing genomic material, including material from single cells; kits containing assays, reagents, and chemical preparation for use in genetic research; kits containing biochemicals, namely, biological reagents for scientific use for use in whole genome amplification to detect genetic variants in each cell; Laboratory apparatus and instruments, namely, chemical genomic testing kits; kits containing laboratory chemicals, namely, antibody reagents used for genomic research

Class 05

(2) Diagnostic reagents for medical use; reagents and containers specifically adapted for reagents, namely, reagents comprising paramagnetic beads for use in the processing, purification, and cleanup of samples containing genomic material, including material from single cells, for medical purposes; diagnostic chemical test kits consisting primarily of monoclonal antibodies, buffers, and reagents for medical use; medical test kits comprised of medical diagnostic reagents and assays for high-quality single-cell and low-input DNA amplification, primary template-directed amplification (PTA) reaction and library cleanup, optimum bead cleanup performance, single-cell and low-input transcriptional profiling, and combined genome and transcriptome profiling; medical test kits comprised of medical diagnostic reagents for use in the amplification and recovery of genomic material, including genomic material from single cells; kits comprising reagents, namely, reagents for medical use comprising paramagnetic beads for use in the processing, purification, and cleanup of samples containing genomic material, including material from single cells; medical test kits comprised of medical diagnostic reagents for use in connection with next-generation sequencing (NGS) for the purpose of revealing the presence and quantity of RNA and analyzing cellular transcriptome; medical test kits comprised of medical diagnostic reagents for genetic sequencing of messenger ribonucleic acid (mRNA), complementary DNA (cDNA), and full-length transcripts; diagnostic kits comprising reagents for medical use; diagnostic kits comprising reagents for drug target discovery; kits for diagnostic purposes for laboratory, medical or research use comprised of cells and diagnostic reagents for medical diagnostic use that determine the heterogeneity of cellular populations within a tissue in the fields of oncology, neurology, reproductive medicine, toxicology, immunology, cardiac related tissues, and genetic engineering, namely gene editing

Class 09

(3) Scientific and laboratory apparatus and instruments, namely, magnetic plates for use with magnetic and paramagnetic beads for the processing, purification, and cleanup of samples containing genomic material, including material from single cells; kits containing a scientific and laboratory apparatus and instrument, namely, kits comprising multi-well plates, magnetic plates, and reagents comprising paramagnetic beads for the processing, purification, and cleanup of samples containing genomic material, including material from single cells; kits comprising a scientific and laboratory apparatus and instrument for the amplification and recovery of genomic material, including genomic material from single cells, and reagents for scientific or research use

Class 10

(4) diagnostic kits and devices, namely, companion diagnostics (CDx); gene and genetic testing apparatus in the nature of apparatus for DNA and RNA testing for medical and scientific purposes; scientific, medical, and laboratory apparatus and instruments for the amplification and recovery of genomic material, including genomic material from single cells, namely, cell or sample specimens that determine the heterogeneity of cellular populations within a tissue in the fields of oncology, neurology, reproductive medicine, toxicology, immunology, cardiac related tissues, and genetic engineering, namely gene editing; medical apparatus and instruments, namely, magnetic plates for use with magnetic and paramagnetic beads for the processing, purification, and cleanup of samples containing genomic material, including material from single cells; kits containing medical and scientific apparatus, namely, cell or sample specimens that determine the heterogeneity of cellular populations within a tissue in the fields of oncology, neurology, reproductive medicine, toxicology, immunology, cardiac related tissues, and genetic engineering, namely gene editing for use in genetic research

Services

Class 42

(1) Genomic analysis and sequencing services for scientific, medical, and research purposes; genomic analysis and sequencing services for precision and personalized medicine; medical and scientific research in the fields of genetics, genomics, proteomics, transcriptomics, epigenomics, metabolomics, meta-genomics, meta-transcriptomics, and microbiomics; medical and scientific research in connection with circulating tumor cells (CTC), cell free DNA (cfDNA), circulating tumor DNA (ctDNA), cancer genomics, methylome, methylomics, and DNA methylation; nucleic acid and ribonucleic acid analysis services for medical and scientific research purposes; providing medical and scientific research information in the fields of genetics, genomics, proteomics, transcriptomics, epigenomics, metabolomics, meta-genomics, meta-transcriptomics, and microbiomics; medical and scientific research in connection with high-quality single-cell and low-input DNA amplification, primary template-directed amplification (PTA) reaction and library cleanup, optimum bead cleanup performance, single-cell and low-input transcriptional profiling, and combined genome and transcriptome profiling; medical and scientific research in connection with genome amplification to detect genetic variants in cells; medical and scientific research in connection with measuring genetic diversity in single cells; medical and scientific research in connection with primary template-directed amplification for use in connection with single cells and ultra-low DNA input samples; medical and scientific research for the purpose of elevating single cell genome variants for the purpose of genome amplification; DNA analysis and sequencing services for scientific, medical, and research purposes; research, development and scientific consultancy in the field of genomics; medical research, namely, compiling data for research purposes in the field of genomics; providing medical research information in the field of genomics, gene therapy, cell therapy for medical purposes; providing on-line non-downloadable software for collecting, analyzing, reporting, and tracking data and information in the fields of genetics, genomics, proteomics, transcriptomics, epigenomics, metabolomics, meta-genomics, meta-transcriptomics, and microbiomics

(2) biochemical research; biomedical research services; DNA screening for scientific research purposes; medical research

Class 44

(3) Medical testing for diagnostic or treatment purposes; medical testing for precision therapies and personalized medicine treatment purposes; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; medical diagnostic testing, monitoring and reporting services; medical analysis services for diagnosis the fields of oncology, cardiology, prenatal genetic testing (PGT), neurological genetic disorders, immunology, microbiome, toxicology, and bioprocessing; medical analysis services for diagnosis in the field of gene therapy and cell therapy; medical analysis services for diagnosis in the fields of genetics, genomics, proteomics, transcriptomics, epigenomics, metabolomics, meta-genomics, metatranscriptomics, and microbiomics

Class 07

(1) Metalworking machines and tools; laser processing machines for metalworking; laser metalworking machines and tools and their parts and fittings; additive manufacturing machines, namely, 3D printers; laser welding machines; soldering and solder removing robots and their parts; industrial robots for laser welding and their parts; welding and soldering machines and systems and their parts, namely, metal inert gas (MIG) welding robots, Stick welding robots, tungsten-electrode inert gas (TIG) welding robots, Plasma arc welding robots, Electron beam and laser welding robots and Gas welding and soldering machines and their parts; semiconductor manufacturing machines and systems, namely, semiconductor manufacturing machines, robots and robotic arms for semiconductor manufacturing, ion implanters for semiconductor

manufacturing machines and systems, epitaxial reactors for semiconductor manufacturing machines, physical and chemical vapor deposition reactors for semiconductor manufacturing machines; wafer stages being parts for semiconductor manufacturing machines; ultraviolet irradiation machines for use in manufacture of semiconductors; light source illumination machines for use in ultraviolet irradiation of semiconductors during manufacture; exposure apparatus for manufacturing semiconductors and liquid crystal, namely, machines for manufacturing liquid crystal display devices, machines for manufacturing; semiconductor exposure apparatus, namely, semiconductor lithography machine for use in the manufacture of semiconductors, and their parts and fittings; semiconductor drying, washing and etching apparatus, namely, semiconductor wafer processing machines and their parts; industrial robotic arms for packaging and their parts and fittings; hydraulic actuators, pneumatic linear actuators, hydraulic linear actuators, electrohydraulic actuators, and thermal actuators and their parts and fittings, not for land vehicles; hydraulic actuators, pneumatic linear actuators, hydraulic linear actuators, electrohydraulic actuators, and thermal actuators and power transmissions with torque detection function, not for land vehicles; power transmissions and gearing, machine elements not for land vehicles; industrial robots, namely, arc welding robots, robots for manufacturing electronic components, cargo handling robots for use in warehouses, electron beam welding robots, flux cored welding robots, industrial robots for processing, shaping and working wood, glass and metal, industrial robots for welding, industrial robots for semiconductor manufacturing, and their parts and fittings; industrial robots for assembling and sorting machines for chemical processing, industrial robots for metalworking, and industrial robots for semi-conductor manufacturing; industrial robots incorporating robot vision, namely, industrial robot vision systems configured with camera sensors mounted upon industrial robotic arms for maneuvering the industrial robot vision systems; multipurpose grippers that lift, grip and position objects being parts of industrial robot arms; material treatment robots for manufacturing industrial machine parts and manufacturing electronic components, namely, industrial robots for working glass, metal, ceramic, silicon wafer, diamond, quartz, rubber and a non-metal coating film upon aircraft wings to apply riblets; automatic machines and apparatus for cutting, drilling, polishing, blade sharpening and surface processing, namely, cutting machines for metalworking, glass cutting machines, fabric cutting machines, bench drills, drilling machines for metalworking, wood drilling machines, electric drills, power-operated drill hammers and sharpeners, milling and grinding machines for the treatment of ceramics and metals, angle polishers, polishing lenses being parts of machines, metal cutting machines, metal drilling machines, ceramic cutting machines, ceramic drilling machines, machines for cutting sintered metals, machines for drilling sintered metals, semiconductor cutting machines, semiconductor drilling machines, milling and grinding machines for the treatment of semiconductors, diamond cutting machines, diamond drilling machines, milling and grinding machines for the treatment of diamonds, glass cutting machines, glass drilling machines, milling and grinding machines for the treatment of glass, quartz cutting machines, quartz drilling machines, milling and grinding machines for the treatment of quartz, rubber cutting machines, rubber drilling machines, milling and grinding machines for the treatment of rubber; robots and robotic arms for manufacturing semiconductors; robots and robotic arms for assembling electronic circuits; robots and robotic arms for manufacturing electronic components; laser metalworking robots.

Class 09

(2) Downloadable and recorded application software for wireless remote control of metalworking machinery and equipment in the field of additive manufacturing; Downloadable and application software for remotely controlling smart cameras; application software for metalworking machines and tools; 3D scanners; digital cameras; digital cameras for industrial use; three-dimensional form measuring apparatus, namely, 3D scanners; three-dimensional measuring apparatus, namely, 3D

scanners; computer programs for three-dimensional image processing; parts and fittings for optical machines and apparatus of glass, glass ceramic, fused silica, and rock crystal for optical applications, namely, glass, glass ceramics, fused silica, and rock crystal in the nature of optical lenses for optical applications sold as a component part of optical semiconductor machines and lithographs; parts and fittings for optical machines and apparatus of glass, glass ceramic, fused silica, and rock crystal for optical applications, namely, optical glass, optical lenses, optical glass for use with optical machines having ultraviolet lasers, optical glass for use with optical machines having high-powered lasers, optical glass used for photomask substrates in semiconductors, optical glass boards used for photomask substrates in flat panel displays, optical lenses for semiconductor exposure systems, optical lenses for industrial inspection equipment, optical glass for use with compound semiconductor substrates, optical glass for use with optical machines for astronomy, optical glass for use with optical machines used with medical equipment, optical glass for use with optical machines used with semiconductor exposure equipment; special optical glass and glass ceramics in the nature of optical lenses sold as a component part of optical semiconductor machines and lithographs; optical lenses; optical filters; optical lenses for laser; camera lens blanks; spectacle lens blanks; eyeglasses; parts and fittings for optical machines and apparatus of calcium fluoride crystal, namely, calcium fluoride crystal in the nature of optical lenses sold as a component part of optical semiconductor machines and lithographs; parts and fittings for optical machines and apparatus of calcium fluoride crystal, namely, optical glass, optical lenses, optical glass for use with optical machines having ultraviolet lasers, optical glass for use with optical machines having high-powered lasers, optical glass used for photomask substrates in semiconductors, optical glass boards used for photomask substrates in flat panel displays, optical lenses for semiconductor exposure systems, optical lenses for industrial inspection equipment, optical glass for use with compound semiconductor substrates, optical glass for use with optical machines for astronomy, optical glass for use with optical machines used with medical equipment, optical glass for use with optical machines used with semiconductor exposure equipment; glass for photomask; glass and silicon boards for photomask; lenses for industrial cameras; optical lenses for optical machines and apparatus in the nature of high-resolution line camera sensors, flat panel display screens, PCBs (printed circuit boards), and semiconductor wafer processing machines; objectives being optical lenses; optical lenses for measuring and testing machines and instruments in the nature of high-resolution line camera sensors, flat panel display screens, PCBs (printed circuit boards), and semiconductor wafer processing machines; camera lenses for inspecting printed circuit boards; camera lenses for inspecting industrial components; silicon wafers; objective lenses for manufacturing semiconductor wafers; optical lenses for manufacturing semiconductor wafers; semiconductor inspection apparatus, namely, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, and their parts and fittings; light source illumination machines for use in illuminating semiconductors for inspection, namely, illuminometers, illumination regulators; light source illumination machines for use in illuminating charge-coupled device (CCD) for inspection, namely, illuminometers, illumination regulators; electronic machines, namely, electric valve actuators, electric rotary actuators, electric linear actuators, electromagnetic actuators, and high accuracy electro-mechanical actuators; electron tubes; semi-conductor elements; electronic circuits, not including those recorded with computer programs; recorded and downloadable computer programs for periodic maintenance in the field of mercury lamps, projection lens, wafer stage, and wafer loader as parts of semiconductor lithography devices; semiconductor wafers; integrated circuit modules; electronic chips for the manufacture of integrated circuits; cards bearing integrated circuits, namely, encoded integrated circuit cards, blank integrated circuit cards, integrated circuit memory cards, encoded digital integrated circuit cards, blank digital integrated circuit cards, digital integrated circuit memory cards, encoded analog integrated circuit cards, blank analog integrated circuit cards, analog

