Trademarks Journal

Vol. 67 No. 3453

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(6) Rubber strips for material hoppers.

Services**Class 35**

(1) Procurement services for third parties in the form of selling road construction machines and parts, spare parts and accessories thereof; ordering services for others of road construction machines and parts, spare parts and accessories thereof; business analysis, information and research services; business administration consultancy; preparing cost/benefit analyses, cost/price analyses and business capacity utilisation surveys; preparing statistics; business management; importing and exporting agency; providing information in business matters, namely advice regarding road construction machines and parts, spare parts and accessories thereof; advice in the field of marketing and sales promotion; arranging business contacts; organisational planning of operating time and the operating location of products in the fields of mechanical engineering, electrical engineering, products for structural engineering, civil engineering and mining, industrial plant, vehicles, devices and machinery; organisational project management in the field of road and site construction; organisational administration of fleets of vehicles and machinery and related consultancy services; product demonstrations and presentations in the field of road construction machines and parts, spare parts and accessories thereof; quality management, namely process optimisation; business consultancy and organisational consultancy services, namely consulting regarding road construction machines and parts, spare parts and accessories thereof; corporate administration; organising trade fairs for economic and advertising purposes in the fields of road construction machines and parts, spare parts and accessories thereof; negotiation of business contracts for others; advertising the goods and services of others; compiling and systematising data and information in electronic databases.

Class 37

(2) Maintenance work and repair work regarding chemicals for purifying exhaust gases in chemical processes, chemicals for reducing the emission of pollutants in exhaust gases from combustion engines, chemical additives for fuels, lubricants and industrial oils, filtration materials made of chemical and nonchemical substances, urea (organic compound), hydraulic fluids, filling and lubricating accessories, transmission fluid, hydraulic fluid, engine oil, lubricants, lubrication requirements, greases, industrial oils and fats, connectors, bars, bands, fasteners, containers, sheets and plates of metal, bolts, expansion sleeves, dowels, grids, handles, belts, hooks, cables and wires made of metal (not for electrical purposes), caps, wedges, chains, ball bearings, lines, metal constructions, goods made of metal, in particular building components, building materials, containers, storage items, pipelines, pipes, hoses, silos, tanks, items used for transporting goods, items used for packaging goods, cylinders, model vehicles and machinery, nuts, rivets, pallets, plates, bolts, rings, castors, hinges, discs, clamps, metal rails, signalling equipment and code charts, metallic locksmiths' products and ironmongery, locks, keys, key rings, screws, screw joints, protective guards, canopies and guard strips, retaining rings, locking pins, bungs, plugs, struts, telescopic tubes, connections, closures, walls, dispensing machines, asphalt finishers, asphalt pavers, construction equipment, construction machinery, loaders, feeders, shuttle vehicles, concrete mixers, earth-moving equipment, conveyor equipment and systems, power trowels, loading ramps, machinery for preparing, applying, finishing, manufacturing, reworking, structuring, solidifying and/or distributing road surfaces, landfill construction machinery, machinery for processing and manufacturing asphalt, concrete, bitumen and polymers, equipment for repairing roads, material processing and production machinery, mixing units and machines, levelers, levelling systems, oscillating and vibratory drives and systems, industrial vibrators, spraying and atomising equipment, rammers, road-making machines, road finishers, spreaders, compacting equipment and machinery, car jacks, feed machines and devices, shuttle vehicles, rubbers for covering and protection, covers, push-rollers, separators, supports, axles, starter motors, acceleration aids, drive chains, drive wheels, drive rollers and/or drive shafts, exhaust systems, belt covers, operating controls, floor panels, base plates, planks, extending screeds, paving

