Trademarks Journal

2026-03-04 — Vol. 73 No. 3723

Canada

Trademarks Journal

Vol. 73 No. 3723

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Trademark Description

The mark consists of a circular design encompassing two hands.

Services

Class 35

(1) Providing customer service information about installation, use and care of, and troubleshooting to diagnose problems that customers may be experiencing with purchased consumer products, consumerelectronic products and home appliances via website, email and online chat and messaging; Business reputation management and improvement services in the field of electronic commerce, namely consulting services in the field of ecommerce and online electronic business transactions namely, assessing and evaluating the reputation, reliability and integrity of businesses that sell products or services online and of websites that are used to conduct electronic commerce;

Class 36

(2) Providing extended warranties on consumer products, consumer electronic products, and home appliances; Providing extended warranties on home and garden tools, air purifiers and air conditioning units, home security systems, audio and video equipment and systems, electronic musical instruments and sound systems, cars, video games and electronic games, photography equipment, desktop computers, laptop computers, computer peripherals, mobile handheld computers and computer tablets and sporting goods.

Class 37

(3) Repair services for consumer electronics and electronic appliances; mobile repair services for consumer electronic and electronic appliances; on-location repair services for consumer electronics and electronic appliances; computer maintenance and repair; installation, repair and maintenance of wireless networks and wireless security networks; Computer hardware installation and repair, and mobile performance of such services on customer premises; Installation and repair of computer hardware; Installation, maintenance and repair of cell phone related hardware; Installation, maintenance and repair of computer hardware; Maintenance and repair of telecommunications networking hardware, apparatus, and instruments; Technical support services, namely providing technical advice in the field of the repair of cell phone hardware and mobile devices; Technical support services, namely, troubleshooting in the nature of the repair of computer hardware.

Class 41

(4) Educational services for businesses in the field of security awareness training, namely, providing an ongoing series of online interactive training videos for employees to help mitigate cyber security threats to prevent data breaches and financial loss, and testing employees through targeted phishing campaigns; computer training in the field of peripheral devices.

Class 42

(5) Platform as a service (PAAS) featuring a non-downloadable computer software platform in the field of cybersecurity for combating cyber threats that target a company's network infrastructure, featuring risk intelligence, security intelligence, electronic crime intelligence, vulnerability intelligence, compromised credentials intelligence, and compromised credentials and dark-web forum posts that enable subscribers to mitigate risks and deliver preemptive intelligence to help thwart cyberattacks; consumer product quality testing; providing technical support services for diagnosing problems with consumer electronic products and providing guidance in the field installing short-range wireless radio link-enabled devices and connecting short-range wireless radio link-enabled devices; Computer software installation, maintenance and repair; computer systems monitoring services, namely remote computer monitoring for technical purposes; technical support in the nature of troubleshooting to diagnose computer hardware and software problems; maintenance of computer software, namely, computer desktop issues, security software, and virus identification and removal software; computer diagnostic services; Technical support services, namely, troubleshooting in the nature of diagnosing computer software, network and server problems; technical support services, namely, troubleshooting in the nature of diagnosing problems with computer software, networks and servers for processing, onboarding and migration of data, networks, servers and applications; technical support services, namely, technical troubleshooting in the nature of diagnosing cloud-computing IT and application system problems. Computer security consultancy, namely Investigation services in the field of computer security, namely, comprehensive network and investigative services providing cyber-threat intelligence; computer security consultancy, namely providing client-specific and industry-specific investigations comprising penetration testing, vulnerability assessment, threat attack tactics monitoring, and targeted attribution reports on bad actors; Investigation services in the field of computer security, namely, comprehensive network and investigative services providing cyber-threat intelligence; providing cybersecurity protection services namely detection, analysis, mitigation and resolution of threats in the field of cybersecurity for personal electronic communications devices, namely, mobile phones and computers, and the communications networks to which they are connected;

Class 45

(6) Alternative dispute resolution service; Online dispute resolution services

Class 07

(1) Compactors for soil, asphalt and waste, namely vibrating plates, namely, compacting machines for working the earth and soil, mashers and rollers, in particular road rolling machines; Road rolling machines.

(2) Compactors for soil, asphalt and waste, namely vibrating plates, mashers and rollers, in particular road rolling machines; road rolling [vehicles] machines; road milling machines; road surface breakers, namely, road scraper machines for breaking up road surfaces; road pavers, namely, concrete paving machines; asphalt pavers, namely, asphalt paving machines; road surface recyclers, namely, road surface recycling construction machines for breaking up road surface material; crushers being asphalt and concrete crushing machines for breaking up road surface material; feeding machines for road paving, namely, conveyors being road construction machines transferring paving material; soil stabilizing construction machines; road construction machines for spreading of binding agent and grit, machine tools for spreading of binding agent and grit; vibrating plates, namely, earth and soil compacting machines for working the earth and soil; concrete vibrators and electric vibrators machines for industrial use; machines for landfill construction, namely, loaders being earth and waste moving machines; earth-moving machines, namely, graders and machines for recycling materials, namely, road coating recyclers.

Class 09

(3) Software and software applications for mobile devices for controlling, measuring, visualising and documenting compaction work and compaction results in building construction; software downloadable from the internet for controlling, measuring, visualising and documenting compaction work and compaction results in building construction; downloadable software applications for use on mobile devices for controlling, measuring, visualising and documenting compaction work and compaction results in building construction; downloadable mobile operating system software application for controlling, measuring, visualising and documenting compaction work and compaction results in building construction; devices, namely, computer hardware for controlling, measuring, visualising and documenting compaction work and compaction results in building construction; software and software applications for mobile devices for determining the location of construction equipment.

(4) Software and software applications for mobile devices for controlling, measuring, visualising and documenting of works and work results of construction machines; software downloadable from the internet for controlling, measuring, visualising and documenting of works and work results of construction machines; downloadable software applications for use on mobile devices for controlling, measuring, visualising and documenting of works and work results of construction machines; mobile apps for controlling, measuring, visualising and documenting of works and work results of construction machines; devices for controlling, measuring, visualising and documenting of works and work results of construction machines; software and software applications for mobile devices for determining the location of construction machines; application software for cloud computing services, namely, computer software used for running cloud computing based applications; computer operating system software for cloud computing services; downloadable computer operating system software and operating system software applications for mobile phones for the exchange, control, visualization and documentation of machine settings and parameterization; Downloadable computer operating system software and operating system software applications for mobile phones for user assistance and user consulting based on current or recorded operating data.

Services

Class 37

(1) Building construction; advisory and consultancy services in the field of earth-moving being road construction services; street construction; advisory and consultancy services in the field of construction of sewerage systems; construction of tips, namely, advisory and consultancy services in the field of landfill construction; advisory and consultancy services in the field of civil engineering; construction supervision; repair, maintenance, servicing and rental of machines and mechanical tools, for construction, vehicles, transportation, namely, construction equipment; road construction site management; advisory and consultancy services in the field of the mining exploitation and extraction services; asphaltting; advisory services in the field of development and realization of road construction projects; Installation, maintenance and repair of construction equipment; road construction services, namely, road surfacing works, road cleaning.

Class 42

(2) Advisory services in the field of cloud computing networks and applications in the field of construction; consulting in the field of cloud computing networks and application; providing virtual computer systems through cloud computing; providing virtual computer environments through cloud computing; computer software programming services, namely, for accessing and using a cloud computing network; design and development of operating software for accessing and using a cloud computing network; conducting technical project studies in the field of road construction; construction planning; consulting services in the field of planning and development of road construction projects; engineering project management services in the field of road construction industry; fleet management, namely, computer systems monitoring services of the use and areas of application for construction machinery; computer software services, namely, development, programming, installation, implementation, updating, maintenance and repair of software for machines and mechanical tools for construction; computer software programming services, namely, development and providing of an infrastructure for crosslinking of construction machines; computer software and mobile software application programming services, namely, for operating, monitoring and maintaining machines, mechanical tools and apparatus for construction; technical support services being safety checks and technical checks (including by means of remote access) of machines and mechanical tools for construction; quality control testing services for industrial machinery being troubleshooting and fault diagnosis of machines and mechanical tools for

construction; Technical support services being remote control, remote monitoring, remote maintenance and electronic location tracking of machines and mechanical tools for construction; construction project engineering; digitization of documents [scanning]; conducting feasibility studies, namely, technical project studies; electronic data storage, namely, archiving data on construction machinery and construction projects; provision of technical surveying services; installation of computer software; cartography services; land surveying; software as a service (SAAS) featuring operating system software for use in construction machines; technical consultancy related to computer software design and engineering in the field of construction; rental of computer software; computer rental; rental of web servers; building information modelling (BIM), namely, road construction services via a software.

Certification Mark Standard

The certification mark, as used by persons authorized by the certifier, certifies that the services have been provided by a professional whose academic background, professional training, work experience and expertise area(s) meets the standards of the certification program and that are expected of a practicing wetland professional, provides acknowledgement to his or her peers of adherence to standards of professional ethics with regard to the conduct and practice of wetland science. This certification program serves the public's needs to identify qualified individuals to assess and manage the Nation's wetland resources by certifying qualified professional ecologists, hydrologists, botanists, soil scientists, educators, researchers, government professionals, non-governmental professionals, consultants, and others who practice wetland science. Certification requirements for the applicant's Professional Wetland Scientist (PWS) certification include a Bachelor of Arts or Bachelor of Science degree, with course distribution of 15 semester hours each in biological and physical sciences and 6 hours in quantitative areas, as well as 5 years of experience with demonstrated technical knowledge dealing with wetland resources and activities. PWS applicants must provide a statement of expertise essay that describes the applicant's area(s) of expertise in wetland science which is then evaluated by a panel of reviewers on a 20-point scale with a score of 14 or greater constituting a passing score. The attached document "Society of Wetland Scientists Professional Certification Program" provides further particulars concerning the defined standard, including certification requirements for the applicant's PWS certification, as well as its junior Wetland Professional in Training (WPIT) certification, which forms part of the applicant's Wetland Scientists Professional Certification Program and is considered a preliminary

step for persons who have completed the educational requirements but do not meet experience requirements for PWS certification. Persons with WPIT certification may upgrade to PWS certification upon completion of all requirements.

Services**Class 35**

Goods**Class 09**

Downloadable computer software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions, online training, doctor's appointments, medical conferences, political conferences, company meetings and job interviews, the aforementioned software product related to computer software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable computer software for publishing and sharing digital media content being images, movies, music audios, music videos, photos, TV shows, videos, electronic publications in the form of booklets, books, magazines, brochures, handbooks and information via global computer and communication networks, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; instant messaging software, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; communications software for electronically exchanging voice, data, video and graphics accessible via computer, mobile, wireless, and telecommunication networks, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; software for processing images, graphics, sound, videos and text, the aforementioned software for setting up, offering, hosting,

providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; audio and video conferencing software, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable computer software development programs for creating and developing computer databases for others to be used on cloud-based servers, downloadable computer software development programs for creating and developing computer mobile applications for others to be used on cloud-based servers, downloadable computer software development programs for creating and developing computer programs for others to be used on cloud-based servers, downloadable computer software development programs for creating and developing computer programs for others to be used on public and private virtual servers, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable computer software for transmitting data, graphics, chats, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; digital audio recordings and digital video recordings via electronic communications networks in the field of education relating to architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; downloadable computer software for facilitating electronic business transactions conducted via electronic communications networks, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online

meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable software for setting up, offering, hosting and providing online conferences, online meetings, online demonstrations, online tours, online presentations, online discussions, online training, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable software for providing online rooms, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable software for providing online venues, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable communications processing software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable computer application software for cloud computing services, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable data communications software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships; video conferencing apparatus namely video cameras and microphones, not being in connection with consultancy and assistance in matters relating to religion and relationships; video conferencing systems consisting primarily of a camera and video monitor for recording and transmitting images, not being in connection with consultancy and assistance in matters relating to religion and relationships; audio speakers for video conferencing, not being in connection with consultancy and assistance in matters relating to religion and relationships; video conferencing monitors, namely video monitors, not being in connection with consultancy and assistance in matters relating to religion and relationships; downloadable and recorded computer software to enable teleconferencing, videoconferencing and videophone services, the aforementioned software for setting up, offering, hosting, providing video conferencing systems and services, online courses, online conferences, online meetings, online demonstrations, online tours, online presentations and online discussions and not being in connection with consultancy and assistance in matters relating to religion and relationships.

Services

Class 38

(1) Telecommunications, namely fixed and mobile telephone services, facsimile transmission, electronic mail, internet telephony services, network conferencing, telephone voice messaging services, wireless voice mail services, not being in connection with consultancy and support regarding matters of religion and relationships; providing information in the field of

telecommunications, namely fixed and mobile telephone services, facsimile transmission, electronic mail, internet telephony services, network conferencing, telephone voice messaging services, wireless voice mail services, not being in connection with consultancy and support regarding matters of religion and relationships; providing message boards via a website to facilitate discussion and social networking between others on the Internet, not being in connection with consultancy and support regarding matters of religion and relationships; providing user access to computer programs in data networks, not being in connection with consultancy and support regarding matters of religion and relationships; providing internet chatrooms, not being in connection with consultancy and support regarding matters of religion and relationships; providing access to internet forums, not being in connection with consultancy and support regarding matters of religion and relationships; providing online meeting rooms for video conferencing, not being in connection with consultancy and support regarding matters of religion and relationships; providing video conferencing services, not being in connection with consultancy and support regarding matters of religion and relationships; transmission of electronic mail, not being in connection with consultancy and support regarding matters of religion and relationships; voice mail services, not being in connection with consultancy and support regarding matters of religion and relationships; electronic exchange of messages via chat lines, chatrooms and internet forums, not being in connection with consultancy and support regarding matters of religion and relationships; transmission of digital media content being images, movies, music audios, music videos, photos, TV shows, videos, electronic publications in the form of booklets, books, magazines, brochures, handbooks, not being in connection with consultancy and support regarding matters of religion and relationships; telecommunication services provided via internet platforms and portals, not being in connection with consultancy and support regarding matters of religion and relationships; teleconferencing services, not being in connection with consultancy and support regarding matters of religion and relationships; transmission of digital files, namely digital audio, video and voice files and digital photographs defined by the user by means of wireless computer networks, not being in connection with consultancy and support regarding matters of religion and relationships; electronic exchange of messages via chat line, chat rooms and message boards via the Internet, not being in connection with consultancy and support regarding matters of religion and relationships; provision of videoconferencing services in the nature of providing videoconferencing facilities and equipment, not being in connection with consultancy and support regarding matters of religion and relationships; video conferencing services, namely, communication services for video conferencing purposes, not being in connection with consultancy and support regarding matters of religion and relationships.

Class 41

(2) Providing of training services in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national

and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; entertainment services in the nature of organizing social entertainment events, namely, booking of entertainment halls, entertainment in the form of dance performances, live dramatic performances and live performances by a musical band, entertainment in the form of fireworks displays, entertainment in the form of personal appearances of a sports celebrity or a movie star, sporting and cultural activities, namely ticket reservation and booking of seats for entertainment, not being in connection with consultancy and support regarding matters of religion and relationships; providing sporting and cultural activities, in particular providing of training and further training, professional further training, arranging and conducting of seminars and coaching in the field of education relating to architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships, arts and humanities, culture, arts and cultural sciences, public relations, sports, language learning, language training, language translation, wellness, digital publishing, social media, not being in connection with consultancy and support regarding matters of religion and relationships; professional coaching services in the field of business management, career development, general health and well-being, personal financing, leadership development, not being in connection with consultancy and support regarding matters of religion and relationships; videotaping, not being in connection with consultancy and support regarding matters of religion and relationships; vocational retraining services, in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and

cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; practical training, namely, providing educational demonstrations in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, biology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; language interpreter services, not being in connection with consultancy and support regarding matters of religion and relationships; educational services provided by schools being educating at senior high schools and educational and professional training services in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media,

computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; sign language interpretation, not being in connection with consultancy and support regarding matters of religion and relationships; entertainment services in the form of dance performances, live dramatic performances and live performances by a musical band, not being in connection with consultancy and support regarding matters of religion and relationships; courses relating to examination preparation being review courses for state examination, not being in connection with consultancy and support regarding matters of religion and relationships; subtitling, not being in connection with consultancy and support regarding matters of religion and relationships; teaching at the undergraduate, graduate and post-graduate level, teaching at junior high schools, teaching at elementary schools in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; arranging and conducting of correspondence courses namely, educational services in the nature of correspondence schools, in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships;

publication of texts, other than publicity texts, featuring magazine and newspaper articles, brochures, scripts, strategy guides, photographs, magazines, commentary and interviews, user manuals, instruction manuals, tutorials, not being in connection with consultancy and support regarding matters of religion and relationships; providing online electronic publications, not downloadable in the nature of brochures, magazines, news magazines, newspapers and digital magazines in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; arranging and conducting of conferences, congresses and symposiums in the field of education relating to architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; advisory services relating to education, namely, providing advice concerning education options to pursue career opportunities, not being in connection with consultancy and support regarding matters of religion and relationships; tutoring, not being in connection with consultancy and support regarding matters of religion and relationships; provision of training courses in the fields of education relating to architecture, automation engineering, electrical engineering, civil engineering, business

management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; school services in the nature of correspondence schools in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national

and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; courses relating to examination preparation, not being in connection with consultancy and support regarding matters of religion and relationships; coaching in the field of sports, not being in connection with consultancy and support regarding matters of religion and relationships; organizing and conducting seminars and workshops in the fields of architecture, computerized administration of architectural and industrial processes in the field of technical businesses, electrical engineering, construction and repair of buildings, construction planning, drafting and cost analysis and construction cost management, business administration seminars, accounting, business management, marketing and sales, computer aided design, consulting, namely business administration, business networking, business management, business marketing and business organization consulting, computer hardware and software design, design and testing of new products for others, energy auditing and energy efficiency, energy-saving, financial planning, financial analysis, financial conferences, research and development in the fields of hardware, software, building construction, road construction, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, seminars in the field of law, customer relations management, public relations management, corporate image development, cultural event planning, art appreciation and art instruction, financial investment analysis, stock research, inventory control, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, business strategy development, media, namely social media, newspapers, periodicals and brochures, medicine, sciences, namely physics, chemistry, geology, microbiology, molecular biology, ecology, physiology, agriculture, computer networks, online advertising and sales, personnel management and consulting, job placement, personal development training, personality testing for business purposes, career development and career counselling, national and international politics, computer programming, project management, quality management systems, video, photo and written text editing, computer and computer network security, software training courses, social science and sports seminars, language training, programmable logic controller applications, technical writing, environmental science, web design, economic analysis and forecasting, mobile application development, computer training courses, computerized file management, database management, publishing of electronic publications, books, periodicals and newspapers, database design and development, inventory management for businesses, computer software training courses, social media, computerized office management, team development, language interpreter services, sign language interpretation, and subtitling, not being in connection with consultancy and support regarding matters of religion and relationships; organizing and conducting academic seminars in the field of architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, biology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce,

communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; providing online training courses in the field of education relating to architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, architecture, automation engineering, electrical engineering, civil engineering, business management, accountancy, computer-aided design, consulting, namely business administration, web design, energy management, finances, research and development in the fields of hardware, software, construction of buildings, chemistry, physics, microbiology, molecular biology, ecology, physiology, medicine, liberal arts seminars, business organization management, computer software and hardware engineering, mechanical engineering, chemical engineering, civil engineering, cultural exchange, arts and humanities, computer automation engineering, computer software and hardware engineering, chemical engineering, electrical engineering, information technology, jurisprudence, e-commerce, communication, culture, arts and cultural sciences, warehousing, supply chain logistics and reverse logistics consisting of the storage and transportation of goods for others by air, rail, ship or truck, mechanical engineering, public relations, medicine, science, network engineering, online marketing, business organization, human resource management, personal development, national and international politics, project management, quality management systems, editorial reporting services, network security, computer data processing, social sciences, sports, language learning, language training, language translation, computer programming, environmental engineering, sales, web design, wellness, economics, science, management services in the field of content creation and maintenance, digital publishing, database management, social media, computerized office management, not being in connection with consultancy and support regarding matters of religion and relationships; providing online entertainment events namely, providing an Internet website portal in the field of entertainment, cultural and sporting events, namely, booking

of entertainment halls, entertainment in the form of dance performances, live dramatic performances and live performances by a musical band, entertainment in the form of fireworks displays, entertainment in the form of personal appearances of a sports celebrity or a movie star, sporting and cultural activities, namely ticket reservation and booking of seats for entertainment, not being in connection with consultancy and support regarding matters of religion and relationships.