integrated circuit memory cards, encoded mixed-signal integrated circuit cards, blank mixed-signal integrated circuit cards, memory integrated circuit memory cards, encoded memory integrated circuit cards, blank memory integrated circuit cards, microprocessors, microcontrollers, encoded integrated circuit cards used for communication, blank integrated circuit cards used for communication, integrated circuit memory cards used for communication; computer software for processing semiconductor wafers; solid state drives; semi-conductor memories, namely, random access memory (RAM) cards, secure digital memory cards, flash memory cards, memory expansion cards, dynamic random access memory (DRAM) cards, static random access memory (SRAM) cards, synchronous dynamic random access memory (SDRAM) cards, magneto-resistive random access memory (MRAM) cards, read-only memory (ROM) cards, programmable read-only memory (PROM) cards, electrically erasable programmable read only memory (EEPROM) cards, phase change random access memory (PCM) cards; hard disk surface inspection apparatus, namely, wafer surface defect inspection tools, surface roughness testing machines and instruments; optical disk inspection apparatus, namely, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, optical microscopes for materials; testing apparatus for inspecting defection of electrical circuit parts and circuit boards, namely, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, probes for testing integrated circuits, probes for testing semiconductors; printed circuit board inspection apparatus and their parts, namely, circuit testers, test adapters for testing printed circuit boards, test pins for testing printed circuit boards; optical sensors; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for use in industrial welding and cutting applications, semiconductor lasers used for the creation of silicon photonic chips and wafers and semiconductor chips and wafers; semiconductor lasers, namely, quantum cascade laser used for the creation of silicon photonic chips and wafers and semiconductor chips and wafers; semiconductor lasers, namely, quantum cascade laser used for the creation of silicon photonic chips and wafers and semiconductor chips and wafers; laser diodes; laser diode modules; lasers for industrial use in the nature of laser optical scanning, lithographing, aligning and inspection machines for semiconductors, lithography and additive manufacturing; lasers for industrial use in the nature of laser measuring and testing machines for semiconductors, lithography and additive manufacturing; smart cameras and their parts and fittings; image processing cameras and their parts and fittings; optical inspection apparatus equipped with cameras with image-processing capabilities for monitoring operation defects inside a machine tool, optical inspection apparatus equipped with cameras with image-processing capabilities for monitoring defects in the industrial manufacturing process, optical inspection apparatus equipped with cameras with image-processing capabilities to detect defects in adhesive applications for industrial use, and optical inspection apparatus equipped with cameras and embedded computer software for image processing; image processing apparatus, namely integrated cameras for monitoring operation defects inside a machine tool; image processing apparatus, namely integrated cameras for inspecting industrial manufacturing processes to identify defects; image processing apparatus for industrial use, namely integrated cameras for detecting defects in adhesive applications; image processing apparatus, namely integrated cameras with embedded computer software for image processing; recorded and downloadable computer software for use in smart cameras and integrated cameras in inspection and image processing apparatus used in industrial manufacturing processes, their parts and fittings, for image processing; industrial cameras and their parts and fittings; computer programs and computer software for image processing and image analysis; electronic cameras and their parts and fittings; micrometers; electronic pulse counters to assess whether encoders emit, receive, and modulate signals by countering pulses of the signals; thermal printers; absolute encoders; linear encoders; optical profilers; torque sensors; torque detectors; detectors and vision sensors for robot vision systems, namely, motion detecting sensors,

electromagnetic measuring detectors, heat detectors, ultrasonic detectors, voltage detectors, motion detectors, light detectors, humidity detectors, distance sensors, optical position sensors, motion sensors, LED position sensors, proximity sensors, pressure sensors, optical sensors, photoelectric sensors, ultrasonic detectors, velocity detectors, vibration detectors ; computer hardware, in particular, detectors and vision sensors for robot vision systems and computer software, namely, motion detecting sensors, electromagnetic measuring detectors, heat detectors, ultrasonic detectors, voltage detectors, motion detectors, light detectors, humidity detectors, distance sensors, optical position sensors, motion sensors, LED position sensors, proximity sensors, pressure sensors, optical sensors, photoelectric sensors, ultrasonic detectors, velocity detectors, vibration detectors ; image processing apparatus for robot vision systems, namely, computer software for image processing; cameras; computer software for controlling optical sensors; sensor control apparatus, namely, robot control vision system comprised of a camera, camera sensors, camera lenses, camera modules, camera controllers, camera filters, shutters for cameras, motion tracking mounts for cameras, for the purpose of process optimization, using information collected with sensors, recognizing objects, generating paths, and adjusting grasping positions and parameters and by measuring spatial position coordinates; computer hardware and downloadable and recorded computer software for enabling the selection and assembly of industrial parts and for analyzing the condition of metal and welded materials for use in connection with robots; computer hardware and downloadable and recorded computer software for operating machine vision, sensors, detectors and monitoring equipment in the fields of vehicle manufacturing, shipbuilding, energy production, aircraft manufacturing, construction, and health care; downloadable and recorded computer software for robotic apparatuses for measuring, detecting, monitoring and controlling the selection and assembly of industrial parts and for analyzing the condition of metal and welded materials; downloadable and recorded computer programs for recorded data management; computer memory devices and memory media recorded with computer programs for recorded data management, namely, secure digital memory cards, random access memory cards, and semiconductor memory devices being computer memories; computer hardware; computer software for operating, managing, surveying, searching, indexing and monitoring computer servers; computer software for search engines; instruction manuals being downloadable and recorded electronic publications sold with computer software as a unit; computer user manuals in the form of downloadable electronic publications; computer hardware and downloadable and recorded software for the operation of three-dimensional camera systems; video image processing apparatus, namely, computers; circuit boards for video image processing; computer hardware and downloadable and recorded computer software for improving and providing real-time transfer, transmission, receipt, process, and digitalization of audio and video graphics files in the field of industrial manufacturing via global computer networks; photomasks for manufacturing semiconductors; photomasks for manufacturing displays; photomasks for package boards; photomasks for manufacturing print boards; electric actuators and their parts and fittings; electric actuators and power transmissions with torque detection function.

Class 11

(3) Mercury lamps.

Services

Class 37

(1) Repair or maintenance of metalworking machines and tools and their parts and providing information relating thereto; installation, maintenance and repair of molding machines; repair or maintenance of soldering machines and their parts and providing information relating thereto; repair and maintenance of industrial robots and their parts, namely, metal inert gas (MIG) welding robots, Stick welding robots, tungsten-electrode inert gas (TIG) welding robots, Plasma arc welding robots, Electron beam and laser welding robots and Gas welding and soldering machines, and providing information relating thereto; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of photographic machines and apparatus; repair or maintenance of 3D scanners and providing information relating thereto; repair or maintenance of digital cameras and providing information relating thereto; repair or maintenance of industrial digital cameras and providing information relating thereto; repair and maintenance of three-dimensional form measuring apparatus for use with robots for manufacturing electronic components in the nature of an apparatus that operates by means of robotic vision, robotic optical recognition of workpieces and robotic spatial positioning functions, and providing information relating thereto; repair and maintenance of three-dimensional measuring apparatus, namely, 3D scanners, and providing information relating thereto; troubleshooting of problems of computer hardware and computer network hardware [technical support].

Class 40

(2) Custom processing of optical lenses; providing technical information in the field of custom manufacturing of semiconductor; custom manufacturing of semiconductors and integrated circuits; technical consultancy in the field of custom manufacturing of semiconductors and integrated circuits; rental of humidifiers for industrial purposes; rental of air purifiers for industrial purposes; rental of air conditioners for industrial purposes; heat treatment of metals; metallurgical services in the nature of surface hardening treatment of metals; chemical treatment of metals; electroplating of metals; anodization of metals; metallurgical services in the nature of enhancing the electrical resistance of metals; metal additive manufacturing, namely, 3D printing for others using metal; custom metal additive manufacturing, namely, custom 3D printing for others using metal; custom metal additive manufacturing, namely, custom 3D printing for others using metal of parts for objects made from resin, plastic, metal, glass and ceramics; metal additive manufacturing, namely, direct metal laser sintering; rental of metalworking machine tools; laser processing of metals; test production of metal molded products for others; 3D printing for others; providing comprehensive material treatment information in the field of metal, glass, plastic, resin, ceramic, stone, semiconductors, rubber, optical glass, quartz glass, diamonds, sapphires, silicon, alumina, zirconia, sintered structural components, titanium alloy, stainless steel, high-speed steel, nickel based alloys, carbon steel, chromium molybdenum, zinc, brass, chromium copper, aluminum alloy, copper, gold, platinum, aluminum, tungsten, die copper, pure titanium, silicon nitride, silicon carbide, aluminum nitride, and hard metal alloy; laser processing of metal surfaces; laser processing of glass surfaces; laser processing of plastic surfaces; laser processing of synthetic resin surfaces; laser processing of ceramic surfaces; laser processing of stone surfaces; laser processing of glass; laser processing of plastics; laser processing of synthetic resins; laser processing of ceramics; laser processing of semiconductors; laser processing of stones; laser removing of coating on metals; laser removing of coating on glass; laser removing of coating on plastics; laser removing of coating on semiconductors; laser removing of coating on stones; rental of machines and apparatus for laser processing of metal surfaces; rental of machines and apparatus for laser processing of glass surfaces; rental of machines and apparatus for laser processing of plastic surfaces; rental of machines and apparatus for laser processing of semiconductor surfaces; rental of machines and apparatus for laser processing of stone surfaces;

rental of laser metal processing machines and apparatus; rental of laser glass processing machines and apparatus; rental of laser plastic processing machines and apparatus; rental of laser semiconductor manufacturing machines and systems; rental of laser stone processing machines and apparatus; processing of rubber; processing of plastics; ceramic processing; stone treating, namely, cutting of precious stones, polishing of precious stones, stone carving, stone crushing, stone engraving, stone grinding; processing of glass, resin, semiconductors, optical glass, quartz glass, diamonds, sapphires, silicon, alumina, zirconia, sintered structural components, titanium alloy, stainless steel, high-speed steel, nickel based alloys, carbon steel, chromium molybdenum, zinc, brass, chromium copper, aluminum alloy, copper, gold, platinum, aluminum, tungsten, die copper, pure titanium, silicon nitride, silicon carbide, aluminum nitride, and hard metal alloy; consultancy in relation to metal additive manufacturing, namely, 3D printing using metals; information and advisory services in relation to laser processing of metals and synthetic resins; information and advisory services in relation to laser processing of surfaces of metals, glass, plastics, synthetic resins, ceramics and stones; information and advisory services in relation to laser processing of metals, glass, plastics, synthetic resins, ceramics and stones; information and consultancy in relation to laser processing of metal materials, semiconductors, diamonds, quartz and rubber; information and consultancy in relation to the laser processing of materials, namely, the sintering of materials, namely, subjecting materials to high heat and pressure to form them into compact solids; soldering; rental of soldering apparatus and their parts; rental of metal treating machines and tools.

