Trademark Description

The mark consists of the term "3PM" in truena font horizontally positioned over the term "SHIELD" in Comfortaa-Light 300 font. The number "3" is split and a space has been added so that the top section of the "3" can carry the same darker color "PM" but also align with the top of the letter "P" to even out the weight and flow of the overall font. The top of the "3" points the eye towards the "PM". "SHIELD" has a spaced-out lettering that allows for 1.5 character length between characters and also stretches the word so that the "S" aligns approximately below the middle of "3" and the "D" aligns approximately below the middle of "M" but slightly closer the right edge of "M". The shield shaped border is crowned at the top and extends slightly downward and outwardly to define shoulder borders on each side. The sides of the shield border then extend downwardly and inwardly and are tapered to form the final portions of the shield border with the left side of the shield border arching downwardly and extending inwardly while tapering itself down to a point that is below and vertically aligned with the right side of the "H" in the "SHIELD". The right side of the shield border arches downwardly and extends inwardly while tapering itself down to a point just to the right of the middle of the "M" in the first line of text "3PM" to draw focus to that text. The remainder of the shield border is incomplete.