Class 42

(3) Updating of computer software, not being in connection with consultancy and support regarding matters of religion and relationships; providing virtual computer systems and virtual computer environments through cloud computing, not being in connection with consultancy and support regarding matters of religion and relationships; installation and maintenance of software, not being in connection with consultancy and support regarding matters of religion and relationships; server hosting, not being in connection with consultancy and support regarding matters of religion and relationships; software as a service [SaaS] featuring software for use in database management, not being in connection with consultancy and support regarding matters of religion and relationships; software as a service [SaaS] featuring word processing software, not being in connection with consultancy and support regarding matters of religion and relationships; software as a service [SaaS] featuring artificial intelligence software used for facial and speech recognition, not being in connection with consultancy and support regarding matters of religion and relationships; outsourcing of software as a service [SaaS] featuring artificial intelligence software using for facial and speech recognition, not being in connection with consultancy and support regarding matters of religion and relationships; software as a service featuring software for transmission of audio-visual content, video content and video, text and voice messages, not being in connection with consultancy and support regarding matters of religion and relationships; technological consultancy services in the fields of computer hardware and computer software, not being in connection with consultancy and support regarding matters of religion and relationships; rental of computers and computer software, not being in connection with consultancy and support regarding matters of religion and relationships; platform as a service [PaaS] featuring computer software platforms for transmission of images, audio-visual content, video content and video, text and voice messages, not being in connection with consultancy and support regarding matters of religion and relationships; development, programming and implementation of software for video conferencing systems, not being in connection with consultancy and support regarding matters of religion and relationships; IT consultancy, advisory and information services for video conferencing systems, not being in connection with consultancy and support regarding matters of religion and relationships; rental of computer hardware and computer systems for video conferencing systems, not being in connection with consultancy and support regarding matters of religion and relationships.

Claims

Priority Filing Date: July 3, 2020, Country or Office: EUIPO (EU), Application No: 018265840 in association with the same kind of goods and in association with the same kind of services

Colour Claim

Colour is claimed as a feature of the trademark. The background is dark blue (hex color code: 071646), the dragon is outlined in white (hex color code: FFFFFFFF) with gold (hex color code: AA813A) lines in the interior of the wings, and gold outlining of and in the body, tail and inside the head. The straight lines underneath the dragon are alternating gold and white.

Goods

Class 03

(1) bath oils and bath salts; essential oils for aromatherapy; essential oils for personal use

Class 14

(2) bracelets; custom jewelry; earrings; jewelry

(3) malas, namely a string of beads used for meditation or prayer;

Services

Class 41

(1) Conducting online and in person courses in the following fields, namely spirituality, self-help, personal empowerment and general health and well-being; providing educational information in the form of workshops, seminars, newsletters and emails in the field of personal energy management;

Class 44

(2) Stress management services in the field of energy balancing; energy medicine therapies in the field of crystal healing; reiki healing services; reiki therapy services; spiritual healing for general health and well-being; therapeutic sessions for spiritual growth;

Goods

Class 07

(1) Machines and machine parts for the treatment and manufacture of materials, namely, automated machines, namely, transport machines being pneumatic transporters, trueing machines for aligning industrial machinery wheels, power-operated lifting machines for lifting mining debris, earth-moving scrapers, earth-moving loaders, earth-moving scarifiers, earth haulers, bulldozers, trench diggers and trench cutters, milling machines, machines for the working of material, namely, drills for the mining industry, robots and robotic arms for mining, mining anchor tension machines, drills for the mining industry; power drills, namely, drills for the mining industry; machine tools for cutting and forming of materials, namely, machines tools for breaking up rock material, grinding tools for grinding machines; motors and drive chains other than for land vehicles, namely, blower motors for machines, electric motors for machines, direct current motors, fan motors for machines, motors for the generation of electricity, motors used in industrial applications, milling grinding motors, linear motors, power tool motors, starter motors, winch motors, chain drives being parts of machines, chain drives for conveyors, power transmission drive chains for machines, motors and engines in industrial applications; machine couplings and transmission components being transmission gears for machines; lifting apparatus, namely, lifting conveyors; electric lifting apparatus, namely, power-operated lifting jacks; power-operated agricultural tools, namely, tilling machines; excavators, namely, excavating machines; mechanical shovels; hydraulic motors for excavators; electric generators and generator sets consisting of generators of electricity; cargo handling machines and lifting installations for the transport of persons and goods, namely, lifting and elevating work platforms, metal elevator platforms, elevator lifts and passenger lifts, aerial work lifts and platforms, cargo lifting derricks, stair lifts, mechanical railed lifting conveyors, cranes, hoist cranes, stair lifts, elevator conveyors, vertical hydraulic conveyors, mechanical and hydraulic lift tables, electric, mechanical, pneumatic, and hydraulic hoists; conveyors being machines and belt conveyors; transport and handling machines, namely, palletizers, case elevators; control devices for machines, motors, engine and drive systems, namely, hydraulic controls being hydraulic valves, hydraulic actuators, hydraulic accumulators being parts of machines, motor drive controllers for control and regulation of alternating and direct current motors; Hydraulic motors,

namely, hydraulic motors for excavators, hydraulic motors for machines; industrial robots, namely, industrial robots for mining applications, electric multi-functional robots, namely, cargo handling robotic arms for assembling; turbo air compressors; compressed air pumps; air compressors; milling machines; pneumatic controls for machine tools; driving machines, namely, pile drivers; drive mechanisms for mills, namely, driving belts for machines; floating or non-floating drilling rigs; mechanical and hydraulic lifts, namely, mechanical rail lifting conveyors, elevator lifts, passenger lifts, hydraulic lift tables, power-operated lifting machines for moving drilling rigs, spring balancers being mechanical and hydraulic lifting apparatus, and power-driven mechanical controls for use on lifting machinery.

Class 09

(2) Nautical, measurement, weighing, measuring, signalling and checking [supervision] apparatus, instruments and devices, including parts for all the aforesaid articles, namely, meters for measuring electric current, emergency signal transmitters, luminous or mechanical signals; apparatus and devices for managing, distributing, transforming, accumulating, regulating or controlling electricity, including parts for all the aforesaid articles, namely, distribution boxes for electrical power, electrical transformers, accumulators being electrical storage batteries, voltage regulators, electrical charge controllers; apparatus and instruments for recording, transmission or reproduction of sound or images, namely, audio recorders, video recorders, multimedia projectors, display monitors; computer software, namely, software for monitoring electrical power, software for monitoring electrical power distribution units, communications software for monitoring and managing electrical charging stations and networks, embedded software for monitoring, controlling, and energy optimizing of electric motors in industrial machines sold as a component of electronic controllers and electronic motor drives; electric storage battery chargers; charging stations for electric vehicles; condensers, namely, capacitors, optical condensers, electric capacitors, monolithic ceramic capacitors; electric collectors, namely, electric current collectors; electric wires, conductors for electric motors and electric cables; accumulator boxes in the nature of electric accumulators for vehicles and junction boxes; cable identification sheaths for electric transmission lines and cable identification threads for electric transmission lines; cable sheaths, namely, sheaths for electric cables; inductors (electricity), namely, electrical inductors; semi-conductors; electric and electronic apparatus, devices and instruments, including parts therefor for the production, distribution and supply of energy, in particular alternative energy, namely, accumulators being electrical storage batteries; fuel cells; data processing equipment, namely, computer hardware and computers; fire extinguishers; data protection equipment, namely, surge protectors; computer peripherals, namely, digital cameras, keyboards, modems, mouse, printers, scanners, speakers; current converters; current rectifiers; current transformers; connectors (electricity), namely, electric connectors; junction sleeves for electric cables; transistors, electric diode assemblies; semiconductor power elements; electrical transformers; electric resistances, namely, electric resistors; distribution panels and cabinets, namely, electric control panels; batteries (cells), namely, electric storage batteries, dry cells; integrated circuits chips; printed circuits; operating system programs for computers, namely, operating system software; non-medical diagnostic equipment, namely, scanners for performing automotive diagnostics; remote control equipment, namely, controllers to remotely control and monitor the function and status of electric mining equipment; anti-interference devices (electricity), namely, filters for radio interference suppression; computer memory devices, namely, computer memory boards; distribution boards in the nature of circuit boards and web consoles in the nature of electricity distribution consoles for the distribution of electricity; power switches; electric relays; modems; electric wires; electric connectors for electric transmission lines; electric measuring and regulating apparatus, namely, voltage regulators; sensors for use in monitoring the status and function of

electric mining equipment; electric fuses and electrical safety devices, namely, circuit testers; electrical power distribution boards; geiger counters; electric current switches; measuring and checking apparatus, namely, voltage monitoring units, meters for measuring electric current, electric current control devices; electrical energy distribution apparatus, namely, electric power distribution units; electric and electronic installations intended for the remote control of automated industrial processes, namely, electronic digital signage display panels, sound and visual warning devices in the nature of emergency warning lights and fire alarms, electricity distribution boards, electric control panels, control buttons in the nature of power controllers for fuel cells and electric cables; automatic control systems for vehicles, namely, electronic servo motor controllers; installations and apparatus for transporting, switching and controlling electric current and parts thereof for use with high, medium and low-voltage electrical distribution installations and installations for high-voltage direct-current transport, namely, high voltage transformers and high-voltage power supplies; materials for electricity networks, namely, electric wires and electric cables; overhead electric cables for high-voltage current; electrical transformers, electrical power reactors and parts for all the aforesaid goods; distribution transformers; electric sockets; electronic control devices for machines, motors and engines or drives, namely, electronic speed controllers; control equipment, namely, electronic speed controllers; building management control systems, namely, electronic control equipment for ventilation and power systems consisting of climate control digital thermostats; infrastructure management control systems, namely, electrical control equipment for heating and power management, lighting controls, fire alarms; security access control in the nature of control panels for security alarms and security controllers to remotely monitor and control the function and status of security systems, and air-conditioning control systems, namely, digital thermostats, air conditioning, ventilation and heating controllers; electrical controls for ventilation, air conditioning and refrigeration systems in the nature of controllers for controlling, measuring and monitoring air conditioning, air flow, heating, ventilation and air conditioning systems; industrial and automation security systems, comprising wired and wireless controllers to remotely monitor and control the function and status of security systems, controlled security cameras and security software; network routers, Internet of Things (IoT) applications and other monitoring and control applications for offices and industrial plants, namely, software for use in monitoring, measuring, and controlling electric mining equipment; downloadable mobile application for the management, administration, modification and remote control of electric automation equipment for mining, and Internet of Things (IoT) software applications for controlling electric mining equipment; automation systems for industrial plants consisting of computer hardware; software platforms for mining plant process optimization, controlling industrial mining plant automation, electric mining machine diagnostics and software platforms for optimizing the management of system integrity checks, alarm optimization, and control performance monitoring of electric mining processes in industry, manufacturing and infrastructure; computer software for collecting and distributing data on computer networks in the field of electric mining equipment, and enabling data communication between application programs and electric industrial mining equipment; downloadable cloud-based software for information management, data collection and analysis in the fields of mining plant optimization, industrial mining automation, electric mining machine diagnostics, and downloadable cloud-based software for optimizing the management of system integrity checks, alarm optimization, and control performance monitoring of electric mining processes in industry, manufacturing and infrastructure; downloadable software for information management, data collection and analysis in the fields of mining plant optimization, industrial mining automation, electric mining machine diagnostics, and downloadable software for optimizing the management of system integrity checks, alarm optimization, and control performance monitoring of electric mining processes in industry, manufacturing and infrastructure; optical sensors, computer hardware and software for entry, organization, distribution and analysis of

operational and status data collected from electric mining equipment and for managing, controlling, automating and networking, all for the purpose of optimizing use and efficiency of devices, machines, vehicles, apparatus, sensors and control systems, namely, electric mining equipment; Internet of Things (IoT) applications and other monitoring and control applications, namely, software for operating electric mining equipment; remote monitoring devices, namely, energy meters for tracking and monitoring energy usage; software for entering data from recordings generated not only by machines but also by persons for use in the field of electric mining equipment; computer software for controlling and monitoring communications between computing devices in automated machine systems; downloadable software for recording, organizing, distributing and analyzing data in the field of electric mining equipment and for controlling, automating and networking connectivity, all for the purpose of optimizing use and efficiency between devices, vehicles, machines, sensors and control systems, namely, electric mining equipment.

Class 11

(3) Equipment for lighting, heating, cooling and ventilation, namely, ventilating fans and sanitary equipment in the nature of wash-hand basins being parts of sanitary installations; ventilation and air-conditioning equipment, namely, air conditioners; steam-generating, ventilating and water-supply equipment, namely, steam generators, energy recovery ventilators, water supply pipeline.

Class 12

(4) Land vehicles, namely, cars, cable cars, trucks, buses, all-terrain vehicles, off-road vehicles, carts being motorized land vehicles, autonomous land vehicles, low-speed electric land vehicles; land locomotion apparatus, namely, locomotives; electrically powered carts, namely, utility carts, three-wheeled passenger carts; motors and engines for land vehicles; traction engines for land vehicles, in particular for freight cars and rail vehicles.

Services

Class 37

(1) Building construction; repair, installation and maintenance of industrial mining machinery, hardware used in propulsion systems, land vehicles and mining equipment and related advice in the aforesaid fields; maintenance, installation and repair of computer hardware and computer network installations; installation, maintenance, repair of electrical mining machinery and installation of noise suppression materials to electrical machinery; installation and maintenance of oil pipelines, underwater and underground structures and installations; advice with respect to aforesaid repair and installation services; building and infrastructure construction consulting; mining extraction of natural resources; supervision of construction projects.

Class 39

(2) Transport by truck, namely, truck transport, truck transport of heavy equipment, transportation of goods and passengers by truck, freight transportation by truck; transport of goods by electrically powered mining conveyors.

Class 42

(3) Scientific and industrial research, namely, research and development in the field of mining extraction; creation of data processing programs, namely, creating of computer programs for others; providing computer programs on data networks, in particular on the Internet and the World Wide Web, namely, software as a service (SAAS) services featuring software for creating and managing virtual computer networks; provision of technical information on the use of computers, computer hardware, software and computer networks provided on-line from a computer database or network; management of computer projects, namely, computer software project management

services; testing of materials; services of an industrial designers; quality control, namely, quality control testing services for industrial machinery; underwater and underground exploration; technical advisory services on the environment, namely, technical consultancy in the field of environmental science; computer software design, in particular in the field of computer security; network engineering services, including computer and network security advice, namely, computer network security advisory services; scientific and industrial research in the field of network technology, namely, research in the field of computer networking; updating of software; carrying out chemical analyses; oil exploration; oil-well testing; preparation of analyses for oil field exploitation and soil exploitation; oil field surveys; architectural services; physical research; chemical research; physicist services; computer advisory services, especially in the field of technical security, namely, computer security advisory services; reconstitution of computer data in the nature of data backup services; maintenance of computer software; computer system analysis; research in the field of mechanical, chemical, civil, structural and electrical engineering; technical studies, namely, technical project studies in the field of construction, mining exploration, power and energy supply technology; engineering services, including engineering advice, namely, mechanical engineering, computer hardware engineering, and computer software engineering services in the field of technical security; technical design, namely, technological industrial design services; technical project studies and related advice in the field of mine exploration; rental of data processing equipment and software, namely, rental of computers, computer peripherals, computer hardware, computer systems, and computer software; software development; engineering services, namely, mining engineering; technical project studies in the field of mine exploration; technical support services, namely, technological monitoring and control, namely, computer systems monitoring services in the field of energy distribution networks, machines and machine tools; providing temporary use of non-downloadable software for use in measuring and monitoring the energy consumption of power distribution systems, mining machines and mining machine tools; technical support services, namely, monitoring, diagnostic and inspection services for fault detection in energy production, transmission and distribution systems, mining machines and mining machine tools; computer programming; analysis of software, namely, industrial analysis of technology specification of computer software systems of others; computer consulting, namely, consultancy in the field of software design; analysis and design of computer systems and networks; providing online, non-downloadable software enabling customers to remotely operate, manage, modify and control mining machinery, mining vehicles and mining automation equipment; computer services, namely, providing a web-based software system and online software portal offering technology enabling customers to remotely operate, manage, modify and control mining machinery, mining vehicles and mining automation equipment; computer platform as a service (PaaS) in the nature of computer software platforms for mining plant optimization, industrial mining automation, mining machine diagnostics, and optimizing management of production processes in the mining industry, mining equipment manufacturing and mining plant infrastructure; software as a service (SaaS) featuring software for operating mining equipment; cloud computing featuring software for industrial mining automation, mining machine diagnosis and optimizing management of production processes in the mining industry, mining equipment manufacturing and mining plant infrastructure; providing online non-downloadable cloud-based software for operating mining equipment; technological advisory services in the field of power plant optimization; mechanical engineering, chemical engineering, civil engineering, industrial engineering, structural engineering and electrical engineering advisory services and related technical advisory services in the field of alternative energy generation for owners and operators of industrial, commercial and government facilities; engineering services and technical and technological advisory services in the field of energy measurement and monitoring to improve energy efficiency for owners and operators of industrial, commercial and government facilities; technological advisory services in the field of

production and distribution of electricity, oil and gas equipment, mine exploration control systems, mining machines and mining machine tools, computer hardware and software; installation and maintenance of computer software and related technical advice; technological advisory services in the field of electrical systems for mine exploration, mine exploration control systems, mining automation systems, electricity-generating power plants being nuclear power plants, hydroelectric power plants, solar power plants and wind power plants, power plant engineering, oil and gas installations, mining machines and mining machine tools, heating, ventilation, air conditioning, electricity production and distribution systems, as well as computer hardware and software; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; remote monitoring of computer systems, namely, monitoring of computer system operation by remote access.

Colour Claim

Colour is claimed as a feature of the trademark. The colours yellow, gold, white, and black are claimed as a feature of the mark. The mark consists of three yellow and gold triangles creating images of three mountains; to the right is the term "IROCK" in white block lettering; below all of the foregoing is a white horizontal line.