screeds, plank components bolts, brakes brake pads, brake linings, brake calipers, brushes, gaskets, pressure boosters, pressure converters, pressure transducers, nozzles, emulsion spraying systems, driver's cabs, chassis suspensions, crawler tracks, spring steel strips, springs, spring assemblies, wheel rims, oil filters, fuel filters, air filters, compressed air filters, hydro filters and/or water filters, filter casings, pulley blocks, belts for conveyors, conveyor equipment and chains, guide rails and rollers, joints, generators, gear boxes, power trowels, sliding blocks, belts, hand-held tools, other than hand-operated hydraulic pumps, hydraulic engines and motors, hydraulic hoses, hydraulic valves, hydraulic cylinders, hydraulic systems, hydro valves, hydro hoses, hydro cylinders, limiting plates, bodywork components, V- belts, V-belt pulleys chains, chain wheels, flaps, pistons, piston rods, compressors, power belts, scraper belt covers, scraper belt chains, scraper belt controls, scraper chains, scraper bars, coolers, radiator caps, couplings, bearings, bearing blocks, tracks and/or castors, rubber strips for material hoppers, flow dividers, engines (except for land vehicles), oil mist appliances, adapted tarpaulins for machinery, plates, pressure bars, pumps, pump transfer cases, wheels, gear trains, regulators, tyres, straps, pulleys, channels, pipes, castors, roller chains, grids, rotors, silencers, slides, lubrication systems, augers, auger blades, auger transmission systems, auger control devices, auger shafts, flywheels, sensors, strainers, clamping sleeves, clamping devices, mirrors, spray bars, control stations, control blocks, hydraulic, mechanical and pneumatic control devices, shock absorbers, bumpers, tampers, tamper bearings, tamper bars, tanks, telescopic tubes, thermocouples, conveyor rollers, funnels, track drives, deflection rollers, machine component sheaths, ventilators, directional valves, shut-off valves, pressure valves, pressure-reducing valves, flow control valves, servo valves, compacting systems, distributors, spreading augers, power transmission devices, walls, heat exchangers, shafts, tools, gear wheels, spark plugs, cyclone separators, cylinders, hand-operated devices, pumps and tools, pocket knives, toolboxes, scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), controlling and regulating apparatus and instruments, devices, apparatus and instruments for conducting, switching, transforming, accumulating, regulating and checking (supervising) electricity, apparatus and instruments for capturing, recording, transmitting, receiving and reproducing sound and images, data push-rollers, imprint bars, analytical and diagnostic equipment, connecting parts, aerials, aerial systems, display panels, audio equipment and radio receivers, suspensions, batteries, battery chargers, operating consoles, operating devices, control panels, bracket sensing equipment, CAN modules, computers, computer peripheral devices, data carriers for recording images, sound and data, detectors, gaskets, displays, dosing systems, dosage dispensers, wires, pressure switches, pressure sensors, electrical and electronic apparatus, devices and equipment for the purposes of telematics, telecommunications and/or data processing, electrical and electronic apparatus, devices and equipment for evaluating operation and errors, electrical switch boxes, control cabinets and control panels, electrical circuits and PCBs, electric and electronic devices for lifting or lowering machines or parts of machinery, electrical amplifiers, electronic modules, electrostatic precipitators, detection instruments, equipment, regulators and devices, electrical tools, receivers, remote control apparatus, fire extinguishers, films for educational purposes, filters, filter components, radio equipment, generators, graphic equalisers, hardware, grade sensors, horns, hydraulic tools, hydraulic motors, hydro cylinders, pulse generators, information technology and audio-visual equipment, joysticks, cables, cable harnesses, cable contacts, cable loops, terminals, pistons, piston rods, communication equipment, bearings, laser beams, laser, infra-red and ultrasound equipment, devices and instruments, loudspeakers, light-emitting diodes, beacons, magnets, magnetisation and demagnetisation devices, rubber strips for material hoppers, navigation, orientation, position, location tracking, target tracking and mapping devices and instruments, gradient sensors, levelling apparatus, devices and instruments, levelling systems, oil level indicators, PCBs, proportional amplifiers, testing and quality control