Class 41

(3) Rental of digital cameras; rental of industrial digital cameras.

Class 42

(4) Research in the area of semiconductor processing technology; design and development of semiconductors and integrated circuits and consultancy relating thereto; software design, computer programming and maintenance of computer programs; computer software design for others; computer software consulting; development of new products; research and development of new products for others and design and development services utilizing metal additive manufacturing for others; providing temporary use of online non-downloadable computer programs via data networks for managing recorded data, hardware, systems, and algorithms related to 3D measurement and image processing; advisory services in the field of cloud computing networks and applications; cloud computing providing software for database management; cloud computing services, namely computing services to enable network integrating computer hardware and software for virtualization of computer resources; cloud computing featuring software for use in confirming lists of apparatuses, engine connection status, operating status monitoring function, operating history management, automatic collection of parameters, work model data, local upload and download of data, log function, automatic collection of abnormalities, display of statistics, display of anomalies, data display when an abnormality occurs, anomaly analysis functions in the nature of emulators, and visual programming in the fields of aerospace, automobiles, construction machinery, heavy industries, infrastructure, precision equipment, food products, and medical products; rental of measuring apparatus, namely, computer rental, rental of computer software, rental of computer systems, rental of software for data processing; repair or maintenance of computer programs for three-dimensional image processing and information services relating thereto; rental of computer programs for three-dimensional image processing; rental of three-dimensional form measuring apparatus, namely, 3D scanners; rental of three-dimensional measuring apparatus, namely, 3D scanners; rental of 3D scanners; research, design and development of computer software for controlling industrial automation equipment; research, design and development of software for robotic process automation for controlling industrial

automation equipment; design and development of computer software in the nature of a central system for supporting simultaneous use of multiple robots; rental of computers; technical consultancy in the field of design and maintenance of computer networking programs relating to robot vision systems that work by using robots; computer analysis of technical data in the field of aerospace, automotive, construction equipment, heavy industry, infrastructure, and precision equipment; computer system design and analysis; computer-aided industrial analysis services for use in metalworking and for providing analytical and specification data for metal manufactured products for use in the fields of aerospace, automotive, construction equipment, heavy industry, infrastructure, and precision equipment; research and development services relating to computer hardware and software; designing of machines, apparatus, instruments, including their parts, and systems composed of such machines, apparatus and instruments, namely, computer design services, computer programming and software design, computer systems design, computer hardware design, design of automated machinery for use in the industrial sector; providing computer programs for managing recorded data on data networks; computer software design; consultancy services in the field of design, selection, implementation and use of computer hardware; design of computer hardware; troubleshooting of problems of computer software and computer network software [technical support]; technical support relating to the maintenance of computer software; web hosting computer application software of others by application service provider; technical consultancy in the field of computer hardware and computer software relating to computer information technology; consultancy relating to design of computers and computer programs for others; development, upgrading and maintenance of software database systems for others; installation, maintenance and repair of software for computer systems; monitoring of computer systems and computer systems relating to information technology by remote access and information and consultancy services relating thereto; cloud computing providing software for database management featuring data analysis, problem resolution and system management; technical support services, namely, troubleshooting in the nature of diagnosing problems relating to computer applications, computer systems, computer networks and computer hardware; online non-downloadable software for collecting, remote monitoring and analyzing computer data by computer applications, computer systems, computer networks, all for use in the field of information technology in particular IT business, IT application management, IT security and IT compliance management; computer software consultancy relating to IT project management, namely, computer technical support, business management software development, database management and computer network management; technological consultancy in relation to additive manufacturing of metals, in particular material selection.

Claims

Priority Filing Date: March 9, 2022, Country or Office: JAPAN, Application No: 2022-027206 in association with the same kind of goods and in association with the same kind of services

Application Number 2,222,526
International Registration Number 1696281
Language of Application English

Filing Date 2022-04-01

Class 07

(1) Metalworking machines and tools; laser processing machines for metalworking; laser metalworking machines and tools and their parts and fittings; additive manufacturing machines, namely, 3D printers; laser welding machines; soldering and solder removing robots and their parts; industrial robots for laser welding and their parts; welding and soldering machines and systems and their parts, namely, metal inert gas (MIG) welding robots, Stick welding robots, tungsten-electrode inert gas (TIG) welding robots, Plasma arc welding robots, Electron beam and laser welding robots and Gas welding and soldering machines and their parts; semiconductor manufacturing machines and systems, namely, semiconductor manufacturing machines, robots and robotic arms for semiconductor manufacturing, ion implanters for semiconductor manufacturing machines and systems, epitaxial reactors for semiconductor manufacturing machines, physical and chemical vapor deposition reactors for semiconductor manufacturing machines; wafer stages being parts for semiconductor manufacturing machines; ultraviolet irradiation machines for use in manufacture of semiconductors; light source illumination machines for use in ultraviolet irradiation of semiconductors during manufacture; exposure apparatus for manufacturing semiconductors and liquid crystal, namely, machines for manufacturing liquid crystal display devices, machines for manufacturing; semiconductor exposure apparatus, namely, semiconductor lithography machine for use in the manufacture of semiconductors, and their parts and fittings; semiconductor drying, washing and etching apparatus, namely, semiconductor wafer processing machines and their parts; industrial robotic arms for packaging and their parts and fittings; hydraulic actuators, pneumatic linear actuators, hydraulic linear actuators, electrohydraulic actuators, and thermal actuators and their parts and fittings, not for land vehicles; hydraulic actuators, pneumatic linear actuators, hydraulic linear actuators, electrohydraulic actuators, and thermal actuators and power transmissions with torque detection function, not for land vehicles; power transmissions and gearing, machine elements not for land vehicles; industrial robots, namely, arc welding robots, robots for manufacturing electronic components, cargo handling robots for use in warehouses, electron beam welding robots, flux cored welding robots, industrial

robots for processing, shaping and working wood, glass and metal, industrial robots for welding, industrial robots for semiconductor manufacturing, and their parts and fittings; industrial robots for assembling and sorting machines for chemical processing, industrial robots for metalworking, and industrial robots for semi-conductor manufacturing; industrial robots incorporating robot vision, namely, industrial robot vision systems configured with camera sensors mounted upon industrial robotic arms for maneuvering the industrial robot vision systems; multipurpose grippers that lift, grip and position objects being parts of industrial robot arms; material treatment robots for manufacturing industrial machine parts and manufacturing electronic components, namely, industrial robots for working glass, metal, ceramic, silicon wafer, diamond, quartz, rubber and a non-metal coating film upon aircraft wings to apply riblets; automatic machines and apparatus for cutting, drilling, polishing, blade sharpening and surface processing, namely, cutting machines for metalworking, glass cutting machines, fabric cutting machines, bench drills, drilling machines for metalworking, wood drilling machines, electric drills, power-operated drill hammers and sharpeners, milling and grinding machines for the treatment of ceramics and metals, angle polishers, polishing lenses being parts of machines, metal cutting machines, metal drilling machines, ceramic cutting machines, ceramic drilling machines, machines for cutting sintered metals, machines for drilling sintered metals, semiconductor cutting machines, semiconductor drilling machines, milling and grinding machines for the treatment of semiconductors, diamond cutting machines, diamond drilling machines, milling and grinding machines for the treatment of diamonds, glass cutting machines, glass drilling machines, milling and grinding machines for the treatment of glass, quartz cutting machines, quartz drilling machines, milling and grinding machines for the treatment of quartz, rubber cutting machines, rubber drilling machines, milling and grinding machines for the treatment of rubber; robots and robotic arms for manufacturing semiconductors; robots and robotic arms for assembling electronic circuits; robots and robotic arms for manufacturing electronic components; laser metalworking robots.

Class 09

(2) Downloadable and recorded application software for wireless remote control of metalworking machinery and equipment in the field of additive manufacturing; Downloadable and application software for remotely controlling smart cameras; application software for metalworking machines and tools; 3D scanners; digital cameras; digital cameras for industrial use; three-dimensional form measuring apparatus, namely, 3D scanners; three-dimensional measuring apparatus, namely, 3D scanners; computer programs for three-dimensional image processing; parts and fittings for optical machines and apparatus of glass, glass ceramic, fused silica, and rock crystal for optical applications, namely, glass, glass ceramics, fused silica, and rock crystal in the nature of optical lenses for optical applications sold as a component part of optical semiconductor machines and lithographs; parts and fittings for optical machines and apparatus of glass, glass ceramic, fused silica, and rock crystal for optical applications, namely, optical glass, optical lenses, optical glass for use with optical machines having ultraviolet lasers, optical glass for use with optical machines having high-powered lasers, optical glass used for photomask substrates in semiconductors, optical glass boards used for photomask substrates in flat panel displays, optical lenses for semiconductor exposure systems, optical lenses for industrial inspection equipment, optical glass for use with compound semiconductor substrates, optical glass for use with optical machines for astronomy, optical glass for use with optical machines used with medical equipment, optical glass for use with optical machines used with semiconductor exposure equipment; special optical glass and glass ceramics in the nature of optical lenses sold as a component part of optical semiconductor machines and lithographs; optical lenses; optical filters; optical lenses for laser; camera lens blanks; spectacle lens blanks; eyeglasses; parts and fittings for optical machines and apparatus of calcium fluoride crystal, namely, calcium fluoride crystal in the nature of optical lenses

sold as a component part of optical semiconductor machines and lithographs; parts and fittings for optical machines and apparatus of calcium fluoride crystal, namely, optical glass, optical lenses, optical glass for use with optical machines having ultraviolet lasers, optical glass for use with optical machines having high-powered lasers, optical glass used for photomask substrates in semiconductors, optical glass boards used for photomask substrates in flat panel displays, optical lenses for semiconductor exposure systems, optical lenses for industrial inspection equipment, optical glass for use with compound semiconductor substrates, optical glass for use with optical machines for astronomy, optical glass for use with optical machines used with medical equipment, optical glass for use with optical machines used with semiconductor exposure equipment; glass for photomask; glass and silicon boards for photomask; lenses for industrial cameras; optical lenses for optical machines and apparatus in the nature of high-resolution line camera sensors, flat panel display screens, PCBs (printed circuit boards), and semiconductor wafer processing machines; objectives being optical lenses; optical lenses for measuring and testing machines and instruments in the nature of high-resolution line camera sensors, flat panel display screens, PCBs (printed circuit boards), and semiconductor wafer processing machines; camera lenses for inspecting printed circuit boards; camera lenses for inspecting industrial components; silicon wafers; objective lenses for manufacturing semiconductor wafers; optical lenses for manufacturing semiconductor wafers; semiconductor inspection apparatus, namely, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, and their parts and fittings; light source illumination machines for use in illuminating semiconductors for inspection, namely, illuminometers, illumination regulators; light source illumination machines for use in illuminating charge-coupled device (CCD) for inspection, namely, illuminometers, illumination regulators; electronic machines, namely, electric valve actuators, electric rotary actuators, electric linear actuators, electromagnetic actuators, and high accuracy electro-mechanical actuators; electron tubes; semi-conductor elements; electronic circuits, not including those recorded with computer programs; recorded and downloadable computer programs for periodic maintenance in the field of mercury lamps, projection lens, wafer stage, and wafer loader as parts of semiconductor lithography devices; semiconductor wafers; integrated circuit modules; electronic chips for the manufacture of integrated circuits; cards bearing integrated circuits, namely, encoded integrated circuit cards, blank integrated circuit cards, integrated circuit memory cards, encoded digital integrated circuit cards, blank digital integrated circuit cards, digital integrated circuit memory cards, encoded analog integrated circuit cards, blank analog integrated circuit cards, analog integrated circuit memory cards, encoded mixed-signal integrated circuit cards, blank mixed-signal integrated circuit cards, memory integrated circuit memory cards, encoded memory integrated circuit cards, blank memory integrated circuit cards, microprocessors, microcontrollers, encoded integrated circuit cards used for communication, blank integrated circuit cards used for communication, integrated circuit memory cards used for communication; computer software for processing semiconductor wafers; solid state drives; semi-conductor memories, namely, random access memory (RAM) cards, secure digital memory cards, flash memory cards, memory expansion cards, dynamic random access memory (DRAM) cards, static random access memory (SRAM) cards, synchronous dynamic random access memory (SDRAM) cards, magneto-resistive random access memory (MRAM) cards, read-only memory (ROM) cards, programmable read-only memory (PROM) cards, electrically erasable programmable read only memory (EEPROM) cards, phase change random access memory (PCM) cards; hard disk surface inspection apparatus, namely, wafer surface defect inspection tools, surface roughness testing machines and instruments; optical disk inspection apparatus, namely, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, optical microscopes for materials; testing apparatus for inspecting defection of electrical circuit parts and circuit boards, namely, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, probes for

