Trademark Description

This case is filed pursuant to Article 59 of the Withdrawal Agreement between the United Kingdom and the European Union and the EU filing date was 18/03/2019.

Colour Claim

Colour is claimed as a feature of the trademark. The quadrilateral figure is red and the term "auger" is blue.

Goods

Class 07

(1) Parts and spare parts of vehicles, namely air filter for vehicles, namely, air filters for automobile engines and air filters for motors and engines; Parts and spare parts of vehicles, vehicle trailers and construction machines, namely filters for cleaning cooling air, for engines; igniting devices for internal combustion engines, namely, ignitions for vehicles and ignition devices for land vehicle engines; starter motors; fuel nozzles; crank shafts; piston rings; connecting rods for machines, motors and engines; piston rods; ball bearings for land vehicles; needle roller bearings as machine parts; needle roller bearings as engine bearings; tapered roller bearings as machine parts; tapered roller bearings as engine bearings; slide bearings as machine parts; slide bearings as engine bearings; spherical bearings as machine parts; spherical bearing as engine bearings; plain journal bearings as machine parts; plain journal bearings as engine bearings; plain thrust bearings as machine parts; plain thrust bearings as engine bearings; belt pulleys being parts of machines; drive pulleys; dynamo pulleys for vehicles; idler pulleys being parts of machines; spur wheel pulley blocks being parts of machines; crankshaft pulleys being parts of machines; crankshaft pulleys being parts of motors; torsional vibration dampeners being parts of machines; torsional vibration dampeners being parts of motors; belt tensioner rollers being parts of machines; belt tensioner

rollers being parts of motors; compressors for motor vehicles; air compressors for vehicles; air compressors; sealing joints being parts of engines; current generators; alternators for motor vehicles; alternators for land vehicles; cylinder heads for engines; pumps being parts of machines, engines and motors; power steering pumps for land vehicles; power steering pumps for motor vehicles; oil pumps for automobile engines; oil pumps for automobiles; oil pumps for land vehicle engines; injection pumps, namely, fuel injection devices for internal combustion engines; injection pumps, namely, fuel injection systems for engines; water pumps for automobiles; water pumps for land vehicle engines; water pumps for motors and engines; engine fuel pumps; fuel pumps for land vehicle engines; feed pumps for fuel cells; piston for cylinders; bearings for transmission shafts; propeller shaft bearings being parts of machines; propeller shaft bearings being parts of motors; pistons [parts of machines or engines]; pistons for engines; pump pistons; concrete pump pistons; belts for motors and engines; power transmission belts for machines; power transmission belts for motors; driving belts for machines; driving belts for motors, other than for land vehicles; superchargers for internal combustion engines; automotive turbocharger systems; turbochargers for machines; turbochargers for motors; fans for motors and engines; control cables for engines and motors of land vehicles; gear cables for motors and engines of land vehicles; accelerator cables for motors and engines of land vehicles; stop cables for motors and engines of land vehicles; control mechanisms for machines, engines or motors, namely, for vehicle seats; control mechanisms for machines, engines or motors, namely, hydraulic valve controls; control mechanisms for machines, engines or motors, namely, pressure controllers being parts of machines, namely, valves; pneumatic valve control mechanisms for machines and motors; fan belts for motors and engines; cylinders for motors and engines; cylinder linings for motors and engines of land vehicles; automobile exhaust systems; exhaust systems for vehicles; mufflers as part of vehicle exhaust systems; exhaust mufflers for motors and engines; exhaust manifold for engines; exhaust pipes for land vehicles; exhaust silencers for engines; filters being parts of machines and engines, namely, air filters for engines; oil filters; fuel filters; radiators [cooling] for motors and engines; intercoolers for motors; hydraulic controls for machines, motors and engines, namely, hydraulic valves and hydraulic accumulators; valves, regulators, pneumatic controls for machines, motors and engines, namely, air throttle control valves for engines, angle valves being parts of machines, back pressure valves being parts of machines, check valves, clack valves being parts of machines, dosing valves being parts of machines, fuel valves for engines, control valves for regulating the flow of gases and liquids, fuel and air mixture regulators being parts of internal combustion engines, fuel pressure regulators for vehicles, pressure regulating valves and air filters for pneumatic controls being part of machines; crankcases for machines, motors and engines; cardan joints; universal cross joints, namely, cardan joints; catalytic converters; exhaust catalytic converters; expansion tanks [parts of machines]; radiator expansion tanks [parts of machines]; exhaust manifold for engines; all the aforesaid goods as parts or spare parts of land vehicles or repair kits therefor.

Class 12

(2) Parts and spare parts of vehicles, vehicle trailers and construction machines, namely, couplings for land vehicles; suspension shock absorbers for vehicles; air springs for vehicle suspension components for cushioning driver's seats and cabs; leaf springs for vehicle suspensions; cabin springs for vehicle suspensions; vehicle seat spring cushions; spring buffers specially adapted for vehicle seat cushions; shock absorbing springs for vehicles; gas springs, trailer hitches for vehicles; recreational vehicles, namely, fifth wheels and parts therefor; towing jaw; towing hook; torsion bars for automobiles; torsion bars for land vehicle suspensions; stabilizer bars for automobiles; stabilizer bars for vehicles; mudguards; hoods for vehicles; bonnets for vehicle engines, hubs for vehicle wheels; vehicle bumpers; bumper grille, bumper cover, gear