devices and instruments, lubricating pumps and hydraulic pumps, calculating machines, reflectors, regulators, relays, scanners, commutators, keys, key cards, protective devices and equipment, transmitters, filling-level sensors and overflow sensors, safety devices and equipment, retaining devices and equipment, retaining facilities signalling equipment and code charts, simulators, ski buttons, software, mirrors, steel inserts, control equipment, instruments, regulators and devices, control units, devices and systems, electrical circuit elements, buzzers, tanks, keyboards, ultrasonic sensors, monitoring instruments, equipment, regulators and devices, USB sticks, valves, scales, gear pumps, CPUs, lighting apparatus and installations, three-phase generators, DC generators, electrical screed heating, gas filters, generators, heating elements, heaters and heating installations, heating rods, insulating materials, refrigerating apparatus and installations, luminaires, light reflectors, air filters, air, gas and water purification devices and systems, ventilation apparatus and installations, pumps, radiators, headlights, pocket torches, electric, ventilation and air conditioning devices and systems, water filters, water conduit apparatus and installations, vehicles, means of transport, tractors, wipers, drive units, base plates, braking systems, brakes, brake pads, brake linings, brake callipers, wheel rims, clutches, wheels, tyres, tracks, chains, running gear, engines, windscreen wipers, mirrors, transmission components, pencils, crayons, fountain pens, biro, office requisites except furniture, printed matter, nonrecyclable paper goods, cases, graphic representations, calendars, maps, educational and teaching materials except apparatus, notepad boxes, writing sets, stationery, pouches, bags [envelopes, pouches] and goods for packaging, wrapping and repository purposes, plastic packaging material, sealing, packing and insulating material, pipelines, pipes and fittings and connections, hoses, hosepipes and hose connectors, not made of metal, cables, finished or semi-finished products, adapted for a specific purpose, trailers, containers, closures and holders, containers not made of metal, displays, stands and signposting, overhead tracks, cans, crates and pallets not made of metal, ladders and mobile steps, model vehicles and machinery not made of metal, containers for lubricants and hydraulic reservoirs made of plastic, seats, tension pulleys, statues, figures, works of art, reservoirs, not of metal nor of masonry, telescopic tubes made of plastic, funnels, goods not made of metal, namely support devices, armrests, fasteners, bolts, staves, dowels, compartments, joints, handles, hooks, mounting brackets, chain links, flaps, clamps, masts, nuts, nails, rivets, poles, protectors, bars, rings, suction cups, clips, rails, locks, keys, key rings, screws, coil springs, coils, bungs, rods, stack adaptors, washers, valves, stiffeners, pennant holders, joints and connectors, ornaments and decorations, tent parts, devices and containers for household and kitchen, glassware, porcelain and earthenware, model vehicles, decorative items made of stone, glass or porcelain, statues, figures, signposts and works of art, crockery, containers, bottles, boxes, cups, tins, cans, funnels, model vehicles and miniature machines, model vehicles and playthings, toys, games, playthings and curiosities, sports articles and equipment, and parts, spare parts and accessories for all the aforementioned goods; building construction consultation; building site management; building construction; building construction, assembly and demolition works; landfill construction; frost protection work; manufacturing, installing, cleaning, repairing and maintaining metal constructions; Civil engineering, namely construction above ground level and groundworks; installation, cleaning, repair and maintenance work in regard to structures and roads, computer hardware, mechanical engineering products, electrical engineering products, structural engineering, civil engineering and mining products, industrial plant, vehicles, and industrial machinery and equipment, as well as their components; sewer construction; repair services in the field of road construction machines and parts, spare parts and accessories thereof; road construction; providing advice and information in regard to road construction machines and parts, spare parts and accessories thereof; building construction; repair services in the field of road construction machines and parts, spare parts and accessories thereof; installation services in the field of road construction machines and parts, spare parts and

accessories thereof; providing advice and information in regard to road construction machines and parts, spare parts and accessories thereof; lending, renting out and providing usufructuary leases in regard to construction equipment; lending, renting out and providing usufructuary leases; lending, renting out and providing usufructuary leases in regard to items in connection with road construction machines and parts, spare parts and accessories thereof.

Class 38

(3) Providing access to electronic databases and communication networks in the field of road construction machines and parts, spare parts and accessories thereof; services in the field of telematics and specifically in the field of construction machines and construction sites, namely providing access to a global computer network, providing multiple user access to a global computer network to enable the control of construction machines and vehicles, tracking of vehicles, machines and containers, fleet management, providing satellite navigation; communication services for exchanging data in electronic form, and specifically in the field of construction machines and construction sites, namely telematic in-vehicle communication services providing wireless vehicle navigation and tracking; providing access to communication by means of radio, computer, Internet, satellite, telematics, cable and digital transmission in the field of road construction machinery and vehicles; telecommunications services, and specifically in the field of construction machines and construction sites, namely telecommunication bundle services that allow customers to reach cellular phones, voicemail and call routing between wireline and wireless phones and voicemail boxes, operating a wide-area network; renting out access time to electronic databases of others in the field of road construction (machinery); renting out access to Internet; operating an information, complaint and emergency hotline, namely telecommunication services provided for information, complaints, questions and concerns regarding road construction machines product support.

