Trademarks Journal

2025-10-01 — Vol. 72 No. 3701

Trademarks Journal

Vol. 72 No. 3701

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Class 09

(1) Computer app to gather, collate, analyze, display and track patient information for healthcare collaboration between interdisciplinary teams for use in outpatient and inpatient clinical settings to act as a communication tool to help manage collaborative healthcare processes and assist as a decision-making tool in developing patient care plans; Computer app to measure and track functional outcomes of patients, namely performance metrics for functioning ability of patients; Computer app for risk management using big data analytics through AI for use especially by outpatient healthcare clinics, private and public long term care facilities, large private and public healthcare organizations (hospitals), insurance companies, pharmaceutical companies, private and public social services organizations (including education) by predicting risk to implement proactive healthcare interventions; Computer app for resource management using big data analytics through AI for use especially by outpatient healthcare clinics, private and public long term care facilities, large private and public healthcare organizations (hospitals), insurance companies, pharmaceutical companies, private and public social services organizations (including education) by tracking functional outcomes and measuring the value of applied healthcare interventions;

Computer app for interconnectivity between healthcare systems, government and civilians between different geographic locations to gather administrative information for value-based functional outcomes of health in populations, namely performance metrics for functioning ability of patients; Computer software to gather, collate, analyze, display and track patient information for healthcare collaboration between interdisciplinary teams for use in outpatient and inpatient clinical settings to act as a communication tool to help manage collaborative healthcare processes and assist as a decision-making tool in developing patient care plans; Computer software to measure and track functional outcomes of patients, namely performance metrics for functioning ability of patients; Computer software for risk management using big data analytics through AI for use especially by outpatient healthcare clinics, private and public long term care facilities, large private and public healthcare organizations (hospitals), insurance companies, pharmaceutical companies, private and public social services organizations (including education) by predicting risk to implement proactive healthcare interventions; Computer software for resource management using big data analytics through AI for use especially by outpatient healthcare clinics, private and public long term care facilities, large private and public healthcare organizations (hospitals), insurance companies, pharmaceutical companies, private and public social services organizations (including education) by tracking functional outcomes and measuring the value of applied healthcare interventions; Computer software for interconnectivity between healthcare systems, government and civilians between different geographic locations to gather administrative information for value-based functional outcomes of health in populations, namely performance metrics for functioning ability of patients; Computer software for gathering population health information, healthcare data entry and information on healthcare management; Educational materials, namely pre-recorded instructional videos in the field of collaborative healthcare planning

Class 16

(2) Educational materials, namely manuals, user guides and checklists in the field of collaborative healthcare planning

Services**Class 35**

(1) Collaboration of data, namely compilation of information in the field of healthcare data and records, including functional scores of patients, types of healthcare interventions, diagnoses of patients, types and roles of healthcare providers and clinical events affecting health of patients

Class 41

(2) Educational services in the field of healthcare

Class 44

(3) Development of healthcare management plans for treatment of patients, including assisting with clinical decisions regarding resources allocation and applying healthcare interventions; Consulting services in the field of healthcare, namely consulting regarding healthcare management plans for patients including assisting with development of customized functional checklists and with clinical decisions regarding resources allocation and applying healthcare interventions; tracking and reporting of outcome measures of health of patients, namely performance metrics for functioning ability of patients

Goods

Class 09

(1) Electronic monitoring and detection system comprised of computer hardware and software for securely monitoring, tracking, detecting, and logging test-taker behavior during a test or examination and for restricting behavior of a test-taker allowed during the test or examination; computer software downloadable from a global computer network for detecting test taker behavior during a test or examination; computer software for logging information surrounding a testing or examination event and analyzing the logged information in order to detect abnormal test-taker or system behavior during the testing or examination event and to restrict a test-taker's actions allowed in a computer environment during the testing or examination event; computer software for tracking, detecting, and logging test taker behavior during a test or examination, namely, tracking, detecting, and logging key combination, open windows, running processes, general system specification, and system performance; apparatus for reading data, in particular for reading labels for product marking and parts thereof, namely, card reading equipment, barcode readers; computer hardware; computer peripherals, namely, printers, parts and spare parts of computer, namely, flash memory cards and motherboards, computer cables and power adapters for scanners, optical disk readers and electro optical readers in the nature of electronic magnetostrictive equipment, namely, a wave generator, wave sensor and wave analyzer; computer software for use in data collection, data analysis, polls and surveys, namely, computer software for use in database management; computer software for educational testing, educational assessment, educational scoring and attendance control; computer software for design, development and administration of forms, polls, surveys, tests, assessments, scoring, course materials and curricula; computer software for database management, computer software for accessing, querying and analyzing information stored in databases; electronic databases containing information in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and forms definitions and utilities; electronic publications in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation, and data collection; downloadable test-scoring computer software; recorded and downloadable computer software for the design and development of surveys, test development and administration, grade automation, and forms definitions and utilities; computer hardware and software for image processing; computers; optical

character readers; laser scanners, three dimensional (3d) scanners, optical scanners, barcode scanners, image scanners

Class 16

(2) Paper and cardboard; printed publications, namely, printed forms for use in data collection, data analysis, polls and surveys; printed curriculum; printed forms for personnel selection, personality testing, psychological and psychometric testing and determining employment skills; printed research reports, printed statistical reports; printed manuals; stationery agendas, stationery folders, paper stationery sets, writing stationery; pencils; drawing rulers, drafting rulers; ring binders, stationery binders, paper folders, file folders; inking ribbons; packaging materials of cardboard, packaging materials of paper; cardboard shipping containers; instructional and teaching materials, namely, educational books; printed course materials in the field of test taking, test taking behaviors, surveys, forms design, test development and administration and grade automation and printed instructor materials, namely, course syllabuses; customized printed forms for use in data collection and analysis; printed matter, namely, pamphlets and brochures, postcards, greetings cards, business cards, note cards; printed forms, namely, pre-printed test sheets adapted for automatic scoring; printed forms for educational testing, educational assessment, educational scoring and attendance control; punched cards made from paper, namely, test sheets, and attendance control; score cards made from paper.

Services

Class 35

(1) Conducting business and market research surveys for others; office functions in the nature of filing documents; business administration services; business records management, namely, business surveys and business tests; computer data entry services; data processing consultancy in the field of administering and analyzing customized business tests and surveys for others; collating, storing, sorting, managing, updating, processing and searching of data for others in electronic databases in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; business information services in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; business information services in the field of scanning solutions; marketing analysis services; business management analysis; designing, conducting and analyzing business surveys; designing, conducting and analyzing business tests, namely corporate and government employee assessment and screening tests, performance tests and knowledge training tests; preparing business reports; business management consultancy services, business organization consultancy services, business administration consulting services; benchmarking services; designing, conducting and analyzing personality tests, psychological test and psychometric tests, all to select personnel; designing, conducting and analyzing tests to determine employment skills; designing, conducting and analyzing public opinion polls; maintaining personal medical history records and files; administering and analyzing customized business tests and surveys for others; preparing customized business reports for others; performing and analyzing customized business tests and surveys used to gather and evaluate business benchmarking information for others; tabulating business data for others; business consultation services in the field of data collection solutions; technical benchmarking services.

Class 37

(2) Installation and maintenance of computers and computer peripherals; installation, maintenance and repair of data processing equipment, namely, computer hardware; installation, maintenance and repair of office machines and equipment; installation, maintenance and repair of computers;

installation, maintenance and repair of apparatus for reading data, namely, computers, mobile phones, tablets; installation, maintenance and repair of computer hardware; installation, maintenance and repair of optical readers, electro-optical readers, scanners and printers; installation, maintenance and repair of telecommunications equipment, namely, mobile phones; refilling of toner cartridges; re-inking services; maintenance and repair of optical mark readers and imaging scanners; installation and maintenance of computer hardware.

Class 38

(3) Telecommunications services, namely, internet access provider services; providing access to computer networks; providing multiple user access to a global computer information network; providing access to an online platform for tracking data, namely survey, questionnaire, ballot, test answers and test score results, information in the field of test taking, test taking behaviors, system behaviour, surveys, test forms design, test development and administration, grade automation and forms definitions, documents, namely, course materials and curricula, survey, questionnaire, ballot and test forms, optical mark recognition forms, text and electronic messages for others; electronic transmission of test results data, surveys information, text and voices messages via Internet; providing access to a computer database in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; providing access to a web, mail and news portals; providing access to a web portal on the Internet for users to access information in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; electronic messaging services; providing access to on-line interactive chat rooms; providing access to a web-based online portal via the Internet featuring technology, namely, a plug-in based architecture, for testing and examination credential and candidate management featuring organizational branding and styling, user customizable layout, configurable feature set, customizable plug-in based architecture, profile management for user managed profiles, password management, attestation management, consolidated notifications and messaging, role-based security for feature access granted through roles and permissions and customizable roles, candidate application processing for customizable application, supplemental documentation collection and candidate auditing, online scheduling for candidate eligibility, test administration windows and site availability, customizable notice-to-schedule (NTS) emails and automatic confirmation emails, document repositories for unlimited distinct online repositories, unlimited files, folders and documents, payment processing for online payments and access to historical receipts, delegable system and program administration, online registries for unlimited public and private registries, customizable registry rosters and customizable registry data sets, reporting for predefined standard report set, customized canned and parameterized reporting and candidate score reporting, integrated help for role and permission sensitive help, context sensitive help, and organizational customized help, and solution management and data security for software updates and enhancements

Class 39

(4) Physical storage of electronically stored data or documents.

Class 41

(5) Educational testing services, namely, preparing, administering, and scoring non-proctored and proctored assessments and examinations in a controlled or monitored setting via a worldwide computer network for use in educational, professional, governmental, and vocational occupations; educational research services; educational services in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection; training services, namely, training in the use and operation of computer equipment in the field of

test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; providing educational information in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions via a website; designing, conducting and analyzing educational and training courses, tests and assessments in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; educational and training testing services, namely, standardized educational testing; educational and training assessment services, namely, performance measurement evaluations in the field of education; analyzing educational tests scores and data for others; preparing educational and training reports, namely, publishing reports in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; educational and training consultancy services in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; designing, conducting and analyzing personality tests, psychological test and psychometric tests, all for educational and training purposes; development of curriculum programs; vocational guidance services; practical training in the field of curriculum; providing online non-downloadable electronic publications for educational and training purposes and for educational and training testing purposes in the field of test taking, test taking behaviors, surveys, forms design, test development and administration, grade automation and data collection solutions; publishing of electronic publications; publishing services, in particular publishing of printed publications, printed forms, printed course materials and printed curricula; administering and analyzing customized educational tests and surveys; performing customized educational tests and surveys used to gather and evaluate educational benchmarking information; analysis and generation of customized reports relating to the topic of education for others; tabulation of data in the field of education for others; educational services, namely, conducting training courses in the field of data collection solutions, and distribution of course material in connection therewith

Class 42

(6) Providing an online, non-downloadable, Internet-based system application featuring technology for credentialing and candidate management, coordination of testing certification application, testing certification eligibility review, certification testing registration, test score reporting and analysis reporting; providing information on computer technology and programming via a web site; computer software consulting; computer software consultancy; design and development of computer software; design and development of computer hardware; industrial analysis and research services in the field of data collection solutions; technical data analysis services, namely, computer data analysis; computer programming services for commercial analysis and reporting; design, development, programming, testing, maintenance, customization, hosting and rental of computer software; design, development, programming, testing, maintenance, customization, hosting and rental of computer databases; design, development, programming, testing, maintenance, customization and hosting of websites for others; materials testing and analyzing, conducting feasibility studies; designing, conducting and analyzing technical surveys; preparing reports relating to technical project studies for projects in the field of data collection solutions; software as a service featuring software in the field of education for use in standards-based testing and assessment, reporting and curriculum evaluation; application service provider (ASP) featuring software in the field of education for use in standards-based testing and assessment, reporting and curriculum evaluation; providing temporary use of non-downloadable software for computer data collection and for computer data analysis; platform as a service (PaaS) offering software for data collection and analysis in the field of computer data collection and computer data analysis;

providing temporary use of non-downloadable software for use in designing, developing and administering forms, polls, surveys, tests, assessments, scoring, course materials and curricula, creating of computer programs for others, materials testing and evaluation and curriculum; rental of computer servers, database servers and web servers; technical support services for diagnosing computer, computer hardware, computer peripherals, computer databases and web sites problems; technical support services regarding data processing equipment, apparatus for reading data, namely, optical readers, electro optical readers, scanners and printers; scanning of documents; cloud computing provider services for general storage of data; providing temporary use of non-downloadable software for educational and training purposes and for educational and training testing purposes; electronic development of customized surveys and tests to the specifications of others; computer consultation services in the field of data collection solutions; designing and processing customized forms to the specifications of others; providing temporary use of on-line, non-downloadable software for performing and analyzing customized tests and surveys used to gather and evaluate benchmarking information for others; installation, maintenance and updating of computer software; hosting the web sites of others on a computer server for a global computer network; rental of optical readers, electro-optical readers, scanners and printers; rental of software for data processing; rental of computer hardware and computer peripherals; rental of computer systems; rental of word processors being computer hardware; electronic data storage for archiving business records for others; software as a service (SaaS) for use in providing members with access to a website portal featuring technology, namely, a plug-in based architecture, for testing and examination credential and candidate management featuring organizational branding and styling, user customizable layout, configurable feature set, customizable plug-in based architecture, profile management for user managed profiles, password management, attestation management, consolidated notifications and messaging, role-based security for feature access granted through roles and permissions and customizable roles, candidate application processing for customizable application, supplemental documentation collection and candidate auditing, online scheduling for candidate eligibility, test administration windows and site availability, customizable notice-to-schedule (NTS) emails and automatic confirmation emails, document repositories for unlimited distinct online repositories, unlimited files, folders and documents, payment processing for online payments and access to historical receipts, delegable system and program administration, online registries for unlimited public and private registries, customizable registry rosters and customizable registry data sets, reporting for predefined standard report set, customized canned and parameterized reporting and candidate score reporting, integrated help for role and permission sensitive help, context sensitive help, and organizational customized help, and solution management and data security for software updates and enhancements

Certification Mark Standard

The certification program has been used in Canada to offer a detailed framework to ship owners, port authorities, seaway corporations, terminal operators and shipyard managers to certify they have met the certifier's standards regarding the achievement of a certain level of environmental performance, namely: (i) Demonstrate corporate leadership measured through commitment to Environmental Policies in which participants must have established and publicly communicated environmental policies. For example, the certifier has published its environmental policy on its website, outlining its commitment to reducing emissions and protecting marine ecosystems through the implementation of best environmental practices and the adoption of new technologies and equipment. Candidates must actively implement best practices in environmental management, including water cleanliness, air cleanliness, detritus reduction, and flora and fauna protection. For instance, candidates must adhere to relevant environmental laws and regulations with both Canadian and international maritime environmental regulations and must provide measurable data on their environmental performance, which is reviewed annually. The certifier publishes annual reports detailing its environmental performance metrics, such as reductions in carbon emissions

and improvements in water quality; and (ii) Carry out their activities in a responsible manner with a view to minimizing their environmental impacts, which include: - Water Quality: Measures to ensure the cleanliness and preservation of water bodies. The certifier has defined specific measures to monitor and improve water quality in ports and harbours. - Air Quality: Initiatives to reduce air pollution and improve air quality. The certifier encourages and recognizes cleaner fuel technologies to reduce air pollution from ships. - Flora and Fauna Protection: Efforts to protect local ecosystems and biodiversity. The Certifier collaborates with local environmental organizations to protect marine life and habitats. - Waste Management: Strategies to reduce detritus and waste production. The certifier encourages and recognizes the adoption of recycling programs and waste reduction initiatives at the candidates' facilities; and (iii) Aim for continual improvement of their environmental performance, which involves: - Setting Improvement Goals: Establishing specific, measurable goals for environmental performance improvement. The certifier sets annual targets for reducing emissions. - Monitoring and Reporting: Regular monitoring and reporting of progress towards these goals. The certifier conducts annual reviews of the participants' environmental performance and publishes the results. - Adopting New Technologies: Integrating new technologies and practices that enhance environmental performance. The certifier promotes research and development to adopt the latest environmental technologies; and (iv) Develop and promote voluntary protection measures; (v) Integrate sustainable development practices that are technically and economically achievable; and (vi) Collaborate through: - Partnerships: Establishing partnerships with governmental bodies and other stakeholders. The certifier has formed partnerships with local and national environmental agencies. - Joint Initiatives: Participating in joint initiatives aimed at improving environmental standards. The certifier collaborates on joint research projects with universities and environmental organizations. The candidate must also adhere to the certifier's certification policy. The candidate submits a detailed self-evaluation report to the certifier annually and agrees to external verification of their self-evaluation reports every other year. Independent environmental auditors verify the self-evaluation reports, and the candidate agrees to the publication of its self-evaluation reports to ensure transparency and accountability. The certifier publishes the self-evaluation reports on its website for public access as set forth in the attached certification policy as may be updated from time to time. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those listed in the application.

Services

Class 41

(1) Development, publication and dissemination of educational materials in the field of environmental awareness in the marine industry; Educational and informational services, including conducting seminars, conferences and workshops in the field of environmental performance in the marine industry.

Class 42

(2) Developing accreditation standards and best practices for maritime companies to establish and improve their performance concerning environmental protection initiatives; Verification and reporting of environmental performance for ship owners, port authorities, seaway corporations, terminal operators and shipyard managers.

The certification program has been used in Canada to offer a detailed framework to ship owners, port authorities, seaway corporations, terminal operators and shipyard managers to certify they have met the certifier's standards regarding the achievement of a certain level of environmental performance, namely: (i) Demonstrate corporate leadership measured through commitment to Environmental Policies in which participants must have established and publicly communicated environmental policies. For example, the certifier has published its environmental policy on its website, outlining its commitment to reducing emissions and protecting marine ecosystems through the implementation of best environmental practices and the adoption of new technologies and equipment. Candidates must actively implement best practices in environmental management, including water cleanliness, air cleanliness, detritus reduction, and flora and fauna protection. For instance, candidates must adhere to relevant environmental laws and regulations with both Canadian and international maritime environmental regulations and must provide measurable data on their environmental performance, which is reviewed annually. The certifier publishes annual reports detailing its environmental performance metrics, such as reductions in carbon emissions

and improvements in water quality; and (ii) Carry out their activities in a responsible manner with a view to minimizing their environmental impacts, which include: - Water Quality: Measures to ensure the cleanliness and preservation of water bodies. The certifier has defined specific measures to monitor and improve water quality in ports and harbours. - Air Quality: Initiatives to reduce air pollution and improve air quality. The certifier encourages and recognizes cleaner fuel technologies to reduce air pollution from ships. - Flora and Fauna Protection: Efforts to protect local ecosystems and biodiversity. The Certifier collaborates with local environmental organizations to protect marine life and habitats. - Waste Management: Strategies to reduce detritus and waste production. The certifier encourages and recognizes the adoption of recycling programs and waste reduction initiatives at the candidates' facilities; and (iii) Aim for continual improvement of their environmental performance, which involves: - Setting Improvement Goals: Establishing specific, measurable goals for environmental performance improvement. The certifier sets annual targets for reducing emissions. - Monitoring and Reporting: Regular monitoring and reporting of progress towards these goals. The certifier conducts annual reviews of the participants' environmental performance and publishes the results. - Adopting New Technologies: Integrating new technologies and practices that enhance environmental performance. The certifier promotes research and development to adopt the latest environmental technologies; and (iv) Develop and promote voluntary protection measures; (v) Integrate sustainable development practices that are technically and economically achievable; and (vi) Collaborate through: - Partnerships: Establishing partnerships with governmental bodies and other stakeholders. The certifier has formed partnerships with local and national environmental agencies. - Joint Initiatives: Participating in joint initiatives aimed at improving environmental standards. The certifier collaborates on joint research projects with universities and environmental organizations. The candidate must also adhere to the certifier's certification policy. The candidate submits a detailed self-evaluation report to the certifier annually and agrees to external verification of their self-evaluation reports every other year. Independent environmental auditors verify the self-evaluation reports, and the candidate agrees to the publication of its self-evaluation reports to ensure transparency and accountability. The certifier publishes the self-evaluation reports on its website for public access as set forth in the attached certification policy as may be updated from time to time. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those listed in the application.

Services

Class 41

(1) Development, publication and dissemination of educational materials in the field of environmental awareness in the marine industry; Educational and informational services, including conducting seminars, conferences and workshops in the field of environmental performance in the marine industry.

Class 42

(2) Developing accreditation standards and best practices for maritime companies to establish and improve their performance concerning environmental protection initiatives; Verification and reporting of environmental performance for ship owners, port authorities, seaway corporations, terminal operators and shipyard managers.

Goods

Class 09

(1) CD music recordings; CDs containing audio recordings of live musical performances; compact discs containing music; compact discs featuring music; digital music downloadable from internet; digital music downloadable from the Internet; downloadable digital music; downloadable electronic sheet music; downloadable music; downloadable music files; downloadable music for mobile telephones, handheld computers and tablet computers; downloadable video recordings featuring music; pre-recorded audio tapes featuring music; pre-recorded compact discs containing music; pre-recorded DVDs containing music; pre-recorded DVDs featuring music; pre-recorded music compact discs; pre-recorded music videotapes; pre-recorded video cassettes featuring music; pre-recorded videotapes featuring music; prerecorded audio tapes featuring music; prerecorded DVDs featuring music; prerecorded music compact discs; prerecorded music videotapes; prerecorded videotapes featuring music

(2) Vinyl music recordings; Vinyl records containing audio recordings of live musical performances; Vinyl records containing music; Vinyl records featuring music; pre-recorded vinyl records featuring music; pre-recorded vinyl records containing music; pre-recorded music vinyl records; printed sheet music;

Class 25

(3) A-shirts; baseball caps and hats; caps; casual clothing featuring pants, dresses and shorts; knitted caps; knitted sweaters; promotional caps; shirts; sweat shirts; sweaters; sweatshirts; t-shirts; turtleneck sweaters

(4) toques; hoodies; jerseys; jackets; tank tops;

Services

Class 35

(1) catalogue shopping services in the field of clothing; clothing concession stands; computerized online ordering featuring clothing; consignment sale of clothing; distributorships in the field of clothing; mail order services in the field of clothing; online department store services; online retail

services for downloadable and pre-recorded music and movies; online retail services for downloadable digital music; online retail services for downloadable ring tones; online sales of arts and crafts; online sales of clothing; online sales of downloadable pre-recorded music; online sales of downloadable ring tones; retail book store services; retail clothing store services; retail sale of clothing; retail services provided by clothing boutiques; retail services provided by music and record stores; retail services provided by music stores; retail services provided by record stores; retail store services featuring clothing; sale of clothing

(2) catalogue shopping services in the field of caps, hats and toques; caps, toques and hats concession stands; computerized online ordering featuring caps, hats and toques; consignment sale of caps, hats and toques; distributorships in the field of caps, hats and toques; mail order services in the field of caps, hats and toques; online department store services; online sales of arts and crafts; online sales of caps, hats and toques; retail caps, hats and toques store services; retail sale of caps, hats and toques; retail services provided by caps, hats and toque boutiques; retail services provided by caps, hats and toque stores; retail store services featuring caps, hats and toques; sale of caps, hats and toques;

Class 38

(3) broadcasting of music concerts over the Internet; podcasting of music; providing access to digital music web sites on the Internet; providing access to digital music websites on the internet; providing streaming audio and video such as music, movies, television shows, music videos, news and sports webcasts via a website; streaming of audio and video via the Internet featuring music, movies, news, and sports

Class 41

(4) arranging and conducting musical concerts; audio and video recording services; composition of music; entertainment in the form of live musical concerts; entertainment in the form of live performances by a musical band; entertainment services in the nature of live musical plays; entertainment services in the nature of live performances by a musical band; entertainment services in the nature of non-downloadable videos and images featuring television shows and movies transmitted via wireless computer networks; film and video production; instruction in the field of music; music composition; music composition services; music instruction; music transcription; music transcription for others; music-halls; musical floor shows provided at performance venues; organization of music concerts for charitable purposes; organizing music competitions; performances featuring live dance and live music; post-production editing services in the field of music, videos and film; production of live musical variety shows; production of music records; production of musical videos; providing information in the field of music via an online blog; providing information in the field of musical entertainment for children via a website; providing information, commentary and articles in the field of music via computer networks; providing ratings for television, movie, music, video and video game content; providing weblogs in the field of music; publication of musical texts; rental of phonographic and music recordings; theatrical and musical floor shows provided at performance venues; video editing

(5) entertainment services, namely, providing non-downloadable podcasts in the field of musical art and musical artists; providing musical entertainment via podcasts

Colour is claimed as a feature of the trademark. The entire trademark is blue.

