Canada

Trademarks Journal

Vol. 73 No. 3724

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Class 09

(1) Artificial intelligence and machine learning software, namely software applications for the management and provision of customer relationship management services, computer software for assisting developers in creating program code for use in mobile Internet applications and customer interfaces, computer software for use in customer relationship management (CRM), downloadable software used for the collection and analysis of customer financial information, application software enabling merchants to manage and track customer payments, track staff performance and create promotional campaigns, software for the management of retail store customer accounts, software for organizing, archiving and searching information about consumers' prior purchases of consumer products, two-or three-dimensional simulation software for use in the design and development of industrial products, software for system integrity checks, alarm optimization and control performance monitoring for the processing industries; recorded computer software using adaptive control for industrial processes, downloadable computer software using adaptive control for industrial processes, industrial process control software, software for the integration of artificial intelligence and machine learning in the field of big data, downloadable mobile application software for training software to predict user behaviour in the field of learning models and artificial intelligence, computer programming software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behaviour analytics, computer system software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behaviour analytics, downloadable software and mobile application software for training computers to predict user behaviour in the field of machine learning models and artificial intelligence, downloadable software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behaviour analytics, recorded computer software for industrial process control, downloadable computer software for industrial process control, computer software for providing an online database in the field of transaction processing in order to download transactional data, provide statistical analysis and generate notifications and reports, software for the management of transactional data, the provision of statistical analysis and the generation of notifications and reports in the field of warehousing and distribution, software for accessing and integrating data and

workflows in the field of human resources, software in the field of human resources management, computer programs for enterprise resource planning (ERP) in the field of supply chain management, downloadable application programming interface software used for connecting businesses to their clients' financial software, payroll systems and point of sale systems, enterprise software featuring technology for analyzing and overseeing the supply and use of applications in order to optimize performance, engagement and efficiency, downloadable computer security software in the field of data management for ingesting, storing, organizing and maintaining data created and collected by third-party businesses, software for the creation and management of requests for proposals [RFPs] in the field of business performance management, downloadable database integration software for business management, recorded interactive computer software for the management, tracking and communication of business management performance metrics, recorded interactive computer software for the management, tracking and communication of business management outcome metrics, computer software for enterprise resource planning (ERP) in the field of supply chain management, software for accessing and searching online databases and websites, computer software for providing an online database in the field of transaction processing in order to download transactional data, provide statistical analysis and generate notifications and reports, computer software for use in database management, downloadable database management software, computer software that provides real-time, integrated business management intelligence by combining information from various databases, software for accessing, browsing and searching online databases, software for operating a data centre network, software for business data mining, software for the creation of searchable databases of information and data, software for the management of a data centre network, software for the management of transactional data, the provision of statistical analysis and the generation of notifications and reports in the field of warehousing and distribution, downloadable database integration software for business management, downloadable software for building information modelling (BIM) and building construction management, downloadable software for the visualization, computation, reporting, extraction, integration and analysis of biomechanical data from motion capture technologies, downloadable software that supports interaction between computer applications with data from application programming interfaces (APIs), digital databases and digital files, downloadable software used for the management of large scale data centres, software for the creation of searchable databases, downloadable computer software for use as an application programming interface (API) for use in the field of database integration, downloadable computer software for use as an application programming interface (API) for use in the field of database management, software for automating data storage, software for authorizing access to databases, computer software for accessing, querying and analyzing information stored in databases and data warehouses, factory automation software, namely software for integrating manufacturing machine operations, tracking problems and generating production reports, downloadable operating software for data discovery and classification and used to create security and privacy reports, computer software for providing an online database in the field of transaction processing in order to download transactional data, provide statistical analysis and generate notifications and reports, computer software for creating, customizing, printing, exporting and emailing financial reports, business reports, balance sheets, income statements, cash flow statements and taxable sales reports, software for the management of transactional data, the provision of statistical analysis and the generation of notifications and reports in the field of warehousing and distribution, downloadable software for the implementation of the engineering analysis of structures against applied loads, software for the conversion of document images into electronic formats, software for facial recognition in order to provide a service, software for the automatic processing of image content, computer application software for mobile telephones, namely software for logistics management in the fields of freight, supply chain and transport,

downloadable application programming interface [API] integration software for online marketplaces, computer software for use as an application programming interface (API) in the field of image content analysis, computer software for use as an application programming interface (API) in the field of voice recognition, factory automation software, namely software for integrating manufacturing machine operations, tracking problems and generating production reports, software for cloud infrastructure management and automation, machine learning software used in computer network intrusion detection programs, downloadable automation software for the secure operation and integration of networked business computer applications of others hosted on public and private virtual servers, downloadable automation software for the secure operation and integration of networked business computer applications of others hosted on cloud virtual servers, enterprise software featuring technology for analyzing and overseeing the supply and use of applications in order to optimize performance, engagement and efficiency, software for coordinating employee meetings and scheduling, planning and optimizing workspaces, recorded computer software for process optimization, recorded computer software for model-less multivariable process control and optimization, downloadable computer software for process optimization, downloadable computer software for model-less multivariable process control and optimization, downloadable software used for computer system analysis and optimization, software for generating quick response codes, software for searching and analyzing information stored in databases and data warehouses, artificial intelligence software for the implementation and maintenance of cloud technological infrastructure, machine learning software for processing natural language, machine learning software for processing images, machine learning software used in computer programs for filtering electronic mail, automation software using artificial intelligence for the secure operation and integration of networked business computer applications of others hosted on public and private virtual servers, downloadable automation software using artificial intelligence for the secure operation and integration of networked business computer applications of others hosted on cloud virtual servers, artificial intelligence software for automating data storage, software for the management and control of shipment information of consumer goods in the field of shipment order processing, software for the tracking and display of shipment information of consumer goods in the field of shipment order processing, computer-assisted manufacturing (CAM) software for general use, software for computer-assisted design and manufacturing [CAD/CAM], software for logistics management of delivery sequencing and capacity planning in the field of freight transport, downloadable software and application software providing planning tools in the field of project management.

Class 16

(2) Printed publications published in scientific income covering the field of artificial intelligence, including data valuation in the field of artificial intelligence.

Services

Class 35

(1) Consulting services related to data valorization, artificial intelligence and business intelligence, consulting services related to information technology, computer science and software engineering, namely business advice in the field of machine learning, data valorization and artificial intelligence, dispensing of advice for the selection of artificial intelligence (AI) hardware and software to meet consumer specifications based on the consumer products being made, business advice in the field of machine learning and artificial intelligence, business administration advisory services in the field of artificial intelligence, business advice related to public relations in the field of communication strategy using artificial intelligence, advice related to advertising communication strategy using artificial intelligence, advice related to social media marketing strategy using artificial intelligence,

advice related to business networking strategy using industrial intelligence, advice for the development of marketing strategies and concepts using artificial intelligence for others, advice related to the design of analysis methods and the implementation of strategic plans and management projects using artificial intelligence, advice related to the creation of marketing strategies for others using artificial intelligence, business management advisory services as well as development of processes for the analysis and implementation of strategic plans and management projects using artificial intelligence, advisory and consulting services in the field of business strategy using artificial intelligence, business management advisory services related to strategy, marketing, production, personnel and retail sales using artificial intelligence, marketing and branding services, namely provision of customized communication programs in order to obtain consumer insights and develop branding strategies using artificial intelligence, business planning and strategy services using artificial intelligence.

Class 41

(2) Education, training and organization of events in the field of artificial intelligence, namely conferences, workshops and seminars.

Class 42

(3) Research and development in the field of artificial intelligence.

Class 09

(1) Computer hardware with embedded bi-directional software used to monitor, transmit, record, and analyse body data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response; downloadable mobile application software used to monitor, transmit, record, and analyse body data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response

Class 10

(2) Knee braces and compression garments for athletic and other non-medical use, namely, arm sleeves, elbow sleeves, and leg sleeves, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Class 12

(3) Upholstery for vehicles, vehicle seat coverings, vehicle seatbelt coverings, steering wheel covers, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Class 18

(4) Back packs with sensors that measure body temperature, gait analysis and steps taken, posture and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Class 24

(5) Pillow cases, bed sheets, mattress covers, sleeping bags, upholstery fabrics, and curtains, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Class 25

(6) Clothing, namely, t-shirts, shirts, tank tops, pants, leggings, shorts, underwear, bras, swimwear, socks, bodysuits, tights, jackets, coats, vests, warm-up suits, skirts, dresses and ponchos, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response; headwear, namely, hats, caps, toques, hooded sweatshirts, visors, headbands, bandanas, and balaclavas, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response; footwear, namely, shoes and insoles, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response; clothing accessories, namely, belts, scarves, shawls, arm warmers, leg warmers, mittens, and gloves, all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Class 27

(7) Floor mats all with sensors that measure body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Services**Class 38**

(1) Electronic transmission and retrieval of body data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response, over a global computer network

Class 40

(2) Manufacture of wearable technology and textiles to the order and specification of others, namely textile fabrics with sensors

Class 42

(3) Providing software as a service to monitor, transmit, record, and analyse body data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for

actuation adjustments in response, via the Internet in the field of designing, developing and producing wearable technology, namely, wearable activity trackers; research and development of new products for others; research and development in the field of textiles; research and development in the field of wearable technology, namely, wearable activity trackers

(1) machines, namely, agricultural machines, namely, cultipackers, and parts and fittings for the aforesaid goods; machine tools, namely, grinding tools for grinding machines, gear cutters for use as a machine tool, machine tool for broaching, machine tools for removing waste material, and parts and fittings for the aforesaid goods; machine tools, namely, machine tools for the automotive industry, machine tools for the agricultural industry being agricultural balers, agricultural band saws, agricultural circular saws, agricultural cultivators, agricultural elevators, agricultural subsoilers, and parts and fittings for the aforesaid goods; power-operated tools; electric motors and engines for industrial machines, except for land vehicles, and parts and fittings for the aforesaid goods; machine coupling and transmission components, except for land vehicles, and parts and fittings for the aforesaid goods; agricultural implements, namely, coulters, incorporators, land fertilizing equipment, cultipackers, agricultural plows, agricultural equipment for seeding, agricultural subsoilers, harvesters for agricultural use, agricultural balers, agricultural elevators, except for hand-operated hand tools, and parts and fittings for the aforesaid goods; incubators for eggs, and parts and fittings for the aforesaid goods; automatic vending machines, and parts and fittings for the aforesaid goods; agricultural implements, namely, coulters, incorporators, land fertilizing equipment, cultipackers, agricultural plows, agricultural equipment for seeding, agricultural subsoilers, harvesters for agricultural use, agricultural balers, agricultural elevators, except for hand-operated agricultural implements, and parts and fittings for the aforesaid goods; agricultural machines, namely, agricultural seed planting machines, agricultural reaper machines, agricultural balers, agricultural elevators, machines for agriculture use for fertilizing and planting, tilling machines for agricultural purposes, machines for use in agriculture for indoor farming, namely, for agricultural irrigation, fertilizer distribution, harvesting, packaging food, and weeding, and parts and fittings for the aforesaid goods; weeding machines, namely, power operated weed cutters, autonomous robots for agriculture use for weeding, machines for use in agriculture for indoor farming, namely, for weeding, and parts and fittings for the aforesaid goods; tilling machines for agricultural purposes, and parts and fittings for the aforesaid goods; power tillers, and parts and fittings for the aforesaid goods; cultivators [machines], namely, agricultural cultivators, agricultural

field cultivators, motorized cultivators, power-operated cultivators, rotary cultivators, and parts and fittings for the aforesaid goods; motorized cultivators, and parts and fittings for the aforesaid goods; spraying machines, namely, agricultural aircraft spray nozzles, motorized sprayers for insecticides, and parts and fittings for the aforesaid goods; pulverisers being machines, namely, drive pulley pulverisers, v-belt pulley pulverisers, step pulley pulverisers, and parts and fittings for the aforesaid goods; atomisers being machines for agricultural use, namely, spraying insecticide, and parts and fittings for the aforesaid goods; insecticide sprayers being machines, and parts and fittings for the aforesaid goods; fertilizer spreading machines, and parts and fittings for the aforesaid goods; scarifiers, and parts and fittings for the aforesaid goods; agricultural elevators, and parts and fittings for the aforesaid goods; robotic mechanisms used in agriculture, namely, fruit picking robot, robots and robotic arms for spraying insecticides for agricultural purposes, autonomous robots for agriculture use for fertilizing, planting, agricultural irrigation, fertilizer distribution, harvesting, and weeding, and parts and fittings for the aforesaid goods; knives for mowing machines, and parts and fittings for the aforesaid goods; lawnmowers [machines], and parts and fittings for the aforesaid goods; garden tools, namely, electric garden chippers, electric garden shredders, hand-held motorized cultivators for gardening, and parts and fittings for the aforesaid goods; lawnmowers, and parts and fittings for the aforesaid goods; electric grass trimmers, and parts and fittings for the aforesaid goods; electric lawn trimmers, and parts and fittings for the aforesaid goods; electric hedge trimmers, and parts and fittings for the aforesaid goods; gasoline lawn mowers, and parts and fittings for the aforesaid goods; riding lawn mowers, and parts and fittings for the aforesaid goods; line trimmers for garden use, and parts and fittings for the aforesaid goods; string trimmers for garden use, and parts and fittings for the aforesaid goods; lawn scarifiers [machines], and parts and fittings for the aforesaid goods; electric garden chippers, and parts and fittings for the aforesaid goods; garden tilling machines, and parts and fittings for the aforesaid goods; solar-powered robotic weeders for gardens, and parts and fittings for the aforesaid goods; electric garden shredders, and parts and fittings for the aforesaid goods; power blowers for lawn debris, and parts and fittings for the aforesaid goods; electric brush cutters, and parts and fittings for the aforesaid goods; lawn edger, electric, and parts and fittings for the aforesaid goods; electric garden pumps for use in aquarium and ponds, and parts and fittings for the aforesaid goods; shears, electric, and parts and fittings for the aforesaid goods; robotic lawnmower, and parts and fittings for the aforesaid goods; robots used for agricultural services, namely, fruit picking robot, and parts and fittings for the aforesaid goods; robots used for lawn care, irrigation, fertilization and sowing, and parts and fittings for the aforesaid goods; robotic snow throwers, and parts and fittings for the aforesaid goods; robotic grass trimmers, and parts and fittings for the aforesaid goods; robotic edge trimmers, and parts and fittings for the aforesaid goods; robotic watering machines, and parts and fittings for the aforesaid goods; electric machines and apparatus for cleaning, namely, raw cotton cleaning machines, seed cleaning machines, machines for cleaning surfaces using high pressure water, cleaning machines for ponds, and parts and fittings for the aforesaid goods; electric sweepers, namely, carpet sweepers, road sweepers, and parts and fittings for the aforesaid goods; road sweeping machines, self-propelled, and parts and fittings for the aforesaid goods; road sweepers [machines], and parts and fittings for the aforesaid goods; washing apparatus, namely, robots for power washing, fruit washing machines, electric washing machines for industrial purposes, and parts and fittings for the aforesaid goods; bottle washing machines, and parts and fittings for the aforesaid goods; vehicle washing installations, and parts and fittings for the aforesaid goods; washing machines [laundry], and parts and fittings for the aforesaid goods; wringing machines for laundry, and parts and fittings for the aforesaid goods; vacuum cleaners, and parts and fittings for the aforesaid goods; vacuum cleaner bags, and parts and fittings for the aforesaid goods; vacuum cleaner hoses, and parts and fittings for the aforesaid goods; brushes for vacuum cleaners, and parts and fittings for the aforesaid

goods; vacuum cleaner attachments for disseminating perfumes and disinfectants, and parts and fittings for the aforesaid goods; electric machines and apparatus for carpet shampooing, namely, carpet shampooers, and parts and fittings for the aforesaid goods; carpet cleaning machines; high pressure washers, and parts and fittings for the aforesaid goods; multipurpose high pressure washers, and parts and fittings for the aforesaid goods; cleaning appliances utilizing steam, namely, multi-purpose steam cleaners, steam cleaning machines, and parts and fittings for the aforesaid goods; steam cleaning machines, and parts and fittings for the aforesaid goods; cleaning apparatus and machines for swimming pools, namely, swimming pool leaf rakes, skimmers for swimming pool, swimming pool sweepers, swimming pool vacuum cleaners, swimming pool vacuum heads, swimming pool vacuum hoses, swimming pool pumps, and parts and fittings for the aforesaid goods; electric window cleaning equipment, and parts and fittings for the aforesaid goods; dishwashers, and parts and fittings for the aforesaid goods; snow ploughs, and parts and fittings for the aforesaid goods; snow blowers, and parts and fittings for the aforesaid goods; blowing machines for the compression, exhaustion and transport of gases, and parts and fittings for the aforesaid goods; brushes, electrically operated [parts of machines], namely, brushes for vacuum cleaners, rotary brushes for machines, and parts and fittings for the aforesaid goods; electrically operated brushes, namely, brushes for vacuum cleaners, rotary brushes for machines, and parts and fittings for the aforesaid goods; disintegrators, namely, disintegrators for processing of vegetables and fruits in the agricultural industry, and parts and fittings for the aforesaid goods; sewage pulverizers; shredder machines for industrial use, and parts and fittings for the aforesaid goods; robotic cleaners, especially, robotic vacuum cleaners, robotic floor cleaning machines, robotic road sweeping machines, and parts and fittings for the aforesaid goods; robots used for cleaning swimming pools, and parts and fittings for the aforesaid goods; robotic machines for cleaning swimming pools, and parts and fittings for the aforesaid goods; robots used for sweeping and mopping, robots used for cleaning windows, and parts and fittings for the aforesaid goods; household robots, and parts and fittings for the aforesaid goods; robots used for doing house works, and parts and fittings for the aforesaid goods; robotic exoskeleton suits being machines, other than for medical purposes, and parts and fittings for the aforesaid goods; power tools, and parts and fittings for the aforesaid goods; robotic power tools, and parts and fittings for the aforesaid goods; robotic jigsaw machines, namely, robotic jig-saws being machines; robotic jig-saws being machines, and parts and fittings for the aforesaid goods; robotic motor hand saws, and parts and fittings for the aforesaid goods; robotic electric hand drills, and parts and fittings for the aforesaid goods; robotic painting machines, and parts and fittings for the aforesaid goods; robots being machines, namely, meat processing robots, robots for milling, robots for power washing, robotic vacuum cleaners, robotic floor cleaners, robotic floor polishers, robotic floor sweepers, robotic lawnmowers, robotic mechanisms for processing vegetables, robotic mechanisms for processing fruits, robots and robotic arms for dishwashing, robots and robotic arms for food slicing for commercial use, solar-powered robotic weeders for gardens, autonomous robots for agriculture use for agricultural irrigation, fertilizer distribution, harvesting, and weeding, autonomous robots for agriculture use for fertilizing and planting, and parts and fittings for the aforesaid goods; industrial robots, namely, industrial robots for cleaning floors, industrial robots for waste sorting, unmanned industrial robots for conveying of food and beverages, industrial robots for use in the processing and fulfillment of consumer and business orders in automated warehouses, robotic labelling machines, and parts and fittings for the aforesaid goods; 3d printers, and parts and fittings for the aforesaid goods; electric door openers, and parts and fittings for the aforesaid goods; electric window openers, and parts and fittings for the aforesaid goods; electric curtain drawing devices, and parts and fittings for the aforesaid goods; electric kitchen machines, namely, electric kitchen mixers, electric standing mixers, electrical coffee grinders, electric juice extractors, dish washing machines for household use, and parts and fittings for the aforesaid goods; robotic electric kitchen

machines, namely, electric food processors, kitchen cleaning robots with artificial intelligence, robots and robotic arms for food slicing for household kitchen use, and parts and fittings for the aforesaid goods; starting devices for land vehicle engines, namely, electronic starters for land vehicle engines, starter alternators for land vehicles, starter motors for land vehicles, starter pinions for land vehicles, starters for land vehicle engines, and parts and fittings therefor; starting devices for internal combustion engines, namely, starter alternators, starter motors, starter pinions, starters for engines, starter alternators for land vehicles, starter motors for land vehicles, starter pinions for land vehicles, starters for land vehicle engines, and parts and fittings therefor.

Class 09

(2) scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely, glassware for scientific experiments in laboratories, humanoid robots with artificial intelligence for use in scientific research, robotic arm for agricultural use and research, electrodes for laboratory research, chemical vapor deposition apparatus for use in research, car navigation computers, directional compasses, satellite navigation systems, computer software and applications for electric vehicle navigation, navigation apparatus for vehicles in the form of on-board computers, lasers for surveying, level measuring machines for surveying, leveling rods for surveying, magnetic compasses for surveying, surveying instruments, cameras, photographic cameras, digital cameras, film cameras, adapter rings for camera lenses, photographic lenses, camera lenses, camera shutters, electronic photometers, cinematographic cameras, cinematographic projectors, augmented reality software for cinematography, home cinema systems, projection screens for movie films, audiovisual receivers, audiovisual headsets for playing video games, blank optical discs, cables for optical signal transmission, optical cables, fiber optic cables, optical amplifiers, optical condensers, optical glass, optical receivers, kitchen weighing scales, personal weighing scales, test weights for scales, weighing scales for livestock, clamp meters for measuring electric current, coordinate-measuring machines, laser measuring tapes, measuring cups, measuring rulers, measuring tapes, tape measures, digital signal processors, cables for electrical and optical signal transmission, cables for electrical signal transmission systems, cables for optical signal transmission, signal amplifiers, signal processors, automotive radar detector, electrical ground fault detectors, electron capture detectors, electromagnetic frequency detectors, motion detectors, voltage detectors, current testers, diesel oil emission testers, electrical power testers, torsion testers, smoke alarm testers, speedometer testers, wheel alignment measuring apparatus, namely, roll test stands, optical inspection microscopes, robotic inspection tools for use in agriculture, robotic inspection tools for use in electric vehicle manufacture, telescopic inspection mirrors for automotive use, augmented reality software for agricultural teaching, augmented reality software for teaching driving, inflatable apparatus for life-saving purposes, life jackets, computer digital maps and software for gps navigation receivers, vehicle locator and recovery device programmed to use global positioning systems [GPS] and cellular telecommunications, and parts and fittings therefor; scientific apparatus and instruments, namely, glassware for scientific experiments in laboratories, humanoid robots with artificial intelligence for use in scientific research, and parts and fittings therefor; research apparatus and instruments, namely, robotic arm for agricultural use and research, electrodes for laboratory research, chemical vapor deposition apparatus for use in research, and parts and fittings therefor; navigation apparatus and instruments, namely, car navigation computers, directional compasses, satellite navigation systems, computer software and applications for electric vehicle navigation, navigation apparatus for vehicles in the form of on-board computers, and parts and fittings therefor; surveying apparatus and instruments, namely, lasers for surveying, level measuring machines for surveying, leveling rods for surveying, magnetic

compasses for surveying, surveying instruments, and parts and fittings therefor; photographic apparatus and instruments, namely, cameras, photographic cameras, digital cameras, film cameras, adapter rings for camera lenses, photographic lenses, camera lenses, camera shutters, electronic photometers, and parts and fittings therefor; cinematographic apparatus and instruments, namely, cinematographic cameras, cinematographic projectors, augmented reality software for cinematography, home cinema systems, projection screens for movie films, and parts and fittings therefor; audiovisual apparatus and instruments, namely, audiovisual receivers, audiovisual headsets for playing video games, and parts and fittings therefor; optical apparatus and instruments, namely, blank optical discs, cables for optical signal transmission, optical cables, fiber optic cables, optical amplifiers, optical condensers, optical glass, optical receivers, and parts and fittings therefor; weighing apparatus and instruments, namely, kitchen weighing scales, personal weighing scales, test weights for scales, weighing scales for livestock, and parts and fittings therefor; measuring apparatus and instruments, namely, clamp meters for measuring electric current, coordinate-measuring machines, laser measuring tapes, measuring cups, measuring rulers, measuring tapes, tape measures, and parts and fittings therefor; signalling apparatus and instruments, namely, digital signal processors, cables for electrical and optical signal transmission, cables for electrical signal transmission systems, cables for optical signal transmission, signal amplifiers, signal processors, and parts and fittings therefor; detecting apparatus and instruments, namely, automotive radar detector, electrical ground fault detectors, electron capture detectors, electromagnetic frequency detectors, motion detectors, voltage detectors, and parts and fittings therefor; testing apparatus and instruments, namely, current testers, diesel oil emission testers, electrical power testers, torsion testers, smoke alarm testers, speedometer testers, wheel alignment measuring apparatus, namely, roll test stands, and parts and fittings therefor; inspecting apparatus and instruments, namely, optical inspection microscopes, robotic inspection tools for use in agriculture, robotic inspection tools for use in electric vehicle manufacture, telescopic inspection mirrors for automotive use, and parts and fittings therefor; life-saving and teaching apparatus and instruments, namely, augmented reality software for agricultural teaching, augmented reality software for teaching driving, inflatable apparatus for life-saving purposes, life jackets, computer digital maps and software for gps navigation receivers, vehicle locator and recovery device programmed to use global positioning systems [GPS] and cellular telecommunications, and parts and fittings therefor; life-saving apparatus and instruments, namely, inflatable apparatus for life-saving purposes, life jackets, computer digital maps and software for gps navigation receivers, vehicle locator and recovery device programmed to use global positioning systems [GPS] and cellular telecommunications, and parts and fittings therefor; teaching apparatus and instruments, namely, augmented reality software for agricultural teaching, augmented reality software for teaching driving, and parts and fittings therefor; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, voltage regulators, electric current switches, cables for electrical signal transmission, capacitors, and parts and fittings therefor; apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, namely, audio recorders, audio tape recorders, compact disc recorders, digital audio tape recorders, digital video recorders, digital voice recorders, DVD recorders, electronic data recorders for water vehicles, solid-state video recorders, tape recorders, telephone recorders, televisions and video recorders, video recorders, video tape recorders, audio transmitter units, radio frequency transmitters, FM transmitters, optical transmitters, telephone transmitters, remote control transmitters, video transmitters, loudspeakers, radios, televisions, record players, acoustic amplifiers, audio amplifiers, optical amplifiers, sound amplifiers, stereo amplifiers, and parts and fittings therefor; apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, namely, computer hardware and software for processing digital music

files, computer programs and software for image processing, computer software for image processing, computer software for processing digital images, computer software for processing digital music files, software for processing images and graphics, and parts and fittings therefor; apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, namely, computer software for collecting, processing, extracting and analysing data for farm management, and parts and fittings therefor; recorded and downloadable media, namely, downloadable digital media being videos, downloadable digital media being TV shows, downloadable digital media being photos, downloadable digital media being music audios, downloadable digital media being self-created pictures, downloadable digital media being movies, downloadable digital media being images, downloadable digital media being home videos, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; recorded media, namely, compact discs containing music, compact discs containing movies, compact discs containing home videos, compact discs containing photos, compact discs containing TV shows, compact discs containing images, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; downloadable media, namely, downloadable digital media being videos, downloadable digital media being TV shows, downloadable digital media being photos, downloadable digital media being music audios, downloadable digital media being self-created pictures, downloadable digital media being movies, downloadable digital media being images, downloadable digital media being home videos, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; computer software, namely, downloadable computer agronomic and agricultural software for collecting, organizing, tracking, and analyzing agronomic and weather information, downloadable computer application software to track and monitor agricultural and horticultural crop yield, downloadable computer software for monitoring, benchmarking and evaluating the environmental footprint of agricultural farming, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; computer software, namely, interactive computer application software for use in cell phones that enables users to connect remotely with their vehicles to access vehicle information and control functions, downloadable software application for a mobile device or computer that provides users the ability to remotely control features of their motor vehicle, computer software for controlling and regulating engine, clutch and transmission functions in order to optimize fuel consumption in land vehicles, computer software for charging electric vehicle batteries, computer software for electrical vehicle navigation, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; blank digital recording media, namely, blank recordable DVDs, blank recordable compact discs, blank recordable optical discs, blank recordable laser discs, blank digital audio discs, blank digital audio tapes, blank digital versatile discs, blank digital videodiscs, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; blank digital storage media, namely, blank USB cards, blank USB flash drives, blank smart cards, blank compact discs, blank CDs, blank secure digital (SD) memory cards, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; blank analogue recording media, namely, blank videocassettes, blank video tapes, blank audio cassettes, blank audio tapes, blank

cassettes, blank magnetic tapes for tape recorders, vinyl records, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; blank analogue storage media, namely, blank videocassettes, blank video tapes, blank audio cassettes, blank audio tapes, blank cassettes, blank tapes for storage of computer data, vinyl records, and parts and fittings therefor, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; mechanisms for coin-operated apparatus, namely, coin-operated mechanisms for arcade games, coin-operated mechanisms for arcade slot machines, coin-operated mechanisms for photo booths, coin-operated mechanisms for vending machines, and parts and fittings therefor; cash registers; calculating devices, namely, calculating machines, calculators, electronic calculators, and parts and fittings therefor; computers; computers and computer peripheral devices, namely, computers, digital cameras, keyboards, modems, mouse, printers, scanners, speakers, video recorders, and parts and fittings therefor; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming, and parts and fittings therefor; fire-extinguishing apparatus, and parts and fittings therefor; humanoid robots with artificial intelligence, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; security surveillance robots, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; teaching robots, namely, humanoid robots with artificial intelligence for teaching agricultural management, artificial intelligence-based robots for teaching agricultural management, autonomous agricultural robots with artificial intelligence for teaching agricultural management, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots for personal or hobby use, namely, humanoid robots with artificial intelligence for use in household cleaning and laundry, humanoid robots with artificial intelligence for preparing beverages, humanoid robots having communication and learning functions for assisting and entertaining people, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots for entertainment use, namely, humanoid robots with artificial intelligence for preparing beverages, humanoid robots having communication and learning functions for assisting and entertaining people, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; telepresence robots, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; telepresence robots for use in business environment and private and public settings, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; telepresence robots for use in business environment and private and public settings, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots with autonomous capabilities of navigating, path planning, obstacle avoidance and tracking, namely, autonomous agricultural robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots with autonomous capabilities of navigating, path planning, obstacle avoidance and tracking, namely, humanoid robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor,

none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots with autonomous capabilities of navigating, path planning, obstacle avoidance and tracking, namely, tactical robots for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots capable of recognizing human speech and human gesture, and act according to the person's request, namely, humanoid robots having communication and learning functions for assisting and entertaining people, humanoid robots with artificial intelligence, conversational robot software for simulating conversations, humanoid robots with artificial intelligence and conversational robot software for simulating conversations, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; tactical robots, namely, tactical robots for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; automatic answering machines; automatic answering machines, and parts and fittings therefor; automatic telephone exchange apparatus, and parts and fittings therefor; robots used for medical services especially sterilizing, rehabilitation, companion, dispensing medicines, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; robots for capturing, monitoring, controlling and transmitting a person's orientation, motion, temperature, heart function and muscle activity, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; surgical robots scanners for automatic surface control, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; computer application software for mobile phones, namely, computer application software for mobile phones for use in database management, computer application software for mobile phones for playing video games, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; downloadable computer application software for mobile phones, namely, software for providing information in the field of agriculture, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; downloadable computer application software for mobile phones, namely, software for providing information in the field of electric vehicles, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; downloadable computer application software for mobile phones, namely, software for providing information in the field of humanoid robots with artificial intelligence, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; software for use in controlling the robots listed comprised of software for controlling and regulating humanoid robots having communication and learning functions for assisting and entertaining people, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; software for use in controlling robots comprised of software for controlling and regulating autonomous agricultural robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; software for use in controlling robots comprised of software for controlling and regulating humanoid robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat

