# Trade-marks Journal

## Vol. 62 No. 3168

---

### General Information

---

The *Trade-marks Journal* is published every week in compliance with [Rule 15 of the Trade-marks Regulations](#). The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

---

### Electronic *Trade-marks Journal*

---

The *Trade-marks Journal* is available in electronic form on the CIPO web site (<http://cipo.gc.ca>). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

---

### Official Languages

---

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

---

### Filing Dates

---

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

---

## Nice Classification

---

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see [section 38 of the Trade-marks Act](#) for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

## GOODS

Transfer membranes for protein and nucleic acids for biotechnology and medical research use; reagent grade water; reagents for scientific and medical research use; biological and biochemical reagents to maintain human embryonic stem cells and human embryos in in-vitro culture for in-vitro scientific and research use; gene expression technology reagents, namely, ubiquitous chromatin opening elements, for scientific and research purposes; mouse embryonic stem cells and biological and biochemical reagents to maintain mouse embryonic stem cells and mouse embryos in in-vitro culture for in-vitro scientific and research use; reagents, with and without reagent carriers, for detecting analytes of biological/chemical relevance applied to diagnostics and scientific, environmental, agricultural, and biomedical research; assay kits comprising reagents, with and without reagent carriers, for detecting analytes of biological/chemical relevance applied to

diagnostics and scientific, environmental, agricultural, and biomedical research; molecular based assays for use in the pharmaceutical and biopharmaceutical industries, specifically in the determination and identification of microorganisms; molecular biology products, namely, RNA purification kits composed primarily of the following reagents, streptavidin covalently coupled to surface of magnetic porous glass particles, biotinylated oligo probes, buffers and release solution for scientific and research use; RNA isolation kits composed primarily of the following reagents, guanidine thiocyanate, citrate buffer, b-mercaptoethanol, sodium acetate, phenol - chloroform - isoamyl alcohol and isopropanol for scientific and research uses; nucleic acid labeling kits composed primarily of the following reagents, buffers, alkaline phosphatase, polynucleotide kinase, marker control, and nuclease-free water for scientific and research use; cloning vectors used as packing media for chromatography and as a solid phase for biomolecule immobilization and columns, amidites and reagents for DNA and RNA synthesis and purification, nucleic acid labeling, polymerase chain reaction reagents, enzymes, hybridization reagents and electrophoresis reagents all for scientific and research use; media for performing chromatographic separations; chemicals for industrial purposes, namely, protein purifiers; reagents for use in biological processing; chromatographic packing and columns containing such packing; chemical reagents useful in liquid chromatographic analysis; bovine serum albumin for laboratory and research use; kits for the expression, amplification, purification and analysis of biological samples, said kits consisting primarily of one or more of the following; proteins, nucleic acids, cells, gels, probes, buffers, stains and associated reagents and devices for carrying out said purposes; biochemical reagents for research purposes, namely, cell culture media components, supplements, and additives; biochemicals for scientific and research use, namely, monoclonal antibodies, polyclonal antibodies, purified recombinant proteins, purified natural proteins fetal bovine serum, cell growth supplements, namely, biochemicals for affinity purification, biochemicals for western immuno blotting, biochemicals for immunocyto chemistry; biochemical preparations derived from blood serum used as growth promoters in tissue cultures and microbiological media; diagnostic preparations; namely, DNA/RNA hybridization and detection kits comprising one or more reagents, detectable labels, filters and holders for filters for scientific and research use; hybridization membranes for scientific and research use; chemical solutions containing deionized water, dextran sulfate, formamide, sodium ions, sodium dodecyl sulfate, urea, deoxyribonucleic acid, bovine serum albumin, and polyvinyl-pyrrolidone for use in solid phase nucleic acids hybridization methods of gene analysis in biomedical and biotechnical research; blood serum fraction used in in-vitro biological research for modifying surfaces of red and white blood cells; combination of blood albumen and fibrinogen used for separating tumor cells from leucocytes and erythrocytes; diagnostic reagents relating to biomedical applications for scientific and research use; scientific research test kit consisting of buffers, caspase substrate and inhibitor, and luciferase substrate for detection of protease activity of caspase-3; kit consisting primarily of diagnostic reagents for scientific and research use, namely, for use in the quantitative detection of nucleic acids; test kits comprised a combination of anti-phosphotyrosine antibodies for the detection of protein phosphorylation for scientific and research use; diagnostic test kits consisting of reagents, control slides and instructions for scientific and research use; diagnostic preparation for scientific use consisting primarily of a bioluminescent protein; biological and biochemical reagents to maintain mammalian embryonic stem cells and mammalian embryos in in-vitro culture for in-vitro scientific and research use; pharmaceutical preparations, namely, preparations for the treatment of infertility, ovulation induction, infertility and ovulation induction, autoimmune diseases, allergies, immunologic deficiency syndromes, allograft rejection, cardiovascular and circulatory diseases, growth and metabolic diseases, namely, diabetes, hypoglycemia, gout, osteoarthritis, muscular dystrophy, anemia, diseases of the central nervous system, diseases of the metabolic and endocrine systems, namely, adrenal gland disorders and thyroid disorders, respiratory diseases, cancer, gastrointestinal disease, sexual

dysfunctions, viral diseases, namely, herpes, hepatitis, Acquired Immune Deficiency Syndrome (AIDS), influenza, cold, hematological disorders and calcium disorders, inflammatory disorders, namely, inflammatory bowel diseases, inflammatory connective tissue diseases; antiviral preparations for ophthalmic use; sanitary preparations for medical purposes, namely, disinfecting preparations for hands, feet, skin and body, namely, sanitizers having anti-bacterial and anti-microbial purposes; sanitary preparations for medical purposes, namely, test strips for detecting blood glucose levels; sanitary preparations for medical purposes, namely, diagnostic preparations for detecting and monitoring diabetes, hypertension, hypotension and reduced blood oxygen content; dietetic food adapted for medical use, namely, supplemental foods, namely, vitamins and minerals; dietetic food adapted for medical purposes, namely, dietetic food comprising medically useful enzymes, proteins, peptides, glycoproteins, antibodies, saccharides, cells and microorganisms in the form of tablets, drops, capsules, extract preparations, balms and liquids; dietetic food adapted for medical use for the prevention, treatment and management of hyperphosphatemia, hyperphosphatemic disorders, vascular calcification, kidney malfunction and disease, renal failure, heart disease, bone disease, and joint problems in the form of tablets, drops, capsules, extract preparations, balms and liquids, food for babies; plasters for medical purposes, gauze for dressings; material for stopping teeth, dental wax; all purpose disinfectants; preparations for destroying vermin; fungicides, herbicides; machine parts, namely, caustic resistant cartridges for use in filtration of beer in the brewing industry; filling machines featuring pre-sterilized component bags, tubing and filling needles, for dispensing of bulk formulated liquid pharmaceutical, biopharmaceutical and diagnostic products; filters for machines, namely, sterilizing grade filter cartridges for use in the biopharmaceutical and food and beverage industries; Filters for machines, namely, tangential flow filters for preparation of biological samples for use in the pharmaceutical and biotechnology industries; parts of machines, namely, disposable filtration and purification products and assemblies, namely, bags of plastic for use in holding biological materials and related reagents with tubing of plastic to interconnect the bags and provide an entry and exit to the bags and where in one or more elements for the processing, filtration and purification of the biological materials is attached to the tubing of the bag; laboratory mixers for liquids and for liquids and solids ; disposable manufacturing components and assemblies for the biopharmaceutical industry, namely , filling machines for filling bottles, vials and syringes, and single use disposable non-metal connectors for use in forming sterile connections with the filling machines; filters for machines, namely, sterilizing grade filter cartridges for use in the pharmaceutical, biopharmaceutical and food and beverage industries; power-operated hand-held crimping tool for sealing and cutting tubing in the biopharmaceutical and food and beverage industries; sensors, namely, temperature, pH, biomass, and dissolved oxygen sensors used for sensing temperature, pH, cell density, oxygen and other gas levels; bioreactors for culturing of cells; chromatography column; laboratory filters, namely, ultrafiltration filter for water; kits comprised primarily of a device having one or more sample wells, one or more bottles of reagents and one or more bottles of wash solution for use in genomic and proteomic research; multiple well plates for use in the sample preparation and purification of DNA samples; electronic monitor for determining the total organic carbon content in water; fluorescence detection system for micro organisms comprised primarily of filters, namely, microporus membranes, fluorescent indicator panel displays, and photo-optic readers for use in the detection, enumeration and identification of microorganisms; filters for use in laboratories; laboratory device, namely, a closed vial and piping to dilute soluble powdered products for sterility testing; well filtration devices, namely, laboratory filters using cast-in-place filtration for filtering and purifying laboratory liquid solutions; sterility testing devices for liquids and powders comprising of one or more sealed canisters containing a membrane, vent filter and adaptors for connecting the canister and canisters to the product being tested for scientific, laboratory and industrial uses; electronic testing device, namely, an air monitor for performing microbial analysis of the air in clean