Goods

Class 01

(1) Antifreeze; chemical products for motor vehicles, namely, chemical engine treatments and additives for engine oils, petrol and diesel fuels, transmission fluids and cooling systems, sealant preparations for motor vehicle radiators, detergent additive for use with motor oil, automobile tire inflator sealers, chemical preservatives for use as corrosion inhibitors on automobile exhaust systems, flushing agents for automobile radiators; brake fluid

Class 04

(2) industrial grease; all-purpose lubricants;

Class 06

(3) Metal hardware and small items of metal hardware, namely screws, nuts, snap rings [fasteners], cotter pins, grease nipples; ducts of metal for ventilating and air conditioning installations; collars of metal for fastening pipes; metal lock for vehicles; keys; clamping fixture made of metal; tanks of metal; hose couplings, of metal; hose clamps, of metal.

Class 07

(4) Locking cylinders; cooling radiators for motors and engines; pistons, piston segments, cylinder liners, slide bearings, toothed wheels, diesel injection pumps as parts for engines of automobiles; machine parts for the engine lubrication - in particular, oil pumps, oil supply pipes, oil sumps, oil drain plugs; engine bearings; V-belts; transmission bearings; wash water pumps; parts of motors and engines, in particular, crank cases, crank shafts, belts; water pumps [engine parts] for vehicles; parts of land vehicle engines, namely, engine housings, crank mechanisms, motor controls, cooling radiators, oil filters for engine lubrication systems, engine fuel pumps, fuel mixture

regulators, engine bearings; hydraulic pumps and engines, hydraulic controls for engines; anti-friction bearings for machines; ball bearings; bearings for transmission shafts; bearings; belts for motors and engines; compressors for machines; control cables and connection rods as parts of engines of automobiles; connecting rods for machines, motors and engines; control mechanisms for machines, engines and motors as parts of engines of automobiles.; dynamo belts; dynamo brushes; dynamos; fans for motors and engines; fan belts for motors and engines; filters for cleaning cooling air, for engines; filters as parts of engines of automobiles; generators of electricity; lubricating pumps; lubricators as parts of engines of automobiles; speed governors for machines, engines and motors; universal joints (cardan joints); pistons and cylinders for combustion engines; ignition devices for internal combustion engines; glow systems and glow plugs for combustion engines; electric starters for motors and engines; power tools; glow plugs for combustion engines, particularly for the usage in automobiles, other cars, marine engines and agricultural machines; electric door openers; electric door closers; parts of vehicle engines, namely, cooling radiators, fan blades and viscoclutches; replacement parts of motors for passenger automobiles, trucks, busses and their trailers, in particular, motor housings, motor controls, parts for cooling, lubrication and fuel supply; fans for motors and engines; radiators for motors and engines; fan belts for engines; starters for motors and engines; mechanical control elements for motors; starters for vehicle engines and motors; belt pulleys, and sprockets belt tensioners as parts of engines of automobiles; gaskets for hydraulic cylinders for use in mining and construction of machines and land vehicles; gaskets for hydraulic motors for use in mining and construction of machines and land vehicles; gaskets for hydraulic pumps for use in mining and construction of machines and land vehicles; oil seals for hydraulic cylinders for use in mining and construction of machines and land vehicles.

Class 09

(5) Electronic switching and control devices for vehicles, particularly relays, commutators, fuses, small motors, signals and wash water pump; parts for passenger vehicles, trucks and busses and their trailers, namely electric cables, control devices, electric sensors; control devices and control units with electric components for vehicles, particularly for the usage with hydraulic pumps; batteries for automobiles, namely, apparatus and instruments for switching, converting, storing and regulation of electricity; vehicle batteries; automotive battery chargers; chargers for electric batteries for electric vehicles; holders for electric coils; electric display apparatus, namely, computer display screens in vehicles; plates for batteries; automatic indicators of low pressure in vehicle tires; simulators for the steering and control of vehicles; speed indicators for vehicles; navigation apparatus for vehicles, in the form of on-board computers; vehicle on-board computer apparatus; electrochemical cells; low and high voltage lines; sensors, namely, sensors for determining acceleration, sensors for determining position, sensors for determining velocity and sensors for determining proximity; radio interference filters.

Class 11

(6) Lighting installations for automobiles; lights for automobiles and their parts, in particular, sockets for electric bulbs, lamp glasses and vehicle headlights; taillights for vehicles; heating installations, air-conditioning installations and ventilation installations for vehicles and their parts, in particular, filters, ventilating fans, valves, heat pumps, heat re-generators, heat accumulators, heat exchangers, other than parts of machines, expansion tanks; ventilating fans and parts thereof; pressure water tanks; defrosters for vehicles; heating apparatus for defrosting windows of vehicles; automotive supplement heating apparatus and air conditioning systems and parts thereof; parts for automotive air conditioning installations, namely dryers and supply lines; air-conditioning and heating installations for passenger cars, trucks, buses and their trailers.

Class 12

(7) Suspension shock absorbers for land vehicles; land vehicle suspension parts, namely, coil springs; rims for vehicle wheels; steering wheels; parts of motor vehicle axles; parts of the vehicle steering mechanism, particularly drag- links, tie rods and joints; parts of vehicles, in particular, coupling elements, wheel bearings and constant velocity joints; vehicle springs, particularly concussion springs and shock absorbers; gas springs for automobiles, particularly for engine hoods and tailgates; vehicle body components, particularly exterior mirrors; automotive spare parts, particularly for air brakes; brake parts, particularly brake pads and brake discs; parts of vehicles, in particular, propeller shaft joints; automobile engines; anti-skid chains for vehicle tires; viscous couplings; small motors; parts for motor vehicles, in particular, parts for vehicle axles, parts for vehicle brakes, particularly pads and disks, parts of vehicle steering mechanisms, particularly drag-links, tie rods and joints; parts of vehicles, in particular, coupling elements, wheel bearings and constant velocity joints; electronic switching and control devices for vehicles, namely small engines; replacement parts for land vehicles, namely, for passenger cars, trucks and buses and their trailers, particularly motors, parts for land vehicles, namely for passenger cars, trucks and buses and their trailers, namely clutches, gear boxes, tie rods, wheels, transverse links, stabilizer bars, brakes; electric motors for land vehicles; axles for vehicles; electric motor vehicle bodies; brake pads and brake linings for vehicles; brake calipers, bumpers, clutches, differential gears, driving toothed wheels, gear change selectors; gearboxes, gear shafts, hydraulic cylinders and motors, supporting bearings, all for vehicles; vehicle chassis; manual and power steering apparatus, personal safety restraints, seats, sliding roofs, steering columns, all for vehicles; hubs for vehicle wheels; vehicle wheels; car-top luggage carriers, safety belts for vehicle seats, mudguards, hatches, horns, rearview mirrors, luggage carriers for vehicles, ski carriers for vehicles, anti-skid chains, headrests, safety seats for children, for vehicles, stabilizers, steering linkage, suspensions, drawbars, motor car windows, window winding mechanisms for vehicle windows, windshield wipers, all for vehicles; arm rests for vehicles; balance weights for vehicle wheels; mechanical control units for breaks, clutches, gas pedals and for gear boxes, engine mounts, all for vehicles; radiator grills, fluid reservoirs, stowage boxes and stowage compartments, spare wheel carriers, all being parts of vehicles; covering panels for vehicles; direction signals for automobiles; injection pumps for automobiles; water pumps for automobiles; constant velocity joints; rubber moulded parts for automobiles, particularly silent blocks, profile frames, weather strippings, holding rings for exhaust systems, axle boots and gasket sets; gaskets for hydraulic shock absorbers for land vehicles.

Class 17

(8) Rubber and products made thereof, namely gaskets and flexible plastic tubes for technical purposes; valves of rubber or vulcanized fiber (not including machine parts); gaskets; packing containers of rubber; composite seals; Insulating materials namely anti-interference devices namely conductive silicone packing for electro-magnetic interference in the field of electricity

Services

Class 37

(1) Vehicle lubrication [greasing]; vehicle battery charging; vehicle repair information; vehicle maintenance; vehicle cleaning; vehicle polishing; vehicle breakdown repair service; anti-rust treatment for vehicles; vulcanization of tires (tire repair); motor vehicle maintenance and repair of land vehicles; vehicle wash; car wash; installation of window glass in cars and lorries; installation of sun roofs in cars; automobile repair; testing and repair of parts of automobiles; installation, maintenance and repair of parts and accessories of automobiles and car stereos; vehicle maintenance at motorsport events.

Class 39

(2) Towing; vehicle breakdown towing service, car rental.

Class 42

(3) Vehicle roadworthiness testing; technological consultancy services in field of repair and maintenance of vehicles.

Class 09

Software, namely computer security software for firewall and anti-virus protection; computer antivirus software; computer maintenance software; computer optimization software; computer software for providing intrusion detection and prevention; computer software for providing network, Internet, and computer security; computer software for providing online identity protection and parental control; computer software for providing online transaction security; computer software for scanning, detecting, and removing viruses, worms, Trojan horses, adware, spyware, and other malware; computer software for the back-up, storage, restoration and recovery of data, folders, and files; computer software to prevent, diagnose, and repair computer problems; content filtering software; computer programs for data communications applications, and for the encryption and authentication of electronic information; computer software and databases for use in diagnosis, repair and configuration of computers, computer software and computer peripherals; computer application software for mobile phones, tablets, portable media players, and handheld computers, namely, software for use in anonymous browsing, encryption, anti-tracking protection, network protection, privacy protection, data compression, and data leakage prevention; computer software for connecting and managing remote computers, for implementing computer, software and network security measures for remote computer users; computer software for detecting identity fraud; computer software for detecting, blocking, and intercepting malware and other threats to computer hardware and software; computer software for encrypting and authenticating data; computer software for encryption; computer software for identity security; computer software for providing cryptographic network security and data security functions; computer software for providing online transaction security; computer software for the creation of virtual private network; computer software for use in analysis and reporting of firewall log data; computer software for use in detecting malware computer software for use with computer servers for controlling and managing server applications; computer software for use in monitoring computers for security purposes; computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer software for use in updating other computer software; computer software for use in vulnerability scanning of networks and websites; computer software, namely, encryption software to enable secure transmission of digital information, namely, confidential, financial and credit card information over the Internet, as well as

over other modes of communication between computing devices; downloadable computer software namely, utility software; computer utility software for removal of computer applications and software; electronic publications in the nature of manuals, blogs, instructional materials, teaching materials, and newsletters in the field of computer software and computer and on-line security; electronic publications in the nature of reference, user, technical and instructional manuals and data sheets for use with computer software; firewall software; fraud protection software; Internet security software, including computer software for use in the monitoring and control of computer and online activity; privacy control software; utility software for facilitating computer use at remote locations and for facilitating communications among mobile users over networks; computer application software for mobile devices, namely, software for researching suspicious applications; software to analyze privacy threats and detect malware and other system vulnerabilities for computers and mobile devices; computer software for detecting, blocking, and intercepting targeted advertising; computer software for storing and retrieving login credentials securely and generating strong passwords; computer software for tracking and managing personal and private identity data entered on websites; computer software for tracking, locating, locking and wiping lost or stolen computers, tablets, mobile devices and other digital devices; computer application software for providing alerts and notifications regarding potential identity theft, and for providing tips and information concerning identity theft; computer application software for use in electronic storage of data, documents and receipts; computer application software to assist in tracking, managing, and reporting expenses, credit scores, financial account information, and commercial transactions; mobile application software that enables users to monitor for identity theft and track their credit scores; mobile application software that enables users to respond to identity theft and credit fraud alerts and to contact support service representatives by instant message or telephone for assistance in reporting and remediating the theft or fraud; mobile application software that provides alerts and notifications to users regarding potential identity theft, fictitious identity monitoring, credit fraud, dark web activity detection, investment account activity, home title records scanning, court records scanning; downloadable user manuals and instructional guides supplied with all of the foregoing.

Services

Class 35

(1) Business services, namely, arranging and conducting incentive rewards programs to promote the sale of cybersecurity services and software; Business services, namely, arranging and conducting incentive rewards programs to promote the sale of fraud and identity theft protection services

Class 36

(2) Financial services, namely, credit repair and restoration; insurance services; credit reporting services; credit risk management and consultation services, namely, assistance with restoring and analyzing credit damaged by identity theft; credit risk management, credit risk consultation, and analyzing credit damaged by identity theft; financial services, namely, credit repair and restoration; fraud resolution assistance, namely, assistance with restoring credit damaged by identity theft; providing advice and consultation in the field of credit reports and credit scores; providing credit reporting data maintained by others; providing financial information via a web site; providing reimbursement of costs associated with identity theft; tracking and reporting regarding consumer credit reports and changes thereto.

Class 38

(3) Telecommunications services, namely, providing electronic email and push notifications and delivery of software updates via a global computer network; telecommunication services, namely,

providing an on-line forum for users to provide comments and reviews of software applications, mobile applications, software design and computer security software solutions and services and cybersecurity; providing virtual private network (VPN) services, namely, private and secure electronic communications over a private or public computer network.

Class 42

(4) Software as a service (SaaS) software for firewall and anti-virus protection as a service; software as service (SaaS), namely, computer maintenance and optimization software as a service; software as a service (SaaS) for use in electronic storage of data; software as a service (SaaS) to assist in tracking, managing, and reporting expenses, credit scores, account information, and commercial transactions; software as a service (SaaS), for providing alerts and notifications regarding potential identity theft, and for providing tips and information concerning identity theft; computer services, namely, data recovery services, namely computer services for data recovery; computer services, namely, detection of viruses and threats; application service provider services, namely, providing on-line, non-downloadable software for computer security testing in the fields of computer and Internet security; computer software installation services; computer support services, namely, technical support and software update services; computer systems analysis in the field of security, access, authorization, authentication encryption, and identification systems for computers and computer networks; computer virus protection services; design and implementation of software and technology solutions for the purposes of protecting against counterfeiting, tampering and diversion, and to ensure the integrity of genuine websites; development of software for network and Internet security and data encryption; development, updating, publishing and maintenance of software for networks and standalone computers in the fields of security, database management, and anti-virus protection and monitoring security systems; electronic monitoring of computer networks for security purposes; electronic notification and delivery of software updates; electronic storage of data; computer software consultation; encryption and decryption of data and communications; identity theft protection services, namely, fraud prevention in the form of computerized and electronic monitoring of personal and financial information; on-line technical support services, namely, troubleshooting in the nature of diagnosing of computer hardware and software problems; providing authentication of website operator identity; providing information about assessing computer security, preventing computer threats and design and development of computer security hardware and software applications; providing information in the field of computer network and Internet security; providing information in the field of information technology relating to communications devices, computers, computer hardware, computer software, computer peripherals, and computer networks; computer services, namely, providing search engines for obtaining data on a global computer network; providing information in the field of network and Internet security; providing security threat management systems, namely, electronic monitoring and tracking of security vulnerabilities and problems in computer software products, the Internet, and computer networks; providing security threat management systems, namely, monitoring and tracking of security vulnerabilities and problems in computer software products, the Internet, and computer networks; providing technical information in the field of computer software applications; security verification of computer network firewalls, servers and other network devices from unauthorized access, namely, analyzing global computer information network and internal computer network vulnerability; software as a service featuring software for use in scanning networks and websites to detect and identify vulnerabilities and malware; technical and customer support services, namely, troubleshooting of computer software problems; technical consultation in the field of computer software installation and maintenance; technical support services, namely, providing back-up computer programs and facilities; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; updating of

computer software for others; Software as a service (SaaS) featuring software for storing and retrieving login credentials securely and generating strong passwords; software as a service (SaaS) services featuring software for securely backing up and archiving electronic data; monitoring of computer systems for security purposes; monitoring computer networks for security purposes; remote protection services for wireless phones and mobile computing and communication devices, namely, remotely providing device locking, device alarm activation, and provision of location information.

Class 45

(5) Security services; verification of personal identity as part of personal background investigations in order to provide assistance in fraud resolution; providing consultation and online resources in the field of identity theft protection featuring methods, tools, and techniques to safeguard personal identifying information; providing information on consumer credit, fraud and identity theft; fraud and identity theft protection services consisting of providing consumer information for assisting others with replacing personal identification cards, driver's licenses, Social Security cards, insurance cards, checkbooks and travelers checks in the event of loss or theft; fraud and identity theft protection services consisting of credit card and debit card cancellation services in the event of loss or theft, namely, registering credit and debit cards for cancellation.

Software, namely computer security software for firewall and anti-virus protection; computer antivirus software; computer maintenance software; computer optimization software; computer software for providing intrusion detection and prevention; computer software for providing network, Internet, and computer security; computer software for providing online identity protection and parental control; computer software for providing online transaction security; computer software for scanning, detecting, and removing viruses, worms, Trojan horses, adware, spyware, and other malware; computer software for the back-up, storage, restoration and recovery of data, folders, and files; computer software to prevent, diagnose, and repair computer problems; content filtering software; computer programs for data communications applications, and for the encryption and authentication of electronic information; computer software and databases for use in diagnosis, repair and configuration of computers, computer software and computer peripherals; computer application software for mobile phones, tablets, portable media players, and handheld computers, namely, software for use in anonymous browsing, encryption, anti-tracking protection, network protection, privacy protection, data compression, and data leakage prevention; computer software for connecting and managing remote computers, for implementing computer, software and network security measures for remote computer users; computer software for detecting identity fraud; computer software for detecting, blocking, and intercepting malware and other threats to computer hardware and software; computer software for encrypting and authenticating data; computer software for encryption; computer software for identity security; computer software for providing cryptographic network security and data security functions; computer software for providing online transaction security; computer software for the creation of virtual private network; computer software for use in analysis and reporting of firewall log data; computer software for use in detecting malware computer software for use with computer servers for controlling and managing server applications; computer software for use in monitoring computers for security purposes;

computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer software for use in updating other computer software; computer software for use in vulnerability scanning of networks and websites; computer software, namely, encryption software to enable secure transmission of digital information, namely, confidential, financial and credit card information over the Internet, as well as over other modes of communication between computing devices; downloadable computer software namely, utility software; computer utility software for removal of computer applications and software; electronic publications in the nature of manuals, blogs, instructional materials, teaching materials, and newsletters in the field of computer software and computer and on-line security; electronic publications in the nature of reference, user, technical and instructional manuals and data sheets for use with computer software; firewall software; fraud protection software; Internet security software, including computer software for use in the monitoring and control of computer and online activity; privacy control software; utility software for facilitating computer use at remote locations and for facilitating communications among mobile users over networks; computer application software for mobile devices, namely, software for researching suspicious applications; software to analyze privacy threats and detect malware and other system vulnerabilities for computers and mobile devices; computer software for detecting, blocking, and intercepting targeted advertising; computer software for storing and retrieving login credentials securely and generating strong passwords; computer software for tracking and managing personal and private identity data entered on websites; computer software for tracking, locating, locking and wiping lost or stolen computers, tablets, mobile devices and other digital devices; computer application software for providing alerts and notifications regarding potential identity theft, and for providing tips and information concerning identity theft; computer application software for use in electronic storage of data, documents and receipts; computer application software to assist in tracking, managing, and reporting expenses, credit scores, financial account information, and commercial transactions; mobile application software that enables users to monitor for identity theft and track their credit scores; mobile application software that enables users to respond to identity theft and credit fraud alerts and to contact support service representatives by instant message or telephone for assistance in reporting and remediating the theft or fraud; mobile application software that provides alerts and notifications to users regarding potential identity theft, fictitious identity monitoring, credit fraud, dark web activity detection, investment account activity, home title records scanning, court records scanning; downloadable user manuals and instructional guides supplied with all of the foregoing.

Services

Class 36

(1) Financial services, namely, credit repair and restoration; insurance services; credit reporting services; credit risk management and consultation services, namely, assistance with restoring and analyzing credit damaged by identity theft; credit risk management, credit risk consultation, and analyzing credit damaged by identity theft; financial services, namely, credit repair and restoration; fraud resolution assistance, namely, assistance with restoring credit damaged by identity theft; providing advice and consultation in the field of credit reports and credit scores; providing credit reporting data maintained by others; providing financial information via a web site; providing reimbursement of costs associated with identity theft; tracking and reporting regarding consumer credit reports and changes thereto.

Class 38

(2) Telecommunications services, namely, providing electronic email and push notifications and delivery of software updates via a global computer network; telecommunication services, namely,

providing an on-line forum for users to provide comments and reviews of software applications, mobile applications, software design and computer security software solutions and services and cybersecurity; providing virtual private network (VPN) services, namely, private and secure electronic communications over a private or public computer network.

Class 42

(3) Software as a service (SaaS) software for firewall and anti-virus protection as a service; software as service (SaaS), namely, computer maintenance and optimization software as a service; software as a service (SaaS) for use in electronic storage of data; software as a service (SaaS) to assist in tracking, managing, and reporting expenses, credit scores, account information, and commercial transactions; software as a service (SaaS), for providing alerts and notifications regarding potential identity theft, and for providing tips and information concerning identity theft; computer services, namely, data recovery services, namely computer services for data recovery; computer services, namely, detection of viruses and threats; application service provider services, namely, providing on-line, non-downloadable software for computer security testing in the fields of computer and Internet security; computer software installation services; computer support services, namely, technical support and software update services; computer systems analysis in the field of security, access, authorization, authentication encryption, and identification systems for computers and computer networks; computer virus protection services; design and implementation of software and technology solutions for the purposes of protecting against counterfeiting, tampering and diversion, and to ensure the integrity of genuine websites; development of software for network and Internet security and data encryption; development, updating, publishing and maintenance of software for networks and standalone computers in the fields of security, database management, and anti-virus protection and monitoring security systems; electronic monitoring of computer networks for security purposes; electronic notification and delivery of software updates; electronic storage of data; computer software consultation; encryption and decryption of data and communications; identity theft protection services, namely, fraud prevention in the form of computerized and electronic monitoring of personal and financial information; on-line technical support services, namely, troubleshooting in the nature of diagnosing of computer hardware and software problems; providing authentication of website operator identity; providing information about assessing computer security, preventing computer threats and design and development of computer security hardware and software applications; providing information in the field of computer network and Internet security; providing information in the field of information technology relating to communications devices, computers, computer hardware, computer software, computer peripherals, and computer networks; computer services, namely, providing search engines for obtaining data on a global computer network; providing information in the field of network and Internet security; providing security threat management systems, namely, electronic monitoring and tracking of security vulnerabilities and problems in computer software products, the Internet, and computer networks; providing security threat management systems, namely, monitoring and tracking of security vulnerabilities and problems in computer software products, the Internet, and computer networks; providing technical information in the field of computer software applications; security verification of computer network firewalls, servers and other network devices from unauthorized access, namely, analyzing global computer information network and internal computer network vulnerability; software as a service featuring software for use in scanning networks and websites to detect and identify vulnerabilities and malware; technical and customer support services, namely, troubleshooting of computer software problems; technical consultation in the field of computer software installation and maintenance; technical support services, namely, providing back-up computer programs and facilities; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; updating of

computer software for others; Software as a service (SaaS) featuring software for storing and retrieving login credentials securely and generating strong passwords; software as a service (SaaS) services featuring software for securely backing up and archiving electronic data.