Class 42

(4) Technical information, advice and consultancy in regard to applications, in particular in connection with chemicals for purifying exhaust gases in chemical processes, chemicals for reducing the emission of pollutants in exhaust gases from combustion engines, chemical additives for fuels, lubricants and industrial oils, filtration materials made of chemical and non-chemical substances, urea, hydraulic fluids, filling and lubricating accessories, transmission fluid, hydraulic fluid, engine oil, lubricants, lubrication requirements, greases, technical oils and fats, connectors, bars, bands, fasteners, containers, sheets and plates of metal, bolts, expansion sleeves, dowels, grids, handles, machinery belts, hooks, cables and wires made of metal not for electrical purposes, caps, wedges, chains, ball bearings, lines, metal constructions, goods made of metal, in particular building components, building materials, containers, storage items, pipelines, pipes, hoses, silos, tanks, items used for transporting goods, items used for packaging goods, cylinders, model vehicles and machinery, nuts, rivets, pallets, plates, bolts, rings, castors, hinges, discs, clamps, metal rails, signalling equipment and code charts, metallic locksmiths' products and ironmongery, locks, keys, key rings, screws, screw joints, protective guards, canopies and guard strips, retaining rings, locking pins, bungs, plugs, struts, telescopic tubes, connections, closures, walls, dispensing machines, asphalt finishers, asphalt pavers, construction equipment, construction machinery, loaders, feeders, shuttle vehicles, concrete mixers, earthmoving equipment, conveyor equipment and systems, power trowels, loading ramps, machinery for preparing, applying, finishing, manufacturing, reworking, structuring, solidifying and distributing road surfaces, landfill construction machinery, machinery for processing and manufacturing asphalt, concrete, bitumen and polymers, equipment for repairing roads, material processing and production machinery, mixing units and machines, levelers, levelling systems, oscillating and vibratory drives and systems, spraying and atomising equipment, rammers, road-making machines, road finishers,

spreaders, compacting equipment and machinery, industrial vibrators, car jacks, feed machines and devices, shuttle vehicles, rubbers for covering and protection, covers, push-rollers, separators, supports, axles, starter motors, acceleration aids, drive chains, drive wheels, drive rollers and/or drive shafts, exhaust systems, belt covers, operating controls, floor panels, base plates, planks, extending screeds, paving screeds, plank components, bolts, brakes, brake pads, brake linings, brake callipers, brushes, gaskets, pressure boosters, pressure converters, pressure transducers, nozzles, emulsion spraying systems, driver's cabs, chassis suspensions, crawler tracks, spring steel strips, springs, spring assemblies, wheel rims, oil filters, fuel filters, air filters, compressed air filters, hydro filters and/or water filters, filter casings, pulley blocks, belts for conveyors, conveyor equipment and chains, guide rails and rollers, joints, generators, gear boxes, power trowels, sliding blocks, machinery belts, hand-held tools, other than hand-operated, hydraulic pumps, hydraulic engines and motors, hydraulic hoses, hydraulic valves, hydraulic cylinders, hydraulic systems, hydro valves, hydro hoses, hydro cylinders, limiting plates, bodywork components, V-belts, V-belt pulleys chains, chain wheels, flaps, pistons, piston rods, compressors, power belts, scraper belt covers, scraper belt chains, scraper belt controls, scraper chains, scraper bars, coolers, radiator caps, couplings, bearings, bearing blocks, tracks and/or castors, rubber strips for material hoppers, flow dividers, engines except for land vehicles, oil mist appliances, adapted tarpaulins for machinery, plates, pressure bars, pumps, pump transfer cases, wheels, gear trains, regulators, tyres, straps, pulleys, channels, pipes, castors, roller chains, grids, rotors, silencers, slides, lubrication systems, augers, auger blades, auger transmission systems, auger control devices, auger shafts, flywheels, sensors, strainers, clamping sleeves, clamping devices, mirrors, spray bars, control stations, control blocks, hydraulic, mechanical or pneumatic control devices, shock absorbers, bumpers, tampers, tamper bearings, tamper bars, tanks, telescopic tubes, thermocouples, conveyor rollers, funnels, track drives, deflection rollers, machine component sheaths, ventilators, directional valves, shut-off valves, pressure valves, pressure-reducing valves, flow control valves, servo valves, compacting systems, distributors, spreading augers, power transmission devices, walls, heat exchangers, shafts, tools, gear wheels, spark plugs, cyclone separators, cylinders, hand-operated devices, pumps and tools, pocket knives, toolboxes, scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, controlling and regulating apparatus, instruments and devices, apparatus and instruments for conducting, switching, transforming, accumulating, regulating and checking electricity, apparatus and instruments for capturing, recording, transmitting, receiving and reproducing sound, images and data, push-rollers, imprint bars, analytical and diagnostic equipment, connecting parts, aerials, aerial systems, display panels, audio equipment and radio receivers, suspensions, batteries, battery chargers, operating consoles, operating devices, control panels, bracket sensing equipment, CAN modules, computers, computer peripheral devices, data carriers for recording images, sound and data, detectors, gaskets, displays, dosing systems, dosage dispensers, wires, pressure switches, pressure sensors, electrical and electronic apparatus, devices and equipment for the purposes of telematics, telecommunications and data processing, electrical and electronic apparatus, devices and equipment for evaluating operation and errors, electrical switch boxes, control cabinets and control panels, electrical circuits and PCBs, electric and electronic devices for lifting or lowering machines or parts of machinery, electrical amplifiers, electronic modules, electrostatic precipitators, detection instruments, equipment, regulators and devices, electrical tools, receivers, remote control apparatus, fire extinguishers, films for educational purposes, filters, filter components, radio equipment, generators, graphic equalisers hardware, grade sensors, horns, hydraulic tools, hydraulic motors, hydro cylinders, pulse generators, information technology and audio-visual equipment, joysticks, cables, cable harnesses, cable contacts, cable loops, terminals, pistons, piston rods, communication equipment, bearings, laser beams, laser, infra-red and ultrasound equipment,