rooms, kits comprised primarily of at least one or more multiple well filtration plate, at least one multiple well collection plate, one or more bottles of reagents and one or more bottles of wash solution for use in genomic research; ultrafiltration membrane for purposes of concentrating, diafiltering and purifying biomolecules in laboratory devices and process applications, ultrafiltration membranes for use with fluids in the pharmaceutical industry; scientific apparatus, namely, a laboratory testing system comprised of a filter contained within a filtration funnel and parts therefor sold as a unit for the collection, isolation and counting of micro-organisms; filtering apparatus, namely, laboratory filters and parts therefor for microbiological analyses; vacuum manifold for filtration of liquids from filter plates for laboratory and research use; laboratory filters, namely, bottle caps for use in sterilizing filtration in laboratories; filter units for laboratory use for removing contaminants from water and other liquids; filters for use with ultra high pressure liquid chromatography systems; scientific apparatus, namely, a laboratory testing system comprised of a filter contained within filtration funnel and parts therefore sold as a unit for the collection, isolation and counting of micro-organisms; filtering apparatus, namely, laboratory filters and parts therefor for microbiological analyses; apparatus and equipment comprising filters and holders for filters for testing the sterility of liquid preparations by filtration and incubation; bioluminescence monitors for detecting contamination in liquids in the pharmaceutical, biopharmaceutical, cosmetic and beverage industries; laboratory filters for removal of viruses from solutions; separators for performing chromatographic separations and parts thereof for industrial and laboratory use; purification cartridge comprised of ion exchange resin, for laboratory use in removing contaminants from water; adsorptive separation devices, namely, laboratory pipettes and parts thereof; multiple well membrane filter for laboratory and research use; regenerated cellulose ultrafiltration membranes for laboratory use; process chromatography systems comprised of valves, columns, slurry tanks, liquid tanks and slurry transfer skids, and components thereof; pilot and process chromatography apparatus, namely, pilot and production chromatography columns; filtration membranes for laboratory use; cartridges for laboratory use in removing contaminants from water; filtering units for clinical laboratory use, for removing contaminants from water; ultrafiltration membranes for use in fluid processing for producing drugs; laboratory filters for filtering and purifying laboratory liquid solutions such as tissue culture media; computer software for management of biopharmaceutical purification processes; laboratory and process scale membrane filtration systems comprising pumps, electronic controls, filters, piping, valves and cartridges; filter holder containing a membrane laboratory filter for pharmaceutical, life science and health care use, sold as a unit; test units for determining the integrity and pore-size distribution of membrane filters; laboratory sample concentrator unit; disposable centrifugal filters for use in medical and research laboratories; laboratory equipment, namely, tissue arrayers; disposable filters and micro concentrators for use in research and medical laboratories, forensic science, life science; disposable filtration devices, namely, filters and plastic housing for purification of fluid biological and chemical samples, for use in research and clinical laboratories; magnetic controlled pore glass; chromatography apparatus, namely, liquid chromatography columns, for performing chromatographic separations and parts thereof for industrial and laboratory use and parts and fittings thereof; sterilizing laboratory filter holders primarily for use in the analysis of particulate and biological contamination; laboratory equipment, namely, filtration devices for in vitro diagnostic applications; inserts for culture plates for laboratory use; liquid filtering and solute concentrating unit for laboratory use; electro-elution apparatus, namely, dissolvers for the eluting of molecules from sections of electrophoresis gel; equipment for use in cell culture, namely, membranes and membrane cartridges for laboratory and industrial use; fluid separators for laboratory separations and analyses; microprocessor-based pressure control units, namely, pressure sensors; liquid filtering and solute concentrating unit for laboratory and industrial, use; laboratory filters for in-vitro separation of proteins from body fluids; clinical and laboratory sample concentrator unit;

ultrafiltration membranes, ultrafiltration units, namely, tangential flow filtration units and membranes for such units and parts thereof; electronic and electrical testing apparatus for laboratory contaminants and clinical analysis, namely, electrophoresis separators; incubators for microbiological samples on filters; ultraviolet sterilizers for filter holder between filtrations and for water supplies; separators for fluids in successively smaller size filters; sterilizing filters; and stainless steel filter holders for liquid filters. ultra filtration water filter used to remove RNase, DNase, endocrine disruptor molecules and pyrogens from water for use by scientists in laboratories to prevent any interference in experiments using such water; ultrafiltration membranes used for filtering salts and biomolecules in the laboratory, not including nursing equipment or and parts thereof used in the feeding of infants; magnetic media and glass media used as packing media for chromatography and as a solid phase for biomolecule immobilization and columns; tangential flow fluid filtration system comprised of a tangential flow filtration membrane cassette holder, scale, feed pump and piping and valves therefor, for purification of biopharmaceuticals; purification units for laboratory use, for removing contaminants from water and other liquids; water purification system comprising one or more filters and ion-exchange media and uv light with a control system and one or more pumps for analytical grade water; point of use purified water dispenser; liquid filters for use in the pharmaceutical, food and beverage industries; hydrophobic vent membrane for industrial use in venting filter devices; filters for sterilizing air and gas streams; filters and membrane absorbers for filtering and removing trace contaminants from water and biological fluids in the manufacturing setting for the biopharmaceutical industry; water purifiers for clinical analyzers; graded density depth filter used in pharmaceutical, biopharmaceutical, cosmetics and water clarification industries; polypropylene depth filter for use in removing particles and microorganisms from liquids and gases; liquid filtration unit and filtration membrane for virus removal from solutions for industrial use; filter cartridge for the removal of particulates, bacteria, colloids and microorganisms from gases and liquids for industrial, laboratory and medical use; water purification units and parts therefor; filter cartridge for the removal of particulates, bacteria, colloids and microorganisms from gases and liquids for industrial, laboratory and medical use; pilot scale tangential flow filtration system for pharmaceutical and biotech use comprising of housing, pump, filters, tank, valves, sensors, computer hardware, for clarification and ultrafiltration of fluids; filtering units for in-process testing for filtering microbiological liquids; ultrafiltration membrane filter cartridges for use with fluids in the pharmaceutical industry; sterilizing grade filter cartridges for use in biopharmaceutical applications; filter units for use in life science and pharmaceutical applications , namely, membrane filter cartridges for the separation of biomolecules in the biopharmaceutical production; purification units for removing contaminants from water and other liquids; liquid treatment equipment, namely, sterilizing grade filter cartridge unit for use in the pharmaceutical, biopharmaceutical, and food and beverage industries; sterilizing filtration units for non-medical use, namely, bottle caps for use with sterilizing filtration units in laboratories; filters for use in solvents and solvent based fluids in the pharmaceutical and chemical industries; point of use purified water dispenser; water purification units containing ion exchange resins; water purification units for laboratory use; membranous filtering units for pharmaceuticals, beverage, food, and biopharmaceutical products; fluorocarbon polymer filters for filtration of liquid process chemicals, for industrial use; membrane filters made from porous sheet material and free of particles for purifying process liquids used in the manufacture of pharmaceutical, biopharmaceutical, and food and beverage products; filter units for use in life science and pharmaceutical, applications, namely, membrane filters for the separation of biomolecules in the laboratory; filter elements and holders therefor, for use in fluid processing; membrane filters for fluid processing; purifiers for the purification of water and other liquids by reverse osmosis comprising filters and holders therefor; purifiers for the purification of water comprising a filter element and a holder therefor; membranes and filters used in diafiltration, reverse osmosis and ultrafiltration and like processes, and parts

thereof; water conditioners; water conditioning units; paper, cardboard and goods made from these materials, namely, cardboard, cardboard boxes and containers, writing paper, bond paper, craft paper, copy paper, brochures about chemicals, photovoltaics and pharmaceuticals, books in the field of photovoltaics, chemical and pharmaceutical processes; printed matter, namely, newsletters, magazines and information sheets in the field of chemicals and photovoltaics; printed instructional and teaching material in the field of photovoltaics and chemical processes; plastic materials for packaging, namely, plastic bags for packaging, plastic bags for merchandise packaging, and plastic bubble packs; office machines, namely, paper folding machines for office use, and office perforating machines.

## SERVICES

Custom production of cell cultures and biological products, namely, antibodies and proteins and related reagents; custom antibody production; custom production of cell cultures and biological products, namely, antibodies and proteins and related reagents; analytical testing services, namely, evaluation testing for pharmaceutical, biopharmaceutical and chemical products, featuring testing for safety, toxicity, content, identity, purity, configuration and function, using chemical, in-vitro and in-vivo assays, analyses and models for the pharmaceutical biopharmaceutical industries; analytical services, namely, in-vivo cellular assays for the research and screening of molecules and biological samples; pharmaceutical research and testing services, namely, application, filtration and validation of microbiological and physicochemical systems; pharmaceutical and biological research services, namely, antisera studies, immunogen preparation, immunization and production, antibody characterization, antibody purification, antibody packaging, hybridoma development and selection, preparation of custom tissue cultures, immunoassay development and testing, immunogenicity testing, and vivarium services, namely, pharmacological, safety and toxicity research, in-vivo modeling, antibody generation and cell line development.