Class 45

(4) providing information in the fields of finance and information security, namely providing information on consumer credit, fraud and identity theft; fraud and identity theft protection services consisting of credit card and debit card cancellation services in the event of loss or theft, namely, registering credit and debit cards for cancellation

Calculating machines, computers; downloadable computer software for operating online databases in the field of monitoring, controlling, steering, configuring, managing, measuring and programming and modifying active and passive network components for telecommunication purposes; downloadable computer software for monitoring, controlling, steering, configuring, managing, measuring and programming and modifying active and passive network components for telecommunication purposes; downloadable computer gaming software; downloadable firmware for operating network apparatus and parts and accessory of network apparatus; downloadable software for operating computer operating systems; image scanners; calculators; computer hardware; audio devices, namely, radios, and radio receivers, namely, RF radio receivers; display devices in the nature of video monitors, television receivers, and film and video devices in the nature of cameras and webcams; optical, coaxial, twinaxial, waveguide and twisted pair signaling cables for IT, AV and telecommunication; magnetizers and demagnetizers; electric cables and wires; electrical circuits and circuit boards; safety, security, protection and signaling devices, namely, router and switches and optical transport equipment in the nature of signal processors for

forwarding alarm messages to an alarm center; alarms and warning equipment, namely, router and switches and optical transport equipment in the nature of signal processors for forwarding alarm messages to an alarm center; protective and safety equipment, namely, router and switches and optical transport equipment in the nature of signal processors for forwarding alarm messages to an alarm center; navigation, guidance, tracking, targeting and map making devices, namely, GPS receivers and computers; measuring, detecting and monitoring instruments, indicators and controllers, namely, optical measuring systems, devices and instruments for monitoring of data and signals, namely, data and signal processors; monitoring instruments, namely, optical measuring systems, devices and instruments for monitoring of data and signals, namely, data and signal processors; Optical sensors; testing and quality control devices, namely, optical sensors for testing network apparatus and communication equipment; measuring, counting, alignment and calibrating instruments, namely, optical sensors for network apparatus and communication equipment; armatures for use in electrical apparatus; electric junction boxes; connections for electric lines; audiovisual teaching apparatus, namely, webcams and computer whiteboards; electricity limiters; video telephones; chips being integrated circuits; magnetic encoders; electrical ducts; relays, electric; electric wires; cables, electric; masts for wireless aerials; printed circuit boards; printed circuits; computer operating programs, recorded; computer programs, recorded, for monitoring, controlling, steering, configuring, managing, measuring and programming and modifying active and passive network components for telecommunication purposes; computer software, recorded, for monitoring, controlling, steering, configuring, managing, measuring and programming and modifying active and passive network components for telecommunication purposes; semi-conductors; holders for electric coils; computer programs, downloadable, for monitoring, controlling, steering, configuring, managing, measuring and programming and modifying active and passive network components for telecommunication purposes; electronic publications, downloadable, namely, tutorials, datasheets, specification sheets, instructions, manuals, hand-outs, videos, presentation slides, books, magazines in the field of telecommunication; computer software applications, downloadable, for monitoring, controlling, steering, configuring, managing, measuring and programming and modifying active and passive network components for telecommunication purposes; high frequency apparatus, namely, switches, router and optical transport equipment in the nature of signal processors; integrated circuits; identification threads for electric wires; identification sheaths for electric wires; electric wire connectors; sheaths for electric cables; electric switchboxes; electrical terminal boxes; coaxial cables; light-emitting diodes (LEDs); magnetic data media, namely, magnetic tape drives and blank hard drives for computers; magnetic tape drives for computers; blank magnetic computer tapes; materials for electricity mains, namely, electric wires and cables; measuring instruments in the nature of optical sensors for data communication and telecommunication needs; microprocessors; modems; fibre optic cables; optical fibers being light conducting filaments; optical condensers; optical lanterns; blank recordable optical discs; apparatus and instruments for physics, namely, passive and active telecommunication network electronic components, namely, switches, routers, optical transport equipment, wave shapers, amplifiers, optical pumps, oscillators, dispersion compensators, optical channel monitor, optical switch, optical cross-connects, ROADMs, wavelength selective switches (WSS), multi cast switches (MCS), optical power meters (OPM), optical spectrum analyzers (OSA), splitters, digital signal processors (DSP) and application specific integrated circuits (ASIC), field programmable gate array (FPGA), in particular for modulation methods PAM4, QPSK, PM-QPSK, QUAM, coherent detection and forward error correction and multiplexers, in particular CWDM and DWDM multiplexers and devices and apparatus for monitoring data and signals and vibration, acceleration, high frequency, electric and positioning meters and oscilloscope; electric control panels; electricity distribution consoles; plugs, sockets and other contacts, being electric connectors; covers for electric outlets; electric circuit

closers; circuit breakers; telephone wires; telephone transmitters; telegraph wires; telegraphs; telephone receivers; audio- and video-receivers; transponders; junction sleeves for electric cables; electric connectors; electric distribution boxes; panels for the distribution of electricity; devices, instruments and passive and active components for fiber optic technology, namely, passive and active telecommunication network electronic components, namely, switches, routers, optical transport equipment, wave shapers, amplifiers, optical pumps, oscillators, dispersion compensators, optical channel monitor, optical switch, optical cross-connects, ROADMs, wavelength selective switches (WSS), multi cast switches (MCS), optical power meters (OPM), optical spectrum analyzers (OSA), splitters, digital signal processors (DSP) and application-specific integrated circuits (ASIC), field programmable gate array (FPGA), in particular for modulation methods PAM4, QPSK, PM-QPSK, QUAM, coherent detection and forward error correction and multiplexers, in particular CWDM and DWDM multiplexers and devices and apparatus for monitoring data and signals; wavelength division multiplexer and demultiplexer; optical receiving diodes; optical frequency metrology devices; laboratory optical apparatus, namely, passive and active telecommunication network electronic components, namely, switches, routers, optical transport equipment, wave shapers, amplifiers, optical pumps, oscillators, dispersion compensators, optical channel monitor, optical switch, optical cross-connects, ROADMs, wavelength selective switches (WSS), multi cast switches (MCS), optical power meters (OPM), optical spectrum analyzers (OSA), splitters, digital signal processors (DSP) and application specific integrated circuits (ASIC), field programmable gate array (FPGA), in particular for modulation methods PAM4, QPSK, PM-QPSK, QUAM, coherent detection and forward error correction and multiplexers, in particular CWDM and DWDM multiplexers and devices and apparatus for monitoring data and signals; electricity indicators, namely, electricity meters; digital telecommunication indicators, namely, computer hardware; electro-optic transducers; laser diodes; electrical frequency converters; wireless communication devices, namely, satellite modems and high-frequency transceivers; telecommunications multiplexers; fiber optic couplers; optical switches for data communication and telecommunication needs; computer hardware for telecommunications; demultiplexers; metallic electric cables; radio wave transmitters; data transmission cables; optical waveguides for telecommunication networks; multiplexers; optical transmitters for transmission of electronic and network signals; optical receivers; signal amplification apparatus and devices, namely, amplifiers, optical amplifiers and laser pumps; network interface transceiver; fiber optic transceiver for use in networks; Telecommunications equipment, namely, fiber optic repeaters, converters and optimizers; switches, namely, ethernet switches and routers; optical transponders; multiplex transponder being muxponders; ethernet service modules for ethernet switching and networking, namely, ethernet switches; dispersion compensation modules, namely, dispersion compensation modules for telecommunication networks in the nature of integrated circuits; coarse wavelength division multiplexing-transmitter, namely, multiplexers; dense wavelength division multiplexing-transmitter, namely, multiplexers; digital-to-analog converter; analogue to digital converters; transceivers; multiplexer amplifier; telecommunication jumper cables; electrical plugs for telecommunication cables; transceivers for data communication and telecommunication needs; transmitters for data communication and telecommunication needs; receivers of electronic signals for data communication and telecommunication needs; all the above-mentioned goods not relating to lifts, escalators, treadmills and access control systems.

Services

Class 35

(1) Business management; business administration; clerical services; public relations services; loyalty, incentive and bonus program services, namely, providing incentive award programs

through issuance and processing of loyalty points for purchase of a company's goods and services; advertising agency services, namely, provision of advertising space, time and media; distribution of advertising, marketing and promotional material; advertising, marketing and promotional consultancy, advisory and assistance services; all the above-mentioned services not relating to lifts, escalators, treadmills and access control systems.

Class 37

(2) Repair of telecommunications equipment, in particular network switches and routers; installation, maintenance and repair of computer hardware; installation of hardware for computer networks; installation of hardware for computer systems; maintenance and repair of computer hardware; all the above-mentioned services not relating to lifts, escalators, treadmills and access control systems.

(1) Reagents, enzymes and buffer solutions for scientific and/or medical research use for marking, amplifying and quantifying of biopolymers, in particular analysis of nucleic acids; chemical solutions and preparations consisting of pre-mixed reactants and reagents for scientific and research use in connection with marking amplifying, and quantifying the analysis of biopolymers, in particular analysis of nucleic acids; reagent kits comprising of biological protein, DNA primers, polymerase and buffers for scientific and medical research; chemical, biochemical and biotechnological products for commercial and scientific use, namely, buffer solutions, nucleic acids, nucleic acid derivatives and proteins for chemical analysis

Class 05

(2) Diagnostic preparations for medical laboratory use; diagnostic preparations for veterinary laboratory use; diagnostic preparations for medical and veterinary purposes, namely, diagnostics, for marking, amplifying, quantification and for the analysis of biopolymers, in particular nucleic acids; chemical, biochemical and biotechnological preparations for medical and veterinary purposes, in particular instruments, microfluidic plates, reagents, enzymes and buffer solutions for marking, amplifying, quantification and/or for the analysis of biopolymers, in particular nucleic acids, in particular reagents, enzymes and buffer solutions for nucleic acid amplification; kits containing preparations for medical and veterinary diagnostic purposes, in particular for marking, amplifying, quantification and/or for the analysis of biopolymers, in particular nucleic acids, in particular reagents, enzymes and buffer solutions for nucleic acid amplification;; cartridges containing medical diagnostic reagents for use in Polymerase Chain Reaction (PCR) or digital Polymerase Chain Reaction (PCR) instruments; medical diagnostic assays for testing of body samples, including bodily fluids and tissue in the detection, monitoring, and prediction of disease or other conditions, disease states, hormone level, drug level, drug response, organ function effectiveness, and clinical response; medical diagnostic assays for medical purposes, namely, detection, monitoring, and prediction of disease or other conditions, disease states, hormone level, drug level, drug response, organ function effectiveness, and clinical response

Class 09

(3) Scientific apparatus, instruments and equipment for scientific research, diagnostic analysis (non-medical), chemical analysis, clinical analysis and industrial use, namely, DNA and RNA testing apparatus, namely, Polymerase Chain Reaction (PCR) instruments and accessories, namely, microplates, Society of Biomolecular Screening (SBS) standardized laboratory equipment, namely, microplates, plate holders and plate seals, downloadable and recorded computer software for operation and maintenance of scientific apparatus, instruments and equipment, namely, microplates, plate holders and plate seals; downloadable and recorded computer software for creating experimental profiles, providing experimental reports and reports of apparatus performance verification, namely, microplates, plate holders and plate seals; digital Polymerase Chain Reaction (dPCR) instruments; apparatus detecting the amount of nucleic acids binding fluorescence dye or the amount of fluorescence dye released from nucleic acid binding probe for laboratory or research use; computer software and hardware for medical diagnostic instrument for digital Polymerase Chain Reaction (dPCR) downloadable and recorded computer software and hardware for Polymerase Chain Reaction (PCR) instrument and instruments functionally connected thereto for processing diagnostic medical testing or medical laboratory data; computer hardware and software for use in laboratory management, namely, database management, experimental data management, information management; downloadable and recorded computer software and hardware for data analysis for use in medical and clinical laboratories; computer software and hardware for identifying and analyzing characteristics of nucleic acid sequence and nucleic acid; computer software and hardware for use in gene analysis, human identification, microbial identification in the field of life science research and biological technology development; laboratory apparatus for gene analysis, human identification, microbial identification in the field of life science research and biological technology development, namely, DNA and RNA testing apparatus, namely, Polymerase Chain Reaction (PCR) instruments, and accessories, namely, microplates, Society of Biomolecular Screening (SBS) standardized laboratory equipment including, namely, microplates, plate holders and plate seals; laboratory apparatus for genotyping, gene expression analysis, copy number variation, mutation detection and direct quantification of nucleic acids; scientific apparatuses, instruments and devices, as well as their parts and components, in particular microfluidic cartridges, microfluidic plates, digital Polymerase Chain Reaction (dPCR) plates, digital Polymerase Chain Reaction (dPCR) microfluidic plates, and covers for digital Polymerase Chain Reaction (dPCR) plates, that can be used in chemical analysis, biological analysis or patterning for scientific, laboratory or medical research use; computer software for use in database management and electronic storage of data for scientific and medical research; computer software for scientific analysis of nucleic acids; analysis software and database management software for use in biopharmaceutical research; downloadable and recorded software for use in detecting cancer and infectious disease; software for use in operating digital polymerase chain reaction (dPCR) instruments; polymerase chain reaction (PCR) instruments for use in scientific research, namely, laboratory apparatus and instruments for the partitioning of Polymerase Chain Reaction (PCR) reactions, amplifying DNA using polymerase chain reaction (PCR); scientific research instruments for use in measuring and quantifying copy number of DNA, genotyping, gene expression analysis, mutations, and for direct quantification of nucleic acids; non-medical instruments, for marking, amplifying and quantifying of biopolymers, in particular analysis of nucleic acids, for use in Polymerase Chain Reaction (PCR) methods

Class 10

(4) Clinical medical laboratory apparatus and analytical instruments, namely digital Polymerase Chain Reaction (dPCR) instruments for use in-vitro and in-vivo diagnostics; medical devices for detection of infectious disease, namely, digital polymerase chain reaction (dPCR) platforms;

medical devices for use in pre-natal screenings, namely, digital polymerase chain reaction (dPCR) platform; medical devices, namely, digital polymerase chain reaction (dPCR) instruments for use in detecting, diagnosing and treating cancer and infectious disease, namely, digital polymerase chain reaction (dPCR) platform; medical devices, namely, digital polymerase chain reaction (dPCR) instruments for use in pre-natal screenings, namely, digital polymerase chain reaction (PCR) platform; medical devices, namely, instruments for use in measuring and quantifying copy number of DNA for medical diagnostic purposes, namely, digital polymerase chain reaction (dPCR) platform; microfluidic plates for use as medical apparatus.

Services

Class 42

(1) Scientific research for others in the fields of genetics, biology and biochemistry; scientific diagnostic services for others in the fields of DNA, RNA detection and analysis; scientific and research services for others utilising digital Polymerase Chain Reaction (PCR) platforms; scientific consultancy with regard to the establishment of a dPCR laboratory; research and development services in the field of bioanalytics, namely the development of pharmaceutical, medical, forensic, veterinary and agricultural chemicals and biochemicals; genomic analysis, assaying, imaging and profiling; chemical screening analysis; genetic medical testing and analytic services.

Class 44

(2) Testing services, namely, quantifying DNA and RNA for medical, diagnostic and treatment purposes; rental of digital Polymerase Chain Reaction (PCR) apparatus; RNA or DNA analysis for cancer diagnosis and prognosis; medical services, in particular medical analysis in connection with the treatment of individuals; providing information in the fields of diagnostic, prophylactic and therapeutic properties of pharmaceuticals; health centers, namely, genetic centers providing medical diagnostic, preventive and curative therapy services for genetic disorders, cancer treatment centers, rare disease treatment centers, children's hospitals and women's hospital; medical clinics; gene therapy services in the field of oncology, infertility, prenatal diagnostics, carrier testing, and genetically inherited diseases; medical laboratory services for the analysis of samples taken from patients

Goods

Class 09

(1) Computer software and downloadable computer software for use in creating and managing sanitation procedures in food and beverage production plants; computer software for use in controlling, monitoring and testing of dilution systems, electronic cleaning product dispensers and data acquisition systems; computerized equipment, namely, computer hardware, for monitoring and controlling cleaning product dispensers and dilution systems; electronic industrial automation controls for cleaning preparation dispensers and cleaning dilution systems; chemical cleaning preparation dilution systems, comprising computer hardware and computer software components.

Class 11

(2) Electronic dispensing systems namely, automatic dispensers for use in blending and dispensing measured amounts of cleaning preparations for use in the dairy, food and beverage, industrial and institutional industries.

Class 21

(3) Dispensers for liquid detergents, liquid disinfectant cleaners, liquid degreasers and liquid cleaners; fixed dispensing wall units and dispensers to dilute liquid chemicals, namely for dispensing liquid detergents, liquid disinfectants cleaners, liquid degreasers and liquid cleaners; soap dispensers.

Services

Class 37

(1) Installation and repair services of chemical dilution systems, electronic dispensing systems, electronic cleaning product dispensers and data acquisition systems; technical support services, namely, technical advice related to the installation of chemical dilution systems, electronic dispensing systems and electronic cleaning product dispensers used primarily for cleaning of surfaces.

Class 41

(2) Training services in the field of proper use of chemical dilution systems, electronic dispensing systems, electronic cleaning product dispensers and industrial data acquisition systems and household cleaning products.

Class 42

(3) Software as a service (SAAS) featuring computer software for use in creating and managing sanitation and cleaning procedures in food production plants; software as a service (SAAS) featuring computer software for use in controlling and monitoring chemical dilution systems, electronic dispensing systems, electronic cleaning product dispensing equipment and data acquisition systems.

Colour Claim

Colour is claimed as a feature of the trademark. The Applicant claims the colours white, green and red. The wording "La San Marzano MARCA - BRAND DI A. ROMANO", and "QUALITA Romano DAL 1983", are in white. The background behind the words "La San Marzano MARCA - BRAND DI A. ROMANO" is green in the shape of an ellipse, with a white interior border, and a red exterior border. The background behind the words "QUALITA Romano DAL 1983" is red in the shape of a seal, with a green border, and with two tri-colour ribbons extruding from the bottom of the seal (each with the colours green-white-red going from left to right).

Foreign Character Translation

The translation provided by the applicant of the Italian words LA, MARCA, DI A. ROMANO, ROMANO, QUALITA, DAL is THE, BRAND, FROM A. ROMANO, ROMAN, QUALITY, SINCE.

Goods

Class 29

(1) Vegetable juice for cooking; Tomato juice for cooking; Tomato puree; Preserved, frozen, dried and cooked fruits and vegetables, namely, canned beans, canned tomatoes, canned vegetables,

canned, cooked, and otherwise processed tomatoes, fruit concentrates and purees used as ingredient of foods, processed beans, diced tomatoes, peeled tomatoes, tinned tomatoes, tomato paste, and tomato preserves; Preserved vegetables; Dried vegetables; Canned cooked vegetables; Grilled vegetables; Meat, fish, poultry and game; Meat extracts; Preserved, frozen, dried and cooked fruits and vegetables; Jellies, jams, compotes; Eggs, milk and milk products; Edible oils and fats; Legume preserves; Preserved lentils (legumes); Dried legumes; Cooked legumes; Preserved legumes; Tomato extracts; Cut vegetables

Class 30

(2) Tomato sauce, Sauces; pasta sauce, meat juices, meat sauces, salad sauces; Coffee, tea, cocoa and coffee substitutes; Rice; Tapioca and sago; Flour; Preparations made from cereals, namely, dried cereal flakes; Preparations made from bread, namely, bread crumb, bread sticks, dried bread crumbs, bread-based snack food, and bread-based stuffing mixes; Preparations made from pastry, namely, savory pastries, chocolate pastries, toaster pastries, danish pastries; Preparations made from confectionary, namely, confectionery chips for baking, confectionery crystal sugar pieces, confectionery fondants, and confectionery fruit jellies; Ice creams; Sugar, honey, molasses syrup; Yeast, baking powder; Salt; Mustard; Vinegar; Seasonings; Spices; Ice; Condiments, namely, chutney condiments, soy sauce, and ketchup

Position

Visual Representations

Trademark Description

The trademark consists of the position of a fanciful wave design which includes a bird motif and a curved line element, a stylized splash design in pink and fuchsia colours, two stripes of fuchsia colour that encircle the top of the can, and the color fuchsia applied to the surface of the pull tab at the top of the can, all as applied to the three-dimensional can shown in the visual representation. The can shown in dashed lines does not form part of the trademark and is included only to show the positioning of the design. The visual representation depicts different views of the same trademark. The first view of the mark consists of two stripes of fuchsia colour encircling the top of a can, with a fanciful wave design shown on the front of the can above a stylized splash design in pink and fuchsia colours. The can shown in dashed lines does not form part of the trademark and is included only to show the positioning of the design and signs. The second view of the mark consists of the color fuchsia applied to the surface of the pull tab at the top of the can. The can shown in dashed lines does not form part of the trademark and is included only to show the position of the sign.

Colour Claim

Colour is claimed as a feature of the trademark. The fanciful wave design which includes a bird motif and a curved line is black. The pull tab at the top of the can is fuchsia. The two stripes that encircle the top of the can are fuchsia. The stylized splash design on the can is pink and fuchsia.

Colour Claim

Colour is claimed as a feature of the trademark. The colours blue, light blue and white are claimed as a feature of the mark. The mark consists of the wording "LINDE" in white lettering in the bottom right of a blue rectangle. Above the wording and within the blue rectangle is a light blue curved line.

Goods

Class 05

(1) Respiratory oxygen cylinders.

Class 07

(2) Electric welding and cutting apparatus, autogenous welding and cutting apparatus, for manual use, namely, gas operated cutting torches, gas operated blow torches, burner heads, and welding guns for welding machines, electrodes and transformers specially adapted for arc welding and machines; electric arc and laser-based welding and cutting machines for industrial autogenous welding tools and autogenous cutting machines, and parts thereof, namely, electric welding tools, welding generators, gas operated and electric soldering tools, plasma arc cutting tools, electric arc cutting tools, electric plasma cutters; welding and cutting electrodes specially adapted for arc welding and machines, gas nozzles specially adapted for arc welding and cutting machines; machines operated using compressed or process gas namely, machines for the metal, electronics, chemical, food and plastics industries, and for the manufacturing and automotive industries in the nature of metal working machines, plastic working machines and rubber working machines and construction parts for industrial gas-operated machinery; Machines for processing, crushing and separating metal parts, plastic parts and rubber parts; accessories for gas technological machines and machine components, namely, gas flow regulators for welding safety, gas pressure regulator

for controlling the pressure and flow of gas for welding safety, pressure reducing valves being parts of machines and pressure regulating valves for industrial purposes; expansion machines namely, machines for expanding high pressure gas to drive compressors and generators; Condensers for air, gas powered solvent regenerators; mechanical generators of energy on the basis of excess pressure and waste heat, namely, mechanical energy excess pressure power generators and mechanical waste heat energy power generators; machines and apparatus for gas separation, namely, gas membrane and gas adsorption units and gas filters; Pumps, namely, pumps for cryogenic liquid gases and liquefied gases; electric compressors, gas compressors for industrial machinery; high end pressure generating appliances, namely, high performance air compressors, turbochargers for industrial machinery; Vacuum pumps, vacuum or low-pressure generating apparatus, namely, membrane and radial vacuum pumps; Hand-operated devices, namely, power and gas operated devices, namely, electric welding tools, welding generators, gas operated and electric soldering tools, plasma arc cutting tools, gas operated cutting torches, electric arc cutting tools, gas operated blow torches, electric plasma cutters, oxy fuel devices, namely, torches, welding and cutting torches, heating torches, welding guns.

Class 08

(3) Hand tools.