testing integrated circuits, probes for testing semiconductors; printed circuit board inspection apparatus and their parts, namely, circuit testers, test adapters for testing printed circuit boards, test pins for testing printed circuit boards; optical sensors; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for use in industrial welding and cutting applications, semiconductor lasers used for the creation of silicon photonic chips and wafers and semiconductor chips and wafers; semiconductor lasers, namely, quantum cascade laser used for the creation of silicon photonic chips and wafers and semiconductor chips and wafers; semiconductor lasers, namely, quantum cascade laser used for the creation of silicon photonic chips and wafers and semiconductor chips and wafers; laser diodes; laser diode modules; lasers for industrial use in the nature of laser optical scanning, lithographing, aligning and inspection machines for semiconductors, lithography and additive manufacturing; lasers for industrial use in the nature of laser measuring and testing machines for semiconductors, lithography and additive manufacturing; smart cameras and their parts and fittings; image processing cameras and their parts and fittings; optical inspection apparatus equipped with cameras with image-processing capabilities for monitoring operation defects inside a machine tool, optical inspection apparatus equipped with cameras with image-processing capabilities for monitoring defects in the industrial manufacturing process, optical inspection apparatus equipped with cameras with image-processing capabilities to detect defects in adhesive applications for industrial use, and optical inspection apparatus equipped with cameras and embedded computer software for image processing; image processing apparatus, namely integrated cameras for monitoring operation defects inside a machine tool; image processing apparatus, namely integrated cameras for inspecting industrial manufacturing processes to identify defects; image processing apparatus for industrial use, namely integrated cameras for detecting defects in adhesive applications; image processing apparatus, namely integrated cameras with embedded computer software for image processing; recorded and downloadable computer software for use in smart cameras and integrated cameras in inspection and image processing apparatus used in industrial manufacturing processes, their parts and fittings, for image processing; industrial cameras and their parts and fittings; computer programs and computer software for image processing and image analysis; electronic cameras and their parts and fittings; micrometers; electronic pulse counters to assess whether encoders emit, receive, and modulate signals by countering pulses of the signals; thermal printers; absolute encoders; linear encoders; optical profilers; torque sensors; torque detectors; detectors and vision sensors for robot vision systems, namely, motion detecting sensors, electromagnetic measuring detectors, heat detectors, ultrasonic detectors, voltage detectors, motion detectors, light detectors, humidity detectors, distance sensors, optical position sensors, motion sensors, LED position sensors, proximity sensors, pressure sensors, optical sensors, photoelectric sensors, ultrasonic detectors, velocity detectors, vibration detectors; computer hardware, in particular, detectors and vision sensors for robot vision systems and computer software, namely, motion detecting sensors, electromagnetic measuring detectors, heat detectors, ultrasonic detectors, voltage detectors, motion detectors, light detectors, humidity detectors, distance sensors, optical position sensors, motion sensors, LED position sensors, proximity sensors, pressure sensors, optical sensors, photoelectric sensors, ultrasonic detectors, velocity detectors, vibration detectors; image processing apparatus for robot vision systems, namely, computer software for image processing; cameras; computer software for controlling optical sensors; sensor control apparatus, namely, robot control vision system comprised of a camera, camera sensors, camera lenses, camera

modules, camera controllers, camera filters, shutters for cameras, motion tracking mounts for cameras, for the purpose of process optimization, using information collected with sensors, recognizing objects, generating paths, and adjusting grasping positions and parameters and by measuring spatial position coordinates; computer hardware and downloadable and recorded computer software for enabling the selection and assembly of industrial parts and for analyzing the condition of metal and welded materials for use in connection with robots; computer hardware and downloadable and recorded computer software for operating machine vision, sensors, detectors and monitoring equipment in the fields of vehicle manufacturing, shipbuilding, energy production, aircraft manufacturing, construction, and health care; downloadable and recorded computer software for robotic apparatuses for measuring, detecting, monitoring and controlling the selection and assembly of industrial parts and for analyzing the condition of metal and welded materials; downloadable and recorded computer programs for recorded data management; computer memory devices and memory media recorded with computer programs for recorded data management, namely, secure digital memory cards, random access memory cards, and semiconductor memory devices being computer memories; computer hardware; computer software for operating, managing, surveying, searching, indexing and monitoring computer servers; computer software for search engines; instruction manuals being downloadable and recorded electronic publications sold with computer software as a unit; computer user manuals in the form of downloadable electronic publications; computer hardware and downloadable and recorded software for the operation of three-dimensional camera systems; video image processing apparatus, namely, computers; circuit boards for video image processing; computer hardware and downloadable and recorded computer software for improving and providing real-time transfer, transmission, receipt, process, and digitalization of audio and video graphics files in the field of industrial manufacturing via global computer networks; photomasks for manufacturing semiconductors; photomasks for manufacturing displays; photomasks for package boards; photomasks for manufacturing print boards; electric actuators and their parts and fittings; electric actuators and power transmissions with torque detection function.

Services

Class 37

(1) Repair or maintenance of metalworking machines and tools and their parts and providing information relating thereto; installation, maintenance and repair of molding machines; repair or maintenance of soldering machines and their parts and providing information relating thereto; repair and maintenance of industrial robots and their parts, namely, metal inert gas (MIG) welding robots, Stick welding robots, tungsten-electrode inert gas (TIG) welding robots, Plasma arc welding robots, Electron beam and laser welding robots and Gas welding and soldering machines, and providing information relating thereto; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of photographic machines and apparatus; repair or maintenance of 3D scanners and providing information relating thereto; repair or maintenance of digital cameras and providing information relating thereto; repair or maintenance of industrial digital cameras and providing information relating thereto; repair and maintenance of three-dimensional form measuring apparatus for use with robots for manufacturing electronic components in the nature of an apparatus that operates by means of robotic vision, robotic optical recognition of workpieces and robotic spatial positioning functions, and providing information relating thereto; repair and

maintenance of three-dimensional measuring apparatus, namely, 3D scanners, and providing information relating thereto; troubleshooting of problems of computer hardware and computer network hardware [technical support].

Class 40

(2) Custom processing of optical lenses; providing technical information in the field of custom manufacturing of semiconductor; custom manufacturing of semiconductors and integrated circuits; technical consultancy in the field of custom manufacturing of semiconductors and integrated circuits; rental of humidifiers for industrial purposes; rental of air purifiers for industrial purposes; rental of air conditioners for industrial purposes; heat treatment of metals; metallurgical services in the nature of surface hardening treatment of metals; chemical treatment of metals; electroplating of metals; anodization of metals; metallurgical services in the nature of enhancing the electrical resistance of metals; metal additive manufacturing, namely, 3D printing for others using metal; custom metal additive manufacturing, namely, custom 3D printing for others using metal; custom metal additive manufacturing, namely, custom 3D printing for others using metal of parts for objects made from resin, plastic, metal, glass and ceramics; metal additive manufacturing, namely, direct metal laser sintering; rental of metalworking machine tools; laser processing of metals; test production of metal molded products for others; 3D printing for others; providing comprehensive material treatment information in the field of metal, glass, plastic, resin, ceramic, stone, semiconductors, rubber, optical glass, quartz glass, diamonds, sapphires, silicon, alumina, zirconia, sintered structural components, titanium alloy, stainless steel, high-speed steel, nickel based alloys, carbon steel, chromium molybdenum, zinc, brass, chromium copper, aluminum alloy, copper, gold, platinum, aluminum, tungsten, die copper, pure titanium, silicon nitride, silicon carbide, aluminum nitride, and hard metal alloy; laser processing of metal surfaces; laser processing of glass surfaces; laser processing of plastic surfaces; laser processing of synthetic resin surfaces; laser processing of ceramic surfaces; laser processing of stone surfaces; laser processing of glass; laser processing of plastics; laser processing of synthetic resins; laser processing of ceramics; laser processing of semiconductors; laser processing of stones; laser removing of coating on metals; laser removing of coating on glass; laser removing of coating on plastics; laser removing of coating on semiconductors; laser removing of coating on stones; rental of machines and apparatus for laser processing of metal surfaces; rental of machines and apparatus for laser processing of glass surfaces; rental of machines and apparatus for laser processing of plastic surfaces; rental of machines and apparatus for laser processing of semiconductor surfaces; rental of machines and apparatus for laser processing of stone surfaces; rental of laser metal processing machines and apparatus; rental of laser glass processing machines and apparatus; rental of laser plastic processing machines and apparatus; rental of laser semiconductor manufacturing machines and systems; rental of laser stone processing machines and apparatus; processing of rubber; processing of plastics; ceramic processing; stone treating, namely, cutting of precious stones, polishing of precious stones, stone carving, stone crushing, stone engraving, stone grinding; processing of glass, resin, semiconductors, optical glass, quartz glass, diamonds, sapphires, silicon, alumina, zirconia, sintered structural components, titanium alloy, stainless steel, high-speed steel, nickel based alloys, carbon steel, chromium molybdenum, zinc, brass, chromium copper, aluminum alloy, copper, gold, platinum, aluminum, tungsten, die copper, pure titanium, silicon nitride, silicon carbide, aluminum nitride, and hard metal alloy; consultancy in relation to metal additive manufacturing, namely, 3D printing using metals; information and advisory services in relation to laser processing of metals and synthetic resins; information and advisory services in relation to laser processing of surfaces of metals, glass, plastics, synthetic resins, ceramics and stones; information and advisory services in relation to laser processing of metals, glass, plastics, synthetic resins, ceramics and stones; information and

consultancy in relation to laser processing of metal materials, semiconductors, diamonds, quartz and rubber; information and consultancy in relation to the laser processing of materials, namely, the sintering of materials, namely, subjecting materials to high heat and pressure to form them into compact solids; soldering; rental of soldering apparatus and their parts; rental of metal treating machines and tools.

Class 41

(3) Rental of digital cameras; rental of industrial digital cameras.