(ENT) and neuro-medical procedures; software for use in controlling robots comprised of software for controlling and regulating tactical robots for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; software for use in controlling robots comprised of software for controlling and regulating humanoid robots with artificial intelligence, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; software for use in controlling robots comprised of software for controlling and regulating humanoid robots with artificial intelligence and conversational robot software for simulating conversations, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; computer programs, namely, computer programs for network management, computer programs for project management, computer programs for searching the contents of computers and computer networks by remote control, computer programs for searching remotely for content on computers and computer networks, computer programs for using the Internet and the World Wide Web, computer utility programs for file management, computer utility programs for data compression, computer utility programs for providing diagnostic details on devices installed in a computer system, computer programs for connecting to remote computers and computer networks, none of the foregoing computer programs being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; computer programs, namely, computer programs for accessing information in the field of agriculture, computer programs for accessing information in the field of electric vehicles, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; computer programs, namely, recorded computer game programs, computer programs for processing digital music files, computer programs for editing images, sound, and video, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; computer software, namely, interactive computer application software for use in cell phones that enables users to connect remotely with their vehicles to access vehicle information and control functions, downloadable software application for a mobile device or computer that provides users the ability to remotely control features of their motor vehicle, computer software for controlling and regulating engine, clutch and transmission functions in order to optimize fuel consumption in land vehicles, computer software for charging electric vehicle batteries, computer software for electrical vehicle navigation, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; computer software, namely, downloadable computer agronomic and agricultural software for collecting, organizing, tracking, and analyzing agronomic and weather information, downloadable computer application software to track and monitor agricultural and horticultural crop yield, downloadable computer software for monitoring, benchmarking and evaluating the environmental footprint of agricultural farming, none of the foregoing software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; recorded computer software for controlling humanoid robots having communication and learning functions for assisting and entertaining people, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; recorded computer software for controlling autonomous agricultural robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; recorded computer software for controlling humanoid robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; recorded

computer software for controlling tactical robots for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; recorded computer software for controlling humanoid robots with artificial intelligence, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; recorded computer software for controlling humanoid robots with artificial intelligence and conversational robot software for simulating conversations, none of the foregoing robots, robotic apparatus or software being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in electric land vehicles; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in humanoid robots having communication and learning functions for assisting and entertaining people, , none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in autonomous agricultural robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in humanoid robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in tactical robots for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in humanoid robots with artificial intelligence, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; electrodynamic apparatus for the remote control of signals, namely, remote control receivers, remote control transmitters, and parts and fittings therefor, for use in humanoid robots with artificial intelligence and conversational robot software for simulating conversations, none of the foregoing for use in the fields of dentistry, neurological medical procedures, and otolaryngological medical procedures being ear, nose, and throat (ENT) medical procedures; remote control apparatus, namely, electronic key fobs being remote control apparatus, manipulators for the remote operation of robotic arms, radio receivers for remote controls, radio transmitters for remote controls, remote control receivers, remote control transmitters, and parts and fittings therefor; remote control apparatus, namely, remote controls for operating alarm systems, and parts and fittings therefor; remote control apparatus, namely, remote controls for operating vehicle alarms, and parts and fittings therefor; remote control apparatus for robot cleaning machines, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, electric control panels, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of

dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, control panels and electrical controllers for humanoid robots having communication and learning functions for assisting and entertaining people, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, control panels and electrical controllers for autonomous agricultural robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, control panels and electrical controllers for humanoid robots with artificial intelligence for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, control panels and electrical controllers for tactical robots for agricultural use being seeding, fertilizing, weeding, harvesting, and crop monitoring, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, control panels and electrical controllers for humanoid robots with artificial intelligence, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; electric control apparatus for robots, namely, control panels and electrical controllers for humanoid robots with artificial intelligence and conversational robot software for simulating conversations, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; interactive touch screen terminals, and parts and fittings therefor; data processing apparatus comprised of computers, printers being laser printers, ink jet printers, computer printers, all-in-one printers, computer scanners, interface cards for data processing equipment in the form of printed circuits, and parts and fittings therefor; data processing apparatus comprised of computer software for processing data for farm management; data processing apparatus comprised of computer hardware for data processing, and parts and fittings therefor; digital voice signal processors, and parts and fittings therefor; sound transmitting apparatus, and parts and fittings therefor; facial recognition apparatus, especially, camera containing a linear image sensor, and parts and fittings therefor; global positioning system (GPS) apparatus, and parts and fittings therefor; electronic navigational and positioning apparatus and instruments, namely, car navigation computers, navigation apparatus for vehicles in the form of on-board computers, computer software and applications for electric vehicle navigation, directional compasses, and parts and fittings therefor; sensors used with robots being humanoid robots with artificial intelligence, autonomous robots, tactical robots, namely, acceleration sensors, digital humidity sensors, distance sensors, fire sensors, flame sensors, liquid level sensors, oil level sensors, proximity sensors, and parts and fittings therefor, none of the foregoing robots or robotic apparatus being for use in the fields of dentistry, ear nose and throat (ENT) and neuro-medical procedures; sensors, namely, acceleration sensors, digital humidity sensors, distance sensors, fire sensors, flame sensors, liquid level sensors, oil level sensors, proximity sensors, and parts and fittings therefor; sensors, namely, parking sensors for vehicles, vibration sensors for installation in electric land vehicles, and parts and fittings therefor; sound locating instruments, namely, sound level meters, noise level meters, acoustic meters, sound sensors being decibel meters, and parts and fittings therefor; detectors, namely, automotive radar detector, fire and smoke detectors, flame detectors, motion detectors, voltage detectors, and parts and fittings therefor; monitoring apparatus, namely, dust emission monitors, gas flow monitors, voltage monitor modules, voltage monitoring units, and parts and fittings therefor; monitoring

apparatus, namely, monitoring modules for measuring fuel cells for electrical impedance and voltage to ensure electrical efficiency, and parts and fittings therefor; monitoring apparatus comprised of electrical charging station meters for electrical monitoring, direct electrical current monitoring modules, energy meters for tracking and monitoring energy usage, voltage monitoring units together with software for monitoring electrical power, software for monitoring electrical power distribution units; monitoring apparatus comprised of software for monitoring, controlling, collecting and recording data from a robotic welding system; alarm monitoring systems consisting of programmable electronic data acquisition and control apparatus for alarm monitoring and alarm event management within horticultural production, and parts and fittings therefor; alarm monitoring systems consisting of software for the monitoring of alarm control panels; alarm installations and alarms, namely, whistle alarms, smoke alarms, temperature alarms, theft alarms, fire alarms, electronic door alarms, baby alarms, and parts and fittings therefor; alarm installations and alarms, namely, personal alarms, gas leak alarms, pool alarms, door alarms, and parts and fittings therefor; video projectors, and parts and fittings therefor; cameras, and parts and fittings therefor; electronic indicator boards; electronic indicator boards, and parts and fittings therefor; camcorders, and parts and fittings therefor; theft prevention installations, electric, in the nature of closed circuit tv systems for security and surveillance, especially, cameras, switchers, monitors, microphones, and recorders, and parts and fittings therefor; theft prevention installations, electric, especially, theft alarms, and parts and fittings therefor; electric and electronic video surveillance installations, and parts and fittings therefor; speakers, namely, audio speakers, loud speakers, portable speakers, smart speakers, stereo speakers, thin film speakers, wireless speakers, wireless speaker microphones, and parts and fittings therefor; speakers, namely, computer speakers, audio speakers for automobiles, conference microphone speakers, wireless indoor and outdoor speakers, and parts and fittings therefor; radios, and parts and fittings therefor; electric locks, namely, electric locks for vehicles, and parts and fittings therefor; measuring instruments, namely, coordinate-measuring machines, dust measuring apparatus, electromagnetic measuring detectors, square rulers for measuring, and parts and fittings therefor; measuring instruments, namely, clamp meters for measuring electricity, meters for measuring voltage, multimeters for measuring electrical voltage, multimeters for measuring electrical resistance, tyre-pressure measurers, and parts and fittings therefor; protection devices for personal use against accidents, namely, footwear for protection against accidents, asbestos gloves for protection against accidents, aprons for protection against accidents, balaclavas for protection against accidents, face-shields for protection against accidents, gloves for protection against accidents, headwear for protection against accidents, irradiation and fire, nets for protection against accidents; electrically heated clothing for protective or safety purposes namely, protective clothing, namely, heated garments in the nature of apparel consisting of carbon fiber which produces heat, and parts and fittings therefor; electrically heated gloves for protective or safety purposes, and parts and fittings therefor; reflective articles for wear, for the prevention of accidents, namely, reflective apparel and clothing for the prevention of accidents, reflective safety bands to be worn on the body, reflective safety vests, and parts and fittings therefor; battery chargers, namely, automotive battery chargers, battery chargers for laptop computers, battery chargers for tablet computers, and parts and fittings therefor; battery chargers, namely, chargers for alkaline batteries, lithium-ion battery chargers, chargers for all-solid-state batteries, chargers for C-cell batteries, and parts and fittings therefor; battery packs, namely, fail-safe lithium-ion battery packs, and parts and fittings therefor; battery packs, namely, external battery pack for use with smart phones, battery packs for power tools, and parts and fittings therefor; batteries, namely, lithium-ion batteries, lithium batteries, alkaline batteries, all-solid-state batteries, and parts and fittings therefor; batteries, namely, automotive batteries, electric batteries for vehicles, electric batteries for tablet computers, electric batteries for portable computers, electric batteries for powering electric vehicles, and parts and fittings therefor;

chargers, namely, induction chargers for electric vehicles, USB chargers, wireless chargers for smartphones, and parts and fittings therefor; chargers, namely, electric vehicle charger, mobile phone chargers, cell phone battery chargers for use in vehicles, battery chargers for tablet computers, and parts and fittings therefor; chargers, namely, chargers for all-solid-state batteries, chargers for electric batteries for electric vehicles, chargers for alkaline batteries, lithium-ion battery chargers, lead acid battery chargers, chargers for C-cell batteries, and parts and fittings therefor; wireless chargers, namely, wireless battery chargers for computers and notebooks, wireless chargers for smartphones, and parts and fittings therefor; electrical power supplies, namely, electric power supply sockets, high-frequency switching power supplies, low-voltage power supplies, and parts and fittings therefor; electrical power supplies, namely, electric power supplies for electronic cigarettes, electric power supplies for electric vehicles, power supplies for smartphones, computer power supplies, and parts and fittings therefor; electrical power supplies, namely, voltage stabilizing power supply, inverters for power supply, and parts and fittings therefor; electric power converters, and parts and fittings therefor; time switches, automatic, and parts and fittings therefor; scales, namely, food scales, food scales for commercial and industrial purposes, kitchen scales, weighing scales for cargo handling purposes, and parts and fittings therefor; signal lanterns, and parts and fittings therefor

Class 12

(3) vehicles, namely, autonomous land vehicles, four wheel automotive electric vehicles and parts and fittings therefor; vehicles being automotive vehicles, namely, electric vehicles and parts and fittings therefor; vehicles, being commercial vehicles, namely, motor homes used for mobile clinics, command centers, and community outreach centers and parts and fittings therefor; apparatus for locomotion by land, air, or water, namely, automobiles, bicycles, motorcycles, trucks, cars, and land vehicles being all-terrain vehicles, armored land vehicles, autonomous vehicles, automotive vehicles, namely, electric vehicles, and parts and fittings therefor; drones, namely, camera drones, civilian drones, delivery drones, drones for shipping goods, military drones, photography drones, and parts and fittings therefor; delivery robots, namely, self-driving robots for delivery, and parts and fittings therefor; product-distribution robots, namely, self-driving robots for delivery, transport robot vehicles for use in warehouses, cargo transport robot vehicles for use in warehouses, product transport robot vehicles for use in warehouses, cargo distribution transport robot vehicles for use in warehouses, product-distribution robot vehicles for use in warehouses, and parts and fittings therefor; robotic transport vehicles, namely, robotic cars, transport robot vehicles for use in warehouses, and parts and fittings therefor; self-driving delivery robots, and parts and fittings therefor; robotic cars, and parts and fittings therefor; self-driving cars, and parts and fittings therefor; civilian drones, and parts and fittings therefor; photography drones, and parts and fittings therefor; drones in the nature of hexacopters for agricultural use to survey crop health, and parts and fittings therefor; remote control vehicles, other than toys, namely, unmanned aerial vehicles (UAVs), unmanned ground vehicles [UGV], unmanned underwater vehicles, underwater remotely operated vehicles [ROV], and parts and fittings therefor; scooters, namely, electric scooters, mobility scooters, motor scooters, non-motorized scooters, non motorized push scooters, pedal scooters, push scooters, scooters for children, and parts and fittings therefor; mobility scooters, and parts and fittings therefor; self-balancing scooters, and parts and fittings therefor; transportation robots vehicles for use in warehouses, and parts and fittings therefor; bicycles, and parts and fittings therefor; electric bicycles, and parts and fittings therefor; electric vehicles, namely, three and four wheel electric vehicles, electric land vehicles, and parts and fittings therefor; air pumps being parts of vehicles, namely, tire inflators, pumps for inflating vehicle tires, air pumps for inflating inflatable boats and inflatable rafts, air pumps for inflating bicycle tires, pumps for inflating motorcycle tires, pumps for cycle tires, air pumps for automobiles, air pumps for

motorcycles; anti-theft alarm apparatus for vehicles, and parts and fittings therefor; apparatus for locomotion by air, namely, aircraft, airplanes, airships, hot air balloons, and parts and fittings therefor; apparatus for locomotion by water, namely, water bicycles, water scooters, personal watercraft, small jet-propelled watercraft, and parts and fittings therefor; articles for use in supporting goods on vehicle roofs, namely, roof racks for vehicles, roof-mounted luggage racks for vehicles, automobile roof containers, roof bars for vehicles, roof rack storage containers for land vehicles, and parts and fittings therefor; babies' strollers, and parts and fittings therefor; bells for bicycles, and parts and fittings therefor; bells for cycles, namely, bells for bicycles, bicycle bells, cycle bells, and bells for motorcycles, and parts and fittings therefor; bicycle racks, and parts and fittings therefor; bicycle tyres, and parts and fittings therefor; braking apparatus for bicycles, and parts and fittings therefor; cars for cable transport installations, and parts and fittings therefor; canoes, and parts and fittings therefor; car safety seats for children, and parts and fittings therefor; car seats, namely, motor car seats, infant car seats, infant and children's car seats, children's car seats, car seats for infants and children, car seats for children, car booster seats, and parts and fittings therefor; car theft alarms, and parts and fittings therefor; carpets adapted [shaped] for automobiles, and parts and fittings therefor; carriages for children, namely, wheelchairs for children, and parts and fittings therefor; carriages for children, namely, children's strollers, and parts and fittings therefor; carriages for invalids, namely, wheelchairs, and parts and fittings therefor; carriers for use on vehicles, namely, luggage carriers for vehicles, car-top luggage carriers, cargo carriers for vehicles, bicycle carriers for vehicles, ski carriers for vehicles, spare tire carriers for vehicles, vehicle luggage carriers, and parts and fittings therefor; casings for pneumatic tyres, and parts and fittings therefor; casters for trolleys [vehicles], and parts and fittings therefor; casters being vehicle wheels, namely, casters for carts, casters for trolleys, caster of metal for carts, casters of metal for dollies, and parts and fittings therefor; dollies, and parts and fittings therefor; dress guards for bicycles, and parts and fittings therefor; electric driving motors for land vehicles, and parts and fittings therefor; electric engines for land vehicles, and parts and fittings therefor; electrically operated scooters, and parts and fittings therefor; electrically operated wheelchairs, and parts and fittings therefor; electrically powered scooters; electrically powered scooters, and parts and fittings therefor; engines for automobiles, and parts and fittings therefor; fan motors for land vehicles, and parts and fittings therefor; frames for bicycles, and parts and fittings therefor; motorized golf trolleys, and parts and fittings therefor; hand carts, namely, handling carts, and parts and fittings therefor; handle stems, namely, bicycle handle bar stems, handlebar stems for bicycles, handlebar stems for cargo bicycles, and parts and fittings therefor; handlebar grips, and parts and fittings therefor; handlebars, and parts and fittings therefor; industrial trucks, and parts and fittings therefor; inflatable boats, and parts and fittings therefor; inner tubes for bicycles, and parts and fittings therefor; inner tubes for cycles, namely, inner tubes for bicycle tires, inner tubes for cycle tires, inner tubes for cycles and bicycles, inner tubes for bicycles, inner tubes for electric motorcycles, inner tubes for motorcycle tires, and parts and fittings therefor; inner tubes for pneumatic tyres, and parts and fittings therefor; inner tubes for tyres, and parts and fittings therefor; interior fittings for vehicles, namely, automotive interior trim, interior trim for automobiles, or trim parts for automobiles, and parts and fittings therefor; kayaks, and parts and fittings therefor; kickstands for cycles, and parts and fittings therefor; lift trucks, and parts and fittings therefor; lifting cars, and parts and fittings therefor; metal bells for bicycles, and parts and fittings therefor; motor driven apparatus for pulling [transporting], namely, motor cars for transport on land, off-road vehicles for transporting loads, garden tractors for transport, and parts and fittings therefor; motor scooters, and parts and fittings therefor; motorised surfboards, and parts and fittings therefor; mountain bikes; mountain bikes, and parts and fittings therefor; patches for tyres, and parts and fittings therefor; patching materials for tyres, and parts and fittings therefor; pedal bicycles, and parts and fittings therefor; propellers for boats, and parts and fittings therefor; pumps

for bicycles, and parts and fittings therefor; pumps for cycles, namely, air pumps for bicycles, pumps for bicycle tires, air pumps for motorcycle tires, air pumps for motorcycles, pumps for inflating motorcycle tires, pumps for cycle tires, pumps for inflating bicycle tires, and parts and fittings therefor; pumps for inflating bicycle tyres, and parts and fittings therefor; remotely controlled anti-theft devices, namely, anti theft alarms for vehicles, anti-theft devices for motor cars, anti-theft locks for use on automobile steering wheels, anti-theft warning apparatus for motor cars, anti-theft automotive alarms, electrical anti-theft installations for vehicles, and parts of anti-theft devices for motor cars, and parts and fittings therefor; remote controlled vehicles, namely, remote controlled transportation robots, remote control self-balancing electric scooters, and parts and fittings therefor; remote controlled vehicles, namely, underwater remotely operated vehicles [ROV], unmanned aerial vehicles (UAVs), unmanned ground vehicles [UGV], unmanned underwater vehicles, underwater remotely operated vehicles [ROV], and parts and fittings therefor; repairing materials of rubber for repairing tyres, and parts and fittings therefor; rims for wheels of bicycles, and parts and fittings therefor; saddle covers for bicycles, and parts and fittings therefor; sailing boats, and parts and fittings therefor; sand yachts, and parts and fittings therefor; shopping carts, and parts and fittings therefor; shopping trolleys, and parts and fittings therefor; snow chains for motor vehicles, and parts and fittings therefor; snow chains for vehicle wheels, and parts and fittings therefor; spikes for tyres, and parts and fittings therefor; sports boats, and parts and fittings therefor; starter motors for land vehicles; starter motors for land vehicles, and parts and fittings therefor; starting devices for land vehicle engines comprising gear assemblies for land vehicles, and parts and fittings therefor; starting devices for internal combustion engines comprising gear assemblies for land vehicles, and parts and fittings therefor; anti-theft prevention devices for vehicles, namely, anti-theft alarms for vehicles, anti-theft devices for motor cars, anti-theft locks for use on automobile steering wheels, anti-theft warning apparatus for motor cars, anti-theft automotive alarms, electrical anti-theft installations for vehicles, and parts of anti-theft devices for motor cars, and parts and fittings therefor; toe straps for use on bicycles, and parts and fittings therefor; toeclips for use on bicycles, and parts and fittings therefor; trailers, namely, flatbed trailers, bulk hauling trailers, towable trailers, utility trailers, travel trailers; trailers, namely, tractor trailers, boat trailers, horse trailers, trailers for vehicles, and parts and fittings therefor; trailers, namely, trailers for vehicles and structural parts thereof, tractor trailers and structural parts thereof, trailer couplings, and parts and fittings therefor; transporters for use in sporting activities, namely, non-motorized carts for transporting and storing recreational and sports equipment and sports balls, and parts and fittings therefor; trolleys for the transportation of machines, namely, tool trolleys, roll cage trolleys, and two-wheeled trolleys, and parts and fittings therefor; tubeless tyres for bicycles, and parts and fittings therefor; tyres, and parts and fittings therefor; unmanned aerial vehicles(UAVs), and parts and fittings therefor; unmanned ground vehicles [UGVs], and parts and fittings therefor; unmanned underwater vehicles, and parts and fittings therefor; vehicle windshield cleaning apparatus [parts of the vehicle], and parts and fittings therefor; water vessels, namely, water bicycles, water scooters, personal watercraft, small jet-propelled watercraft, and parts and fittings therefor; wheels for motorcycles; wheelbarrow conversion kits for converting wheelbarrows used for hay into garden carts, and parts and fittings therefor; wheelbarrow conversion kits for converting wheelbarrows into yard carts for carrying firewood, and parts and fittings therefor; wheelbarrow conversion kits for converting wheelbarrows into yard carts for carrying and dumping snow, and parts and fittings therefor

Class 09

(1) Computer hardware with embedded bi-directional software used to monitor, transmit, record, and analyse user data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response; downloadable mobile application software used to monitor, transmit, record, and analyse user data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response, via the Internet in the field of designing, developing and producing wearable technology, namely wearable activity trackers and wearable health monitors.

Class 10

(2) Knee braces and compression garments for athletic and other non-medical use, namely, arm sleeves, elbow sleeves, and leg sleeves, all with sensors that measure and derive body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure and that actuate to adjust in response.

Class 18

(3) Fitted protective covers for backpacks with sensors that can measure and derive pressure, body temperature, movement, posture, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response.

Class 24

(4) Covers and upholstery for surfaces, namely, bed sheets, pillow covers, mattress covers, unfitted fabric furniture covers, unfitted seat coverings of textile, office chair coverings, and desk coverings with sensors that can measure and derive pressure, body temperature, movement,

posture, vital signs such as heart rate and breathing, and that measure environment such as weather, precipitation, sun intensity, pollution and noise, and that actuate to adjust in response

Class 25

(5) Clothing, namely, t-shirts, shirts, tank tops, pants, leggings, shorts, underwear, bras, swimwear, socks, bodysuits, tights, jackets, coats, vests, warm-up suits, skirts, dresses and ponchos, all with sensors that can measure and derive body temperature, hydration, movement, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment and that actuate to adjust in response; headwear, namely, hooded sweatshirts, headbands, and balaclavas, all with sensors that measure and derive body temperature, hydration, movement, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment and that actuate to adjust in response; footwear, namely, shoes and insoles, all with sensors that measure and derive body temperature, hydration, movement and gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment; clothing accessories, namely, belts, scarves, shawls, arm warmers, leg warmers, mittens, and gloves, all with sensors that measure and derive body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation, vital signs such as heart rate and breathing, and that measure environment namely weather, precipitation, sun intensity, and that actuate to adjust in response.

Services

Class 38

(1) Electronic transmission and retrieval of body data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response, over a global computer network in the field of designing, developing and producing wearable technology, namely wearable activity trackers and wearable health monitors.

Class 42

(2) Providing software as a service to monitor, transmit, record, and analyse body data, namely, body temperature, hydration, movement and muscles, gait analysis and steps taken, posture, oxygen saturation and vital signs such as heart rate and breathing, and environmental data, namely, weather, precipitation, sun intensity, pollution and noise, and to transmit instructions for actuation adjustments in response, via the Internet in the field of designing, developing and producing wearable technology; Research and development of new products for others; research and development in the field of textiles; research and development in the field of wearable technology, namely wearable activity trackers and wearable health monitors.

Goods

Class 09

Electronic vehicle tracking apparatus in the nature of a system comprised primarily of computers, image sensors, video cameras, radar systems, laser and lidar systems, communications equipment being apparatus for transmission of communication in the form of onboard computers, and storage devices being blank flash drives and external computer hard drives; electronic navigational and positioning apparatus and instruments in the form of onboard computers, satellite navigation equipment, cameras, and motion sensors; electronic instruments, namely, computer hardware, motion sensors, proximity sensors, cameras, radars, lidars, and radio and GPS transmitters and receivers for detecting traffic in the fields of autonomous vehicles and connected vehicles; embedded automotive hardware and software for monitoring, providing and analyzing position, and predictive position, direction and time information for vehicles; advanced driver assistance systems in the fields of autonomous vehicles and connected vehicles, namely, hardware and downloadable, embedded software for vehicle to vehicle and vehicle to road way infrastructure communication hardware, comprised of sensors and downloadable, embedded software for sending communication signals to other vehicles or road way infrastructure in the fields of autonomous vehicles and connected vehicles sold as a control system in the nature of an onboard computer; wireless network devices, namely, radio and GPS transmitters, and receivers, routers, access point devices, gateway routers in the nature of computer control hardware, and small cells antennas for telecommunication networks in the fields of autonomous vehicles and connected vehicles; telecommunication and data networking hardware, namely, devices in the nature of computers, computer hardware, motion sensors, proximity sensors, cameras, radars, lidars, and radio and GPS transmitters and receivers for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols in the fields of autonomous vehicles and connected vehicles; networked sensing, controlling, routing, metering, and monitoring systems comprised of hardware, embedded software and device sensors to gather local environment information, vehicle and pedestrian traffic information, and utility information in the fields of autonomous vehicles and connected motor vehicles, busses, streetcars, commuter trains, delivery vehicles; downloadable cloud-computing software for

enabling computing devices with edge cloud server capabilities in the fields of autonomous vehicles and connected vehicles; downloadable software in the nature of a mobile application for enabling computing devices with edge cloud server capabilities in the fields of autonomous vehicles and connected vehicles.

Services

Class 39

(1) Transportation consulting services in the field of roadway infrastructure.

Class 42

(2) Development and testing of autonomous vehicles, and parts and software for autonomous vehicle technologies; research, development and design services relating to advanced driver assistance systems, namely, hardware and software for vehicle to vehicle and vehicle to road way infrastructure communication; road way and traffic engineering and design engineering services in the field of civil engineering; providing testing services and inspection services for quality control purposes for autonomous or semi-autonomous vehicles, roadway systems including sensor systems, computers, communications systems, storage systems, and road ways themselves in the field of road way and traffic engineering and consulting services in connection therewith; design and development of computer software and computer hardware for use with sensors, cameras, and telecommunications and edge cloud server capable apparatus and instruments, namely on board computers and software for controlling traffic signs, for road related infrastructure systems, for communication systems and for information for reporting data information from autonomous vehicles and connected vehicles; mobility and traffic planning services, namely, traffic planning services and providing computer services in the nature of temporary use of online non-downloadable computer software for use in roadway demand management, predicting traffic flow, generating travel routes, GPS navigation, tracking a particular route of travel and issuing and providing incentives to users to use a particular travel route, all for use in the reduction of traffic congestion; software as a service (SaaS) services featuring software for financial asset management; software as a service (SaaS) services featuring software for allowing applications and backend systems to transfer vehicle data in the field of autonomous vehicles and connected motor vehicles, busses, streetcars, commuter trains, delivery vehicles; software as a service (SaaS) services featuring software using artificial intelligence, machine learning, semantic models and analytics to detect and predict upcoming maintenance and repair of roadways and highways; providing temporary use of online non-downloadable cloud-computing software for enabling computing devices with edge cloud server capabilities; providing temporary use of online non-downloadable computer application software for enabling mobility as a service by providing access to a platform that coordinates mobility options in the fields of autonomous vehicles and connected vehicles; providing temporary use of online non-downloadable software for simulating digital models of physical road environments in the fields of autonomous vehicles and connected motor vehicles, busses, streetcars, commuter trains, delivery vehicles; providing temporary use of online non-downloadable software for manipulating a digital representation of the physical environment for use in relation to traffic and roadway conditions.

Goods

Class 09

Servers for computer networks; software for collecting, analyzing and processing information in real time for others in the fields of business process outsourcing, health services, namely health care, customer support, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing, namely business processes, content moderation for digital media and computer assistance features; software for creating, managing, updating and using searchable databases; software for providing access to an electronic messaging service; software for operating a data centre network; software for managing a data centre network; WAN (wide area network) operating software; network access server operating software; local area network (LAN) operating software; virtual private network (VPN) operating software; software for the provision of multiple-user access to a global computer information network; search engine software; computer software for collecting, analyzing and processing medical data, namely medical information related to patients, for use by medical professionals, by means of artificial intelligence and machine learning technology in the field of health care; downloadable and recorded software for use in organizing, transmitting, receiving, playing, storing and reviewing image and sound files; telecommunication

apparatus, namely fibre optic telecommunication apparatus, handsets for mobile telecommunications, changeover switches for telecommunication apparatus, electric capacitors for telecommunication apparatus, computer hardware for telecommunications, communication multiplexers, telecommunication switchboards; sound, image and data recording media in the nature of recording discs, blank compact discs; computers; modems, terminal connectors for telecommunication lines; computer database servers; electronic databases containing information related to business processes, health services, namely health care, on computer media, customer care, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing, business process outsourcing.

Services

Class 35

(1) Subscription to a radiopaging services; subscription to a telematic service for others, subscription to a database providing information relating to business process outsourcing, health services, namely health care, customer care, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing, business process outsourcing, health services, namely health care, content moderation for digital media and computer assistance features, subscription to a service provider for access to long-distance computer networks (WANs), local area networks (LANs), virtual private networks (VPNs), global computer information networks; computer file management; management and compilation of computer databases; dissemination of advertisements for others, dissemination of advertising copy and publications for others, promotion of the goods and services of others, advertising display for promoting the goods and services of others; promotional services for the goods and services of others; updating and maintenance of data in computer databases; creation and updating of advertising materials for others; distribution of samples for others; publishing and updating of advertising copy for others; conduct of online surveys; advertising services to promote public awareness of health issues; public relations; business management assistance services; business organization and management advice; management assistance services for commercial or industrial companies; business administration services in the field of health care; business organization and management advice for searching the Internet; business administration services in the fields of customer support, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing, business process outsourcing, health services, namely health care, content moderation for digital media and computer assistance features; business advice and expertise in the field of searching for information via an Internet search engine; business management and assistance; outsourcing services of customer relationship management and business processes for others; outsourcing services in the nature of arranging for the purchase of goods for others; customer relationship management services; outsourcing services in the field of customer relationship management; computerized management of medical records and files; secretarial services; outsourcing services in the field of business operations; outsourcing services in the nature of the negotiation of service contracts for others.

Class 36

(2) Insurance services; financial portfolio analysis services; financial securities exchange services; financial guarantee assessment services; financial risk assessment services; financial guarantee services; financial planning advisory services; financial asset protection advisory services; financial investment advisory services; financial custody services; credit and loan services; financial securities custody services; financial asset management services; financial risk management

services; financial management services; financial modelling services; financial research services; financial analysis; cheque cashing; accounts payable debiting services; credit recovery and collection services; financial management of payments for others; financial management of reimbursement payments for others; provision of the electronic transfer of funds via a computer network; capital investment services; investment of funds; collection of financial information for consulting purposes in the field of business services via a website and financial planning.

Class 37

(3) Installation, repair and maintenance of computers; installation, maintenance and repair of computer hardware.

Class 38

(4) Telecommunication services in the nature of the provision of access to a computer network via fibre optic networks; bundled telecommunication services enabling the use of cellular telephones, voice mail and call forwarding between wired and wireless services; cellular telephony services; mobile radiotelephony services; local telephony services; long-distance telephony services; wireless telephony services; Internet telephony services; transmission of digital files, namely digital animations defined by the user via a cellular telephony network; electronic transmission of data via a global computer network in the fields of customer support, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing, business process outsourcing, health services, namely health care, content moderation for digital media and computer assistance features; electronic mail and messaging services; operation of virtual chat rooms via text messaging; text messaging; virtual text messaging; voice mail; provision of electronic mail and instant messaging services; virtual chat rooms via text messaging; wired and wireless email services, paging services, wireless digital messaging services; email and fax transmission services; instant messaging services; provision of electronic messaging services; electronic mail forwarding services; electronic mail hosting services; mailbox and electronic mail services; secure electronic mail services; transmission of electronic mail; provision of multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; provision of multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; Internet broadcasting of financial information for educational purposes; provision of multi-user access to global information networks for the transfer and dissemination of information and files; provision of access to search engines; provision of access to Internet platforms; Internet service provider (ISP) services; provision of access to mobile Internet portals; provision of remote Internet access; provision of access to the Internet; provide virtual private network (VPN) services; rental of satellite transmission capacity; provision of access to a virtual data centre; provision of access to databases; provision of access to databases via telecommunication networks; provision of electronic data interchange (EDI) services; rental of access time to a computer database; email transmission of data and documents via computer terminals; electronic mail services; provision of access to a website offering users a secure remote access to private computer networks; rental of apparatus for the transmission of data, sound and images, namely rental of computer network equipment, rental of videoconferencing equipment, rental of smartphones, rental of modems, rental of fax machines, rental of telephones; rental of message transmission apparatus, namely rental of computer network equipment, rental of smartphones, rental of modems, rental of fax machines, rental of telephones; news and information agency, provision of information related to telecommunications via telephone, radio and the Internet; provision of advice and expertise in the field of transmission of a wide variety of data via the Internet; teleconferencing services; videoconferencing services; provision of access to online discussion forums.

Class 41

(5) Training in the fields of business process outsourcing, namely health care, customer care, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing, business process outsourcing, health services, content moderation for digital media and computer assistance features; coaching for educational purposes in the fields of customer support, customer relationship management, customer service, customer engagement, warranty and repair services, loyalty program management, legal services, payment processing.

Class 42

(6) Computer technology advisory services; development (design), installation, maintenance, updating or rental of software; research and development of new products for others; hosting and design of Internet sites; computer programming; design of online discussion forums; website management for others; data security services; design and development of computer software development tools in the field of artificial intelligence; provision of non-downloadable software for use as an artificial intelligence virtual assistant, namely chatbot software for simulating conversations and providing customer service; provision of non-downloadable software for recommending goods based on artificial intelligence; provision of non-downloadable computer software development tools in the field of artificial intelligence; technical support, namely technical aid and assistance in relation to computers; computer systems analysis services; computer systems design, cloud computing web hosting service; information technology advisory services, namely in the computer technology sector, via a website; design and development of Internet security programs; consultant services related to computer and Internet security; provision of information and data related to medical and scientific research in the field of pharmaceuticals; management, rental, development and updating of software, business and market software, computer platforms, Internet sites and portals, platforms as a service, databases for the exchange of information; electronic storage services for the archival of databases.

Class 44

(7) Telemedicine services; medical screening; medical assistance services via computer means, namely nursing assistance; emergency medical assistance; telemedicine services, namely referral of patients to a skilled health care professional who can meet their medical needs, advisory services for patients in the field of access to medical treatment services, conduct of medical evaluations for patient triage; provision of information, advisory and consulting services regarding health care and nutrition; provision of information and advice in the field of health, medical, dental, vision and pharmacy benefit plans; provision of information to patients and health care professionals in the field of general well-being.

Class 45

(8) Legal services; online social networking services; security assessment services relating to threats to individuals or their real estate and personal property.