boxes for land vehicles; planetary gear, sun gear, adjusting gear, reverse gear, intermediate gear, main shaft gears, clutches for land vehicles; clutch forks being clutch mechanisms for land vehicles; clutch release bearings being clutch mechanisms for land vehicles; clutch pedals being clutch mechanisms for land vehicles; clutch reservoirs being clutch mechanisms for land vehicles; clutch discs being clutch mechanisms for land vehicles; clutch servos being clutch mechanisms for land vehicles; clutch housings being clutch mechanisms for land vehicles; clutch liners being clutch mechanisms for land vehicles; windscreen wipers; hub caps; brakes for land vehicles; brakes for vehicles, namely, disc brakes, drum brakes, brake calipers and parts therefor; brake cylinder, slack adjusters being parts of vehicle brakes, windscreens; windscreen frame, windscreen pillar, doors for vehicles; vehicle suspension springs; rearview mirrors; rearview and side view glass mirrors; mirror covers, namely, covers specially adapted for rearview and side view vehicle mirrors, vehicle wheel rims; vehicle seats; seat parts for land vehicles, namely, arm rests for vehicle seats, automobile seat cushions, safety belts for automobile seats, structural replacement parts and replacement fittings for child restraints for vehicle seats; windows for vehicles; windows for vehicle doors, brake linings for vehicles; brake pads, brake shoes for vehicles; gear boxes for land vehicles; gear box housings for land vehicles, direction signals for vehicles; caps for vehicle petrol [gas] tanks; caps for vehicle fuel tanks, connecting rods for land vehicles, other than parts of motors and engines; torque rods for land vehicles; axle rod for land vehicles; connecting rods for land vehicles, other than parts of motors and engines; v-arms being parts for steering and suspension systems for vehicles; control arms being parts for steering and suspension systems for vehicles; wishbones being suspension and steering systems for vehicles; knuckle arms being wheel suspensions; steering rods being parts for steering and suspension systems for vehicles; stabilizer rods being parts for steering and suspension systems for vehicles; tie rods being parts for steering and suspension systems for vehicles; drag links being parts for steering and suspension systems for vehicles; sun-blinds adapted for automobiles; sun visors being vehicle parts, transmission shafts for land vehicles; brake discs for vehicles; universal joints for land vehicles; universal cross joints for land vehicles; vehicle trailer parts, namely, front fork joints; vehicle parts, namely, ball joints; all the aforesaid goods as parts or spare parts of land vehicles or repair kits therefor.

Goods

Class 09

Computer software for maintaining and managing information about internal business procedures to ensure compliance with current standards of practice in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; operations management computer software for business procedures to deliver all critical operational content for use in the Asset Performance Management (APM) system with operations technology in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, consumer plastic and paper packaging materials, furniture industries, cosmetics industries; computer software for the operation of a data center network to deliver all critical operational content for use in the Asset Performance Management (APM) system with operations technology in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; downloadable educational software containing topics of instruction in computer software training; computer software for use as a component content management system (CCMS); downloadable and recorded computer software for managing internal business processes for use as a Quality Management System (QMS) in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries

Services

Class 41

(1) Computer training, advanced design services, namely, e-learning training and instructor-led training to assist clients in the development and implementation of electronic course content for implementing digital knowledge management systems via a learner experience platform (lxp); educational services, namely, development and provision of educational courses in the fields of computer software training; educational services, namely, training educators to use an interactive digital learning platform for the delivery and management of online courses

Class 42

(2) Architectural consultancy, computer programming consultancy in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, consumer packaging, furniture, cosmetics industries; industrial research in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; data migration services; computer network configuration services; software as a service (saas) services for internal business procedures management for use as a Procedure Lifecycle Management (PLCM) to manage the procedure life-cycle for Standard Operating Procedures (SOP), Maintenance Procedures, Asset Operating Procedures (AOP), Turnaround Procedures, Commissioning Testing Procedures, Emergency Procedures, and Unit Operating Procedures (UOP) to ensure compliance with current standards of practice in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; software as a service (saas) services for the operation of a data center network to deliver all critical operational content for use in the Asset Performance Management (APM) system with operations technology in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; software as a service (SAAS) services for use as a learner experience platform (LXP) featuring as an e-learning content management system and delivery of learning content in the oil, gas and chemical processing industries; software as a service (SAAS) services for managing internal business processes for use as a Quality Management System (QMS) in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; software as a service (SAAS) services for use in enterprise content management and enterprise content integration in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; cloud computing services featuring software for collecting, managing and analyzing data for asset optimization, machine diagnostics, and optimization of industrial processes in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; software as a service (SAAS) services featuring computer software for collecting, managing, and analyzing data for asset optimization, machine diagnostics, and optimization of industrial processes in the fields of oil, gas,

chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; software as a service (SAAS) services featuring software for use in collecting, analyzing, and delivering data for process optimization in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries; software as a service (SAAS) services featuring software for process optimization of the industrial process, equipment and production systems in the fields of oil, gas, chemical processing industries, power generation, civil infrastructure, food processing, forestry, pharmaceuticals, ceramics, base metals, plastics, rubber, textiles, tobacco, wood, paper, automotive, construction, plastic and paper packaging materials, furniture industries, cosmetics industries

CERTIFICATION MARK DETAILS

Règle Mansfield Certification

Trademark Type

Standard Characters

Certification Mark Standard

The mark certifies that the legal services originate from a service provider that has affirmatively considered diverse lawyers for leadership and governance roles, equity promotions, and lateral positions. Details of the aforesaid standards and licensing requirements are available to the public through the Applicant. Details of the aforesaid standards and licensing requirements are enclosed in the attached Certification Parameters document provided and summarized below. To achieve baseline certification, the service provider must 1) broaden the slate of historically underrepresented talent considered for leadership by tracking, documenting, and fulfilling 75% of the leadership role, pathway activity, and transparency categories as outlined in the attached Certification Parameters, 2) complete check-ins and survey/data requests from the Applicant, and 3) engage in community building internally and externally through knowledge sharing with other participants of the certification program. Service providers may also optionally opt into Certification Plus Metrics, which may be achieved by 1) successfully fulfilling the baseline certification requirements, as stated above, and 2) broaden the slate of inclusive teams in leadership by tracking, documenting, and fulfilling 75% of the leadership role, pathway activity, and transparency categories as outlined on the "Certification Plus Metrics" form enclosed in the attached Certification Parameters. Service providers with three or more years of certification can optionally opt in to the Next Gen Pilot. Next Gen Pilot includes additional tracking mechanisms designed to ensure fair and equal opportunities for lawyers to advance into leadership. In addition to fulfilling the certification requirements, as stated above, the following is required to receive Next Gen Pilot certification: 1) consider talent pools at least 50% comprised of qualified underrepresented individuals or talent pools at least 30% comprised of qualified underrepresented individuals with half of the slate including underrepresented racial and ethnic lawyers, LGBTQ+ lawyers, and/or lawyers with disabilities, 2) track additional leadership elements, including client/matter credit recognition and/or client relationship succession planning, 3) commit to participate in the Next Gen Pilot for three consecutive years in partnership with behavioral economists to report on and measure aspects of the pilot; and 4) participate in knowledge sharing with high-level leaders from the Next Gen Pilot firms in collaboration with legal departments leaders as desired. The attached Certification Parameters document includes a four-part form used to assess certification of service providers. Part One considers data tracking and documentation. To obtain baseline certification, the service provider must track and document by demographic identity the makeup of talent