Goods

Class 07

Crushing, screening, and conveying equipment and machines for industrial purposes, namely, crushers, pulverizers, impact breakers, hammermills, disintegrating mills, vibrating and revolving screens and conveyors for use in size reduction of asphalt, concrete, steel-reinforced concrete, rock, stone, and construction and demolition debris; aggregate crushing, screening, and conveying equipment and machines for industrial purposes, namely, crushers, pulverizers, impact breakers, hammermills, disintegrating mills, vibrating and revolving screens and conveyors for use in size reduction of asphalt, concrete, steel-reinforced concrete, rock, stone, and construction and demolition debris; machines for grinding, crushing, shredding, shearing, pressing, cutting, and milling, all being industrial machines, namely, crushers, pulverizers, impact breakers, hammermills, disintegrating mills, vibrating and revolving screens and conveyors for fragmenting materials of all types, namely, gravel, dirt, rock, sand, stone, coal, soil, wood chips, debris, mineral ores, waste and debris from mining, construction, and demolition; crushing machines for industrial purposes, namely, ball mill crushers, jaw crushers, cone crushers, roll crushers, impact crushers, hammer crushers; crushing machines for use in construction, namely, ball mill crushers, jaw crushers, cone crushers, roll crushers, impact crushers, hammer crushers; crushing machines for use in mining and quarrying, namely, ball mill crushers, jaw crushers, cone crushers, roll crushers, impact crushers, hammer crushers; crushing machines for use in crushing or fragmenting materials of all types, namely, ball mill crushers, jaw crushers, cone crushers, roll crushers, impact crushers, hammer crushers; screening machines for screening gravel, dirt, rock, sand, stone, coal, soil,

wood chips, debris, mineral ores; screening machines for use in screening materials, namely, gravel, dirt, rock, sand, stone, coal, soil, wood chips, debris, mineral ores, waste and debris from mining, construction, and demolition for quarrying, recycling, mining, construction, and demolition purposes; industrial material handlers, namely, conveyors and stacking machines, namely stacking conveyors; conveyors being machines; commercial and industrial machines, namely, vibrating and revolving screens used to separate gravel, dirt, rock, sand, stone, coal, soil, wood chips, debris, mineral ores, waste and debris from mining, construction, and demolition according to size, and for mixing, crushing, shredding, washing, and conveying gravel, dirt, rock, sand, stone, coal, soil, wood chips, debris, mineral ores, waste and debris from mining, construction, and demolition; machinery for rinsing, screening, scrubbing, and washing natural aggregates, construction and demolition waste; machinery, namely, crushers, impact mills, impact breakers, pulverizers, mixers, blenders and sorters for recyclable sand, aggregates, mineral ores, and waste from mining, construction, and demolition; quarry, mining, and mineral processing machinery for use in size reduction of asphalt, concrete, steel-reinforced concrete, rock, stone, and construction and demolition debris, namely, crushers, pulverizers, impact breakers, hammermills, disintegrating mills, vibrating and revolving screens, and conveyors; quarry, mining and mineral processing machinery for use in size reduction of asphalt, concrete, steel-reinforced concrete, rock, stone, and construction and demolition debris, namely, crushers, pulverizers, impact breakers, hammermills, disintegrating mills, vibrating and revolving screens, and conveyors, all specifically adapted for the foregoing machinery; industrial machines for washing rocks, sand, gravel, mineral ores, and other materials, namely, rinsers and hoppers; rinsers and hoppers being sold as machine parts for industrial machines for washing rocks, sand, gravel, mineral ores, and other materials; industrial dewatering machines in the nature of pumps, hydrocyclones, and dewatering screens for use in removing water from rocks, gravel, sand, mineral ores, and other materials; dewatering screens being sold as machine parts for industrial dewatering machines; and parts for all of the foregoing

Services

Class 37

(1) Maintenance and repair services for crushing, screening, and conveying equipment and machines.

Class 42

(2) Consulting and advisory services in the fields of materials processing in the nature of sorting, screening, separating, crushing, grinding and washing earth, stone, ores, and other mineral substances in solid form; consulting and advisory services in relation to crushing, screening, and conveying equipment and machines; custom design of crushing, screening and conveying equipment and machines

Claims

Priority Filing Date: May 30, 2022, Country or Office: UNITED STATES OF AMERICA, Application No: 97/434,750 in association with the same kind of goods and in association with the same kind of services

Goods

Class 06

Common metals and alloys of common metal unwrought or semi-wrought (antifriction metal), namely iron and cast iron unwrought or semi-wrought; steel and steel alloys; unwrought or semi-wrought steel; metallurgical products of steel works, iron and steel foundry, rolling mills, forges and machinery products from metal, namely, ingots of common metal; semi-wrought iron and steel in process of continuous casting, namely round, squared and rectangular continuously cast iron and steel; hot rolled iron and steel blooms; hot rolled iron and steel slabs; hot rolled iron and steel billets; hot rolled iron and steel sheet bars; foundry chill-molds; foundry moulds of metal; railway rails of metal; rails of metal for railway points; guard rails of metal for railways; hoop iron; cast iron strips; hoop steel; cast steel strips; round, squared and other profiles poles of metal and hot-rolled steel bars; beams of metal; angle irons of metal; steel for parabolic springs; iron wires; steel wires; reinforcing materials, of metal, for concrete; materials of metal for railway construction; materials of metal for railway permanent ways and funicular railway permanent ways, namely, railway fishplates of metal, railway sole plates of metal, rail road ties of metal, railway sleepers of metal; common metals forgings and open die forgings for use in railroad construction; metallurgical rolled

and machinery metal rotating round products, namely metal rings, flanges of metal (collars); seamless tubes of metal for pressure pipework; seamless tubes of metal for use in construction industry; seamless tubes of metal for the oil and gas industry; penstock pipes of metal; elbows of metal for pipes; junctions of metal for pipes; pipe muffs of metal; seamless tubes of metal for drainage; seamless tubes of metal for gas transfer; seamless tubes of metal for water reinforcing materials of metal for pipes (casings); casings of metal for oil wells; metal connecting products namely, bolts, screws, rivets, nuts; wire of common metal; thread of metal for tying-up purposes; iron wire; drawn and polished steel bars; bright steel bars; bright-drawn wire from alloys steel and from plain carbon steel; bright-drawn patented steel wire; peeled steel tubes; peeled steel bars; products from metals and their alloys of all kinds, namely, metal hardware springs; ropes of metal; wire rope; telpher cables; chains of metal; couplings of metal for chains.

Services

Class 40

Metalworking; treatment of iron ore; machining services, namely, planning, stamping, rolling and welding of metals; powder metallurgy for producing tungsten carbide; metallurgical treatment of cast metal products to refine metals; heat treatment and metal finishing of cast metal; tempering of metals; metal hardening; metal plating of metallic materials; electroplating; chrome plating; cadmium plating; nickel plating; providing of information related to metal treatment and casting; custom assembling of railways for others; reclamation of usable materials from residue of waste produced in steel mills; precious metals refining services; destruction of waste; transformation and recycling of usable materials from steel mills; production of energy.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a teal semi-circle and a curved gold line that form a circle. The color white in the mark represents transparent area or background and is not claimed as a feature of the mark.

Goods

Class 01

(1) Chemical additives for fuels and lubricants; coolants; engine coolants; machine coolants; vehicle engine coolants; coolants for vehicle radiators; coolants (anti-boil preparations for engine); chemical preparations for use as coolants chemicals for use in the treatment of liquid hydrocarbons; chemicals for use in the refining of liquid hydrocarbons; catalysts for use in the cracking of hydrocarbons; catalysts for use in the refining of hydrocarbons; laboratory reagents for scientific use in analysing hydrocarbons; catalysts for use in control of hydrocarbon emissions; chemical compositions for absorbing hydrocarbons; hydrocarbon compounds; hydrocarbons.

Class 04

(2) All-purpose industrial oils; all-purpose industrial greases; all-purpose industrial lubricants; fuels, namely, motor spirit; alcohol, benzene, heating, motor, ethanol, and methanol fuels and illuminants; additives, non chemical, to motor fuel; hydrocarbon fuels for use in the areas of aviation, motor, ships, automotive; liquid hydrocarbon fuels for use in the areas of aviation, motor, ships, automotive.

Services

Class 39

(1) Transport, collection and delivery of goods, namely, petroleum, gas, coal and chemical products, namely, chemical additives for fuels and lubricants, chemical preparations for use as coolants, chemicals for use in the treatment of liquid hydrocarbons, chemicals for use in the refining of liquid hydrocarbons, chemical compositions for absorbing hydrocarbons, all by land and by sea; storage of petroleum, gas, metals, coal and chemical products; transport of oil, gas and chemicals by pipeline; distribution of electrical, hydrogen, and natural gas energy to residential and commercial users; rental, storage and parking of vehicles; chartering of ships; freight brokerage; freight transportation by boat, truck, and rail; road haulage services; warehousing; packaging and storage of goods, namely, petroleum, gas, metals, coal, and chemical products; arrangement of the transportation of hydrocarbons; arrangement of the distribution of hydrocarbons; arrangement of the storage of hydrocarbons; consultancy in the fields of transportation, freight transportations, and packaging and storage of goods.

Class 42

(2) Scientific and technological research in the fields of fuel, fuel development, and sustainable fuel; industrial analysis and research services in the fields of fuel, fuel development, and sustainable fuel sources and development; laboratory services namely, research in the fields of fuel, fuel development, and sustainable fuel sources and development; material testing and stress analysis; testing and diagnostic services in the fields of fuel, fuel development, and sustainable fuel sources and development; chemical, mechanical and electrical engineering; consultancy in the field of all the aforesaid services.

Goods

Class 01

(1) Cleaning products, namely, detergents for industrial use.

Class 03

(2) Cleaning products, namely, all-purpose cleaning preparations for commercial and industrial use, carpet cleaning preparations, degreasing preparations, glass cleaning preparations, hand soap, liquid soaps, and foam hand soap; sunscreen lotion; hand cleaners; eyeglass wipes impregnated with a detergent; eyewear cleaning solutions, namely eyeglass lens cleaning solutions; wipes impregnated with cleaning preparations for household use; cleaning preparations for protective industrial respirators and medical respirators; all-purpose cleaners.

Class 05

(3) Cleaning products, namely, all purpose disinfectants for sanitizing and cleaning surfaces, antibacterial wipes, hand-sanitizing preparations; first aid kits; disposable sanitizing wipes for respiratory masks; first aid products, namely, adhesive bandages, fabric adhesive bandages, analgesics, sterile pads, gauze tape, gauze bandages, triangular bandages, waterproof adhesive tape, isopropyl alcohol, hydrogen peroxide, first aid sprays, hydrocortisone cream, triple antibiotic cream, analgesics, cotton balls, cotton swabs, eye wash, latex bandages, cotton gauze pads, medicated cotton gauze compresses, cotton applicator sticks for medical purposes, medical adhesive tape, metal detectable adhesive bandages and skin closure strips for use in food processing and pharmaceutical environments requiring quick detection in event of loss; medications, namely, ibuprofen for use as an oral analgesic, acetaminophen, acetylsalicylic acid; topical analgesics; antibiotics and antiseptics; wound care products, namely, skin wound bandages, gauze rolls for dressings, wound dressings, medical adhesive tape, medical adhesives for binding wounds, and non-adherent wound dressings; eyewear cleaning solutions, namely contact lens cleaning solutions.

Class 06

(4) Railings of metal; railings of metal for fences; metal guard barriers for crowd control; metal barriers for pedestrian traffic control; metal fences; metal step ladders.

Class 07

(5) Air filters for use in industrial and commercial air purifiers.

Class 09

(6) Clothing for protection against chemicals and radiation; safety glasses; protective goggles; fire protective footwear; safety boots; gloves for protection against accidents; safety helmets; hard hats; replacement parts for hard hats, namely, suspensions; vests, namely reflective safety vests; safety and rescue equipment, namely, nets for protection against accidents and safety nets for use in construction, safety nets to arrest the fall of building materials and safety nets to arrest the fall of people for use in construction; safety harnesses; safety tether ropes; gas detectors, for detecting the presence of gas; eye wash stations; emergency showers; traffic cones; delineator road signs; delineator post lane safety markers; highway safety cones; warning flags for safety purposes; vehicle safety kits containing fire extinguishers; warning triangles; reflective safety vests, and warning flags for safety purposes; personal safety alarms; knee pads for workers; disposable coveralls; surveyors vests; safety gloves; gloves, namely, gloves for protection against accidents, asbestos gloves for protection against accidents, disposable gloves for laboratory use, fire resistant gloves; protective work gloves for safety purposes, namely, abrasion resistant fabric gloves, abrasion resistant fabric gloves coated in nitrile, leather gloves, chemical resistant fabric gloves, cut resistant fabric gloves, and temperature resistant fabric gloves; protective eyewear, namely, safety glasses, safety goggles; disposable earplugs made of foam for hearing protection; articles of protective clothing for wear, namely, aprons for protection against accidents or injury, hairnets, beard covers, disposable coveralls, disposable sleeves, rain jackets, pants, and boots; reflective safety vests; disposable respirator masks for filtering air; gas flow monitors and flow sensors and accessories therefor, namely, gas flow meters, high capacity battery packs, connection cables, and battery chargers; lockout and tagout safety devices and locks, namely, electric plug lockouts and circuit breaker lockouts; roofers kits being safety equipment, namely, a lifeline system for horizontal or vertical movement to which a worker is attached for protection against fall hazards, composed of shock absorbing lanyards, anchors, leg straps, buckets, snap hooks, construction harnesses, lanyards, cables, anchorage connectors, carabiners, lifelines, stanchions, shock absorbers, and waist belts; circuit breakers; electric circuit switches; electrical fuses; extension cords; power strips.

Class 10

(7) Gloves for medical purposes; disposable gloves for medical purposes; medical apparel, namely, disposable protective coveralls and protective boot and shoe covers; disposable ear plugs; medical waste containers for the disposal of needles, surgical gloves and medical waste; latex-free elastic bandages; chemically activated instant cold gel pack for medical purposes; biohazard spill kits, containing a plastic face shield used for performing CPR (cardiopulmonary resuscitation), face mask, protective aprons for medical use, disposable gloves for medical use, disposable hand sanitizing wipes, absorbent powder, wiping towels, scoops with scraper, surface disinfecting wipes, plastic waste bags and plastic biohazard waste bags, all sold as a unit; splinter removal kit, containing, splinter forceps and splinter probes for medical purposes; CPR emergency kits comprising gloves; survival blanket for medical use; CPR emergency kits, comprising gloves, disposable mask, alcohol wipes and biohazard bag all sold as a unit; ergonomic products, namely, back supports for medical purposes, wrist supports for medical purposes, elbow supports and medical braces; protective latex medical gloves; exam room supplies, namely, intravenous (IV) poles, medical exam tables, and medical trays for surgical instruments; glove bags for carrying disposable medical gloves; medical instruments bag.

Class 11

(8) Industrial lighting equipment, namely, head lamps, hand lamps, LED light bulbs, electric flashlights, LED flashlights, LED pen lights, LED string lights, electric lamps, helmet lights, lamp bulbs, chest lights, flood lights, lanterns, incandescent lantern, halogen light bulbs; air filters for domestic use, commercial use and industrial use; heaters, namely, electric heat air dryers to increase the evaporation rate of moisture in materials; dehumidifiers; drying equipment and parts thereof, namely, portable electric fans; negative air machines for filtering airborne materials and air pollutants; emergency equipment, namely, eye and skin wash sink stations for industrial commercial and institutional use for cleansing of hazardous materials and irritants from a person's face and body; air purification machine and filters for air purifiers.

Class 16

(9) Paper towels; face towels of paper; toilet paper; garbage bags of plastic.

Class 17

(10) Spill kit bags used for oil spills and chemical spills; thermal insulating gloves; reflective pavement marking tape used to show lines on the road; plastic safety tape used to create a visual barrier to deny access to hazardous areas; sorbents being a material used to absorb oil; air filters for domestic use, commercial use and industrial use; unfitted plastic sheeting for use in protecting furniture; padded floor liner for protecting hardwood floors from scratches while moving furniture.

Class 19

(11) Non-metal railings for fences; non-metal barriers for pedestrian and traffic control and non-metallic fences.

Class 21

(12) Articles for cleaning purposes and janitorial supplies, namely, dustpans, dusters, household scrubbing brushes, brooms, broom handles, buckets, window cleaning brushes, mops, waste receptacles, soap dispensers, janitor carts; gloves, namely gardening gloves, household gloves for general use, fabric work gloves, mechanic's gloves; rags for cleaning; plastic surface protector for protecting floors and flat surfaces from scratches.

Class 24

(13) Disposable bath towels.

Class 25

(14) Hats; hard hat liners; bandanas; disposable coveralls; boot and shoe covers; gloves, namely, knitted and leather gloves; lab coats; high-visibility clothing, namely, reflective vests, reflective pants, and reflective hats.

Class 26

(15) Clothing accessories, namely, zipper pulls and buttons; hair nets; beard nets.

Class 27

(16) Kneeling floor mats for workers; protective corrugated floor mats; padded lining for existing floors, namely, anti-slip floor mats, anti-static floor mats, rubber floor mats, fire resistant floor mats; matting.

Services

Class 35

(1) Wholesale and retail store services, featuring cleaning products and cleaning equipment, namely, all-purpose cleaning preparations, antibacterial wipes, cleaning rags, cleaning gloves, dust pans, dusters, paper towels, scrubbing brushes, brooms, buckets, mops, and garbage bags,

protective clothing and gear, safety footwear, gloves, hats, vests, bandanas, fall protection and rescue equipment namely safety nets, personal harnesses, tethers, railings, barriers; plastic safety fencing, gas detectors for detecting the presence of gas, first aid kits, eye wash sink and tap stations, emergency showers, sunscreen lotion, hand soap, environmental disposal products, namely medical waste containers for the disposal of needles, surgical gloves and medical waste, air filters for commercial and domestic use, traffic cones, delineators posts, traffic safety cones, safety flags, vehicle safety kits, ladders, industrial lighting equipment, namely, head lamps, hand lamps, LED light bulbs, electric flashlights, LED flashlights, LED pen lights, LED string lights, electric lamps, helmet lights, lamp bulbs, chest lights, flood lights, lanterns, incandescent lantern, halogen light bulbs, electric heaters, dehumidifiers, electric air blowers, personal safety alarms, kneeling floor mats, knee pads, negative air machines for removing pollutants from the air, padded floor liners, garbage bags, spill kit bags, surveyors vests, corrugated floor covers, disposable rubber gloves, disposable coveralls, boot and shoe covers, disposable foam ear plugs, respiratory and lens wipes; catalog, mail order and online catalog ordering services in the field of personal protective equipment and first aid products, namely, protective clothing and gear, safety footwear, gloves, hats, vests, bandanas, and first aid kits.

Class 37

(2) Renting of cleaning equipment, namely vacuums, mops, brushes, and cleaning gloves; repairing, and monitoring the performance of safety equipment, namely, ladders, fire extinguishers, smoke detectors, blower fan.

Class 41

(3) Educational services, namely, providing seminars, training, and lectures in the field of workplace safety, inspections and the cleaning and restoration of safety equipment; providing online non-downloadable electronic publications in the nature of bulletins and brochures in the field of workplace safety, inspections and the cleaning and restoration of safety equipment.

Class 45

(4) Inspection of safety equipment, namely, ladders, fire extinguishers, smoke detectors, blower fans, smoke detectors, carts, power centers, portable power distributors, emergency lights, fire panels and alarm panels for quality control purposes; remote monitoring of the functioning and use of electrical safety equipment, namely, smoke detectors, blower fans, smoke detectors, power centers, portable power distributors, emergency lights, fire panels, alarm panels, surveillance systems, facial recognition systems and door locks; rental of measuring apparatus, namely, gas detectors; inspecting the performance of safety equipment, namely, ladders, fire extinguishers, smoke detectors, blower fan.