Class 07

(1) Incubators for eggs; band saws machines; chemical fiber spinning machines; flour mills being machines; bead milling machines; felt milling machines; bread cutting machines; kneading machines; sausage making machines; peeling machines, namely, splint veneer peeling machines, food peeling machines for commercial use and food peeling machine for household use; cigarette making machines; sewing machines; ironing machines, namely ironing machines for commercial use, press ironing machines for clothing and ironing presses being machines for industrial purposes; press ironing machines for clothing; bicycle assembling machines; potters' wheels; packaging machines; blenders, electric, for food and drink preparation; coffee grinders, other than hand-operated; dish washing machines for household purposes; tin openers, electric; electrically-powered kitchen appliance for dicing, mincing, slicing and chopping food, kitchen machines, electric, for making whipped cream, kitchen machines, namely, electric standing mixers and whisks, electric, for household purposes; food processors, electric; dry-cleaning machines; extractors for mines; excavators; pneumatic jacks; electric hammers; steam engines; igniting magnetos for engines; sparking plugs for automobile engines; ignition coils for automobile engines; wind turbines; zipper making machines; tools being parts of machines, namely, knives being parts of machines, blades being parts of screening, crushing and conveying machines, broaches being machine tools and chasers being machine tools; static electricity eliminators; machines for making oxygen and nitrogen, namely, oxygen generator plants for the aquaculture industry and aquarium oxygen generators; dynamos; engines, other than for land vehicles, namely airplane engines and boat engines; radiators for automobile engines; cooling water tanks for automobile engines; cooling water tanks for automobile engines; cooling fans for automobile engines; cooling fan housings for automobile engines; catalytic converter units for vehicle exhausts; exhaust gas recirculation (EGR) valves for motors and engines; mufflers for automobile engines; intake/expel pipes of mufflers for automobile engines; resonators of exhaust systems for automobile engines; pistons for automobile engines; automobile engine cylinders; air filters for automobile engines;

automobile engine cylinder blocks; oil pumps for automobiles; water pumps for automobiles; compressed air machines, namely, compressed air dryers for vehicle engines and compressed air pumps; air suction machines, namely, suction filters as machine components and suction pumps; pneumatic cylinders being parts of machines, namely, pneumatic hoists, pneumatic jacks and pneumatic pumps; axles for machines; door openers, electric; window closers, electric; flywheels for automobile engines; crankshafts for automobile engines; electric welding machines; brushes for vacuum cleaners; suction nozzles for vacuum cleaners; electric washing machines; crushing machines, namely, waste crushing machines, recycling crushing units being machines and animal feed crushing machines; filtering machines for processing fruits, condensed milk, milk, water, wastewater, digested sludge, pulp, and chemicals; pneumatic pumps; dust exhausting installations for cleaning purposes, namely, dust collecting machines for chemical processing and cyclone dust collectors; machines and apparatus for cleaning, electric, namely, steam cleaning machines, floor cleaning machines and electric window cleaning machines; cordless vacuum cleaners; dust filters and bags for vacuum cleaners; aerating pumps for aquaria; mechanized livestock feeders; milking machines; shearing machines for animals; salt mills, other than handoperated; woodworking machines, namely, bending machines for woodworking, circular saws for woodworking, laser engraving machines for woodworking, robots and robotic arms for woodworking, sanding machines for woodworking and woodworking lathes; papermaking machines; machines for the manufacture of paper diapers; printing cylinders; tobacco processing machines; cord making machines; enamel making machines; light bulb making machines; bottle sealing machines; briquette making machines; glass-working machines, namely, glass bottle making machines, glass cutting machines and glass polishing machines; fertilizer manufacturing machines; electromechanical machines for chemical industry, namely, blending machines for chemical processing, calcining machines for chemical processing, chemical fiber spinning machines, dissolving machines for chemical processing, emulsifying machines for chemical processing, filtering machines for chemical processing and granulating machines for chemical processing; column drilling machines; rolling mill cylinders; drilling rigs, floating or non-floating; elevators [lifts]; scale collectors for machine boilers; hydraulic turbines; paper clip making machines; zipper making machines; electric wire and cable manufacturing machines; machines for the electronic industry, namely, semiconductor manufacturing machines, electrostatic generators and 'memory chip manufacturing machines and etching apparatus for use in manufacturing display panels; optical lens manufacturing machine; painting machines; compressors for refrigerators; adhesive bands for pulleys; sifting installations, namely, paper pulp sifting machines and sifting machines for the separation of wet and dry materials; curtain drawing devices, electrically operated; drums being parts of machines, namely hoisting drums, washing machine drums and milling drums; 3d printers; shoe polishers, electric; racket stringing machines; vending machines; connectors for aviation fuelling vehicles; liquid tanks being parts of machines; labellers, machines, namely, label guns and industrial label printing machines; 3d printing pens; electroplating machines; harvesting machines, namely, timber harvesting machinery and combine harvesters; brick tea pressing machines; whitewashing machines, namely computer numerical control [CNC] machine tools for whitewashing machines and painting machines; scissors, electric; Agricultural machines, namely, cultivators, harvestors, disk harrows and seeders; disintegrators for chemical processing; industrial inkjet, thermal and laser label printing machines; printing presses; darning machines; dyeing machines, namely, textile dyeing machines, dyeing machines for smartphones, headphones, watches bracelets, computers, headphones, speakers, keyboards, computer mouse, game controller and dyeing machines for automotive body; tea manufacturing machines; juice extractors, electric; electric juicers; mixers being kitchen machines; food preparation machines, electromechanical, namely, machines for packaging food, food preparation machines, namely, food mixing machines for household use, food mixing machines for commercial use, meat mincers,

electric, food chopping machines for commercial use, food chopping machines for commercial use, meat processing machines and coffee extracting machines; beverage preparation machines, electromechanical, namely, machines for making aerated beverages, electric, beverage preparation machines, electromechanical, namely, electric blenders for the preparation of drinks and beverage preparation machines, electromechanical, namely, electric juicers; cigarette machines for industrial purposes; leather dressing machines; machines for the bicycle industry, namely, block chain making machines, rim making machines and fender making machines; machines for the ceramic industry including ceramic machines for the construction industry, namely, printing machines for use with ceramics and milling machines and grinding machines for the treatment of ceramics; engraving machines; machines for battery industry, namely, battery core pressing machines and battery cable rolling machines; electric vacuum food sealers for household purposes; dishwashers; laundry washing machines for household purposes; embossing printing machines; rinsing machines, namely, bottle rinsing machine and rinsing machines, namely, machines for geological, mining and ore exploration; cutters, machines, namely, electric plasma cutters, metal welding machines, namely, cutters, drilling rigs, floating or non-floating; elevating work platforms; metalworking machines; foundry machines, namely, cranes, conveyors, trimming presses, spotting presses, die casting machines; steam condensers being parts of machines; carburettors; needle making machines; clothes-button making machines; industrial robots, namely, industrial robots for processing and shaping wood, industrial robots for shaping metal, industrial robots for welding and industrial robots for working plastic material; screwdrivers, electric; electric hand-held drills; hand-held tools, other than hand-operated, namely, power operated hand tools for buffing and rasping, impact wrenches, pneumatic ratchet wrenches, electric ratchet wrenches, die grinders, air hammers, air drills, pneumatic shears, air sanders, impact screwdrivers, air body saws, air shears and electric nail guns; optical cold working machines; air brushes for applying colour, namely, air brushes for paint and air brushes for applying make-up; starter alternators; filters for cleaning cooling air, for engines; pumps as parts of machines, motors and engines; valves being parts of machines; aerocondensers; hydraulic couplers; belts for machines; water heaters being parts of machines; bearing being parts of machines not for land vehicles; bearings being parts of machines; gas-operated welding machines; robotic floor sweepers; floor scrubbing machines; electric steam mops; electric cordless sweepers; vacuum cleaners; steam cleaning machines; ice-resurfacing machines; rough rice separating machines; robotic exoskeleton suits, other than for medical purposes; refrigerated vending machines; automotive service equipment, namely, brake flushing machines; automatic tire removing and installing devices; candy vending machines.

Class 09

(2) Computers; bags adapted for laptops; computer software, recorded, namely, computer operating software for operating set-top boxes and digital video recorders and players, downloadable and recorded computer software for encryption of digital files, downloadable and recorded computer software for use in organizing, transmitting, receiving, playing, storing and reviewing audio, image, video files, recorded computer search engine software, recorded interactive computer software for managing, tracking and reporting business management performance metrics and downloadable computer software for operating smart home hubs for connecting, integrating and controlling networked consumer electronic devices, home devices and temperature controls via a wireless computer network; computer programs, downloadable, namely, computer software applications for the management and provision of customer relationship management, downloadable applications for handheld computers, tablet computers and mobile phones to enable the streaming of movies and television shows, downloadable computer application software for maintaining and updating computer games, downloadable computer

application software for use in tracking the location and maintenance history of shopping carts, downloadable computer software applications for social networking services and downloadable computer applications for buyers and sellers of goods and services to access an on-line marketplace; computer hardware; notebook computers; tablet computers; calculating machines; central processing unit (CPU) boards; central processing units; computer game software, recorded; computer memory devices, namely, blank flash memory cards, blank secure digital (SD) memory cards, digital camera memory cards and flash memory cards; interactive touch screen terminals; computer peripheral devices, namely, computer keyboards, computer printers, computer power suppliers, computer scanners, computer screens, computer speakers, computer stands, computer touchscreens, computer touchpads, computer mouse pads, computer disc drives and computer styluses; computers for use in data management; encoded identification bracelets, magnetic; telepresence robots; encoded magnetic cards, namely, encoded debit cards, encoded credit cards, encoded membership cards and encoded identity cards; readers, data processing equipment, namely, magnetically encoded card readers, smart card readers and barcode readers; scanners, data processing equipment, namely, barcode scanners, computer scanners and laser scanners; downloadable image files containing artworks, texts, graphics and photographs; downloadable music files; downloadable ring tones for mobile phones; electronic pens; visual display units, namely, flat panel display screens and display screen filters; electronic publications, downloadable, namely, electronic publications provided online via mobile devices in the field of social media, providing on-line electronic publications, downloadable, in the field of children's entertainment via the internet and electronic publications in the form of publishing of electronic newsletters; electronic pocket translators; smartglasses [data processing apparatus]; data storage devices being magnetic tapes; magnetic encoded credit cards; embedded SIM cards; computer monitors; mouse pads; computer mouse; humanoid robots with artificial intelligence; printers for use with computers; photo printers; ink cartridges, unfilled, for printers and photocopiers; pens with conductive point for touch screen devices; computer keyboards; ink jet printers; laptop sleeves; smartwatches [data processing apparatus]; LED displays; displays, namely, display monitors, displays for mobile phones, electronic touch screen displays, LED displays, liquid crystal displays for computers, microdisplays, namely, head mounted video displays and near eye video displays and organic light-emitting diode (OLED) displays; digital photograph printers; cases adapted for computers; recorded video game programs, computer operating recorded programs, computer game programs, computer operating programs, computer programming software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behavior analytics, computer programs featuring Proof of Attendance Protocols (POAPs) and non-fungible tokens (NFTs) used with blockchain technology featuring collectible digital items, images, photographs, art, videos and audio recordings, computer programs for connecting to remote computers and computer networks, computer programs for editing images, sound and video, computer programs for enterprise resource planning (ERP) in the field of supply chain management, computer programs for using the Internet and the World Wide Web and computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; encoded identity cards; microprocessors; computer monitors; blank optical discs; electronic tags for goods; blank smart cards; pocket calculators; USB flash drives; laptop computers; sleeves for laptops; protective films adapted for computer screens; security tokens [encryption devices]; covers for tablet computers; electronic interactive whiteboards; personal digital assistants [PDAs]; recorded or downloadable, computer software platforms for social networking, downloadable computer software platform for assisting programming developers to collaborate on digital computer programming code as used in multiple application programs, computer software platforms for providing access to non-fungible tokens, computer software platforms for hosting an electronic contact centre and computer software platform for developing,

integrating and managing Internet of Things (IoT) devices, namely, smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks for electric vehicles; computer game software, downloadable; stands adapted for laptops; downloadable e-wallets; biometric identity cards; smart rings [data processing apparatus]; electronic agendas; pedometers; counters, namely, lap-counting devices, namely, counters for use during sporting activities, geiger counters, revolution counters and thread counters; time recording apparatus, namely, stopwatch and punched card machines for offices; counterfeit coin detectors; credit card terminals; mechanisms for coin-operated apparatus, namely, coinoperated mechanisms for arcade games, coin-operated mechanisms for television sets and coin-operated mechanisms for vending machines; fingerprint scanners; facial recognition apparatus, namely, iris recognition security devices and optical character recognition apparatus; photocopiers; time clocks; bathroom scales; weighing apparatus and instruments, namely, electronic weighing scales for personal use and screw-thread measuring machines and instruments; scales with body mass analysers; personal weighing scales; body fat scale for household purposes; measures, namely, measuring transducers, coordinate-measuring machines and level measuring machines for surveying; magnetic compasses for measuring; measuring rulers; electronic notice boards; signal lanterns; stands adapted for mobile phones; smartphones; protective films adapted for smartphones; smartphones in the shape of a watch; cases for smartphones; mobile telephones; cell phone straps; hands-free kits for telephones; satellite navigation devices; intercommunication apparatus, namely, broadband radios and transponders; intercoms; navigational instruments, namely, global positioning satellite (GPS) systems, compasses, range and depth finders and map measurers; wearable activity trackers; wristmounted smartphones; telephone apparatus, namely, telephone cables, telephone connectors, telephone receivers, telephone headsets, telephone wires, cordless telephones and corded telephones; transmitters, telecommunication, namely, radio transmitters, satellite transmitters and telephone transmitters; video telephones; network routers; heat sink for cellular phones; computer routers; selfie sticks for mobile phones; monopods used to take photographs by positioning a smartphone or camera beyond the normal range of the arm; lan [local area network] computer cards for connecting portable computer devices to computer networks; computer software and applications for electric vehicle navigation; cell phone cases; branch boxes electricity, namely, junction boxes and distribution boxes for electrical power; protective films adapted for cellular phones; car navigation computers; car antennas; camcorders; security surveillance robots; rearview cameras for vehicles; blank compact discs; earphone; juke boxes, musical; loudspeakers; cabinets for loudspeakers; microphones; portable media players being radio players; audio- and video-receivers; sound recording in the form of tapes; personal headphones for use with sound transmitting systems; television apparatus, namely, television cameras, television monitors, television receivers, television transmitters, television converters and DMB (Digital Multimedia Broadcasting) televisions; organic light-emitting diode (OLED) televisions; video recorders; wearable video display monitors; virtual reality headsets; wireless headsets for smartphones; audio mixers; event recorders for security purposes; translation machine; electronic book readers; set-top boxes; liquid crystal displays for televisions; audio cable connectors, splitters and plugs; head-mounted video displays; cameras; laser projection television; educational software for children; talking pens; audio books; teaching electronic devices with artificial intelligence for education of marketing, branding, cloud computing, computer software training, personal growth in the field of selfawareness; wireless earphones; waterproof cases for camcorders; high definition televisions; digital sound processors; audio cable connectors, splitters and plugs; radio sets; web cameras; DMB [digital multimedia broadcasting] televisions; noise cancelling earphones; tape recorders; headphones; digital photo frames; baby monitors; electronic books; car speakers; car stereos; cameras [photography]; camera and camera accessory cases

and straps; video projectors; photographic filters; projection apparatus, namely, film projector and overhead projector; camera tripods; selfie sticks [hand-held monopods]; projectors, namely, photography projectors, liquid crystal display [LCD] projectors, video projectors, opaque projectors and picture projectors; laser light projectors; projection screens; multimedia projectors; projection screens for movie films; viewfinders, photographic; camera diaphragms; camera filters; tripods for cameras; flashlights [photography]; selfie lenses; bags to hold photography equipment; measuring apparatus, namely, laser measuring tapes, measuring bowls, measuring buckets, measuring cups, measuring tapes, scientific measuring instruments, namely, conductivity meters, screw-thread measuring instruments, tyre-pressure measurers, wire diameter measuring devices, measuring devices for air-conditioning technology and measuring devices, namely, fluorometers; telemeters; hygrometers; infrared sensors; automatic indicators of low pressure in vehicle tyres; tire-pressure measurers; speed meters; diagnostic apparatus, not for medical purposes, namely, diagnostic computer software for processing and reporting fuel cell current and voltage testing information for use in fuel cell test stations, diagnostic instrument composed of video and still image cameras and mirrors for use in the collection of vehicle condition and diagnostic data, downloadable applications for handheld computers for performing diagnostic analyses of telecommunications equipment and scanners for performing automotive diagnostics; tool measuring instruments, namely, tools for measuring the height of a tire and measuring and control devices for air-conditioning technology; pressure measuring apparatus, namely, pressure gauges and pressure meters; temperature indicators; laboratory robots; scientific measuring instruments, namely, conductivity meters; electrical inductors; space probes; optical apparatus and instruments, namely, optical apparatus for guiding projectiles and optical inspection microscopes; eyeglass lenses; microscopes; magnifying glasses [optics]; apparatus and instruments for astronomy, namely, parts and accessories for binoculars and monoculars, namely, straps, clips, eyepieces, lenses, smartphone camera adaptors, lenses for astrophotography, refractors, astronomical spectrographs, telescopes and zenith telescopes; telescopes; USB cables for cellphones; telephone wires; electricity main materials, namely, wires and cables; data cables; USB cables; audio connecting cables; electric adapter cables; electric wire harnesses for automobiles; semi-conductors; electronic control systems for automobile brakes; electrical conductors for electric motors; commutators; blank magnetic discs data storage devices being magnetic tapes magnetic encoded card readers; lightemitting diodes [LED]; power adapters for computers; switches, electric, namely, electromagnetic switches and electric current switches;; electric plugs; electric sockets; ac adaptors; motion sensors; temperature sensors; infrared sensors; humidity sensors; pressure sensors; proximity sensors; sensors for determining position; position sensors; motion sensors; motion sensors for security lights; waterlogging and leak sensor, namely water level sensors, digital liquid level sensors and humidity sensors; high speed charging plug for smartphones; wireless switches, namely, airbag deactivation wireless switches for automobiles, changeover wireless switches for telecommunication apparatus, electric power switches, wireless switch controllers for the distribution of filtered water through faucets, electrical power door lock wireless switches for motor vehicles and electronic motion sensitive wireless switches; light switches; smart tactile switches; touchscreen sensors; touch sensors, namely, projected capacitive touch sensors and touchscreen sensors; adapter plugs; alarm sensors, namely, burglar alarms, door alarms, electrical and electronic burglar alarms, baby alarms, fire alarms, gas leak alarms, personal alarms, smoke alarms, anti-intrusion alarms and theft alarms; sensors for determining temperature; biochip sensors; motion recognizing sensors; coils, electric; junction boxes [electricity]; electricity distribution consoles; connections for electric lines; electric connections, namely, electrical connection boxes and connecting electrical cables; parking sensors for vehicles; touch screens; remote control apparatus, namely, remote controls for air-conditioning apparatus, remote controls for digital media streaming devices namely, smart phones, smart TV, computers,

and tablet computers, remote controls for video players, namely, cd players, dvd players and mp4 players, remote controls for hearing aids and electronic key fobs being remote control apparatus; optical fibres [light conducting filaments]; lightning arresters; fire extinguishing apparatus for automobiles; industrial X-ray apparatus; protective helmets, namely, protective safety helmets for use on the job site and protective helmets for sports; protection devices for personal use against accidents, namely, clothing to protect from abrasion and impacts, asbestos gloves for protection against accidents, boots for protection against accidents, irradiation and fire, clothing for protection against accidents, irradiation and fire; dust protective masks; ski goggles; swimming goggles; swimming face masks; helmets for motorcyclists; goggles for scuba diving; ski glasses; snowboard helmets; underwater breathing apparatus; nose clips for swimming; protective clothing for wear by motorcyclists for protection against accident or injury; clothing for protection against accidents, irradiation and fire; anti-glare glasses; visors for helmets; snorkels; goggles, namely safety goggle and goggles for sports; anti-theft alarms, other than for vehicles; electric theft prevention installations, namely, theft alarms; biometric fingerprint door locks; peepholes [magnifying lenses] for doors; electric door bells; fire alarms; smoke detectors; water level indicators; digital door locks; electronic door locks; electronic access control systems for interlocking doors; spectacles; sunglasses; batteries, electric, namely, electric batteries for smartphones, electric batteries for vehicles and batteries, electric, used for electronics, such as computers, cellphones, earphones, watches and automobiles; wireless chargers, namely, automotive battery chargers, battery chargers for home video game machines, battery chargers for laptop computers, battery chargers for smartphones, battery chargers for tablet computers, chargers for general purpose batteries, solar-powered battery chargers and chargers for electric accumulators; USB chargers; battery chargers for mobile phones; mobile phone battery chargers for use in vehicles; batteries, electric, for vehicles; automobile batteries; accumulators for automobiles; sports whistles; carrying cases for mobile phones; protective films for mobile phone touch screens; equipment for communication network, namely, smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks for electric vehicles; wide area network [WAN] routers; computer network bridges; television cameras; blind spot cameras for cars; speed meters for use in photography; set-top boxes [digital signal receivers]; gas testing instruments, namely, gas leak alarms, gas meters and gas sensors; rods for water diviners; installations for measuring the temperature and humidity of gases and solids, namely, humidity sensors, gas sensors, exhaust gas temperature gauges and remote temperature sensors; distribution boxes for electrical power; electronic numeric displays, namely, electronic numeric blackboard and electronic advertising displays; electronic door locks; ethernet switches; electronic devices used to locate lost articles employing the global positioning system or cellular communication networks; electronically encoded identity wristbands; radar receivers with amplifiers; smart bracelets; radio-frequency identification (RFID) readers; keyboards for smartphones; smartphone screen magnifiers; transmitting and receiving apparatus for television broadcasting, namely, cables for transmitting and receiving cable television signals, computer hardware for accessing, transmitting and displaying audiovisual data between digital media streaming devices and televisions, cable television receivers and cable television transmitters; digital camera; digital cameras; mobile phone software applications, downloadable, namely, downloadable mobile phone ringtones, downloadable music files, downloadable image files containing artwork, text, audio, video, games and Internet Web links, mobile phone software applications, downloadable, for operating systems in mobile telephones and cell phones, Downloadable mobile phone software applications using artificial intelligence for home automation, Mobile phone software applications for route planning and driver assistance, for use on mobile phones, portable media players, handheld computers and in automobiles; computer operating programs for smartphones, earphones and watches; transparency projection apparatus; surveying

instruments; integrated circuit chips; electronic key fobs being remote control apparatus; video screens; 3D spectacles; downloadable animated cartoons; cell phones; radios; electric connections, namely, electric plugs and sockets; alarms, namely, alarms for the detection of inflammable gases and smoke detectors; battery chargers for mobile phones.

Class 11

(3) Lamps, namely, desk lamps, oil lamps, lanterns, bar lights, light bulbs, lightstrips, night lights, bedside lamps and ceiling lamps; lights for automobiles; lamps for directional signals for automobiles; anti-dazzle devices for vehicle headlamps; lanterns for lighting; electric lamps; electric torches; light bulbs; lights for vehicles; germicidal lamps for purifying air; ultraviolet ray lamps, not for medical purposes; curing lamps, not for medical purposes; flaming torches for patios; electrical rice cookers; kettles, electric; electromagnetic induction cookers for industrial purposes; electromagnetic induction cookers for household purposes; pressure cookers, electric; gas burners; microwave ovens [cooking apparatus]; autoclaves, electric, for cooking; roasting apparatus, namely, roasting jacks and roasting spits; air fryers; baking ovens for household purposes; electric egg boilers; electrically-heated mugs; food steamers, electric; steam oven; electric toasters [for household purposes]; coffee roasters; cooking utensils, electric, namely, cooking ovens for household purposes, cooking pots, electric, cooking ranges, electric cooking steamer, cooking grids and cooking grills; cooking stoves; bread toasters; kitchen ranges [ovens]; electric heaters for baby bottles; deep fryers, electric; bread-making machines; USB-powered cup heaters; soya milk making machines, electric; lava rocks for use in barbecue grills; refrigerators; refrigerating apparatus and machines, namely, electric refrigerators and gas refrigerators; ice machines and apparatus, namely, ice machines and ice dispensing machines; heating and cooling apparatus for dispensing hot and cold beverages, namely, beverage warmers, electric and beverage coolers, electric; ice-cream making machines; ventilation being air-conditioning installations for buildings; laundry dryers, electric; extractor hoods for kitchens; air purifying machines for household purposes; portable electric fans; air conditioners; humidifiers; fabric steamers; air purifiers for household purposes; electric heating fans; central air-conditioning installations for industrial purposes; central air-conditioning installations for household purposes; air filtering units for removing dust, smoke and allergens from the air; desiccating units for removing water from the air in dehumidification systems; dehumidifiers; preheaters for automobile engine; air conditioners for automobiles; air purifiers for automobiles; hair dryers; water heaters; heating apparatus and heating installations, namely, central heating radiators, flat heating elements and heat regulators being parts of heating installations; fog machines; faucet taps; automatic sprinkler apparatus for horticultural irrigation; automatic sprinkler apparatus for agricultural irrigation; heating radiators; sanitary apparatus and installations, namely, sanitary installations in the nature of ozone mixing chambers and sanitary installations in the nature of personal steam chambers; toilets [water-closets]; steam facial apparatus, namely, facial steamers and facial saunas;; hydromassage bath apparatus; electric hot air hand dryers; heaters for baths; heaters for baths; bath installations; water purifiers for household purposes; water purifiers for industrial purposes; electric hot water dispensers; filters for water purifiers; electric sterilizers for feeding bottles; disinfectant apparatus, namely, disinfectant dispensers for toilets, ultraviolet (UV) lamps for use in disinfecting surfaces and saturated steam cleaners being sterilizers for the disinfection of homes and offices; radiators, electric; pocket warmers; lighters, namely, candle lighter, gas lighter and grill lighter; coffee machines, electric; electrical coffee pots incorporating percolators; electro-chemical flue gas scrubbing machines; air sterilizers; air cleaning units; induction water heaters; electric kettles [for household purposes]; filters for air conditioning; filters for drinking water; fog machines for theater; polymerisation installations.

Class 12

(4) Electric cars; locomotives; remote control vehicles, other than toys, namely, underwater remotely operated vehicles [ROV]; rearview mirrors; driverless cars [autonomous cars]; self-driving cars; go-karts; automatic guided vehicles; propulsion mechanisms for land vehicles, namely, automobile engines; automobile hoods; automobile chains; automobile chassis; vehicle running boards; cars; motor cars; automobile bodies; bumpers for automobiles; shock absorbers for automobiles; air bags for automobiles; brake pads for automobiles; cigar lighters for automobiles; ashtrays for automobiles; lug nuts for vehicle wheels; clips adapted for fastening automobile parts to automobile bodies; automobile wheel hubs; warning horns for automobiles; air pumps for automobiles; safety seats for use in cars; automobile spare wheel holders; electric motors for motor cars; axles and cardan shaft for motor vehicles; wheel rims [for automobiles]; windscreen wipers [for automobiles]; clutch mechanisms for motor cars; safety seats for children for motor cars; automobile windshields [windcreens]; sun visors for automobiles; rearview mirrors for automobiles; direction signals for automobiles; doors for automobiles; spokes for automobiles; suspension springs for motor cars; petrol tank caps for motor cars; gearboxes for motor cars; mudguards for automobiles; wheel rims for automobiles; motor car seats; safety belts for vehicle seats; head rests for seats for motor cars; steering wheels for automobiles; anti-theft devices for motor cars; electric cars; torque converters for motor cars; automotive interior trim; motor car windows; automobile roof racks; automobile roof containers; luggage racks for motor cars; automobile dashboards; fuel tanks for vehicles; automobile engines; fitted vehicle covers for automobiles; automobile covers; steering wheel spinners for automobiles; steering wheel covers for automobiles; sunroofs for automobiles; automobile radiator grills; license plate frames for automobiles; brakes for automobiles; body panels for vehicles; push scooters [vehicles]; selfbalancing electric unicycles; bicycles; electric bicycles; self balancing electric scooters; self-balancing scooters; pumps for bicycle tyres; aerial conveyors; strollers; carts, namely, golf carts, yard carts, shopping carts and two-wheeled carts; wheelchairs; horse-drawn sleighs; tires for vehicle wheels; repair outfits for inner tubes; automobile tires; inner tubes for automobile tires; aeronautical apparatus, machines and appliances, namely, airplanes, blimps and helicopters; civilian drones; camera drones; delivery drones; boats; diving bells; safety seats for children, for vehicles; seat covers for vehicles; upholstery for vehicles; anti-theft devices for vehicles; side view mirrors for vehicles; windshield wipers; vehicle windows made of anti-glare glass; head-rests for vehicle seats; air pumps for motorcycles; electric scooters.

Services

Class 35

(1) Advertising, namely, advertising goods and services of others by promoting the availability of goods for delivery via a global computer network, pay per click advertising for others, advertising of goods and services of others via local and global computer networks, advertising for others through electronic display panels, advertising services provided via the internet, namely, promoting the goods of others by providing information regarding discounts and special offers for the goods of others, advertising by transmission of online publicity for third parties through electronic communications networks and advertising and business management consultancy provided on-line from computer database or internet; publicity, namely public relations and publicity agent; rental of advertising space; providing and rental of advertising space on the internet; advertising agency services; organization and conducting of product presentations; sales demonstration for others; promotion of goods and services through sponsorship of sports events, namely, developing promotional campaigns for business for others, developing promotional campaigns for others and promotion of goods and services of others through sponsorship of sports events; organization of exhibitions for advertising purposes for third parties in the field of consumer electronics, Internet of Things, artificial intelligence, smart travel, health, games; providing business information via a web

site and providing business information, namely, information concerning commercial business management, business information services in the field of stock prices, business management information services in the field of transportation logistics of art, collectibles, luxury goods and branded products, collecting, analyzing, processing and providing customer preference and product usage information to suppliers in the field of food tasting, groceries, recipes and cooking and commercial information and advice for consumers in the choice of products and services in the field of smart home products, smartphones, headphones, watches bracelets, computers, smart home and automotive; opinion polling; price comparison services; business research; public relations; advice and information concerning commercial and industrial business management; commercial information and advice for consumers, namely, providing commercial information and advice on the selection of smart home products, smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles, providing advice regarding the selection of polling and market research service providers, providing consumer product advice relating to laptops and providing consumer product advice relating to game software; commercial administration of the licensing of the goods and services of others; marketing, namely, providing business marketing information for others, providing marketing strategies for others and providing promotional marketing services to businesses in the telecommunications industry; import-export agency services; sales promotion for others, namely, promoting the goods and services of others via a global computer network and sales promotions for others by means of website information and public relations campaigns; auctioneering; provision of an online marketplace for buyers and sellers of goods and services; employment agency services; systemization of information into computer databases; arranging subscriptions of the online publications of others; accounting; rental of vending machines; rental of sales stands; wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; administration of consumer loyalty programs; sponsorship search.

Class 42

(2) Scientific research in the field of smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles; research and development of new products for others; technological research in the field of smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles; quality control in the field of smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles; product quality testing services for smartphones, earphones, watches and automobile; technical surveying; exploration services in the field of the oil, gas and mining industries; cosmetic research; chemical research; biological research in the field of smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles; weather forecasting; meteorological information; vehicle roadworthiness testing; industrial design; packaging design; design of telephones; design of mobile telephones; interior design; dress designing; computer software design; updating of computer software; maintenance of computer software; consultancy in the design and development of computer hardware; recovery of computer data; computer system analysis; computer system design; computer programming; updating of mobilephone software; mobilephone

software design; recovery of smartphone data; unlocking of mobile phones; software as a service [SaaS] for use in operating, managing, and controlling Internet of Things (IoT) electronic devices, namely smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles; software as a service [SaaS] for managing communications and data exchange among and between mobile devices and desktop computers; software as a service [SaaS] for the creation of mobile software applications; computer software development; hosting computer sites [web sites] in the field of smart home products, smartphones, headphones, watches bracelets, computers, smart home and automotive; platform as a service (PaaS) featuring software for use in operating, managing, and controlling Internet of Things (IoT) electronic devices, namely smartphones, headphones, smart watches, smart bracelets, computers such as desktop computers, laptops, smart home product such as smart lights, smart air conditioners, smart door locks and automotive product such as electric vehicles; platform as a service (PaaS) for managing communications and data exchange among and between mobile devices and desktop computers; platform as a service (PaaS) for the creation of mobile software applications; creating and maintaining web sites for others; cloud computing, namely, computer services, namely, integration of private and public cloud computing environments and computer services, namely, remote management for technical support of the cloud computing systems of others; electronic data storage for archiving corporate records; off-site data backup; server hosting; monitoring of computer systems by remote access; data encryption services; computer virus protection services; computer technology consultancy services; internet security consultancy; conversion of data or documents from physical to electronic media; providing search engines for the internet; authenticating works of art; graphic arts design; graphic design of promotional materials; weighing of vehicles; cartography services; cloud seeding; handwriting analysis [graphology]; business card design; rental of meters for the recording of energy consumption; computer network design for others; research and development of computer software; design of interior decor.