## TRADEMARK

### Image Description (Vienna)

- Surfaces or backgrounds covered with repeated geometrical figures or designs
- Surfaces or backgrounds covered with other repeated geometrical figures or designs
- Several triangles, juxtaposed, joined or intersecting
- Triangles with dark surfaces or parts of surfaces
- Prisms
- Rectangles
- One quadrilateral
- Quadrilaterals containing one or more triangles or lines forming an angle

## GOODS

Industrial chemicals and gases for use in the steel manufacturing, metal casting, foundry, ceramics manufacturing, cement production, and welding industries, namely: acenaphthenes, acrylic resins unprocessed, alkalis, alkaline iodides, alkaline metals, alkaline-earth metals, alumina, aluminium chloride, aluminium hydrate, aluminium silicate, ammonia, ammonium sulphate, ammonium sulphate fertilizer, anhydrides, anthracene, argon, unprocessed artificial resins, auxiliary fluids for use with abrasives, barium compounds, bases (chemical preparations), benzene derivatives, benzoic acid, biphenyls, bisphenol A, brazing fluxes, calcium silicate, carbazole, carbon compounds, carbon black, carbon for filters, catalysts for use in the manufacture of industrial chemicals, cement blending agents, ceramic compositions for sintering in the form of granules and powders, ceramic materials in particulate form for use as filtering media, chemical preparations for

facilitating the alloying of metals, compositions for the manufacture of technical ceramics, coumarin, coumarone resin, cresol, cyclohexane, cyclohexene, decahydronaphthalene, dihydrocoumarin, diphenylbenzene, divinylbenzene, dry ice (carbon dioxide), unprocessed epoxy resins, fertilizers, filtering materials made from unprocessed plastics, fluorene, foundry binding agents, foundry coke as chemicals, helium, hydrogen, indenenes, indoles, isoquinolines, krypton, lime carbonate, liquid crystal, magnesium carbonate, methanol, methymaphthalenes, naphthalene, neon, nitrogen, organometallic compounds, oxygen, para-benzylbiphenyl, phenanthrene, phenol for industrial purposes, phenolic resins, phthalic anhydride, unprocessed plastics, polyamide resins, polypropylene resins, polystyrene resins, pyrene, pyridine, quinaldine, rare earth elements, resists for color filter of liquid crystal display as chemicals, raw salt, salts for fertilisers, salts from rare earth metals, salts of alkaline metals, salts of precious metals, silica gel, silicates, silicon, skatole, soda ash, soldering fluxes, sulphuric acid, styrene monomer, unprocessed synthetic resins, terphenyl, tetrachlorophthalic anhydride, tetrahydronaphthalene, thiophene, titanium dioxide, toluene, welding chemicals, welding fluxes, xenon, xylenol, zirconia. Anti-corrosive oils; anti-rust greases; ink (toner) for photocopiers; pigments for use in the manufacture of paints; printing ink; screen printable cover coat ink. Advertisement columns of metal; rolls of metal alloys; alloy steel for construction and steel brackets; alloys for battery electrodes; alloys of common metal; alloys of nonferrous metals; heat-resistant, acid-resistant and corrosion-resistant alloys; aluminium; aluminium foil; aluminium pipes for liquid and gas transfer, automobile structural parts, construction and building; aluminium wire; aluminum and its alloys; metal anchor plates for structural reinforcement; anchors; metal angle irons for structural reinforcement; angle valves made of metal, excluding angle valves that are components of machines; antenna wire; frictionless common metals; anti-friction metal for iron alloys; anvils; armour plate made of metal for protecting the body, buildings and other structures, aircraft, marine vessels and vehicles against ballistic projectiles; artificial fish reefs of metal; automatic control valves made of metal, excluding control valves that are components of machines; ball valves made of metal, excluding ball valves that are components of machines; steel in ball form for general industrial and manufacturing use; bands of metal for tying-up purposes; metal in bar form for building construction use; bars for metal railings; non-luminous navigational signs made of metal; signal bells; bells for animals; billets, namely, blocks of metal used in forging processes; metal bindings for cables; metal storage bins; metal blooms for rolling; hardware bolts made of metal; booms for construction machines; metal bottles for compressed gas or liquid air; storage boxes made of common metal; brackets of metal for building; branching pipes made of metal for liquid and gas transfer; brass and its alloys; brass in sheets, strips, and bars for general industrial use; unwrought or semi-wrought brass; brazing alloys; bronze statues; building boards of metal; building materials of metal, namely, metal pipes and tubes excluding boiler tubes and parts and machines; building panels of metal; office, warehouse and residential buildings made of metal; portable office, warehouse and residential buildings made of metal; marking buoys; butterfly valves made of metal, excluding butterfly valves that are components of machines; non-electric cable joints of metal; fastening cables and wires; cans made of metal for storing and transporting garbage, gas, milk, oil and paint; casings of metal for oil wells; ships made of cast iron; unwrought and semi-wrought cast iron; cast steel; casters of metal; castings of metal for further manufacturing; rolled, drawn or extruded titanium or its alloys and castings, foils, and powders thereof for further manufacturing; ceilings of metal; chains excluding driving chains for vehicles, namely, key chains, surveying chains; chains for dogs; chimneys of metal; chromium; clad steel plates and sheets for use in construction and building; cladding of metal for construction and building; clips of metal for cables and pipes; closures of metal for storage containers; metal plumbing fittings, namely, cocks; cold-rolled steel in sheets and coils; collars of metal for fastening pipes; liquid and gas collecting pipes made of metal; columns of metal for use in construction and building; common metal gauges for vehicles, namely, liquid-level, pressure and temperature gauges; common metal works of art,

namely, sculptures; common metals and their alloys; common metals, unwrought or semi-wrought; containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; containers of metal for storage; containers of metal for storing acids; containers of metal for shipping; copper and its alloys; copper in the form of sheets, strips, and bars for general industrial use; unwrought or semi-wrought copper; cotter pins; metal couplings for pipes; crash barriers of metal for roads; drain pipes of metal; duckboards of metal; ductile cast iron rolls; ducts and pipes of metal for central heating installations; elbows of metal for pipes; electrical steel sheets; extrusion steels; fish plates, namely, connecting plates for rails; fittings of metal for furniture; fittings of metal for windows; fittings of pipe work of metal; pipe flanges made of metal; pipe collars made of metal; flashing of metal, for building; floor tiles of metal; metal forgings for further manufacturing for general industrial use; anvils made of steel; foundry moulds of metal; metal frame work for prefabricated office, warehouse and residential buildings; frames of metal for building; framework of metal for building; free cutting steel in the form of plates and sheets; full metallic office, warehouse and residential buildings; galvanized steels in the form of sheets and coils; gas cylinders; gaskets of metal namely pipe gaskets, gaskets for engines, gaskets for motors; girders of metal; gold solder; gratings of metal; gravestones of metal; grilles of metal for motor vehicles; guard rails for city street; guard rails of metal; gutter pipes of metal; gutters of metal; handcuffs; hardware of metal, namely, bolts, nails, nuts, screws and springs; hardware hand tools; heavy plate steel ; hollow steel bars for general industrial use; hoop iron; hoop steel; horseshoes; hot-rolled steel in the form of sheets and coils; indium; industrial packaging containers made of metal; ingots of common metal; ingots of metals excluding precious metals; iron; iron ores; iron in the form of sheets, slabs, and strips; iron wire; unwrought or semi-wrought iron; ironmongery in the nature of small items of metal hardware, namely, clamps, screws, nails, sleeves and pins; joists of metal; junctions of metal for pipes; keys; lead; unwrought or semi-wrought lead; wall linings of metal for office, warehouse and residential buildings; loading and unloading pallets of metal; locks, namely padlocks, door locks, gun locks and combination locks; locks of metal excluding electric locks, namely padlocks, door locks, gun locks and combination locks; locksmiths works, namely lock cylinders, lock tumblers, lock picks, keying machines and key blanks; lubricating nipples; metal fasteners for attaching machine belts; magnesium; manhole covers of metal; manifolds namely automotive intake and exhaust manifolds; manifolds of metal for pipelines; tracks of metal for funicular railway permanent ways; metal railway tracks; metal bottle for air compression and liquid compression valves; metal conduit, for cables and pipes; metal cylinders for compressed gas; metal flanges for pipes; metal foundation plate for buildings; metal frames for packing, for purposes of transport and storage of pipes; metal joinery fittings, namely, mounting brackets, shelf brackets, hinges; metal junctions for pipes; metal latches of gates; metal lids and caps for industrial packaging containers; metal moulds for forming cement products not being parts of machines; metal pipes and tubes for transporting liquids and gases, automobile structural parts, construction and building; metal pipes and tubes for boiler; metal machine pulleys; metal traction pulleys, hardware springs and stop valves excluding machine elements; metal sheets for building use; metal stoppers for industrial packaging containers; metal tombs; metal wires; wrought metal in the shape of rods; pipes made of metallic alloys for transporting liquids and gases, automobile structural parts, construction and building; metallic and enameled sheets for building and construction use; metallic barrels; metallic storage bins; metallic caps for containers; metallic capsules for compressed gas; metallic hose for vacuum cleaners; metallic key carriers; metallic non-luminous and non-mechanical road signs; metallic swimming pools; metallic tubes and pipes of all kinds, namely, gas pipes and casings for oil wells; metallic winding keys; metals and their alloys; raw metals in powdered form; Meteorological instruments made of metal, namely thermostats, barometers and weather vanes; minerals; molybdenum; mooring bollards of metal; foundry molds; nails and screws; nickel; niobium; non-electric fastening cables and wires made of common metal; nonferrous metals and their alloys; nozzles of metal for