(5) Clothing for protection against chemicals and radiation; safety glasses; protective goggles; fire protective footwear; safety boots; gloves for protection against accidents; safety helmets; hard hats; replacement parts for hard hats, namely, suspensions; vests, namely reflective safety vests; safety and rescue equipment, namely, nets for protection against accidents and safety nets for use in construction, safety nets to arrest the fall of building materials and safety nets to arrest the fall of people for use in construction; safety harnesses; safety tether ropes; gas detectors, for detecting the presence of gas; eye wash stations; emergency showers; traffic cones; delineator road signs; delineator post lane safety markers; highway safety cones; warning flags for safety purposes; vehicle safety kits containing fire extinguishers; warning triangles; reflective safety vests, and warning flags for safety purposes; personal safety alarms; knee pads for workers; disposable coveralls; surveyors vests; safety gloves; gloves, namely, gloves for protection against accidents, asbestos gloves for protection against accidents, disposable gloves for laboratory use, fire resistant gloves; protective work gloves for safety purposes, namely, abrasion resistant fabric gloves, abrasion resistant fabric gloves coated in nitrile, leather gloves, chemical resistant fabric gloves, cut resistant fabric gloves, and temperature resistant fabric gloves; protective eyewear, namely, safety glasses, safety goggles; disposable earplugs made of foam for hearing protection; articles of protective clothing for wear, namely, aprons for protection against accidents or injury, hairnets, beard covers, disposable coveralls, disposable sleeves, rain jackets, pants, and boots; reflective safety vests; disposable respirator masks for filtering airs; gas flow monitors and flow sensors and accessories therefor, namely, gas flow meters, high capacity battery packs, connection cables, and battery chargers; lockout and tagout safety devices and locks, namely, electric plug lockouts and circuit breaker lockouts; roofers kits being safety equipment, namely, a lifeline system for horizontal or vertical movement to which a worker is attached for protection against fall hazards, composed of shock absorbing lanyards, anchors, leg straps, buckets, snap hooks, construction harnesses, lanyards, cables, anchorage connectors, carabiners, lifelines, stanchions, shock absorbers, and waist belts; circuit breakers; electric circuit switches; electrical fuses; extension cords; power strips.

Class 10

(6) Gloves for medical purposes; disposable gloves for medical purposes; medical apparel, namely, disposable protective coveralls and protective boot and shoe covers; disposable ear plugs; medical waste containers for the disposal of needles, surgical gloves and medical waste; latex-free elastic bandages; chemically activated instant cold gel pack for medical purposes; biohazard spill kits, containing a plastic face shield used for performing CPR (cardiopulmonary resuscitation), face mask, protective aprons for medical use, disposable gloves for medical use, disposable hand sanitizing wipes, absorbent powder, wiping towels, scoops with scraper, surface disinfecting wipes, plastic waste bags and plastic biohazard waste bags, all sold as a unit; splinter removal kit, containing, splinter forceps and splinter probes for medical purposes; CPR emergency kits comprising gloves; survival blanket for medical use; CPR emergency kits, comprising gloves, disposable mask, alcohol wipes and biohazard bag all sold as a unit; ergonomic products, namely, back supports for medical purposes, wrist supports for medical purposes, elbow supports and medical braces; protective latex medical gloves; exam room supplies, namely, intravenous (IV) poles, medical exam tables, and medical trays for surgical instruments; glove bags for carrying disposable medical gloves; medical instruments bag.

Class 11

(7) Industrial lighting equipment, namely, head lamps, hand lamps, LED light bulbs, electric flashlights, LED flashlights, LED pen lights, LED string lights, electric lamps, helmet lights, lamp bulbs, chest lights, flood lights, lanterns, incandescent lantern, halogen light bulbs; air filters for domestic use, commercial use and industrial use; heaters, namely, electric heat air dryers to

increase the evaporation rate of moisture in materials; dehumidifiers; drying equipment and parts thereof, namely, portable electric fans; negative air machines for filtering airborne materials and air pollutants; emergency equipment, namely, eye and skin wash sink stations for industrial commercial and institutional use for cleansing of hazardous materials and irritants from a person's face and body; air purification machine and filters for air purifiers.

Class 16

(8) Paper towels; face towels of paper; toilet paper; garbage bags of plastic.

Class 17

(9) Spill kit bags used for oil spills and chemical spills; thermal insulating gloves; reflective pavement marking tape used to show lines on the road; plastic safety tape used to create a visual barrier to deny access to hazardous areas; sorbents being a material used to absorb oil; air filters for domestic use, commercial use and industrial use; unfitted plastic sheeting for use in protecting furniture; padded floor liner for protecting hardwood floors from scratches while moving furniture.

Class 19

(10) Non-metal railings for fences; non-metal barriers for pedestrian and traffic control and non-metallic fences.

Class 21

(11) Articles for cleaning purposes and janitorial supplies, namely, dustpans, dusters, household scrubbing brushes, brooms, broom handles, buckets, window cleaning brushes, mops, waste receptacles, soap dispensers, janitor carts; gloves, namely gardening gloves, household gloves for general use, fabric work gloves, mechanic's gloves; rags for cleaning; plastic surface protector for protecting floors and flat surfaces from scratches.

Class 24

(12) Disposable bath towels.

Class 27

(13) Kneeling floor mats for workers; protective corrugated floor mats; padded lining for existing floors, namely, anti-slip floor mats, anti-static floor mats, rubber floor mats, fire resistant floor mats; matting.

Services

Class 35

(1) Wholesale and retail store services, featuring cleaning products and cleaning equipment, namely, all-purpose cleaning preparations, antibacterial wipes, cleaning rags, cleaning gloves, dust pans, dusters, paper towels, scrubbing brushes, brooms, buckets, mops, and garbage bags, protective clothing and gear, safety footwear, gloves, hats, vests, bandanas, fall protection and rescue equipment namely safety nets, personal harnesses, tethers, railings, barriers; plastic safety fencing, gas detectors for detecting the presence of gas, first aid kits, eye wash sink and tap stations, emergency showers, sunscreen lotion, hand soap, environmental disposal products, namely medical waste containers for the disposal of needles, surgical gloves and medical waste, air filters for commercial and domestic use, traffic cones, delineators posts, traffic safety cones, safety flags, vehicle safety kits, ladders, industrial lighting equipment, namely, head lamps, hand lamps, LED light bulbs, electric flashlights, LED flashlights, LED pen lights, LED string lights, electric lamps, helmet lights, lamp bulbs, chest lights, flood lights, lanterns, incandescent lantern, halogen light bulbs, electric heaters, dehumidifiers, electric air blowers, personal safety alarms, kneeling floor mats, knee pads, negative air machines for removing pollutants from the air, padded

floor liners, garbage bags, spill kit bags, surveyors vests, corrugated floor covers, disposable rubber gloves, disposable coveralls, boot and shoe covers, disposable foam ear plugs, respiratory and lens wipes; catalog, mail order and online catalog ordering services in the field of personal protective equipment and first aid products, namely, protective clothing and gear, safety footwear, gloves, hats, vests, bandanas, and first aid kits.

Class 37

(2) Renting of cleaning equipment, namely vacuums, mops, brushes, and cleaning gloves; repairing, and monitoring the performance of safety equipment, namely, ladders, fire extinguishers, smoke detectors, blower fan.

Class 41

(3) Educational services, namely, providing seminars, training, and lectures in the field of workplace safety, inspections and the cleaning and restoration of safety equipment; providing online non-downloadable electronic publications in the nature of bulletins and brochures in the field of workplace safety, inspections and the cleaning and restoration of safety equipment.

Class 45

(4) Inspection of safety equipment, namely, ladders, fire extinguishers, smoke detectors, blower fans, smoke detectors, carts, power centers, portable power distributors, emergency lights, fire panels and alarm panels for quality control purposes; remote monitoring of the functioning and use of electrical safety equipment, namely, smoke detectors, blower fans, smoke detectors, power centers, portable power distributors, emergency lights, fire panels, alarm panels, surveillance systems, facial recognition systems and door locks; rental of measuring apparatus, namely, gas detectors; inspecting the performance of safety equipment, namely, ladders, fire extinguishers, smoke detectors, blower fan.

Goods

Class 07

(1) Power tools, electric power tools, hand held cordless power tools, air operated power tools, power operated hand tools, namely wrenches, impact wrenches, ratchet wrenches, electric drills, hand-held electric grinders, orbital sanders, screwdrivers, impact drivers being impact wrenches and electric screwdrivers and pneumatic screwdrivers, plate joiners being an electric woodworking tool for cutting and joining two pieces of wood, electric hammers, rivet hammers, drill hammers, buffers being electric buffing machines for buffing wood, power saws, circular saws, drill presses, routers being power tools, nail guns, chain saws, electric sanders, electric compressors, power-operated hand-held crimpers, angle polishers, cutting tools being wood cutting machines, and air compressors; hydraulic power tools, namely hydraulic torque wrenches, hydraulic hammers, hydraulic compressors, hydraulic jacks, hydraulic presses for metalworking, and hydraulic wire saws; tool bits for use in power operated hand tools; electrically operated straight edge tools; power tools being levellers; tamping machines for ground levelling; power-operated trowels; power tools, namely drill hammers; electric hammers; hammering machines being power machines and attachments, namely jack hammers; riveting hammers being powered tools; electric saws; saw blades for use with power tools; power saws; replacement parts for chainsaws, namely saw chains; chain saws; saw machines; power-operated spanners; power-driven wrenches, impact wrenches, pneumatic ratchet wrenches, and electric socket wrenches; electric gardening tools being electric garden chippers and wood chippers; power operated tools for use in plumbing, namely power-operated plumbing snakes; apparatus for mixing concrete, namely concrete mixers; machines for continuous moulding of concrete, namely concrete construction machines, concrete placing machines and concrete finishing machines; machines for surface finishing, namely machines utilizing rotational motion for high energy surface finishing, namely concrete finishing machines and ground surface finishing and compacting machines; cutting machines, namely wood

cutting machines and metal cutting machines; diamond drill bits for power drills; diamond coated metalworking and woodworking machine tools, namely lathes, electric planers, wood drills, metal drills, milling machines, metal grinding machines, wood grinding machines, and drill presses; diamond cutting tools being parts of cutting machines, namely wood cutting and metal cutting machines; diamond tools for cutting being parts of cutting machines, namely diamond-pointed metal cutting tools and diamond-pointed wood cutting tools; diamond tools for drilling being parts of drilling machines, namely diamond drill bits for drilling machines; diamond grinding tools for grinding machines; diamond tools for milling being parts of milling machines, namely diamond cutters for milling machines; diamond tools for polishing being parts of power-driven polishing machines, namely angle polishers; milling machines and angle polishers; machines for the construction industry, namely road construction machines, namely road rollers, road paving machines, and road scrapers; concrete construction machines; blades being parts of machines; knives being parts of machines; electric knives; hand-held power-operated apparatus for the maintenance of lawns, namely electric lawn trimmers, mechanical lawn mowers power-operated lawn and garden tillers, power-operated lawn edgers, mechanical spreaders for seed and dry lawn chemicals, power-operated lawn aerating machines, power blowers for lawn debris, power-operated lawn tools being shredders, electric garden chippers, wood chippers and power operated cultivators; garden raking machines; electric screwdrivers; woodworking machines, namely woodworking saw-tooth setting machines, laser engraving machines for woodworking, circular saws for woodworking and sanding machines for woodworking; fitted covers for power tools storage; electric or power operated machines for use in gardening, namely garden tilling machines, garden string trimmer spools, power garden tools being shredders, power garden tools being chippers, power garden tools being cultivators, power-operated string trimmers for garden use, power-operated garden edgers, power-operated garden hose reels.

Class 08

(2) Hand-operated hand tools for construction, repair and maintenance; straight edge tools (hand-operated); trowels; filling trowels; brick trowels; cement trowels; jointing trowels; plaster trowels; pointing trowels; hand operated hammers; masons' hammers; riveting hammers (hand tools); sheaths for hammers being pouches and holders for holding hammers; sledgehammers; hand saws; saw blades for hand saws; saw guide rails for use with hand-operated tools, namely cutting guides for use with hand-operated saws; saw holders; spanners (hand tools); wrenches (hand tools); shovels (hand tools); pliers; hand-operated hand tools for tilers; electricians' pliers; hand-operated hand tools for use in the installation, maintenance and repair of plumbing fittings; hand-operated gardening tools; hand operated gardening machines namely, gardening hoes, sod lifters, gardening shears and gardening scissors; hand-operated agricultural hand tools for use in the garden, namely broadforks and cultivators; hand tools for use in bricklaying, namely brick jointers; hand operated builders' squares being rulers for measuring angles; carpenters' augers; hand-operated hand tools for use in carpentry, namely hand tools for construction, repair and maintenance; hand-operated hand tools for use in construction, repair and maintenance of joinery; hand-operated hand tools for use in namely hand tools for the installation, repair and maintenance of tiling; hand-operated hand tools for use in the maintenance of electrical installations; hand-operated hand tools for use in the repair of electrical installations; clamps for carpenters or coopers; clamping devices being hand-operated tools, namely woodworking clamps; clamping wedges for use in woodwork; locking clamps hand tools for use in wordworking; hand-operated pipe cutting implements, namely hand-operating pipe cutters; hand operated screwing-in tools; screwdrivers, non-electric; tool belts (holders); diamond drill bits for hand-operated tools; diamond tips for tool bits for hand-operated tools, namely bits for hand tools; diamond tools for hand-operated tools, namely bits for hand tools; blades for knives, saws and planes being parts of hand

tools; blade sharpening instruments, being hand operated sharpening tools and instruments; rakes (hand tools); chisels; scraping tools namely hand tools for scraping walls and floors; knives, namely pocket knives, utility knives, and multi-tool knives; diamond cutting tools namely diamond blades hand-operated tools; diamond cut-off wheels namely diamond coated cutting wheels for use as part of hand-operated tools; hand held cutting tools garden picks and pick-hammers being hand tools; claws being hand tools, namely claw hammers, claw bars and pry bars; grafting tools (hand tools); fastener setting tools hand tools for use in the placement and setting of nails, screws and bolts; crow bars; vices; manually operated glue dispensers, non-electric, other than for office use; non-electric caulking guns; hand-operated knapsack sprayers, non-electric, for carrying on the back; dispensing devices adapted to spray, being hand-operated spray guns non-electric hand-operated sprayers for spraying sealers, oils, retarders, curing compounds and chemicals; spray fittings, namely parts of hand-operated sprayers for spraying sealers, oils, retarders, curing compounds and chemicals; hand-operated mixing apparatus for use in building, namely stirring sticks and mixing paddles for mixing paint, glue, grout, putty, plaster, render, mud, adhesives and sealants; blades for hand-operated tools, namely blades for knives, saws and planes; hand tools, namely, floor and paint scrapers.

Class 09

(3) Carpenter's levels and bubble levels; spirit levels; surveyors' levels; lasers and level machines for surveying apparatus and instruments; levelling instruments being levelling rods for surveying; laser measuring tapes and laser distance sensors for industrial use; hand held lasers for measuring distances, namely laser distance meters; apparatus for measuring, namely angle finders, electronic distance meters, timers, rain gauges, pressure gauges, bevels, clamp meters for measuring electricity, digital laser levels, liquid measuring apparatus, namely droppers, bowls and cups, measuring buckets, dust measuring apparatus, and straight edge instruments for measuring flatness and straightness of building and construction components; measuring rulers; current meters; tape measures; apparatus for personal use for protection against injury, namely welding masks and welding helmets; fall protection equipment for fall restraint and fall arrest, namely harnesses and lanyards; articles of clothing specifically adapted for protection against accident; articles of industrial clothing for protection against accident; safety clothing for protection against injury on hazardous or dangerous worksites, building and construction sites; articles of protective clothing specifically adapted for the prevention of accident or injury on hazardous or dangerous worksites, building and construction sites; safety clothing made of rubber to prevent accident or injury for wear by workers, tradespeople, engineers, construction and building workers on hazardous or dangerous worksites, building and construction sites; protective clothing namely body armour; safety clothing for protection against accident or injury for wear by workers, tradespeople, engineers, construction and building workers; articles of leather safety clothing for protection against accident or injury for tradespeople, engineers, construction and building workers on hazardous or dangerous worksites, building and construction sites; protective work clothing specifically adapted for protection against accident or injury on hazardous or dangerous worksites; clothes safety clothing for protection against injury, namely padding safety clothing for protection against bodily harm and blunt force trauma, fire-proof clothing, and clothing for protection against chemicals, safety clothing for protection against injuries from dust and other irritants; protective eye wear namely safety glasses; workmen's protective face shields; protective goggles; safety goggles for industrial safety; protective helmets namely hard hats; protective instruments, namely protective industrial respirators; safety apparatus for the prevention of accident or injury, namely beacon lights, flashing and non-flashing safety lights, fire escape ladders, and hand-held electronic combustible gas detectors; reflective safety vests; non-disposable safety gloves specifically adapted for protection against accident or injury; industrial safety instruments for the protection of

workmen against accident, namely fire extinguishers, fire blankets, protective industrial respirators and emergency eyewash stations; safety footwear for protection against accident or injury; safety boots for use in industry, specifically adapted for protection against accident or injury; safety face shields for use in industry for protection against accidents, irradiation and fire; safety products, namely reflective safety signs; luminous signs for safety purposes; reflective apparel and clothing for the prevention of accidents; safety traffic cones; portable warning cones for outdoor use; safety helmets; sunglasses; protective glasses, namely safety glasses for protecting the eyes; protective face masks for the prevention of accident or injury, not for medical purposes; protective face masks for protection against accident or injury.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the letters "AMRA" in blue in all capitals, above which appears a design comprised of an incomplete triangle, with the bottom right portion missing and replaced by a small shaded circle. There is a void that curves into the center of the triangle. The entire design is depicted in blue.

Goods

Class 09

(1) Scientific, photographic, optical, weighing, measuring, signaling apparatus and instruments, namely, calibration devices for calibrating surgical, medical, dental and veterinary apparatus used in particular in medical imaging, oncology and nuclear medicine procedures; balancing apparatus, namely, weighing scales for medical use; apparatus for recording, transmission or reproduction of images, namely, projection screens, video screens, television converters, digital video players; data processing equipment, namely, computers; computer programs for medical image management, visualization of images, patient file management, medical image processing, archiving; computer software for medical image management, visualization of images, patient file management, medical image processing, archiving; downloadable software for medical image management, visualization of images, patient file management, medical image processing,

archiving; downloadable applications for mobile telephones and mobile devices for medical image management, visualization of images, patient file management, medical image processing, archiving; medical software for image management, visualization of images, patient file management, medical image processing, archiving; computer utility programs for patient file management; computer programs and computer operating systems for medical image processing, image management, archiving and communication of medical images; computer programs and computer hardware for visualization of images; downloadable computer programs for pre-operative planning for medical image processing, image management, archiving and communication of medical images; electronic publications in the field of medicine; electronic communications equipment namely, cellular telephone, laptop computer; computer software for use in medical decision support systems; computer software relating to the medical field for image management, visualization of images, patient file management, medical image processing, archiving and communication of medical images; computer software relating to the pharmaceutical field for image management, visualization of images, patient file management, medical image processing, archiving and communication of medical images; downloadable application software for cloud computing services relating to the pharmaceutical and medical field for image management, visualization of images, patient file management, medical image processing, archiving and communication of medical images; software application (app) for transmitting, storing, manipulating, organizing, recording, and reviewing images, video and data, namely, medical data, patient health data, and patient diagnostic data and via global computer networks, wireless networks, and electronic communications networks in the medical field; all aforementioned goods not in relation to film- and TV apparatus and instruments

Class 10

(2) Medical and surgical apparatus, namely, computer scanners, image scanners, laser scanners, CAT scanners, x-ray CT scanners, medical x-ray apparatus, x-ray apparatus for medical purposes, x-ray apparatus for medical use and instruments for use in measuring fat and muscle volumes; diagnostic, examination and monitoring equipment, namely, body composition monitors, body composition analyzers, body fat monitors, magnetic resonance imaging [MRI] apparatus for medical purposes; medical imaging apparatus, namely, computer scanners, image scanners, laser scanners, CAT scanners, x-ray CT scanners, medical x-ray apparatus, x-ray apparatus for medical purposes, x-ray apparatus for medical use; medical image processing apparatus, namely, digital photo-optical systems; data processing equipment, namely, medical imaging processor; image management systems for medical purposes, namely, for investigating and analyzing body composition and body fat; magnetic resonance imaging instruments for medical purposes; body composition profile measuring devices for medical use.