Class 42

(4) Research in the area of semiconductor processing technology; design and development of semiconductors and integrated circuits and consultancy relating thereto; software design, computer programming and maintenance of computer programs; computer software design for others; computer software consulting; development of new products; research and development of new products for others and design and development services utilizing metal additive manufacturing for others; providing temporary use of online non-downloadable computer programs via data networks for managing recorded data, hardware, systems, and algorithms related to 3D measurement and image processing; advisory services in the field of cloud computing networks and applications; cloud computing providing software for database management; cloud computing services, namely computing services to enable network integrating computer hardware and software for virtualization of computer resources; cloud computing featuring software for use in confirming lists of apparatuses, engine connection status, operating status monitoring function, operating history management, automatic collection of parameters, work model data, local upload and download of data, log function, automatic collection of abnormalities, display of statistics, display of anomalies, data display when an abnormality occurs, anomaly analysis functions in the nature of emulators, and visual programming in the fields of aerospace, automobiles, construction machinery, heavy industries, infrastructure, precision equipment, food products, and medical products; rental of measuring apparatus, namely, computer rental, rental of computer software, rental of computer systems, rental of software for data processing; repair or maintenance of computer programs for three-dimensional image processing and information services relating thereto; rental of computer programs for three-dimensional image processing; rental of three-dimensional form measuring apparatus, namely, 3D scanners; rental of three-dimensional measuring apparatus, namely, 3D scanners; rental of 3D scanners; research, design and development of computer software for controlling industrial automation equipment; research, design and development of software for robotic process automation for controlling industrial automation equipment; design and development of computer software in the nature of a central system for supporting simultaneous use of multiple robots; rental of computers; technical consultancy in the field of design and maintenance of computer networking programs relating to robot vision systems that work by using robots; computer analysis of technical data in the field of aerospace, automotive, construction equipment, heavy industry, infrastructure, and precision equipment; computer system design and analysis; computer-aided industrial analysis services for use in metalworking and for providing analytical and specification data for metal manufactured products for use in the fields of aerospace, automotive, construction equipment, heavy industry, infrastructure, and precision equipment; research and development services relating to computer hardware and software; designing of machines, apparatus, instruments, including their parts, and systems composed of such machines, apparatus and instruments, namely, computer design services, computer programming and software design, computer systems design, computer hardware design, design of automated machinery for use in the industrial sector; providing computer programs for managing recorded data on data networks; computer software design; consultancy services in the field of design, selection, implementation and use of computer

hardware; design of computer hardware; troubleshooting of problems of computer software and computer network software [technical support]; technical support relating to the maintenance of computer software; web hosting computer application software of others by application service provider; technical consultancy in the field of computer hardware and computer software relating to computer information technology; consultancy relating to design of computers and computer programs for others; development, upgrading and maintenance of software database systems for others; installation, maintenance and repair of software for computer systems; monitoring of computer systems and computer systems relating to information technology by remote access and information and consultancy services relating thereto; cloud computing providing software for database management featuring data analysis, problem resolution and system management; technical support services, namely, troubleshooting in the nature of diagnosing problems relating to computer applications, computer systems, computer networks and computer hardware; online non-downloadable software for collecting, remote monitoring and analyzing computer data by computer applications, computer systems, computer networks, all for use in the field of information technology in particular IT business, IT application management, IT security and IT compliance management; computer software consultancy relating to IT project management, namely, computer technical support, business management software development, database management and computer network management; technological consultancy in relation to additive manufacturing of metals, in particular material selection.

Claims

Priority Filing Date: March 9, 2022, Country or Office: JAPAN, Application No: 2022-027205 in association with the same kind of goods and in association with the same kind of services

Goods

Class 09

(1) Surveying, photographic and measuring apparatus and instruments, namely, photographic filters, and surveying and measuring apparatus, namely, sensors for temperature and humidity levels in gases and solid obstacles; proton exchange membranes, namely, portable proton exchange membrane (PEM) fuel cells and portable proton exchange membrane for hydrogen fuel cells; dry electrical cells and industrial batteries for membrane filters; industrial battery chargers for membrane filters; accumulators being electrical storage batteries; anode batteries for the production of electricity used in membrane filters; electronic control systems for the remote control of industrial separators, filters, distillers, and purifiers; software to monitor, control, analyse, track and administer industrial processes in the field of membrane and engineering technologies, energy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial engineering, environmental science and pollution control and printed circuit boards; electric resistances, namely, electrical circuits and electrical conductor cables; computer programmes to monitor, control, analyse, track and administer industrial processes in the field of membrane and engineering technologies, energy, energy efficiency, conservation of energy in the

energy supply industry, chemical and industrial engineering, environmental science and pollution control; data storage devices being magnetic tapes; pressure measuring apparatus, namely, manometers; separation columns for gas chromatography for laboratory use; semi-permeable membranes for filtration for scientific purpose being laboratory filters for use in laboratory equipment in the field of membrane and engineering membrane technologies, energy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial engineering, environmental science and pollution control; membranes for filtration for scientific purpose being laboratory filters for use in laboratory equipment in the field of membrane and engineering membrane technologies, energy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial engineering, environmental science and pollution control; hollow fibre membrane elements for filtration for scientific purpose being laboratory filters for use in laboratory equipment in the field of membrane and engineering membrane technologies, energy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial engineering, environmental science and pollution control.

Class 11

(2) Installations and apparatus for heating, cooking, refrigerating, desalination, drying, ventilating, air conditioning, and water supply, gas separation, namely, heat pumps and regenerators, radiators for heating buildings, oil purifying installations, refrigerators and freezers, desalination units and water desalination plants, drying apparatus for chemical processing, namely, chemical dehydrators, air cleaning units, air conditioners and parts thereof, industrial wastewater filters, separators and cleaners for use in the purification of industrial wastewater, installations and apparatus for gas separation, namely gas separation membranes and filters, separators for the cleaning and purification of gases; cooling apparatus, namely, industrial wastewater cooling systems for use in the purification of industrial wastewater; industrial wastewater treatment apparatus and installations, namely, purifiers, filters, separators and cleaners for the use in purification of industrial wastewater; gas and industrial wastewater distillation apparatus and columns; regulating and safety accessories for water, gas or oil apparatus and pipes namely flow restrictors; installations relating to membrane filtration technology for gases, air and liquids namely modules and membrane cartridges being filtering units for separation and purification of gases, air and liquids for industrial, biotechnological, pharmaceutical, medical and scientific use; filtering units for liquids, gases and air, namely compound filter membranes for industrial, biotechnological, pharmaceutical, medical and scientific purpose; apparatus, namely, industrial filtering, distilling and purifying units for use in purification of fuels and biofuels, including ethanol, fuel gas, fuel oil and mineral fuel; apparatus, namely, industrial filtering, distilling and purifying units incorporating membranes for use in purification of fuels and biofuels, including ethanol, fuel gas, fuel oil and mineral fuel; apparatus, namely, industrial filtering, distilling and purifying units for use in purification of air and of industrial wastewater; gas liquid separators and membranes filters for cleaning and purification of gases; gas separation membranes being part of gas liquid separators for the cleaning and purification of gases.

Services

Class 42

Consultancy and advisory services relating to the use of biofuelenergy, energy efficiency, development and research relating to the energy supply industries and conservation of energy; technical studies, technological, scientific, research and design services in the field of membrane and membrane engineering technologies, biofuelenergy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial biofuel engineering, environmental science and pollution control; consultancy relating to membrane technology in the field of membrane and

membrane engineering technologies, biofuelenergy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial biofuel engineering, environmental science and pollution control; consultancy relating to technical project forecasting and implementation in relation to membrane and membrane engineering technologies, design of computer software, chemical and biofuel engineering, engineering drawing in relation to membrane and membrane engineering technologies, pollution control, manufacturing efficiency in relation to membrane and membrane engineering technologies, and use of energy in the field of membrane and membrane engineering technologies, biofuelenergy, energy efficiency, conservation of energy in the energy supply industry, chemical and industrial biofuel engineering, environmental science and pollution control; oil and gas well-bore surveying services.

Goods

Class 09

(1) Computers; quantum computers; computer hardware; computers for data management; computer hardware for application development; computer software for running development programs and application programs in a common development environment; computer software for cloud computing, namely, network integrating computer hardware and recorded and downloadable software for dynamic provisioning, virtualization, and consumption metering of computer resources; computer software for cognitive computing, namely provisions of computing services for computer systems that integrate natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general human queries and formulating responses; computer hardware and software for integrating artificial intelligence and machine learning in the field of big data; computer hardware and software for blockchain data mining; computer software for inter-blockchain transfers; computer software for interacting with blockchain platforms; computer software, namely: cryptocurrency blockchain for peer-to-peer sharing of financial data; downloadable software for producing blockchain-based cryptocurrency wallets enabling consumers to earn, use and trade non-fungible tokens to facilitate commercial transactions; quantum computing hardware; quantum software development kits; computer software in the field of quantum computing, namely, for quantum computing and computers and for quantum programming and for developing and testing quantum algorithms; data storage devices being magnetic tapes; data storage devices, namely, magnetic tape drives for computers; printed circuits; integrated circuits; computer keyboards; data processing equipment, namely, computing couplers for data processing; video displays; computer scanners; computer printers; computer interface cards; computer interface cards; microprocessors; modems; computer monitors; computer memory boards; computer memory expansion modules; central processing units; power adapters for computers; computer card adapter; computer network adapters; computer hardware for data processing and information management; semiconductors; tape recorders; calculating machines, namely, calculators; cash registers; facsimile machines; video recorders; computer chips; printed circuit boards; computer servers; cloud servers; computer hardware for network access servers; storage area network (SAN) servers; electronic mail servers;

internet servers; intranet servers; network fax servers; network servers; computer carrying cases; computer interface cards; computer cables and computer cable parts; computer fax modem cards; computer screen filters; optical filters for screens; mouse pads; radio pagers; remote controls for computers; electrical power converters; computer mice; encoded integrated circuit cards; blank integrated circuit cards; blank smart cards; smart identity cards; computer card adapters; computer network adapters; readers for integrated circuit cards and smart cards; microcomputers; computer power supplies; uninterruptible power supplies; high-frequency switching power supplies; remote controls for computers; surge protectors; point-of-sale terminals; computer servers; computer storage devices, namely: high-speed storage subsystems for storing and backing up electronic data locally or via a telecommunications network; computer operating programs; video game software; computer operating systems; computer operating system software; recorded computer operating programs; computer software for providing multiple-user access to a global computer information network; e-commerce software to enable users to conduct electronic business transactions via a global computer network; computer programs for document management; computer software for database management; computer software used to locate, retrieve and receive text, electronic documents and images on internal, enterprise-wide computer networks and local and wide-area global computer networks; computer programs for connecting to remote computers and computer networks; computer hardware for telecommunications; computer software used for software development and website creation and user manuals in electronic form sold as a unit therewith; website development software; computer software for creating and designing websites; computer user manuals in electronic form; computer software for controlling the operation and execution of computer systems, programs and networks; computer programs for connecting to remote computers and computer networks; computer software for connecting computers and for enabling cloud computing; computer software for use in providing multiple user access to a global computer information network; computer software for managing computer hardware, software and processes that exist within an information technology environment, all in the field of analysis of data, artificial intelligence, machine learning, document management and database management; computer systems combining computer hardware and computer operating software for use in management and analysis of data and digital instruction manuals sold as a unit with these products; cloud computing system, namely, computing systems to enable network integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; computer software for connecting computers and enabling cloud computing; computer software used for running cloud computing-based applications; computer software for managing and automating cloud computing infrastructures; recorded or downloadable cloud computing software for deploying and managing virtual machines on a cloud computing platform; machine learning software for deep neural network computer programs; machine learning software used in computer language processing programs; downloadable computer software for analysis of data utilizing machine learning; Computer systems, namely, computer hardware and software for integrating natural language processing (NLP), computational linguistics (CL), information retrieval (IR) and machine learning (ML), capable of understanding general human queries and formulating responses; Computer software for evaluating and analyzing data using computational linguistics; Computer software for developing, creating and operating consumer blockchain applications; Computer hardware and software for developing and testing quantum algorithms, namely: computer hardware and software to assist developers in creating program codes for use in multiple application programs; Downloadable operating systems for quantum computers; Computer user manuals in electronic format; Electronic publications, namely: user manuals, guides, brochures, fact sheets, written presentations and instruction manuals, all in the fields of computers, computer hardware, telecommunications equipment, namely, computer communication servers, artificial intelligence,

cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network, business consulting services, IT services and computer technology.

Class 16

(2) Computer manuals for instructional purposes; manuals; printed publications; leaflets; newsletters; books; booklets; magazines; periodicals; newspapers; printed instructional material in the fields of computer hardware, software and computer services; manuals, brochures, magazines, newsletters, newspaper inserts and booklets, all in the fields of computers, computer hardware, telecommunications equipment, namely computer communication servers, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network, business consulting services, computer services and computer technology.