engines and motors; metal hardware, namely, nuts, screws; oil pipes; ores; ores of common metal; ores of metal, except sodium, potassium and calcium, not included in fuel; shipping containers made of metal; movable office partitions; movable office partitions made of metals; tent pegs made of metal; penstock pipes of metal; petroleum and casing pipe; pilings of metal for use in building construction; pillars of metal for buildings; pipe fittings; pipe joints of metal; pipe muffs of metal; pipelines of metal; pipes and tubes of metal for liquid and gas transfer; pipes and tubes of metal and their alloys for liquid and gas transfer not being parts of machines or parts of cooling, warming and distilling installations; pipes of metal for central heating installations; pipework of metal for use in building construction; pipework of metal for oil and gas, water and sewage, air conditioning and sanitary purposes; pitons of metal [mountaineering equipment]; plates; drain plugs made of metal; metal poles for use in building construction and street lighting; fence posts made of metal; posts of metal for electric lines; poultry house of metal; prebuilt metallic houses and prebuilt metallic sections and panels therefore; prefabricated building assembly kits of metal; prefabricated building assembly kits of metal for skeletons or frames; props of metal for building construction; props of metal for bridges; railroad ties of metal; rails for railway tracks; railway points; railway sleepers of metal; railway switches; rare-earth alloys for magnets; heat-resistant metals for use in building construction; metal rebar for building; metal structural reinforcements for machine belts; metal structural reinforcements for pipes for transporting liquids and gases; reinforcing materials, of metal for concrete, namely, rebar; metal reservoirs for oil, gas and water; road signs of metal not luminous nor mechanical; rods of metal for brazing; rods of metal for welding; rolled and cast metal for use in building construction; rolled steels; roof coverings of metal; roof flashing of metal; roofing of metal; ropes of metal; safety boxes; safety cashboxes; sand molds of metal; metal hardware screws; metal sealing caps for bottles; steel sheets, sheet bars, sheet irons, sheet piles, sheet pilings, and plates for general industrial use; shoe nails; shuttering of metal for concrete; non-luminous and non-mechanical signs of metal; signboards of metal; silver plated tin alloy; silver solder; silver weld; metal slabs for general industrial use; soldering wire of metal; metal hardware namely, springs, springs for furniture, spurs; stainless steel in the form of coils; steel; steel (rolled) for rolling operations; steel alloys; steel angles, steel balls, steel bars, steel blooms all for general industrial use; steel office buildings; steel fastening cables; steel door frames; pre-fabricated steel framework for use in building construction; steel joists for use in building; steel or metallic water and gas pipes; steel pallets; steel panels for flooring; semi-wrought steel pipes and tubes for boilers; semi-wrought steel pipes for air-bag parts; steel pipes for boilers; steel pipes for boilers [ semi-finished products]; steel plates for use in building construction; steel poles for use in building construction; steel poles and tubes for air-bag components; steel sheets, steel strands, steel strip, and steel tapered poles for use in building construction; steel tire; steel tubes for boilers; steel wire; steel, unwrought or semi-wrought; steels for automobiles; steels for bearings; steels for boilers; steels for machine structural use; steels for pressure vessels; steels for ship structural use; steels, heat-resistant, acid-resistant and corrosion-resistant; stirrups of metals; stopper-shaped or lid-shaped metallic shield for protecting screw parts of pipes; strap-hinges of metal; straps of metal for handling loads; tanks of metal for fluid storage; tantalum (metal); thread of metal for tying-up purposes; tin; wrought tin free steel in the form of sheets and coils; tinfoil; tinfoil; tinfoil packings ; tin cookware; titanium; titanium alloys; wrought titanium in the form of bars; titanium iron; tombac; tool boxes of metal sold empty; traps for wild animals; tree protectors of metal; trellis of metal; tungsten; unwrought and partially wrought common metals and alloys; vanadium; vice benches of metal; vices of metal; wall cladding of metal for building; wall linings of metal for building; wall plugs of metal; water-pipes of metal; wild animals traps; wire gauzes; wire of common metal for fastening; wire of common metal alloys for fastening; wire of metal for welding; wire rope; works of art made of common metal, namely sculptures; wrapping or binding bands of metal; zinc and its alloys; zinc-coated steel sheets for general industrial use; zirconium. AC electric power generators [

alternators]; AC electric motors and DC electric motors for machines not including those for land vehicles but including parts for any AC motors and DC motors; actuators for air vehicles; airplane engines; boat engines; airplane motors; boat motors; agricultural equipment for seeding, irrigating and land fertilizing; air suction machines, all being accessories to photo-type and relief printing; ammonia production machines; metal annealing machines; anti-pollution devices for motors and engines, namely catalytic converters, exhaust pipes; machines for giving a pickling treatment on the surface of metal; machines for tin-plating on the surface of metal; asphalt finishers; automobile crank shafts and camshafts; axles for industrial machinery; back-hoe dragline and hydroexcavators ; machine bearings, not for land vehicles; bearings for transmission shafts; Beier variators; Beier-Cyclo variators being speed reducers or variators; belts for conveyors; power transmission belts for industrial machinery; power transmission belts for motors and engines; bending machines; blow moulding machines; boiler tubes as parts for industrial machines; brakes for industrial machinery, not for land vehicles; brass sheets for industrial machinery; bucket wheel reclaimers; butane carburetors; carburetor feeders; carburetors; casting machines for non-ferrous metals; cement manufacturing machines; centrifuges [machines]; centrifuges being centrifugal separators; chain feeders for ball mills; classifier for classifying solids suspended in liquids; coal and ore dressing manufacturing machines; cold strip mills for non-ferrous metals; compressed air machines ; compressed air pumps; compressors for industrial machinery; steam condensers for industrial machinery; condensing machines for chemical processing; construction machines and apparatus, namely tractors, bulldozers, cranes; continuous caster machines; continuous sintering machines; electronic control units for industrial machines, engines and motors; electronic control units for metalworking machines, construction machines and loading-unloading machines; power converters ; converters for steel works; conveyors; copper roll for textile printing; couplings for industrial machinery other than for land vehicles; cranes and their parts and accessories; crank shafts; cranks for industrial machines; crawler-shovel-cranes; stone crushers; crusher for mines; crushing machines for metalworking, construction, loading-unloading and chemical processing; crushing rolls and roll housings; cryogenic separation apparatus comprising air filters, condensers, heat exchangers and compressors, for the production of nitrogen, oxygen and argon; paper and metal cutters; cutting machines for metalworking and construction; cyclo drives; cyclo reduction gear for industrial machinery; cylinder storage boxes; DC electrical power generators; die-cutting and tapping machines; digging machines, namely backhoes and excavators; dish washing machines for household purposes; drag line excavators; drainage machines for construction, namely machines for digging drainage trenches and laying drainage pipes; drilling rigs, floating or non-floating; drilling towers; drums for industrial machines; dynamo brushes for motors and engines; industrial machines for manufacturing electric circuit boards; electric food blenders for household purposes; electric machines for polishing metal surfaces; electric wax-polishing machines for household purposes; electric winding machines for winding wires and cables; electrical wire and cable manufacturing machines; electronic motors for industrial machines; ethane recovery machines for use in oil and gas plants; excavating machines and parts thereof; exhaust manifold for engines; exhausts for motors and engines; metal extruders for use in manufacturing; ventilating fans; feeders for feeding pulverized coal into blast furnaces for steel and iron making; machines for feeding fuel and water to engine boilers; film laminating machines for industrial use; air filters, gas filters and oil filters for engines and motors; finishing machines for metalworking; flanges for industrial machines; flotation machines for mineral recovery; sintering production machines for chemical industries; sulphuric acid manufacturing machines for chemical industries; salt manufacturing machines for chemical industries; ladder excavator for construction; press, shear for metal fabrication; mineral dressing manufacturing machines for mining; forging presses; gas liquefying equipment for industrial use; gas separation equipment for industrial use; gasifiers for generating renewable energy through gasification of biomass products; gear and pinion coupler