Services

Class 35

(1) Input, processing, verification and retrieval of business data in computer databases; processing and management of computerized business data; data, database, file and records management in relation to business management and administration; retailing [retail store services] in the fields of image processing equipment, computers, computer programs, pharmaceuticals and medical equipment; compilation of statistical data relating to medical research.

Class 41

(2) Education in the fields of nutrition and physical fitness; providing of training in Magnetic Resonance Imaging (MRI), MRI techniques, body and muscle composition analysis, body and muscle composition profiling, MRI-based body and muscle composition measurements, applications and therapeutic areas of use of the foregoing; entertainment, namely, providing non-

downloadable podcasts in the field of mental and physical health and wellness and non-downloadable video podcasts in the field of mental and physical health and wellness; sporting activities, namely, fitness training; training to provide general health and well-being advice for the improvement of the comfort and the quality of life, providing on-line training courses, seminars, workshops in the field of healthy living practices.

Class 42

(3) Scientific and technological services and research, development and design in the pharmaceutical and medical field for scientific research in pharmacology, pharmaceuticals, and biochemistry and pharmaceutical research and development services, scientific and pharmaceutical laboratory services, and scientific investigations for medical and pharmaceutical purposes; scientific services in the pharmaceutical and medical field for scientific research in pharmacology, pharmaceuticals, and biochemistry and pharmaceutical research and development services, scientific and pharmaceutical laboratory services, and scientific investigations for medical and pharmaceutical purposes; industrial analysis and research services in the pharmaceutical and medical field for scientific research in pharmacology, pharmaceuticals, and biochemistry and pharmaceutical research and development services, scientific and pharmaceutical laboratory services, and scientific investigations for medical and pharmaceutical purposes; medical and pharmacological research services; research on the subject of pharmaceuticals; providing medical and scientific research information in the field of pharmaceuticals and clinical trials; provision of information and data relating to pharmaceutical and medical research and development; design and development of computer hardware and computer programs; writing of computer programs for pharmaceutical and medical applications; cloud computing web hosting services and rental of software; cloud hosting provider services; software as a service (SAAS) provider for hosting software for use by others for use in the collaborative development of software and rental of software; cloud computing providing software for database management; software as a service (SaaS) provider featuring software for running cloud computing based applications; platform as a service (PaaS) featuring computer software platforms for patient data management, and for recording, transmission, reproduction, storing and processing of files, data, documents, text, videos and images, all for medical, surgical and pharmaceutical services; software as a service (SaaS) services featuring software for recording, transmission, reproduction, storing and processing of files, data, documents, text, videos and images within the pharmaceutical and medical field, namely, scientific research in pharmacology, pharmaceuticals, and biochemistry and pharmaceutical research and development services, scientific and pharmaceutical laboratory services, and scientific investigations for medical and pharmaceutical purposes; application service provider services [ASP] featuring software for patient data management, and for recording, transmission, reproduction, storing and processing of files, data, documents, text, videos and images, all for medical, surgical and pharmaceutical services; providing temporary use of non-downloadable software for accessing databases in connection with research and development services via a web site in the pharmaceutical and medical field; providing temporary use of online non-downloadable computer software for use in the management of pharmaceutical and medical files, data, documents, text, videos and images for scientific research in pharmacology, pharmaceuticals, and biochemistry and pharmaceutical research and development services, scientific and pharmaceutical laboratory services, and scientific investigations for medical and pharmaceutical purposes; software consultation and design; design of software for use with mobile computers and mobile communications devices for others; cloud computing featuring software for use in database management; cloud hosting of electronic databases; application service provider (ASP) featuring software for use in database management; platform as a service (PaaS) featuring computer software platforms for use in database management; electronic data storage for

archiving business records; electronic storage of medical records; cloud computing services featuring software for patient data management for medical, surgical and pharmaceutical services; creating indexes of information and websites for others via global computer networks, wireless networks and electronic communications networks in the medical field.

Photo electron spectroscopy analyzers, not for medical purposes; machines and scientific instruments emitting ultraviolet (UV) light for detecting chemicals; pH meters; squares for measuring; measuring devices, namely, fluorometers; photometers; liquid chromatography apparatus for laboratory use; residual gas analyzers; particle emission monitors for analyzing gases; spectrum analyzers for analyzing gases; carbon dioxide detectors; instruments for measuring water quality parameters; analyzers for identifying chemicals and their purity for pharmaceutical manufacture purposes; sensor computer chips for scientific use.

Services**Class 40**

(1) Custom manufacturing and assembly of measuring devices, sensors, counters and analyzers, namely, conductivity meters, sensors for measuring concentrations of chemicals in water, fluorescence detector for measuring the equal distribution of chemicals in powders during pharmaceutical manufacturing, infrared sensors, sensor chips, piezoelectric sensors, odor sensors, industrial calibration sensors, optoelectrical measuring devices for creating touch or gesture-sensitive surfaces that interact with computer and other technological systems, sensors for the determination of temperatures, positions and distance, pH meters, fluorometers, photometers, and photoelectron spectroscopy analyzers in the field of measurement technology; custom 3D printing for others; all the aforesaid services, in particular for use in water or environmental analysis, process analytics, as well as composition, concentration and particle analysis of chemical substances, process analysis or monitoring, mobile analysis and monitoring, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine.

Class 42

(2) Scientific and technological services and research and design relating thereto, namely, chemical analysis, environmental analysis, chemical process analytics, composition, concentration and particle analysis of chemical substances, particularly in the fields of pharmaceuticals, the food

industry, pharmacies, and medicine; industrial chemical, biological, environmental, water, air, plant, animal, fungi, and soil analysis; water analysis and environmental analysis of probes of air and probes of plants, animals, fungi and soil, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; chemical and biochemical analysis of industrial fluids; conducting sampling and analysis of industrial fluids to check for contamination; industrial research in the field of measurement technology for purity control of chemicals in pharmaceutical manufacturing processes, process analysis of pharmaceutical manufacturing processes, forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; industrial research in the field of water and environmental analysis, chemical process analytics, composition, concentration and particle analysis of chemical substances, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; industrial design services; water, chemical and pharmaceutical quality control services for others; authentication services in the field of water and environmental analysis, chemical process analytics, composition, concentration and particle analysis of chemical substances, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; design and implementation of software and technology solutions for the purpose of product and document authentication and tracking to protect against counterfeiting, tampering and diversion and to ensure the integrity of genuine products and documents; environmental engineering services; advisory services relating to industrial engineering; computer hardware engineering; computer software engineering; electrical engineering; chemical engineering; research and development of new products for others; analysis and evaluation of product design; analysis and evaluation of product development; design and development of computer hardware and software; providing temporary use of non-downloadable software for collecting, analyzing and organizing data from measuring devices in the fields of water analysis and environmental analysis of air and probes of plants animals, fungi and soil, purity control of chemicals in pharmaceutical manufacturing processes, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; providing temporary use of on-line non-downloadable software for calibrating and controlling of measuring devices, in particular for spectrum analysis, control of sensors, measuring devices, and related interfaces, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; rental of computer software for calibrating and controlling of measuring devices, namely, for spectrum analysis, control of sensors, measuring devices, and related interfaces, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; rental of computer hardware; rental of computer software for collecting, analyzing and organizing data from measuring devices in the fields of water analysis and environmental analysis of air and probes of plants animals, fungi and soil, purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; monitoring of water quality; rental of infrared sensors; rental of photo electron spectroscopy analyzers, not for medical purposes; rental of machines and scientific instruments emitting ultraviolet (UV) light for detecting chemicals; rental of temperature sensors; rental of pH meters; rental of pressure sensors; rental of squares for measuring; rental of measuring devices, namely, fluorometers; rental of photometers; rental of optical sensors; rental of liquid analyzer; rental of machines and scientific instruments for analyzing gases, carbon dioxide detectors; rental of instruments for measuring water quality parameters; rental of scientific measuring instruments, namely, conductivity meters; rental of sensors for measuring concentrations of chemicals in water; rental of fluorescence detector for measuring the equal distribution of chemicals in powders during pharmaceutical manufacturing; rental of

analyzers for identifying chemicals and their purity for pharmaceutical purposes; rental of sensor chips for scientific use; rental of piezoelectric sensors, odor sensors, industrial calibration sensors; rental of optoelectronic measuring devices for creating touch or gesture-sensitive surfaces that interact with computer and other technology systems; rental of sensors for the determination of temperatures, positions and distance; rental of machines and scientific instruments for measurement of physical properties of powders; software as a service (SaaS) featuring software for collecting, analyzing and organizing data from measuring devices in the fields of water analysis and environmental analysis of air and probes of plants animals, fungi and soil, purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; software as a service (SaaS) services featuring software for calibrating and controlling of measuring devices, in particular for spectrum analysis, control of sensors, measuring devices, and related interfaces, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; platform as a service (PaaS) services featuring software for collecting, analyzing and organizing data from measuring devices in the fields of water analysis and environmental analysis of air and probes of plants animals, fungi and soil, purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; platform as a service (PaaS) featuring computer software platforms for calibrating and controlling of measuring devices, in particular for spectrum analysis, control of sensors, measuring devices, and related interfaces, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; custom design of measuring devices, sensors, counters and analyzers, namely, conductivity meters, sensors for measuring concentrations of chemicals in water, fluorescence detector for measuring the equal distribution of chemicals in powders during pharmaceutical manufacturing, infrared sensors, sensor chips, piezoelectric sensors, odor sensors, industrial calibration sensors, optoelectrical measuring devices for creating touch or gesture-sensitive surfaces that interact with computer and other technological systems, sensors for the determination of temperatures, positions and distance, pH meters, fluorometers, photometers, and photoelectron spectroscopy analyzers based on personal selections made by the customer; development of chemical, biological, environmental, water, air, plant, animal, fungi, and soil contamination measurement and test methods; conducting technological analysis, namely, process analytics, as well as composition, concentration and particle analysis of chemical substances, particularly in the fields of pharmaceuticals, the food industry, pharmacies, and medicine; custom design services of chemical, water and environmental analysis and measurement systems; custom design of computer software and hardware to order and according to customer specifications; customer-specific design of measuring devices for water analysis and environmental analysis of air and soil, purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics, to order and according to the specifications of a customer; development of measurement and test methods for water analysis and environmental analysis of air and soil, purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, as well as for use in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; measurement services for purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, namely analysis of water, powders and chemicals; Environmental testing and inspection services; measurement services in the fields of forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or

aquaristics, namely analysis of water, air and probes of plants animals, fungi and soil; conducting chemical analysis; conducting technological analysis in the fields of purity control of chemicals for pharmaceutical manufacturing, process analysis of pharmaceutical manufacturing processes, forestry, agriculture or horticulture, breeding of fish, shrimps or other marine animals, aquaculture or aquaristics; biochemical analysis; environmental assessment services; environmental monitoring services; environmental testing services to detect contaminants in water; scientific research in the field of environmental protection; technical consultancy in the field of environmental science; technical consulting in the field of environmental engineering; technical project studies in the field of environmental protection; all aforementioned services for use in process analytics, as well as composition, concentration and particle analysis of chemical substances, as well as in the fields of pharmaceuticals, the food industry, pharmacies, and medicine.

Trademark Description

The mark consists of a small black circle and a larger black oval. The oval contains the word "schleich".

Goods

Class 09

(1) Recorded media, namely, audio books in the nature of novels, short stories, children's stories and children's books; recorded computer game programs; downloadable computer game software; recorded video game programs and mobile apps, namely, downloadable electronic computer game application for use on mobile phones and for use on mobile phones for controlling educational toys; apparatus for recording, transmission and reproduction of sound and images, namely, cameras, movie projectors, loudspeakers, power mixers, CD-players, and video disc players; blank magnetic discs; blank magnetic computer tapes; blank optical discs; blank laser discs; blank discs for computers; blank compact discs; dvds featuring music, videos, film, animated cartoons; computer hardware and downloadable computer software for children's video games, video games, electronic action toys, electronic learning toys; Computer peripherals, namely, digital cameras, keyboards, modems, mouse, printers, scanners, speakers, video recorders; sunglasses and eyewear, namely, eyeglasses and ophthalmic frames and cases therefor; head protection, namely, head guards for rugby training purposes, sports helmets, motorcycle helmets, bicycle helmets, helmet for inline skaters, helmets for skateboarders; cinematographic film, exposed; exposed photographic film; downloadable animated cartoon strips; cinematographic films featuring children's animated films; downloadable electronic in the nature of magazines, children's magazines, children's books, audiobooks in the field of music, film, video films; video films, namely, pre-recorded video tapes featuring animated cartoons.

Class 14

(2) Decorative key fobs in the form of bendable figurines, plastic figurines and plastic animals; precious metals and their alloys and goods in precious metals and coated therewith, namely, jewellery boxes and presentation boxes for watches; jewel cases; key rings and key chains, and charms therefor; necklaces, bracelets, ankle bracelets, charms for bracelets, pendants, friendship jewelry chains, friendship bracelets, charms for bracelets, earrings, rings being jewelry, children's jewelry, body costume jewellery, insignias of precious metal, amulets, brooches being jewelry, medallions, medals, pins being jewelry, watches and straps for watches, sew-on tags of precious metal for clothing; decorations for clothing, namely, lapel pins; figurines of precious metal; statues of precious metal; jewellery, precious stones; horological and chronometric instruments, namely, watches.

Class 16

(3) Paper, cardboard and goods made from these materials, namely, cartons, printers' type and printing blocks; printed advertisement boards of paper or cardboard; albums for stamps, photographs; collectors' albums, namely, scrapbook; collection pictures, namely, art pictures in the nature of paintings, collectable stickers, trading stickers; packaging pouches of paper; packaging wrappers and bags for packaging of paper; wrapping paper; packing paper; bibs of paper, blotting paper; bookbinding cords; cloth and tape, namely, paper table cloths and adhesive tapes for stationery purposes; printed booklets in the field of toys, children's games; boxes of paper and cardboard; cardboard containers; desktop cabinets for stationery being office requisites, writing paper, writing and drawing books, printed calendars; cards, namely, printed note cards, printed greeting cards, printed collectible cards, printed educational cards, printed picture cards, printed flash cards; printed catalogues in the field of toys, children's games; printed comic books; copying paper; document file folders; envelopes; figurines of paper mache; flags of paper; paper pennants; printed informational flyers featuring toys instructions, children's games instructions; office binders; printed postcards, printed greeting cards, printed musical greeting cards; stationery paper gift cards; printed index cards; printed magazines in the field of toys, children's games, general children's entertainment; printed manuals in the field of toys instructions, children's games instructions; printed newsletters in the field of toys, children's games, children's education; printed newspapers; printed note books; printed notepads; printed diaries; pictures in the nature of drawings; posters made of paper; tablemats of paper; portraits in the nature of drawings; printed song books; stickers; table napkins of paper; tablecloths of paper; toilet paper; towels of paper; handkerchiefs of paper; printed matter, namely, printed informational cards for children, toys and children's games; bookbinding materials for creating hardcover books, namely, book covers, crack-and-peel binding paper, reinforcement strips, peel-and-stick labels, stapler and staples; printed colouring books; paper note books; writing and drawing books and printed children's books; cut-out sheets, namely, paper cut-out sheets for children with different illustrations, printed coloring sheets, adhesive-coated plastic sheets for stationery purposes; printed photographs; paper stationery and paper stationery sets; adhesives for stationery and household purposes; artists' materials, namely, canvas for painting, easels for painters, paint brushes, paint palettes, molds for modeling clay; paint brushes; office requisites, namely, envelope sealing machines for offices; printed instructional and teaching material in the field of children's education, children's games; plastic materials for packaging, included in this class, namely, plastic bags for packaging, bags gifts of plastic.

Class 18

(4) Leather and imitations of leather and goods made therefrom, namely luggage, handbags, bags, satchels and other holders, purses, bags (envelopes, pouches) for packaging, of leather and/or imitations of leather, envelopes of leather for packaging, tins and containers of leather and imitations of leather, saddlery, whips, harnesses, harness for animals, harnesses, animal coats,

collars for animals, walking sticks, luggage, school knapsacks, kit bags, school knapsacks, school shoulder bags, school bags, backpacks, sports bags, bath bags, bags, shopping bags with wheels attached, leather shopping bags, reusable shopping bags, canvas shopping bags, bags for campers, trunks and suitcases, chest pouches, gym bags, pouch baby carriers, travelling sets, vanity cases, not fitted, boxes (of skins, leather or imitations), briefcases, portfolios, furniture covers, garment bags for travel, travelling sets [leatherware], vanity cases, not fitted; animal skins, hides; trunks and suitcases; umbrellas, sun umbrellas, parasols.

Class 20

(5) Furniture, namely living room furniture and children's room furniture; mirrors; picture frames; goods of wood, cork, reed, cane, wicker, shell, amber, mother of pearl, meerschaum and substitutes for all these materials, and of plastics, namely living room furniture, beds; reusable baby changing mats; non-metal storage boxes for general use; non-metal chests; moses baskets; fishing baskets; baskets for transporting goods for commercial purposes; furniture cabinets; furniture benches; book rests; keyboards for hanging keys; chests of drawers; clothes hooks, not of metal; coat hangers; coat hooks, not of metal; coat stands; containers, not of metal, for dispensing industrial chemicals; cupboards; high chairs for babies; curtain rings; curtain rods; curtain rollers; curtain holders, not of textile material; curtain hooks; standing desks; containers, as well as lids and holders therefor, namely, plastic containers and covers sold as a unit to the fast food industry for made to order food products; non-metallic panels, namely, cedar panels for use as drawer liners; display stands and signage, not of metal, namely, printed vinyl signs, inflatable plastic signs; non-metal ladders, step stools and step ladders; letter boxes not of metal and masonry; playpens for babies; mats for infant playpens; mattresses; office furniture; pillows; racks, namely, coat racks, display racks; school furniture; deck chairs; non-metal step stools; non-metallic panels, namely, free-standing panel units for exhibitions, displays and partitioning; tables; tea trolleys; trays, not of metal, namely, furniture in the nature of tray tables; animal beds, namely, cat beds, dog beds; statues, figures, works of art and ornaments made of plastic, cork, reed, cane, wicker, shell, amber, mother-of pearl, meerschaum and substitutes for all these materials; decorations of plastic for foodstuffs.

Class 21

(6) Household and kitchen utensils and containers not of precious metal and coated therewith, namely, kitchen utensils for dispensing batter, kitchen utensil crocks, splatter screens, kitchen containers; hair combs and sponges, namely, scrub sponges, cleaning sponges, bath sponges; brushes, namely, hairbrushes, tooth brushes, cake brushes, nail brushes.

Class 24

(7) Textiles and textile goods, namely, textile wall hanging, coasters of textile, textile used as lining for clothing; bed covers; table covers, namely, table cloths not of paper, tablecloths of textile.

Class 25

(8) Clothing, namely casual clothing; belts; footwear, namely, shoes; headgear, namely, hats.

Class 28

(9) Toys and playthings, namely, bendable figurines, molded plastic toy figurines and plastic toy animals and accessories therefor; games and playthings, namely, board games, corn hole game boards, parlor games, electronic games for children, namely toys, play figures and games using electronic functions or with electronic features; toy figures; toy dioramas, namely, scale model figures, scale model buildings, scale model vehicles, toy model kit cars; gymnastic and sporting articles, namely, gymnastic rings, gymnastic uneven bars, balance beams for gymnastics, gymnastics springboards, pommel horses for gymnastics, benches for gymnastics use, gymnastic

training stools, gymnastic parallel bars, gymnastic horizontal bars, gymnastic vaulting horses; decoration for Christmas trees except illumination articles and confectionery; playing cards.

Services

Class 40

(1) Processing of plastics; molding of plastic materials; treatment of plastic surface materials and decoration by means of painting and forming; metalworking and metal forming.