considered for leadership categories, with the talent pool comprising at least 30% qualified underrepresented individuals. Part Two concerns baseline certification requirements relating to leadership roles, pathway activities to leadership roles, and transparency in leadership roles and practices. The service provider must fulfill 75% of the categories outlined under each requirement. Leadership roles include: election or appointment to management/executive committee or Board of Directors, election or appointment to partner nominating/promotions committee, election or appointment to compensation committee, election or appointment of practice group leaders, election or appointment of office heads, election or appointment of chair and/or managing partner, and hiring or promotion of C-Level staff roles. Pathway activities to leadership roles include: lateral equity and non-equity partner recruitment, equity partner promotions, lateral senior associate recruitment, submission to chambers USA and/or Canada Directory, and formal pitches. Transparency in leadership roles and practices include: leadership job descriptions that are written, transparent, and accessible to all firm lawyers, and leadership elections/appointment processes and guidelines that are written, transparent, and accessible to all firm lawyers. Part Three concerns the optional Certification Plus Metrics requirements relating to leadership roles, pathway activities to leadership roles, and transparency in leadership roles and practices. A service provider must fulfill 75% of the leadership role, pathway activity, and transparency categories. In the leadership roles and pathway activities to leadership roles categories, a service provider must certify that their firm has at least 30% underrepresented lawyers in the committee or role identified. Leadership roles include: election or appointment to management/executive committee or Board of Directors, election or appointment to partner nominating/promotions committee, election or appointment to compensation committee, election or appointment of practice group leaders, election or appointment of office heads, election or appointment of chair and/or managing partner, hiring or promotion of C-Level staff roles. Pathway activities to leadership roles include: lateral equity and non-equity partner recruitment, equity partner promotions, equity partner representation, lateral senior associate recruitment, submission to Chambers USA and/or Canada Directory, formal pitches, and formal pitches and staffing cases. Transparency in leadership roles and practices includes: leadership job descriptions, leadership elections/appointment processes and guidelines, partner compensation processes and criteria, and client/matter credit recognition. Part Four concerns accountability requirements and firm leadership affirmation, which is required to obtain baseline certification. Service providers must certify that 1) the firm considered at least 30% underrepresented individuals and fulfilled the transparency requirement for 75% of the certification categories, 2) the firm completed its required check-ins and data collection with the Applicant, 3) the firm achieved its external knowledge sharing requirement by providing materials for the Applicant's resource library, offering ideas or lessons during group meetings, and/or participating in the Next Gen Pilot, and 4) the firm achieved its internal knowledge sharing requirement by communicating with all firm lawyers regarding certification activities and outcomes.

Class 09

(1) Satellites; reconnaissance and surveillance apparatus for military, homeland security, law enforcement, and commercial applications, namely, visible, short wave and long wave infrared optical sensors, computer hardware, and recorded, downloadable software programs providing pilot-vehicle interfaces for computing rendezvous proximity operations and for managing the reconnaissance, surveillance, and target acquisition of space infrastructure; satellites, namely attritable and expendable intelligence satellites, surveillance satellites, reconnaissance satellites, and target acquisition near earth satellites, deep space satellites, and cislunar satellites, each of which are interoperable and cohesive with other satellites; orbital space-to-space imagery, rendezvous proximity, and target acquisition systems comprised of visible, short wave and long wave infrared optical sensors, cameras, radar systems comprised of radar emitters and receivers for relative range tracking, optical sensors and cameras for measuring inertial frames, reference frames, and relative frame orthographic projections, and information displays in the nature of computer display screens; downloadable pilot-vehicle interface software for manually operated, automated, and AI-powered spacecraft flight and operation; downloadable software for amplifying, converting, receiving, demodulating, decoding, processing, extracting, displaying, and cataloging satellite data; downloadable model simulator software for manually operated, automated, and AI-powered spacecraft flight and operation; Downloadable software for space object analysis, control and simulation in relation to space-to-space imagery, rendezvous proximity, and target acquisition systems comprised of visible, short wave and long wave infrared optical sensors, cameras, radar systems comprised of radar emitters and receivers for relative range tracking, optical sensors and cameras for measuring inertial frames, reference frames, and relative frame orthographic projections, and information displays in the nature of computer display screens; satellite ground stations, namely, antennas, pedestals, amplifiers, converters, receivers, demodulators, decoders, and processors for extracting, processing, and displaying received satellite data.

Class 12

(2) Spacecraft vehicles.

Services**Class 40**

(1) Custom manufacturing of spacecraft vehicles, satellites, reconnaissance and surveillance apparatus comprised of visible, short wave and long wave infrared optical sensors, computer hardware, and recorded, downloadable software programs providing pilot-vehicle interfaces for computing rendezvous proximity operations and for managing the reconnaissance, surveillance, and target acquisition of space infrastructure, and target acquisition systems for military, homeland security, law enforcement, and commercial applications.

Class 41

(2) Designing methods of training in the operation of spacecraft vehicle, satellite, space-to-space reconnaissance and surveillance apparatus comprised of visible, short wave and long wave infrared optical sensors, computer hardware, and recorded, downloadable software programs providing pilot-vehicle interfaces for computing rendezvous proximity operations and for managing the reconnaissance, surveillance, and target acquisition of space infrastructure, and target acquisition systems.