and draft gear and spare parts; gear boxes for motor vehicles and industrial machines; electric generators; metal grinding machines for industrial use; guides for metalworking machines; hand-held tools, namely, hammers, chisels, screwdrivers, pliers, wrenches, socket wrenches other than hand-operated; heat exchangers for chemical processing machines; heat exchangers being parts of machines for industrial use; helium liquefiers for industrial use; hemming machines; high pressure vessels; high pressure washers; holders for metalworking machine tools; hydraulic controller for industrial machines, motors and engines; hydraulic door openers and closers, parts of machines; hydraulic presses; hydraulic pumps; hydraulic pumps for industrial machines; hydraulic valves; hydrogen recovery apparatus comprising, condensers, compressors, heat exchangers and filters; impeller shaft; laboratory incubators; incubators for eggs; infinitely variable gear and other parts and accessories for power engines; inflation film extruding machines; ingot buggies; injection blow moulding machines; ladder excavators; large size agricultural implements, namely tractors, cultivators, mulch tillers, plows; land levelers for use in civil engineering and construction; lifting magnets; link-belt truck cranes; liquid crystal panel etching equipment; liquid crystal panel washing apparatus; liquid natural gas (LNG) carburetors; loading-unloading machines, namely cranes, hoists; liquefied petroleum gas (LPG) carburetors; machine couplings and transmission gears and belts for industrial machinery except for land vehicles; machine couplings and belting for industrial machinery except for vehicles; exhaust manifolds for engines; MEMS[Micro Electro Mechanical Systems] coating equipment; MEMS[Micro Electro Mechanical Systems] etching equipment; metal drawing machines; machine tools for the metalworking industry; cutting machines and drilling machines for metalworking; mills for steel and iron making; milling machines; mine car; mine haulage carts and trucks; concrete mixers, cement mixers; motors and engines for industrial machines except for land vehicles; electric motors for industrial machines other than for land vehicles; moulding machines for metalworking; mufflers for motors and engines; natural gas condensers; boat engines; non-electric prime movers, namely locomotives not for land vehicles other than water mills and wind mills; nozzles and blades of turbines; oil coolers for aeronautical engines; oil refining machines; ozonolysis processing apparatus for use in drug synthesis for creating alcohols, carboxylic acids, esters and aldehydes; paring machines for metalworking; parts and accessories for railway locomotives; parts for non-electric locomotives for land vehicles; parts for power engines for industrial machines; pipe mills; pistons; pneumatic transporters consisting of cylindrical containers propelled through a network of tubes by compressed air; power couplings; industrial machine presses for use in chemical processing; presses for metalworking; pressure tanks; printing dies; printing machines, namely, printing presses; pump diaphragms; heat pumps, gas pumps, infusion pumps and positive displacement pumps as parts of machines, engines or motors; cooling radiators for motors and engines; ramming machines, namely earth rammers for use in civil engineering and construction; reduction gears for industrial machines other than for land vehicles; industrial machines for stabilizing road base and road surfaces, namely soil stabilizers and road recyclers; robots for metal working; rolling mill cylinders; rolling mills and their parts and fittings; rolls for rolling mills; screen flotators; section rolling mills; semiconductor manufacturing machines; separators for the cleaning and purification of air and gases; sewage pulverizers; sewing machines; shaft couplings or connectors for machine elements not for land vehicles; axles and spindles for industrial machinery not for land vehicles; shears, namely metal processing machines for shearing metals; ships' gears and pinions; shock absorbers for industrial machinery not for land vehicles; shovels; weaving shuttles; silencers for motors and engines; silicon dioxide film deposition apparatus for use in the semiconductor industry to produce thin films; sintering processing machines; slide rests for use with lathes; springs for industrial machinery; stackers namely large industrial machines for piling bulk materials such as limestone, ores and cereals into a stockpile; stack-reclaimers, namely large industrial machines to recover bulk material such as limestone, ores and cereals from a stockpile; starters for aeronautical engines; starters for motors and engines;

steam accumulators, namely an energy storage device comprising an insulated steel tank containing hot water and steam under pressure; steam engine boilers; conical steel drilling rods also conical; steel making converters for converting pig iron into steel using oxygen; steel mill cranes; industrial machines for processing steel into smooth steel sheets; steering wheels; stern frames and shafts for boats; metal straighteners; superchargers for internal combustion engines; synthetic resin manufacturing machines; threading machines for cutting, threading and reaming metal pipes; transfer gears for industrial machinery; transmission shafts other than for land vehicles ; transmissions for industrial machines; trimming machines for metalworking; ultraviolet light irradiation equipment for water purifying; unloaders, namely hoists and buckets for unloading bulk material from ships; front-end loaders; vacuum cleaners for household purposes; valves for industrial machinery not for land vehicles; vibrators (machines) for industrial use, namely, concrete vibrators; washing machines; waste compacting machines; waste crushing machines; waste disposers (machines); water heaters being parts of machines; welding machines; gas-operated welding machines; electric welding machines; wheel cranes; wire rod mills; weaving machines. Abacuses; bar code readers; general purpose batteries; bobbin wires; calculators; central processing units (processors); computer chips for integrated circuits; cinematographic projectors, cameras and film; color filters for liquid crystal display; computer operating programs, recorded; computer peripheral devices, namely, monitors, printers, scanners, keyboards, mice; computer programs being downloadable software for steelmaking process control; computer programs being downloadable software for use in back-up of computer hard drive data, back-up of computer networks, data recovery, conversion of data or documents from physical to electronic media, data encryption, data warehousing, electronic storage of data in the sectors of manufacturing, retail, distribution, transportation, finance, telecommunication and government; computers; electric arc cutting machines for metalworking; electric arc welders; electric signalling buzzers; electric flat irons ; electric hair-curlers; electric or magnetic meters and testers; power distribution and control equipment, namely, electric reactors for industrial machinery; electric power transformers; electric welders; electrical coils; electrodes for industrial machinery; electrodes for welding; electromagnets; electronic agendas; downloadable electronic periodical publications; flexible printed electrical circuits; galvanometers; heat sinks for cooling computers; heat sinks for cooling microprocessors; heat sinks for cooling light emitting diode lamps; heat sinks for cooling integrated circuits; heat sinks for cooling semiconductor elements; induction voltage regulators; blank smart cards; integrated circuits; intercommunications apparatus, namely, intercoms; juke boxes for computers; laboratory apparatus and instruments, namely laboratory assay kits, laboratory baths, laboratory calipers, laboratory chemical fume hoods, laboratory glassware, laboratory flasks, laboratory heating mantles, laboratory incubators, laboratory ovens, laboratory robots, laboratory scales and balances, laboratory slides, laboratory stirrers, laboratory test tubes, laboratory tongs; lasers for bar code readers, lasers for compact disc players not for medical purposes and lasers for metal cutting machines; general purpose batteries, namely lithium-ion secondary batteries; magnetic cores for use in motors; blank magnetic data media, namely floppy disks, hard disks, plastic cards with a magnetic strip; magnetic encoders for encoding data on magnetic media, namely floppy disks, hard disks, plastic cards with a magnetic strip; measuring or testing machines and instruments, namely measuring tape, micrometers, bevels, rain gauges, decibel meters, gas meters, water meter; metal surface galvanometers; computer monitors; optical instruments and apparatus, namely, cameras and lasers for thickness measurement, optical character readers (OCR); optical data media, namely, blank optical disks; ozonisers; ozonators; phase modifiers for supplying leading or reactive volt-amperes; photocopiers, namely photographic photocopiers, electrostatic photocopiers, and thermic photocopiers; photographic instruments and apparatus, namely photographic cameras, photographic film; portable telephones; power distribution or control machines and apparatus, namely electrical power generators, electrical power switches, electrical power connectors; printed