devices and instruments, loudspeakers, lightemitting diodes, beacons, magnets, magnetisation and demagnetisation devices, rubber strips for material hoppers, navigation, orientation, position, location tracking, target tracking and mapping devices and instruments, gradient sensors, levelling apparatus, devices and instruments, levelling systems, oil level indicators, PCBs, proportional amplifiers, testing and quality control devices and instruments, lubricating pumps and hydraulic pumps, calculating machines, reflectors, regulators, relays, scanners, commutators, keys, key cards, protective devices and equipment, transmitters, filling-level sensors and overflow sensors, safety devices and equipment, retaining devices and equipment, retaining facilities, signalling equipment and code charts, simulators, ski buttons, software, mirrors, steel inserts, control equipment, instruments, regulators and devices, control units, devices and systems, electrical circuit elements, buzzers, tanks, keyboards, ultrasonic sensors, monitoring instruments, equipment, regulators and devices, USB sticks, valves, scales, gear pumps, CPUs, lighting apparatus and installations, three-phase generators, DC generators, electrical screed heating, gas filters, generators, heating elements, heaters and heating installations, heating rods, insulating materials, refrigerating apparatus and installations, luminaires, light reflectors, air filters, air, gas and water purification devices and systems, ventilation apparatus and installations, pumps, radiators, headlights, pocket torches, electric, ventilation and air conditioning devices and systems, water filters, water conduit apparatus and installations, vehicles, means of transport, tractors, wipers, drive units, base plates, braking systems, brakes, brake pads, brake linings, brake callipers, wheel rims, clutches, wheels, tyres, tracks, chains, running gear, engines, windscreen wipers, mirrors, transmission components, pencils, crayons, fountain pens, biro, office requisites except furniture, printed matter, nonrecyclable paper goods, cases, graphic representations, calendars, maps, educational and teaching materials except apparatus, notepad boxes, writing sets, stationery, pouches, bags, envelopes, pouches and goods for packaging, wrapping and repository purposes, plastic packaging material, sealing, packing and insulating material, pipelines, pipes and fittings and connections, hoses, hosepipes and hose connectors, not made of metal, cables; finished or semi-finished products adapted for a specific purpose, trailers, tags, containers, closures and holders, containers not made of metal, displays, stands and signposting, overhead tracks, cans, crates and pallets not made of metal, ladders and mobile steps, model vehicles and machinery not made of metal, containers for lubricants and hydraulic reservoirs made of plastic, seats, tension pulleys, statues, figures, works of art, reservoirs, not of metal nor of masonry, telescopic tubes made of plastic, funnels, goods not made of metal, namely support devices, armrests, fasteners, bolts, staves, dowels, compartments, joints, handles, hooks, mounting brackets, chain links, flaps, clamps, masts, nuts, nails, rivets, poles, protectors, bars, rings, suction cups, clips, rails, locks, keys, key rings, screws, coil springs, coils, bungs, rods, stack adaptors, washers, valves, stiffeners, pennant holders, joints and connectors, ornaments and decorations, tent parts, devices and containers for household and kitchen, glassware, porcelain and earthenware, model vehicles and decorative items made of stone, glass or porcelain, statues, figures, signposts and works of art, crockery, containers, bottles, boxes, cups, tins, cans, funnels, model vehicles and miniature machines, model vehicles and machinery playthings, toys, games, playthings and curiosities, sports articles and equipment, and parts, spare parts and accessories for all the aforementioned goods; construction planning; technical and technological consultancy in regard to operating vehicles, industrial equipment and machinery, as well as their components; design and development consultancy in regard to operating vehicles, equipment and machinery, as well as their components, engineering consultancy in regard to operating vehicles, equipment and machinery, as well as their components; quality assurance consultancy in regard to operating vehicles, equipment and machinery, as well as their components; design consultancy in the field of road and site construction machinery, engineering design services, design and development of computer hardware and software, industrial design services, computer software design, computer