Class 42

(3) Providing non-downloadable pilot-vehicle interface software for manually operated, automated, and AI-powered spacecraft flight and operation; providing non-downloadable software for amplifying, converting, receiving, demodulating, decoding, processing, extracting, displaying, and cataloging satellite data; providing non-downloadable model simulator software for manually operated, automated, and AI-powered spacecraft flight and operation; providing non-downloadable software for space object analysis, control and simulation in relation to space-to-space imagery, rendezvous proximity, and target acquisition systems comprised of visible, short wave and long wave infrared optical sensors, cameras, radar systems comprised of radar emitters and receivers for relative range tracking, optical sensors and cameras for measuring inertial frames, reference frames, and relative frame orthographic projections, and information displays in the nature of computer display screens; designing spacecraft vehicles, satellites, reconnaissance and surveillance apparatus comprised of visible, short wave and long wave infrared optical sensors, computer hardware, and recorded, downloadable software programs providing pilot-vehicle interfaces for computing rendezvous proximity operations and for managing the reconnaissance, surveillance, and target acquisition of space infrastructure, and target acquisition systems for military, homeland security, law enforcement, and commercial applications, satellites, reconnaissance and surveillance apparatus, and target acquisition systems for military, homeland security, law enforcement, and commercial applications; designing spacecraft vehicles, satellites, reconnaissance and surveillance apparatus comprised of visible, short wave and long wave infrared optical sensors, computer hardware, and recorded, downloadable software programs providing pilot-vehicle interfaces for computing rendezvous proximity operations and for managing the reconnaissance, surveillance, and target acquisition of space infrastructure, and target acquisition systems for military, homeland security, law enforcement, and commercial applications.

Visual Representation

Trademark Description

The mark consists of the wording "CoVang" stylized in brown color, in which the letters "C", "V" are capitalized; on the left is a brown sketch line of a woman's bust overlaying an orange circle, this woman is wearing a conical hat with a top in brown, facing forward and smiling. The wording "CoVang" has no meaning in any language.

Colour Claim

Colour is claimed as a feature of the trademark. The wording "COVANG" is brown. To the left of the wording is a design of a woman's bust outlined in brown, overlaid on an orange circle. The interior of the woman appears in white, and she is wearing a conical white hat with a top and bottom edge in brown. The remaining white in the mark represents background and is not claimed as a feature of the mark.

Goods

Class 07

(1) Drill bits for machines; tap wrenches [machines]; drill bits for rotary power tools; drill bits for power tools; tools for drilling, namely, drilling machines; power operated metalworking machine tools, namely, boring tools; diamond drill bits for machines; power drilling bits being parts of machines; carbide drill bits for machines; machine cutting tools in the form of power drill bits; power drilling machines; rotary drills [machines]; power drilling tools for use with machines, namely, spot drills, pilot drills, micro drills; power boring tools operated by machines; power drills and mine bores; polycrystalline diamond cutters for machining of workpieces; diamond cutting tools for machines; diamond-pointed metal-cutting tools; polycrystalline diamond cutters for ready cutting of workpieces [machines]; milling cutters being machine tools; cutters for milling machines; rotary milling cutters [machines]; thread mills [power tools]; rotary milling cutters [parts of machines]; cutting tools [machine] in the form of end mills; milling tools [parts for machines]; end mills; screw-thread cutters [machines]; cemented carbide cutting tools; diamond-pointed metal-cutting tools for machine centres; mechanical machine tools, namely, powered machines for cutting or shaping of finishing metals or other materials; tool bits for metalworking machines;

gravers for machines; abrasive pencils for machines; pavee tools used for making jewelry, in particular, tool bits for metalworking machines; metal cutting tools [parts of machines]; rotary metal cutting tools [machines]; rotary metal cutting tools [parts of machines]; power tools, namely, reamers; power reamers being parts of machines; rotary drills [parts of machines]; rotary tool bits [parts of machines]; rotary tools, namely, endmills being parts of machines; cutting tools for use with tool cutting machines; dies for use with machine tools; milling cutters being machine tools; saw blades being parts of machines; tool bits for machines, namely, drill bits, cutting tool bits, blanking tool bits, forming tool bits; punching tools being parts of punch press machines, other than office requisites, especially punches and work pieces for blanking sleeves; slotting tools for use with machine tools; mortising machines, for use in relation to the following goods: manually operated tools.

Class 08

(2) Mine borers; hand drills, hand-operated; drill bits for hand drills; bits for hand drills; cutting, drilling, grinding, sharpening and surface treatment hand tools, namely, endmills, drills, whirls thread cutters, engraving tools, grinding pins, punches, pavee tools for making jewelry, namely, bezels, chatons and jewelry beads for settings; rotary drills [hand-operated tools]; boring tools being hand-operated tools, namely, spot drills, pilot drills, micro drills; tube reamers being hand-operated tools; rotary tool bits [hand-operated tools]; diamond drill bits for hand-operated tools; diamond cutting tools for hand-operated tools; rotary metal cutting tools [hand-operated tools]; reamers for use with hand-operated tools; rotary dies for use with hand-operated tools; cutting tools being hand tools; saw blades; cutting dies for use with hand operated tools, especially punches and workpieces for blanking sleeves; screw thread drill formers being hand operated tools; manually operated graving tools, namely engravers; manually operated abrasive pencils, namely, hand-operated sanders; manually operated pavee tools for making jewelry, namely, bezels, chatons and jewelry beads for settings.

Class 10

(3) Dental and technical dental drills; dental burs, technical dental burs; borers for surgical use; borers for technical medical purposes; drill bits, for use in relation to the following goods: surgical drills, technical medical drills; dental drill bits; dental drills; electric drills for surgical use; electric drills for technical medical purposes; drilling jigs for dental applications, drilling jigs for technical dental applications; dental apparatus for milling, technical dental apparatus for milling; medical, technical medical and surgical cutters for cutting human or animal tissue and organs; dental equipment, technical dental apparatus; surgical apparatus and instruments for dental use, surgical apparatus and instruments for technical dental purposes; dental instruments and apparatus therefor; technical dental instruments and apparatus therefor; apparatus for use by dental technicians, namely, dental mill cutters; medical and surgical drills for cutting human or animal tissue and organs.