Class 41

(2) Educational instruction, namely, providing classes, online courses of instruction, and seminars in the field of children's education, children's games, art; training services for children in the field of art, games and skills; entertainment services, namely, providing an on-line computer game for children; entertainment services, namely, providing online board and computer games for children; organizing community sporting and cultural events, namely hosting museum events as cultural events; publishing of books, music, digital video and audio recording publishing services in the field of children's education, children's games, and art; Entertainment service in the nature of live musical and theater performances.

Class 45

(3) Trading with and licensing, management and exploitation of industrial property rights, intellectual property and copyrights by granting of license to others for the use of industrial property rights and copyrights, especially for book, music, film, television and video licenses.

Trademark Description

The mark consists of two circular bubbles, one larger and one smaller. The larger bubble contains the letter "s" centered.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a white circle with a red letter "S" inside and a smaller white circle appearing to the bottom and left of the larger circle. The mark appears on a shaded background which is not claimed as a feature of the mark.

Goods

Class 09

(1) Recorded media, namely, audio books in the nature of novels, short stories, children's stories and children's books; recorded computer game programs; downloadable computer game software; recorded video game programs and mobile apps, namely, downloadable electronic computer game application for use on mobile phones and for use on mobile phones for controlling educational toys; apparatus for recording, transmission and reproduction of sound and images, namely, cameras, movie projectors, loudspeakers, power mixers, CD-players, and video disc players; blank magnetic discs; blank magnetic computer tapes; blank optical discs; blank laser discs; blank discs for computers; blank compact discs; dvds featuring music, videos, film, animated cartoons; computer hardware and downloadable computer software for children's video games, video games, electronic action toys, electronic learning toys; Computer peripherals, namely, digital cameras, keyboards, modems, mouse, printers, scanners, speakers, video recorders; sunglasses

and eyewear, namely, eyeglasses and ophthalmic frames and cases therefor; head protection, namely, head guards for rugby training purposes, sports helmets, motorcycle helmets, bicycle helmets, helmet for inline skaters, helmets for skateboarders; cinematographic film, exposed; exposed photographic film; downloadable animated cartoon strips; cinematographic films featuring children's animated films; downloadable electronic in the nature of magazines, children's magazines, children's books, audiobooks in the field of music, film, video films; video films, namely, pre-recorded video tapes featuring animated cartoons.

Class 14

(2) Decorative key fobs in the form of bendable figurines, plastic figurines and plastic animals; precious metals and their alloys and goods in precious metals and coated therewith, namely, jewellery boxes and presentation boxes for watches; jewel cases; key rings and key chains, and charms therefor; necklaces, bracelets, ankle bracelets, charms for bracelets, pendants, friendship jewelry chains, friendship bracelets, charms for bracelets, earrings, rings being jewelry, children's jewelry, body costume jewellery, insignias of precious metal, amulets, brooches being jewelry, medallions, medals, pins being jewelry, watches and straps for watches, sew-on tags of precious metal for clothing; decorations for clothing, namely, lapel pins; figurines of precious metal; statues of precious metal; jewellery, precious stones; horological and chronometric instruments, namely, watches.

Class 16

(3) Paper, cardboard and goods made from these materials, namely, cartons, printers' type and printing blocks; printed advertisement boards of paper or cardboard; albums for stamps, photographs; collectors' albums, namely, scrapbook; collection pictures, namely, art pictures in the nature of paintings, collectable stickers, trading stickers; packaging pouches of paper; packaging wrappers and bags for packaging of paper; wrapping paper; packing paper; bibs of paper, blotting paper; bookbinding cords; cloth and tape, namely, paper table cloths and adhesive tapes for stationery purposes; printed booklets in the field of toys, children's games; boxes of paper and cardboard; cardboard containers; desktop cabinets for stationery being office requisites, writing paper, writing and drawing books, printed calendars; cards, namely, printed note cards, printed greeting cards, printed collectible cards, printed educational cards, printed picture cards, printed flash cards; printed catalogues in the field of toys, children's games; printed comic books; copying paper; document file folders; envelopes; figurines of paper mache; flags of paper; paper pennants; printed informational flyers featuring toys instructions, children's games instructions; office binders; printed postcards, printed greeting cards, printed musical greeting cards; stationery paper gift cards; printed index cards; printed magazines in the field of toys, children's games, general children's entertainment; printed manuals in the field of toys instructions, children's games instructions; printed newsletters in the field of toys, children's games, children's education; printed newspapers; printed note books; printed notepads; printed diaries; pictures in the nature of drawings; posters made of paper; tablemats of paper; portraits in the nature of drawings; printed song books; stickers; table napkins of paper; tablecloths of paper; toilet paper; towels of paper; handkerchiefs of paper; printed matter, namely, printed informational cards for children, toys and children's games; bookbinding materials for creating hardcover books, namely, book covers, crack-and-peel binding paper, reinforcement strips, peel-and-stick labels, stapler and staples; printed colouring books; paper note books; writing and drawing books and printed children's books; cut-out sheets, namely, paper cut-out sheets for children with different illustrations, printed coloring sheets, adhesive-coated plastic sheets for stationery purposes; printed photographs; paper stationery and paper stationery sets; adhesives for stationery and household purposes; artists' materials, namely, canvas for painting, easels for painters, paint brushes, paint palettes, molds for modeling clay; paint brushes; office requisites, namely, envelope sealing machines for offices;

printed instructional and teaching material in the field of children's education, children's games; plastic materials for packaging, included in this class, namely, plastic bags for packaging, bags gifts of plastic.

Class 18

(4) Leather and imitations of leather and goods made therefrom, namely luggage, handbags, bags, satchels and other holders, purses, bags (envelopes, pouches) for packaging, of leather and/or imitations of leather, envelopes of leather for packaging, tins and containers of leather and imitations of leather, saddlery, whips, harnesses, harness for animals, harnesses, animal coats, collars for animals, walking sticks, luggage, school knapsacks, kit bags, school knapsacks, school shoulder bags, school bags, backpacks, sports bags, bath bags, bags, shopping bags with wheels attached, leather shopping bags, reusable shopping bags, canvas shopping bags, bags for campers, trunks and suitcases, chest pouches, gym bags, pouch baby carriers, travelling sets, vanity cases, not fitted, boxes (of skins, leather or imitations), briefcases, portfolios, furniture covers, garment bags for travel, travelling sets [leatherware], vanity cases, not fitted; animal skins, hides; trunks and suitcases; umbrellas, sun umbrellas, parasols.

Class 20

(5) Furniture, namely living room furniture and children's room furniture; mirrors; picture frames; goods of wood, cork, reed, cane, wicker, shell, amber, mother of pearl, meerschaum and substitutes for all these materials, and of plastics, namely living room furniture, beds; reusable baby changing mats; non-metal storage boxes for general use; non-metal chests; moses baskets; fishing baskets; baskets for transporting goods for commercial purposes; furniture cabinets; furniture benches; book rests; keyboards for hanging keys; chests of drawers; clothes hooks, not of metal; coat hangers; coat hooks, not of metal; coat stands; containers, not of metal, for dispensing industrial chemicals; cupboards; high chairs for babies; curtain rings; curtain rods; curtain rollers; curtain holders, not of textile material; curtain hooks; standing desks; containers, as well as lids and holders therefor, namely, plastic containers and covers sold as a unit to the fast food industry for made to order food products; non-metallic panels, namely, cedar panels for use as drawer liners; display stands and signage, not of metal, namely, printed vinyl signs, inflatable plastic signs; non-metal ladders, step stools and step ladders; letter boxes not of metal and masonry; playpens for babies; mats for infant playpens; mattresses; office furniture; pillows; racks, namely, coat racks, display racks; school furniture; deck chairs; non-metal step stools; non-metallic panels, namely, free-standing panel units for exhibitions, displays and partitioning; tables; tea trolleys; trays, not of metal, namely, furniture in the nature of tray tables; animal beds, namely, cat beds, dog beds; statues, figures, works of art and ornaments made of plastic, cork, reed, cane, wicker, shell, amber, mother-of pearl, meerschaum and substitutes for all these materials; decorations of plastic for foodstuffs.

Class 21

(6) Household and kitchen utensils and containers not of precious metal and coated therewith, namely, kitchen utensils for dispensing batter, kitchen utensil crocks, splatter screens, kitchen containers; hair combs and sponges, namely, scrub sponges, cleaning sponges, bath sponges; brushes, namely, hairbrushes, tooth brushes, cake brushes, nail brushes.

Class 24

(7) Textiles and textile goods, namely, textile wall hanging, coasters of textile, textile used as lining for clothing; bed covers; table covers, namely, table cloths not of paper, tablecloths of textile.

Class 25

(8) Clothing, namely casual clothing; belts; footwear, namely, shoes; headgear, namely, hats.

Class 28

(9) Toys and playthings, namely, bendable figurines, molded plastic toy figurines and plastic toy animals and accessories therefor; games and playthings, namely, board games, corn hole game boards, parlor games, electronic games for children, namely toys, play figures and games using electronic functions or with electronic features; toy figures; toy dioramas, namely, scale model figures, scale model buildings, scale model vehicles, toy model kit cars; gymnastic and sporting articles, namely, gymnastic rings, gymnastic uneven bars, balance beams for gymnastics, gymnastics springboards, pommel horses for gymnastics, benches for gymnastics use, gymnastic training stools, gymnastic parallel bars, gymnastic horizontal bars, gymnastic vaulting horses; decoration for Christmas trees except illumination articles and confectionery; playing cards.

Services**Class 40**

(1) Processing of plastics; molding of plastic materials; treatment of plastic surface materials and decoration by means of painting and forming; metalworking and metal forming.

Class 41

(2) Educational instruction, namely, providing classes, online courses of instruction, and seminars in the field of children's education, children's games, art; training services for children in the field of art, games and skills; entertainment services, namely, providing an on-line computer game for children; entertainment services, namely, providing online board and computer games for children; organizing community sporting and cultural events, namely hosting museum events as cultural events; publishing of books, music, digital video and audio recording publishing services in the field of children's education, children's games, and art; Entertainment service in the nature of live musical and theater performances.

Class 45

(3) Trading with and licensing, management and exploitation of industrial property rights, intellectual property and copyrights by granting of licenses to others for the use of industrial property rights and copyrights, especially for book, music, film, television and video licenses.

Services

Class 35

(1) Acquisition of business information in the nature of business management services relating to information and data compilation and analysis; business risk assessment; business project management for others; supply chain management services; procurement services for other businesses, namely procurement of contracts for the purchase and sale of the goods of others; purchasing management services in the nature of business management assistance; business management supervision; advice in business and organizational risk management; advertising services for the goods and services of others; business management; business administration; business organization and management advice; cost-benefit analysis; computer file management; public relations; marketing in the nature of marketing services consisting of evaluating markets for the goods and services of others; business intermediation services for business transactions for others in the field of the transport of people, the transport of goods, nuclear energy, the pharmaceutical and agri-food industries, and computer services; advisory services regarding business records management in the nature of the provision of operational business assistance to companies in the field of business records management; consulting in industrial management, including cost-performance analysis; compilation of information into computerized registries in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; data collection in the nature of the management and compilation of computerized databases; business planning assistance; database management; market research; business management planning in the nature of searching for industrial partners for others; computer data processing in the nature of computerized database management; collection and systemization of information in computer databases; systemization of data in a central file; data retrieval services in the nature of computerized database management; computerized management of a business and advertising database; management and compilation of data in computer databases; updating and

maintenance of data in computer databases; personnel recruitment; recruitment of temporary technical personnel; personnel placement and recruitment services; provision of business data in the nature of business information management; website traffic optimization; management of business transactions and contracts; administrative assistance in responding to calls for tenders; interim business management; negotiation of business contracts for the benefit of others; commercial intelligence services; information, advisory and consultancy services regarding all the aforesaid services.

Class 37

(2) Construction of buildings and facilities for electricity, nuclear and power generation, construction advice for buildings and facilities for electricity, nuclear and power generation; supervision [management] of construction work; construction supervision of civil engineering projects; demolition of buildings; installation and repair of electric apparatus in the nature of computer hardware, telecommunication hardware and infrastructure, namely telecommunication towers, fibre optic telecommunication networks, electrical networks, electric motors, power generation equipment, electrical stations, electrical batteries, electrical cabinets; waterproofing services for construction; construction, namely building insulating services; onsite management of construction projects; construction project management services [construction work]; repair of machines in the nature of the servicing, preventive and curative maintenance of heavy machinery, production lines, electrical batteries and electrical cabinets, roofs, facades and buildings; masonry; cleaning of buildings [housekeeping]; cleaning of buildings [exterior surfaces]; painting; wallpaper hanging; plastering; installation of doors and windows; repair of locks; roofing services; supervision of structural engineering work in the nature of civil and structural engineering works surveying; information, advisory and consultancy services regarding all the aforesaid services.

Class 41

(3) Education and training services in the fields of business management, computer hardware engineering, chemical engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; provision of education and training programs in the field of risk management; technical training in the field of natural and industrial risk management services; organization, conduct and presentation of seminars, workshops, classes, webinars, conferences, colloquia, online teaching and distance learning and training programs, training and education in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services, computers and office automation; provision of non-downloadable online electronic publications in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; publishing, in particular electronics, texts, namely training manuals, technical documentation, online books and periodicals; production of films, other than advertising films; desktop publishing; information, advisory and consultancy services regarding all the aforesaid services.

Class 42

(4) Aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; design and advice in aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical

engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; engineering project management services in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; assessment, estimates and research in the fields of science and technology rendered by engineers, namely development and testing of new products, new production lines and new processes for others, evaluation and tests for quality and environmental impact of consumer products of others and evaluation of the product design of others; technical assistance services, namely advice in the fields of the design and development of vehicles, vehicle batteries and parts, in the fields of automotive and rail transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, industry, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and development of computer hardware for telecommunications; computer technical support (advice) services in the insurance, banking, finance and tertiary sectors; mechanical engineering; civil engineering (engineering work); research and development in the field of computer software for monitoring industrial processes; research and development related to the design of production lines and new industrial processes; mechanical research; design and development of computers and software; research and development of new products for others; technical project studies and monitoring in the field of design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, engineering transport and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; development, design, installation, maintenance, updating and rental of software in the field of the design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; computer graphics services in the nature of computer graphics design services; graphic design; technical inspection and supervision of industrial facilities for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; feasibility study services related to software; feasibility study services related to design; conduct of technical feasibility studies; technical project studies regarding construction economics [construction costs]; computer-assisted design services relating to civil engineering and industrial drawing services; assessment of environmental risks in the nature of research in the field of environmental conservation and protection, environmental studies in the nature of research in the field of environmental conservation and protection, environmental study and monitoring services; environmental assessments in the nature of research in the field of environmental conservation and protection within structures in the field of civil engineering structures; integration of computer systems and networks; advisory services related to environmental safety, monitoring of events that affect the environment inside buildings in the nature of consulting services in environmental monitoring; research in the field of environmental preservation and protection; control services using computer systems for building structures, namely monitoring of the condition of building structures in order to maintain their structural safety; scientific risk assessment services for building structures; scientific risk assessment in industrial facilities of others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project

engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; cartography; design services related to cartography; professional planning and advice related to urban and commercial planning; research related to safety in the nature of research and development in the field of the safety of industrial facilities of others; urban planning; consulting services related to geographical planning; consulting services in the field of environmental planning; control services using computer systems for industrial processes in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; parameterization services for software, computers and computer systems; electronic storage of files, emails and documents in the nature of the provision of cloud computing for data storage; web hosting services via cloud computing; design and development of computer software for use as software as a-service (SaaS) and platform as a service [PaaS] in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; platform as a service [PaaS] offering a software platform for businesses to aggregate their financial, banking and business data; computer programming; computer consulting; scanning of documents; non-physical conversion of computer programs and data in the nature of conversion of physical data and documents into electronic media format; conversion of data or documents from physical to electronic media; recovery of computer data; industrial design services; industrial design; engineering drawing; computer-assisted graphic design; design of computer-simulated models; engineering services related to energy supply systems; certification services related to energy efficiency in buildings; advisory services related to energy efficiency; quality control, testing and certification in the nature of provision of quality control for the industrial processes of others, provision of testing for standard certification purposes for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; metallurgical analysis and testing; environmental exhaust emissions testing; environmental vibration testing; environmental noise pollution testing; research in the field of the reduction of carbon emissions; conduct of technical project studies and research related to the use of natural energy; testing, analysis and evaluation of goods and services of others for certification purposes; information, advisory and consultancy services regarding all the aforesaid services.

Class 45

(5) Health and safety risk assessments in the nature of occupational health and safety risk assessment services, health and safety risk management in the nature of regulatory compliance advice in the field of hazard identification and risk assessments, security services for the protection of tangible property and individuals, consulting related to security for the protection of tangible property and individuals; security inspection services for others; security services for the protection of property and individuals; consulting related to workplace safety regulations; legal monitoring services; legal advice for responding to calls for tenders; information related to workplace safety; safety inspection services for the benefit of others; information, advisory and consultancy services regarding all the aforesaid services.

computerized database management; computerized management of a business and advertising database; management and compilation of data in computer databases; updating and maintenance of data in computer databases; personnel recruitment; recruitment of temporary technical personnel; personnel placement and recruitment services; provision of business data in the nature of business information management; website traffic optimization; management of business transactions and contracts; administrative assistance in responding to calls for tenders; interim business management; negotiation of business contracts for the benefit of others; commercial intelligence services; information, advisory and consultancy services regarding all the aforesaid services.

Class 37

(2) Construction of buildings and facilities for electricity, nuclear and power generation, construction advice for buildings and facilities for electricity, nuclear and power generation; supervision [management] of construction work; construction supervision of civil engineering projects; demolition of buildings; installation and repair of electric apparatus in the nature of computer hardware, telecommunication hardware and infrastructure, namely telecommunication towers, fibre optic telecommunication networks, electrical networks, electric motors, power generation equipment, electrical stations, electrical batteries, electrical cabinets; waterproofing services for construction; construction, namely building insulating services; onsite management of construction projects; construction project management services [construction work]; repair of machines in the nature of the servicing, preventive and curative maintenance of heavy machinery, production lines, electrical batteries and electrical cabinets, roofs, facades and buildings; masonry; cleaning of buildings [housekeeping]; cleaning of buildings [exterior surfaces]; painting; wallpaper hanging; plastering; installation of doors and windows; repair of locks; roofing services; supervision of structural engineering work in the nature of civil and structural engineering works surveying; information, advisory and consultancy services regarding all the aforesaid services.

Class 41

(3) Education and training services in the fields of business management, computer hardware engineering, chemical engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; provision of education and training programs in the field of risk management; technical training in the field of natural and industrial risk management services; organization, conduct and presentation of seminars, workshops, classes, webinars, conferences, colloquia, online teaching and distance learning and training programs, training and education in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services, computers and office automation; provision of non-downloadable online electronic publications in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; publishing, in particular electronics, texts, namely training manuals, technical documentation, online books and periodicals; production of films, other than advertising films; desktop publishing; information, advisory and consultancy services regarding all the aforesaid services.