Class 09

(4) Breathing apparatus, namely, oxygen breathing masks, not for medical purposes, gas masks; life-saving apparatus, namely, gas masks, and automatic gas valves, gas pressure indicators and life-saving kits comprising gas masks, respiratory gas regulators, automatic gas valves and gas pressure indicators; measuring devices for respiratory gases, namely, gas pressure indicators and pressure regulators for respiratory gas cylinders, automatic control valves and pressure regulators for regulating the flow of respiratory gases for gas cylinders; safety and protective equipment for the workplace, PPE, namely, clothing for protection against fire, radiation, chemical spills and chemical exposure, protective helmets, protective masks, namely, gas masks, dust masks, soldering masks, solderers' helmets, protective and safety goggles, clothing for protection against accidents, irradiation and fire, protective gloves; apparatus and instruments for gas detection, for tracing gases in rooms and industrial spaces, and during industrial plant turnarounds namely, gas meters, gas alarms, and gas pressure indicators; apparatus for remotely reading measurement values via the Internet, namely, remote controlled gas meter readers and remote controlled gas meter measuring monitoring systems; apparatus for storing and evaluating measurement values, namely, portable scanners and computers for logging into an electronic database to record gas meter measurements; fire retarding apparatus, namely, gas releasing and flushing fire suppression systems for use in rooms and closed volumes; equipment and apparatus for checking, supervision, and regulation of gas and liquid gas quantities, namely, control consoles in the nature of electrical control panels, flat panel display screens, flow meters, flow switches all for monitoring and controlling the flow of gases; gas safety relief valves, pressure sensors, electric gas sensors, alarm sounders, in the nature of gas alarms, gas pressure alarms and fire alarms for use in the gas industry; gas control gears and cabinets.

Class 11

(5) Apparatus for the liquefaction and separation of air, apparatus for the production, liquefaction, separation, purification and re-gasification of industrial and natural gases, namely, gas purification systems and industrial gas systems for the separation and purification of gases, gas liquefiers using thermodynamic cooling by pressurizing and expanding, namely liquefiers for air and hydrocarbon gases, air and hydrocarbon gas mixture separators, industrial furnaces and heat treatment and thermal treatment chambers for industrial use, thermal reactors to convert input gas

into process gases needed in industrial processes and applications, gas liquefiers for industrial and scientific use; gas withdrawal equipment, gas flow and pressure regulators; Mechanical apparatus for exhaust gas purification, waste separation and waste treatment, gas scrubbers, waste separation installations, gas injectors, regeneration installations for energy and materials, composting apparatus, fermentation installations, namely, gas separators, gas scrubbers, gas absorbers to remove contaminants from gas streams, refining towers for gas distillation, rectification columns for liquefied gas mixes, heat exchangers, gas flow heaters, heaters for fluid gas, gas flow coolers, coolers for fluid gas, wastewater purification installations consisting of oxygen injectors and oxygen control pipelines for sewage and wastewater treatment, fish water treatment installations consisting of oxygen injectors and oxygen controls for raw water treatment, gas distributors and injectors for distributing and injecting gases into media and in volumes of any kind, namely gas injection grids, water treatment and purification thermochemical reactors, industrial gas steering installations consisting of gas valves, cocks, pressure reducers and metal piping, gas purifiers and its parts for the purification and clean re-gasification of industrial and natural gases, exhaust gas catalytic converters for furnaces, gas filters and flue gas reactors, regeneration installations for energy and materials namely, heat recovery units, process gas and water purifiers for recovery of process gas and process water, fermentation installations, namely, fermentative production installations for drugs and chemicals, and gas generation reactors and purifiers for the processing of biological, chemical and drug waste, waste water and plant residue; dispensing installations for beverages; hand-operated devices, namely, power and gas operated devices, namely, burners for warming, heating and treating, namely, acetylene burners, gas burners, oil burners, and industrial gas burner systems, air burner systems, and pure oxygen burner systems; purifiers for industrial gases, namely, membrane and adsorption units for use in the purification and processing of industrial gases for the purpose of adjusting the concentration of gases in gas mixtures, for use in industrial applications and environmental systems.

Services

Class 35

(1) Retail services in relation to industrial and medical gases, equipment for using, storing and dispensing industrial and medical gases, welding and cutting equipment, heating equipment; retailing relating to machine tools and hand tools, gas appliances for household use, gas cooking ranges, and gas ovens, refrigerators and freezers for household use, welding and gas cutting equipment for handicraft and household use, and protective clothing, retailing relating to medical gases and equipment and medical aids for the home sector, in particular for the respiratory sector, and services in connection with the aforementioned, namely, purchasing gas equipment and gas tools for use in manufacturing in the food, chemical, and pharmaceutical industries and purchasing medical gases and medical equipment for hospitals and private individuals; Computerized data processing for the administration of gases and gas stocks; Information regarding the stock levels and the traceability of cylinders containing industrial gases and medical gases, namely administrative tracking of gas cylinder deliveries and their routes and numbers on-site.

Class 37

(2) Rental of gas preparation equipment and gas supply systems; rental of appliances for warming, cooling and condensing gases, and rental of liquefied gas evaporators.

Class 38

(3) Providing access time to an interactive information and analysis tool for monitoring and checking gas reserves or used gas cylinders and optionally gas cylinder tracking, in particular for the industrial sector; transmission of digital data and information over the internet, namely, gas tank volume quantities in tanks or and gas cylinders tracking, for the management of industrial and

medical gas supply quantities; rental of apparatus for the transmission of data for the storage of gases, namely, internet receivers, internet transmitters, remote control receivers, remote control transmitters.

Class 39

(4) Delivery by truck and transport trailer of gas and medical gas consumables for use in the field of medical gas applications; on time delivery of medical gases and medical gas equipment to hospitals and private individuals; tracing and tracking of industrial gas and medical gas stocks of the customer and tracing and tracking the delivery of industrial gas and medical gas cylinders on site; gas supplying namely, delivery of liquid gas to industrial companies, laboratories, hospitals and private individuals, specifically, delivery of gas in gas containers, gas cylinders and gas bottles or in large quantities by liquid gas tankers and gas pipelines, the supply of rental cryogenic storage containers and the supply and connection of gas stocks and on-site gas supply systems; rental of gas storage tanks, containers and gas bottles, rental of gas tanks, rental of racks for storing gas vessels, gas cylinders and gas supply components; delivery of gaseous medical preparations and medical aids for the private sector, namely home supplying of medical gases and related aids, namely delivery of filled oxygen gas containers and oxygen respiration equipment.

Class 42

(5) Rental of computer programmes and software, namely of special programmes and expert systems for gas storage, gas cylinder checking and gas cylinder tracking, in particular for industrial use; data warehousing services, namely, electronic data storage relating to archiving data as to industrial gas consumption by customers, namely, gas storage, gas cylinder checking, and gas cylinder tracking; data warehousing services, namely, cloud-based data protection services relating to archived data as to industrial gas consumption by customers, namely, gas storage, gas cylinder checking, and gas cylinder tracking; Rental and providing of personal computer programs, apps and software for private individuals, namely programs and user applications for computers or smartphones for supporting and monitoring healing processes and medical treatments, namely, computer software and software applications for accessing medical and health information and for use in the diagnosis, monitoring and treatment of medical and health information.

Services

Class 35

(1) Professional advisory services in the field of construction; assistance and advisory services related to business organization and management in the field of construction; advice and information concerning business management; computer file management, analysis of market research data and statistics in the field of construction; development of business opportunities, conduct of market research and studies, economic forecasting in the field of construction; provision of an online commercial information directory on the Internet, publishing of advertising copy for others in the field of construction; advice for implementing advertising strategies for others; development of promotional campaigns for the businesses of others; advice related to marketing strategies for others in the field of construction; market studies; assistance in the negotiation of governmental credit programs for construction contractors; personnel placement and recruitment; human resources management; human resources advisory services; accounting services; secretarial and accounting support services for construction businesses; cost management assistance in the field of construction; assistance services for construction contractors in the conduct of their affairs, namely access to a purchasing group for construction materials; construction materials procurement services for others; business succession and transfer assistance services; services provided by a franchiser in the nature of assistance in the operation and management of a commercial business, professional and business advice related to the establishment of franchises, business administration for franchises, advice and assistance related to business franchises, business advice related to the development of franchise operations, operation of a network of franchisees in the field of construction; advice related to the conduct of business in the field of construction; product inventory management advisory services; services for sharing surplus inventory, namely equipment and tools in the field of construction; accounting

services for third parties; data collection, entry, compilation and processing services, namely compilation of business directories, business management services relating to information and data compilation and analysis; advisory services related to the strategic development of construction businesses, namely case analyses, business feasibility studies, business planning, preparation of strategies for the implementation of organizational changes, market studies, strategic business planning advice, preparation and development of strategies in order to improve the performance, growth and development of organizations; secretarial and clerical services; human resources services for others; payroll preparation for others; negotiation of business contracts for others in the field of construction; consulting related to employment and recruitment; personnel placement and recruitment services in the field of construction.

Class 36

(2) Estimation of construction costs; arranging of construction project financing; financing search in the field of construction; estimation of construction costs; financial guarantee and surety services; negotiation assistance for securing the best price for construction materials; transport cost sharing services, namely provision of vouchers for the payment of transport expenses; advisory services, namely financial advisory services, namely financial valuation, financial analysis, financial forecasting, financial management, financial planning.

Class 37

(3) Project management in the field of construction; project management in the field of building construction; building construction contracting services; advisory services regarding building construction supervision; supervision and monitoring of construction work inspections; advisory services, in particular regarding building construction supervision and construction supervision; supervision and management of site development; after-sales services related to construction work.

Class 41

(4) Training services related to the financing, financial planning, financial management and financial evaluation of construction projects; training services related to project management in the field of construction; training services related to construction; training services related to safety standards used in the construction industry; organization of conferences in the field of construction; webinars in the field of construction training; distance learning in the field of construction; operation of a website in the field of construction training; training in the field of software for integrated business management; educational services provided via training, seminars, colloquia, conferences related to governance, management, finance, strategy for the purpose of initiating exemplary and innovative best practices related to the management of construction businesses; provision of professional coaching services for the purposes of career development, business leadership development, business team development and business leadership among construction contractors.

Class 42

(5) Construction planning assistance, construction planning and organization; research related to building construction; quality assurance services in the construction industry; implementation of financial management software for businesses in the construction sector, computer system integration for the building construction sector, technical support services for users of integrated business management software for the construction sector; design and development of databases, construction planning and organization, quality assurance services in the construction industry; consultant services in the fields of architecture and construction plan drafting; construction work design and planning services as well as consultant services related thereto; construction planning and organization; layout design services for offices, warehouses, commercial vehicles, namely

automobiles and trucks; technical project studies in the field of construction; installation and technical support services for project management software in the field of construction; analysis and evaluation services provided to construction contractors in order to comply with certification standards as a construction company; implementation of quality, safety, durability and performance standards in the construction sector; online provision of temporary access to accounting software.

Class 45

(6) Information related to occupational health and safety in the field of construction.

Trademark Description

There is a black shape consisting of a rectangle and an oval triangle with sides and in the middle of black shape there is wording underlined Selsil in white.

Goods

Class 01

(1) Chemicals used in photography, agriculture, horticulture and forestry; manures and soils; unprocessed artificial resins and unprocessed plastics; fire extinguishing compositions; adhesives not for medical, household and stationery purposes namely adhesives for affixing wall tiles; adhesives for applying wall coverings; adhesives for billposting; adhesives for ceiling tiles; adhesives for cement manufactured products; adhesives for ceramic coating; adhesives for ceramic coating and ornamental paving; adhesives for ceramic tiles; adhesives for floor tiles; adhesives for floor, ceiling and wall tiles; adhesives for the building industry; adhesives for use in the automobile industry; adhesives for use in the automotive industry; adhesives for use in the

automotive, trucking and trailer industries; adhesives for use in the construction industry; adhesives for use in the consumer packaging industry; adhesives for use in the furniture industry; adhesives for use in the manufacture of wall coverings; adhesives for use in the motor vehicles industry; adhesives for use in the textile industry; adhesives for wall tiles; adhesives for wallpaper; construction industry adhesives; contact adhesives for use with laminates; contact adhesives for use with wood; flooring adhesives; polyurethane adhesives; roofing adhesive; roofing adhesives; silicone adhesives for industrial assembly; synthetic resin adhesives for industrial purposes; wall covering adhesives; wall tile adhesives; wallpaper adhesives.

Class 02

(2) Paints namely acrylic paints; aluminium paints; anti-corrosion paints; anti-corrosive paints; anti-fouling paints; anti-friction coatings in the form of paints; automobile paints; base coat paint for use in painting; camouflage paints for military equipment; ceramic paints; chalkboard paint; coatings for wood in the nature of paints; conductive paints; corrosion inhibiting paint type coatings; damp proofing paints; distemper paints; drying agents for paints; emulsion paints; enamel paints; exterior paints; fireretardant paints; floor paints; fluorescent paints; heat resistant paints; interior and exterior paint; lime wash paints; lower hull paints; luminous paints; non-slip paint; paint for use in industrial building construction; paint for use in the manufacture of automobiles; paint pens for use in repairing minor scratches and tears in laminate products; paints for automobiles; paints for concrete floors; paints for industrial equipment; paints for machinery; paints for protection against graffiti; paints for use in the automobile industry; paints for use in the manufacture of automobiles; paints for use in the manufacture of ceramics; paints for use in the manufacture of furniture; paints for vehicle and automotive refinishes; pavement marking paint; polymer paints; primer paint; protective and decorative coatings in the nature of paint for interior and exterior use; synthetic resin paints; vehicle paints; washable paint; watercolour paints, water repellent paints; weatherproofing coatings in the form of paints; varnishes namely acrylic varnish; acrylic varnish for painting; floor protection varnishes; polymer varnish; polyurethane varnish; varnishes for protecting floors;; lacquers, namely lacquers for use on motor vehicles; wood lacquers;; preservatives against rust; preservatives against deterioration of wood; thinners and binders for paints; pigments namely carbon black as pigment; fire retardant pigments; inorganic pigments; interior and exterior paint pigments; paint pigment powders; phosphorescent pigments; photochromic pigments; thermochromic pigments; titanium dioxide being pigment; preservatives for metals; shoe dyes; printing dyes and ink; toners namely copier toner; dye toners; filled toner cartridges; filled toner cartridges for printers and photocopiers; photocopier toner; photocopier toners; printing toner filled toner cartridges); colorants for food, pharmaceuticals and beverages; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists.

Class 03

(3) Bleaching and cleaning preparations namely all-purpose cleaning preparations comprised of chemical compositions for use in removing deposit buildups; ammonia for cleaning purposes; automobile carpet and upholstery cleaning preparations; automobile tire cleaning and polishing preparations; blast cleaning media comprising crushed mineral; canned pressurized air for cleaning and dusting purposes; carburetor and choke cleaning preparations; carpet cleaning preparations; cleaning agents for metal; cleaning preparation for agricultural machines and tools; cleaning preparation for horticultural machines and tools; cleaning preparations for automobile tires and wheels; cleaning preparations for boat use; cleaning preparations for cleansing drains; cleaning preparations for dishes; cleaning preparations for fiberglass; cleaning preparations for household purposes comprised of chemical compositions that digest solids, namely, fats, oils and grease, for use in sinks, drains, pipes, and grease traps; cleaning preparations for laundry and bathrooms; cleaning preparations for leather; cleaning preparations for ovens, barbecue grills,

metal surfaces and stainless steel; cleaning preparations for removing dirt embedded in boat hulls and pontoons; cleaning preparations for removing dirt encrusted on awnings; cleaning preparations for removing sealants and efflorescence from stone and tiles; cleaning preparations for suede; cleaning preparations for use in toilets; cleaning preparations for use on outdoor and patio furniture; cleaning preparations for vehicle tires and wheels; cleaning preparations for vehicle tires, wheel rims and wheel hubs; cleaning preparations for vinyl; cleaning preparations for wood, household surfaces and floor; degreasers for cleaning industrial and commercial buildings; glass cleaning preparations; impregnated cloths for cleaning; impregnated steel wool for cleaning; jewellery cleaning preparations; laundry detergents for household cleaning use; leather and shoe cleaning and polishing preparations; liquid soaps for use in cleaning menstrual cups; pine oils for cleaning floors; toilet cleaning gels; wallpaper cleaning preparations; washing soda, for cleaning; windscreen cleaning preparations; impregnated paper tissues for cleaning dishware; kitchen cleaning preparations; non-medicated cleaning preparations for use on the body; non-medicated liquid preparations for cleaning the hands; oven cleaning preparations; polymer sealants for cleaning, shining and protecting automobile exterior surfaces; preparation for cleaning dentures; spectacle lens cleaning solutions; teeth cleaning lotions; tooth cleaning preparations detergents other than for use in manufacturing operations and for medical purposes namely for household, industry, automobiles, boats, ships, airplanes, foam detergents for household use; laundry bleach, fabric softeners for laundry use, stain removers namely all-purpose stain removers for household purposes; biodegradable fabric stain remover; fabric stain removers; laundry stain removers; pet stain removers; salt stain remover; dishwasher detergents; perfumery; non-medicated cosmetics; fragrances; deodorants for personal use and animals namely for humans and pets ; soaps namely , dish soap; almond soap; aloe soap; bar soap, liquid hand soap, body wash; bath soaps; beauty soaps; face soaps; cosmetic soaps; liquid bath soaps; liquid hand soaps; liquid soap for body washing; liquid soap for dish washing; liquid soap for laundry; liquid soaps for hands, face and body; liquid soaps for laundry; liquid soaps used in foot baths; loofah soaps; non-medicated body soaps; non-medicated soap for use on pets; nonmedicated soap powders; soaps for household use; scented soaps; shaving soaps; shower soaps; soap for brightening textile; soaps for laundry use; soaps for personal use; soaps for saddlery; soaps for toilet purposes; soaps for washing cars; soaps, namely body soaps, facial soaps, cosmetic soaps and perfumed soaps; stainless steel soaps; toilet soap;; dentifrices, denture polishes, tooth whitening preparations, mouth washes, not for medical purposes, abrasive preparations namely polishing and abrasive preparations for skis; scouring solutions; silicon carbide abrasives; skin abrasives; steel chips for use as abrasive in sandblasting; abrasive compositions used in the manufacture of metal polish; abrasive paper; abrasive paste; abrasive pastes; abrasive rolls; abrasive sand; abrasive sheets; abrasive strips; abrasives for cleaning excess resins from grinding wheels; abrasives for re-surfacing materials before painting; general use abrasives; abrasive bands; abrasive blasting preparations made of silicon carbide; abrasive cloth; abrasive cloth and paper, emery cloth; sandpaper; pumice stone; abrasive pastes, polishing preparations for leather, vinyl, metal and wood, polishes and creams for leather, vinyl, metal and wood, wax for polishing.

Class 04

(4) cutting fluids namely cutting oils, cutting fuels for metal working, coal, firewood; liquid and gas fuels namely alcohol fuel, petrol, diesel oil, liquified petroleum gas, natural gas, fuel oil and their non-chemical additives; candles; wicks; semi-finished wax; wax and paraffin for lighting purposes;

Class 17

(5) Rubber, gutta-percha, gum namely gum, raw and semi-worked gum , asbestos, mica ; insulation, stopping and sealing materials namely moulded foam, cellulose acetate film, low-density polyurethane foam, insulating materials ,made of polyurethane foam, low-density

polyurethane foam for packing, polyurethane foam sheeting, polyurethane foam sheeting for use as building insulation ; adhesive bands for sealing pharmaceutical containers; adhesive tape for sealing cartons for industrial or commercial use; bonded seals; composite seals; door seals; dynamic seals; encapsulated seals, not of metal; non-metallic oil seals; non-metallic piston seals; non-metallic seals for cables; non-metallic seals for gas pipes; non-metallic seals for hydraulic piston accumulators; non-metallic seals for manhole assemblies; non-metallic seals for pneumatic suspensions; non-metallic seals for pressure cookers; non-metallic seals for preventing leakage of fluids; non-metallic seals for preventing leakage of gases; non-metallic seals for shock absorbers; non-metallic seals for use in enameled pressure vessels; polyurethane films for use in sealing and insulating buildings; rings of metal for use as pipe connection seals; rings of rubber for use as pipe connection seals; rotary shaft seals; rubber rings for use as pipe connection seals; rubber sheets for sealing purposes; sealing compounds for masonry and wood; sealing rings; seals for pipe connections; seals of metal for pipes; seals of metal for preventing leakage of fluids; seals of metal for preventing leakage of gases; static seals; thread seal tape, stops of rubber, door stops, window stops ;insulation paints, insulation fabrics, insulating tape and band, insulation covers for industrial machinery, joint sealant compounds for joints, gaskets namely electromagnetic interference shielding gaskets; gasket material in sheet form for automobiles; gasket material in sheet form for switching gear; gasket sealer for use in plumbing; gaskets for electrical outlet plate covers; gaskets of metal; metal gaskets; pipe gaskets; refrigerator door gaskets; sealing gaskets of metal, o-rings for scaling purposes (other than gaskets for motors, cylinders and washer for water taps); flexible pipes made from rubber and plastic namely flexible plastic pipes for conveying gas; flexible plastic pipes for conveying natural gas; flexible plastic pipes for conveying oil; flexible plastic pipes for conveying storm water; flexible plastic pipes for conveying water; flexible plastic pipes for liquid and gas transfer; flexible plastic pipes for plumbing purposes; flexible plumbing pipes of plastic; flexible plastic pipes for conveying gas; flexible plastic pipes for conveying natural gas; flexible plastic pipes for conveying oil; flexible plastic pipes for conveying storm water; flexible plastic pipes for conveying water; flexible plastic pipes for liquid and gas transfer; flexible plastic pipes for plumbing purposes; flexible plumbing pipes of plastic; plastic junctions for flexible pipes; plastic junctions for pipes; air hoses; canvas hose pipes; connecting hose for vehicle radiators; connecting hoses for vehicle radiators; coolant hoses made of rubber for engines and machinery and for motors and engines used in industrial applications; curved radiator hose; flexible plastic hoses for use with ventilation systems; hoses, not of metal, for agricultural purposes; hoses, not of metal, for commercial marine use; hydraulic hoses of plastic; hydraulic hoses of rubber; plastic hoses for plumbing use; plastic hoses for use in manufacture; rubber hoses for agricultural purposes; rubber hoses for air conditioners; rubber hoses for use with welding apparatus; rubber hoses for vehicle heater; junctions for pipes of plastic and rubber; pipe jackets of plastic and rubber; junctions for pipes, not of metal namely couplings, not of metal, for flexible pipes; ; flexible connectors, namely rubber junctions for flexible pipes, hoses, and tubing, plastic junctions for flexible pipes, plastic junctions for pipes, hoses, and tubing; pipe jackets, not of metal, connecting hose for vehicle radiators; profile laths made of synthetic fibers, ceramic, polymers and composite materials for vehicles for the purposes of decoration.

Services

Class 35

sale at retail, retail stores, wholesale outlets, online and through mail order catalogues in the field of a variety of goods, namely, chemicals used in industry, science, photography, agriculture, horticulture and forestry, manures and soils, adhesives not for medical, household and stationery purposes namely adhesives for the building industry, adhesives for use in the construction industry, flooring adhesives, silicone adhesives for industrial assembly, adhesive waterproof

sealants, adhesive cements, paints, varnishes, lacquers, preservatives against rust, preservatives against deterioration of wood, thinners and binders for paints, pigments, preservatives for metals, shoe dyes, printing dyes and ink, toners (including filled toner cartridges), colorants for food, pharmaceuticals and beverages, raw natural resins, metals in foil and powder form for painters, decorators, printers and artists, bleaching and cleaning preparations, detergents other than for use in manufacturing operations and for medical purposes, laundry bleach, fabric softeners for laundry use, stain removers, dishwasher detergents, perfumery, non-medicated cosmetics, fragrances, deodorants for personal use and animals, soaps, abrasive preparations, emery cloth, sandpaper, pumice stone, abrasive pastes, polishing preparations for leather, vinyl, metal and wood, polishes and creams for leather, vinyl, metal and wood, wax for polishing, industrial oils and greases, cutting fluids, dust absorbing, wetting and binding compositions, disinfectants, antiseptics, detergents for medical purposes, medicated soaps, disinfectant soaps, antibacterial hand lotions, engines and motors, other than for land vehicles, parts and fittings therefor, hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes, other than for land vehicles, gearboxes, cylinders for engines, pistons for engines, turbines, not for land vehicles namely for airplanes, hydraulic turbines, wind turbines, parts for wind turbines turbines for generation of electricity, turbines for jet engines, turbines for steam plants, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material [except furniture and apparatus] namely manuals, writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists' materials], writing paper, copying paper, paper rolls for cash registers, drawing materials, chalkboards, painting pencils, watercolors [paintings], insulation, stopping and sealing materials namely insulation paints, insulation fabrics, insulating tape and band, insulation covers for industrial machinery, joint sealant compounds for joints, gaskets, o-rings for sealing purposes (other than gaskets for motors, cylinders and washer for water taps)

(1) Air extractors, air compressors, air governors, air filtering machines.