Services

Class 40

Machining parts for others; metal fabrication and finishing services; processing of metal surfaces by precision grinding and abrasive polishing; treating [shaping] of metal; cutting of metal; treating and shaping of metal, namely, metal treating; cutting of metal, namely drilling, boring, milling, thread cutting, sawing, polishing, grinding, reaming, punching, blanking, slotting of metal; treating of metal, namely, metal stamping; treatment of materials, namely, metals by laser beam; providing information relating to material treatment; laser scribing of non-ferrous metals, copper, precious metals, highly abrasive plastics, non-ferrous alloys, graphite; processing of metal surfaces using precision grinding techniques, namely, grinding; custom manufacture of prefabricated construction

elements, namely, milling, drilling, grinding, sawing tools; abrasive polishing of metal surfaces; surface finishing of metal articles; millworking; custom manufacture of metal hardware in the field of blanking and forming, jewelry and watch industry, medical technology, standard machining, tool and mold making; grinding of metal, graphite and diamond; tool grinding services, namely grinding of cutting surfaces of cutting tools.

Goods

Class 01

(1) Chemicals for use in industry and science, namely hydrogen; ammonia water; anhydrous ammonia; bauxite; alumina; metal hardening preparations; chemical preparations to facilitate the alloying of metals; rapid coolants for use in metalworking; quenching fluids for use in metalworking; tempering chemicals for use in metalworking; chemical additives for rapid cooling for use in metalworking; metal annealing preparations; lithium; cobalt silicide for industrial purposes; nickel oxide for industrial purposes; battery electrolytes; fluids for removing sulphates in batteries; artificial graphite for use in the production of secondary cell batteries; chemicals for use in the manufacture of lithium batteries.

Class 04

(2) Fuel for motor vehicles; fuel gas; gaseous hydrogen fuel, butane gas for use as fuel; liquid hydrocarbon gas [HGL] for use as fuel; fuel for aircraft and ships; electrical energy; electrical energy from renewable sources.

Class 06

(3) Common metals and their alloys; aluminium; castings, foils, powders and rolled, drawn or extruded semi-finished articles of aluminum or aluminum alloys; aluminium ingots; bars for metal gratings; metal door handles; metal window handles; drawer handles made of metal; metal bars for further manufacture; cold cast metal bars; billets of metal; brazing rods; brazing alloys; rods of metal for welding; rods of metal for brazing and welding; extruded aluminum profiles; aluminium wire; sheet metal; sheet metal linings; sheet piles of metal; sheets and plates of metal; doorplates of metal; fish plates for rails; aluminium foil; common metals in foil form; aluminum foil in the form of packaging material; preserve tins; metal cable trays used in building construction; rolls of aluminum sheets, aluminum plates and sheets; binding strips of metal used on packaging; clad aluminum strip for building; binding strips of metal used on packaging; decorative metal profiles for use in further manufacturing; poles of metal; mast for electric wires made of metal; drain pipes of metal; metal pipe fittings; metal pipe fittings; gutter pipes of metal; metal joints for pipes; junctions of metal for pipes; branching pipes of metal; metal clamps for pipes; metal fittings for pipes; metal elbows for flexible pipes; tubing of metal for joining and terminating pipes for industrial use; metal wall hooks for pipes; cables of metal, non-electric; non-electric cables and wires of common metal; locks of metal for doors, locks of metal for windows; elbows of metal for pipes; expansion joints of metal for use in buildings; brackets of metal for building windows, doors, walls, roof; brackets of metal for furniture; metal gutter fittings; shelf brackets of metal; spacer brackets of metal; couplings of metal for chains; ventilating ducts of metal; ducts of metal for ventilating and air-conditioning installations; heating ducts of metal; ducts of metal, for central heating installations; building materials, namely, stair nosing of metal, awnings of metal being building materials, metal reinforcement materials for building; fired refractory materials of metal [building materials], namely blocks, bricks, construction materials; fabricated metal components for building foundations [construction materials], namely metal beams, metal columns, metal window frames, metal curtain walls, metal roofing system, metal panels, metals cladding; curtain walls of metal; horticultural frames of metal; building wall framing made primarily of metal; door frames of metal; steel frames for building; frames of metal for sliding doors; window frames of metal; aluminum window frames; door frames of metal for refrigerating rooms; bearing frames of metal composed of steel beams, pre-fabricated metal architectural columns, and braces of metal for load handling; aluminium composite tubing for use in the manufacture of bicycle frames; metal roof tiles; ceiling panels of metal; ceilings of metal; ceiling supports of metal; ceiling tiles of metal; coverings of metal for ceilings; metal suspended ceiling systems comprising panels; floating floor boards of metal; casings of metal; metallic couplings for metal pipes, tubes and casings in the oil and gas industry; building panels of metal; fireproof metal panels for buildings; metal gutters; roof gutters of metal; street gutters of metal; spike barriers of metal for roads; anchor plates; plated steel; armour-plating of metal; diving boards of metal; films and sheets made from metal for use in the manufacture of circuit boards; doors of metal; folding doors of metal; armoured doors of metal; door bolts of metal; door fasteners of metal; door fittings of metal; metal door furniture; door handles of metal; door hinges of metal; door jambs of metal; door latches of metal; door locks of metal; metal interior doors; windows of metal; fittings of metal for windows; window fasteners of metal; locks of metal for windows; rolling window shutters of metal; sash fasteners of metal for windows; window cranks of metal; metal hooks for windows; window hinges of metal; window pulleys of metal; metal window rails; metal blind flanges; outdoor blinds of metal; metal rollers for blinds; railway material of metal; metal railway rails; masts of metal; metallic molds for metal casting; foundry chill-moulds; ores of metal; transportable buildings and structures of metal, namely, metal sheds; cladding of metal for building; reinforcing materials of metal for pipes; aluminum reinforcement materials for concrete; reinforcing materials of metal for building; metal floor tiles; pillars of metal for building;

staircases of metal; gratings of metal; roofing tiles of metal; roof coverings of metal; linings of metal for building; gates of metal; gate latches of metal; gate hooks and eyes of metal; metal gates; turnstiles of metal.