circuits; laser printers; computer printers; readers, namely, bar code readers, electronic card readers, magnetically encoded card readers, memory card readers, smart card readers; resistance wires; rotary converters; semi-conductors; slide-rules; fireplace screens; telecommunication devices and apparatus, namely radio transmitters, global positioning system (GPS) transmitters, video transmitters, cellular phone transmission towers, radio transmission towers, cellular television towers, telephone cables, Ethernet switches; telephones; electronic transistors; video telephones; silicon wafers; Watt hour meters; Watt meters. Air conditioners; air deodorizers for industrial purposes; air filtering units for removing dust, smoke and allergens for industrial purposes; air purifying units for industrial purposes; air sterilizers for industrial purposes; air-conditioners for airplanes; ash pits for industrial furnaces; boiler tubes; boilers other than parts of machines; coolers for industrial furnaces; cooling vats for industrial furnaces; desalination units; water distillation units; dryers for industrial furnace; evaporative air coolers; evaporators for chemical processing; filters for air conditioners for industrial purposes; filters for garbage incinerators; filters for industrial boilers; filters for industrial furnaces; filters for water purifying apparatus; fire bars for industrial furnaces and boilers; fuel economizers for gasoline engines; furnace ash boxes; furnace grates for industrial boilers; furnace grates for industrial furnace and nuclear reactors; gas scrubbers; heat exchangers for vehicles, not parts of; heat exchangers not parts of machines; heat regenerators namely recuperative counter-flowing heat exchangers; wood heaters, coke heaters, gas heaters, kerosene heaters, oil heaters; heating elements for industrial purposes, namely, electrical elements for stoves; hot air space heaters; hot water heaters; industrial furnaces; level controlling valves in tanks; fuel loaders for industrial furnaces; sintering machines and salt manufacturing machines for use in chemical industries; sewage treatment units; steam generators; ultraviolet irradiation equipment for water sterilization; waste soil purification units; water distillation units; water filtering units for industrial use; plumbing equipment, namely water flushing installations for industrial purposes; water purification units for industrial purposes; water purifying units for industrial purposes; water sterilizers. AC electric motors or DC electric motors for land vehicles not including their parts; adhesive rubber patches for repairing tubes or tires; aerial conveyors; aeronautical apparatus, namely, landing gears and landing gear control systems, propeller systems, pneumatic engine starters, hydraulic system components such as actuators and valves; aeroplanes; air bags being safety devices for automobiles; air-conditioning units for air planes; aircraft and their parts and fittings; air-cushion vehicles; anti-theft alarms for vehicles; anti-theft devices for vehicles, namely steering wheel locks; automobile crankshafts; automobiles and their parts and fittings; axle boxes for locomotives; axle journals; axles for industrial machines; axles for motor vehicle and rolling stock wheels; baby carriages; bicycle trailers; bicycles and their parts and fittings; railway cars; bogie trucks (rolling stock parts and accessories); bogies; bogies for railway cars; brake linings for vehicles; brake segments and brake calipers for vehicles; brake shoes for vehicles; brakes for motor vehicles and rolling stock; brakes for industrial machines not for motor vehicles; buffers for railway rolling stock; cable cars; camshafts for motor vehicles; trailer couplings; car carrier trucks; go-carts, golf carts, grocery carts; chassis for railway cars; couplers for cars and railway rolling stock; shaft couplings and gears; coupling chains for rolling stock; crank shafts; current collecting equipment for railway cars, namely, generators, batteries, fuel cells and inverters; draft gears being parts and fittings for rolling stock; drive shafts for motor vehicles; driving gear units for motor vehicles and rolling stock; driving gears for motor vehicles and rolling stock; electric leather belts for vehicles, namely, fan belts; flanges for railway wheel tires; fork lift trucks; gear and pinion coupler and draft gear for motor vehicles and rolling stock; gear boxes for motor vehicles and rolling stock; gear units for motor vehicles and rolling stock; gearing for motor vehicles and rolling stock; gears and pinions for motor vehicles and rolling stock; hand cars; hand straps for railway cars; heat exchangers for motor vehicles and rolling stock; horse drawn carriages; hydraulic circuits for vehicles; inner tubes for tires; leaf-springs for motor vehicles and rolling stock; leather

safety belts for motor vehicles ;metal wheels for rolling stock and steel tyres for use therewith; mine trolleys (carriages); motor coach buses; motorcycles; non-electric locomotives for land vehicles not including their parts; parachutes; parts and accessories for railway freight and passenger cars, namely, railway trucks, wheels, axles, and wheel-axle units; parts and fittings for automobiles; pedicabs; piston rings for motor vehicles and rolling stock; electrical power converters for motor vehicles and rolling stock; propeller shafts for motor vehicles; puller cars for mining; pusher cars for mining; railway couplings; railway freight cars; reduction gears for motor vehicles and rolling stock; relaxation control apparatus and instruments for controlling levels and tilt angles of rail cars using air springs; rickshaws; rockets; ropeways for cargo or freight handling; rotative power transmission belts connecting engines and radiator cooling fans for motor vehicles; rotor discs for brakes; seat covers for vehicles; shafts and bearings for motor vehicles and rolling stock; ships; ships' hulls and parts thereof; ships' steering gears; shock absorbers and shock absorbing springs for motor vehicles and rolling stock; sleighs and sleds; solid rolled wheels being railway rolling stock parts; space vehicles; springs for motor vehicles; springs and air springs for rolling stocks; steel rims for rolling stock wheels; steel tires (rolling stock parts and accessories); stern frames and shafts for boats; suspension shock absorbers for motor vehicles and rolling stock; suspension springs for motor vehicles and rolling stock; suspension systems for motor vehicles and rolling stock and accessories therefor; tires of automobiles; tractors; trains and parts and fittings therefor; electronic transistors; transmission shafts for motor vehicles and rolling stock; trucks; two-wheeled motor vehicles, namely motorcycles and their parts and fittings; undercarriages of railway cars; undercarriages for vehicles; unloading tiplers for tilting railway freight cars; valve shafts; wheels for motor vehicles; water bikes being personal watercrafts; wheel rims for bicycles and motor vehicles; wheel-axle units for bicycles, motor vehicles and rolling stock; wheelbarrows; wheelchairs; bicycle wheels; wheels for railway cars.

## SERVICES

Air conditioner installation and repair; aircraft maintenance or repair; boiler cleaning and repair; bridge construction; building construction; building construction supervision; building insulating; building reinforcing; building sealing; heating burner maintenance and repair; carpentry; civil engineering work consultancy; building construction services; construction consultancy; construction information; construction of airports; construction of aquatic facilities; construction of artificial islands; construction of base-isolation and vibration-control for buildings; construction of coastal buildings; construction of natural gas drilling platforms; construction of natural oil drilling platforms; construction of offshore oil and gas drilling platforms; construction of stadiums; construction of storage tanks; construction of telecommunication towers; construction of tunnels; consulting in the design and manufacture of computer hardware; waterproofing and damp proofing of buildings; demolition of buildings; dredging; drilling of oil and water wells; earthworks and concrete construction; installation of household electric appliances; electrical works, namely utility services generation and distribution of electricity; factory construction; foundation pile construction; furnace installation and repair; general building construction works; general civil engineering works; glass and ceramic glazing; harbour construction; installation of heat exchangers, vaporizer and condenser; installation, maintenance and repair in the field of chemical plants; installation, maintenance and repair in the field of electrical power plants; installation, maintenance and repair in the field of energy plants; installation, maintenance and repair in the field of liquefied natural gas plants; installation, maintenance and repair in the field of polychlorinated biphenyl treatment plant; installation, maintenance and repair in the field of recycling plants; installation, maintenance and repair in the field of steel plants; installation, maintenance and repair in the field of waste treatment plants; installation, maintenance and repair of computer hardware; installation, repair or

maintenance of industrial machinery; joinery, namely fine woodworking and cabinet making; industrial machinery installation; maintenance and inspection of aircraft air-conditioning system; maintenance and inspection of aircraft parts; maintenance of boilers; maintenance of building pump systems; masonry services; building maintenance and repair services; industrial plant repair and maintenance services; house painting; pier construction; pile construction; pipeline construction and maintenance; plastering; plumbing; pump repair; rental of construction machines and apparatus; rental of mining machines and apparatus; repair and maintenance of air-conditioning equipment for industrial purposes; repair and maintenance of aircraft tires; repair and maintenance of automobiles; repair and maintenance of chemical plants; repair and maintenance of computers including central processing units, electronic circuit, magnetic disc and magnetic tapes recorded with computer programs and other peripheral devices; repair and maintenance of condenser; repair and maintenance of construction machines; repair and maintenance of electric motors; repair and maintenance of computers; repair and maintenance of freezers; repair and maintenance of industrial furnaces; repair and maintenance of manufacturing equipment of liquid crystal panel; repair and maintenance of MEMS (microelectromechanical system) manufacturing equipment; repair and maintenance of nuclear power plants; repair and maintenance of office machines; repair and maintenance of ozonator; repair and maintenance of power distribution and control machines; repair and maintenance of power generators; repair and maintenance of railway rolling stock; repair and maintenance of two-wheeled motor vehicles; repair and maintenance of waste compacting machines; repair and maintenance of waste crushing machines; repair and maintenance of water treatment equipment; repair, cleaning and maintenance of protective equipment for protecting a screw part of pipe; residential and commercial building construction; metal rivetting; road construction; road paving; roofing repair services; scaffolding; upholstering; sheet metal formwork; steel structure building construction; supervision of works concerning construction; telecommunication wiring; telephone installation and repair; tile laying, bricklaying and block laying; underwater construction; underwater repair; vermin exterminating other than for agriculture, forestry or horticulture; warehouse construction; water network construction. ## **GOODS**

Computer hardware and software in the form of a box that reads, converts, decodes, processes, and transmits aircraft flight data, information and signals obtained from selected data busses on an aircraft, for the purpose of tracking the location of the aircraft, monitoring such things as its altitude, attitude, heading and airspeed, the functioning of selected systems onboard such as engines, flaps, fuel usage and electronics and reporting the results to a ground station via satellite transmission in or near real time, for use in flight tracking and location, search and rescue facilitation, flight parameter monitoring, flight data analysis, maintenance operation quality assurance, maintenance operation quality management, aircraft health monitoring, engine condition monitoring and engine condition analysis.

## **SERVICES**

Information management services, namely: data processing services, monitoring of data collected from selected data busses installed on an aircraft, computer systems monitoring, computer programming, installation of computer systems, expertise, namely consulting advice with respect to flight management operations, and the regulatory certification, installation, maintenance and upgrade of aircraft monitoring systems.

## GOODS

(1) Common metals and their alloys for use in brazing applications; precious metals and their alloys for use in brazing applications.