Services

Class 35

(1) Advertising, namely: promoting the goods and services of others; business management consultancy; business information services in the field of business management; distribution of prospectuses; sample distribution for others; arranging newspaper subscriptions for others; accounting; reproduction of documents; systematization of data in computer databases; Data processing services in the fields of computers, computer systems, computer hardware, telecommunications equipment, namely computer communication servers, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network; database management; organization of exhibitions for commercial and advertising purposes of a variety of goods and services for others, namely computer hardware and computer software; business strategy development services; analysis of market research data and statistics; data processing services for compilation, analysis, curation and management of business data for use in the field of artificial intelligence; data processing services for compilation, analysis, curation and management of business data for use in the field of cognitive computing; data processing services for compilation, analysis, curation and management of business data for use in the field of cloud computing; data processing services for compilation, analysis, curation and management of business data for use in the field of blockchain technology; data processing services for compilation, analysis, curation and management of business data for use in the field of information management; data processing services for compilation, analysis, curation and management of business data for use in the field of quantum computing; arranging and conducting of trade fairs in the fields of computers, computer hardware, computer systems, telecommunications equipment, namely computer communication servers, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network; business consulting services for computer systems that integrate natural language processing (NLP), computational linguistics (CL), information retrieval (IR) and machine learning (ML), which are capable of understanding general human queries and formulating responses; business consulting services for companies in the field of artificial intelligence; business consulting services for companies in the field of cloud computing; business consulting services for companies in the field of blockchain technology; business consulting services for companies in the field of quantum

computing, quantum programming and the development and testing of quantum algorithms; business consulting services for companies in the field of information technology; analysis and compilation of business data in the fields of computers, computer hardware, computer systems, telecommunications equipment, namely computer communication servers, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network.

Class 41

(2) Educational services in the field of computers, computer software, computer system hardware, computer systems, computer hardware, telecommunications equipment, namely computer servers, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network; organization and management of conferences, seminars, workshops and congresses in the field of information technology, computer software, computer hardware, computer systems, telecommunications equipment, namely computer servers, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, e-commerce, electronic business transactions via a global computer network, IT services and computer technology; production of radio and television programs; sporting and cultural activities, namely, providing live sporting events and exhibition of art festivals; arranging and conducting of courses, seminars, conferences, webinars and workshops in the fields of computers, computer software, computer hardware, computer systems, hardware, computer services, computer technology, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network, business consulting services and telecommunications; Training in the fields of computers, computer software, computer system hardware, computer systems, hardware, computer technology, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, e-commerce, electronic business transactions via a global computer network; arranging and conducting exhibitions for entertainment purposes in the form of information technology demonstrations, namely computer information technology; Providing online computer games; Entertainment in the nature of real-time sporting competitions via a global computer network; Arranging and conducting exhibitions for entertainment purposes in the form of demonstrations on websites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts and musical recordings; Publishing of books and journals; Production of films; Arranging and conducting exhibitions for cultural and educational purposes in the fields of computers, computer software, computer system hardware, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, e-commerce, electronic business transactions via a global computer network and computer technology; Booking of seats for shows.

Class 42

(3) Computer programming; software as a service (SAAS) services featuring software for data management; software as a service (SaaS) services featuring cloud computing software for deploying virtual machines to and managing virtual machines on a cloud computing platform; software as a service (SaaS) services featuring software using artificial intelligence for use in software development, machine learning, and facial and speech recognition; software as a service (SaaS) services featuring software for cognitive computing by using computerized models to

simulate human thought process in complex situations; software as a service (SaaS) services featuring software for managing and verifying cryptocurrency transactions using blockchain technology; Software as a Service (SaaS) services featuring software for quantum computing and testing quantum programming; Software as a Service (SaaS) services featuring software for building, analyzing and executing quantum programs and quantum algorithms; Software as a Service (SaaS) services featuring software for developing and testing quantum algorithms; Computer programming services and computer consulting services in the field of artificial intelligence; Computer programming services and computer consulting services in the field of cognitive computing; Computer programming services and computer consulting services in the field of computer technology information management; Computer programming services and computer consulting services in the field of computer technology data management; Computer programming services and computer consulting services in the field of cloud computing networks and applications; Computer programming services and computer consulting services in the field of blockchain technology; Computer programming services and computer consulting services in the field of quantum computing; Computer programming services and computer consulting services in the field of software as a service (SaaS); Design, installation, updating and maintenance of computer software; Design of computer software and hardware for others and consulting services in the field of computers; Creation, design, development and maintenance of websites for others; Analysis of computer systems; integration of computer systems and networks; Computer programming for others; Technical support services, namely, troubleshooting computer programs and computer software problems; Design of computer hardware and software interconnection systems, namely electronic connection of computers and software to each other; Quality testing and technical control services for software and computer hardware; Carrying out technical project studies in the field of computer hardware and software; Providing consultancy in the fields of computer technology, computer research and development, computer hardware and software; Internet security consultancy; Rental of computers and computer software; Scientific and industrial research, namely research and development of new products for others, research in biology, research in bacteriology, research in chemistry, research in beauty care, research in mechanics in the field of computers, computer software, computer hardware, and computer systems, geological research, technical research in the field of computers, pharmaceutical research, scientific research for medical purposes; Computer systems integration services; Consulting services relating to the design, selection, implementation and use of computer hardware and software systems for others; Computer technical support services, namely: troubleshooting, namely diagnosis of computer hardware and software problems; Computer systems design services for others; Integration of computer systems and networks; Testing of computer hardware and software; Cloud computing services, namely, computer hardware and network-integrated software services for dynamic provisioning, virtualization and metering of computing resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software; cloud hosting provider services; computer services, namely electronic data storage for archiving business records, corporate records and personal records; data security services; design of computer hardware for computer networks; computer hardware technical support services; quantum computing.

Goods

Class 06

(1) Common metals, unwrought or semi-wrought; doors, gates, windows and window coverings of metal; statues and works of art of common metals; containers of metal for storage, transport and packaging; gas reservoirs and containers made of metal for compressed gas; tubing of metals for joining and terminating pipes for industrial use; reinforcing materials of metal for pipes; non machine element metal valves, namely, metal valves for gaseous and liquid hydrogen, valves for gaseous and liquid hydrogen, and valves of metal for gaseous and liquid hydrogen; structural and replacement parts for all the aforesaid goods.

Class 07

(2) Earth moving scrapers and earth haulers and dozer Loaders being earth moving machines; rubber tracks being part of crawlers on mining machines; extractors for mines; electric motors for machines; pumps, namely, engine fuel pumps, oil drain pumps, circulating pumps, water pumps for motors and engines, electric pumps, compressed air pumps, air pumps for fuel cells, air pumps for fuel cell aggregate, vacuum pumps, suction pumps, diffusion pumps, feed pumps for fuel cells, fuel pumps for fuel cells, turbochargers for fuel cells, turbogenerators, turbocompressors; industrial robot module system, namely, industrial robots and power-operated lifting and moving equipment, namely, forklifts for carrying pallets; snow grooming equipment; generators of electricity; pumps as parts of machines, air filters, fuel filters and oil filters for motors; filters used in machines for the filtration of fluids for the purposes of purification and reducing concentration of substances; pressure controllers being parts of machines, namely, valves; structural and replacement parts for the aforesaid goods, namely, valves for pumps, pump control valves, hydraulic valves being parts of machines, hydraulic valve actuators, and pneumatic valve actuators.

Class 09

(3) Fuel cells; fuel cell stacks; fuel cell aggregates; fuel cell electrodes; reformers for fuel cells; structural and replacement parts for the aforesaid products, namely, automatic valves, electric

valve actuators, expansion valve for fluid control, electronic valves for controlling gas or fluid, pressure indicating plugs for valves.

Class 12

(4) Vehicles and conveyances, namely, cars, vans, trucks, boats, air vehicles for transport and space vehicles, aircrafts, land vehicles, industrial land vehicles, light rail vehicles, rail vehicles, namely, passenger carriages, rail vehicles, namely, trains and structural parts therefor, marine crafts and marine vehicles, namely, run-abouts, golf cars, automatic guided vehicles; electric motors for land vehicles, based on fuel cells; structural parts and accessories for cars, trucks, boats, air vehicles for transport and space vehicles, aircraft, land vehicles, industrial land vehicles, light rail vehicles, rail vehicles, namely, passenger carriages, rail vehicles, namely, trains and structural parts therefor, marine crafts and marine vehicles, namely, run-abouts, golf cars, automatic guided vehicles, namely, air pumps, air pressure pumps, vehicle fuel tanks, and gas tanks, aggregates for fuel cell vehicle, tyres and continuous tracks for vehicles; fuel cell vehicles; fuel cell ships; structural and replacement parts for the aforesaid goods, namely, fuel cell storage cells and component parts therefor, tanks for fuel storage, coolant storage, oil storage, and water storage aggregates for hydrogen fuel cell vehicles.

Class 20

(5) Gas reservoirs and containers for gas of carbon fibres; gas reservoirs and containers for gas, not of metal.

Services

Class 37

(1) Construction, installation and repair infrastructure, pipeline infrastructure and utilities for hydrogen extraction and generation; rental of tools, machines and equipment for construction and demolition purposes; extraction of natural gas and hydrogen; installation, repair and maintenance of cars, vans, trucks, boats, air vehicles for transport and space vehicles, aircrafts, land vehicles, industrial land vehicles, light rail vehicles, rail vehicles, namely, passenger carriages, rail vehicles, namely, trains and structural parts therefor, marine crafts and marine vehicles, namely, run-abouts, golf cars, automatic guided vehicles, fuel cells, and fuel cell and hydrogen gas infrastructure, namely pipelines, liquefaction plants, trucks, storage facilities, compressors, and dispensers; vehicle disinfecting services; rental of construction and demolition equipment, namely heavy machinery excavators, dump trucks and mixture trucks, forklifts and cranes and power tools used for structural removal and site preparation; Rental of excavators, dump trucks and mixture trucks, forklifts and cranes and power tools in connection with construction and demolition services; consultancy and information in relation to the aforesaid services.

Class 39

(2) Transporting and delivering of hydrogen fuel by pipeline; packaging of goods; storage of goods for others; vehicle parking and storage; storage, distribution, transportation and delivery of gas, especially hydrogen; consultancy in relation to the aforesaid services; rental of objects in connection with the providing of the aforesaid services, namely, rental of packaging equipment, rental of gas compressors, transport vehicles, storage containers, hydrogen storage tanks, cylinders for the storage of fuel for storage, distribution, transportation and delivery of gas, especially hydrogen in the nature of gaseous hydrogen and liquid hydrogen.

Class 40

(3) Custom manufacture of fuel cells and their parts; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing.

Colour Claim

Colour is claimed as a feature of the trademark. The colours red, orange, yellow, green and black are claimed as features of the mark. The mark consists of an incomplete globe with black lines. The upper left portion of the globe features an orange turtle, which has a yellow frog to its right, which in turn has a green butterfly to its right. The following row features a red and orange moose, which has a yellow bird to its right, which in turn has a green fish to its right. The lower left part of the incomplete globe features red and orange reeds. A curved arrow underlines the globe and goes toward the upper right part of the design, appearing in a gradient of red, orange, yellow and green, from left to right. In the lower right part of the incomplete globe, the arrow is partially covered by the black letters GBS. The black words GLOBAL BIODIVERSITY SCORE are positioned to the right of all of the above.

Goods

Class 09

Software for accessing, updating, manipulating, editing, organizing, storing, backing up, synchronizing, transmitting and sharing data, documents, files, information and multimedia content in the field of environmental protection, conservation and management via a global computer network; software for the analysis, evaluation and calculation of environmental impacts, in particular concerning the ecological footprint and environmental impacts; these goods will be provided in connection with the analysis, evaluation and calculation of environmental impacts.

Services

Class 36

(1) Financial management; financing services in the field of environmental protection, conservation and management; financial analysis; capital build-up and investment; financial consultation in the

field of environmental protection, conservation and management; financial estimates in the field of environmental protection, conservation and management; investment of funds; these services will be provided in connection with the analysis, evaluation and calculation of environmental impacts.

Class 38

(2) Telecommunication services enabling computer users to access, update, manipulate, edit, organize, store, save, synchronize, transmit and share data, documents, files, information and multimedia content in the field of environmental protection, conservation and management via a global computer network; these services will be provided in connection with the analysis, evaluation and calculation of environmental impacts.