Class 09

(2) Air pollution meters; air quality sensors; air quality testing and control devices; particle emission monitors as air particle analyzers for detecting pollution; particle counters for measuring air quality; particle emission monitors; diagnostic apparatus for testing air for non-medical use; service Internet platforms and applications for computers and mobile and hand-held devices, namely mobile telephones, tablets and hand-held computers, all such monitoring applications and platforms for testing and evaluating air quality; downloadable monitoring software applications for testing and evaluating air quality; software for the storage, reception, analysis, sharing, processing, control and management of data, all such software being related to air quality; software for the processing, control and management of data, the forecasting of chemical hazards and the generation of alerts, all such software being related to air quality; control and task planning software related to air quality; software for the reception of the application data and information of others, and for the storage and processing of data, all such software being related to air quality; software for data analysis and the production of data analysis graphs, all such software being related to air quality; online software for data integration and analysis in real time, all such software being related to air quality; computer platforms in the form of downloadable software, all such software being monitoring software for testing and evaluating air quality; scientific apparatus and instruments (other than for medical use) for optimizing carbon dioxide emissions related to the operation of a water treatment plant; apparatus and instruments (for non-medical use) for the chemical and bacteriological analysis of air.

(3) Database software related to air quality; electric processing reactors.

Class 11

(4) Air cleaning units; air handling units; air purifying units; industrial air cleaners; air exchangers for the cleaning and purification of air; air filters for air conditioning units; air filters for air conditioning systems; air filters for air cleaning units; filters for air purifiers; air conditioning installations for domestic use; air conditioning installations for industrial use; air purifying machines; industrial or domestic air purifiers; air coolers; air sterilizers; gas purifiers; gas cleaning filters; gas purification machines; gas purification separators; gas processing devices, namely gas purification separators; gas processing fans; odour removing equipment by means of percolating gas on a bed made of granular or fibrous structure filtering materials of organic, vegetable, or mineral origin; equipment and systems for the deodorization of gas produced by biological urban and industrial waste water purification plants, agricultural and food industries, animal husbandry facilities, waste and residues generated by human and animal activity.

Services

Class 35

(1) Administrative management and data processing services related to the analysis and monitoring of air quality and air pollution levels; compilation of information related to air quality in computer databases.

Class 37

(2) Installation, maintenance and repair of air filtration, air purification, air conditioning installations, namely air cleaning units, industrial air cleaners, air exchangers for the cleaning and purification of air, air filters for air conditioning units, air filters for air conditioning systems, air filters for air cleaning units, filters for air purifiers, air conditioning installations for domestic use, air conditioning installations for industrial use, air purifying machines, industrial or domestic air purifiers, air coolers; information and advisory services related to the construction, renovation, insulation and maintenance of buildings eligible for a financial incentive.

Class 40

(3) Treatment, purification of air; treatment and purification of air polluted by water, industrial and domestic waste treatment plants; deodorization, ventilation (purification) of air; depollution of air.

Class 42

(4) Computer design of diagrams representing air treatment, purification and quality control methods; scientific design of analytical methods for air deodorization, ventilation and distribution; conduct of technical and scientific research in laboratories in the fields of air quality, air treatment and air purification; chemical analysis, chemical research, technical project studies and engineering work (not for construction) in the field of air treatment; scientific design of analytical methods for polluted air treatment and purification; air quality control; air pollution prevention services; consulting regarding environmental protection and sustainable development, natural resources development; information related to environmental protection research; development of a computer platform related to environmental protection, air pollution prevention, and energy-related home improvement; air quality control.

(1) Motors and engines for drones and aircraft, namely civilian drones, military drones, security drones, surveillance drones, camera drones, photography drones, delivery drones, drones for shipping goods, airplanes, jet aircraft.

Class 09

(2) Information processing apparatus, namely on-board computers, global positioning system (GPS) navigation computer hardware; computers; computer peripherals, namely keyboards, mice, printers, scanners, speakers, video tape recorders, modems; scientific (other than for medical use), research, surveying, photographic, cinematographic, optical, weighing, distance measuring, signalling, detection, testing, supervision, checking, life-saving and teaching apparatus and instruments, embedded in, and for the operation of, manned and unmanned drones and aircraft, namely optical sensors for the detection and analysis of specific objects, camera and video sensors used for surveillance and reconnaissance missions; apparatus and instruments for recording, transmitting, reproducing sound, data and images, embedded in, or for the operation of, manned and unmanned drones and aircraft, namely optronic balls, cameras, photographic cameras, lidars; emergency locator transmitters (ELTs), global positioning system (GPS) transmitters, radar transmitters, radio frequency transmitters, satellite transmitters, video transmitters; transceivers for transmitting radio and electronic signals, namely emergency signals, global positioning system signals, radar signals, satellite signals; flight transponders; navigation apparatus and instruments for manned and unmanned drones and aircraft, namely electronic satellite navigation devices, satellite navigation systems, computer software and applications for navigation, software for GPS navigation systems, global positioning system (GPS) navigation computer hardware, navigation computers, navigation compasses; calculating devices for manned and unmanned drones and aircraft, namely navigation apparatus in the form of on-board computers; satellite navigation systems for manned and unmanned drones and aircraft featuring radio transmitters and receivers, computers, global positioning system receivers and radio and electronic signal transceivers; simulators for steering and controlling manned and unmanned drones and aircraft; recorded and downloadable media, namely pre-recorded audiotapes and pre-

recorded audio cassettes, USB keys, secure digital [SD] and flash memory cards, computer hardware for network-attached storage [NAS] devices, blank CDs and DVDs; software, namely flight control software for piloting manned and unmanned drones and aircraft; artificial intelligence apparatus and software, namely artificial intelligence software for autonomous vehicles, computer programming software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behaviour analytics, computer software that provides real-time, embedded business management intelligence by combining information from a variety of databases, downloadable computer software using artificial intelligence for facial recognition; blank magnetic recording media and digital and analogue recording media, namely blank audio and video tapes, blank cassettes; blank digital storage media, namely blank USB keys, blank secure digital [SD] and flash memory cards, computer hardware for network-attached storage [NAS] devices, blank CDs and DVDs; downloadable software for simulating and planning flights of manned and unmanned drones and aircraft; materials testing machines, namely machines for testing the hardness, compression and resistance of metals, plastics and textiles; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity for the operation of manned and unmanned drones and aircraft, namely satellite geolocation receivers [GPS] and electronic control circuits for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; apparatus and instruments for the checking and control of mechanical and electromechanical devices integrated in, and for the operation of, manned and unmanned drones and aircraft, namely electronic control circuits for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; apparatus, downloadable software and recorded programs for the geolocation, supervision and surveillance in specific geographic areas, namely geolocation receivers and software for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; flight parameter control apparatus, namely software (recorded programs) for assistance in navigating and piloting manned and unmanned drones and aircraft; antennas and communication devices for aircraft, namely satellite, radar and radio antennas and electronic communication devices for transmitting and receiving GPS data for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; remote control and testing apparatus provided on platforms on the ground for operating manned and unmanned drones and aircraft, namely radio and electronic signal transceivers and software for processing and analyzing GPS data for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; position sensors for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; cameras; computer systems for the automatic flight control of drones and aircraft; in-flight testing equipment, namely electronic devices and software for measuring vibrations, aeroacoustics, pressure, temperature, currents and meteorological, environmental and technical constraints for in-flight testing of drones and aircraft; flight parameter control apparatus, namely airborne pressure sensors, pressure gauges and pressure transducers, barometric altimeters; computer digital maps; electronic devices being wireless location finders and global positioning systems for drones and aircraft with GPS and PPS signal transceivers; downloadable computer applications for the processing of GPS data and control of navigation devices for drones and aircraft; control devices for navigation apparatus for aircraft, namely electronic analogue-to-digital (ACD) signal converters; navigation apparatus for drones and aircraft, namely on-board computers; navigation, guidance, tracking, marking and cartography devices for drones and aircraft, namely electronic devices for converting an analogue signal into a digital signal before transmission, used for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; interactive software for computers and mobile devices providing navigation information in relation with drones and aircraft; downloadable computer applications for controlling drones and aircraft; electronic databases in the field of geolocation; computer databases in the field of geolocation; database management software;

computer programs for database access, browsing and searching; software for calculating the performance of drones and aircraft; computer programs for use in processing, namely the import, cleaning, analysis, viewing and export to other data formats relating to drones and aircraft; electronic apparatus and instruments for navigating and locating drones and aircraft, namely electronic devices for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; apparatus and instruments for the remote control and remote guidance of drones and aircraft, namely remote control receivers and transmitters, video transmitters, computer-controlled steering systems for drones and aircraft equipped with smart technology; remote control user interfaces, namely visual display units, control knobs, power switches, changeover switches for telecommunication apparatus used for remote control and guidance of drones and aircraft, in flight and on the ground; data telemetry devices, namely radio transmitters and receivers, computers, global positioning system receivers; electronic navigational instruments for the geolocation, supervision and control of drones and aircraft, in flight and on the ground, namely portable global positioning system (GPS) devices consisting of position sensors, receivers for global positioning systems (GPS), electronic inertial measurement unit (IMU) devices, electronic navigation compasses, electronic barometers, digital cameras; downloadable software and pre-recorded computer programs, onboard drones and aircraft, for the collection, analysis, import, export and transmission of data to a platform on the ground for the control of data, images, messages, sounds from drones and aircraft; remote control, monitoring and testing apparatus, onboard drones and aircraft and operated on the ground via platforms, namely global positioning system receivers, on-board radio and electronic signal transceivers, electric position sensors, cameras; motion sensors and radars, electric position sensors, radars, sonars, distance measuring lasers embedded in drones; apparatus and software (recorded programs) and software applications for the geolocation, supervision and control of drones or aircraft, in flight and on the ground, remote identification and geographic zone surveillance; flight parameter control and supervision apparatus, namely software (recorded programs) for assistance in navigating, guiding, tracking and piloting drones and other aircraft; verification, recognition and control apparatus and instruments for the operation of drones and aircraft, namely electronic security tokens to enable the authentication of users in order to grant access to drones and aircraft, in flight and on the ground; obstacle detection apparatus and anti-collision systems, in flight and on the ground, for drones and aircraft, namely ultrasonic sensors, cameras and infrared sensors, radars, position sensors; geo-awareness apparatus and systems, namely position sensors for notifying the remote pilots of drones and aircraft of the exit of drones and aircraft from the operating zone; geofencing apparatus and systems, namely position sensors used for preventing drones and aircraft from taking off and from entering restricted and prohibited operating zones; geofencing apparatus and systems, namely position sensors used for limiting the presence of drones and aircraft to the authorized operating zones for aviation safety; parameter and data loggers, namely electronic black boxes for recording data; automatic pilots in the nature of electronic control systems for drones and aircraft; autopilot software for automatically controlling drones and aircraft; anti-piracy systems (software), namely software for use in preventing the piracy of drones and aircraft; electronic telecommunication apparatus, namely radio and electronic signal transceivers for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; portable telecommunication machines, namely portable radio and electronic signal transceivers for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; electric control panels, namely electronic display and control boards for the geolocation, supervision and control of drones and aircraft, in flight and on the ground; servers for hosting websites relating to the operation of drones and other aircraft; cloud servers; computer servers; devices for protection against interference, namely on-board computers for use in the geolocation, supervision and control of drones and aircraft, in flight and on the ground; cryptography software, namely software

for use in the cryptographic security of electronic transmissions across computer networks; terminal connectors for telecommunication lines; multi-platform interfaces, namely graphical user interfaces (GUI) on computer monitors, tactile interfaces for smartphones and touch tablets, digital interfaces for sensors and detectors to be connected to computers; on-board anti-jamming systems comprised of computer hardware and pre-recorded software for protection against GPS interference, namely RF (radio frequency) filters, radio frequency repeaters, computer software for detecting and neutralizing GPS signals, electronic devices emitting a signal that temporarily interferes with the GPS reception of a targeted zone; embedded electronic hazard and obstacle warning systems for drones and aircraft, namely position sensors, global positioning system receivers, radio and electronic signal transceivers, cameras, motion and radar sensors, radars, sonars, distance measuring lasers; computer programs featuring algorithms, namely computer programs for use in controlling drones and aircraft; camera mounts for vehicles.

Class 12

(3) Camera drones; civilian drones; military drones; aircraft; structural parts for drones and aircraft in the nature of wings, winglets, propellers, fuselages, wing roots, ailerons, flight control surfaces, tail fins, centre wings and outer wings, tail units, landing gear wheels, landing gear; drone and aircraft dashboards; electronic aeronautical instruments, namely aircraft and drone dashboards for controlling drones and aircraft.

Services

Class 35

(1) Presentation of the goods of others for retail purposes in the nature of manned and unmanned drones and aircraft on all communication media, namely paper and online advertising signs, printed promotional pamphlets, promotional brochures, tracts, flyers, advertising of the goods and services of others via local and global computer networks; business data analysis and management for compiling big data for use in machine learning; advisory services related to business management via the Internet; analysis of images from business data, namely data related to the quality of products and customer behaviour analytics; updating and maintenance of data in computer databases; systematization of information in computer databases; transcription of communications, namely data coding services being transcription services, message transcription services; business advisory and information services in the field of software; business information and business advisory services in relation to the use of manned and unmanned drones and aircraft; business consultation services in the field of business management and business strategy; all of the aforesaid services are provided within the context of the use of manned and unmanned drones and aircraft.

Class 39

(2) Flight planning services; organization and supervision of flights; information services related to flights and the navigation of manned and unmanned drones and aircraft; provision of flight plans; dissemination and provision of information about the arrival and departure of flights and information on air traffic status; global positioning system navigation services for manned and unmanned drones and aircraft; technical advisory services related to the navigation of manned and unmanned drones and aircraft; itinerary planning for drones and other air vehicles [navigation services]; GPS aerial navigation services, namely positioning and identification of drone itineraries and trajectories; towing services for manned and unmanned drones and aircraft; provision of information related to the transport of manned and unmanned drones and aircraft; piloting services for manned and unmanned drones and aircraft; air navigation services, namely assistance services for pilots and remote pilots for the mapping and analysis of the landscape and position during the flight of manned and unmanned drones and aircraft.

Class 42

(3) Design and development of navigation systems for manned and unmanned drones and aircraft; mechanical and aeronautical research and engineering services in the context of the design and development of navigation systems for manned and unmanned drones and aircraft; design and development of manned and unmanned drones and aircraft; analysis of computer and technical systems and data from manned and unmanned drones and aircraft; design, development, updating (for others), installation, management and development of computers and software (recorded programs), on-board or not, and for drone control platforms; testing, analysis and monitoring of navigation signals, data and information from manned and unmanned drones and aircraft; software programming for flight simulation; conduct of technical tests and flight tests in the nature of quality control of manned and unmanned drones and aircraft; drone and avionics engineering services; consulting related to the design and development of manned and unmanned drones and aircraft; cartographic and thermographic measurement services using manned and unmanned drones and aircraft; scientific and technical advisory services in the field of the analysis of cartographic, thermographic and biometric data collected using manned and unmanned drones and aircraft; computer system and software integration services in manned and unmanned drones and aircraft; computer network configuration services; mapping (geography) services; technical control of manned and unmanned drones and aircraft; software as a service [SaaS] for use with manned and unmanned drones and aircraft, namely software as a service [SaaS] featuring data governance software for managing the navigation of manned and unmanned drones and aircraft; updating and maintenance of software for manned and unmanned drones and aircraft; computer platform as a service [PaaS] services for the navigation of manned and unmanned drones and aircraft, namely platform as a service (PaaS) featuring an online platform featuring data governance software for managing the navigation of manned and unmanned drones and aircraft; research services in the field of on-board telecommunication technology for manned and unmanned drones and aircraft; recovery of computer data from manned and unmanned drones and aircraft; electronic storage of data from manned and unmanned drones and aircraft; software as a service [SaaS] featuring software for the electronic monitoring of information from manned and unmanned drones and aircraft; consulting related to the design and development of drones and aircraft; computer programming for telecommunications; hosting of the websites of others on computer servers for global computer networks; cloud computing services, namely hosting of a website providing virtual computer environments through cloud computing, cloud services in the nature of updating of computer software relating to computer security and the prevention of computer risks, cloud services in the nature of monitoring of the condition and status of computer systems, cloud services in the nature of the monitoring of computer systems for detecting unauthorized access or data breach, computer services, namely integration of private and public cloud computing environments, cloud computing services providing database management software; provision of weather information relevant to the navigation of manned and unmanned drones and aircraft; algorithm as a service [AaaS], namely sets of algorithms made available to users via an application programming interface (API) featuring flight control software for piloting manned and unmanned drones and aircraft; quality auditing of the goods and services of others related to the performance and compliance with certification standards of manned and unmanned drones and aircraft; software installation services, namely digital integration services; data storage services, namely provision of cloud storage facilities for use as a data centre for others, cloud computing provider services for the storage of data.

Goods

Class 01

(1) Chemicals used in industry, namely, chemical additives, namely, plasticisers, chemical additives for concrete, mortar, plaster, stone, grouting materials, chemical additives for use in binding asphalt, concrete and masonry, chemical additives for heat transfer fluids, chemical additives for metalworking fluids, chemical additives for paints, varnishes and lacquers, chemical additives for corrosion and rust inhibitors for lubricants, chemical additives for corrosion inhibitors for use on metallic surfaces, lacquer and plastic surfaces, chemical additives for motor fuel and motor oil, chemical additives for coolants, chemical additives for engine oil, chemical additives for transmission fluid, chemical additives for petrol; artificial unprocessed resins and plastics; chemical additives for industrial lubricating oils and greases, for fuels and for lubricants; tempering preparations for metals; hardening oils for metals; quenchants, namely, quenching fluids used in surface hardening, forging and casting of metals; wetting agents, namely, chemicals for the manufacture of preparations for preventing corrosion; froth flotation agents for use in mining industry; freezing preventives, namely anti-freeze chemicals, anti-freezing preparations; adhesives for industrial use, namely adhesives for the building industry, adhesives for use in the automotive industry, adhesives for use in the construction industry; brake fluids; power transmission fluids; hydraulic fluids; cooling fluids, namely coolants; heat carrier fluids, namely thermal interface fluids for heat transfer in industrial processes, namely manufacturing processes, power generating, drying, distillation systems and processing machines; chemicals for use as test fluids, namely, aromatic hydrocarbons to determine the characteristics of unprocessed liquid elastomers; diluents and solvents for the abovementioned goods; mordants for metals.

Class 02

(2) Paints, namely, paints for automobiles, paints for industrial equipment and machinery, and thinners and solvents for the aforementioned goods; varnishes, namely, acrylic varnish, bitumen varnish, polymer varnish, polyurethane varnish, and thinners and solvents for the aforementioned goods; lacquers for use on motor vehicles and for industrial equipment and machinery, and thinners and solvents for the aforementioned goods; preservatives against rust, corrosion preventatives and preventives against aging, namely, coatings for protection against rust and

corrosion, and thinners and solvents for the aforementioned goods; preservatives against deterioration of metal, lacquer and plastic surfaces, and thinners and solvents for the aforementioned goods; underseals for vehicles, and thinners and solvents for the aforementioned goods; sealing means for surfaces, namely, sealing coatings for metal, concrete and plastic surfaces, and thinners and solvents for the aforementioned goods; raw natural resins, and thinners and solvents for the aforementioned goods.

Class 03

(3) Cleaning preparations, namely grease, oil, metal particles and impurities removers, and thinners and solvents for the aforementioned goods; cleaning preparations in the nature of working fluids having cleaning and rinsing properties for metal, glass, lacquer and plastic surfaces, and thinners and solvents for the aforementioned goods; cleaning, polishing, scouring and abrasive preparations, namely, cleaning preparations for automotive engines, transmissions and tires, automobile polishes, chrome polish, scouring liquids, scouring powders, scouring solutions, abrasive pastes, general use abrasives, and thinners and solvents for the aforementioned goods; treating preparations for metals, namely, all-purpose metal polish, and thinners and solvents for the aforementioned goods; skin soaps, non-medicated creams for protection of the skin, and thinners and solvents for the aforementioned goods; petroleum jelly for Industrial, food, pharmaceutical and cosmetic purposes, and thinners and solvents for the aforementioned goods.

Class 04

(4) Industrial oils and greases, namely, all purpose lubricants, automotive lubricants and industrial lubricants, industrial automotive oils, high-performance gear oils, drawing oils and greases for metal working, multi-purpose greases, longlife greases, greases for plain and roller bearing, greases for gear boxes, biodegradable greases, greases for machine tools, greases for rail vehicles, greases for extreme temperatures, automotive greases, and thinners and solvents for the aforementioned goods; lubricants, namely, industrial and automotive lubricants, all-purpose lubricants, lubricants for metal working, and thinners and solvents for the aforementioned goods; additives for solid, liquid and gaseous fuels namely for automotive use, and thinners and solvents for the aforementioned goods; illuminants for use in lubricants, namely hydraulic oils, for leak detection, and thinners and solvents for the aforementioned goods; raw and industrial waxes, and thinners and solvents for the aforementioned goods; treating preparations for metals, namely metal forming lubricants, and thinners and solvents for the aforementioned goods; oil binding agents for spilled contaminants, namely, engine oil, hydraulic oil, diesel, petrol, fuel oil, and thinners and solvents for the aforementioned goods; petroleum jelly for Industrial, food, pharmaceutical and cosmetic purposes, and thinners and solvents for the aforementioned goods.

Class 09

Sensors, namely, sensors for determining position, motion sensors, sensors for the determination of temperatures, positions and distances, wearable electronic proximity sensors with embedded contact software for monitoring and alerting of social distances and distance measuring among wearers; computer software for biometric systems for the identification and authentication of persons; downloadable music files; downloadable video recordings featuring music; data processing software for word processing; software for processing images, graphics and text; computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; embedded contact tracing sensory software for monitoring and alerting of social distances, distance measuring among wearers and tracking the position of objects and other electronic devices; pressure sensors, motion detectors; proximity monitoring instruments, namely proximity sensors; downloadable computer software platforms for collaborating on shared documents, real-time collaborative editing of digital documents, collaboration management in the field of collaborative computer programming; recorded computer software platforms for collaborating on shared documents, real-time collaborative editing of digital documents, collaboration management in the field of collaborative computer programming; downloadable cloud-computing software for collaborating on shared documents.

Services

Class 35

(1) Advertising and marketing services provided by means of social media; online retail services for downloadable digital music; online retail services for downloadable and pre-recorded music and movies; Marketing, advertising, and promoting the retail goods and services of others through wireless electronic devices.

Class 36

(2) Financial exchange of virtual currency; electronic transfer of virtual currencies.