(2) Machines, namely, chemical and physical vapour deposition machines for use in the semiconductor industry; parts and fittings for machines, machine tools, engines, motors and for pumps, namely, brake rotors, crank rotors, degassing rotors, electric rotors, engine rotors, helicopter rotors, turbine rotors, engine vanes, turbine vanes, dynamic seals, mechanical seals, pump seals, machine bearings; parts for semiconductor fabrication machinery, namely, non-metallic mechanical crucibles and melting boats, and dummy semiconductor wafers; silicon carbide coated graphite parts for incorporation into semiconductor fabrication machinery; metal dip tubes being parts of machines; machine bearings, journal bearings, O-rings, piston rings, engine valve seats, cable guide fittings, mechanical labyrinth seals, machine bearing pads and ball thrust bearings, all being parts of machines, motor vehicles, rail vehicles, aircrafts and boats; rotary brushes for electrical machines; electrical conductor contact brushes made of carbon and metal, and mountings and holders for electrical conductor contact brushes, all being parts of machines; fluid nozzles made of refractory materials for use in metal casting machines, mandrels made of refractory materials for glass drawing machines, refractory shapes for use as parts for glass melting and glass moulding machines; dynamic seals, mechanical seals, pump seals, counterface rings, metalworking jig tools, machinery thread guides, all made of carbon, silicon carbide and alumina ceramic; parts and fittings for machines, namely, machine bearings, machine couplings, machine pulleys; machine tools for the metalworking industry; parts and fittings for engines and motors, namely, air filters, cylinders, gas filters, oil filters, piston rings, starters; parts and fittings for pumps, namely, pump impellers, pump seals; mechanical seals; machine bearings; slip rings and commutators for electrical machinery, namely, electrical power connectors.

(3) Hand operated tools and implements, namely, tongs, stirring rods, skimmers, spatulas, dippers, foundry ladles and plunger mixers; hand tools and instruments for use in foundries and for the handling, treatment or casting of molten metals; all being made of refractory materials.

(4) Scientific apparatus, namely, thermal protective pyrometer sheaths for use in furnaces and high temperature applications; crucibles for use in industrial furnaces; scientific apparatus and instruments, namely, refractory mortars, refractory plates, and refractory shapes, all for use in heat treatment applications in the fields of metallurgy, metalworking, chemical laboratory research, glass-melting, enamelling, and dentistry; laboratory assay kits and experimental blast furnaces for scientific use, and parts of all the aforesaid goods; custom manufactured alumina ceramic formed shapes for use as parts in scientific, electrical, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, life-saving and teaching apparatus; apparatus and instruments, all for measuring and recording electrical power, namely, ammeters, capacitance meters, galvanometers, multimeters, ohmmeters, voltmeters, wattmeters; thermocouples and graphite support tubes, being parts of microfiltration apparatus used to remove contaminants from fluids; shaped parts made of graphite and coated with silicon carbide for use in the manufacture of semiconductors; carbon, graphite, and carbon composite electrodes; component parts for electrical batteries used in industrial equipment and machinery and vehicles, electrical accumulator, fuel cells, and electrolytic cells; electric commutators; electrical current collectors; electrical rotary current collectors; electrical current collectors being parts of electrical vehicles; rotary transfer systems for transferring electrical power and data between relatively rotating parts of machinery; electrical power connectors; vibration monitoring devices, namely vibration sensors and vibration meters; commutator measuring devices, namely sensors and gauges for determining wear in electric commutators; pressure measurement devices, namely pressure sensors and pressure gauges; protective helmets, namely, ballistic and explosive protective helmets, military helmets, welding helmets; body armour, namely, bullet-proof clothing, ballistic and explosive protective clothing; ballistic protection panels for use in bullet-proof clothing and ballistic and explosive protective clothing.

(5) Surgical instruments for use in orthopaedic surgery; medical apparatus for use in orthopaedic surgery, namely, orthopaedic bone implants, orthopaedic bone screws, orthopaedic braces; orthopedic articles, namely, joint implants, hip replacements, prostheses, endoprotheses and medical implants of artificial materials ceramic parts for orthopedic articles; , namely, femoral heads, acetabular cups and custom designed medical and surgical components; feedthroughs for implants

(6) Acetylene and gas burners, blast furnaces for metal melting and metal holding, and parts for all the aforesaid goods; blast furnaces, heat treating furnaces, industrial ovens; heat treating, sintering , and brazing furnaces; carbonizing furnaces; graphitizing furnaces; induction or resistance tube furnaces; pyrolytic depositing furnaces; foundry crucibles, namely, crucibles used for melting metals, crucibles used for holding molten metals; tubes, shaped linings, cupola syphon blocks, slag-hole blocks, taphole blocks, launders, hot metal pouring chutes, stream dividers, kiln saggars, skimmer blocks, slag notch cooler linings, slag or iron lips, slag notch surrounds, blast furnace troughs, blast furnace sub-hearths, blast furnace trough linings, charging door surrounds, rotar segments, spouts, spout covers, spout burner blocks, spout inserts, orifice rings, flue blocks, burner blocks, stirrer sleeves, damper blocks, channel blocks, arch anchor blocks, arches, arch blocks, stirrers, jamb walls, back and breast walls, shadow walls, port crowns, port openings, overcoat blocks, pyrometer blocks, muffles, retorts and saggars, all for use with the aforesaid furnaces, ovens, boilers and burners; kiln furniture, namely element supports of ceramic material; shaped linings and muffles, and pottery kiln furniture; refractory articles for use in the lining or construction of apparatus for heating or steam generating including such articles in brick or block form; crucible liners of ceramic; pouring cups for molten metals; filters for molten metals; funnels for molten metals; hydrogen generators.

(7) Armoured land vehicles; armoured bodies, panels and doors for vehicles; ballistic protection panels being parts of vehicle bodies.

(8) Insulating materials, namely, acoustical insulation, ceramic enamel fibre insulation, ceramic insulators, felt insulation, glass fibre insulation, insulation materials, metal foil insulation, and thermal insulation; electrical insulation; materials made wholly or principally of insulating materials in the form of non-textile sheets, blocks, rods, tubes, and shaped sections, all for use in manufacture; graphite packing for pumps, gaskets and valves; plastic packing for shipping containers, rubber packing for shipping containers; adhesive sealants, dental sealants, general purpose sealants, sealing wax; cylinder jointings, expansion joints, joint packing for pipes, jointing cements, pipe joint compounds, pipe joint tape, pipe joints, universal joints; gaskets; heat insulating materials in the form of bulk fibre, loose spun fibre, blankets, cloth, pads, strips, tapes, tubes, blocks, sheets, and of boards or composite form; graphite felts and cloths for insulation; shaped sections of thermal insulation for use in manufacture.

(9) Non-metallic building materials, namely, bricks, fire bricks, tiles and refractory shapes; refractory articles and refractory materials, namely, refractory castable mixes, refractory shapes; refractory castable mixes and refractory shapes for use in lining furnaces and tanks and for use in building construction; goods made wholly or partially of refractory materials, namely, blocks, bricks and shapes of clay-bonded graphite, carbon-bonded graphite, silicon carbide, or mixtures of the aforesaid materials; ceramic casting alloys and casting forms for use in casting materials; ceramic molds for use in the foundry industry; ceramic cores and ceramic in bars, blocks, pellets, rods, sheets, tubes or extruded form for general industrial or manufacturing use; cores and shaped pieces, all being disposable items of ceramics or wax for use in the casting of metals; casting forms made of refractory materials, namely, clay-bonded graphite, carbon-bonded graphite, and silicon carbide; thermal protective containment vessels and sheaths used in metal casting applications, made of refractory materials, namely, clay-bonded graphite, carbon-bonded graphite, and silicon carbide.

(10) Ceramic materials in the form of blocks, rods or sheets, all for use in manufacture or for industrial use.

## SERVICES

(1) Treatment of metal materials, namely, metal joining and tempering services in the form of brazing; treatment of materials for the custom manufacture of technical ceramic goods; metallising, namely, metal coating, of ceramic, glass, metal, piezoelectric and dielectric materials; metal plating of ceramic, glass, piezoelectric and dielectric materials; custom manufacture of ceramic, metallic or combined ceramic and metallic products for the electrical, electronic, optoelectronic, aerospace, automotive, medical, industrial, power generation and distribution, process control and monitoring, security, defence and household equipment industries; custom manufacture of metal to ceramic seals; high temperature ceramic processing; grinding, polishing, and lapping, namely, machining services, applied to ceramic, glass, piezoelectric and dielectric materials; cutting of materials, namely, ceramic, glass, metal, piezoelectric and dielectric materials; shaping of materials, namely, forming of ceramic, glass, metal, piezoelectric and dielectric materials; polarising of piezoelectric materials; application of coatings, namely, metal coatings, diamond coatings, diamond-like carbon coatings, ion-beam deposited coatings, plasma deposited coatings, gridless-ion source deposition coatings, in the field of industrial manufacturing; custom manufacture of coated glass, coated plastic or coated ceramic articles; custom manufacture of glass products; custom manufacture of piezoelectric products.