Class 07

(4) Hydrogen distribution pumps for petrol stations; fuel pumps for engines; electrolysis apparatus for electroplating; fuel dispensing pumps for service stations; compressed air pumps; pumps being parts of machines, engines and motors; pumps for industrial machinery; self-regulating fuel pumps; gas pumps, gas compressors, gas pumps for service stations; electric power generators, gas operated power generators; gasoline pumps for service stations; machines for producing hydrogen and oxygen by means of electrolysis windmill pumps; air turbines for aircraft; wind turbines; generators for wind turbines; air-cooled condensers for air conditioners; controlled volume pumps; pumps for cooling engines; engine cooling radiators; heat exchangers being parts of machines; pumps for heating installations; superheaters being parts of machines for boilers, steam engines, turbines; water heaters as parts of machines; positive crankcase ventilation valves [pcv] for engines; engines for marine vessels namely submarine, cruise ship, and motorboat; steam engines; hydraulic engines and motors for pumps; marine engines and parts and accessories thereof; pneumatic controller for motors, namely pneumatic valve; catalytic converters for motors and engines; hydraulic controllers for engines, namely hydraulic valve; water pumps for motors and engines; internal combustion engines for power generation, other than for land vehicles; wind-driven installations for the generation of electricity [wind farms]; hydroelectric plant for the generation of electricity [hydroelectric plant]; shaft couplings [machines]; flexible couplings being parts of machines, fluid couplings being parts of machines, shaft couplings being parts of machines; power transmission couplings for water vehicles, hydraulic coupling being parts of machines.

Class 09

(5) Wind pressure gauges; vibration sensors for installation in windmill housings; solar wafers; solar batteries; photovoltaic cells and modules; solar panels for the production of electricity; electronic sensors for measuring solar radiation; wavemeters; automotive battery chargers; automotive lead acid batteries; electrolytic cells; batteries for vehicles; electric accumulators for vehicles; rechargeable lithium batteries, rechargeable alkaline batteries, rechargeable nickel-cadmium batteries, solar-powered rechargeable batteries; chargers for electric accumulators; temperature sensors; heat detectors; heat regulators; electrical control systems for heating systems; electrical control for ventilation systems; thermostats for vehicle engines; light emitting diodes [led]; electric controllers for the remote control of linear motors for use in automated manufacturing; remote controls for air-conditioning apparatus; photovoltaic installations for the generation of electricity [photovoltaic power plants]; electrical controllers for air conditioning units; electric control devices for energy management, namely energy meters for tracking and monitoring energy usage; electrolysis apparatus for laboratory use, namely electrolysis apparatus for producing hydrogen and oxygen from water; accumulators being electrical storage batteries; plates for batteries; solar cells and panels for electricity generation; rechargeable batteries for electric vehicles; battery charging units, namely computer hardware and software for charging electric storage batteries and electric batteries for vehicles; electric batteries for vehicles; charging stations for electric vehicles; computer software application for electric vehicle chargers; computer software for use in providing multiple user access to a global computer information network; software platforms for collection, processing and analysing energy consumption data, computer software platforms for hosting an electronic contact centre; software for computer operating systems; industrial process control software; computer firmware for the delivery of automated business processes in the field of customer relationship management; downloadable computer programs for

data storage; battery monitoring devices that may be attached to a battery to monitor the performance of the battery and operating software for use therewith, sold as a unit; meters for measuring electrical voltage, multimeters for measuring electrical voltage; electrical charge controllers, electrical charging station meters for electrical monitoring; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks, downloadable mobile application software for monitoring and remote control of cameras; electronic key fobs being remote control apparatus; computer software for monitoring and controlling the production, transport and distribution of renewable energy systems, namely biomass, hydropower, geothermal, wind and solar energy systems; electricity meters; rectifiers [electricity]; connections for electric lines; electric transformers; electric switchbox; power inverters; electric wires and cables; coils, electric; choking coils for use in electrical apparatus; devices for material testing, namely hardness testers and voltmeters; battery terminals; cathodes; cathode-ray tubes; cathodic protection apparatus and instruments for preventing corrosion using electrical current; battery boxes; battery adapters for power tools; battery cables; battery jars; battery cables; battery preheaters; battery separators; battery testers; grids for batteries.

Class 11

(6) Gas burners for industrial purposes; gas burners; hydrogen generation plants for industrial purposes; hydrogen generators for industrial purposes; light-emitting diode [LED] lighting installations; light-emitting diode [LED] light bulbs; light-emitting diode [LED] luminaires; automatic temperature regulators [thermostat valves] for central heating radiators; refrigerators; refrigerating containers; air coolers; fridge-freezers; heat accumulators; heat pumps; heat regenerators; heating installations namely central heating radiators; heating radiators; electric radiant heaters; solar thermal collectors [heating]; water heaters for industrial purposes; hot water tanks; solar water heaters; electric space heaters; electric radiators for heating buildings; boiler tubes [tubes] for heating installations; space heaters for household use for industrial purposes, electric radiant heaters for industrial purposes; coils as part of a refrigerators, coils as part of water distillation units, coils as part of central heating radiators; ventilation fans for industrial purposes; ventilation being air-conditioning installations for buildings; ventilation hoods; ventilation fans for commercial use; industrial lighting fixtures, electric radiators, steam generators, cooking ovens for professional purposes, cooling fan systems for wall ovens, drying ovens, ventilation hoods for stoves; air conditioning installations for vehicles, domestic air-conditioning installations; installations for sewage treatment; water cooling towers; organic light emitting diodes (oled) lighting devices; steam generating installations; air filtering units for removing dust, smoke and allergens from the air; air conditioners; waste pipes for sanitary installations; central air conditioning installations for household purposes; central air conditioning installations for industrial purposes; heating elements for vehicle; heating devices for defrosting vehicle windows; ventilation installations [air conditioning] for vehicles; air conditioning equipment for vehicles; luminaires for electrical devices.