Class 42

(4) Aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services;

design and advice in aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; engineering project management services in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; assessment, estimates and research in the fields of science and technology rendered by engineers, namely development and testing of new products, new production lines and new processes for others, evaluation and tests for quality and environmental impact of consumer products of others and evaluation of the product design of others; technical assistance services, namely advice in the fields of the design and development of vehicles, vehicle batteries and parts, in the fields of automotive and rail transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, industry, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and development of computer hardware for telecommunications; computer technical support (advice) services in the insurance, banking, finance and tertiary sectors; mechanical engineering; civil engineering (engineering work); research and development in the field of computer software for monitoring industrial processes; research and development related to the design of production lines and new industrial processes; mechanical research; design and development of computers and software; research and development of new products for others; technical project studies and monitoring in the field of design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, engineering transport and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; development, design, installation, maintenance, updating and rental of software in the field of the design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; computer graphics services in the nature of computer graphics design services; graphic design; technical inspection and supervision of industrial facilities for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; feasibility study services related to software; feasibility study services related to design; conduct of technical feasibility studies; technical project studies regarding construction economics [construction costs]; computer-assisted design services relating to civil engineering and industrial drawing services; assessment of environmental risks in the nature of research in the field of environmental conservation and protection, environmental studies in the nature of research in the field of environmental conservation and protection, environmental study and monitoring services; environmental assessments in the nature of research in the field of environmental conservation and protection within structures in the field of civil engineering structures; integration of computer systems and networks; advisory services related to environmental safety, monitoring of events that affect the environment inside buildings in the nature of consulting services in environmental monitoring; research in the field of environmental preservation and protection; control services using computer systems for building structures, namely monitoring of the condition of building structures in order to maintain their structural safety; scientific risk assessment services for building structures; scientific

risk assessment in industrial facilities of others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; cartography; design services related to cartography; professional planning and advice related to urban and commercial planning; research related to safety in the nature of research and development in the field of the safety of industrial facilities of others; urban planning; consulting services related to geographical planning; consulting services in the field of environmental planning; control services using computer systems for industrial processes in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; parameterization services for software, computers and computer systems; electronic storage of files, emails and documents in the nature of the provision of cloud computing for data storage; web hosting services via cloud computing; design and development of computer software for use as software as a-service (SaaS) and platform as a service [PaaS] in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; platform as a service [PaaS] offering a software platform for businesses to aggregate their financial, banking and business data; computer programming; computer consulting; scanning of documents; non-physical conversion of computer programs and data in the nature of conversion of physical data and documents into electronic media format; conversion of data or documents from physical to electronic media; recovery of computer data; industrial design services; industrial design; engineering drawing; computer-assisted graphic design; design of computer-simulated models; engineering services related to energy supply systems; certification services related to energy efficiency in buildings; advisory services related to energy efficiency; quality control, testing and certification in the nature of provision of quality control for the industrial processes of others, provision of testing for standard certification purposes for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; metallurgical analysis and testing; environmental exhaust emissions testing; environmental vibration testing; environmental noise pollution testing; research in the field of the reduction of carbon emissions; conduct of technical project studies and research related to the use of natural energy; testing, analysis and evaluation of goods and services of others for certification purposes; information, advisory and consultancy services regarding all the aforesaid services.

Class 45

(5) Health and safety risk assessments in the nature of occupational health and safety risk assessment services, health and safety risk management in the nature of regulatory compliance advice in the field of hazard identification and risk assessments, security services for the protection of tangible property and individuals, consulting related to security for the protection of tangible property and individuals; security inspection services for others; security services for the protection of property and individuals; consulting related to workplace safety regulations; legal monitoring services; legal advice for responding to calls for tenders; information related to workplace safety; safety inspection services for the benefit of others; information, advisory and consultancy services regarding all the aforesaid services.

Class 35

(1) Acquisition of business information in the nature of business management services relating to information and data compilation and analysis; business risk assessment; business project management for others; supply chain management services; procurement services for other businesses, namely procurement of contracts for the purchase and sale of the goods of others; purchasing management services in the nature of business management assistance; business management supervision; advice in business and organizational risk management; advertising services for the goods and services of others; business management; business administration; business organization and management advice; cost-benefit analysis; computer file management; public relations; marketing in the nature of marketing services consisting of evaluating markets for the goods and services of others; business intermediation services for business transactions for others in the field of the transport of people, the transport of goods, nuclear energy, the pharmaceutical and agri-food industries, and computer services; advisory services regarding business records management in the nature of the provision of operational business assistance to companies in the field of business records management; consulting in industrial management,

including cost-performance analysis; compilation of information into computerized registries in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; data collection in the nature of the management and compilation of computerized databases; business planning assistance; database management; market research; business management planning in the nature of searching for industrial partners for others; computer data processing in the nature of computerized database management; collection and systemization of information in computer databases; systemization of data in a central file; data retrieval services in the nature of computerized database management; computerized management of a business and advertising database; management and compilation of data in computer databases; updating and maintenance of data in computer databases; personnel recruitment; recruitment of temporary technical personnel; personnel placement and recruitment services; provision of business data in the nature of business information management; website traffic optimization; management of business transactions and contracts; administrative assistance in responding to calls for tenders; interim business management; negotiation of business contracts for the benefit of others; commercial intelligence services; information, advisory and consultancy services regarding all the aforesaid services.

Class 37

(2) Construction of buildings and facilities for electricity, nuclear and power generation, construction advice for buildings and facilities for electricity, nuclear and power generation; supervision [management] of construction work; construction supervision of civil engineering projects; demolition of buildings; installation and repair of electric apparatus in the nature of computer hardware, telecommunication hardware and infrastructure, namely telecommunication towers, fibre optic telecommunication networks, electrical networks, electric motors, power generation equipment, electrical stations, electrical batteries, electrical cabinets; waterproofing services for construction; construction, namely building insulating services; onsite management of construction projects; construction project management services [construction work]; repair of machines in the nature of the servicing, preventive and curative maintenance of heavy machinery, production lines, electrical batteries and electrical cabinets, roofs, facades and buildings; masonry; cleaning of buildings [housekeeping]; cleaning of buildings [exterior surfaces]; painting; wallpaper hanging; plastering; installation of doors and windows; repair of locks; roofing services; supervision of structural engineering work in the nature of civil and structural engineering works surveying; information, advisory and consultancy services regarding all the aforesaid services.

Class 41

(3) Education and training services in the fields of business management, computer hardware engineering, chemical engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; provision of education and training programs in the field of risk management; technical training in the field of natural and industrial risk management services; organization, conduct and presentation of seminars, workshops, classes, webinars, conferences, colloquia, online teaching and distance learning and training programs, training and education in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services, computers and office automation; provision of non-downloadable online electronic publications in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering,

mechanical engineering, environmental engineering services and structural engineering services; publishing, in particular electronics, texts, namely training manuals, technical documentation, online books and periodicals; production of films, other than advertising films; desktop publishing; information, advisory and consultancy services regarding all the aforesaid services.

Class 42

(4) Aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; design and advice in aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; engineering project management services in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; assessment, estimates and research in the fields of science and technology rendered by engineers, namely development and testing of new products, new production lines and new processes for others, evaluation and tests for quality and environmental impact of consumer products of others and evaluation of the product design of others; technical assistance services, namely advice in the fields of the design and development of vehicles, vehicle batteries and parts, in the fields of automotive and rail transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, industry, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and development of computer hardware for telecommunications; computer technical support (advice) services in the insurance, banking, finance and tertiary sectors; mechanical engineering; civil engineering (engineering work); research and development in the field of computer software for monitoring industrial processes; research and development related to the design of production lines and new industrial processes; mechanical research; design and development of computers and software; research and development of new products for others; technical project studies and monitoring in the field of design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, engineering transport and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; development, design, installation, maintenance, updating and rental of software in the field of the design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; computer graphics services in the nature of computer graphics design services; graphic design; technical inspection and supervision of industrial facilities for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; feasibility study services related to software; feasibility study services related to design; conduct of technical feasibility studies; technical project studies regarding construction economics [construction costs]; computer-assisted design services relating to civil engineering and industrial drawing services; assessment of environmental risks in the nature of research in the field of environmental conservation and

protection, environmental studies in the nature of research in the field of environmental conservation and protection, environmental study and monitoring services; environmental assessments in the nature of research in the field of environmental conservation and protection within structures in the field of civil engineering structures; integration of computer systems and networks; advisory services related to environmental safety, monitoring of events that affect the environment inside buildings in the nature of consulting services in environmental monitoring; research in the field of environmental preservation and protection; control services using computer systems for building structures, namely monitoring of the condition of building structures in order to maintain their structural safety; scientific risk assessment services for building structures; scientific risk assessment in industrial facilities of others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; cartography; design services related to cartography; professional planning and advice related to urban and commercial planning; research related to safety in the nature of research and development in the field of the safety of industrial facilities of others; urban planning; consulting services related to geographical planning; consulting services in the field of environmental planning; control services using computer systems for industrial processes in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; parameterization services for software, computers and computer systems; electronic storage of files, emails and documents in the nature of the provision of cloud computing for data storage; web hosting services via cloud computing; design and development of computer software for use as software as a-service (SaaS) and platform as a service [PaaS] in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; platform as a service [PaaS] offering a software platform for businesses to aggregate their financial, banking and business data; computer programming; computer consulting; scanning of documents; non-physical conversion of computer programs and data in the nature of conversion of physical data and documents into electronic media format; conversion of data or documents from physical to electronic media; recovery of computer data; industrial design services; industrial design; engineering drawing; computer-assisted graphic design; design of computer-simulated models; engineering services related to energy supply systems; certification services related to energy efficiency in buildings; advisory services related to energy efficiency; quality control, testing and certification in the nature of provision of quality control for the industrial processes of others, provision of testing for standard certification purposes for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; metallurgical analysis and testing; environmental exhaust emissions testing; environmental vibration testing; environmental noise pollution testing; research in the field of the reduction of carbon emissions; conduct of technical project studies and research related to the use of natural energy; testing, analysis and evaluation of goods and services of others for certification purposes; information, advisory and consultancy services regarding all the aforesaid services.

Class 45

(5) Health and safety risk assessments in the nature of occupational health and safety risk assessment services, health and safety risk management in the nature of regulatory compliance

advice in the field of hazard identification and risk assessments, security services for the protection of tangible property and individuals, consulting related to security for the protection of tangible property and individuals; security inspection services for others; security services for the protection of property and individuals; consulting related to workplace safety regulations; legal monitoring services; legal advice for responding to calls for tenders; information related to workplace safety; safety inspection services for the benefit of others; information, advisory and consultancy services regarding all the aforesaid services.

Services

Class 35

(1) Acquisition of business information in the nature of business management services relating to information and data compilation and analysis; business risk assessment; business project management for others; supply chain management services; procurement services for other businesses, namely procurement of contracts for the purchase and sale of the goods of others; purchasing management services in the nature of business management assistance; business management supervision; advice in business and organizational risk management; advertising services for the goods and services of others; business management; business administration; business organization and management advice; cost-benefit analysis; computer file management; public relations; marketing in the nature of marketing services consisting of evaluating markets for the goods and services of others; business intermediation services for business transactions for others in the field of the transport of people, the transport of goods, nuclear energy, the pharmaceutical and agri-food industries, and computer services; advisory services regarding business records management in the nature of the provision of operational business assistance to companies in the field of business records management; consulting in industrial management,

including cost-performance analysis; compilation of information into computerized registries in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; data collection in the nature of the management and compilation of computerized databases; business planning assistance; database management; market research; business management planning in the nature of searching for industrial partners for others; computer data processing in the nature of computerized database management; collection and systemization of information in computer databases; systemization of data in a central file; data retrieval services in the nature of computerized database management; computerized management of a business and advertising database; management and compilation of data in computer databases; updating and maintenance of data in computer databases; personnel recruitment; recruitment of temporary technical personnel; personnel placement and recruitment services; provision of business data in the nature of business information management; website traffic optimization; management of business transactions and contracts; administrative assistance in responding to calls for tenders; interim business management; negotiation of business contracts for the benefit of others; commercial intelligence services; information, advisory and consultancy services regarding all the aforesaid services.

Class 37

(2) Construction of buildings and facilities for electricity, nuclear and power generation, construction advice for buildings and facilities for electricity, nuclear and power generation; supervision [management] of construction work; construction supervision of civil engineering projects; demolition of buildings; installation and repair of electric apparatus in the nature of computer hardware, telecommunication hardware and infrastructure, namely telecommunication towers, fibre optic telecommunication networks, electrical networks, electric motors, power generation equipment, electrical stations, electrical batteries, electrical cabinets; waterproofing services for construction; construction, namely building insulating services; onsite management of construction projects; construction project management services [construction work]; repair of machines in the nature of the servicing, preventive and curative maintenance of heavy machinery, production lines, electrical batteries and electrical cabinets, roofs, facades and buildings; masonry; cleaning of buildings [housekeeping]; cleaning of buildings [exterior surfaces]; painting; wallpaper hanging; plastering; installation of doors and windows; repair of locks; roofing services; supervision of structural engineering work in the nature of civil and structural engineering works surveying; information, advisory and consultancy services regarding all the aforesaid services.

Class 41

(3) Education and training services in the fields of business management, computer hardware engineering, chemical engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; provision of education and training programs in the field of risk management; technical training in the field of natural and industrial risk management services; organization, conduct and presentation of seminars, workshops, classes, webinars, conferences, colloquia, online teaching and distance learning and training programs, training and education in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services, computers and office automation; provision of non-downloadable online electronic publications in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering,

mechanical engineering, environmental engineering services and structural engineering services; publishing, in particular electronics, texts, namely training manuals, technical documentation, online books and periodicals; production of films, other than advertising films; desktop publishing; information, advisory and consultancy services regarding all the aforesaid services.

Class 42

(4) Aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; design and advice in aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, nuclear engineering, mechanical engineering, environmental engineering services and structural engineering services; engineering project management services in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; assessment, estimates and research in the fields of science and technology rendered by engineers, namely development and testing of new products, new production lines and new processes for others, evaluation and tests for quality and environmental impact of consumer products of others and evaluation of the product design of others; technical assistance services, namely advice in the fields of the design and development of vehicles, vehicle batteries and parts, in the fields of automotive and rail transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, industry, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and development of computer hardware for telecommunications; computer technical support (advice) services in the insurance, banking, finance and tertiary sectors; mechanical engineering; civil engineering (engineering work); research and development in the field of computer software for monitoring industrial processes; research and development related to the design of production lines and new industrial processes; mechanical research; design and development of computers and software; research and development of new products for others; technical project studies and monitoring in the field of design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, engineering transport and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; development, design, installation, maintenance, updating and rental of software in the field of the design and development of vehicles, vehicle batteries and parts for automotive transport, railway transport, aeronautical engineering, civil engineering, transport engineering and transport facility design, chemistry, research and development of pharmaceuticals and industrial products, research and development in the fields of agri-food, information technology and computer hardware for telecommunications; computer graphics services in the nature of computer graphics design services; graphic design; technical inspection and supervision of industrial facilities for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; feasibility study services related to software; feasibility study services related to design; conduct of technical feasibility studies; technical project studies regarding construction economics [construction costs]; computer-assisted design services relating to civil engineering and industrial drawing services; assessment of environmental risks in the nature of research in the field of environmental conservation and

protection, environmental studies in the nature of research in the field of environmental conservation and protection, environmental study and monitoring services; environmental assessments in the nature of research in the field of environmental conservation and protection within structures in the field of civil engineering structures; integration of computer systems and networks; advisory services related to environmental safety, monitoring of events that affect the environment inside buildings in the nature of consulting services in environmental monitoring; research in the field of environmental preservation and protection; control services using computer systems for building structures, namely monitoring of the condition of building structures in order to maintain their structural safety; scientific risk assessment services for building structures; scientific risk assessment in industrial facilities of others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; cartography; design services related to cartography; professional planning and advice related to urban and commercial planning; research related to safety in the nature of research and development in the field of the safety of industrial facilities of others; urban planning; consulting services related to geographical planning; consulting services in the field of environmental planning; control services using computer systems for industrial processes in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; parameterization services for software, computers and computer systems; electronic storage of files, emails and documents in the nature of the provision of cloud computing for data storage; web hosting services via cloud computing; design and development of computer software for use as software as a-service (SaaS) and platform as a service [PaaS] in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; platform as a service [PaaS] offering a software platform for businesses to aggregate their financial, banking and business data; computer programming; computer consulting; scanning of documents; non-physical conversion of computer programs and data in the nature of conversion of physical data and documents into electronic media format; conversion of data or documents from physical to electronic media; recovery of computer data; industrial design services; industrial design; engineering drawing; computer-assisted graphic design; design of computer-simulated models; engineering services related to energy supply systems; certification services related to energy efficiency in buildings; advisory services related to energy efficiency; quality control, testing and certification in the nature of provision of quality control for the industrial processes of others, provision of testing for standard certification purposes for others in the fields of aerospace engineering, chemical engineering, computer hardware engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, environmental engineering services and structural engineering services; metallurgical analysis and testing; environmental exhaust emissions testing; environmental vibration testing; environmental noise pollution testing; research in the field of the reduction of carbon emissions; conduct of technical project studies and research related to the use of natural energy; testing, analysis and evaluation of goods and services of others for certification purposes; information, advisory and consultancy services regarding all the aforesaid services.

Class 45

(5) Health and safety risk assessments in the nature of occupational health and safety risk assessment services, health and safety risk management in the nature of regulatory compliance

advice in the field of hazard identification and risk assessments, security services for the protection of tangible property and individuals, consulting related to security for the protection of tangible property and individuals; security inspection services for others; security services for the protection of property and individuals; consulting related to workplace safety regulations; legal monitoring services; legal advice for responding to calls for tenders; information related to workplace safety; safety inspection services for the benefit of others; information, advisory and consultancy services regarding all the aforesaid services.

Goods

Class 21

(1) beverage glassware; shot glasses; cups and mugs; water bottles

Class 24

(2) beach towels; bath towels

Class 25

(3) casual clothing; athletic clothing; children's clothing; loungewear; outdoor winter clothing; tank tops; t-shirts; sweaters; baseball caps; hats; toques

Class 28

(4) tabletop games; stuffed toys

Services

Class 35

(1) retail convenience and grocery store services; retail store services featuring baked goods; retail sales of alcoholic beverages; retail store services featuring giftware, namely, beverage glassware, shot glasses, mugs and cups, water bottles, decorative stained glass, toys, tabletop games, tote bags, clothing, baseball caps, hats, toques, towels and novelty items; business centre services provided by a resort to provide customer access to a workspace and office equipment

Class 37

(2) on-site servicing of recreational vehicles in the nature of waste water and sewage removal

Class 39

(3) recreational vehicle (RV) parking and storage services; physical relocation services for recreational vehicles belonging to others

Class 41

(4) guided outdoor recreational tour services, namely, arranging and conducting horseback riding tours; providing entertainment in the nature of outdoor recreational facilities that feature swimming pools, hot tubs, horseback riding facilities, petting zoos, play and climbing facilities for children and youth, sports fields, sports playing courts, an outdoor amphitheatre, all terrain vehicle staging areas, snowmobile staging areas, ice skating rinks, cross country skiing trails, hiking trails and bicycle trails; holiday camp amusement and activity centre services for children and youth; library services

Class 43

(5) operation of a camping facility that provides tenting and recreational vehicle (RV) park resort services and resort lodging services that include rental of vacation cabins; providing conference room facilities, kitchen facilities and audio-visual presentation facilities for conducting workshops, seminars and meetings for corporate events; providing banquet and social function facilities for special occasions; restaurant services; take-out food services; food catering services; café and bar services; eat-in and take-out ice cream parlor services; custom made-to-order cake preparation and decorating services

Trademark Description

The trademark consists of the wording "Bottega marinara" (which literally translates into "maritime workshop") in white, inserted in a blue hexagonal shield with smooth angles and a white frame. In said shield, three stylized fishes are horizontally aligned above the mentioned wording. While the central fish is white, the outer two are yellow. Below the mentioned wording there is the phrasing "pescato d'amare" (which literally translates into "fishery to be loved"), in between two stylized ropes in white.

Colour Claim

Colour is claimed as a feature of the trademark. The hexagonal shield is in the colour blue. The frame around the shield is the colour white with a blue frame. The wording "Bottega marinara", "pescato d'amare" and the two stylized ropes are in the colour white. The two outer fish designs at the tope of the shield are in the colour yellow. The central fish is white.