Services

Class 41

Admission consulting services, namely, consulting in the field of college admissions, specifically, college selection, completing admissions applications, and preparation for college admission interviews; Analyzing educational tests scores and data for others; Analyzing of educational test scores and data for others; arrangement of training courses in the field of quality management systems; Arranging and conducting educational competitions for students in the field of business; arranging and conducting educational congresses in the field of quality management systems; Arranging and conducting educational congresses in the field of quality management systems; Arranging and conducting nightclub entertainment events; Arranging of seminars in the field of quality management systems; Arranging professional workshop and training courses in the field of quality management systems; Arranging, conducting and organization of seminars in the field of quality management systems; Awards program for major corporations and individuals who have made significant charitable contributions; Boarding school education; Book and review publishing; Book loaning; Bookkeeping instruction; Braille transcription; Braille translation; Business education and training services, namely, developing customized in-company leadership and executive development programs, providing executive coaching services, and providing public and in-company keynote presentations to business leaders; Business education and training services, namely, developing customized leadership and executive development programs, providing executive coaching services, and providing business education programs to employees and executives; Business training workshops in quality management systems; Career coaching services in quality management systems; Charitable services, namely, academic mentoring of school age children; charitable services, namely, academic mentoring of legislators, policymakers, regulators, technical experts, scientists, members of top management, global professional liability insurers including corporate risk insurers, legal professionals, law enforcement, business persons, promoters, consultants, investors, and students in the field of quality management systems; College counseling services, namely, assisting students who struggle academically due to learning disabilities in finding colleges and universities and completing the application process; Computer education training; Computer education training services; Developing educational manuals for others in the field of quality management systems; Developing international student exchange

programs; Development and dissemination of printed educational materials of others in the field of quality management systems; Education services in the nature of courses at the university level; Education services in the nature of early childhood instruction; Education services, namely, a year-long urban teacher preparation program for emerging teachers; Education services, namely, one-on-one mentoring in the fields of quality management systems; Education services, namely, pre-kindergarten through 12th grade classroom instruction, vocational instruction, mentoring, tutoring, classes, seminars and workshops for individuals with an interest in quality management systems; Education services, namely, providing career re-training classes, seminars, workshops in the fields of quality management systems; Education services, namely, providing live and on-line classes, seminars, workshops in the field of quality management systems; Education services, namely, providing online cognitive assessments and training programs that help identify cognitive strengths and weaknesses of an individual; Education services, namely, providing pre-kindergarten through 12th grade classroom instruction at international schools; Education services, namely, providing tutorial sessions in the field of quality management systems; Educational and entertainment services, namely, a continuing program about quality management systems accessible by means of radio, television, satellite, audio, video, web-based applications, mobile phone applications, computer networks; Educational and entertainment services, namely, providing motivational and educational speakers; Educational counseling services to assist students in planning and preparing for further education; Educational programs, namely, pre-schools; Educational services in the nature of charter schools; Educational services in the nature of correspondence schools; Educational services in the nature of learning centers featuring instruction in the field of quality management systems; Educational services, namely, conducting classes, seminars, conferences, workshops, retreats, camps and field trips in the field of quality management systems and distribution of training material in connection therewith; Educational services, namely, conducting distance learning instruction at the secondary, college and graduate levels; Educational services, namely, conducting distance learning instruction at the university level; Educational services, namely, conducting on-line exhibitions and displays and interactive exhibits in the field of quality management systems; Educational services, namely, conducting seminars, lectures, teleseminars, teleclasses, and workshops in personal awareness; Educational services, namely, conducting classes, seminars, conferences, workshops in the field of quality management systems and distribution of course and educational materials in connection therewith; Educational services, namely, offering of assessments and surveys in the field of educator training and performance for the purpose of improving teaching procedures; Educational services, namely, professional coaching of teachers in the field of quality management systems; educational services, namely, providing incentives to legislators, policymakers, regulators, technical experts, scientists, members of top management, global professional liability insurers including corporate risk insurers, legal professionals, law enforcement, business persons, promoters, consultants, investors, and students to demonstrate excellence in the field of quality management systems through the issuance of awards; Educational services, namely, providing online courses of instruction at the secondary school, Vocational College, University, Doctoral, Post Doctoral Research level and distribution of course material in connection therewith; Educational services, namely, providing training of legislators, policymakers, regulators, technical experts, scientists, members of Top Management, global professional liability insurers including corporate risk insurers, legal professionals, law enforcement, business persons, promoters, consultants, investors, and students for certification in the field of quality management systems; Educational services, namely, providing web-based and classroom training for certification of teachers and continuing education for teachers and principals; educational services, namely, teacher training in the field of quality management systems provided on a real-time basis during classroom instruction; Lending of books and other publications; Lending of books and periodicals; Libraries; Money coaching services; Multimedia

publishing of books, magazines, journals and electronic publications; Museum services; Museums; Online electronic publishing of books and periodicals; Online electronic publishing of text and graphic works of others featuring information regarding securities market services and securities trading activity, information regarding publicly-traded companies and other financial and business information; Organisation of exhibitions for cultural or educational purposes; organization of seminars in the field of quality management systems; Organizing and conducting educational study groups in the field of quality management systems; organizing educational exhibitions in the field of quality management systems; Personal appearances by an actor as a spokesperson for entertainment and education purposes; Personal coaching services in the field of quality management systems; Personal trainer services; Professional coaching services in the field of quality management systems; Programming on a global computer network; Proofreading of manuscripts; Providing a computer game for use network-wide by network users; Providing educational services through a website featuring non-downloadable articles in quality management systems; Providing continuing business education courses; Providing courses of instruction in the field of quality management systems at the Secondary School, Vocational College, University, Doctoral, and Post Doctoral Research level for students, teachers, employees, professionals or executives; Providing group coaching and in-person learning forums in the field of leadership development; Providing group coaching in the field of quality management systems; Providing group training in the field of organizational effectiveness featuring team building activities; Providing information about online education; Providing information and news in the field of teaching methodology and education; Providing information in the field of education; Providing information in the field of education regarding healthcare; Providing information on-line relating to computer games and computer enhancements for games; Providing information on-line relating to educational opportunities; Providing information relating to education services; Providing information, news, and commentary in the field of current events via the Internet; Providing on-line non-downloadable electronic dictionaries; Providing online non-downloadable e-books in the field of quality management systems; Providing online non-downloadable journals in the field of quality management systems; Providing ratings and reviews of publications, namely, books, magazines, journals, scientific texts; Providing recognition and incentives by the way of awards and contests to demonstrate excellence in the field of conformity; Providing recognition and incentives by the way of awards to demonstrate excellence in the field of quality management systems; Publication of books; Publication of books, magazines, almanacs and journals; Publication of books, of magazines, of journals, of newspapers, of periodicals, of catalogs, of brochures; Publication of brochures; Publication of documents in the field of training, science, public law and social affairs; Publication of electronic magazines; Publication of electronic newspapers accessible via a global computer network; Publication of journals; Publication of magazines; Publication of manuals; Publication of online texts of interviews featuring lawmakers in the field of pending legislation for educational purposes; Publication of printed matter; Publication of text books; Publication of textbooks; Publication of texts, books, magazines and other printed matter; Publication of books, e-books, blogs; Publishing and issuing of scientific papers in the field of quality management systems; Publishing audio books in the field of quality management systems; Publishing books in the field of quality management systems; Publishing e-books in the field of quality management systems; Publishing of books and reviews; Publishing of books, e-books, audio books, music and illustrations; Publishing of electronic publications; Publishing of journals, books and handbooks in the field of medicine; Reference libraries of literature and documentary records; Rental of electronic books that may be downloaded from an Internet website; Speech writing for non-advertising purposes; Teaching and training in business, industry and information technology; Educational services, namely, training in the use and operation of classic computer systems, quantum computer systems, and hybrid computer systems with consultation relating thereto;

Translation services; Vocational education in the field of quality management systems; Vocational guidance; Writing of articles for journals other than for advertising or publicity; Writing of articles for periodicals other than for advertising or publicity; Writing of articles for professional journals other than for advertising or publicity

Standard Characters

Goods**Class 01**

(1) Proteins for use in the manufacture of food products; proteins for use in the manufacture of nutritional supplements; proteins for use in the manufacture of beverages; plant-based substances for use in the manufacture of food, beverages and animal food products, namely, fruit extracts, plant extracts, nut extracts, grain extracts, seed extracts, vegetable extracts, guar gum, tara gum and carob bean gum, botanical extracts for use in the manufacture of food, beverages, pharmaceuticals and nutritional supplements, all of the above in the form of flakes, liquid, flour and powder, as well as oils for the preservation of food; plant-based food additives for use in the manufacture of food, beverages and animal food products, namely, fruits, plants, nuts, grains, guar gum, tara gum, carob bean gum, botanical extracts for use in the manufacture of food, beverages, pharmaceuticals and nutritional supplements, corn starch, wheat starch, tapioca starch, guar gum, tara gum, carob bean gum, all in the form of flour and powder, and oils for the preservation of food; plant-based texturants as food additives for use in the manufacture of food, beverages and animal food products, namely, emulsifiers, hydrocolloids, polyols, lecithin, pectin, corn starch, wheat starch, tapioca starch, guar gum, tara gum, xanthan gum, carob bean gum; rheology modifying compositions being food additives, namely, hydrocolloids, emulsifiers and chemical substances for stabilizing foodstuffs, for use in the manufacture of food, beverages animal food products, and nutritional supplements for humans and animals, other than for medical use; chemical additives being binding agents in the form of flour and powder and oils for the preservation of food, consisting of plant-based products, namely, fruits, plants, nuts, grains, botanical extracts for use in the manufacture of food, beverages, pharmaceuticals and nutritional supplements, corn starch, wheat starch, tapioca starch, carob bean gum, guar gum, tara gum, all for use in the manufacture of food, beverages, and animal food products; hydrocolloids, namely, corn starch, wheat starch, tapioca starch, methyl cellulose, xanthan gum, carrageenan, gum tragacanth, guar gum, alginates, gellan gum, pectin, tara gum, carob bean gum, locust bean gum, lecithin, in the form of flakes, liquid, flour and powder, all for use in the manufacture of food, beverages and animal food products and nutritional supplements; xanthan gum for the food industry; pectin for the food industry; sorbitol for use in the manufacture of food; guar gum for use in the manufacture of foods;

emulsifiers, namely, emulsifiers for use in the manufacture of foods, emulsifiers for use in the feed processing industries; polyols for use as additives in the food, beverage and animal food industry, as well as in the nutritional supplement industry; methyl cellulose for the food industry; starch for the food industry, namely, corn starch, wheat starch, tapioca starch; preparations for use in the manufacture of food, beverages and animal food products, other than for medical or veterinary use, namely, preparations containing vitamins, minerals, starch, namely, corn starch, wheat starch, tapioca starch, plant-based proteins and other nutrients, namely, carbohydrates, saturated and unsaturated fatty acids, trace elements, calcium, sodium, potassium, magnesium, phosphorus, sulphur, soluble fiber, insoluble fiber and dietary fiber; preparations for use in the manufacture of dietary supplements for humans and animals, other than for medical or veterinary use, namely preparations containing proteins, vitamins, minerals and other nutrients, namely, carbohydrates, saturated and unsaturated fatty acids, trace elements, calcium, sodium, potassium, magnesium, phosphorus, sulphur, soluble fiber, insoluble fiber and dietary fiber; plant-based rheology modifying compositions for medical use, namely, xanthan gum, gellan gum, curdlan, guar gum, tara gum, tamarind seed gum, konjac gum, psyllium husk powder, pectin, citrus fiber, carrageenan, gum ghatti, soluble soybean polysaccharides, soy protein, pea protein, pea flour, maltodextrin, sorbitol, soy lecithin; plant-based rheology modifying compositions for use in the manufacture of dietary supplements for humans and animals, namely, xanthan gum, gellan gum, curdlan, guar gum, tara gum, tamarind seed gum, konjac gum, psyllium husk powder, pectin, citrus fiber, carrageenan, gum ghatti, soluble soybean polysaccharides, soy protein, pea protein, pea flour, maltodextrin, sorbitol, soy lecithin; proteins from grains, cereals, rice and tapioca for use in food and beverages and for culinary purposes; plant-based proteins and nutrients, namely, proteins for use in the manufacture of animal food, vitamins, minerals, carbohydrates used as an ingredient in the manufacture of animal food, saturated and unsaturated fatty acids, trace elements, calcium, sodium, potassium, magnesium, phosphorus, sulphur, soluble fiber, insoluble fiber and dietary fiber, for use in animal food.

Class 05

(2) Food additives based on plant extracts for use in nutritional supplements for humans and animals; Food additives based on plant extracts for medical use and for clinical nutrition; dietary fibers for use as ingredients for the manufacture of nutritional supplements; dietary fibers for use in the manufacture of food or beverages and for use as food additives; dietary fibers to aid digestion.

Class 29

(3) Oils for food, namely, vegetable oils and fats for food, olive oil for food, soy bean oil for food, rapeseed oil for food, sesame oil for food, sunflower oil for food, canola oil for food, palm oil for food, hardened oils for food; formed textured vegetable proteins for use as meat substitutes; textured vegetable proteins for use as extenders; unformed textured vegetable proteins for use as meat substitutes; dairy substitutes; processed vegetables, namely, preserved vegetables, vegetable extracts for culinary purposes, canned vegetables, frozen vegetables, dried vegetables, vacuum-packed vegetables, cut vegetables, steamed vegetables, grilled vegetables, processed fungi, processed beans, processed pulses, processed nuts, processed seeds, namely, sunflower seeds, sesame seeds, plantain seeds, hemp seeds, chia seeds, pumpkin seeds, soy seeds, watermelon seeds, flax seeds, and mixtures of these goods being ingredients for the manufacture of plant-based dairy substitutes, all in the nature of concentrates, isolates, in the nature of powder, in the nature of chips, in textured form, in the nature of fine flour, grains, coarse flour and in dehydrated form; meat substitutes; processed vegetables, namely, preserved vegetables, vegetable extracts for culinary purposes, canned vegetables, frozen vegetables, dried vegetables, vacuum-packed vegetables, cut vegetables, steamed vegetables, grilled vegetables, processed fungi, processed beans, processed pulses, processed nuts, processed seeds, namely, sunflower

seeds, sesame seeds, plantain seeds, hemp seeds, chia seeds, pumpkin seeds, soy seeds, watermelon seeds, flax seeds, and mixtures of these goods being ingredients for the manufacture of plant-based meat substitutes, all in the nature of concentrates, isolates, in the nature of powder, in the nature of chips, in textured form, in the nature of fine flour, grains, coarse flour and in dehydrated form; processed vegetables, namely, canned vegetables, frozen vegetables, dried vegetables, vacuum-packed vegetables, cut vegetables, steamed vegetables, grilled vegetables, processed fungi, processed beans, processed pulses, processed nuts, processed seeds, namely, sunflower seeds, sesame seeds, plantain seeds, hemp seeds, chia seeds, pumpkin seeds, soy seeds, watermelon seeds, flax seeds and mixtures of these goods, all in the nature of concentrates, isolates, in the nature of powder, in the nature of chips, in textured form, in the nature of fine flour, grains, coarse flour and in dehydrated form, for use as ingredients in food products; namely, vegetable-based meal replacement bars, egg substitutes, margarine substitutes, butter substitutes; vegetable-based texturants for culinary purposes, namely, textured vegetable protein, lyophilized vegetables, vegetable concentrates for culinary purposes, vegetable extracts for culinary purposes, vegetable jellies; lecithin for culinary use; psyllium for use as additive in the food and beverage and animal food industries as well as in the nutritional supplement industry; pectin for culinary use, psyllium for culinary use.

Class 30

(4) Processed cereal seeds and processed cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, and processed tapioca; processed cereal grains and processed cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, and processed tapioca for use as food or beverage ingredients; processed, flaked, powdered or textured cereal grains and cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, and tapioca, for use in meat substitutes and as meat extenders; processed, flaked, powdered or textured cereal grains and cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, and tapioca for use in dairy substitutes; gluten additives for culinary purposes; gluten for use as a food ingredient; processed cereal grains and processed cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, processed tapioca used as texturants in foods or beverages; processed cereal grains and processed cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, processed tapioca and mixtures of these products for use as food ingredients; processed cereal grains and processed cereals, namely, processed wheat, processed barley, processed buckwheat, processed khorasan wheat, processed maize, processed oats, processed millet, processed amaranth grains, processed quinoa, processed sorghum, processed rye, processed rice, processed tapioca and mixtures of these products for use as meat and dairy substitutes; maltodextrins for nutritional use; guar gum for culinary use; starch for food; tara gum for culinary use.

Class 31

(5) Fortified food substances for animals, namely, plant-based protein enriched foodstuff for animal consumption, vitamin-enriched foodstuffs for animal consumption, mineral-enriched foodstuffs for animal consumption; additives for animal food for non-medical use as well as mixtures of food for animals; fodder and food for animals, namely, feed for livestock, poultry feed, foodstuffs for pets, fish food;

Services

Class 42

Product design and development, namely, development of foodstuff, beverages, animal food and nutritional supplements; custom design and development of food formulation compounds for use in the food industry, namely, plant-based formulations consisting of texturants, flavors, food colors, protein solutions, nutrients, dietary fiber, premixes for meat substitute products, as well as essences for making non-alcoholic beverages, essential oils for food flavorings, dairy substitutes, seafood substitutes, meat substitutes, cream and cheese substitutes, all for use in the food and beverage industry as well as in the animal food industry and in nutritional supplements.

Authorisation For Use

Consent from Charlton Kenneth Jeffrey Howard is of record.

Goods

Class 09

(1) Compact discs featuring music; downloadable music files; downloadable video recordings featuring music and live musical performances; pre-recorded DVDs featuring music and live musical performances; prerecorded vinyl records containing musical sound recordings; pre-recorded CDs featuring musical sound recordings; pre-recorded audio cassettes featuring musical sound recordings; downloadable MP3 files and MP3 recordings featuring music; phonograph records featuring music

Class 25

(2) Headwear, namely, hats, caps, cap visors, sun visors, headbands, beanies, toques; shirts; sweatshirts; t-shirts; hoodies; knit face masks being headwear

Services

Class 41

Music video production; film and video production; production of sound and music video recordings; entertainment in the nature of a live musical performances provided by a musical performer; entertainment services in the nature of live visual and audio performances by a musical artist; entertainment services, namely, live music concerts; entertainment in the nature of live musical performances by a musical entertainer provided during traveling concert tours; entertainment services, namely, personal appearances by a musician and musical entertainer; entertainment services, namely, live and televised appearances by a musical artist and musical professional entertainer; entertainment services, namely, providing non-downloadable musical performance videos and musical videos via a web site; entertainment services, namely, providing non-downloadable prerecorded music, all online via a global computer network; entertainment services, namely, providing non-downloadable pre-recorded music video and video clips to mobile devices via a global computer network and mobile wireless networks

Goods

Class 09

(1) Signalling apparatus and instruments, namely smart water meters for the measurement and management of water consumption, electrical relays and transformers, over-voltage protection relays, electrical overload relays, thermal overload relays, rotating signalling lights in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; luminous or mechanical signalling, namely signalling lights; luminous safety or signalling beacons; control apparatus and instruments, namely electrical distribution and control cabinets equipped with energy consumption monitoring systems, control units for water usage monitoring and water conservation, control units for use in the programming and operation of irrigation systems, particle counters for measuring water quality, water activity meters, electrical voltage monitoring modules, voltage surge regulators, lighting system regulators, voltage

regulators, industrial programmable logic controllers (PLCs) for the management and control of electrical equipment, heat regulators, electronic controllers for HVAC systems, smart thermostats for the automatic control of heating and air conditioning, electromechanical controls for thermostats, actuators for control valves and flaps in HVAC systems, particle counters for measuring air quality, electric light switches, lighting control panels, electronic control system for lighting systems, electronic control apparatus for LED lamps and light fixtures, lighting controls, light switches and electric light dimmers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; electric and electronic monitoring and remote monitoring apparatus, namely electrical network analyzers, electric and electronic video surveillance installations, bidirectional meters for electricity monitoring, smart meters for the precise measurement of electricity consumption, direct electrical current and alternating electrical current monitoring modules, wireless controllers for remotely monitoring and controlling the operation and status of air purification units, wireless controllers for remotely monitoring and controlling the operation and status of computers, wireless controllers for remotely monitoring and controlling the operation and status of security systems, electronic devices which detect the presence of occupants and control the lighting system accordingly, water level sensors for monitoring the flow of water in pipes, electrical current sensors for measuring the electrical load on lines, optical sensors, light sensors for adjusting the intensity of lighting based on natural daylight, electronic temperature and humidity sensors for regulating environmental conditions, pressure sensors, vibration, temperature and humidity sensors for detecting anomalies and preventing breakdowns, in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; alarm instruments, namely temperature alarms, smoke alarms, alarm control panels, sump alarms responsive to rising water levels in a sump; electric installations for the remote control of industrial operations in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, namely radio transmitters for remote controls, electricity distribution boxes, devices for controlling electric current, remote circuit breaker controls, wireless controllers for remotely monitoring and controlling the operation and status of security systems, lighting control panels, wireless remote temperature and humidity monitors for building maintenance, electronic control circuits for electric fans and heating devices, electrical controls for heating, ventilation and air conditioning systems, programmable logic controls, touch display and control screens; measuring apparatus and instruments in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, namely multimeters for measuring electrical voltage, high-pressure gauges, water activity meters, energy meters for tracking and controlling energy consumption, heating meters; apparatus for recording and transmitting data, namely data loggers, radio receivers and transmitters in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; information processing apparatus and computers, namely computer routers, Ethernet switches, decoders and receivers for cable and satellite transmission in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; software and/or software packages, namely software for connecting and integrating computer systems and software applications of others, downloadable connectivity software for the secure operation and integration of networked business computer applications of others hosted on cloud virtual servers, computer software for connecting computers and for enabling cloud computing, software for running development programs and application programs in a common development environment, lighting control software for commercial and industrial facilities, downloadable software for the home automation of electric control systems for lighting, software for monitoring electrical power, software for monitoring electrical energy distribution units, information security software for network traffic analysis and network security management systems, downloadable software used

for computer system analysis and optimization, embedded software for the monitoring, control and energy optimization of electric motors in industrial machines, sold as a component of electronic controllers of motors, software for cloud infrastructure management and automation, downloadable software for detecting and reporting water leaks, downloadable software for water usage measuring and monitoring and water conservation, software for monitoring air quality in an indoor environment, software for the remote control and monitoring of home devices, facilities management software for controlling and monetizing the building environment, access and security systems, software and software packages for monitoring energy consumption, analyzing equipment performance and reducing operating costs, software and software packages for planning and managing the preventive and corrective maintenance of equipment, software and software packages for managing incidents, identifying equipment anomalies, software and software enabling interoperability between different equipment in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; signal processors; downloadable computer programs, namely computer programs for connecting to remote computers and computer networks, programs enabling users to monitor energy consumption, analyze data performance of equipment and take action for optimizing the efficiency of water networks, electrical networks, heating systems, ventilation, air conditioning and public lighting; recorded operating system programs for computers; heat, thermal, light detectors, voltage detectors, motion detectors; heat, water level, pollutant, pressure, temperature, light, position sensors, infrared sensors, optical sensors; analysis apparatus, other than for medical use, namely water leak detectors, spectrum analyzers, network analyzers, logic analyzers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; electric control apparatus, namely electric lighting control systems, electric control panels; diagnostic apparatus, namely computer monitors, temperature monitors for industrial use, electronic devices for measuring the energy efficiency of public lighting systems, air quality analyzers for assessing of pollutant and carbon dioxide levels, analyzers of chemical compounds in drinking water, brightness analyzers for optimizing lighting based on environmental conditions, equipment anomaly and breakdown analyzers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; water level indicators; automatic alarms for electrical energy loss; clinometers; quantity indicators, namely level indicators, temperature indicators, flow meters; vacuum gauges; electric measuring apparatus, namely meters for measuring values of electrical parameters, meters for measuring electric current; measuring instruments, namely joint meters being measuring instruments, conductivity meters, anemometers, spectrophotometers, oscilloscopes, wattmeters, thermo-hygrometers, pressure gauges, light meters, photometers, colorimeters; audio and video receivers; audio and video transmitters; transmitters, namely pressure, temperature transmitters, radio transmitters for remote controls, long range transmitters, global positioning system (GPS) transmitters; electronic signal transmitters, namely radio frequency transmitters, remote control transmitters, global positioning system transmitters, signal amplifiers, satellite transmitters; apparatus for transmitting data, namely radio transmitters, parabolic antennas for satellite transmission, cable and satellite decoders and receivers; computer servers; electricity distribution boxes; power transformers; semiconductors; printed circuits; electronic printed circuit cards; integrated circuits; plotting devices, namely electronic, computer and digital plotters; communication devices, namely network gateways, Internet of Things (IoT) gateways for connecting connected objects and the Internet, computer network hubs, near field communication [NFC] antennas, radio frequency antennas, global navigation satellite system (GNSS) antennas, global systems for mobile communication (GSM), 3G, 4G and 5G communication modules, low-speed and long-range radio communication modules, low-frequency and long-range communication modules (NB-IoT) in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and

public lighting; modems; network routers; alarm monitoring systems consisting of alarm control panels and software for managing alarm control panels and verifying the integrity of alarm systems; databases, namely electronic databases containing information in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; software and applications for mobile devices, namely mobile application enabling users to access and manage water networks, electrical networks, heating, ventilation, air conditioning and public lighting; electric and electronic apparatus and instruments for the management and control of water networks and energy networks, namely energy meters for tracking and controlling energy consumption, energy converters, water leak detectors, electronic water control devices, namely control units for water usage monitoring and water conservation; level indicators; devices for receiving and transmitting alert signals, namely signal processors, emergency signal transmitters in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; security alert apparatus, namely fire alarms, motion sensors for security lights, security surveillance robots; data encryption apparatus, namely smart cards incorporating a microprocessor used for the secure storage of keys and execution cryptographic transactions, hard drives incorporating encryption hardware to automatically secure stored data, electronic encryption units; data processing apparatus, namely signal processors, graphics processing units [GPU], graphics cards, integrated circuits, computer servers, Internet servers, on-board computers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; data exchange devices, namely computer network switches, local area network [LAN] access points, Ethernet repeaters, radio frequency repeaters, wireless network repeaters, computer network bridges in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; media containing data, namely USB keys, hard drives, data storage devices being discs, electronic database containing information in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, recorded on computer media; information storage apparatus, namely computer storage area network (SAN) servers; computer memory hardware, namely computer memory cards, memory expansion boards; numerical control apparatus, namely electric lighting control systems, connected sensors and detectors for measuring and managing the temperature, pressure, water flow, electricity consumption of valves, pumps, compressors and lighting in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; lighting control apparatus, namely electric lighting control systems; control panels for security alarms; temperature controllers and regulators, namely thermostats, thermocouples, infrared thermometers; liquid level controllers and regulators, namely liquid level sensors, liquid level indicators, automatic electronic control valves for regulating the flow of liquids, ultrasonic sensors and detectors, ultrasonic level transmitters; pressure controllers and regulators, namely pressure meters; computing devices, namely electronic calculators; LED display screens, liquid crystal display screens, flat panel display screens; protective housings specifically adapted for electronic control and monitoring apparatus and instruments, namely power distribution boxes, electrical connector boxes; computer apparatus for automatically transmitting consumption data for water and electricity meters, namely smart water and electricity meters for measuring water and electricity consumption; temperature readers, namely temperature data loggers; hydraulic pressure accumulators; computer hardware; lighting regulators; electrical current switches; ballast for lighting apparatus; apparatus and instruments for conducting and switching electricity, namely electricity distribution boxes, electrical distribution panels, electrical power distribution units, electrical relays; apparatus and instruments for controlling electricity, namely electrical charge controllers; electricity transformation apparatus and instruments, namely electrical transformers; apparatus and instruments for accumulating and storing electricity, namely accumulators being

electrical storage batteries; electricity regulating apparatus and instruments, namely voltage regulators for electrical energy; voltage boosters; electric collectors; balancing devices, namely automatic valves, automatic electronic control valves for regulating the flow of gases and liquids, dual amplifier compensators, differential switches; junction boxes; electrical cables and wires; cut-out switches; electrical coils; battery terminals; electricity meters; electrical junction boxes; step-down voltage transformers; voltage detectors; voltage limiters; voltage monitoring units; voltage regulators; voltage stabilizers; lighting control panels; electrical repeaters; power supplies for electronic lighting apparatus; electric supply apparatus, namely AC and DC power supplies, electric accumulators, battery terminals, AC inverters, current pulse generators; connection terminals, namely multi-outlet socket blocks; surge protectors; voltage surge suppressors; voltage surge regulators; voltage surge protection relays; circuit breakers; electrical fuses; junction boxes for connecting electrical cables; electrical socket boxes; covers for electrical sockets; electrical sockets; USB terminals, namely USB dongles being wireless network adapters; electrical connectors; luminous markers for identifying electrical cables; spirit levels; electrical relays; anti-theft devices, namely burglar alarms; electric anti-theft installations; audio interfaces, namely sound cards, microphones, sound mixers, audio recorders; video interfaces, namely video display units, electronic touch screen displays, computer screens; computer interfaces, namely graphics card, touch screens; direction beacons; receivers for direction beacon signals; meteorological instruments; electrical and electronic components, namely front-end modules; electronic components of integrated circuits; sound cards; voice-activated devices, namely hands-free microphones for cellular telephones; earphones, namely wireless speakers, loudspeakers; apparatus for reproducing sound, namely wireless speakers, loudspeakers; apparatus for transmitting sound, namely personal headphones for use with sound transmitting systems.

Class 11

(2) Road lighting installations, namely smart public lighting, adaptive lights, motion sensitive security lights; lighting equipment, namely downlights, floor lights; lighting projection devices, namely lighting projectors; lamp reflectors and vehicle reflectors; anti-reflection devices for vehicle headlights; turn signal light bulbs for vehicles; lighting apparatus and installations, namely lighting poles, lighting columns, lighting panels, wall-mounted lighting fixtures, street lights, lanterns for lighting, solar-powered lighting, electric night lights, indoor and outdoor LED lighting fixtures, mobile light towers, electric discharge tubes for lighting, courtyard lighting, infrared lighting fixtures; light bulbs; luminous sticks and tubes for lighting; counterweights for overhead lamps; suspension cords, namely suspension cables for electric lights; diffusers [lighting]; lamp reflectors; outdoor lighting fixtures; filters for use with lighting; lighting panels; structural parts for lighting apparatus, namely electric lamp sockets, lampshades, lamp reflectors, ceiling light fixtures, filaments for electric lamps; lamp burners; glass covers for lamps; globes for lamps; germicidal lamps; lamp mantles; lamp bases; suspension pendulums for suspension lamps; lamp glasses; ultraviolet lamps, not for medical use; laboratory lamps; safety lamps for underground use; Chinese lanterns; indoor and outdoor lighting fixtures, computer-controlled; sconces for wall lighting fixtures; light projectors.

Services

Class 35

(1) Retail, wholesale, import-export services for luminous information signs of metal, advertisement columns of metal, lighting poles of metal, signalling panels of metal, non-luminous and non-mechanical road signs of metal, beacons of metal, non-luminous, crash barriers of metal for roads, metal urban furniture, namely outdoor metal benches for public spaces, metal shelters for the protection of persons waiting for buses, metal bicycle shelters, metal motorcycle shelters, metal

stands for bicycles and motorcycles, metal picnic tables, metal barriers, metal posts, fitted liners for metal baskets, metal arches, metal structural monuments, semi-wrought common metals, metal materials for building and construction, steel frames for construction, floating docks of metal, prefabricated bridges of metal, scaffolding towers of metal, wind turbines, non-luminous metal beacon towers, prefabricated houses of metal, prefabricated soundproof cabins of metal, prefabricated architectural columns of metal, prefabricated warehouses of metal, prefabricated garages and hangars of metal, metal podiums in the nature of prefabricated metal platforms, prefabricated metal silos, rain shelters of metal, transportable bus shelters of metal, metal garden sheds, metal licence plates, metal nameplates, metal frames for construction, metal chains, metal hinges, metal vehicle chassis, fittings of metal for furniture, gratings of metal, bars for metal railings, gantry cranes of metal being structural supports for buildings, masts of metal, machines for the installation of road diversion or non-luminous signage, machine tools for the manufacture of electronic equipment, metal chests and boxes, scaffolding, personal boom lifts and platforms, elevators, signalling apparatus and instruments, excluding those using pyrotechnics, electronically controlled luminous signalling panels, signalling and traffic lights, excluding those using pyrotechnics, signal lanterns, excluding those using pyrotechnics, luminous (excluding those using pyrotechnics) or mechanical signage, luminous or mechanical road signs, electronic notice boards, luminous beacons, warning triangles for vehicles, apparatus for road traffic safety, excluding those using pyrotechnics, electric and electronic installations, apparatus and instruments for the management and control of road, highway, urban and intercity traffic, checking (supervision) apparatus and instruments, namely electrical distribution and control cabinets equipped with energy consumption monitoring systems, control units for water usage monitoring and water conservation, control units for use in the programming and operation of irrigation systems, particle counters for measuring water quality, water activity meters, electrical voltage monitoring modules, voltage surge regulators, lighting system regulators, voltage regulators, industrial programmable logic controllers (PLCs) for the management and control of electrical equipment, heat regulators, electronic controllers for HVAC systems, smart thermostats for the automatic control of heating and air conditioning, electromechanical controls for thermostats, actuators for valves and flaps in HVAC systems, particle counters for measuring air quality, electric light switches, lighting control panels, electronic control system for lighting systems, electronic control apparatus for LED lamps and light fixtures, lighting controls, light switches and electric light dimmers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, electric and electronic monitoring and remote monitoring apparatus, electrical network analyzers, electric and electronic video surveillance installations, bidirectional meters for electricity monitoring, smart meters for the precise measurement of electricity consumption, direct electrical current and alternating electrical current monitoring modules, wireless controllers for remotely monitoring and controlling the operation and status of air purification units, wireless controllers for remotely monitoring and controlling the operation and status of computers, wireless controllers for remotely monitoring and controlling the operation and status of security systems, electronic devices which detect the presence of occupants and control the lighting system accordingly, water level sensors for monitoring the flow of water in pipes, electrical current sensors for measuring the electrical load on lines, optical sensors, light sensors for adjusting the intensity of lighting based on natural daylight, electronic temperature and humidity sensors for regulating environmental conditions, pressure sensors, vibration, temperature and humidity sensors for detecting anomalies and preventing breakdowns, in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, alarm instruments, namely temperature alarms, smoke alarms, alarm control panels, sump alarms responsive to rising water levels in a sump, electric installations for the remote control of industrial operations in the field of the management of water networks, electrical networks, heating,

ventilation, air conditioning and public lighting, namely radio transmitters for remote controls, electricity distribution boxes, devices for controlling electric current, remote circuit breaker controls, wireless controllers for remotely monitoring and controlling the operation and status of security systems, lighting control panels, wireless remote temperature and humidity monitors for building maintenance, electronic control circuits for electric fans and heating devices, electrical controls for heating, ventilation and air conditioning systems, programmable logic controls, touch display and control screens, measuring apparatus and instruments in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, namely multimeters for measuring electrical voltage, high-pressure gauges, water activity meters, energy meters for tracking and controlling energy consumption, heating meters, apparatus for recording and transmitting data, namely data loggers, radio receivers and transmitters in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, information processing apparatus, namely computer routers, Ethernet switches, cable and satellite decoders and receivers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting and computers, software and software packages (recorded computer programs), microprocessors, computer programs [downloadable software], recorded operating system programs for computers, heat, thermal and light detectors, voltage detectors, motion detectors, heat, water level, pollutant, pressure, temperature, light, position sensors, infrared sensors, optical sensors, analysis apparatus, other than for medical use, namely water leak detectors, spectrum analyzers, network analyzers, logic analyzers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, electric control apparatus, namely electric lighting control systems, electric control panels, diagnostic apparatus, namely computer monitors, temperature monitors for industrial use, electronic devices for measuring the energy efficiency of public lighting systems, air quality analyzers for assessing of pollutant and carbon dioxide levels, analyzers of chemical compounds in drinking water, brightness analyzers for optimizing lighting based on environmental conditions, equipment anomaly and breakdown analyzers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, water level indicators, electric loss indicators, pressure meters, clinometers, temperature indicators, quantity indicators, vacuum gauges, measuring apparatus and instruments, namely water level meters, electricity meters, namely meters for measuring values of electrical parameters, meters for measuring electric current, water pressure sensors and water and air quality sensors, electricity sensors, radars, cameras, televisions, radios, remote guidance apparatus, receivers, transmitters (telecommunication), electronic signal transmitters, apparatus for transmitting data, namely radio transmitters, parabolic antennas for satellite transmission, cable and satellite decoders and receivers, servers, electricity distribution boxes, transformers, semiconductors, printed circuits, electronic cards, integrated circuits, ticket dispensers, video screens, protective windows, lightning rods, road lighting installations, lighting equipment, namely lighting lamps, floor lights, lighting projection devices, lighting apparatus for vehicles, lamp reflectors and vehicle reflectors, anti-glare devices for vehicles [lamp fittings], revolving warning lights, roof bars for vehicles, anti-glare devices for vehicles, adhesive tapes for vehicles, adhesive strips for vehicles, luminous information signs, not of metal, advertisement columns, not of metal, concrete light poles, luminous signalling panels, not of metal, non-luminous and non-mechanical, signalling panels, not of metal, road signs, not of metal, non-mechanical and non-luminous, buoys, not of metal, non-luminous, crash barriers, not of metal, for roads, street furniture, not of metal, namely outdoor benches, not of metal, for public spaces, shelters, not of metal, for the protection of individuals waiting for buses, bicycle shelters, not of metal, motorcycle shelters, not of metal, stands for bicycles and motorcycles, not of metal, non-metal picnic tables, non-metal barriers, non-metal posts, non-metal arches, safety doors, not of metal, monuments, not of metal, namely