Class 41

(3) Education services in the field of environmental protection, conservation and management; training services in the field of environmental protection, conservation and management; organization and conduct of colloquia, conferences and conventions in the field of environmental protection, conservation and management; publishing of books; these services will be provided in connection with the analysis, evaluation and calculation of environmental impacts.

Class 42

(4) Computer software advisory services; information technology support services, namely consultancy in the field of computer data security; computer programming services; design and development of software; web hosting of software as a service (SaaS) in the field of environmental protection and web hosting of software applications for others; scientific and technological advisory services in the field of environmental protection, conservation and management, in particular concerning the ecological footprint and environmental impacts; industrial analysis and research services in the field of environmental protection, conservation and management; scientific advisory services for evaluations, estimates, research and reports in the scientific and technological fields, namely in the field of environmental protection, conservation and management; scientific and technical research in the field of environmental protection, conservation and management; information, advisory and assistance services in the field of environmental protection, for the analysis, evaluation and calculation of environmental impacts, in particular concerning the ecological footprint and environmental impacts; design and development of computers and software; software as a service [SaaS] featuring software in the field of environmental protection, conservation and management, for the analysis, evaluation and calculation of environmental impacts, in particular concerning the ecological footprint and environmental impacts; these services will be provided in connection with the analysis, evaluation and calculation of environmental impacts.

Trademark Description

The trademark consists in the words "EA" and "GA" executed in fancy upper-case letters. Included between the two letters "EA" is the stylized fantasy figure of an eagle with outstretched wings traversed across its entire width by horizontal straight lines, which on the inside contains the letters "GA" executed in fancy upper-case letters, smaller in size than the others.

Goods

Class 09

(1) Sunglasses, spectacles; spectacle frames; parts and accessories for spectacles, namely spectacle lenses, spectacle ear-stems and spectacle nose pads, ear pads for spectacle frames, carrying cases for spectacles; spectacle chains, lenses and cases for lenses; covers for portable media players; covers for mobile phones; covers for digital video discs; covers for compact discs; covers for computer cables; covers for audio reproduction devices, namely, MP3 players, laptops and smartphones; covers for palmtops; covers for electronic agendas; covers for photographic cameras and covers for film cameras; cellular phones; smartphones; wireless communication devices featuring telecommunication functionality to allow the transmission of text, data, audio, image and video files, namely, digital tablets, laptops, headsets, microphones, audio speakers, video projectors; downloadable applications and software for smart watches and mobile devices, for processing, reviewing and editing text, images, videos, and audio files, to enable users to control the presentation and information available from the devices; wearable sensors for personal physical fitness and training purposes to gather biometric data with monitors and displays sold as a unit; smartwatches; wearable activity trackers; pedometers; timepieces comprised primarily of wristwatches featuring software for sending and receiving health and biometric information and to

be used to monitor personal fitness activity; bracelets, rings, or necklaces featuring software for sending and receiving health and biometric information and to be used to monitor personal fitness activity.

Class 18

(2) Handbags; traveling bags; briefcases; leather briefcases; leather credit card holders; wallets; leather document briefcases; key-cases of leather and skins; purses; suit cases; cosmetic bags sold empty; gym bags; evening and shoulder bags for ladies; leather shopping bags; school bags; garment bags for travel; suit carriers for travel; shoe bags for travel; beach bags; diaper bags; backpacks; Boston bags; traveling trunks; duffel bags; overnight bags; carry-all bags, travel bags; satchels; opera bags, namely clutches; vanity cases, not fitted; hides; cases and boxes made of leather; bags made of leather for packaging; leather straps; umbrellas; leather leashes; saddlery.

Class 25

(3) Coats; jackets; trousers; skirts; athletic tops, knitted tops, tank tops, woven tops, crop tops; raincoats; overcoats; belts; trouser braces; suits; stuff jackets; jumpers; jeans; dresses; cloaks; parkas; shirts; T-shirts; sweaters; underwear; baby-dolls being nightwear; bathrobes; bathing costumes; negligée; swim suits; dressing gowns; shawls; neckerchiefs; scarves; ties; neckties; sweat shirts; under shirts; polo shirts; body suits; shorts; clothing combinations, namely, track suits, business suits, jump suits, leisure suits; wedding dresses; stockings; socks; shoes; slippers; overshoes; galoshes; wooden clog; soles for footwear; boots; ski boots; snow boots; half boots; esparto shoes or sandals; sandals; bath sandals; gloves; mittens; hats and caps; visors being headwear.

Class 01

(1) Fractions of mineral oils as chemical products for industrial purposes; fractions of bio-based hydrocarbons as chemical products for industrial purposes; fractions of wax as chemical products for industrial purposes; fractions of biobased waxes as chemical products for industrial purposes; plasticizers for industrial purposes; fractions of synthetic oils as chemical products for industrial purposes; fractions of synthetic waxes as chemical products for industrial purposes; sizing agents, namely, sizing compounds for use in the manufacture of paper, sizing compounds for use in the manufacture of walls, sizing compounds for use in the manufacture of textiles; emulsifiers for industrial purposes, namely, emulsifiers for the manufacture of pharmaceuticals, emulsifiers for use in the manufacture of toiletry preparations, emulsifiers for use in the manufacture of textiles, emulsifiers for the manufacture of cosmetics and lignin for use as an emulsifier; emulsifiers for use in the manufacture of cosmetics and personal care products; emulsifiers for use in the manufacture of pesticides and herbicides; emulsifiers for use in the manufacture of textiles; emulsifiers for use in the manufacture of paints; emulsifiers for use in metalworking; emulsifiers for use in the manufacture of plastics and polymers; chemical thickening agents for use in industrial manufacturing, namely, thickening agents for paints and printing inks, thickening agents used in the manufacture of cosmetic and personal care products, thickening agents for dewatering in mineral processing, thickening agents for sludge treatment, thickening agents for use in pesticides and herbicides, thickening agents for use in the construction industry, namely, in cement and concrete, and thickening agents for use in adhesives and textiles; gel formers for industrial purposes, namely, gelling agents for oil and water, gelling agents for liquid hydrocarbons, gelling agents for use in the manufacture of cleaning products, cleaning preparations and home fragrances, and gelling agents for use in the manufacture of cosmetics and pharmaceuticals; isopropyl myristate; isopropyl laurate; isopropyl palmitate; mineral oils for chemical purposes.

Class 03

(2) Petroleum jelly and petroleum jelly oils exclusively for processing companies for use in the cosmetic industry.

Class 04

(3) Industrial waxes; vegetable waxes; raw waxes; wax emulsions for industrial purposes; wax dispersions for industrial purposes; wax for industrial purposes; wax for making candles; wax for use in industry; industrial mineral oils for use in the manufacture of cosmetic products, personal care products, food packaging, pharmaceutical products, adhesives, sealants, tires, rubber, technical rubber goods, polymer products, construction materials and electronic products; industrial non-mineral oils for use in the manufacture of cosmetic products, personal care products, food packaging, pharmaceutical products, adhesives, sealants, tires, rubber, technical rubber goods, polymer products, construction materials and electronic products; industrial greases, namely, mineral greases for industrial purposes, non-mineral greases for industrial purposes; waxes for industrial purposes based on renewable sources; waxes being raw materials based on renewable sources; biobased waxes being raw materials; petroleum jelly and petroleum jelly oils for industrial purposes; petroleum jelly and petroleum jelly oils for use in the manufacture of cosmetics, pharmaceutical products, lubricants, anti-corrosion agents, gasket seals, mold releasing agents, and protective coatings; petroleum jelly and petroleum jelly oils for use as a water-proofing agent and softening agent in the manufacture of textile and leather goods; petroleum jelly and petroleum jelly oils for use in the manufacture of consumer and industrial packaging materials and sealants; petroleum jelly and petroleum jelly oils for use as an electrical insulator in industrial manufacturing applications; biobased petroleum jelly for industrial purposes; mineral oil free petroleum jelly for industrial purposes; paraffins for technical purposes; synthetic oils; liquid fuels, namely, lighting fuel, mineral motor fuel, fuel for aircraft and ships, fuel for domestic heating, fuel for motor vehicles, fuel from crude oil and fuel oil; lighting fuel; dust absorbing, wetting and binding compositions to control dust pollution; car oils and greases, namely, automotive engine oils, industrial automotive oils and automotive greases; oils and greases for lubricating industrial machinery; mineral oils for use in industrial machinery as a lubricant, coolant, sealant, anti-rust agent, cleaning agent and hydraulic fluid; non-mineral oils for use in industrial machinery as a lubricant, coolant, sealant, anti-rust agent, cleaning agent and hydraulic fluid; industrial lubricants; petrol; petroleum products, namely flushing oils; non-mineral oils for use as flushing oils; spinning oils, namely, oils for use in the production and processing of textiles, synthetic fibers and natural fibers; spinning oils, namely oils for use in the production of filament yarn and the manufacturing of carpet and upholstery; white oils, namely technical white mineral oils and food-grade white mineral oils; spindle oils; paraffin oils; mineral oils for industrial and scientific purposes; mineral oils for the manufacture of leather cleaning and leather preserving preparations; mineral oils for use in leather cleaning and leather preserving preparations; synthetic paraffin oils [polydecene]; mineral oil derivatives; mineral oils for making adhesives; mineral oils for use in adhesives; mineral oils for the manufacture of sealants and insulating materials; mineral oils for the manufacture of or for use in sealants and insulating materials; dust binders in the form of oils.

Class 05

(4) Petroleum jelly and petroleum jelly oils exclusively for processing companies for use in the medical industries; paraffins for pharmaceuticals; mineral oils for making medicines, pharmaceutical drugs and preparations; mineral oils for use in medicines, pharmaceutical drugs and preparations.

Services

Class 35

(1) Health care coordination and consumer health care navigation services for employers and individuals, namely, providing client and user specific cost price analysis and advice in the field of health care cost management for the health benefit plans of employer-sponsored health plans; customer service management for others in the field of health care navigation; health care utilization review and care suitability consultation provided in person and via digital, electronic, and telephonic means, namely, health care utilization and review services for the health benefit plans of employer-sponsored health plans; business consulting for health care utilization review and for assisting individuals, self-funded employers and health programs vendors in assessing eligibility and utilization of relevant and necessary employer-sponsored health programs and services provided in person and via digital, electronic, and telephonic means, namely, health care utilization and review services for the health benefit plans of employer-sponsored health plans; consultation and care suitability services in the nature of determining the suitability of health programs and services, namely, providing client and user specific cost price analysis and advice to self-funded employers in the field of health care program cost management and cost management for the health benefit plans of self-funded employers; business data analysis and business management in the fields of healthcare, demographic and engagement for use in the engagement and utilization of self-funded employer-sponsored health programs and services, namely, providing analysis of market research statistics to assist health insurers and payers in the field of data analytics; providing consumer information in the field of healthcare providers for individual subscribers and businesses and their employees participating in employer-sponsored health plans, namely, providing a directory of third-party healthcare providers for the health benefit plans of employer-sponsored health plans; providing business management and consulting services for healthcare providers, in the field of healthcare, participating in employer-sponsored health plans.

Class 36

(2) Eligibility management, namely, insurance eligibility review and verification and consultation in the health and benefits administration industry for individual subscribers and businesses and their employees participating in employer-sponsored health plans; administration of healthcare

insurance plans and financing health care plans to employers and individual subscribers, namely, care navigation and integration with healthcare vendors.

Class 42

(3) Providing a technological platform and website featuring software that allows the user to conduct spending analysis, stop loss analysis, access health care benefits information and finance health care plans to employers and individual subscribers in the field of health insurance; Providing temporary use of online non-downloadable software for accessing and analyzing medical and health information; Providing temporary use of online non-downloadable software allowing users to access medical and health information resources and information concerning medical and health treatment options; Providing temporary use of online non-downloadable software allowing users to access medical and health treatment information and information concerning medical and health treatment options; Providing temporary use of online non-downloadable software allowing self-funded employers to optimize utilization of healthcare benefits and resources, namely, health care utilization and review services for the health benefit plans of employer-sponsored health plans via digital and electronic means in the nature allowing self-funded employers to easily access and analyze utilization data across different health benefits and programs categories.