(2) Product design consultancy services in the field of engineering; design for manufacture of products for others; professional consulting services in relation to material selection for use in manufacture; technical consulting in the field of materials science and materials engineering; design and manufacture of products for others using one or more of ceramic, glass, metal, piezoelectric and dielectric materials.

## GOODS

(1) Busts of non-precious metal; decorative boxes made of non-precious metal; figures of common metal; figurines of common metal; figures and figurines of imitation gold; identification tags of metal; key fobs of common metal; key rings of common metal; metal name badges; metal name plates, metal novelty license plates; metal pet tags; pewter figures; statues and statuettes of non-precious metal; structural parts and fittings for the aforesaid goods.

(2) Apparatus for recording, transmitting or reproduction of sound, music, images, data and videos, namely, CDs, DVDs, pre-recorded CD-ROMS, pre-recorded DVD-ROMS, video game cartridges, video game discs, computer game cartridges, computer game discs, digital audio tapes, digital video tapes, digital audio cassettes, digital video cassettes, high definition video discs, mini audio discs, mini video discs, audio records, audio tapes, video tapes, audio cassettes, video cassettes, audio discs, video discs, portable audio players, portable video players, USB flash drives, portable flash drives and downloadable digital files featuring or relating to music, musical recordings,

musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games, and application software for mobile phones, cell phones, smartphones and tablet computers, namely, mobile gaming and for mobile phones, cell phones, smartphones and tablet computers; sound, music, image, data and video recordings featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; multimedia productions recorded on analogue or digital storage apparatus, namely, CD, CDR, DVD, DVDR, DAT, DAC, HD disc, 3-D disc, record, tape and cassette, and data storage carriers, namely, memory sticks, USB flash drives, portable flash drives, audio players, video players and data sticks, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games, and application software for mobile phones, cell phones, smartphones and tablet computers, namely, mobile gaming for mobile phones, cell phones, smartphones and tablet computers; motion picture films featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; television films and programmes featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; animations featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; 3D motion picture films, television films and programmes, and animations featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; radio programmes recorded on CD, CDR, DVD, DVDR, DAT, DAC, HD disc, 3-D disc, record, tape and cassette, and data storage carriers, namely, memory sticks, USB flash drives, portable flash drives, audio players, video players and data sticks, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; recording materials used for storage and transmission of digital and analogue data, images, sounds and recordings namely, CDs, DVDs, pre-recorded CD-ROMS, pre-recorded DVD-ROMS, video game cartridges, video game discs, computer game cartridges, computer game discs, digital audio tapes, digital video tapes, digital audio cassettes, digital video cassettes, high definition video discs, mini audio discs, mini video discs, audio records, audio tapes, video tapes, audio cassettes, video cassettes, audio discs, video discs, portable audio players, portable video players, USB flash drives, portable flash drives and downloadable digital files featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games, and application software for mobile phones, cell phones, smartphones and tablet computers, namely, mobile gaming for mobile phones, cell phones, smartphones and tablet computers; pre-recorded audio and/or video media, CDs, CDRs, DVDs, DVDRs, digital audio tapes, digital audio cassettes, HD discs, 3D discs, mini-discs, records, tapes, cassettes, discs and flash drives, all featuring or relating to music, musical recordings, musical

performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; laser-read discs for recording, reproducing, transmitting and playing sound, images, music, data or video, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; optical-read discs for recording, reproducing, transmitting and playing sound, images, music, data or video, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; downloadable audio, image, data and video files provided from the Internet featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games, and application software for mobile phones, cell phones, smartphones and tablet computers, namely, mobile gaming for mobile phones, cell phones, smartphones and tablet computers; audio files in MP3 format; downloadable audio and/or video files in electronic format provided from the Internet featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games, and application software for mobile phones, cell phones, smartphones and tablet computers, namely, mobile gaming for mobile phones, cell phones, smartphones and tablet computers; video files in MP4 format; MP4 videos; application software for mobile devices, tablet computers and smartphones, namely, mobile gaming for mobile phones, cell phones, smartphones and tablet computers; mouse mats; downloadable digital music or sound files provided from the Internet; downloadable digital video, image, film and TV files and programmes provided from the Internet; downloadable digital video, image, film and TV files and programmes provided from MP4 web sites on the Internet; refrigerator magnets; publications downloaded in electronic form from the Internet all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; downloadable electronic publications provided from databases or the Internet, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; e-books, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; audio books on CD, mini-disc, record, cassette or disc, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; talking books, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; printed matter in electronic form, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; on-line publications, magazines, periodicals and newspapers, all featuring or relating to music, musical

recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; photographs and stills in electronic form, all featuring or relating to music, musical recordings, musical performances, celebrity interviews, spoken word, artistic performances, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; sunglasses; eyewear; structural parts and fittings for the aforesaid goods

(3) Jewellery; costume jewellery; precious stones; precious metals and their alloys; bracelets; busts ; chains; cuff links; earrings; necklaces; ornaments; statues and statuettes of precious metal or coated therewith; clocks and watches, and parts and fittings for the foregoing goods; watch accessories, including, watch bands, watch chains, watch straps and watch cases; figurines of precious metal or coated therewith; charms; ornaments of precious metal, including, ornamental pendants and ornamental pins; precious gemstones and semiprecious gemstones; medallions and badges of precious metal, precious metal alloys or coated therewith; key rings, key tags and key fobs, all of precious metal, precious metal alloys or coated therewith; structural parts and fittings for the aforesaid goods.

(4) Printed matter, namely, newsletters, books, brochures, posters, decals, bumper stickers, all featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; printed publications, namely, magazines featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; stationery; advertising materials, namely, posters, flyers and brochures featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; pamphlets featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; magazines featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; postcards; pictures; posters; diaries; drawing instruments; greeting cards; address books; catalogues featuring or relating to music, musical recordings, musical performances, musical groups and members

thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; brochures featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; event programs; event tickets; VIP event tickets; laminated event tickets and VIP event tickets; calendars; photographs; signed photographs; autographed printed items, namely, books, cards, posters and calendars featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; photographic albums; autograph albums; newspapers featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; newsletters featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; notelets; note pads; note books; stickers; decalcomanias; paper files; printed periodicals featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; instruction manuals featuring or relating to music, musical recordings, musical performances, musical groups and members thereof, television and radio programs, motion picture films, artistic performances, concerts, appearances by a celebrity or celebrities, appearances by professional entertainers, drama, comedy, action, adventure, animation, documentaries, fashion, health, beauty, lifestyle, clothing, self-improvement, games, and computer games; record token cards, namely, folded pieces of paper, paper cards, or envelopes in which can be placed, a record token; gift token cards, namely, folded pieces of paper, paper cards, or envelopes in which can be placed, a gift token; wrapping paper; writing implements; pens; ballpoint pens; fountain pens; pencils; rulers; erasers; pencil sharpeners; pen and pencil cases; picture cards; picture books; song books; sheet music; cardboard and paper badges; paper flags; record, tape, cassette, CD, CDR, DVD, DVDR, DAT, DAC, HD and 3D disc labels, inserts and inlays.

(5) Animal skins, hides; trunks and travelling bags; umbrellas, parasols and walking sticks; whips, harness and saddlery; all-purpose sports bags; all purpose athletic bags; all-purpose carrying bags; athletic bags; attaché cases; backpacks; rucksacks; bags and hold alls for sports clothing; beach bags; belt bags; hip bags; book bags; briefcases; business card cases; card wallets; carryalls; cases for keys; coin holders and purses; courier bags; record bags; credit card cases and holders; drawstring bags and pouches; duffel bags; flight bags; garment bags for travel; golf umbrellas; gym bags; handbags; hold alls; key bags; key cases; key wallets; kit bags; knapsacks; luggage; luggage tags; luggage labels; overnight bags, cases and suitcases; purses; school bags; school book bags; school satchels; shoe bags for travel; shaving bags sold empty; shoulder bags; souvenir bags; sport and sports bags; suitcases; ticket pouches; toiletry bags and toiletry cases sold empty; tote bags; travel baggage, bags and cases; wallets; wash bags for carrying toiletries; wheeled bags; key cases of precious metal, precious metal alloys or coated therewith; structural parts and fittings for the aforesaid goods.

**Colour Claim**

Colour is claimed as a feature of the trade-mark. The mark consists of a droplet of water outlined in grey, which is light blue at the top and white in the center, above a light blue oblong shadow. The water droplet encloses a light blue textured wave with white accents which starts on the left, and continues along the bottom perimeter and becomes dark blue with black accents on the right side of the droplet. Behind the droplet is a vertical wave composed of an upright triangle with curved sides to the lower left of the droplet and an upside-down triangle with curved sides to the upper left of the droplet. The outer left side of the upright triangle is dark blue and fades to light blue with white streaks, and the outer right side of the upright triangle is composed of black lines. The outer left side of the upside-down triangle is light blue with a dark blue streak, the center is white with light blue streaks, and the outer right side is composed of grey streaks.