Foreign Character Translation

The translation provided by the applicant of the foreign word(s) is MARITIME WORKSHOP FISHERY TO BE LOVED.

Goods

Class 29

(1) Fish; fish, preserved; smoked fish; fish, tinned [canned (am.)]; fish croquettes; fish fillets; fish jellies; fish mousses; pickled fish; tinned fish (not live); tuna, not live; fish roe, prepared; pre-packaged meals consisting predominantly of fish; fish and chips; salted fish; salmon, not live; pre-packaged meals consisting predominantly of meat, fish, poultry and vegetables; frozen meals consisting predominantly of meat, fish, poultry and vegetables; prepared meals consisting predominantly of meat, fish, poultry and vegetables; main meals consisting primarily of meat, fish,

poultry and vegetables; salted meats; meat; sliced meat; sliced meat; frozen meat; preserved meat; pork; beef; veal; fried meat; minced meat; prepared meat; dried meat; reformed meats; minced meat; packaged meat; canned meat; meat extracts; meat pastes; poultry, not live; meat balls; prepared beef; canned cooked meat; canned pork; dried beef; minced preserved meat; meat, fish, poultry and game; pre-cooked tinned meat; dried beef; extracts of poultry; meat-based mousses; meat-based spreads; meat-based appetisers; canned pork and beans; mashed potato; pre-packaged meals consisting predominantly of meat; processed potatoes; ready meals consisting predominantly of meat substitutes; vegetable chips; vegetable salads; vegetable puree; frozen vegetables; grilled vegetables; pickled vegetables; vegetables preserved in oil; jarred vegetables; cut vegetables; processed legumes; pre-cut vegetable salads; vegetable-based spreads; vegetable-based entrees; vegetable-based snack foods; vegetable-based meat substitutes; vegetable-based meat substitutes; canned sliced vegetables; pre-cut vegetables for salads; vegetable soup preparations; preserved, frozen, dried and canned cooked fruits and vegetables; canned soups; canned pulses; canned beans; canned cooked meat, canned cooked vegetables; ready cooked meals consisting wholly and substantially wholly of poultry; ready cooked meals consisting wholly and substantially wholly of game; ready cooked meals consisting wholly and substantially wholly of meat

Class 30

(2) prepackaged lunches consisting of rice, with added meat, fish and vegetables; fish dumplings; pies containing fish; fish sauce; fish flavourings; sandwiches containing fish; fish sandwiches; fish sandwiches; pastries consisting of vegetables and fish; fish ravioli; meat pies; meat gravies; meat gravies; game and poultry pies; sauce mixtures based on meat juices for cooking; prepackaged lunches consisting of rice, with added meat, fish and vegetables; pasta-based prepared meals; pasta salad; pasta salads; fresh pasta; dried pasta; farinaceous food pastes; meals consisting predominantly of pasta and rice; frozen meals consisting predominantly of pasta and rice; prepared meals consisting predominantly of pasta and rice; pasta sauce; main meals consisting predominantly of pasta and rice; canned pasta foods; sponge cake; dessert mousse; lamb pies; pies containing ground corned beef; vegetable paste sauces

Services

Class 35

Retail and wholesale services, including online, of foodstuffs; retail and wholesale services, including online, of preserved fish, smoked fish, fish preserves, processed fish products for human consumption, fish in brine, frozen meals consisting mainly of meat, fish, poultry and vegetables, salted foods, frozen meat, meat, preserved, processed meat, tinned meat, meat extracts, corned beef, extracts of poultry, pies containing minced corned beef and potatoes, frozen vegetables, pickled vegetables, vegetables preserved in oil, vegetables in jars, processed legumes, fruits and vegetables (preserved, frozen food, dried and cooked), tinned sliced vegetables, pre-cut vegetables for salads, vegetable soup preparations, meat gravies, meat gravies, canned sauces, desserts, mousse, being desserts, frozen meals consisting primarily of pasta and rice; retail and wholesale services, including online, of fish mousses, marinated fish, tuna (fish, not live), prepared fish roe, pre-packaged meals consisting primarily of fish, fried fish with chips, ready-made meals consisting primarily of meat, fish, poultry and vegetables, ready-to-eat meals predominantly consisting of meat, fish, poultry and vegetables, fried meat, prepared meat, dried meat, packaged meat, prepared beef, canned cooked meat, canned cooked meat, canned pork, dried beef, pre-cooked tinned meat, dried beef, meat-based spreads, meat snacks, canned pork and beans, pre-packaged meals consisting primarily of meat, prepared meals consisting predominantly of meat substitutes, vegetable crisps, grilled vegetables, vegetable-based spreads, vegetable-based main

meals, snack foods based on vegetables, canned soups, canned legumes, canned beans, canned cooked meat, vegetables, cooked, ready cooked meals consisting wholly and substantially wholly of poultry, ready cooked meals consisting wholly and substantially wholly of game, cooked dishes consisting wholly or principally of meat, prepackaged lunches consisting of rice with meat, fish or vegetables, fish sandwiches, fish sandwiches, fish sandwiches, prepackaged lunches consisting of rice with meat, fish and vegetables, cooked dishes based on pastry, pasta salad, pasta salad, ready-made meals consisting primarily of pasta and rice, prepared meals consisting primarily of pasta and rice, canned pasta foods, main courses consisting primarily of meat, fish, poultry and vegetables, main meals consisting primarily of pasta and rice; advertising the goods and services of others; advertising via electronic media, online, the goods and services of others

Goods

Class 09

(1) Software programs for video games; computer gaming software; games software namely downloadable and recorded software programs for mobile phones, video game consoles, personal computers, handheld computers, namely, software for playing video games; electronic games software; virtual reality game software; computer game software for use on mobile phones; computer game software downloadable from a global computer network; computer games programs recorded on tapes [software]; computer games programmes downloaded via the internet [software]; computer hardware; software drivers, namely, downloadable application programming interface (API) software; downloadable and recorded interactive software for playing computer games; interactive video software, namely, downloadable interactive software for editing videos; computer programs for video and computer games; computer graphics software namely downloadable image files containing landscapes, characters, concept art, videogame stories, motion pictures, downloadable movies featuring videogames provided via a video-on-demand service or live streaming, and downloadable music files and musical sound recordings; video game discs; computer and video games; programmed video games contained on cartridges [software]; memory cards for video game; computer software downloaded from the internet namely downloadable software for optical character recognition; computer software for creating 3d virtual reality plans, models, and technical specifications for use in construction and architectural design; downloadable digital music provided from the Internet; downloadable computer graphics; graphical user interface software; software for processing images, graphics and text; printed circuit boards for video game machines; memory cards for video game machines; encoded magnetic cards being magnetically encoded key cards, gift cards and charge cards; downloadable pictures, motion pictures, movies, music, and sound recordings; electronic publications, namely, downloadable books, magazines, newsletters in the field of computer games; downloadable data files for computer games; decorative magnets; cell phone covers; sleeves for laptops; downloadable animated cartoons; digital signs namely electronic digital signboards, namely, luminous signs and

neon signs; signs, luminous; mechanical signs; computer mouses; computer keyboards; cinematographic films, exposed slide films; slide film mounts; digital cameras; camcorders; computers; spectacle cases; card reading equipment; humanoid robots with artificial intelligence; smartphones in the shape of a watch; blank compact discs; video game cartridges; compact discs featuring music; batteries, electric for cellular phones, consoles and personal computers; cinematographic film, exposed; simulators for the steering and control of vehicles; electric and electronic effects units for musical instruments; electronic circuits and CDROMs recorded with automatic performance programs for electronic musical instruments; downloadable virtual reality software for playing video games; downloadable augmented reality software for playing video games; augmented reality software for simulation, namely, downloadable augmented reality training simulation software in the field of pilot training; virtual reality computer hardware; augmented reality computer hardware; augmented reality game software; downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments; downloadable speech recognition software; downloadable gesture recognition software; augmented reality software for use in mobile devices for integrating electronic data with real world environments; speech recognition software; gesture recognition software; software for optical character recognition; 3D computer graphics software for graphic designing and editing; smartglasses; interactive computer terminals for playing games; interactive video apparatus being interactive touch screen terminals; interactive graphics video screens; data gloves for wireless interaction with a computer or remote device; virtual reality headsets; virtual reality models, namely, downloadable application software for virtual environments, architectural visualization, and virtual reality content for cinematic experiences; virtual reality glasses; head mounted augmented reality displays; liquid crystal display screens; interactive graphics video screens; tactile screens [electronic]; spectacles; 3D spectacles.

Class 16

(2) Printed matter and paper goods namely comic magazines; comic books and picture books; books; books for children; books in the field of activities; colouring books; albums, namely, collectible albums to store and showcase collectible cards, discs, and other board game-related items, namely, character cards, achievement tokens, stickers and art prints, sticker albums, autograph albums and scrapbook albums; stickers [stationery]; greeting cards; trading cards; note books; stationery folders; note pads; book bindings and bookmarkers; paper stationery; writing paper; envelopes; note cards; postcards; diaries; printed patterns for costumes; festive goods made from paper, namely gift-wrapping paper; paper doilies; crêpe paper; paper invitations; paper cake decorations; tablemats of paper; paper runners and paper tablecloths; printed business documents namely business forms; cardboard; advertising signs of paper; advertising flyers; advertising leaflets; advertising guides; magazines [periodicals]; calendars; posters; postcards; stationery agendas; photography albums; albums for trading cards; card binders [stationery]; document file folders; maps; bookbinding apparatus, namely, book covers, crack-and-peel binding paper, reinforcement strips, peel-and-stick labels, stapler and staples; printed paper labels; photographs [printed]; rubber erasers; pens; ball pens; pencils and other writing utensils; pencil sharpeners; pencil boxes; bags made of plastics for packaging; printing type; printing blocks; paper sacks; towels of paper; table napkins of paper; handkerchiefs of paper; banners of paper; flags of paper; postage stamps, stamping stamp pad; sketchbooks; pictures (paintings); writing stationery; paper stationery; photograph stands; document covers, book covers, notebook covers and packaging covers, namely, covers designed for limited and collector's editions of table top games, which feature premium materials, holographic prints, and embossed designs; adhesive tapes for stationery purposes; blueprints; paintings [pictures], framed or unframed; passport holders; writing or drawing books; stencils [stationery].

Class 28

(3) Toys and games products, namely, fantasy character action figures and play sets for action figures, toy environments for use with action figures being play sets for action figures; plush dolls; jointed figurines being toys; puppets; party balloons; play balloons; toy balloons; table-top games; jigsaw puzzles; playing cards; toy scale model kits; action skill games; handheld electronic games; video game machines; video game machine cases; apparatus for games, namely, video game joysticks and video game consoles; coin-operated or non coin-operated amusement machines; coin-operated or non coin-operated amusement game machines; board games; video game controllers; electronic games being arcade-type electronic video games; dolls; slot machines [gaming machines]; toy action figurines; toy robots; hand-held consoles for playing video games; hand-held electronic video games; musical games being board games featuring musical toys; musical toys; free-standing video games apparatus being arcade video game machines; arcade video game machines being arcade video game machines; toys masks; toy prism glasses; flying discs [toys]; toy figures; carnival masks; theatrical masks; toy models; plush toys.

Services**Class 35**

(1) Marketing consulting services; advertising agency services; promotion services namely promoting the goods and services of others; sales promotion services for other in the field of video games and equipment by means of privileged user cards; business advice and consultancy relating to franchising; merchandising, namely, electronic commerce services, namely, providing on-line retail relating sales services to computer software, games, and clothing, providing online retail sales services relating to computer software, providing online retail sales services relating to video games software, providing online retail sales services relating to computer games software, providing online retail sales services relating to clothing and providing online retail sales services relating to footwear; business management, organisation and administration of commercial affairs; office functions namely providing office functions for others namely business administration consultancy, secretarial services, receptionist services, photocopying services, invoicing services; online retail, retail, wholesale, and mail order catalogue services featuring video game consoles, video game controllers, virtual reality headsets, gaming monitors, audio headsets for gaming, video game recording devices, namely, hardware used to capture and record video gameplay footage, video game cameras, and other audiovisual apparatus and instruments for gaming, namely, soundbars, streaming webcams, microphones for gaming and streaming, lighting equipment; online retail, retail, wholesale, and mail order catalogue services featuring pre-recorded and digital software available in downloadable and streamable form, namely, video games, video game expansion packs, game soundtracks and music, video game-related movies, series, or documentaries, e-books, guides and artbooks, blank digital or analogue media for recording and storage, namely, CDs, DVDs, and Blu-ray discs, USB flash drives, external hard drives, memory cards and cloud storage services for games; online retail, retail, wholesale, and mail order catalogue services featuring computers, peripheral devices for use with computers, namely, keyboards, monitors, external hard drives, mice, graphic tablets, controllers, webcams, microphones, speakers, headphones; Online retail, retail, wholesale, and mail order catalogue services featuring: paper and cardboard, printed matter, bookbinding material, photographs, and stationery; Online retail, retail, wholesale, and mail order catalogue services featuring adhesives for stationery or household purposes, drawing materials and artists' materials, paint brushes; online retail, retail, wholesale, and mail order catalogue services featuring games and playthings, namely, action figures, board games and toys, video game apparatus, namely, gaming controllers, augmented reality glasses, virtual reality headsets and accessories, gymnastic and sporting articles; online retail, retail, wholesale, and mail order catalogue services featuring educational and

instructional materials, namely, E-books and downloadable guides, online courses and tutorials, educational software and applications in the field of video games, workbooks and activity sheets, coloring books, puzzle books, handwriting practice sheets, films and bags of plastic for packaging and wrapping, printers' type, printing blocks; organization of events, exhibitions, fairs and shows for commercial, promotional and advertising purposes in the field of video games; layout services for advertising purposes.

Class 38

(2) Telecommunication services, namely, providing access to a global computer network; television broadcasting; hosting a website portal for users to share texts, drawings and images and the transmission of information, sound and video clips, all in the field of video games; transmission of radio and television programmes for others.

Class 41

(3) Publishing services, namely, publishing of books, e-books, audiobooks and magazines; publishing services, namely, multimedia publishing of books, magazines, journals, software, games, music, and electronic publications; production of television programs; production of entertainment in the form of a television series; film production services; arranging and conducting fairs for cultural and educational purposes in the field of video games; amusement park services; production of television and live comedy shows; production and creation of animated cartoons; entertainment services, namely, organisation of e-sport tournaments, videogame competitions and virtual reality experiences; computer and video game amusement services, namely, providing online gaming, online game streaming and online gaming tournaments; amusement arcades; organization of educational competitions in the field of video gaming; organising of esports competitions; rental of musical recordings in the form of records, compact discs and pre-recorded magnetic tapes; rental of pre-recorded video tapes, video disks, and movie films containing movies and television programs; rental of pre-recorded video tapes, video disks, movie films; rental of amusement park equipment, namely, arcade game machines, virtual reality simulators, inflatable play structures, and photo booths; toy rental; planning and arranging the showing movies, theatrical performances, plays, musical concerts and musical performances events; film production, other than advertising films; film distribution; cinema presentations; presentation of live comedy shows, live theatrical performances, plays, live musical concerts and live musical performances events; direction of plays; presentation of play performance; presentation of musical performances; services for the production of radio programmes; television show production; providing audio and visual recording studios; providing information about video games, computer games, amusement machines, amusement arcades, amusement parks, animated cartoons, music production and movies via the Internet; providing online video games and computer games via the Internet; providing on-line non-downloadable music via the Internet; provision of non-downloadable and movies via a video-on-demand service via the Internet; providing online non-downloadable magazines in the field of video games via the Internet; consultancy on film and music production; provision of recording studio facilities; provision of recording facilities; special effects animation services for film and video; photographic composition for others; production of music; music publishing services and live music shows, video game entertainment services; providing interactive multi-player computer games via the internet and electronic communication networks; video game entertainment services, namely, providing an online video games; providing interactive on-line multi-player computer games via the internet and electronic communication networks; providing online music, not downloadable; electronic game services provided by means of the internet; virtual reality game services provided on-line from a computer network; virtual reality arcade services; entertainment services provided by on-line streams, namely, providing online non-downloadable streams of video games; video entertainment services, namely, providing a website

featuring non-downloadable videos in the field of video games; interactive entertainment services, namely, providing temporary use of non-downloadable interactive games; providing online videos, not downloadable in the field of video games; organization of e-sport tournaments, videogame competitions and virtual reality experiences; publication of material which can be accessed from databases and from the internet, namely, video production information and news and commentary in the field of video games; providing on-line publications, namely, providing on-line non-downloadable books in the field of video games; providing on-line video games; provision of on-line computer games; providing on-line non-downloadable pictures, namely, providing a website featuring non-downloadable photographs featuring video games; organization of exhibitions for cultural and educational purposes in the field of video games; organisation and presentation of live musical shows; arranging and conducting of conferences and seminars in the field of video games; layout design services other than for advertising purposes, namely, books, magazines, newsletters, brochures, and educational materials.

Class 42

(4) Development of computer game software; design of computer game software; computer systems integration services; computer software design; updating of computer software; software customisation services; software development; computer programming of video and computer games; maintenance of computer software; development of hardware for video games; computer website visual design; computer graphics design services; computer graphics services; graphic design; art work design; computer aided graphic design; design of graphic software systems; computer-aided design of video graphics; design of homepages and websites; advisory services relating to computer software used for graphics; computer-aided graphic design; design of virtual reality software; development of virtual reality software; development of interactive multimedia software; video game software design; creating, maintaining, and modernizing computer software; design of computer databases; design, maintenance, rental and updating of computer software; development of software for communication systems; application service provider services, namely, hosting computer software applications of others; hosting services, namely, hosting computer websites; cloud computing, namely, providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS) services featuring computer software platforms for using artificial intelligence for software development, code analysis, optimization, and automated testing of computer systems; IT consultancy, advisory and information services namely providing information consultancy in the field of computer technology and software development via a global computer network; computer software consultancy; digitalization of sound and images, namely, digitizing of photographs and conversion of CDs into digital formats; hosting websites of others featuring multimedia entertainment content; development of hardware for processing and distribution of multimedia contents; design of software for processing and distribution of multimedia contents; installation of computer software.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the word "happinest" with "happi" in light green and "nest" in brown, and to the left of the word a house in brown having a happy face consisting of two eyes and a smiling mouth in blue, the house sitting in a nest in light green. The color white is merely background and not a claimed feature of the mark.

Colour Claim

Colour is claimed as a feature of the trademark. The colour Blue (PANTONE 288C)* is claimed as a feature of the mark. The word "Pearl" and the design element to the left of the word "Pearl" are shown in Blue (PANTONE 288C)*. *PANTONE is a registered trademark.

Goods

Class 07

(1) Centrifugal pumps used in different fields to increase the water or any other liquid pressure, which can be used in the agriculture, residential, industrial and construction for distribution of the water with higher pressure, namely, self priming shallow well pumps used for lifting and pressurizing the water from shallow wells; centrifugal pumps used for lifting and pressurizing the water from a tank, lake, cistern, river or any other source; submersible pumps installed inside a deep well to pressurize the water coming from deep rivers; sump, effluent and sewage pumps designed to be installed inside a tank and used for dewatering clean water, dirty water, sewage water; and turbine pumps designed with a special impeller that increases the pressure at reduced flows, and for which the major applications are in the industrial market for machines requiring recirculation of liquids; motors for submersible pumps.

Class 09

(2) Boosting and pressurization systems to be assembled with one or more water pumps comprised of an electronic pump controller or any type of electric panel, a pressure tank, the appropriate valves and fittings, to increase the pressure in a efficient way, saving energy and saving water and to be applied in buildings, irrigation systems and any other type of application where there is a need for specific pressure at a specific flow; electronic pump controllers.

Class 11

(3) Pressure water tanks