Class 38

(3) Communication services, namely, transmission of voice, audio, visual images and graphic data by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks in the nature of mobile communications networks; delivery of messages by electronic media in the nature of mobile and digital electronic devices; delivery of messages by audiovisual media; telecommunication services provided via platforms and portals on the internet, namely, voice over internet protocol (VOIP) services, email services, video teleconferencing, video conferencing, digital text messaging, text messaging services, electronic and text messaging services, speech to text conversion messaging and transmission by means of computers to users over the Internet, short message service (SMS); electronic transmission of data, text, images, sounds and/or video, namely electronic mail services; video on demand transmission; transmission of movies, pictures, images, text, photos, games; data communication services in the nature of position data and geo-references accessible by access code; provision of access to data in the nature of position data and geo-references on communication networks; providing access to data in the nature of position data and geo-references in computer networks; providing on-line chat rooms for social networking; provision of access to internet platforms for the purpose of exchanging digital photographs; provision of access to an electronic marketplace [portal] on computer networks; providing access to e-commerce platforms on the internet; providing access to a video sharing portal; news agency services; computer-aided transmission of text; providing access to platforms on the internet; telecommunication services, namely, providing computer network access via fiber optic networks, internet platforms and portals.

Class 42

(4) Authentication of pictures; electronic storage of archived databases, images, e-mails, digital music; platform as a service [paas] featuring software platforms for transmission of images, audio-visual content, video content and messages; interactive hosting services which allow the users to publish and share their own content and images online; electronic storage of images; encryption of digital images; authentication services for computer security; encryption, decryption and authentication of information, messages and data; electronic storage of digital music.

Class 45

(5) Providing authentication of personal identification information [identification verification services].

Goods**Class 07**

(1) Machines for the transport of goods, namely, palletizers, case elevators, automatic pallet dispensing machines and automatic slip sheet dispensing machines; electric machines and apparatus for cleaning, namely, compressor cleaning machines, floor cleaning machines, machines for blast cleaning a surface, machines for cleaning surfaces using high pressure water, steam cleaning machines, vehicle tire cleaning machines; elevators [lifts]; jacks, namely, electric jacks, hydraulic jacks, pneumatic jacks, power jacks, power operated jacks; mechanical hydraulic pump drives for machines and motors; powered pulleys, namely, drive pulleys, machine pulleys, and metal pulleys being parts of machines; hand-held tools, other than hand-operated, being power-operated, namely, floor buffing machines, drill hammers, hand-held power driven grinders, collets for power tools, burrs being parts of power tools, tile saws, reamers being parts of machine tools; current generators; winches; motors and engines for industrial machinery and parts therefor (except for land vehicles); starters for motors and engines; starter pinions; exhaust manifold for engines; belt conveyors; metal drawing machines; bearing housings being parts of machines; rotary brushes being parts of machines; joints being parts of engines; speed governors for machines, engines and motors; pneumatic transporters; compressed air engines for industrial machinery; compressed air pumps; pressure regulators, namely, pressure regulating valves being parts of machines; pressure valves [parts of machines]; printing rollers for machines; injectors for engines; electrical engines, other than for land vehicles, namely, electrical engines for industrial machinery; expansion tanks [parts of machines]; membrane filters, air filters for use as parts of machines and engines; crankcases for machines, motors and engines; fuel/air ratio controls [parts of engines or motors]; glow plugs for diesel engines; taps being machine tools; hydraulic engines and motors for drills and pumps; hydraulic process control instruments, namely, hydraulic pumps and motors for hydrostatic systems comprised of pumps, motors, valves, switches, sensors and electronic controls, for hydraulic drives and force transmission in machines and machine tools; hydraulic controls, namely, hydraulic control valves for motors; catalytic converters for motors and engines; ceramic masses being parts of motors; pneumatic chain hoists; rocker arms [parts of engines]; pistons [parts of machines and engines]; electric compressors as parts of machines,

motors and engines; fuel injection systems for engines; cranes [lifting and hoisting apparatus]; intake manifolds for internal combustion engines; ball-bearings for machines; radiators [cooling] for motors and engines; handling apparatus for loading and unloading, namely, cargo handling robots for use in warehouses and conveyors; fans for motors and engines; mechanical process control units, namely, pneumatic valves actuators; feeders being parts of machines, namely, bulk material conveyors; tappets for engines; engine camshafts; emergency power generators; pneumatic controls, namely, pneumatic valve actuators for machines, motors and engines; pumps as parts of machines, engines and motors; fuel and air mixture regulators being parts of internal engines; belts for motors and engines; drive pulleys, dynamo pulleys, timing belt pulleys being parts of motors; exhaust silencers for engines; grease rings [parts of machines]; lubricators being parts of industrial machines; push rods for engines; spindle shafts [parts of engines]; taps being parts of machines; timing belts for motors; transmissions for machines; anti-pollution catalytic converters for motors and engines; clack valves being parts of machines; clack valves being parts of engines; distribution blocks [parts of machines or engines]; timing belt pulleys being parts of engines; sparking plugs for internal combustion engines; igniting devices, namely, igniting magnetos for internal combustion engines; cylinders for motors and engines; cylinder heads for engines; exhaust manifolds as parts of vehicle exhaust systems; seals for vehicle engines, not of metal; vehicle engine gaskets, not of metal; electronic ignition systems for vehicles; pistons for vehicle engines; air compressors for vehicles; belts for machines for use with agricultural vehicles; camshafts for vehicle engines; catalytic converters; stacker crane arms; bearings being parts of machines; bearing inserts; bearing cages being parts of machines; construction equipment, namely, concrete construction machines, road paving machines, dual-arm construction robots, demolition wrecking machines; car washing machines; snow plow blades for vehicles; washing installations for vehicles; brake shoes, other than for vehicles, namely, brake shoes for machines; dressing machines, namely, grinding machines for metalworking and floor polishing machines; adhesive bands for pulleys; transmission chains, other than for land vehicles, namely, transmission chains for machines; anti-friction bearings for machines; transmission shafts, other than for land vehicles, namely, transmission shafts for machines; steam traps; brake linings, other than for vehicles, namely, brake linings for machines; steam cleaning machines; electric hand drills; moulding machines, namely, compression moulding machines, extrusion moulding machines and injection moulding machines; soldering blow pipes and irons, gas-operated; gear boxes, other than for land vehicles, namely, gear boxes for engines and motors; cowlings being parts of machines; window closers, hydraulic; derricks, namely, cargo lifting derricks; loading ramps, namely, powered ramps for moving cargo; agricultural machines, namely, agricultural cultivators, harvesters for agricultural use, disk harrows, tractor-towed broadcast seeders, cultipackers; roller bridges; axles for machines; metalworking machines; mixers, being machines, namely, fuel and vapour mixers for use in engines for industrial and commercial applications; mixers being machines, namely, mixers for industrial and commercial applications, namely, asphalt mixers, cement mixers, concrete mixers; mobile electric power generators; window closers, pneumatic; pumps being parts of machines; regulators being parts of machines, namely, fuel and air mixture regulators being parts of internal engines; self-oiling bearings being parts of machines; construction rammers; pneumatic control mechanisms for machines, engines and motors; shock absorber plungers [parts of machines]; wind-powered electric generators.

Class 09

(2) Branch boxes [electricity]; battery boxes; connections for electric lines; aerials, namely, dish aerials, radio and television aerials, satellite aerials; distance recording apparatus, namely, distance sensors, mileage recorders for vehicles; mirrors for inspecting work; lithium ion batteries; batteries for walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks

and towing tractors; electric batteries, namely, electric batteries for vehicles, electric batteries for portable computers, electric batteries for smartphones and electric batteries for tablet computers; battery chargers for walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; charging stations for electrically powered walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; acoustic alarms, namely, smoke and fire alarms, anti-intrusion alarms, burglar alarms, door alarms; whistle alarms; starter cables for motors; automatic indicators of air loss in vehicle tires; steering apparatus, automatic, for vehicles, namely, simulators for the steering and control of vehicles; gasoline gauges; accelerometers; flashing safety lights; speed indicators, namely, electronic speed controllers, laser speed detectors, speed meters, and speedometers; fuel level indicators for vehicles; navigation apparatus for vehicles in the form of on-board computers; rear-view cameras for vehicles; simulators for the steering and control of vehicles; voltage regulators for vehicles; thermostats for vehicles; sirens for vehicles; revolution counters for vehicles; hardware for electronic driving assistance systems; mileage recorders for vehicles; speedometers for vehicles; wearable video display monitors; laptop stands; audio interfaces; audio-visual teaching apparatus, namely, downloadable virtual reality training simulation software for driver training and forklift operator training, downloadable video recordings featuring driving instruction; apparatus and instruments for processing, storage, output and transmission of data, namely, computers, computer printers, and computer scanners; interactive touch screen terminals; interfaces for computers, namely, interface boards and interface cards for computers; computer monitors; computer peripheral devices, namely, computer mice, computer keyboards, computer monitors and computer speakers, computer memory boards, and semiconductors, flash memory cards, computer memory expansion modules and cards, computer chips, computer buffers; photovoltaic apparatus for converting solar radiation to electrical energy, namely, solar panels for the production of electricity; pre-recorded compact discs featuring computer software for database management, computer software for use in customer relationship management (CRM), computer software for the automation of data warehousing, computer software for use in automating and managing business processes, computer software for facilitating logistics management in the fields of freight, supply chain and transportation, data processing software programs for automating data warehousing, computer control software for operating driverless walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors, control software for operating driverless lift trucks, order picking trucks, reach trucks, high-bay stackers, forklifts and tractor vehicle, software for operating database terminals, computer software for creating searchable databases of information on the internet, software for creating databases, software for use in logistics route planning, software for warehouse management; database management computer software; computer communication software for customer access, namely, computer software for use in customer relationship management (CRM); computer communication software for customer access, namely, computer software for allowing customers access to online catalogues containing information about products and services; computer software for the automation of data warehousing; computer software for use in automating and managing business processes; logistics software, namely, software for logistics management in the fields of freight, supply chain and transportation; data processing software programs for automating data warehousing; control software for driverless walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; control software for driverless lift trucks, order picking trucks, reach trucks, high-bay stackers, forklifts and tractor vehicle; downloadable software for operating database terminals; downloadable computer software for creating searchable databases of information on the internet; software for databases, namely, computer software for creating searchable databases, computer software for database management; recorded software for use in logistics route planning; software for warehouse management; electronic controls,

namely, electronic controllers for electric motors.

Class 12

(3) Aircraft; water vehicles, namely, boats, water bikes, small powerboats, personal jet boats, water scooters; walkie stackers with electric drive; walkie stackers with diesel drive; order picker trucks with electric drive; order picker trucks with diesel drive; reach trucks with electric drive; high rack stackers with electric drive; forklift trucks with electric drive; diesel powered forklift trucks; gas powered forklift trucks; towing tractors with electric drive; transport trolley for towing tractors; driverless order picker trucks with electric drive; driverless towing tractors with electric drive; driverless carrier vehicles, namely, driverless material handling trucks with electric drive; driverless walkie stackers with electric drive; tailboard lifts with electric drive; electric cars; lorries with electric drive [vehicles]; tractors with electric drive; stock picking carts, mobile storage carts, motorized luggage carts, shopping carts, utility carts with electric drive; electrically powered trolleys; cargo trailers; aerial conveyors; parts of low lift trucks, high lift walkie stackers, pallet trucks, scissor pallet trucks, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors, namely axles [part of land vehicles], trailer hitches for vehicles, transmission chains for land vehicles, drive gears for land vehicles, transmission shafts for land vehicles, fittings as interior parts of vehicles, anti-glare devices for vehicles, electric motors for land vehicles, diesel engines for land vehicles, constant velocity joints [vehicle parts], brakes for land vehicles, windows for vehicles, vehicle wheels, doors for vehicles, undercarriages for vehicles, vehicle seats, tailboard lifts [parts of land vehicles], hydraulic circuits for vehicles, hydraulic servo valves being parts of vehicle braking systems, steering wheels [vehicle parts], air springs for vehicles, air pumps [vehicle accessories], tires for land vehicles, reversing alarms for vehicles, rearview mirrors [part of vehicles], snow chains for land vehicles, spoilers for vehicles, vehicle running boards, solid tires for vehicle wheels, windshields for vehicles.

Class 16

(4) Paper and cardboard; printed matter, namely, printed books, magazines, and journals in the field of intra-logistics; office requisites, except furniture, namely, adhesive tape dispensers, rubber bands, staple removers, pens, pencils, blank notepads; teaching materials, namely, printed educational materials in the field of intra-logistics; filtering materials of paper, namely, filter paper, paper filters for coffee makers; bags and articles for packaging, wrapping and storage of paper, cardboard or plastics, namely, bags of paper, cardboard packaging; stationery and educational supplies, namely, pencils, pens, blank notepads, educational books, workbooks containing exercises; fibreboard boxes; packaging material made of starches; plastic cling film, extensible, for palletization; manuals [handbooks]; magazines [periodicals]; shipping labels; paper mail pouches.

Class 20

(5) Non-metallic fasteners, namely, bolts, nails, rivets, screws and non-metal fastener bolts, nuts and screws; non-metallic locks for doors and windows and keys; non-metallic door, gate and window fittings; non-metallic valves, namely, non-metal water-flow valves of plastic for containers, non-metal water-pipe flow valves of plastic for containers; water inlets [valves of plastic] for water pipes; water outlets [valves of plastic] for water pipes and valves of plastic being other than machine parts, namely, water-pipe valves of plastic; non-metallic display stands and signage; office furniture; furniture shelves; conveyor pallets of plastic; storage boxes made of plastic; shelves made of plastic; rung ladders of plastic; transport pallets of plastic; stacking boxes of plastic; stacking adaptors [non-metallic fittings]; clevis pins, namely, fastener bolts not of metal; mobile storage racks [furniture]; racks [furniture] made principally of plastic for storage purposes; hanging storage racks [furniture]; pedestal storage units [furniture]; plastic storage shelves [furniture]; storage cabinets made of plastic [furniture]; plastic storage tanks; movable plastic

storage shelves [furniture]; plastic mailing tubes; plastic storage drums; locks, not of metal, for vehicles; plastic ramps for use with vehicles; storage racks to hold vehicle mats; shipping and storage containers made of plastic.

Services

Class 35

(1) Advertising, marketing and promotional services, namely, advertising, marketing and promoting the goods of others using catalogs, advertising the goods and services of others, statistical evaluations of marketing data, conducting marketing studies, promoting the goods and services of others; auctioneering services; rental of vending machines; business assistance, management and administrative services; collection and systematization of business management information into computer databases; business project management services for construction projects; computerized stock management; electronic stock management services; computerized stock management; retail services in relation to parts and fittings for vehicles; wholesale services in relation to parts and fittings for vehicles; mail order retail services in relation to parts and fittings for vehicles; retail services in relation to land vehicles and means of transport in the nature of forklifts, walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractor; wholesale services in relation to land vehicles and means of transport in the nature of forklifts, walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractor; mail order retail services in relation to land vehicles and means of transport in the nature of forklifts, walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractor; retail services in relation to vehicles and conveyances in the nature of forklifts, walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractor; wholesale services in relation to vehicles and conveyances in the nature of forklifts, walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractor; mail order services in relation to vehicles and conveyances in the nature of forklifts, walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractor; retail services in relation to lifting tools, namely, hand-operated lifting jacks, lift chains being parts of machines and hydraulic lift tables; wholesale services in relation to lifting tools, namely, hand-operated lifting jacks, lift chains being parts of machines and hydraulic lift tables; mail order services in relation to lifting tools, namely, hand-operated lifting jacks, lift chains being parts of machines and hydraulic lift tables; retail services in relation to sweepers, namely, roader sweepers, robotic floor sweepers, and electric carpet sweepers; wholesale services in relation to sweepers, namely, roader sweepers, robotic floor sweepers, and electric carpet sweepers; mail order services in relation to sweepers, namely, roader sweepers, robotic floor sweepers, and electric carpet sweepers.

Class 36

(2) Fundraising and financial sponsoring of start-up companies and sports tournaments; valuation services, namely, business valuation services; financial services, namely, financial analysis and research services, financial asset management services and financial consultancy services, namely, financial consultancy in the field of risk management, financial consultancy relating to infrastructure investment and financial consultancy relating to loans; repair costs evaluation, namely, estimating machines for the storage and transport of goods, namely, industrial robots used for packaging in the warehouse industry, warehouse robot arms, transport robot vehicles for use in warehouses, vehicle, car repair costs; insurance services relating to mail order businesses; online financial transactions, namely, clearing and reconciling financial transactions via a global computer network, providing secure online commercial transactions and payment options using a mobile device at a point of sale; provision of finance for civil engineering constructions; financing of

walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and their parts; leasing of walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and their parts; hire-purchase financing of walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and their parts; financing of property development; financing of the construction of warehouses; funding of product development; arranging of financing for walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and their parts; arranging of leasing contracts for walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and their parts; arranging of hire-purchase financing contracts for walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and their parts; arranging of financing for construction projects; arranging of financing for the construction of warehouses; provision of finance for real estate development; arranging of financing for property development; preparation of financial reports relating to the financing of building projects; consultancy services relating to the financing of civil works and infrastructure projects; arranging of insurance contracts for warehouses; providing insurance information; insurance services relating to goods in transit; insurance underwriting consultation.

Class 37

(3) Demolition of buildings; grouting services relating to warehouses; cleaning of buildings [exterior surface]; warehouse construction and repair; construction of warehouses; construction consultancy with regard to the construction of warehouses; providing construction information relating to warehouses; providing information relating to repairs of warehouses; management of construction works related to warehouses; roofing services; building insulating; scaffolding; painting, interior and exterior; masonry; installation of doors and windows; providing construction information in the field of warehouses; installation of floor conveyor technology [machines] and of machines for use in logistics; assembling [installation] of storage systems; repair and maintenance of storage tanks of metal; installation services relating to shelving frames of metal [other than furniture]; repair and maintenance of shelving frames of metal [other than furniture]; installation services relating to storage racks of metal; repair and maintenance of storage racks of metal; installation services relating to storage tanks of metal; repair and maintenance of storage tanks of metal; installation services relating to loading pallets of metal; repair and maintenance of loading pallets of metal; installation services relating to metal shelf brackets; repair and maintenance of metal shelf brackets; recharging of batteries, namely, battery recharging services for vehicles; replacement of batteries, namely battery replacement services for vehicles; maintenance and repair of mains chargers, namely, AC adapters and power adapters for computers, chargers for vehicles, machines for the storage and transport of goods, namely, industrial robots used for packaging in the warehouse industry, warehouse robot arms, transport robot vehicles for use in warehouses, and parts thereof; maintenance and repair of walkie stackers; maintenance and repair of forklift trucks, reach trucks and high rack stackers with electric drive; maintenance and repair of diesel powered forklift trucks, reach trucks and high rack stackers; maintenance and repair of order picking trucks with electric drive; maintenance and repair of diesel powered order picker trucks; maintenance and repair of driverless towing tractors; maintenance and repair of driverless forklift trucks; maintenance and repair of driverless carrier vehicles; maintenance and repair of driverless walkie stackers; maintenance, repair of shelving of metal; maintenance of walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; cleaning of walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; vehicle service stations [refuelling and maintenance] relating to walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; rental of floor conveyor technology [machines] and of machines for use in transport logistics; maintenance and repair of

loading and unloading machines, vehicles and automotive vehicles; servicing of commercial vehicles; installation of storage facilities; repair of floor conveyor technology [machines] and of machines for use in logistics; painting of walkie stackers, order picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors; repair, maintenance, servicing, dismantling, assembly, cleaning and painting of vehicles and their components; rental of construction equipment; repair and maintenance of apparatus and instruments, namely cables for electricity; installation services relating to industrial robots, namely, cargo handling robots for use in warehouses and unmanned robots being cargo handling machines; repair and maintenance of industrial robots, namely, cargo handling robots for use in warehouses and unmanned robots being cargo handling machines.

Class 39

(4) Transport, namely, transport of goods and persons by air, rail, ship, bus, tram and truck, air transportation of passengers and goods; packaging and storage of goods for others; rental services related to transportation and storage, namely, rental of vehicles, rental of storage containers and rental of storage lockers; transport information, advice and reservation services regarding transport services, namely, providing information relating to automobile rental services, reservation and booking of transportation of goods by air, rail, ship, bus, tram and truck; rental of walkie stackers, stock picker trucks, reach trucks, high rack stackers, forklift trucks and towing tractors and parts thereof; rental of commercial vehicles; rental of forklift trucks; services regarding the rental of forklift trucks; rental of warehouses for goods; rental of storage containers; rental of storage facilities, namely, rental of self-storage facilities, rental of storage spaces, and rental of warehouses; rental of storage crates; rental of portable storage containers; rental of pallets for the transport or storage of goods; rental of pallets and containers for transporting goods; rental of pallets and containers for storing goods; transportation logistics services, namely, arranging the transportation of goods for others and planning and scheduling shipments for users of transportation services; storage of goods for others; storage information, namely, providing information about warehouse storage services; transportation information, namely, providing information relating to car rental services, providing information relating to car transport; freight forwarding; vehicle transport services, namely, taxi transport, transport of persons by motor vehicle; arranging of car hire; transport of goods by motor vehicle, lorry, rail, ship and aeroplane; transportation of freight by road; tracking of passenger vehicles by computer or via global positioning system [transport information].

Class 41

(5) Training services relating to logistics and intra-logistics; organization of conferences in the field of logistics and intra-logistics; vocational retraining in the field of logistics and intra-logistics; correspondence courses in the field of logistics and intra-logistics; online publication of electronic books and journals; arranging and conducting of seminars in the field of logistics and intra-logistics; arranging and conducting of workshops in the field of logistics and intra-logistics; driver training for drivers of pallet trucks, order pickers, reach trucks, high-bay stackers, forklifts and towing tractors; driving instructions for drivers of pallet trucks, order pickers, reach trucks, high-bay stackers, forklifts and towing tractors.

Class 42

(6) Scientific and technological services, namely, scientific and technological research, analysis and testing in the field of logistics and intra-logistics of freight, supply chain and transportation; testing of new products of others, authentication services for computer security and quality control testing service for industrial machinery; diagnosing computer hardware problems using software; development and testing of computer software for use in mathematical calculation methods and

algorithms; updating of computer software; updating of software databases; writing of programs for data processing; maintenance of computer software; computer software technical support services; development and design of control software for driverless pallet trucks, order pickers, reach trucks, high-bay stackers, forklifts and towing tractors; development and design of control software for pallet trucks, order pickers, reach trucks, high-bay stackers, forklifts and towing tractors; development and design of software for database terminals; development and design of software for information platforms on the internet; development and design of database software; development and design of route planning software; development and design of software for inventory management; software as a service [saas] services featuring computer software for use in database management, for service desk management, for accounting, for intra-logistics management in the fields of freight, supply chain and transportation; consultancy in the field of software design; computer hardware development; rental of computer hardware; rental of computer software; computer software consultancy; monitoring of computer systems by remote access; rental of software for inventory management; engineering consultancy services in the fields of computer software and computer hardware engineering, electrical, hydraulic, and industrial engineering; engineering services in the field of electrification of transport vehicles; technical project planning in the field of industrial engineering; engineering consultancy to information technology, namely, computer software engineering consultancy; engineering services for the design of structures; engineering services for the analysis of structures; structural engineering services; conducting technical project studies in the field of electrification of transport vehicles; building design services for the construction of warehouses; building design services related to the construction of storage facilities; architectural services for the design of warehouses and storage sites; architectural services for the design of storage sites; architectural services for the design of retail premises; interior decoration consultation; interior design of warehouses; interior design of commercial buildings; consultancy in the field of energy-saving; research in the field of environmental protection; research relating to construction machinery; providing of expert opinion relating to technology in the field of electrification of transport vehicles, software design and logistics and intra-logistics of freight, supply chain and transportation.

Class 45

(7) Licensing of computer software [legal services]; licensing of industrial property rights; rental of security surveillance apparatus; stolen vehicle tracking; stolen vehicle recovery services.

Colour is claimed as a feature of the trademark. The colour blue is claimed. The mark consists of the stylized wording "werfen" in blue.