structural monuments of concrete, structural monuments of marble, structural monuments of stone, structural monuments of glass, structural monuments of granite, concrete walls, frames, not of metal, for construction, concrete building elements, namely concrete blocks, concrete bollards, concrete bricks, concrete structural columns for buildings, concrete pillars, concrete light poles, materials for construction and road paving, non-metal fences, materials, not of metal, for building and construction, buildings, not of metal, namely, concrete structural beams, wooden structural beams, concrete buildings to house power generation equipment, concrete building partitions, concrete structural columns for buildings, transportable buildings, not of metal, namely cabins of wood, cabins of plastic, barns of wood, garden sheds of plastic, storage sheds, not of metal, tarring strips, sheets and plates made of artificial materials for road marking, glass granules for road marking, construction panels, non of metal, namely multi-layer panels made of plastic for use in construction, panels made of thermoplastic composite for use in construction, panels made of wood veneered with plastics for use in construction, facade panels made of plastic for use in construction, plates made of artificial materials for road marking, non-metal gantry cranes, non-metal masts, display boards, display cases, display stands, looking glasses, non-metal nameplates, non-metal licence plates, non-metal furniture, namely street furniture, benches [furniture], seats, tables, picnic tables, flower pot pedestals, planters [furniture], flower boxes, flower pots, stands for flowers [floral arrangements], protective guards, vinyl floor strips, barriers, traffic cones, adhesive tapes, flagging tapes, marking rods, marking carts, sprays, adhesive labels, information and signalling signs and plates, reflectors for traffic signals, pennants, protective wire mesh, metal pickets, lane dividers, reflective vests, straw bale covers, weights, electric vehicle batteries, batteries, namely non-rechargeable general purpose batteries, rechargeable solar batteries, cables, storage shelters, ashtrays, metal plates, metal slabs, nails, guiding strips, fastening systems, namely wall mounting plates for thermostats, mounting racks for computer hardware, contact plates, marking strips, marking kits, varnish for use in vehicle marking, reflex reflectors and long-load dolly, spotlights; retail, wholesale, import-export services for metal fasteners, wire arches, metal speed bumps, metal lane dividers, metal netting, metal pickets, metal brackets for panels, metal traffic cones, non-mechanical and non-luminous; retail, wholesale, import-export services for metal walkways, metal wire fencing; retail, wholesale, import-export services for non-metal luminous [mechanical] information signs, traffic cones, marking devices, communication devices, namely network gateways, Internet of Things (IoT) gateways for connecting connected objects and the Internet, computer network hubs, near field communication [NFC] antennas, radio frequency antennas, global navigation satellite system (GNSS) antennas, global systems for mobile communication (GSM), 3G, 4G and 5G communication modules, low-speed and long-range radio communication modules, low-frequency and long-range communication modules (NB-IoT) in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, modems, network routers, alarm monitoring systems, software and applications for mobile devices, electric and electronic apparatus and instruments for the management and control of water networks and energy networks, electric control apparatus for the management and control of water networks and energy networks, water level indicators, remote data collection apparatus, apparatus for receiving data, namely radio transceiver apparatus, devices for receiving and transmitting alert signals, namely signal processors, emergency signal transmitters in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, security alert apparatus, data encryption apparatus, data processing apparatus, namely signal processors, graphics processing units [GPU], graphics cards, integrated circuits, computer servers, Internet servers, on-board computers in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, data exchange devices, namely computer network switches, local area network [LAN] access points, Ethernet repeaters, radio frequency

repeaters, wireless network repeaters, computer network bridges in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, media containing data namely USB keys, hard drives, data storage devices being discs, electronic database containing information in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, recorded on computer media, information storage apparatus, namely computer storage area network (SAN) servers, computer memory hardware, namely computer memory cards, memory expansion boards, digital control apparatus, namely electric lighting control systems, connected sensors and detectors for measuring and managing the temperature, pressure, water flow, electricity consumption of valves, pumps, compressors and lighting in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, lighting control apparatus, control panels for security alarms, temperature controllers and regulators, namely thermostats, thermocouples, infrared thermometers, liquid level controllers and regulators, pressure controllers and regulators, computing devices, display screens, protective cases specially adapted for electronic control and monitoring apparatus and instruments; retail, wholesale, import-export services of computer apparatus for remote reading of meters, temperature reading devices, pressure accumulators, pressure indicators, Internet of Things (IoT) gateways, namely Internet of Things (IoT) gateways for connecting connected objects and the Internet, smart network gateways for data preprocessing, smart network gateways for real-time data analysis, computer hardware, lighting regulators, electric current switches, ballast for lighting apparatus, apparatus and instruments for conducting and distributing electricity, namely electricity distribution boxes, electrical distribution panels, electric power distribution units, electrical relays, apparatus and instruments for controlling electricity, namely electrical charge controllers, apparatus and instruments for transforming electricity, namely electrical transformers, apparatus and instruments for accumulating and storing electricity, namely accumulators being electrical storage batteries, electricity regulating apparatus and instruments, namely voltage regulators for electrical energy, voltage boosters, electrical collectors, balancing devices, namely automatic valves, automatic electronic control valves for regulating the flow of gases and liquids, dual amplifier compensators, differential switches, junction boxes, electrical cables and wires, cut-out switches, electrical coils, terminals [electricity], electricity meters, electrical control panels, electric couplings, voltage step-down converters, voltage detectors, voltage limiters, voltage monitoring modules, voltage monitoring units, voltage regulators, voltage stabilizers, lighting control panels, lighting control apparatus, programmable controllers for lighting apparatus and instruments, power supplies for electronic lighting apparatus, power supply apparatus, namely AC and DC power supplies, electric accumulators, battery terminals, AC inverters, current pulse generators, connection terminals, namely multi-outlet socket blocks, voltage surge protectors, voltage surge suppressors, voltage surge protectors, voltage surge protection relays, circuit breakers, fuses, junction boxes for connecting cables, cases for electrical sockets, covers for electric sockets, electrical sockets, USB terminals, electrical connectors, markers for the identification of electrical cables, spirit levels, electrical relays; retail, wholesale, import-export services for anti-theft alarms, electric installations for preventing theft, anti-theft devices for signalling lights, remote control apparatus for starting vehicles, integrated electronic hazard warning systems for automobiles, luminous warning devices [revolving warning lights], audio interfaces, namely sound cards, microphones, sound mixers, audio recorders, video interfaces, namely video display units, electronic touch screen displays, computer screens, computer interfaces, namely graphics cards, touch screens, direction beacons, beacon signal receivers, meteorological instruments, electric and electronic components, electronic circuitry components, sound cards, voice-activated devices, earphones, sound reproduction apparatus, namely wireless speakers, loudspeakers, apparatus for transmitting sound, namely personal headphones for use with sound transmitting systems, boom poles for

sound transmission apparatus; retail, wholesale, import-export services for light bulb fixtures, luminous cables for lighting, counterweights for overhead lamps, suspension cords [lighting accessories], namely suspension cables for electric lights, lighting diffusers, lighting reflectors, outdoor lighting, filters for lighting apparatus, lighting panels, constituent parts of lighting apparatus, lamp burners, glass covers for lamps, globes for lamps, germicidal lamps, lamp mantles, lamp bases, suspensions for lamps, lamp glasses, ultraviolet (UV) lamps, other than for medical use, laboratory lamps, safety lamps, Chinese lanterns, indoor and outdoor lighting fixtures, computer-controlled, sconces for wall lighting fixtures, light projectors; retail, wholesale, import-export services for vehicle trailers, carts for use in marking, rubber items for sealing, plates made of compressible synthetic rubber, electrical insulation items and materials, adhesive tape for technical use, adhesive film for technical use; retail, wholesale, import-export services for speed bumps, not of metal, dividers tracks, not of metal, wooden stakes, nets of non-metallic materials for protecting traffic lanes, building support elements (not of metal), post supports (non-metal), non-metal supports for holding signalling panels, supports in the form of non-metal structures, concrete slabs for construction, moving walkways, non-metal wire fencing; retail, wholesale, import-export services of plastic self-locking protective covers for nuts, threads and sealing rods; retail, wholesale, import-export services for plastic fasteners, non-metal fasteners, namely pipe clips made of plastic, coat hooks made of plastic, suspensions for light fixtures, cushions, non-metal furniture, namely street furniture, ashtrays; retail, wholesale, import-export services for glues for industrial use, glues for floor coverings, compositions for road marking [except glass granules], road marking materials in the form of paint, paint sold in aerosol form, glue guns, stencils, weight bags; computerized central file management; systemization of data into a computer database; collection of data for others in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting recorded on computer media; data processing in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting recorded on computer media; database management services; administrative assistance related to data processing, namely computer data entry services; data coding services being data transcription services; compilation of computer databases for others; information services in the field of data processing in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting recorded on computer media; advisory services regarding data processing; data search in computer files for others in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting recorded on computer media; systemization of information into computer database; compilation and entry of computer data into computer databases; updating and maintenance of data in computer databases; subscriptions to database services containing information in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting recorded on computer media; computer file management; computerized file management services; utility meter reading for billing purposes.

Class 37

(2) Installation, servicing, maintenance and repair of central monitoring systems, electrical measuring apparatus, information processing and data transmission apparatus, namely computers, servers, smart phones, electronic tablets, on-board processors, remote information collection and management apparatus, namely sensors, detectors, counters, environmental data collection devices in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting, recorded on computer media; installation, maintenance and repair of alarm systems, namely temperature alarms, smoke alarms, alarm control panels, sump alarms responsive to rising water levels in a sump; installation, servicing,

maintenance and repair of apparatus for remote management, measuring, counting, computing, geolocation used in the automobile, industrial, home automation, aeronautics, defence and health sectors for the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; installation, servicing, maintenance and repair of electronic cabinets, electronic boxes and computer workstations for the remote management (automated and non-automated) of water networks, energy networks, industrial installations; installation of low energy consumption apparatus, namely sensors, detectors and meters used in the automobile, industrial, home automation, aeronautics, defence and health sectors for the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; installation, maintenance and repair of pressure regulating devices; installation, maintenance and repair of telecommunication apparatus, namely base towers for telecommunications, towers for telecommunications; installation, maintenance and repair of electric lighting apparatus; installation of lighting systems; repair of lighting apparatus; public and residential lighting replacement services; installation of electrical power and lighting systems; advisory services related to the installation of lighting apparatus; provision of information related to the repair or maintenance of lighting apparatus; installation, maintenance and repair of lightning protection systems.

Class 38

(3) Electronic display services, namely provision of online chat rooms and electronic bulletin boards for the transmission of messages among computer users; communications through computer terminals, namely email transmission of data and documents via computer terminals; radio communications, namely radio broadcasting, radiopaging; telegraphic communications; telephone communications; satellite communications, namely operation of a wide area network (WAN) via satellite communication; telecommunication services, namely provision of computer network access via fibre optic networks; provision of electronic messaging services; voice mail services; message transmission services, namely short message services (SMS); telephone services provided by satellite; transmission of digital files, namely digital photographs defined by the user by means of wireless computer networks; provision of access to databases; operation of a wide area network (WAN) for telecommunications; transmission and reception of database information in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting via global communication networks; electronic exchange of energy consumption data stored in databases accessible via wireless communication networks; provision of telecommunication connections to databases, namely provision of access to databases; rental of access time to a computer database; services for receiving and transmitting digital files and messages, namely provision of electronic messaging services; rental of modems; rental of telecommunication apparatus, namely rental of radio and television transmitters and receivers, rental of mobile telephones; telecommunication gateway services, namely gateways enabling the conversion of analogue voice in digital data for transmission over IP networks, SIP (Session Initiation Protocol) gateways enabling the setting up, editing and ending of video sessions over IP networks, GSA (Global System for Mobile Communications) gateways enabling the conversion of voice signals between traditional telephone networks and GSM mobile networks.

Class 39

(4) Storage of electronically stored documents or data carriers; services for the delivery of goods, namely delivery of goods by train, ship, airplane, truck, automobile; distribution of parcels; storage of goods for others; information related to supply chain logistics and reverse logistics for the warehousing, storage and delivery of goods for others by airplane, train, boat or truck in the fields of the management of water distribution networks, the management of electrical, solar and wind energy networks; information related to supply chain logistics and reverse logistics for the warehousing, storage and delivery of goods for others by airplane, train, boat or truck in the fields

of the management of water distribution networks, the management of electrical, solar and wind energy networks.

Class 40

(5) Welding; custom assembly of computer and electronic hardware for others; sub-assembly of electronic components.

Class 41

(6) Training in the field of remote management; training in the field of public lighting solutions, the development of technologies and solutions for the management of water resources and water sanitation, connected technologies and IoT (Internet of Things) solutions for digital transformation; training services in the field of the implementation and use of software.

Class 42

(7) Computer systems analysis; computer systems design; consulting in the design and development of computers; software consulting; consulting related to energy savings; quality control of installations and equipment used for the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; non-physical conversion of computer programs and data, namely conversion of computer code for others; conversion of data or documents from physical to electronic media; duplication of computer programs; software development [design]; technical project study, namely technical project studies in the field of security and surveillance systems applied to the electrical industry, gas industry, water industry, heating network industry, lighting industry, home automation, aeronautics, defence and health sectors, technical project studies in the field of business solutions public lighting, the development of technologies and solutions for the management of water resources and water sanitation, connected technologies and IoT (Internet of Things) solutions for digital transformation; expert services in the field of mechatronics engineering and electrical engineering; hosting of websites; installation of software; rental of computer software; rental of web servers; maintenance of computer software; updating of software; computer programming; monitoring of computer systems operation by remote access; research and development of new products for others; development of electronic, mechanical or mechatronic products for others; routing of electronic cards (computer services), namely design of electric circuits, positioning of electronic components; technical research in the field of energy conversion, public lighting solutions, development of technologies and solutions for the management of water resources and water sanitation, connected technologies and IoT (Internet of Things) solutions for the digital transformation of industrial facilities; industrial design; graphic arts design services; drafting of construction plans; urban planning; server hosting; hosting of computer databases; analysis and evaluation of the goods of others to determine conformity with certification standards; software as a service [SaaS] featuring software for facilitating the interoperability of multiple software applications within the same computer environment, software for use in database management, software for the deployment of public and private cloud computing environments in the field of infrastructure as a service (IaaS), software for the management of water and energy networks, software for the smart management of public lighting, software for connectivity and industrial automation enabling data management in real time, software for the management of cryptographic security of electronic transmissions through computer networks, software for the management and automation of cloud infrastructure, for use in the field of the management of water networks, electrical networks, heating, ventilation, air conditioning and public lighting; maintenance of software; development of software; recovery of computer data and conversion of documents from physical to electronic media; data security services, namely design and development of electronic data security systems; data storage, namely provision of cloud storage facilities for use as a data centre for others; design and

development of operating software for accessing and using a cloud computing network; remote management for technical support of software of others; technical assistance and advisory services related to telecommunication technology in the nature of remote and onsite infrastructure management services for the monitoring, administration and management of cloud computing applications; monitoring of computer systems to detect breakdowns; design of websites; development of websites; maintenance of websites; development of databases; reconstitution of databases; updating and maintenance of database software; rental of a database server to others; hosting of databases; engineering work, namely civil engineering, electrical engineering; lighting system design; technical consultation related to lighting, namely design and inspection of public lighting systems; technical design and technical project management for the development of lighting equipment; energy auditing; technical consulting services in connection with energy saving measures; studies, analysis, advice, consulting and technical expertise in the field of protection data, traffic control services, remote management and supervision of websites, building security and access, computer network operating software, cloud infrastructure and installations for computer programs; inspection of alarm and surveillance systems; rental of meters for the recording of energy consumption; rental of meters for the logging of energy consumption; electronic recording of data concerning the energy consumption in buildings; water quality control services; meteorological information services; development and testing of algorithms; design and development of data retrieval systems; verification of computerized database processing.

Class 45

(8) Monitoring and remote monitoring, namely provision of reconnaissance and monitoring services, monitoring of industrial breathing air systems, monitoring of emergency lighting systems, monitoring of fire extinguishing equipment; temperature monitoring alarm services, smoke alarms, alarm control panels, sump alarms responsive to rising water levels in a sump; advice and consultant services related to the remote security, protection, control, supervision and management of sites, buildings, networks, infrastructure and installations, namely consultancy services in the field of home and industrial security surveillance; site security, namely provision of information in the field of building security via the Internet; rental of apparatus, instruments, systems and equipment for the remote security, protection, control, supervision and management of sites, buildings, networks, infrastructure and installations, namely rental of security surveillance apparatus and security surveillance robots; licensing of software and software packages; licensing of databases.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a generally triangular-shaped band made up of thin blue lines that transition to thin green lines where the band curves.

Goods

Class 07

(1) Automatic machines for processing plastics and plastic waste; mechanical controls for motors and machines, namely, hydraulic and pneumatic valves for motors and automatic machines for processing plastics and plastic waste; industrial robots for processing plastics and plastic waste; sweeping, cleaning and washing machines, namely, compressor cleaning machines and pressure washing machines; mechanical equipment for agriculture, ground works, construction, oil and gas extraction and mining work, namely, tilling machines for use in agriculture, excavators, power-operated drills, high-pressure pumps for use in gas well hydraulic fracturing operations, oil-well pumping machines, mining machines, namely, extractors for mines, drills for the mining industry, robots and robotic arms for mining; moving and transport equipment, namely, chain conveyors and belt conveyors; chain drives for conveyors; pumps, compressors and blowers, namely, electric

pumps for industrial machinery , electric compressors, power-operated rotary blowers; adapters for machine tools, namely, tap holders, chuck holders, end mill holders; electric generators; dispensing machines, namely, fluid dispensing machines for industrial use, packaging dispensing machines, tape dispensing machines for industrial use; extrusion and molding machines for processing plastics and plastic waste; recycling installations for plastics, namely, machines for decontamination, drying and extrusion of polyethylene terephthalate (PET) bottles and containers for use in recycling; machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses and household waste; cutting, comminuting, compacting and homogenizing machines for shaping plastic materials, plastic foils, plastic bottles and plastic waste; machines for plasticizing plastics; machines for agglomerating plastics; machines for comminuting plastics; machines for granulating plastics; machines for filtering plastic melts; machines and installations for the heat treatment of plastics, namely, machines for thermoforming and processing of plastics; machines and installations for the solid phase polycondensation of plastics, namely, injection plastic molding machines; extrusion machine installations for plastics; intrusion machine installations for plastics; intrusion machines for plastics; extrusion machines for plastics, extruder screws for extrusion machines for plastic, plastic melt filters, namely, filtering machines for plastic melts, backwashing water filters, plastic screen filters, plastic screen changers, screens and filters made of metal for use in extrusion machines for plastics for extruders; degassing devices, namely, degassing devices as a structural part for extrusion machines for plastics and plastic material;

Class 09

(2) Security, safety, protection and signalling devices and equipment, namely, burglar alarms, security cameras, and motion sensors; optical devices and equipment, enhancers and correctors, namely, optical character readers, optical scanners, optical filters, optical reflectors, and optical sensors; navigation, guidance, tracking, targeting and map making devices, namely, GPS receivers, GPS transmitters, satellite receivers, and cameras; magnets for industrial purposes, magnetizers and demagnetizers; automatic control devices, namely, voltage regulators, camera controllers, programmable logic controllers for machines, and automatic valves; information technology, audio-visual, multimedia and photographic devices, namely, computers, video cameras, video monitors; scientific and laboratory devices for physical reactions via electricity, namely, electricity conduits; downloadable electronic data files in the field of plastics processing; measuring, detecting and monitoring instruments, gadgets and controllers, namely, gas concentration analyzers and meters, motion detectors, motion sensors, and automatic valves; educational simulators for training operators in the use of recycling installations for plastics; apparatus, instruments and cables for electricity, namely, electrical transformers, electrical cables; downloadable and computer recorded software for operating, programming and automation of plastics processing machines and installations; recorded computer programs for operating plastic extrusion and molding machines; data carriers, namely, flash, circuit and RAM memory cards and CD-ROMs containing recorded software and computer programs for operating plastic processing machines; computers; computer operating programs for surveillance, control, maintenance and quality assurance of plastic processing machines and installations; electric inspecting and control apparatus, namely, cameras and optical inspection apparatus for plastic processing machines and installations; electric and electronic video surveillance installations for the remote control of industrial operations; electronic controls for motors, namely, electronic motor switches, electronic transformers, and starter cables.

Class 17

(3) Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica; plastics or resins in extruded form for use in manufacturing processes; packing, stopping and insulating

materials, namely, caulking sealant, cellulose acetate film used as packing material, extruded polystyrene pellets for packing, foam insulation materials for use in building and construction, insulating fabrics, insulating materials made of polyurethane foam, plastic pellets for packing, polyurethane sealants, rubber based sealant; flexible pipes, conductions and hoses [not of metal], namely, artificial resins in the form of tubes for use in manufacture; extruded plastics in the form of tubes for use in manufacture; plastic products, semi-finished, namely, plastic in the form of bars, blocks, pellets, rods, sheets and tubes for further manufacture for general industrial use; semi-worked synthetic resins in form of pellets, rods, foils, foams, fibers, films and sheets; mineral fibres in the nature of mineral wool for use as a building insulator, mineral wool for use in the manufacture of filter media; semi-processed elastomer polymers in form of blocks, pellets and sheets for use in manufacture; polyester fibres, other than for textile use; plastics, partially processed; plastic sheeting for agricultural and industrial purposes; polyester fibers manufactured from post-consumer recycled polyester, not for textile use;

Services

Class 35

(1) Advertising, marketing and promotional services for others in the field of plastics, the recycling of plastics and machines for processing plastics; business management assistance and administrative services; electronic purchase order processing for others; online ordering services in the field of semi-processed plastics; advisory and consultancy services relating to the procurement of goods for third parties; arranging and processing of commercial transactions for third parties via telecommunication systems; arranging commercial transactions for third parties via online shops; consultancy in sales techniques and sales programmes, administration of sales promotion incentive programs; consultancy relating to calculating cost price analysis; administrative processing of purchase orders; computerized order acceptance, namely, computerized online ordering services in the field of semi-processed plastics and plastic processing machinery; administrative processing of purchase orders by telephone or computer; administrative processing of computerized purchase orders; price analysis services; price comparison services; comparison shopping services in the field of plastics, the recycling of plastics and machines for processing plastics; business analysis, research and information services in the field of plastics, the recycling of plastics and machines for processing plastics; providing consumer information relating to goods and services in the field of plastics, the recycling of plastics and machines for processing plastics; provision of an online marketplace for buyers and sellers of goods and services; retail services and wholesale services in relation to machines and machine parts and used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to recycling machines and installations for plastics; retail services and wholesale services in relation to used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; retail services and wholesale services in relation to cutting, comminuting, compacting and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste; retail services and wholesale services in relation to machines for plasticizing plastics; retail services and wholesale services in relation to machines for agglomerating plastics; retail services and wholesale services in relation to machines for comminuting plastics; retail services and wholesale services in relation to machines for granulating plastics; retail services and wholesale services in relation to machines for filtering plastic melts; retail services and wholesale services in relation to machines and installations for the heat treatment of plastics; retail services and wholesale services in relation to machines and installations for the solid phase polycondensation of plastics; retail services and wholesale

services in relation to extrusion machines and installations; retail services and wholesale services in relation to intrusion machines and installations; retail services and wholesale services in relation to extruders for plastics; retail services and wholesale services in relation to extruder screws; retail services and wholesale services in relation to plastic melt filters; retail store services and wholesale store services featuring machines for filtering plastic melts; retail store services and wholesale store services featuring backwashing filters being parts of plastic processing machines; retail store services and wholesale store services featuring screen filters for plastic processing machines; retail store services and wholesale store services featuring screen changers being parts of plastic processing machines; retail store services and wholesale store services featuring screens and filters for extruders being parts of plastic processing machines; retail store services and wholesale store services featuring degassing machines; retail services and wholesale services in relation to degassing devices for extruders for plastic material.

Class 37

(2) Building construction services, construction of buildings, building demolition services; rental services of tools, machines and equipment for building construction, demolition, cleaning and maintenance; installation, maintenance, repair, inspection, cleaning, construction and erection of installations, devices and machines or parts of machines for processing plastics and plastic waste and recycling installations and reprocessing installations for plastics; refurbishment services, maintenance services, cleaning services, inspection services and repair services of used machines or machine parts for processing, reprocessing and recycling plastics and plastic waste.

Class 40

(3) Recycling and waste treatment of plastics and trash; processing of plastics, namely, reprocessing, comminuting and recycling of plastics and plastic waste and plastic materials; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing, namely, rental of plastic processing machines, plastic recycling machines and waste compacting machines; rental of machines for processing plastics and plastic waste, recycling installations for plastics, machines for recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste, cutting devices, comminuting devices, compacting devices and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste, machines for plasticizing plastics, machines for agglomerating plastics, machines for comminuting plastics, machines for granulating plastics, machines for filtering plastic melts, installations for the heat treatment of plastics, installations for the solid phase polycondensation of plastics, extrusion installations, intrusion installations, extruders for plastics, extruder screws, plastic melt filters, filtering devices for plastic melts, backwashing filters, screen filters, screen changers, screens and filters for extruders, degassing devices and degassing devices for extruders for plastic material.

Class 41

(4) Holding classes and training courses relating to the construction, installation, operation, repair and maintenance of machines and devices for processing plastics and plastic waste and relating to the processing and reprocessing and recycling of plastics and plastic waste; education and schooling, namely, workshops, and seminars in relation to plastics, the recycling of plastics and machines for processing plastics.

Class 42

(5) Computer programming services, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; consultancy and research services in the field of information technology, namely, consulting and research regarding the design and development of

computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design and development of computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; testing, authentication and quality control in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design of installations and installation components in the field of processing plastics and plastic recycling; scientific and technological services and research and designer services, industrial analytics and research services, design and development of computer hardware and software thereof, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; industrial analyses and research services regarding new plastic processing and recycling for third parties; design and development of computer hardware and software all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; technical planning and technological consulting in the field of reprocessing or recycling plastics and in the field of recycling synthetics and fibres; technical planning and designing of installations and equipment and equipment components in the field of plastic processing and plastic recycling; development of application optimised treatment and recycling solutions for production waste; research and development services relating to new plastic treatments and recycling installations for third parties; technical project planning in the field of processing and recycling, in particular plastics.

(1) Machines for processing plastics and plastic waste; recycling machines and installations for plastics, namely, machines for decontamination, drying and extrusion of polyethylene terephthalate (PET) bottles and containers for use in recycling; machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; cutting, comminuting, compacting and homogenizing machines for plastic materials, plastic foils, plastic bottles or plastic waste; machines for plasticizing plastics; machines for agglomerating plastics; machines for comminuting plastics; machines for granulating plastics; machines for filtering plastic melts; machines and installations for the heat treatment of plastics, namely, machines for thermoforming and processing of plastics; machines and installations for the solid phase polycondensation of plastics, namely, injection plastic molding machines; extrusion machine installations for plastics; intrusion machine installations for plastics; extruders for plastics, extruder screws, plastic melt filters, filtering devices for plastic melts, backwashing filters, screen filters, screen changers, screens and filters for extruders; degassing devices, namely, degassing devices as a structural part for extrusion machines plastics;.

Class 09

(2) Computers, computer software for operating, programming and automation of plastics processing machines and installations, computer operating programs for plastic processing machines and installations; computers; computer operating programs for surveillance, control, maintenance and quality assurance of plastic processing machines and installations; electric inspecting and control apparatus, namely, cameras and optical inspection apparatus for plastic processing machines and installations; electric and electronic video surveillance installations for the remote control of industrial operations.

Class 17

(3) Extruded plastics and resins for use in manufacturing; packing, stopping and insulating materials, namely, caulking sealant, cellulose acetate film used as packing material, extruded polystyrene pellets for packing, foam insulation materials for use in building and construction,

insulating fabrics, insulating materials made of polyurethane foam, plastic pellets for packing, polyurethane sealants, rubber based sealant; flexible pipes, conductions and hoses [not of metal], namely, artificial resins in the form of tubes for use in manufacture; extruded plastics in the form of tubes for use in manufacture; goods made of plastics being semi-finished injection molded products of plastic for use in manufacturing, semi-worked synthetic plastic as semi-finished products in form of pellets, rods, foils, foams, fibers, films and sheets; semi-worked synthetic resins in form of pellets, rods, foils, foams, fibers, films and sheets; mineral fibres in the nature of mineral wool for use as a building insulator, mineral wool for use in the manufacture of filter media; semi-processed plastics; polyester fibers other than for textile use; plastics, partially processed; recycled polyamide plastic resin in pellet form for use in further manufacture; polyester fibers manufactured from post-consumer recycled polyester, not for textile use;

Services

Class 35

(1) Retail services and wholesale services in relation to machines and machine parts and used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to recycling machines and installations for plastics; retail services and wholesale services in relation to used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; retail services and wholesale services in relation to cutting, comminuting, compacting and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste; retail services and wholesale services in relation to machines for plasticizing plastics; retail services and wholesale services in relation to machines for agglomerating plastics; retail services and wholesale services in relation to machines for comminuting plastics; retail services and wholesale services in relation to machines for granulating plastics; retail services and wholesale services in relation to machines and installations for the heat treatment of plastics; retail services and wholesale services in relation to machines and installations for the solid phase polycondensation of plastics; retail services and wholesale services in relation to extrusion machines and installations; retail services and wholesale services in relation to intrusion machines and installations; retail services and wholesale services in relation to extruders for plastics; retail services and wholesale services in relation to extruder screws; retail outlet services and wholesale outlet services featuring machines and machine parts and used machines or machine parts, in particular machines for processing plastics and plastic waste; retail outlet services and wholesale outlet services featuring recycling machines and installations for plastics; retail outlet services and wholesale outlet services featuring used machines or machine parts, in particular machines for processing plastics and plastic waste; retail store services and wholesale store services featuring machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; retail store services and wholesale store services featuring cutting, comminuting, compacting and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste; retail outlet services and wholesale outlet services featuring machines for plasticizing plastics; retail outlet services and wholesale outlet services featuring machines for agglomerating plastics; retail outlet services and wholesale outlet services featuring machines for comminuting plastics; retail outlet services and wholesale outlet services featuring machines for granulating plastics; retail outlet services and wholesale outlet services featuring machines for filtering plastic melts; retail outlet services and wholesale outlet services featuring machines and installations for the heat treatment of plastics; retail outlet services and wholesale outlet services featuring machines and installations for the solid phase polycondensation of plastics; retail outlet services and wholesale outlet services

featuring extrusion machines and installations; retail outlet services and wholesale outlet services featuring intrusion machines and installations; retail outlet services and wholesale outlet services featuring extruders for plastics; retail outlet services and wholesale outlet services featuring extruder screws; retail outlet services and wholesale outlet services featuring plastic melt filters; retail outlet services and wholesale outlet services featuring filtering devices for plastic melts; retail outlet services and wholesale outlet services featuring backwashing filters being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring screen filters being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring screen changers being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring screens and filters for extruders being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring degassing devices, namely, degassing devices as a structural part for extrusion machines for plastics; retail outlet services and wholesale outlet services featuring degassing devices for extruders for plastic material

Class 37

(2) Installation, maintenance, repair, inspection, cleaning, construction and erection of installations, devices and machines or parts of machines for processing plastics and plastic waste and recycling installations and reprocessing installations for plastics; refurbishment, maintenance, cleaning, inspection, repair of used machines or machine parts for processing, reprocessing and recycling plastics and plastic waste.

Class 40

(3) Recycling and waste treatment of plastics and trash; processing of plastics, namely, reprocessing, comminuting and recycling of plastics and plastic waste and plastic materials; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing, namely, rental of plastic processing machines, plastic recycling machines and waste compacting machines; rental of machines for processing plastics and plastic waste, recycling installations for plastics, machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste, cutting devices, comminuting devices, compacting devices and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste, machines for plasticizing plastics, machines for agglomerating plastics, machines for comminuting plastics, machines for granulating plastics, machines for filtering plastic melts, installations for the heat treatment of plastics, installations for the solid phase polycondensation of plastics, extrusion installations, intrusion installations, extruders for plastics, extruder screws, plastic melt filters, filtering devices for plastic melts, backwashing filters, screen filters, screen changers, screens and filters for extruders, degassing devices and degassing devices for extruders for plastic material.

Class 41

(4) Holding classes and training courses relating to the construction, installation, operation, repair and maintenance of machines and devices for processing plastics and plastic waste and relating to the processing and reprocessing and recycling of plastics and plastic waste; education and schooling, namely, workshops, and seminars in relation to plastics, the recycling of plastics and machines for processing plastics, the recycling of plastics and machines for processing plastics.

Class 42

(5) Computer programming services, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; consultancy and research services in the field of information technology, namely, consulting and research regarding the design and development of

computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design and development of computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; testing, authentication and quality control in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design of installations and installation components in the field of processing plastics and plastic recycling; scientific and technological services and research designer services, industrial analytics and research services, design and development of computer hardware and software thereof, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; industrial analyses and research services regarding new plastic processing and recycling for third parties; design and development of computer hardware and software all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; technical planning and consulting in the field of reprocessing or recycling plastics and in the field of recycling synthetics and fibres; technical planning and designing of installations and equipment and equipment components in the field of plastic processing and plastic recycling; development of application optimised treatment and recycling solutions for production waste; research and development services relating to new plastic treatments and recycling installations for third parties; technical project planning in the field of processing and recycling, in particular plastics.

Goods

Class 07

(1) Machines for processing plastics and plastic waste; recycling machines and installations for plastics, namely, machines for decontamination, drying and extrusion of polyethylene terephthalate (PET) bottles and containers for use in recycling; machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; cutting, comminuting, compacting and homogenizing machines for plastic materials, plastic foils, plastic bottles or plastic waste; machines for plasticizing plastics; machines for agglomerating plastics; machines for comminuting plastics; machines for granulating plastics; machines for filtering plastic melts; machines and installations for the heat treatment of plastics, namely, machines for thermoforming and processing of plastics; machines and installations for the solid phase polycondensation of plastics, namely, injection plastic molding machines; extrusion machine installations for plastics; intrusion machine installations for plastics; extruders for plastics, extruder screws, plastic melt filters, filtering devices for plastic melts, backwashing filters, screen filters, screen changers, screens and filters for extruders; degassing devices, namely, degassing devices as a structural part for extrusion machines plastics;

Class 09

(2) Computers, computer software for operating, programming and automation of plastics processing machines and installations, computer operating programs for plastic processing machines and installations; computers; computer operating programs for surveillance, control, maintenance and quality assurance of plastic processing machines and installations; electric inspecting and control apparatus, namely, cameras and optical inspection apparatus for plastic processing machines and installations; electric and electronic video surveillance installations for the remote control of industrial operations.