Class 12

(7) Vehicle bodywork; vehicle chassis and structural elements; metal parts for vehicles, namely car exteriors and interiors, protective interior fittings of metal for car; aftermarket accessories for vehicles, namely custom radiator grills for vehicles; roof rails for vehicles; capsules in the form of insignia for vehicles; grills and spoilers for vehicle styling.

Class 20

(8) Metal patio table.

Services

Class 37

(1) Replenishment of hydrogen gas for vehicles; repair of energy generation equipment; construction and maintenance of petrol stations and filling facilities; refueling of motor vehicles and fuel cell vehicles; installation, repair and maintenance of hydrogen electrolysis plants; building construction, construction of wave energy power plants; installation services related to hydrogen production; construction and maintenance of hydrogen production facilities; construction and maintenance of electrolysis plants; installation, construction, maintenance and repair of installations, facilities, devices, instruments and pipelines for the distribution of gas, hydrogen and electricity; construction, maintenance and repair of geothermal power plants, construction, maintenance and repair of solar power plants; fueling services for vessels, vehicles, trains and aircraft; assembly, installation, maintenance and repair of windmills, wind turbines and other wind-driven machines; assembly, installation, maintenance and repair of wind turbines, wind stations and other wind-driven machines; construction of wind power plants; consultancy relating to the installation, maintenance and repair of wind turbines and wind turbines; installation, maintenance and repair of anemometers; construction, assembly, installation, repair, renovation, maintenance and dismantling of wind farms; installation, maintenance and repair of solar cell systems for generating power, solar collectors and photovoltaic modules; installation, maintenance and repair of solar energy systems; installation, maintenance and repair of solar collectors; installation, maintenance and repair of wave energy conversion devices and wave energy power plants; installation, maintenance and repair of energy conversion devices, power plants; installation of solar panels, batteries and meters; installation, maintenance and repair of power plants and power grids; installation, maintenance and repair of hydropower plants; construction of hydroelectric power plants; installation and repair of large format battery-based energy storage systems; battery charging service for motor vehicles; installation of solar power systems, installation and maintenance of solar thermal installations; installation and maintenance of computer hardware for the transmission of data for remote reading of electricity meters; construction of hydroelectric plants; installation, maintenance and repair of thermostats; installation, maintenance and repair of refrigeration and air conditioning systems for temperature controlled environments; installation, maintenance and repair of apparatus for heating, air purification, cooling, drying, ventilation, temperature control and air conditioning; installation and repair of air conditioners; installation, maintenance and repair of ventilating systems; installation, maintenance and repair of LED lighting devices; mining extraction.

Class 39

(2) Distribution of electrical energy to residential and commercial users, distribution of wind energy to residential and commercial users, distribution of solar energy to residential and commercial users; energy storage services, namely transmission and distribution of electrical and solar energy, hydrogen energy storage services, storage of fuel oil, storage of gaseous hydrogen fuel; transport and storage of liquid and solid gases and gases in gaseous form, supply of liquid and solid gases and gases in gaseous form; storage of gas and fuel for motor vehicles and fuel cell vehicles; gas supply services [distribution]; transport of hydrogen via pipelines, ships, trucks and trains; consulting and advisory services related to the transmission, distribution, supply and storage of hydrogen.

Class 40

(3) Production of energy; energy treatment and transformation namely natural gas treatment and processing, gasoline treatment and processing for others; energy production from power plants; treatment of materials: hydrogen production; power and power generation; gas production; waste recycling, treatment and disposal [treatment of waste]; production of electrical energy from renewable sources; generation of electricity from wave, wind and solar energy; information and advisory services relating to the generation of electricity from wave energy; hydropower

production; rental of energy generating equipment; rental of solar panels; processing of aluminium; custom metal rolling to the order and specification of others; metallurgical treatment; recycling of metals; sorting of waste and recyclable material [transformation]; consulting and advisory services related to the generation of hydrogen.

Class 42

(4) Civil engineering, engineering in the field of solar energy projects; advice on energy saving; engineering services within energy technology; development of hydrogen infrastructure [technical expertise], development of electrolysis plant infrastructure [technical expertise], engineering services in electric power and hydrogen production; design services for power plants and production facilities; industrial analysis and research within renewable energy sources; geological exploration; geological prospecting; geological research; engineering activities, namely engineering surveying services, building engineering services; research in environmental science, hydrogen production, greenhouse gas emissions and related technologies; information and advice related to technological and scientific research in environmental science, hydrogen production, greenhouse gas emissions and related technologies; design and development of hardware and software; design of energy and power systems; technological analysis relating to energy and power needs of others; development of energy and power management systems; conducting technical project studies and engineering or technological consultancy services relating to other people's power and energy needs and the generation and supply of power and energy; consultancy relating to scientific research in the field of environmental protection; technological consultancy and scientific research and development for the gas industry; technological planning and consulting services in the field of production facility design; technological consultancy and scientific research and development for the hydrogen industry; providing technical advice relating to energy-saving measures; consultancy relating to technical and scientific analysis in the field of aluminium production; consultancy relating to technical and scientific analysis in the field of production of energy; consultancy relating to technical and scientific analysis in the field of recycling of aluminium; consultancy relating to technical and scientific analysis in the field of alloy development; technical advice relating to the application and use of computer software; civil engineering design relating to building construction; consulting services relating to technological research in the field of building constructions materials; technological consultancy within energy production and use; technological consultancy within alternative energy production; technical research in the field of carbon reduction; analysis of energy consumption data; conducting research and technical project studies relating to the use of natural energy; consulting in energy saving and energy efficiency; installation of artificial intelligence software; installation of software applications for internet of things [IoT] enabled devices; programming of energy management software; energy audit services; energy audit services related to electricity and natural gas; technical design services related to electricity plants, wind farms and solar parks; technical development of structural elements, units and systems for solar collectors and solar cell systems; engineering services related to energy supply systems; design and development of systems for regenerative energy production; environmental testing services to measure carbon content in gas streams; mechanical and electrical engineering services; engineering services within environmental technology; engineering services within building technology; services within electrical engineering; technical design and planning of power stations; execution of technical project studies for construction projects; design and development of energy distribution networks; design and development of software for control, regulation and monitoring of solar energy, wind energy and hydropower systems; providing of information on research and technical project studies related to the use of natural energy; industrial design; software engineering; programming of software for database management; design and development of software for electronic