Goods

Class 05

(1) Diagnostic reagents for medical and veterinary use; immunoassay reagents for medical and veterinary purposes; reagents for clinical analysis, for medical and veterinary purposes, for use in immunoserology, biological and microbiological analysis; reagents for microbiological analysis, for medical and veterinary purposes; reagents for use with analyzers for medical and veterinary purposes; reagents for in-vitro laboratory use for medical and veterinary purposes; reagents for use in diagnostic tests for medical purposes.

Class 09

(2) Scientific, optical, weighing, measuring and checking apparatus and instruments, namely, research laboratory analyzers, namely blood type analyzers and concentration analyzers for measuring, testing and analyzing blood and other bodily fluids, namely, blood gases, hematocrit, hemoglobin, electrolytes, urine, interstitial fluid, saliva, bile, chyme, synovial fluid, and cerebrospinal fluid, diagnostic apparatus, namely DNA microarrays for the detection of pathogens for laboratory and research use, flow cytometers and flow-based analyzers providing cell and particle analysis, detection, and counting for scientific, laboratory, and general research uses, laboratory instrument for the detection of pathogens and toxins in a biological sample for research use, laboratory devices, namely molecular imagers, protein analyzers for analyzing protein sequence, laboratory devices, namely diagnostic biomolecule and DNA sequence detection device and diagnostic biomolecule and DNA sequence readers of biomolecule and DNA sequence testing results for analyzing genome information, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, and quantity of target chemicals, biologics

and contaminants for laboratory and research use, chromatography apparatus for laboratory use, laboratory apparatus, namely centrifuges used as laboratory apparatus, spectrophotometers and chromatography columns, apparatus for automatic chromatography for use in protein purification, bioreactors for laboratory use, scientific apparatus and instruments, namely DNA microarrays for measuring relative DNA, RNA and protein and parts and fittings therefor for laboratory and research use, X-ray fluorescence analyzers, fluorescence microscopes, laboratory equipment and supplies, namely, incubators, laboratory photochemical reactors, laboratory devices, namely silicon chip based arrays, electronic sensors, DNA chips for detecting genetic sequences for medical and research use, spectrograph apparatus; data processing equipment, namely computers, computer printers, bar code scanners, biometric gait recognition scanners, image scanners, computer scanners, card punching and sorting machines; downloadable software, namely computer applications and computer programs for the use in laboratory information systems for scientific analysis of genetic sequences, graphing proteomes, processing, transmitting, and displaying data from medical testing devices, namely, in vitro diagnostic devices, data management for specific clinical applications, namely analysis of diagnostic results, comprehensive solutions for communication, namely controlling and managing patient medical information, clinical diagnostics and patient-focused systems, namely management of therapies, chronic disorders and telemedicine.

Class 10

(3) Medical apparatus and instruments for analysis in laboratories and clinical diagnosis of human diseases in the form of automated coagulation analyzers, namely, electronic instruments for measuring the characteristics and components of blood clots; medical apparatus and instruments for analysis in laboratories and clinical diagnosis of human diseases in the form of automated bodily fluid analyzers, namely, blood type analyzers and concentration analyzers for measuring blood gases, hematocrit, hemoglobin, electrolytes, urine, interstitial fluid, saliva, bile, chyme, synovial fluid, and cerebrospinal fluid; medical apparatus and instruments for analysis in laboratories and clinical diagnosis of human diseases in the form of disposable cartridges containing reagents for diagnostic testing of bodily fluids in an automated bodily fluid analyzer; medical apparatus and instruments for analysis in laboratories and clinical diagnosis of human diseases in the form of automatic clinical analyzers, namely, electronic instruments for measuring the partial pressure of oxygen and carbon dioxide and ionic activity in the blood.

Services

Class 35

Sale services and import-export agency services for retail and wholesale sales for in-vitro diagnostic reagents for scientific use, in-vitro biochemical products for scientific use, in-vitro diagnostic preparations for medical use, diagnostic reagents, namely in-vivo biochemical products for testing selected bacteria [for scientific use], diagnostic reagents for testing for selected bacteria [for medical use], diagnostic reagents for scientific use, chemical reagents, other than for medical or veterinary use, diagnostic reagents, other than for medical or veterinary use, reagents for research purposes, biological reagents for medical use, chemical reagents for medical use, namely, monoclonal antibody reagents for medical use, diagnostic reagents, namely clinical diagnostic reagents for medical use or veterinary use, computer application software for laboratory information systems, computer application software for laboratory information systems, data management for managing clinical data for specific applications, comprehensive solutions for communication, clinical diagnosis and patient-focused systems, such as management of therapies,

chronic disorders and telemedicine, medico-surgical products for use in the hospital sector, scientific, analytical and laboratory instruments, diagnostic instruments for scientific use, medical analytical apparatus for medical use, laboratory instruments [other than for medical use].

Goods

Class 06

(1) Industrial equipment for the analysis and processing of fluids, namely, flexible and rigid metal fittings used to connect tubes; industrial equipment for the analysis and processing of fluids, namely, manually operated metal valves for controlling the flow of gases and fluids; machined parts, namely, metal fluid manifolds for use with hydraulic and pneumatic systems

Class 07

(2) Fluid couplings being parts of machines; fluid pumps for machines, namely, piston pumps, micro pumps, peristaltic pumps; fluid heaters, namely, water heaters being parts of machines.

Class 09

(3) Instruments for the control, regulation and measurement of the flow and physical properties of fluids, namely, fluid flow meters; instruments for use with fluidics for assessing fluid flows, namely, fluid meters; instruments to assess fluid flow, fluid processing, and electromechanical flow control, namely, liquid-level gauges; instruments for the analysis of thermal fluids, optical fluids, and electronic fluids, namely, computer hardware and embedded operating software for use in the analysis of thermal fluids, optical fluids, and electronic fluids; electronics in the nature of detector units for use with fluids to monitor and report levels of fluids, namely, liquid level sensors; instruments for fluid automation systems, namely, solenoid and motordriven valves for fluid control, and automatic fluid-composition control machines, namely, automatic electronic control valves for regulating the flow of gases and liquids; fluid couplings for transferring fluids in medical laboratory research and scientific instruments, and parts specifically adapted therefor, namely connectors, barbs, fittings, adaptors, and bottle caps; electromechanical automatic valves; automatic pinch valves; automatic check valves for monitoring and controlling the flow of gases or liquids; automatic isolation valves; electronic automatic mixing valves; automatic valves containing rocker arms; pressure relief valves for protecting fluid apparatus; machined parts, namely, flow controllers in the nature of flow switches for monitoring and controlling the flow of gases or liquid, namely, automatic electronic control valves for regulating the flow of gases and liquids, chromatography columns for laboratory use for use in the analysis of gases and liquids, traps and filters for use in

laboratory equipment, fluid manifolds for use in laboratory equipment, fluid probes for scientific purposes, namely, ultrasound probes, not for medical use, fluid sensors in the nature of electronic sensors for detecting the presence of fluids, electronic fluid heaters for scientific purposes; downloadable software for analyzing data in the field of fluidics; sensor chips, biochips, and flow cell chips for analyzing fluidics for scientific use; microfluidic and micro-electro mechanical components and devices, namely, microfluidic sensor chips for scientific use; nanofluidics components, namely, nanofluidic sensor chips for scientific use

Class 10

(4) Medical laboratory equipment for the analysis and processing of fluids, namely, glass, plastic and metal tubes and receptacles, flexible and rigid plastic and metal fittings used to connect tubes, receptacles, probes, namely, probes being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, valves, namely valves being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, pumps, namely, pumps being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, mixers, namely, mixers being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, glass, namely glass being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, plastic and metal fluid sample and dispense probes, namely, surgical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical purposes, metered fluid pumps, automatic and manual valves being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, fluid mixing tubes and coils, fluid heating and cooling tubes and coils, fluid filters, being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination

Class 17

(5) Industrial equipment for the analysis and processing of fluids, namely, flexible and rigid plastic fittings used to connect tubes; industrial equipment for the analysis and processing of fluids, namely, manually operated plastic valves.

Services

Class 42

Chemical biochemical, biological and bacteriological research and analysis; chemical laboratory services; chemical research and analysis; research and development services in the fields of chromatography and cytometry.

TRADEMARK DETAILS

REDMI

Trademark Type

Standard Characters

Trademark Description

The mark consists of the standard characters Redmi without claim to any particular font style or color. The whole mark has no meaning and have no significance in the trade or industry or as applied to goods/services listed in the application, nor geographical significance.

Goods

Class 02

(1) Dyes, namely, rapid dyes, synthetic dyes, natural dyes and food dyes; dyestuffs; colorants, namely, colorants for concrete and cobalt oxide as colorant; metal powders for painters, decorators, printers and artists; pigments, namely, phosphorescent pigments, paint pigment powders, interior and exterior paint pigments and fire retardant pigments; toner for copiers; ink cartridges, filled, for printers and photocopiers; automotive paints; anti-rust preparations; anti-corrosive preparations, namely, anti-corrosive greases, anti-corrosive oils, anti-corrosive paint, anti-corrosive paints, anti-corrosive papers; gum resins.

Class 03

(2) Hand cleaners being hand cleaning preparations; wipes impregnated with a skin cleanser; laundry preparations, namely, laundry balls filled with laundry detergents, laundry bleach, laundry brightener, laundry detergents, laundry fabric conditioner and laundry stain removers; baby wipes impregnated with cleaning preparations; laundry fabric conditioner; soap, namely, bar soap, liquid bath soap, liquid hand soap and dish soap; shaving soap; shampoos; automotive cleaning preparations, namely, cleaning and degreasing preparations for automotive parts, namely engines; detergents for household use; dishwasher detergents; car polish; polishing wax for automobiles and bicycles; grinding preparations, namely, abrasives for cleaning excess resins from grinding wheels; perfumery; aromatics, namely, essential oils and essential oil blends for personal use; perfumes; cosmetic preparations for skin care; toothpaste; mouthwashes, not for medical

purposes; breath freshening sprays; teeth whitening strips; breath freshening preparations for personal hygiene; incense; non-medicated mouth washes for pets; shampoos for pets being non-medicated grooming preparations.

Class 07

(3) Agricultural machines, namely, cultivators, harvestors, disk harrows, seeders; incubators for eggs; band saw machines; chemical fiber spinning machines; tea manufacturing machines; concrete mixers; mills being machines, namely, flour mills being machines, bead milling machines and felt milling machines; mixers being kitchen machines; kneading machines; sausage making machines; food preparation machines, electromechanical, namely, machines for packaging food and food preparation machines, namely, food mixing machines for household use, food mixing machines for commercial use, meat mincers, electric, food chopping machines for commercial use, food chopping machines for commercial use, meat processing machines and coffee extracting machines; peeling machines, namely, splint veneer peeling machines, food peeling machines for commercial use and food peeling machine for household use; cigarette making machines; leather dressing machines; sewing machines; ironing machines, namely, ironing machines for commercial use, ironing presses being machines for industrial purposes and press ironing machines for clothing; industrial inkjet, thermal and laser label printing machines; machines for battery industry, namely, battery core pressing machines and battery cable rolling machines; packaging machines; dishwashers; blenders, electric, for food and drink preparation; coffee grinders, other than hand-operated; dish washing machines for household purposes; can openers, electric; kitchen machines, electric, namely, kitchen machines, electric, for making whipped cream, kitchen machines, namely, electric standing mixers and whisks, electric, for household purposes; food processors, electric; dry-cleaning machines; bottle rinsing machines; extractors for mines; cutters being machines, namely electric plasma cutters and metal welding machines, namely, cutters; deep hole drilling machines; excavators; elevating work platforms; pneumatic jacks; metalworking machines; foundry machines, namely, melting furnaces, ladles, forklifts, cranes, conveyors, and transfer vessels; steam engines; sparking plugs for automobile engines; ignition coils for automobile engines; wind turbines; zipper making machines; tools being parts of machines, namely, knives being parts of machines, blades being parts of screening, crushing and conveying machines, broaches being machine tools and chasers being machine tools; screwdrivers, electric; hand-held tools, other than hand-operated, namely, power operated hand tools for buffing and rasping and hand-held tools, namely, impact wrenches, pneumatic ratchet wrenches, electric ratchet wrenches, die grinders, air hammers, air drills, pneumatic cutting tools, air sanders, impact screwdrivers, air body saws, air shears, electric nail guns; electric hand-held drills; optical cold working machines; dynamos; filters for cleaning cooling air, for engines; engines, other than for land vehicles, namely, airplane engines and boat engines; radiators [cooling] for automobile engines; cooling water tanks for automobile engines; water pipes of cooling radiators for automobile engines; hoods being parts of machines; cooling fans for automobile engines; cooling fan housings for automobile engines; clutches, namely, clutches for industrial machinery, clutches for brakes and clutches for transmissions; exhaust purifier for automobile engines [catalyst reactor]; exhaust recycling systems for automobile engines; mufflers for automobile engines; exhaust mufflers for motors and engines; resonators of exhaust systems for automobile engines; pistons for automobile engines; automobile engine cylinders; air filters for automobile engines; cylinder heads for engines; oil pumps for automobiles; water pumps for automobiles; pumps as parts of machines, motors and engines; valves being parts of machines; aerocondensers; compressed air machines, namely, compressed air dryers for vehicle engines and compressed air pumps; air suction machines, namely, suction filters as machine components and suction pumps; pneumatic cylinders [parts of machines]; axles for machines; door openers, electric; window

closers, electric; bearing being parts of machines not for land vehicles and bearings being parts of machines; flywheels for automobile engines; crankshafts for automobile engines; belts for machines; electric welding machines; machines and apparatus for cleaning, electric steam cleaning machines, floor cleaning machines and electric window cleaning machines; electric cordless sweepers; steam cleaning machines; electric steam mops; brushes for vacuum cleaners; suction nozzles for vacuum cleaners; electric washing machines; vacuum cleaners; crushing machines, namely, waste crushing machines, recycling crushing units being machines and animal feed crushing machines; filtering machines for processing food, beverages, milk, water, wastewater, digested sludge, pulp, and chemicals; robotic exoskeleton suits, other than for medical purposes; pneumatic pumps; dust exhausting installations for cleaning purposes, namely, dust collecting machines for chemical processing and cyclone dust collectors; steam cleaners for household purposes; cordless vacuum cleaners; dust filters and bags for vacuum cleaners.

Class 08

(4) Hand-operated abrading instruments; hand-operated agricultural implements, namely, broadforks; shovels; syringes for spraying insecticides; electric animal nail grinders; harpoons; oyster openers; beard clippers; electric beard trimmers; razor blades; nail clippers; electric hair clippers; hair clippers for babies; depilation appliances, electric and non-electric; laser hair removal apparatus, other than for medical purposes; electric nasal hair trimmers; electric hair straighteners; electric irons for styling hair; bit drivers for hand tools; pincers; borers for use in metalwork; electric flat irons; flat irons; metal wire stretchers; meat choppers [hand tools]; hand-operated air pumps for automobile and bicycle tires; tweezers; graving tools [hand tools]; scissors; knives, namely, butcher knives, chef knives, carving knives and household knives; kitchen knives; paring irons; fruit corers; hair clippers for animals [hand instruments]; punch rings [knuckle dusters]; table knives, forks and spoons of plastic; handles for hand-operated hand tools; bits for hand tools.

Class 09

(5) Computers; bags adapted for laptops; computer software, recorded, namely, computer operating software for operating set-top boxes and digital video recorders and players, downloadable and recorded computer software for encryption of digital files, downloadable and recorded computer software for use in organizing, transmitting, receiving, playing, storing and reviewing audio, image, video files, recorded computer search engine software, recorded interactive computer software for managing, tracking and reporting business management performance metrics and downloadable computer software for operating smart home hubs for connecting, integrating and controlling networked consumer electronic devices, home devices and temperature controls via a wireless computer network; computer programs, downloadable, namely, computer software applications for the management and provision of customer relationship management, downloadable applications for handheld computers, tablet computers and mobile phones to enable the streaming of movies and television shows, downloadable computer application software for maintaining and updating computer games, downloadable computer application software for use in tracking the location and maintenance history of shopping carts, downloadable computer software applications for social networking services and downloadable computer applications for buyers and sellers of goods and services to access an on-line marketplace; computer hardware; notebook computers; tablet computers; calculating machines; central processing unit (CPU) boards and central processing units; computer game software, recorded; computer memory devices, namely, blank flash memory cards, blank secure digital (SD) memory cards, digital camera memory cards and flash memory cards; interactive touch screen terminals; mobile phone software applications, downloadable, namely, downloadable mobile phone ringtones, downloadable music files and downloadable image files containing artwork, text, audio, video, games and Internet Web links; computer peripheral devices, namely, computer

keyboards, computer printers, computer power suppliers, computer scanners, computer screens, computer speakers, computer stands, computer touchscreens, computer touchpads, computer mouse pads, computer disc drives and computer styluses; computers for use in data management; encoded identification bracelets, magnetic; telepresence robots; encoded magnetic cards, namely, encoded debit cards, encoded credit cards, encoded membership cards and encoded identity cards; readers being data processing equipment, namely, magnetically encoded card readers, smart card readers and barcode readers; scanners being data processing equipment, namely, barcode scanners, computer scanners and laser scanners; downloadable image files; downloadable music files; downloadable ring tones for mobile phones; electronic pens [visual display units]; electronic publications, downloadable, namely, electronic publications provided online via mobile devices in the field of social media, providing on-line electronic publications, downloadable, in the field of children's entertainment via the internet and electronic publications in the form of publishing of electronic newsletters; electronic pocket translators; smartglasses [data processing]; data storage devices being magnetic tapes; magnetic encoded credit cards; embedded SIM cards; monitors [computer hardware]; mouse pads; computer mouse; humanoid robots with artificial intelligence; printers for use with computers; photo printers; ink cartridges, unfilled, for printers and photocopiers; pens with conductive point for touch screen devices; computer keyboards; ink jet printers; laptop sleeves; smartwatches [data processing]; LED displays; display screens, namely, display monitors, displays for mobile phones, electronic touch screen displays, LED displays, liquid crystal displays for computers, microdisplays, namely, head mounted video displays and near eye video displays and organic light-emitting diode (OLED) displays; digital photo printers; cases adapted for computers; computer programs, recorded, namely, computer game programs, computer operating programs, computer programming software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behavior analytics, computer programs featuring Proof of Attendance Protocols (POAPs) and non-fungible token (NFT) badges, computer programs for connecting to remote computers and computer networks, computer programs for editing images, sound and video, computer programs for enterprise resource planning (ERP) in the field of supply chain management, computer programs for using the Internet and the World Wide Web and computer software for assisting developers in creating program code for use in mobile internet applications and client interface; encoded identity cards; microprocessors; computer monitors; blank optical discs; electronic tags for goods; blank smart cards; pocket calculators; USB flash drives; laptop computers; sleeves for laptops; protective films adapted for computer screens; security tokens [encryption devices]; covers for tablet computers; electronic interactive whiteboards; personal digital assistants [PDAs]; computer software platforms for hosting an electronic contact centre; computer software platforms for social networking; downloadable computer software platform for assisting programming developers to collaborate on software programming code performance issues as used in multiple application programs; computer game software, downloadable; stands adapted for laptops; downloadable e-wallets; biometric identity cards; smart rings [data processing]; electronic agendas; pedometers; counters, namely, lap-counting devices, namely, counters for use during sporting activities, geiger counters, revolution counters and thread counters; time recording apparatus, namely, stopwatches and punch card machines for offices; counterfeit coin detectors; credit card terminals; fingerprint scanners; facial recognition apparatus, namely, iris recognition security devices and optical character recognition apparatus; photocopiers [photographic, electrostatic, thermic]; time clocks [time recording devices]; scales with body mass analysers; personal weighing scales; magnetic compasses for measuring; rulers [measuring instruments]; electronic notice boards; signal lanterns; protective films adapted for smartphones; cases for smartphones; mobile telephones; hands-free kits for telephones; GPS equipment, namely, navigation devices; intercommunication apparatus, namely, broadband radios

and transponders; navigational instruments, namely, global positioning satellite (GPS) systems, compasses, range and depth finders, map measurers; telephone apparatus, namely, telephone cables, telephone connectors, telephone receivers, telephone headsets, telephone wires, cordless telephones and corded telephones; transmitters, namely, radio transmitters, satellite transmitters and telephone transmitters; video telephones; heat sink for cellular phones; computer routers; camera monopods; local area network computer cards for connecting portable computer devices to computer networks; computer software and applications for electric vehicle navigation; branch boxes [electricity]; radios; protective film for mobile phone screen; car navigation computers; car antennas; camcorders; security surveillance robots; rearview cameras for vehicles; blank compact discs; earphone; juke boxes, musical; loudspeakers; microphones; portable media players, namely, portable media players being radio players, digital music players, digital video players, DVD players, mp4 players and portable MP3 players; sound recording in the form of tapes; sound transmitting apparatus, namely, personal headphones for use with sound transmitting systems, hands-free microphones for cell phones, microphones, audio speakers and audio speakers for automobiles; video recorders; wearable video display monitors; virtual reality headsets; wireless headsets for smartphones; audio mixers; event recorders for security purposes; teaching electronic devices with artificial intelligence for education; translation machines, namely, electronic pocket translators and tour guide electronic equipment for synchronized and simultaneous translation; electronic book readers; set-top boxes; television displays; cabinets for loudspeakers; loudspeaker cabinets with touch screen; audio receivers; head-mounted video displays; cameras; laser projection television; teaching robot with artificial intelligence for education; optical discs and CD-ROMs pre-recorded with sound recordings, namely music and fictional stories; wireless earphones; camcorder waterproof cases; high definition televisions; digital sound processors; personal computer cameras; audio equipment, namely, audio cable connectors, splitters and plugs; radio sets; web cameras; DMB [Digital Multimedia Broadcasting] televisions; noise cancelling earphones; tape recorders; digital photo frames; baby monitors; electronic books; audio speakers for automobiles; car stereos; camera and camera accessory cases and straps; filters [photography]; projection apparatus, namely, film projectors and overhead projectors; projectors, namely, photography projectors, liquid crystal display [LCD] projectors, video projectors, opaque projectors and picture projectors; laser projectors; projection screens; projection screens for movie films; viewfinders, photographic; diaphragms [photography]; camera filters; tripods for cameras; flashlights [photography]; selfie lenses; bags adapted for photographic apparatus; surveying instruments; measuring apparatus, namely, laser measuring tapes, measuring bowls, measuring buckets, measuring cups, measuring tapes, scientific measuring instruments, namely, conductivity meters, screw-thread measuring instruments, tyre pressure measurers, wire diameter measuring devices, measuring devices for air-conditioning technology and measuring devices, namely, fluorometers; telemeters; infrared sensors; tire-pressure measurers; speed meters; diagnostic apparatus, not for medical purposes, namely, diagnostic computer software for processing and reporting fuel cell current and voltage testing information for use in fuel cell test stations, diagnostic instrument composed of video and still image cameras and mirrors for use in the collection of vehicle condition and diagnostic data, downloadable applications for handheld computers for performing diagnostic analyses of telecommunications equipment and scanners for performing automotive diagnostics; tool measuring instruments, namely, tools for measuring the height of a tire and measuring and control devices for air-conditioning technology; pressure measuring apparatus, namely, pressure gauges and pressure meters; temperature indicators; teaching electronic devices with artificial intelligence for education; laboratory robots; chemistry apparatus and instruments, namely, scientific measuring instruments, namely, conductivity meters; electrical inductors; space probes; microscopes; magnifying glasses [optics]; apparatus and instruments for astronomy, namely, parts and accessories for binoculars and monoculars, namely, straps, clips,