Class 17

(3) Extruded plastics and resins for use in manufacturing; packing, stopping and insulating materials, namely, caulking sealant, cellulose acetate film used as packing material, extruded polystyrene pellets for packing, foam insulation materials for use in building and construction, insulating fabrics, insulating materials made of polyurethane foam, plastic pellets for packing, polyurethane sealants, rubber based sealant; flexible pipes, conductions and hoses [not of metal], namely, artificial resins in the form of tubes for use in manufacture; extruded plastics in the form of tubes for use in manufacture; goods made of plastics being semi-finished injection molded products of plastic for use in manufacturing, semi-worked synthetic plastic as semi-finished products in form of pellets, rods, foils, foams, fibers, films and sheets; semi-worked synthetic resins in form of pellets, rods, foils, foams, fibers, films and sheets; mineral fibres in the nature of mineral wool for use as a building insulator, mineral wool for use in the manufacture of filter media; semi-processed plastics; polyester fibers other than for textile use; plastics, partially processed; recycled polyamide plastic resin in pellet form for use in further manufacture; polyester fibers manufactured from post-consumer recycled polyester, not for textile use;

Services**Class 35**

(1) Retail services and wholesale services in relation to machines and machine parts and used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to recycling machines and installations for plastics; retail services and wholesale services in relation to used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; retail services and wholesale services in relation to cutting, comminuting, compacting and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste; retail services and wholesale services in relation to machines for plasticizing plastics; retail services and wholesale services in relation to machines for agglomerating plastics; retail services and wholesale services in relation to machines for comminuting plastics; retail services and wholesale services in relation to machines for granulating plastics; retail services and wholesale services in relation to machines and installations for the heat treatment of plastics; retail services and wholesale services in relation to machines and installations for the solid phase polycondensation of plastics; retail services and wholesale services in relation to extrusion machines and installations; retail services and wholesale services in relation to intrusion machines and installations; retail services and wholesale services in relation to extruders for plastics; retail services and wholesale services in relation to extruder screws; retail outlet services and wholesale outlet services featuring machines and machine parts and used machines or machine parts, in particular machines for processing plastics and plastic waste; retail outlet services and wholesale outlet services featuring recycling machines and installations for plastics; retail outlet services and wholesale outlet services featuring used machines or machine parts, in particular machines for processing plastics and plastic waste; retail store services and wholesale store services featuring machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; retail store services and wholesale store services featuring cutting, comminuting, compacting and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste; retail outlet services and wholesale outlet services featuring machines for plasticizing plastics; retail outlet services and wholesale outlet services featuring machines for agglomerating plastics; retail outlet services and wholesale outlet services featuring machines for comminuting plastics; retail outlet services and wholesale outlet services featuring machines for granulating plastics; retail outlet services and

wholesale outlet services featuring machines for filtering plastic melts; retail outlet services and wholesale outlet services featuring machines and installations for the heat treatment of plastics; retail outlet services and wholesale outlet services featuring machines and installations for the solid phase polycondensation of plastics; retail outlet services and wholesale outlet services featuring extrusion machines and installations; retail outlet services and wholesale outlet services featuring intrusion machines and installations; retail outlet services and wholesale outlet services featuring extruders for plastics; retail outlet services and wholesale outlet services featuring extruder screws; retail outlet services and wholesale outlet services featuring plastic melt filters; retail outlet services and wholesale outlet services featuring filtering devices for plastic melts; retail outlet services and wholesale outlet services featuring backwashing filters being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring screen filters being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring screen changers being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring screens and filters for extruders being parts of plastic processing machines; retail outlet services and wholesale outlet services featuring degassing devices, namely, degassing devices as a structural part for extrusion machines for plastics; retail outlet services and wholesale outlet services featuring degassing devices for extruders for plastic material.

Class 37

(2) Installation, maintenance, repair, inspection, cleaning, construction and erection of installations, devices and machines or parts of machines for processing plastics and plastic waste and recycling installations and reprocessing installations for plastics; refurbishment, maintenance, cleaning, inspection, repair of used machines or machine parts for processing, reprocessing and recycling plastics and plastic waste.

Class 40

(3) Recycling and waste treatment of plastics and trash; processing of plastics, namely, reprocessing, comminuting and recycling of plastics and plastic waste and plastic materials; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing, namely, rental of plastic processing machines, plastic recycling machines and waste compacting machines; rental of machines for processing plastics and plastic waste, recycling installations for plastics, machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste, cutting devices, comminuting devices, compacting devices and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste, machines for plasticizing plastics, machines for agglomerating plastics, machines for comminuting plastics, machines for granulating plastics, machines for filtering plastic melts, installations for the heat treatment of plastics, installations for the solid phase polycondensation of plastics, extrusion installations, intrusion installations, extruders for plastics, extruder screws, plastic melt filters, filtering devices for plastic melts, backwashing filters, screen filters, screen changers, screens and filters for extruders, degassing devices and degassing devices for extruders for plastic material.

Class 41

(4) Holding classes and training courses relating to the construction, installation, operation, repair and maintenance of machines and devices for processing plastics and plastic waste and relating to the processing and reprocessing and recycling of plastics and plastic waste; education and schooling, namely, workshops, and seminars in relation to plastics, the recycling of plastics and machines for processing plastics, the recycling of plastics and machines for processing plastics.

Class 42

(5) Computer programming services, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; consultancy and research services in the field of information technology, namely, consulting and research regarding the design and development of computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design and development of computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; testing, authentication and quality control in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design of installations and installation components in the field of processing plastics and plastic recycling; scientific and technological services and research designer services, industrial analytics and research services, design and development of computer hardware and software thereof, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; industrial analyses and research services regarding new plastic processing and recycling for third parties; design and development of computer hardware and software all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; technical planning and consulting in the field of reprocessing or recycling plastics and in the field of recycling synthetics and fibres; technical planning and designing of installations and equipment and equipment components in the field of plastic processing and plastic recycling; development of application optimised treatment and recycling solutions for production waste; research and development services relating to new plastic treatments and recycling installations for third parties; technical project planning in the field of processing and recycling, in particular plastics.

Goods

Class 07

(1) Automatic machines for processing plastics and plastic waste; mechanical controls for motors and machines, namely, hydraulic and pneumatic valves for motors and automatic machines for processing plastics and plastic waste; industrial robots for processing plastics and plastic waste; sweeping, cleaning and washing machines, namely, compressor cleaning machines and pressure washing machines; mechanical equipment for agriculture, ground works, construction, oil and gas extraction and mining work, namely, tilling machines for use in agriculture, excavators, power-operated drills, high-pressure pumps for use in gas well hydraulic fracturing operations, oil-well pumping machines, mining machines, namely, extractors for mines, drills for the mining industry, robots and robotic arms for mining; moving and transport equipment, namely, chain conveyors and belt conveyors; chain drives for conveyors; pumps, compressors and blowers, namely, electric pumps for industrial machinery, electric compressors, power-operated rotary blowers; adapters for machine tools, namely, tap holders, chuck holders, end mill holders; electric generators; dispensing machines, namely, fluid dispensing machines for industrial use, packaging dispensing machines, tape dispensing machines for industrial use; extrusion and molding machines for

processing plastics and plastic waste; recycling installations for plastics, namely, machines for decontamination, drying and extrusion of polyethylene terephthalate (PET) bottles and containers for use in recycling; machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses and household waste; cutting, comminuting, compacting and homogenizing machines for shaping plastic materials, plastic foils, plastic bottles and plastic waste; machines for plasticizing plastics; machines for agglomerating plastics; machines for comminuting plastics; machines for granulating plastics; machines for filtering plastic melts; machines and installations for the heat treatment of plastics, namely, machines for thermoforming and processing of plastics; machines and installations for the solid phase polycondensation of plastics, namely, injection plastic molding machines; extrusion machine installations for plastics; intrusion machines installations for plastics; intrusion machines for plastics; extrusion machines for plastics, extruder screws for extrusion machines for plastic, plastic melt filters, namely, filtering machines for plastic melts, backwashing water filters, plastic screen filters, plastic screen changers, screens and filters made of metal for use in extrusion machines for plastics for extruders; degassing devices, namely, degassing devices as a structural part for extrusion machines for plastics and plastic material;

Class 09

(2) Security, safety, protection and signalling devices and equipment, namely, burglar alarms, security cameras, and motion sensors; optical devices and equipment, enhancers and correctors, namely, optical character readers, optical scanners, optical filters, optical reflectors, and optical sensors; navigation, guidance, tracking, targeting and map making devices, namely, GPS receivers, GPS transmitters, satellite receivers, and cameras; magnets for industrial purposes, magnetizers and demagnetizers; automatic control devices, namely, voltage regulators, camera controllers, programmable logic controllers for machines, and automatic valves; information technology, audio-visual, multimedia and photographic devices, namely, computers, video cameras, video monitors; scientific and laboratory devices for physical reactions via electricity, namely, electricity conduits; downloadable electronic data files in the field of plastics processing; measuring, detecting and monitoring instruments, gadgets and controllers, namely, gas concentration analyzers and meters, motion detectors, motion sensors, and automatic valves; educational simulators for training operators in the use of recycling installations for plastics; apparatus, instruments and cables for electricity, namely, electrical transformers, electrical cables; downloadable and computer recorded software for operating, programming and automation of plastics processing machines and installations; recorded computer programs for operating plastic extrusion and molding machines; data carriers, namely, flash, circuit and RAM memory cards and CD-ROMs containing recorded software and computer programs for operating plastic processing machines; computers; computer operating programs for surveillance, control, maintenance and quality assurance of plastic processing machines and installations; electric inspecting and control apparatus, namely, cameras and optical inspection apparatus for plastic processing machines and installations; electric and electronic video surveillance installations for the remote control of industrial operations; electronic controls for motors, namely, electronic motor switches, electronic transformers, and starter cables.

Class 17

(3) Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica; plastics or resins in extruded form for use in manufacturing processes; packing, stopping and insulating materials, namely, caulking sealant, cellulose acetate film used as packing material, extruded polystyrene pellets for packing, foam insulation materials for use in building and construction, insulating fabrics, insulating materials made of polyurethane foam, plastic pellets for packing, polyurethane sealants, rubber based sealant; flexible pipes, conductions and hoses [not of metal],

namely, artificial resins in the form of tubes for use in manufacture; extruded plastics in the form of tubes for use in manufacture; plastic products, semi-finished, namely, plastic in the form of bars, blocks, pellets, rods, sheets and tubes for further manufacture for general industrial use; semi-worked synthetic resins in form of pellets, rods, foils, foams, fibers, films and sheets; mineral fibres in the nature of mineral wool for use as a building insulator, mineral wool for use in the manufacture of filter media; semi-processed elastomer polymers in form of blocks, pellets and sheets for use in manufacture; polyester fibres, other than for textile use; plastics, partially processed; plastic sheeting for agricultural and industrial purposes; polyester fibers manufactured from post-consumer recycled polyester, not for textile use;

Services

Class 35

(1) Advertising, marketing and promotional services for others in the field of plastics, the recycling of plastics and machines for processing plastics; business management assistance and administrative services; electronic purchase order processing for others; online ordering services in the field of semi-processed plastics; advisory and consultancy services relating to the procurement of goods for third parties; arranging and processing of commercial transactions for third parties via telecommunication systems; arranging commercial transactions for third parties via online shops; consultancy in sales techniques and sales programmes, administration of sales promotion incentive programs; consultancy relating to calculating cost price analysis; administrative processing of purchase orders; computerized order acceptance, namely, computerized online ordering services in the field of semi-processed plastics and plastic processing machinery; administrative processing of purchase orders by telephone or computer; administrative processing of computerized purchase orders; price analysis services; price comparison services; comparison shopping services in the field of plastics, the recycling of plastics and machines for processing plastics; business analysis, research and information services in the field of plastics, the recycling of plastics and machines for processing plastics; providing consumer information relating to goods and services in the field of plastics, the recycling of plastics and machines for processing plastics; provision of an online marketplace for buyers and sellers of goods and services; retail services and wholesale services in relation to machines and machine parts and used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to recycling machines and installations for plastics; retail services and wholesale services in relation to used machines or machine parts, in particular machines for processing plastics and plastic waste; retail services and wholesale services in relation to machines for the recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste; retail services and wholesale services in relation to cutting, comminuting, compacting and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste; retail services and wholesale services in relation to machines for plasticizing plastics; retail services and wholesale services in relation to machines for agglomerating plastics; retail services and wholesale services in relation to machines for comminuting plastics; retail services and wholesale services in relation to machines for granulating plastics; retail services and wholesale services in relation to machines for filtering plastic melts; retail services and wholesale services in relation to machines and installations for the heat treatment of plastics; retail services and wholesale services in relation to machines and installations for the solid phase polycondensation of plastics; retail services and wholesale services in relation to extrusion machines and installations; retail services and wholesale services in relation to intrusion machines and installations; retail services and wholesale services in relation to extruders for plastics; retail services and wholesale services in relation to extruder screws; retail services and wholesale services in relation to plastic melt filters; retail store services and

wholesale store services featuring machines for filtering plastic melts; retail store services and wholesale store services featuring backwashing filters being parts of plastic processing machines; retail store services and wholesale store services featuring screen filters for plastic processing machines; retail store services and wholesale store services featuring screen changers being parts of plastic processing machines; retail store services and wholesale store services featuring screens and filters for extruders being parts of plastic processing machines; retail store services and wholesale store services featuring degassing machines; retail services and wholesale services in relation to degassing devices for extruders for plastic material.

Class 37

(2) Building construction services, construction of buildings, building demolition services; rental services of tools, machines and equipment for building construction, demolition, cleaning and maintenance; installation, maintenance, repair, inspection, cleaning, construction and erection of installations, devices and machines or parts of machines for processing plastics and plastic waste and recycling installations and reprocessing installations for plastics; refurbishment services, maintenance services, cleaning services, inspection services and repair services of used machines or machine parts for processing, reprocessing and recycling plastics and plastic waste.

Class 40

(3) Recycling and waste treatment of plastics and trash; processing of plastics, namely, reprocessing, comminuting and recycling of plastics and plastic waste and plastic materials; rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing, namely, rental of plastic processing machines, plastic recycling machines and waste compacting machines; rental of machines for processing plastics and plastic waste, recycling installations for plastics, machines for recycling treatment of plastics and for treating waste, in particular plastic waste, biomasses or household waste, cutting devices, comminuting devices, compacting devices and homogenizing devices for plastic materials, plastic foils, plastic bottles or plastic waste, machines for plasticizing plastics, machines for agglomerating plastics, machines for comminuting plastics, machines for granulating plastics, machines for filtering plastic melts, installations for the heat treatment of plastics, installations for the solid phase polycondensation of plastics, extrusion installations, intrusion installations, extruders for plastics, extruder screws, plastic melt filters, filtering devices for plastic melts, backwashing filters, screen filters, screen changers, screens and filters for extruders, degassing devices and degassing devices for extruders for plastic material.

Class 41

(4) Holding classes and training courses relating to the construction, installation, operation, repair and maintenance of machines and devices for processing plastics and plastic waste and relating to the processing and reprocessing and recycling of plastics and plastic waste; education and schooling, namely, workshops, and seminars in relation to plastics, the recycling of plastics and machines for processing plastics.

Class 42

(5) Computer programming services, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; consultancy and research services in the field of information technology, namely, consulting and research regarding the design and development of computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design and development of computer hardware and software, all the aforementioned services in the field of processing plastics, reprocessing and

recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; testing, authentication and quality control in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; design of installations and installation components in the field of processing plastics and plastic recycling; scientific and technological services and research and designer services, industrial analytics and research services, design and development of computer hardware and software thereof, all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; industrial analyses and research services regarding new plastic processing and recycling for third parties; design and development of computer hardware and software all the aforementioned services in the field of processing plastics, reprocessing and recycling of plastics, in particular of production waste and household waste, commercial and industrial waste; technical planning and technological consulting in the field of reprocessing or recycling plastics and in the field of recycling synthetics and fibres; technical planning and designing of installations and equipment and equipment components in the field of plastic processing and plastic recycling; development of application optimised treatment and recycling solutions for production waste; research and development services relating to new plastic treatments and recycling installations for third parties; technical project planning in the field of processing and recycling, in particular plastics.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a stylized turtle with lettering. At the centre is a carapace containing the overlapping letters "T" and "G" in solid black and which are rendered in a stylized arched form that follows the curvature of the top and bottom of the carapace. The carapace itself features a three-band colour gradation: the outermost band (forming the perimeter of the carapace and lying outside the black arched lettering) is blue; the middle band, directly inside the blue perimeter, is green; the innermost central area of the carapace transitions to and culminates in yellow. Four feet, a tail and a head of a turtle in solid black, surround the central carapace to complete the shape of the turtle. The accompanying lettering is presented in a colour gradation transitioning from dark red at the upper central portion to orange along the lower left and lower right portions.

Services

Class 41

Educational services, namely, providing training in the field of turtle and aquatic ecosystem conservation; providing information related to scientific facts and research, namely, educational information in the field of turtle conservation.

Colour Claim

Colour is claimed as a feature of the trademark. The word "FOPAL" is written in dark blue, the letters "FOP" are in upper case and the letters "al" are in lowercase. On the right hand side of the word "FOPAL" are 8 ovals in varying sizes which overlap one another to depict the image of a butterfly. The body of the butterfly is created by a white space in the center of the wings. The wings of the butterfly are gradations of yellow and orange, the colours are less saturated towards the body of the butterfly. There are two large yellow ovals on the left side of the design, the top oval is slightly tilted towards the upper left corner and the lower oval is tilted towards the lower left corner. Two small dark orange ovals overlap the larger ovals on the left side. There are two large orange-yellow ovals on the right side of the design, the top oval is slightly tilted towards the upper right corner and the lower oval is tilted towards the lower right corner. Two small dark orange ovals overlap the larger ovals on the right side. The design is on a white background.

processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, natural language processing (nlp), computer vision, robotics, machine learning, cybersecurity technology, blockchain technology, artificial intelligence technology, computer science, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, petroleum engineering, and mathematics, sociology, anthropology, political science, geography, law, medicine, forensic science, remote medicine services, nanomedicine, occupational and practically oriented education, namely career planning, physical education, agriculture; geophysical research apparatus namely, gravimeters, seismometers, magnetometers, global positioning system (GPS) receivers, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; research apparatus and instruments namely, directional compasses, magnetic compasses, straightedges, measuring rulers, laboratory scales and balances, protractor gauges, semi-circle protractors, angle dividing protractors, full circle protractors, calipers, micrometers, inclinometers, measuring tapes, clinometers, tachometers, planimeters, graduated glassware, verniers, odometers, laser distance meters, meter sticks, trundle wheels, yardsticks, precision theodolites, total station theodolites, level gauges, electronic distance meters, gravimeters, torsion meter, load cells, height gauge, altimeters, barometers, telescopes, plumb bobs, hypsometers, spirit levels, feeler gauges, surface plate used as reference plane for precision inspection, marking out and tooling setup, thickness gauge, squares for measuring, machinist's levels, optical flats, dial gauges, flatness gauges, autocollimators, microphones, audio speakers, data loggers, cameras, optical scanners, printers for computers, graphics tablets, interactive whiteboards, electromagnetic wave generators, oscilloscopes, sound level meters, coordinate- measuring machine (CMM), laser trackers, photogrammetry system comprised of analysis instruments for photogrammetric purposes and computer software for photogrammetry data collection, 3D scanners, goniometers, digital laser levels, plumb lines, surveyor's compasses, comparators, time interval meters, electronic timers, metronomes, hourglasses, chronographs for use as a specialized time recording apparatus, tachographs; electrodes for laboratory research; bioreactors for research use, namely bioreactors for laboratory research use; fireproof clothing; bulletproof clothing; flotation vests.

Class 16

(2) Educational books; educational materials for teaching purposes, namely printed instructor materials, namely course syllabuses, learner exercises, lesson notes, practice exams, presentations slides; printed educational publications namely books, workbooks, magazines, newspapers, and journals; printed educational materials in the field of language, music, singing, logic, philosophy, business management, economics and commerce, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, geophysics, astrobiology, biophysics, biochemistry, materials science, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, satellites, statistic, environmental science, astrophysics technology, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material

processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, natural language processing (nlp), computer vision, robotics, machine learning, cybersecurity technology, blockchain technology, artificial intelligence technology, computer science, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, petroleum engineering, and mathematics, sociology, anthropology, political science, geography, law, medicine, forensic science, remote medicine services, nanomedicine, occupational and practically oriented education, namely career planning, physical education, agriculture; printed instructional material in the field of language, music, singing, logic, philosophy, business management, economics and commerce, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, geophysics, astrobiology, biophysics, biochemistry, materials science, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, satellites, statistic, environmental science, astrophysics technology, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, natural language processing (nlp), computer vision, robotics, machine learning, cybersecurity technology, blockchain technology, artificial intelligence technology, computer science, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, petroleum engineering, and mathematics, sociology, anthropology, political science, geography, law, medicine, forensic science, remote medicine services, nanomedicine, occupational and practically oriented education, namely career planning, physical education, agriculture; printed research reports; canvas paper; bookbinding cloth.

Class 25

(3) Layettes [clothing]; jackets [clothing]; kerchiefs [clothing]; chaps (clothing); maternity clothing, thermal socks, thermal underwear; belts [clothing]; ear muffs, fur muffs, hand muffs, muffler scarves; capes (clothing); motorists' clothing, namely motorcycle jackets, motorcycle rain suits, motorcycle riding suits; feather boas; slips [clothing]; veils [clothing]; shoulder wraps, beach wraps; athletic clothing; triathlon clothing; windproof clothing, namely windbreakers, wind pants; silk clothing, namely silk jackets, silk neckties, silk scarves, silk shawls; work shirts, working overalls; woollen clothing, namely wool jackets, wool sweaters, woollen socks, woollen underwear; ladies' underwear; latex costumes, latex suits; wristbands [clothing]; tank tops, blouses, jackets, shirts, sweaters, hoodies; knitted shirts, knitted tops, knitted gloves; oilskins, namely rainwear; ski hoods; leisurewear; infant clothing; children's clothing; sports clothing; leather clothing; gloves [clothing]; waterproof jackets, waterproof pants; plush clothing, namely artificial fur coats, gloves, jackets, pants and shirts; cloth bibs; cyclists' clothing; playsuits [clothing]; slipovers [clothing]; jerseys

[clothing]; casual clothing; denims, namely denim capris, denim coats, denim dresses, denim jackets, denim pants, denim shirts, denim skirts; combinations, namely rompers and jumpers; furs, namely fur coats, fur gloves, fur jackets, fur pants, fur shirts; shorts [clothing]; collars for dresses; clothing for babies; bow ties, neckties; outer clothing, namely outerwear jackets, outdoor winter clothing; cashmere jackets, cashmere shawls, cashmere sweaters; bandeaux [clothing]; women's clothing, namely women's blouses, shirts, socks, sportswear and suits, dresses, skirts, pants; bodies, namely bodices, body suits, body shapers; embroidered blouses, shirts, socks, sportswear, suits, dresses, skirts, pants.

Services

Class 35

(1) Marketing research; consumer research; market research; business research; advertising research; advertising research services; market research studies; business research services; market research consultancy; computerised market research; marketing research services; market research services; business research consulting; computerised business research; research for business purposes; marketing research or analysis; market research and analysis; commercial information research studies, namely designing polls and market research study questions and questionnaires for others; business research and surveys; business and market research; market research for advertising; providing business information in the field of marketing and business via a website; business research services; retail services relating to jewelry; retail services relating to clothing.

Class 36

(2) Financial research services; global investment research services; insurance consultancy; preparation of insurance reports; financial research; financial research services; financial investment research services; economic research services [financial].

Class 41

(3) Education namely, providing lectures, classes, seminars, workshops, tutorial sessions and conferences in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum

engineering and Artificial Intelligence technology; educational research in the field of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; educational demonstrations in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; educational testing services for preparing, administering and analyzing qualifying examinations in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science,

environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; educational examination to provide qualifications in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; further education, namely operation of an educational institution at the university level; music education, namely teaching in the field of music; lingual education, namely development and provision of lectures, classes, seminars, workshops, tutorial sessions and conferences in the field of language training; health education, namely teaching in the field of medicine, women's health, men's health, adolescent and children's health; education examination to provide qualifications in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics,

biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; vocational education in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; providing education information in the field of career planning; providing lectures, classes, seminars, workshops, tutorial sessions and conferences of educational instruction in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage

technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; educational consultancy in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; physical education; singing education, namely teaching in the field of singing; religious education; educational information, namely providing information in the field of university courses, providing information in the field of education in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology,

logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; providing continuing legal education lectures, classes, seminars, workshops, tutorial sessions and conferences; primary education services, namely operation of an elementary school, conducting courses of instruction at the primary level; medical educational consultancy services, providing continuing medical education courses; sporting education services, namely physical education services; computer education training; management education services, namely developing educational curriculum for others in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; dietary education services, namely provision of educational lectures, classes, seminars, workshops, tutorial sessions and conferences in the field of diet; physical health education; pre-school education, namely providing classroom instruction at the preschool level; technological education services, namely providing lectures, classes, seminars, workshops, tutorial sessions and conferences in the field of information technology; physical education services; sports education services namely providing lectures, classes, seminars, workshops, tutorial sessions and conferences in the field of sports; developing educational manuals; physical education instruction; educational institute services, namely operation of an educational institution at the high school level, operation of an educational institution at the college level, operation of an educational institution at the university level; club education services, namely providing training to members in the fields of language, music, singing, logic, philosophy, business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology,

microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; career counselling; boarding school education; team building, namely providing group training in the field of organizational effectiveness featuring team building activities; educational advisory services, namely educational services in the field of career advice and guidance; educational certification services, namely, providing training and educational examination in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; organising of exhibitions for educational purposes in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science,

environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; computer assisted education services in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology for people with learning disabilities; rental of educational materials namely, rental of textbooks, books, magazines, journals for educational purposes; setting of educational standards, namely standardized educational testing; organising of educational congresses in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology,

medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; education in road safety, namely vehicle driving instruction; organisation and arranging of educational events in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; issuing of educational awards, namely providing recognition and incentives by the way of awards to promote education in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building

information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; publication of educational materials, namely textbooks, magazines and journals for educational purposes; publication of educational books; blindness prevention education services, namely educational services in the field of eye care and eye treatment products for the prevention of blindness; organising of educational games in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; organising of education competitions, namely organising of competitions in the field of medicine, organising of electronic game competitions, organising of math competitions, organising of spelling competitions, organising of music competitions; development of educational materials namely textbooks, magazines and journals for educational purposes; education in movement awareness, namely physical education; publishing of educational material namely textbooks, magazines and journals for educational purposes; publication of educational texts; secondary school educational services, namely conducting courses of instruction at the high school level; organization of educational symposia in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering,

pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; organising of education conventions in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; wine tasting services, namely provision of wine tasting classes; provision of physical education; physical fitness education services; research library services.

Class 42

(4) Biological research, clinical research and medical research; mechanics research, namely research in the field of mechanical engineering; hydrological research; research in the field of computer software; biotechnological research, namely research in the medical, pharmaceutical and industrial biotechnology field; cosmetics research; agricultural research; physics research; biological therapeutic research services; laboratory research in the field of pharmaceuticals; technical research in the field of pharmaceuticals; biochemical research; engineering research, namely research in the fields of quantum engineering, aerospace engineering, chemical engineering, civil engineering, computer software engineering and electrical engineering; product

research, namely research of new products for others; pharmaceutical research laboratory services; meteorological research for the purpose of weather forecasting, providing weather information and weather reporting; bacteriological research; genetic research, namely scientific research in the field of genetics; archaeological research services; chemical research; architectural research; industrial research in the fields of business management, economics, commerce, mathematics, language, music, medicine, career planning, singing, law, physical education, physics, chemistry, astronomy, earth science, biology, botany, zoology, microbiology, ecology, genetics, sociology, anthropology, political science, geography, computer science, statistic, logic, philosophy, medicine, agriculture, forensic science, environmental science, biophysics, biochemistry, geophysics, astrobiology, materials science, computing technology, telecommunication technology, global computer networking technology, genetic engineering, pharmaceutical biotechnology, agricultural biotechnology, medical diagnostic technology, medical therapeutic technology, remote medicine services, renewable energy technology, energy storage technology, nuclear technology, pollution control technology, waste management technology, environmental monitoring technology, automation and robotics, additive manufacturing, material processing technology, building information modelling, green building technology, smart infrastructure, automotive technology, aerospace technology, logistics and supply chain technology, nanomaterials, nanoelectronics, nanomedicine, precision agriculture, hydroponics and aquaponics, genetically modified organisms, natural language processing (NLP), computer vision, robotics, machine learning, satellites, astrophysics technology, cybersecurity technology, blockchain technology, civil engineering, mechanical engineering, electrical engineering, computer engineering, chemical engineering, aerospace engineering, industrial engineering, biomedical engineering, environmental engineering, marine engineering, materials engineering, agricultural engineering, nuclear engineering, software engineering, textile engineering, mining engineering, robotics engineering, global positioning systems engineering, telecommunications engineering, robotics engineering, petroleum engineering and Artificial Intelligence technology; geological research; building research services, namely industrial research in the field of building construction materials, research in the field of building construction; oceanographic research services; research in instrumentation, namely research in the field of development of scientific measuring instruments; research of foodstuffs; research in the field of computer hardware and software; electrical safety research; chemical technological research; research of cosmetics; research on the subject of pharmaceuticals; mathematical research services, namely research in the field of theoretical and applied mathematics, namely algebra, geometry, topology, mathematical statistics, differential equations and mathematical physics; industrial process control computer software research; computer design research, namely research in the field of computer software design; biochemistry research services; tyre research services; research of fisheries, namely research in the field of commercial wild fisheries and fish farms; biomedical research services; pharmaceutical research services; agrochemical research services; geophysical research services; stem cell research, namely testing of stem cells for scientific research purposes; research relating to insecticides; research relating to computer security, namely research in the field of internet security and information security on computers; bacteriological research and testing; research relating to computers; biochemical research and development; research in automobile engine building; research relating to bacteriology; research relating to technology, namely technological research in the field of computer hardware systems; cell separation for scientific research purposes; molecular biological research laboratory services; chemical research laboratory services; research and development of new products for others; research relating to computer design; research relating to demography, namely research in the field of human births, deaths, income and disease statistics; geological surveys, geological research; optical research laboratory services; medical research laboratory services; pharmaceutical research and development; biochemical research and

analysis; analysis for oil research; research relating to medicine; chemical research and analysis.

Class 45

(5) Genealogy research; genealogical research; legal research; legal research services; political research and analysis, namely legal research in the field of public policy.

Claims

Priority Filing Date: December 9, 2021, Country or Office: UNITED KINGDOM, Application No: UK00003730908 in association with the same kind of goods and in association with the same kind of services

Application Number 2,221,167

Visual Representation

Trademark Description

The letters forming the terms LE CHIPSIER FRANCAIS BRETTS are white. The flag underneath has three stripes. All these elements appear inside an oval shape with a black background.

Goods

Class 29

(1) Preserved, dried, oil-fried and dehydrated fruits and vegetables, jellies, jams, compotes; potato chips; aperitif products in the nature of soy-based snack foods, vegetable-based snack foods, meat-based snack foods, potato-based snack foods; aperitif products made with fruits, vegetables or legumes, namely snacks, snack foods made with fruits, vegetables and legumes; potato-based appetizers, namely sweet potato chips and crisps, sweet potato-based snacks, potato crackers and chips, potato-based snack foods, potato sticks; legume-based snack foods; legume-based reconstituted chips, all these products being of French origin or made in France.

Class 30

(2) Preparations made with cereals, namely cereal flour, buckwheat flour, cereal-based snacks, processed buckwheat; cookies; aperitif products in the nature of sesame-based snack foods, rice-based snack foods, corn-based snack foods, wheat-based snack foods; cereal-based snack foods; tortilla-based snack foods; savoury flour-based snack foods; crispy bread-based snack foods; puffed corn-based snack foods; extruded wheat-based snack foods; extruded corn-based snack foods; snack foods primarily made of extruded cereals; ready-to-eat savoury snack foods made with corn flour and made by extrusion; reconstituted chips made with cereal flour, legume-based puffed or extruded aperitif biscuits, all these products being of French origin or made in France.

Services

Class 35

(1) Retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan

control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, anti-theft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multipurpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and

markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; online retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock

boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, antitheft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multi-purpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; Providing customer loyalty, appreciation, incentive awards, rewards, and discount programs, for commercial, promotional and advertising purposes; providing incentive award programs for customers that provide discount coupons and gift cards for purchase of goods and services; advertising and marketing services, namely, promoting the goods and services of others; promoting the goods and services of others through product giveaways and promotions, sweepstakes and contests.

Class 37

(2) Automotive repair services, namely, repair and installation of automotive parts and accessories; Automotive repair services, namely, diagnosis of automotive parts and accessories in the nature of information relating to motor vehicle repair; installation of motor vehicle batteries and windshield wiper blades.

Class 39

(3) Collection centers for waste oil, used batteries and other recyclable goods; delivery services to customers in the field of vehicle and auto parts and accessories by truck, courier and mail.

Class 41

(4) Providing online non-downloadable instructional videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; entertainment services, namely, an ongoing online non-downloadable video series in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; providing non-downloadable videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair via a website.

Class 42

(5) Testing and inspection of motor vehicle batteries, starters, alternators, electrical systems and engines; vehicle diagnostic tests and scans; testing automotive parts and accessories for diagnostic purposes.

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, white and yellow are claimed as a feature of the mark. The mark consists of a stylized black and white checkered flag followed by a yellow flagpole followed by the term ADVANCE; the white background is not claimed as a feature of the mark.

Services

Class 35

(1) Retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control

door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, anti-theft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multipurpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake

hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; online retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers,

computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, antitheft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multi-purpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; Providing customer loyalty, appreciation, incentive awards, rewards, and discount programs, for commercial, promotional and advertising purposes; providing incentive award programs for customers that provide discount coupons and gift cards for purchase of goods and services; advertising and marketing services, namely, promoting the goods and services of others; promoting the goods and services of others through product giveaways and promotions, sweepstakes and contests.

Class 37

(2) Automotive repair services, namely, repair and installation of automotive parts and accessories; Automotive repair services, namely, diagnosis of automotive parts and accessories in the nature of information relating to motor vehicle repair; installation of motor vehicle batteries and windshield wiper blades.

Class 39

(3) Collection centers for waste oil, used batteries and other recyclable goods; delivery services to customers in the field of vehicle and auto parts and accessories by truck, courier and mail.

Class 41

(4) Providing online non-downloadable instructional videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; entertainment services, namely, an ongoing online non-downloadable video series in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; providing non-downloadable videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair via a website.