Class 44

(4) Providing medical and health information for individual subscribers and businesses and their employees participating in employer-sponsored health plans in the field of oncology; providing information in the fields of physical and mental health treatment options for individual subscribers and businesses and their employees participating in employer-sponsored health plans; providing information in the field of healthcare to consumers about medical and health providers and medical and health treatment options for individual subscribers and businesses and their employees participating in employer-sponsored health plans; providing medical and health information, advice and counseling, in person, by telephone, by mail and online for individual subscribers and businesses and their employees participating in employer-sponsored health plans in the field of oncology.

The logo consists of the letters 'EC' in a bold, sans-serif font, followed by a hyphen and the word 'Oil' in a similar bold, sans-serif font. The 'O' in 'Oil' is stylized with a small oil drop shape integrated into its upper right curve.

Goods

Class 07

(1) Machines for inserting metal fastener bolts, metal fastener nuts, metal fastener screens, metal fastener screws, non-metal fastener bolts, non-metal fastener nuts, non-metal fastener screws; metal hoses sold as an integral component of hydraulic systems in machines, namely, hydraulic controls consisting of hydraulic rams and hydraulic cylinders for controlling machines; nonmetal hoses namely hydraulic hoses of plastic sold as an integral component of hydraulic controls for hydraulic excavators; nonmetal hoses namely hydraulic hoses of rubber sold as an integral component of hydraulic controls for hydraulic excavators; system control instruments, namely, hydraulic controls namely hydraulic rams and hydraulic cylinders for controlling machines; system control instruments, namely, hydraulic controls namely hydraulic rams and hydraulic cylinders for controlling motors; pneumatic controls namely pneumatic pumps for controlling machines; cutting machines for metalworking; metal cutting machines; rebar cutting machines; reinforced steel cutting machines; size adjustment cutting machines for industrial purposes; clutches for machines for industrial machinery; flexible couplings [parts of machines] for industrial machinery; couplings for agricultural implements for industrial machinery; couplings of metal for hydraulic industrial machines; concrete construction machines; construction machines namely excavators; machine tools, namely, chasers, gear cutters, drilling tools, namely, air drills, bench drills, electric drills, power drill bits, rock drills, deep hole drilling machines, drilling machines for metalworking, drilling rigs, hammer drills, rotary drills, pneumatic drills, well drilling machines, center drill bits being parts of machines, chucks for power drills, core drilling bits, drill bits for rock drilling, and drill sharpeners, boring tools for ground anchors for the construction industry; milling tools for the construction and agricultural industries, namely for milling asphalt, tree stumps and hard soil and rocks; turning centres being parts of machines; precision machine tools for snow clearing, cutting and crushing concrete and for cutting pipes, cables and electrical cables; electric brooms, vehicle mounted road

sweepers; saws, namely agricultural band saws, band saws, chain saws, metal sawing machines; saws, electric; joysticks being parts of machines, other than for game machines; machine tools for construction machinery, namely, attachments for heavy equipment, crawler cranes, bulldozers, crawler-tracked loaders, excavators, graders, and grapple skidders, namely, backhoe buckets, buckets for earth moving machines, grapple buckets and blades for moving earth and loose objects, and crane forks; bearing brackets for machines; machine tools namely grab attachments for excavators namely compactors, rippers, excavation buckets, asphalt cutters, grading beams, pallet forks, cable buckets, grading buckets, rotating brushes, water drainage buckets; machine tools for oil and gas well drilling and mining machines; attachments for earth moving machines, namely, tilt rotators for excavators; machine tool couplings; taps being machine tools; agricultural machines, namely, cultivators, harvesters, disc harrows, tractor-towed broadcast seeders, sowers; agricultural machines for ground cultivation, namely, agricultural cultivators, agricultural field cultivators, electric mini cultivators, motorized cultivators, power operated cultivators, rotary cultivators; tilling machines for agricultural use; agricultural machines for grass collecting, namely, grass catchers, grass collection attachment; agricultural machines for ploughing, namely, ditchers being ploughs, ploughshares, subsoiling plough for agricultural use, turf removing ploughs; forestry machines, namely, delimbers, forestry mulchers; forestry seed planting machines; harvesters for use in forestry; machines for forestry use for fertilizing and planting; mulching machines; buckets for earth moving machines; buckets for use with hydraulic lifting machines; concrete vibrators for industrial use; grippers for cranes; cranes [lifting and hoisting apparatus]; mobile cranes; fixed cranes; taps being parts of machines; attachments for cranes, namely, rotators, tilt rotators, spreaders, sweepers, agricultural band saws, band saws, chain saws, saws for metal, lifting beams; taps being mechanically operated tools, namely, taps being machine tools, taps for use with machine tools; anti-swinging brakes for grippers being brakes for industrial machines; excavators; hydraulic actuators; actuating mechanisms for controlling rudders, namely, hydraulic valve actuators being parts of machines, hydraulic actuators, hydraulic linear actuators, other than for land vehicles, hydraulic valve actuators, pneumatic actuators, pneumatic linear actuators, other than for land vehicles, pneumatic valve actuators, pneumatic valve actuators being parts of machines; actuating mechanisms for controlling slats, namely, hydraulic valve actuators being parts of machines, hydraulic actuators, hydraulic linear actuators, other than for land vehicles, hydraulic valve actuators, pneumatic actuators, pneumatic linear actuators, other than for land vehicles, pneumatic valve actuators, pneumatic valve actuators being parts of machines; linear actuators, namely, hydraulic valve actuators being parts of machines, hydraulic actuators, hydraulic linear actuators, other than for land vehicles, hydraulic valve actuators, pneumatic actuators, pneumatic linear actuators, other than for land vehicles, pneumatic valve actuators, pneumatic valve actuators being parts of machines; valves as machine components; valves being parts of machines; hydraulic valves being parts of machines; ploughs, namely, snow ploughs, road and rail ploughs; ditchers in the nature of ploughs; snow plough blades; blades for earth moving machines; hydraulic controls for hydraulic excavators, hydraulic hoists, hydraulic controls for hydraulic excavators, hydraulic hoists, and hydraulic valves being parts of machines; snow throwers; snow cutting machines; snow removal machines; snow groomers; snow ploughs; snow sweeper machines; snowblowers; snow blowing machines; loading machines, namely, earth moving machines; front end loaders for tractors; conveyor lines for loading; snow ploughs; snow blowers; lacing machines for packing; lacing machines for lacing of electric motor stators; screens sold as integral parts of gravel sorting and screening machines; screens sold as integral parts of gravel grading machines; mechanical spreaders; planing machines for ground work, namely, grading beams and compactors; sweeping machines, namely, road and street sweepers; shovels, mechanical; backhoes; front loaders for tractors; loader buckets for excavators; attachments for excavators, namely, hitches for attaching buckets and grab attachments, tilt rotators, rotators

pliers, electric hammers, hydraulic hammers, pneumatic hammers; hydraulic motors for excavators; asphalt cutters, broaching cutters; gear cutters for use as a machine tool, hand-held pneumatic cutters, namely bolt cutters, wire cutters, milling cutters and glass cutters, single-point cutters for lathes and boring mills, sprocket cutters for use as a machine tool, thread milling cutters being machine tools, tractor-towed rotary cutters; servo-cutters, namely, rotary cutters; servo-cutters for cutting metal pipes and tubes; tractor-towed agricultural instrument grab attachments, namely, buckets, grapples and forks.

Class 09

(2) Electric remote controls for operating mobile hydraulic equipment mounted on heavy machinery, namely, excavators, tractors, trucks and motor vehicles; computer monitors; audio monitors; digital signage monitors; display monitors; tablet monitors; touch screen monitors; TV monitors; video monitors; computer operating system software; computer hardware for the collection of positioning data; computer hardware for telecommunications.

Class 12

(3) Hydraulic stability system to allow better control and manoeuvrability of trucks and trailers, sold as an integral component of land vehicles; hydraulic couplings for land vehicles; rotary hydraulic motors for land vehicles; hydraulic clutches for land vehicles; forks for forklift trucks; front forks for forklift trucks; forklift trucks; forklifts, and structural parts therefor; trucks with a crane feature incorporated; hitches for tractors; towing tractors, and structural parts therefor; lorries; structural parts for trucks.

Goods

Class 09

Scientific apparatus and instruments for weighing, measuring, checking (supervision), namely energy management and control apparatus and instruments for electric vehicle fleet charging apparatus; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely fibre optic couplings, electric accumulators, voltage stabilizing power supply, electrical terminal blocks, fibre optic cables, power cables; computers; information processing apparatus, namely information regarding electricity flow for electric vehicle fleet charging apparatus; computer interface software and web-based platform software for managing electricity for electric vehicle fleet charging apparatus; software and their interfaces for managing electricity for electric vehicle fleet charging apparatus; computer programs and software for optimizing the electric conversion of bus fleets; downloadable software applications, computer interfaces and computer programs for optimizing the electric conversion of bus fleets; electrical accumulators for vehicles; software for controlling electricity flow for managing electric vehicle fleet charging apparatus; electric flow control apparatus for managing electric vehicle fleet charging apparatus; data recording apparatus for the collection of information for managing electricity for electric vehicle fleet charging apparatus; parking meters.

Services

Class 35

(1) Market studies; market research; accounting; economic forecasting; computer file management; economic forecasting and analysis; business auditing (business analysis); provision of business advice and management advice to businesses for optimizing the electric conversion of bus fleets.

Class 42

(2) Scientific and technological services, and research and design services, namely scientific and technological research in the field of charging electric vehicles (buses and road transport), technical project management for transport systems, namely public transit and transport of goods by battery-powered electric vehicles (car, bus, truck, tram, train), none of the aforesaid services being related to marine transport; industrial analysis and research services, namely scientific and technological research in the field of technical project management for electric transport charging systems, namely public transit and transport of goods by battery-powered electric vehicles (car, bus, truck, tram, train), none of the aforesaid services being related to marine transport; development, programming and implementation of software; maintenance of software and computers; updating of software; technical project management for transport systems, namely electric vehicle charging management; quality audits in the field of electric vehicle charging; conducting and coordinating technical trials in the field of electric vehicle charging; performance evaluations (relating to electric vehicle charging software, in particular for buses and road transport); computer and scientific analysis, namely engineering work; technical expertise and technical advisory services provided by engineers in the field of computer systems for managing electric vehicle charging stations; technical project management (management and supervision of engineering projects for designing and building transport systems and transport infrastructure, namely creating and managing engineering project management systems for computers and electronics, as well as for road traffic safety, public transit organization and electric conversion of vehicle fleets; creating and supervising engineering project management software systems for designing and building transport systems and infrastructure related to computers, electronics and safety; technical project studies, namely electric vehicle charging stations; computer and mechanical expertise (engineering work) for charging electric vehicles; engineering, industrial research and product development for others concerning the creation of hardware and software solutions for managing electric vehicle charging stations; mechanical and computer research concerning the creation of hardware or software solutions for managing electric vehicle charging stations; technical research concerning the creation of hardware and software solutions for managing electric vehicle charging stations; materials testing; consulting related to energy savings; technical advice provided by engineers for electric conversion of vehicles, namely of buses; technical advice provided by engineers in the field of computers concerning the creation of hardware or software solutions for managing electric vehicle charging stations; industrial analysis and research services in the field of transport; analysis services for organizing, implementing passenger transport networks and technical project studies related thereto for creating hardware and software solutions for managing electric vehicle charging stations; transport information and advice, in particular relating to electric transport, for the creation of hardware and software solutions for managing electric vehicle charging stations; computer engineering work in the fields of transport, road infrastructure; creation (design, development) of assistance interfaces for traffic and road infrastructure management, enabling the supervision of road traffic, vehicle tracking and geolocation; development, programming, implementation, maintenance and updating of software related to transport, namely design and development of energy management software for electric vehicle fleet charging apparatus; development of computer programs for electrical network simulation, namely of the electricity network for electric vehicle fleet charging apparatus; development of innovations in the field of energy recovery, energy injection, energy distribution network evolution.