eyepieces, lenses, smartphone camera adaptors, lenses for astrophotography, refractors, astronomical spectrographs, telescopes and zenith telescopes; telescopes; USB cables for cellphones; telephone wires; electricity main materials, namely, wires and cables; data cables; USB cables; audio connecting cables; electric wire harnesses for automobiles; electronic control systems for automobile brakes; current converters; magnetic materials and devices, namely, blank magnetic discs, data storage devices being magnetic tapes and magnetic encoded card readers; light-emitting diodes [LED]; motion sensors; infrared sensors; humidity sensors; motion sensors; motion sensors for security lights; waterlogging and leak sensor; high speed charging plug for smartphones; wireless switches, namely, airbag deactivation wireless switches for automobiles, changeover wireless switches for telecommunication apparatus, electric power switches, wireless switch controllers for the distribution of filtered water through faucets, electrical power door lock wireless switches for motor vehicles and electronic motion sensitive wireless switches; wall switches; smart tactile switches; touchscreen sensors; touch sensors, namely, projected capacitive touch sensors and touchscreen sensors; adapter plugs; alarm sensors, namely, burglar alarms, door alarms, electrical and electronic burglar alarms, baby alarms, fire alarms, gas leak alarms, personal alarms, smoke alarms, anti-intrusion alarms and theft alarms; sensors for determining temperature; biochip sensors; motion recognizing sensors; coils, electric; junction boxes [electricity]; distribution consoles [electricity]; connections for electric lines; connections, electric; parking sensors for vehicles; touch screens; electric apparatus for commutation, namely, current breakers, current collectors, current limiters, current limiting reactors, current meters, current plugs, current pulse generators, current switches, current testers and current transformers; lightning arresters; fire extinguishing apparatus for automobiles; industrial X-ray apparatus; ski goggles; swimming goggles; swimming face masks; helmets for motorcyclists; goggles for scuba diving; ski glasses; snowboard helmets; underwater breathing apparatus; nose clips for swimming; clothing for protection against accidents, irradiation and fire; anti-glare glasses; visors for helmets; snorkels; anti-theft alarms, other than for vehicles; biometric fingerprint door locks; peepholes [magnifying lenses] for doors; electric door bells; fire alarms; smoke detectors; water intrusion alarms; digital door locks; electronic door locks; electronic access control systems for interlocking doors; 3D spectacles; batteries, electric, namely, electric batteries for smartphones, electric batteries for vehicles and batteries, electric, used for electronics, such as computers, cellphones, earphones, watches, automobiles; wireless chargers, namely, automotive battery chargers, battery chargers for home video game machines, battery chargers for laptop computers, battery chargers for smartphones, battery chargers for tablet computers, chargers for general purpose batteries, solar-powered battery chargers and chargers for electric accumulators; USB chargers; battery chargers for mobile phones; mobile phone battery chargers for use in vehicles; batteries, electric, for vehicles; automobile batteries; accumulators for automobiles; set-top boxes [digital signal receivers]; digital cameras; television cameras; blind spot cameras for cars; speed meters for use in photography; air analysis apparatus; rods for water diviners; hygrometers; distribution boxes for electrical power; electronic numeric blackboard; cell phone straps; protective films for mobile phone touch screens; smart home hubs; wide area network [WAN] routers; computer network bridges; ethernet switches; electronic devices being wireless item locators; electronic devices being wireless peer-to-peer wallet locators; radar receivers with amplifiers; smart bracelets; electronically encoded identity wristbands; radio-frequency identification (RFID) readers; keyboards for smartphones; smartphone screen magnifiers; transmitting and receiving apparatus for television broadcasting, namely, cables for transmitting and receiving cable television signals, computer hardware for accessing, transmitting and displaying audio-visual data between digital media streaming devices and televisions, cable television receivers and cable television transmitters; digital cameras; wrist-mounted smartphones; car phone holder; cases for mobile phones; cell phone cases; network routers; stands adapted for mobile phones; smartphones in the

shape of a watch; intercoms; computer software and applications for electric vehicle navigation; selfie sticks [hand-held monopods]; multimedia projectors; temperature sensors; changeover wireless switches for telecommunication apparatus; bicycle helmets; protection devices for personal use against accidents, namely, clothing to protect from abrasion and impacts, asbestos gloves for protection against accidents, boots for protection against accidents, irradiation and fire, clothing for protection against accidents, irradiation and fire; automatic indicators of low pressure in vehicle tyres; protective helmets, namely, protective safety helmets for use on the job site and protective helmets for sports; heat regulators; electrical conductors for electric motors; switches, namely, electromagnetic switches and electric current switches;; electric plugs; downloadable animated cartoons; measures and measuring devices, namely, droppers for measuring, other than for household purposes and measuring rods; electrolysis apparatus for producing hydrogen and oxygen from water; dust protective masks; optical apparatus and instruments, namely, optical apparatus for guiding projectiles, optical inspection microscopes and eyeglass lenses; weighing apparatus and instruments, namely, electronic weighing scales for personal use and screw-thread measuring machines and instruments; camera tripods; thermometers, not for medical purposes, namely, household thermometers and thermometers for laboratory use; simulators for the steering and control of vehicles; cash registers; semi-conductors; sunglasses; automated teller machines [ATM]; power adapters, namely, power adapters for computers and plug adapters; cell phones; wearable activity trackers; fire extinguishers; bathroom scales; electric sockets; video projectors; sensors, namely, pressure sensors, proximity sensors, sensors for determining position, position sensors, water level sensors, digital liquid level sensors and humidity sensors; safety goggles and goggles for sports; integrated circuit chips; selfie sticks for mobile phones; ink-jet document printers; electronic card readers; computer game programs downloadable via the Internet; touch screen pens; magnifying peepholes for doors; computer screen saver software; downloadable graphics for mobile phones; downloadable mobile phone ringtones; apparatus for controlling static electricity, namely, static electricity eliminators, static exciters and static voltage regulators.

Class 10

(6) Catgut for surgical purposes; bits for surgical drills; foot massage equipment; electric massage armchairs; electric nasal irrigators; blood oxygen monitors; blood glucose meters; oxygen concentrators for medical purposes; medical devices for moxibustion therapy; testing apparatus for medical purposes, namely, apparatus used in implementing diagnosis tests designed to detect the abnormal prion protein, diagnostic micro test plates for medical use, dynamometers for diagnostic muscle strength testing, gene testing medical apparatus for identification of genus specific and species specific DNA and RNA sequences and sensory testing instruments, namely, aesthesiometers; pulse meters; surgical robots; oral irrigators for use in dentistry; prosthetic instruments for dental purposes; dental apparatus and instruments, namely, dental instruments, dental articulators, dental bite guards, dental bite trays, dental bone implants, dental bone screws, dental braces, dental bridges, dental broaches and dental burrs; lasers for cosmetic purposes; blood pressure monitors; lasers for medical purposes; physiotherapy apparatus; heart rate monitors; LED masks for therapeutic purposes; air pillows for medical use; ear plugs for protection against noise; hearing aids; hearing protection earpieces; soporific pillows for insomnia; sanitary masks for medical purposes; magnetic bracelets for medical purposes; biomagnetic rings for medical purposes; biomagnetic rings for therapeutic purposes; feeding bottles; pacifiers for babies; baby feeding dummies; contraceptive diaphragms; sex toys; artificial limbs; abdominal belts; wheeled walkers to aid mobility; orthopaedic belts; orthopaedic articles, namely, orthopaedic bandages, orthopaedic belts, orthopaedic braces, orthopaedic cushions and orthopaedic footwear; elastic stockings for surgical purposes; compression garments; thread, surgical; ear thermometers; artificial surgical implants, namely, artificial breast implants, artificial hip implants, artificial

orthopaedic implants, implants for use in oral surgery and implants for use in facial surgery; wearable walking assistive robots for medical purposes; back supports for medical purposes; teething rings; breast pumps; massage apparatus, namely, body massagers, electric massage vibrators, electric vibrating massagers, electronic pulse massagers, facial massagers and foot massagers; medical apparatus and instruments, namely, patient medical monitors for monitoring blood pressure, medical thermometers, patient medical monitors for monitoring cardiac activity, patient medical monitors for monitoring electrocardiography and protective face masks for medical use; sphygmotensimeters; suture materials; dental apparatus, electric, namely, drills for dental use and intraoral light system; fumigation apparatus for medical purposes, namely, disposable steam-heated masks for therapeutic purposes, disposable steam-heated masks for therapeutic purposes and disposable steamheated patches for therapeutic purposes; contraceptives, non-chemical; thermometers for medical purposes; electric acupuncture instruments; body composition monitors; surgical robots.

Class 11

(7) Lights for automobiles; lamps for directional signals for automobiles; anti-dazzle devices for vehicle headlamps; lanterns for lighting; electric lamps; electric torches; light bulbs; ultraviolet ray lamps, not for medical purposes; curing lamps, not for medical purposes; butane torches for kitchen use; electrical rice cookers; kettles, electric; electromagnetic induction cookers for industrial purposes and electromagnetic induction cookers for household purposes; pressure cookers, electric; gas burners; microwave ovens [cooking apparatus]; autoclaves, electric, for cooking; roasting apparatus, namely, roasting jacks and roasting spits; air fryers; electric baking pan; electric egg boilers; electrically-heated mugs; food steamers, electric; steam oven; electric toasters [for household purposes]; coffee roasters; cooking utensils, electric, namely, cooking ovens, cooking pots, electric, cooking ranges, electric cooking steamer, cooking grids and cooking grills; cooking stoves; bread toasters; kitchen ranges [ovens]; heaters, electric, for feeding bottles; deep fryers, electric; bread-making machines; USB-powered cup heaters; soya milk making machines, electric; lava rocks for use in barbecue grills; electric refrigerators and gas refrigerators; ice machines and ice dispensing machines; beverage warmers, electric and beverage coolers, electric; ice-cream making machines; ventilation being air-conditioning installations for buildings; laundry dryers, electric; extractor hoods for kitchens; ceiling fans; air conditioners; humidifiers; fabric steamers; air purifiers for household purposes; fan heater; central air-conditioning installations for industrial purposes and central air-conditioning installations for household purposes; air filtering units for removing dust, smoke and allergens from the air; desiccating units for removing water from the air in dehumidification systems; dehumidifiers; heaters for automobiles and automobile engines preheaters that preheats the engines at low temperatures before starting; air conditioners for automobiles; air purifiers for automobiles; heating apparatus, namely, central heating radiators, flat heating elements and heat regulators being parts of heating installations; fog machines; faucet taps; heating radiators; sanitary installations in the nature of ozone mixing chambers and sanitary installations in the nature of personal steam chambers; toilets [water-closets]; facial steamers and facial saunas; hydromassage bath apparatus; electric hot air hand dryers; heaters for baths; heaters for baths; bath installations; water purifiers for household purposes and water purifiers for industrial purposes; electric hot water dispensers; filters for water purifiers; electric sterilizers for feeding bottles; disinfectant apparatus, namely, disinfectant dispensers for toilets, ultraviolet (UV) lamps for use in disinfecting surfaces and saturated steam cleaners being sterilizers for the disinfection of homes and offices; pocket warmers; coffee machines, electric; electrical coffee pots incorporating percolators; electro-chemical flue gas scrubbing machines; air sterilizers; air purifying machines for household purposes; induction water heaters; filters for drinking water; electric kettles for household purposes; filters for air conditioning.

Class 12

(8) Locomotives; rearview mirrors; driverless cars [autonomous cars]; self-driving cars; go-karts; automatic guided vehicles; automobile engines; automobile hoods; automobile chains; automobile chassis; vehicle running boards; cars; automobile bodies; bumpers for automobiles; shock absorbers for automobiles; air bags for automobiles; brake pads for automobiles; cigar lighters for automobiles; ashtrays for automobiles; lug nuts for vehicle wheels; clips adapted for fastening automobile parts to automobile bodies; automobile wheel hubs; warning horns for automobiles; air pumps for automobiles; safety seats for use in cars; automobile spare wheel holders; electric motors for motor cars; axles and cardan shaft for motor vehicles; wheel rims [for automobiles]; windscreen wipers [for automobiles]; clutch mechanisms for motor cars; safety seats for children for motor cars; automobile windshields [windcreens]; sun visors for automobiles; rearview mirrors for automobiles; direction signals for automobiles; doors for automobiles; spokes for automobiles; suspension springs for motor cars; petrol tank caps for motor cars; gearboxes for motor cars; mudguards for automobiles; wheel rims for automobiles; motor car seats; safety belts for vehicles; head rests for seats for motor cars; steering wheels for automobiles; anti-theft devices for motor cars; electric cars; torque converters for motor cars; automotive interior trim; motor car windows; automobile roof racks; automobile roof containers; luggage racks for motor cars; automobile dashboards; fuel tanks [parts of land vehicles]; protective rings for automobile wheel hubs; automobile engines; fitted vehicle covers for automobiles; shaped covers for motor cars; steering wheel spinners for automobiles; steering wheel covers for automobiles; sunroofs for automobiles; automobile radiator grills; license plate frames for automobiles; brakes for automobiles; body panels for vehicles; push scooters [vehicles]; self-balancing electric unicycles; electric bicycles; self balancing electric scooters; self-balancing scooters; aerial conveyors; carts, namely, golf carts, yard carts, shopping carts and two-wheeled carts; wheelchairs; horse-drawn sleighs; automobile tyres; inner tubes for automobile tires; aeronautical apparatus, machines and appliances and air vehicles, namely, airplanes, blimps and helicopters; delivery drones; boats; diving bells; seat covers for vehicles; upholstery for vehicles; anti-theft devices for vehicles; side view mirrors for vehicles; windshield wipers; vehicle windows made of anti-glare glass; head-rests for vehicle seats; air pumps for motorcycles; electrically powered scooters [vehicles].

Class 14

(9) Precious metals; boxes of precious metal; key chains of precious metal; works of art of precious metal; figurines of precious metal; jade carving artworks; medals; prize cups of precious metals; rings [jewellery]; jewellery, including imitation jewellery and plastic jewellery; watches; watch bands; clocks and watches, electric; presentation boxes for watches; clocks.

Class 15

(10) Musical instruments, namely, guitar, drums, flute, violin, banjo, piano and saxophones; stringed musical instruments; horns; tuners for musical instruments; bags specially adapted for holding musical instruments; musical boxes; musical instrument straps for guitars; mutes for musical instruments; electronic musical instruments; stands for musical instruments.

Class 16

(11) Paper for bags and sacks; copying paper being stationery; papers for painting and calligraphy; towels of paper; paper coasters; kitchen paper; packing cardboard; envelopes; calendars; decorative stickers for cars; printed publications, namely, printed publications in the field of smartphones, printed publications in the field of internet of things, printed publications in the field of internet service and printed publications in the field of automobiles; posters; books; periodicals; pictures; paper boxes; paperboard boxes; garbage bags of paper for household use and garbage bags of plastics for household use; stapling presses being office requisites; paper shredders for

office use; ink; inkstands; inkpad; pens being office requisites; writing instruments; adhesives for stationery purposes; pantographs being drawing instruments; typewriter ribbons; blackboards; small blackboards; pen ink refills; chalk; staplers; Indian inks; stationery seals; drawing materials, namely, drawing books and drawing ink; laser printing paper; stickers; rollerball pens; architects' models; note books; toilet paper; inking ribbons; office requisites, except furniture, namely, office binders, office glue, office paper stationery, office hole punchers and staples for offices; photograph mounts; bags of paper; paper gift bags; plastic bags for packaging; pouches of plastic for packaging; newsletters; children's books incorporating electronic audible device.

Class 18

(12) Leather; bags, namely, all-purpose sport bags, all-purpose carrying bags, backpacks, book bags, sports bags, bum bags, wallets and handbags; wallets; rucksacks; luggage trunks; shopping bags, namely, shopping bags of plastic, shopping bags of paper, canvas shopping bags, insulated shopping bags, leather shopping bags, mesh shopping bags and shopping bags with wheels attached; school bag for children; leather trimmings for furniture; leather thongs; umbrellas; walking sticks; animal harnesses.

Class 21

(13) Cork place mats; utensils for household purposes, namely, bowls, all-purpose portable household containers and drinking flasks; kitchen utensils, namely, kitchen mitts and spatulas for kitchen use; chopping boards for kitchen use; tableware, other than knives, forks and spoons, namely, chopsticks and training chopsticks for children; bottle openers, electric and non-electric; coffee filters, non-electric; cooking pots; household glassware, namely, cups, plates, jugs and urns; ceramics for household purposes, namely, ceramic sculptures, vases, vessels, bowls, plates and pots, ceramic jugs and ceramic mugs; drinking vessels, namely, drinking glasses, mugs and drinking cups; thermally insulated cups; liqueur sets, namely, decanters and drinking glasses; tea sets; coffee sets; toilet utensils, namely toilet paper holders, toilet roll dispensers, toilet sponges and toilet brushes; drying racks for laundry; dispensers for liquid soap for household purposes; toothbrush holders; scalp scratchers; sieves being household utensils; garbage cans; aromatic oil diffusers, other than reed diffusers, electric and non-electric, namely, battery-powered aromatherapy oil diffusers, diffusers plugs for air fragrances and aromatic oils, electric aromatherapy oil diffusers and electric fragrance diffusers; hair combs; hair brushes; electric brushes, except parts of machines, namely, electrical toothbrush and electric brushes for basting and cleaning tanks, pets, pipes, cake, clothes, cosmetic, dishwashing, exfoliating, eyebrow, eyelash, eyeliner; material for brush-making, namely, animal bristles; heads for electric toothbrushes; toothbrushes; toothpicks; make-up removing appliances, namely, facial cleansing sponges, silicone face scrubber and face cleansing brush; thermally insulated containers for food; reusable ice cubes; ice cube moulds; cleaning instruments, hand-operated, namely, cleaning sponges, cleaning combs, pads for cleaning, steel wool for cleaning, wool waste for cleaning and rags for cleaning; gloves for household purposes; nonelectric carpet cleaners; mop heads; cloths for cleaning; unworked and semi-worked glass; crystal glassware, namely, crystals used for arts and crafts, crystal bowls and crystal glasses; mangers for animals; litter boxes for pets; automatic pet waterers; feeding vessels for pets, namely, food containers for pet animals and pet feeding and drinking bowls; animal-activated pet feeders; cages for household pets; indoor terrariums for plant cultivation; indoor aquaria; electric insect killer; plug-in diffusers for mosquito repellents; ultrasonic pest repellents; water apparatus for cleaning teeth and gums; dusting cloths; cat litter trays; cosmetic utensils, namely, cosmetic brushes, cosmetic spatulas and cosmetic sponges; electric and non-electric lint removers.

Class 24

(14) Fabrics for textile use; fabric of imitation animal skins; gummed waterproof cloth; non-woven textile fabrics; filtering materials of textile; brocade; printers' blankets of textile; cloths for removing make-up; sleeping bags; bed linen; tablemats of textile; curtains of plastic and curtains of textile; flags of textile or plastic; tablecloths, not of paper.

Class 25

(15) Tee-shirts; coats; bath robes; babies' pants being underwear; motorists' clothing, namely, waterproof suits for motorcyclists and motorcyclist boots; raincoats; sports shoes; headbands being clothing; headwear, namely, hats and toques; sweat-absorbent socks; riding gloves; neckties; girdles; chasubles; sleep masks.

Class 28

(16) Apparatus for games, namely, controllers for game consoles and hand-held video game apparatus; electronic games for the teaching of children; hand-held consoles for playing video games; kites; rocking horses; toy drones; toy robots; building blocks being toys; stuffed toys; toy scooters; toys, namely, baby toys, action toys, educational toys; scale model vehicles; carnival masks; dolls; toy figures; children's toy bicycles other than for transport; toys for domestic pets; manipulative puzzles; jigsaw puzzles; cube-type puzzles; radio controlled scale model vehicles; toy models; collectable toy figures; baby gyms; chess game sets; pumps specially adapted for use with balls for games; rackets for tennis; rackets for badminton; bodybuilding apparatus, namely, abdominal boards for exercise, ankle weights for exercise, exercise balls, exercise equipment for use in pilates, exercise equipment in the nature of agility ladders, exercise equipment for use in weight lifting, exercise hand grippers, exercise platforms, exercise pulleys, exercise trampolines, foam exercise rollers and hoops for exercise incorporating measuring sensors; treadmills; archery implements, namely, archery arm guards, archery arrows and archery bows; machines for physical exercises, namely, elliptical exercise machines, exercise treadmills and rowing exercise machines; snow skis; climbers' harness; sports gloves; knee guards being sports articles; protective paddings, namely, protective padding for playing sports and protective cups for sports; swimming rings; ice skates; ornaments for Christmas trees, except lights, candles and confectionery; Christmas trees of synthetic material; twirling batons; battery operated action toys; playing card; playing cards.

Services

Goods

Class 06

(1) Industrial equipment for the analysis and processing of fluids, namely, flexible and rigid metal fittings used to connect tubes; industrial equipment for the analysis and processing of fluids, namely, manually operated metal valves for controlling the flow of gases and fluids

Class 07

(2) Fluid couplings being parts of machines; fluid pumps for machines, namely, piston pumps, micro pumps, peristaltic pumps; fluid heaters, namely, water heaters being parts of machines.

Class 09

(3) Instruments for the control, regulation and measurement of the flow and physical properties of fluids, namely, fluid flow meters; instruments for use with fluidics for assessing fluid flows, namely, fluid meters; instruments to assess fluid flow, fluid processing, and electromechanical flow control, namely, liquid-level gauges; instruments for the analysis of thermal fluids, optical fluids, and electronic fluids, namely, computer hardware and embedded operating software for use in the analysis of thermal fluids, optical fluids, and electronic fluids; electronics in the nature of detector units for use with fluids to monitor and report levels of fluids, namely, liquid level sensors; instruments for fluid automation systems, namely, solenoid and motordriven valves for fluid control, and automatic fluid-composition control machines, namely, automatic electronic control valves for regulating the flow of gases and liquids; fluid couplings for transferring fluids in medical laboratory research and scientific instruments, and parts specifically adapted therefor, namely connectors, barbs, fittings, adaptors, and bottle caps; electromechanical automatic valves; automatic pinch valves; automatic check valves for monitoring and controlling the flow of gases or liquids; automatic isolation valves; electronic automatic mixing valves; automatic valves containing rocker arms; pressure relief valves for protecting fluid apparatus; machined parts, namely, flow controllers in the nature of flow switches for monitoring and controlling the flow of gases or liquid, namely, automatic electronic control valves for regulating the flow of gases and liquids, chromatography columns for laboratory use for use in the analysis of gases and liquids, traps and filters for use in laboratory equipment, fluid manifolds for use in laboratory equipment, fluid probes for scientific

purposes, namely, ultrasound probes, not for medical use, fluid sensors in the nature of electronic sensors for detecting the presence of fluids, electronic fluid heaters for scientific purposes; downloadable software for analyzing data in the field of fluidics; sensor chips, biochips, and flow cell chips for analyzing fluidics for scientific use; microfluidic and micro-electro mechanical components and devices, namely, microfluidic sensor chips for scientific use; nanofluidics components, namely, nanofluidic sensor chips for scientific use

Class 10

(4) Medical laboratory equipment for the analysis and processing of fluids, namely, glass, plastic and metal tubes and receptacles, flexible and rigid plastic and metal fittings used to connect tubes, receptacles, probes, namely, probes being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, valves, namely valves being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, pumps, namely, pumps being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, mixers, namely, mixers being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, glass, namely glass being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, plastic and metal fluid sample and dispense probes, namely, surgical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical purposes, metered fluid pumps, automatic and manual valves being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination, fluid mixing tubes and coils, fluid heating and cooling tubes and coils, fluid filters, being structural parts of medical instruments for analyzing human blood, cell, saliva, urine and sputum sample specimens for medical general examination

Class 17

(5) Industrial equipment for the analysis and processing of fluids, namely, flexible and rigid plastic fittings used to connect tubes; industrial equipment for the analysis and processing of fluids, namely, manually operated plastic valves.

Services

Class 42

Chemical biochemical, biological and bacteriological research and analysis; chemical laboratory services; chemical research and analysis; research and development services in the fields of chromatography and cytometry.