Class 42

(5) Testing and inspection of motor vehicle batteries, starters, alternators, electrical systems and engines; vehicle diagnostic tests and scans; testing automotive parts and accessories for diagnostic purposes.

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, white and yellow are claimed as a feature of the mark. The mark consists of a stylized black and white checkered flag followed by a yellow flagpole over the term ADVANCE over the term AUTO PARTS; the white background is not claimed as a feature of the mark.

Services

Class 35

(1) Retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo

dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, anti-theft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multipurpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays,

oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; online retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber

clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, antitheft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multi-purpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; Providing customer loyalty, appreciation, incentive awards, rewards, and discount programs, for commercial, promotional and advertising purposes; providing incentive award programs for customers that provide discount coupons and gift cards for purchase of goods and services; advertising and marketing services, namely, promoting the goods and services of others; promoting the goods and services of others through product giveaways and promotions, sweepstakes and contests.

Class 37

(2) Automotive repair services, namely, repair and installation of automotive parts and accessories; Automotive repair services, namely, diagnosis of automotive parts and accessories in the nature of information relating to motor vehicle repair; installation of motor vehicle batteries and windshield wiper blades.

Class 39

(3) Collection centers for waste oil, used batteries and other recyclable goods; delivery services to customers in the field of vehicle and auto parts and accessories by truck, courier and mail.

Class 41

(4) Providing online non-downloadable instructional videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; entertainment services, namely, an ongoing online non-downloadable video series in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; providing non-downloadable videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair via a website.

Class 42

(5) Testing and inspection of motor vehicle batteries, starters, alternators, electrical systems and engines; vehicle diagnostic tests and scans; testing automotive parts and accessories for diagnostic purposes.

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, white and yellow are claimed as a feature of the mark. The mark consists of a stylized black and white checkered flag followed by a yellow flagpole followed by the term ADVANCE AUTO; the white background is not claimed as a feature of the mark.

Services

Class 35

(1) Retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control

door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, anti-theft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multipurpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake

hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; online retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers,

computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, antitheft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multi-purpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; Providing customer loyalty, appreciation, incentive awards, rewards, and discount programs, for commercial, promotional and advertising purposes; providing incentive award programs for customers that provide discount coupons and gift cards for purchase of goods and services; advertising and marketing services, namely, promoting the goods and services of others; promoting the goods and services of others through product giveaways and promotions, sweepstakes and contests.

Class 37

(2) Automotive repair services, namely, repair and installation of automotive parts and accessories; Automotive repair services, namely, diagnosis of automotive parts and accessories in the nature of information relating to motor vehicle repair; installation of motor vehicle batteries and windshield wiper blades.

Class 39

(3) Collection centers for waste oil, used batteries and other recyclable goods; delivery services to customers in the field of vehicle and auto parts and accessories by truck, courier and mail.

Class 41

(4) Providing online non-downloadable instructional videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; entertainment services, namely, an ongoing online non-downloadable video series in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; providing non-downloadable videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair via a website.

Class 42

(5) Testing and inspection of motor vehicle batteries, starters, alternators, electrical systems and engines; vehicle diagnostic tests and scans; testing automotive parts and accessories for diagnostic purposes.

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, white and yellow are claimed as a feature of the mark. The mark consists of a stylized black and white checkered flag followed by a yellow flagpole; the white background is not claimed as a feature of the mark.

Services

Class 35

(1) Retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo

management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, anti-theft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multipurpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield

clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; online retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel

retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, antitheft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multi-purpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; Providing customer loyalty, appreciation, incentive awards, rewards, and discount programs, for commercial, promotional and advertising purposes; providing incentive award programs for customers that provide discount coupons and gift cards for purchase of goods and services; advertising and marketing services, namely, promoting the goods and services of others; promoting the goods and services of others through product giveaways and promotions, sweepstakes and contests.

Class 37

(2) Automotive repair services, namely, repair and installation of automotive parts and accessories; Automotive repair services, namely, diagnosis of automotive parts and accessories in the nature of information relating to motor vehicle repair; installation of motor vehicle batteries and windshield wiper blades.

Class 39

(3) Collection centers for waste oil, used batteries and other recyclable goods; delivery services to customers in the field of vehicle and auto parts and accessories by truck, courier and mail.

Class 41

(4) Providing online non-downloadable instructional videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; entertainment services, namely, an ongoing online non-downloadable video series in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; providing non-downloadable videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair via a website.

Class 42

(5) Testing and inspection of motor vehicle batteries, starters, alternators, electrical systems and engines; vehicle diagnostic tests and scans; testing automotive parts and accessories for diagnostic purposes.

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, white and yellow are claimed as a feature of the mark. The mark consists of a stylized black and white checkered flag followed by a yellow flagpole over the term ADVANCE; the white background is not claimed as a feature of the mark.

Services

Class 35

(1) Retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo

dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, anti-theft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multipurpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays,

oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; online retail store, wholesale store, and retail and wholesale commercial store services featuring motor vehicle, truck, lawn, motorcycle, marine and farm equipment parts and accessories for motor vehicles, namely floor mats, floor and cargo liners, motor vehicle covers, trailer hitch covers, sunshades, wind deflectors, door window deflectors, sunroof wind deflectors, bug deflectors, bug guards, snow plows, tire chains and traction equipment, snow brushes and ice scrapers, battery heaters, tents for motor vehicles, heat and sound insulation, keys, alarm and keyless entry transmitters, remote key housings, key fobs, keyless entry relays, vehicle keys, keyless entry module connectors, key chains and holders, keyless entry batteries, license plate frames, license plate brackets, license plate mounting hardware, license plate frame trim, license plate covers, license fastener assortment, license plate retainers, undercoatings, rust protectors and skid plates, undercar shields and shield clips, reflector assemblies, L.E.D.s and strobes cell AC adapters and chargers, running boards, arm rests, signs, ash trays, brackets, ash tray clips, ash tray light connector, fenders, splash shield retainers, fender splash shields, body molding sets, rocker panel molding retainers, fender molding retainers, fender liner retainers, console clips, body side molding clips, weatherstripping, retaining clips weatherstrip fasteners, stone guard clips, quarter panel extension retainers, storage containers, cargo carriers, cargo anchors and universal cleats, cargo dividers, liquid transfer tanks, cooler bag, universal pet barriers, saddle bags and storage, cargo management systems, folding tents, litter bags, decals, door molding retainers, door interior trim panel retainers, door lock relays, door sill plate clips, door harness connectors, window power switch retaining clips, fuel filler door relays, door armrest clips, door mirror relays, remote control door lock receiver retainers, door lock switch connectors, radiator support baffle clips, radiator fan control relays, engine coolant reservoir clips, heater relays, engine cooling fan shroud clips, engine water pump relays, air fresheners, bumper pad retainer strips, bumper cover trim panel retainers, engine covers, power accessory relays, power relays, multi-purpose relays, main relays, auto shut down relays, wiring relays, accessory delay relays, time delay relays, roof tops and racks, roof rail seals, roof header panel clips, bicycle carriers, roof racks and parts therefor, ladder racks, utility racks, lighting, exterior lighting, light relays, fog lamp relays, daytime running light relays, parking light relays, fog light housing clips, fog light screws, interior lighting, interior panel retainers, courtesy light relays, interior light relays, courtesy light connectors, dome light clips, electrical connectors, body wiring harness connectors, instrument panel harness connectors, interior wiring harness connectors, lighting wiring harness connectors, dome lamp connectors, engine wiring harness connectors, cross body wiring harness connectors, traction control switch connectors, cigarette lighter connectors, air conditioning relays, AC compressor cut-out relays, AC compressor relays, AC line clips, ABS control relays, AC harness connectors, AC accumulator bracket retainers, HVAC Automatic Temperature Control (ATC) relays, trunk lining retainers, trunk and liftgate relays, trunk floor access cover clips, tailgate relays, grilles, grille retainers, tail, stop and turn lights, turn signal relays, brake light relays, center high mount stop light connectors, driving light relays, center high mount stop light retainers, turn signal assembly fasteners, tail light housing clips, sound absorber

clips, radio wiring relays, park assist control module clips, speaker relays, radio clips, cowl panel retainers, hood seal clips, engine air duct clips, engine air box clips, sun visors sun visor clips, powertrain control module relays, automatic transmission axle relays, overdrive relays, transmission control relays, manual transmission upshift relays, body control module retainers, computer control relays, engine control module relays, engine control module clips, locks, lock boxes, tool box locks, cup holders, power seat relays, seat back panel clips, heated seat module clips, seat cushion clips, heated seat relays, headlight relays, headlight dimmer relays, headlight delay relays, interior light switch connectors, truck bed panels, truck bed liner clips, air distribution duct clips, fasteners, air dam clips, instrument panel relays, illumination relays, instrument panel dimmer switch connectors, instrument panel wiring harness relays, ABS relays, ABS modulator relays, ABS harness connectors, ABS control module clips, starter relays, starter cutoff relays, blower relays, HVAC air outlet retainers, dash panel insulator clips, antitheft relays, door latch anti-theft shield retainers, ambient air temperature sensor clips, mass air flow sensor relays, ambient air temperature sensor connectors, bungees, stretch cords, and ropes, active suspension relays, suspension air compressor relays, air suspension sensor connectors, fuel pump relays, fuel filler neck clips, window tint pre-cut film, idle speed control relays, emission control relays, fast idle relays, back up light relays, neutral safety relays, headlights headlight retainers, communication interface module retainers, cell phone mounts, fuel injection relays, horn parts, horn relays, defogger relays, seat belts, seat belt retainers, clocks, carpets, floor carpet clips, cigarette lighters and accessories therefor, exterior wiring harnesses, body wiring harness clips, ignition relays, power window relays, wiper relays, engine wiring harnesses, engine wiring harness clips, engine wiring harness relays, GPS navigation control modules, GPS navigation control module clips, hood latch cover retainers, deck lid latch clips, speakers, speaker connectors, speaker cover clips, cruise control relays, brake air duct retainers, roll bars, roll bar covers, fire extinguishers, first-aid kits, performance skid plates, secondary air injection relays, fuses fuse box cover clips, sunroof relays, trailer towing relays, wire connectors, multi-purpose wire connectors, battery heat shield retainers, headliner retainers, license plates mirrors, heated mirror relays, oxygen sensor relays, electronic brake control relays, antennas, antenna retainers, fuel tank shield clips, turbocharger intercooler seal clips, throttle control relays, windshield washer fluid, washer relays, battery cables and terminals, battery cable retainers, hybrid battery compartments, cooling fan duct clips, transfer case relays, battery sensors and switches, battery cut-out relays, brake hydraulics, brake pressure relays, convertible top relays, glove boxes, glove box clips, pens and markers and pencils, transmission oil cooler fittings, key rings, liftgate object sensor retainers, seat covers, airbags, curtain air bag clips, brake sensors and switches, parking brake switch connectors, amplifiers, radio amplifier connectors, and tools, hardware for motor vehicles, namely, powertrain hardware for motor vehicles, chassis hardware for motor vehicles, electrical hardware for motor vehicles, brake hardware for motor vehicles, interior hardware for motor vehicles, and batteries and consumer electronics; Providing customer loyalty, appreciation, incentive awards, rewards, and discount programs, for commercial, promotional and advertising purposes; providing incentive award programs for customers that provide discount coupons and gift cards for purchase of goods and services; advertising and marketing services, namely, promoting the goods and services of others; promoting the goods and services of others through product giveaways and promotions, sweepstakes and contests.

Class 37

(2) Automotive repair services, namely, repair and installation of automotive parts and accessories; Automotive repair services, namely, diagnosis of automotive parts and accessories in the nature of information relating to motor vehicle repair; installation of motor vehicle batteries and windshield wiper blades.

Class 39

(3) Collection centers for waste oil, used batteries and other recyclable goods; delivery services to customers in the field of vehicle and auto parts and accessories by truck, courier and mail.

Class 41

(4) Providing online non-downloadable instructional videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; entertainment services, namely, an ongoing online non-downloadable video series in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair; providing non-downloadable videos in the fields of motor vehicles, motor vehicle ownership, motor vehicle maintenance, and motor vehicle repair via a website.

Class 42

(5) Testing and inspection of motor vehicle batteries, starters, alternators, electrical systems and engines; vehicle diagnostic tests and scans; testing automotive parts and accessories for diagnostic purposes.

Visual Representation

The image shows the handwritten text "Shine On" in a dark, cursive script. The letters are connected, with "Shine" and "On" written as a single unit. The "S" is large and loops around the "h". The "i" has a dot. The "n" and "e" are connected. "On" starts with a capital "O" and ends with a capital "n".

Goods

Class 09

(1) Educational software for children; educational software containing topics of instruction in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology

Class 16

(2) Educational materials, namely, educational books, printed course catalogues, printed research reports, and printed course materials in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology; printed publications, namely, books, newsletters, magazines, research periodicals, surveys, and brochures; Printed manuals for instructors of a weight control program and printed publications and informational literature distributed to participants in a weight control program

Class 24

(3) Banners of textile and plastic

Class 25

(4) Casual clothing, hats and caps; t-shirts

Services

Class 35

(1) Promoting public awareness of the health and wellness benefits of physical activity and exercise

Class 36

(2) Fundraising services; charitable fundraising services

Class 41

(3) Providing education and training services, namely, providing seminars and courses in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology; conducting training courses for developing and providing leadership; publishing and distribution of printed publications, namely, books, magazines, periodicals and text books; operation of a school offering educational and training services, namely, conducting courses of instruction and distance learning at the middle school and high school levels; providing educational information and information on seminars and courses in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology via social media networking; providing educational and training materials, namely, educational books, downloadable course catalogues and downloadable course materials in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology via a website; Providing educational software containing topics of instruction in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology via a website; Providing general educational information in the fields of art, business, history, geography, linguistics, math, aboriginal studies, career counseling, science, religion, humanities, fitness, and computer technology via a website; Conducting fitness classes; developing fitness programs; Community service programs to help youth cultivate civic responsibility and engagement in their communities through the offering of organized social events, sports, and health and wellness programs to encourage leadership, character, compassion and good citizenship; Educational programs for children to foster discovery skills, research skills and problem solving; operating year-round and seasonal camps, namely, day camps and overnight camps

Class 43

(4) Providing emergency shelter services in the nature of temporary housing; providing child care centres

Class 45

(5) Providing information in relation to migration and immigration services; providing humanitarian service, organizing youth groups to undertake projects to benefit the needy and the community to encourage leadership, character, compassion, and good citizenship

Goods

Class 09

(1) Computer software, firmware, programs for use in listing local musical, theatrical and comedy live performances and allowing the user to purchase tickets; downloadable software applications for use in listing local musical, theatrical and comedy live performances and allowing the user to purchase tickets; downloadable software applications for mobile phones, smart phones, desktop computers, laptops and tablet computers for use in listing local musical, theatrical and comedy live performances and allowing the user to purchase tickets; screensavers; media (downloadable) carrying electronic publications including books, magazines, concert reviews, newsletters; downloadable electronic publications, namely, books, magazines, newsletters; software and downloadable software applications for organising, promoting, hosting, producing, booking, reservation and ticketing of music entertainment events, live music events, sporting events and cultural events; software and downloadable software applications providing access to music entertainment events, live music events, sporting events and cultural events streamed over the internet; software and downloadable software applications for creating, issuing, validating upon entry to venue of tickets and passes providing access to music entertainment events, live music

events, sporting events and cultural events; downloadable digital media content being audio and visual recordings of live music events ; high definition recordings and digital recordings of music events, sporting events and cultural events downloadable from the Internet; digital material namely downloadable digital media content being audio and visual recordings of music and music videos to be downloaded and streamed over the internet; digital music recordings provided from or downloadable from the Internet including by downloading or by streaming; downloadable digital recordings of music entertainment events, live music events, sporting events and cultural events; podcasts; audio books; e-books; downloadable music video clips; downloadable pre-recorded digital media files being viral video, interviews in the field of music and entertainment, and spoken word poetry recordings; cases, covers and sleeves for electronic devices namely laptops and tablet computers, mobile phones, electronic books, CD and DVD players and MP3 players; laptop cases; laptop covers; phone cases; phone covers; cases for headphones; cases for earphones; headphones; earphones; in-ear headphones; magnetic access badges; photographic and cinematographic films; all-in-one printers for printing of tickets, passes, wristbands, entry cards; coin-operated mechanisms for vending machines; automatic ticket dispensers; ticket dispensing terminal, electronic; computers for reserving tickets, admission tickets and travel passes for music events, sporting events and cultural events; colour printers for printing tickets; all-in-one printers for printing and issuance of tickets, passes, wristbands, entry cards for music events, sporting events and cultural events; computer software and hardware for accounting; computer hardware and software for managing seat reservations at live musical events; Parts and fittings for all the aforesaid goods.

Class 18

(2) Carry-all bags; backpacks; rucksacks; sports bags; holdalls; luggage; wallets; purses; belt pouches; card holders; leather boxes; trunks; music cases; key cases; key pouches; travel cases; travel pass holders; business card cases; umbrellas; parts and fittings for all the aforesaid goods.

Class 21

(3) Statues, figurines, figures, sculptures, plaques and works of art, made of porcelain, terra-cotta or glass; food containers for household and kitchen use; reusable water bottles sold empty, reusable stainless steel water bottles sold empty; water bottles; cups; plates; mugs; beer mugs; vacuum flasks; hip flasks; lunch boxes; decorative boxes made of porcelain, terra-cotta or glass; money banks; parts and fittings for all the aforesaid goods.

Class 25

(4) Clothing namely sportswear and casual wear, footwear namely shoes, sandals, boots and casual footwear and sports footwear, headgear namely caps, hats, visors and bandanas; T-shirts; vests; hoodies; sweaters; jumpers; sweatshirts; joggers; tracksuits; sportswear; trainers; jackets; shirts; socks; caps; hats; visors; scarves; gloves; wrist bands.

Services

Class 35

(1) Advertising the goods and services of others through all available public communication means; advertising the live music events of others on the internet; advertising by transmission of on-line publicity for third parties through electronic communications networks of live musical events and music venues, performers and artists publicity, marketing consulting, and promotion of the music of musical performers and artists; marketing research and studies; auctioneering; online advertising services on a computer network and via the internet and through smartphones and tablet computers of the musical events of others; direct mail advertising of the goods and services of others; dissemination of advertising materials for others; booking agency services of performing

artists for music entertainment events, live music events, sporting events and cultural events; administrative processing of purchase and sales orders; administrative processing of purchase and sales orders over the Internet and/or computer networks; administrative processing of sales and orders of tickets and passes providing access to music entertainment events, live music events, sporting events and cultural events; business administration assistance in the field of sales promotion for others; accounting; promotion of music venues, musical performers, and musical concerts of others by means of providing online portfolios and concert listings via a website; retail services in relation to cases, covers and sleeves for electronic devices including laptops and tablet computers, mobile phones, electronic books, CD and DVD players and MP3 players, cases for headphones, cases for earphones, headphones, earphones, in-ear headphones, bags, backpacks, rucksacks, sports bags, holdalls, luggage, wallets, purses, pouches, card holders, leather boxes, trunks, music cases, key cases, key pouches, travel cases, travel pass holders, business card cases, umbrellas, statues, figurines, figures, sculptures, plaques and works of art, containers for household and kitchen use, bottles, water bottles, cups, plates, mugs, beer mugs, flasks, hip flasks, lunch boxes, boxes, money banks, clothing, footwear, headgear, t-shirts, vests, hoodies, sweaters, jumpers, sweatshirts, joggers, tracksuits, sportswear, trainers, jackets, shirts, socks, caps, hats, visors, scarves, gloves, wrist bands; online retail services in relation to cases, covers and sleeves for electronic devices including laptops and tablet computers, mobile phones, electronic books, CD and DVD players and MP3 players, cases for headphones, cases for earphones, headphones, earphones, in-ear headphones, bags, backpacks, rucksacks, sports bags, holdalls, luggage, wallets, purses, pouches, card holders, leather boxes, trunks, music cases, key cases, key pouches, travel cases, travel pass holders, business card cases, umbrellas, statues, figurines, figures, sculptures, plaques and works of art, containers for household and kitchen use, bottles, water bottles, cups, plates, mugs, beer mugs, flasks, hip flasks, lunch boxes, boxes, money banks, clothing, footwear, headgear, t-shirts, vests, hoodies, sweaters, jumpers, sweatshirts, joggers, tracksuits, sportswear, trainers, jackets, shirts, socks, caps, hats, visors, scarves, gloves, wrist bands; provision of an online and offline marketplaces for the sale and purchase of tickets; provision of an online and offline marketplaces for the sale and purchase of tickets and passes providing access to music entertainment events, live music events, sporting events and cultural events.

Class 38

(2) Streaming of audio, visual and audiovisual material via a global computer network; streaming audio and video material on the internet; streaming of entertainment events, sporting events, musical events, theatre, art events, television shows, motion pictures, art exhibitions, public shows, lectures over the internet and social media platforms ; live streaming of music entertainment events, live music events and cultural events; providing access to music entertainment events, live music events, sporting events and cultural events, streamed over the internet and digital recordings of music entertainment events, live music events, sporting events and cultural events.

Class 41

(3) Ticket reservation and booking services for entertainment, sporting and cultural events; live music ticket agency services; booking, seating, ticket reservation and sales services for entertainment, sporting and cultural events; booking, seating, ticket reservation and sales services relating to music entertainment events, live music events, sporting events and cultural events; information about upcoming live musical performances and ticket purchasing agency services provided to musical venues, provided via a web site; entertainment ticket agency services; ticket purchasing agency services for live music venues; provision of online electronic publications in the field of live musical entertainment; publishing of electronic newsletters; music publishing services; publishing electronic digital music and music video; organising, hosting, producing and ticketing of

music entertainment events, sporting events, live music events and recorded music events streamed over the internet; organising, hosting, producing, booking, reservation and ticketing of music entertainment events, live music events, sporting events and cultural events; creating, issuing and validating tickets and passes providing access to music entertainment events, live music events, sporting events and cultural events.

Class 09

(1) Wearable electronic machines and instruments with smart data communication functions for 3D imaging human body measurements to track the user's fitness, weight loss and body transformation progress; electronic machines and instruments with smart data communication functions for 3D imaging human body measurements to track the user's fitness, weight loss and body transformation progress; electronic machines and instruments for human body measurements namely, weight and height measuring instruments as well as neck, shoulders, chest, upper arm, waist, hips, thigh and calf measuring instruments; electronic measuring instruments with smart data communication function for measuring and digitizing the size of a user's body; electronic mat-type measuring instruments for measuring the length and shape of parts of the human body including the body and feet and hands; electronic measuring instruments, namely 3D human body shape measuring instruments for measuring human head size, body size, foot size, shoe size, and hand size; electronic mat-type foot form measuring instruments and machines for matching footwear using 3D measurements; electronic foot form measuring instruments and machines, namely, shoes size measuring instruments; electronic measuring and testing machines and instruments to enable users to measure human body size, foot size, shoe size, and hand size; downloadable application software for mobile phones, tablets, and computers to enable users to access an online website selling clothing and fashion accessories; wearable computer hardware, namely, three-dimensional scanners for human body measurement used for making custom made clothing; downloadable computer software for three-dimensional scanners for human body measurements used for making custom made clothing; downloadable computer software platforms for social networking applications; downloadable computer software for measurements and digitizing the size of a user's body; facial recognition software; downloadable virtual reality computer software for playing computer games; downloadable computer software platforms for mobile application development; non-downloadable computer software for use as an application programming interface (API) which facilitates online services for social networking, building social networking applications and searching, uploading, downloading, accessing and

managing electronic data, namely text, images, audio and video recordings via the internet and global computer communication networks; computer software for measuring and digitizing the size of a user's body; downloadable computer software application for identification of the skeletal structure of the human body in order to offer personalized clothing and fashion accessories recommendation; downloadable application software for mobile phones and mobile devices in the field of dietary information and fitness; computer software for accessing e-mail and text messages; downloadable computer software to enable uploading, downloading, accessing, posting, displaying, tagging, blogging, streaming, linking, sharing or otherwise providing electronic media or information, namely, text, photographs, videos, images in the fields of virtual communities, electronic gaming, entertainment, and general interest via computer and communication networks with third parties; electronic control apparatus, namely, electronic computer controllers, power controllers for cameras, multi-port controllers for cameras, remote controllers for cameras, smart phones and tablet computers, and motion controllers for cameras; electronic navigating apparatus, namely, multi-function displays (MFD) in the nature of electronic display screens; electronic testing apparatus, namely, RFID readers for testing durability of radio frequency identification (RFID) tags; electronic monitoring apparatus, other than for medical purposes, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals; electronic image analyzer, namely computer application software for analyzing the colour of skintones in photographs; 3D spectacles; virtual reality headsets; downloadable images, videos, text data and music files featuring clothing, hats and caps, footwear, special clothing for sports, special shoes for sports, sports equipment, eyeglasses, sunglasses, belts, bags, pouches, umbrellas, sanitary masks, headgear, jewelry, personal ornaments, key chains, stickers, stationery toys, dolls, game equipment, furniture, watches and clocks, household linen, cosmetics and fashion accessories that can be downloaded over a communications network to be used online, in an online virtual environment, augmented reality environment, or mixed reality environment; downloadable image files featuring clothing, hats and caps, footwear, special clothing for sports, special shoes for sports, sports equipment, eyeglasses, sunglasses, belts, bags, pouches, umbrellas, sanitary masks, headgear, jewelry, personal ornaments, key chains, stickers, stationery, toys, dolls, game equipment, furniture, watches and clocks, household linen in the field of fashion, fitness, dietary information; photographic machines and apparatus, namely, photographic cameras, viewfinders, photographic projectors; cinematographic machines and apparatus, namely, cinematographic cameras, cinematographic projectors, editing machines for cinematographic films, movie projectors; optical machines and apparatus, namely, optical scanners, optical lamps, optical disc readers; sunglasses; spectacles [eyeglasses and goggles]; straps for mobile phones; mobile phones and straps for mobile phones; smartphones; personal digital assistants; telecommunication machines and apparatus namely, radio frequency identifiers in the nature of RFID readers; downloadable game programs; game programs for arcade video game machines; simulator for vehicle driving skill training; electronic sports training simulators, namely, vehicle drive training simulators; game programs for home video game machines; electronic circuits and cd-roms recorded with programs for hand-held games with liquid crystal displays; metronomes; electronic control circuits and cd-roms (compact disc - read only memory) recorded with programs for automatic performance of electronic musical instruments; electric and electronic effects units for electric or electronic musical instruments; downloadable music files; pre-recorded video discs and video tapes containing fashion shows; downloadable electronic publications in the nature of magazines

Class 25

(2) Tights incorporating a telecommunication function for electronically transmitting body measurements; tights for 3D imaging human body measurements; clothing incorporating a

telecommunication function for electronically transmitting body measurements , namely, socks, gloves, hats, caps, toques, headbands; 3D imaging human body measurement clothes, namely, shirts, pants, jackets, coats, raincoats, skirts, dresses, bodysuits, base layers, jerseys; sleepwear incorporating a telecommunication function for electronically transmitting body measurements, namely, pajamas, nightdresses, nightgowns, nightshirts; gloves incorporating a telecommunication function for electronically transmitting body measurements; 3D imaging human body measurement gloves; caps incorporating a telecommunication function for electronically transmitting human body measurements; anthropometry hats for scanning and measuring human head dimensions used to visualize training results; tee-shirts; non-japanese style outerclothing, namely, jackets and blazers; coats; sweaters; cardigans; vests and waistcoats; shirts; blouses; body suits; nightwear; socks and stockings other than special sportswear; gloves and mittens [clothing]; underwear [underclothing]; swimwear [bathing suits]; headgear for wear, namely, hats and caps; garters; sock suspenders; braces [suspenders] for clothing; waistbands; belts [clothing]; tights; clothing, namely, jackets, trousers, coats, sweaters, tee-shirts, shirts, dresses, underwear, pajamas, brassieres, swimwear, camisoles, sleep masks, socks and stockings other than special sportswear, shawls, gloves and mittens; shoes and boots; footwear, namely, shoes and boots, slippers, sandals ; sportswear; training wear; clothes for sports; athletic tights; special footwear for sports, namely, golf shoes, soccer shoes, ski boots, gymnastic shoes, climbing boots, baseball shoes.

Services

Class 35

(1) Computerized data management of personal health information such as weight, height, body fat, body temperature and blood pressure of the user; compilation of information relating to personal health information data such as body weight, height, body fat, body temperature and blood pressure into computer databases; data management services for use in managing user's health information and exercise history; Management and compilation of computerized databases; computerized file management; data search in computer databases, namely, data processing consultancy, data processing in the field of dietary information, exercise and fitness; data search in computer files for others, namely, analysis of market research data and statistics in the field of dietary information, exercise and fitness; Business services, namely, collection, systematization, compilation and analysis of business data and information stored in computer databases for other in the field of dietary information, exercise and fitness for commercial or advertising purposes; provision of business marketing information on sales ranking or popularity ranking of products or stores for commercial and advertising purposes in the field of dietary information, exercise and fitness; provision of business marketing information on sales ranking or popularity ranking for commercial and advertising purposes in the field of fitness gyms and health insurance; commercial information and advice for consumers in the choice of products and services in the field of dietary information, exercise and fitness; providing business information concerning commercial business management for others relating to questionnaire; market reputation research; provision of business marketing information on commercial sales of health foods, supplements and health-related products such as probiotics, herbal remedies, vitamins and mineral for commercial and advertising purposes; provision of information on sales of exercise products and fitness products; advertising the goods and services of others and advertising by transmission of on-line publicity of third parties through electronic communication networks; advertising agency services of others by mobile phone communications; advertising the goods and services of other by email; provision of business marketing information on product and services advertisements in newspapers and magazines for others; Preparing advertisements for others, namely planning and production of promotional videos and provision of information on them for commercial use via the internet and television; promoting the goods and services of others through advertisements via the internet;

provision of advertising space on websites; rental of advertising space on-line; promoting the goods and services of others through sponsorship of entertainment events; promoting the services of others related to health insurance through the administration of sales and promotional incentive schemes involving points, and provision of information related thereto; promotion of insurance services, on behalf of third parties; business intermediary services relating to the matching of various professionals with clients in field of dietary information, exercise and fitness; customer relationship management; arranging and conducting commercial merchandise exhibitions and merchandise fairs for commercial or advertising purposes in field of dietary information, exercise and fitness; organization of fashion shows for promotional purposes; promotion services for the sale of third-party goods and services by means of discount points; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; marketing advisory services in the fitness; marketing consulting services; providing information advice in the field of marketing research and analysis of consumer buying habits and consumer opinions for use in advertising the goods and services of others; providing information about business management in the field of fitness; market research and analysis services in the field of fitness; agency services for providing corporate information, namely, marketing trend information, business operation information, market research data, and business competitor analysis; intermediation services of sales contracts for the buying and selling of goods through e-commerce, and provision of information related thereto for others; procurement of contracts for the purchase of goods and services for others; provision of information on sales of fashion goods; providing information relating to commercial sales of fashion goods; business management analysis and business management consulting services; marketing research and analysis services; procurement services for others in the for of purchasing goods and services for other businesses in the field of fashion, fitness, dietary information; news clipping services; retail services or wholesale services for clothing; retail services or wholesale services for footwear, other than special footwear for sports; retail services or wholesale services for bags and pouches; retail services and wholesale services for electrical machinery and apparatuses, namely, electric lamps, electric thermal pots for household purposes, electric blankets for household purposes, electric humidifiers for household purposes, hair driers for household purposes; retail services and wholesale services for measuring instruments, namely, body size measuring instruments, foot size measuring instruments, shoe size measuring instruments, and hand size measuring instruments, clothing incorporating a telecommunication function for electronically transmitting body measurements and skin colour characteristics, namely, tights, socks, gloves, hats, caps, toques, headbands and bodysuits; retail services or wholesale services for fitness and exercise equipment; retail services or wholesale services for sports equipment; retail services or wholesale services for special clothes for sports; retail services or wholesale services for special footwear for sports; retail services and wholesale services for personal articles, namely, rings, necklaces, earrings, bracelets, belts, handkerchiefs, personal folding fans, cufflinks; retail services or wholesale services for supplements, health foods supplements, dietary supplements, dietetic beverages and foods adapted for medical purposes; retail services or wholesale services for carbonated drinks [refreshing beverages] and non-alcoholic fruit juice beverages; retail services or wholesale services for bicycles; retail services or wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services or wholesale services for photographic machines and apparatus, namely, photographic cameras, viewfinders, photographic projectors and photographic supplies namely, film, photographic paper, photo-developing chemicals, special effects chemicals, and photographic background supplies; retail services or wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; Business data and information processing by computers in the field of fashion, fitness, dietary information.

Class 42

(2) Design, creation or maintenance of computer application software; design, creation or maintenance of computer programs; leasing of access time to computer database; providing user authentication services in e-commerce transactions; rental of memory areas on computers, namely, rental of database servers for storing and managing electronic photographs, images, text data and audio data for others; design and development of application software and provision of information related thereto; providing a search engine for internet and smartphone application programs; rental of server storage space for personal schedule entry on web pages; providing online non-downloadable computer software use in the field of database management and personal schedule management for use by individuals for the purpose of managing, receiving, sending and modifying schedules for use with mobile phones or computers; providing online non-downloadable computer software for use as an application in the field of nutrition, exercise, fitness, and fashion; providing online non-downloadable computer software for use as application programming interfaces (APIs) to enable users to create and share audio, videos, images, text; hosting an interactive software platform and online non-downloadable software that enables users to upload, modify and share virtual reality content, information, virtual reality experiences and other user-generated content, namely audio and video messages, video content, animated graphics, 3D models, photographs, images, augmented reality photographic filters and special effects of images, and texts and captions added to images; hosting an interactive software platform and online downloadable software that allows users to upload, modify and share augmented reality content, information, augmented reality experiences and other user-generated content, namely audio and video messages, video content, animated graphics, 3D models, photographs, images, augmented reality photographic filters and special effects of images, and texts and captions added to images; rental of storage space for social networking servers for users to interact with on the internet; provision of scientific and technological information in connection based upon results of collection, analysis and storage of big data; provision of online non-downloadable computer software for scientific and technical analysis of data using artificial intelligence (AI); rental of server storage space on the internet; cloud computing services, namely computing services to enable network integrating computer hardware and software for virtualization of computer resources; providing temporary use of non-downloadable web-based application software in the field of nutrition, exercise, fitness, and fashion for wireless communication networks; rental of application software; development of measurement and inspection methods used for 3D human body shape, and provision of information related thereto in the field of fashion, fitness, dietary information; design of analytical and measuring instruments used for 3D human body shape in the field of fashion, fitness, dietary; providing temporary use of non-downloadable computer programs in the field of nutrition, exercise, fitness, and fashion on data networks, namely on the internet and worldwide web; providing non-downloadable application software for tracking motion in, visualizing, manipulating, viewing, and displaying virtual reality experiences.