system design, web site design consultancy; design and development of computer hardware and software; research and development of new products for others, development of construction projects; development of new products for others, products in the fields of mechanical engineering, electrical engineering, structural engineering, and civil engineering and mining, industrial factory plants, vehicles, and industrial machinery, and replacement components thereof; development of new technology for others in the fields of industrial manufacturing machinery, road and site construction machinery; preparation of expert evaluations and reports relating to the design and development in the field of road and site construction machinery, preparation of expert evaluations and reports relating to technical research in the field of road and site construction machinery, preparation of engineering reports, preparation of scientific reports, preparation of technical reports, preparation of technological reports, preparation of technological research reports, preparation of reports relating to computer programming and computers, preparation of reports relating to technical project studies for construction projects; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems relating to product development in the fields of mechanical engineering, electrical engineering, structural engineering, civil engineering and mining, industrial factory plants, vehicles, industrial machinery, and replacement components thereof, maintenance of computer software, computer system analysis; remote operation of road and site construction machines, remote surveillance of road and site construction machines, remote maintenance of road and site construction machines; providing a website featuring technology enabling users to remotely view, monitor, program, operate and control road and site construction machinery; providing temporary use of downloadable and non-downloadable computer software for tracking location of road construction machines; research in the fields of mechanical engineering, electrical engineering and construction; research in the fields of mechanical engineering, electrical engineering, building construction, road and site construction; analysis of road and site construction machinery to assure compliance with road and site construction industry standards; industrial research in the field of construction; engineering services, namely repair and maintenance of road construction machines; IT programming services; information technology (IT) consultancy services; construction planning; road and site construction design; measuring services, namely measurement and evaluations in the construction industry field; product quality and safety testing services; quality control for others in the field of road and site construction; authentication in the field of construction machinery, material testing; developing customized software for others incorporating computer modeling and manufacturing concepts implemented in the operation, production and logistics of commercial enterprises; think tank services, namely, providing new ideas and concepts for web based applications for others; computer project management services; testing of computers; computer system analysis; providing online non-downloadable and downloadable software for analyzing and evaluating data in the field of road and site construction; technological services, namely obtaining and analysing data in regard to construction processes; technical assessments of data in regard to construction processes; renting out access times to enable the use of non-downloadable online software; weather forecasting; scientific and technological services and research work, and related design services, in the field of road and site construction; lending, renting and leasing of computers, computer facilities, road and site construction machinery; rental of scientific and technological apparatus and instruments, including computer hardware and software; providing advice and information in the field of road and site construction machinery; industrial analysis and research services in the field of road construction machines; design and development of computer hardware and software; electronic recording and storage of records for others; data processing, namely conversion of data from physical to electronic media.