databases; technical support services for computer software; design, development, installation and maintenance of computer software; development and testing of data processing methods, algorithms and software; programming of computer software for evaluation and calculation of data; programming of computer software for reading, transferring and organizing data; monitoring of computer systems to detect security breaches; monitoring of computer systems by remote access; environmental monitoring services; design and development of software for the control, regulation and monitoring of biomass energy systems, hydropower systems, geothermal power systems, wind energy systems and solar energy systems; energy audit; technical consultancy in the field of energy saving and energy efficiency; technical consultancy related to energy performance contracting [EPC]; consultancy related to technological services within power and energy supply; development of energy and power management systems; design and development of energy management software; mining and mineral exploration services; development in the field of environmentally friendly forms of energy and power.

Trademark Description

The mark consists of stylized shield design in grey and yellow, with the design of a goat head with twisted horns on the shield center and overlapping the top edge of the shield.

Colour Claim

Colour is claimed as a feature of the trademark. The color(s) yellow, grey, black, and white is/are claimed as a feature of the mark. The mark consists of stylized shield in grey with a black border. The inside of the shield is partially outlined in yellow on the top and sides. At the bottom of the shield border are two black intertwined lines with yellow squares outlined in black on each end. In the middle of the shield is a stylized goat head in white with yellow eyes and yellow horns. The goat is shaded in grey and outlined in black. The goat's horns are twisted and overlap the top edge of the shield.

Trademark Description

The mark consists of four squares of varying sizes placed with two on top and two underneath, with the top left and bottom right squares connected by a line.

Goods

Class 01

(1) Chemical and biological reagents and fluorophores and optical stains for non-medical purposes, namely, for use in scientific research in the fields of life sciences and biotechnology for drug discovery, assessing biological processes and assays, biomolecular characteristics such as cell function, protein and gene interactions and expressions, responses, purity, and potency.

Class 05

(2) Diagnostic reagents and contrast media for medical use.

Class 09

(3) Imaging systems and 3D imaging systems comprised of an image scanner and computer software for image capture and image processing related to laboratory slides, laboratory assays, and biological tissue specimens to assess cellular function, cellular matrices, nucleic acid assays, protein composition, protein and gene sequence, expression, responses, purity and potency, all in the fields of biotechnology and pharmaceuticals; AC/DC power supplies for gel electrophoresis apparatus for laboratory research use for analyzing cellular function, cellular matrices, nucleic acid

assays, protein composition, protein and gene sequence, expression, responses, purity and potency, all in the fields of biotechnology and pharmaceuticals; Gel electrophoresis apparatus for laboratory research use for analyzing cellular function, cellular matrices, nucleic acid assays, protein composition, protein and gene sequence, expression, responses, purity and potency, all in the fields of biotechnology and pharmaceuticals; Automated slide stainers for laboratory research use for analyzing cellular function, cellular matrices, nucleic acid assays, protein composition, protein and gene sequence, expression, responses, purity and potency, all in the fields of biotechnology and pharmaceuticals

Colour Claim

Colour is claimed as a feature of the trademark. The colors BLACK (PANTONE*BLACK 6 C) and METALLIC YELLOW (METALLIC SHIMMERS TPM PANTONE* 20-0040 TPM LUXE LEMON) are claimed as features of the mark. The trademark consists of an oval design in black (PANTONE*BLACK 6 C), outlined with a metallic yellow (METALLIC SHIMMERS TPM PANTONE* 20-0040 TPM LUXE LEMON) border. Inside the oval appears the word "Naomi", rendered in a stylized script in metallic yellow (METALLIC SHIMMERS TPM PANTONE* 20-0040 TPM LUXE LEMON). The letter "o" in "Naomi" is depicted as a circular emblem containing a silhouette of a woman's head in black (PANTONE*BLACK 6 C) with metallic yellow (METALLIC SHIMMERS TPM PANTONE* 20- 0040 TPM LUXE LEMON) hair accents, topped by a metallic yellow (METALLIC SHIMMERS TPM PANTONE* 20- 0040 TPM LUXE LEMON) crown. Below the word "Naomi" appears the wording "HAIR COLLECTION" in uppercase metallic yellow (METALLIC SHIMMERS TPM PANTONE* 20-0040 TPM LUXE LEMON) letters. Beneath that, a horizontal metallic yellow (METALLIC SHIMMERS TPM PANTONE* 20-0040 TPM LUXE LEMON) rectangular banner contains the phrase "Look Good... Feel Good" in black (PANTONE*BLACK 6 C) stylized font. *PANTONE is a registered trademark.

Colour Claim

Colour is claimed as a feature of the trademark. The applicant claims the colours purple, light purple, white, yellow, gold, light blue, black, mint green, and red as a feature of the trademark. The words KIDS and BONE HEALTH and the Sun Design appear in yellow. The words DDROPS BRAND and ESSENTIALS appear in white. The words WITH ABSORBOOST appear in white on a mint green rectangular box featuring a thin black line at the bottom. The background of the upper portion of the mark appears in stripes radiating from the character which are purple with light purple and which fade closer to the character. The bottom right side of the design appears in gold with a purple horizontal ribbon. The bottom left side appears in yellow. The Drop Character appears in light blue with white eyes and white teeth and a white tummy. His entire figure is outlined in black. His cheeks and feet feature white highlights. His open mouth is black with white teeth and a red tongue. On the body of the character is a yellow sun design. The Drop Character is holding a barbell outlined in black. The left side of the barbell features a light blue K2 on a circular purple background. The right side of the barbell features a light yellow D3 outlined in orange and white on a circular yellow background. The horizontal section of the barbell is mint green. The barbell is outlined in black.