Colour Claim

Colour is claimed as a feature of the trademark. The colors black, pink, orange and light blue are features of the mark. The mark consists of a logo of the word 'fit' with lines in the color black with a pink dot as the letter f right stem, an orange dot on top of the letter i and a light blue dot as the letter t right stem.

Goods

Class 09

(1) Wearable electronic machines and instruments with smart data communication functions for 3D imaging human body measurements to track the user's fitness, weight loss and body transformation progress; electronic machines and instruments with smart data communication functions for 3D imaging human body measurements to track the user's fitness, weight loss and body transformation progress; electronic machines and instruments for human body measurements namely, weight and height measuring instruments as well as neck, shoulders, chest, upper arm, waist, hips, thigh and calf measuring instruments; electronic measuring instruments with smart data communication function for measuring and digitizing the size of a

user's body; electronic mat-type measuring instruments for measuring the length and shape of parts of the human body including the body and feet and hands; electronic measuring instruments, namely 3D human body shape measuring instruments for measuring human head size, body size, foot size, shoe size, and hand size; electronic mat-type foot form measuring instruments and machines for matching footwear using 3D measurements; electronic foot form measuring instruments and machines, namely, shoes size measuring instruments; electronic measuring and testing machines and instruments to enable users to measure human body size, foot size, shoe size, and hand size; downloadable application software for mobile phones, tablets, and computers to enable users to access an online website selling clothing and fashion accessories; wearable computer hardware, namely, three-dimensional scanners for human body measurement used for making custom made clothing; downloadable computer software for three-dimensional scanners for human body measurements used for making custom made clothing; downloadable computer software platforms for social networking applications; downloadable computer software for measurements and digitizing the size of a user's body; facial recognition software; downloadable virtual reality computer software for playing computer games; downloadable computer software platforms for mobile application development; non-downloadable computer software for use as an application programming interface (API) which facilitates online services for social networking, building social networking applications and searching, uploading, downloading, accessing and managing electronic data, namely text, images, audio and video recordings via the internet and global computer communication networks; computer software for measuring and digitizing the size of a user's body; downloadable computer software application for identification of the skeletal structure of the human body in order to offer personalized clothing and fashion accessories recommendation; downloadable application software for mobile phones and mobile devices in the field of dietary information and fitness; computer software for accessing e-mail and text messages; downloadable computer software to enable uploading, downloading, accessing, posting, displaying, tagging, blogging, streaming, linking, sharing or otherwise providing electronic media or information, namely, text, photographs, videos, images in the fields of virtual communities, electronic gaming, entertainment, and general interest via computer and communication networks with third parties; electronic control apparatus, namely, electronic computer controllers, power controllers for cameras, multi-port controllers for cameras, remote controllers for cameras, smart phones and tablet computers, and motion controllers for cameras; electronic navigating apparatus, namely, multi-function displays (MFD) in the nature of electronic display screens; electronic testing apparatus, namely, RFID readers for testing durability of radio frequency identification (RFID) tags; electronic monitoring apparatus, other than for medical purposes, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals; electronic image analyzer, namely computer application software for analyzing the colour of skintones in photographs; 3D spectacles; virtual reality headsets; downloadable images, videos, text data and music files featuring clothing, hats and caps, footwear, special clothing for sports, special shoes for sports, sports equipment, eyeglasses, sunglasses, belts, bags, pouches, umbrellas, sanitary masks, headgear, jewelry, personal ornaments, key chains, stickers, stationery toys, dolls, game equipment, furniture, watches and clocks, household linen, cosmetics and fashion accessories that can be downloaded over a communications network to be used online, in an online virtual environment, augmented reality environment, or mixed reality environment; downloadable image files featuring clothing, hats and caps, footwear, special clothing for sports, special shoes for sports, sports equipment, eyeglasses, sunglasses, belts, bags, pouches, umbrellas, sanitary masks, headgear, jewelry, personal ornaments, key chains, stickers, stationery, toys, dolls, game equipment, furniture, watches and clocks, household linen in the field of fashion, fitness, dietary information; photographic machines and apparatus, namely, photographic cameras, viewfinders, photographic projectors; cinematographic machines and apparatus, namely, cinematographic

cameras, cinematographic projectors, editing machines for cinematographic films, movie projectors; optical machines and apparatus, namely, optical scanners, optical lamps, optical disc readers; sunglasses; spectacles [eyeglasses and goggles]; straps for mobile phones; mobile phones and straps for mobile phones; smartphones; personal digital assistants; telecommunication machines and apparatus namely, radio frequency identifiers in the nature of RFID readers; downloadable game programs; game programs for arcade video game machines; simulator for vehicle driving skill training; electronic sports training simulators, namely, vehicle drive training simulators; game programs for home video game machines; electronic circuits and cd-roms recorded with programs for hand-held games with liquid crystal displays; metronomes; electronic control circuits and cd-roms (compact disc - read only memory) recorded with programs for automatic performance of electronic musical instruments; electric and electronic effects units for electric or electronic musical instruments; downloadable music files; pre-recorded video discs and video tapes containing fashion shows; downloadable electronic publications in the nature of magazines.

Class 25

(2) Tights incorporating a telecommunication function for electronically transmitting body measurements; tights for 3D imaging human body measurements; clothing incorporating a telecommunication function for electronically transmitting body measurements, namely, socks, gloves, hats, caps, toques, headbands; 3D imaging human body measurement clothes, namely, shirts, pants, jackets, coats, raincoats, skirts, dresses, bodysuits, base layers, jerseys; sleepwear incorporating a telecommunication function for electronically transmitting body measurements, namely, pajamas, nightdresses, nightgowns, nightshirts; gloves incorporating a telecommunication function for electronically transmitting body measurements; 3D imaging human body measurement gloves; caps incorporating a telecommunication function for electronically transmitting human body measurements; anthropometry hats for scanning and measuring human head dimensions used to visualize training results; tee-shirts; non-japanese style outerclothing, namely, jackets and blazers; coats; sweaters; cardigans; vests and waistcoats; shirts; blouses; body suits; nightwear; socks and stockings other than special sportswear; gloves and mittens [clothing]; underwear [underclothing]; swimwear [bathing suits]; headgear for wear, namely, hats and caps; garters; sock suspenders; braces [suspenders] for clothing; waistbands; belts [clothing]; tights; clothing, namely, jackets, trousers, coats, sweaters, tee-shirts, shirts, dresses, underwear, pajamas, brassieres, swimwear, camisoles, sleep masks, socks and stockings other than special sportswear, shawls, gloves and mittens; shoes and boots; footwear, namely, shoes and boots, slippers, sandals; sportswear; training wear; clothes for sports; athletic tights; special footwear for sports, namely, golf shoes, soccer shoes, ski boots, gymnastic shoes, climbing boots, baseball shoes.

Services

Class 35

(1) Computerized data management of personal health information such as weight, height, body fat, body temperature and blood pressure of the user; compilation of information relating to personal health information data such as body weight, height, body fat, body temperature and blood pressure into computer databases; data management services for use in managing user's health information and exercise history; Management and compilation of computerized databases; computerized file management; data search in computer databases, namely, data processing consultancy, data processing in the field of dietary information, exercise and fitness; data search in computer files for others, namely, analysis of market research data and statistics in the field of dietary information, exercise and fitness; Business services, namely, collection, systematization, compilation and analysis of business data and information stored in computer databases for other

in the field of dietary information, exercise and fitness for commercial or advertising purposes; provision of business marketing information on sales ranking or popularity ranking of products or stores for commercial and advertising purposes in the field of dietary information, exercise and fitness; provision of business marketing information on sales ranking or popularity ranking for commercial and advertising purposes in the field of fitness gyms and health insurance; commercial information and advice for consumers in the choice of products and services in the field of dietary information, exercise and fitness; providing business information concerning commercial business management for others relating to questionnaire; market reputation research; provision of business marketing information on commercial sales of health foods, supplements and health-related products such as probiotics, herbal remedies, vitamins and mineral for commercial and advertising purposes; provision of information on sales of exercise products and fitness products; advertising the goods and services of others and advertising by transmission of on-line publicity of third parties through electronic communication networks; advertising agency services of others by mobile phone communications; advertising the goods and services of other by email; provision of business marketing information on product and services advertisements in newspapers and magazines for others; Preparing advertisements for others, namely planning and production of promotional videos and provision of information on them for commercial use via the internet and television; promoting the goods and services of others through advertisements via the internet; provision of advertising space on websites; rental of advertising space on-line; promoting the goods and services of others through sponsorship of entertainment events; promoting the services of others related to health insurance through the administration of sales and promotional incentive schemes involving points, and provision of information related thereto; promotion of insurance services, on behalf of third parties; business intermediary services relating to the matching of various professionals with clients in field of dietary information, exercise and fitness; customer relationship management; arranging and conducting commercial merchandise exhibitions and merchandise fairs for commercial or advertising purposes in field of dietary information, exercise and fitness; organization of fashion shows for promotional purposes; promotion services for the sale of third-party goods and services by means of discount points; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; marketing advisory services in the fitness; marketing consulting services; providing information advice in the field of marketing research and analysis of consumer buying habits and consumer opinions for use in advertising the goods and services of others; providing information about business management in the field of fitness; market research and analysis services in the field of fitness; agency services for providing corporate information, namely, marketing trend information, business operation information, market research data, and business competitor analysis; intermediation services of sales contracts for the buying and selling of goods through e-commerce, and provision of information related thereto for others; procurement of contracts for the purchase of goods and services for others; provision of information on sales of fashion goods; providing information relating to commercial sales of fashion goods; business management analysis and business management consulting services; marketing research and analysis services; procurement services for others in the for of purchasing goods and services for other businesses in the field of fashion, fitness, dietary information; news clipping services; retail services or wholesale services for clothing; retail services or wholesale services for footwear, other than special footwear for sports; retail services or wholesale services for bags and pouches; retail services and wholesale services for electrical machinery and apparatuses, namely, electric lamps, electric thermal pots for household purposes, electric blankets for household purposes, electric humidifiers for household purposes, hair driers for household purposes; retail services and wholesale services for measuring instruments, namely, body size measuring instruments, foot size measuring instruments, shoe size measuring instruments, and hand size measuring instruments,

clothing incorporating a telecommunication function for electronically transmitting body measurements and skin colour characteristics, namely, tights, socks, gloves, hats, caps, toques, headbands and bodysuits; retail services or wholesale services for fitness and exercise equipment; retail services or wholesale services for sports equipment; retail services or wholesale services for special clothes for sports; retail services or wholesale services for special footwear for sports; retail services and wholesale services for personal articles, namely, rings, necklaces, earrings, bracelets, belts, handkerchiefs, personal folding fans, cufflinks; retail services or wholesale services for supplements, health foods supplements, dietary supplements, dietetic beverages and foods adapted for medical purposes; retail services or wholesale services for carbonated drinks [refreshing beverages] and non-alcoholic fruit juice beverages; retail services or wholesale services for bicycles; retail services or wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services or wholesale services for photographic machines and apparatus, namely, photographic cameras, viewfinders, photographic projectors and photographic supplies namely, film, photographic paper, photo-developing chemicals, special effects chemicals, and photographic background supplies; retail services or wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; Business data and information processing by computers in the field of fashion, fitness, dietary information.

Class 42

(2) Design, creation or maintenance of computer application software; design, creation or maintenance of computer programs; leasing of access time to computer database; providing user authentication services in e-commerce transactions; rental of memory areas on computers, namely, rental of database servers for storing and managing electronic photographs, images, text data and audio data for others; design and development of application software and provision of information related thereto; providing a search engine for internet and smartphone application programs; rental of server storage space for personal schedule entry on web pages; providing online non-downloadable computer software use in the field of database management and personal schedule management for use by individuals for the purpose of managing, receiving, sending and modifying schedules for use with mobile phones or computers; providing online non-downloadable computer software for use as an application in the field of nutrition, exercise, fitness, and fashion; providing online non-downloadable computer software for use as application programming interfaces (APIs) to enable users to create and share audio, videos, images, text; hosting an interactive software platform and online non-downloadable software that enables users to upload, modify and share virtual reality content, information, virtual reality experiences and other user-generated content, namely audio and video messages, video content, animated graphics, 3D models, photographs, images, augmented reality photographic filters and special effects of images, and texts and captions added to images; hosting an interactive software platform and online downloadable software that allows users to upload, modify and share augmented reality content, information, augmented reality experiences and other user-generated content, namely audio and video messages, video content, animated graphics, 3D models, photographs, images, augmented reality photographic filters and special effects of images, and texts and captions added to images; rental of storage space for social networking servers for users to interact with on the internet; provision of scientific and technological information in connection based upon results of collection, analysis and storage of big data; provision of online non-downloadable computer software for scientific and technical analysis of data using artificial intelligence (AI); rental of server storage space on the internet; cloud computing services, namely computing services to enable network integrating computer hardware and software for virtualization of computer resources; providing temporary use of non-downloadable web-based application software in the field of nutrition, exercise, fitness, and fashion for wireless communication networks; rental of application

software; development of measurement and inspection methods used for 3D human body shape, and provision of information related thereto in the field of fashion, fitness, dietary information; design of analytical and measuring instruments used for 3D human body shape in the field of fashion, fitness, dietary; providing temporary use of non-downloadable computer programs in the field of nutrition, exercise, fitness, and fashion on data networks, namely on the internet and worldwide web; providing non-downloadable application software for tracking motion in, visualizing, manipulating, viewing, and displaying virtual reality experiences.

Class 07

(1) Industrial robots for welding metal for use in the automotive, aerospace, and metalworking industries, and industrial robots, namely, robotic arms for palletizing in the medical, logistics, and intralogistics fields and the electronics industry; industrial robots for use in manufacturing electronic components and glassware for the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; industrial robots for working glass; industrial robots for working wood; industrial robots for working metal; industrial robots for working plastic material; industrial robots for shaping wood; industrial robots for shaping glass; industrial robots for shaping metal; industrial robots for shaping plastic material; industrial robots for use in the handling of workpieces being metal handling robots in the automotive industry; industrial robots for use in the mounting of workpieces being doors to be worked on for the automotive and aerospace industries; unmanned industrial robots for machine tools for the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; robotic mechanisms in the nature of unmanned industrial robots for working glass; robotic mechanisms being parts of unmanned industrial robots, namely, robotic arms for loading and unloading; robotic mechanisms in the nature of unmanned industrial robots for working metal; robotic mechanisms in the nature of unmanned industrial robots for working plastic material; robotic mechanisms in the nature of unmanned industrial robots for working wood; robotic apparatus for handling cargo, namely, cargo handling robots for use in hospitals, factories and warehouses; unmanned industrial robots for feeding workpieces being turning parts and milling parts for the automotive and aerospace industries; robotic arms for industrial purposes, namely, for loading, packaging, unloading and transporting; unmanned industrial robots for transferring workpieces for the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; unmanned industrial robots for handling rods; robotic mechanisms in the nature of unmanned industrial robots for use in processing food; unmanned industrial robots with articulated arms for manipulating workpieces; robotic arms for loading, and unloading; robotic welding

machines; household cleaning and laundry robots with artificial intelligence; housekeeping robots for household purpose; robotic steam cleaners for household purposes; robotic vacuum cleaners for household purposes.

Class 09

(2) Humanoid robots with artificial intelligence; software for controlling industrial robots for use in the automotive, aerospace, metalworking, and electronics industries and medical, logistics, and intralogistics fields; software for use in robotic process automation in the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; robotic electrical control apparatus, namely manipulators for the remote operation of robotic arms; electric control panels; industrial automation controls for the control of robot arms for use in manufacturing for the automotive, aerospace, metalworking, and electronics industries, medical, logistics, and intralogistics fields, and laboratories; embedded software for use in automation of industrial machines sold as a component of electronic controllers and electronic motor drives; motion, proximity, torque, force, contact, encoder and sound sensors; electric sensors for motion, proximity, torque, force, contact, encoder and sound; electronic sensors for motion, proximity, torque, force, contact, encoder and sound; optical sensors; downloadable sensory software for controlling industrial robots for use in robotic welding systems; digital motion, proximity, torque, force, contact, encoder and sound sensors; digital sensory devices, namely, proximity sensors; wheel speed sensors; acceleration sensors; velocity sensors; sensors for engines, namely, speed sensors, force sensors and torque sensors for the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; sensors for use in the control of engines, namely angle of rotation sensors for the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; motion, torque, force, proximity, sound, pressure, contact and encoder sensors for use with machine tools; motion, proximity, and sound sensors used in plant control; sensors for determining position; sensors for monitoring physical movements, namely, camera sensors, CMOS Image Sensor, distance sensors, infrared sensors, motion sensors, occupancy sensors, namely, electronic devices which detect the presence of occupants and control the lighting system accordingly, optical position sensors, photoelectric sensors, position sensors; downloadable virtual and augmented reality software for viewing sensor status and electronic control apparatus status for machine operations; downloadable computer software using artificial intelligence for viewing sensor status and electronic control apparatus status for machine operations; artificial intelligence apparatus in the nature of computers; downloadable computer software using artificial intelligence for machine learning used in computer genetic algorithms programs; downloadable artificial intelligence software for IP (internet protocol) video surveillance; software for the integration of artificial intelligence and machine learning in the field of big data; downloadable computer software for machine learning used computer speech analysis programs; e-commerce software to allow users to perform electronic business transactions via a global computer network.

Class 10

(3) Robots for nursing care purposes, namely, robots for delivering medicine to a hospital bed; robots for geriatric nursing care purposes, namely, robots for delivering food plates to a table; robots for nursing care service purposes, namely, medical robots with attached spoons for assisting physically disabled persons with eating; robots for paediatric care service purposes, namely, medical robots for use in cognitive therapy for children; robots with artificial intelligence for conducting nursing care, namely, robots for identification of medicine and delivering identified medicine to a hospital bed; robots with artificial intelligence for conducting geriatric nursing care,

namely, robots for identification of food plates and delivering identified food plates to a table; robots with artificial intelligence for conducting nursing care services, namely, medical robots with attached spoons for assisting physically disabled persons with eating; robots with artificial intelligence for conducting paediatric care services, namely medical robots for use in cognitive therapy for children.

Services

Class 42

Mechanical engineering services relating to robotics for the automotive industry, the aerospace industry, the metalworking industry, the medical field, the logistics field, the intralogistics field, the electronics industry and in laboratories; technological research relating to the computerised automation of technical processes in the field of manufacturing robots for the automotive industry; technological research relating to the computerised automation of industrial processes in the field of manufacturing robots for the automotive industry; mechanical engineering services in the field of manufacturing robots and robotic electronic control apparatus; software engineering services for data processing programs; research in the field of mechanical engineering; consulting in the field of mechanical engineering; software development; software design and development; computer software engineering; software as a service [SaaS] featuring software for machine learning; software as a service (SAAS) services featuring software using artificial intelligence for machine learning used in computer genetic algorithm programs, and modelling in the field of deep learning and deep learning by deep neural networks.

Class 16

(1) Plastic film and stretch film for packing and wrapping; plastic film and stretchfilm for silage; Pre-stretched films and stretchfilms for silage, agriculture and horticulture for wrapping; Pre-stretched plastic films for packing and wrapping; stretchfilms for packaging; General purpose plastic bags, garbage bags of plastic; Rubbish sacks of plastic; Absorbent films of plastic for foodstuff packaging; Plastic bags for pet waste disposal, polypropylene bags for waste disposal; packaging materials of paper; Plastic film for packing, plastic film for industrial and commercial packing use; paper, pasteboard, corrugated paper, corrugated board, cardboard packaging, wrapping paper, paper boxes, cardboard boxes, cardboard containers; Cardboard boxes, reinforced padded envelopes, folding boxes of paper, cardboard; cardboard combined with a protective internal packaging of plastic in the form of film or plastic bubble film for wrapping, plastic bubble packs for packaging or foam materials for packaging purposes; plastic packaging material containing encapsulated air cells and polystyrene foam packaging

Class 17

(2) insulating and acoustic cladding, and films and strips of plastic, reinforced with paper and/or cardboard for electrical insulation; Plastics materials in the form of rods; Laminated plastic films for use in manufacture; Semi-processed plastics and semi-processed plastic in the form of films, foils, sheets, tubes, bars, rods; Laminated back-sheet materials namely laminated vapor barriers; Breathable films and blown-extruded plastic films for use in manufacturing and extruded plastics for use in manufacturing; Protective plastic film for coverage in connection with renovation, painting and construction; plastic film on roll for protection against stipple and dust; Plastic films for use in manufacturing medical protective products and hygiene products not for wrapping or packaging; breathable films not for wrapping or packaging; Recycled plastics in the form of bars, blocks, pellets, rods, sheets, tubes for use in manufacturing

Services

Class 35

(1) Advertising, marketing and promoting packaging and packaging materials of others; Business management in relation to packaging and packaging materials; Business administration in relation

to packaging and packaging materials; Office functions namely secretarial and clerical services in relation to packaging and packaging materials; Business mediation in the purchase and sale, import and export of plastic film and stretch film for packing and wrapping, plastic film and stretchfilm for silage, Pre-stretched films and stretchfilms for silage, agriculture and horticulture for wrapping, pre-stretched films and stretchfilms, stretchfilms for packaging, industrial plastic bags and sacks, plastic bags and carrier bags, trash bags and sacks, Rubbish sacks of plastic; Business mediation in the purchase and sale, import and export of absorbent films of plastic for foodstuff packaging, film covers of plastic substances, disposable bags of plastic, packaging materials of paper, packing materials of plastic, paper, pasteboard, corrugated paper, corrugated board, cardboard packaging, wrapping paper, paper boxes, cardboard boxes, containers, boxes, reinforced padded envelopes; Business mediation in the purchase and sale, import and export of folding boxes of paper, cardboard, cardboard combined with a protective internal packaging of plastic in the form of film or plastic bubble film for wrapping, plastic bubble packs for packaging or foam materials for packaging purposes; Business mediation in the purchase and sale, import and export of plastic materials namely films, bubble films, plates, boards, discs, sheets, strips and/or bands, including with plastic foam in strips and plates and/or shaped pieces for packaging and filling materials, Materials for insulating and acoustic cladding, and films and strips of plastic, reinforced with paper and/or cardboard, Plastics materials in the form of rods; Business mediation in the purchase and sale, import and export of plastics materials in the form of sheets, Laminated plastic materials for use in manufacture, Foils of plastics, Semi-processed plastic substances and films, laminated back-sheet materials, breathable films and blown-extruded plastic films, Protective plastic film for coverage in connection with renovation, painting and construction, plastic film on roll for protection against stipple and dust; Business mediation in the purchase and sale, import and export of plastic films for use in manufacturing medical protective products and hygiene products not for wrapping or packaging, breathable films not for wrapping or packaging, recycled plastics in the form of bars, blocks, pellets, rods, sheets, tubes for use in manufacturing; Business mediation in the printing of packaging materials; Advice, consultancy and information with regard to business management in the field of packaging and packaging plastic materials provided via electronic networks such as the Internet.

Class 40

(2) Treatment of plastic packaging and plastic film by means of extrusion, injection molding, blow molding, rotational molding, thermoforming, compression molding and film casting; Treatment of paper and cardboard namely paper bleaching and cardboard bleaching, paper treatment services, paper finishing, de-acidification of paper and cardboard; Custom manufacture of plastic packaging films to the order and specification of customers; Processing plastic materials to form packaging materials namely molding and processing of plastic materials

Class 42

(3) Scientific and technological services, namely research and design of packaging and packaging materials and research and design relating to packaging and packaging materials; Scientific and technological services, namely research and design of packaging and packaging materials and research and design relating to plastic films, plastic materials, paper and cardboard materials; Industrial analysis and research services relating to packaging and packaging materials; Product development and design relating to packaging and packaging materials.

Goods

Class 07

(1) Fuel filters; oil filters; oil separators; anti-pollution catalytic converters for motors and engines; oil filters for motors and engines; filters for cleaning cooling air, for engines; filters being parts of machines for the filtration of fluids for the purposes of purification and reducing concentration of substances; oil filters for electric motors and engines; air filters for engines; air filters for automobile engines; fuel filters for vehicle engines; air and fuel filters for internal combustion engines; filters for hot gases for use with internal combustion engines.

Class 09

(2) Display monitors; numeric displays; electronic touch screen displays; electronic display panels; electronic notice boards; display panels for vehicles, namely, LED display panels; signs and information and advertising displays, metallic namely, illuminated advertising signs; vehicle control panels; wireless controllers to remotely monitor and control the function and status of vehicle electrical, electronic, and mechanical devices and systems, namely, the engine, braking, and electronic stability control systems, doors, windows, and embedded computer hardware in a motor land vehicle; programmable logic controller; microprocessors; computer servers; network servers; cloud servers; computer database servers; electric and electronic controls for fuel supply to vehicle engines; central processing units for processing information, data, sound or images; telecommunication apparatus, namely, vehicle locator and recovery device programmed to use

global positioning systems [GPS] and cellular telecommunications; computer software that provides customized information about the functions and features of a motor vehicle; mobile apps, namely, downloadable mobile software applications for the monitoring, tracking and analysis of vehicle movement, location, status, and behavior; downloadable software applications for tracking and managing vehicle maintenance; image capture and playback applications and image analyzers, namely, computer software for image processing; data loggers and electronic data recorders for vehicles; computer software for electronic passenger information systems in land vehicles; computer systems, namely, three dimensional movement based computer systems for vehicle security and safety; computer operating systems; computer operating programs; navigation, guidance, location and target finding devices, namely, navigation apparatus for vehicles in the form of on-board computers; vehicle tracking apparatus, namely, vehicle mounted GPS sensor for tracking vehicle journeys; GPS global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; software for GPS navigation systems; multimedia GPS navigation systems; global positioning systems (GPS) receivers; navigation systems for vehicles with interactive displays; electronic driver display systems for vehicles; integrated electronic safety systems for land vehicles, namely, an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle; on board electronic systems for providing driving assistance; alarm monitoring systems, namely alarm control panels and software for the management of alarm control panels; data processing systems, namely, computer hardware for data processing; monitoring apparatus and instruments, namely, vehicle performance monitoring system, namely, embedded software in controllers for monitoring vehicle functions; downloadable computer software for remote monitoring and analysis of vehicle movement, location, status, and behavior; computer hardware; electric apparatus for the control of land vehicles, namely, vehicle safety equipment, namely, an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle; interactive computer software that provides navigational and travel information; interactive computer software enabling exchange of information, namely, interactive computer software for managing, tracking and reporting vehicle performance and maintenance metrics; interactive data transfer apparatus, namely, data transfer software being computer operating software; interactive computer systems, namely, computer software and hardware platforms for intelligent transport systems; utility programs for performing computer system diagnostics; software for remote diagnostics, namely, software for the management of vehicles and vehicle fleets, namely, diagnostics of vehicle performance data for use in the transportation industry; virtual and augmented reality software for vehicle driving training and vehicle maintenance instruction; wireless communication devices for the transmission of multimedia content, namely, computers, smart phones and tablet computers; smart glasses; glasses for virtual and augmented reality; multimedia goggles, namely, virtual reality headsets; head mounted augmented reality displays; augmented reality computer hardware; vehicle batteries; backlit signs; mechanical illuminated signboards.

Class 11

(3) Filters for air conditioning; power filters for air conditioning; air filters for air conditioning units.

Class 12

(4) Tramcars; motor buses; motor coaches; land vehicles, namely, electric and hydrogen fueled motor buses, motor coaches, and tramcars; structural parts for trams, buses, coaches and land vehicles namely, electric and hydrogen fueled motor buses, motor coaches, and tramcars; joints and joint parts for land vehicles, namely, universal joints for land vehicles and ball joints; brake blocks for land vehicles.

Services**Class 35**

(1) Retail and wholesale services and online retail and wholesale services of fuel filters, oil filters, oil separators, anti-pollution catalytic converters for motors and engines, oil filters for motors and engines, filters for cleaning cooling air, for engines, filters being parts of machines for the filtration of fluids for the purposes of purification and reducing concentration of substances, oil filters for electric motors and engines, air filters for engines, air filters for automobile engines, fuel filters for vehicle engines, air filters for internal combustion engines, filters for hot gases for use with internal combustion engines; retail and wholesale services and online retail and wholesale services of display monitors, numeric displays, electronic touch screen displays, electronic display panels, electronic notice boards, display panels for vehicles, namely, LED display panels, signs and information and advertising displays, metallic namely, illuminated advertising signs, vehicle control panels, wireless controllers to remotely monitor and control the function and status of vehicle electrical, electronic, and mechanical devices and systems, namely, the engine, braking, and electronic stability control systems, doors, windows, and embedded computer hardware in a motor land vehicle, programmable logic controller microprocessors, computer servers, network servers, cloud servers, computer database servers, electric and electronic controls for fuel supply to vehicle engines, central processing units for processing information, data, sound or images; retail and wholesale services and online retail and wholesale services of telecommunication apparatus, namely, vehicle locator and recovery device programmed to use global positioning systems [GPS] and cellular telecommunications, computer software that provides customized information about the functions and features of a motor vehicle, retail and wholesale services and online retail and wholesale services of mobile apps, namely, downloadable mobile software applications for the monitoring, tracking and analysis of vehicle movement, location, status, and behavior, downloadable software applications for tracking and managing vehicle maintenance, image capture and playback applications and image analyzers, namely, computer software for image processing, data loggers and electronic data recorders for vehicles, computer software for electronic passenger information systems in land vehicles, computer systems, namely, three dimensional movement based computer systems for vehicle security and safety, computer operating systems, computer operating programs, retail and wholesale services and online retail and wholesale services of navigation, guidance, location and target finding devices, namely, navigation apparatus for vehicles in the form of on-board computers, vehicle tracking apparatus, GPS global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, software for GPS navigation systems, multimedia GPS navigation systems, global positioning systems (GPS) receivers; retail and wholesale services and online retail and wholesale services of electronic driver display systems for vehicles, integrated electronic safety systems for land vehicles, namely, an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, on board electronic systems for providing driving assistance, alarm monitoring systems, namely alarm control panels and software for the management of alarm control panels, backlit signs, mechanical illuminated signboards; retail and wholesale services and online retail and wholesale services of data processing systems, namely, computer hardware for data processing, monitoring apparatus and instruments, namely, vehicle performance monitoring system, namely, embedded software in controllers for monitoring vehicle functions, downloadable computer software for remote monitoring and analysis of vehicle movement, location, status, and behavior, computer hardware, electric apparatus for the control of land vehicles, namely, vehicle safety equipment, namely, an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, interactive

computer software that provides navigational and travel information, interactive computer software enabling exchange of information, namely, interactive computer software for managing, tracking and reporting vehicle performance and maintenance metrics, interactive data transfer apparatus, namely, data transfer software being computer operating software, interactive computer systems, namely, computer software and hardware platforms for intelligent transport systems, utility programs for performing computer system diagnostics, software for remote diagnostics, namely, software for the management of vehicles and vehicle fleets, namely, diagnostics of vehicle performance data for use in the transportation industry, virtual and augmented reality software for vehicle driving training and vehicle maintenance instruction, wireless communication devices for the transmission of multimedia content, namely, computers, smart phones and tablet computers, smart glasses, glasses for virtual and augmented reality, multimedia goggles, namely, virtual reality headsets, head mounted augmented reality displays, augmented reality computer hardware, vehicle batteries; retail and wholesale services and online retail and wholesale services of power filters for air conditioning, air filters for air conditioning units; retail and wholesale services and online retail and wholesale services of tramcars, motor buses, motor coaches, land vehicles, namely, electric and hydrogen fueled motor buses, motor coaches, and tramcars, structural parts for trams, buses, motor coaches and land vehicles, namely, electric and hydrogen fueled motor buses, motor coaches, and tramcars, joints and joint parts for land vehicles, namely, universal joints for land vehicles and ball joints, brake blocks for land vehicles.

Class 37

(2) Repair, servicing and maintenance of land vehicles, namely, trams, buses, motor coaches; installation of spare parts and accessories for land vehicles, namely, trams, buses, motor coaches, being vehicle maintenance and repair; installation, assembly, servicing and repair of computers, computer networks, computer accessories, display panels, display boards, control devices, telecommunications devices, electrical and electronic devices, namely, installation and repair of embedded computer hardware in vehicles; installation, assembly, servicing and repair of computer hardware for passenger information systems in land vehicles; installation, assembly, servicing and repair of batteries for land vehicles.

Class 41

(3) Photography in the field of diagnostics, repair and maintenance of vehicles; providing online training sessions in the field of maintenance and repair of trams, motor buses and motor coaches; providing in person and online training in the field of maintenance and repair of electric and hybrid vehicles; educational instruction in the field of maintenance and repair of trams, motor buses and motor coaches; photography services for the diagnosis, repair and maintenance of vehicles; audio and video recording services for vehicle diagnosis, repair and maintenance; production of audio and video recordings relating to the diagnosis, repair and maintenance of vehicles; educational instruction in the nature of computerized training in the field of maintenance and repair of trams, motor buses and motor coaches; simultaneous language interpretation services; language interpreter services; interpretation, translation and simultaneous interpretation; translation and interpretation.

Class 42

(4) Computer diagnostic services; computer assisted diagnostic testing services; monitoring of computer systems to detect breakdowns; remote monitoring of electronic passenger information systems in land vehicles for breakdown detection, namely, monitoring of computer systems to detect breakdowns; computer programming; updating of computer programs; maintenance of computer programs; installing computer programs; implementation of computer software; installing computer software; computer system analysis; measuring of land vehicle parameters, namely,

online non-downloadable software for collecting, storing, organizing, transmitting, monitoring and analyzing vehicle data, maintenance data and operational data, all for use in the transportation industry; remote monitoring of land vehicle systems for breakdown detection, namely, monitoring of computer systems to detect breakdowns; vehicle status monitoring, namely, providing temporary use of online software for the monitoring, tracking and analysis of vehicle movement, location, status, and behavior; remote vehicle status monitoring, namely, non-downloadable computer software for remote monitoring and analysis of vehicle movement, location, status, and behavior; diagnosis of land vehicle problems using software namely, providing temporary use of online software for collecting, managing and analyzing data obtained from fleets of vehicles; monitoring of land vehicle systems for the detection of breakdowns; software as a service [SaaS] featuring software for tracking and managing vehicle maintenance; platform as a service [PaaS] featuring software for the monitoring, tracking, and analysis of vehicle movement, status, and behavior; computer diagnostic services relating to problems with land vehicles.
